

GERMANY USES RUSSIA IN EFFORT TO NEGOTIATE PEACE

GERMAN U-BOAT ATTACK FAILS, SAYS PREMIER

Lloyd George Says Submarine Campaign Successfully Met, Though Hopes for Armies Have Not Been Realized Because of Russian Collapse

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Dec. 20.—Premier Lloyd George of Great Britain today set the stamp of his authority on the statement that the German submarine warfare is being successfully met and defeated.

In a notable statement to the house of commons, in which he reviewed land as well as sea operations of recent date, he declared that the margin of losses at sea by the U-boat campaign over the new tonnage placed into operation by the Allies is growing less and less—that Germany's hope of driving the merchant ships from the sea is doomed to defeat.

Teutons Make Big Effort to Smash Road into Italy

LONDON, Eng., Dec. 20.—With their avenues of communication through the mountain passes behind them becoming impassable because of the snow, which has been falling heavily for some days, the Austro-Germans are now making a supreme effort to smash their way through the Italian lines and into the Venetian plains, where winter quarters may be established and where the invading armies may live largely off of the country.

At two points of the line furious battles are raging, each side fighting desperately in the knowledge that the defeat of either will have the most serious consequences. At both points the Teutons have made gains, in neither case of importance, while the German and Austrian losses have been very heavy.

One series of attacks was launched against the Italians holding the western bank of the Lower Piave, this blow being aimed directly at Venice. Under cover of a concentrated deluge of shells the Teutons threw a pontoon bridge across the river some three miles from its mouth and just above that section of the district which the Italians had flooded. Across this bridge a strong detachment of the enemy poured before the Italians could rush a force to hold the ground.

After a desperate series of attacks, the Hunns were finally driven back to the river's edge, where they are now being held, with the positions behind them smashed by the Italian guns. To rescue these attackers and break the Italians, four other attacks were made simultaneously along the same sector, each being realized with tremendous losses to the Teutons. Other attacks were developing late yesterday and the fighting on the Lower Piave is still continuing. The Italians are holding firmly, however, and the situation of the first party of the enemy which crossed is desperate.

Admiral Parks Follows Harris At Washington

ADMIRAL C. W. PARKS, Made Chief of Bureau Naval Yards and Docks

In taking up the duties of chief of the bureau of yards and docks at Washington, to which he has just been appointed with rank of rear admiral, Captain C. W. Parks of Pearl Harbor will succeed Rear Admiral Frederic B. Harris, judging from information just received from Washington.

Admiral Harris has held the position of yards and docks chief since January of 1916, but was recently relieved of that position to become shipping board manager through appointment by President Wilson. The former shipping board manager was Rear Admiral Washington L. Capp, who was compelled to resign on account of ill health.

The type of man chosen for the yards and docks position is shown by the fact that both Admiral Harris and Admiral Parks are engineers of long experience and high technical training. Admiral Harris added to an already well established engineering reputation, when, against the advice of friends he attempted and carried to a successful conclusion the project of building a drydock in the quicksand at the navy yard, New York. Two contractors had already failed on the project when Admiral Harris took it up and carried it out successfully.

DIRECTOR FOR U. S. TRAINING

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 20.—Major-General J. F. Morrison was today appointed by the war department as director of military training, and plans are under way to coordinate the work of all the army camps.

FILM COMEDIAN KILLED BY AUTO

(Associated Press by U. S. Naval Wireless.) LOS ANGELES, Cal., Dec. 20.—Eric Campbell, one of the best known comedians of the movie field, and a member of the Charlie Chaplin company, was killed here today in an auto accident.

RUMANIAN MINISTER TO JAPAN IS DEAD

(Special Cable to Nippon Jiji) TOKIO, Japan, Dec. 20.—Nicholas Zenopol, Rumanian minister, died here yesterday. He came to Tokio to discuss the new treaty between Rumania and Japan. He will be buried tomorrow in the Aoyama cemetery.

U. S. Puts Ban On Exports If Space Not Sure

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 20.—The interstate commerce commission today authorized the railroads not to accept export shipments to Pacific ports unless cargo reservations were made in advance, and all port and vessel charges paid or guaranteed.

Violent objections to the proposal of the railroads to place an embargo on westbound freight for Honolulu and the Orient were made by Honolulu railroad agents and Honolulu merchants when the plans of the railroad companies first became known here. The fight was led by H. E. Vernon, Honolulu general agent of the Santa Fe, supported by the Honolulu Chamber of Commerce, but as the Associated Press report shows, without avail.

Mr. Vernon attempted to convince officials of his company that Honolulu freight from the East would cause no congestion in San Francisco and the restriction would result in the need to employ ships' brokers to secure cargo space by Honolulu consignees. Also that old trade connections with eastern manufacturers would be severed by the embargo rule, and that new ones would have to be established on the Pacific coast.

BONUS TO ARMOUR TO HOLD PLANT IN CHICAGO ALLEGED

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 20.—That the company operating the stockyards at Chicago had offered a bonus to Ogden Armour if the big Armour plant were retained in Chicago was told to the federal trade commission by F. R. Hart today. Hart said that the stockyards company had agreed to pay Armour in excess of 9 per cent of its earnings to prevent a proposed removal of the plant to the west.

Aged Woman Kills Farmer Son Who Killed Her Grandson

(Associated Press by U. S. Naval Wireless.) MONTROSE, Col., Dec. 20.—Mrs. J. H. Bush, aged 72, today confessed to the murder of her son, John, a farmer of this section, while he was sleeping. She declared that her son had killed his own son, her grandson, a boy of 11, and dismembered the body, then forcing her to assist in boiling it in the lye of a soap vat until the body was destroyed. Later, she said, she killed John and disposed of his body the same way. She said she did this because he would kill her. Officers are searching the farm seeking corroborative of her story.

MINE EXPLOSION; ELEVEN ARE DEAD

(Associated Press by U. S. Naval Wireless.) KNOXVILLE, Tenn., Dec. 20.—Eleven miners were killed today when a big explosion occurred in the Dour mine, near Newnour.

ROTARIANS SEE SHAFTER FOR WEEKLY LUNCHEON

Major Charles G. Mettler ushered the Rotarians into a novel experience for the weekly club luncheon today. The club went to Fort Shafter, was met by the major, who is a Rotarian, and after an inspection of interesting things there, sat down to "mess," afterward returning to the city.

30,000 TAKE OUT PERMITS TO BUY BOOZE

Liquor Board Meets This Afternoon to Discuss Means of Handling Xmas Rush

A matter of importance which will be taken up by the liquor license commission at its meeting this afternoon is that of handling the Christmas business in the easiest way without letting down any of the bars which have been put up to prevent the illegal sale of intoxicating drinks.

To date there have been close to 30,000 liquor permits issued under the new system and the next few days will see that number greatly increased," said William H. Hutton, license inspector, this morning. "The commission this afternoon will meet heads of wholesale houses to agree on some method of handling the situation. We do not want to discontinue the use of the permits for the few days before Christmas. It is possible that we may place a man in all of the large wholesale houses to pass on the permits.

"The use of the permits has greatly helped the office in keeping a check on where the liquor goes," said Mr. Hutton. "As a result whatever is done to help the wholesalers must not in any way lessen the hold we have gained over the situation."

WILL TAX ACCOUNTS UNDER \$100

Local Banks Decide to Charge 50 Cents a Month on Small Checking Accounts

Commencing January 2, 1918, the banks on this island will make a charge on commercial depositors whose checking accounts are below the \$100 mark of 50 cents for each month that the balances are in that condition. Five banks, the Bank of Hawaii, Bishop & Co., First National Bank, the Bank of Honolulu and the Army National Bank at Schofield have mutually agreed upon this course.

MAJOR LEONARD SENT TO STATES

Maj. Charles F. Leonard, 1st Infantry, who was in command of the training camp that recently closed at Schofield Barracks and who served on the board that nominated the officers to be chosen from there, is ordered to proceed to the mainland through word from Washington received today at army headquarters.

The officer is ordered to San Francisco, to report from there by cable to the adjutant general at Washington for instruction where to proceed. It is presumed that he will be given duty in the signal corps, as he is mentioned in the cable as being in that arm of the service. He has had signal corps service before. Maj. Leonard was transferred to the 1st Infantry at Schofield in the autumn of 1915. He was a popular officer among the candidates at the recent camp.

\$75,000 Worth of Opium Seized Here Sent to Washington

Opium valued at \$75,000, according to the present high prices, is being packed today for shipment to the surgeon general of the public health service at Washington, D. C., by the customs officials. In all there are 325 pounds of the opium, one of the largest shipments which has ever been sent from here. All of this opium is the quantity which has been seized here by the customs inspectors since last March. When it reaches Washington it is to be distributed for medicinal use of the army and the navy during the war. So valuable is this shipment of seized opium that it is to be sent to Washington by Wells-Fargo Express.

French Show Honor to Local Girl When Sick

Miss Wilhelmina Tenney Admitted to Hospital Reserved for Severely Wounded

Miss Wilhelmina Tenney, daughter of Mr. and Mrs. E. D. Tenney, had the distinction of being the only woman patient ever admitted to certain military hospital in France. Since last September she has been in France engaged in canteen war work, and in the latter part of October was taken ill.

The only hospital near her canteen occupation, which she was unable to name in her letter to her parents, due to the censorship, was one reserved exclusively for severely wounded soldiers and to which no other woman had ever been admitted. But when the condition of the Honolulu girl was explained to the hospital superintendents they readily consented to care for the "young American mademoiselle."

WOMEN WILL BE ASKED TO HELP IN DRAFT WORK

Women of Honolulu will be called upon to aid in the big task ahead of the selective draft workers of getting the new questionnaires filled out, according to Capt. F. J. Green. At Capt. Green's suggestion the chief registrars in the various precincts will include women of their districts in the organization plan.

"This is work in which women can participate just as well as men," said the draft officer today, "and I am sure that there are a large number of women here who will be glad to offer their services in this way."

17,000 MEMBERS RED CROSS TOTAL

No word was received this morning from Maui and Kauai as to what success these islands have had in the drive for new members to the Red Cross but the number on Oahu continues to grow, according to A. L. Castle, chairman. This morning he received a cable from Washington asking how the work was progressing, and wired back that 17,000 members have already been obtained but that he anticipated that the number would be 25,000 before the drive was over.

CENTRAL POWERS DISCLOSE PLAN TO BE USED AS LEVER ON ALLIES; COSSACKS GAIN

Bolsheviki Face Rapidly Growing Army Under Orenburg, Allied With Kaledines—Independent Cossack Government Set Up

(Associated Press by U. S. Naval Wireless.) PETROGRAD, Russia, Dec. 20.—Germany is planning to secure assistance of the Bolsheviki government in the forthcoming proposal for a general peace, according to statements in the press here. It is declared that representatives of the Central Powers have told the Russian peace commissioners at the preliminary armistice conference that they intend to propose peace to the Allies and have asked Russia to take similar steps. It is declared also that the Bolsheviki government is complying with this request.

PETROGRAD, Russia, Dec. 20.—Gen. Orenburg, at the head of a large army of Cossacks, is now actively opposing the Bolsheviki forces and has occupied the important town of Teletsk, a trans-Siberian railway junction.

LONDON, England, Dec. 20.—The negotiations between the Bolsheviki government and the German government to bring about peace are assuming an important aspect. Foreign Ministers von Kuehmann of Germany and Czernin of Austria-Hungary are en route to the scene of the conference with their suites, and it is reported that the main reichstag committee has been summoned to Berlin in connection with the peace moves.

Gen. Krylenko, the Bolsheviki commander, has been enabled to withdraw troops from the Russo-Teuton front in order to meet the menace of Gen. Kaledines, who is sweeping part of the southern country with his Cossacks.

It is reported that the Russian troops are preparing to evacuate Poland.

Kaledines Sets Up Independent Cossack Kingdom, Wins Victories

(Associated Press by U. S. Naval Wireless.) LONDON, Dec. 20.—After winning a decisive victory with his Cossacks Kaledines has proclaimed the independence of the Cossack territory and has made an offer to the Bolsheviki government that strife shall cease upon the basis which he names. This was the news contained in a despatch received by the Post from its Petrograd correspondent last night.

On Monday the Cossacks finally occupied Rostov, the Post says this morning. The infantry that remained there joined forces with the Cossacks, the rear guard surrendering to the combined forces.

Following this Kaledines proposed to the Bolsheviki government that civil strife shall cease, in this proposal he expressly stipulated that the territory occupied by the Cossacks should be independent of the Petrograd government and free from any interference or intervention on the part of the Maximillists.

Reuter's Agency in a despatch received here says that a decree was issued in Petrograd turning over the entire administration of the fleets to the central committees.

Other Petrograd despatches told of the preparing of a decree by the commission of justice reinstating the death penalty against all "enemies of the nation" and that Trotsky had decreed that all consuls to foreign governments shall be elected by the Russian colonies in the cities in which they reside while the ambassadors shall continue to be named by the government.

DIVIDENDS TO ALIEN ENEMIES ARE HELD UP

Local Concerns Advised By Huber to Pay Out Nothing to Teutons Abroad

Acting upon the advice of U. S. Attorney S. C. Huber, Hawaiian corporations paying dividends to alien Germans or Austrians residing outside of the United States, or to persons of other nationalities residing in enemy nations or in nations trading with the enemy, are withholding all moneys now due these persons, and will continue to hold them until an enemy property custodian is appointed for Hawaii, or until otherwise instructed by A. Mitchell Palmer, national custodian.

All of these local corporations have consulted Attorney Huber regarding the payment of dividends of other moneys to persons residing without the United States, and he has advised them to retain the money for the time being, but to continue making their reports in these matters to Custodian Palmer. They will continue to hold the money until directed as to whom to turn it over.

In Attorney Huber's opinion some local persons or institution will be appointed to take over this enemy property, and whether the government will designate an agent or a depository he does not know. Under the trading with the enemy act no dividends or other moneys shall be paid to persons living in countries occupied by the Central Powers or persons residing in countries trading with the Central Powers, irrespective of their nationality. This applies to persons residing in Denmark, Holland, Switzerland,

LICENSES OF FOODHOARDERS TO BE REVOKED

Child Says Storage Law Will Be Punished

Wholesalers and other dealers in and distributors of foodstuffs will have their federal licenses revoked if they willfully permit food products to go to waste in ice houses or cold storage plants.

This is the announcement made by Federal Food Administrator J. B. Child following an investigation of local cold storage plants and ice houses to determine whether food is being hoarded here, or being allowed to go to waste.

SHINGLE GIVEN CHARGE OF WAR SAVINGS DRIVE

The sale of war savings certificates in the territory of Hawaii will not start until after New Year's, unless Robert W. Shingle of the Henry Waterhouse Trust Company now on the mainland and yesterday appointed director of the campaign for the sale of the certificates in this territory, deposes someone in the city to represent him. It was learned this morning that Mr. Shingle is not expected to return till the middle of January.

Whether Mr. Shingle has been appointed under John S. Drum of San Francisco, who was given the position of director of California and Hawaii for the campaign of war savings certificates by the treasury department in Washington, or whether Mr. Shingle has been appointed for Hawaii in supreme charge and Mr. Drum now given only California to handle is not known, as the dispatch yesterday did not contain details.

Local businessmen who are anxious to have the war savings campaign started at once are contemplating sending a cable to Mr. Shingle, asking him to authorize someone to act in his place here to open and conduct the campaign until he returns to Honolulu.

Postmaster D. H. MacAdam stated today that he had received no war savings certificates or stamps as yet. He sent a cablegram last night to the treasury department, asking that the stamps and certificates be rushed at once, as local businessmen wish to get the campaign under way immediately.

CONTRARY WINDS DELAY SCHOONERS FROM NORTH

Unexplainable contrary winds are being encountered by sailing vessels coming here from the Sound ports, which navigators are at a loss to understand as there should be favorable breezes at this time of the year.

It took the schooner Alice Cooke, which is now in port, 49 days to come here from Port Townsend, when she usually makes it in 24 to 28 days. The farthest distance travelled on the last voyage of the Alice Cooke in one day was 149 miles, and as is explained by Captain Burmeister, "most of this was in the wrong direction."

The contrary winds, or lack of them, is also said to be the reason it took the Annie Larsen 50 days to make the voyage from Grays Harbor.

JOHNSTONE IS COLLECTOR UNTIL TOMORROW NIGHT

Acting Collector Ralph S. Johnson, internal revenue office, will hold that position until close of business tomorrow night. At the opening of business on Saturday morning, Howard Hathaway, the new collector, will take charge of the office. The formal transfer between the two men will be made by Internal Revenue Agent W. W. Anderson, in charge of the San Francisco division.

STANDARD INSURANCE POLICIES SUBMITTED

Specimen copies of the new fire insurance policies which were required by the last legislature to be used are reaching the office of Territorial Treasurer C. J. McCarthy. The law requires that the policies be the same as the standard policy used in New York state, and with the exception of different headings for the different companies they are all alike. The new policies go into effect on Jan. 1.

FIVE BUILDING PERMITS

Five building permits were issued this morning by the building inspector's office. K. Matsumoto was given permission to erect a one story office building on the makai side of Berea street, 50 feet from the junction of King and Beretania streets, to cost \$1000. L. B. Kerr was granted a permit to build a residence on the makai side of Kalakaua avenue opposite Alana lane to cost \$100. J. Kurashige was granted a permit to build a kitchen on the makai side of King street opposite Long lane to cost \$35. Charles Koellina will build a dwelling to cost \$400 in Kooauapoiki district, two miles from Kaneohe. B. Hinero was granted a permit to erect a small warehouse on the mauka side of McCully street to cost \$175.

So far as is now known the next mail for San Francisco will close at noon Saturday. A mail from San Francisco is expected to arrive here the same day.

Jean Sabo, formerly with Troop D, 4th Cavalry, has been ordered to Fort McDowell, California, where he will be discharged on account of fraudulent enlistment. Sabo is said to be an Australian.

Former Governor George R. Carter has not returned from the East, reports to the contrary notwithstanding. He is expected to arrive soon, however. Mrs. Carter will not return with him.

There will be no rehearsal of the entire Community Christmas Tree Chorus and band until Sunday at 3:30 p. m. at the Capitol. Friday night at 8 o'clock the tableaux with a small group of singers will be rehearsed.

By climbing to the top of the 75 foot flagpole at Fort Shafter yesterday and putting the balyard again through the pulley there, Sergeant Morris of the Signal Corps won a reward of \$10 and the praise of officers and comrades. A gust of wind had whipped the rope out of the pulley on the previous evening.

Raymond C. Brown, secretary, announced at the last meeting of the chamber of commerce for the year, yesterday afternoon that Honolulu is to be included in the census bureau's publication of financial statistics of all cities in the United States with a population of over 30,000. Previous to this Honolulu has not been included in the list.

After two and a half years spent in France, Mons Blau, formerly a watchmaker with the Wichman Company, is now in port, 49 days to come here from Port Townsend, when she usually makes it in 24 to 28 days. The farthest distance travelled on the last voyage of the Alice Cooke in one day was 149 miles, and as is explained by Captain Burmeister, "most of this was in the wrong direction."

DRAFT REGISTRARS REQUESTED TO SERVE

Capt. F. J. Green, draft officer, has sent wireless messages to the registrar force of registrars on the other islands asking them to serve as interpreters in getting the new draft questionnaires filled out. These are the men who rendered such efficient service on registration day. The registering force on this island will be asked to work on the questionnaires for a period of 20 days from January 1. The work will be divided so that each man will need to work only once a week in this task.

PEARL HARBOR RELAYS RADIO MANILA TO U. S.

High power Poulsen wireless plants now connect the Asiatic squadron with the national capital, by relay through the Pearl Harbor naval radio station, the San Diego station and the one at Sayville, L. I., as the result of the completion of the last link in the chain between Manila and Washington.

Announcement of the formal opening of the Cavite station was made yesterday in Washington after a wireless greeting to the secretary of the navy was received from Admiral Knight. The message was relayed from Pearl Harbor to San Diego, and from there on to Washington by the way of Sayville. The message was sent from the flagship of the admiral to the newly completed Cavite station and from there started on its half way round the world journey, over sea, mountains and plains.

After receipt of the message in Washington another one of congratulation was wireless back to the Asiatic commander by Secretary Daniels.

Captain Clark, commandant at Pearl Harbor, stated last night that he had no official knowledge of the exchange of messages between Admiral Knight and Secretary Daniels, but he had known of the official opening of the Pearl Harbor-Cavite radio service.

HONOLULU BOY MADE LIEUTENANT-COMMANDER

Typical of the way in which Honolulu boys have demonstrated their ability to rise in the navy and army is the case of Ellis Lando, son of Mr. and Mrs. J. Lando of this city, who has just been promoted to the rank of lieutenant-commander. Commander Lando is at present attached to the Chattanooga as executive officer. Not so many years ago Lando was a McKinley High School student, but since then his rise has been rapid, a fact which has been a source of gratification to his many friends in this city.

EMBARGO ON RICE MAY BE ORDERED HERE

An investigation of the local rice situation is to be started shortly by Federal Food Administrator J. F. Child, with a view to putting a stop to shipments of Hawaiian rice to the mainland except in cases where there is a surplus after all island demands for the product have been met.

Administrator Child has learned of several instances where Hawaiian rice has been shipped to the mainland and then shipped back to the islands, an action which he considers an unwarranted waste of cargo space, especially in these times, when it is difficult to get any cargo space at all.

He is determined to find out who these shippers are and to put a stop to such shipments on the ground that Hawaiian rice should be kept at home until such a time as it has filled local demands. Then, he says, it would be permissible to ship the surplus to the mainland.

Administrator Child is of the opinion that there are several large handlers of rice here who have a cheap grade of rice on hand and who are selling it at a high price instead of on a basis of the original cost; in other words, he adds, they are realizing an abnormal profit instead of a normal pre-war profit.

Mr. Child says he is determined to go into the rice situation very thoroughly and determine the reason why rice is being sold at its present high price; find out whether the grower is receiving a fair return for his product and whether the middleman or the speculator, as well as the dealer is making an abnormal profit.

HONOLULU BOY IS BADLY WOUNDED BY BOCHE SHELL

Lieutenant C. D. D. Stanley, a Honolulu boy and son of Judge W. L. Stanley of this city, who was recently reported seriously wounded while fighting in the front trenches in Flanders, is now on the road to recovery. Judge Stanley received word a few days ago from his brother in England that Lieutenant Stanley was in an English hospital.

Lieutenant Stanley was commissioned in July, 1916, and went to England from Canada in April of this year. After further training he reached the front in August. Late in October a number of officers were asked to volunteer for special trench work and Lieutenant Stanley was one of these. A big shell exploding close at hand tore a hole in his side.

Late in November Judge Stanley received word from the war office that his son was dangerously wounded, so that the word which came a few days ago saying that he is well on his way to recovery was welcome news indeed not only to Judge Stanley himself but to the many friends of the Honolulu boy who has done "his bit" in France.

INDICTED M.D. SEEKS TRIAL; STATES CASE

Dr. H. Homer Hayes, under indictment by the territorial grand jury on a charge of performing a criminal operation, has retained the law firm of Andrews & Pittman to defend him during the trial. When Doctor Hayes was arraigned, and when he entered a plea of not guilty, he was represented by Attorney Leon M. Straus who, it is understood, is still associated with the case.

Doctor Hayes declared today that he desires a speedy trial. It is not likely, however, that the case will go to trial until after the first of the year, as at present there are no funds to pay jurors. The following letter has been handed the Star-Bulletin by Doctor Hayes:

"Honolulu, T. H., Dec. 20, 1917.
"Editor Honolulu Star-Bulletin.
"Sir: Like a thunder clap out of a clear sky, came the notification to myself last week that I had been charged—after a secret hearing before a grand jury and of which I knew nothing—with having performed a criminal operation in violation of my oath as a medical practitioner early in September of this year. To this charge I have with the utmost sincerity and solemnity plead 'not guilty,' waiving any legal objections and only claiming my right to a speedy jury trial so that my innocence can be established.

"To my surprise and horror it has seemed that the press of this city, not only have taken it for granted that I must be guilty of an infamous charge, but have proceeded in every way—by editorial comment and otherwise—to stir up a feeling in the community against me, and daily I see my name in editorial comment held up to shame and degradation. I am informed that for reasons beyond my control, a trial of my case cannot be had until some time next year. Does this mean that editorial comment, with innuendo and surmise, may be printed daily for weeks which may result in influencing the minds of my fellow-men, who are later to sit in judgment over me as jurymen?

"It seems to me that in a community supposed to be American in spirit—a spirit which is famous for its love of fair play—that if that American spirit of fair play is not inherent in the newspapers of this city, a law should be passed prohibiting any such comments regarding cases before trial which result in prejudicing a community against an innocent man. I am more than willing that when my case comes to trial, the fullest publicity shall be given the same and I ask for the suppression of nothing, merely for an ordinary display of fair play in giving both sides of this matter to the public.

"I am informed by my lawyers that I should not give any interviews or present my case, except in the public courts; but I cannot refrain from this explanation to you and to my fellow citizens, asking that judgment be withheld until the real facts are known in this matter. I belong to an honored profession. I have tried, in practicing that profession, to uphold its tenets in every respect. I have never done anything in my life that I am ashamed of in my practice, and I protest against being branded before I have been given a chance to be heard as a criminal.

"Yours respectfully,
"DR. H. HAYES."

CALIFORNIA MAN TO TESTIFY QUEEN ABLE TO EXECUTE WILL

That the late Queen Liliuokalani was of sound and disposing mind, and entirely capable of executing the document, when, on June 9, 1910, she republished a will made December 2, 1909, is the testimony of H. C. Carter, of Sierra Madre, Cal., will give if interrogated as regards the signing of the will of seven years ago.

This, in effect, is the substance of an affidavit filed in circuit court by Attorney L. J. Warren, of the law firm of Smith, Warren and Whitney, in connection with a petition by Col. Curtis P. Iaukea for the perpetuation of Mr. Carter's testimony. As it is not likely that Mr. Carter will return to the territory for some time, the attorneys for Colonel Iaukea desire to have his testimony taken in California, and have so petitioned the court.

Mr. Carter, with S. M. Damon, witnessed the queen's republication of the will of 1909, which has been filed for probate in circuit court and which is to be called up in Circuit Judge Ashford's court tomorrow afternoon together with the alleged will of August 29, 1917.

Under the will of 1909, Iaukea is the surviving executor.

I.-I. PUTS NEW RATES IN EFFECT

Since the injunction secured by the public utilities commission prohibiting the Inter-Island Steamship Co. from raising its rates has been dissolved, the new schedule of rates announced as to go into effect on October 1 have been reestablished by the company.

The new schedule had been in force only a few days when the injunction was secured which caused the company to go back to a freight and passenger tariff in effect in 1913.

Before a hearing in the case could be secured a period of about 60 days elapsed during which the company officials maintain they lost many thousands of dollars, or about 15 per cent of the gross business of the company.

When objection is made to the new rates, which makes the fare to island points about 75 cents to a \$1 more than formerly, it is pointed out that the inter-island raise of rates is only about 10 or 15 per cent, although the shipping board has increased the freight rate between San Francisco and Honolulu nearly 100 per cent.

STUART HOLMES STAR AT HAWAII

Advance notices which heralded the new Fox picture, "The Derelict," as a production of the highest merit have been fully borne out by the reception accorded the offering, which is the feature of the week-end program at the Hawaii theater.

Stuart Holmes, who is the star in the production, long ago established himself as a favorite with Honolulu theater-goers. In the new offering he has a part of the kind for which he is most famous. He is Teddy Brant, half fellow to all his friends, who forgets wife and home in the dizzy whirl of gay night life, and who awakes too late to find himself a pauper and an outcast. The story will strike home to all who see it and leave a lasting impression. In the production Holmes is supported by a cast of unusual strength, which includes Mary Martin and Dan Mason, both of whom appeared with Holmes in "The Scarlet Letter" presented here recently.

"Back Stage," the farce comedy in which Billy West wades through a series of scenes as a stage star, has not failed to register a hit. The program also includes the 7th chapter of the serial, "The Neglected Wife."

PROF. JAGGAR TO HAVE ASSISTANT AT VOLCANO

An assistant to Professor Jaggar of the Volcano Observatory is to be appointed to extend the work along necessary lines as the result of the deliberations of the directors of the Hawaiian Volcano Research Association, which have been continued throughout this week in Honolulu.

Arrangements are being made for a series of illustrated lectures on the volcanic happenings of the year 1917 in Hawaii and various parts of the world. These will be given at the lecture hall of the Pan-Pacific Club by Professor Jaggar.

A proposal for the inclusion of the work of the Kilauea observatory in the department of agriculture as part of the program of the United States weather bureau was before the board, and steps have been taken to place the suggestion before congress early date. The movement is backed by the members of the congressional party which recently visited the islands and may lead to the establishment of an important center of investigation at Kilauea Volcano.

Geraldine Farrar As Joan, Maid of Orleans, at Bijou

While Joan of Arc has come to be accepted as an ethereal being with a saintly or perhaps divine mission on earth, Geraldine Farrar in the role of the Maid of Orleans, which opens tonight at the Bijou theater, gives to the character a deit human touch, portraying her as a woman moved by human emotions, such as love and passion, but whose surging feelings are sublimated by her deep sense of devotion to France, combined with an innermost sense of spiritual obligation.

The production itself, done under the direction of Cecil B. de Mille, is nothing short of wonderful. There are battle scenes, scenes of court pageantry and prison scenes that surpass any film accomplishment ever recorded. The "Battle of the Towers," with 3000 men participating in the fight, will go down in motion picture annals as a perfect achievement.

TWO FAVORITES AT THE LIBERTY

Two stars who are well known to Honolulu theater goers, Jack Pickford and pretty Louise Huff, appear together in the feature offering of the program that opened today at the Liberty theater. The picture, "What Money Can't Buy," which is a Paramount production, has been heralded widely in eastern cities as a success and it is one of the first of a series in which the two stars are to appear together. Both of them have been seen here before in a number of productions.

"What Money Can't Buy" is a piquant story notable for particularly excellent stage settings. In addition to the feature picture, the serial, "Gloria's Romance," continues to hold the interest of big audiences and the new installment of the story brings new and gripping situations of which the noted star, Billie Burke, is the center.

The Pathe news pictures, also part of the program, are of timely interest.

Proceeding Against German Property

Congress passed the Trading with the Enemy act not only to handle, under civilized laws, the property in the United States of alien enemies, but to prevent such property from being used for purposes hostile to the United States.

It is important to remember this in the discussion, frequently heard in Honolulu, as to whether recent disclosures of German plotting here justify the United States government in proceeding against the business or property of those alleged to be guilty involved.

A. Mitchell Palmer, appointed by the president as alien property custodian, has set forth in an official statement the scope and limit of his activities. He said:

The principal test of enemy character under the act of Congress is one of residence or place of business or business connections, rather than nationality or citizenship. A subject of Germany or of any of Germany's allies residing in this country, even though he has made no declaration of his intention to become a citizen, is permitted to continue in trade and commerce and in the possession and control of his property while he remains in the United States and obeys its laws, and he is not regarded as an enemy nor placed in that category by the trading with the enemy act.

The broad purpose of Congress, as expressed in the trading with the enemy act, is, first, to preserve enemy-owned property situated in the United States from loss, and, secondly, to prevent every use of it which may be hostile or detrimental to the United States.

Commerce can not, of course, be carried on between residents of countries that are at war. In the absence of a general law for the protection of money and property in the United States belonging to those who are under legal disability, there might without the special action of Congress have been very considerable property loss and deterioration. The property of every person under legal disability is in every civilized country protected by the appointment of trustees or conservators whose duty it is to administer and care for the property while the disability exists.

This is the duty of the alien-property custodian. He is charged by law with the duty of protecting the property of all owners who are under legal disability to act for themselves while a state of war continues. There is, of course, no thought of the confiscation or disposition of the property thus held in trust.

If the alien enemy custodian decides that German property or business is being used for purposes hostile to the United States, he is empowered to take such measures as will end the hostile acts.

The evident purpose of the national administration is to proceed slowly and with caution in its activities against Germans and German sympathizers in the United States. Whether there has been any use of a local business as support and "camouflage" for hostile acts would probably be determined only after considerable investigation. It must be remembered, also, that the act was but recently passed. The whole subject of dealing with German property and business-houses in the United States is intricate and scarcely to be passed upon by the layman, though it is but common-sense to call a sharp halt on every hint of enemy activity in this or any other American community.

The Truth Will Be Told

Public inquiry, which often is more direct than investigation by tribunal because it works through moral certainties and not legal technicalities, will expose the third party in the Dr. Hayes case.

There are enough known circumstances in the case to point the finger of justifiable suspicion, and sooner or later the truth will be known.

Then the coward who dare not today face the situation like a man will reap not only the disgrace for his reckless act and his licentious disregard for the decencies of society, but the added ignominy of slinking away into the dark when the girl he had betrayed was under the most terrible of strains, suffering alone.

The truth will some day be told and that day may be not far distant.

THE CASE OF UNITED STATES VS. GEORG RODIEK

Before passing judgment on Georg Rodiek, the former head of the great old firm of H. Hackfeld & Co., who has entered a plea of guilty of the charge of complicity in a conspiracy to foment rebellion in India against the British government; it is well to remember that what he did was done months before the United States severed diplomatic relations with Germany and became an active ally of the Entente Powers, and while Rodiek was still German consul at Honolulu and as such had to comply with instructions from the German government.

Despite his plea of guilty, we find it difficult to believe that Rodiek has intentionally committed a dishonorable act or wittingly lent himself to aid in fomenting a rebellion in India. We have known him personally for a score or more years and always respected him as a man of honor, integrity and high principles and possessing the sterling qualities of a perfect gentleman.

If the president delivered his address to Congress without coming to a previous understanding with our Allies in Europe, he performed the boldest act of his career, since he virtually made claim to the leadership of the combination against Germany. If there had been an understanding reached, it is clear that Mr. Wilson's world leadership in the struggle against Germany's apotheosis of autocratic insolence and brutality is already conceded. In either case the address bids fair to be memorable in the world's history.—Springfield Republican.

The slogan for a lot of American lads this year seems to be: "Into the trenches by Christmas!"—Spokane Spokesman-Review.

"Petrograd Is Not Russia"

Frederick McCormick, noted war correspondent and for many years a recognized authority on Far Eastern and Russian affairs, said during his recent visit to Honolulu: "Always remember, when you hear reports of Russian disintegration, that Petrograd is not Russia."

This is worth recalling when one reads of the successes of General Kaledine, the grand hetman of the Cossacks, in building up a separate Cossack state out of the falling ruins of Pan-Slavism. The despatches this morning may thus be accepted with some optimism.

The Bolsheviks for the moment control Petrograd. But outside of Petrograd, which is a city quite remote from the great trade arteries and mineral and agricultural resources of Russia, the power of the Bolsheviks is very scant. They are unable to develop any great military following because they have no ideas of discipline or submission to authority. Moscow, which is quite as important as Petrograd, is not under the domination of the Bolsheviks. They have something of a hold there, but not a secure one.

While the second revolution put Russia out of the war, it has by no means assured peace all along the eastern front. The Cossacks are not likely to yield, and they can carry on guerilla warfare on a tremendous scale. Germany, of course profits greatly by the defection of Russia, but Germany is unable to capitalize this defection at its face value because the very chaos of the Slavs makes certain that scattered armies will continue on the offensive.

Kaiser Wilhelm is in a class by himself when it comes to playing both ends against the middle. For the benefit of the Turks he posed as a Mohammedan, the Turkish papers even telling of his conversion to that faith and printing pictures showing him in Ottoman costume. But when the Turks—offered by Germans—were retreating from Palestine, it was the Kaiser's men who robbed the tomb of Christ, looting the most sacred sepulcher in all the world and assisting in the defiling of its scarcely less sacred surroundings. The loot will be taken to Berlin and the Kaiser will try to pose as the savior of the precious relics. And remember, too, that it was this bloated monarch who tried to launch the "holy war" against the Allies. Were it not that the whole German doctrine is the essence of smug hypocrisy, one might call the Kaiser the greatest hypocrite in all history. But hypocrisy denotes some initiative of policy, and the Kaiser is merely the natural product of Prussianism fermenting in a vain, pompous, essentially weak character unfortunately clothed with power by the silly tradition of "divine right."

Inasmuch as the average Austrian is merely a German with another national name, it seems difficult to make distinctions sufficient to absolve Austria from participation in our declaration of war. Germany dominates Austria absolutely at home, and no one doubts that the domination is just as absolute abroad. The inconvenience of our present technical situation is that it makes Austrians out to be other than enemy aliens, and thus enables them to remain in spots no longer open to Germans. It is necessary in our view of it that Austrians be made just as surely enemy aliens as Germans are. And that can only be done by a technical inclusion of Austria-Hungary in the list of powers against whom the United States is now at war. Congress should do that at once when it convenes.—Lowell, Mass., Courier-Citizen.

Aloha to the new collector of revenue, Col. Hathaway of Everett! If he is as well-liked as his predecessor, the late John F. Haley, and as efficient as the Republican who has been acting collector since Mr. Haley's death, Ralph S. Johnstone, he will dull the point of some of the criticism directed against the administration for its settled policy of dealing out federal jobs here to "deserving Democrats" of the mainland.

Letters on a TIMELY TOPIC

BETTERING TENEMENT CONDITIONS

Honolulu, T. H., Dec. 19, 1917.

Editor Honolulu Star-Bulletin: Sir: In reference to the tenement conditions of Honolulu I am glad of the fact that you are taking this matter in hand. I feel that a definite program should be mapped out for public opinion must be aroused as to the appalling condition that exists in the tenements. I could enumerate many tragedies and describe conditions that I have personally seen in one day's visit to this district that would convince any intelligent and fair-minded American citizen that the tenements of Honolulu are a menace to the community, and the longer they are tolerated so long will the moral conditions be at a low ebb.

We must not merely write a few articles on the subject and have a few people comment favorably or unfavorably on the situation, but we must hold fast to our purpose until the tenements of Honolulu are wiped out and particularly until this overcrowding of tenements is stopped.

In visiting the Ah Leong block, the tenements on Liliha, in Camp Two and the large tenement on the waterfront, I found men prowling around and through these buildings. I do not know what their reasons are for being in this sort of place nor did I inquire. I found a large number of Filipinos, and in the majority of cases they were living five or six in a room with one or two women. A large number of young and healthy girls were crowded into these tenements amidst these appalling conditions. They are fresh from the plantations and no doubt clean and pure. Their ideals of honorable living and cleanliness must be shocked. We must protect them, for they are utterly helpless, for they have come here in the hopes of good labor or because some foolish step has been taken by their parents.

Any who in any way are profiting by these tenements and the immoral living which is the direct result of the tenement conditions, whether they be high officials or men only intent on making money, should be exposed. It is time we brought about moral cleanliness in Honolulu.

The principles of Christianity and all the purity it stands for that our faithful missionaries tried to impress in the early days should again be forced to the front.

What you can do for this good cause will be appreciated and you can count on me to do anything in my power to help in this direction. "My hat is in the ring" and I am determined to stand by until I see some of these appalling conditions changed, and shall appreciate your fullest cooperation. Yours sincerely, W. E. PIETSCH.

PROGRESS OF THE NEGRO RACE

Editor Honolulu Star-Bulletin.

Sir: Having read "A Trip Through the States," by a member of the Lewis party, in your paper for two Saturdays in succession, I take the liberty to correct the impression given in this story concerning the negro.

Special mention was made of the slave house and darkies picking cotton. We as a people do not consider it fair on anybody's part to write stories about us unless our virtues as well as our faults get publicity.

To tell strangers about our ability to pick cotton without mentioning our ability to practise medicine is unjust. In the same states where the writer saw "darkies" picking cotton, are 57 banks owned and controlled by "darkies." Schools, churches, stores, hospitals, and anything else that anybody else has we have, too. These banks that I speak of are an annual business of \$20,000,000. Again, in the same states are white children whose parents are poor, moored behind the walls of the great cotton factories, spinning and weaving from 6 a. m. to 7 p. m. learning to chew tobacco and dig snuff before they are ten years of age. Ask your delegate about the child labor law that stares Congress in the face.

In Washington where the slave block was conspicuous, is Howard university, sending out men and women yearly, who are competing successfully with men from Harvard, Yale, Princeton, Colgate, etc. This, my own Alma Mater, is as important as the slave house. Besides this, there are negroes living in Washington holding positions all the way from diplomatic and consular service to unskilled labor in the patent office.

We have fought in every war since '76, and stand ready with our money and boys, to carry "Old Glory over the top" in France, and bring her home victorious or report to God the reason why.

We love the whole U. S. from Boston, Mass. to Frisco's golden gates. This has been our home since 1619, and we cannot see why foreigners enter our gates with an open razor

in one hand and a cocked gun in the other against us.

We are not asking for a little cheap notoriety but JUSTICE. Give us that or leave us OUT of your stories. We will resent the word "darkie" as long as there is one out of the twelve million alive.

Respectfully, (MRS.) C. L. JOHNSON.

RUINING NEW STREETS.

Editor Honolulu Star-Bulletin.

Sir: I wonder if other citizens of Honolulu entertain a position in any manner similar to mine on what I consider is an abuse of our new streets and on what is to me an apparent disregard for the possibility that with a continuation of the heavy traffic which is now using Beretania street, for instance, what is now a good road and a credit to the city may, sooner or later, again be in a deplorable condition.

There is hardly a morning in the week but that heavily laden wagons, hauling possibly from three to five tons of rock, come onto Beretania street by Punahou street after leaving the beautiful pavement on the extension of King street. Apparently these wagons have loaded in the vicinity of Moiliili and the drivers seem bent on using the very best street to get their loads into town. It occurs to me that if these drivers, or the corporations employing the drivers, each or both, were compelled by ordinance to keep off of certain streets with heavy draying, that we will have advanced a step towards efficiency and economy in government. It may possibly be said that government monies, derived from taxation, contributed to the building of Beretania street and that it would be unconstitutional to attempt to deprive any resident of its use. Some may contend that it would be unfair to attempt to deprive any traffic of the use of any street. Beretania street was constructed under the district improvement plan and was paid for largely by property owners within that district, in addition to county monies; which paid the county's share, but irrespective of technical or legal rights, it seems there might be suggested to those who insist on sending a heavy load of stone over the pavement, that if the traffic is allowed to continue, the pavement will not only be spoiled to the future use of the public generally, but spoiled in some measure to the use of even their wagons and all would suffer alike. The issue may have its legal side, no doubt it has, but there is no question in my mind but that there should be recognized a moral side to suggest pride in a good street and in keeping it a good street.

I take the position in all kindness, appreciating that the hauling of stone is a legitimate business and must be performed, but I cannot see why it is necessary that it should be performed over the best streets in town. Many of the drivers are, by action, consent, or plan, sending a heavy load of stone over the pavement, and that traffic is allowed to continue, the pavement will not only be spoiled to the future use of the public generally, but spoiled in some measure to the use of even their wagons and all would suffer alike. The issue may have its legal side, no doubt it has, but there is no question in my mind but that there should be recognized a moral side to suggest pride in a good street and in keeping it a good street.

is that he is filling federal offices with Democratic appointees from the mainland. I am at a loss to understand why our great president has made this awful error except that he is only following "track in track" (the precedent long established and followed by all of our Republican presidents).

President Roosevelt sent over a mainlander and a Republican—a non-in-law of a Republican member of congress. Mr. Chamberlain was from the good old state of Iowa, and Iowa has the unfortunate habit of regularly casting its votes for a Republican president.

Mr. Taft, following that line, not only sent over a mainlander a Republican, but over the violent protests of Honolulu—a negro. This negro was from the state of Ohio; and in passing I hope I may be pardoned for saying that the negro vote in Ohio is enormous, in fact they hold the balance of power between the two political parties.

I think I am safe in saying that since annexation every collector of internal revenue has been appointed from the mainland, a Democratic president appointing Democrats, a Republican president appointing Republicans.

The only exception to the above rule was when a Democratic president appointed the late "Jim" Haley, who was for years a resident of Honolulu.

All this I have said in no sense of carrying criticism of the editorial, but simply to "keep the records straight."

BUSINESS INQUIRIES COME TO CHAMBER

A mainland business man writes to the chamber of commerce, asking what chances there are in Honolulu of purchasing a small but first class stationery, library, and art work business.

Inquiry comes also of the possibility of purchasing a first rate boarding house or up-to-date tea room.

If there are those in Honolulu who may be interested, additional information can be secured from the secretary of the chamber of commerce.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

LONDON.—Do you wear glasses? Are you a victim of eye-strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind, could not see to read at all. Now I can read anything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be

wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona tablets. Drop one Optona tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are both straining you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "Optona is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for reference of ever getting glasses. Eye troubles of many descriptions may be

MID-WINTER MODES.

The opening of the social season, while practically unheralded, has brought out a bewildering array of beautiful frocks and gowns for each and every event on the calendar; and we will hear maids, matrons and debutantes all asking for larger allowances. This will be due more to their increased contributions to local charities and Red Cross funds than to any special increase in the price of the newest gowns. Of late it has been a very common policy with many of us to give first, then ask ourselves afterwards if we can afford these tributes to our Cause; as a consequence there are many of us who will have an interesting time in scheming out ways and means for the purchase of a new party frock.

Many women have developed an odd little way of taxing themselves for all the little luxuries they buy. When they purchase a gown which costs, say \$25, they give 10 per cent of its value to the Red Cross. In this way they believe they are helping America in two ways, i. e., by keeping up legitimate business, which in turn pays revenue of the government, and also by paying a certain toll to humanity, for the privilege of wearing Fashion's latest products. This line of reasoning might possibly be a trifle exaggerated, but to many people it is an interesting and practical way of "doing one's bit."

Among the many delightful styles offered this month is the smart little gown on the left. While very demure it makes no attempt to hide the fact that it is not too shy to adopt the very latest effect, the bustle silhouette. It is a new Hickson frock, and its color is burgundy. The charming little bodice is cut in a long "V" at the waist line. The smart lapels of silver tissue add much to this model, while the outline of fur keeps it from being too solemn. The hat of burgundy velvet has a beautiful line, the high crown with a self-draped ornament gives this gown an added distinction.

In Paris, frocks for nearly every evening pastime, are short of skirt and high of neck, though the yoke of many a dress is so transparent that even nearby one thinks it a décolletage. A dress of metal brocade, pink and silver, typifies this mode. It is draped to simulate a bustle, while peeping out beneath is a petticoat of pink chiffon and lace. The pink chiffon also makes the yoke, which is cut straight across at the neck, then caught at the shoulder, and falling into graceful sleeves.

Another dress of this type is the simple and appealing model on the right. One might be sophisticated, but one would not look it when wearing this gown of soft grey georgette. Its sole trimming consisting of narrow bands of picoté gold ribbon. The hem of the skirt is caught up underneath to give the becoming Zouave effect, the sleeves are long, and the neck is cut high, which makes it very appropriate for informal evening wear.

Besides the changes in drapery we are offered many charming accessories that tend to make the very plainest of dresses appear unusual. Chief among these articles—girdles of metal and Parisian. These girdles are made in many colors, and perfectly ideal for wearing with straightline georgette crepe or soft silk dresses. Some gunmetal girdles are set with beautiful colored stones to match one's gown, and finished at the ends of filigree ornaments. The ivory ornaments consist of large, linked chains, with a cameo-like fig-

ure on a disc, mounted every few inches. When pictures of wonderful gowns have appeared in fashion magazines, these girdles have been our despair, as it seemed very improbable that they would ever make their appearance among us, but they are here now at some of our leading stores.

Again we approve the mode of the panel back (center) and this simple and lovely gown of black velvet is everything one could wish for. Metallic bands outline the square neck, and the high waist line and metallic tissue is used to form the graceful sleeves, and to line the panel.

Mid-winter modes have also brought us the new and almost severe coiffure as worn by the figure in the center. The hair is combed straight up from the back of the neck, and held with an elastic band, then puffed over, in a cross between a French roll and the "fan" hairdress worn about ten years ago. While it may be hard to adopt it at first, there is no doubt but that it will become immensely popular.

The Victorian House of Assembly has passed the third reading of the bill to assist returned soldiers in settling on the land. The attorney-general said the scheme was a commonwealth matter, a state matter, a municipal matter and a matter for everybody.

TICKETS FOR BIG RACE MEET GO ON SALE AT E. O. HALL & SON YESTERDAY

Large Crowd Expected to Attend Feature Events on Christmas Day—Much Interest Being Taken in Harness Events—Macfarlane and Dillingham Strings Expected to Make a Hard Fight for Track Honors—Runners Given Workout at Track

Tickets for the big race meet on Christmas and New Years went on sale yesterday at E. O. Hall & Sons, and although many of the devotees of racing have been busy shopping, there was nevertheless a number of tickets sold yesterday afternoon and today.

The track is in excellent condition at the present time, and R. M. DuChinsky, superintendent, said that if weather conditions are favorable the track will be fast when the runners face the starters on Christmas Day.

Harness Races
There is much interest in the harness races and Luke Rogers, who owns Maui Boy, is confident that his pacer will round to form. Maui Boy has not been raced for some time but stepped the mile in 2:22 the other morning in a workout. Carmelita and Maui Boy are expected to fight it out for the honors.

The Macfarlane string has been worked during the past few days and Suante has been showing plenty of speed in the workouts. The Dillingham stable will have a number of entries in the coming meet and Duvits and Tyler have been giving them full tests in the workouts.

The program as announced by the committee will be as follows:

The Christmas Card
Bicycle race, one mile, open to Orizontals; three prizes.

Trotting and pacing, free-for-all, three heats in five; purse \$400.

Half mile free-for-all; purse \$250, of which \$50 goes to the second.

Six furlongs, Hawaiian-bred mules, weight 125 pounds; cup and purse of \$100.

By winning the Pacific Coast League pennant this season, San Francisco annexed its third championship since that league was organized in 1903. The complete list of coast champions is as follows: 1903, Los Angeles; 1904, Tacoma; 1905, Los Angeles; 1906, Portland; 1907, Los Angeles; 1908, Los Angeles; 1909, San Francisco; 1910, Portland; 1911, Portland; 1912, Oakland; 1913, Portland; 1914, Portland; 1915, San Francisco; 1916, Los Angeles; 1917, San Francisco.

There is a class to ball players that tells when they are thrown into the common herd. Their ability to adapt themselves to conditions, their quick grasp of orders, training in team play and all that count. Every day almost

Half mile, Hawaiian-bred, weight 90 for age; purse \$200, of which \$50 goes to the second.

Half mile Roman race, enlisted men; purse \$125, of which \$25 goes to the second.

Six furlongs, free-for-all, weight for age; purse \$250, of which \$50 goes to the second.

New Years Program
Bicycle race, open, three prizes.

Trotting and pacing, green hots; best two heats in three; purse \$300.

Three furlongs, two-year-olds, fillies to carry 115 pounds and colts 113 pounds; cup and purse of \$400.

Five furlongs, Hawaiian-breds, weight for age; purse \$200.

Half mile, three-year-olds, purse \$200.

One mile, mules, gentlemen riders, weight 150 pounds; cup to jockey and purse of \$50 to owner.

One mile, free-for-all; purse \$250, of which \$50 goes to the second.

Many Purchase Boxes
Here is a list of a number of the followers of racing who have secured boxes for the meet:

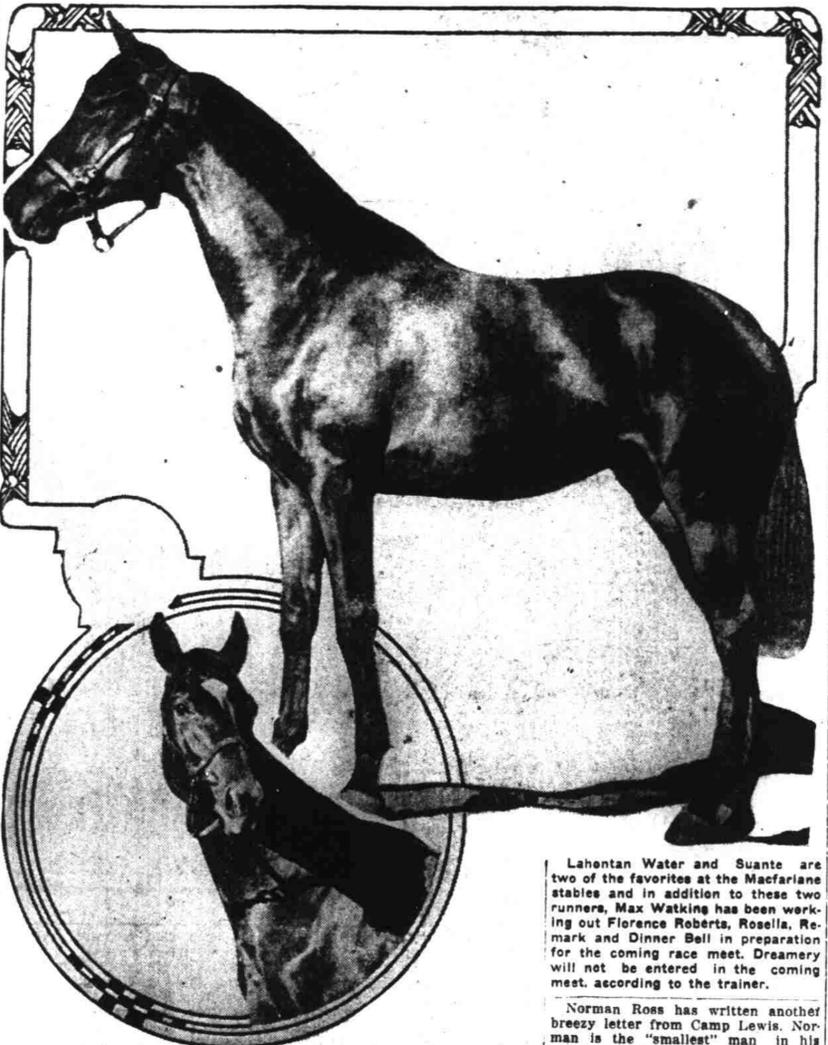

Mrs. F. M. Swanny, George J. Brown, F. W. Macfarlane, H. P. Giffard, Richard Ivers, H. A. Baldwin, S. A. Baldwin, F. F. Baldwin, Miss Mae Damon, Hon. S. M. Damon, H. K. Castle, H. G. Dillingham, H. P. Benson, George R. Carter, Mr. and Mrs. S. S. Paxson, Mr. and Mrs. Charles J. Falk, W. H. Lewers, E. H. Wodehouse, C. C. von Hamm, James Laird, Dr. A. C. Wall, Mrs. Alice K. Macfarlane, George H. Angus, W. F. Dillingham, Charles Lucas, Jr., Misses Mary and Hattie Lucas, Dr. C. B. Cooper and F. E. Thompson.

brings news of some player called to the army being elevated above his fellows in the ranks. Among the latest for promotion is Walter Smallwood, the International League pitcher taken on by the Yankees only to be called to service. He has been made a sergeant.

Since everybody seems to have picked on "Union League" as the name for the proposed new Class AA circuit to be formed from International and Association clubs the name probably will be adopted, in case the merger is accomplished. It's a good enough name and it will fit in the heads, which will please the sport writers.

They Will Face the Barrier on Xmas Day

THEY ARE NOT GHOSTS BUT RUNNERS TRAINING FOR BIG VOLCANO CLASSIC

White Clad Figures Roam Over Hills and Dales in Residence Sections—Japanese Team Will Go Over Full Distance This Week—Mills Runners Are Training in Manoa Valley—Coast Defense, Fort Shafter and Other Teams Now in Training

There is a rumor that "ghosts" have been seen in Manoa and Nuuanu valleys, but upon investigation it was found that there is no grounds for the rumor. If you should see several white clad figures running over the hills, garbed in nothing but trunks and sweaters, do not worry. Not ghosts, but only the long distance runners training for the big Volcano Run which will be staged on the Big Island on January 7.

At the present time there are four teams in training and it is expected that the other teams will begin active work at once. The Pan-Pacific team has been working out near Diamond Head. Mills long distance runners have been training in Mania valley and the Japanese team has been going over the hills in Nuuanu valley. Sergeant Quinn and his Fort Shafter team have been running along the hills near Moanalua, and the Coast Defense team, which is already in training, has been doing good work in various sections of the islands.

No Favorite

As yet no team has been selected to win, and Honolulu will have a number of excellent runners to uphold the honor of Oahu. The Coast Defense team has been picked by several of the critics to win, as there are a number of long distance runners in the various posts. Mills will have a team which will be hard to beat, and Quinn is certain to have a number of good runners at Fort Shafter. With the Japanese and Pan-Pacific teams in training the Honolulu enthusiasts are expected to have a chance to cheer when the race is over. Hilo will have at least two strong teams, and they should have the advantage of going over the course.

The Japanese team has been running four miles during the past few days and Murakami will take his men over a six mile course this week. The Japanese fans are rallying to the support of the team, and it is expected that there will be a royal welcome extended the runners, when they return, if they should be fortunate enough to carry off the honors.

Hilo Teams Training
The Kilauea team of Hilo will have Norman Ross has written another breezy letter from Camp Lewis. Norman is the "smallest" man in his squad up at American Lake camp. He only weighs 209 pounds and stands 6 feet 2 in bare feet. But, then, he is a member of the military police platoon, and Maj. Gen. Green has chosen giants for the work.

a number of good runners, and at the present time A. P. Heibush, George Carter, George Machado, Chu Tang, M. Forbes, William Carter and A. Carter are going over the course. The runners covered the entire course the other day, but no time was given.

Joe Stickney, who has been one of the biggest boosters for the Volcano Run, has been handling much of the work in addition to getting his team in condition for the big race. Stickney has gathered together a strong bunch of runners, Hawkins, Scott, Melnecke, Wright and others are in excellent shape at the present time.

Hawaiians May Run

Sam Kahalawe is making an effort to line up a Hawaiian team, and will without doubt be able to secure the runners if he has time to train them for the grind. There is still hope of having a team entered from the Baby Regiment, Athletic Officer Hracken is busy with football at present, but Sergeant Lester, a real live wire, is interested in the plan, and may be able to make up a team around Shannon, the star distance man.

The runners will leave Honolulu on Saturday afternoon, January 5, and will return on the morning of January 8. The race will begin at 9:30 on Monday morning. It is thought that there will be 10,000 people at Moohau park when the runners complete their last lap.

EMPLOYED BOYS WILL MEET AT Y. M. TONIGHT

The teams of the employed boys' division will enter the arena tonight and stage some lively battles at the Y. M. C. A. The second half of the series is being started and each contest will be hard fought.

The men have played a hard, consistent game throughout the season and the games from now on promise to show real class.

The games tonight are as follows: Basketball—Infantry vs. Aeronauts; Volleyball—Cavalry vs. Marines and Artillery vs. Engineers.

Denver will place sheep in all its parks, the purpose being to have the city do its "bit" in aiding the national food supply.

ALL-STARS WIN FROM NAVY TEAM

Hot Basketball Contest Goes to Y. M. Five By Score of 34 to 32 Last Night

For the first time this season the basketball team from the Naval hospital went down to defeat in the "Y" games hall last night. Scheduled to play against the Reds, last year's champions, they met an All-Star team instead, and the All-Star team turned the trick. The Reds gave one look at the schedule, saw who their opponents were and then secured permission to select a picked team to put the rollers under this year's champions.

The final score was 34 to 32 for the All-Stars. All through the game the tally wavered back and forth, with the Hospital usually in the lead. Towards the last the winners became stronger and a last minute rally failed to save the name.

All of the All-Stars were over six feet, with the exception of J. P. Morgan, which gave them a terrific advantage. Noyes and Darnell played their first real game this season, while McCullis, Albrecht, Morgan and Scott were all in the best condition. The champions played their usual strong game, with Thorum and Clay hitting the basket in fine style.

The results were:
All-Stars 34
Left forward, Noyes; right forward, Scott; center, Albrecht (captain); right guard, Darnell; Morgan; left guard, McCullis.

Naval Hospital 32
Left forward, Thorum (captain); right forward, Clay; center, Rankin; right guard, Malone; left guard, Ralston.

Baskets from field, Scott 6, McCullis 4, Albrecht 3, Noyes 2, Thorum 6, Malone 4, Rankin 3.

Goals from foul line, Thorum 8 in 13 throws; Noyes 6 in 9 throws.

Referee, Richard W. Lomb; timer, S. M. Hull; scorers, Lawrence McCuskey and A. E. Larimer. Time of quarters, 10 minutes.

Filipinos to Meet Shafter Baseball Team

Benefit Doubleheader Will Be Staged at Moiliili for Rizal Day; New Umpire

Baseball will come to life for one day on Sunday, and will then slide back behind the scenes until the real opening of the season, which will be around March or April. On Sunday afternoon the Filipinos of the Pacific League will meet the 2nd Infantry at Moiliili Field in a benefit for Rizal Day.

The Asahis, who made such a good showing in the league last year, have come to the assistance of the Filipino team, as have the 2nd Infantry and Co. K of the 2nd Infantry. A double header will be staged all for the price of one admission.

Asahis to Play

The first game will begin at 1:30 sharp, when the Asahis meet the fast Company K team. The Asahis are popular players, and with Nushida and Maesaka on the job the Kays are certainly going to have some tough going.

In the second contest the Filipinos will meet the regimental team. Luis, the speed ball artist of the Filipinos, will be selected to hurl against the Shafterites, and promises to show some of his form which won many games for the Filipinos.

Rudolph J. Smythe will be one of the umpires, having donated his services for the day. The other umpira has not been named as yet, but the officials are expected to be men of ability.

Rizal Day will be celebrated on Dec. 30 and the Filipino team is anxious to secure a good sum to arrange a program for the entertainment at the armory.

The lineup of the Filipinos will be as follows: Lopes, c.; Luis, p.; Lani, p.; Beny, 1.b.; Batong, 2.b.; Marcial, 3.b.; Planas, s.s.; Garcia, i.f.; Cruz, c.f.; Boml, r.f.; Damine, c.

The statement from Cincinnati that Manager Christy Mathewson wanted Lee Magee for his Reds was the first intimation in St. Louis that the Browns had decided to dispose of the former Fed leaguer and that no other American League club seemed to want him. Mathewson is said to believe there still is some baseball in Magee and that he can bring it out, while Magee it seems, is willing to play ball in his home town.

MAUI COUNTY'S SPECIAL GARDEN CONTEST ENDS; WINNERS COMING

Six First Contestants Will Have Trip to Honolulu as Reward

(Special Star-Bulletin Correspondence.)
 WAILUKU, Maui, Dec. 19.—L. R. Mathews, headworker of the Alexander House Settlement in Wailuku, and chairman of the Garden committee of the Maui County Fair and Racing Association, is to leave next week with the six successful contestants in the garden contest for Honolulu, where he will be the host for the boys for several days, returning with them after New Year's Day.

The committee has been hard at work on the matter of judging the gardens, and it was no small task, requiring the whole two days in order to make decisions in central and west Maui. Molokai and Hana are yet to be heard from.

The minimum area for each garden was 100 square feet, but many of the children were ambitious enough to have gardens much larger than this specified limit.

The judges in the various districts were as follows:
 Central Maui—E. G. Krauss, L. D. Timmons and L. R. Mathews.
 East Maui—George E. Lake, Nils Omsted and Mr. Tenney.
 West Maui—B. O. Wist and J. Alton Wilson.
 Molokai—Dr. F. G. Sanborn.

The prizes offered in this contest were as liberal as any ever offered on Maui for any similar contest and are:
 Six First Prizes—A trip to Honolulu, all expenses paid.
 Six Second Prizes—A choice from the following: Ball and bat, base ball mask, pocket flashlight, fountain pen, set of garden tools, doll, hair ribbon and sash, sweater, bicycle lamp, wagon, etc.

Six Third Prizes—A choice from the following: Small set of garden tools, one year's subscription to the Maui News, baseball, baseball bat, book, school companion, subscription to "Boys' Life" or "American Boy," etc.
 Paul Knysor of Paia, Albert Camara of Keahua, Naoki Matsuda of Hanalei, Hisashi Hasegawa of Lahaina are so far named the successful winners of the first prize which entitles them to a free trip to Honolulu. They will leave with Mr. Mathews on the 26th of December. Organizations in Honolulu which are interested in the Maui contest have already written Mr. Mathews offering their services in every way to make the stay of the winners in the city as pleasant as possible.

The total winners of the prizes as so far reported are:
 Wailuku—First, Henry Gomes, 15 years old; second, Manuel Correa, 12; third, Virginia Texeira, 14.
 Wailuku—Martha Wilbur, first, 12 years old; Eva Miranda, second, 11; Albert Maekaku, third, 10.
 Wailuku—Shizui Kotsubo, first, 13 years old; K. Saida, second, 11.
 Hanalei—First, Jose Hanoli, first, 12 years old; Mikala Pedro, second, 11; Tony Crastes, third, 14.
 Hanalei—Naoki Matsueda, first, 15 years old; William Baldwin, second, 9; Philomena Nunes, third, 12.
 Keokea—Yin Fah Kong, first, 13 years old; Yuen Foon Pang, second, 13; Chong Meo Hew, third, 13.
 Makawao—Flora Tavares, first, 14 years of age; Sinto Tavares, second, 10; Louis Tavares, third, 10. Honorable mention—Louis Pinheiro, 10; Lida Pinheiro, 14.
 Paia—Paul Knysor, first, 14 years of age; Yoshio Tenaka, second, 14; William Chalmers, third, 12. Honorable mention—John Andrade, 12; Kiono Okakoda, 13; Manuel Franco, 14.
 Keahua—Albert Camara, first, 14 years of age; Kiyoshi Sakurea, second, 15; Alfred Carvalho, third, 14. Hon-

orable mention—John Kalani, 12.
 After very careful consideration and analysis, the judges decided upon the following as the ones to go to Honolulu: Paul Knysor of Paia, Albert Camara of Keahua, and Naoki Matsueda of Hanalei (Pauwela). In the latter case it was a very close decision between Matsueda and Jose Hanoli, the judges deciding in favor of the former on a few finely drawn points.

In the Lahaina district the results were as follows: Hisashi Hasegawa, Lahaina, age 13, first, trip to Honolulu.
 Lida Harada, Honokohua, age 19, second.
 Leslie Vida, Lahaina, age 13, third.
 The second prizes in Central Maui were awarded as follows:
 Martha Wilbur, Wailuku, age 12.
 Rose Hanoli, Hanalei, age 12.
 William Baldwin, Haiku, age 9.
 Next, the third prizes, in central Maui were as follows:
 Flora Tavares, Makawao, age 14.
 Shizui Kotsubo, Wailuku, age 13.
 Mikala Pedro, Hanalei, age 11.
 Additional honorable mention was voted the following:
 Wailuku—Henry Gomes, age 15.
 Keokea—Yin Fah Kong, age 13.
 Paia—Yoshio Tenaka, age 14; William Chalmers, age 12.
 Makawao—Sinto Tavares, age 10.
 Keahua—Kiyoshi Sakurea, age 15.
 Alfred Carvalho, age 14.

MAGNESIA TREATMENT FOR DYSPEPSIA

Why Physicians Prefer It To Drugs, Pepsin Or Soda in Treatment of Acid Indigestion.

"Only those in constant touch with sufferers from indigestion and dyspepsia can fully realize the harm done by the improper use of drugs and artificial digestants," remarked a well known New York physician recently. "Personally I rarely advocate the use of drugs in the treatment of digestive or stomach troubles, for in practically every instance I have proved the underlying cause to be excessive acidity of the stomach and consequently fermentation or souring of the food contents."

"Therefore in place of the once widely used drugs I invariably recommend the use of bisurated magnesia to neutralize the stomach acidity and stop the food fermenting, and the wonderful results I have obtained during the past three years convince me there is no finer treatment for indigestion, dyspepsia, etc. It must, of course, be clearly understood that I do not employ or advise the use of such forms of magnesia as citrates, acetates, carbonates, sulphates, etc. These might often do more harm than good; nothing but pure bisurated magnesia should be used to neutralize an acid stomach. This is not at all difficult to obtain—in fact, I find that most druggists now keep the genuine bisurated magnesia in tablet form in addition to the ordinary bisurated powder. A teaspoonful of the powder or two compressed tablets taken with a little water after meals will usually be found quite sufficient to instantly neutralize the acidity and prevent food fermentation, thereby insuring painless natural digestion for even chronic sufferers."—Adv.

U. S. GIVES INDORSEMENT TO S. A. WAR WORK

"We are glad to observe that the Salvation Army is lending its powerful aid in many ways unique and in the general cooperation of the community at large." Secretary of War Newton D. Baker has written to Commissioner Thomas Estill, western territorial headquarters, Chicago, in official indorsement of the Salvation Army's vast and comprehensive war relief work in building huts in France and the United States, where American troops may attend religious services, get a steaming hot cup of coffee, read, write home, get their clothes mended and socks darned.

"This cooperation is a new thing in the world's history," the war department letter adds, "and the war department welcomes and is grateful for such help as you and your associates can give."
 Late advices from the American front in France tell of Salvation Army lassies serving steaming hot coffee all night to U. S. troops on post duty during the first snowstorm of the season.

"It was hard work for us, standing in the cold wet," said one lassie, "but it was considerably worse for the American boys, who had to stumble through snow and against wind backward and forward from their posts."
 The Salvation Army lassies and men have been equipped with gas masks upon several occasions when duty called them near the fighting front.
 The Salvation Army Hument clothes-mending department is teeming with activity, darning socks, sewing on buttons and patching rents for U. S. men.

HONOLULU ARMY MEN ON LEAVE IN S. F.

SAN FRANCISCO, Dec. 8.—Captain S. H. Thighmann, C. A. C., en route for San Diego from Honolulu, is enjoying a few days of leave at the University club, with Captain F. L. Peregó, C. A. C., who is on duty with the coast defense force of San Francisco.
 Lieutenant Colonel D. H. Glenty, U. S. Cavalry, for some time on staff duty with the quartermaster corps at Honolulu, is at Hotel St. Francis on sick leave.

Captain J. W. Simens, U. S. A., is here en route from Schofield Barracks to Washington, D. C.

War expenditures by the Salvation Army now are rapidly ascending to the \$2,000,000 mark.

Rich Milk thoroughly Purified

That in a sentence sums up Highlander Condensed Milk (full cream). There are very definite and real reasons for its superiority.
 First of all the milk is the world's finest. New Zealand's dairy conditions and legislation are the world's model—its dairy products top the world for the price because of their quality. Highlander Condensed Milk is prepared from the purest and richest milk of the specially selected herds in the rich dairying pastures of Southland. The cows are subject to Government inspection, and the milk is drawn from each cow under exceptionally rigorous conditions of cleanliness.
 It is then immediately filtered and cooled at the dairies.
 Next it goes to the great model Highlander Condensaries—cleanliness personified.
 Here it is again filtered and subjected to a process which destroys all disease germs. Part of the water is removed by evaporation in vacuo, and a proportion of the finest No. 1A sugar is added.
 Highlander Condensed Milk is full cream—the richest, purest milk, less part of the water. More economical than fresh milk—there is no waste what is wanted, the remainder is available for further use.
 Hygienic, uniform, handy, always ready, it is cheaper, more reliable. For cooking it is far superior to ordinary milk—try it.
 There are hundreds of recipes in the big 200-page beautifully illustrated Highlander Cook Book. Write for a FREE copy today—address "Highlander," Dept. "A" Fred L. Waldron, Ltd., Agents Honolulu.

Boy Scouts of Hawaii in Action

TROOP I
Troop I met Saturday afternoon with seven scouts, one official, one visitor and one Indian scout present.

Mr. Porter talked about catching rats and the killing of mosquitoes. Every one in the troop is to see how many rats they can catch in four weeks. Mr. Porter also told some good stories of secret service agents and newspaper reporters' tricks and how they dealt with spies and others of their class.

A game of soccer was played between two picked teams and then the meeting adjourned.

The next meeting is on Friday night at the Scout house.

WALTER SAMSON, Scribe.

TROOP V ALERT
Troop V is to be given a special Christmas entertainment next Friday evening. All scouts report in full uniform.

J. P. MORGAN, Scoutmaster.

TROOP IV
At the last meeting of Troop IV there were seventeen scouts and two officials present. Scout Frederick Forbes was sworn in as a first class Scout. Instruction was given the boys on the saluting of the flag. The whole troop took part in drilling semaphore signaling.

The Scouts of this troop are asked to be present at the meeting Friday evening.

TROOPS IX AND X
For the past three months Troops IX and X have had no meeting place but that of the lanai of the Liliuokalani schools but the Scoutmasters of Troops IX and X have now leased the old government reservoir in Kaimuki, the bottom of which will answer as a floor. This will make a unique Scout house after a roof is erected over the excavation. Each Scout of the troop has been assigned to design a shield, each Scout having a different design. These shields are to be hung within the Scout house.

TROOP XX
Troop XX held a special meeting Tuesday evening to discuss plans for camping during the Christmas vacation. The troop will hold its next meeting on Friday evening at their headquarters.

TO DO POLICE DUTY
All the Boy Scouts of Hawaii are asked to do police duty on Christmas Eve. A chorus of about a thousand voices is expected to sing and many of the Scouts have been asked to take part. Those who are to sing will report to Deputy Commissioner W. H. Hutton and will be assigned to the chorus.

J. F. C. Hagens has invited the Scouts of the rank of first and second class to go to his residence at Pearl Harbor on New Year's Day. Lunch and transportation will be provided. A special train will take the boys to their destination. The Scoutmasters of the various troops will kindly report the number of their boys—not Tenderfeet—at local headquarters.

The Scouts will bring bathing trunks and towels.

The next "Court of Honor" will meet at the Kiloheana Art League building at 4 p. m. Friday for the purpose of passing Scouts on second class tests. This court has specially planned this meeting so that Scouts can pass in order to go to J. F. C. Hagens' home on New Year's Day.

TROOP VIII.
The meeting was called to order by the senior at 7:30 with a total of 30 scouts present. Mr. Milton, our new scoutmaster, is still a little "green," but he is fast learning the ropes. An Indian patrol was formed under Harold Yap with "Timmie" Blaisdell as assistant. Ernest Kaal was introduced into the troop by Dodge Baker and was later elected drummer. We are leaving for a three-day camp on Friday to Waialeale and will be back in time for duty on Monday morning. About 25 boys are expected to go so we are looking forward to a fine time. Mr. Milton has kindly offered to cart our equipment out and back for us, and will then join us Saturday afternoon. Our troop has just received a large supply of equipment including a drum, canteens and an American and troop flag. This gift is highly appreciated by the boys and we are specially grateful to Mr. MacCaughy. A test chart was drawn by R. Pedro, showing the standing of all members and tests passed.

BOB HASTINGS, Scribe.

TROOP VIII ALERT.
All boys who wish to go camping report at the Palace grounds with full equipment at 3:30 p. m. Friday.

December 21. All who possess staves please bring them.

BOB HASTINGS, Scribe.

TROOP V HEARS OF CHRISTMAS
The meeting was called to order at 7:30 sharp. 24 scouts, 2 officials and 4 visitors were present. Little business was discussed. Scoutmaster Morgan spoke about a Honolulu woman who offered the troop a Christmas present. After all business was through, the scouts fell in and drilled for 25 minutes. The meeting was adjourned at 9:15 o'clock.

D. AKANA, Asst. Scribe.

TROOP XX PLANS CAMP
Wednesday Dec. 28, Troop XX will start on their five day camp. The senior leader will be in charge of the troop and camp routine. All the scouts have already "chipped in" their \$1.75 for camp equipment and food stores.

The morning hours will be devoted to instruction in first aid, signaling, map drawing, knot tying, etc.

Sunday the scouts will break camp and return to town. The camping grounds are to be selected in the vicinity of Pearl City.

TROOP MEETING CALENDAR.
Troop I will meet at its headquarters Friday evening at 7:30.

Troop IV will meet at its Scout house next Friday evening at 7:30.

Troop VIII will meet at its headquarters next Friday evening at 7:30.

Troop XX will meet at its headquarters next Friday evening at 7:15.

Troops IX and X will meet Friday evening at the Liliuokalani School at 7:30 p. m.

TROOP II PLAYS TROOP V.
Last week Troop II played Troop V a game of football, winding up with a score of 12 to 9 in Troop II's favor.

SAFEGUARD YOUR FOOD SUPPLIES

Many families now buy food in larger quantities than usual, either to save on the cost or to be sure of what they want. These people should guard carefully against rats which in one night may destroy a whole ham, several dozen eggs, or damage several dollars worth of other foods. The only way to prevent this is by exterminating the rats or mice and this is most easily accomplished by using Stearns' Paste. A small box of this paste, which can be bought for thirty-five cents, often exterminates a whole family of rodents in a single night; it is also effective with roaches and water bugs—Adv.

Approach of Christmas Causes Shops to Put on Gayest Attire; Bargains Are Here For the Holiday Shopper

Honolulu's holiday season is in full swing, and nowhere more attractively than in "Chinatown." Here the Oriental shops are gay with bright colors and beautiful with exotic articles.

Here the Christmas shopper has a multitude of things from which to choose, and all tastes and purses may be satisfied.

Jade and gold jewelry as manufactured by the Chinese makes beautiful artistic gifts. Rings, heavy and massive, with deep colored green jade stones, are being extensively worn by men today, and jade when wrought into lavalieres, bracelets and hair combs appeals to the jewelry-loving heart of every woman. The Chinese and Japanese excel in the art of jade cutting, and some of the jades now on display in the Chinatown shops and bazaars are marvels of exquisite design, hand wrought with infinite skill. To America the Oriental has brought the Asiatic's love for uniqueness, oddity, and yet withal harmonious blending of colors and materials in jewelry. Very seldom is Chinese jewelry seen which is not 22 or 24 carat gold, as it is customary in China

to place all one's worldly goods in gold, which never deteriorates in value. A description of the varied articles in this line is impossible, but the collection in the stores of Chinatown will enthrall the visitor and make selection of Xmas gifts easy.

Bronzes of plain and intricate pattern, large and small, always an appropriate gift, may here be found at a price which will enable anyone to secure a specimen of oriental workmanship. Cloisonne vases, some dating back to the Ming dynasty, beautifully hand painted with the artistic lines

which only come from the land of the setting sun; others equally beautiful but smaller. Delicate cups and saucers, transparent and fragile as a humming bird's wing, would make a suitable gift for any one.

Shops Full of Useful Articles. Besides the many antiques and objects d'art, useful presents may also be found in abundance. Ebony furniture, always in vogue, makes a most ornamental and valuable gift. Art baskets and Mandarin coats, skirts, jackets and slippers. Kimonos ranging in price from \$1.50 up to \$200. Beautiful creations in embroidery and needlework picturing the highest form of Chinese and Japanese art. Gorgeous heavily brocaded hand-worked silk tapestries, bedcovers, portieres and delicate intimate articles for milady's boudoir. Some of the Mandarin coats are genuine garments once worn by the ruling Manchu class before the revolution swept monarchy from China and established a republic.

YANK SOLDIERS LOWER COLORS OF STEAMER BULLY

Even though they are allies in the common cause against Germany, American soldiers and British firemen from a steamer in port became combative at five o'clock last night about 11 o'clock last night, John Burleyvorn prompted the fight and also aided in the defeat of the over stimulated firemen.

The soldiers involved were on guard at the pier when near salmon losing time the ship's firemen began to return to their ship. Most of them passed the guard and showed their credentials respectfully enough until the ship's bully, a six-footer of over 200 pounds weight, tried to brush the guard aside, using a vulgar oath to which he coupled the word "Yank."

Evidently the "Yank" in this case must have been from Dixie for the big fireman soon found himself horsed in combat, even before the soldier's companions knew trouble was brewing. Companions of the fireman pulled him outside into the air where he soon revived, still in a fighting mood.

On his second attempt to enter the wharf he approached the second guard with similar insults. Again he was knocked out, after which a number of the firemen tried to rush the two soldiers, but were easily conquered by the two American soldiers.

Eventually the firemen showed their passes, after some intelligence had been knocked into them, and they went aboard peacefully.

The firemen of this particular steamer have a reputation of "cleaning up" every port they reach, but they have long given up trying to best the big Hawaiian police in a street fight. Now that two ordinary sized soldiers have punished them they are said to have expressed wonderment at their lack of fighting power in Honolulu. Some of them blame it on the climate.

Aside from some damage to the British firemen's pride and a few painful bruises which they are nursing at sea today, there were no serious injuries.

On mature consideration, it is likely the firemen think the "Yanks" will make good allies against the Huns.

BEARS AT WORK ON EXCHANGE

The need of money by stockholders for the purchase of Christmas presents and the resultant selling of stock is the reason generally attributed by the brokers to the slight general slump which took place in the sugar stock and unlisted security market this morning on the Honolulu Stock & Bond Exchange. Practically the only stock which strengthened under the bearish feeling that prevailed was Oiaa, 300 shares of which sold between boards at \$4.75. Brokers predict that it will go to \$5 before long.

There was considerable trading in Pioneer which fell off 25 cents, 120 shares selling in small lots of 10 and 15 shares at \$28. Small lots of Hawaiian Pines sold on the board, the first sale of 5 shares bringing \$44.25 and the next two sales of 5 shares each bringing \$44 a share. Ewa to the extent of 15 shares sold at \$28.50, a slightly weaker price than yesterday. Twenty Waiaina shares went at \$22.25 on the board and 10 sold between boards at the same price.

In the unlisted securities Montana-Bingham slipped down a little, 700 shares selling at 39 cents between boards and 500 passing at 38 in the session. Honolulu Oil also veered south; 300 shares bringing \$3.90 a share, in Madera 2500 shares brought 30 cents, a firm price.

Dividends as announced before the session were as follows: Alexander & Baldwin, \$1.00; Onomea, \$1.00; Hawaiian Agricultural Co., 40 cents; Hawaiian Electric, \$1.00; Pahang Rubber 10 cents and Tanjong Olak Rubber 20 cents.

FAKE MAIL ORDER SCHEME EXPOSED

The Guide Co., of Memphis, Tenn., banned under a fraud order issued by the postoffice authorities October 22, 1917, for operating a deceptive work-at-home scheme, secured its victims through classified advertising in the newspapers. Several papers refused the copy on the advice of the National Vigilance Committee that work-at-home schemes do not measure up to the Committee's standards for classified advertising. Newspapers as a class aim to run only clean, dependable classified copy and they are urged to make use of the standards, a copy of which follows. Local bureaus and committees may co-operate by calling the attention of their newspapers to the matter.

- Pitfalls of Classified Advertising
- (1) Propositions to start individuals in the mail order business—to provide mail order plans or secrets.
 - (2) Circular distributing schemes.
 - (3) Firms seeking lists for mail order houses.
 - (4) Offers to teach one to become a detective by mail.
 - (5) Developing song writers—charging a fee for setting verses to music, printing and creating a demand for songs.
 - (6) Home work schemes—addressing envelopes, writing letters, stories, and sewing, and all other kinds of work done at home.
 - (7) Schemes which ask for cash deposits for samples or outfits.
 - (8) Matrimonial advertisements, clairvoyants, palmists, etc.
 - (9) Advertisements of physicians guaranteeing cures.
 - (10) Advertisement of "Gyp" furniture or photograph dealers giving residential addresses.

ANNIE LARSEN AT KAUI AFTER LENGTHY VOYAGE

The schooner Annie Larsen, which with the steamer Maverick, is alleged by the United States government to have been employed by German agents in an attempt to carry munitions and arms to India for the rebellion against Great Britain, is now at Port Allen, Kauai, after an unusually long voyage from Gray's Harbor to the islands.

The Annie Larsen was over 50 days in making the voyage, and fear was expressed by shipping men in San Francisco a week ago that she had foundered. However, she passed off Koko Head on Tuesday bound for Port Allen and is supposed to have arrived there safely. She has 450,000 feet of lumber for Kauai.

It is the famous India conspiracy case in which former German Consul (Gor.) Rodiek and his former secretary, H. A. Schroeder, have pleaded guilty to being involved in which the Annie Larsen and the Maverick figured.

The Maverick sailed from Batavia, Java, Aug. 14, for New Orleans, and has not been heard from since. An official announcement issued by the navy a month or so later stated that it was believed the Maverick had been lost in the typhoon which nearly sunk the transport Thomas off the northern coast of Luzon.

In the Hindu plot case the Annie Larsen is alleged to have sailed from a coast port with munitions to meet the Maverick on the Pacific, but failed to find the steamer, and when supplies ran short took refuge at Ahetdeen. The ship and munitions were seized by the government. The arms were sold and later the vessel was given permission to resume trading.

The Maverick was seized by the Dutch officials at Batavia after going there from Hilo, where she made a mysterious stop for ten days at the outbreak of the war and kept there until last August. She is owned by citizens of the United States.

HOODOO FOLLOWS 'F' SUBMARINES

The "hoodoo" of the submarines of the F type has often been referred to here ever since the F-4 went outside Honolulu harbor two years ago last spring. Naturally the collision of the F-1 and the F-3 a few days ago at an unnamed port has revived belief in the "hoodoo."

But that the "F hoodoo" is transferable to other undersea craft is now the claim of some of the superstitious along the waterfront. They point out that the former commander of the F-1 while she was stationed at Honolulu was Lieut. Harry Bogusch. Later he was transferred to the H-3, which ran ashore under his command at Eureka, Cal. In attempting to salvage the wrecked submarine the cruiser Milwaukee was also grounded and much damage caused.

Lieut. Bogusch was afterward court-martialed and reduced a large number of points for his part in the wrecking of the submarine.

Even though the unlucky lieutenant did carry the "F hoodoo" to the H-3, he seems not to have cleared the F-1 of its destructive force, since the F-1 was the submarine lost in the collision of the undersea fighters.

ADDITIONAL TELEGRAPH NEWS

TURKS STRIP RELICS FROM HOLY SEPULCHRE

WASHINGTON, D. C., Dec. 20.—Advices received here through official French sources state that the Turks carried out a systematic desecration of the Church of the Holy Sepulchre and other sacred places in Jerusalem before they surrendered the city, while Christian priests were barbarously treated when they attempted to protect the tomb of the Savior and other holy places from the ravages of the Moslems.

The sacred relics in the Church of the Holy Sepulchre were torn from their places days before the British had completed their encircling movements that made the surrender of the city certain. The jewels and other contributions to the sacred church, valued at millions, were taken. The various images of the Virgin were stripped of their costly raiment and jeweled decorations. All these relics were packed and shipped to Berlin, there to be used in the Roman Catholic churches of the German capital.

Many of the priests were seriously mistreated. One, Father Piccardo, an Italian, has since died of the effects of the brutality of the Turkish soldiery and their German officers. Monsiegnor Camassel, patriarch of Jerusalem, was deposed from his holy office by the Turks and driven away from the city.

In addition to robbing the Church of the Holy Sepulchre, the Turks committed many acts of wanton vandalism, in some instances destroying holy relics which could not be conveniently carried away. The famous Walling Place of the Jews was polluted and other acts against both Judaism and Christianity were carried out.

SUBMARINE TOLL IS SMALLER FOR PAST WEEK

NEW YORK, N. Y., Dec. 20.—British sea losses for the week, the admiralty has reported, totaled eighteen vessels of all descriptions as against twenty-one each week for the two preceding weeks. Of these eighteen, there were fourteen that were of 1400 tons or more, three under the rating and one fisherman.

French Loss Small
From Paris the ministry of marine reported the loss of one smaller craft and no vessels of 1400 or more tons burden.

ARMY AND NAVY UNIFORMS TO STAY IN RUSSIA

WASHINGTON, D. C., Dec. 20.—At this time the United States has no intention from withdrawing from Russia its railroad commission. This information was brought out yesterday by the receipt by officials here of private messages urging that the commission shall not be withdrawn.

Officials receiving these messages are at a loss to understand whence emanated the idea that the government was planning such withdrawal, they said. No withdrawal is at this time contemplated, they asserted and a cablegram to that effect was sent to Russia.

NEWFOUNDLAND RAISED TO STATUS OF DOMINION

BOSTON, Mass., Dec. 20.—As a reward for the gallantry shown by its overseas force and the splendid services rendered in men, equipment and money that it has rendered, Newfoundland is officially designated as a dominion, advices received here yesterday say.

In the past Newfoundland has been designated as a crown province. The designation of the former province as a dominion does not include it as a part of the Dominion of Canada. The vote of its inhabitants would be necessary for this. Hereafter it will be the Dominion of Newfoundland.

NEURALGIA PAINS YIELD QUICKLY

Hundreds Find Sloan's Liniment Soothes Their Aches

The shooting tearing pains of neuralgia and sciatica are quickly relieved by the soothing external application of Sloan's Liniment.

Quiets the nerves, relieves the numbness feeling, and by its tonic effect on the nerve and muscular tissue, gives immediate relief.

Sloan's Liniment is cleaner and easier to use than musky plasters and ointments and does not clog the pores. Just put it on—it penetrates. Kills pain. You will find relief in it from rheumatism, neuralgia, sciatica, stiff neck, toothache, etc.

For strains, sprains, bruises, black-and-blue spots, Sloan's Liniment quickly reduces the pain.

It's really a friend of the whole family.

PORTO RICAN EDITOR GETS EIGHT YEARS FOR SEDITION

SAN JUAN, Porto Rico, Dec. 20.—Viscount Balbas, editor of Revista de las Antillas, a new publication, who has been convicted of sedition because of a number of anti-American articles published in his paper, was yesterday sentenced to serve eight years in the federal penitentiary at Atlanta and to pay a fine of \$4000.

CAPTAIN OF CHURCHILL GIVEN UP BY BONDSMEN

SAN FRANCISCO, Cal., Dec. 20.—Captain Granow, skipper of the American schooner Churchill, which was wrecked on French Frigate shoal, yesterday was surrendered to the federal authorities by his bondsmen. Captain Granow is under indictment charging him with the wrecking of his ship deliberately.

SPRECKELS DISPENSED "SMALL TALK," SAYS BABST

(Associated Press by U. S. Naval Wireless)
WASHINGTON, D. C., Dec. 20.—President Babst of the American Sugar Refining Co. was before the senate committee during the entire session of the sugar commission probe yesterday. He told chiefly of the efforts which his company had made to secure sugar in large quantities from Louisiana of the agreement which he entered into in New Orleans to take a hundred thousand tons of raw cane sugar at a price above the one fixed by the sugar commission and of the contention on the part of the American Sugar Co. that the price ruling of the commissions was not applicable to American grown sugar.

Tells of Attempts
The agreement with the Louisiana planters Babst said did not bring the amount of sugar desired and required and his company had secured less than what it ordinarily was able to secure. In prior years the company had purchased as much as 190,000 tons of Louisiana sugar, he said.

Speaking of the testimony that Claus Spreckels had given before the committee, Babst said that he considered it just "small talk" and minimized the importance of such testimony.

"PANCHE" IS WORKING AT HIS OLD TRADE

EL PASO, Texas, Dec. 20.—Francisco "Panche" Villa is going under an assumed name and as "Severino Gonzales" is continuing his war-like operations, is the report that has been brought to Juarez by federal soldiers who had been his prisoners to the south but had succeeded in making their escape and working their way up from the interior to the border port of entry. They report that he is conducting a guerrilla warfare much as has been his former practice, except when he has drawn to himself a large following, and that his operations consist chiefly in raids upon ranches and small towns.

TROOPS SUFFER FROM COLD IN TRAINING CAMPS

WASHINGTON, D. C., Dec. 20.—General improvement in the health conditions of the national guard in the various training camps occupied by that branch of the service is reported by the division of field sanitation in its report for the week ending December 14. The health conditions of those bodies are now reported as very good.

On the other hand in the national army training camps, where a short time ago the health conditions were much superior to those in the national guard corps, conditions are now not quite so good as then, bringing the condition of the two divisions of the army on more equal terms. The less satisfactory report as to the national army is the result of the cold weather which has set in upon some of the camps. This has brought about more pneumonia and a slight increase in the number of cases of measles and of meningitis, though not to an extent that is considered in any wise serious.

AMERICAN HEADQUARTERS IN FRANCE, DEC. 20.—

Preparations for the observance of Christmas Day by the American soldiers in France are going merrily forward. For the second time within a month commissary officers are scouring the country round about and purchasing thousands of pounds of turkeys, needed for the supplying of the various units.

Mince pie is to be served for dessert since a large consignment of mincecater, which arrived too late for the Thanksgiving dinner, will be cooked up and used for pies.

Every man is to have his gifts. This the Y. M. C. A. and the Red Cross are looking after and whether or not anything has arrived from home for an individual soldier he will not feel forgotten for there are to be individual gifts for all which will include tobacco and candy.

MINISTER CRITICIZED

WILSON: HE RESIGNS FORT COLLINS, Colo.--The Rev. J. G. Klene, for ten years pastor of the First Presbyterian church of this city, has resigned to accept the pastorate of a church at Long Beach, Cal. Klene is of German descent and aroused considerable antagonism among the members of his congregation last spring by preaching a sermon declaring that President Wilson had no more right to ask this country to go to war with Germany than he had a right to engage in hostilities with England. When Klene tendered his resignation, no effort was made to have him remain here.

\$50,000 BUILDING FOR S. A. HOME IS DEDICATED

Dedication of the splendid assembly hall erected by Mrs. C. M. Cooke and family for the Salvation Army home in Moana Tuesday was informal but impressive and was followed by a Christmas celebration. Besides a fair turnout of Moana folks many friends of the institution from other sections were present.

An overture by the girls' band started the proceedings. Col. Robert Dublin, local head of the army, called on Mrs. (Adjutant) West to offer the invocation. He then delivered the dedicatory address. He said he believed \$50,000 would hardly cover the cost of the assembly hall and placed the aggregate value of new structures at the home and the headquarters building downtown at not less than \$100,000.

He said the hall was intended to be the chapel for boys and girls, where exercises for their spiritual nurture would be held, and a place of recreation such as the festival of that evening as well.

After the dedicatory prayer by Rev. L. L. Looftbourrow the Christmas exercises began with more band music. Then came a delightful Christmas cantata, including choruses from 115 children, ranging from infancy to youth. There were stage settings arranged while the audience waited, showing the babe in the manger, the watching shepherds and the choir of angels—the latter equipped with artistic wings, but their song contributed in harp-like music from behind the scenes.

Santa Claus gave the closing performance, the actor being both an acrobat and a comedian. His antics caused uproarious merriment on the part of old and young.

The program follows:
Song, "Let Us Sing a Merry Carol," by the children.
Vocal quartet, Pollyanna, Minnie, Lizzie and Rosalie.
"The Shepherds," by larger girls.
Selection by the band, "Heart's Closed Door."
Christmas Bells, Sixteen girls.
Recitation, Violet Rowcastle.
Instrumental quartet, the band girls.
Red Cross nurses, six small children.
Selection, "Christmas," by the band.

EIGHTEEN EXAMINED FOR NEXT TRAINING CAMP

Eleven enlisted men from Companies B and C, 3rd Engineers, who are applicants for admission to the next training camp, appeared before the board yesterday at army headquarters. Seven guardsmen from the outside island battalions were also examined, as follows: Albert Hall, Emil Manuel, K. Koeng Kam, Dewey Mookini Joseph R. Rodrigues, B. Cobalain and Henry Aki. Names of the army men are not yet available for publication.

Through the national council of defense a contract was awarded for the supply of 15,000 pairs of boots to the Belgian army.

Social Annoyance

From a hygienic standpoint social annoyance is getting serious, since the strain on both the body and the mind requires constant physical attention. Certainly nothing is more annoying to a refined person than offensive perspiration or body odor. Those who have used Tyree's Antiseptic Powder know it to be the remedy which never disappoints. For general use—dependable in all cases—it should be in every household.

France Praises Americans Who Died at Cambrai

WASHINGTON, D. C., Dec. 3.—High tribute to the gallant conduct of the American army engineers in France who were caught in the German encircling attack on the British lines near Cambrai is paid in an official communication from the French government received here tonight by cable. The communication follows:
"We must remark upon the conduct of certain American soldiers, pioneers and workmen of the military railroad in the sector of the German attack west of Cambrai on Nov. 30. They exchanged their picks and shovels for rifles and cartridges and fought with the English. Many died thus bravely, arms in hand, before the invader. All helped to repulse the enemy. There is not a single person who saw them at work who does not render warm praise to the coolness, discipline and courage of these improvised combatants."

THREE ON EACH ISLE ASKED TO SERVE AS ADVISORS ON DRAFT

Capt. F. J. Green, draft officer, announced Wednesday the names of the men who will be asked to serve on the legal advisory boards for the different islands as required by law. The names recommended to him were submitted by a committee from the bar association and are as follows:
Oahu—C. W. Ashford, W. T. Rawlins and W. W. Thayer.
Kauai—Lyle A. Dickey, A. G. Kaulukou and Eric A. Knudsen.
Mauai—William S. Edings, E. R. Bevins and Enos Vincent.
West Hawaii—J. W. Thompson, A. W. Carter and G. P. Kamaoaha.
East Hawaii—Clem K. Quinn, Stephen L. Deeba and W. S. Wise.

MANY CITY DEPARTMENTS ASK FOR MORE MONEY

More money is wanted for the expenses of the First Circuit Court, the police department, the department, Kapiolani Park maintenance and a number of other departments in the budget appropriations for the first six months of 1918 which will be considered at a special meeting of the board of supervisors Sunday morning at 10 o'clock.

The First Circuit court is set down in the tentative budget for \$10,000 for six months, or an increase of approximately \$200 a month. The maintenance of the police department calls for \$111,500 for the six months instead of \$101,000 in the old budget. There is a slight increase in the appropriation for the upkeep of parks and Kapiolani Park, which is set down separately, will receive \$2200 a month. Other proposed increases are \$432 a month for the support of prisoners; salaries of the fire department, \$415 a month; jail payrolls, \$400 a month; salary of deputy clerks in the auditor's department, \$261 a month; salaries of deputies and clerks in the attorney's office, \$115; salaries of deputies and clerks in the treasurer's department, \$150 a month. The remainder of the appropriations are the same as for the last three months of this year.

MAIL XMAS CARDS BEFORE SATURDAY

Postmaster D. H. MacAdam urges that everyone mail their local Christmas cards on or before Saturday. If this is done the cards will be delivered on Monday, December 24, and will reach those to whom addressed before Christmas. Besides mailing the cards at an early date the postoffice force will be relieved of strain and permitted to enjoy the holiday.

A timely and thrifty Xmas gift. A subscription to the Star-Bulletin.—Adv.

RICH MAN'S SON SENDS ENLISTMENT BY WIRELESS

SAN FRANCISCO, Dec. 5.—Reserving a berth in the United States marine corps by wireless is the latest wrinkle sprung on recruiting sergeants on duty at the Market street office. Kenneth A. Williams, son of Henry Williams, director of W. S. Grace & Co. and a well-known San Francisco steamship man, is the originator of the idea. Young Williams is returning from a trip to the Orient. When he reached Honolulu he apparently started to read in San Francisco papers of how quickly the marine corps quota was being filled. "I'll be there in a few days," Williams, senior, visited the marine recruiting office today to make sure there would be no slip-up.

JACK LONDON'S LETTERS TO BE GIVEN IN BOOK

OAKLAND, Dec. 4.—Mrs. Charmain London, wife of the late Jack London, California novelist, leaves this week for New York, where she will spend the winter and spring. Mrs. London is compiling a volume of London's letters written to her from Korea when he was a war correspondent in the Russo-Japanese war. The book will also contain London's views on the Mexican problem. Mrs. London's book on Hawaii has already gone to press. Originally intended to be a part of "The Log of the Snark," the volume was found to be too long and Mrs. London decided to publish it independently.

RAIDER CREW REFER TO "CONSUL HACKFELD"

Thomas Duncan, a British resident at Aitutaki, has written a Honolulu friend that the crew of the mysterious launch which called at that point referred to "Consul Hackfeld and Paul Isenberg to prove that they came from Honolulu," as claimed. It was afterwards pretty well established the men in the launch were Count von Luckner, the commander of the German raider Seeadler, and two officers and two sailors, who left Mopeha island in an attempt to capture a vessel after their craft was wrecked.

FILIPINOS CONTRIBUTE \$40 TO RED CROSS

AD CLUB'S WORK ON TENEMENTS BEARING FRUIT

Action to curb some of the worst evils of tenement houses here is being considered by the board of supervisors, reported H. E. Vernon on behalf of the Ad Club's tenement committee, at the club lunch yesterday.

He said that Tuesday night the supervisors referred to the health committee and to the city attorney's office the Ad Club communication on overcrowding and attendant evils, and indicated that the board is disposed to act when it has investigated and has worked out the legal phases of remedial legislation.

Riley H. Allen spoke briefly on a trip through some of the worst tenement districts taken this week with W. E. Pietsch, social worker, and of the acute conditions of overcrowding they encountered.

"It is estimated that within the past few weeks from 500 to 700 men from the plantations have quit their jobs and come to Honolulu and most of them are still here," he said. "It is also estimated that from 200 to 300 families have come and taken up quarters in the already crowded tenements. Many have intended to go to the coast, but cannot get passage. Their situation is a menace to the health and morals of the young girls and boys of the families, plunged as they are into the worst of the most evil conditions."

He said that the Ad Club suggestions for a janitor and watchman for each building; of enforcement of strict sanitary regulations and segregation of the sexes should be carried out, in the opinion of those who have seen present day conditions.
