RUMANIA AND GERMANY IN THREE-MONTHS' ARMISTICE

Russia Revolt Grows; Peace Party Shaken

Russian Districts Rise Up Against Cabinet; 3 Months' Armistice Arranged Between Germany and Rumania

(Associated Press by U. S. Naval Wireless.)
BERLIN, Germany, Dec. 10.—It is officially announced that an armistice has been agreed upon between Rumania and Germany extending over the front between the Danube and the Danube rivers.

The Hungarians today stormed the bridgehead of the Silla river, on the Italian front. Two hundred Italians were captured.

London, Eng., Dec. 10.—News has reached here from Russia that counter-revolution to the government of the Bolsheviks is spreading fast.

The Bolshevik cabinet has issued a proclamation declaring a siege against the districts which are in revolution. It has also ordered the local garrisons in those districts not to await specific orders, but to act against the revolutionists.

Negotiations for mediation between government agents and the revolutionists are being held, and the leaders of the revolution are declared outlawed.

Meanwhile General Korniloff, who has joined with General Kaledines, is attempting to halt food from or to Siberia, according to the Bolshevik proclamation, and General Kaledines is menacing Moscow.

In the province of Orenburg General Dutoff has overthrown the Bolshevik government.

On the other hand, news from Rumania continues to forecast cessation of hostilities against the Teutons. A despatch from Jassy, Rumania, says it is understood that a three months' armistice has been arranged, and that the Rumanian conditions of armistice were accepted, except that which would prohibit the transfer of German troops elsewhere, pending settlement of negotiations.

Announcement was made by the Russian government of the new revolution yesterday. This announcement said: "Kaledines and Korniloff, assisted by the Imperialists and the Constitutional Democrats, have raised a revolt in the Don regions and have declared war against our people. They term it a new revolution and they appear to be amply supplied with funds."

The announcement does not specify how much of a following in the army and the navy the new movement has.

MASTER OF CHURCHILL INDICTED

Captain Granzow Accused of Deliberately Wrecking and Firing Schooner

Captain Charles Granzow, master of the schooner Churchill, was indicted by the federal grand jury today on a charge of having run the vessel aground at the French Frigate shoals and then destroying it by fire.

The indictment contains four counts, two dealing with the grounding of the Churchill and the other two with its destruction by fire. Captain Granzow is now in San Francisco but, according to advices received by U. S. Attorney S. C. Huber, is not under arrest, although federal officers there have him under surveillance.

Whether Captain Granzow will be brought to Honolulu for trial under the indictment is yet to be determined, says Attorney Huber. He may be tried in San Francisco, as some of the witnesses, it is understood, are there now.

The first intimation that Captain Granzow might have destroyed the Churchill came after a statement had been made to the Star-Bulletin by the ship's carpenter, who had secured employment in a local yard as a caulker.

This statement was passed on to the naval intelligence bureau, which conducted a thorough investigation in cooperation with Attorney Huber. Later, orders for the arrest of Granzow were sent to San Francisco.

The Churchill carried a valuable cargo of copra consigned to the British consul at Seattle. In an affidavit secured by the U. S. attorney's office from one of the ship's mates, Granzow is charged with having fired the ship by pouring paraffine on the cargo. The mate in question declared the captain had ordered him to cut a hole in the hatch, saying, "I'll have to fire the ship," or words to that effect.

Jerusalem Captured; Turks Badly Beaten

(Associated Press by U. S. Naval Wireless.)
LONDON, Eng., Dec. 10.—Bona Law announced in the house of commons this afternoon that Jerusalem has been surrendered by the Turks after the British had surrounded the city and laid siege to it. General Allenby is in command of the victorious British army.

The Holy City is 33 miles from its port on Jaffa. Since the capture of Jaffa six weeks ago by the British its fall has been only a matter of days. Jerusalem is the capital of an Independent sanjak or Turkish administrative district immediately subject to the government of Constantinople. It is the seat of Roman Catholic, Greek Catholic and Armenian patriarchs. The population at the last returns was 41,000 Jews, 10,000 Mohammedans and 12,000 Christians. It is replete with Biblical and historical interest in the memorials associated with the life and death of Christ, David, Solomon and others.

Twice destroyed and five times taken and retaken, Jerusalem has been under Turkish domination for nine centuries. It was first destroyed in 596 B. C. by Nebuchadnezzar. At the beginning of the Christian era it was a Roman province. When the Roman empire became Christian, under Constantine's guiding influence it became a shrine of Christendom. In 637 A. D. it was taken by the Moslems and continued in their possession until the Crusades, when Godfrey de Bouillon in 909 took it from the Turks. In 1187 Saladin established Turkish supremacy.

Since the middle of November one of the Turkish armies defending Jerusalem has been hemmed in on three sides, by warships on the west, by a British column on the north and another on the south. The Turkish forces operating to the south of Jerusalem, near the region of Hebron, were placed in a precarious position, their only hope of escape being to the northeast or southeast by way of the Dead Sea, which presented difficulties of an almost insuperable character.

Jerusalem's fate was sounded when General Allenby's columns occupied a junction of the main railroad to Jerusalem and from which they had advanced west along the line from Wadi es Surar. From the junction to Jerusalem is only 12 miles by the railway.

With the British army at this railroad junction point it was clear that this column had gotten between the Turkish army and the city, leaving no railway for the Turks to retire by, except that held by General Allenby's forces.

The situation of the Turkish army to the southeast, at Hebron, was as dangerous as was that of the one to the northeast which was cut off from the city. In order to retire it would have been necessary to have defeated one of the armies to the south or north of it, as its rear to the west was threatened by the British warships. To retreat it would have had to either pass around the southern end of the Dead Sea or pass between the northern end of the sea and Jerusalem.

British strategy probably held the Turks, to their position near Hebron, while continuous battling was carried on with the second army to the north until it was defeated. With one of the armies defeated, it was probably impossible for the depleted Jerusalem garrison to hold out.

FISH FIRMS WILL ACCEPT PRICE PACT

Agreement of Fishermen to Accept 72 Per Cent and Retailers 20 Per Cent Only Bar to Lower Cost

One step nearer the solution of the high price of fish problem has been taken by J. F. Child, federal food administrator, in getting the local fishing companies to agree upon 8 per cent of the consumer's dollar as a fair return to them from the fish business.

Two things now remain to be done before the problem is solved to the satisfaction of all concerned; first, an agreement by the retail fish dealers to take 20 per cent of the consumer's dollar, and second, an agreement by the fishermen to take the remainder, or 72 per cent. With these things done, and with an agreed schedule of prices at which fish shall be sold to the public, the retail price of fish will not only be reduced, but the dealers will be in a position to make a better profit than heretofore.

Administrator Child is to have another meeting with the retail dealers shortly, and this will be followed by a conference with the fishermen. He will seek to have the dealers agree on a schedule of prices at which fish shall be sold, taking into consideration the kinds of fish and the conditions under which they are sold. He will also urge that they be sold by the pound, and not by the count, and the prices agreed on will be on the pound basis. The public will also be asked to purchase by the pound. These prices will be posted at the markets, and published in the newspapers from time to time.

The fish companies have agreed to take 8 per cent as their share and they are now taking about 10 per cent. In taking 72 per cent, the fishermen will receive far more than at present. This also applies to the retail price.

"At present," says Mr. Child, "I can see no reason why these agreements cannot be reached."

Mr. Child is going ahead with plans to hold the territory condemn all offshore fishing rights. If this is done, they will be turned over to the public and anyone allowed to fish if he has the necessary license.

He is also working for a federal fish hatchery, a fish laboratory and an aquarium, and believes that these will be provided for in measures presented to the present session of Congress.

HALIFAX, N. S., Dec. 10.—A revised list of casualties issued by the emergency relief organization today places the known dead at 1200. There are still 300 dead who have not been identified, and the probability of a much larger death roll is seen in the announcement that there are 2000 still missing. The injured number 8000, and 25,000 are homeless. Their houses burned to the ground or shattered by the terrific explosions of last week.

U. S. S. JACOB JONES SUNK IN NORTH ATLANTIC; SUBMARINE ATTACKS IN DARK; SEA HEAVY

Navy Department Believes American Vessel Had No Chance to Defend Itself Against U-Boat

The Star-Bulletin received today an Associated Press cablegram with details of the sinking of the American destroyer Jacob Jones in the North Atlantic. Despatches Saturday night referred vaguely to the torpedoing but without giving the name of the vessel. The report this morning, which appears to have been held up while the Saturday night report was allowed to come through, is as follows:

WASHINGTON, D. C., Dec. 10.—A submarine torpedoed and sunk the American destroyer Jacob Jones in the war zone of the North Atlantic last Thursday night. The crew probably exceeded 100, and 37 are known to have survived, being picked up from life rafts.

David W. Bagley, commanding the Jones, is a brother of Mrs. Joseph Daniels and of Worth Bagley, the first American naval officer to die in the Spanish-American war.

The Jones was probably torpedoed in the dark, and, with the heavy sea running, had no chance to defend itself from the attack. The destroyer was of a late model.

The officers were Lieutenant-Commander David W. Bagley; Lieut. J. K. Richards, Washington; Lieut. Norman Scott, St. Louis; Ensign N. N. Gates, Bay City, Mich.; Assistant Surgeon L. L. Adamkiewicz, Milwaukee. Whether they are living is problematical.

The later despatch, which came through before this above, reports that five line officers were saved. The report says: "The destroyer Bagley reports that Lieut. Norman Scott, two warrant officers and two enlisted men have been saved, in addition to the list previously reported, announces a cable from Admiral Sims.

"The Bagley reports that the others who had escaped from their sinking ship in a motorboat were picked up and landed on the Scilly Isles, uninjured.

"It is now established that five line officers have been saved. "Gunner Harry Hood and sixty-three men are missing."

Reports of losses of American naval vessels have not been allowed to reach Honolulu by either wireless or cable, in some instances. The Official Bulletin of November 9, which only reached Honolulu in the last mail from the coast, reports the sinking by a torpedo of the American patrol ship Alcedo, with the loss of one officer and 12 men. No report of this loss was contained in the news despatches received here.

"It is believed," says the Official Bulletin, in reference to the deaths in the loss of the Alcedo, "that most of the missing men were killed by the explosion of the torpedo."

Y. W. C. A. BEGINS BIG DRIVE FOR FUNDS TOMORROW

One Hundred Women Will Canvass City for Donations to Cause of Women in War

"OVER THE TOP" WITH THE Y. W. C. A. WORKERS.

Amount to be raised, \$45,000.
War work, \$20,000; budget, \$20,000; improvements, \$5000. Committee meetings today at the home of Mrs. John Waterhouse, 411 Commercial street, at 8 o'clock.
Campaign will begin tomorrow morning at 8:30.
Lunch will be served to campaigners at association building tomorrow at noon. Talks will be given by Rev. Albert C. Palmer and Minister David Cary Peters.
Slogan: "Fill the Sack Full for the American Girl at Home and Abroad."
Team captains: Miss H. G. Forbes, Mrs. A. W. T. Bottomley, Mrs. W. C. Hobby, Mrs. John Guild, Mrs. Forbes, Mrs. R. D. Williams, Mrs. Elizabeth Mackall, Miss Ruth Anderson, Miss Alice Hopper, Mrs. Hustace, Mrs. Charles Chillingworth and Mrs. R. G. Moore.

Details for the great Y. W. C. A. campaign to raise \$45,000 have been completed and tomorrow morning 100 women will begin their advance upon the city in the confident hope of a speedy attainment of their goal. "Over the Top" has been borrowed as their slogan and the campaigners are confident that they will in reality go over the top in the campaign.
A number of details incidental to the campaign were attended to this morning and at 2 o'clock this afternoon the captains of the various teams met at the home of Mrs. John Waterhouse in Makiki for a final rounding up of forces and a last word of advice and instruction from the leaders.
The meeting of the leaders was followed by a meeting of all of the workers who will enter the campaign. Miss Martha Chickering, Mrs. Walter Frear, Miss Grace Channon and Mrs. Charles Fitzroy made short talks.
Miss Dorothy Rowell and Miss May Fraser have completed the big banner which will be used in the campaign. The slogan used on the big banner which will be placed in front of the association building is: "Fill It Full for the American Girl at Home and Abroad." In the center of the big banner is a bag divided in 45 sections. On one corner of the banner is a picture of an American nurse carrying the Star Spangled Banner. For every \$1000 raised in the campaign a section will be blocked out.
Following the meeting this afternoon (Continued on page three)

BERGER OFFERS TO DBILL NATIONAL GUARD BAND

Henri Berger, veteran band leader of Honolulu, has offered his services to lead the band of the 1st Hawaiian Infantry, National Guard. Captain Berger is too old to ever help in the guard, but what ever help he can be as a civilian instructor he is willing to give.
Captain Berger belonged to the militia in 1893 and for a good many years after that, and when he heard that the guard band was in need of help he offered his services as instructor. At present the genial old musician is leading or giving aid to not less than four bands or orchestras on the island, including the industrial school band at Waialeale, the Salvation Army band, the Y. M. C. A. orchestra and the Korean girls' school orchestra.

FOOTLIGHTS CLUB TO GIVE 3 PLAYS

With nearly every seat sold for the first performance Friday night, the Footlights Club is ready for its annual year-end production. Three playlets will be presented Friday and Saturday nights at the Lanika theater. Box office reports indicate a heavy sale for the first night performance, and it is believed that the playlets will face a full house Saturday night. Tickets are still on sale.

Mrs. Hamilton P. Akee has written a clever one-act society play entitled "About Women," which will head the program. William Lewers, who is responsible for most of the success of the Footlights organization, has been dubbing the actors since his return from the coast several weeks ago. Mr. Lewers will handle the leading masculine role of Kelly in this playlet.

"Eugenically Speaking," a one-act play by Goodman, met with instant success when presented in New York by the Washington Square Players. Herman von Holt will make his debut to Honolulu theatergoers in this production. Mrs. Louise MacMillan is cast for the leading woman's part, playing opposite Mr. von Holt.

J. M. Barrie's famous playlet, "The Twelve-Pound Look," in which Ethel Barrymore starred in New York last winter, will close the program. Mrs. Fred Oht will take the leading role. Mrs. Oht played in the original production of this act under Frohman and has been connected with the Footlights Club for some time. She played the leading part in the "Taming of the Shrew" last year.

During the intermissions Mrs. Robbins Anderson will sing a number of patriotic songs and a women's orchestra will furnish the music.

SHERIFF DENIES STORY POLICE REFUSED TO INTERFERE IN FIGHT

That two police officers stood idly by Saturday night while a soldier and civilian fought to a standstill at 12th avenue and Wai'alae road, and refused to separate the fighters, was denied by Sheriff Charles Rose this morning. The sheriff had the two officers, one a mounted man and the other a substation officer, on the carpet this morning, and declares that they both deny refusing to stop the fighting, as alleged by a story published in a morning paper. Sheriff Rose stated that tomorrow morning a number of witnesses, whose names have been secured by the police, will bear out the statement of the two officers, in an investigation to be conducted by the sheriff.

"That the officers refused to stop the fighting, and that they used insulting language to an autoist is absolutely untrue," declared the sheriff. "I had the men on the carpet this morning, and they are going to bring a number of witnesses to me tomorrow to bear out their statements. The story appearing in the morning paper is false in that respect."

Sheriff Rose stated that the police officers stopped the fight twice. The first time they dispersed the crowd, and everyone present went into the Chinese store nearby and drank soda water. The police left, only to be recalled when the two men started fighting once more. The officers stopped them again, says the sheriff, but as soon as the police turned away the men were at it a third time. This is when the motorist appeared on the scene.

FREIGHT RATE RAISE CONFIRMED BY CABLE

Confirmation of the advance made in freight rates on sugar to the Pacific coast and the eastern seaboard were received this morning by Castle & Cooke from the San Francisco Matson office. As in the cablegram sent to the Hawaiian Sugar Planters' Association on Saturday by the national shipping board only sugar is mentioned.

The new rates quoted are the same in both cablegrams, \$7 a ton to the Pacific coast and \$15 by the way of the Panama canal to the Atlantic.

The cable received from the Matson Navigation Co. follows:

"United States shipping board advised rate on sugar beginning with new crop would be seven dollars to San Francisco. Fifteen dollars to eastern points."

POLICE COURT NOTES

Falling from a milk wagon at Kala Saturday, eight year old William Fernandez sustained a fracture of the left arm. The lad was given an anesthetic before the emergency hospital attendants set the break.

Jitsu Nishiki, a waiter aboard the steamer Kilauea, was run down by an automobile yesterday afternoon while he was riding a bicycle across King at Smith street, the front wheels passing over him. He was uninjured, but demands payment for the damage done to his bicycle.

Frequent calls for the police Saturday night caused Chief of Detectives Arthur McDuffie to dispatch a squad of plain clothes men to the Puuhuli district to hunt for a Filipino who was said to be holding up and robbing pedestrians. No trace of the marauder could be found, however.

Watchman Kaha, on duty at Kapiolani park, together with Keiki, another watchman, according to the police, forsook their stations for their flasks Saturday night, and with their revolvers commenced firing at the deep sea waves that rolled in near Halekai. Mounted Officer Cramer put an end to the night firing, but Kaha couldn't go back to the park without trying to holdup a young boy who was standing nearby. He said he was only fooling, but he spent the night at police headquarters.

CHRISTMAS MAIL GOES TOMORROW

Probably the last mail which will be despatched from here for the mainland which will reach all parts of the United States and Canada before Christmas will leave tomorrow afternoon. Letters and parcels intended for Christmas mail should be mailed at the postoffice before 3 o'clock tomorrow afternoon.

Another mail during the middle of the week will also take Christmas packages to the West before Christmas, but the one tomorrow is more certain of delivery before the holiday.

There is no definite mail schedule for next week and packages and parcels held for mailing to the Pacific may be long delayed due to the uncertainty surrounding all shipping out of this port at the present time.

Commandeering of the commercial used boats for government purposes makes all sailings indefinite as there is prospect of further requisitioning of other ships.

The official Christmas mail notice issued this morning by Postmaster D. H. MacAdam read as follows: "Christmas letters and parcels mailed before 3 p. m. tomorrow, December 11, should reach all points of the United States and Canada on or before December 22."

81 AMBULANCE CALLS MADE IN NOVEMBER

The report of the emergency hospital surgeon for the month of November was made public this morning. Dr. R. G. Ayer, police surgeon, reports that 18 persons were treated medically at the hospital during November, 143 received surgical treatment, and six inmates of the police station were treated, making a total of 166 patients treated and 251 treatments.

The surgeon or his assistant made 81 ambulance calls during the month. The ambulance responded to 42 emergency trips, 18 transfer trips, 8 city and county trips, 4 board of health trips, and 9 private trips.

Three supposedly insane patients were investigated and three were committed to the insane asylum. Three patients were operated upon, anaesthetics being used. Ten autopsies were performed on the following bodies: Tam Shee, Manuel Cordero, Maruchi Kuwamoto, Kong Dick, Ciraco Pason, Uchi Ishikawa, Stefanada Shukovitsky, August Beck, Kim Dai Shyn and Jisuke Fakashima.

SUPERVISORS AND MANOA CLUB ARGUE ROAD CHARGE

It took the special committee from the Manoa Improvement Club and the roads committee and other members of the board of supervisors three hours Saturday afternoon to discuss the charge of a possible shortage of asphaltum used by Contractor F. C. Ritchie on the Manoa road work. The board headed by Supervisors Arnold and Petrie endeavored to placate the representatives of the club.

The session was concluded with a statement by Supervisor Arnold that the board desired to be fair to both the contractor and the Manoa residents, and he further said that the board would require more rigid supervision of the engineer's department in the future on similar contracts.

The Manoa Club was represented by A. Lewis, Jr., F. H. Hons, M. MacIntyre, R. R. Hind, J. A. Balch and J. W. Caldwell.

noon the workers will be given a list of names to call upon. The Business Girls' Club will hold a meeting this evening and the two groups under the leadership of Mrs. Hustace and Miss Forbes will outline the campaign.

According to the committee the women behind the lines in France and the girls at home in every line of industry are doing their part to win the war just as much as the men in the trenches are doing. They maintain that these women constitute a very necessary force. They have urged the residents of Honolulu to be ready with their check books in the morning. At noon tomorrow the members of the campaign committees will meet at lunch at the Y. M. C. A. At that time Rev. Albert Palmer and Minister David Cary Peters will address the members of the committees.

According to the schedule outlined the \$45,000 will be divided into three divisions of which \$20,000 will be used for war work. A like amount will be used for the annual budget and the balance will be used for the improvement of the building.

Some signs of growth in local Y. W. C. A. work are seen in the following:

- Three new secretaries have been added.
 - Total attendance in educational classes January, 1917, was 275; in November, 1917, 680.
 - Number of clubs January, 1917, 15, with 386 members; November, 1917, 19, with 506 members.
 - An average of 500 girls and women use the building daily, 2000 a week.

SOCIAL WORKERS MEET.

Steps toward a permanent organization of their forces were taken when 74 social and community workers of Honolulu gathered in the Lanikaia theater Sunday afternoon and appointed a committee to complete the necessary arrangements. The committee is composed of James A. Rath of Palama Settlement, Arthur E. Larimer of the Y. M. C. A., Miss Grace

Channon of the Y. W. C. A., Miss Industrial school. Several interesting Frances Lawrence of the Free Kinder talks pointed out the need of an garden and Children's Aid Association, formal but permanent organization of and Miss S. C. Sterritt of the girl's all social and community workers.

SUGAR IS FIRM BUT INACTIVE

Rumors current last week of the likelihood of an extra dividend being declared on Dec. 31 by Ewa and Waialua have caused the stock market to have maintained their firmness. The top of the sugar stock market during the past week has been similar, firm but inactive. Sales were the exception rather than the rule, little or no bidding being in evidence. Ewa returned to \$28.75 from \$27.25. It proved that the market had taken the time to figure out that the company would have a good credit balance even after the war taxes were paid. Waialua has been holding its own around the \$22 mark. In the unlisted securities Mineral Products showed a slight trend upward without an apparent reason. Montana Bingham also held well.

'LUST OF AGES' CARRIES LESSON

How the money lust has been handed down from age to age, leaving behind it the inevitable trail of destruction, is graphically portrayed in the feature film "The Lust of the Ages" which opened last night at the Bijou theater. As a film which presents several conclusive arguments and points to a moral, it is one of the best and one of the strongest ever seen in Honolulu.

In the beginning "The Lust of Ages" endeavors to prove that money is, according to the adage, the "root of all evil," and has been for all time, and when the last of the seven reels has been run one realizes that it has not swerved from the premises. It proves this old lesson conclusively, but in an entirely new and absorbing way. It leaves no denying of the fact that the lust for gold and for wealth and a ceaseless worship of the god of mammon has existed since the time money was first used in barter, and that this lust from age to age has left behind it a train of destruction.

There are a number of arguments presented to register the influence of gold in causing crime, in forcing girls into lives of shame and tempting men to ruin through gambling. There is also an episode dealing with the great world war of the present day, and this registers the fact that more than 40 years ago an emperor had planned to make war against the world when his war chests were filled with gold from taxes levied upon the peasants. The film portrays a younger emperor declaring war, while Miss Lillian Walker, the famous screen star, in the role of a hoyden princess, pleads with her lover, who had invented liquid fire, to destroy the war chest and so save the world from a disastrous conflict. In the act of destroying the chest with his new invention, the man and the princess are discovered and executed by order of the emperor.

This is but one of many thrilling and interesting episodes in the presentation. "The Lust of the Ages" will close Wednesday evening.

'TABLES TURNED' AT THE HAWAII

Emmy Wehlen, who won fame as an actress in London and New York and then scored new triumphs when she went into moving pictures, appears in the stellar role of the new picture at the Hawaii theater, "Tables Turned." The program also includes a Billie West comedy called "The Hero," and a new installment of the serial, "The Railroad Raiders," in which Helen Holmes is the star.

In "Tables Turned" Miss Wehlen is supported by an excellent cast that includes a number of screen favorites well known to Honolulu audiences. Among them are: H. Cooper Cliffe, Leslie Austin, Edgar L. Davenport, Walter Hitchcock and Jeannette Horn. The story is dramatic in the extreme and affords Miss Wehlen ample opportunity to display her remarkably versatile talents.

Whether or not one sympathizes with the contention made by Billie West that it was he who created the tractor that has been made famous by Charlie Chaplin, it is certain that presents just as funny a Chaplin on the screen as the great Charlie himself and one can lose sight of the comedy by finding laughs in the picture of both of them. "The Hero" will easily win on its merits as a laugh maker.

REID-WILLIAMS LIBERTY TEAM

Two well known stars in a Paramount picture of high merit lend luster to the main attraction of the present program at the Liberty theater. Kathlyn Williams and Wallace Reid lend little introduction to Honolulu audiences and their present offering, "Big Timber" will probably be called one of the best pictures offered here in some time.

The photoplay is an adaptation of the celebrated story of the same name by Bertrand Sinclair. Its setting is among the big trees of California with life as it is lived in the great lumber camps made vivid to the spectator. A number of spectacular scenes made the production particularly notable. One of these shows a great area of forest in flames. It is an actual picture of one of the great fires that swept a government forest reserve in California.

In addition to the feature picture, new and interesting developments in the serial, "The Mystery of the Double Cross" are unfolded. The story grows more baffling with every scene. The Pathé weekly news pictures also are included in the program.

ART EXHIBITION

There will be an exhibition of medals, medallions and photographs of sculpture by Roger Noble Burnham, and paintings by Juliet May Frasier, at the University Club, December 7 to 20, open to the public from 9 to 11 a. m., 2 to 4 p. m. and 7:30 to 10 p. m. Hotel street entrance.—Adv.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Luster to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevent of disease.—Advt.

Why There Is Hope For Russia

With the vast Russian government falling to pieces day by day, and the apparent hopelessness of any unifying effort, it has mystified the outside world to find newspaper correspondents in Petrograd referring in such confident language to the prospect of order and a fighting organization coming out of chaos.

Again and again these correspondents have made reference in rather vague terms to the internal power of Russia to retrieve her fortune; to forces already at work. Most of these references have contained no details but these details are now beginning to come out. The most significant statement the Star-Bulletin has been able to find appears in the London Morning Post, whose correspondent telegraphs from Petrograd the following information:

"Behind or beyond all this apparently hopeless chaos, the forces which made Russia an empire are not idle, and those who know Russian history understand perfectly well how matters will end.

"Even as I write the constituent assembly will take place, but the constituent assembly will not meet with success. The Bolshevik movement, whatever that movement may really cover, already has damned the constituent assembly.

"Meanwhile I would call attention to the following facts:

"The vast gold reserve of the Russian empire, which was removed from Petrograd to the Kremlin in 1913, was, later, carried still further into the interior. It is in safe hands.

"General Kaledines, hetman of united Cossackdom, is in secure possession, with trustworthy and disciplined troops of all arms, of those regions of European Russia that produced a harvest this year, and is rapidly capturing those remaining territories upon which Russia relies for its daily bread.

"A vast union, under the name of the Southeastern Union has been formed. It includes the Don territory, a great part of Little Russia, the lower Volga provinces and Turkestan—the area which feeds all Russia. This union is extending, and promises to cover the Siberian corn land.

"General Kaledines, holds the gold reserve and the bread supplies, is master of the situation, and those he serves will accept dictation neither from Kerensky, Lenin, nor anybody else, least of all from Germany.

"The allies may safely admit a bowing acquaintance with the curious individualities thrown up from the depths by internal disturbances, but for intimate friendship and future partnership they must look elsewhere, and in the meantime they must wait uncomplacently until their old friends reappear above the present turmoil."

This information comes with added meaning in the light of the news today that Generals Korniloff and Kaledines have joined forces in a new revolutionary party and are actually controlling food supplies.

Congress To Take Up Booze Legislation

This morning's despatches indicate that the new session of Congress will find time in the midst of war legislation to take up various prohibition measures. In fact, the "drys" have so well organized their arguments and marshaled their forces that they are convincing congressmen that anti-liquor legislation is the best kind of war legislation.

The situation is rather hopeful for passing the constitutional amendment calling for nation-wide prohibition. Most of the congressmen recently in Hawaii admitted that they expected such an amendment to pass both house and senate whenever it could be put squarely before the two chambers, and there is no doubt that it will receive the necessary ratification of states. It is not too much to predict that before the end of 1920 we shall have the amendment going into operation.

This winter the prohibition forces will also ask that Hawaii be made dry by federal enactment. Of course the entrenched liquor interests here (which, by the way, are not nearly so well entrenched as they used to be) will use all their open and secret influences, and such politicians as remain willing to identify themselves with the booze business will try to block and hamper the legislation, but there is a rather good chance of its passage.

Hawaii is moving toward the "all-white" column, and it is not unlikely that the territory will be "dry" before the constitutional amendment is operative.

NOT THE MAUI BATTALION.

(From the Maui News.)

Officers of the Maui battalion of the 2nd Infantry, N. G. H., complain that an injustice is being done their companies by the newspapers and others in the sweeping charges being bandied about against the 2nd Infantry. The regiments is equally divided between three islands, and it is pointed out that the disorders complained of at Camp Liliuokalani and at Honolulu were caused by troops of the 2nd Infantry belonging to battalions other than the one from Maui.

The "kick" is justified. Maui men were not involved in any way in the misbehavior about which there has been so much comment. The trouble at the camp was among the Oahu and Kauai troops, and the latter battalion was alone involved in whatever disturbance there was around the water-front at the time of departure. The blame should rest with the battalions to which it belongs, and the attempt to saddle it upon the entire 2nd Infantry is manifestly wrong.

Inasmuch as it was the Japanese editors and not the laborers who stirred up agitation for a higher plantation wage scale, it is not surprising that the editors are shocked and chagrined when the new bonus plan does not carry out their suggestions.

F. O. B. is beginning to sound more like S. O. S.

No Reason to Displace Supt. Vierra

Efficiency in the city government means not only clearing out incompetents to make way for competent men, but retaining competent men who have made good.

All the weight of testimony so far goes to show that in A. K. Vierra, superintendent of parks, Honolulu has a man who has made good. He should be retained.

Vierra is not a horticultural expert, not a skilled landscape gardener. But he has energy, he has the faculty for making friends throughout the city for the general scheme of park improvement, and he is willing to take suggestions from competent sources. Vierra's enthusiasm and interest are largely responsible for the success that Supervisor Ben Hollinger has made with the parks and playgrounds committee, and nobody recognizes it more fully than Mr. Hollinger.

The mayor's choice, Valentine Holt, is an estimable young man. There would be no criticism at this time of his alleged lack of executive ability were it not that he is put forward for a public office which is responsible for the spending of large sums of money. He might make good, but at the best he would be an experiment, and the letter of the U. S. agricultural station head, J. M. Westgate, is certainly a staggering argument against his appointment.

No one wishes Valentine Holt ill, but on the other hand, no one who is familiar with Vierra's hard work and good results could without a protest see him displaced merely to serve the mayor's idea of political patronage.

"Unseen Enemies"

Food pledge campaigners on the mainland have in numerous cases found their work hampered by unquestionable Germanism. In fact, the press all over the country is now engaged in exposing this anti-American propaganda. Among the many reports pointing to a deliberate policy by Germans or their sympathizers of opposition to food conservation, the following is fairly typical:

Houston, Tex.—Open hostility to the signing of the federal food pledge cards has been shown in various parts of Texas, according to reports to State Food Administrator Peden of Houston. The strongest opposition was found in Dewitt and Fayette counties, in which are strong German communities, and from the communities many cards were received indorsed "refused to sign."

On receipt of these cards Mr. Peden telegraphed direct to several school districts advising them as follows:

"Numerous cards received from your school district indorsed 'refuse to sign' I am sending you more cards. Please present again and send me names and reasons given by all who refuse to sign. In these war times we must know who the nation's enemies are."

Since the conviction of members of the Farmers' and Laborers' Protective Association at Abilene, no open opposition to the draft law has been made. Of 2000 oil field workers on strike, and many other strikers, none are alleged to be I. W. W. workers.

Commenting on the opposition to the food saving program, the Boston Post, under the heading "Unseen Enemies," says:

The head of the housewives' league, engaged in the work of domestic conservation of food, is quoted as telling of the discovery of an organized plot to interfere with its operation. Women spies, it is alleged, are acting "under the direction of paid agents of the German government" to dissuade householders from putting in practice the economies recommended.

Such a scheme cannot be very fruitful in results. The invasion of pantries and kitchens by spies of the enemy would be resented with emphasis if not with violence greater and more convincing than that shown intruders upon our cantonments.

More consequence is to be attributed to Mr. Hoover's warning against sneaking attempts to destroy food-storage warehouses. Some recent casualties in this connection go to confirm suspicion.

We must not fall into the error of condemning as enemies all women who refuse to sign the pledge cards. Some of them are "contrary," to use a well-understood colloquialism. Some have not understood the object of the campaign and resent any interference with their domestic affairs. To such women it must be made apparent that the food saving campaign is a national movement of serious import; that Americans are already, in France, giving their lives as part of this same patriotic movement; and that the time has come when every American woman must stand ready to declare herself openly, fully, definitely and effectively. President Wilson and Herbert Hoover have said that the patriotic American woman can exhibit her patriotism no more effectively than by enlisting in the food campaign.

Rumania is about to "get out of the war." As a matter of calm fact, Rumania has been getting out after the first three months of it. Rumors have not been wanting that the same policy of "higher-up" treachery which ruined the splendid Russian armies, involved Rumania, and at the very time when the Rumanians were relying upon Russia to furnish guns and ammunition, if not reinforcements, Minister of War Soukhomlinoff was bargaining with the Germans and holding back supplies from starving, weaponless men facing the Teuton slaughterers. The wonder is that the whole eastern front did not cave in two years ago.

In Great Britain's last victory loan, which corresponds to the American Liberty Loan, 8,200,000 people out of a population of 45 million subscribed for six billions of bonds within a few days. This was in a country that has spent 26 billions in the war. The experience in Great Britain is that her latest popular loans are floated with less effort than were her earlier issues.—Oregon Journal.

LETTERS ON TIMELY TOPICS

THY HOSIERY

Honolulu, Dec. 7.
Editor Star-Bulletin.
Sir: Having heard so much of the beauty and charm of your fair island if I had ever been my cherished dream to behold it.

Fate was kind and fortune favored, landing me on its shores some weeks ago. But alas I know no more of its beautiful wonders than if I were yet on the mainland, because my gaze has never wandered far from the knitting needles.

True your charming people hospitably welcomed and cheerfully handed me needles and wool, accompanied thereby with printed instructions for socks.

So far my visit to Hawaii has been one continuous round of the needles. Not that I mind doing my bit but time is fleeting and I want to see the Pali. So sad to return with memories of naught but a ball of gray yarn.

Last night after knitting until my poor brain seemed snarled up into as many stitches as the sock, sleep refused to come to my sock-increased vision. Out of the chaos of socks and hosiery I arranged the following lines: "Won't you please give them a tiny space in your valuable paper? They might help some other weary knitter."

A. CALIFORNIAC.

THY HOSIERY

The socks I knit for thee, dear heart, Are as a string of tears to me, I count them o'er, each sock a part, Thy hosiery! Thy hosiery!

One sock a mate, two mates a pair, To keep thy feet from frost and pain I knit each sock with extra care, Yet must undo and knit again.

Oh socks, to thee I hope to send, They ever loom across my soul; I knit each sock until the end— Then find dropped stitches and a hole!
MISS LOS ANGELES.

STRAIGHT FROM THE SHOULDER

Ewa Plantation, Dec. 7, 1917.
Mr. Riley Allen, Editor Honolulu Star-Bulletin.

My Dear Mr. Allen: The letter of Mr. J. F. C. Hagens, appearing in today's issue of the Advertiser, in answer to the paid advertisement signed by one who seems to be afraid to come out in the open, is straight from the shoulder, honest-to-God Americanism. Let us have more of it. Mr. Hagens did not refuse to have anything to say—did not wait to consult his attorney or did not answer "Dixie Doolittle" in a manner unbecoming an American gentleman, and as long as Mr. Hagens stands on his past record and does not commit an act of treason or sedition against our government, I believe he should be considered as a loyal American citizen and should not be censured or attacked by one who is not game to come out in the open and give his or her name.

This is not Americanism—at least is not the kind of Americanism that I have been taught by my father, who still carries a bullet in his shoulder from Gettysburg, or by my mother, who for over two years nursed wounded and starved parole prisoners of war back to strength for the Union at Camp Parole, Baltimore, Md. Pro-Germanism is an insidious disease and must be fought to the death, but let us, as Americans, come out in the open and fight it out like men, as our forefathers did in '61, '62, '63 and in 1776. Sincerely yours,
FRANK A. GOBLE.

WOULD PUT FIRE MARSHAL IN HILO

(Special Star-Bulletin Correspondence.)
HILO, Dec. 7.—At a meeting that was held in Hilo yesterday morning and at which were present Charles J. McCarthy, the territorial treasurer; H. V. Patten, H. A. Truslow, E. N. Nichols, C. Castendyke, G. H. Vicars, E. N. Deyo and D. S. Bowman, the matter of a general clean-up of Hilo in connection with an improvement of fire protection work was discussed.

Treasurer McCarthy, who is, by act of the legislature, also fire marshal for the whole territory and who has for his ex-officio deputies all the sheriffs and deputy sheriffs of the territory, explained the situation and said that he wanted to appoint a full deputy fire marshal for Hilo. There is no pay attached to the position, the treasurer explained, but, all the same, he said that he thought he could secure a deputy with full power to control conditions. In addition to the sheriffs and the deputy sheriffs, said Mr. McCarthy, the fire chiefs of the towns of the territory are also ex-officio deputy fire marshals.

The board of trade committee on fire protection had taken up the matter in the past and they told the marshal of what had been done during the last year. It was decided to go ahead with the appointment of a deputy marshal, who would be given full power by Marshal McCarthy.

MANOA CLIFFS TRAIL IS BADLY OVERGROWN

Parties who were in the mountains yesterday on hiking expeditions report that from the overgrown condition of most of the trails there seems to have been little travel over them recently. The Manoa cliffs trail is said to be especially overgrown and, from appearances, few parties have traveled over it in months. Owing to the prevailing Kona weather which evidently does not carry heavy rains up into the mountains to any great distance the trails over Puaou flats and at the head of Manoa valley are much more dry than they usually are in trade wind rains.

BISHOP ESTATE TAKES OVER JAEGER PROPERTY

The real estate department of the Guardian Trust Co. reports the sale Saturday of the Jaeger property on Kaahumanu street next to the F. A. Schaefer & Co. building. It was sold to the Bishop Estate for a consideration of \$16,000.

It is understood that the trustees of the Bishop Estate are planning the erection of a modern office building on the newly acquired site. The Guardian Trust Co. real estate department made five other sales during the first eight days of this month.

DECEMBER RAINFALL IS ABOVE NORMAL

From 12 o'clock noon yesterday until 9 o'clock last night, the rainfall in Honolulu was 0.30 of an inch, according to reports issued by the local weather bureau. Observations on the rainfall were made by Andrew M. Hamrick, meteorologist in charge. The total rainfall from December 1 until last night was 1.87 inches. The average normal rainfall for the first nine days in December is 1.10 inches, and for the whole of the month, 3.59 inches. This makes the rainfall to date this month 0.77 inches above normal.

The temperature at 8 o'clock last night was 70.8 degrees. Reports from windward Oahu indicate that during the week 2.42 inches of rain fell at Waimanalo, 1.05 at Waianae and 1.59 at Kahuku.

HOODLUMS HOLD FORT AGAINST POLICE QUARTET

While four motorcycle officers attempted to take the slopes of Punch-bowl by storm yesterday, a gang of young boys and men repulsed the attack by rolling boulders down the sides of the extinct crater. After successfully halting the attacking officers until a getaway could be arranged, the young defenders beat a hasty retreat and disappeared in all directions. No casualties were reported.

Frequent complaints have been received at police headquarters that gangs of men and boys congregate in the vicinity of the old crater, especially on Saturdays and terrorize the neighborhood.

FILIPINO CLUB GIVES PLEASING ENTERTAINMENT

Members of the Filipino club staged a successful entertainment at Palama settlement Saturday evening, more than 300 being in attendance.

One of the feature events was the dance by four young girls of Palama settlement. Edith Kenn, Thelma Kenn, Elsie Aul and Agnes Aul. The quartette is well known as feminine stars in aquatics and their feature number was hardly expected, but the young ladies went through the difficult number without a slip. The Palama quartet was coached by Miss Margaret Jones. Miss Alice Ayer was at the piano.

The Filipino orchestra, consisting of Rufino Grajo, Theodore Plasencia, Honoratio Morada, T. Tebor, Felix de los Reyes, L. Luis and C. Tanc, played a number of typical Filipino selections.

The work of Messrs Pease, Alexander, Heckmann and Schmidt on the parallel bars was well received as was the contortionist act of R. D. Marshall.

Miss Frances Farrington recited one of Robert Service's poems taken from his book on the battlefields of France. The recitation was well given. Miss Ruth Stacker played two selections on the ukulele. She selected as one of her numbers Tschlawakowsky's beautiful Sonata. Garden of Dreams. For her encore she sang a

selection from Lucia. Pedro Esqueras featured with a Filipino solo and the Filipino quartet, consisting of Liberato Magpiong, Stanley Partosa, M. Medivilla and F. Tubillana, sang two numbers.

The committee in charge of arrangements was: J. Brooks Brown, leader; Q. Dumancia, president; C. E. Estante, vice president; L. A. Seguito, secretary, and Wallace Saffery, treasurer. Assisting were L. F. Tubillana, B. C. Layog, S. Estandate and J. Lopez.

ARRIVING AUSTRIANS ARE ORDERED INTERNED

Instructions were received yesterday from Washington by Richard Halsey, inspector in chief of the United States immigration service, to take into custody all Austrians arriving at this port, whether they come as passengers or as sailors on any vessels calling at Honolulu. The instructions were cable and follow, as anticipated, the declaration of war by America against Austria. All orders regarding the detention or granting of travel permits to Austrians as enemy aliens will likely be the same as those applied to Germans.

College of Hawaii Students Play For Red Cross Tonight

College of Hawaii students will give tonight, the final performance of the comedy, "The Glory of Their Years" at Lanal theater, Laniakoa, the proceeds to go to the Red Cross. The students give a fine performance of this play. The photo above shows the following members of the cast, from left to right: Lillian E. Dahl as Mary Agnew; Rhoda Ballentyne as Barbara Gawson; Ruth Farrington as Lindy Hudspeth; Kathryn Blake as Sabina Rogers; Eileen Putnam as Amelia Miller; Grace Morgan as Delia Wicker; Charles F. Poole as Alec Anderson; Helen McLean as Helen Kane; and Willnorman King as Dick Fox.

In presenting "The Glory of Their Years," the College of Hawaii has not merely "put on a show." Both in the selection of the play and in the manner of its presentation the one great aim has been to do something worthy of serious consideration, both educationally and dramatically.

"The Glory of Their Years," which was presented here for the first time

on any stage, and is to be given a third performance this evening at Lanalakea, for the benefit of the Red Cross, is representative of the work of one of the new school of dramatists. In some ways it is a bold departure from the usual run of plays. It is never theatrical. There are no marked climaxes. There can hardly be said to be even a conflict of wills. Rather,

it is a study of characters, characters in action. And none who have seen the six old women who live in the Alice Adele Home will question that in the depiction of character Mr. Froome has been remarkably successful. With open eyes for the weaknesses and incongruities of New England types, he has dealt with his creations in such a kindly way that their

peculiarities, as they attempt to fathom the mystery attending the new matron, are a continual delight. It is pure comedy. It succeeds without the slapsticks of farce or tragedy's "whirlwind of passion." There are no problems suggested, no crimes, no horrors, no thrills. There is sentiment; but not sentimentality. Its spirit is that of love and cheerfulness and hope.

Throw Away Your Eyeglasses! A Free Prescription You Can Have Filled and Use At Home

Doctor Tells How Eyesight May Be Strengthened 50% in One Week's Time in Many Instances.

LONDON.—Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that, according to Dr. Lewis, there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen

their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona tablets. Drop one Optona tablet in a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent City Physician to whom the above article was submitted, said: "Optona is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family."—Adv.

Outdoor Circle Meeting

The regular monthly meeting of the Outdoor Circle will be held Tuesday afternoon, Dec. 11, at 3 o'clock, at the home of Mrs. Frederick J. Lowrey, corner Lunaillo and Victoria streets. As this is the last meeting before the annual meeting next year, it is urged that there be a large attendance of members. Matters of interest will be discussed.—Adv.

The Moana hotel will become the largest in the Pacific Ocean on Christmas Day when the Diamond Head wing, now being completed, will be lighted up and thrown open for guests.

GUARD WANTS TO KNOW IF ANY LOST POSITIONS BECAUSE OF CAMP

Instructions in the form of an official memorandum have been issued by the 1st Hawaiian Infantry, National Guard, to company officers to report all cases to headquarters where their men have lost employment through being called to the recent encampment at Kawaloa.

The memorandum has just been sent and time has not elapsed sufficient to hear from all the company officers. The officers of the machine gun company and a plantation company have replied stating that none of their men have thus suffered loss of jobs.

It is understood, however, that one company has two such cases to report and another has seven. In one case an officer was dismissed, it is said.

BAIL FORFEITURES ADDS \$240 TO CITY REVENUE

Twenty-five persons were arrested Saturday and Sunday charged with gambling. Of the twenty-five who were to appear in police court this morning to receive sentence only one defendant was on hand. He was Pablo Rio and was fined \$10. The others forfeited \$10 bail each. They were:

- Keno, Matsuo, Nakawa, Tahara, Hishimo, Onai, S. Matsuo, Shimizu, Geo. Kauka, S. Marks, Joe Silva, H. Morino, C. Borges, K. Kanoa, T. Beck, J. Akana, Charles Afonz, Kawamura, J. Kawalea, A. Phillip, B. Nakali, Wm. Kaolwi, H. Meek, Jr., Pablo Rio, M. Andrade.

RUSSIAN ORCHESTRA TO GIVE PUBLIC CONCERT

The Russian orchestra, which has made such a favorable impression in Honolulu musical circles since their coming to the city with the Bankoff and Maynard team, will give their last public recital Friday evening at the Lester dancing academy beginning at 8:30 o'clock. Madame Fidler will be featured on the program together with Baby Ray, her 5-year-old daughter.

JUNK DEALERS TO JAIL

Two junk dealers, Katayama and Montonaga, were sentenced Saturday to serve one month in the territorial prison and to pay a fine of \$50 each for receiving stolen goods. The sentence was imposed in police court by Judge Harry Irwin. The dealers were found guilty of having purchased a quantity of brass, automobile carburetors and new nails from several small boys.

Albert S. Strauss of New York was appointed to represent the treasury on the War Trade Board.

MRS. WICHMAN'S KNITTING BAGS TO AID Y. W. C. A.

Successful last week in securing nearly \$200 from her patriotic labor for the Red Cross in making knitting bags for sale, Mrs. H. F. Wichman this week will donate the net proceeds from a similar sale to the Y. W. C. A. fund.

Mrs. Wichman is interested in seeing the Y. W. C. A. succeed in its campaign for \$45,000 and announced today that throughout the week knitting bags of her own handiwork will be on sale at the store of H. F. Wichman & Co., and that everything above the cost of material will be given to the Y. W. C. A.

Mrs. Wichman's bags proved so attractive that she has already realized \$150 for the Red Cross from last week's sale, with \$30 more to come in. The bags are exquisite in materials and workmanship and the sale was steady from the first day. Mail orders came in as well as a large number from shoppers.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

CUBA'S PRESIDENT FOR WAR, SAYS REPORT

HAVANA, Cuba, Dec. 10.—Congressmen last night expressed the belief that President Menocal would today issue a proclamation declaring a state of war with Austria.

Such action by Menocal would follow the precedent of the course he pursued in the case of Germany. The action of the United States was then quickly and closely followed by Cuba. With the United States at war with Austria the same arguments apply to Cuba for issuing a similar proclamation.

Davis Stars In Victory For Y.M.C.A. Team Over Ft. Kam

Little Half Back Scores All of Points Made By Locals—Open Field Running Brings Score—Y. M. C. A. Lines Proves to Be Veritable Stone Wall—Lewis Shows Up Well But Hasn't a Chance to Scintillate—Whitcomb and von Holt Stop Plays

After the Town Team has smothered the Y. M. C. A. aggregation in a recent game Dick Whitcomb took his football players to evening school, where the course in osteology was being demonstrated, and after injecting a little football sense into a few cerebral pores, the aggregation walked out and downed Fort Kamehameha on Mollifield field Saturday afternoon by a score of 26 to 0.

The Y. M. C. A. team which downed the Fort Kam aggregation looked about as much like the collection of players which bowed to the Town Team as a cave route resembles a soup lafle. They had a lot of the same players, but results proved that the aggregation has gone through a course of intensified training.

The Y. M. line was a stonewall from end to end, and the fast Fort Kamehameha backs were stopped on many occasions. The Y. M. leaders had gone out into the highways and byways and gathered together every player who could swear up and down that he was a real bona fide gridiron star. And the system won out.

Had Coach Meyer and Lieutenant Tobin taken the Fort Kam aggregation against the team which met the Townies, they might have been playing yet, but the Y bunch pulled a real come back in the Saturday melee. It was the line which kept the Fort Kam team from scoring and it was the punch of the backfield which gave the Y's an easy victory.

Line Falls to Hold

Fort Kamehameha had a number of men in the line who ought to have made good, but they didn't work together and they failed to stop Whitcomb and von Holt from breaking through. The only charging that was done, was at the gate. Coach Meyer has been making an effort to get the front rank to working together, but these boys were mighty good forgetters.

There were a number of stars during the day, but out of it all Bill Davis stood out as the real offensive ucle. He didn't rub back as much on Saturday as he did on Turkey day, and as a result he gained more ground. He ran well in the broken field, punted up to standard and was a power on gains through the line.

Lewis never had a chance to show what he could do as compared with the other stars, but the Fort Kam half back is a real player, as he displayed on a number of occasions when his interference was working. He failed to come up to the standard of Davis in running off tackle plays and boring through the line, but he looks a wee bit faster in an open field run. He also had a small lead on punting honors. The Y. M. players went after Lewis from the start and before the end of the game a brand-catcher carried the Fort Kam star to the side lines.

Brunswick and Pammel must not be forgotten. Pammel surely bored his way through the opposing forces for big gains. He was a wizard on defense. The Y. M. tackles opened up big holes for Brunswick and the Shafter back romped through the forward line for big gains.

McVey was in the game at all

times. He was a glutton for work and occasionally battered his way through the opposing lines for big gains. He is another man who would have made a good impression under more favorable circumstances. Stoddard stood out as the best defensive man of the day. He was always on the play and although he failed to show much on offense was a valuable man in diagnosing the plays of the opponents.

Dick Whitcomb played his usual good game, and Herman von Holt also stopped the opposition when a play was headed through his territory. These two players did not dash down the field with the ball, but if they had done out of the game, the Fort Kam aggregation would have had much easier picking. Whitcomb was ready when the opposing backs started anything and the same may be said for von Holt.

Maccombs was on the job every minute and the opposing backs were up against it. He continually spilled the interference and the backs had a cinch getting the runner. Kampert at guard played a steady game. Wingard and Cantele stood out as the best men on the Fort Kam line, and Urban showed a lot of good play, but was caught napping on more than one occasion. Little Irwin used his head throughout, and the plays which had been given the team by Coach Meyer were all worthy of note. Irwin was especially effective in throwing the forward pass.

The Y. M. C. A. scored points early in the game when Lewis started around end on a fake punt formation and was thrown behind the line by Maccombs.

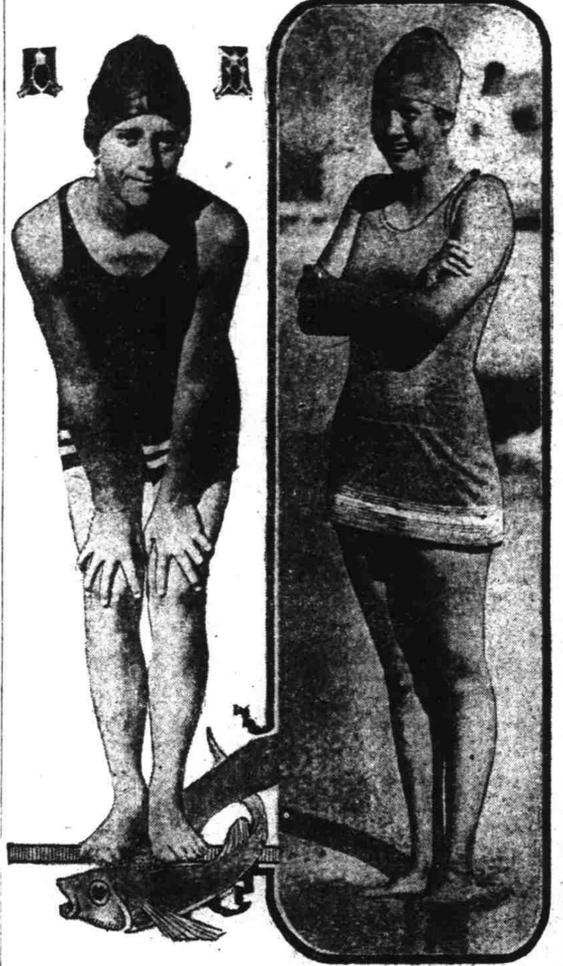

Davis scored the first touchdown for the "Y" team after two long runs from a forward pass formation. One run around end netted him 22 yards, and gains by Pammel and Davis brought the ball over. Von Holt kicked goal.

A forward pass Davis to Noyes gave the "Y" team a chance to score once more and Davis went through the line for a touchdown. Von Holt kicked goal. Once more Davis entered the limelight when he ran the ball back 50 yards for a touchdown. Davis later scored a clean dropkick from the field.

They Will Swim In 'Y' Meet

Left to right—Miss Eleanor Lyser of the Women's Auxiliary, and Miss Josephine Hopkins of the Outrigger Club, who are expected to make a good showing in the various feminine events at the Y. M. C. A. meet. Miss Lyser is still under 15 years of age, and promises to show some speed in this event as well as the open races. Miss Hopkins is considered to be one of Hawaii's leading swimmers.

IRWIN WAS MOST POPULAR PLAYER

Gridiron Star Dies at Hospital; Fort Kamehameha Team to Disband for Season

Calvin L. Irwin, quarter back of the Fort Kamehameha football team, who was seriously injured in the game on Saturday afternoon at Mollifield field, passed away Saturday evening at 9:45 at the Department Hospital, Fort Shafter.

The accident to Irwin came near the close of the game. Davis buried a forward pass to Albrecht and a little figure shot out and made a beautiful tackle. Spectators on the sidelines commented on the play, and the hard surface near the pitcher's box was the scene of the collision.

Irwin was helped off the field by his teammates and it was not thought that his injury was serious, but later on it was discovered that Irwin had fractured a number of ribs and one of them pressed against his heart, causing his death.

Played With Kansas Team

Irwin comes from Leroy, Kansas, where he received his early education. He entered the Kansas Agricultural College, where he played on the freshmen and varsity teams. He was 20 years old. He was a member of the 9th Company, Coast Artillery Corps of Fort De Russy and had been transferred to Fort Kamehameha.

The Fort Kamehameha team has disbanded for the year. The players on the squad are all broken up, as Irwin was a popular favorite with every man on the team. Captain Meyer, who has been coaching the team, said this morning that the team would not play any further games this year, and he did not want them to play.

No More Games

This is the second time that Captain Meyer has been with a team where a death occurred. In 1909 when he was captain of the Navy team, Wilson was injured and his accident proved to be fatal. The various members of the team state that they are through with football activities.

This is the second fatality that has occurred in football in 30 years of play. Early this year Martuchi Kawamoto, while playing with the College of Hawaii collided with one of his teammates and the injury proved to be fatal.

Ernest, Kaiser and Suggs were injured by the troopers.

ATHLETIC CARD ON AT SCHOFIELD NEW YEAR'S EVE

(Special Star-Bulletin Correspondence.)
SCHOFIELD BARRACKS, Dec. 10.—"Bobbie" Moore, matchmaker of the Post Athletic club, has completed a card to be offered at the next smoker and entertainment of the club, which will be held on New Year's Eve. Excellent vaudeville entertainment and sparring matches will alternate on the lengthy program. The Orpheum quartet as well as the usual cabaret entertainment will be there, but interest will mostly center on the exhibitions of many art. Classy talent has been selected to entertain the fans and the card is one of the most pretentious yet scheduled at the big post.

The following numbers will compose the athletic program:

Herron, 9th Field Artillery, vs. Green, Fort Ruger.
Mitchell and Johnson, both 25th Infantry.
Stodner, 9th Field Artillery, and Stratton, 32nd Infantry.
Ferguson, signal corps, and Chevas, 4th Cavalry.
Flynn, signal corps, and Shipe, 9th Field Artillery.
De Mott, 4th Cavalry, and Thompson, hospital corps.
Weiss, 9th Field Artillery, and Fleischman, 32nd Infantry.

Interest is great in the set-to between Weiss and Fleischman. The pair appeared in the first smoker of the club and put up a most even battle. Weiss has a shade on Fleischman in the matter of weight, but Fleischman is presumed to have had the more ring experience. It is one of the few bouts where there is plenty of action for a couple of heavies, both tipping the scales at 165 or so. Both lads have the backing of their respective regiments and their friends alone should fill the spacious amusement hall.

De Mott and Thompson, who mix in the semi-windup, are class experts of the many art, but this bout is one of a series of an elimination contest to bring out a candidate to meet "Bobbie" Moore at a later smoker.

Flynn and Shine have also been rematched and both of the pair are eager to obtain a decisive victory.

From now until the eve of the bouts the post gymnasium will be a busy place afterwards with the ex-bro pups going through their workouts.

—Captain Carr, Head Linesman—Sergeant Major Bingham. Timekeeper—Sergeant Major Lester. Linesmen—Schoemaker and Whitehead. Touchdowns—Suggs, Chief, Steger, Braun, Goal from touchdown—Fleischman. Substitutions—Skinner for Suggs, Garrison for Kaem, Rogers for Jurd. Time of periods—15 minutes.

MERMAIDS WILL PLAY BIG PART IN Y. M. EVENTS

Largest List of Feminine Competitors Ever Gathered Together; Duke Will Swim

Once more old Father Neptune breaks into the limelight and cepts aside the thoughts of the gridiron sports. On Wednesday evening the old Aquatic Monarchy will be in his glory as his sons and daughters will contest for honors on this occasion.

The present two nights meet which will be staged at the Y. M. C. A. is unique in one respect, in that there are more feminine stars entered than ever before in the history of swimming in the islands. It is only a short time since Ruth Stackler brought out her stars at Palama Settlement and Edith and Thelma Kenn, Elsie and Agnes Auld and others flashed on the scene.

Interest increased

At that time the A. A. U. officials did not appear to be over enthusiastic about feminine swimming, and the appearance of the Palama swimmers did not mean much at that time to most followers of aquatics, but it was a movement started which has done much for swimming in the islands, and following the appearance of the Palama youngsters the interest increased and the Outrigger club began a campaign which has brought big results.

Now there is a rivalry, and the worst event on Wednesday isn't going to be the ladies' relay. A few years ago there were about three swimmers who appeared in meets who could make the 50 under 38. Now you can't count them on your both hands.

"Knute" Cottrell helped things along, and with Ruth Stackler and Dan Center must be complimented on bringing the mermaids to the front.

More Mermaids Coming.

With Miss Margaret Jones at Palama, Miss Helen Jones at Punahou and the Y. W. C. A. and Dad Center at the Outrigger club the interest in feminine swimming is certain to increase. The Y. W. C. A. is entering a team for the first time this year, and it may not be long before the Y. W. Palama and Outrigger are waging a real battle for honors in aquatics.

There will be three events for the girls on Wednesday evening, and the 50 yard event should be one of the best races of the evening. In this race are entered Josephine Hopkins, Gertrude Horth, Madeline Chapin, Marion Dowsett, Lucile Legros, Helen Rosa, Eleanor Lyser, Irma Tarleton, Edith Kenn, Thelma Kenn, the Auld sisters and other stars.

13-Year-Old Star.

A year or so ago Lucile Legros and Helen Rosa would have been picked for the winners, but Josephine Hopkins and Gertrude Horth have been coming to the front, and in addition there are a dozen others who have been making good. Little Edith Kenn has done wonders during the past year, and the little 13-year-old girl isn't going to be far behind at the finish.

Eleanor Lyser, Irma Tarleton, Marion Dowsett and Madeline Chapin are four other swimmers who must be figured upon to make an excellent showing in this race. The Palama swimmers are out to win, and Thelma Kenn or one of the Auld sisters may spring a surprise.

The relay looks like a real race between Palama and the Outrigger club. The Outrigger has a great quartet of swimmers to draw on, but the Palama youngsters must not be forgotten despite the fact that they are all under 15 years of age. It would not be at all surprising to see Palama carry off the honors.

Duke Will Be There

In the 50-yard open event, Duke Kahanamoku ought to have a chance of finishing somewhere around first place if he doesn't break a leg, and John Kelli ought to be in the running with William Kanakaku close up. Albert Minvielle looks like a good bet in the race for boys under 15.

Harold Kruger is confident that he will be up in the running in the 75-yard backstroke if the dark horses does not enter. In the 220 yard novice Markham and Cummins are going after the honors for the Hui Nalu and Preston Chapin will take up the burden for the Outrigger. John Kelli and Duke Kahanamoku are the only entries in the 100 meter open event, and it wouldn't be a bad guess to say that Kelli would get second.

There ought to be a good field in the breaststroke with Kane, Richardson and David Kahanamoku. In the 100 yrd open Ah Kim Yee, Kealoha and Kaupiko ought to show real form, as Duke and Kelli will not enter.

Feature Event

The 300 meter event promises to be a real race from start to finish. This distance is getting pretty close to what Langer likes, and inasmuch as Duke is entered in a number of other events, many of the swimming devotees are banking on the Californian to win. Duke isn't going to be caught napping, and he may be expected to give Langer a real race from start to finish. Kruger, Kelli and Walker will also be entered, which means that this race will be perhaps the feature event of the evening. Langer should win the 800 meter event without a hard race.

Taken all in all the 300 meter event and the 50 yard swim for ladies should be the feature events of the evening. The breaststroke and ladies' relay will give these two events a close run for honors as far as interest is concerned. Duke Kahanamoku has entered the every swimmer of note is slated to appear. He has been working out in the tank, and is getting down to real

First Infantry Plays Rings Around Melim's Town Team

Locals' Line Proves Weak and Boghan for Army Has Little Trouble in Gaining Ground—Rodrigues Makes Townies' Lone Touchdown on Catch of Forward Pass—Final Score is 26 to 7

Some one once remarked in a spirit of humor that it was a very lengthy alley which does not have at least one teeny weeny ash can, and the same applies to the story of the late invincible Town Team, headed by Harry Melim. The old worm turned on Saturday afternoon at Alexander field, and it turned right over on its back when the 1st Infantry football team jumped on the Townies and won by a score of 26 to 7.

The 1st Infantry ran the ends and hit the line. The Townies ran the ends and they hurried forward passes, but the young men who were stationed in the line looked as if they were reaching for some choice preserves off the family kitchen cabinet. The Town Team line was up in the air in more than one sense, and as a result the infantry forwards proceeded to wade right through and a young man by the name of Boghan simply rambled at will.

Georgia Tech or Pittsburg came to Honolulu to play the Central Grammar team and Rodrigues was allowed to play with the locals the Central Grammar team would score some way. There are a lot of people in the city who imagine that Rodrigues has all the luck in the world, but it is pretty hard to figure out that a man can score in three or four games in succession just because he has a little horseshoe hanging over the transom.

It was Rodrigues' catch of a forward pass and a run which followed that gave the locals their score of the day. "Peanuts" Leal and George Hawkins bored their way around the ends for big gains on certain occasions, and Harry Melim made the interference for the runners. These few end runs, coupled with a few forward passes, gave the locals the only gains of the day.

Ladd Injects Pep

Don Ladd was sent into the game for the 1st Infantry and he put a lot of pep into the visitors. The linemen charged with zest, and they made big holes for Boghan and Fagan to dash through. Ladd ran his team in excellent manner, and Boghan, who was the one big star of the day, tore off big gains at will. Shoemaker, the husky center of the 1st Infantry team, was a star on defense and made the opposition look weary at times.

The Infantry line did not outweigh the locals to such a great extent, but they played low, and got the Townies on the run. Pat O'Sullivan and Nicholson made good plays throughout the game, and Thompson showed a lot of fight at times. Stoicoff at tackle and Mutch and Spooner at ends were always in the game and these three men spilled a lot of the opponent's plays.

In the opening quarter Fagan made a gain of 18 yards through the line

and Boghan followed this up with a 12-yard gain and then proceeded around the end for a touchdown. No goal was kicked. Canario ran the ball back about 200 yards and Hawkins made 10 yards around the end. Then Leal made two gains for 17 yards and Hawkins chalked up another gain of 10 yards. Rodrigues then caught a forward pass and ran 25 yards to the eight yard line and another forward pass with Rodrigues on the receiving end gave the Town Team a touchdown. Pat Melim kicked goal.

Boghan gained on nearly every try in a march down the field and short plunges by McCurdy and Fagan gave the 1st Infantry the ball on the four yard line. Boghan went over for a touchdown. Goal was kicked and the Infantry took the lead.

Boghan again marched down the field for big gains, but the Town Team held and Hawkins then broke through for a gain of about 38 yards. A forward pass to Thompson netted 20 yards and Leal added 10 more. Here the Infantry tightened up and the half ended with the Infantry in the lead.

After the whistle had been sounded for the third quarter the Townies had a fumbling contest and the Infantry scored a touchback shortly after play began, which did not count for points. Ladd intercepted a forward pass and ran through a broken field to a few yards from the line, when he went over for a touchdown.

In the fourth quarter Canario passed to Rodrigues for a gain of 13 yards. Another pass netted them 15 yards. Another pass was tried, but Boghan raced over after the ball and raced down the field 50 yards for a touchdown. Ladd kicked goal and thus the invincible team was defeated.

The line-up:

1st Infantry	Town Team
Mutch	L.E.
Davert	L.T.
Leach	L.G.
Schoemaker	C.
Victor	R.G.
Stoicoff	R.T.
Spooner	R.E.
Ladd	Q.
Boghan	L.H.B.
Fagan	L.H.B.
Cook	F.B.
Glenn E. Jackson, referee; S. D. Aldrich, umpire; Sergeant Brush, head linesman; Lieutenant Palmer and W. Tinker, timers.	

Touchdowns—Ladd, 1; Boghan, 3; Rodrigues, 1. Goals from touchdowns—Fagan, 1; Ladd, 1; "Pat" Melim, 1. Touchback—1st Infantry. Substitutes—Town Team, B. Thompson for Jones; Thompson for Machado; C. Melim for H. Melim.

Duration of quarters—Twelve minutes, with two minutes rest. Twelve minutes rest between halves.

BABY REGIMENT DOWNS CAVALRY

Game Played in Sea of Mud; Suggs Scores First Touchdown for Cavalry

(Special Star-Bulletin Correspondence.)
SCHOFIELD BARRACKS, Dec. 9.—The 32nd Infantry eleven proved the better mud-horses this afternoon and waded through a 20 to 6 victory over the 4th Cavalry. The game was much closer than the score indicates, the Cavalrymen displaying some life this afternoon and holding the Infantry to what might almost be termed a respectable score. The troopers almost achieved the near impossible, that is, for them, of scoring a touchdown. It will probably be of interest to the local football world to learn how the Cavalry made this T. D. before going into the details of the game. After splashing in the mud of the playing field for a scrimmage or two, the players of neither team were recognizable, and in one or two instances did accidentally line up wrong. The 32nd Infantry had given the high sign for a forward pass, Suggs, a five foot four, cavalryman, must have submerged around the 32nd's left, for he arose next to Steger like the periscope of an underwater boat and cried to Steger to give him the ball; the big blonde complied with the request and Suggs tacked to the Cavalry goal. The heavy fleet of the 32nd could not make the progress Suggs did and he consequently made pot safely, much to such of the Cavalry population as was present. Suggs also tried to torpedo a goal from touchdown, but the charge was waterlogged and did not go true. The Cavalry rosters will now have something to talk about the rest of the rainy season.

As to the game, it was of necessity slow, owing to the sloppy field, mistle

ture lakes having formed in some of the low spots of the playing field. A heavy downpour of rain lasted until game time and as several hundred football bugs, wrapped in double thickness waterproof raincoats, were at the gates seeking admission, it was decided to play the game.

The Cavalrymen put up a stiff defense in the first period, but weight began to tell, and the Infantrymen negotiated a touchdown in the last five minutes of play. Steger carrying the ball over, Rasquin missed goal.

In the second period Braun of the 32nd came to life and tore through the Cavalry line at will, going through for a touchdown. Fleischman kicked goal from touchdown. This period was featured by numerous attempted forward passes on the part of the Cavalrymen and at least one or two might have succeeded if a copious supply of glue had been in the troopers' receiver's hands. As it was none were caught. It seemed that on the muddy field they might have done between by trying a few end runs. They had success with several in the first period. Score end first half: 32nd Infantry 13, Cavalry 0.

Both teams fought hard in the third period, the cavalrymen putting up a stiff defense in this section. The Infantry attempted a goal kick from placement, but it was disallowed by the field officials.

The last period brought the pyrotechnics into play. After the Infantry worked the ball to about 25 yards from goal Steger and Chief negotiated a forward pass, Chief making a beautiful dash for six points. Goal was missed. In the last few minutes of play of this quarter the cavalrymen made their memorable touchdown as mentioned above. The whistle blew shortly after and the troopers celebrated the occasion of making six points by giving half a dozen rahs. The spectators did not give vent to much enthusiasm after sitting on the water-soaked stands for about one and a half hours, stretching periods being especially noticeable.

The stars of the 32nd Infantry were Steger, Rasquin, Garland, Braun, Bunker, Gill and Fleischman, while Char-

Gridiron Star Dies at Hospital; Fort Kamehameha Team to Disband for Season

Calvin L. Irwin, quarter back of the Fort Kamehameha football team, who was seriously injured in the game on Saturday afternoon at Mollifield field, passed away Saturday evening at 9:45 at the Department Hospital, Fort Shafter.

Played With Kansas Team

Irwin comes from Leroy, Kansas, where he received his early education. He entered the Kansas Agricultural College, where he played on the freshmen and varsity teams. He was 20 years old. He was a member of the 9th Company, Coast Artillery Corps of Fort De Russy and had been transferred to Fort Kamehameha.

No More Games

This is the second time that Captain Meyer has been with a team where a death occurred. In 1909 when he was captain of the Navy team, Wilson was injured and his accident proved to be fatal. The various members of the team state that they are through with football activities.

This is the second fatality that has occurred in football in 30 years of play. Early this year Martuchi Kawamoto, while playing with the College of Hawaii collided with one of his teammates and the injury proved to be fatal.

Ernest, Kaiser and Suggs were injured by the troopers.

ATHLETIC CARD ON AT SCHOFIELD NEW YEAR'S EVE

(Special Star-Bulletin Correspondence.)
SCHOFIELD BARRACKS, Dec. 10.—"Bobbie" Moore, matchmaker of the Post Athletic club, has completed a card to be offered at the next smoker and entertainment of the club, which will be held on New Year's Eve. Excellent vaudeville entertainment and sparring matches will alternate on the lengthy program. The Orpheum quartet as well as the usual cabaret entertainment will be there, but interest will mostly center on the exhibitions of many art. Classy talent has been selected to entertain the fans and the card is one of the most pretentious yet scheduled at the big post.

The following numbers will compose the athletic program:

Herron, 9th Field Artillery, vs. Green, Fort Ruger.
Mitchell and Johnson, both 25th Infantry.
Stodner, 9th Field Artillery, and Stratton, 32nd Infantry.
Ferguson, signal corps, and Chevas, 4th Cavalry.
Flynn, signal corps, and Shipe, 9th Field Artillery.
De Mott, 4th Cavalry, and Thompson, hospital corps.
Weiss, 9th Field Artillery, and Fleischman, 32nd Infantry.

Interest is great in the set-to between Weiss and Fleischman. The pair appeared in the first smoker of the club and put up a most even battle. Weiss has a shade on Fleischman in the matter of weight, but Fleischman is presumed to have had the more ring experience. It is one of the few bouts where there is plenty of action for a couple of heavies, both tipping the scales at 165 or so. Both lads have the backing of their respective regiments and their friends alone should fill the spacious amusement hall.

De Mott and Thompson, who mix in the semi-windup, are class experts of the many art, but this bout is one of a series of an elimination contest to bring out a candidate to meet "Bobbie" Moore at a later smoker.

Flynn and Shine have also been rematched and both of the pair are eager to obtain a decisive victory.

From now until the eve of the bouts the post gymnasium will be a busy place afterwards with the ex-bro pups going through their workouts.

—Captain Carr, Head Linesman—Sergeant Major Bingham. Timekeeper—Sergeant Major Lester. Linesmen—Schoemaker and Whitehead. Touchdowns—Suggs, Chief, Steger, Braun, Goal from touchdown—Fleischman. Substitutions—Skinner for Suggs, Garrison for Kaem, Rogers for Jurd. Time of periods—15 minutes.

YALE-HARVARD GAME WILL BE SEEN IN FILM

Dr. Kato Will Show the Football Battle of 1915 Between Old Eli and John Harvard

Football devotees will have an opportunity to watch the Harvard-Yale game of 1915 on the screen tomorrow evening at the Mission Memorial. Dr. K. Kato, who has been giving lectures on the life of the Japanese students in our American universities, will show one reel of the Harvard-Yale game, which gives the play, throughout.

In addition to the football game films of life at Yale will be exhibited, showing many branches of athletics that may be found at Old Eli. Dr. Kato has extended an invitation to the students of the city and all others who wish to take advantage of the films.

RAIN STOPS REAL GAME

The Makiki Stars and Filipinos played a game at Makiki field yesterday afternoon, rain stopping the melee with the score of 1 to 1. But one bit was secured off Luis, the Filipino pitcher. The players on the Filipino team were as follows: Damien, c.; Louis, p.; King, 1.b.; Piana, 2.b.; Boni, 3.b.; Lopes, s.s.; Garcia, l.f.; Cruz, c.f.; Kim, r.f.

Song Signal For Raid Nearly Upsets Scheme of Police

But Plan Works Out All Right and Korean is Fined \$250 for Selling Liquor

When Mrs. Ah Pong, part Chinese and part Filipino, broke into the strains of "Honey Boy, I Hate to See You Leaving," and marched majestically toward the door of a house on King street opposite Desha lane last night...

Mrs. Ah Pong was the complainant against the Korean. She alleged that he was selling booze without a license. The detective instructed her to enter the Korean's house and purchase some beer from him.

Mrs. Ah Pong entered the house with a marked dollar, bought the beer and broke into song. She evidently foresaw that the Korean was about to be led away for her signal was "Honey Boy, I Hate to See You Leaving."

There were three soldiers and two Hawaiian women in the room when the raid was made. A quantity of beer was found in the room.

The Y. W. C. A. is "in" this war to the tune of 4 million dollars

The National Y. W. C. A. has voted an appropriation of a million dollars for special war work. A quarter of this huge amount is for work "at the front." The balance is for work at the training camps through the establishment of "Hostess Houses," for Emergency Housing of girls employed in Military and Industrial centers, and for the increase of staff required to accomplish the special War Work.

The War Budget of Honolulu Y. W. C. A. is \$20,000 \$15,000 for National Work; \$5,000 for Local

The War Work in France Establishing canteens and cafeterias and the promotion of industrial clubs among the over-worked women of France. Establishing social centers for the American nurses in service in the base hospitals. The provision of rest and retiring rooms—very necessary to the welfare of these heroic women under the terrific strain of the war.

Honolulu's Special War Work With so many men here under training, and so many likely to leave for the front from among our own sons, there is much need for a temporarily enlarged staff to handle the social problems which this situation produces and to direct the patriotic enthusiasm aroused among girls, into proper and helpful channels.

Hostess Houses

Centers that provide a respectable place for the men of the training camps to meet and visit with their families and girl friends, the latter under the proper sort of chaperonage. That this is necessary we quote the following words from the Federal Commission:

The underlying cause of the great and obvious evils which attend the establishment of training camps has been the result of cutting off the men from the normal social intercourse and recreation, and especially of the breaking off of these relations to home and friends, church, to social and business associates and to the other sex, of which a normal, healthy life so largely consists.

This is particularly woman's work in this war, and the Government has called upon the Y. W. C. A. for this service

the Budget this year amounts to \$45,000

Of which practically \$20,000 is for special War Work, \$20,000 for the regular work in Honolulu, and \$5,000 for necessary additions to the building. Honolulu is expected to do her share for this moral work, and this is the season for making the sacrifices necessary.

CITY FACES OIL FAMINE AFTER JAN. 1

The city and county of Honolulu to day faces the possibility of being unable to secure fuel oil after Jan. 1, 1918, for the operation of its three water pumping stations, and should this possibility materialize a water famine is likely to result.
Fred G. Kirchhoff, superintendent of the city waterworks department, this morning endeavored to learn whether the Standard Oil Co. would renew its contract to supply the city with fuel oil for the next six months. The present contract expires on Dec. 31, Chas. M. Thurston, assistant sales manager of the Standard Oil Co., declared that he could promise nothing, but would use his influence with the home office on the mainland to secure the needed supply.

Previous to the oil shortage the contracts had usually been made directly between the local offices of oil companies and the city and county, but owing to the unusual situation prevailing the power of making contracts for fuel oil supply has been withdrawn by home offices of all oil companies from district sales managers.
In previous years the city and county called for bids for the fuel oil supply and gave the contract to the lowest bidder, but this time the tables are reversed and instead of receiving bids it will have to do bidding for the oil like any other customer of the oil companies.

The city and county uses 25,000 to 30,000 barrels of fuel oil each year to operate its three pumping stations. These pumping stations send the artesian water to all parts of the city. Should the fuel oil shortage become so acute that the oil companies could only supply a limited amount a water famine will undoubtedly materialize.
Mr. Kirchhoff admitted this morning that from the present bleak outlook in the matter there was a possibility along that line, but emphasized the point that he did not think the possibility would materialize, as the oil companies would supply enough oil to operate the pumps even if on a limited basis.

PERSONALITIES

ELLEN BEACH YAW, the singer, is to appear in concert at the Pals Community House, Paia, Maui, tomorrow evening. She is touring the islands.

MRS. EBERT J. BOTTS and infant Richard will be removed today from Queen's hospital, where the baby was born, to the Botts residence on Lanikuli drive. They are progressing nicely.

W. H. AVERY, former San Francisco representative of the T. K. K. Co. and now traveling advisor for the S. Asano syndicate, is making a short visit to the Volcano on Hawaii. He went to the Big Island on Saturday. Mrs. Avery is accompanying her husband.

LOCAL AND GENERAL

Henry A. Giles, who was operated on two weeks ago at the Queen's Hospital, has returned to his home, Kinau street.

The condition of Hans Isenberg, who was operated on at the Queen's hospital last week for appendicitis, is greatly improved. Mr. Isenberg is gaining strength daily, and the physicians look for a speedy recovery.

The Cluett House, Emma square, will be open for inspection this afternoon from 3 to 6 o'clock. The committee in charge, Miss Marie von Holt and Miss Evelyn Drummond, will assist in showing the guests about the new place. Under the direction of Mrs. E. L. Marx, Mrs. H. B. Restarick and Mrs. H. M. von Holt, extensive alterations have been made.

Defeat Backache and Kidney Trouble With Anuric

Many people in this city have suffered from rheumatism and kidney trouble and have found that Anuric was the most successful remedy to overcome these painful and dangerous ailments.

The lucky people are those who have suffered, but who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called "An-uric" (double strength). You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or stone in the bladder. If you want quick relief buy it now—or send Dr. Pierce 10c for trial pkg. This will prove that "Anuric" eliminates uric acid as hot water melts sugar.—Adv.

WAIMEA SURVEYS ARE NEARING END

W. R. Hobby, acting superintendent of public works, who has returned from an inspection trip to Kaula, says that surveys in Waimea district are nearing the point where the land office will probably soon be able to advertise for sales to cover the expense of the Waimea river embankment.

The surveyors are hunting out the old kuleanas in the Waimea valley and getting them marked and mapped. Land outside these kuleanas, after they have been determined, will be known to be government land. As the legislature in appropriating the \$50,000 for the embankment put in the proviso that no work should be done until sales had been arranged to cover that amount the work is temporarily hindered.

Superintendent Hobby gave instructions to R. H. Lowrie, harbor board engineer, to proceed with surveys on the Kapaa landing and harbor with a view to constructing a wharf. The legislature appropriated \$18,000 for wharf work on Kaula, most of which is to be spent at Kapaa.

MASTERS OF ACCOUNTS APPOINTED BY COURT

Circuit Judge C. W. Ashford has appointed W. C. Wilder as master to examine and report on the annual accounts of the trustees of the Bernice Pauahi Bishop estate and the Charles R. Bishop trust. Other masters of accounts of estates have been named as follows: Estate of Sidney C. V. Turner, Harry A. Wilder; estate of Elsie Roberts, Joe C. Cullen; estate of George Osborne, Mrs. Sybil Davis; estate of Henry Gorman, Joe C. Cullen; estate of F. T. Bickerton, Harry A. Wilder; estate of Virginia McMaster, Harry A. Wilder; estate of Lucia M. Dayton, Claus L. Roberts; estate of W. B. Thomas, Miss Eva Robinson; estate of F. M. Swamy, John F. Colburn.

James M. Amldro and Mary Pacheco were married on Saturday by Rev. M. E. Silva at Nuuanu and Kukui streets. Solomon and Mary Kealoha were witnesses to the ceremony.

A daughter—Ellen Mary—was born on Friday, Dec. 8, to Mr. and Mrs. Carl Lorenz at the department hospital, this city.

CIRCUIT COURT OFFICE ROBBED; SUSPECT HELD

When the evidence against Dan Klawe, a Hawaiian, charged with carrying dangerous weapons, namely, three revolvers, was produced in police court this morning, the guns were identified as three of the four stolen from the office of Clerk Henry Smith of the circuit court Saturday night. When the guns were identified by Chief of Detectives Arthur McDuffie as the ones that were stolen from the circuit court, where they were being held as evidence in criminal cases, Prosecuting Attorney Charles Chillingworth asked Judge Harry Irwin to continue the case of Klawe until tomorrow when an additional charge will be lodged against the defendant.

Klawe was arrested yesterday on the charge of carrying dangerous weapons, the three revolvers being found in his possession. It was not until this morning in court that Chief McDuffie saw the weapons.

The thief took no money, although Mrs. Sybil Davis, deputy clerk, had some in her desk. Books, papers and documents were ransacked generally, but nothing was missing this morning. He then went to Circuit Judge Ashford's chambers, where he broke into the desk and stole a quantity of stamps. In Judge Ashford's office he left his coat and one of the revolvers. Klawe was formerly employed as a janitor in the judiciary building.

MEDICAL OFFICER TO LEARN OF PROMOTION

When Capt. Edward R. Lindner, a medical officer under orders to come to Hawaii, arrives here he will learn that he has been promoted from rank of first lieutenant. Capt. Lindner is one of several officers in the medical department ordered to Hawaii. From the number that are expected here it seems that the Hawaiian department will soon be well filled with army doctors.

To begin survey work on the new wharf at Hana, Maui, a party of engineers has been sent from the department of public works. At Kahului the party will join A. L. Burdick of the public works office, who is now on Maui making final inspection of the Lahaina reclamation work, and they will then proceed to Hana.

LEADERS OF THE WAY

(By DOROTHY DIX, The World's Highest Paid Woman Writer.)

THE greatest moral movement of the last decade has just been started in Public School No. 19, in Brooklyn.

In that school three hundred boys and girls who range from eleven to sixteen years of age, have squared their brave young shoulders and taken upon themselves the elders' burdens. They have deliberately become their little sisters and brothers' keepers, and pledged themselves to lead the way along the narrow path of right living.

"As we sow, so shall our younger brothers and sisters reap. Constant honesty, cheerful obedience, ready helpfulness, if practised by us, in our daily lives, will surely be imitated by our younger brothers and sisters."

So says their simple and direct confession of faith. Let us hope that this big brother and sister movement will spread through every school in the land and that the "Leaders of the Way" will be as great a power for good among the youth of the land as are the Boy Scouts and Camp Fire Girls.

Certainly nobody can overestimate the influence for good or evil that the older children in a household have over the younger ones. Their power is far greater in forming the character of the little ones than the parents'.

It is not father but big brother Ben that little Johnnie considers a hero and secretly imitates. It is not mother but big sister Maude before whom little Mary stands in worshipping adoration as she dresses for a party, and whose every snirk and gesture little Mary imitates as she plays lady with her dolls.

To little children their parents seem dull and old and so behind the times as to be prehistoric. They venerate father and mother as relics of the past, they love them for their goodness and kindness, but they haven't the slightest desire to look or act as do these fossils.

But big brother and sister are different. They belong to their own times. They are full of life and laughter and the joy of doing things. They talk of fun instead of duty, and so the little ones are little copy cats whose thoughts and ideas and habits are formed on those of their elder brothers and sisters.

Thus it is if big brother Ben is a gentleman and a scholar, if he lives cleanly, if he is courteous and kind at home, if he carries off the honors at college, little Johnnie in striving to imitate him will also be a gentleman and a scholar. He, too, will be polite and considerate to his mother and sisters. He will grab at his books because he will be ashamed to fall short of his model.

On the other hand, if big brother Ben is a hoodlum who swaggers and fights his way through life, who swears at his mother and sisters, and who is ignorant and brutal, little Johnnie will follow in his footsteps and play truant from school and be a foul mouthed little street gamin.

And little girls are equally imitated. If big sister Maude is gentle and sweet and womanly, if she helps mother and is considerate of father, and if she is clever about making her own clothes, little Mary is likewise gentle and sweet and willing to run errands and do the dishes, and keen to learn to sew.

But if big sister Maude is the kind of girl that puts on her good manners when she puts on her complexion to go out; if she lies on a couch and reads a novel while her poor old mother does all the housework; if all that big sister Maude talks about is clothes and how to get them, then little Mary understands big sister and becomes herself one of the scolding, grasping, selfish, shrewish women who are as predatory as any wild animal and who suck the very life blood of the men they catch for husbands.

The great problem of the world is not how to reform criminals, but how to keep young people from going wrong. "The Leaders of the Way," these wonderful boys and girls who are what President Wilson calls, "forward looking people," can do more than anyone else on earth to solve that inscrutable ethical riddle. Youth can protect youth far better than age can because it is youth that knows best what are the temptations of its own day and hour. Also youth can best judge youth because it knows its own kind as no older person can possibly know it.

All young people are banded together in a tacit and perhaps unconscious conspiracy of silence against all parents and guardians. No parents know what their own curly headed and angelic looking darlings are thinking and planning or what is at the back of their minds. In the code of childhood the one black and unforgivable crime is to be a tattler. Therefore, the curly headed and innocent looking darlings never tell of the faults and misdeeds of their comrades.

Just try to find out what sort of a boy the Robinson boy is from your own son. "Aw, he's just a fellow like all the others," is all the information you will ever be able to extract, though you cross examine him ever so warily. So if the Robinson boy belongs to a good family, and has been bred to have good manners and is polite and well dressed, and knows how to conduct himself towards older people, you size him up as an exceptionally nice lad and go singing his praises, and are pleased when your little daughter has him for an escort to parties.

But your boy Ben, who wouldn't tell you on the Robinson boy, may know

him for a little degenerate, a boy whose every thought is foul and sensual and with whom no girl is safe. This is where the older brother's ability to protect his sister comes in. He knows absolutely and exactly just how trustworthy everybody in their set is, because he associates with them in their work and in their play, when all their defenses are down and their pretence laid aside and their naked souls are revealed.

And sister knows that he knows and that he is influenced by none of the archaic prejudices of parents. Therefore big brother's "cut it out" about some youth has more influence with her than tons of opposition from mother and father. When it comes to an efficient chaperon big brother is worth all the duennas in the universe.

Not very long ago the papers were full of the accounts of a sensational murder trial in which the victim was a pretty little seventeen-year-old school girl who had been lured into wrong-doing by a youthful Don Juan, and then either killed by him, or in despair had committed suicide.

PATRIOTISM IS KEYNOTE OF BIG PEDAGOGIC CONVENTION ON MAUI

C. A. McDonald, Head of Lahainaluna, Elected President for Next Year

(Special Star-Bulletin Correspondence.)

WAILUKU, Maui, Dec. 5.—On Friday last week the annual meeting of the Maui Teachers' Association was held at the Paia public school. In spite of stormy weather there was a large turnout of the teachers of Central and West Maui. Many of the older Maui teachers declared that the meeting was the best ever held by the association.

The Paia orchestra began the program by furnishing martial music. Rev. Rowland B. Dodge of Wailuku offered the invocation. The Paia school led in the Flag salute and the singing of "America." Lincoln's Gettysburg speech was recited and the pupils sang "Oh Beautiful America." All present were invited to join in singing the song "Canning the Kaiser," the words of which were written by A. J. Gantvoort, teacher of music in the public schools of Cincinnati.

Mrs. Helen Mar Linton read two patriotic selections. Rev. A. C. Bowdish followed with an inspiring address upon "The First Duty of the War Time Teacher."

L. R. Mathews, head worker of the Alexander House Settlement, spoke on the part play should have in the curriculum, and outlined the assistance that the Alexander House Settlement would be willing to give all teachers in this part of their work.

Miss Edna J. Hill delivered one of the strongest school addresses ever heard on Maui. She spoke upon the "Value of Moral Education in the Public Schools." Miss Hill has had special preparation for handling such a subject, and her paper created an un-

usual interest on the part of all the teachers. The remainder of the session was devoted particularly to the problems of the school. The balance of the program, interspersed with music that was appropriate to the occasion, was as follows:

Inspection of the Educational Exhibit. Instrumental Music. Solo.....Mrs. L. C. Jones Equipment and Illustrative Matter in Relation to Story Work.....Mr. Benj. O. Wist First Grade Story Work; the Best Method of Teaching It; its dramatization.....Miss Lurene Cook "Summary" for Teaching English; p. 29 of the "Revisions for the Course of Study." Is it Practical and Effective?.....Miss Mary E. Fleming Questions and Answers. Teachers were given an opportunity to ask questions and they were subject to open discussion.

In closing the day's work, D. C. Lindsay, commissioner of education for Maui, gave a short, snappy address, which he ended with a cordial invitation to all present to luncheon at his residence. After singing the "Star Spangled Banner," Miss Lida Crickard, the retiring president, dismissed the meeting.

C. A. MacDonald, principal of the Lahainaluna School, was elected president, J. Vincent of the Waialoa School vice president, and E. A. Brown, principal of the Puunene School secretary.

An alliance of western farmers and organized labor to accomplish economic reforms through the medium of politics is planned.

SEA SCOUTS FOR HONOLULU PLAN

If a Sea Scout troop was organized in Honolulu, it would be the first of its kind and would be designated Troop I, says a letter from James A. Wilder, former local scout commissioner, which was read at a meeting of Scouts at their headquarters Saturday.

After reading the letter, Scout Executive R. N. Burnham told of the plans being made to organize a troop of Sea Scouts here, and G. Crozier, secretary of the Myrtle Boat Club, stated that the club's boathouse could probably be secured by the new troop as its headquarters.

Scout Commissioner Harry Hayward spoke to the Scouts on organization and the conduct to be followed while on a cruise, and W. F. Dillingham explained some of the nautical problems of sea scouting. At noon the Scouts marched to the Myrtle boat-

ENGLISH AVIATOR ESCAPES CAPTURE BY KEEN STRATEGY

PARIS, France.—The special correspondent of the Petit Parisien on the British front has a story obtained from a German prisoner that an English aviator descending from the sky landed gently near a Boche sentry. The aviator asked him in the purest German where the officer in command of the Gothas was to be found, saying that he had an urgent message for him.

The sentry replied: "The herr commandant of the Gothas lives where the Gothas are, but the herr lieutenant knows that."

"Yes, by lad," replied the aviator, "but in the fog I have missed my way, and now I am lost."

"Ah, yes, I know the same thing happened the other day to Herr von Schultz, my captain"—and the sentry, with the greatest deference, forthwith gave directions how to get to the Gothas.

The aviator had hardly taken to flight again when the sentinel noticed to his horror the British marking on the planes.

COUNTERFEITERS INVADE HILO

(Special Star-Bulletin Correspondence.) HILO, Dec. 7.—That a gang of counterfeiters is at work in and near Hilo, passing lead half-dollars seems apparent, judging from the stories that reach the police station. The coins look well, but do not ring quite true. That some Koreans who served prison terms for counterfeiting some years ago are again at large after serving their sentences seems to be the explanation of the present trouble.

It will be remembered by people who were in Hilo about five years or so ago that some Koreans who were manufacturing spurious coins were arrested out Hamakua way, and after trial and conviction were sentenced to long terms in prison. These men, or some of them, are now said to be at large. It is surmised that they had a cache of crooked money somewhere and that they have returned to dig it up and put it into circulation.

COUNTY ATTORNEY OF HILO GRILLED BY SUPERVISORS

(Special Star-Bulletin Correspondence.) HILO, Hawaii, Dec. 7.—There were fireworks at the meeting of the county supervisors yesterday morning when Supervisor A. M. Cabrinha asked that County Attorney Beers be summoned before the board to explain certain matters.

When Mr. Beers entered the board room Supervisor Cabrinha declared that the county attorney should attend to the duties of his official position first and to those of his private practise afterwards.

Specifying one instance of what he declared to be negligence on the part of the county attorney, Cabrinha said that in August last the board had submitted certain matters in connection with the removal of a police officer and his pay, to the county attorney's department, but that no response had come from the legal aid to the county.

"Now, Mr. Beers, you said the other day, that it was not up to you to advise this board of supervisors except as to the legality of certain acts and that the financial end of the matter had nothing to do with you. I want to ask you why you did not reply to the request of the board that you should investigate this particular matter?" said the supervisor.

Then continuing, Mr. Cabrinha declared that the county attorney had neglected his duties to the board and added that men had called time after time about certain matters, but that nothing had been done for them.

Attorney Beers said that the matter of the police officer's claim for salary after being dropped from the force, had, in his mind, been simply killed when no appropriation was made for the money. He declared also that he thought it was the intention of the supervisors to see, through him, if the sheriff could be prosecuted for his part in the matter. "If I find a man has broken the law," stated the county attorney, "I would at once prosecute him and would not come to the board of supervisors to inform them of the case. If I did not prosecute a man whom I thought was guilty of a crime, then I could be impeached."

Supervisor Yates asked the county attorney if he did not think that the board of supervisors deserved some recognition and that when a communication was sent by the solons to the county attorney if he should not do them the courtesy of replying, at least.

"I thought you were asking me to prosecute Sheriff Pua," again declared the attorney. "If you had asked me if the demands of the police officer were legal I certainly would have replied at once."

"We want advice," reiterated Cabrinha. "What about the condemnation proceedings in connection with the Richardson property on Front street?"

"I am preparing the papers in that matter now," replied the county attorney.

Chairman Kauhane then took a hand and in a dignified manner stated that he thought that where the board asks for reports from the county attorney the request should be granted, at least at the next meeting of the board after the request had been made.

The matter was then dropped and the supervisors adjourned.
