

LOVE FEAST OF THE REPUBLICANS.

Scenes at the Nomination of McKinley and Roosevelt.

MUCH ENTHUSIASM SHOWN

DELEGATES AND SPECTATORS CARRIED BY THE ELOQUENCE OF FORAKER.

Story of the Final Day in the National Gathering of the Grand Old Party at Philadelphia.

PHILADELPHIA, June 29.—President McKinley was unanimously renominated for President of the United States by the Republican National Convention at 1:43 o'clock to-day, and an hour and ten minutes later Governor Roosevelt of New York was unanimously selected to stand beside him in the coming battle.

There was a fine setting for to-day's spectacular drama. Bright ponies at either end of the stage made two flaming bits of color. Throughout the vast multitude fans moved ceaselessly to and fro like the wings of a crowd of alarmed gulls beating the air.

The great hall became quiet as Senator Lodge, standing before 15,000 eager faces, gavel in hand, announced that nominations for President of the United States were in order. The reading clerk advanced to the front of the platform. He was about to call the roll of States for the presentation of candidates.

Below, about him, on either side were huddled men and women almost frantically waving hats, handkerchiefs and pampas plumes. In full view of the convention he stood erect, his face as inflexible as though chiseled in marble, waiting for the applause to cease.

When quiet was restored he began to speak. It was not yet noon, but the sun was blazing through the roof, shooting darts and arrows into all parts of the hall. With resonant, ringing voice and graceful gesture Foraker stilled the noise.

Life Young, who was with Roosevelt in Cuba, nominated him on behalf of the State which had originally come to Philadelphia for Dellyer. His nomination was seconded by Delegate Secretary Long's State, and Delegate Ashton of Washington, who came here for Bartlett Tripp. Chauncey Depew wound up the oratory on behalf of the State which declared for Woodruff. Depew's speech aroused the loudest enthusiasm when he pictured the dazzling dreams of the country's future.

the head of the Warwick of the Republican party. Ohio interlocked her staff with McKinley's. McKinley vigorously kissed her hand to California and Minnesota saluted Texas. Then higher still climbed Hanna. He mounted a table, where he could look out upon the cheering multitude.

Beside him suddenly appeared a young girl arrayed in the national colors. At this the cheers redoubled. The music of the orchestra was drowned in the awful din. The demonstration had now continued with scarcely a lull for ten minutes. Chairman Lodge began to rap for order, but the ring of his gavel was of no avail.

This protracted outburst was but the forerunner of the manumission that reigned a moment later when Roosevelt, the man of the hour, mounted the platform to second the President's nomination. When the convention caught sight of him it stood there again like a rocket. As he went there facing his face relaxed. That was when he caught sight of his wife, who sat in the reserved seats overhanging the pit on his right.

His stern, square jaw was firmly set as he surveyed the scene. Only once did his face relax. That was when he caught sight of his wife, who sat in the reserved seats overhanging the pit on his right. Then he smiled till his teeth showed, and Mrs. Roosevelt fluttered back her handkerchief. When finally he was allowed to begin he plunged directly to the heart of his subject in the impetuous way which the people so much admire.

A MERCHANT'S INSTRUCTIVE TALK.

Address by F. W. Dohrmann of San Francisco.

MUNICIPAL GOVERNMENT.

CHARTER FIGHT OF THE METROPOLIS OF THE COAST.

The Warm Campaign Waged by the Business Men of the City—Advice to Merchants.

There was a good turnout of representative business men of Honolulu yesterday morning at the Chamber of Commerce to listen to an address by F. W. Dohrmann, president of the Merchants' Association of San Francisco.

Mr. Dohrmann is a pleasing and entertaining speaker. His address largely comprised a recital of the organization and work of the San Francisco association for six years. Mr. Dohrmann described the struggles of the merchants and better class of people of San Francisco for the new charter, and advised the merchants here not to allow the politicians to gain control of the municipal government.

George W. Smith called the meeting to order and introduced Mr. Dohrmann as a gentleman well known in San Francisco and president of the Merchants' Association. He was well posted on the objects and benefits to be derived from a merchants' association and on other subjects that the speaker might desire to discuss.

Mr. Dohrmann said that he was glad to address those present as fellow citizens, not only as fellow American citizens, but as fellow Hawaiian citizens. He had been here only a short time, but he had found so much to admire that he felt that he was a Hawaiian citizen. He had, however, owing to the magnitude of the country and its interests, only a superficial idea of the conditions that obtain here.

He has conducted the nation through a war that has set millions of practically every citizen of the United States to work. He has established the credit of the United States on an unassailable basis among the great powers of the earth.

The Ideal American. Theodore Roosevelt, the Republican candidate for Vice-President, is one of the finest types of American citizenship that this country possesses. He is in the vigor of young manhood, having celebrated his 40th birthday on October 27. He was graduated from Harvard University in 1880, and began the study of law.

REVENUE AGENT THOMAS TROUBLE.

The Difficulty Encountered in Getting Men for the Government Service in Honolulu.

REVENUE AGENT THOMAS TROUBLE.

The Difficulty Encountered in Getting Men for the Government Service in Honolulu.

Revenue Agent Bert Thomas now in Honolulu has written Robert Towne, one of the agents in San Francisco, that it is difficult to obtain men for the government service in this city.

San Francisco has had a municipal government for 50 years. For many years the municipality had been governed by laws passed by the Legislature and the machinations of party machines. Twenty years ago San Francisco had been directly under boss rule.

Hawaii had had, undoubtedly, its drawbacks in the past. It had passed through a period of history which had not a parallel. When the conditions in San Francisco were contrasted with those existing in Hawaii the people here had almost a perfect government.

There was a sentiment here, which he was glad to see, that it was an honor to fill an office. He would ask that this sentiment be preserved. There was too much of a disposition to find fault with our public men. A man in office might be against him. He might wish to be progressive, but there would be no money in the treasury.

Six years ago the Merchants' Association of San Francisco was formed. The Board of Trade and the Chamber of Commerce were in existence at the time. The Board of Trade looked after financial matters and settled bankruptcy cases. The Chamber of Commerce looked after the harbor and harbor improvements and legislation.

Prior to the organization of the Merchants' Association there was no organization to look after municipal affairs and mercantile interests properly. The speaker, prior to the organization of the San Francisco organization, was a member of the Alameda Improvement Association, which had done excellent work in that town, and largely through its efforts had doubled real estate values.

From a small beginning, with a discarded desk and a volunteer secretary, the association now had rooms in the Mills building and employed a paid secretary and a paid superintendent. It had a number of important committees constantly at work, including a committee on public affairs and a committee on publicity and promotion.

JUDGE LITTLE RETURNS HOME.

Work that He Accomplished at Washington.

SINGLE-HANDED FIGHT.

HIS OPINION OF ASSOCIATES ON THE TERRITORY BENCH.

At the National Capital He Worked for American Principles—Rights of the Natives.

Judge Gilbert F. Little returned from Washington yesterday, where he made a six-months' campaign for the recognition of American principles in the act for the governing of the Territory of Hawaii. Single-handed, he fought against many of the salient features of what was known as the Cullom bill.

"I went to Washington," said Judge Little, "not in the interests of Little, Jones, Smith, or Brown, but in the interests of the American people—the American people on these islands. I went for the general welfare of Hawaii. The franchise given to the Hawaiians to-day is the same that the Queen was overthrown for attempting to give her people in 1820. No threat on the part of anyone can disfranchise the natives, and all talk and agitation on the subject is mere twaddle. The native can vote as he pleases and for whom he pleases. It is natural, however, I think that he should vote the Republican ticket, inasmuch as it was a Republican Congress that gave him the franchise. I was glad to see the life tenure in the McCulloch bill wiped out and a four-year term substituted."

Mr. Edging will make a good judge. He is a cultured man, a graduate of the University of South Carolina and a classmate of one of the members of the Territorial Committee of the House. Mr. Stillman is a young man of good character and good mind. "Clinton A. Galbraith was a partner of mine about a year ago. He is my personal friend, and I was glad to see him get the appointment. He is an able man; a college man; about 40 years of age and thoroughly read in the law. He possesses an analytical mind and is a good reasoner.

The moral support given the Hawaiian bill by the President materially assisted in making it an act. The President urged the passage of the bill on account of the plague. His re-nomination and the selection of Roosevelt will sweep the country. The President is easily approachable, and he makes many friends. He is a business man, as well as a statesman.

"The people of these islands should commence a system of internal improvement. If we pull in every direction very little can be accomplished. By uniting our forces and all work for the interests of Hawaii we can accomplish much. Congress will materially assist us by making liberal appropriations for the improvement of our harbors and the erection of Federal buildings.

Prospects for statehood look very bright. "The council meeting convened at the usual hour yesterday morning. There were present Governor Dole, Secretary Cooper, Attorney-General E. P. Dole, Treasurer T. F. Lansing, Superintendent of Public Works J. A. McCandless, Superintendents of Public Instruction A. T. Atkinson and the Governor's secretary, Mr. Hawes. Mr. Lansing read a report on the condition of the loan and current fund and the state of the Territorial treasury.

THE COMING CELEBRATION.

ANOTHER MEETING OF THE GENERAL COMMITTEE.

THE LITERARY EXERCISES AND PROGRAM OF SPORTS—APPROPRIATION FOR THE COMMITTEES.

The Literary Exercises and Program of Sports—Appropriation for the Committees.

"As a yachtsman, I want to disclaim the correspondence going on in some of the local papers that there should be money prizes for the races on the Fourth. There might be some fishing boats desirous of competing for money prizes. But yachtsmen love racing too well to make any financial gain by the transaction."

The meeting was called to order by Chairman George W. Smith. Mr. Smith said that it was for the purpose of hearing reports of sub-committees and the estimate of expenses. The Committee on Salutes and the Parade Committee reported that no expenses would be incurred. Mr. Farrington of the Literary Committee, said that the Federal officials who were selected to speak would not be here. Judge Humphreys preferred to not make an address. Judge Galbraith and T. McCants Stewart would deliver addresses. The Literary exercises would take place at 11 o'clock. There would be music by the Amateur Orchestra. The committee desired \$125.

Field games at 2 p. m., at Recreation Grounds, in charge of James L. Forbese and Captain S. Johnson—100-yard dash for boys, under 14, \$2; 80 yards dash for girls, under 14, \$2; 80 yards dash for boys, under 12, \$2; 60 yards dash for girls, under 12, \$2; 60 yards dash for boys, under 10, \$2; 50 yards dash for girls, under 10, \$2; greased pig, the pig; boot and shoe race, \$2; potato race, \$2; wheelbarrow race, \$2; greased pole, \$5; 100 yard dash, \$5 and \$2.50; running high jump, \$5 and \$2.50; 120 yard hurdle, \$5 and \$2.50; 150-yard dash, \$5 and \$2.50; running bases, \$5 and \$2.50; throwing baseball, \$3 and \$2; pole vault, \$5 and \$2.50; putting shot, \$3 and \$2. Always option of trophy, instead of cash. Entries for all events to be made to clerk of course on the grounds.

The following appropriations were made: Literary Committee, \$175; Sports, \$300; Decorations, \$200. The committee then adjourned to meet at the call of the chair. The Literary Committee will hold a meeting at 12:30 this afternoon at the Chamber of Commerce.

Mr. McLennan's Arrival. Col. George Macfarlane yesterday morning introduced to the Council meeting W. F. McLennan, who arrived by the China, bringing down the postal savings bank funds. Later in the day Mr. McLennan held an interview with Secretary H. E. Cooper and will have arrangements made at once to begin paying the principal and interest on the postal deposits as provided by the Territorial Act.

Marshal Ray Arrives. United States Marshal D. A. Ray accompanied by his daughter arrived on the China. Marshal Ray says there will be a large number of passengers on Hawaii, Maui and Kauai. The Maui deputy will act for Molokai.

The Judge's Chambers. At the Court House Chief Justice Frear will occupy the chambers used by the late Chief Justice. First Associate Justice Perry will have Judge Frear's present chambers and Justice Galbraith will occupy former Justice Whiting's chambers. First Circuit Judge Humphreys will take Judge Perry's chambers. Acting Judge Stanley will retain his present chambers. The Kinau's Trip. The Kinau from Hilo and Maui ports arrived last evening and was alongside the wharf at 11 o'clock. She brought a large number of passengers, but little freight. Rough weather was encountered at Lahaina and it was very choppy crossing the channel. The Kinau made a very quick round trip having left here Tuesday at 12 o'clock, making the trip in three days eleven hours. She did not skip any of her regular ports on the voyage. She will begin loading to-day to be ready to sail on Monday.

CHINA DEPIES THE WORLD.

HER TROOPS OPPOSE ADVANCE OF THE ALLIED FORCES.

Serious Fighting at the Taku Forts—Germany Urges that Disembarkment Begin.

LONDON, June 29, 2 A. M.—The Russian relieving force arrived outside Peking this morning, says the Shanghai correspondent of the Daily Express, and immediately began to attack the city on two sides, employing numerous artillery.

The force apparently arrived in the nick of time, for the Chinese assert that the attack upon the legations had been successfully renewed. On the night of June 16 the Chinese troops under Generals Tung Fah Siang and Tung Ching attacked the legations and set on fire five European buildings. Nothing definite is known as to the result.

The wires connecting with the harbor were cut by the boats of the warships the night before the bombardment. It is now reported at Shanghai that it was on board the Russian cruiser Korietz, and not the Manchur, that the explosion occurred, killing and wounding more than fifty. It is reported that no fewer than 700 Chinese were killed in the forts.

CHINESE TROOPS FIRE ON FOREIGN FORCES.

LONDON, June 19, 2:30 a. m.—China declared war against the world when the Taku forts opened fire upon the international fleet. The accounts of what took place are still unsatisfactory, the best semi-official information being the dispatch received at Berlin from Chefoo, as follows:

Berlin, June 15.—The German Consul at Chefoo telegraphs that a Japanese torpedo boat from Taku has brought the following:

"The Chinese laid torpedoes in the Taku river and collected troops from Shan Hei Kwan. The foreign commanders assembled on the Russian flagship and addressed an ultimatum to the commanders of the Taku forts, summoning them to withdraw their troops before 2 o'clock, June 17th. At 1 a. m., June 17th, the guns of the forts opened fire, to which the Russian, British, French and Japanese warships replied. The bombardment lasted seven hours. Two British ships in the river between the forts are reported to

have been sunk. The telegraph line and railroad between Tien Tsin and Taku was destroyed. Communication by water is also threatened."

The dispatch added that the foreign settlement at Tien Tsin was fired into by the Chinese. When the dispatch left nothing had been heard from the German detachment sent to Peking or from the German Legation there.

The consular narratives coming by way of Shanghai vary and bear evidence of supplementing the main facts with guesswork. One dispatch says the gunboat Yorktown participated in the bombardment. Another asserts that American marines formed part of the storming force of 2000. A press despatch from Chefoo, dated yesterday afternoon, says:

"The forts on both sides of Taku are now occupied. The Chinese opened fire unexpectedly. The casualties to the mixed forces were as follows:

"Killed—British 1, German 2, Russian 1 and French 1.
"Wounded—British 4, German 7, Russian 45, French 1.

"Chinese torpedo boats were seized."
The Shanghai correspondent of the Daily Mail, telegraphing yesterday, says:

"The forts began firing in obedience to orders from Peking, conveyed in the personal edict of the Empress Dowager, by advice of Kang Yi, president of the Ministry of War. Several war ships were struck by shells from the 12-inch guns of the forts. The heavy Russian losses were due to the blowing up of the magazines of Mandshur.

"Four hundred Chinese are reported killed. The Chinese, when retreating, fell into the hands of the Russian land forces."

More Russians have been ordered from Port Arthur to Taku. This reinforcement, says the St. Petersburg correspondent of the Daily Telegraph, is announced in the St. Petersburg Gazette, the Government pointing out that Russia is sending so many troops solely for the sake of peace and humanity.

Chinese Government Responsible.

Berlin, June 20.—"The responsibility of the Chinese Government for recent events," said a high official of the Foreign Office, "is now clearly proved. It has been ascertained that 10,000 Chinese troops who deserted to the Bovers did so under direct orders from the Chinese Government. Promotion to the highest positions of notorious anti-European officials also points in the same direction. This is a war of

China against all foreigners, including Germany, and the point now is to go ahead vigorously, quickly and resolutely, no matter what the final outcome may be."

An inspired article in today's Kreuz Zeitung says: "Prompt and effective measures must be taken, even if a volunteer corps from the regular army is sent out, as the present German forces are insufficient."

Bombardment Continues.

CHEFOO, June 22.—It is officially reported that the bombardment of Tien-Tsin with large guns continues incessantly. The foreign concessions have nearly all been burned, and the American consulate has been razed to the ground. The Russians are occupying the railroad station, but are hard pressed. Reinforcements are urgently needed. The casualties are heavy.

The railroad is open from Tong Tu to Ching Long Chun, half way to Taku.

Merchant Steamers Stopped.

Shanghai, June 20.—The Peking news wired today emanated from the administrator of the Chinese telegraphs. Merchant steamers are not allowed to proceed to Tien Tsin, and vessels on their way there have returned to Chefoo. Correspondence with Tien Tsin is difficult. The Chinese Merchants' Company has ceased sending vessels northward.

Sensational Rumors.

LONDON, June 21.—The soldiers and Boxers are said to be massacring each other in Peking, and the Chinese Manchus are also reported to be engaged in mutual slaughter. Prince Tuan is alleged to have sacked and burned the palace. The Emperor is reported to have been killed, the Dowager Empress is represented as missing, and in some quarters it is believed she has committed suicide. All this purports to have been contained in a letter from Peking, received by a high official Chinese at Shanghai, where it is hoped the desperate struggle between the leaders and the Dowager Empress will prevent the sects combining against the Europeans.

In the Nick of Time.

LONDON, June 20, 3 a. m.—The Russian relieving force arrived outside Peking this morning, says the Shanghai correspondent of the Daily Express, and immediately began to attack the city on two sides, employing numerous artillery. The force apparently arrived in the nick of time, for the Chinese assert that the attack upon the legations had been successfully renewed.

Bombarding Tien Tsin.

Washington, June 21.—Acting Secretary of the Navy Hackett received a cable message this afternoon from Admiral Kempf, dated Chefoo, June 21st, saying Tien Tsin is being bombarded and that much of the American Consulate as well as foreign concessions are being destroyed. A relief party is en route to Tien Tsin, including 150 American marines under Major Walter.

Rebellion Spreading.

LONDON, June 21, 3:30 a. m.—The reports of Admiral Seymour's arrival at Peking and of the safety of the foreign legations, originating from Chinese sources and cabled to this city from Shanghai, are still unverified. However, the Italian Consul at Shanghai has wired to the Italian Foreign Minister, Marquis Visconti Venosti, that the legations are safe.

The rebellion is spreading far and wide. There is an impression in diplomatic circles here and on the Continent that the allies have not grappled with the situation effectively, and that even 50,000 troops would be powerless to do much to control 4,000,000 square miles.

Now in Peking.

Brussels, June 22.—The Petit Bleu states that a telegram was received by an important Brussels firm from China saying that Admiral Seymour's relieving force and the Russian column entered Peking simultaneously. The legations were reported intact and all the Belgian residents are said to be safe.

OLD MONOCACY

SHOT THROUGH BOWS.

LONDON, June 22, 3:30 a. m.—The United States gunboat Monocacy was two miles up the Pei-Ho river when the international fleet began the bombardment of the Taku forts. According to the Shanghai correspondent of the Daily Express, she was shot through the bows. The correspondent says that Chinese riflemen on both banks of the river attacked her but unsuccessfully.

The scantiness of authentic news with reference to the situation continues. Admiral Kempf's dispatch to the United States Navy Department announcing that Tien Tsin is being bombarded was prominently used by the London papers and commented upon as indicating a change for the worse.

The British Admiralty does not believe the report of the death of Admiral Seymour, commander of the international relief column, and semi-official advices are given that there seems to be not the slightest evidence to back up such a report.

Good Effect of Foreign Troops.

LONDON, June 22, 4 a. m.—The Shanghai correspondent of the Times says: "Great destruction was caused by the Boxers in the native quarters of Tien Tsin on June 14th, but the presence of foreign troops in the foreign settlement protected that. The native press asserts that there are bitter dissensions in the Manchuria party."

Reported Massacre of Foreigners.

LONDON, June 22.—Aspenal from Shanghai says it is reported from Japanese sources that 1500 foreigners have been massacred at Tien Tsin.

Oregon Ordered to China.

Chicago, June 18.—A Tribune special from Washington, says: "Proceed at once to Taku with a full complement of sailors and marines."

These were the orders issued today to Captain Wilde of the battleship Oregon. This means that the United States will leave no stone unturned to protect American interests in China. In addition to the Ninth Infantry, other forces will be sent to China if their presence is required.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.

McFARLANE'S GREAT COUP.

SECURES GOVERNMENT DEPOSITS FOR FIRST NATIONAL BANK

Brought Three-Quarters of a Million Dollars Over on the China—Sewall on Top.

(Staff Correspondence of The Republican.)

SAN FRANCISCO, June 22.—Harold M. Sewall was chosen as the national committeeman from Hawaii. Lorin Tharston did not go East. He has been at the Occidental with Mr. Dillingham since his arrival and has no time to talk politics. However, his Republican constitution is so strong that he will be convalescent or fully recovered before the campaign is half over. Sam Parker was on the committee to notify the President of his nomination.

It was a foregone conclusion that Roosevelt would be the nominee for Vice-President. There was some opposition to him it is true, but the West wanted him, a "man with the bark on," and would have no other.

Colonel G. W. Macfarlane leaves on the China to-day for your city with a matter of \$750,000 in gold in his purse. He has secured a charter for the First National Bank into which the First American Bank will be converted. A good stroke of business that, for the First National carries with it the fiscal agency of the Government. Three weeks or more ago your correspondent wrote that this colonel had hurried East on a business trip before visiting the Islands. It was on that trip that he secured the charter. When it was known that Hawaii was to become a Territory of the United States the colonel interviewed the Seligmans with a view to securing the strongest kind of backing for the proposed institution. The Seligmans took kindly to the proposition and negotiations were completed by the time Admission day was fixed. Recently the colonel, in company with P. W. Lillenthal, returned to Washington, and the very day that Hawaii was admitted their charter was issued. The colonel was "George-on-the-spot."

The Democratic delegation is at the Palace, and as the members are known to all the habitués and clubmen, they are having a good time. Prince David has been telling the boys over his champagne glass why he is a Democrat and gives Grover I all the credit for his conversion. The boys are fond of the Prince; he loses like a gentleman, but they are learning to be wary. Somebody over there has been teaching him a few lines in the seductive game of draw poker that he did not know when he was here before.

H. Franks, H. W. Chase, C. J. Ellis, Miss Mabel Laughlin, Miss Ethel Cary Zimmerman, Homer Smith and F. D. Greany are at the Grand.

Mrs. H. L. Achilles, A. R. Bindt, Mr. and Mrs. William Helgeson and children, Mr. and Mrs. Charles Bow, Mrs. G. Richardson, Mrs. G. Kopke, Mrs. B. Kopke, C. Arthur McIntosh, Mr. and Mrs. August Hanebery, Miss Bohlen, Miss Paulding and Miss C. A. Schneider went to the Occidental. Mrs. S. Read, Mrs. LeVany and E. P. Law are at the California.

NATIONAL COMMITTEE MEETS.

Senator Hanna is Unanimously Chosen to be Chairman.

PHILADELPHIA, June 21.—The national committee met in the rooms back of the convention hall immediately after the adjournment of the convention. As soon as the committee assembled Senator Hanna was nominated and re-elected chairman for the next four years. In accepting the nomination he made a short speech, in which he thanked the old members of the committee, who had stood by him in the campaign of 1896, and said that in taking the position for another four years, and especially for the coming campaign, he did so with the distinct understanding that every member of the national committee would stand by him and work loyally for the success of the ticket which had been nominated to-day.

Colonel Dick of Ohio was elected temporary secretary. The chairman was authorized to select from the members of the national committee an executive campaign committee, and the committee then adjourned subject to the call of the chairman.

Chairman Hanna left soon afterward for Mr. Gladstone's Riverford home. He will leave for Cleveland in a few days. He said he would take his time in making selections for the executive committee. The headquarters of the national committee will be established at Chicago and New York in the campaign of 1898. Mr. Hanna said that his personal headquarters would be wherever he deemed it most expedient for the success of the party.

Chairman Hanna to-night announced the names of the five members of the new executive committee of the national committee, as follows: Henry C. Payne of Wisconsin, Joseph Manly of Maine, N. B. Scott of West Virginia, Harry D. New of Indiana and George L. Shoup of Idaho.

It is expected that the committee to inform President McKinley of his nomination will perform its duty at Canton, Ohio, on July 12.

FUNERAL OF MRS. GLADSTONE.

Widow of the Great Commoner Buried Beside Her Husband.

LONDON, June 10.—Mrs. Gladstone, widow of the great English statesman, was buried by the side of her husband in Westminster, Abbey this afternoon. The service, which was impressive, closely resembled that of her husband. While it was attempted to keep the services as private as possible, some hundreds of friends attended. The Queen and Prince of Wales were represented.

It Saved His Baby.

"My baby was terribly sick with the diarrhoea, we were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Doak, of Williams, Or. "I am happy to say it gave immediate relief and a complete cure." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.

BOARDMAN'S SAD STORY IN COURT.

The Plague Recalled by Suit Against Fireman's Fund Insurance Company.

A sad story of the plague times was recalled yesterday in the suit brought by George E. Boardman against the Fireman's Fund Insurance Company to recover \$7,000 insurance on property destroyed by order of the Board of Health. The property was bounded by Lunalilo, Kapiolani and Kaimuki streets. The premises were totally destroyed by fire while legally occupied by the plaintiff. On January 16th, the wife of the plaintiff died of lobotic plague a day prior to the detection of the plaintiff in quarantine. He remained in quarantine until January 31st, during which time the premises were destroyed. Subsequently, owing to all these afflictions, he suffered aberration of mind, but notified the company of his loss.

Plaintiff paid \$400 for a three years insurance policy, and contends that the policy was invalidated by the burning of his premises by the Board of Health. S. F. Chillingworth and Humphreys and Andrews for the plaintiff.

Victoria Hospital for Incurables.

To the Editor of The Republican: Sir—Permit me, through your columns, to make known to the public the need of funds to meet the present running expenses of the Victoria Hospital for Incurables.

There is danger of this need being overlooked in consequence of the large sum being subscribed to carry out Mr. Young's laudable scheme for building and endowing a permanent hospital for the same purpose.

It must be borne in mind that these magnificent contributions that have been mentioned in the papers are given for what is still in the future. It is not likely that the permanent hospital can be completed, according to Mr. Young's proposal, for some months to come.

Meanwhile, the present hospital which is supplying an acknowledged need of the community has to be carried on in its temporary quarters in Kukuako.

And this requires funds. The experience of three months has shown that to keep the hospital going on a sound, economical basis requires from \$750 to \$800 a month. The Council of State has voted \$5,000 for the running expenses for the biennial period, which is rather more than one-fourth of the whole sum that will be required. Towards this the larger contributions that have been received by the treasurer up to the present time are: S. M. Damon, Esq., \$1,000; Mr. and Mrs. Louison, \$500; per Bishop of Honolulu, \$175; Miss Sinclair Robinson, \$50; Miss Jane S. Gay, \$50; Mrs. E. Gay, \$50; Catholic Benevolent Society, \$100; Mrs. James Campbell, \$100; British Benevolent Society, \$534.10.

The directors, having been appointed at a representative meeting of the citizens of Honolulu, now appeal for the means to carry on the work entrusted to them, the importance of which cannot be overrated.

Anyone visiting the hospital now, who knew the condition of the building when it was first taken for its present purpose, will see at a glance that the management is deserving of the highest praise for what has been accomplished. Accommodation is afforded for 35 patients. The total number admitted since the hospital was opened is 110. The highest number of in patients at one time has been 29. For the last two months the number has been from 20 to 23.

Of the 23 present inmates, 2 are American, 3 British, 1 Swede, 1 Hawaiian, 3 Portuguese, 2 Chinese and 5 Japanese. Eighteen of these are incurable, the remainder being destitute sick suffering from curable diseases.

The distress and danger that would be caused, if, by closing of the institution these sick persons should be turned adrift, would be nothing short of a public calamity. The thought of such a possibility should bring home to all who read this appeal that the time has come for liberal contributions to be made to meet the vote of the Council of State and so relieve the directors' anxiety on the score of funds for the present biennial period.

The payment of the June bills will almost exhaust the treasury, and if funds do not flow in during July the directors will be in a serious dilemma.

Whilst hoping that the wealthy will contribute liberally, let me remind your readers that one of the by-laws adopted at the inaugural meeting provided that all persons subscribing \$10 a year should be members of the hospital association.

Our treasurer, Mr. S. G. Damon, is always ready to receive subscriptions and donations during banking hours at Bishop & Co.'s Bank.

ALFRED WILLIS, President Board of Directors. Honolulu, June 28, 1906.

Messrs Clark and Reed expect to go into business in Hawaii and will bring considerable capital here from California for investment. Mr. Clark served two terms as Mayor of the city of Stockton and was five years a member of the State Railroad commission of California. Both gentlemen are good republican works and will add strength to the party here.

Question of License.

There was a good deal of discussion on the front yesterday regarding the remitting of pilot fees of vessels running between here and American Pacific Coast ports. The department of Public Works has classified the vessels as in the coasting trade and it is thought that as the coasting vessels here are compelled to take out a coastwise license the boats going to the Pacific Coast being not compelled to take a pilot and being placed on the same footing as the local coasting boats should pay the local license.

THE IDEAL AMERICAN (Continued from Page 1.)

his Democratic opponent, Judge Augustus Van Wyck, and was elected by a plurality of about 18,000 votes and was only inaugurated at Albany on January 2, 1899, Governor of the State of New York.

In 1885 Governor Roosevelt published a book upon his Western experiences as a ranch owner and hunter. In 1886, the year he ran for Mayor, he wrote the "Life of Thomas H. Benton" in the American Statesmen series. In 1887 he wrote the "Life of Gouverneur Morris." In 1888 he wrote his very popular "Ranch Life and the Hunting Trail," published by the Century Company, New York. In 1889, the year of his appointment as United States Civil Service Commissioner, he published the first two volumes of "The Winning of the West." In 1890 he wrote a history of New York city for Edward A. Freeman's series of "Historic Towns." In 1892 he wrote his "Essays on Practical Politics." In 1893 "The Wilderness Hunter" was published. In 1892 Mr. Roosevelt published his "History of the Naval War of 1812," a work which showed its scholarly author to be admirably equipped for the task of historical delivery, and the task of weighing documentary evidence. This work attracted wide attention. It was this work, probably, that influenced Secretary Long of the Navy Department to tender him the high post of Assistant Secretary of the Navy. Mr. Roosevelt accepted this appointment and entered upon his duties in the summer of 1897. His work here was as vigorous and as meritorious as ever.

Colonel Roosevelt showed his best traits in the Spanish-American war. Months before war was declared he strained every nerve as Assistant Secretary of the Navy, to supply the American fleet with the best equipment possible. To his energy was due the fine supply of ammunition which Dewey had when he sailed for Manila, and part of the success of the American fleet in crushing Cervera was due to the equipment which he had given to the various warships.

When the war broke out Roosevelt resigned as Secretary of the Navy and organized the Rough Riders, a regiment composed of experienced Indian fighters, cowboys and adventurers, mainly from the Western plains. The only requirements were fine physique, ability to ride well and shoot well. There were ten applicants for each place, and one whole company was made up of young New Yorkers of wealthy families, who were much eyed in the newspapers, but who proved their courage and soldierly qualities in the first fight. His men wanted Roosevelt to command them, but he insisted on putting in as colonel Major Leonard Wood, an army surgeon whom he had known intimately in the West and who is now a major-general and the Governor-General of Cuba.

The Rough Riders were given a good position in the army that marched on Santiago, and they first were under fire at Las Guasimas. There they were partly surrounded by Spaniards, but held their ground well, though they lost several officers and a number of men, among whom was young Hamilton Fish.

But it was at the storming of San Juan Hill that the Rough Riders distinguished themselves. Roosevelt led them in the charge up the hill in the

A SUSPICIOUS DEATH.

The Wife of a Hilo Stone Cutter Dies Suddenly—Police at Work.

Mrs. Carter, wife of a stone mason died in Hilo a few hours before the Kinau left under suspicious circumstances. It is thought by the police that she was murdered or committed suicide.

Poison is thought to have been the means of her sudden death. A few hours before she died she was well and had not complained of feeling badly. Suddenly she complained of terrible cramps and fell into convulsions in one of which she died.

She had lately arrived in Hilo from the Coast. Up to the time of the sailing of the Kinau her husband could not be found although a diligent search was made for him.

BOARD OF HEALTH MEETS.

COMMITTEE APPOINTED TO REPORT ON TUBERCULOSIS.

A Federal Order Raising Quarantine Restrictions in San Francisco Without Delay or Disinfection.

There were present at the meeting of the Board of Health yesterday afternoon President Wood, Dr. Cooper and Messrs. George W. Smith, F. J. Lowrey, E. C. Winston and Attorney-General E. P. Dole.

Dr. Carmichael was present and presented a telegram he had received, addressed to Dr. Kinyoun, from Dr. Wynant, stating that quarantine restrictions on vessels leaving San Francisco were removed; and that vessels must not be disinfected or disinfected except for cause other than plague report.

President Wood said the order was broad and expressed the opinion that, if plague existed in San Francisco, no such measures should be taken by the Federal authorities. It now remained for the board to control the threatening situation here.

Dr. Carmichael said the same strict inspection of vessels arriving here would be carried out, just as in the case of the China ship.

Two propositions to sell steam vessels to the board were laid on the table and the resignation of Mr. Zumwalt, as agent of the board, was accepted, and a vote of thanks tendered for his services.

A new regulation governing the sale of fish in Hilo was adopted, and a report on slaughter-houses and swine lairs for Hilo was read and referred to the government physician to report further.

The board ordered the morgue and pesthouse at Kakaako burned and the other buildings sold.

Dr. Wood read a report on tuberculosis by Dr. Day and quoted from a New York report, making running comments thereon; and, upon motion of Dr. Cooper, E. P. Dole, Dr. Cooper and President Wood were appointed a committee to report to the board at the next meeting measures to be adopted to prevent the spread of the disease.

The Attorney-General reported on air spaces a resolution to be substituted for Section 2 of the sanitary regulations. After discussion, it was referred for amendment.

Several other matters of routine business was disposed of and the board adjourned.

The Honolulu Clay Co. is now turning out brick. About 150,000 brick are now in the ovens and one kiln is ready for delivery.

A SUSPICIOUS DEATH.

The Wife of a Hilo Stone Cutter Dies Suddenly—Police at Work.

Mrs. Carter, wife of a stone mason died in Hilo a few hours before the Kinau left under suspicious circumstances. It is thought by the police that she was murdered or committed suicide.

Poison is thought to have been the means of her sudden death. A few hours before she died she was well and had not complained of feeling badly. Suddenly she complained of terrible cramps and fell into convulsions in one of which she died.

She had lately arrived in Hilo from the Coast. Up to the time of the sailing of the Kinau her husband could not be found although a diligent search was made for him.

Boat Accident.

Yesterday while the launch Talula from Maunaloa was trying to land a boat load of Japanese at Lahaina the boat was overturned in the surf and it is reported that several of the Japs were killed. How many could not be ascertained.

Cocoanut Island near Hilo has been turned into a quarantine station in readiness for the arrival of the bark Amy Turner from San Francisco. A rigid quarantine will be enforced unless news of the raising of the quarantine reaches the rainy city before the packet does.

COUNCIL MEETING FRIDAY.

Continued from Page 1.

paid for postoffice keys by customers was discussed and referred to Postmaster Oat for decision and settlement.

There was some further discussion on the question of citizenship. Attorney-General E. P. Dole held there are three classes of officers referred to in Section 80 of the Territorial act. The first class specifically named are presidential appointments. The second class specifically named are appointments by the Governor. The second class includes the more important Territorial offices.

Paragraph four of Section 80 of the Territorial act especially declares that these offices shall be filled only by citizens of the Territory. So far as he knew there was and could be no difference of opinion among lawyers in regard to the necessity of Hawaiian citizenship for those two classes of officers. There was a third class referred to in Section 80 of the act, which he understood some good lawyers, including Mr. W. O. Smith, do not think are included in the provision requiring citizenship.

He, therefore, proposed in view of the great public importance of the matter, and the fact that a technical construction of the law will render many of the senior officers vacant, to ask an opinion of the Attorney-General of the United States upon the question. In the meantime and until the end of the next session of the Hawaiian Legislature, the present officers, upon making the oath required by the Territorial act, will hold over unless their successors are appointed.

The points raised were discussed by the members of the council, and the matter was left with a tacit understanding that the opinion of the Attorney-General was concurred in.

POSTAL BANK DEPOSITORS.

TO RECEIVE THEIR MONEY FROM AMERICAN BANK.

Arrangements With Secretary Gage for that Purpose—About a Bank Charter.

Among the arrivals on the China yesterday were Colonel G. W. Macfarlane and W. F. McLennan, a United States Treasury representative. Colonel Macfarlane brought with him \$25,000 in 25 boxes from the Anglo-Californian Bank of San Francisco. This is the first installment of \$750,000 to pay the depositors of the Hawaiian Postal Savings Bank. The money was advanced by the Seligman's of New York, who will redeem the deposits, having made arrangements to do so with the national government. Depositors, upon receiving certificates from the Postoffice Department, will be paid at the First American Bank. These certificates will be issued in lieu of the books of deposit.

In an interview with a Republican reporter last night, Colonel Macfarlane said that the matter of issuing the certificates had been brought to the attention of the Governor and that he had approved of the plan. The certificates would be signed by the Governor and Secretary of the Territory. Interest on deposits would cease after July 1st.

"The \$4,000,000 in Hawaiian bonds," said the colonel, "will not be redeemed until the next session of Congress. The Seligman's were willing to take the bonds, but owing to the rush in Congress during the last days of the session the amended bill was overlooked. Congress had passed a bill for the purpose, but it was found that it had to be amended to make it operative, consequently, Secretary of the Treasury Gage was not authorized to negotiate with the Seligman's for the redemption of the bonds."

"The First American Bank has practically received a charter to become the First National Bank of Hawaii. As soon as we perfect certain papers we shall call in the shares of the American Bank and issue in lieu of them shares reading the First National Bank. We shall then obtain our charter and become the government depository and the fiscal agents for the government."

"Several other monetary institutions wanted the position, but the Seligman's looked after that," said the colonel, "receiving one of those taking smiles." "Prior to the 14th of June they had perfected their arrangements. Early on the morning of June 14th their representative was at the United States Treasurer's office before it was opened. We got the concession," concluded the colonel gleefully.

The District Judge Morris M. Estee will probably not arrive before the 22nd of next Monday.

OAHU COLLEGIATES DANCE.

Presentation to President Hosmer Delayed by His Illness.

The pupils of Oahu College tendered a farewell entertainment to President H. A. Hosmer last night at the Castle Kindergarten followed by a dance. About fifty were present. Professor Hosmer was unfortunately unable to attend on account of his health.

It was the intention to present him with a set of rare Hawaiian tapas as a parting gift, but the presentation will now be postponed until the meeting of the Oahu College Alumni Association this afternoon, to be held in Panshi Hall.

There are five tapas in the set, one being a very rare red one and the other four being white. They are said not to be Niibu tapas but tapas made in Oahu a long time ago. Each tapu is nearly ten feet square and of so fine a texture that they can be used as table cloths. By holding them up to the light, the marks of the hammers used in mashing the pulp are plainly visible.

Arther Maxson Smith expected to arrive in Honolulu in the early part of September to assume his duties as President of Oahu College.

Leong Chi Tso, the Chinese reformer, arrived in the Kinau last night. He met with great success in his trip and was fortunate in collecting a large sum of money.

A notice to Depositors in Hawaiian Postal Savings Bank appears in this issue per order of secretary H. E. Cooper.
