AFRICAN WAR CLOUD.

England to Oppose French Advances.

New York, May 18.—The Sun's cable special from London says: The Government has been questioned in the House of Commons several times this week respecting the Anglo-French situation in Africa, and the replies have been cautious to the point almost of misstatement. Parliament and the public have been led by this official reticence to assume that everything is going on well, whereas trustworthy news from the spot received in London and Paris shows that the state of affairs is serious, if not actually dangerous.

There are really two areas of disturbance, one in the Niger region and the other north of Uganda on the Upper Nile. The former is within reach of the telegraph, and if the English and French and their native allies should come to blows fighting could be stopped before it assumed dangerous proportions; but orders take a month's time to reach the Upper Nile region and the English might wipe out the French or vice versa, and establish their predominance long before the news could reach Europe.

Nobody whose duty it is to make inquiries at official quarters can fail to be struck with the anxiety which prevails there. Lovers of peace take comfort from the fact that a civilian has just been appointed Governor of Uganda, but the history of British India shows that ambitious, masterful civilians can become very military, indeed, when occasion requires, and in any event there are several young English officers now in Uganda in various capacities. The forces at their command are far from despicable. Emin Pasha's little army of Sudanese soldiers formed a good foundation for English officers to work upon, and native warriors have been enlisted and sedulously drilled. Moreover the British have machine guns and plenty of arms and ammunition generally, all collected, ostensibly, for use against the Arab slave traders, but really for the set purpose of maintaining the British position in the Upper Nile region against all intruders.

When the curtain was last lifted, two French expeditions were moving steadily toward the country for the retention of which those young Uganda officers will fight as long as they have cartridges left, well knowing that is what is expected of them, no matter what their nominal instructions may be. Their guns and well-drilled men would give them an immense advantage over the Frenchmen and they would probably win easily, and their victory would cause such a prodigious pothor in France that the diplomats would require all their skill and patience to keep the two nations from coming to blows. That is the real situation, and that is why the great men of the earth, who recoil with dread from the bare prospect of war between England and France, have their eyes anxiously fixed upon Egypt and Central Africa.

Observations.

Klemme's baby may be President of Hawaii.

We cannot vouch for the truth of the statement that Hitchcock's spies are taking the Viavi cure.

The lepers at Kalaupapa complain loudly of the roads in their district. It is remarkable, at least to the initiated, that the treasury could find money enough to build a \$2000 road to Mr. Meyer's ranch (Bishop & Co's), but has to leave the important roads at the settlement neglected for want of funds.

The Medical Congress has adjourned. It is astonishing to outsiders that there wasn't a single one of the elder prominent Honolulu physicians in attendance. Is there anything the matter between the President "Billy" Smith and the ordinary, common every day doctors? The doctors ought to be ashamed!

No explanation has yet been given to the public in regard to the use of the Pacific Club as a banquetting hall. It has been learned that the "Board of Health" is not a member and the poor chappies who have paid their entrance fees and been elected members want to know how the Board got access to the club.

The Hawaiian Band very nearly got stranded in San Francisco. It was fortunate for the boys that Johnnie Wilson, the son of C. B. Wilson, was around and used his pull and knowledge to float the concern. Johnnie, by the way, will probably accept a position during his vacation on the Joaquin Valley Railroad now to be constructed by Mr. Spreckels and associates.

British and French rivalry for possession of allotments of the earth, with or without the Jones locked wire fence around them, has been transferred in present activity from Egypt—which John Bull has just growlingly said he would not leave for a little while yet—to the rich Uganda premises in Africa. From news given in this issue the British have quietly prepared to resist all encroachments on the domain they have there occupied. Reports of a clash may come any day.

Nothing else was expected than that the native Hawaiian band should capture the music-lovers of San Francisco. It

should do the boys good to go abroad and see some of the world. Notwithstanding the proficiency to which Professor Berger has trained the successors of the natives as the Government band, there must be very few indeed who would not be glad to see the old players back. There is more attraction to the native musicians, for residents as well as visitors, than can attach to any foreign band however proficient.

The Collector-General's report to the Minister of Finance is of course highly interesting. Some liquor dealers are inclined to believe the statistics in regard to the importation of California liquor to be erroneous. The increase announced in the report is received in a sceptical manner. It shows that the merchants don't yet know the methods of the Collector-General. When was it that a certain Honolulu capitalist went into the "vinegar" business, because he learned from the Collector's report, that we had during a year imported 150,000 gallons? The speculator got burnt. The Collector-General had made a "typographical" error. The country only imported 50,000 gallons. But then 100,000 more or less don't play any figure with Mr. J. B. Castle. It did with the reader of his report.

With reference to the reflection upon the Board of Education, in last Saturday's paper, upon the poor schools and salaries given to Messrs. Keliinoi and King, young Hawaiians who received a normal school training for their profession in the United States, Mr. J. F. Scott, secretary of the Board of Education, gave an explanation to the INDEPENDENT yesterday regarding the Board's action. When the young men returned to their native land there were no good vacancies in the schools to be filled. When the small schools in question became vacant just before the Easter vacation, Messrs. Keliinoi and King were given the option of taking charge of them until the next vacation rather than being idle, at the same time being informed that the positions were not to be deemed a criterion of the Board's estimate of their ability or competence. They readily and cheerfully accepted the position.

In his letter of April 30, the Honolulu correspondent of the Chronicle is good enough to assert that the projector of the INDEPENDENT "says his paper will have a negative policy and will criticize the Government at every available point," and "has placed an Englishman and a Dane, both bitter anti-Americans, at its head." Both statements are wholly made out of

the correspondent's wish to have this paper thus represented, and his desire to give a little cheap interest to his letter. Each of the editors of this paper has always upheld American ideas of liberty and popular government, both have large and close family connections living in the United States, and the wife of one of them was born in Connecticut of a mother whose ancestors lived in that State since the colonial period. Between the Americanism that furnished the genesis and the constitution of this Republic and the Americanism of the Declaration of Independence, however, there is a great gulf fixed.

Hawaiian Music in San Francisco.

The Hawaiian National Band gave another delightful concert at Metropolitan Hall last evening, to a fair house, the Chronicle of May 19 says:

The programme was varied ranging from the masterpieces of the greatest composers down to the soft and semi-barbaric songs of the native Hawaiians. While the band renditions were appreciated and liberally applauded, the native hulas and love songs proved to be the features of the evening which were most enjoyed by the audience. After giving four selections from well-known operas, the members of the band laid aside their brass instruments, and, to the accompaniment of guitars and native reeds, sang "Maikai ka Makani o Kohala." It was in the nature of a march and was indeed stirring in its weird tramp. Following this was sung "Eka Wiliwili Wai" with equally charming effect. Then came the famous hula-hula song, "He Mana he Aloha." Each of the vocal selections was heartily received.

The concert concluded with two brass selections composed by Jose T. Liborio, the leader of the band. They were the "Hawaiian National Band" and "Kai-mana Hila." The latter was interspersed with native songs and proved one of the prettiest renditions of the evening.

WILLIE meet me at the hotel billiard room without fail. JOHNNY.

Economy is the watch word. Government and private concerns alike are interested in solving financial questions. The killing of the Income Tax in the United States has been a surprise party to many people, but at the same time it has not been an unpleasant surprise to the majority. We realize of course that the Cleveland administration will now have its hands full and we equally are aware of the difficulties of the republic of Hawaii. If the INDEPENDENT can be believed the government is running behind every day. No government can afford to do without the tax-payers being ready and willing to back it up and on the alert to dig up the necessary wherewiths and wherfors. To meet the times we have exerted ourselves and we have found a "baby" that will beat anything in its line. This "baby" is a sewing machine and it ranks with the smartest "babies" in the world. You can sew anything on it and do it just as well as on a patent-steam-foot-tramping machine. The "Baby" goes by hand and it fills the ticket every time. To meet the hard times we have reduced the price of this infant "sewer" and we sell it at \$5.00 a piece. Five dollars doesn't buy a "baby" every day and hardly a government bond but our sewing machine is there for that small amount.

We can also recommend a whistle to you. It is called the Develine Whistle and a devil of a whistle it is. It sounds like a siren and it makes noise enough to scare away Thomas Square hoodlums or even mounted police horses.

Our Seymour's trimmers are the shears called for by every household. They are sharp cutting and irresistible. Once used never forgotten—especially if used for scalping purposes. In all the articles we have mentioned to-day, we have been dominated by a sense of economy. We know that taxes will go up and for the sake of our customers prices will have to go down. Now Whistle or Trim Sey—more the Bay.

SPORTS.

Race Track Notes.

It is a pleasure to watch the "new" jockeys now "moving" the horses on the track at the Park. The races on the 11th are simply going to be immense. It seems that every horse owner has made up his mind that the "day" has come and that blood will tell. Look at the times given to us by our ever vigilant sporting editor

Fred Mac, (early in the morning), 2:37.

Bert Lee, 2:36 1/2, 2:34 1-5, 2:31.

Little John, 2:47 3-5.

Johnnie Hayward, 2:40 (and then Quinn weakened and put him back into the hack).

2:46 (he is a stayer).

Billy (bay trotter), 2:47.

Daylight, 2:46.

McGinty, 2:49.

How is this for trotters?

Sam Wilder has imported a young mare from Agnew. It is understood that she is a daisy trotter, but her shrewd owner can't be caught sleeping and he convinced the public, or tried to, that she is simply a svelte horse. Tomorrow we shall give her pedigree and time. Fine saddle horse that.

Dute Spencer is a beauty and runs his mile in less than 1:50.

Lord Brock hasn't stretched his legs yet, and Colonel Cornwall is mum and talks jail and politics but not horse.

Amorino is in the pink of condition and has got a California rider. The Mokuleia stable will be up to-morrow.

The Manitoba school question has been virtually settled through the good offices of Lord Aberdeen. The plan is for the Manitoba Government to provide Catholic schools with the same curriculum as the public schools, but with the addition of half an hour's Catholic religious instruction.

DEAR JACK: If you want to see me today you will find me at the Pantheon, taking in the boys antidote for the hot weather. You know, the celebrated Enterprise beer. WILLIE.

Thomas Krouse, proprietor of the Arlington Hotel, was prosecuted for malicious mischief in the shooting of a dog belonging to W. M. Graham, a neighbor. The trial took part of two days in the District Court and resulted in the acquittal of the defendant.

The famous Fredericksburg beer takes the cracker every time. By the "Australia," the largest invoice of this superior beer ever shipped to the islands was received at the Anchor Saloon. Oyster cocktails are a specialty at this place.

Mounted patrol-man Schmidt went out to Moillili yesterday to get a rebel gun the possession of a Portuguese dairy-man. The holder was as reticent as an officer of the Lehua, but the officer was stubborn enough to persist in the object of his detail. He got the gun and ten rounds of ammunition.

Last night a hue and cry was raised in the vicinity of Singer's bakery on King street. A policeman was sent out and found the disturbance was created by a Portuguese thrashing his son for having been a deserter from his home for three days. The officer considered the boy had only got what he deserved and made no arrest. Long head!

Death of E. F. Ward.

Edward Francis Ward died yesterday morning after a long illness. He was a native of Lancashire, England, about sixty years ago, and had been admitted to the practice of law in his native country in 1851. He was an officer of the Royal Lancashire militia for four years prior to his emigration to Australia. In the Colonies he was a member of the bar of Victoria, New South Wales and New Zealand. Mr. Ward was also a member of the California and the Hawaiian bars, although, particularly in late years, he seldom engaged in practice here. His opinion in legal matters, however, was highly valued. He filled the positions of magistrate, judge in bankruptcy and registrar of the Supreme Court in the Colonies.

Mr. Ward lived thirteen years in these islands. He was of quiet and easy manners, and it was a pleasure to converse with him. Mr. Ward leaves a wife, two sons and a daughter. The younger son is L. de L. Ward, an active man in boating and other athletic matters, as well as a bright man of business. The daughter is living at Christchurch, New Zealand. Mr. Ward's funeral will take place from the residence, Nununu street, at 10 o'clock this morning. The Sons of St. George will attend in a body and have charge of the obsequies.

Waldon, Mrs. Waldon, Miss Waldon, Miss Oskinp, Miss Florence Wells, Cincinnati; Louis B. Goff, Philadelphia; Rev. G. T. Draper, wife and three children, Mrs. Dr. G. Draper, Yokohama; Joe. McAuliff, Jas. McAuliff, San Francisco.

Honolulu Sculpture.

Allen Hutchinson's bust of Robert Louis Stevenson was sent to the Royal Academy in London. It arrived too late for the exhibition, but was placed in the New Gallery, which has an equal standing with the Royal. The work received the highest encomiums from the officials who inspected it.

Will Pay Damages.

The San Francisco Chronicle says: It is understood that the Government has decided to pay damages to J. Johnstone, one of the men who was forcibly deported from this country. A claim was made on his behalf by the British Government.

Notices from San Francisco papers on the Hawaiian National band's playing in that city are reprinted in this and other papers. After the engagement at the Metropolitan, Mr. James, steward of the Australia, says, the band had a week's engagement at the Orpheum, after which M. Yor Adolf Sutro was to have the band for two weeks.

Invitations are out for a hop to be given by Co. B. N. G. H., next Tuesday evening. The military will be in uniform, and dancing will begin at 8:45. Lieut. Kenake is conducting the arrangements, and J. W. Chapman, the famous caterer, will provide the layout. The ball promises to be an eclipse.

"Timely Topics" is spicily reading to-day. Only a few articles are mentioned, but the gentle reader knows that this paper would not contain details of all the prime necessities of the house-hold, farm, workshop, or field of sport which are kept by the Hawaiian Hardware Company. Mr. Hendry knows what the people want and get it for them.

The Art Exhibition.

Continuing the report of the Kiloana Art League's exhibition, an ideal bust entitled "May," from the name of the subject, by Allen Hutchinson, sculptor, is worthy of notice. It is a production bright and sweet. This is an artist who mixes brains with his clay.

Miss Bechwith has some little gems in painting, "Baby Blue Eyes" and "Sweet Peas" will attract the esthetic eye.

Mrs. A. B. Tucker gives a nice bit of urban scenery in "Zukui Lane," and of suburban in "Waikiki." This lady has other meretricious works.

Miss A. H. Parke is again to the front with several vivid water colors, in which atmosphere and distance are admirably done. Her "Canoe," "Over the Fields," "Mauna Kea" and "Rice Fields" are worthy the attention of connoisseurs.

Mrs. E. A. Jones is the exhibitor of several water colors, in which good talent as well as technical skill is shown.

Mrs. J. S. McGrew contributes a charming "Flower Piece," and her "Lilies" is very true to nature.

Miss Frederika Nolte's decorative act on earthenware is for the first time placed on exhibition. The artist does her own baking of this work as well as the painting, and the results she attains are an infinite credit to a daughter of Honolulu. Her work would pass a high rating anywhere. This chosen art of hers is the more to be praised for its practical value. Should potteries be established in this place, as is not outside the bounds of probability, here is a young lady who can direct the decorative part of the industry.

"A Poi Lunch," by Miss Grace Robertson, besides being racy of the soil, is a painting that will stand on its intrinsic merits. Other works on exhibition may be left for later attention.

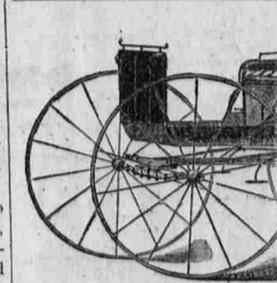

Sequah had the Government band playing for him again last night. There was a crowd of a thousand people present. Sequah treated a native sufferer, who was so glad at the relief from his sores that he delivered a lecture of his own. The holder will speak at the same place—Beretania and Fort streets—this evening, with the usual accessories of first-class music and light.

COURT RECORD.

Nothing was ready for trial before Judge Cooper yesterday.

Judge Whiting began the trial of the damage case of Antone G. Serrao vs. J. G. Serrao, by the foreign jury whose names were given in yesterday's issue. Castle for plaintiff, Neumann for defendant. Defendant had the plaintiff arrested for stealing \$1500. Plaintiff was acquitted on trial and is now trying to recover \$10,000 damages.

The foreign jury calendar will be called by Judge Cooper at 9:30 this morning.

In the case of Kapokeala vs. Iaea and C. Brown, tried before Judge Cooper on Monday, the jury returned a unanimous verdict for the plaintiff for the undivided half of the land sued for.

San Diego and Los Angeles Closely Watched--The Wahlberg Sails Again.

Special Dispatches to the CHRONICLE.

San Diego, May 14 -- Immediately after the arrival of the *Chronicle* yesterday containing the expose of the plans to utilize the schooner Wahlberg in another filibustering cruise to Hawaii, there was a commotion on that craft, and Captain Martin decided upon a shrewd move to remove suspicion.

He gave orders for a lot of empty sacks and provisions and announced that he was preparing for another guano cruise. The sacks were for guano, and with considerable ostentation he took them on and cleared for the southern coast. The schooner sailed this morning with the same crew that has been on other guano trips. Therefore, no move may be expected by the Wahlberg for some weeks, during which Captain Martin will make a little sum from a legitimate business.

It has been learned that the Hawaiian Government is keeping a close watch on filibustering movements and was prepared to nip Captain Martin's scheme in the bud. He went to San Francisco some days ago, returning Saturday, and it is now known that he was watched from the time he left until his return.

Hawaiian Consul Wood, at this port, was asked regarding the matter, and, though cautious, he admitted that the plans disclosed were true, and that a move had been on foot to ship arms through San Diego, as well as San Francisco, in case no suspicion was raised in the latter port. He said that the name of the schooner purchased by the filibusters in San Francisco could not be learned, but the Hawaiian Government was well aware of all the moves.

From hints dropped by Consul Wood, it appears that one scheme of the filibusters is to ship arms to some port south of San Francisco and thence to Caralina, or some other island, to be loaded there at their convenience on small schooners, or even a steamer bound for Hawaii.

From present appearances, no attempt will be made to handle arms direct through San Francisco or San Diego, the filibusters being satisfied that their game is too closely watched.

Los Angeles, May 14. -- Chief of Police Glass has received a letter from Honolulu stating that Los Angeles or vicinity has been selected as the headquarters for the operation of a section of the royalist faction which is seeking to overthrow the Hawaiian republic. The letter reads as follows:

Chief of Police, Los Angeles, Cal. -- DEAR SIR: I have received information that a filibustering party is being formed at or near your city for the purpose of overthrowing this republic. I know that \$150,000 have been subscribed here for that purpose. Please investigate and inform me as soon as possible, that I may be able to give this Government timely warning. There are signs of great activity here among the royalists, and I think we shall soon have trouble. Awaiting an early reply, I am yours truly.

A. D. McEvoy,
Secret Service, Hawaiian Islands.

Chief Glass has investigated the matter and has replied that he finds no sign of the reported filibustering expedition in this vicinity.

President Dole Remembers a Baby Namesake.

Carl Klemme, who now lives at Mission and Erie streets, and who was formerly one of the captains of mounted police at Honolulu under President Sanford B. Dole, has an elegant drinking cup, which was presented to his youngest child, Sanford Klemme by President Dole, who desired to legally adopt the boy, says the San Francisco Examiner, which has a picture of the baby. Captain Klemme's little son

was the first white child born at Honolulu, or on the island of Oahu, after the landing of the Boston's forces and the overthrow of Queen Liliuokalani by reason of the events that followed. The following words are engraved on the cup: "From Sanford B. Dole, President of the H.

I., to Sanford F. E. Klemme, Honolulu, 1894.

President Dole and Mrs. Dole are the child's godfather and godmother. Just before Captain Klemme's departure from Honolulu for this city Mrs. Dole, who is childless, visited the wife of Captain Klemme and tried to persuade that lady to allow her child to be adopted by the President and his wife. The mother's affections, however, proved a barrier to the President's ambition. Though the Doles made promises that they would do everything possible to make the child's future a success the mother refused, and the little namesake of President Dole is now here.
