ADMINISTRATION IN PUBLIC STATEMENT SAYS SHORTAGE OF SUGAR NOT MYTHICAL

DEMANDS OF ALLIES CAUSE UNPRECEDENTED SHIPMENTS ABROAD—CUBAN STOCK-JOBBER STORY IS DENIED FLATLY BY WHITE HOUSE AFTER UNSUCCESSFUL EFFORT TO PUT FACTS BEFORE SENATE COMMITTEE

(Associated Press by U. S. Naval Wireless)

WASHINGTON, D. C., Dec. 26.—Supporting the action of the federal food control bureau under Herbert Hoover, the White House has made public a statement on the sugar shortage, after an unsuccessful effort was made to place the statement before the senate sub-committee investigating the shortage.

It was before this committee that Claus Spreckels declared that Hoover and the sugar control officials had discriminated in favor of coast refiners and that the shortage was unnecessary.

The White House statement says that before the war the Allies produced much of their own sugar supply and procured the rest from Germany.

Then, that is, before the war, the Allies took 300,000 tons annually from the western hemisphere. Now these Allies take 1,400,000 tons annually from the same part of the world, creating an unprecedented demand for Cuban and domestic sugars.

The shortage will continue for the next year, and the shortage then will amount to 300,000 tons below the normal supply unless the Allies go to Java for their supply, says the statement, and it adds emphatically:

"If the statements that there will be an abundance of sugar are believed by the American public it will do the country's war efforts incalculable harm."

The statement denies the charge that sugar stocks were permitted to remain unmoved, causing an artificial shortage, and also that sugar was left in Cuba while an effort was made to "bear" down Cuban prices.

RUSSIAN MASSES LOYAL TO ALLIE SAYS RED CROSS MAN

Dr. William S. Thayer, Noted Physician, Just Back From Russia Declares Majority is Opposed to Cessation of War Against Germany Until Honorable Peace is Secured

Russia is still loyal to the Allies and their cause, even though the present government in Petrograd is seeking peace with Germany. The Maximalist and Bolshevik parties represent but a fraction of the great Russian population. The majority of the population is utterly opposed to stopping the war with Germany until an honorable peace has been secured.

This is the only comment which Dr. William Sydney Thayer, who is returning from a Red Cross mission to Russia, would authorize for publication today while in Honolulu. Of the conditions which have led up to the present chaotic state and the street fighting which occurred in Moscow at the overthrow of the Kerensky government, he felt more free to speak.

Dr. Thayer is one of a trio of noted physicians, Thayer, Osler and Welch, formerly connected with the Johns Hopkins University and hospital in Baltimore.

For many years he was an associate physician of the Johns Hopkins hospital and professor of clinic medicine in the university. Besides belonging to the prominent medical associations of America, he is an honorary member of the Therapeutic Society of Moscow and is known as an authority on typhoid and malaria.

Dr. Thayer went to Russia with the Red Cross mission in July. He was in Moscow when the revolution started which deposed Kerensky. The fighting was much more severe in Moscow than in Petrograd and lasted for nearly a week, he says. The defense against the revolutionists was made by cadet officers and the number of wounded and killed was much larger than it was in the spring when the Nevelskii in Petrograd was swept by machine guns.

The doctor is reticent about telling what has been accomplished by the Red Cross in Russia, as he is to make an official report, but says that the organization has continued to send out supplies from Moscow and other headquarters.

Harbin, Siberia, is not as bad as it has been painted, he thinks, although there is little police protection at night. He denies emphatically that

CAPITAL-LABOR PACT AGREED ON

(Associated Press by U. S. Naval Wireless)

CHICAGO, Ill., Dec. 26.—John R. Williams was today appointed referee of all labor disputes which arise in the packing house industry. Packers and employees of all the principal firms have agreed to accept his decisions and not to engage in strikes or lockouts for the term of the war.

U. S. SOLDIERS RENEW PLEDGES

WASHINGTON, D. C., Dec. 26.—General Pershing yesterday signified Christmas in a brief but eloquent cablegram to the chief of staff, pledging renewed devotion by the entire American expedition to the causes for which the United States is fighting.

ATROCITIES BY GERMANS BEGIN; SENTRY MURDERED

(Associated Press by U. S. Naval Wireless)

WITH THE AMERICAN ARMY IN FRANCE, Dec. 26.—German atrocities against American soldiers in France have already been begun and yesterday were made the subject of an official report by a commander. The report says that an American sentry was found dead, his throat cut. It is declared, after examination, that the man was first captured and then killed by cutting his throat.

U-BOAT AWAITED U. S. OFFICERS

(Associated Press by U. S. Naval Wireless)

AN ATLANTIC PORT, Dec. 26.—Passengers arriving at this port yesterday say that in at least one proved instance a German submarine crewed by men of the Imperial Guard was carrying American officers. It is declared that the crew of this submarine, which was captured while moving undersea and later sunk, knew the movements of the steamer in question, and that the submarine lay in wait for the vessel to sink her. That the sneaking tactics of the U-boat was not successful was due to the vigilance of the convoying vessel, which repelled the planned attack and later drove the submarine to capture, say the passengers.

PERSHING MAKES DEATH REPORTS

(Associated Press by U. S. Naval Wireless)

WASHINGTON, D. C., Dec. 26.—General J. J. Pershing, commanding the American expedition, yesterday reported the death of Lieutenant James Paul, killed in an aviation accident, and of two privates, who were killed in action on November 13. He reports that of the deaths recorded, two died of wounds, two from accidents and six from natural causes.

ARIZONA GOVERNOR TURNS OFFICE BACK TO BOURBON OPPONENT

(Associated Press by U. S. Naval Wireless)

PHOENIX, Arizona, Dec. 26.—Thomas Campbell, declared by the state supreme court to be holding the governorship illegally, yesterday turned it over to his Democratic opponent in the election, W. P. Hunt. The transfer was made at a ceremony without features. Hunt had previously announced that he would retire in Campbell's favor.

MOTHER, SIX CHILDREN, BURNED TO DEATH IN FIRE STILL MYSTERY

(Associated Press by U. S. Naval Wireless)

GREENWOOD, South Carolina, Dec. 26.—Mrs. J. L. Whitman and her six children, ranging in age from three to 13, were burned to death in their home here on Christmas Eve, the cause of the fire being still unknown.

FRENCH TO HOLD NO MORE ELECTIONS TILL GREAT WAR IS ENDED

First War Christmas For America; Fourth For Battling Europe

(Associated Press by U. S. Naval Wireless)

The Associated Press last night summed up the world-war situation as follows:

America's first war Christmas for many years finds her loyal sons of the United States in training camps here and in France, and guarding the ocean lanes against enemy submarines.

This is the fourth war Christmas of the leading belligerents of Europe. For the first time in a century Bethlehem and Jerusalem, where occurred most of the important events in the life of Him whose natal day is commemorated, are in the hands of Christians.

On Christmas Day military events over the great theater of war were almost at a standstill, except on the Italian front, where the Austro-Germans persisted in their efforts to break the Italian line.

Last Christmastide the world was discussing the terms of peace then put forth by the Central Powers. Today, it was reported, would be again marked by a proffer from the countries of the Entente Powers, which, say the American expeditionary force yesterday took part in the most unique holiday ever observed by Americans on foreign soil.

The expeditionaries really began their celebration at sundown on Monday night, when with one accord the thousands of men capitulated to Santa Claus and put aside temporarily their martial task.

At dusk on Monday a light snow was falling and there was no danger of an offensive from the enemy on that section of the front held by the Americans. All the soldiers but those few most necessary quit their duties on the front lines, and at the bases and camps behind the lines, and started to do the bidding of the "joyful saint," temporarily designated as the commanding officer of the American expeditionary force.

Rush to Open Packages

For days huge loads of Christmas packages had been arriving and these were received and held undisturbed in the camps. Immediately after the cessation of military work the packages were given to the various commands and there was a great rush to open them.

Some of the packages were slow in being delivered at the docks of the French ports where the American supplies enter. In order to get it to the men of Pershing's army it was put on swift motor trucks and lorries and these rushed at full speed to the various camps.

The headquarters of the first division which landed had a huge celebration, elaborate in detail and of the most wholesomely festive character. The great Y. M. C. A. "hut" was commandeered for the occasion and this structure was the center of the festivities. The curious French children, who flocked around the hut were excluded by sentries in a humorously stern manner, the soldiers entering into the fun quite as much as did the half-wondering youngsters.

Pretty Ceremony Held

When the door was opened a beautiful program reminiscent of the sacred character of the occasion was given, beginning with a procession of children, mostly French, decked in their best clothes and accompanied by their mothers or refugees driven from the land occupied by the Germans and now seeing for the first time the happiness of an American Christmas.

Suddenly, as the procession of children appeared, ready to enter the hall, the lights flashed on, revealing not only one but a miniature forest of Christmas trees, decked with gay toys, candy, fruit and lighted candles, while around the bases were piled boxes of gifts.

This being the case, the paragraph of the act providing punishment for its violation does not specify that such illegal communication should necessarily be proven as intended for the person held as guilty.

It is unlawful for any person to send, or take out of, or bring into, or attempt to send, or to take out, or to bring into the United States, any letter or other writing of tangible form of communication, except in the regular course of the mails, and the violator is subject, upon conviction, to a fine of not more than \$10,000, or to imprisonment for not more than 10 years or both.

An order issued by the San Francisco office of a local shipping agency states, based on the requirements of the treasury department rulings regarding the "Enemy Act," as approved by the executive order of October 12, is given:

"In the future, all mail must be refused, except it has passed through the United States post office or is handed to you by Customs officials in the employ of the Collector of Customs who have censored the mail and then placed it in your hands for delivery on board our vessel."

POPE REJOICES IN JERUSALEM FREED FROM TURK MASTERY

(Associated Press by U. S. Naval Wireless)

ROME, Italy, Dec. 26.—Pope Benedict on Christmas Day received the members of the Sacred College and exchanged with them Christmas greetings. He also renewed to them recommendations for incessant prayers for peace and declared that all Christians should rejoice in the liberation from heathen rule of Jerusalem and a large part of the Holy Land.

"None of the plantations have notified us in regard to the white ant pest breaking out," declared H. P. Agee, director of the Hawaiian Sugar Planters' Association experimental station, this morning, "so that I don't think there is anything in the report that the pest is present on either Oahu, Honolulu or Waiala plantations."

Washington, D. C., Dec. 26.—President and Mrs. Wilson and members of their families spent Christmas in the White House. The president and his wife went to church in the morning. It rained most of the day and they did not spend the holiday in the open.

Soldiers Play Santa Claus to Thousands of Youngsters and Refugee Families; Grim War Put Aside With Santa as "Commanding Officer" for Holiday

(Associated Press by U. S. Naval Wireless)

WITH THE AMERICAN ARMY IN FRANCE, Dec. 26.—Calling a halt in the grim business of war for the happiest duty of celebrating a patriotic Christmas, the officers and soldiers of the American expeditionary force yesterday took part in the most unique holiday ever observed by Americans on foreign soil.

The expeditionaries really began their celebration at sundown on Monday night, when with one accord the thousands of men capitulated to Santa Claus and put aside temporarily their martial task.

HONOLULU MAN GOES DOWN ON RAMMED F-1

Grover T. Metz, Here 4 Years Ago, Meets Death in Submarine Collision

Machinist's Mate Grover T. Metz of Honolulu, who finished a four-year enlistment term here and went to San Francisco was among the 19 men of the submarine F-1 who perished when that vessel sank recently in American waters. Metz was married.

Mail arriving from the mainland brings the list of those lost and saved at the time of the disaster, but no further details of the ramming by the F-1 are carried than in the brief despatch received last week by the Star-Bulletin which received first word of the sinking.

Metz was 22 years of age and a native of Texas. His wife was a San Francisco girl. When he broke out he re-enlisted in the navy. Mrs. Metz, going to Sonoma. The list of lost includes the names of 10 Californians.

Lieut. A. E. Montgomery, commanding officer of the F-1, was among the five saved. His mother, Mrs. Julia Montgomery Pratt, lives at Fort H. G. Wright, New York.

Other survivors are:

J. M. Schmissauer, machinist, Hills, City, Tenn.

Henry L. Brown, gunner's mate, Macon, Ga.

Joseph J. Burns, chief gunner's mate; wife, San Pedro, Cal.

John J. Stewart, ship's cook; mother, Mrs. Celia B. Campbell, Huron, S. D.

The list of those lost was announced by the navy department as follows:

John R. Bell, seaman; mother, Mrs. J. E. Bell, Seabee, Tex.

Frank M. Bernard, machinist's mate; sister, Amelia Quintal, Oakland, Cal.

William L. Cartwright, seaman; mother, Amanda Cartwright, Fresno, Cal.

Harry L. Corson, chief electrician; next of kin, Hazel M. Corson, Long Beach, Cal.

James Coonan, chief gunner's mate, Lima, Ohio.

Simon Greenberg, electrician, first class, Philadelphia.

Dudley Stough, chief gunner's mate; wife, Marie Stough, Vallejo, Cal.

Charles F. Vincent, electrician; father, Philip S. Vincent, Exeter, Cal.

Thomas A. Walsh, machinist's mate; mother, Mrs. Anna A. O'Brien, Hilliard, Wash.

Clyde W. Wyatt, machinist's mate; mother, Mrs. Nellie Martin, Venice, Cal.

Ray E. Scott, electrician; wife, Valjeo, Cal.

Albert P. Smith, machinist's mate; sister, Florence S. Stebbins, Merced, Cal.

Guy R. Stewart, chief machinist's mate; father, Grant Stewart, Los Angeles, Cal.

Lyman F. Lovely, machinist's mate; father, Lyman Lovely, Denver, Col.

Ralph E. McLuer, electrician, Detroit, Mich.

Duncan A. McRae, electrician; sister, Florence M. McRae, Blaine, Wash.

John F. Meggane, chief machinist's mate, Philadelphia.

Grover E. Metz, machinist's mate; wife, San Francisco.

MILK CAN BE REDUCED, PRODUCER SAYS; MANAGEMENT 'WASTEFUL'

Minority Stockholders in Dairy-men's Association Demand Accounting; Say Producer Can Get More

Change in management of the Honolulu Dairymen's Association has been demanded by minority stockholders, and already, they say, the majority holders have made such concessions that it is probable their claims will be satisfied.

Prediction was made today by one of the milk producers who is a stockholder in the association that if the company "get down to efficient business" it will be able to pay the producer 10 cents a quart, which is a cent a quart more than he is getting now, and simultaneously reduce the retail price to the consumer from 14 to 13 cents a quart.

The minority stockholders are credited with forcing an expert accounting of the books and with winning, early in the fight, a raise from eight to nine cents a quart for themselves. One producer says the association is making more than 10 per cent per month in spite of what he declares is ridiculous waste.

A meeting of stockholders of the Dairymen's Association is scheduled for Thursday, January 3, for the purpose of increasing the capital stock of the organization and amending its by-laws, according to the announcement made today.

Answering allegation contained in the so-called "minority report" which is said to have been issued by minority stockholders in the association, Manager S. W. Smith declared today that the association is not making 10 per cent on its capital stock exclusive of its sales of ice cream. He also declared that, at the present time, the organization cannot afford to reduce the price of milk to the consumer. The producer, he added, is now being paid 9 cents a quart for his product.

Manager Smith went on to say that the books of the association and its methods of accounting are being reorganized, and that, after the first of the year, will be in such shape that the condition of the organization may be determined in a moment. He denied a knowledge of the contents of the "minority report," but admitted that he had heard that there was such a document in existence.

PLANTATION MEN MADE AIDS TO FOOD EXECUTIVE

Every plantation manager in Hawaii has been, or will be, appointed a special representative of the national food administration to cooperate with county and other agents of the local food bodies in a new territory-wide campaign to increase the production of food at home and reduce imports.

Before he leaves for Washington, D. C., this afternoon to attend a conference of food administrators, J. F. Child, federal food administrator for the territory, expects to have letters ready notifying the plantation managers of their appointment. At a recent meeting of the local plantation agencies, this matter was thoroughly discussed, the agencies approved the scheme and promised the food administrator their support and cooperation.

Food commission, the county

agents have been urging the people on the various islands to raise enough food to feed themselves, as well as to feed their stock. These agents have received a vast amount of help from the plantations and, to further this work of food production, Administrator Child decided on the plan to appoint each plantation manager a special agent of the national food administration.

John Watt, former manager of Oahu plantation, has been appointed a special agent to confer with the several plantation managers with regard to a greater production of food at home, other than sugar. Mr. Watt, as well as the plantation managers, will work without remuneration, having offered their services voluntarily. Every plantation manager will act as a special agent in his own district.

LOCAL AND GENERAL

At the meeting of the shareholders of the Hawaiian Pineapple Company Saturday the proposed plan to increase the capital stock by 10,000 shares was approved and will be carried out.

According to the Matin the commissioner of police for judicial delegations has been entrusted with the preliminary semi-official inquiry into the inscriptions in connection with the debates in the French Chamber in secret session.

J. C. Cohen, president of the Consolidated Amusement Company, who was arrested last week on a charge of speeding, appeared in police court Monday and asked for a jury trial. Judge Irwin refused the request, and the case will be heard Thursday.

The Phoenix Lodge, No. 1, is to be Santa Claus to 300 children next Friday evening at the lodge rooms at the annual Christmas tree. Besides the presents which each child will receive and all the candy and nuts they can eat, there will be moving pictures and later in the evening the older folk will enjoy a dance. As is the custom whatever candies and nuts are left over at the end of the evening will be given to the children to take home for their less fortunate playmates. Marcus H. Sanders is in charge of the entertainment and he desires that all who have not received invitations who would see him at once.

The report on the commercial magnesium factory and the possibilities of producing magnesium carbonate, together with estimates prepared by a chemical engineer on the project, were mailed to Honolulu on December 21, according to the weekend wireless message received by the Mineral Products Co., from their San Francisco manager, R. CHRISTMAS SURPRISES POLICE BY QUIETNESS

Christmas at the police station was the quietest it has been in many years. On both Christ. as Eve and last night very few who had imbibed not wisely but too well were taken in for safe keeping. Last night only three were booked as drunks. Automobile accidents were also noticeable by their absence.

In commenting on it Deputy Sheriff Ash said this morning that the police had prepared to care for the usual number of petty offenses which occur during Christmas time, but instead of the number being in the neighborhood of 25 it was less than a half dozen.

GETS KNITTED SWEATER FROM MRS. F. K. LANE

Capt. George K. Larison, Engineer Reserve Corps, who was formerly district engineer of the United States geological survey in Hawaii, is showing with pride a knitted khaki sweater sent to him by Mrs. Franklin K. Lane, chairman of the interior department war work committee.

Evidently the committee is sending gifts of this sort to all former officers of the interior department who have entered the army service. Some weeks ago Capt. Larison received a card from Mrs. Lane, asking if he would accept a sweater from the war work committee.

"Size 40," was his reply to the query, and yesterday, Christmas Day, the sweater arrived. It is a handsome garment, and "home-made" of khaki color. A pair of wristlets of the same material accompanied it.

QUARTERMASTER CLERK IS GIVEN PROMOTION

Angus M. McMullan, principal clerk in the office of the constructing quartermaster department, was promoted today to chief clerk of the quartermaster.

Clerk McMullan will take the place formerly held by Captain Charles A. Morrow, quartermaster reserve corps, who was recently called from civil life to active service and ordered to the mainland.

Captain Henry Cummins, quartermaster reserve corps, who was called from a sergeantcy to active duty as a commissioned officer, has been named

assistant to the officer in charge of the supplies division.

THERESA WILL IS DISMISSED FROM PROBATE

Court Order Says Document May Never Again Be Presented

Officially designating the document of August 29, 1917, which purported to be the last will of the late Queen Liliuokalani as false and fraudulent, Circuit Judge Ashford late Monday afternoon filed in circuit court an order dismissing the instrument from probate.

The order, aside from dismissing the document, declares, in effect, that it is of such a nature that it may never again be presented for probate. In part the order reads as follows:

"And the court being now fully advised, and having given due consideration to all of the matters and things heard and submitted in connection with the said alleged will of August 29, 1917, now finds that the said document of August 29, 1917, alleged to be the last will and testament of her late majesty, Queen Liliuokalani, the above-named decedent, fails to conform to any of the requirements of a valid will, in that it does not appear that the same was prepared by the said decedent or by any person authorized thereto on her behalf or with her knowledge or approval."

"And in that it was not signed by said decedent either by himself or by any person on her behalf or by her request or direction; and in that it was not signed by the persons whose names therein appear as subscribers or attesting witnesses, to wit: James M. Kealoha and Samuel K. Kamakala, or by either of them, in the presence of said decedent, or by her request or direction or with her knowledge or consent; and in that the said document was never stated or declared by her to them or either of them to be her will; and in that the several signatures, to wit: the name 'Liliuokalani' appearing on said document at the end thereof and to the left margin of each of the preceding pages purporting to be the signature of said decedent, were not and are not in fact her own signatures nor made on her behalf by any person with her knowledge or consent, but are false and fraudulent; wherefrom the court further finds that said document is of no legal effect and is not in any manner or respect entitled to be received or held to be the last will or any will of said decedent, by whomsoever it may at any time be presented in that behalf."

HAWAII ASSURED OF VESSELS FOR FREIGHT SERVICE

But Islands May Lose President and Governor If Not Patronized, Says Kennedy

Fully confident that Hawaii should not worry about lack of cargo carriers for the island service, James A. Kennedy, president of the Inter-Island Navigation Co. and Honolulu representative of the national shipping board, returned to Honolulu yesterday after two months spent on the mainland. Mrs. Kennedy and his daughter, Miss Jessie Kennedy, returned with him.

"We are going to get all the ships we need for carrying cargo," he declared this morning when questioned as to the prospects of Hawaii being provided for. He is not so certain, though, as to passenger boats. He feels the government is making known that people are not expected to travel for pleasure during the war.

"There is not going to be much traveling during the war. The government wants every one to remain at home, attend to his duties and invest his money for war purposes," he says.

Mr. Kennedy, however, feels there is a grave danger that the shipping board will take the Governor and President away from the Hawaiian trade unless the two big passenger carrying vessels are better patronized.

He believes the two ships are being operated at a loss by the shipping board, as the amount of cargo they carry is limited, and because the schedule of freight charges is based on freight tonnage and speed of the vessels taken over by the government.

He estimates that the freight charge on vessels like the Governor and President between Honolulu and San Francisco would have to be about \$12 a ton to make their operation profitable, since the owners of the vessels are to receive the rate of pay from the government which was announced when the ships were commandeered.

The only comment Mr. Kennedy makes on the new schedule of freight rates between Honolulu and San Francisco was that some vessels would earn a reasonable profit, some too much and others be unable to make expenses. He says the new freight rates were worked out as being equitable with those imposed for ocean service along the Pacific coast and on the Atlantic. The basis for the rates is what the government is required to pay for the use of requisitioned ships and the cost of operation.

The Inter-Island steamship man is outspoken in his praise of the accommodations, comfort, speed and sailing qualities of the steamer President. He told another shipping man in the presence of a reporter that the President ran into "a nasty storm breaking from both sides—something like a typhoon—and the ship went along so smoothly that not even a plate was moved by the dining tables."

Mr. Kennedy's optimism in regard to the prospects for plenty of shipping for Hawaii are in marked contrast to his attitude three months ago, when he returned from an earlier trip to the mainland. Then he evidently had grave doubts as to what might be the outcome, but now he thinks conditions are changing monthly.

"There has been a great improvement in the last two months," he concluded.

MUTINEERS' DEATH PROBED BY JURY; OFFICERS CLEARED

After a two-day investigation of the circumstances surrounding the death at Cavite, Philippine Islands, of three Filipino mutineers about a year ago, the federal grand jury today reported to Federal Judge Poindexter that no indictment had been returned. The jurymen were dismissed until further notice.

In making public today the incidents upon which the investigation was conducted, the United States attorney's office stated that about a year ago, in the harbor of Cavite, a mutiny broke out among a number of Filipinos aboard a government vessel now in Hawaiian waters.

After the mutineers had been subdued by force, and their weapons taken from them, the commander ordered the arrest and confinement of three Filipinos who were declared to be the ringleaders.

These men were placed in irons and confined in a portion of the fire room, there being no other place available at that time. The supposed ringleaders resisted arrest and confinement and, after being locked up, continued to curse and shout.

Due, apparently, to the heat of the place in which they were confined, and the conditions of their own bodies as the result of the mutinous conflict with the Americans, the three Filipinos died.

The local investigation, the attorney's office adds, was to determine whether the officers of the naval vessel were negligent in confining the Filipinos in the place they did.

From the fact that the grand jury reported that no indictment had been returned, it is apparent that their decision was that there was no negligence on the part of the officers.

Among the witnesses summoned were a large number of naval officers and men connected with the navy.

TELLS STORY OF PAROLE-BREAKING BY GERMAN HERE

Hindu Witness in San Francisco Trial Says Officer Joined Maverick at Hilo

That an officer from a German vessel interned at Honolulu broke parole and went to Hilo to join the "mystery vessel" Maverick was stated on the witness stand in the San Francisco "India Case" trial by a Hindu witness, according to the San Francisco Bulletin of December 18. The Bulletin's article states:

"Charred fragments of revolutionary literature, recovered from the barren shores of Socorro Island off the coast of Lower California, were introduced this morning, while Harcharan Das, government witness, recounted the eventful cruise of the steamer Maverick. The pamphlets inciting Hindus to rebellion were heaped in piles and burned when the proximity of the United States warship alarmed the Maverick's crew, according to the witness."

"Attorney Theodore Roche for the defense, attacked statements of the Hindu during his cross-examination. Das denied he had discussed testimony with other government witnesses. He declared he bore the defendants no ill-will but wished to tell his countrymen they were being deceived by revolutionary leaders.

"The adventures of the Hindus and Germans on board the Maverick and the voyage across the Pacific to Java formed interesting portions of Das' testimony.

Failed to Meet Ship
"Failure to meet the schooner Annie Larsen at Socorro Island, where the transfer of arms and ammunition was to have been made, according to the prosecution, caused the plan of the Hindu plotters to go astray."

"After waiting more than one month at the barren island for the arrival of the schooner the officers of the Maverick decided to put back into San Diego, the witness explained. Upon approaching the Coronado Islands, he said, the presence of warships occasioned a change in the plans and a new course was made for Hawaii.

"Hilo, an island in the Hawaiian group, was the next spot touched at by the steamer, Das said. Here fresh supplies of meat were taken on board. The Hindu also declared that an officer from a German vessel interned at Honolulu also became a member of the crew.

"From Hilo the cruise stretched to Johnson Island, where another stop was made, and quantities of birds' eggs were collected for food.

"The journey was then uninterrupted until Java was reached several weeks later, a landing being made on the coast eighty miles from Batavia. Das told the court that two Dutch gunboats were on hand to greet them. He said that the Maverick was boarded by officials of the Dutch government who had been informed of the alleged plot to incite rebellion in India by British officials. Under surveillance of the Dutch man-of-war, the Maverick continued to Batavia, where it was again subjected to a thorough search."

CASTLE THINKS GUARD WILL BE CALLED SOON

Although he left Washington before the trouble over the Hawaiian National Guard came to a head, W. R. Castle, who with Mrs. Castle and Miss Beatrice Castle, has returned from a three months' trip to the mainland, reports that when he was at the national capital he understood that the guard was to be called into service to take the place of the regulars which would eventually be called away from Hawaii.

Mr. Castle says that all the departments at Washington have more work than they can attend to. The question of expenditures is also causing considerable comment and may result in a congressional probe, he says. When he visited the attorney general Mr. Castle says he closed up like a clam, the presumption being that he did not wish to hear any criticism against any of the local office holders.

While in Washington Mr. Castle visited his son, W. R. Castle, Jr. who is in charge of the bureau of the Red Cross for the listing of casualties among the American soldiers in Europe. He says the government has taken over a large amount of the Red Cross work with the result that it is behind.

At Pensacola, Florida, Mr. Castle saw Alan Lowrey and Stanley Kennedy, who are attached to the aviation section. Both are getting along famously, the former having been advanced to chief of the entire student section.

SECOND LIEUTENANTS NOW WEAR GOLD BARS

Many of the second lieutenants of the Hawaiian department are already wearing the gold bars designated for them in a recent war department order. A gold bar on each shoulder is the distinguishing insignia. Heretofore second lieutenants wore no bars, a thing which made it difficult for them to be distinguished at times from enlisted men.

In accordance with a recent supreme court decision an order has been issued in circuit court sustaining the demurrers of the Hawaiian Dredging Co. and the Marconi Wireless Co. in suits brought against them for the recovery of alleged damages. The demurrers were to complaints holding the workmen's compensation act to be unconstitutional.

Dated the 26th day of December, 1917.

By the Court: J. C. CULLEN, Clerk of the Circuit Court of the First Circuit. SMITH, WARREN & WHITNEY, Attorneys for Petitioner. 6977—Dec. 26, Jan. 2, 9, 16, 23.

MRS. EMMA QUNI DIES ON CHRISTMAS DAY

MRS. EMMA QUNI

Mrs. Emma Quni, well known in Honolulu, died at Queen's hospital on Christmas morning at 3:30 a. m. death being due to typhoid, which developed into pneumonia.

Mrs. Quni, whose maiden name was Emma Sasaki, was born in Honolulu and at the time of death was 27 years, three months and six days old. She leaves two sons, George, six and Walter, three, a father, mother and a sister, Mrs. C. K. Abe, whose husband is connected with the Hackfeld Co.

Mrs. Quni had been employed in various mercantile houses here. Some years ago she was one of the prize-winners in a Bulletin subscription contest, her popularity being evidenced at that time.

The funeral is being held this afternoon, starting from M. E. Silva's undertaking parlors at 3 p. m. There will be a service at the Catholic church, Fort street, and the body will be buried at the Catholic cemetery on King street. Friends of the dead woman are asked to be present at the funeral ceremonies.

Patriotism --and Thrift

There is really no distinction between the two—they are inseparable. To be thrifty is to be patriotic; to be patriotic is to be thrifty.

It all depends on our definition of the words. To be hysterically economical is not "thrift" in the true sense of the word; neither is it patriotic. But to be sensibly economical is both "patriotic" and "thrift."

Sensible economy consists of spending money wisely—buying those things that are needed and buying reliable qualities at the lowest possible prices.

Making purchases at this store is a sure step in the road to sensible economy.

Bankers Notice to Commercial Depositors

(This Notice Does Not Apply to Savings Accounts)

The custom prevailing among conservative banking institutions is to make a nominal charge for the handling of small checking accounts, in order to cover part of the cost incident to the care of same. It is now the practise in various cities on the mainland. The undersigned banks of Honolulu have agreed to adopt the plan.

Therefore, whenever the average balance is below \$100.00, we trust that it will be found convenient to arrange to increase it to at least this amount, otherwise a monthly charge of fifty cents will be made and a charge ticket rendered for the same and enclosed with cancelled checks.

NATIONAL BANKS EARN SIX HUNDRED MILLION

WASHINGTON, Dec. 2.—National bank earnings in the last fiscal year were \$674,500, the greatest in their history, according to figures announced by the Comptroller of the Currency. The total earnings were 15½ per cent greater than the previous year, an increase of \$86,750,000. On their capital stock the banks report net earnings of 15½ per cent.

The amount of dividends distributed was \$12,750,000, an increase in Musidore over the preceding year.

WASHINGTON, Dec. 2.—The food administration is using up its power to regulate sugar imports, it is reported, in view of the fact that the new sugar control laws will be effective in about a month.

Hoover's Request Ignored

The committee to whom the Senate referred the bill to regulate sugar imports, after hearing earlier a request by the Federal Trade Commission to amend the bill, has voted to accept the recommendations of the administration.

NEW YORK, Dec. 6.—Hotel men are now working out new ideas for the serving of sugar to meet the temporary shortage in Eastern states pending the arrival of western beet sugar and the Louisiana and Cuban cane crops. Study of this question has been beneficial, locating needless wastes.

It has been found, for instance, that some guests fil their packets from the sugar bowl. This is a habit with women, who like to feed sugar to horses if they can do it at the expense of someone else. Loose sugar is often spoiled through dipping with spoons taken from coffee and tea, and sugar served with meals sent to rooms is often wasted. The necessity for restricting guests to two or three lumps with each coffee service has reduced waste and shown that most persons are economical and reasonable in such matters. The hotel men find that they themselves have also been rather wasteful by listing too many sweet dishes on their menus, adding sugar to dishes already sweet enough, and making up too many kinds of ice cream and pastry, which leads to a certain proportion being left over to spoil, where one or two kinds would give guests sufficient choice and make it easy to adjust supply to daily requirements.

Changes His Mind

Through questioning of Spreckels by J. E. Freeman, counsel for Earl A. Babst, president of the American Sugar Refining Company, it was brought out that the Federal president did not object to the appointment of Henry C. Mott, buyer for the American Sugar Refining Company, as buyer on the international committee which was to purchase all the raw sugar available and parcel it out to refiners at the time the appointment was proposed.

I agreed to the appointment,

Spreckels said, "but after I found out that all of the employees of the committee, from watchman up, were to be employees of the American, and that Mott was to get \$20,000 a year, I strenuously protested."

The Spreckels statement that the fixing of price of \$7.25 ton granulated sugar at seaports worked a hardship on his company was attacked by Senator Jones. The witness said Saturday that his company manufactured practically nothing but granulated and brown sugars, while his competitors put up many special advertised brands which could be sold at prices regardless of that fixed. On questioning by Senator Jones he admitted manufacturing five grades into fourteen forms of packages.

Hoover's statement published Sunday to the effect that Spreckels was "sore" at the food administration was denied by the witness.

COMMERCIAL NEWS**SPRECKELS SAYS 20,000 SHARES SUGAR CARD ROLPH'S FRIENDS BINGHAM TRADED SCHEME WORKED ARE BENEFITED OUT IN ENGLAND**

Washington says he proposed starting the session of the committee on sugar at the first meeting of the Senate on Dec. 1, at a cost of \$4,875,000, and that the committee's estimate of the cost of the new sugar control laws will be well below that figure. He said he believed that a state department proposal to divide up the districts under the new sugar control law was responsible for the difference between the two figures.

Rich Milk thoroughly Purified

That in a sentence sums up Highlander Condensed Milk (full cream). There are very definite and real reasons for its superiority.

First of all the milk is the world's finest. New Zealand's dairy conditions and legislation are the world's model—its dairy products top the world for the price because of their quality. Highlander Condensed Milk is prepared from the purest and richest milk of the specially selected herds in the rich dairying pastures of Southland. The cows are subject to Government Inspection, and the milk is drawn from each cow under exceptionally rigorous conditions of cleanliness.

It is then immediately filtered and cooled at the dairies. Next it goes to the great model Highlander Condensaries—cleanliness personified.

Here it is again filtered and subjected to a process which destroys all disease germs. Part of the water is removed by evaporation in vacuo, and a proportion of the finest No. 1A sugar is added.

Highlander Condensed Milk is full cream—the richest, purest milk, less part of the water. More economical than fresh milk—there is no waste—use what is wanted, the remainder is available for further use.

Hygienic, uniform, handy, always ready, it is cheaper, more reliable. For cooking it is far superior to ordinary milk—try it.

There are hundreds of recipes in the big 200-page beautifully illustrated Highlander Cook Book. Write for a FREE copy today—addressee "Highlander," Dept. "A," Fred L. Waldron, Ltd., Agents, Honolulu.

LAUGHS, TEARS IN BEBAN FILM

"The Cook of Canyon Camp," the Paramount picture in which George Beban is star, will be shown for the last time tonight at the Liberty theater. In this picture Beban, who is noted chiefly for his Italian characteristics, plays the part of a volatile French Canadian who presides over the kitchen in a north woods lumber camp.

Jean, the cook, discovers the cause of the grief of "Silent Jack," one of the men of the camp, played by Monroe Salisbury. The warm hearted sympathy of Jean is aroused and he receives a letter from Silent Jack which is effective in bringing back the man's wife, but it also almost spoils Jean's romance, for his sweetheart, Marie, is made to believe that Jean is a married man. The impetuous Jean, however, is able to extricate himself from the difficulty. There are laughs and tears in the picture and those human touches for which Beban is famous make a number of the scenes particularly noteworthy.

In addition to the feature the new instalment of the serial, "The Mystery of the Double Cross," is full of interest. The weekly Pathé news pictures also are a part of the program.

FRENCH REVERE JOAN AS PATRON

It is hard for Americans to understand how the French people were able to rise about the overwhelming defeat of 1871 and how they have been able to withstand the strain they have been under with the Prussians at their very doors, with starvation in their midst and the pick of their youth decimated.

It is hard for us to get under the skin of the French character and really appreciate it from anything we might read, but after seeing "Joan the Woman" at the Bijou theater and noting all she has to pass through, we then appreciate why they look at her as a patron saint as liberator and mediator.

It is her inspiration that has held them to the task, and this subtle spirit of holy patriotism has been worked into "Joan the Woman" with a finesse characteristic of Cecil DeMille, which will serve all humanity as an inspiration to crush tyrannical despotism.

**FRAWLEY CO. IS
COMING TO BIJOU**

Up-to-the-minute Broadway successes will be staged in Honolulu commencing about the third week in January by the T. Daniel Frawley Dramatic company of New York which will arrive here shortly after New Year's Day. The company will open a six weeks' engagement at the Bijou theater and among the plays which will be given are "The Thirteenth Chair," "The Man Who Came Back," and other big hits of little old New York. Frawley has organized a circuit which includes Manila, Shanghai and Honolulu. For the first six months Frawley will tour the circuit with the dramatic company and later in the year he will return with a musical comedy troupe to play such hits as "Oh, Boy!" that are now the rage of Gotham. The Frawley Company appeared here six months ago and proved a favorite with Honolulu audiences.

Joel C. Cohen of the Consolidated Amusements company has stated that as soon as Bethel street is opened a new \$150,000 theater will be constructed.

An American Christmas In France

None can read without a thrill and a surge of patriotic fervor that account of the American Christmas in France told in today's despatches. And the most striking feature is that fact that "les Samsis," as the friendly French people call the American soldiers, turned their own festival into an occasion to make happy the children of the race for whose deliverance they are fighting.

The Christmas of the American soldiery is symbolic of America's whole war aim and policy. The United States entered the war without the slightest thought of territorial expansion or of reaping huge indemnities. We entered to stand on the side of humanity against inhumanity; of law against lawlessness; of right against might. We entered to help bring back light and happiness to darkened France, Belgium, Serbia, Rumania. We entered, also, in our own defense, as part of the general aim of defending democracy against autocracy.

So, on, the day when throughout American there were joyous and wholesome and innocent festivals, as our soldiers paused in their grim business of war they brought an American Christmas into the lives and hearts of thousands of saddened, bereaved, victimized French children and families. The stalwart men in uniform shared their gifts and their happiness with the less fortunate people around them. In like manner the United States is sharing its prosperity and strength with its Allies who have for three years borne the burden of warfare against German ruthlessness.

A Community Success

The sincere appreciation of all Honolulu and many visitors is extended to those who conceived and carried out the Community Christmas tree on Monday night. The lighting effects, tableaus, solos and choruses were finely blended into a program of great beauty and harmony of effect, striking in its pictorial quality, impressive in its religious atmosphere, and entirely appropriate to the Christmas season.

Such a spectacle and such a program will have permanent impress upon thousands of alien minds, not yet turned to American moral and ethical ideals. It adds a new note to the familiar revelry of Christmas Eve in Honolulu. The Outdoor Circle and those who so unselfishly assisted it deserve great credit for the success which was achieved.

This program pioneered the way for others, we hope, to come each year, until the carols and tableaus are quite as typical of a Christmas Eve in Honolulu as the showering of confetti and other mardi gras features. In pioneering the way, lessons are always learned. One which was apparent on Monday night was that the crowd should be seated. The thousands standing soon grew restless, particularly those on the outskirts, and the tendency was for much shifting, hundreds constantly going and coming; many soon became tired and went downtown; and a good deal of unnecessary noise resulted. With a program so beautiful in detail and with which such care had been taken, it would be well worth while to make a special point of seeing that the audience was seated, so that the full benefit of the fine program could be given by the participants and received by the audience.

Before Christmas Eve one occasionally heard an expression of doubt as to whether several hundred dollars should be spent for such a purpose as tree-lighting and tableaus. The doubt has been fully answered. The community idea thus emphasized is worth to Honolulu at this time a great deal more.

ON THE RIGHT SIDE.

Col. Roosevelt has come out strongly for absolute prohibition during the war. He is thus adding his name to the long list of influential factors which will probably win success if the war should run into 1919 and 1920. It is not necessary to touch on the subject of England's use of foodstuffs for alcoholic liquors to know that the United States would be much better off in war-time with absolute prohibition than with even the beer-and-light-wine proposition. Ours is not a nation of habitual light wine users. Prohibition works splendidly in states which give it a fair trial, and works almost immediately, as witness Washington and Oregon. The Colored is on the right side, the logical side, and in a short time it will be the side upon which is ranged the overwhelming sentiment in the United States.

AN ABLE MAN PASSES ON.

In the death of Senator Francis G. Newlands of Nevada, the nation loses an able man and Hawaii a good friend. This Nevadan was above the usual congressional stature. Since the time he introduced the resolution under which Hawaii was annexed his public activities have been followed here with special attention. That his loss is seriously felt in Washington is evidenced by today's despatch that the railway inquiry must be postponed until someone else can be found, someone with his grasp of the facts.

QUESTIONS.

Is the city attorney's office interested at all in seeing that justice is done the young woman alleged to have had a criminal operation performed upon her, made necessary by some man as yet unnamed? Ordinarily, would not such cases be handled by the city attorney's office?

Keep Level, Friends

It is well for Americans to keep eternally vigilant for insidious enemies in our midst, but it is not well to pass about indiscriminately unconfirmed gossip; it is not well to make serious accusations unless you are sure of your grounds; and it is not well to lose time fighting about unessential when there are so many essentials which need attention.

The Denman Goethals controversy on the Emergency Fleet Corporation probably cost the country ten million dollars. Its indirect cost was much greater. The building of our war fleet was set back four months, credible witnesses have said; and an atmosphere of friction was created in the American national administration which is not yet cleared away.

There are some quarrels not worth making, even if both sides feel themselves right. One great essential in our national life and our community life now is unity. Germany must have rejoiced at the Denman-Goethals row. Germany will rejoice any time it appears that loyal Americans, under a mistaken sense of duty, are fighting with each other when they ought to be standing side by side accounting for Germans.

We've got to go through a lot of this war, and we've got to keep level in our community relationships. Give the other fellow—provided you're sure he is a loyal American or a loyal Ally—credit for possessing patriotism also. See if you can't work out your little misunderstandings and frictions together, instead of flying off the handle and calling each other names.

Pull together—give your community team-mate credit for wanting to pull also—and remember that when you don't pull together, you are losing time and energy that ought to be centered against the enemies we really want to hit.

IN HOBOKEN

Here is what happened in Hoboken:

NEW YORK, N. Y., Nov. 19.—Drastic action, believed to have resulted from the proclamation issued by President Wilson today, was taken by federal authorities in Hoboken tonight. Five hundred United States soldiers invaded the entire river front and searched every saloon, boarding house and restaurant. They rounded up 250 persons, who either were Germans or appeared to be Germans. Like a herd the men were marched down to the river front where they were placed on a barge and taken to Ellis Island for internment.

It could happen elsewhere with considerable success.

The action of the College of Hawaii regents puts further action in the Franklin Heuer case squarely up to President Dean. That is the proper angle from which to approach the dropping of this member of the faculty, whose retention is made impossible by the sentiments she cherishes, however, sincere and deep-seated these are. Action in a faculty executive matter through the administration of the college rather than through the regents is the proper course.

Federal secret service men have done a good piece of work in nabbing the German secret agent on the Pacific coast who was working to destroy docks, warehouses and shipping. The fact that his activities have been traced to Ram Chandra and von Bernstorff doesn't make them any more agreeable.

The Y. M. C. A. "huts" in the American camps in France are as popular as they are in the great mainland cantonments. The Y. M. C. A. is doing a splendid work among our soldiers and doing it in a manner that has won it enduring support and reputation throughout the service.

Keep your head cool in this crisis, but don't let the low temperature extend to your feet. As one Honolulan aptly put it this morning, the time has come for every American to show whether he is a man or a mouse—and make his status unmistakable before the public.

Sheriff Rose's request for more money to run his department would receive more attention if his department were better run on the money he is already given.

Now that it has apologized for telling the truth, the German newspaper Vorwaerts is to be allowed to continue, on the assurance it won't make the same mistake again.

The German paper Vorwaerts was suspended because it spoke frankly of the food situation. What if it should have spoken frankly of the kaiser?

In Russia the peace delegates are called "commissaries," probably because they are chiefly on the hunt for food.

Though the Allies must be rather tired of revolutions it is likely the trouble in Bulgaria will not make them angry.

Wonder if the poor old czar expects any of the new Russian governments to ask him for his executive services!

If there were a firm of "Wilhelm und Gott" it's a certainty Wilhelm wouldn't be the silent partner.

"Obey the law—keep your mouth shut" ought to be sufficient notice for any alien enemy.

You may not be in position to lick a Hun, but you can lick a war-saving stamp.

KAISER'S HERALDED PEACE ADDRESS IS NEW CLAIM TO PARTNERSHIP WITH ALMIGHTY

(Associated Press by U. S. Naval Wireless) AMSTERDAM, Netherlands, Dec. 26.—Kaiser Wilhelm's heralded peace announcement came to the world on Christmas Eve in the form of an address to his soldiers near Verdun, an address in which he declares that soldiers must now bring peace "by battering in the doors of those who will not have peace."

The address was made to the second army and featured by the Kaiser's claim that the Creator is the direct and avowed ally of the German people. The Kaiser visited the Verdun front on Friday, according to Berlin reports, addressing the troops there and inspecting their disposition.

Verdun Not in Vain

But for the calm and heroic warriors on this western front the enormous deployment of German armies on the east front and against Italy would have been impossible," he said. "The fighter on this western line has most heroically exposed his body to the blows of the enemy so that his brother on the Isonzo front and on the Dvina might be able to storm forward from victory to victory. The fearful battle that you have fought on these bloody hills of Verdun have not been fought in vain, for the work you have so heroically performed has created new foundations for the conduct of divine aid.

"The feeling may have been frequently with you, If only we had something behind us; If only we had some relief." But that something appeared; that relief came. It came as a direct result of the blows struck in the east where it seems that the storms of war are for the present silenced. God grant that they have been silenced forever! We do not know, however, what is still in store for us, even there.

Iron Fist and Shining Sword

"But you have seen how, during this last of the four years of the war, where God's hand has visibly prevailed, where God has punished treachery and rewarded heroic perseverance.

You have seen this and you may look forward with renewed confidence to the future, whatever it may unfold. "If our enemies do not want peace, then we must bring peace to the world by battering in with the iron fist and the shining sword the doors of those who will not have peace."

Gott a Partner Again

"We have been fully made aware of the events of the German western army, we are throughout the Fatherland, and you are fully aware of the powerful blows that have been delivered by your brothers and comrades in the east, which have been able to bring about a greater decision. On that eastern line and on the Italian front there is not a man, not an officer, not a general, wherever spoken to, who does not frankly admit that the armies on the east have been able to accomplish what they have only because their comrades on the west have stood up

to a man against the powerful enemy before them.

"You have accomplished the most gigantic feat ever accomplished by Germans. It is one without a parallel in all the history of what has been accomplished by the German army. I do not boast when I say that. It is a fact I state, and nothing else.

The admiration you have earned shall be your reward and at the same time your pride, although there is nothing to be surprised at in what you have accomplished. You fought for the Fatherland.

An Avowed Ally Above

"The year 1917, with its great battles, has proved that the German nation has in the Lord of Creation above an unconditional and an avowed ally, on whom we may confidently rely.

Without his aid all that we have done would have been in vain, because I know that each man of you accomplished superhuman deeds and fought with divine aid.

"The feelings may have been frequently with you, If only we had something behind us; If only we had some relief." But that something appeared; that relief came. It came as a direct result of the blows struck in the east where it seems that the storms of war are for the present silenced. God grant that they have been silenced forever! We do not know, however, what is still in store for us, even there.

Iron Fist and Shining Sword

"But you have seen how, during this last of the four years of the war, where God's hand has visibly prevailed, where God has punished treachery and rewarded heroic perseverance.

You have seen this and you may look forward with renewed confidence to the future, whatever it may unfold.

"If our enemies do not want peace, then we must bring peace to the world by battering in with the iron fist and the shining sword the doors of those who will not have peace."

SAFETY FIRST

While this country is at war, boys, Be careful what you say. For you can't tell who you speak to in your travels every day.

There are all kinds of confidential people—

You have seen them every day— So beware of the supposed friends in Honolulu, As they may only use you for their prey.

They may get you full of liquor And show you a good time.

But it may be the kaiser's money they are using To get information at this time.

So if you happen to be stationed Where information you can get Pretend that you are speechless And that you won't regret.

If you are working in an office Where movement of ships can be seen Just let on you were sightless And avoid the Hun submarine.

It has been proven in the courts of Frisco.

There was dirty work done here By some high officials of Honolulu By assistance of the wireless on the Geier.

—J. A. FLYNN, Schofield Barracks, H. T.

Mrs. Talksmith—I hear Miss Hurry-on and young Blushington are engaged. She must have met him half way.

HAS A NEW CLOCK

Palmer P. Woods, secretary to Mayor Joseph J. Fern, has a new pendulum clock in his office. It's not one of those modern clocks that rattle along as if it were saying, "Get there! Get there!" but one of those that move with measured beat and slow.

In the waiting room many men sit each day for hours hoping for an opportunity to see the mayor, and it must be admitted that the clock which Palmer P. Woods has put up in his office is appropriate to the atmosphere. To the waiting, impatient multitude who would see the mayor on many subjects the pendulum clock booms out its maxim of:

"Take your time. Take your time. Take your time."

ATTORNEYS DOUTT SECOND JUDGE ASHFORD'S SON
FILING OF 1917 "WILL"

"Absurd!" declare local attorneys in commenting on reports that the document alleging to be a will executed by the late Queen Liliuokalani, and declared by Circuit Judge Ashford to be a fraud, will, at some future date, be filed in circuit court again for probate.

Attorneys are of the opinion that the document, having once been thrown out, would not be considered by the court for a moment should an attempt be made to have it probated. They base these opinions on the fact that "Rev." Sam Kamakala and J. M. Kealoha, the "witnesses," have testified under oath that they did not sign the document in the queen's presence, but in the presence and at the request of "Princess" Theressa Belliveau.

Fewer Eggs are required with ROYAL BAKING POWDER

In many recipes the number of eggs may be reduced and often left out altogether with excellent results by using an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted. The following recipe is a practical example:

Chocolate Layer Cake

DIRECTIONS—Cream shortening and sugar gradually, beaten egg, one half the milk and mix well. Add the baking powder, the rest of the flour and add flavoring. Bake in greased layer cake tins in moderate oven, 15 to 20 minutes.

The old method called for 3 eggs

CHOCOLATE FILLING AND ICING

2 cups confectioners sugar, 1/2 cup unsweetened chocolate, 1/2 cup boiling water, 1/2 cup squares, 1/2 cup grated orange peel.

To the sugar add boiling water very slowly to make a smooth paste. Add vanilla melted chocolate and orange peel. Spread between layers and on top of cake.

New book of recipes which economize in eggs and other expensive ingredients mailed free. Address Royal Baking Powder Co., 1335 William Street, New York, U. S. A.

SOCIETY

THE COMMUNITY CHRISTMAS TREE

The Community Christmas last Monday evening was a very beautiful demonstration of the Christmas spirit. It was a success from every viewpoint. Artistically it left little to be desired and the assembly was splendid. It almost seemed as if every one in Burlingame was crowded into the executive banding grounds and with the large throng of singers on the bleachers and those standing adding their voices to the chorus it was an inspiring sight. The hope is that it will be an annual affair in Honolulu.

The Outdoor Circle deserves the greatest credit and praise for this undertaking and to Mrs. Archibald Young for making it possible. Honolulu is justly indebted to many others. Miss Winnie's leadership was splendid. It was the work of Mr. and Mrs. Roger Burnham in their arrangement of the tables. Miss Nora Sturgeon was also a tireless worker.

It was a night when class and caste were entirely obliterated, for every class and caste of this cosmopolitan city was assembled to lift voices in song to the King of Peace.

CHRISTMAS IN HAWAII

Christmas in Honolulu yesterday was like a balmy spring day on the mainland. It is rather hard to think of snow and sleet, sleighs and the jingle of sleigh bells in our own delightful country. This year was warmer than for several years past, making the social side one with dining room windows wide open and a pleasant breeze wafted from without. It was a quiet Christmas with little gift-making except for the children and they, as they should, had their day's pleasure. The approach of Santa Claus and his horns and bells sends a thrill of childish pleasure through even the oldest of us and the expectant faces of the little folk, as they stand or sit grouped around Santa Claus, will never cease being a joy to beholders. So let us hope that as long as the world lasts the charming story of Santa Claus will be enacted and bring the joy and happiness it was intended to give.

CHRISTMAS DANCE AT THE COLONIAL

Miss Mary Johnson was hostess at a very charming Christmas dinner dance at the Colonial last evening. A large and very beautiful electrically lighted and prettily ornamented Christmas tree was the center of the decorations, and with dozens of holly and mistletoe wreaths, a real atmosphere of Christmas hovered over all. A quintet club furnished dance music, which was enjoyed until midnight. About 150 guests were in attendance.

SOCIETY AT CHRISTMAS RACES

The races at Kapiolani park yesterday afternoon were quite the society stunt of the week. The gay frocks of the women and a perfect day made the occasion one of enjoyment. Many society folk were noticed in boxes and grandstand.

ARMY GIRLS' PATRIOTIC WORK

Miss Polly Young, the attractive daughter of Col. George S. Young, who enjoyed the greatest popularity during her visit here last summer, is now in charge of the Portland branch of the Navy League, according to letters received here by her friends. Col. Young was transferred from the Presidio here to Portland a few months ago. In the latter city he has been doing recruiting work. Miss Young followed her father north in a few weeks, and almost at once plunged into the Navy League work. Her position as head of the league means hours of strenuous work every day. But Miss Young's taste for work is apparently as enthusiastic as her enjoyment of social pleasures, and she is acquitted herself in Portland in the most creditable manner. Col. and Mrs. Young have lived in Portland for several months on different occasions, and they have a number of close friends in the northern city who are eager to fill Miss Young's spare hours with abundant entertainment.—San Francisco Chronicle, Dec. 9.

Mrs. George Cameron is one of those who did not go through all the preliminary stages, as the de Young girls were educated abroad, and yet in actual contribution to the work of the hospital has few rivals. For several years Mrs. Cameron has managed the Mardi Gras balls, and with the help of the others has made them the artistic and social successes to which every one looks forward.

Mrs. Cameron is helping on the drive for funds, but as she is in mourning for her mother, Mrs. M. H. de Young will take no part in the Mardi Gras festivities. The Camerons have not closed their beautiful Burlingame home, but are spending the winter at the de Young family home in California street. However, they usually spend the week end in the country, and so have not closed their home down the peninsula.—San Francisco News Letter.

The Social Side of Hygiene

Society as a rule is generally careful about the state of their health, and they are apt to make good use of remedies known as disease preventives. Germicides and antiseptics are included in this class of remedies. Care should be exercised in using any which contains poisons, unless prescribed by a physician.

By reason of its absolute safety and its beneficial results physical health is strongly recommended. Tyree's Antiseptic Powder. This preparation appears to occupy a unique position as a toilet and hygiene antiseptic and is being most favorably commented upon by society, both in the States and abroad. The late Dr. John T. Tyree, the author of the original Hospital and microscopist to the Army Medical Museum, in discussing the merits of the preparation said: "From the above and other experiments that have been made it is evident that Tyree's Antiseptic Powder is a valuable and useful compound, and that its efficiency must be due to its peculiar mode of manufacture and its well-balanced chemical adjustment as well as the exceptional purity of its ingredients." The price per box is forty-five cents and one dollar by the manufacturer, J. S. Tyree, Chemist, Inc., Washington, D. C.

BURLINGAME BUSY

Many of the younger matrons in the Burlingame set have, through years of charitable endeavor acquired a business knowledge which would give them no mean distinction in the actual world of business. Some of these have since they were young children been trained to make the hospital for children their first interest, and they naturally put their finest endeavor into any undertaking connected with the hospital. Mrs. Latham McMullin, Mrs. Fred McNear, Mrs. Gus Hopkins, Mrs. Will Taylor and others in that group cannot remember the time when the hospital did not make a claim on their interest—from the days when their surplus toys were shared with the little sufferers out there, through the time when they put in their first awkward little girl stitches in bed jackets for the tiny tots out there, to the time when they joined auxiliaries and finally came on the board of managers, they have worked for the hospital.

TEA FOR BRIDE-ELECT

Miss Corona Ghirardelli, who is to be married to Capt. Elijah Worsham before long, was the guest of honor at a tea which Miss Inez Marion gave on Tuesday afternoon. Miss Ghirardelli has been at Tacoma with her parents, Mr. and Mrs. D. Ghirardelli, visiting her fiance. He is to be here for the holidays if the much expected leave of absence is granted.

The tea was particularly pretty and most enjoyable, with a number of other engaged girls there to be congratulated—and this always adds a certain sparkle to a tea. The rooms were done in sunset yellows, with several varieties of chrysanthemums adorning the table.

RETURNS TO SERVICE

Following several years on the retired list of the medical corps, U. S. A., Major Henry Kiersted has returned to active duty. In consequence he and Mrs. Kiersted have given up their residence at Burlingame for this winter and will pass the next few months in town. They have taken apartments at the Fairmont hotel, where Mrs. Kiersted's parents, Mr. and Mrs. Peter McG. McBean, also reside. For several years past Major and Mrs. Kiersted have lived during the winter, as in the summer time, at Burlingame, where they have an exceptionally attractive home.—San Francisco Chronicle, Dec. 9.

KETCHESON-DAYTON WEDDING

Miss Iwana Kathleen Dayton, daughter of the late Judge and Mrs. David Dayton, and Mr. John H. Ketcheson were married Tuesday evening at Kawaiahae church. The ceremony was performed by the Rev. Henry H. Parker and the witnesses were Mr. and Mrs. Ernest E. Lyman. Only relatives and intimate friends were present. Mr. Ketcheson is a train dispatcher for the Oahu Railway & Land Company. After a short visit to the country, the young couple will make their home in this city.

The bride is well known in the islands and has many friends here.

MR. AND MRS. F. J. LOWREY'S SWIPER

Mr. and Mrs. Frederick J. Lowrey are entertaining at a very informal supper party this coming Saturday evening in compliment to several enlisted men who are shortly to leave Honolulu.

ENGAGEMENT IS ANNOUNCED

Mrs. W. A. Fraser of Detroit, Michigan, announces the engagement of her daughter, Beatrice, to Captain Lester Baker, U. S. A., Hawaiian department. The wedding will take place in the near future.

AN ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. A. G. Curtis of San Francisco announce the engagement of their daughter, Edna H., to Mr. Shepperd Orman Hall.

HELP TO SAVE NATION'S FOOD SUPPLY

In this time of high cost of living, everybody should use all possible means to prevent waste and to help save food. No one means can be more effective than a vigorous campaign to exterminate rats which destroy over two hundred million dollars worth of foodstuffs annually. Keep garbage in rat-proof cans, stop up their holes, and above all exterminate them with Steam's Paste, which can be bought for thirty-five cents at any store. A two ounce box will usually rid a house or barn of every rat. It destroys mice, cockroaches and waterbugs as well.

ACTIVITIES OF WOMEN

Women of wealth in France who have been used to having many servants, now manage to get along with one.

Girls are being trained by the Brooklyn Rapid Transit Company as conductors and guards.

Women study side by side with the men in the universities of Italy.

There are thousands of women in England who smoke on an average of 300 cigarettes a week.

Women barbers, hairdressers and manicurists number over 4000 in New York City.

Mary Jay Proves to Be Big Surprise of Christmas Meet

Maui Mare Races Under Wire a Neck Ahead of Florence Roberts in Good Race—Majority of Events Uninteresting—Lack of Entries Causes Races to Fall Down—It Was a Grand Day for Knitting, Conversation—Perfect Day for Holiday Races

In these days of pleasant Christmas greetings and brotherly love extended to all, one might sum up the race meet staged at Kapiolani Park yesterday afternoon and declare it a fair exhibition. Another might note,

When an amateur saxophone player across the way winds up his Christmas carol solo about 12 bells while a throbbing bicuspid dazes Old Mophus to win out, then the owner of said bicuspid isn't going to hoomail over any common, ordinary Christmas event. If one wants to start the New Years resolutions early it would not be far wrong to say that the races yesterday were far below the usual standard.

The Koalau Was There. The old Koalau range was right on the job during the day, and the fleecy clouds hung over Diamond Head in the same sweet way. The track was fast. The colors were well selected, and they had an excellent collection of judges and other officials. But sad to say, one of the principal factors in a horse race is the horse. They didn't have enough.

During most of the afternoon the enthusiasm in the stands consisted of expressions about wonderful Christmas presents which had been received.

While Copra was giving Rosella the laugh one young lady remarked that her annual gift this year came direct from Tiffany's. And when Mary Louise won from Termont a certain spectator said: "The first horse won," and his friend answered: "Quite so, Old Top." The enthusiasm was sadly missing in the races yesterday.

The Cloud Race. The clouds which usually hang like sentinels over Diamond Head and the Koalau range are always good silver linings in a description of a race meet. And the clouds came in hand yesterday. During two races a number of onlookers selected five clouds out of the bunch and had a nice race. One little cloud got going strong in the backstretch and passed the staff on Diamond Head about two lengths to the good. Another won by a nose—that is if clouds have such a thing. No less than five clouds were allowed in each race.

And they tended to their knitting yesterday. Those who came fortified with their knitting bags were content. Between the first and fourth race there were seven different knitting contests in the stands. Mrs. W. Johnson Doe won out in the first race by 23 knits. Mrs. Richard Row took the free-for-all event, winning by less than a wristlet. It was a Red Cross benefit in more ways than one.

There were more than 1000 spectators on hand during the afternoon, including 46 knitters and one young man who was trying to solve Rupert Hughes. A line of automobiles was stationed across the track, and they waited for the horses. It is an arduous task making plum pudding without the plums.

Mary Jay Won. Mary Jay, the charming daughter of Hippodrome, strange to say, saved it from being a hippodrome. Angus McPhee's mare was the real surprise of the meet, and in a driving race carried off the big event of the day when she finished a neck ahead of Florence Roberts. Umpqua was third, close up. Florence and Umpqua were picked to fight it out over the six furlongs, but the Maui mare, who was imported last year from the mainland, rushed into the lead in the stretch and, given a good ride by Benny Rollins, upset the dovesheet for the afternoon. It was the last race of the day and it left a pleasant memory in the minds of a number of the racing enthusiasts.

The horses were off to a good start and Umpqua got away fast, taking the lead and holding it for two furlongs, when Florence Roberts made a bid and passed the Warren horse. There was a grand fight for position in the next two furlongs and the three leading runners looked even at the turn coming into the stretch.

Won by a Neck. Coming around the turn, Mary Jay made a strong bid and raced to the front position and it looked like a real race to the wire. Florence was back about a length coming down the stretch, but Carroll gave her a good ride and brought the Macfarlane mare in a good position. Mary Jay was coming strong and Rollins brought her under the wire a winner by a neck. Florence Roberts took second place away from Umpqua by a length, Opiolo rode Golden Spray under the wife in fourth position.

This was the one feature race of the day. Copra took the lead early from Rosella and won with ease in the four furlong event. And Copra was not raced to the wire, as the time for the distance was 49 1/5. Mary Louise also took the lead in the race, with Termont, and Tyler brought the Lucas entry under the wire in 51 3/4. With the exception of the owners and a few friends there was but little enthusiasm at the finish of these two races. Two horses in a race isn't going to make any big splash, especially when they aren't matched.

Maui Boy Wins. Luke Rogers' Maui Boy captured the harness race of the day, winning the second and third heats. In the first heat Carmalita II won out when Maui Boy broke at the half mile post and finished in the lead by two lengths. In the second heat Carmalita was

again leading at the half, but Carmalita was evidently thinking of the Christmas spirit in the second heat and she allowed Maui Boy to pass her in the stretch, winning by a length or so. And such is Christmas. In the third heat Carmalita passed Maui Boy at the half, and Maui Boy broke but made up the time, gaining in the stretch, winning in the slow time of 2:20.

In the mule race the Duchess of Waialae carried off the honors, winning by a length in 1:40 4/5. Alimana Palahala took the lead early in the race and at the three furlongs was leading, but the Duchess made a great race of it around the turn and Tyler piloted the Isenberg hybrid home to victory in a great race. John Carroll came home before the meet was over riding the Duke of Kuaoa.

Policemen Race. The two races for the patrolmen caused much amusement and one officer, who had a horse much resembling Short Grass, was barred from the race. Officer Kihachi won the premier event of the day, taking the honors from Officer Cramer by a length. In a special race Officer Espinda won from Officer Kanekai, who was mounted on a real race horse.

The cloud races and knitting contests are not entered in the general summary, owing to the fact that the judges have not as yet given out the official winners. It was a great day for all, especially the knitters.

Retired Champion Heavyweight Wrestler of World Succumbs to Uraemic Poisoning

DES MOINES, Iowa, Dec. 16.—Frank A. Gotch, retired champion heavyweight wrestler of the world, died at noon today at his home, Humboldt, Iowa, of uraemic poisoning. He had been in failing health for two years.

Gotch was 41 years old. The record books, detailing the events of his life, give his age as 33 years, but these are inaccurate. He was born on April 27, 1878, on a farm three miles south of Humboldt.

He is survived by his widow, a four-year-old son, Robert Gotch; a brother, Fred Gotch; a sister, Mrs. Charlie Kurth of Humboldt, and his mother, Mrs. Amelia Gotch, also a resident of Humboldt.

Gotch built up a fortune in wrestling and by investing his earnings in Iowa farm lands. His estate is variously estimated at between \$200,000 and \$400,000, all of which represents money made through his ability as a wrestler.

Mrs. Alice K. Macfarlane's b.m., Rosella, (Opunul-Tralala), weight 125, (B. Rollins), second.

George L. Brown's b. Prince of Wales, (Plump-Princess Charming), weight 122, (J. Carroll), third.

Time, 1:40 4/5.

Fourth Race—Four furlongs, three year-olds. Purse, \$200. Mrs. Charles Lucas' s.f. Mary Louise, (Infield-Early Dew), aged, 3, weight 113, (Tyler); won by six lengths.

Mrs. W. F. Dillingham's s.s. Termont, (Montgomery-Terrette), age, 3, weight 118, (Donville), second.

Time, 51 3/4.

Fifth Race—Mounted patrolmen's race; three furlongs, catch weights; patrolmen in uniform. Purse, \$100.

K. Kihachi's b.m., Early Bird, (Milky Man-Night Owl); weight 169, (Kihachi), won by one length.

B. Cramer's br.h. Sore Jaw, (Dentist Candy Girl), weight 177, (Cramer), second.

K. Kihachio's b.m., Badly Bent, (Upset-Christmas Eve), weight 174, (Kihachio), third.

Time, 44 3/4.

Catasup, Toolate Girl, Molasses, Oso-slo and Kean Guard also ran.

Sixth Race—Special race for patrolmen, three furlongs, catch weights; E. Espinda's b.h. Morning After, (Big Bottle-Long Night), weight 182, (Aspinoda), won by a neck.

K. Kihachi's ch.m., Rolling Pin, (Crazy Boy-Wedding Bells), weight 171, second.

L. Lopez's b.h., Osterhoor, (Challenge-Dreary), weight 164; third.

Time, 41 1/5.

Seventh Race—Six furlongs, free for all; weight for age. Purse, \$250.

Angus McPhee's b.m., Mary Jay, (Hippodrome-Catys), aged, weight 122 (Rollins), won by a head.

Mrs. Alice K. Macfarlane's ch.m., Florence Roberts, (General Roberts-Janice Marion), aged, weight 123, (Carroll), second.

L. Warren's ch.h. Umpqua, (Chappaqua-Mercedita), aged, weight 128, (Tyler), third.

Y. Yoshida's b.h. Golden Spray, (Chappaqua-Sofita), aged, weight 128, (Opiolo), fourth.

Time, 1:15 2/5.

THOR'S SKIPPER HERE EN ROUTE TO THE COAST

Declares Vessel "Just Couldn't Weather the Storm." Explanation of Sinking

Capt. Ole Hansen, master of the ill-fated Norwegian steamer Thor, which founded 700 miles north and 40 miles west of Honolulu last month, is aboard a Pacific Mail steamer in port today. He is bound to San Francisco after being carried across the Pacific to Japan by a rescue ship, which saved him and 14 others of the crew 185 miles from the scene of the wreck.

Other members of the wrecked schooner reached Honolulu after two ships in small open lifeboat and have since left for the coast.

It became known this morning that the freight clerk of the Thor, who came to Honolulu with the second boat load of the Thor crew rescued is the son of Captain Nelson of the Ecuador. For some unknown reason he did not let this become known while here, although he took frankly enough about being an American-born citizen and enrolled in the naval reserve.

Second Mate Hansen and K. Wilhame, purser of the lost Norwegian steamer, are also passengers aboard the Pacific Mail liner. Others of the Thor crew who were carried to Yokohama by the Japanese tramp which rescued them have shipped out on other vessels from the Orient.

"She just couldn't weather the storm," is the only explanation Capt. Hansen gives if the wrecking of his steamer.

The Pacific Mail steamer has nearly a hundred cabin passengers in all. A number of these are prominent wealthy Russians seeking peace in the United States. T. Bosse is a rear admiral of the Russian navy and V. Baranovsky, a very rich Russian, who with Mrs. Baranovsky and a number of servants, is en route to the states for an indefinite stay. All of these Russians said they were not familiar enough with the English language to comment upon the chaotic state of affairs in their native country.

C. F. Ross, an American railroad man, with his wife is returning from a trip to the Orient.

Dr. P. W. Van Metre, wife and two children make up a missionary family who have been stationed in Siam.

The Pacific Mail steamer will take the next mail to the mainland and will have accommodations for 13 cabin passengers and 45 in the steerage. She will be booked full on her departure from here, as there is still a big demand by Spanish families for steerage passage. Nearly all the Spaniards leaving now explain to the immigration officials that they want to go to California, where they can buy land.

WELL KNOWN SKIPPER MEETS DEATH IN CHILE

With the arrival here of the bark Olympic it became known that Capt. T. H. Evans, for 10 years a caller at Honolulu, had either been killed by highwaymen or had committed suicide at Antofagasta, Chile. The bark came in command of Captain A. Biederman, formerly the vessel's first mate.

Captain Biederman says Captain Evans told him after he was shot through the head in the latter part of October, that he had been attacked by robbers and that his watch and some money was stolen after he was wounded.

Captain Biederman engaged detectives to investigate the shooting. They reported to him it was their belief Captain Evans had shot himself. Captain Evans' home was in San Francisco, where he leaves a family.

MATSON CO. TO RESUME ITS PASSENGER SERVICE

Passenger service of the Matson Navigation Co., which has been nearly entirely suspended for the past six weeks because of the taking over of the company's steamers for the use of the government, is to be resumed. The next steamer of this line which will take passengers to the coast is the President, now under the direction of the Matson company. As this steamer carries several hundred passengers, she will be able to take out all who want to leave for the coast. Passage can be booked at the Honolulu Matson office and the sailing date of the steamer learned privately, of which the censorship prohibits the publication.

RODRIGUES KICKS GOAL
FROM 48 YARD LINE

(Continued from page 8)

Team took the lead. Town Team 3.
Y. M. C. A. 0.

The Y. M. C. A. kicked off to Clifford Melin who ran the ball back 20 yards. After an exchange of punts, Clifford Melin intercepted Davis' forward pass. He ran four yards around end and Noble added three more. McCombs stopped Noble on the next play. Rodriguez then kicked to Davis on the Y. M. 15 yard line. The half ended with the Town Team having an advantage in all around play.

Davis kicked over the line to open the third quarter. Kauhane carried the ball back 10 yards. A decision went against the Town Team and they were forced to punt behind the line. After one play Davis attempted a forward pass, but Clifford Melin again intercepted it and ran four yards.

The Town Team punted and Rodriguez stopped Davis in six tracks. Harry Melin went in for Mahikoa. Davis attempted another forward pass but Noble caught it and ran four yards. The Town Team lost the ball on a fumble. Robinson went in for Machado. Davis tried for a drop kick from a different angle and missed it by inches. Jones punted to Pammel who ran the ball back seven yards.

The Y. M. C. A. began an attack which carried them down the field. Davis gained six yards. Brunswick added eight more through the line. Pammel gained six yards and after two short gains Brunswick hit the line for eight yards, placing the ball on the four yard line. The quarter ended with the Y. M. C. A. having an advantage in this period.

Two backs brought the ball to the two yard line where Davis went over for a touchdown. On the kickoff the Y. M. C. A. missed the ball, making the score 6 to 3 in favor of the Y. M. C. A.

The Y. M. C. A. kicked off to Noble, who ran 20 yards. After two attempts to gain, Jones kicked to Davis. Davis tried another forward pass but once more Clifford Melin was on the job and intercepted it gaining six yards on the return.

A forward pass from Kauhane to Jones gave the Town Team a gain of 25 yards. On the next pass Davis caught the ball and dashed down the field for 55 yards. Clifford Melin was injured in this play and Mahikoa took his place. After an exchange of punts the Y. M. C. A. took the ball on their 10 yard line.

Brunswick made two gains through the line on the third such he fumbled and the Town Team recovered the ball on the 30 yard line. With only a few seconds left to play Rodriguez stepped back on the side line and his good right toe sent the ball toward the goal. It was a difficult angle 35 yards away, but once more the ball went true, hit the cross bar and as the crowd held its breath, dropped over the goal and the score had been tied. Two seconds after the ball struck the turf over the bar, time was called and one of the best football contests held in Honolulu, ended in a tie.

ADDITIONAL TELEGRAPH NEWS**DANGEROUS HUN PLOTTER ARRESTED IN FRISCO****BOLSHEVIKI WOULD URGE HUN SOCIALISTS TO RISE**

(Associated Press by U. S. Naval Wireless)

(PARIS, France, Dec. 25.—)

With plans worked out for the destruction of government works, docks and shipping in most of the principal ports of the Pacific Coast, France Schlesinger, former worker under von Papen, Naval Attaché von Papen and Ram Chandra now on trial for violation of neutrality, has been caught by the federal secret service men and is now under arrest.

The capture of this man, with an indication of the evidence adduced against him, was announced last night by the federal officials, who stated in Schlesinger they have one of the cleverest and most dangerous German spies and plotters working along the Pacific Coast.

The authorities have been keeping Schlesinger under close surveillance for many months and have traced some of his activities back to the German embassy at Washington and to the office of the German consul general here. Evidence is also in the hands of the authorities to show that he was an intimate friend of Ram Chandra, the Hindu plotter, and working with many of the defendants in the conspiracy case now before Judge Van Fleet.

His latest plan, upon which he has been at work since the declaration of war against Germany, were aimed at the destruction of the shipping at Seattle, at San Pedro and elsewhere on the Pacific.

He is being held pending the issuance of a presidential warrant.

DANGEROUS HUN PLOTTER ARRESTED IN FRISCO

U. S. OFFICERS OPEN HUNT FOR CAPT. GRANZOW

(Associated Press by U. S. Naval Wireless)

(PARIS, France, Dec. 25.—That the German extremists among the Socialists will be urged to rise against the Kaiser and join the Maximilists of Russia in a fight against autocracy, in the event of the German government refusing to accept the peace terms of the Bolsheviks is the hope of Premier Trotzky, as expressed to the French ambassador at Petrograd.

This statement is made in yesterday's despatches of the Havas News Agency. According to the reports received from its Petrograd correspondent, Trotzky called in the French ambassador to explain to him the hopes of the Bolsheviks. The Russian premier explained that he and his associates are working for the principle of a "democratic peace," leaving to the people of the various nations the right to dispose of themselves and the privilege of electing under what form of government and what government they desire to live.

(May Wage Revolution

When asked by the ambassador what he would do in the event that the Kaiser would not agree to such a peace, Trotzky answered that in that event the Maximilists of Germany might be led into waging a revolutionary war for their own freedom.

(PEKING, China, Dec. 25.—Doctor Gilbert Reed, American missionary and founder of the International Institute of China, who has been acting as editor of the China Post, is to be deported and sent to Manila, at the request of the Chinese government. Doctor Reed has been publishing a series of attacks upon American officials in the Far East and is accused of being a propagandist in the interests of Germany. A short time ago he was arrested and confined in jail at Shanghai, being given his liberty when he pledged himself to discontinue his attacks.

(BAKER AND DANIELS SEND XMAS CHEER TO FIGHTERS

(WASHINGTON, D. C., Dec. 27.—Messages of good cheer and with Christmas greetings were sent by Secretary of War Baker and Secretary of Navy Daniels to the soldiers and sailors of the United States who are now in France fighting or preparing to fight the Germans on land and in the other instance on the sea, making commerce more safe and all enlisted in the common cause of preserving democracy to the world.

In the messages sent the secretaries said that they spoke for the government for the people and for the families and friends of the men in the service of their country and to one and all of them were extended Christmas greetings.

AUCTION BULLETIN

CHRISTMAS day falling on Tuesday we shall not be open for that day. The next sale at the Rooms will be on Friday, December 28, at 10 o'clock, when we shall offer officers' effects. Furniture of all kinds, lots of goods for quick realization at bargain prices.

We want you to pick out your grass rugs at once and not growl to the management when they are all gone for not reserving some for you. One thing is quite certain, you can never again in years duplicate these pieces. They are selling in San Francisco at higher figures wholesale, not retail. Therefore if in need of GRASS RUGS and mats make your purchases now and get the low prices current in this place for American Wire Grass Rugs at far lower prices than Rugs made of Rice Straw, at the Rooms 15x36 plain for 40c, figured 50c, as against inferior articles advertised at 75c, and so on up the line in sizes and prices, we are the lowest in town. Honolulu Auction Rooms, J. S. Bailey.

As a result of a suggestion from the American consulate based upon the higher prices for maize from Venezuela, shipments of maize from Venezuela to the United States have been undertaken for the first time on record, and already 80 tons have been sent. If present New York prices hold until the new crop of maize comes in there may be large shipments, as the crop prospects are extraordinarily good.

Dorothy Dix Talks

DISCOVERY OF AN UNKNOWN SPECIES.

BY DOROTHY DIX
The World's Highest Paid Woman Writer.

We have grown so accustomed to the New Woman that she has ceased to be a novelty. We have grown inured to the New Child—Heaven help us—who has to have the best of everything and who monopolizes the conversation, and holds the center of the stage generally. Are we now to have the New Man, and above all the New Husband, with different tastes in women and different ideals of wifely conduct from those cherished by his sex from Adam to Wilson?

It looks that way. More! I, myself, have been privileged to gaze upon and hold speech with two of this new species.

The first New Man was, oddly enough, a successful moving picture producer. Perhaps he was fed up, as our English cousins say, on feminine pulchritude and was satiated with large, lovely eyes that didn't have a ray of intelligence in them, and a weary of little heads and golden or raven black tresses were nothing but solid ivory. Anyway, this is what the man said to me in regard to his demands in a wife:

"I don't care a rap for beauty. When I go to choose a wife I am not going to take second glance at her complexion, or notice the color of her eyes or her hair. Neither do I care whether she is fat or thin. The one thing that I am going to look for in a wife is BRAINS."

"I don't mean canned college brains, either. Any girl with a good memory can grind through college and acquire enough text book knowledge to entitle her to a degree. Why, some of the stupidest women and the biggest boses I have ever met were college graduates; who were entitled to tack half a dozen letters after their names! No, when I speak of a woman having brains I mean a woman who has got native intelligence, a quick wit, a keen comprehension and a mental alertness that makes her keep always in touch with everything that's going on in the world.

"That's the kind of woman who makes a wife of whom a man never grows tired. Conversation in the home of a woman like that never slumps down into a dreary recital of the servants' imperfections, the high cost of butcher's meat and the misdeeds of the children. That kind of a woman can't go down town without seeing a dozen funny little things that make good stories."

"She's always read the last book and has seen the last play, and she can discuss them interestingly with her husband if he has had time to read and see them, too, and if he hasn't, she can tell him all about them so that he won't miss a single one of their good points. Why, I've got a woman friend now that does that for me. She reads the books I can't, and administers their contents to me in sort of predestined literary capsules that are extremely stimulating and strengthening to my mind. Do you suppose any man would ever yawn in the face of a wife who has sense enough to keep him entertained? Well I guess not."

"It's the women who hand out luke warm, dish water conversation as the only refreshments at home who drive their husbands out into the wicked world to try to find some sort of diversion that has a little pep and ginger in it. I've often wondered that women never took a tip from the old tale of Scheherazade, who saved her own life, after all her beauties predecessors had been slain, by keeping her blood-thirsty old guy of a husband so fascinated by her conversation that he hung on her words for a thousand and one nights. Believe me, as a permanent attraction, brains have got beauty lashed to the mast every time.

"Then, too, if I marry a woman with gray matter in her head I shall be sure of domestic happiness, because I will be married to a reasonable creature who will be willing to take matrimony on a give-and-take basis. The only hopeless people in the world are fools. The less brains people have the more full of prejudices they are, the more determined they are to have their own way, the more immovable they are in their point of view. Therefore, when I marry an intelligent woman I shall eliminate the sickening hopelessness of having to deal with a wife who can never get any angle on a subject but her own and who goes into hysterics every time she is crossed."

"As to whether my wife is domestic or not I do not greatly care. There are plenty of good hotels and trained servants to minister to my physical

needs. I shall not marry to get a cool but a companion, and as for all of the old looking-up-to-your-husband stuff and the sacrificing-life business, I'll pass that up, too.

"I've none of the slave owner instincts. I want my wife to feel free and independent, to develop whatever ability she has and to feel that in marrying me she got a pal instead of a boss. Only an intelligent woman can make a good wife, and that's why I'm going to consider the inside instead of the outside of a maiden's head when I get married."

The other New Man is engaged to a girl who has a wonderful voice that she has spent many years and a fortune in cultivating. The man is deeply and sincerely in love with the girl, but instead of urging her to marry him at once and give up all thought of the public career, of which she has dreamed for so many years, he is putting off their marriage until after the girl has tested out her talent and is absolutely sure of her own heart.

"I might tell Marian," he said, "that home making is a woman's predestined career, that in the end the voice of love is more satisfying than the applause of the multitude, and that she had better croon lullabies over her babies than have a theater rise at her. She would believe me and she would willingly marry me now."

"But the reaction would come, and as she went about her domestic duties she would think with bitterness and regret of the career that she had thrown away and the sacrifices she had made for me and she would eat her heart out with unavailing longing for the opportunity that she had let slip. I am not going to let her do this, I want her to go on with her studies.

Old Sol—Beauty Doctor

STYLES THIS YEAR are said to be favoring the sports effects, sweaters, soft hats, rough, plain suits, low-heeled shoes and such. So much the better for our looks—for there

round, means lack of fresh air, and too much social amusement and too many late hours, in rooms with closed windows. Summer, or warmer weather at least, brings a period when windows must be open, when clothing must be light and loose to let the body breathe, when amusements naturally are indulged in out of doors. And the benefit is shown by the fresh faces and light steps that carry us all into the winter gaites.

If you want to be beautiful, live as close to Nature as you can. Live out of doors as much as possible, sleep with open windows, don't be afraid of the sun, except on scorching days. Get all the sun, wind and air you can. They are the best cures for everything in the line of illness that man has fallen heir to. Walk and swim as much as you can, to start the blood running fast through the system. Keep the pores open and active, to let out the wastes of the system. A perfect complexion, brilliant eyes and an elastic step are yours then, and many a so-called beauty of to-day has no more than these three points to base her claims to that title.

Questions and Answers

I do a lot of housework, try as I try to my nails get so stained I can't keep them clean underneath, though I am always using a nail file. Please give me the recipe for a nail bleach.

Reply—Rub vaseline under the nails and let it stay on for a time, then scrub out with a brush. Use the same remains, lemon juice will probably remove it. The are better than prepared bleaches.

My five-year-old son has been in the movies for two years, playing kid parts, and has kept his hair curled with an iron and held it the entire time. It has hurt the hair, however, and I am taking him away to send him to school anyway. Please advise a tonic to restore the thick growth.

Reply—Shave it off close to the head, rub the hair with a liniment. This gives the hair an entirely new start, with the vialine to nourish the growth.

'Y. PLANS SHOW NEW YEAR'S NIGHT

Last year more than 1200 members of the Y. M. C. A. and their friends visited the association building on New Year's Night, which is known as Y. M. C. A. night throughout the world. This year it is expected that a large number will attend the military program which will be given.

In the absence of Frank C. Atherton, who is at present in the Orient, W. G. Hall will receive with Mrs. Hall. The Y. M. C. A. night and the president's reception have always been featured together.

A military skit entitled "Getting the Kaiser's Goat," will be one of the features of the evening. This skit will be given twice during the evening, at 8:15 and 9:15. In addition there will be a moving picture show from 7 o'clock until 10 o'clock. Military films will be featured.

A series of exhibitions showing something of the war work will be given in the Games Hall. Engineering plans, machine gun work and signal corps demonstrations will be given. The Japanese Boy Scouts, under command of R. K. Thomas, will give close and extended order drills. Arrangements are now being made to secure a military band for the evening.

GODMOTHERING OF U. S. TROOPS NOT SANCTIONED

Nature Joins With Artists and Chorus in Making Unique Event Success

"Neither the war department nor the woman's committee of the Council of National Defense is furnishing names of soldiers for godmothering," says Mrs. Philip Moore, chairman of the health and recreation department of the woman's committee. She says that this practise has not been found to be practicable.

"While the war department appreciates deeply the fine spirit in which the women are offering to write to soldiers at the front," says Mrs. Moore, "the experiences of France and England have proven that the plan ultimately works more harm than good. Gen. Siebert has recently issued a statement from France to this effect, showing his marked disapproval of the idea. We receive so many letters asking for the names of soldiers that a statement that we are not endorsing the plan. We have sent out to all our state committees a plan of organized work which is being done under the direction of the commission on training camp activities.

"This commission, I understand, has authorized only two agencies to take charge of such questions concerning camp activities as that of godmothering. These are the subcommittees on protective work for girls of the New York Prohibition and Protective Association, Miss Maud Miner, director and the 'hostess houses' committee, under proper chaperonage for girls, 609 Lexington avenue, New York. Miss Catherine Scott, director. Any information concerning this work may be received from either of these sources."

WIN WAR FIRST, THEN PROHIBITION W.C.T.U. SLOGAN

WASHINGTON.—"Win the war first, then prohibition," is the slogan Women's Christian Temperance Union delegates carried when they left for their homes at the close of their annual convention.

Steps were taken to learn whether the American soldiers in France are being supplied with pure water, and endeavor will be made to prevent them from being given a wine or beer ration. The convention opposed sending of cigarettes and tobacco to the soldiers, but decided to make no protest to the war department, because tobacco is not an official ration.

Intensive campaigns for prohibition in California, Florida, Ohio, Nevada, and New York during 1916 were determined up in an effort to aid ratification of the federal amendment when passed.

The next tableau represented the discovery of the Star in the East by the mountain shepherds and the coming of the three kings of the East who followed the star to the manger, and sorrow and worry turned into laughter, song and good fellowship.

In the center of the upper lanai was shown the tableau representing Mary and Joseph at the manger where lay the new born child. Their rich robes made a beautiful picture as the strong light was thrown full upon them.

The part of Mary was taken by Mrs. J. P. Erdman, and that of Joseph by Charles R. Frazier. The shepherds were Rev. Henry P. Judd, Rev. John Erdman and W. P. Alexander. Young Corfethers, Arthur Wyman and Duke Kahanamoku were the three kings. Roger N. Burnham directed and staged the tableau.

CARTER COLLECTS \$342 ON BOARD VENEZUELA FOR THE RED CROSS

Never idle in the interests of Red Cross, former Governor George R. Carter scored a record on board the Venezuela in the trip from San Francisco to Honolulu when he persuaded every living soul on board from the captain to the cookboy and including the Orientals to become a member of the American Red Cross Society. Monday he turned over the sum of \$342 to the local chapter of the American Red Cross Society.

Subscriptions were turned in for 53 Chinese on board, and when the names were counted, we found one was missing.

The Captain declared he would investigate and then it was discovered that there were only 52 Chinese on board, and that the other Chinese was sick and had remained behind in San Francisco. His countrymen, however, had put up the dollar and declared him in," said the former governor.

Automobile manufacturers are having difficulty in getting enough steel for their needs due to heavy steel ordered by the government.

Practically every race in the Pacific, as well as a dozen other races, were represented in this great kaleidoscopic picture. The Orient rubbed shoulders with the Occident, and nowhere along the surging lines of humanity was there an accident or an unpleasant incident to mar the quiet and success of the occasion. Mounted and foot patrolmen were on hand to keep the crowds in check, yet their services were hardly needed, so orderly were the merrymakers.

The crowds became largest a few moments after the exercises at the Community Christmas tree had closed, and then thousands of people, who had been packed into the palace grounds, surged out into the streets to add their bit to the din and noise. The festivities continued until a late hour, and it was a tired but happy growth that left the streets.
