KAISER TO OFFER PEACE ON CHRISTMAS, ROME REPORTS

HONOLULU INDIGNANT AT LENIENCY SHOWN RODIEK

Majority of Comments Indicate Local Men Think "Plotter" Should Have Been Sent to Jail—Reported Rodiek is Coming Back to Reorganize Hackfeld & Co.—Conviction Carries Loss of Citizenship

If expressions of Honoluluans heard today are a criterion, Honolulu is indignant at the leniency shown Georg Rodiek by the federal court in San Francisco. With few exceptions, every person seen by Star-Bulletin reporters thought Rodiek had been let off too easily; some favored a stiffer fine, while the majority were of the opinion that a jail sentence was merited. Rodiek's conviction and sentence carry with them loss of American citizenship, it was stated today in legal circles. Rodiek has already been dropped from the rolls of the Pacific Club; he is under fire in the Commercial Club but so far no move has been made to expel him from the chamber of commerce.

HALSEY THINKS RODIEK JOINED IN GEIER PLOT

Immigration Inspector Says Ex-Consul Got Him to Send German Sailor Away

Since the publication of the Grasshof diary Richard Halsey, inspector in charge of the Hawaii immigration station, declares he believes false representations regarding the physical condition of a member of the Geier crew were made personally to him by former German Consul George Rodiek and H. A. Schroeder, the consulate secretary.

It is a reference in the Grasshof diary to Geier sailors and officers "who are sick for whom it is believed possible to secure permission to travel to the states" that causes Mr. Halsey to believe he was duped by the former German consul and his secretary.

He says that he remembers Rodiek and Schroeder coming to him with the doctor of the Geier and representing that there was a sailor aboard the Geier who was stated to be ill. He says that he and the Hawaii customs there was no hope of his recovery unless he was permitted to go to California and recuperate.

RODIEK LOSES CITIZENSHIP, SAYS JURIST

Personal opinions expressed today by Federal Judge Horace W. Vaughan and Assistant U. S. Attorney J. J. Banks are that Georg Rodiek, vice-president of H. Hackfeld & Co., and former German consul here, has been shorn of his American citizenship rights as the result of his conviction in San Francisco of activity in the plot to foment a rebellion in India.

The federal statutes provide that when a person is convicted of a felony he forfeits his right to vote as well as his right to hold public office. As regards the determination of a felony, the statutes' definition is that all offenses which may be punishable by death or imprisonment for a term exceeding one year, shall be deemed a felony.

Cable Orders Hawaii to Get Busy on Draft

Judging from a cable received today by Captain F. J. Green, draft officer, from Major General E. H. Crowder, Washington is intending to "do things" shortly with regard to drafted registrants in Hawaii. The cable instructs members of the legal advisory boards to prepare for "business at once." It says: "The president directs that you be informed that these appointments have been made precisely as nominated, to date from December 22. Please inform the appointees and request them to organize and prepare for business at once. Formal certificates of appointment will issue in due course."

RED CROSS DRIVE NEAR GOAL; 3000 MEMBERS NEEDED

With a total of 22,444 members on the roll this morning the local chapter of the American Red Cross started on its last day's drive to obtain a membership of 25,000 on the islands of Oahu, Maui and Kauai. The island of Hawaii is a separate chapter.

Congressman Dies After Operation

AKRON, Ohio, Dec. 24.—Representative Ellisworth R. Bathrick of this city died today from an operation for gallstones. He was a Democrat, member of the house naval affairs committee, and had served in several sessions of Congress.

CARTER DENIES HE'S IN NEW TRUST CO.

Former Governor George R. Carter today officially denied the rumor that he was to be the head of a new trust company which is now being formed and which is expected to begin business in Honolulu next April.

To postoffice employees Christmas day will be just as much as any other day, with more work if anything. The postoffice will be in full operation tomorrow, perhaps all day, handling the 1000 bags of mail coming on the S. S. President. Carrier deliveries will be made as usual, two if necessary. The money order window, however, will be closed and the other windows will close at noon.

POPE POINTS TO WORLD SUFFERING AS XMAS LESSON

ROME, Italy, Dec. 24.—Pope Benedict, through the Associated Press today, issued a message to the American people. It follows: "The Holy Father sends to the people of America cordial greetings and prays that they may take to heart in this time of strife, the sufferings of the world as a true lesson of Christmastide—a lesson of God's unceasing love for mankind, a lesson of unflinching courage and sacrifice of self."

German Paper Suspended For Food Criticism

AMSTERDAM, Netherlands, Dec. 24.—The Socialist paper, Vorwaerts, which was suddenly suspended by the German government, has resumed publication. In its first issue it announces that the suspension was due to the criticism which it made of the system of furnishing food to those involved by the war, the criticism being printed under the heading "Let Them Beg." In this connection it prints prominently the defense made by Herr von Waldow, the food control chief.

LATE NEWS AT A GLANCE

PACIFIC COAST EXCEEDS RED CROSS QUOTA
WASHINGTON, Dec. 24.—The Red Cross drive is fast nearing its goal. The Pacific coast expects to pass its quota of 465,000 by 100,000.

SEVENTEEN KILLED IN STREET-CAR ACCIDENT
PITTSBURG, Pa., Dec. 24.—Running wild on a slope today, a street-car jumped the rails and turned over. Seventeen are reported killed and many others injured.

WILSON TO CONFER WITH BROTHERHOOD CHIEFS
WASHINGTON, Dec. 24.—President Wilson has summoned the chiefs and legislative agents of the four railroad brotherhoods to a conference to be held at the White House Thursday.

PRESIDENT GIVES TURKEYS TO WHITE HOUSE EMPLOYEES
WASHINGTON, Dec. 24.—President Wilson plans to take Christmas dinner with his family and will enjoy a Christmas tree with them. Later he will distribute gifts to about 50 children near his golf club. He has given 125 turkeys to employees of the White House for Christmas.

AMERICAN AERO MECHANICS ASSEMBLE IN FRANCE
AMERICAN CAMP IN FRANCE, Dec. 24.—Several thousand aero mechanics are now assembling here prepared to maintain America's airplanes now in England, where aviators are being trained. Training completed, the aero bases will be transferred to France.

ARIZONA GOVERNOR TO RETIRE TOMORROW
PHOENIX, Ariz., Dec. 24.—George W. P. Hunt, declared by the supreme court the governor-elect of Arizona, announced today that he will retire tomorrow at 10 o'clock in favor of Thomas Campbell, who was declared the governor by the lower court, following the election contest, and has been occupying the office.

FRENCH HIT HUN AIRMEN HEAVY BLOW

PARIS, France, Dec. 24.—During the past three days there have been no less than a hundred air combats on the French-German front. The French aviators have been highly successful, destroying 18 German machines, and dropped 20 heavy charges of explosive behind the German lines.

Church Bells to Toll Tonight For Red Cross Work

To emphasize the fact that the Red Cross is in existence tonight, Christmas Eve, at 7:30 o'clock, every chime and church bell in the city will ring for five minutes, and every half hour thereafter will toll for five minutes until 9:30 o'clock. This is a part of the propaganda work of the American Red Cross Society. Not only in Honolulu but in every city, town and hamlet in the United States and its territories the church bells will ring to night telling the world of the good that the Red Cross is doing.

CHILD SUCCEEDS CASTLE AS CHIEF FOOD EXECUTIVE

J. F. Child, federal food administrator for the territory, has been appointed executive officer of the territorial food commission, thus giving him practically entire control over all food conservation and food regulation matters in Hawaii.

30 ARRESTED IN DYNAMITE CASE AT SACRAMENTO

SACRAMENTO, Cal., Dec. 24.—Growing out of the blowing up of the executive mansion and the endangering of the lives of the governor and his family have come developments that point to an extensive plot for wholesale dynamiting, and led to the arrest of 30 men and the probable arrest and prosecution of a number of others either directly or less closely connected with the I. W. W. The attempt to kill the governor and the other alleged plans are directly attributed to the I. W. W.

U. S. VIGILANCE STOPS GERMAN SPY AT BORDER

EL PASO, Texas, Dec. 24.—Charles Felge who, all the evidence indicates, was a German spy, was shot and killed yesterday by army patrols as he sought to cross into Mexico. When his body was searched there were found upon him papers that appear to indicate clearly that he was a spy. Among the papers were ground plans of troop camps and fortifications. He also carried a camera.

NEW GERMAN PLAN TO 'SETTLE WAR' RUMORED; RUSSIA CHAOS PLAYING INTO TEUTON HANDS

Bolsheviki Negotiating With Other Factions, While Kaiser's Agents Scheme For Commercial Control
ROME, Italy, Dec. 24.—It is reported here apparently on reliable authority that there is a new German peace plan impending. It is reported that the kaiser will issue a declaration on Christmas Day containing his peace proposals. The nature of these is not suggested in the latest rumors.

LONDON, Eng., Dec. 24.—While the Bolsheviki faction is endeavoring to win over other Russian elements and secure a combination to carry on peace negotiations with the Central Powers, the German agents are busy behind the Russian lines, attempting to turn the chaotic situation to Germany's account in a commercial as well as a political way.

PEACE PARLEY IS ON; DELEGATES AT CITY UPON BORDER

WASHINGTON, Dec. 24.—Peace negotiations are under way at Brest-Litovsk, reports from there by way of Copenhagen declare. On the contrary, Petrograd reports tell of the departure of the Bolsheviki delegates on their return home. The exact status of the situation is apparently a matter of some doubt, the Copenhagen despatches indicating that proceedings are going ahead, while the Petrograd despatches indicate an unexpected hitch somewhere.

PRINCE LEOPOLD WELCOMES DELEGATES
Peace negotiations were opened at Brest-Litovsk on Saturday, messages to Copenhagen declared, and proceeded to give details of the opening meeting. Delegates from Germany, Austria, Bulgaria, Russia and Turkey were present and were welcomed by Prince Leopold of Bavaria, commander of the forces of the east for the Kaiser.

Bolsheviki Program Presented
With rules of procedure adopted the chief Bolsheviki delegate rose and in a long speech presented the Russian peace proposals, which coincide closely with those promulgated some weeks since by the Workmen's and Soldiers' Council and support of which he demanded from Kerensky before he was deposed.

Kaiser Would Summon Rulers
Despatches from the Kaiser which reached Copenhagen said that he had informed the government that if the diplomats would agree to the Russian peace proposals or such counter proposals as the present council might favor he would personally go to Brest-Litovsk and call for assembly there all of the sovereigns and regents of Europe to a peace conference similar to the one which followed the Napoleonic wars.

The Kaiser declared that everybody wants peace and that the future offers many great tasks in which all must cooperate. Rumania is not credited with having sent any delegates to the conference and has possibly decided not to participate despite the fact that a Russian peace would leave Rumania geographically isolated from the other allies.

Petrograd reports today say that the Bolsheviki commissioners are attempting to negotiate a settlement with the Ukrainians, who have already set up an independent government, and it is further reported that the Ukrainians are in a receptive mood.

The Cossacks are still vigorously opposing the Bolsheviki but there were no reports today of important campaign developments. It is currently reported that there is increased military activity among the Ukrainians.

German war prisoners now released from various Russian detention camps are flocking towards Petrograd. It is rumored that the Russians are arming them.

The Germans are actively engaged in trading in Russia, taking full advantage of their unusual opportunities, resulting from the inertia and failure of Russian industries.

The Bolsheviki leaders are now negotiating with Social Revolutionists of the coalition cabinet, allowing the latter the ministries of justice, posts and communications, and national affairs.

This same faction has begun the trials by court-martial of those accused of opposing the Bolsheviki activities. Among the prisoners is Countess Panin, former minister of education, who is reported to be the first to stand trial, on account of her refusal to deliver department funds to the Bolsheviki.

LONDON, England, Dec. 24.—Growing strength of the newly organized Ukrainian government and a weakening of the Bolsheviki forces are indicated by all of the reports which come through from Russia. The Ukrainian forces have been augmented by the navy in the Black Sea and by considerable additions to the land forces as well. Successes are attending its arms.

Between Homel and Bakmarch the Ukrainian troops have been concentrated while the Bolsheviki are gathering near Minsk. They are preparing to resist advances of the Cossack forces which will follow the concentration now in progress.

General Verkhovskii, who was war minister under Kerensky before the latter was deposed, has offered his services to the Ukrainian government which now has complete control of Odessa.

Highly important is the addition of the Black Sea fleet which reports say has gone over to the Ukrainians to a man.

DANGER OF EXPLOSION AT INCINERATOR DENIED

W. R. Hobby, superintendent of public works, denied emphatically today that there is any danger of an explosion around the old city incinerator on the beach below Kakaako, and asserted that there have been no fires about the place near enough to cause damage.

A guard is kept continually on the place, he said, having his home between 50 and 100 feet from the incinerator. Mr. Hobby stated that he had separated the detonators and dynamite some time ago at the request of the army authorities who feared an explosion. He consulted with the army

men and they decided that this step was sufficient to render the place safe.

"You could burn down the whole incinerator," said Hobby today, "and there would not be one chance in a million of exploding the detonators which are stored in a tunnel under it. Rubbish is burned down in the Ala Moana district, not at the incinerator. An explosion at the incinerator would not endanger the dynamite at the government storehouse, according to Mr. Hobby."

Flour mills at Minneapolis are running on a 60 per cent basis under orders of the milling division of the Federal Food Administration. Eastern millers are faced with a shortage.

CHILD GOING TO WASHINGTON ON FOOD CAMPAIGN

To personally present Hawaii's food, labor and other war time conditions to the national food administration, J. F. Child, federal food administrator for the territory, and executive officer of the territorial food commission, expects to leave for Washington Wednesday.

Aside from interviewing Federal Food Administrator Herbert Hoover and among other matters pertaining to Hawaii as regards the work of the local food bodies, Administrator Child will attend the conference of state and territorial food administrators to be held in the national capital January 8 and 9. Mr. Child expects to leave Wednesday, providing he can close his local affairs in time. He will be absent from the territory about a month.

Hawaii's war time problems, embracing labor and food conditions, were recently presented to the national administrator in a lengthy letter sent to Herbert Hoover by the food commission. The administration expressed much favorable comment on the communication, and promised the commission its entire support in solving these problems. One matter he will look into is the publicity campaign of the administration. He will urge that this material be forwarded to Hawaii as soon as it is off the press as, in the past, it has been practically too old for convenient use upon its arrival here. He will urge, also, that the national administrator cooperate more closely with the territorial bodies. During Mr. Child's absence, the office force of the federal food commission will be in charge. On the first of the year Miss Elizabeth Dutot

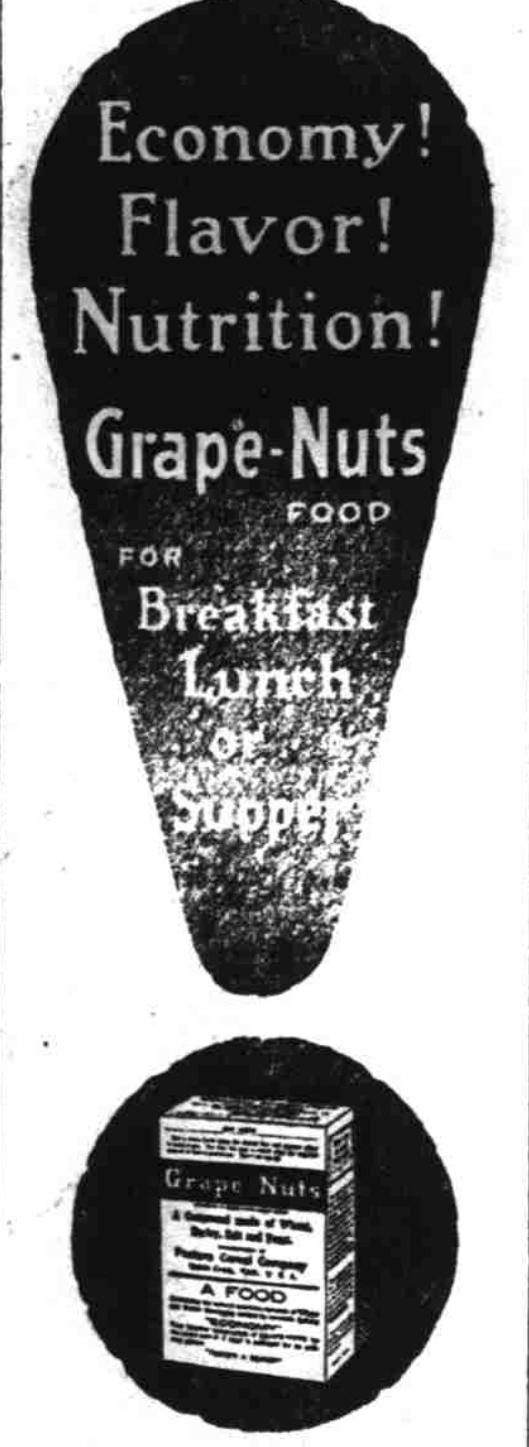

WANT LEVER BILL TO APPLY HERE

That the provisions of the Lever bill, providing for farm extension and the appointment of county agents to assist the farmers and the federal farm loan act should be made applicable to the Hawaiian islands, is the opinion of members of the food commission who, within a short time, may ask Washington to allow Hawaii an opportunity to benefit from this legislation. After discussing the matters informally, the members of the commission express the belief that both should be made applicable here. The food commission already has county agents at work on the different islands, but these were appointed at the commission's own volition. Reports thus far received show that they have been doing splendid work, proving a real help to the small farmer, planter, homesteader and layman. Under the farm loan act, small farmers and homesteaders are given financial aid under certain conditions to broaden out in their work and to assist them in other ways.

will join the staff to take charge of the women's campaign and to handle such conservation problems as arise in the women's end of the work.

GERMANS GIVE KLEBAHN WARM WELCOME HOME

Witness in Conspiracy Case Says He Has Not Yet Read Grasshof Diary

A constant stream of German and pro-German residents poured into the shipping office of H. Hackfeld & Co. this morning to extend their welcome and greetings to F. W. Klebahn, who returned yesterday from San Francisco where he was called as a government witness in the Hindu conspiracy cases, in which Georg Rodiek and H. A. Schroeder pleaded guilty to having been implicated.

One of Klebahn's congratulatory callers was heard to say:

"I was worried about you."

Evident satisfaction was written on the faces of the others who shook hands with the returned witness.

According to one of the waterfront men, "half the German colony was down to the wharf to greet Klebahn when he arrived yesterday."

It was not generally known to the American public that Klebahn was on his way back to Honolulu.

Klebahn told a boarding officer on the steamer that he had heard by wireless that Georg Rodiek had escaped with a fine, but said he had not heard anything about the Grasshof diary. He then changed the conversation to tell of the pleasant voyage he had on the steamer from San Francisco.

When Klebahn was approached this morning and asked to explain a reference to him in the Grasshof diary, which stated he had knowledge of guns stored on the Pommern, he replied:

"I have not yet read the diary. When I do, and if I think it necessary, I will then issue a statement."

He denied that he was detained on Angel Island while held as a witness in California, as reported here. "I was not," he emphatically answered, with a satisfied smile, when questioned if this report was true.

Asked if he had any statements to make regarding the Hindu case, he said to the newspaperman questioning him:

"You know more about the case than I do."

GERMANS IN HACKFELD CO. TO BE OUSTED?

Former Governor Carter Says Frisco Report Was Rodiek Intends to Return

George Rodiek, former German consul here who was found guilty in San Francisco recently and last Saturday fined \$10,000 for complicity in the alleged Hindu plot, will return to Honolulu shortly, it is reported, to reorganize the H. Hackfeld Co. turn out every German in it and make it a purely American corporation. This report was brought back from the mainland by former Governor George R. Carter, who arrived home yesterday.

"I saw Rodiek in San Francisco but he did not tell me that I heard it later from other sources. At the time I saw Rodiek in the Hotel St. Francis he had not been sentenced and he spoke as if he did not expect to be fined. His plans appeared to be indefinite but it is possible that what I heard is just what he intends to do. Be sure and make it plain that Rodiek did not tell me this but that I heard it from other sources," declared the former governor.

"I haven't seen anything in the papers about it but if Rodiek is sincere in his Americanism he might have made a wise move by issuing a statement reaffirming his allegiance to the United States. This, as far as I know, he has not done. The trouble is that our German friends, and by that I mean Germans who were our friends before the war, do not realize how much doubt is cast upon them by their attitude of seeming to think that we should be satisfied of their loyalty without investigation. They ought to take steps themselves to allay our suspicions."

"The public, too, is somewhat to blame. They don't appear to realize that we are at war. They look upon a statement that German friends can do us harm as radical. The point is, 'Would you deal knowingly with a criminal?'"

"It is time our people understood that Germany has been indicted, tried and found guilty. If a German professes to adhere to Germany then he is as much a criminal as Germany is."

Would any firm employ a criminal? Could you deal with a criminal?"

"I personally called the attention of Secretary of the Treasury McAdoo to the fact that there are many persons now living in Germany, formerly residents of the Hawaiian island to whose credit large dividends are placed that are derived from revenue from sugar companies here. I told him that these amounts should be turned into Liberty bonds and the latter for these funds until after the war."

It was found on the mainland that Germany was receiving vast sums through insurance companies whose head offices were all in Germany. A though the money could not be sent to Germany, it was being transformed into Brazilian bonds and these bonds being negotiable were being used in German propaganda in the United States. I suggested the appointment of a custodian for these funds and when Germany heard of this activity on the part of the United States government towards this end she began a series of reprisals chief of which was the seizure of American property in Germany."

Speaking of an interview with him which appeared in a mainland newspaper concerning Hawaiian sugar and the responsibility of the general shortage as a result of the fixing of the price on raw sugar, the former governor said that it had been found necessary to force economy upon the American people. He added that as soon as the January crop came in there would be no shortage if the people were schooled by that time in the practice of economy.

Governor Carter went East to be present at the marriage of his daughter Elizabeth to Ensign Bogardus of the United States navy.

COLBURN MADE GUARDIAN OF KAWANAKOIA MINORS

Over the protest of Attorney E. M. Watson, who was asked by Princess Kawananakoa to protect the interests of her children, Circuit Judge C. W. Ashford today appointed John F. Colburn as guardian ad litem of David and Helen Kawananakoa, minors, in preparation for any part they may play in probating the 1909 will of the late Queen Liliuokalani.

In making the appointment, the court acted on a petition filed by Col. Curtis P. Laukea, surviving executor of the queen's estate, who requested that "some suitable person" be named. Attorney Watson was appointed guardian ad litem of Kapiolani Campbell, also a minor. Colburn is trustee of the estate of the Kawananakoa minors.

In court today it was agreed that the deposition of H. C. Carter of Sierra Madre, Cal., one of the witnesses to the will of 1909, might be taken. Mr. Carter will testify that the late queen was of sound mind when the document was executed.

All matters pertaining to the estate of the late queen have gone over until January 10. The next hearing will be on the petition for the probate of the will of 1909, and the petition of Delegate Kubio that he be appointed administrator. It is expected that the Kawananakoa minors will attempt to establish relationship to the queen.

PANAMA WOMAN SEEKS HUSBAND BELIEVED HERE

"Johnnie often looks at your picture and talks about his daddy, and Albert is the sweetest little fellow in the world. Everybody loves him!"

This is the closing paragraph of a letter which Mrs. Mary Burkett of Balboa, Canal Zone, has written to her husband, J. D. Burkett, supposedly in Hawaii, urging him to write to her or to come home.

In an appeal made to the governor by a neighbor woman of Mrs. Burkett, the letter to the husband is enclosed, and it is asked that if Burkett's right address is known an effort be made to get the letter to him. Col. C. P. Laukea, to whom the matter has been referred, has written to the police of Hoopulca, Hawaii, where Burkett is supposed to be. It is said he was seen there on July 4.

Down in tropic Panama, meanwhile, a little woman who has endeared herself to her neighbors by her bravery and patience since her husband left months ago, is eking out an existence for herself and two small children at \$25 a month.

"You cannot imagine how terribly lonesome I have been without you," writes Mrs. Burkett, to her husband. "Whenever I look at our beautiful boys I think how proud you would be could you see them; and I am hoping it will not be long till you come to me or send for me."

"She seems to be a sweet, modest, loving little mother, bearing a burden that would stagger many who are stronger than herself," writes the neighbor woman of Mrs. Burkett. "For the sake of the little mother who has written the enclosed letter to the husband who deserted her before the younger of her two sons was born I am asking your advice and help."

"My acquaintance with Mrs. Burkett began but a few months ago when my husband and I moved into quarters next door to her. She soon told me of the struggle she was having to support herself and two sons—one about three, the other a little over one year of age."

OWNERS OF OIL STOCK WILL BE MADE TO PAY UP
California creditors of the new defunct Norris-Adway Oil Co. have taken steps to collect between \$60,000 and \$70,000 from persons in Hawaii who bought shares before the organization went under. The law firm of Andrews and Pittman has been retained by the coast creditors and equity proceedings to recover the money will be filed in circuit court within a few days.
About a year ago agents of the oil company sold shares in Honolulu and elsewhere in the territory. Although their par value was \$1, the purchasers were allowed to pay all the way from 15 to 50 cents a share, with the understanding that the balance be paid later. According to the attorneys about \$70,000 is still outstanding, and was outstanding when the concern went on the rocks. The California creditors have now stepped in to collect the balance.
There are several hundred owners of stock in the territory who have not yet paid their balances. The creditors took steps some time ago to collect from the California stockholders and, as the same law applies here, similar steps are to be taken in Hawaii. The local stockholders number about 69. Some of these hold as many as 17,000 shares, it is claimed, upon which money is still due.

REAL ESTATE MARKET SHOWS IMPROVEMENT

Real estate in Honolulu experienced a little boom during the past week and it would appear that Santa Cruz hasn't tied up all the money in town for his work. The Trent Trust Co. real estate department reported the sale of five cottages on Fort street near Kuaikini street, to F. E. Haley for \$11,000. Small sales were also recorded.
The Hawaiian Trust Co. reports three sales of a good size and a number of big deals pending. The Associated Charities sold a residence site on Young street to R. C. Gillis for \$2250 through the Hawaiian Trust Co. R. D. King sold 3060 square feet of land on Emma street above Vineyard street for \$2000 to G. Page and the right of way through the Kona district property of the Catholic mission was sold for \$500 to the Hawaii Consolidated Railway Co.
Real estate departments of other trust companies also reported small sales and bigger deals and general activity in the real estate market.

THEATRICAL OFFERINGS

GEORGE BEBAN AT THE LIBERTY

George Beban, seen in Honolulu recently in "A Roadside Impression," returns in the feature picture of the program which opened yesterday at the Liberty theater. It is a Paramount production, "The Cook of Canyon Camp," and in the picture the star is seen as the chef of a north woods lumber camp, whose chief ambition is to become owner of a "flapjack palace."

The story is a simple narrative of life in a lumber camp, but it shows Beban in one of his most wonderful characterizations. The warm-hearted sympathy of the lumber camp cook is aroused when he learns the cause of the sorrow of "Silent Jack," one of the men of the camp. His efforts to help "Silent Jack" bring about a difficult situation for the impetuous cook, but he is able to extricate himself and all ends happily.

The serial picture, "The Mystery of the Double Cross," which is declared to be one of the best productions of the kind ever offered here, is part of the program. The weekly Pathe news pictures are also shown.

STARS CLUSTER AROUND FARRAR

"Joan the Woman" carrying as it does an irresistible human appeal, is one of the best drawing cards in the way of motion pictures ever brought to Honolulu. Crowded houses at every performance at the Bijou attest to the popularity of this great film masterpiece in which the celebrated prima donna, Geraldine Farrar, has the titular role, ably assisted by another popular movie star, Wallace Reid. Theodore Roberts, as the vicious bishop, portrays a despicable part in his usual villainous manner.

Miss Farrar's Joan of Arc is a different woman from the ethereal legendary being as recounted by history. It is a woman, the human Joan, that is presented in the film into which is interwoven a beautiful love story, but the finale shows Joan rising above material passion, centering all her emotions in her one purpose, to which she holds fast with iron determination—the victory of France over the invader, a cause for which she goes to death at the stake. Other notable actors, including Hobart Bosworth, Tully Marshall, James Neill, Raymond Hatton, Cleo Ridgley and Charles Clary, give to the play a stamp of histrionic perfection.

There will be a splendid matinee Christmas afternoon.

FAMOUS NOVEL IS DRAMATIZED

Few programs that have been presented by moving picture houses in Honolulu can equal the bill which opened yesterday at the Hawaii theater. The feature offering is a Metro production and is the screen version of one of the most powerfully dramatic stories ever penned, "The Right of Way," by Sir Gilbert Parker, and the leading character in the story is played by William Faversham.

In addition to this picture a Charlie Chaplin comedy is offered as part of the program and also the new installment of the thrilling serial, "The Railroad Raiders," in which Helen Holmes is star.

In the feature picture Faversham appears as "Beauty Steel," the elegant fop of the story, whose great talents as a lawyer shine most brightly when stimulated with whisky. The star has played few roles that equal this one.

In "1 A. M." Charlie Chaplin presents some new things in farce comedy. The picture is no big long laugh from beginning to end. It is a typical Chaplin picture.

XMAS FEATURES FOR KIDDIES AT EMPIRE

Christmas week programs at the Empire theater will be designed particularly to please the kiddies. Today, besides the comedies, "The Cop and the Anthem" and "Love Love and Loot," will be shown the new installment of the serial, "The Scarlet Runner." On Christmas day the program will consist of four features of particular interest. One of these, "Some Baby," a Pathe comedy, will be one of the big hits of the week.

On Tuesday the king of the Hellenes visited the barracks at Athens and inspected the troops. He expressed his satisfaction at the new spirit of the officers, whom he urged to hasten the preparations for war in order to crush the Bulgarian army.

MAUI THESPIANS PRESENT PLAY

(Special Star-Bulletin Correspondence.)

WAILUKU, Maui, Dec. 21.—By the production of the Birds' Christmas carol, under the direction of Mrs. Helen Mar Linton, one of the best entertainments by amateurs was given in the Wailuku Orpheum that Maui people have ever enjoyed. Mrs. Linton showed an infinite amount of patience in being able to handle so large a cast, especially so many children. The children's parts were particularly pleasing. The stage setting and costumes were especially appropriate. Mrs. Linton's own work in the part of Mrs. Ruggles was excellent, while the other parts, taken mostly by those who had never been on the stage but once or twice, were fully up to the highest anticipations of all.

The prologue was rendered by Miss Katherine Miller, and Alma Pharoos acted the part of the angel. Mrs. Enos Vincent was the committee on publicity, Mrs. R. B. Dodge acted as treasurer, Mrs. D. H. Case the committee for the costumes, Mrs. David S. Wadsworth and W. S. Chillingworth for the properties, Mrs. Robert Harbold on make-up, Richard W. Linton was the promoter. Mr. Pharoos, proprietor of the Orpheum, donated the theater, and the furnishings were loaned by the Maui Drygoods and Grocery Company.

The play was made possible by the permission of the author, Kate Douglas Wiggin, for its use for a benefit performance. Above expenses the proceeds will be devoted to the Belgian children. About \$154.00 was taken in at the door, and nearly \$25.00 was especially given for the Belgian children which were sold among the audience.

The cast for the play was as follows:
Carol Bird Althea Case
Mrs. Bird Elizabeth A. Cramer
Mr. Donald Bird Worth Aiken
Uncle Jack Harry Washburn Baldwin
Elfrida, Carol's Nurse
..... Mrs. Geo. Aiken
Their Neighbors
..... The Ruggleses in the Rear

MAUI SWELLS RED CROSS BY 7776

(Special Star-Bulletin Correspondence.)
WAILUKU, Dec. 21.—Red Cross totals on Maui are 7,776 members, according to reports published on the various bulletin boards about the island. By districts these are: Molokai, 250; Lahaina, 1532; Wailuku, 1375; Puunene, 1610; Kahului, 414; Paia, 1165; Haiku, 363; Kula, 539; Hana, 430.

The drive is creating more enthusiasm than anything of the kind ever before attempted in Maui county. Wailuku led up to Wednesday night, but as was expected the Puunene memberships rose at a rapid rate when the laborers began joining. Lahaina also passed Wailuku, though it is expected that Wailuku will add materially to her quota in the next day or two. The figures show that a tremendous effort has been put forth. In Kahului the number represents nearly half the population of that harbor town.

The campaign managers are now out for 3,300 more names, so that instead of 8,000, the quota for this county, the total may be nearly twice the number requested.

The Ideal

LITTLE TALES ABOUT TOWN

A DAUGHTER'S REPROOF.

War economy is not without its humor, even where the pinch of poverty is felt. An impecunious, but liberal hearted attorney of Honolulu is telling how his 19-year-old daughter's war conservation, so far as concerns her mother's part.

The mother is known to her intimates as "close," but perhaps mostly because of the financial blindness to the future of her husband.

Before the war this attorney was in the habit of telling his daughter to "keep the change" everytime she went across to the corner store to make a small purchase. After April 6 the mother began confiscating this change, and with little complaint from the daughter who believed her mother knew best.

But last week there came a change of heart in the daughter and she made her position plain. A regular visitor at the house, as was his custom, war or no war, started to hand the little girl a piece of change for a corner store treat. The wife of the attorney interposed with, "Now don't give her any money, it only spoils her."

Much to the surprise of the mother, amusement of the father and embarrassment of the visitor, the little girl turned sternly to her mother and said:

"Now, mother, I made no objection when you insisted on your having the money that daddy used to give me. But I do not see why you should mind when I get money in which you have

no interest, even if it is war times, and the young lady walked disdainfully out of the presence of her elders.

THE INEVITABLE DOG.

"Lots of people are always commenting on how wonderful is the way in which we train the dogs which are seen in nearly all moving pictures," laughingly said Robert Wagner, the "movie writer," when he was recently in Honolulu with Charlie Chaplin.

"You know there is never a 'chase,' or an automobile, or horse passing in front of the camera that there is a not a dog somewhere cavorting about," he continued.

"Now, those dogs are not there by intent, once out of a dozen times. Just because they are dogs they always want to be engaged in any human activity, and you can hardly keep them off the 'lot.' They get too much fun chasing around after the actors."

"Frequently those dogs cost us a lot of money, because they get into some scene and make it ridiculous, where it is supposed to represent the deepest tragedy, and the picture has to be retaken while all the unengaged supers are ordered to form a cordon around the scene pictured and 'keep out the dogs.'"

"Nearly always when a film is shown for the first time in a moving picture studio you can hear some one murmur: 'There's the inevitable dog.'"

GREAT CHORUS FOR COMMUNITY XMAS TREE

went up to see the Sisters' school, called the School of St. Pauls. We saw them distribute meat and other things to the poor people of the town, as they always do every day. They brought their school children to sing to the queen. One of them stepped forward after the singing to say a few words, how they were pleased at this visit. A little girl said it in French, and Mr. Hopkins translated it in English after we got home. This is the translation:

"Noble and worthy Queen: Allow a poor child to tell you of the joy and happiness which this gracious visit has brought into our lives. This available goodness which inclines you towards motherless children is a title to our gratitude, and if still too young to know how to express, it in pretty

words, our hearts will remember it of all that is charming, and see all eternally, and will rise towards God to draw down upon your majesty His abundant blessings. Live, live long, good Queen! May your days be full of God!"

Queen Liliuokalani's Diary Tells Of Thanks By Children of France

Solitude for and kindness toward the poor children of France by the Hawaiian people is no new thing. In the effects of the late Queen Liliuokalani has been found a running account of the visit of Queen Emma to Europe in 1865-66. One of the persons accom-

panying the queen on the trip made daily entries. Under date of Jan. 20, 1866, somewhere in France, the queen and her party visited the schools. The entry is quite interesting. It is as follows:

"Saturday, 20th. At 11 o'clock we

Runners Will Face Barrier At Kapiolani

Big Race Meet on Tomorrow Afternoon at 2 o'Clock; Maui Horses Ready for Race

First race—Mile bicycle race; closed to Orientals. Entries incomplete. Second race—Trotting and pacing. 2:15 class: one-mile heats; best two in three. Purse, \$300. 1. Carmelita. 2. Maui Boy.

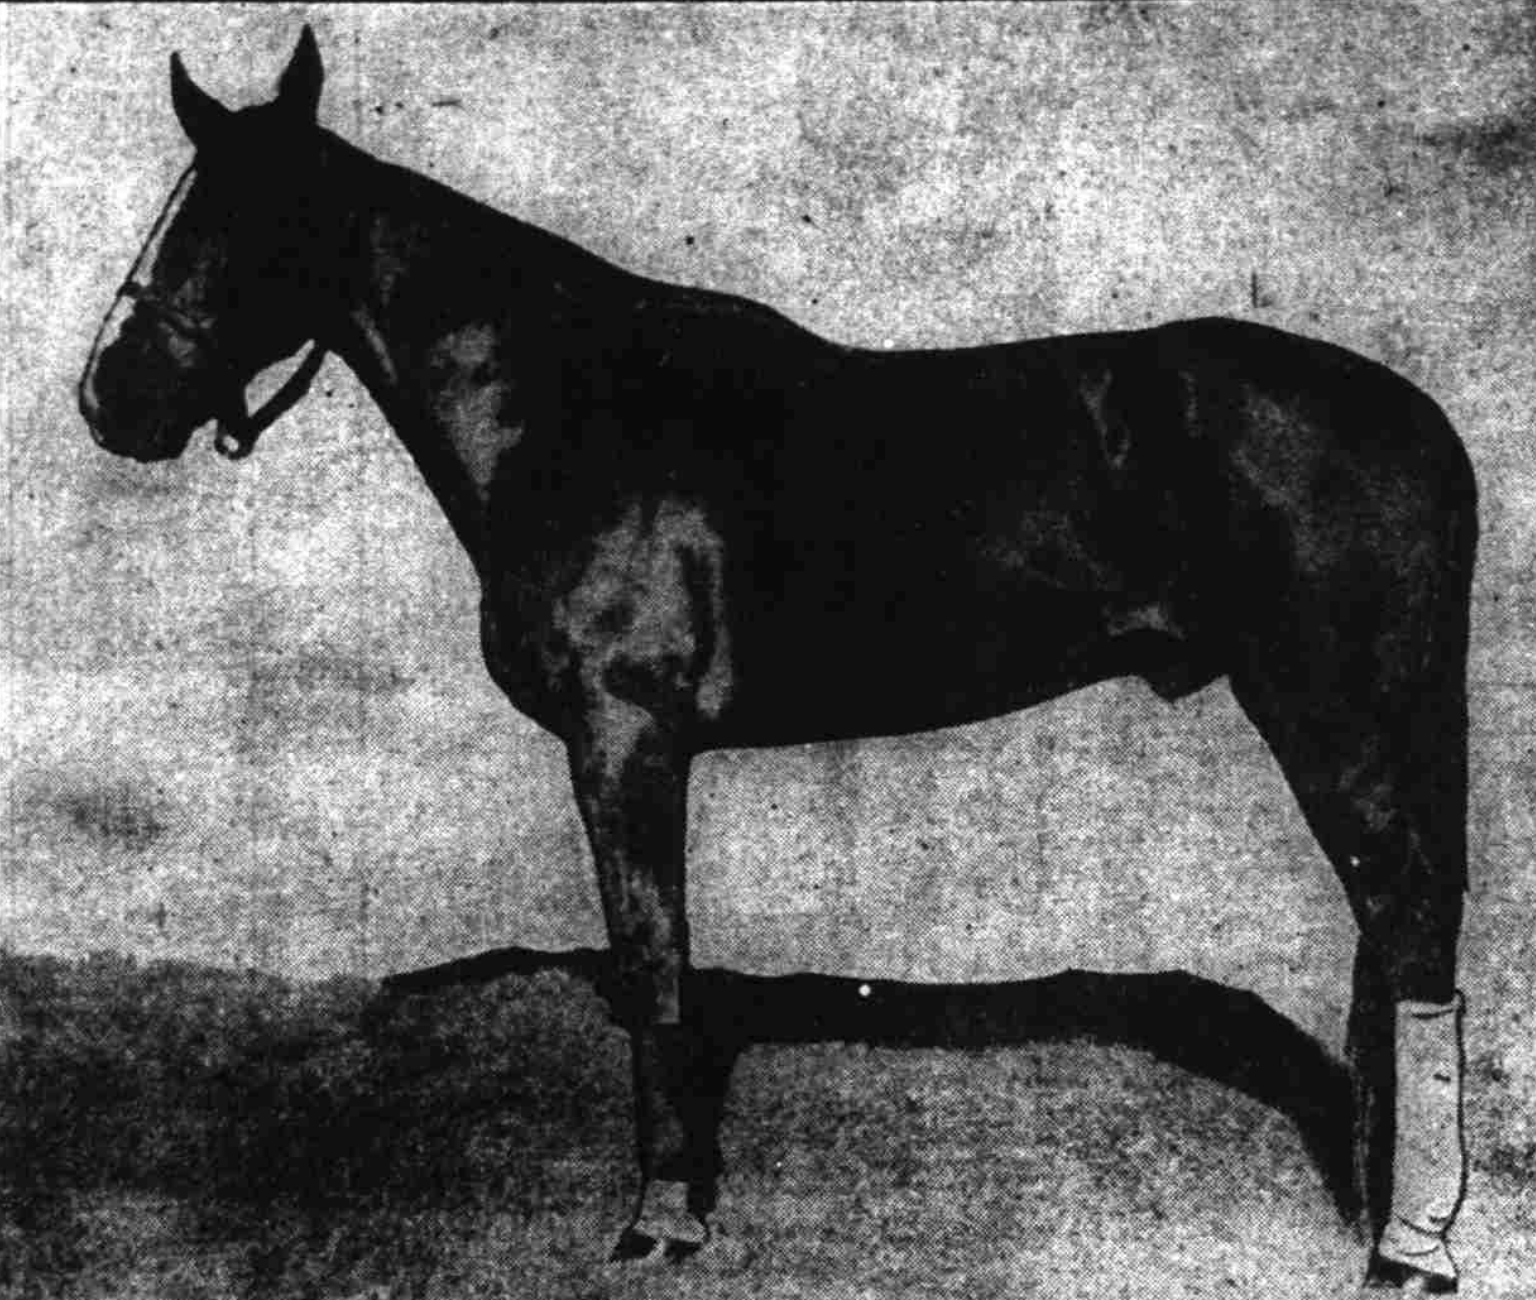

SHAFTER TEAMS WIN AND LOSE IN BALL GAMES

Regulars Down Filipinos in Second Game; Asahis Blank Co. K Aggregation

Simmons, who defeated the Coast Defense some time ago, carried his assortment of benders to Moiliili field yesterday afternoon, and his sterling work on the mound gave the 2nd Infantry team a victory over the Filipinos by a score of 9 to 2.

The little Asahis upheld the honors of the Pacific League when they blanked the fast Company K team. George Murakami had his regular Maesaka on the mound for the Asahis, and with "Lefty" Yasunaga, who has been called the Japanese Ty Cobb, made a number of beautiful catches in center field, and Zenimura also showed some good work.

Entered In the Harness Race Tomorrow

This is Maui Boy, owned by Luke Rogers, who is expecting to win the harness horse event tomorrow afternoon at the Kapiolani Park track. Maui Boy has been stepping the mile around 2:20 in the workouts and should do this time in the race tomorrow.

FOOTBALL GAME SHOULD ATTRACT GRIDIRON FANS

Y. M. C. A. and Town Team Expected to Have Hard Battle at Moiliili Tomorrow

Football fans of Honolulu will have an opportunity to witness a real football game tomorrow morning at Moiliili field, when the Y. M. C. A. meets the Town Team, which will be composed of stars from both Melim's Town Team and the Schuman team. The game will begin at 10:30.

Melim will have Noble Kaubane, Clifford Melim, Brash and Mahioa in the backfield, which should give this team the most speed in circling the ends. The line will be reinforced, and with Pat O'Sullivan and Harry Bertelmann at guards the Townies will have plenty of beef. "Pat" Melim will be placed at center and Thompson and Nicholson will be at the tackle positions. Rodriguez, H. Melim, Hawkins, Leal, Jones and Thompson will have a chance at the end positions.

'Y' Team Wins From Cavalry By Big Score

Although the 4th Cavalry team fought hard throughout the entire game at Moiliili Field on Saturday afternoon, they were no match for the Y. M. C. A. team, who won out by a score of 32 to 0 in a battle which was one-sided.

The local players ran the ends, bucked the line, and forward passed their way to the goal line. Less than two minutes after play was called the Y. M. C. A. backfield carried the ball down the field for big gains, and Pammel carried the ball across for the first score. Von Holt kicked goal. Davis featured the play with three long runs.

Ernst was the big star of the day for the Cavalry, although Suggs proved to be a real player on many occasions. He has plenty of speed, and as a matter of fact, both of these players would show a heap more with a faster team. There appeared to be plenty of material, but the machine failed to run in a smooth manner.

Here's the Dope On Mike O'Dowd Latest Champion

So many fight fans have been asking about Mike O'Dowd, the new midweight champion, that a few words about this youngster may give a line on what he has done. Honolulu fans have not heard much about the new title holder, nor for that matter have the mainland folks. Since Stanley Ketchel gave up the title in 1910 there has been no middleweight who has stood out above the field.

O'Dowd was born in St. Paul, Minn. on April 5, 1895, and is, therefore, just past his twenty-second birthday. The walk-out started from Keasomuku and Kiv street and ambled to Heine's Tavern. Scott took the lead early in the race and held it throughout. Peter Neves was second, his time being 16:55. Scott had made the distance in 16:41. The other walkers finished in the following order: Joe Stickney, 18:35; Frank Fisher, 19:27; Peter Wright, 19:55; David Kahalawai, 20:05 and Sam Kahalawai, 20:10.

Walter Scott Shows Heels to Edward Payson Weston Crowd Yesterday

Walter Scott, the long geared runner of the Pan-Pacific relay team, captured the honors in the Kalakaua avenue walk yesterday afternoon when he finished yards ahead of his nearest competitor. The race was staged by Sam Kahalawai and proved to be a success. The walkers started from Keasomuku and Kiv street and ambled to Heine's Tavern. Scott took the lead early in the race and held it throughout.

LONG DISTANCE RUNNERS REPORT AT FORT SHAFTER

Those Who Wish to Make Trip to Hilo Asked to Meet Sgt. Quinn in Morning

All the long distance runners who would like to make the trip to Hilo to run in the big relay race from Kilauea to Hilo, are requested to report to Sergeant J. J. TEMPERANCE MOVEMENT GIVEN NEW IMPETUS; BEER ALCOHOL LIMITED

Restriction on Content By the President Follows Authorization By Congress

By C. S. ALBERT (Special Star-Bulletin Correspondence) WASHINGTON, D. C., Dec. 23.—The temperance movement was given another new impetus when the alcoholic content of beer was limited to a maximum of 3 per cent. This approximates a one-fourth reduction in the quantity of stimulant and intoxicant carried in the beverage. The conservation of food also was aided by lessening the grain ingredients by 30 per cent. This saves nearly one-third of the food material used in making beer for other and better purposes. The last session of Congress left the regulation of beer in the President's hands. He has been strongly urged to take the action now indicated. The statement given out by Mr. Hoover follows: "The president approved the recommendation of the food administration that the alcoholic content of beer should be reduced in the first instance to 3 per cent maximum and that the volume of grain to be used in brewing shall be reduced to an amount, approximately 70 per cent of the amount of grain formerly used, en-

abling the brewing of the same volume of beer.

"Further provisions are being made to increase the maximum output of cattle feed from brewing establishments.

"The food bill provides for the prohibition of the use of foodstuffs in the production of distilled spirits for beverage purposes and the use of foodstuffs for the production of distilled drinks was stopped on September 8. There is, however, in the country from two to three years' supply of whisky, brandy and gin and other distilled liquors. The food bill provides that these liquors can be commandeered by the government if required for purposes of manufacture of alcohol for munitions.

"On the other hand, the requirements for industrial alcohol in addition to the normal output from sawdust and other waste products is at present negligible.

"Those who wish brewing entirely suppressed should therefore bear in mind that if such a course were pursued the country would be placed on a whisky basis entirely and the amount of alcohol consumed would most probably increase.

"The desirability of saving all the grain used in brewing from the point of view of food conservation is therefore limited by the social question involved in the exclusive use of whisky."

10 000 QUARTS OF BEER, 500 GALLONS WINE SOLD FOR XMAS

Saturday the liquor license office was swamped with the applications for requisitions for the purchase of wines, liquors and beer, and when the day's work was over more than 1500 had been issued. Estimating roughly this means that in the neighborhood of 10,000 quarts of beer, 500 gallons of wine and 800 quarts of other liquors were sold. W. H. Hutton, license inspector, said this morning that he believed today would see over 2000 requisitions issued. Because of this rush of business it has been necessary to engage additional help, and everybody is working at top speed.

SALE OF KOOLAU LOTS AND LAKEVIEW OIL STOCK

Auctioneer E. L. Schwarzberg of J. F. Morgan Company on Saturday sold 14 kuleana interests in the Koolau district for H. M. von Holt, administrator of the estate of O'Hohe Moanau, the aggregate result being \$571 from various buyers. At the same time 1624 shares of Lakeview No. 2 Oil Co. sold for William Henry, trustee of the bankrupt estate of A. P. McDonald, went to Frank Boyer at 26 cents a share. The Los Angeles quotation on the stock ranges from 35 to 50 cents.

HUMBURG COMING TO DIRECT HACKFELD AFFAIRS

John F. Humburg, one of the three vice presidents of Hackfeld & Co., is reported to be on his way to Honolulu to straighten out the affairs of the company as the result of the resignation of the present manager, J. The president of the company is Mr. Hackfeld, a resident of Germany.

ROLPH ISSUES WARNING TO CANDY MAKING MEN

A warning to confectionery producers that the Food Administration is keeping a watchful eye on their purchases of sugar was given recently when the following telegram was sent to refiners throughout the country by George M. Rolph:

"Very important no relaxation restrictions on deliveries manufacturers non-essential food products. Understand confectioners obtaining 50 per cent requirements from refiners and beet factories and buying additional sugars through jobbing sources. Please notify these manufacturers that in due time investigation will be made, and if it is found that they have bought more than 50 per cent their normal requirements it might be necessary for Food Administration to cut them off from all supplies. It is their patriotic duty to assist by reducing their output to 50 per cent of normal. Please circularize jobbers requesting them not to sell manufacturers who usually buy direct from refiners or beet factories, thus assisting Administration policy, and circularize manufacturers notifying them of position of Administration on this subject."

UNLUCKY ONES AT R. O. T. C. MAY YET SEE SERVICE

Indication that men who were discharged from the reserve corps training camp at Schofield Barracks may still see active service for the government, even though they were not considered physically qualified or having enough military knowledge to win commissions, is given in mail just received from the mainland.

This states that the war department at Washington has called for a complete list of all men discharged thus far from camps with their present addresses for the purpose of using them to command patrol squads from the new national militia which is to guard ports and railroads in place of men of the National Guard or the army.

At army headquarters it was stated today that information as to the list had not reached there, but as the list was issued in Washington on December 1 it is quite possible that the mail advices which would bring news of it have not had time to reach Hawaii.

There were about 25 men discharged from Schofield who would probably be all needed if the system is adopted here.

The Hawaiian band will play this evening for one hour at the bandstand in the Palace grounds after the Christmas Eve exercises are over.

YOUNG ENGINEER TO CAMP MEADE

Joyce Campbell, young Honolulu engineer, will soon be on his way to Camp Meade, Maryland, having enlisted here and been assigned to that large training camp. Campbell is a Texan and has been employed by the Lord Young Engineering Co. for the past 16 months. In common with other engineers on Oahu whose services are especially needed by Uncle Sam, he has volunteered to do his part.

HILO BOY MAKING GOOD IN SERVICE

(Special Star-Bulletin Correspondence.) HILO, Dec. 21.—William Vannatta, superintendent of waterworks, has received a letter from his son, C. W., better known as "Bunna," who is now in an aviation camp at San Antonio, Tex.

"Bunna" writes to say that while he has not as yet taken the physical test for the aviation corps, he is attached to it as a sergeant and has a squad of men under him. His training in the national guard in Hilo stood him in good stead. He hopes to take the physical test in the near future and to come through it in good shape.

'DO YOUR BEST' NOT 'BIT' SHOULD BE WAR SLOGAN

(By Associated Press.) SAN FRANCISCO, Cal., Dec. 17.—That the British war slogan "Do your bit," is inadequate and inappropriate for this country and is tending to slow up effort on the part of many of the people is the growing conviction of those connected here with the Federal Food Administration for California.

In England to do one's "bit" implies the carrying through of an undertaking to its accomplishment. In the United States and on the Pacific Coast, in particular the general conception of a bit is a relatively small thing. It is a term applied to 12 1/2 cents.

"A bit" conveys the idea of a small piece or a morsel and probably has a wrong psychological effect on the people," said Ralph P. Merritt, Federal food administrator for California. "The millionaire who buys a few thousand dollars' worth of Liberty Bonds has done his 'bit,' but certainly he has failed by a long margin on doing his best."

"If this, the world's greatest crisis, does not call for the best efforts of the American people then certainly there never will come a time when it can be demanded of them. To do one's bit may mean anything or relatively nothing. It gives the people no measure of what is expected of them. The nation is calling for the best efforts of its citizens. Every man, woman, if honest with themselves, knows whether or not they are doing their best."

"It would be well for the American people to forget about their 'bit' and do their best."

SKILLED NEGRO WORKERS WANTED IN ENGINEERS

Civilian negroes in Hawaii skilled as workmen or trained as foremen, gang leaders or overseers, are wanted to enlist in the 317th Engineers (colored) and may apply at the local office of the district engineer in the McCandless building. Attention is called to the fact that the rule against allowing the enlisting of drafted persons is suspended in this case. The notice says in part:

"District engineers are requested to lend their assistance in the matter of procuring colored men who will be suitable as noncommissioned officers for this work in so far as it will not interfere with the proper performance of work in their districts, and that they communicate direct with the commanding officer of the 317th Engineers, giving the names of any men whom they may have that are available for assignment to this regiment, either by transfer from the draft or voluntary enlistment."

CAPT. SMITH RECEIVES COMMISSION IN NAVY

SAN FRANCISCO.—Capt. Haldor Smith, San Francisco mariner whose adventures in the South Seas resulted in the wreck of the German raider, Seeadler, has received a commission as lieutenant in the naval reserve and ordered to active service at an Atlantic coast point. He received his commission recently and will leave for his post at once.

COLONEL REES IS SENT TO STATES

Orders calling Col. Thomas H. Rees, department engineer and commanding officer of the 3d Engineers, to duty on the mainland were received today by cable at army headquarters.

Colonel Rees has been in command here only a few months, having been stationed formerly in the Philippines and coming here after a brief visit to the states.

Four enlisted men of the 3d Engineers, Hawaiian department, have been ordered to the mainland for duty at Camp Lee, Virginia, with the Engineers' Training Camp. They are Master Engineer, junior grade, John D. McKay; Cpl. Edwin C. Crouder, Co. D; Sgt. William E. Sversten, Co. C; Cpl. Robert L. Packer, Co. C.

JUDGE SAYS THOSE WHO SELL BOOZE TO MEN IN UNIFORM ARE TRAITORS

WACO, Tex.—In an address from the bench at the opening of the United States District Court in Waco, Judge Duval West strongly condemned those who sell intoxicating liquors to soldiers, declaring that such conduct is both disloyal and traitorous. In the course of his address to the jury Judge West said:

"Because of the great number of complaints and arrests being made for violation of the recent act of congress prohibiting the sale of liquor to officers and soldiers of the army, it seems proper to make some public statement that will serve to give the people a realizing sense of the seriousness of this offense. It seems generally to be considered as a minor, trifling matter that is of no special significance or moment."

HILO INSTRUCTED ON HANDLING DRAFT WORK

(Special Star-Bulletin Correspondence.) HILO, Hawaii, Dec. 21.—W. H. Smith, chairman of the local draft board, received a wireless yesterday morning from Captain Francis J. Green, who is in charge of the territorial draft, to the effect that Captain Green intends to call into the service on January 7 next all the registrars who were sworn in on July 31 last for that duty.

Captain Green also wireless that he is writing to each chief registrar throughout the islands and informing them of the action that has been taken by him, acting under authority from the president.

Instructions to the effect that the list of questions which has been prepared is not to be mailed to the registrars until the envelopes to carry same arrive from the Coast are given. The classification period is to begin on January 3.

ARMY-NAVY "Y" GIVES SHOW FOR SOLDIERS

Much merriment and entertainment was gained by a large number of soldiers who attended the amateur show of the Army and Navy Y. M. C. A. last Saturday night.

The full program, which is only one of the many that will be given each Saturday evening at the Army and Navy "Y," was as follows:

Comedians and Robinson, blackface comedians; Roland and Burke, Dutch and straight; Miss Ellen Beach Yaw, popular songs; Jack Smyrie, blackface comedian; Johansen and Stone, tumbling act, and Ernest Cottrell, songs of the navy.

The cast for the sketch, "School Days," follows: Maggie Pinkin, Mrs. James A. Phillips; teacher, Sgt. P. Menzalez; Fritz, Harry C. Roland; Harry Ruffles, Miss Ida James; Percy, Sgt. Burke; Dolly Dimples, Miss Katherine Burke, and Zeky, Sgt. Frier.

ART SMITH TO BECOME AIR SERVICE ADVISOR

WASHINGTON.—Art Smith, well known San Francisco aviator, probably will be the first with the aviation service to be detailed to advisory capacity at Washington. Senator Phelps' wife of birth to Maj. Gen. Squier's health service is held a long time in the city. She is a San Francisco woman who has just returned from a special service.

The flight instructor, who has been notified of the change, is the regular instructor at the practice field at A. J. McDowell, Postville, McDowell.

California, field artillery; Tim O'Dowell, at Fort McDowell, field artillery; John Costa, Fort Shafter, 3rd Engineers.

TRUCK DRIVERS
RESENT ARTICLE**

Truck drivers from the Quartermaster corps at Schofield Barracks have called the attention of the Star-Bulletin to an article printed last week in a morning paper, which stated that most of the motor trucks at the big post are owned by the 9th Field Artillery.

As a matter of fact, say the quartermaster drivers, most of the trucks are owned by the quartermaster's department, and the "real work" at Schofield is done by them. Often, they say, they are compelled to help the 9th Field Artillery out of the ditch, these "not being expert chauffeurs or skilled drivers."

As to the hauling of lumber and supplies and doing the heavy work at the post, this is up to the quartermaster trucks. All baggage of officers is hauled out by them from Honolulu when transports arrive. Troops in the field are supplied by the quartermaster drivers. Thus it is they feel that a story giving the 9th Field Artillery praise for this work is not entirely fair.

"We don't have time for drills," said one driver, commenting on the article. "We don't learn how to stop and start on a signal. As a matter of fact we are moving all the time, except when we stop for a moment to pull nine or ten artillery trucks out of the ditch, as occurred during a recent rainy spell at Schofield."

FORMER NIGHT CLERK AT ROYAL HAWAIIAN RECALLS OLD SCENES

Manager George H. Fassett, Who Sleeps in Nuanu, Paid High Tribute

Those "good old days" in Honolulu are recalled vividly for kamaainas in an interesting description of George H. Fassett, famous Western hotel man and at one time manager of the Royal Hawaiian hotel, written by Dan J. Lyons in The Western Hotel Reporter. Lyons is manager of the Atascadero, Cal., Inn.

Extracts from Mr. Lyons' article tell of the days when monarchy held sway in these islands. Its author was night clerk at the Royal Hawaiian for a time under Manager Fassett.

"George Fassett years ago was chief clerk at the Uleivan hotel at Albany, New York, and was a close friend and companion of Grover Cleveland and often went with the former president of many of his fishing excursions.

"He came to San Francisco just 40 years ago as chief clerk of the Baldwin hotel, which at that time was under the management of the late John A. Rice, a hotel keeper of national fame. Rice amassed a fortune by investing in the stock market (on tips furnished by Lucky Baldwin) and leased the Tremont house, which was opened about 1880, and took Fassett with him as chief clerk. Mr. Baldwin went to Chicago and coaxed Fassett back to the coast by offering him the management of the Baldwin hotel, and he proved to be a magnet for the hotel, attracting many of the high-class turfmen and theatrical celebrities to the hotel by the charm of his wonderful mastery of men.

"But he was a man who would not stand interference in the management of the hotel, and one day he resigned and went to Honolulu, where he accepted the management of the Royal Hawaiian hotel and was the most successful manager ever at the head of that famous hostelry. His associate at the hotel was the celebrated Joe Tilden of the Bohemian Club of

San Francisco, raconteur, wit and bon vivant, who was loved by everybody. "At that time there was quite a colony of literary men and artists living in Honolulu, among them being Robert Louis Stevenson and Jules Taverier who painted all the big volcano pictures. Fassett was well known to them and they all loved him for his liberality and good nature; he also enjoyed the personal friendship of David Kalakaua, a former king of the islands, who, when Fassett died, gave him a royal funeral. The king's guard was the guard of honor and the royal kahilis were ordered out, which was a rare compliment to the dead hotel keeper.

"Joe Tilden was suffocated by fire occurring in one of the hotel cottages, being rescued by Col. Sam Parker, who, being a big man, was able to carry him out in his arms, but he only lived a few days. He also had a very large funeral, being esteemed by the entire populace. Fassett and Tilden both sleep in the pretty little Nuanu cemetery, and I wonder how many of the visiting hotel men that make the winter pilgrimage to Honolulu have ever wandered up that way when bound for the Pall. The old gardener will tell them about the two hotel haoles (white men) who came to the islands long years ago and sleep side by side, the one a famous Cordon Bleu (but only to entertain his friends); the other a fearless firefighter who, in addition to his duties as manager of the old hotel, was also a foreman of Volunteer Fire Company No. 1 and always ran with "the old machine" in spite of his extreme weight (Fassett was a very heavy man when he died).

"Fassett gave me my first chance to stand behind a hotel counter, appointing me key clerk at the Baldwin in 1881, and afterwards as night clerk at the Royal Hawaiian hotel in 1884, and I revere the man for his many fine qualities. James B. Marvin, now living in San Francisco, can substantiate what I say about him and is one of the few men living who was connected with the Baldwin in those years."

MRS. MATSON GETS MOST OF ESTATE

SAN FRANCISCO, Dec. 15.—Mrs. Lillie B. Matson, widow of Captain William Matson, late head of the Matson Steam Navigation Co., yesterday was awarded a family allowance of \$7500 a month pending the settlement of the estate. The allowance was ordered by Judge Gramam after Alexander Morrison, attorney for the estate, had stated that the income from the estate is "more than \$10,000 monthly."

The will was admitted to probate and letters testamentary were granted Mrs. Matson and Morrison. While the estate has not been appraised, it was said by Morrison that it is worth in excess of \$2,000,000.

The awarding of three-quarters of the estate monthly income to Mrs. Matson indicates, it is said, that the settlement effected between the heirs of Captain Matson was on a basis of 75 per cent to Mrs. Matson and her daughter, Mrs. Lurline B. Roth, and the remaining 25 per cent to the five children by Captain Matson's first marriage.

In his will Captain Matson left \$20,000 each to five children by his first marriage: Mrs. Ida Bernard, 35 Short street, Oakland; Mrs. Emily Forrest, 355 25th street, Oakland; Arthur Matson, 1077 61st street, Oakland; Theodore Matson, 66 Short street, and Walter J. Matson, Hillsborough.

One-half of the estate was bequeathed to Mrs. Matson and the remainder was to go to Mrs. Roth.

MONEY ARRIVES FOR HAWAII GUARDSMEN

(Special Star-Bulletin Correspondence) HILO, Hawaii, Dec. 21.—Capt. J. S. Rickard of Company 3, 2nd Regiment, National Guard of Hawaii, has received from Washington a sum of money exceeding two thousand dollars and which is intended for paying the men of the company, which was originally known as Company F, for the period ending December 31, 1916. The money came by drafts and is now available for those who are entitled to it.

Captain Rickard announces that those men who have a claim on the money should call upon him for the cash. Many of the members of the company have scattered throughout the county and they cannot be found at the present time. The pay will prove to be a welcome surprise to the men who have waited a long time for their money.

From Captain Rickard it is learned that 42 men responded to the call to enlist before the date set, December 15, for the closing of the doors to voluntary enlistment, and that this is considered to be very satisfactory.

BOOZE LICENSES ARE NOT GRANTED

HILO, Dec. 21.—When the license commissioners met yesterday the applications of three Japanese for restaurant licenses were turned down on account of the liquor privileges which were asked for. The three all wanted to start up eating houses where booze could be sold with meals. This proposition did not meet with the approval of the board.

The application of the Hawaii Wine Co. for a transfer of the wholesale liquor license of the Serrao Liquor Co. to it was also turned down by the board. The new company had been formed to do a wholesale liquor business and it wished to acquire the license of the older company.

Inspector Harry Overend made an application for a telephone to be installed in his residence as he has a lot of telephoning to do and has had high bills to pay in many instances. The board decided to grant the boon so the inspector will in future have not to pay anything out of his own pocket.

FRISCO MAN TO HEAD FEDERAL TELEGRAPH COMPANY, IS REPORT

SAN FRANCISCO, Dec. 12.—Dr. Washington Dodge, vice president of the Anglo and London-Paris National Bank, has admitted that he will accept the presidency of the Federal Telegraph Company, which is the operating company for the Poulsen Wireless Corporation.

This announcement may be accepted as marking the consummation of a deal by which strong financial backing is assured to the Federal Telegraph Company and the holding concern, Poulsen Wireless Corporation, here and in the East, and it was said last night that the construction of wireless stations will begin immediately, through which efficient business communication will be established with South America and Europe.

It has been ascertained also that during the last few weeks the Poulsen Company has secured, for the manufacturing end of its business, large Government contracts, both with the United States and European powers.

A party for enlisted men is to be given at the Outrigger club under the chaperonage of the Women's Auxiliary on Friday evening, December 28.

IS KILLED WHEN HE FALLS FROM HORSE

(Special Star-Bulletin Correspondence) HILO, Dec. 21.—By an accident on the plains of Waimea Wednesday afternoon, George Lindsay, a well-known Parker ranch employe, was killed. His body was found by searchers who went out when the horse of the ranchman was discovered wandering about without a rider. When found, the body was cold, the skull was fractured.

Lindsay, who was a noted horseman and who was famous as a breaker of raw colts, went off as usual on Wednesday morning on horseback. Nothing more was seen of him until his dead body was found out in the center of the plains on the ranch. The horse had wandered for some distance and it was that fact that made the search party start out.

It is surmised that Lindsay was thrown from his horse in some manner and that he then was almost instantly killed or else that the animal had kicked him on the head after he had fallen from it. A verdict of accidental death was returned.

FAIRMONT HOTEL TAKEN OVER BY D. M. LINNARD

D. M. Linnard, well known in Honolulu, has taken charge of the Fairmont Hotel in San Francisco which has been added to the California Chain known as the Big Five. The Chain includes the Fairmont and Palace of San Francisco and the Maryland, Huntington and Green of Pasadena.

Mr. Linnard will be in direct charge of the Fairmont and his acquaintance with many Honolulu people is bound to bring him custom from these islands. The Fairmont has a magnificent location on Nob Hill and overlooks the city.

'MYSTERY' SHIP REPORTED SEEN NEAR MAINLAND

SAN FRANCISCO, Dec. 15.—Officers of the Union Steamship Company's steamer Palooka, which arrived here yesterday from Tahiti with the marooned victims of the Seeadler aboard, said they had recognized the steamer Maverick, suspected of operating as a German raider since the disappearance last August, about 600 miles from San Francisco, on the route to Honolulu.

—On the night of December 8, the officers said, they sighted a vessel apparently wrapped in flames. They put over their vessel to give aid, only to make out the silhouette which stood out against the ragged spot of light in the background of sea and night as that of the Maverick. The outlines of the vessel were declared to be distinctive and unmistakable.

The Maverick, formerly owned by Captain Fred Jebsen, dropped out of sight last August while on a run from Manila to the canal. Reports that a German raider had been operating in the Pacific have led masters to be extremely careful. It is believed by many in marine circles that the Maverick, a fourteen-knot boat, is lying in wait for some faster vessel which the crew hopes to capture and turn into a second Seeadler.

WAR TALKS AT ARMORY HEARD WITH INTEREST

A very good crowd filled the armory last Saturday night at the Red Cross free entertainment, at which Captain Thomas Lowe, U. S. A., gave a very interesting talk on modern warfare and Dr. James R. Judd showed his collection of pictures of war scenes in France.

Captain Lowe explained the modern trench system and how it is used to repel an attack of the enemy and the many new weapons which the war has brought out such as the grenades. He particularly asked the people at home to back up the men on the firing line. He said there was no more effective method than by stopping the treacherous actions of the Hun and treating all Germans among us as enemies.

Dr. Judd's pictures and lecture were extremely wonderful, showing as they did the wounded soldiers coming into the hospital at Neuilly and Jully and later how by the extraordinary surgical methods developed by the war they were once more able to enjoy life.

At the close of the entertainment, A. L. Castle, chairman, asked all who had not joined the Red Cross to do so.

PARKER ASKED TO REMAIN AS PASTOR

As a result of a mass meeting of the members of the congregation of the Kawaiahao church held last Friday night to consider the resignation of Rev. H. H. Parker and the selection of a successor a committee was appointed to take action in the matter.

After deliberation this committee decided to request the aged minister to remain with the church for at least three more months while an attempt was made to secure a worthy and able successor. When approached with this request by the committee yesterday Rev. Parker deferred his answer, but intimated that he thought it best on account of factional differences in the church that another minister be selected at once.

Rev. Parker has been the pastor of the church ever since 1863.

BELGIAN FUND TOTALS \$6545; 44 BEDS ASSURED

Belgian Day was a great success. Donations to support 44 beds during the coming year were given, according to Mrs. Joseph Emerson who had charge of the work. The money collected amounts to \$5478.12 for the little Belgian children and \$1067.25 for the beds, a total of \$6545.37.

One of the beds will be named "Moanala," in appreciation of the beautiful flowers sent from the gardens. Other beds which brought in large amounts are the Edith Cavell bed from the graduate nurses, the Edith Cavell bed given by the doctors and other nurses and the Mary Morris bed given by the Godmother members of the Soldiers' League of Friendship.

Barter, superintendent of the Haiku Fruit & Packing Co., writes from Haiku to the Star-Bulletin to correct this with the statement that in a report of a meeting of the Maui Women's Conservation Committee, the report being sent to the Star-Bulletin from Wailuku, Barter was credited with saying that the company would furnish tin cans and "process" or prepare string beans for canning at the rate of 20 cents per dozen. He corrects this with the statement that the figure should have been 60 cents per dozen.

BERGER TAKES CHARGE OF MILITARY BAND

Capt. Henry Berger has been placed in charge of the 1st Infantry band, National Guard. The captain volunteered his services recently as something he could do toward helping out the guard. At present there are only nine members in the band, and the law making enlistments of drafted men impossible after Dec. 15 has worked rather severely on the organization. Musicians not in the draft are urged to join the band.

DECLARES COLLEGE OF HAWAII REGENTS RIGHT IN THEIR STAND

Honolulu Says Bitterness of War Warps Judgment in Attacks on College Faculty Members for Alleged Disloyalty

December 22, 1917.
Editor Honolulu Star-Bulletin.
Sir: Permit me to take this occasion to congratulate Mr. Farrington and the other members of the Board of Regents of the College of Hawaii on the stand they have taken with reference to the two instructors at the local college, who were charged with disloyalty to our country by idle and gossip mongers. By this act alone, Mr. Farrington has shown that he is a patriot and, at the same time, a just and conscientious man.

The hatred and bitterness of the war, resulting from the barbarous acts of the Huns, have made inroads into our daily lives, and we are gradually carrying this war against our neighbors who, perhaps, have never offended us except in difference of opinion. Hence, it is very difficult to find a patriot now-a-days who is also just and conscientious.

As I understand it, the purpose of a college is to seek after truth. This is more so in view of the fact that our college was created primarily for scientific investigations. Science is an effort to obtain truth. That being the case, the feeling of bitterness and hatred of this war should never be a factor in deciding who should or should not be teachers in the college. The sole and only question, it seems to me, should be whether the instructor is competent and efficient. Academic freedom should not only be encouraged but insisted upon in order that the end of scientific research be attained.

The instructors, who were so unceremoniously and unnecessarily brought into public scrutiny have never been guilty of any specific act of disloyalty to our flag. Miss Mathews, who can trace her ancestry back to the landing of the pilgrims, has more claim to being a good citizen than her accusers ever desire or hope to be. She has shown explicitly and conclusively in her answer to President Dean's inquiry that prior to the United States' entrance into this cataclysm, she was neutral, absolutely against this war in any shape or form. She was loyal to one flag only, and

that flag is the Stars and Stripes. When our country entered the war, she followed the lead of the president, suppressing whatever personal opinion she might have entertained previous to the declaration of war. To her the paramountcy of the United States is unquestionable, and yet she has been accused of acts of disloyalty.

I challenge her accusers to state wherein and whereby they are any more loyal than she is or was. I doubt whether they had been as neutral and loyal to the United States as Miss Mathews had been before we joined the Allies. The question foremost in my mind is whether these people, particularly those who had been naturalized, are permitting their feelings for the country in which they were born to obstruct the performance of their duties as American citizens and public servants. If the performance of these duties were made subservient to the feelings for the country of their birth, then it would be an outrage and the height of inconsistency to bring a lady of Miss Mathews' scholarship and refinement into the public press. To say the least, it is unchivalrous, not to say indecent.

Respectfully yours,
HOON WO WONG.

THREE BOYS BEFORE COURT FOR ROBBERY

Three boys—two Hawaiians and one part-Chinese—one with his leg nearly broken by a blow from a club in the hands of a drunken father, were before Judge W. H. Heen in juvenile court Saturday on a charge of theft.

One entered a local barber shop and stole two razors and a quantity of shoe blacking. One other stole a watch, and the third stole two dollars from a tiny Chinese girl, who was in court and stoutly defended her rights.

The court released the boys on probation, but warned them that a second offense would land them at the industrial school. The Hawaiian father was told to keep sober and not resort to heavy clubs when punishing his son.

A fire in a barn at the hospital for the insane at Middletown, at midnight did about \$5000 damage. The barn was used for storage of farm wagons and implements, many of which were saved. There is a suspicion that the blaze was of incendiary origin.

MARTIN SEEKS PROBE OF SUGAR PRICES, SUPPLY

Congress Not Disposed, How- ever, to Touch Matters Other Than War

(By C. S. ALBERT.)

WASHINGTON, D. C., Dec. 8.—A proposition has been made to investigate by a committee of Congress the prevailing high prices and short supply of sugar. It also is desired to ascertain the causes which led to the lessened supply and the increased figure at which it is sold.

Representative Martin of Louisiana, who is greatly interested in the production of cane and sugar, has taken the initiative in this movement. At the first opportunity after Congress convened he offered this resolution:

"Resolved, that the speaker of the house of representatives shall appoint from the membership of the house a committee of seven, whose duty it shall be to investigate, ascertain and report to the house the causes for the existing shortage of sugar and the prevailing prices for available supplies in the United States, and to make such recommendations as may be deemed advisable to prevent if possible a recurrence of a sugar famine."

The resolution now is before the committee on rules. There is no probability of early action. It is considered unlikely that an investigation, as proposed by Mr. Martin, will be ordered. There is a general disposition in both the senate and house to avoid all matters but those relating to the war, such as revenues and the furnishing of materials with which hostilities may be the better prosecuted. It is not desired to take up many features of outside legislation. For that reason it is highly improbable that the Martin resolution will be approved.

It has been found heretofore that inquiries, such as that suggested, lead to no beneficial results. They usually are protracted, expensive and tedious. A mass of conflicting facts are accumulated, but none of them form the basis for remedying the situation of which complaint is made.

ARMY OFFICER DRIVING AUTO KILLS FILIPINO

The killing of Marcus Noda, a Filipino, by an automobile driven by Capt. C. H. Danielson, 25th Infantry near Alea Wednesday was declared entirely accidental at the coroner's inquest held Saturday at Ewa. According to testimony Capt. Danielson was coming in from Pearl City, when the Filipino attempted to cross the road. Half way across he suddenly changed his mind and started back, but the distance was too short for Capt. Danielson to avoid striking him. Noda died shortly after the accident.

GUARDSMEN INSTRUCTED ON ARMY ENLISTMENT

Notice to members of the Hawaiian Infantry, National Guard, that they are to be instructed on the subject of enlisting in the regular army.

COMMUNITY CHRISTMAS PROGRAM WILL BEGIN PROMPTLY AT EIGHT

Time—8 p. m.
Place—Capitol grounds.

All is in readiness for the Community Christmas tree which the 500 women who compose the personnel of the Outdoor Circle, are giving to the city of Honolulu tonight as their Yuletide offering. The great growing evergreen, with roots firmly embedded in the soil, emblematic of the spirit of Christmas which will never die as long as men live and love and serve and sacrifice, it strung with scores of lights ready at a minute's notice to spring into its joyous bloom of light. The bleachers are in place ready for the seating of the great chorus, all the properties for the staging of the tableaux of the nativity are in readiness and it is expected that a record breaking crowd will witness the evening assembly in the capitol grounds, and upon the adjacent streets to participate in this informal service of song. The singers are meeting early at places designated by their leaders so that all will be in their places long before the appointed hour of 8, when the first carol will be sung.

With Madame Ellen Beach Yaw, the noted prima donna, as a soloist for the opening number nothing remains to be added to the program to make it perfect and if the weather stays fine a record crowd should assemble tonight at the capitol grounds. Captain Henri Berger, for four decades the leader of the Hawaiian band, has been accorded the honor of leading the band this evening for the two solos, respectively by Mrs. C. L. Hall and Mr. Reynold McGrew. This is the first big Community Christmas tree and chorus the city of Honolulu has ever had, and all feel it appropriate that this veteran leader should have this special part in the program for which he has arranged all the band music.

A special collection which W. R. Farrington took up from the business men of the city aggregating \$75, as payment to the band for playing on their holiday, is the only outside financial assistance which the club has had in putting on this program. Three hundred dollars was raised for the affair by the matinee musical given in the Young roof garden, while the additional gift of \$100 from a member has provided ample funds to pay for the lighting of the tree and grounds, the special lighting for the capitol, the printing of music, movies of bleachers, etc.

All who have had the affair in charge have worked long and persistently towards its ultimate success but none more than Mr. and Mrs. Roger Noble Burnham, are thanks due for the timely help which they have given in arranging and staging the tableaux. The Outdoor Circle feels that it owes a deep debt of gratitude to this talented couple who, out of their own busy lives, have taken time to give of the richness of their ability and technical knowledge to produce amid rather inadequate surroundings these beautiful tableaux. The club is also indebted to the Boy Scouts, of whom Mr. Burnham is the Scout executive, for the policing of the grounds. Positively no motor cars are to be allowed within the capitol grounds, and persons desiring to view the spectacle from their cars are asked to

park on the nearby streets, while there will be plenty of room within the grounds for all pedestrians who come. It is a matter of regret that it was not possible to provide seats for the guests but that was quite impossible. It is urged that all bring the words of the songs which they have cut out from the daily papers in which the carols to be sung by the crowd have been published, and all are urged to sing. People of every race and color are invited to attend and the more that come, the more deeply will the Outdoor Circle feel that its gift of light and music has been worth while.

WAILUKU ENJOYS CHRISTMAS TREE

WAILUKU, Dec. 21.—The crowd that filled the armory to overflowing was proof that the first Wailuku Community Christmas tree was a great success. Even the original plans of the first committee did not call for so many children as were present. When, however, it was generously arranged that the Waikapu, Waiehu and Wahee children should also have a part in the merriment, the amount of candy and apples was at once increased to 1600 bags.

The Salvation Army band began the program with one number, then "Silent Night" was sung by all those present. This carol and those that were sung afterward had been practiced in all the schools and many of the churches of Wailuku in preparation for the event. A choir of some twenty voices, with Charles N. Lufkin playing the cornet, led. The choir sang "Noel," "Away in a Manger" was the next carol. Following this W. F. Crockett spoke in behalf of the Red Cross drive. "O Come All Ye Faithful" was sung by the people. One number was rendered by the band and the program closed with "America."

Santa Claus finished up the fun for the little people. Ensign Puck, L. R. Mathews and Miss Gertrude Judd were the committee in charge. They were assisted by a large number of those interested, by Joel B. Cox, who took charge of the tree; by the policeman who assisted with the care of the children and by the Boy Scouts, who kept the lines.

Y. W. TO ENTERTAIN FOR DETAINED IMMIGRANTS

As usual the Y. W. C. A. is planning to give a "Christmas afternoon" at the immigration station some time during the week. But as there are only a few immigrants detained there now the date has not been definitely settled. A steamer from the Orient is expected to bring in a large number of immigrants this week, and the entertainment will likely be postponed until her arrival.

TEACHERS STAY UNTIL THEY SHOW SELVES DISLOYAL

"Although the regents have left entirely in my hands the question of retaining or dispensing with the services of Miss Heuer and Miss Matthews, I can see no reason at this time why they should not be kept as instructors at the College of Hawaii," said Dr. A. L. Dean Saturday. "If the occasion should arise I certainly should use my prerogative but there is no cause this time."

"Miss Heuer has been an efficient and loyal teacher at the college and there is no evidence that she has done anything to influence the students or give aid and comfort to the enemy. When any such evidence comes to light it will be time enough to act."

Dr. Dean said that he had no comments to make on the interview given by Miss Heuer to the morning paper Saturday, as he had not spoken to her concerning it, but a cursory examination did not show anything to which exception might be taken.

ROBS STORE TO GET MONEY FOR CHRISTMAS PRESENTS TO FRIENDS

Imbued with the spirit of Christmas, and anxious to give his playmates a Yuletide remembrance, a Hawaiian boy, 9 or 10 years old, entered a second-hand store owned by a Japanese, stole a key and passed on to the living apartment, where he unlocked a bureau drawer and stole \$15. He then had the money changed into silver and, after spending most of it for candy, pie and other things to eat, distributed the remainder among his friends, giving each a silver dollar. In juvenile court Saturday the youngster broke down and cried, and his mother also wept, declaring she didn't want her son sent to the reform school. So the Japanese, who owns the second-hand store, relented and said he wouldn't press the charge, as it was Christmas.

The mother said she would try and pay back to the Japanese.

GERMAN PRISONERS WANT TO COME HERE; "NOT WANTED"—HALTON

How the attractions of Hawaii have traveled over the land is shown by a letter received by the Promotion Committee from two German prisoners of war now held at Morrissey, B. C., Canada, who write that they wish to come here. They are Ernest Peters and Harry Kopka, p.o.v. 237 and 282, but the letter written in reply by F. J. Halton, secretary, intimates that they are not desired here at this time. The letter from the two prisoners which had been thoroughly censored says:

"Would you kindly send us prospects, etc., about the southsea islands and immigration thereof.

"We have the notion to possibly immigrate if the chances for such an undertaking prove to be favorable.

"Please answer by return mail and give us a full account as to how to get about to complete this proposition."

MERRY CHRISTMAS GREETING TO HONOLULU FROM THE ARMY

Co. F, 2nd Infantry, Fort Shafter, Honolulu, H. T., Dec. 24.

CITIZENS OF HONOLULU, who have been thoughtful of enlisted men in the military service, permit one of them, through the courtesy of the Star-Bulletin, to wish you a Merry Christmas. For many of us it is our first Christmas with you. For all of us in the mobile forces it may be the last.

If there have been mutual criticisms, let us forget them with the tolerant and kindly spirit that should, especially at this time, pervade every Christian community. We know our sins are many. Often we have drunk too much liquor—which civilians have sold us. At such times we may have done scandalous and disgraceful things, as is the habit of men when drunk, whether in or out of the army. A few among our thousands have transgressed in other ways, with less excuse, for which, we trust, they may pay the full penalty.

Some of you have, without discrimination, condemned us all for the shortcomings of a few. We may have thoughtlessly questioned your patriotism, because of a few able-bodied men, idly seeking their pleasure or clinging too tenaciously to their business of money making. Let us forget.

But especially since our country entered the Great War, many of you have exerted every effort to make us feel at home here. You now disregard our uniform and judge us as you do civilians, irrespective of our clothes. That is as it should be. That is all we ask. Some of your men now view us as our fathers did, with ill-concealed approval, your women meet us unafraid and graciously, your children stare admiringly.

We have come far and may yet go farther, but your kindness will be long remembered. It has helped us retain, in this far-away meeting place of the races, the feeling that we are still men and soldiers of the United States.

That you may know that soldiers appreciate and remember, again, to each and all of you, sincerest Christmas Greetings!

PVT. GLENN E. HOOVER.

BIG CHRISTMAS TREE SHINES AT Y. W. C. A.

Secretaries at the Y. W. C. A. have been unusually busy decorating the lobby. A large Christmas tree has been prettily decorated with colored candles, lights of various designs and with Christmas favors.

The room has been decorated with Hawaiian holly and mouse feet. The Y. W. C. A. activities this year will be limited to the clubs, all of the club girls joining in a campaign to give presents to the children of the public and private institutions. The lyric club has presented a large bag of peanuts to the children at Peretania playground and the Lei Mamoo club girls have made presents for the Industrial School children.

JUDGE ALLOWS BOY \$2 A WEEK OUT OF WAGES

Because he was earning \$9 a week and forced to use it to support six relatives, including his parents, a young Russian boy appealed to Judge W. H. Heen Saturday and said he thought he should be allowed to keep his own money. He said he turned his wages over to his mother and that she allowed him 50 cents a week.

The youngster, who is somewhat of an artist, recently spent \$2 for a correspondence course in designing, and his parents promptly kicked him out of the house for several days. Judge Heen smoothed things over by telling the boy to keep two dollars of his wages each week and give the rest to his mother.

Whereupon the lad responded: "Yes, sir. I am your caddie at the Chevy Chase Club."—Puck.

SAMMIES HAVE SPECIAL XMAS MENU; BIG TIME FOR SCHOFIELD KIDDIES

Every Man in 25th Infantry to Receive Present Monday Evening From Big Tree; Christmas Eve at Shafter to Smack of Metropolitan Revelry.

Great preparations are being made by all the Schofield Barracks companies for the Christmas dinners, and practically all of them have special menus printed for the event.

The chief religious service of Christmas Day will be held at the post chapel by the 32d Infantry, Chaplain A. J. Schlessler officiating. All of the regiments have been invited to attend this service. Special music has been arranged.

Every man in the 25th and every child in the whole cantonment is to get a present from Santa Claus at the big Christmas Tree on this evening, which Schofield's biggest regiment is planning to make a joyous one.

With the Christmas spirit again hovering over the military posts here the question repeats itself as to how many of the local regiments will be in Hawaii one year from now, or whether most of them will be in the battle line "somewhere in France." This spirit adds a note of solemnity and impressiveness to the present season that has not been felt in other years.

A field meet at Fort Kamehameha is to be a feature of the Christmas week, sailors and marines from Pearl Harbor to meet the 6th Aero Squadron in athletic contests. The 6th Aero boys have decorated their quarters with the attractive red and green of Yuletide, as have all the other companies at the coast defense fort. The various organizations are also planning Christmas dinners.

Two thousand men will gather in the big Aerodrome at Fort Shafter tonight to celebrate the "night before Christmas" with a real old home gathering at which a military Santa Claus, a Christmas tree, and Christmas music will have no small part. Shafter soldiers are looking forward with eagerness to this celebration. On Christmas Day each of the companies at the post will have a big Christmas dinner.

All the coast artillery companies are planning for big dinners at the various company messes on Christmas Day—the 8th Company at Fort Armstrong, the 9th and 10th at Fort De Russy and the 11th, 12th, 13th and 14th at Fort Ruger.

The Army and Navy Y. M. C. A. is planning no special entertainment for the holiday period, but it is probable that an informal and impromptu gathering will be held on Christmas Eve for such of the "boys" as happen to drop in. The plan is to make this very informal and a homey affair. A Christmas tree and Christmas festoons will add to the holiday atmosphere.

NOTICE OF COMMUNITY CHRISTMAS TREE MEETING

Pupils of Punahou Academy and Preparatory School, as well as those of Mid-Pacific Institute who are members of the community Christmas tree chorus are requested to meet this evening at 7:15 sharp at Central Union Parish house that they may go in a body to the capitol grounds. Miss Winne urges all to come promptly so that there may be no late comers straggling into the bleachers after the others are seated.

Because of the Christmas holidays last week's Red Cross fund amounted to only \$1782.95. It is particularly requested that this week be made as large as possible to aid the work which has now in most places the added burden of cold weather.

Among the large contributions last week are Honolulu Lodge, No. 618 B. P. O. Elks, \$200; Hawaiian Electric Co., \$100; Aloha Temple, A. A. O. N. M. S., \$250; Lanai Players, \$150; Lowers & Cooke, \$250; Mr. and Mrs. John Galt, \$100.
