BERLIN TO MAKE NEW PEACE OFFER?

JURY PROBE OF ALLEGED CONSPIRACY IN QUEEN'S WILL FIGHT TO BE SOUGHT

If Funds are Wanting for Investigation, City Attorney Proposes to Start Police Action With View to Committing Suspects to Circuit Court—Will Revolve Around Signers 1917 Document

A thorough investigation by the grand jury of what purports to be a conspiracy to place before the courts a document known as the last will of the late Queen Liliuokalani, alleged to have been signed by her on August 29, 1917, is to be asked by City Attorney A. M. Brown.

If there are no funds available for the grand jury to meet again this month, Attorney Brown will ask a preliminary hearing in police court with a view to committing to circuit court the alleged guilty persons on charges of either conspiracy or forgery, or both. If nothing is done in the matter this month, Attorney Brown adds, it will be presented to the new grand jury at its first meeting in 1918.

"As far as I know now," said the city attorney today, "the investigation will center around Sam Kamakaka and J. M. Kealoa, who signed the alleged will, and possibly one or two others."

In an affidavit made last Saturday Kamakaka declares that a former affidavit to the effect that he signed the alleged 1917 will in the presence of and at the request of the queen was untrue. He now declares he signed the alleged will at the home of "Princess" Theresa Wilcox Belliveau after she had requested him to do it.

In a statement made to the Star-Bulletin today "Princess" Theresa alleges that Kamakaka perjured himself when he made the last affidavit, declaring that he became angry at her when she refused to give him money "because he" was one of the witnesses to the will.

Refused Money Demands? The "princess" claims that Kamakaka came to her about a week ago with the story that a dream and a vision of God had prompted him to ask her for \$5000 with which to build a house at Koolau. He also suggested, the "princess" adds, that she give him \$10,000 for a church after the queen's estate had been settled.

Theresa says she refused to give him the \$5000, saying she didn't have it, and that she told him she would not agree to the \$10,000 proposition. A couple of days later, the "princess" continues, Kamakaka again came to her and said he would let the other matters drop if she would give him an order for lumber on a local firm. He told her he wanted the lumber for use on his place at Koolau. The "princess" declares she also refused this demand.

Last Saturday afternoon, the "princess" says, Kamakaka came to her and told her that he had sworn to statements repudiating the former affidavit, telling her that he had had a dream in which he had been warned that danger would befall him if he did not tell the truth.

PRESIDENT TO PARDON G. RODIEK?

He and Schroeder to Testify for U. S. in Return: Schroeder's Testimony Expected to Convict Captain Deinat of Grasshof Diary Intrigue

Georg Rodiek and H. A. Schroeder, who recently pleaded guilty to the federal indictment charging complicity in the Hindu conspiracy to overthrow British rule, are expected to be pardoned by President Wilson and to furnish evidence for the government in return. Such is the news brought here by today's mail from San Francisco.

Schroeder's testimony is expected to implicate particularly Captains Deinat and Eichel, captains of German ships taking refuge here when war was declared. Captain Deinat, it will be recalled, figures prominently in the diary of Captain Karl Grasshof, commander of the Geler, as the commander of the German merchantman, Holsatia, on which was concealed a cargo of arms and ammunition.

Further revelation came today that contrary to general impression prevailing in Honolulu, Rodiek's statement or explanation of his actions as German consul was not permitted to be presented to the court lest it might prejudice the jury against other defendants. Press despatches and private communications gave the impression that the statement had gone to the court, but the San Francisco Call of Dec. 3 declares that the statement will be read when Rodiek and Schroeder come up for sentence next Saturday.

Lieut. von Brincken, who pleaded guilty along with Rodiek and Schroeder, will not be used as a government witness, as U. S. District Attorney Preston, who is prosecuting the case, refuses to recommend him to the President for a pardon.

Hon. Oil Lands Exempted From Condemnation?

Frisco Paper Reports Walsh Bill Will Pass Congress This Week

Honolulu Consolidated Oil stock which closed Saturday at \$4.20 a share, jumped to \$4.40 bid and \$4.45 asked on the Honolulu Stock & Bond Exchange this morning with no sales being recorded, following the receipt of a cable from the mainland by one of the local brokers to the effect that a San Francisco newspaper had published a report that the Walsh mineral leasing bill would probably pass Congress this week. This bill provides for giving claimants to oil lands in the naval reserve area, 20-year leases on payment of one-eighth royalty.

This is in direct contradiction to the despatch from Washington, D. C., Friday, which stated that the senate had abandoned all efforts to put through the leasing bill and ordered the condemnation of all existing claims to the oil lands in the naval reserve area.

The cable received this morning was as follows: "Chronicle states Walsh mineral leasing bill containing Phelan amendment will probably pass next week, giving claimants 20-year leases on payment of one-eighth royalty. Consider this favorable to Honolulu Oil." The cable this morning would appear to indicate that the Phelan amendment to the Walsh bill had not been dropped. The Walsh bill embraced all mineral leasing land propositions, while the Phelan amendment specifically touched the oil situation. The Phelan amendment is to give the claimant 90 days in which to file application following final denial of patents after which filing they will be granted 20-year leases on the basis of one-eighth royalty.

SHAKEUP IN U.S. WAR COUNCIL AND GOETHALS RETURNS

Quartermaster-General and Coast Artillery Chief Are Replaced

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 17.—An announcement was made at the war department today of an important reorganization of the war council, Gen. E. M. Crowder, provost marshal general, is the only member of the council whose position has not been disturbed. Quartermaster General Henry G. Sharpe is succeeded by Maj. Gen. Goethals, who is brought back into active service. Gen. John D. Barrette succeeds Gen. E. M. Weaver as chief of coast artillery. Other changes will be announced later.

25,000 Members Christmas Eve Red Cross Goal

Headquarters, Hawaiian Dept., Honolulu, T. H., Dec. 17, 1917. The work of the Red Cross in connection with the soldier boy of today is as little known to the average non-combatant citizen as it is appreciated and acknowledged by those who now wear the nation's uniform.

While the Red Cross Association was primarily organized to meet emergencies arising in local or national disasters, its functions today in time of war, are clearly defined by the terms of its charter as constituting a part of the sanitary service of the land forces.

In this country the public generally knows what our Red Cross has accomplished and is now doing. On the other side, some where in France and in Italy, we can only guess one-half the good that this energetic and competent organization is accomplishing. It feeds the hungry, clothes the naked, cares for the sick, administers to the dependent, amuses and cheers the multitude.

Seven thousand seven hundred more members between now and Christmas Eve to bring the present membership from 17,700 to 25,000 is the goal of the drive opened throughout the Territory of Hawaii today by the Hawaiian chapter of the American Red Cross Society.

The local drive is a part of the great nation-wide drive of the Red Cross for 20,000,000 new members. Christmas service flags are being given out by the local chapter to subscribers. The first firm in the city to display the Red Cross service flag was Lowers & Cooke where two flags in their windows bear 57 small crosses to indicate that many members of the organization are connected with the firm. Scores of other stores, offices and residences have already acquired the flags and the demand is increasing.

A large number of subscribers to the Red Cross were signed up this morning at the promotion committee rooms. Other places where memberships, buttons and flags may be obtained are: Throne Room, Capitol Building; Palms Settlement, Kakaako Mission; Kalhi Union Church, Aiea Plantation office, Waipahu Plantation store, Ewa Plantation office, Waianae Plantation office, Wahiawa, Harry White; Haleiwa, Haleiwa Hotel; Waiolu Plantation office, Kahuku Plantation office, Laie, R. C. Woolley, Haula; A. Ralston, Libbyville, William Henry, and Waimanalo Plantation office.

GOVERNOR IN REPORT HITS CAPITALISTS

Declares "Local Capital Undertook to Have Their Interests Take Precedence Over Army Requirements But Will Be Compelled to Give Way"

"Private local capital undertook to have their interests take precedence over the army requirements, but will be compelled to give way." This is the statement made in the annual report of Governor Pinkham to the secretary of the interior, released today for publication. It is one of five paragraphs under the heading "National Guard of Hawaii," which occupies the first page of the report. The governor says:

"In accord with the views of the commanders of the Hawaiian Department obtained before the United States contemplated sharing in the European war the National Guard of Hawaii was brought in numbers and plan of organization to about the maximum obtainable under voluntary service. The organization was brought to a minimum legal limit of a regiment each on the three outside islands, Hawaii, Maui and Kauai, offered in the form. On Oahu a regiment of relatively maximum numbers and other detached units were organized."

"This provision was made to police every island, relieving the United States regular army of that duty and also prepared to intercept any landing enemy until the navy could get into action. The orders requiring a maximum number of men to each regiment compelled the National Guard of Hawaii auxiliary units. Thus the guard will number about 4700 men, against 5500 as previously organized."

"Private local capital undertook to have their interests take precedence over the army requirements, but will be compelled to give way."

RUSS-TEUTON ARMISTICE PUTS END TO FIGHTING; TROOPS ARE FRATERNIZING

AGREEMENT BETWEEN BOLSHEVIKI AND BERLIN GOVERNMENT COVERS ENTIRE AREA OF EASTERN FRONT FROM BLACK SEA TO BALTIC

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 17.—Neutral diplomats here have learned that Germany is considering another peace offer.

PETROGRAD, Russia, Dec. 17.—Announcement was made today of the terms of the Russo-German armistice whereby all active fighting is stopped between the Teutons and so much of the Russian armies as is under control of the Bolsheviki government. The terms of the armistice obligate both sides to make no transference of troops until January 14, at which time the armistice expires. Nor can the belligerents increase the troops on any of the fronts or on the islands of Moon Sound, now one of the battlegrounds. Furthermore, regrouping of forces for strategic reasons is not permitted.

The Germans agree to concentrate no troops from the Black Sea to the Baltic. Fraternizing of the men hitherto bitterly belligerent is officially allowed, though with some restrictions. During daylight hours only the troops may visit back and forth, and the groups engaged in such fraternizing are limited to 25 persons each. They will be allowed to exchange newspapers and articles of necessity, and carry on trade. The naval armistice section makes an agreement that there shall be no activity of forces in the Black Sea or the Baltic during the period to January 14, 1918.

Truces which have been operative along various sections of the Russian front will be succeeded by an actual armistice this noon. Those truces were arranged division by division and each was separate and distinct from the others. The armistice is a general one. It was signed on Saturday, the official announcement said, at Brest and Litovsk, and provides that negotiations for the actual peace shall begin immediately with the signing of the armistice which is to remain in effect until noon on Monday, January 14. Beyond these statements the German announcement did not go into the terms of the agreement.

CONGRESSMAN NOW A 'BUCK PRIVATE'

(Associated Press by U. S. Naval Wireless.)

WASHINGTON, D. C., Dec. 17.—Royal Johnson, congressman from South Dakota, has enlisted in the army as a private and been assigned to Camp Meade, Maryland. He has not resigned his seat in the house.

Representative Johnson is 35 years old and a Republican. He has a wife and two children.

LATE NEWS AT A GLANCE

CONGRESS WILL TAKE A RECESS TOMORROW
WASHINGTON, D. C., Dec. 17.—Congress will take a Christmas recess until January 3, beginning tomorrow.

PORTLAND BASEBALL FRANCHISE GOES TO SACRAMENTO
LOS ANGELES, Cal., Dec. 17.—Portland's Coast League baseball franchise was transferred to Sacramento today at a meeting of the Coast League magnates.

FEDERAL OFFICIALS MUST PAY THE WAR TAX
WASHINGTON, Dec. 17.—The house ways and means committee today agreed upon legislation which will subject all federal officials to the operations of the excess profits tax, excepting only the president and the members of the supreme court.

HOUSE READY TO PASS PROHIBITION MEASURE
WASHINGTON, D. C., Dec. 17.—By noon today house leaders were predicting that a vote would be reached by 5 this afternoon on the prohibition amendment before the house, the so-called "Anthony amendment," providing for amendment of the constitution, and that it would pass with a two-thirds majority.

UNITED CHINESE SOCIETY CASE IS FINISHED
Circuit Judge Kemp has handed down an order to the effect that the United Chinese Society hold a meeting on December 29 and elect one new trustee to make the board of trustees number 15 members, instead of 14 as at present. The organization is also ordered to turn all of its books over to the court until after the meeting is held. This ends the "long war" between the two factions of the society as far as circuit court is concerned. The respondents in the case have appealed.

MERCHANDISE FREIGHT RATE \$8 A TON
A base freight rate of \$8 a ton on all merchandise, including pineapples and 50 cents a bunch on bananas has been established by the shipping board between Honolulu and San Francisco, according to a cablegram which was received this afternoon by Castle & Cooke from the San Francisco Matson office. The rates go into effect immediately. The cablegram read as follows: "Notify agents and all interested new rates become effective immediately. Merchandise base rates including pineapples \$8 a ton. Bananas 50 cents a bunch."

Pershing Gives Soldiers Chance For Promotion

(Associated Press by U. S. Naval Wireless.) AMERICAN ARMY IN FRANCE, Dec. 17.—General J. J. Pershing, commander of the American forces in France, issued orders today dealing with the schools for soldiers already established. Commanders are authorized to recommend noncommissioned officers who may attend these schools in the hope of winning commissions, and those who become proficient will be assigned to "replacement units" to fill up the wastage caused by war, and thus keep the supply of high class, skilled officers at the maximum possible.

RAILROAD MOVES WILL WAIT TILL AFTER CHRISTMAS

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 17.—Indications are that the president will make no further move toward uniting or federalizing the railroads until after Christmas. Nothing has been announced as a result of the conference between the president, the railroad war board and the railway brotherhood leaders.

GERMANS RAIDING ENGLISH COAST

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Dec. 17.—It is announced that on Dec. 12 German destroyers sunk two neutral vessels and a trawler off the river Tyne.

Mr. John T. Read of Newport, Isle of Wight, who has just completed his jubilee as organist of Carisbrook church, has officiated at every harvest festival during the past half century.

ASKS MINERS TO OMIT HOLIDAYS

FUEL CONTROLLER HARRY GARFIELD TODAY ASKED THE COAL MINERS OF THE COUNTRY TO FOREGO THEIR CHRISTMAS AND NEW YEAR HOLIDAY. IT IS ESTIMATED THAT COAL PRODUCTION IS NOW REACHING THE FIGURE OF 2,000,000 TONS DAILY OUTPUT AND THE LOSS OF LABOR DURING THE HOLIDAYS WILL BE SERIOUS IN VIEW OF THE PRESENT FUEL SHORTAGE AND THE SEVERE WINTER IN MANY PARTS OF THE UNITED STATES.

SENeca TO TAKE OUT BALANCE OF 1917 SUGAR

Practically all of the 1917 sugar of the Sugar Factors is to be shipped to New York by the Seneca, a former German ship now operated by the shipping board. This steamer is to take between 7000 and 7500 tons of sugar to the Eastern port from Honolulu and Kahului. Shortage of sugar in New York is said to be the reason for the demand that the ship go to the Atlantic instead of to San Francisco as originally planned.

KAWAIAHAO IS TO NAME NEW PASTOR

Rev. H. H. Parker Announces Firmly Intention to Resign; Hawaiian Board Not to Take Part in Selection of New Minister

After more than half a century as the pastor of the Kawaiahaio church, Rev. H. H. Parker, its aged leader, has made evident his determination to resign and insist upon the selection of another minister. He announced himself firmly yesterday in calling a meeting of the congregation for tonight to name his successor.

The meeting to name a new minister and Mr. Parker's resignation came as the climax to a stormy series of church wrangles of the past eight or nine months. The trouble arose over charges of two factions of the church alleged misuse of funds and involving allegations of irregularities of individuals aligned on both sides of the church row.

Division of the former harmonious conduct of the church over a period of 56 years under the pastorate of Rev. Parker came first over a dispute arising around the forming of two organizations of "Christian Endeavor" societies.

For years the Christian Endeavor society of the church, the original one, was formed under "the rules and regulations of the territory." It is said. Then Rev. Parker's opponents claim he organized another one of the church board of deacons and that Rev. Parker tried to oust the old society from any position of power in the church.

This action is said to have led to the counter accusations of irregularities and gradually led up to the point where the old minister tired of the church wrangling and decided to resign.

John K. Kamanouli, who has been a member of the church board of trustees, since organized six years ago, stated this morning that he did not know who would be elected as the church pastor by the congregation. He represents the faction that has been opposed to the minister and his following.

It is said that the Hawaiian board of missions would attempt to name a minister for the Kawaiahaio church, although it is admitted, that the church is an independent organization and under the dominion of the board only in denominational supervision.

Rev. John Erdman, who is a member of a church association committee which has been trying to straighten out the affairs of the Kawaiahaio church, said this morning that nothing had been decided by this committee. "There is nothing definite settled upon," he said, when asked if it was true that his name had been suggested as a temporary pastor for the Kawaiahaio church. He did admit, however, that the congregation could go ahead and select whoever it wished as minister.

Others who are mentioned for the pastorate are Rev. Akaka Akana, Rev. James Akina and Rev. H. P. Judd.

The congregation mass meeting call for tonight is expected to bring out a large number of the members of the church.

Rev. H. P. Judd was asked if he knew he was mentioned as a possible successor to Rev. Parker. "I know nothing about it," was his response. He did not say whether or not he would accept, if called.

GAS CO. MULCTED OF \$700 BY BOLD THIEF

A robbery which for nerve and daring has not been equalled in many years, was committed recently, the Honolulu Gas Company being the victim to the tune of \$750. The robber is still unidentified.

The robber walked into the office of A. N. Campbell, cashier of the company, on Merchant street, and presented a check made out to cash for \$750 which Mr. Campbell obligingly signed it. It was not until a similar check was presented a few minutes later by the right man that Mr. Campbell became suspicious.

It is believed that the thief was one who knew the ins and outs of the company's methods of drawing the pay rolls. After the check was signed, he went across the street to the Bank of Honolulu where he had the check cashed.

JAGGAR RETAINED AS KILAUEA VOLCANOLOGIST

Dr. T. A. Jaggar, volcanologist in charge of the observations made at the experimental station at Kilauea, was reappointed and authorized to continue his work at a recent meeting of the Hawaiian Volcano Research Association.

The term of the agreement under which he has been working recently expired and it was the opinion of the directorate at the meeting that not only should Dr. Jaggar's research be continued, but that it should be extended along such lines as may be practicable.

Professor Jaggar announced the commencement of a series of interesting experiments which should show the connection between the purely local earthquakes and tremors and the movement of the lava column under Kilauea and Mauna Loa, with the possible influence upon more distant seismic happenings.

NEW JAPANESE SCHOOL

The building inspector's office this morning issued a permit for the construction of a new Japanese school house to be built on Robello lane, in the Palama district. The school will be 90 feet long and 30 feet wide, and will cost \$4185. A permit was also issued this morning to Mrs. Wong Shee who is to build a cottage in Sing Loy lane, Mollili district, to cost \$1485.

SWISS SUSPECTED AS HUN GRILLED BY U. S. SLEUTHS

A Swiss stamp collector was given several hours of grueling cross-questioning today by intelligence officers and U. S. Marshal J. J. Smiddy because a steward on the Oceanic steamer in port claimed he recognized the man as a former member of the submarine Geier crew. The steward was positive in his charge, claiming that he had waited upon the man several times upon the Wilhelmua.

Examination of the man's papers showed they were exactly as claimed and he doggedly stuck to his story that he was a Swiss, bound for Australia. After the examination the officers were satisfied the man was as he represented and he was released.

According to the ship's officers the passenger is booked under the name of T. O. Bray.

Intelligence officers explain that the detention and questioning of the man is just one of the many precautions which are being taken to keep alien enemies from slipping through the net here.

WILDER WANTS DATA ON TAXES

Whether the budget of civic finances for the six months, commencing January 1, 1918, will come up before the meeting of the board of supervisors for discussion tomorrow night or not, is a question which will be answered only when chairman of the finance committee, E. A. Mott-Smith, puts in an appearance from the island of Hawaii, where he has been recuperating from illness for the past week or two. The reports from the various departments which will make up the budget are now practically complete, and if Supervisor Mott-Smith returns in time they will be brought up tomorrow night.

The board has received a letter from Charles T. Wilder, tax assessor, asking for estimates of the amount of money required to be raised by the taxes of 1918, and he has asked for those estimates as soon as practicable so that the board will undoubtedly request the chairman of the finance committee to step lively with the figures.

Tenders for the storm drain for Manoa will be opened tomorrow, and beyond that the budget and a possible discussion of the Nuuanu valley water problem the meeting should be short, as no other business, from present appearances, is likely to come up.

U. S. TRADE BODY SEEMS SATISFIED WITH PROFITS OF PINES CO., SAYS DOLE

That the federal trade commission is satisfied the Hawaiian growers and packers of pineapples are making a reasonable profit, is the impression gathered by James D. Dole, president and manager of the Hawaiian Pineapple Co., who returned this morning from a seven weeks' stay on the Pacific coast.

"It has been several months since the commission conducted an investigation to determine for the government if excessive profits were being made in the pineapple industry," he declared. "Since then there has been nothing heard from the commission ordering a cut in prices, so it is presumed the commission decided only a reasonable profit was being made."

"At about the same time an investigation was made of the earnings and expenditures of the salmon packers. Afterwards it was recommended, and the recommendation was adopted, that the price of salmon be cut \$2 a case."

Because more people in the United States now have more money than ever before, Mr. Dole believes the pineapple market could be greatly extended. He says, however, that the supply on hand is being divided pro rata among former customers.

From the winter pack the army and navy will want 40,000 cases of pines, Mr. Dole said.

FRISCO MAN TO TRANSFER INTERNAL REVENUE OFFICE

Revenue Agent W. W. Anderson of San Francisco, in charge of the western division, will direct the transfer of the internal revenue office from Acting Collector Ralph S. Johnstone to Collector Howard Hathaway on December 22, next Saturday.

This is the information received at revenue headquarters in a letter from Washington. The letter revokes a previous one, naming Former Income Tax Agent E. R. Cameron to direct the transfer. The first letter had been sent from Washington before news of Cameron's resignation had reached the transfer bureau.

The Japanese company of the national guard has issued invitations to an at guard in the armory on Sunday afternoon, December 16. There will be a program which will probably include typical Japanese features, beginning at 2:30. The officers of the company are Capt. W. G. Allen and Lieut. F. E. Midkiff.

Go to the Quality Inn for cooling sodas and soft drinks.

Hawaii Now Under New Draft Rules

TO WHOM IT MAY CONCERN
In accordance with Section 4 of the Selective Service Regulations prescribed by the President of the United States, bearing date Nov. 8, 1917, all exemptions and discharges made prior to noon on December 15, 1917, and all certificates in evidence thereof, are hereby revoked from and after noon on December 15, 1917, and all such certificates theretofore issued shall have no further validity.

FRANCIS J. GREEN,
Captain, Infantry U. S. R.,
in Charge of Selective Draft, Territory of Hawaii.

Pursuant to the foregoing order Hawaii is now under the operation of the new draft system, which changed by official order on Dec. 15. This means that all persons who have been examined under the former rules will be required to fill out the questionnaire of the new plan. All exemptions and discharges made prior to Dec. 15 are revoked. This applies in Hawaii only to persons who registered on the mainland and who were examined here by one of the local exemption boards.

"Y" GIRLS COMPLAIN OF ROBBERIES AND INACTIVITY OF POLICE

Because of a recent robbery of money and other valuables and the constant presence of skulkers in and about the grounds, the girls of the Y. W. C. A. homestead on King street have armed themselves and are prepared to shoot, according to Miss Edyth Gill, secretary in charge. Miss Gill claims that the police have done practically nothing to protect the home.

A few days ago someone entered the rooms of the girls who live in the cottages outside the main building and stole \$18 and considerable clothing including several Christmas presents.

CORNERSTONE IS LAID

With appropriate services in English and Chinese, the cornerstone of the new Chinese Congregational church and Mission in Beretania street was laid yesterday afternoon. The cornerstone, which was given by Henry Freitas, former building inspector, was laid by George N. Wilcox of Kauai.

Prayer—Rev. Tse Kei Yuen.
Apostles' Creed (Chinese).
Choir.
Laying of the cornerstone.
Address—Rev. Tse Kei Yuen.
Hymn—"Blest Be the Tie That Binds."
Benediction—Dr. J. H. Williams.

WILLIAM HOOPII DEAD

William Hoopii, alias "Barefoot Bill," for many years a notorious character, died Sunday at the Leahi home after a lingering illness. For the past 14 years, however, Hoopii had been a model of propriety.

The funeral will be held this afternoon from the undertaking parlors of Silva. He leaves a widow.

JURY PROBE OF WILL FIGHT IS TO BE SOUGHT

and Kamakaka to witness her signature to the will, and that she spent the morning searching for them. She got Kealoha, she says, and late in the morning Kamakaka came to her house and she asked him to go with her to Washington Place, which, according to her story, he did.

She says the queen was sitting in a wheel chair, dressed in a Japanese robe, and that Kamakaka knelt on the floor and held up a book while the queen signed each page of the alleged will. As witnesses Kealoha signed first and Kamakaka next, she says. The pen used was a fountain pen, she says, the property of Representative James Jarrett, from whom she borrowed it for the occasion.

After the attorneys for J. F. Colburn, named as executor in the alleged 1917 will, learned that Kamakaka was weakening in his former statements as to having witnessed the queen's signature, he and Kealoha were cross-examined. Kealoha is said to have declared that his affidavit, in which he said he witnessed the signature, was true.

Kamakaka, however, repudiated his first affidavit and swore to another in which he declared he signed his name to the alleged will at Theresa's home, and not in the presence of the queen. While the interview with Kealoha was in progress Kamakaka is said to have sought a private talk with one of the attorneys, but was told to wait until later. In the presence of the attorneys Kamakaka is alleged to have said he had a dream and a vision of God, in which he was warned to tell the truth. It was following this statement that he swore to the new affidavit.

After the new affidavits had been secured the attorneys filed them with Clerk Henry Smith at his home late Saturday afternoon withdrawing the alleged 1917 will from probate. Colburn also filed an affidavit asking to be allowed to withdraw as executor.

It is probable that the will may be withdrawn from probate and Colburn discharged as executor unless the court demands an investigation. The alleged 1917 will and the will of 1909 are scheduled to be heard next Friday on petition for probate.

Kamakaka is also said to have told the attorneys and Theresa that he received \$900 from a "foreigner" at Koolau, but is declared to have later repudiated this.

OAHU GIVES \$4920 TO BELGIAN ORPHANS

Saturday's appeal to help the children of Belgium was responded to with enthusiasm by the people of Honolulu and subscriptions amounting to \$4020 were taken in by the women and girl workers. Of this amount \$741 was derived from the sale of plants, while \$900 which was given prior to Friday afternoon brought the grand total to \$4920 for Oahu. The result of the drive on the other islands is not yet known.

Over 4000 tags were sold, and of the other emblems 250 bar pins bearing the colors of the allies, 100 service flags for those who have relatives in the military service and 120 tiny woolen golliwogs were purchased by the citizens of Honolulu.

Mrs. J. S. Emerson, in charge of the day, spent five months in its preparation. The Creche of Hawaii is assured.

KUPIHEA PLACES INVENTION LOSS AT HALF MILLION

David M. Kupihea, president and promoter of the Hawaiian Standard Food Co., Ltd., claims half a million dollars loss to his company and the destruction of valuable machinery and papers, when the Honolulu Plantation Company tore down "he says, the building of the food company."

Kupihea says the principal loss is in drawings, specifications and other documents relating to his "Electric Portable Cane Cutter and Crushing Machine," which, he claims, may revolutionize cane-cutting and crushing in Hawaii.

The case is now in police court. Manager Gibb was arrested on Kupihea's complaint, charged with malicious injury in the tearing down of the building at Watertown.

Kupihea admits that there is a charge that his company did not live up to the terms of its lease, but says that is not his fault.

Mechanical experts who were asked today about the value of Kupihea's invention were inclined to the view that the rosiest dreams of an inventor rather exaggerated its true merit when the loss is placed at half a million.

E. W. CHRISTMAS OPENS EXHIBIT FOR TWO WEEKS

An exhibition of paintings, drawings and monotypes by E. W. Christmas, R.B.A., is opening at 3 o'clock today, the first of a public view which will continue for two weeks.

Today the exhibit rooms, above the Castle & Cooke offices on Fort street, will be open from 3 to 5:30. For the following days the hours will be from 10 a. m. to 5 p. m.

This is announced as the last exhibition Mr. Christmas will give in Honolulu. He is planning to leave soon for the states. The collection now being displayed consists mostly of oils, watercolors and monotypes made during the past six months. The artist has travelled widely in Hawaii, painting assiduously. He will show also a number of what he calls "Lilliputians," small paintings whose theme is adaptable to a tiny canvas.

The oils to be displayed are: Haunama Coast, Oahu; Sunrises Iao Valley, Moonrise—Maliko Gulch, Sunset Over West Maui Mountains from Puunene Beach, Iao Valley from Waialeale Lagoon, Betwixt Lights, Waialeale Lagoon; Moonlight, Kaneohe; Sunset on Mount Rainier, A Young Poultry Farmer, Haunts of the Blue Crane, Golden Lights and Purple Shades, Australia; Storm Clouds, Oahu; Hayricks, England (Painted for exhibition at the coming Royal Academy, London); Sunset on Hayricks, The Valley of the Goulburn, New Zealand, in Sitka Bay, Alaska; Winter in the Cascades Region; Black Point, ahu.

HUB COMMENCES OPEN EVENINGS

Quite a number of local stores will today commence opening evenings until Christmas. When interviewed the management of The Hub Clothiers, at 78 S. King street, opposite the Union Grill, gave out the information that the clothing business was as brisk as usual with them, this year despite the fact that they were in temporary quarters, and that there had been numerous queries as to when the store would open evenings. "Commencing today we open until 9:30 in the evening," said the manager, "to accommodate those who prefer to do their shopping in the evenings."—Adv.

A SOCIAL EVENT

The admiring reception accorded by hundreds of Honolulu women to the new display of exclusive models in Gowns, Trained Hats, Blouses, Sweaters, Separate Skirts, etc., recently received by Jeff's Fashion Co., is truly a social event. GOVERNMENT WARNS AGAINST IDLE TALK

Copies have been received here of the formal warning issued by the government against carelessness in talk concerning the movements of troops. The notice warns persons to beware of spies, as "the enemy has ears everywhere." It also says:

DON'T discuss naval affairs or the movements of ships or their cargoes or courses with strangers or foreigners.

DON'T trust any one you do not know. ENEMY SPIES at home and abroad will try to draw you into arguments and entrap you into telling them about the movements of ships, their cargoes, the courses steered and the steps taken to defend our ships.

DON'T forget to report at once any person who tried to get information from you or from any one else in your hearing.

DON'T forget that your want of care may help the enemy, and lead to the loss of AMERICAN ships and the deaths of their crews.

OPTIMISTIC REPORT ON MINERAL PRDCTS. COMES

While an optimistic report was received at the Honolulu Stock & Bond Exchange session this morning relative to the progress of the Mineral Products Co., Ltd., the stock remained inactive at the old price of 9 cents bid and 11 cents asked. No sales were reported between boards.

The report from Manager R. Anderson of the company at San Francisco was that the plans and estimates for the commercial magnesium plants for the concern are nearly finished and that six magnesias claims adjacent to those already owned by the company have been taken over from the Ginaca brothers at a cost of \$600. The report also corrects an error made in the cable transmission of a message relative to ore shipping. The W. Warber-son Company proposes to ship 100 tons per day, the report reads. The plant is designed for 10 tons a day capacity. The market in the United States says the report is estimated to be 125 tons a day; 100 of this going to makers of pipe coverings.

A petition has been filed in circuit court for the appointment of the Bishop Trust Co., as administrator of the estate of the late Gideon Potter, son of Alexander Potter of Honolulu, who was recently killed while fighting with the Allies in Europe. The Potter estate is valued at \$1000 and consists of a life insurance policy.

F. A. Schaefer, kamaaina business man and head of the company which bears his name, has filed in the land court a petition for registration of title to the land at Kaahumanu street, where the firm's home is now located. The property is assessed at \$33,150.

MALCOLM TUTTLE ENTERS ARMY AS GUN INSTRUCTOR

Malcolm H. Tuttle, a member of the class of 1918 at Cornell University, and a former student at Punahou, has left the university and entered the army. He has been assigned to duty as instructor of machine gunnery at the U. S. Army School of Military Aeronautics at Ithaca, where buildings have been erected and equipment supplied to care for 1000 student aviators every eight weeks. This is one of half a dozen schools of aviation which have been established at universities in various parts of the country, and is one of the instances of the efforts being made by the government to meet the demand for aviators on the war fronts.

Every student in these "ground schools" is required, in this eight weeks' course, to thoroughly master the details of aeroplane operation and construction, the intricacies of the engine and machine gun and to fit himself to meet any emergency which may arise later, either in the flying schools or in the battle front itself, for a man's own life and possibly the safety of an army may rest upon his knowledge of the machine he is driving.

NEW REVENUE COLLECTOR PICKED FROM STATE WHICH HELPED WILSON

Political Aspect of Hathaway Appointment Shown in Home Paper Article

That Colonel Howard Hathaway, attorney at law, has received the appointment of collector of internal revenue for Hawaii as a political plum which was "coming to the state of Washington" is the explanation of the nomination received here.

The explanation, together with something about Colonel Hathaway personally is contained in the following article in the Everett Tribune.

"Colonel Howard Hathaway, collector of internal revenue for the district of Hawaii. That goes today."

"The mail from Washington, D. C., brought to Colonel Hathaway, senior member of the law firm of Hathaway, Beebe & Hathaway, yesterday notification that he had been named by Secretary McAdoo of the treasury department for the position."

"Colonel Hathaway was not surprised when the big package came in the mail. In fact, he has been aware of its preparation for several weeks. The Colonel will straighten out a few important matters, take a trip to Virginia to see his mother and then start for his new island home."

"The news that Colonel Hathaway is to leave Everett for a term of years will come as a surprise this morning, as only a handful knew of such a possibility. That he will be missed in legal, in club, in social and political circles goes without saying."

Is a Southern Democrat

"Colonel Hathaway has been a resident of this city since 1901. He is a native of White Stone, Lancaster county, Virginia, from that historic part of the state which Bishop Mead called the 'Athens of Virginia.'"

"Colonel Hathaway practiced law in Virginia from 1886 until he came to Everett. He represented Richmond and Lancaster counties in the Virginia legislature."

"In the years Colonel Hathaway has been West he has maintained the old home ties by frequent trips back there and he has an intimate acquaintance with its public men, including those active in the affairs of the nation in Washington, D. C."

"When Colonel Hathaway came to Everett he formed a law partnership with Guy C. Alston, which continued until his partner was raised to the bench. Later he formed the present firm of Hathaway, Beebe & Hathaway, his son being the junior member."

Son in the Navy

"Howard, Jr., was graduated from Fort Union Military academy and as one of the four honor men was eligible to appointment as officer. But he wanted to read law then and came

West to take the course at the University of Washington.

"At the first call for men for the navy Howard, Jr., enlisted and is now aboard the South Dakota. Later Gene Beebe felt the call and he, too, joined the navy."

"The absence of these members of the firm left a void in the little family circle and it was this fact more than anything else that led Colonel Hathaway to become receptive when the question of accepting the Hawaiian commission was broached."

Politics Plays Part

"When the firm was intact a suggestion that he become a candidate for United States district attorney fell on deaf ears. Two different propositions involving that office failed to awaken his enthusiasm."

"Four or five weeks ago a request came to John B. Fogarty, chairman of the Democratic state central committee, from Washington, D. C., to recommend a man for the position of internal revenue collector for the district of Hawaii. Mr. Fogarty summoned several men to a conference in Everett and asked for their combined judgment as to whom they should recommend. To Colonel Hathaway fell the unanimous choice."

"Colonel Hathaway was out of the city at the time and it was felt he should be consulted before his name was suggested for the place. A telegram brought the Colonel home and the subject was put up to him."

"Colonel Hathaway felt it would be making a sacrifice to leave Everett, but finally decided, in view of the fact that his firm was broken up, that he would accept the appointment if tendered to him. This came yesterday."

"Speaking of the appointment Colonel Hathaway said: 'My office is shot to pieces and I have no ties here that cannot be broken. My mother is living and I can see her as frequently in the future as I have in the past, so I decided to do not my bit but my best. It will make the sacrifice easier, providing I can be of benefit to the government now when we all should do what we can.'"

Won't Stay in Hawaii

"I don't want to lose my identity here. I will turn my office over to some one, and when the war is over Howard and Beebe and I will all come back and resume the work where we broke off."

"I have formed lots of friendships here and I hate to leave many of the boys whom I have got to know so well."

"I presume I shall leave for Hawaii as soon as my bond is executed and I have made a trip back home."

"Colonel Hathaway has made his home at the Cascade Club. He is a Democrat."

ARMY MEN URGED TO COOPERATE IN FOOD CONSERVATION MOVEMENT

That the Hawaiian Department, U. S. A., did not wait for orders from Secretary of War Baker to conserve food is pointed out today by J. F. Child, federal food administrator for the territory, who last night received a lengthy radiogram from the food administration in Washington giving Secretary Baker's views on food conservation in the army and navy.

On Nov. 10, at the instance of Brig. Gen. J. P. Wisner, an order was issued from the Hawaiian department calling for food conservation. The same criticism that was heard on the mainland regarding the waste of food in the army and navy has also been heard here, says Mr. Child. In the face of this criticism Herbert Hoover went to the secretary of war and requested a statement as to what action the war department would take. Mr. Hoover's letter to Secretary Baker was, in part, according to the message received by Mr. Child:

"There is one suggestion in your letter which I would like to elaborate a little more. We have numerous cases reported to us where the soldiers themselves in your department are voluntarily engaged in conservation. I believe this whole matter could be taken care of effectually on a voluntary basis if you would favor our state administrators cooperating with the commanding officers of the camps in the appointment of a committee on voluntary conservation, composed of officers or officers and soldiers who would use simple the propaganda methods on individual

saving and curtailing consumption which we are adopting toward the civil population. There is no danger of depriving a soldier of his food by such measures, and it brings home to them the national necessities in these matters."

On Dec. 11, the message continued. Mr. Hoover received from Secretary Baker a most favorable answer. In part, the message says, this was as follows:

"With reference to your letter of Nov. 22 in regard to the voluntary conservation of food by individual members of army cantonments and prison camps, this matter has been given due consideration and I desire to notify you of my pleasure at being able to cooperate with you to the extent requested in your letter."

"Commanding officers of these cantonments and camps are being instructed to cooperate with your state administrators and, at the request of your office, to detail a board of officers in their command to work in conjunction with the administrators in the introduction of a propaganda for the conservation of food by the individual. Of course the work of those boards will be subject to the approval of the commanding officer in each case."

"The radio message instructs Administrator Child to use his utmost efforts for cooperation of this kind in the Hawaiian islands."

Mr. Child remarks that the army has already conserved large quantities of corn meal, which is now being used in making bread.

Send Your Letters From the War Zone to Star-Bulletin

In that big army of stalwart young men who have given their services to Uncle Sam for this war are many well known in Honolulu and elsewhere in the territory. Soldiers and sailors and naval militiamen, officers

and men, they are doing their part. Letters from many of them are received by each mail; letters which are full of interest and the spirit of young manhood. Some of them tell of the stirring life in training camp; some are already describing the vivid horrors of war.

In the belief that many of these letters will be of interest far outside the circle that first receives them, the Star-Bulletin suggests a "Letters From the War" bureau. This paper will be glad to receive from its readers these letters or interesting portions of them for publication.

Careful regard to censorship rules will be held in publishing these letters. So also with such personal or other matters as the recipient desires withheld from print.

Send your war letters to the Star-Bulletin, care of "Letters From the War" department.

Owing to the effectiveness of the methods of the allies in fighting German submarines the United States government war risk bureau has reduced by about one-fourth its insurance rates on American steamers traversing the war zone.

MEEK SAYS ENGLAND IS CAPABLE OF STILL GREATER EFFORT

"The time for talking of 'doing our bit' is gone. We must do our all. We must be loyal to the dead who have given their all. We must generate every ounce of energy and direct it towards the battle front," writes Sergeant James Meek, former Honolulu boy, from London to Albert Wallace of the Honolulu Iron Works.

"I believe we shall soon see universal conscription, everyone a soldier or working to feed and clothe, and it will put all previous struggles in the shade," he continues.

DOROTHY TRUE'S DISPLAY TAKES ARTISTIC FANCY

There is a very delightful display of paintings, rugs, furniture and objects of art in the shop at the corner of Fort and Hereketa streets. Miss Dorothy True, who exhibited at Lanika last year, has arranged the room, using screens to relieve the length, and placing chairs and tables so that the whole is quite like a large drawing room.

The furniture which Miss True is showing this year is very well suited to the island homes, a number of pieces being partly of wicker and covered in materials which are cool in color and texture. Her suggestions for color schemes for Honolulu homes are almost always subdued with just a bit of brightness for she feels that the out-of-door color is so brilliant that the interior should be quiet in consequence.

Oriental rugs are so often "usual," but that cannot be said of those shown by Miss True. In the first place they are all antiques, being part of a New York collection which was brought to California to submit to Mrs. Phoebe Hearst. Mrs. Hearst has just recently placed her rugs in the Palace of Fine Arts at the Exposition grounds in San Francisco and before the final cataloging was done, it was found that certain kinds of rugs were needed to make her collection chronologically complete—and it was from this New York collection that the need was met. There is one large Kermanshia and one small "runner" of soft blue and ivory, very finely woven; several Herez not at all regular in design and a number of Bijar, one with a curious design of trees in true Persian manner.

One is immediately attracted on entering Miss True's studio by the paintings, for each is hung with relation to the objects near it.

Last year Miss True was showing a remarkable group of etchings, and this year in addition to the blacks and whites she has two original drawings by Millet, colored aquatints and monotypes.

This exhibition is quite worth while both as a whole and individually, and should be an inspiration to those who are considering building or settling in a new home. And aside from the actual practical use such a display might be to one—it is a privilege to find a so delightfully thought out group both in choice and arrangement. Miss True plans to stay for the months of December and January.

CENTRAL UNION PLANS XMAS ENTERTAINMENT

Six hundred tickets to the annual Christmas entertainment were given out yesterday at the Central Union Bible school exercises. The entertainment will be given next Friday evening under the direction of J. E. Higgins. On the program will be Dr. K. D. Williams with Christmas magic, Albert W. Palmer, the new minister, will speak and a Christmas tree and a Santa Claus will also be on hand. Christmas carols will be sung by the assembled body. Each member is to bring a present which will be given to certain mission schools to be used as gifts for the poorer children. Mrs. W. J. Forbes, chairman of the committee, will start the entertainment at 6:30 o'clock Friday evening.

BOWLING ALLEYS AT ARMORY ARE CLOSED

At a meeting of the national guard armory board Friday evening it was decided to close the armory bowling alleys temporarily until satisfactory arrangements can be made for reopening them. Brigadier General Samuel I. Johnson, adjutant general, stated this afternoon that the alleys have never been a paying investment, particularly since the discharge of a large number of married men last spring. A debt which had been hanging over the alleys for some time was almost wiped out by the profit from the post exchange which was maintained at the recent camp, and this was regarded as a suitable time for closing down. The territorial auditor has been asked to check over the books.

XMAS DAY TO BE REAL TO BELGIAN ORPHANS

Instead of spending the money they have earned for Christmas presents this year, the girls at the industrial school will adopt a Belgian baby, it was announced at a meeting of the board of industrial schools Friday. Arrangements have been made to give the girls a Christmas tree, but the Christmas celebration will be simple in the extreme.

Miss Sadie Sterritt, superintendent, was allowed \$70 for the purchase of a mill for the manufacture of cornmeal. She intends to purchase island corn and grind it at the school, using the meal to make bread.

GOVERNOR PARDONS AUTOMOBILE DRIVER

Governor Pinkham has announced a pardon for Ed. Cluney, automobile driver, who was convicted on July 14 this year of heedless driving and sentenced to pay a fine of \$5 and costs of court with revocation of license for six months. Accompanying the request for a pardon from Cluney's attorney was a letter from Judge Harry Irwin approving it. Cluney has been unable to get work since his license was revoked, and, with illness in the family was having difficulty in making both ends meet.

DISTRICT MAGISTRATES GIVEN REAPPOINTMENTS

Joseph B. Conradt, district magistrate for Kalawao, Molokai, has been reappointed by Governor Pinkham. The governor has also reappointed I. K. Kapuniua second district magistrate for Waimea, Kauai.

OLD PISTOL MADE FOR HONOLULAN IS FOUND

Lieut. Col. W. S. Mapes, U. S. A., who is known to his Honolulu friends as a collector and student of old pistols, has written to a friend here that he discovered a fine specimen of a silver-mounted pistol in Des Moines, which had this inscription on the barrel:

Col. Mapes is now stationed with the national army at Camp Dodge, Iowa, where he says 45,000 men are rapidly being made into soldiers by hard work. His son Paul, 23 years of age, is now a captain of the regulars and on duty with the second division on the mainland.

Provost Marshal General Crowder announced that all dental students above the first year are exempt from the draft.

DAUGHTERS OF WARRIORS ADMIT 30 NEW MEMBERS

More than thirty candidates for membership were accepted and formally initiated at the regular meeting of the Daughters of Warriors on Thursday evening. Among the accepted candidates were: Mrs. Birdie de Bolt, Mrs. Helen Aes, Mrs. Helen Allen, Mrs. J. K. H., Mrs. Irene MacKenzie and Mrs. Manuel Reis. Following the initiation came a short concert and dancing. The music was furnished by the Uluhahie Women's Club.

Several very nicely worded tributes have been paid recently to the man who has been generally credited with the invention of creased trousers.

HAWAIIAN WANTED FOR BISHOP ESTATE TRUSTEE

Editor Honolulu Star-Bulletin.
Sir: For the last year the Kamehameha Alumni Association has been striving to get someone of Hawaiian extraction to be appointed as a member on the board of trustees for the Bernice Pauahi estate.

There have been a great many arguments in favor of having a Hawaiian representative on the board, but I see in your issue of the other day that F. M. Hatch's name has been mentioned for the place.

If after thirty (30) years, the trustees of the Bernice Pauahi Bishop estate fail to find a suitable man among the graduates of the school to serve on the board in the interest of the Hawaiians, there must be something radically wrong in the training and educational system these men received at the Kamehameha Schools.

We have tried to carry on our agitation in a quiet and peaceable way, but I see that has failed again and we will have to continue our agitation with greater force.

We have sat for many years at this festive board loaded down with the good things of life waiting to be served but the plums do not seem to come our way.

Under these qualifications, the Honorable F. M. Hatch must be preparing for another trip to Washington, D. C. to represent our sugar interests here.

Now surely if the board were carrying out the real wishes of Mrs. Bishop, knowing the agitation of the last year they would have nominated a Hawaiian or part-Hawaiian in place of A. W. Carter, who has resided on the island of Hawaii as directing manager of the Parker ranch. Isn't it so?

"As long as we have the control of the cow we are going to milk her our own way and pass the milk around to our own."

The board of trustees is constituted of five members and why not the minority be represented by members of Mrs. Bishop's race? Can they not find one in the territory who may answer the qualifications? On the present board we have three attorneys or politicians (including the prospective candidate) one stock broker and a business man.

A politician seems to be the main qualification of a man before he can become a member of the honorable board. We demand and will continue to demand recognition even if we have to take further steps.

Thanking you for this space, I am,
Yours truly,
R. M. DUNCAN,
1222 Peterson Lane.

CONDUCT OF SOLDIERS.

Editor Honolulu Star-Bulletin.
Sir: Having read an article in a recent issue of the Advertiser, regarding the soldiers insulting unprotected ladies upon the streets of Honolulu, I am now taking the same means of airing my grievance about the same thing.

I have traversed the streets of your city upon numerous occasions and have many times been accosted by cheap rouge painted women of the lowest type, and after paying no attention to them, heard them cast slurring remarks about me, and not only these women make these remarks, but men of the low illiterate class that stand around the street corners and make remarks about the soldiers, calling them the "cheap \$15.00 dogs."

Not only do they make remarks about soldiers, but wait until some innocent and apparently respectful young lady

passed by and then not openly insult her, but jeer and cast remarks that are unfit for the ears of any one, to say nothing about a lady.

At any rate I will say that the \$15 soldier is nox a \$30 soldier, and that the money he receives is not tainted nor obtained through commercialized vice.

Soldiers as a rule are philosophers, and they do not as a rule get very antagonistic, but when a person openly declares diplomatic relations severed, then the soldiers become fighting men, and who would not fight for his character? Many of the men have left homes, and environments that this same lady cannot in all probability afford or ever had, why should they take these stabs in the back and say nothing?

Would the people of Honolulu condemn the entire personnel of our vast army, because of the conduct of one or two illiterate men that has entered into our midst unwillingly? Would intelligent, fair-minded people call such a thing "justice"? Ask any man in the service, what is the thing that he wants most, and he will invariably tell you "justice."

Thanking you in advance, I wish you would publish the above for the lady who expressed her opinion of the soldier, in your valuable paper. I remain as a constant reader.

HARRY H. GORDON,
Det. Q. M. Corps, Ft. Shafter.

OBJECTS TO E. S. GOODHUE'S ARTICLE.

Editor Honolulu Star-Bulletin.
Sir: Do you not feel that you owe all your readers, especially those connected with Central Union church, an apology for printing an article in such execrable taste as the communication of E. S. Goodhue in Saturday's paper? The Central Unionites—some of us, at least, resent it—that the "atmosphere," the sermons, the service of our church should be so discourteously set forth.

Mr. Looftbourough and the Methodist church are worthy of all praise, but why make invidious comparisons?

Respectfully,
READER.

Practising Carpet-Bagging Upon Hawaii

Reward of "deserving Democrats" and use of Hawaii to pay the administration's political debts and build up the national Democratic machine never had a more graphic illustration than in the appointment of Col. Howard Hathaway of Everett, Washington, as internal revenue collector for the territory.

The story of patronage distribution is told in the Everett Tribune, entirely without intention of reflecting on Hathaway—in fact, the article is laudatory—but just as a matter of news. The significant paragraph is this:

Four or five weeks ago a request came to John B. Fogarty, chairman of the Democratic state central committee, from Washington, D. C., to recommend a man for the position of internal revenue collector for the district of Hawaii. Mr. Fogarty summoned several men to a conference in Everett and asked for their combined judgment as to whom they should recommend. To Col. Hathaway fell the unanimous choice.

There it is, in a nutshell—the payment of a political debt. It appears that the state of Washington, which "delivered" for Mr. Wilson in the last national election, had a fat political plum coming, and the administration luckily had a fat political plum to give—the Hawaiian collectorship. Demand and supply. Opportunity and use of it. A political opening and a political move to take advantage of it. All very nice.

The course taken by the administration in regard to the collectorship is exactly that which the editor of the Star-Bulletin learned in Washington last October, and told to Hawaii in correspondence printed here on October 20. In that letter it was stated:

It is no secret that this is to be a political plum. The revenue appointment ought to be forthcoming shortly. That the appointee will be from a state whose politics are of concern to the administration is an obvious conclusion.

As to the relationship between this appointment and the national Democratic party's plans for the next presidential campaign, that will be discussed by the Star-Bulletin later. Suffice it now to say that the handling of the revenue service patronage is part of a national political scheme. In this big scheme Hawaii is considered only in so far as Hawaii offers opportunity for political exploitation. A federal job in Hawaii is not considered from the standpoint of the responsibility, honor and opportunity for efficient work which it offers, but from the standpoint of how it may be used as a cat's-paw for Democratic chestnut-pulling.

From this misuse of public office here, Hawaii has no recourse. The factional rows in the local Democratic party and the unworthiness of many of the candidates it has put forward, minimize the force of any protest which might be made to Washington on the part of a disgusted community.

The Star-Bulletin knows nothing personally of Col. Hathaway. He may be a fine fellow, a good citizen, a capable lawyer, and he may make an efficient collector of revenue. The point is that the job went primarily not to a candidate of recognized merit but to a state of recognized political pull—and that Hawaii is used again and again to pay mainland political debts.

The payment of some of these debts has brought to Hawaii mainlanders so likable personally and so well able to look after their office that we hesitate to refer to them as "carpet-baggers." We don't like to put them in that class. But others have been in that class and the administration, while preaching state's rights and home-rule, practices carpet-bagging upon a territory to an extent that is indefensibly outrageous.

About Mobilization of the Guard

In justice to employers of labor all over the territory, particularly to business houses whose staffs are not easy to replace, notice should be given as soon as possible as to the mobilization of the national guard.

These employers have made possible the large enrollment of the national guard during the past few years. When Col. Jones was adjutant-general, an expansion movement was begun in which the firms of Honolulu gave the fullest cooperation. Men were not only allowed but encouraged to join. General Johnson has carried the appeal to employers even further, directing much attention to enrolling large numbers of men on the plantations.

A trust company official said the other day that if the guard should be mobilized tomorrow, he would lose several men whose positions he would find it hard to fill. Many other firms would be in a similar predicament, and many others would be hit even more heavily.

Time to fill the impending vacancies and to readjust their business should be given the employers who have stood by the guard with money and with encouragement of men to enlist. Of course it is hardly necessary to say that mobilization should not be hampered for such reasons, but there appears to be no good reason why the mobilization cannot be decided upon and announced long enough in advance to give the business of Hawaii time to prepare for the loss of many of its cogs in the wheels now essential.

The prohibition measures are moving at a satisfactory rate in Washington—satisfactory, that is, to everybody but the beneficiaries of the booze business.

How Norway should love Germany! Five thousand Norwegian sailors have been murdered by the Huns in the past three years.

Drive Him Into the Open!

Will the relatives of the young woman mentioned in the Dr. Hayes indictment be content to allow her to bear the shame, or will they aid public opinion in driving into the open the man responsible for her disgrace—the man whose reckless passion was one of the contributing factors in opening a physician to the serious and scandalous charge of performing a criminal operation?

Is the woman to suffer the ignominy and the man to hide his guilty secret and claim the respect of a community which ought to nail him to the cross of public disgrace?

Justice will not be completed by the conviction of a physician if, as charged, he has violated the law in performing an abortion.

Nor will justice, legal and social, be completed by the branding of an unfortunate woman with the burning scarlet letter.

Justice will be completed only when the man whose unscrupulous passion brought the woman to her condition is made to bear his portion of the shame, and to pay the penalty, whatever it may be.

In any community where justice is not done, moral backbone sags and moral fiber weakens. It is not only in justice to a wronged woman that this dastard should be exposed, but in justice to every mother, every father, every innocent girl, every family in the community. Only in the punishment of wrongdoers and the fulfillment of justice is there safety for society.

Drive the skulker into the open!

Ventilation Needed

Rev. Sam Kamakaia, who has confessed that his part in the alleged will of the late Queen Liliuokalani dated August 29, 1917, is a "frame-up" details circumstances which appear to demand ventilation by the territorial grand jury.

There are some humorous aspects to the whole story of the will contest, but perjury is not humorous. Nor is deliberate "frame-up" humorous. The circumstances surrounding the 1917 document have been open to suspicion from the start, in spite of the bland assurances of good faith. It would be interesting to see what ramifications a real probe of the whole affair would expose.

The Trail Gets Warm

Already there are signs of attempts to cover the trail of the man responsible for the condition of the girl in the Hayes case.

Already there are signs of secret and devious efforts to hamper the grand jury, to discredit the prosecution, to stop the publicity, to hush up the whole infamous matter.

The trail perhaps was getting too warm. This scheme of counter-attack is familiar. It is palpably inspired by fear of exposure.

But it will fail and its details will be exposed just as the Hayes case itself is being exposed.

Kaiser Wilhelm has another typical Berlin bluff in preparation. He will propose peace, knowing full well that none of the Allies will agree to his arrogant terms, and then he will make his own deluded people believe that the Allies are responsible for the prolongation of the war. What a rich retribution this egomaniac is heaping up for himself! Napoleon on his lonely rock would be in luxury compared to the punishment awaiting Wilful Wilhelm.

99 PASSENGERS ON OCEANIC BOAT

Lacking only one of having an even 100 passengers for Honolulu, an Oceanic steamer is in port today with one of the largest mails ever brought to Honolulu, greatly augmented by the advent of Christmas and the scarcity of mail steamers coming here from San Francisco. The Oceanic liner also had 143 tons of ice house cargo for this port. There were over 1388 bags of mail.

Prominent among the returning island residents are Mr. and Mrs. C. von Hamm, Mr. and Mrs. Norman Watkins, Mrs. L. E. Longton-Boyle, accompanied by Mrs. E. G. Beckford, a recent visitor here, who returns to spend the winter; Mr. and Mrs. Horace Johnson of Hilo, Mr. and Mrs. James Doyle, F. M. Hatch and Miss Hatch, J. Melnecke of Pala, Maui, and Mr. and Mrs. J. M. Ross of Hakalaau, Hawaii.

Ben Bruns, of former Kikapoo medicine fame in Honolulu, is a returning visitor. He is accompanied by his wife. He explains that his visit here is a combination of a business trip and belated honeymoon.

The Honolulu passengers in all classes were as follows:

MUD HINDERS TENYO DOCKING

Mud, plain harbor mud, which was washed up about the wharf piles on the seaward side of Pier 15, prevented the steamer Tenyo Maru from tying up at the wharf yesterday and caused the snapping of a big hawser while an attempt was being made to bring her alongside.

The Tenyo came in with a draft of 30 feet and one of the port pilots started to bring her up flush with the wharf as usual. This he realized was impossible when the stern line snapped and he had to content himself with letting the steamer stay fully 15 feet out in the stream from the customary anchorage.

One of the wharf's gangways was just long enough to reach out to the ship, but as it was, all the passengers had to leave the steamer by the steerage exit on the main deck.

Even though it was low tide there is supposed to be a depth of 33 feet of water at the lowest water mark at the pier, but as the slip has not been dredged out for years the sediment of the bay has filled in around the wharf-piles.

Where the Tenyo was anchored it is said her bottom was only a few inches from the bottom of the bay. She got out of the slip into the stream of the bay at her departure without trouble, however.

SALVATION ARMY WILL OPEN HALL

Tomorrow evening will be an important event in Salvation Army circles. At 7:30 there will be the formal opening of the fine assembly hall which is the gift of the Cooke family, and on the same evening will be given the Christmas cantata by the children of the home. In this about 110 girls will take part.

The cantata will be noteworthy, a feature being the appearance of Christmas angels. A program will serve to dedicate the assembly hall.

I.-I. CHARTERS BARK TO BRING DOWN COAL

The American bark Abner Coburn has been chartered by the Inter-Island Co. to bring a cargo of coal here from Nanaimo, B. C., according to the Seattle Post-Intelligence. On November 23 the vessel was to leave the Lake Union anchorage of the Libby, McNeill & Libby Co., her owners, for the purpose of docking and repairs before going to British Columbia to load.

The Abner Coburn has been in the Alaska cannery trade all summer, and was recently towed into the Lake Union basin to lay up for the winter or to await a favorable charter. Her return cargo is not announced, but will likely consist of sugar or canned pineapples.

CATHCART, HUBER MENTIONED FOR BAR INDORSEMENT

The name of John W. Cathcart of the firm of Thompson, Milverton & Cathcart, is being whispered about by the legal lights of the city today as a favorite for indorsement as successor to Chief Justice A. G. M. Robertson, who recently resigned from the supreme court bench of Hawaii. When the Bar Association meets this afternoon at 4 o'clock in the Honolulu Stock & Bond Exchange rooms it is expected that Mr. Cathcart will be a favorite in the race. Another name suggested as likely to be recommended by the Bar Association for the appointment is United States District Attorney S. C. Huber.

Besides these two the names of Judge James L. Coker and Justice Ralph P. Quarles, associate justices on the supreme court bench, have already been mentioned and if precedence is followed one of these two will be recommended to Washington, D. C., for appointment to the office.

DIVERT STAR SCHOONERS TO HAWAIIAN SERVICE

Although 40 years old, the Star of Russia, one of the schooners of the Alaska Packers' fleet, chartered to the Matson Navigation Co., to replace the steamers which have been requisitioned by the government, is rated as A1 by Lloyd's.

At the time of annexation this ship with the Star of Italy and the Star of France flew the Hawaiian flag, as they were brought here a few months before the islands were taken over by the United States in order to bring them under American registry. The reason for doing this was in order to have the vessels enter the coastwise trade.

The Star of Russia carries a cargo of 3000 tons and a crew of 14 men. Several other vessels of the Star fleet are to be diverted to the Hawaiian trade until they are again required in the Alaskan service. They include the Star of England and Star of Finland.

NEWSPAPER PROPAGANDA BEGUN AMONG AMERICANS

WITH THE AMERICAN ARMY IN FRANCE—A German paper balloon, used to distribute propaganda behind the hostile lines, came down in the town occupied by American division headquarters, with copies of the Gazette des Ardennes, which is published in French at Charleville, attached.

The leading article attacked President Wilson for his alleged pre-war attitude and for not prohibiting the sale of munitions to Germany's enemies. In an attempt to convey an idea of reliability, the newspaper also printed a British official statement telling of the capture of 1000 Germans in Flanders. The copies of the newspaper were sent to General Pershing.

SESSUE IS BACK AT THE LIBERTY

"Forbidden Paths," a new Lasky Paramount production, is the feature attraction of the new bill at the Liberty theater. Sessue Hayakawa, the noted Japanese star, who is well known to Honolulu theatergoers, is the central figure of the story, which is a tale of love and sacrifice.

The devotion and love of a Japanese for an American girl whose father has befriended him, furnishes the theme of the narrative. How the Japanese stoically faces the realization that his passion is futile and goes to his death to insure the girl's happiness with the man who cares for her, are worked out in a series of scenes that take fast hold on the interest of the spectator. The settings of the production are particularly elaborate, even for a Paramount picture.

In addition to the feature attraction, the new installment of "The Mystery of the Double Cross" presents new baffling situations. "The Mystery of the Double Cross" has come to be regarded as one of the greatest mystery stories ever put on the screen here.

The program includes the weekly Pathe news pictures.

HAWAII PRESENTS GREAT WAR STORY

The screen version of what is considered to be one of the greatest war stories ever penned, "Four Feathers," is the feature attraction of the bill which opened yesterday at the Hawaii theater.

The central character of the story, played by Howard Estabrook, is the son of a great English military family whose fears have been played upon by tales of war he has heard in his father's house. When he resigns his commission in the army after war has been declared he received three white feathers from three of his friends and a fourth from the girl he loves. The feathers are the badge of his cowardice and how one by one he forces those who gave them to him to take them back makes a story hard to equal in the tense grip of its interest. The story has been faithfully transferred to the screen.

In addition to the feature offering a new Billy West farce comedy, "Back Stage," is a melange of nonsense pictured in the series of laughable scenes. The new installment of the serial "The Railroad Raiders," is also a part of the program.

Clifford Melim Runs 80 Yards For Only Score of Hard Game

Town Team Defeats Marines at Moiliili Field on Saturday Afternoon By a Score of 7 to 0—Noble Kauhane and C. Melim Startle Fans With Pretty Runs Through a Broken Field—Visitors Rely on Line Plunges for Yardage in Football Tilt

Clifford Melim, one of Hawaii's real speed burners, accomplished something that is seen but seldom on a football field. Receiving the ball from the kickoff, the elusive back dodged one tackler and ran through a broken field for 80 yards, scoring a touchdown and giving Harry Melim's Town Team a victory over the Marines on Saturday at Moiliili field.

The lone touchdown with the goal kick by Kauhane was the only scoring which occurred in this game, which was witnessed by a host of football fans. From a spectacular standpoint it was a beautiful game to watch, and Kauhane's runs off tackle and the two long runs of Clifford Melim were worth while. The local boys relied entirely on end running and forward passes, which was enough to give them a victory over the line plunging visitors.

The Marines also had an opportunity to score in the third quarter, but they fumbled the ball and a touchback was the result. The visitors changed their tactics late in the game and worked a number of clever forward passes.

Kauhane Runs 45 Yards
Noble Kauhane played a beautiful game throughout. Early in the game he tore off a run of 45 yards, and in plays off tackle he especially effective in skirting the ends, and his dodging runs furnished a number of thrills to the spectators.

Brown was the bright and shining star for the Marines and proved that the good things that had been said about him were not altogether fairy tales. He ran well with the ball and poked his holes, often gaining through the line for ten yards. Ward and Anderson were two other players who came into the calcium during the game. Ward, Rinehart, Rodgers and Burgess also looked like real players.

Melim Makes Long Run
The Marines worked the ball down to the shadow of the Town Team's goal in the fourth quarter; the local

line held, and then Clifford Melim brought the crowd to attention when he circled left and ran for 80 yards. Here Rodriguez attempted a drop kick, but it failed. A penalty for wrong substitution gave the Marines a chance. After trying two forward passes and a drop kick Melim took the ball for another long run of nearly 70 yards.

The Town Team was strengthened by the addition of several players. Clifford Melim, Mahiko and Noble Kauhane surely have added strength to the team and the backfield of this team stands today as the fastest in the islands. The linemen have improved in their work and the team which played yesterday could have given the 1st Infantry a real battle.

Efforts are being made to stage a game between the Town Team and Y. M. C. A. The Whitcomb aggregation would have a slight advantage in the line, but the Townies look to have the best balanced backfield for running ends. And the word interference is marked down in their book. In speed and interference the Townies will not have to take their hats off to any aggregation in the islands.

Marines' Townies
Ward O'Sullivan, L. T., Cherryholmes "Fat" Melim, L. G., Burgess Soares, C., Anderson Machado, R. G., Hailu Thompson, R. T., McGully Rodriguez, R. E., Poling Mahiko, Q., Rodgers C. Melim, R. H. B., Brown Kauhane, L. H. B., Henderson Neal, P. B., Rinehart

Substitutions—Town Team: H. Melim for Mahiko, Marines; Harris Devorak for Poling; Hicks for Rinehart. **Scoring:** Touchdown, C. Melim. **Goal Kick—Kauhane.** Glenn E. Jackson, referee; Sergeant Zimmerman, umpire; J. R. Wilson and W. J. McAllister, timers; O. Warder, head linesman.

Another Team Enters Relay Race at Hilo

Japanese Team Makes Good Showing After Two Weeks; Seven Runners Named

Another team has been lined up for the Kilauea to Hilo race. Announcement was made this morning by Geo. Marakami that he had a team lined up which had been practicing for two weeks on the hills around the city. Yesterday afternoon the runners took a four-mile jaunt up Nuanu and around Iliha heights.

Marakami has a number of runners who recently participated in the race around the island, and these long distance men have shown real speed in the tryouts. Among the stars on the team are Yenuira, Saki, Suzuki and Shirai. Kano Matsumoto and Zeni mura are three other runners who promise to make a good showing in the big race at Hilo on Jan. 7.

FROM THE SIDE LINES.

Davis was not given much work during the first quarter in the game at Schofield. The little half back more than made up for it in the latter part of the game, and his good right toe gave the Y. M. C. A. team the victory.

Schumacher, the husky center of the 1st Infantry team, was the bright star in the line for the infantry. Time and again he spilled the play coming through his territory, and his work on Saturday marks him as the foremost man in his position in the islands.

Dick Whitcomb played another beautiful game at tackle for the Y. M. C. A. Fagin got through him a couple times on cross backs, but often Whitcomb stopped the runner dead in his tracks, or threw him for a loss.

The Infantry made most of their gains through the left side of the line. Von Holt did not play his usually good game at all, and McCombs was off the play for the first three quarters. He did improve in the last quarter and the same may be said for von Holt.

Referee Blowers had to call a close one when Davis booted the ball for three points. He could have called it either way and there would not have been a kick from either side. The majority of players on both teams admitted it was close, and when Blowers made his decision the Infantry players let it go at that. It was a beautiful kick, and it would have been unfortunate had Davis been robbed of the score.

The Infantry lost an excellent chance to score when Don Ladd threw a beautiful forward pass to Mutch. The Infantry right end had it in his hands with a clear field before him, but brought a number of groans from the rooters when he dropped the pigskin. It was the best chance the home team had to score, although had Fagin sent his place kick over the goal, the game would have been on ice for the Infantry.

Mutch played a beautiful game throughout, and his one slip in dropping the forward pass was his only bad play of the day. For all around play he was far and away the best end on the field.

Don Ladd has injected a lot of pep into the 1st Infantry team. He ran his team well, and on several occasions brought the ball up the field for good gains. Ladd was especially good in picking holes in the Y. M. C. A. defense.

In the game with the Melim team, Boghan was the bright and shining star, but Saturday the backfield honors must go to Fagin. Fagin had a peculiar shifty motion which brought a number of gains for his team. Boghan was injured early in the game, which put him out of it, but before his injury he ripped the Y. M. C. A. line for big gains.

Davis, Lewis, Clifford Melim and Noble Kauhane would make a real back field if one asked for speed. All of these men can run the century under 10:35. Shooting this quarter around ends would certainly worry the opposing flank men. Boghan, Steger, Smith and McVey would make a strong combination for hammering the line.

A number of the local football players were disappointed because the Marines of Mare Island, the champion team of the Pacific Coast, did not come here. This team will meet the Allentown, Pennsylvania, football squad at Pasadena on New Year's Day. This is the team which beat California University twice by more than 20 points, and defeated Oregon 23 to 0. The Marines have not lost a game this year, and furthermore are not liable to.

BEACH "ADONIS" IS PATRIOTIC

Waikiki Beach is coming into the limelight once more. Kim Wai, who is sometimes referred to as the "Beach Adonis," has carried the Stars and Stripes into the sea on many occasions. The bathing suit, which is shown in the above picture, has created a lot of comment along the beach, and it is rumored that other mermen are carrying out the custom, which was inaugurated by the second fastest Chinese swimmer in the world.

M'KINLEY FROSH WIN BASKETBALL TITLE FOR 1917

For the first time in history the Freshies or "little greenies" won the honors of being basketball champions of the McKinley High.

The interclass series was played last Tuesday, Wednesday and Thursday. On Tuesday the Freshies defeated the Seniors by the score of 25 to 8. James Davis, Jr., who was elected captain of the team by his classmates, had his team so well oiled that all parts were running smoothly. Davis is an experienced man, having played on teams in Hilo and his coaching of the Freshies' teamwork was favored by his team mates.

The game was very fast; one of the best seen at the "Y." The "little greenies" just went in and played rings around the seniors. The lineup for the day was "Kid" Davis at center, Bob Chung and Kenneth guards and Chocolate and Chicken forwards.

The second game between the Sophomores and Juniors, the Juniors won by a close margin by the score of 21 to 20.

The third game, the championship game between the Freshies and Juniors was won by the "little greenies" by the score of 45 to 16. After the series was over "Kid" Davis stated that all the credit should be given to his team mates' fast teamwork and not to himself.

A SERIAL UMPIRE IS SECOND STORY OPERATOR; EH!

Riversides Win From Hillside in Final Battle for Championship at Pauoa Park

They are calling Rudolph J. Smythe a serial umpire now, since he tried his hand at umpiring at the Pauoa ball park yesterday afternoon. A serial is sometimes referred to as a second story, and Smythe was without a shadow of doubt the best second story man on the lot. It was due to his work and the great pitching of Joe Tevo, the music ball artist, which gave the Riversides the game.

The Riverside team was given the same by the score of 12 to 9, but inasmuch as Smythe is related to one of the members of the Riversides, the majority of the opposing players are in favor of entering a protest. S. P. Correa was in his element and called them safe and out on the hassocks.

The Grasshoppers have issued a challenge to the Riversides, but it is certain that there will be a protest against the officials. Smythe is as a rule a fair umpire, but his work yesterday was rather off color. There were a number of representatives present from the Makapu Fishing Club and considerable money changed hands, more than \$3.75 being placed on the Riversides.

The lineup follows:
Hillside—A. Avilla, l.e.; L. Ornelas, s.s.; D. Colburn, r.g.; M. Ornelas, r.h.b.; Joe Ornelas, r.t.; S. Shellen, l.b.; D. Sousa, 3.b.; B. Hussey, q.b.; Judd, r.c.; P. Periera, l.h.b.; J. Allen, 2b.

Riverside—C. Correa, right wing; M. Joseph, forward; M. Faria, r.t.; A. Ornelas, r.h.b.; M. Prietas, s.s.; J. Vierra, center, three quarters; J. Rego, p.; J. Mental, s.o.s.; D. Kem, No. 4; Vo, Bettincourt, l.h.b.

COPENHAGEN, Denmark — Capt. Persius, naval expert of the Berliner Tageblatt, notes a growing impatience among Germans with the results of the submarine campaign registered in a swelling flood of letters demanding an answer to the question: "When shall we have England beaten?"

He throws cold water on the optimists, and warns them against accepting as reliable figures on destroyed tonnage.

Capt. Persius says that with the 1917 harvest and the imports of grain the food problem can scarcely become a motive, for the next six months at least, to make Great Britain inclined to conclude peace. He holds that the submarine question for the British will be not "Can we continue the war?" but "Will it pay?"

Dover corporation has decided to ask the admiralty to name one of the new warships after the town in view of its historic connection with the navy.

Y.M.C.A. Team Wins Close One From 1st Infantry at Schofield

Bill Davis Boots Ball Over Goal Post for Three Points, Which Gives Locals a Victory—Infantrymen Score Safety in First Quarter, Netting Them Two Points—Large Crowd Attends—Davis, Whitcomb, Schumacher, Ladd and Fagin Are Stars

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Dec. 16.—The most intensely fought gridiron battle ever witnessed at this post was waged between the Y. M. C. A. and 1st Infantry this afternoon at Castner, the squad from Honolulu being returned the victor by the close count of three to two.

Both teams had a well high perfect system of defense, such gains as were made usually being accomplished by terrific line drives and an occasional skirting of the end. Only in one of ten cases were forward passes successful.

Davis, the brilliant player of the Y. M. C. A., was easily the star. It was this player who booted the pigskin over the crossbar for three points and victory. Davis was also largely instrumental in working the ball to within a kicking distance of goal.

The Infantrymen scored their two points on a safety. They punted on fourth down and the pigskin soared close to the goal posts. The ball was recovered and brought almost to the 20 yard line, when a penalty was inflicted on the "Y" of fifteen yards, which set them back to almost their goal. Signal for punt was given. Davis fell back some three yards back of his goal posts and gave the ball a mighty kick, but instead of pursuing unobstructed course through vacuum, crashed against the cross bar and rebounded, Victor, right guard of the 1st, being the first runner to corral the oval. After discussion by the field officials it was decided to allow the Infantrymen a safety. Boghan and Fagin were the groundgainers for the infantry, though they were ably assist-

ed by Crooka, Ladd, Shoemaker and Victor in their efforts.
The lineup follows:
Y. M. C. A. 1st Infantry
McCombs, l.e., Spooner
von Holt, l.t., Stoleoff
Achremwitz, l.g., Leach
Hedrick, r.g., Schumacher
Kampert, r.t., Victor
Whitcomb, r.h.b., Davert
Noys, r.c., Mutch
Harmon, q.b., Ladd
Davis, s.s., Fagin
Pammel, r.h.b., Boghan
Brunswick, l.h.b., Crooka
Substitutions—Albrecht for Noys, Long for Davert, McCurdy for Leach, Greenaway for Mutch, Pemberton for Fagin, Riesner for Boghan, Referee Blowers, Umpire, Captain Carr, Head Linesman, Lieut. Ross, Safety, Victor, Field goal, Davis.

PATRIOT ASKS \$200 FOR DAMAGES AFTER WINNING FIGHT

DENVER, Colo.—The plaintiff is an American citizen, proud of his citizenship and opposed to the German empire, and especially to its kaiser.
That is the assertion of James E. Sweet, who, through his attorney, Paul Delaney, has started suit in the district court against Arthur Kirchner for \$200 damages to his reputation.
The suit grows out of a dispute that resulted in the arrest of Sweet last July. Sweet says he demonstrated when Kirchner belittled President Wilson and all things American. A fight followed, in which Kirchner got the worst of the "go," despite the fact that Sweet is an aged man and uses a crutch and cane to get about.

Just Like Finding Money

When you save money at the rate of a few cents a week, in such small amounts that you do not miss the deposits, and then receive them all in one lot just before Christmas, with accrued interest added, it seems almost like a gift.

That is what the many members of our 1917 Christmas Savings Club said when they received their money last week. That is why most of them will join our new club for Christmas savings, which begins January 7, 1918.

It adds a new joy to the annual Holiday shopping. Write us or call in person, and let us explain this excellent plan in detail.

WANT DATE FOR CLASSIFYING IN DRAFT EXTENDED

Capt. F. J. Green, draft officer, announced Saturday that, owing to the late receipt of regulations for the new system of hearing exemptions, he has called to Washington requesting that the date for beginning classification be deferred for this territory from Dec. 15 to Jan. 1.

Draft registrants in this territory who have changed their places of abode or their addresses since registering on July 21 are notified by the war department to furnish their addresses at once with the draft officer. A message received today says:

"Please cause the broadest and most extensive and continuous possible publicity to be given through the adjacent general, local and district boards, the newspapers and by all other possible means of warning to all registrants who may have changed their places of abode and postoffice addresses to communicate immediately with their local boards where they are registered and furnish their present addresses so that the questionnaires will reach such registrants without delay.

"Registrants are bound by law to keep themselves advised of all proceedings in respect of them and failure to do so may result in their losing right to claim exemption or discharge. Please request newspapers to give this warning broad and continuous publication from this until the process of mailing questionnaires has been completed."

GEN. F. S. STRONG MAKES VISIT TO FRONT IN FRANCE

Brig. Gen. Frederick S. Strong, former commander of the Hawaiian department, has recently made a visit to the French front and is now back on the mainland. General Strong is commander of the 40th Division at Camp Eary, Cal.

His visit to the western front was over that part of the battle line which is to be placed in the care of Uncle Sam's big army and the men at Camp Kearny are looking forward eagerly to his return, according to advices that have been received in Honolulu. Officers from the British and French forces have arrived recently at the camp as instructors.

A small detachment of English officers, who recently arrived in charge of Major Dashwood, consists of three captains and four sergeants. These men are all directly from the Ypres front and have been through the grueling school of experience. The party contains an expert on machine gun operation, a snipper in the King's Royal Rifle corps, an expert on gas defense, and an especially trained trench motor operator.

The corps of French officers who will take an active part in military instruction consists of three first lieutenants and four noncommissioned officers. The lieutenants have seen active service in the campaigns which included Verdun, Champagne, Soilly and the Somme.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

IMPORT LICENSES AIM TO CUT OUT NON-ESSENTIALS

Late advices from the mainland explain to some extent the reason for the requiring of licenses on imports. A restriction from which Hawaii has been exempt by order of the war trade board authorizing the issuing of a blanket license for this district.

The chief purpose of the import license restriction appears to be to cut out the transportation of non-essentials from any country to America during the war and to offset the embargo rules on exports applying now to nearly every country.

The import licensing will also be used as a club to force the release from foreign countries to America at a fair price of war supplies now held under embargoes.

In a statement outlining an import policy, the war trade board which has organized a bureau to license imports, makes it clear that countries receiving American exports are expected to reciprocate by shipping more freely the commodities needed by the United States.

The statement says in part: "Control of imports was made effective by the allied governments many months ago, the necessity there for having become obvious if the resources of each were to be most effectively utilized for national and international demands. With the organization of the bureau of imports of the war trade board the requisite machinery has been supplied for increasing the importation of certain indispensable commodities produced abroad.

Supplies Are Limited
"Supplies now coming forward to this country are limited by reason of export embargo and imposed by foreign powers controlling the territory in which such materials originated. Such action was made necessary because of interference with normal production as well as the extraordinary consumption caused by the war. Among notable examples of such materials may be mentioned tin, wool, rubber, ferro-manganese, leather, flax and jute."

The various trades dealing in embargoed commodities will be so organized that the total requirements of each industry can be surveyed and non-essential uses of any material eliminated.

In future importers will give guarantee that goods are not to be re-exported except under restrictions direct to the war trade board, instead of to representatives of foreign governments as at present.

OAHU AWARDS HONORS FOR MILITARY WORK

Merit contests by the various companies brought to a close Friday the new course of semi-military instruction which has been conducted at Oahu College under the direction of Frank Midkiff. This year the plan has combined military work, a craft, signaling and athletic sports, and has proved unusually popular with the boys.

The boys who stood highest in military work have been awarded first honor badges of silver. Those honored are: Captain Ralph Ault, Captain Wayson Williams, Captain Carroll Horner, First Lieutenant Henry Afong, First Lieutenant Walter Holt, Lieutenant Gay Harris, Corporal Andrew McGill, Corporal Montgomery Clark, Sergeant Preston Chapin, Private Howard Babbitt and Private Frederick Forbes and Captain Richard Raymond, detached duty.

The second honors have been won by Joe Katsunuma, Clarence Hurley, Jim Hooks, Warren Beckus, John Randolph, William Boren, Albert Hooks, Cornelius Schwallie, Warner Hobdy, Warren Chamberlain, Phillips Brooks, Eric Wakefield, Ernest Kaai, Arthur Brown, Dick Gurry, Lloyd Hopwood, Emil Peters and Alfred Giles.

NO XMAS PRESENTS AT BOYS' INDUSTRIAL SCHOOL

There will be no Christmas presents at the Boys' Industrial School this year. This was decided on at a meeting of the board of industrial schools Friday, and this Christmas the boys will have only a special dinner. In the past it has been the custom to hold a Christmas celebration at the school, with a tree and presents. But this year the school will economize on account of the war.

DIRECTOR SAYS FILIPINOS MUST GET EDUCATION

That the tendency of Filipinos in Hawaii toward crime might be lessened by the establishment of schools, especially on plantations, where large numbers of Filipinos are employed, is the belief of W. W. Marquardt, director of education for the Philippine Islands who was a visitor in Honolulu recently.

Today, says Mr. Marquardt, there are some 650,000 Filipinos in school in the Philippine Islands, and he points out with emphasis that the natives are exceedingly studious and anxious to acquire an English education, and that they will study and devote their time to their books if given an opportunity. The establishment of night or day schools for them here, he says, would at least "keep them out of mischief."

There are now 3000 Filipinos in the United States navy, says Mr. Marquardt, and these men, he adds, were spoken of very favorably by naval officers whom he talked with while on the mainland.

The Philippines has organized a national guard of 25,000 men, and this body has offered its services to the United States government in the present war. The islands, he continues, are having considerable trouble to get ships, but were fortunate in being able to ship all of this year's sugar crop, most of which went to the United States.

Mr. Marquardt conferred with Henry W. Kinney, superintendent of public instruction, this morning, on teachers' salaries.

ART EXHIBITION

There will be an exhibition of medals, medallions and photographs of sculpture by Roger Noble Burnham, and paintings by Juliet May Fraser, at the University Club, December 7 to 20, open to the public from 9 to 11 a. m., 2 to 4 p. m. and 7:30 to 10 p. m. Hotel street entrance.—Adv.

PROCLAMATION

The people of the United States of America will be invited, beginning Monday, December seventeenth, to and including December twenty-third, to join The American Red Cross. The Honolulu Hawaii Chapter desires of the people of this Territory to be more deeply interested in becoming members of the Red Cross and its work.

No elaboration of the serious necessity of its work need be given, for the events of war impress themselves on us daily.

I beg to urge Hawaii to make its membership in character and number as notable in The Red Cross as it has in other intensely patriotic endeavor.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the Territory of Hawaii to be affixed.

Done at the Capitol in Honolulu, this 13th day of December, A. D. 1917.

LUCIUS E. PINKHAM,
Governor of Hawaii.

By the Governor,
(Signed) Curtis P. Iaukea,
Secretary of Hawaii.

:: Business And Financial News :: FRANK C. LOWREY BREAKS OUT AGAIN FIGHTING AMERICAN REFINING CO. SUGAR FOR EXPORT TO NEUTRALS DISTRIBUTED TO DOMESTIC TRADE

The Federal Sugar Refining Company in a circular letter states that much criticism is heard in the sugar trade over the way the American Sugar Refining Company now being sued by the government under the Sherman act, has been allowed by the Food Administration officials to control the sugar situation.

Mr. Babst, president of the American Sugar Refining Company, the United States Food Administration and representatives of the Louisiana sugar industry, held conferences in Washington on October 22 and 23, to settle upon the price at which the Louisiana sugar was to be sold.

It was later announced by the Food Administration that 100,000 tons had been secured. The American company then stated that 50,000 tons would be refined in Louisiana and the other 50,000 would be shipped to our northern refineries at Boston, Philadelphia and New York.

"The indications now are," Mr. Lowry says, "that the total production of 96 test sugar will not exceed 60,000 tons, the balance of Louisiana production going for direct consumption."

list on the day of such sale greater than the advance allowed by the preceding rule to a wholesale dealer in the locality where such sale occurs.

Wholesale dealers: Rule 1. No wholesale dealers handle the same purchases such sugar from the refiner or producer, direct or through a broker, shall sell such sugar at an advance over the refiner's list price at which he purchased such sugar greater than the normal margin charged by wholesale dealers in refined sugar in the same locality or such margin as may hereafter be established by the food administration.

Practice Considered Unreasonable. Rule 2. It will be considered an unreasonable practice if two or more wholesale dealers in refined sugar who sell at a greater total margin than that prescribed by rule 1. No wholesale dealer or other licensee shall sell refined sugar to a retailer or to a person using such sugar in manufacturing at a price representing an advance over the producer or refiner's price

constructed to stay out of the market, and their responsibility for buying supplies left with the International committee, of which Mr. Babst and Mr. Rolph were members, it was natural for refiners to assume that this sugar had not been purchased for the American Sugar Refining Company alone.

"The following week Mr. Babst and Mr. Rolph, chief of the sugar division of the Food Administration, upon being asked whether the sugar purchased would be allotted to the different refiners, replied that it would not, and that the sugar had been bought solely for the American Sugar Refining Company. This statement came as a distinct shock to the other refiners, who had had no opportunity to purchase."

Mr. Lowry says that the announcement that the deal had been concluded was premature "through no lack of effort on the part of Mr. Rolph and Mr. Babst," but because the Louisiana planters refused to accept the prices offered and allowed only 25,000 tons of sugar to be sold to the American company.

"The indications now are," Mr. Lowry says, "that the total production of 96 test sugar will not exceed 60,000 tons, the balance of Louisiana production going for direct consumption."

NEW YORK, Nov. 15.—Statistics by special cables.—Cuba.—The entire list and receipts, none against none last week, 1,410 tons last year and 4,242 tons in 1915.

Exports: 11,000 tons, stock, 25,578 tons, against last year 97,279 tons. Stocks in the United States and Cuba together of 35,749 tons, against 48,902 tons last week and 135,537 tons last year, a decrease of 135,511 tons from last year.

RAWS.—The week has been a rather uncertain one as regards the actual selling basis of raw sugars. While the International Sugar Committee maintained the official quotation at 6.90c, duty paid (5 1/2 c. & f. for Cuba), there were several days when the Committee would not pay this price. In fact on Tuesday a trade bid for a lot of Venezuelas at a shade less than the official quotation, or say at 5 1/2 c. l. f., or 6.85c duty paid, against the official quotation of 6.90c.

However, on Wednesday the situation was cleared and the full 6.90c basis was restored by sales to the International Committee of Cubas at 5 1/2 c. l. f. (6.90c), and Philippine Centrals at 6.90c. Perms were sold at 5 1/2 c. l. f. Some further lots are understood to be under negotiation.

A sale of Louisiana refining grades is reported to Sugar Land, Texas, refinery at 6.35c f. o. b. plantation. Louisiana advices are to the effect that as the American only obtained 25,000 tons of Louisiana refining grades under their offer of 100,000 tons, they are now in the market for further sugars at the 6.35c basis. Another New York refiner is also reported as endeavoring to buy these sugars to the extent of 50,000 bags, but so far without reported success.

PHILIPPINE SUGAR CROP. NEW YORK.—Willet & Gray have received cable advices from Manila estimating 1917-18 sugar crop at 271,250 tons. The 1915-16 crop, the largest in recent years, was 332,158 tons. The 1916-17 crop is estimated at 210,000 tons, of which 184,000 tons have been received since January 1.

DEMAND FOR SMALL COIN. SAN FRANCISCO.—Director of the mint is receiving letters from business interests urging coinage of a 2 1/2-cent piece, to meet prices on small articles on which increases from 5 to 7 1/2 cents or 10 to 12 1/2 cents might be made. A bill will probably be pressed at next session of Congress to authorize minting of such coin. A number of street railway companies, which are considering raising fares to 6 cents, will urge legislation authorizing a 6-cent coin.

PACIFIC GAS REPORT. A decrease in net income of \$94,293.40, compared with October, 1916, is shown in the financial statement of the Pacific Gas & Electric Company for October, issued recently. Gross operating revenue for the month was \$1,129,738.74, and expenses were \$1,183,509.58. Accrued dividends for the month on preferred stock were \$123,935.34.

BRAZILIAN EXPORT LARGER. Sugar exports from Brazil during the first six months of 1917 amounted to 65,373 tons, according to statistics transmitted by Commercial Attache William C. Downs from Rio de Janeiro. This compares with a total of only 12,972 tons in the first half of 1916, and 55,412 tons for the first half of 1915.

WASHINGTON.—Representatives of concerns manufacturing table syrups after a conference with officials of the Food Administration, have announced that they have agreed to use a larger proportion of corn syrup and less cane from which sugar is made, and not to use granulated sugar in their products. A committee representing the industry was appointed to see that the agreement was carried out throughout the country.

Washington, D. C. November 19, 1917. Word was received today by the Sugar Division of the United States Food Administration that 25,000 bags, or 250,000 pounds, of beet sugar will be shipped next week from the beet sugar districts. This sugar will be consigned to New England states and will be distributed where sugar is most needed. The distribution will be under the direction of the American Refiners' Committee of the Food Administration.

FINANCIAL NOTES

ONOMEA SUGAR DIVIDEND. Next Thursday the Onomea Sugar stock will pay a regular monthly dividend of 40 cents and the extra dividend of 60 cents. This will be the fourth extra dividend paid by the company this year.

RECORD FOR C. P. R. The preliminary report of earnings of the Canadian Pacific Railroad for November shows that a new high record for any month in the company's history has been established. The weekly statement for November give an aggregate gross of \$14,542,000, and it is probable that when the usual adjustments are made the monthly statement will exceed \$15,000,000 by a good margin. The previous record for one month was \$14,738,774.

APPLICATION FILED. The United Light, Fuel and Power Company has filed with the Railroad Commission an application for an extension until January 1, 1918, of the time within which it may issue 10,000 shares of capital stock heretofore authorized by the commission.

LONDON LOANS LARGE. Annual reports of the 19 London joint stock banks show that on June 30 their aggregate loans and discounts were £83,300,000 greater than in 1914, but £97,500,000 greater than a year ago. Holdings of investments were £163,500,000 above 1914, but £19,700,000 below 1916.

PROSPECT OF NEW LOANS. Congress is expected to authorize two Liberty loans between February and July 1, aggregating more than \$3,500,000,000. The question of further advances to the allies will receive early attention.

TREASURY CERTIFICATES. The issue of treasury certificates due June 25 next closed last night with subscriptions reaching about \$690,000,000, more than any previous issue.

PHILIPPINE SUGAR CROP. NEW YORK.—Willet & Gray have received cable advices from Manila estimating 1917-18 sugar crop at 271,250 tons. The 1915-16 crop, the largest in recent years, was 332,158 tons. OLAA IS AGAIN HEAVY TRADER

Waialua and Olaa divided attention at the session this morning of the Honolulu Stock & Bond Exchange. 200 shares of the last named stock trading hands at the same old steady price of \$450, and 35 shares of the first named stock selling at \$22.75, also a steady figure. Between boards 65 shares of Olaa changed hands at the session price. Heavy trading in Pioneer was reported between boards: 500 shares selling at \$28.75, which was 25 cents higher than the closing price on Saturday. Mutual Telephone stock to the extent of 15 shares passed at \$12.50.

In the unlisted securities Montana-Bingham slumped a few cents; 600 shares going at 43c. Between boards 200 Montana-Bingham sold at 44c. Engles dropped 10 cents, 100 shares trading at \$4.45 and 50 at \$4.35. Madera and Mountain King were not selling, but the first stock improved 3 cents over Saturday's price.

In the miscellaneous stock Honolulu Brewing & Malting Company, Ltd., stock fell a quarter of a dollar, \$17.75 being asked with no bids. Present talk of nationwide prohibition is believed to be the cause of the slump and further decrease in this stock is expected.

LAST TRIP OF MAUI FILLED WITH ALARMS

Passengers See Divers, Lights and Things All Way From Honolulu

A voyage filled with alarms about German submarines and German submarines came to an end when the Matson Steam Navigation Co.'s steamship Maui reached here yesterday from Honolulu, says the San Francisco Chronicle of December 15. Through out the six day run from the islands reports spread in dining hall, promenade deck and cabins that the ship was being pursued by a strange vessel or that divers had been sighted from the bridge, many of the passengers not removing their clothes for fear of some untoward happening.

Twenty members of Congress, returning from an investigation tour of the islands, moving-picture people and residents of Honolulu were passengers on the Maui. Travelers said the movie stars, Sessue Hayakawa among them, were the only unperturbed persons on the ship, thinking so little of the various reports about raiders that they spent most of their waking hours at quiet game of cards.

Captain Francis Edwards said he took the usual course from Honolulu and did not raise his lights nor adopt any other means of trying to conceal the presence of his vessel. He said there was no basis for any fears of the passengers.

When the passengers boarded the Maui they had heard that the steamship Manoa had sighted a ship that did not respond to a wireless message, but were not aware the sighted vessel was La Primera, which was going about its business.

One of the groundless reports was spread on the Maui when a woman overheard the mate notify the captain, who was dining, that there were two lights to starboard. The woman substituted two submarines for the two lights and in a few seconds every one was talking about the subs being so close to the ship.

The next night an excited woman passenger spied what she thought was the light of a raider not far away. Other passengers hastened to take a look at the suspicious object. Good observers decided the light was the evening star and they were confirmed by officers of the ship.

The Maui has made her last voyage on the Honolulu run for some time, having been taken over by the federal shipping board to be transformed into a troopship.

JANUARY MID-PACIFIC IS TOURIST BOOSTER

The Mid-Pacific Magazine for January—just out—is filled with the story of the Pan-Pacific movement. There is an art section outlining the history of the Sierra club of California, which is the father of the Hawaiian Trail & Mountain club. There are articles by the leading men in the tourist game around the Pacific, who took part in the recent organization in San Francisco of the Western Tourist association. Herbert Cuthbert, executive secretary of the Pacific Northwest Tourist association, tells of his region; Luther Whitman of the National Forestry service gives the story of his work on the Pacific coast; Fred J. Halton tells the story of "Hawaii, the Clearing House of the Pacific;" and H. Stephenson Smith of the New Zealand Tourist Bureau tells something of that organization, as does a "son of Japan" of the Japan Tourist Bureau.

A. P. Taylor discourses on Kalaheua Day, and there is a story on San Francisco's Chinatown by Wm. A. Dandas. T. K. Love, secretary of the Chinese Chamber of Commerce, being one of the founders of the Pan-Pacific club in San Francisco, and this article is particularly appropriate. F. S. Digby of Sydney tells of the Pan-Pacific movement in Australia, and Charlton D. Perkins of the Foreign Trade club of San Francisco relates his experiences in Manila. Mr. Perkins is famous as a world traveler. Jean West Maury provides the best article yet written on the papia in Hawaii, telling of what can be done with this "jabberwockian" fruit, while L. W. de Vis-Norton, R. J. Baker and others, contribute their articles on Hawaii and Pacific lands.

The Japanese in their war with Russia wore paper shirts during the winter campaign.

WEEKLY PRODUCE REPORT

By A. T. LONGLEY, Marketing Superintendent. ISSUED BY THE TERRITORIAL MARKETING DIVISION FOR WEEK ENDING DEC. 14.

The general condition of the market has remained about the same during the week. String and wax beans are very plentiful and selling at from 2-1/2 to 3 cents a pound. The price of eggs is the same as last week but they are a little more plentiful. The price of island poultry has dropped a little during the past few days. Bananas are plentiful and the division is receiving large shipments from growers on Oahu. These are part of the bananas that would naturally be shipped to the mainland if shipping facilities were not in such a bad shape. Through a lack of steamship space, these bananas are rotting in the field and the division would like to see all the people of the islands earnestly take up the slogan of "A Banana a Day," and in that way assist in disposing of island bananas. Bananas are very nutritious and the children should be encouraged to eat them as well. These bananas that are being offered to the public at five cents a dozen retail, are the same as those sold on the mainland for from twenty to fifty cents. A shipment of Irish potatoes was received from Kauai this week which is being sold for \$2.25 to \$2.50 a hundred. Next week we expect to receive a large shipment of island cabbage from Kauai which is reported to be of exceptionally fine quality. The past week saw a reduction of two cents a pound on all hides due to a similar reduction on the coast.

USE OF HORSE MEAT IS URGED

[By Associated Press]
HELENA, Mont., Dec. 5.—As a partial solution of the meat problem W. F. Butler, state veterinarian of Montana, is urging the slaughter of the range horses of the northwest, which he declares are unprofitable for their present purposes. Hundreds of thousands who cannot afford to buy beef would by this means be supplied with meat, he declares, and ten to fifteen million dollars in cash would be the return. Such a course would also help to relieve the hay shortage and provide range for a million cattle and several million head of sheep, he believes.

"There is no staple market for the lightweight horse at the present time," she declares in a statement on the subject. "Its day of practical usefulness is practically at an end. It is a hay destroyer—a live liability rather than a live asset. This does not apply to the general utility draft horse. The farm draft horse is an asset to any country and will remain an asset just as long as fields are plowed and man grows crops for his sustenance."

"We have in Montana probably 300,000 lightweight range animals, and throughout the northwest I would say that there are over a million such animals, and throughout the United States probably 5,000,000. Among certain people there is an inherited prejudice against horse flesh, but there are many people who have not a prejudice against this food. In many countries it has been used for hundreds of years as a food product and at the present time it is offered for sale in New York, Cincinnati and St. Louis. "In food value horse flesh is about equivalent to lean beef. From a sanitary standpoint the horse is one of the cleanest animals living. Its habits require that it eat the purest food and drink the best of water. It lives in the open and is free from transmissible diseases than are either cattle or hogs.

"I am of the opinion that there will be no difficulty in obtaining a steady supply of horse flesh for some time to come. We received a communication several days ago from one of the large western horse markets saying that it would contract to supply 3000 horses monthly for the next 12 months."

REVIVAL OF STRAW PAPER

The manufacture of paper from the 4,500,000 tons of straw which must accrue from the planting of 2,000,000 more acres of land in England to wheat is advocated by farmers of the realm. Prior to the war England manufactured much paper, but with the importation of foreign pulp stopped the industry has lapsed. The board of agriculture of the island has been asked to act on the suggestion.—Kansas City Star.

HOOVER DECLARES SPRECKELS IS PEEVED AT LOSS OF BIG PROFIT

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, D. C., Dec. 17.—Answering the assertions made by Claus Spreckels before the senate committee which is investigating the sugar shortage that discrimination was shown by the food administration and otherwise attacking the food administration, its policies and methods, Herbert C. Hoover yesterday gave the following statement to the press:
"Anything which I have to say to Mr. Spreckels' statement will be said in due time to the senate committee.

"Spreckels is a 'sore' because he established the fact that Claus Spreckels, a leading sugar refiner, is sore at the food administration and the sugar commissions and would like to see it and them destroyed.

"I realize that Mr. Spreckels' balance sheet will not look so good to him as it did last year, for the refiners' prices for sugar have been regulated and furthermore his balance sheet would have looked much better to him this year if the price of last August had not been reduced and held fast in the face of a partial shortage that promised a fair opportunity for 30 cents a pound sugar and much increased profit to the refiner. Mr. Spreckels therefore has reason to feel badly.

Find Sincere Patriots
"There are other citizens some of whom now feel and others of whom will feel the same way and can, no doubt, entertain the public by directing assaults against the food administration as Mr. Spreckels has done. While many feel badly and more will feel badly, still the great majority of the men and women of our business community and of our farmers are sacrificing individual and personal profits daily to the necessities of the nation without complaining. Many are sacrificing more than their money, they are offering to the sacrifice their sons.

Shortage Three Months
"We have had two months of partial sugar shortage, October and November, and we shall also have December before relief from the new crop arrives.

"The American people have had five hundred thousand tons of sugar in those two months, and that is 70 per cent of the normal supply in each month, October and November, and if cars are obtainable, they will have 70 per cent of the normal supplies in

MRS. BALDWIN GIVES \$1000 TO 'Y' FUND

Mrs. H. P. Baldwin of Maui is the latest contributor to the Y. W. C. A. fund, having sent a check to the local association for \$1000, which brings the total amount received to date \$43,600. Checks are coming in by each mail, and it is expected that before the end of the week the total amount of \$45,000 will be raised.

There will be a meeting of the board of directors tomorrow morning, at which time the reports of the various committees will be received. Local workers have expressed the thought that no other community in the world excels Honolulu in contributions to worthy causes.
In the recent campaign contributions were received from thousands of friends of the association, many small amounts being received as well as large contributions. Contributions were received from the people of every nationality on the island, the Chinese and Japanese especially contributing to the fund.

WALL & DOUGHERTY TAKES ON HOLIDAY APPEARANCE

Wall & Dougherty's jewelry store, in the Young building, this morning blossomed forth in splendid holiday style. Beautiful large poinsettia plants decorate the store, and from their setting behind miniature trellis-work, add their Christmas cheer to the beautiful displays throughout the store.

Hawaii, being a land of sunshine the whole year, does not furnish as much Christmas atmosphere as some of the mainland states, yet poinsettias are abundant here and make excellent decorations as a visit to Wall & Dougherty's will show.

SAID HE WAS CRAZY; GOES TO JOHN WISE

Many strange things happen at the police station, but a new one was sprung on Police Sergeant Kamaouma Sunday morning, when Officer A. Kawahoa brought in a woe-begone Chinese, who calmly stated he was crazy. The sergeant believed him and locked him up. This morning he was shipped out to Kapiolani park, where he will be under the care of John Wise, superintendent, for the next three months.

GOVERNOR TO REST ON ISLAND OF KAUAI

Governor Pinkham will leave tonight for Kauai to be gone until the last of this week or the first of next. It is understood that he will be the guest of Colonel Z. S. Spalding and one or two other residents of the Garden Island.

The governor said today that he is going on this visit primarily for a rest, though he may consider such public business during his stay as is called to his attention.

According to announcement today six officers of the national guard have passed the federal examinations for guard officers as captains and lieutenants. They are as follows:
Capt. H. Stuart Johnson, Capt. Lewis B. Reeves, Capt. Luther A. K. Evans, 1st Lieut. Frank E. Midkiff, 2nd Lieut. James Yap Ho and 2nd Lieut. W. J. Gimbel.

LOCAL AND GENERAL

A meeting of residents of Royal Grove, Waikiki, to perfect an organization has been called for tomorrow night at 7:45 at the Outrigger Club.

The home of Lieutenant and Mrs. N. L. Kirk has been saddened by the arrival of a small daughter, born on December 2nd at Long Beach, California.

A petition for habeas corpus has been filed in federal court by Judo Ibara, a Japanese, who is seeking release from the federal immigration station.

There will be a rehearsal of some of the community Christmas tree carols for the enlisted men of the army and navy this evening at 7:30 in Charles R. Bishop hall, Punahou campus.

Frank Halstead was fined \$50 this morning in Judge Harry Irwin's court on the charge of heedless driving. The complainant was S. Kaduoka, whose machine Halstead ran into on November 26 in Kipapa gulch.

There will be a rehearsal of some of the Christmas carols for the enlisted men of the army and navy on Monday night, Dec. 17, at 7:30 o'clock in Charles R. Bishop hall, Punahou campus. Come.

The Sunbeam Class of Central Union Bible school will hold its Christmas party on Thursday afternoon, at 3 o'clock in the parish house. The members of the Cradle Roll are also invited to be present.

The case of S. Maida, charged with the murder of N. Tsunoda in the first degree, was committed to the circuit court this morning to be investigated by the grand jury. It was announced that A. L. Castle and Lorrin Andrews would aid in the prosecution.

Members of the Girls' Club of the Fort street Chinese church will hold a pageant at the Memorial hall on Friday evening, December 28. The play has been called the "Spirit of Sisterhood." Mrs. Leigh Doane, leader of the club, will have charge of the arrangements.

A. M. Cristy, deputy city and county attorney, and A. S. Cantin, city and county attorney, paid a visit to Laimi district Friday afternoon to investigate the claims made by James T. Taylor that under the assessment roll for that improvement district he was being over-assessed to the extent of more than \$200.

With the exception of roads and pipe lines owned by the territory, title to land on Maui aggregating 759 acres, has been vested in F. G. Correa, who recently filed his petition in the land court. Judge S. B. Kemp and Registrar Andrew Hogan have returned to Honolulu after hearing the petition on the Valley Island.

William Kau, a 12 1/2 year old Hawaiian boy, was severely bruised about the head and shoulders this morning when he ran his bicycle into an automobile driven by A. R. G. McCormick, chief inspector of the Mutual Telephone Company. The accident occurred in Moanalua park near the road to Salt Lake. Kau was taken to the Fort Shafter hospital.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.

C. - Complete figures upon the 6,000,000 tons program contemplated by the United States shipping board were announced by Chairman Edward N. Hurley. There are now building and under contract fifty-eight composite ships with a total tonnage of 107,000. There are 345 steel and fabricated ships with a tonnage of 2,666,400. Included in these are fabricated ships of 6000 and 7500 tons and steel ships of 8800 and 12,000 tons. There are 778 wooden vessels of a total tonnage of 3,310,000. This makes a total of 1181 ships with a total tonnage of 4,203,000. In addition ships with an aggregate tonnage of 2,250,000 are being commissioned. These will bring the total tonnage in the program up to about 6,500,000. All of these ships must be delivered before January 1, 1919. The term "post" as applied to paper was because the original water mark was a postman's horn.

MINNEAPOLIS, Minn. - Cooperation of millers, farmers, grain dealers and consumers has made it possible for the food administration grain corporation to effect a big saving of the country's wheat supply. Julius Barnes, president of the corporation, said the decrease in flour consumption amounts to 20 per cent. He said that flour mills have increased production 15 per cent above last year, which is in line with the corporation's policy of encouraging flour milling and exportation of flour, rather than wheat. Flour exports will total approximately 35,000,000 barrels, as compared with a normal export of 15,000,000 barrels, he said.

Dorothy Dix Talks

A SIDELIGHT ON DIVORCE.

(By DOROTHY DIX, The World's Highest Paid Woman Writer.)

MOST intelligent people have come to see that divorce is not an un-mixed evil, but a necessary evil. It is often the surgeon's knife that cuts away the cancerous sore in a life in order to save it, but just as surgery is not always an infallible cure for diseases, so divorce is not a never-failing remedy for domestic misery.

Sometimes divorce means jumping out of the frying pan into the fire, as the homely old phrase goes, and a man and woman who have been miserable together in matrimony find themselves still more wretched after they had parted.

After all, perhaps one gets attached to one's sparring partner and feels lost when deprived of the enemy with whom one has fought for years.

This is particularly the case with women, who are the complainants in more than three-fourths of the divorce actions and who find out in the majority of cases that their decrees absolute are boomerangs that annihilate them and that even a very indifferent husband may be better than no husband at all.

Without doubt men have the same experience, for there is no denying that with all its faults, its drawbacks, even its martyrdom, matrimony does unfit people for the celibate life, and the man who has grown accustomed to the comforts and discomforts of a home finds himself like a fish out of water when he is cast forth upon the cold comfort of boarding houses, hotels or clubs.

He may have rebelled against having to punch the domestic time clock; he may have writhed under the tyranny of a wife who kept tab on his going out and coming in, and who told him what he should eat and what he should wear, and what he shouldn't smoke or drink; he may have begrudged the money that went to pay for shoes and groceries, and milk for the baby, instead of for pleasure; his eyes may have wandered at the sight of a fat old wife and turned longingly towards sylvan-like chickens, but that while he is still bound hand and foot in the holy estate.

Let the law strike his shackles from him and he soon finds that matrimony has done its deadly work. He is a tamed and domesticated creature who has learned to eat out of a wife's hand, and he is lost without it.

There is no thrill in staying out at night when nobody cares whether you stay or not. What's the use of making money when a man has no one of his own to spend it on? Better even is the nagging of an honest, faithful, fat old wife than the jolliness of the painted lips of the sirens who work a man for all he is worth and from whom he soon turns in disgust.

Thus it happens that thousands of married couples who thought they could not live with each other find that they cannot live without each other, and it is a pity that there is not some half way station in the divorce proceedings where the law could offer a husband and wife a chance to take back all the charges they have made against each other, and kiss and make it up.

The thing that is the matter with matrimony after all is monotony. We try to run it as a continuous performance, with never a let up or a break in it with the same face across the table at every meal, listening to the same line of conversation three hundred and sixty days a year, rasped by the same faults, weaknesses, peculiarities, habits, and it gets upon our nerves. It's eating the thirty quails in thirty days that no appetite can stomach.

No wonder marriage is a failure. So would anything else be if we get too much of it. We loathe music, literature and art when we get an overdose of them. People with barrels of money get no enjoyment out of spending it. Nothing bores like a perpetual round of pleasure. We pray for rain after a long succession of sunshiny days. And if people could only

be married half of the time instead of all of it, or if every husband and wife had enough intelligence to go off by themselves for a long vacation and give separation a chance to do its healing work, there would be very few divorces.

When we are very close to people their faults rub us raw. But when we get away from them we get a clearer perspective and we see that we made mountains out of molehills, and that if another did wrong, we showed neither tact, nor patience, nor wisdom in the way in which we dealt with a difficult situation.

The other day I met an unhappy woman who said to me:

"Two years ago I divorced my husband because of an affair he had with another woman. I was mad with jealousy and felt that I could never forgive him; I hated him, and all I wanted to do was to take my children and get as far from him as possible. I thought that divorce would somehow be a cure for the agony that was eating my heart out and that once I was free from my husband I would be happy.

"But I have been utterly miserable. Except for this one big sin against my husband was all that any woman could ask. He was good and kind and generous to me and the children. We had a pretty home, a settled place in society, and I could devote myself to taking care of my children.

"My divorce changed all of that. I have no home. I have had to go to work to help support my children and they lack many things they need that their father could have given them. People pity me as a divorcee and I can see that even my family and my friends who urged me on to get a divorce and not to stand being flouted

by my husband, consider me a burden on them.

If I were confronted with the same problem today there would be no divorce for me. I would stick to my home and my place in society and I'd shut my eyes to my husband's philandering until he got tired and came back home repentant, as men always do, if you give them time enough. I should try to size the situation up fairly and take the lesser evil, instead of jumping into the greater one, for after all a hurt heart and wounded vanity are not as hard to bear as the loneliness and desolation of the divorced woman who has no real niche in the world because she is neither maid, wife, nor widow.

"Do you know what divorce is?" went on the woman. "It is a shock that brings people to their senses and makes them realize how much they care for each other. It made me care that I could never be happy without my husband. It cured his infatuation for the woman. When he was free to marry her he didn't want to do it. Now he wants me to come back to him, to try the experiment over again, but my family and friends advise me against it and say that if he was faithless once he will be faithless again, but I need him and the children need him. What shall I do?"

"Marry him," I said. "You both found out that there is one thing worse than matrimony, and that's divorce. And the next time when you begin to quarrel, take a good long trip. Temporary separation is the only sure antidote for the divorce evil."

It Happens in the Best Regulated Families

By BRIGGS

Schofield Barracks Society

(Special Star-Bulletin Correspondence.) SCHOFIELD BARRACKS, Dec. 15.—Capt. and Mrs. Charles Rice, Chas. Rice, Jr., and little Miss Jane Rice were the guests of Capt. and Mrs. Walter Greacen for dinner on Sunday. The honoree was Mrs. Greacen's small daughter, Katherine, whose fourth birthday it was.

Mrs. Philip Thurber and small son Pomeiroy spent several days of last week as guests at the Young Hotel.

Miss Mellie Cotchett attended the attractive bridal luncheon given at the Country club by Miss Isabel Baker of Fort Shafter in honor of Miss Martha McChesney, who is one of the beautiful bride-elects of the Christmas holidays. She will be welcomed to Schofield Barracks as the wife of Capt. Owen Fowler of the 4th Cavalry.

The many friends of Capt. and Mrs. Charles Rice will learn with regret that Capt. Rice has received orders to proceed to the Western Department. Capt. Rice will be accompanied by his charming family, and their departure will be a distinct loss to the society life of the post. Capt. Rice expects to leave in January.

The handsome home of Maj. and Mrs. Case Deering in Honolulu was the setting for a very delightful garden tea given on Tuesday afternoon. Major and Mrs. Deering invited in a number of their friends in compliment to Gen. John Wisser. During the afternoon the 25th Infantry band furnished a beautiful selection of music, which was much enjoyed by the guests. From Schofield Barracks Major and Mrs. Deering's guests were: Col. and Mrs. Earl Carnahan, Miss Katherine Carnahan, Capt. and Mrs. Clarence Danielson, Capt. Carl Ballinger and Lieut. James Ballard.

Mrs. William Saportas left on the liner Sierra, which sailed for the United States on Tuesday afternoon. Mrs. Saportas expects to join Lieut. Saportas in San Francisco. Major and Mrs. John D. Burnett had Mrs. Downes as their attractive house guest for Sunday and Monday of this week. Mrs. Downes, who is the wife

of Senior Lieut. Downes of the battleship Cincinnati, was on the transport Sheridan on route from Manila to the United States, and when the Sheridan stopped for two days in Honolulu Mrs. Downes spent the time at Castner as the guest of Major and Mrs. Burnett. Mrs. Downes is a sister of Mrs. Frederick Austin, who was recently a member of Schofield Barracks society.

Mrs. Short and Mr. Lyman P. George of Honolulu enjoyed the charming hospitality of Capt. and Mrs. Lloyd Clary for dinner at the University club in Honolulu on last Saturday evening. In the afternoon the party had been the guests of Mr. George for a swim at Waikiki.

Major La Vergne Gregg is very much delighted over the arrival of Mrs. Gregg and their daughter, Elizabeth, who were passengers on the transport which docked in Honolulu on Thursday from San Francisco.

Another popular army family has left Schofield Barracks for the fair city of Honolulu, namely, Col. and Mrs. William Banister. Colonel Banister succeeded Col. Keefe as chief surgeon on Gen. John Wisser's staff, Col. Keefe having been ordered to the mainland. Col. and Mrs. Banister will occupy a suite in the Halekulani hotel on Waikiki.

The awe inspiring Kilauea Volcano is drawing its usual portion of visitors from Schofield Barracks this month.

as Capt. and Mrs. Lloyd Clary and small son, Hugh; Capt. and Mrs. Albert Hennessy, Mrs. Samuel Heldner, Mrs. Charles Watson and two children left the post yesterday to spend ten days in Hilo studying the phenomenon of the ever burning crater. They propose to return on Christmas day.

Col. and Mrs. Earl Carnahan entertained with an informal dinner party on Thursday evening, having as their guests Major and Mrs. Case Deering and Miss Katherine Carnahan. A vase containing cut flowers and green leaves adorned the table as a much admired centerpiece.

Capt. and Mrs. Lloyd Clary entertained Mrs. Lillie Noble White and Lieut. Arthur Davis as their guests for the movies on Tuesday evening.

Major and Mrs. Herbert Charles Gibner were host and hostess at a handsomely appointed dinner party in their attractive quarters at Castner. This delightful event was given on Tuesday evening and was more of less in the nature of a farewell to Col. and Mrs. William Banister, who moved to Honolulu on Thursday.

Vases and bronze bowls of beautiful white chrysanthemums were placed here and there about the quarters to effect a lovely background for the dinner party. As a centerpiece for the table a cluster of delicate white periwinkles were used. Place cards marked seats for Col. and Mrs. William Banister, Capt. and Mrs. Arthur Markley, Lieut. and Mrs. Mueller and Major and Mrs. Gibner.

The third battalion of the 32nd Infantry have moved into the canton-

ment left vacant by the departure of the 1st Field Artillery. The officers in command of this battalion are Capt. Corbit Hoffman, Captain Charles Ketcher, and Captain William Warren.

When the transport Sheridan sailed from Honolulu on Monday afternoon for the mainland, a number of army people from the Hawaiian Department had been added to the passenger list. Schofield Barracks was a loser of the following people, Captain and Mrs. Charles Jewel, and little daughter, Mary Jewel; Major and Mrs. Jacob Devers and infant daughter; Mrs. Archibald Arnold and Mrs. Philip Thurber and small son Pomeiroy. Mrs. Arnold and Mrs. Thurber will join their husbands at Fort Sill, Oklahoma, their husbands at Fort Sill, Oklahoma.

Among the guests at the Haleiwa hotel for dinner on Sunday evening were Major William Russell, Captain Charles Bankhead, and Mrs. Halstead of Pearl Harbor.

Mrs. Walter Greacen was the charming hostess on Wednesday to the regular weekly meeting of the 1st Infantry Bridge club. The members enjoyed an unusually pleasant afternoon until 5 o'clock when a tempting luncheon was served to Mrs. Greacen's guests who were Mrs. Charles Rice, Mrs. Englebert Overshine, Mrs. Henry Lewis, Mrs. Harry Blasland, Mrs. Charles Watson, Mrs. Robert Houston Anderson, and Mrs. Corbit Hoffman.

A very charming social event of this week was the dinner party given on Thursday evening by Captain and Mrs. Orville N. Tyler. The table held a very beautiful centerpiece formed

from an immense cluster of gorgeous yellow chrysanthemums. The same lovely flowers were used to decorate the cozy home. Place cards, which harmonized with the color scheme, were used to mark covers for Captain and Mrs. Tyler's guests who were Colonel and Mrs. John Heard, Colonel Lucius Durfee, Miss Mollie Cotchett, Miss Lenore Tyler, Mrs. P. B. McStocker of Honolulu, Captain Raymond McQuillin, Captain Carl Cohen, and Mr. John MacCauley of Honolulu.

Captain and Mrs. Lloyd Clary, Mrs. Short and Mr. Lyman George of Honolulu formed a jolly party of dancers, who enjoyed a pleasant evening at the Alexander Young roof garden on last Saturday evening.

The little folks of the post had a very jolly time at the party which Major and Mrs. Herbert Charles Gibner gave for their son, Herbert Cnas. Gibner, Jr., whose ninth birthday it was. The party took place on Saturday afternoon and ended with a birthday dinner and the movies where the grand finale was "Charlie Chaplin." All the usual birthday goodies were spread before the little guests who really had the time of their young lives. Master Gibner's guests were Barbara Lowe, Miriam Halstead, Katherine Greacen, Billie Smoot, Jane Rice, Billie Walter, Christy Smoot, Dona Forbes, McArthur Manchester, Jack Smoot, Billie Forbes, Charles Forbes, Charlotte Gibner, Dickey Smoot, and Margaret Blasland.

Captain and Mrs. Paul Manchester, Captain and Mrs. Whitaker, and Major La Vergne were the honor guests at an enjoyable dinner party given on

last Sunday by six of the bachelor officers of their regiment. These officers have a very successful mess and entertained their guests royally, the hosts were Lieut. Jacobson, Lieut. Austin, Lieut. Sparks, Lieut. Beckman, Lieut. Williams, and Lieut. Haskins.

Captain and Mrs. Orville N. Tyler entertained 12 of their friends at a beautiful dinner party on Monday evening of last week in celebration of their wedding anniversary. The affair was also given in honor of Mr. and Mrs. Magoon whose anniversary it was also. The long table at which the guests were seated was brilliantly decorated with a flower motif in color scheme of yellow, green and white. Beautiful yellow roses and green ferns were used to carry out this decoration. In the very center of the table stood a miniature wedding procession in all its loveliness, cunning little kewpies being used for the bride and groom and attendants. The feature was very striking and very much admired. The name cards each bore reference in some way to love and wedding bells. Captain and Mrs. Tyler's guests were Mr. and Mrs. A. W. T. Bottomley, Mr. and Mrs. J. L. Cookburn, Mr. and Mrs. J. H. Magoon of Honolulu, Lieut. and Mrs. Frank Brigham, Miss Mellie Cotchett, Miss Lenore Tyler, Mr. John MacCauley, and Mr. Thomas Abel of Honolulu. As a further pleasure of the evening Capt. and Mrs. Tyler entertained at bridge.

At the conclusion of the games it was found that Mrs. Brigham, Mrs. Cookburn and Lieut. Brigham held the highest score at their respective tables and as such were awarded the prizes.

How You May Throw Away Your Glasses--Doctor Tells How To Strengthen Eyesight 50% In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

LONDON.—The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunates, then these glasses may be ruining your eyes instead of helping them, says Dr. Lewis. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Optona tablets. Dissolve one Optona tablet in 1/2 glass of water. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, reports wonderful benefits from the use of this prescription. One man says: "I was almost blind, could not see to read at all. Now I can read everything without any glasses and my eyes do not hurt any more. At night they would pain dreadfully; now they feel fine all the time. It was

like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses but after using this prescription for 15 days everything seems clear. I can even read fine print without glasses." Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses might never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong magnetic eyes through the prescription here given.

Note: Another prominent city physician to whom the above article was submitted, said: "Optona is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family."—Adv.
