ALL CRY FOR VENGEANCE.

No Doubt That the Chinese Government Ordered Massacre.

Capt. McCalla's Brilliant Work in Rushing Through a Guard for the American Legation. They Being the First Foreigners to Reach Peking.

NEW YORK, July 17.—A Sun cable from London says: It was not until to-day that the full measure of the wrath of the nations against the barbarous Orientals was realized and understood.

Uncertainty as to future plans implies no disagreement. On this subject I am glad to make an announcement which is so important that it may almost be taken as a guarantee of the peace of the world so far as the relation of the powers over the Eastern question is concerned.

France will uncompromisingly oppose any division of China and even any change in so-called spheres of influence in that country. I say this on the authority of a man who has the knowledge and right to speak for France.

My informant added that France would even oppose the removal of the capital from Peking to the coast, which would mean Nanking, because this would involve the replacing of Manchu rulers by Chinese.

WAR OF TWO CIVILIZATIONS FOR SUPREMACY IN THE WORLD.

NEW YORK, July 16.—A Sun cable from Berlin says: In a leader on the massacre at Peking, the Cologne Gazette today says: A certain Chinese element, if not the Chinese Government or Chinese people, has forced war upon us, and it was shown in the Peking massacre what form this war must take.

MISS WOODWARD'S LAST LETTER TO HER FATHER.

At End of May the Situation Was Growing Alarming—Hoped to Get Away.

CHICAGO, July 17.—Mrs. W. S. Woodward, wife of Morgan S. Woodward of No. 1620 Forest avenue, Evanston, with her daughter, Ione, has been the guest of United States Minister E. H. Conger and Mrs. Conger in Peking since April 4.

"United States Legation, Peking, China, May 28, 1900. We are approaching a serious crisis. The Ministers met yesterday at the Spanish Legation, and, after having consulted together (eleven being present), told the Tsung-li-Yamen that they

came to the Catholic compound from a village where the Boxers had killed by throwing them into fire, sixty men, women and children. The Bishop is half crazed with fear, and the poor French Minister is besieged with questions and prayers for help from thousands of Catholics all over the country.

PRINCE TUAN'S TREATMENT OF FOREIGN SYMPATHIZERS.

WASHINGTON, July 16.—A report has reached official Chinese quarters here of a shocking tragedy in Peking not heretofore shown in any of the reports from China.

According to this Chinese report, 3000 Chinese officials of Peking engaged in the Government service united in a petition to Prince Tuan to spare the foreigners and afford them every protection.

PREPARED FOR DEATH IF THE WORST GAME.

BERLIN, July 16.—The correspondent here of the Associated Press has received private information from London that a private letter was received there from Lady Claude MacDonald, wife of the British Ambassador at Peking, written when the situation was growing threatening, saying that all the ladies of the legation had supplied themselves with poison.

CHINESE EDICT ORDERING MASSACRE OF FOREIGNERS.

NEW YORK, July 16.—A Herald cable from Shanghai says: The Chinese authorities have given out the information, and alarmed at the effect it has produced, are attempting to deny or minimize it.

TROOPS EMBARK AT MANILA FOR CHINA.

NEW YORK, July 15.—A Sun cable from Manila, dated July 15, says: The transports Flinthshire, Indiana and Wyfield start for China today. They will carry the Fourteenth Regiment and a battery of the Fifth Artillery to Taku.

PRESIDENT READY TO ACT IN EMERGENCY.

WASHINGTON, July 18.—Military officials are quite anxious in the belief that more troops will be necessary to carry on an effective campaign in the Philippines and in China and that in order to secure them an extra session of Congress must be called.

ALLIES CAPTURED SIXTY-TWO CANNON.

BERLIN, July 18.—Admiral von Bendemann, commander of the German squadron, in his account of the fighting at Tientsin on July 14, says: "When the citadel was captured sixty-two guns fell into the hands of the allies."

WHITE SOUNDS WARNING OF CRY FOR VENGEANCE.

WASHINGTON, July 15.—While the State Department has not made public these facts, it has received most revolting details of the terrible international tragedy at Peking, and is proceeding to take action accordingly.

SIXTEEN YEARS IN CHINESE WATERS.

A Well Known Engineer Talks About China.

THE CHARACTER OF HER PEOPLE. A COUNTRY WITHOUT RAILROADS, TURNPIKES OR TELEGRAPH LINES.

People Are Fanciful and Believe Theirs the Only True Religion. Subjugation of the Country Impossible.

John Kelly, the well known engineer, spent sixteen years of an eventful life in Chinese waters. He is thoroughly posted on the Chinese character as revealed in the Flowery Kingdom.

"The Chinese in China are treacherous," said he to a Republican reporter last night. "They are cunning and fanatically brave. They hate Europeans. When I was in China, even in Hongkong, Europeans were compelled to travel in good sized parties to escape trouble. This was several years ago."

"The interior of China is unknown to Europeans. It has never been penetrated. The missionaries have gone further back than any others, but you might say that their missions are, or were, practically on the coast."

"In China proper there are no railroads, turnpikes, telegraph lines or horses. There are no means of communication except by runners. These runners travel on a dog-trot, much as you see them here. China is one vast ant-hill of humanity. Such a thing as a census is unknown there. Human beings in China are never counted. Human life is held in light esteem. When I was there ten years ago they claimed China had a population of 400,000,000. The same claim is made today. The women of China are prolific in maternity. It is not an uncommon thing to see sixteen and seventeen children in a family. The mothers seem to think a great deal of their children."

"Like all religious people, the Chinese are fanatical. They think theirs the only true religion. They worship idols, and like other countries, the priests largely mold opinion. But the opinions that they hold today are the

ROW THE AMERICAN GUARDS REACHED LEGATION AT PEKING.

VALLEJO, July 17.—A private letter, dated July 19, received here to-day by the wife of a naval officer from her husband, who is with the Asiatic squadron, says in regard to the heroism of Captain B. H. McCalla, who commanded the first landing party after the outbreak of the Chinese trouble:

"Many words of praise are spoken as to the heroism of Captain B. H. McCalla, who, when he landed, demanded a train to transport his men to Peking, and on being refused, seized a train and ran his men to Peking, and was the first to enter the city and place a guard around the legations. Having accomplished this away ahead of any European power, he returned to Taku for reinforcements. The railroad was destroyed and he was unable to return to Peking, but he is now with Admiral Seymour fighting his way to unfortunate Peking."

This letter also states that the commander of the Chinese fleet, when he was called upon to surrender, did so, in the face of a vastly superior naval force of the allied nations; but upon being taken aboard the German ship he took his life with a revolver after saying that he preferred death to being returned to his countrymen after having surrendered. He declared he would be put to the most horrible torture before being killed by his own countrymen.

pects no diminution of relief is possible. On the contrary, the figures last week were the highest reported, village relief and advances replacing relief work. The condition of the surviving cattle in Western India is deplorable. The health returns from the central provinces are satisfactory. The total number relieved was 8,418,000.

THEY STOPPED IN CHICAGO.

Hawaii's Delegates to Philadelphia Visit Windy City.

CHICAGO, July 14 Judge A. N. Keopoi, Samuel Parker, C. B. Wilson and Harold Sewall, all from the Hawaiian Islands, left this city last night for San Francisco. Two members of the party, Judge Keopoi and Samuel Parker, acted as the representatives of the first Republican Territorial Convention ever held in the islands and were present at the Republican National Convention at Philadelphia as delegates, but with the proviso that if the number allotted to the islands was but two, Judge Keopoi and Samuel Parker should act in that capacity.

COURT PROCEEDINGS.

The Rodrigues Case Occupied the Court's Attention Yesterday.

Lawrence H. Doe temporary administrator of the estate of J. C. Kiorden, has petitioned for allowance of accounts and final discharge. D. K. Nalapaikai has petitioned that he be appointed administrator of the estate of Mele Kamaokaha, who died intestate, leaving property valued at \$1,000.

IN THE CASE OF ABIGAIL KALIEHU VS. LOWELL KUPUN, the plaintiff through her attorney J. T. De Bolt, has joined in the demurrer filed by defendant and says complaint is sufficient in law to maintain action.

The Kapiolani Estate Ltd. has filed a motion that a day be set for hearing its action against Deborah Puohina et al., an agreement case.

Arguments were heard by Judge Humphreys yesterday in the matter of Mannel Rodrigues vs. John F. Colburn, J. Alfred Magoon for plaintiff, Lorrin Andrews for defendant.

GRAND JURY LIST THE CAUSE.

WHAT EX-SPEAKER KAULU-KOU SAYS ON THE SUBJECT.

List Prepared By Him of Intelligent Hawaiians, Men of Property, and Who Speak English Fluently.

The native Hawaiians, as well as the newcomers, feel highly indignant at the manner in which they have been treated by High Sheriff Brown in the selection of grand and petit juries at the August term of court.

CHOLERA IN FAMINE STRICKEN INDIA.

Nearly Twelve Thousand Deaths for the Week Ending July 7th.

LONDON, July 16.—The Governor of Bombay, telegraphing to the Secretary of State for India, says that there were 9928 cases of cholera in the famine districts during the week ending July 7th, of which 6474 were fatal, and that in the native states there were 9526 cases, of which 5891 were fatal.

The total number of deaths on the relief works was 2870 which was 3.9 per 1000. There has been a good rainfall in Surat, Khandesh and the western part of the Deccan, and rain has begun in parts of North Gujarat, where the numbers demanding relief is continuing to increase. The Viceroy of India telegraphs that there were heavier general rains last week in Bihar and the central provinces of Hyderabad. The rainfall was good, and sufficient for present needs in Rajputa. In Central India there were moderate general rains. The sowing of crops has partly commenced. The monsoon was heavy in Surat and there were good falls in Kattywar and Thana. There have been insufficient rains in the Punjab for dry land sowing.

ARIZONA TOWN BURNED.

Business Portion of Prescott Entirely Wiped Out.

PRESCOTT, Ariz., July 15.—A sense of the greatest desolation and feeling of deepest gloom pervades this town to-day. All that remains of the principal business portion of the town is tottering walls and piles of charred and burning debris.

English government of municipalities will not fit in with American methods. It is usually the most vulnerable man who is most opposed to honest criticism.

At this stage of the game in the East it would appear as though China had forced partition on herself.

What chance has a wooden Indian working for a cigar store got for his life against a wild and whooping policeman?

They've had a carnival in Milwaukee, and King Rex ruled for a whole week. King Gambrinus must have been blue with jealousy.

Woolly is the name of the Prohibition candidate for the Presidency. The cruel paragraphs will probably take care of his case.

More common sense and less whiskies is what is needed in American politics. This may account for the decrease in the Populist forces.

Governor Stanley of Kansas has been visiting Milwaukee. Of all the places in the world for the Governor of a prohibition State to select for an outing.

The native fibers of these islands ought to be utilized in the manufacture of sugar and coffee bags. Industrial enterprise is the handmaiden of agriculture.

So our Territorial court is introducing the etiquette of the European capitals into Hawaii. The mainland editors and officeholders will find an inspiration for sport in this.

Under county and municipal organization many Territorial offices can be eliminated by the Legislature, and with diminished duties the salaries of nearly all materially reduced.

County and municipal government will seriously interfere with the Governor's cabinet and the Territorial court, but it will mean government by the people and better service.

The scientists having cold-bloodedly analyzed winking, a cynical newspaper man wants to know "Why do we wink?" Some do so to make known their spiritous yearnings to the drug clerk.

It doesn't seem to occur to the opponents of municipal incorporation that the form of government which Honolulu shall have as a city will depend wholly on what the people will ask from the Legislature.

War in the Orient is now the inevitable, and it will be war to the death. It would seem as though the time had come for the nations to give the Chinese ministers and consuls their passports or hold them as hostages.

A declaration of war against China will not necessarily mean the deportation of the Chinese now within the United States, but such a course would not be a source for regret. Even Hawaii would try to jog along without them.

Lueng Chi-Tso, if he is not really at Hilo and has really gone to China, will find that the allied powers all Chinese look alike—Boxers or Reformers. We fear Chi-Tso will be too late to lead that million countrymen of his to victory and reform.

We note that Jeremiah Abstinence, of Coldwater, Michigan, was a delegate to the Prohibition National Convention. Most appropriate name and location, and fully explains the defeat of that able Pennsylvanian, Colonel Swallow, as a candidate for President.

There are whole volumes of things about municipal corporations that even so old and accomplished a gentleman as Professor W. D. Alexander doesn't seem to know, if the Advertiser quotes him correctly. Under the new Hawaii, Honolulu will no longer be the all-in-all of the islands or the legislative pet. Hilo, Spreckelsville, Wailuku and other towns, villages and settlements will demand their pro rata of the appropriations and of official recognition. County and municipal organization will be demanded, and, in our judgment, will be granted. What has been found necessary in the States and Territories on the mainland will be found necessary here; indeed, the necessity for such distribution of authority is already apparent. Hawaii cannot stand alone. Even the band, without which Honolulu would scarcely be Honolulu, is already endangered. Even the most superficial student of local conditions must see, even now, that

If Honolulu wants to progress she must stand for independent incorporation. To remain under direct Territorial rule will mean retrogression.

Gertrude Atherton, dear, flaming, lurid, passionate Gertrude, pauses in her creation of impossible characters in her novels to remark that "the Republican party is dying of indigestion." Gertrude, your liver is torpid; you look at the world as through a glass darkly. The prosperity which the Republican party has brought the country has given many people indigestion, because it has enabled them to live high, but the grand old party having indigestion—oh, no; it is as solid as ever. Gertrude, you're off; take a political tumble.

The Washington Star, one of the best and most influential evening newspapers in the country, has recently occupied its handsome new building at the corner of Eleventh street and Pennsylvania avenue. It is an imposing, nine-story marble structure, the handsome business house in the nation's capital. The appointments of the new office are perfect for the getting out of a great newspaper. The Republican congratulates Messrs. Crosby, Noyes and S. H. Kauffman on the success which they have achieved.

When did any autocrat of social or official etiquette ever decide that the Governor of a Territory of the United States, or the Governor of a State, either, for that matter, is the superior of a vice-consul of a friendly power? Comte de Potier, the new French Consul, must have smiled a disgusted sort of a smile when he read in a morning paper Thursday the reason the Governor's secretary called upon him, instead of the Governor himself.

AN OUTRAGEOUS ORDER.

San Francisco papers give the information that Dr. Kinyoun, the Federal quarantine officer for the port of San Francisco, has notified Collector Jackson that hereafter vessels from Honolulu and all ports of Alaska will be subject to quarantine inspection, the ground for quarantining vessels from Hawaii being on account of the plague.

If this be correct, and it undoubtedly is, the people of Honolulu and the Territorial officials cannot too quickly protest to the authorities at Washington against such an unjust imposition upon Hawaiian commerce. Dr. Kinyoun, if he knows anything, must know that there is no plague in Hawaii and has not been since last March, more than four months ago. No city in the world ever took such precautions against a contagious disease as Honolulu took against the plague last winter. Not only were the most serious sanitary regulations established and enforced, but the torch was used most unsparsingly, as the burning of over sixty acres of the business district of the city bears testimony.

There were only a few cases of the plague in this city at the worst, being less than ninety deaths in a total population of over 40,000, and of these all but half a dozen were among the Asiatics. All of the old Chinatown was included in the burned district, which was immediately fenced in, and no one was permitted to go onto the land until five months after it had been burned over.

For Dr. Kinyoun to now proclaim quarantine against Honolulu is absurd. It is worse than absurd to the business interests; it is an outrage. This is the same Kinyoun who tried to create a great plague scare in San Francisco a few weeks ago and finally put an embargo upon travel between California and her sister States. His action was so manifestly unjust and uncalled for that the delegates to the Republican National Convention at Philadelphia went to Washington in a body and laid the matter before the President and the Secretary of the Treasury, with the result that Dr. Kinyoun's actions were disavowed, and he was roundly called down by the Superintendent of the Federal quarantine service. Honolulu is a long way off from Washington, but prompt action of the people will result in a revocation of Kinyoun's order by the authorities at Washington.

Under what authority does the present administration of Territorial affairs arrogate to itself legislative authority? Isn't it about time that reference to committees and asking for endorsement of the "Council" by officials be done away with? Have the new officers so soon forgotten the fact that the Governor's pet scheme for a cabinet was turned down by the Hawaiian commission, one member alone submitting a minority report? If Congress had intended there should be a "Cabinet" or "Council," is it not probable the Organic Act would have made provision for it?

There are many people in Honolulu who will rejoice that that popular playhouse, the Orpheum, is to reopen. With good, clean and wholesome amusement at popular prices, the Orpheum will deserve and receive the hearty support of the people. Here's success to you under the new conditions, Manager Cohen.

Out of all the darkness and despair of China will come good for Hawaii in that it will cause the early completion of a cable across the Pacific by the United States.

POWERS ALL HAD ABLE MEN AT PEKING.

WASHINGTON, July 16.—In the massacre of the Foreign Ministers in Peking, the world has lost some of its ablest diplomats.

Representative Hitt, chairman of the House Committee on Foreign Affairs, to-night described Minister Conger as an exceptionally able man—quiet, unostentatious, but determined and forceful. Minister Conger was transferred from Brazil to China, that the President might have in Peking a trained diplomat upon whom he could rely.

The State Department has not a complete list of the persons with Mr. Conger in Peking. His staff comprised Mr. Herbert G. Squires, of New York, secretary of legation; Mr. William E. Bainbridge, second secretary of legation, and Mr. Fleming D. Cheshire, interpreter.

Mrs. Conger, their daughter, Miss Laura Conger, and Mr. Conger's niece, Miss Mary Pierce, were with the Minister, and they had several guests who are still believed to be there, including Mrs. M. S. Woodward and Miss Ione Woodward, of Chicago, her daughter and Miss Cecil E. Payne. In addition to the family of Mr. Conger, there are said to have been eight children in the American Legation, four of whom are believed to be the children of Mr. Squires.

Mr. Conger was born in Knox county, Ill., on March 7, 1843. He was educated at Lombard University, being graduated in the class of 1862. He enlisted in that year as a private in Company I, 102d Illinois Volunteer Infantry, in which he served until the close of the war, attaining the rank of captain and receiving the brevet of major for gallant and meritorious service on the field. He studied law after the war, graduating at the Albany Law School in 1868, was admitted to the Bar and commenced practice at Galesburg, Ill. He removed to Dallas county, Iowa, in 1868, and has since been engaged in farming, stock growing and banking. He was elected Treasurer of Dallas county in 1877 and re-elected in 1879. He was elected State Treasurer of Iowa in 1880 and re-elected in 1882. He was elected to the Forty-ninth and Fiftieth Congresses, and subsequently received appointment as Minister to Brazil, from which post he was transferred to Peking.

The Navy Department has received the following cable despatch from Admiral Kempf:—"CHIEF OF MYERS of the Oregon, commands force at Peking. Captain Hall and Dr. Lippitt, also there."

Captain John T. Myers was born in Germany and was appointed from the State of Georgia, entering the Marine Corps in September, 1867. He is the reputed author of the famous satirical poem, "Hoch der Kaiser," which involved Captain Joseph B. Coghlan in such difficulty. He was attached to the flagship Baltimore, and was afterward assigned to duty with the marines aboard the Oregon.

Captain Newt H. Hall, U. S. M. C., was born in and appointed from Texas. He graduated at the Naval Academy in 1865, with Ensign Worth Bagley and Lieutenant Eric von Sparre, both of whom lost their lives in the war with Spain. He was stationed at the naval station at Cavite, Philippines Islands, before being detailed for duty with the first marine detachment that went into China.

Dr. Thomas M. Lippitt, assistant surgeon, was born in Berryville, Va., in 1873. He was commissioned an assistant surgeon in the navy, June 27, 1888, and served on the hospital ship Solace during the Spanish war. After the war he was attached to the flagship Baltimore on the Asiatic station and has since served on the Oregon and then on the Newark, going to Tokyo with the marine detachment aboard her. Sir Claude McDonald was sent out by Lord Salisbury to Peking early in 1896. He was promoted from a post on the West African coast, where he was sent to establish the Niger Coast Protectorate, a task which he accomplished with great success. He was originally in the British army, which he entered in 1872, in his twentieth year, so that he is now forty-eight years of age. He saw much service in Egypt, and became military attaché at Cairo, receiving thence to Zanzibar as acting agent and Consul General.

M. Stephen Pechon's appointment to Peking, as the representative of France, dated from the end of 1897. He had previously been Minister Plenipotentiary at Port au Prince. Like his British confrere he was not a diplomatist by early training, but previously to embarking on his recent career was a journalist and politician. He was a member of M. Clemenceau's staff on La Justice, and entered public life as a Paris Municipal Deputy. For one of the Paris districts, but lost his seat in 1888. The Baroness von Kettler was Miss Mand Ledyard, daughter of Mr. Henry Henry D. Ledyard, president of the Michigan Central Railroad, and sister of Mr. Lewis Cass Ledyard, commodore of the New York and Cuba Mail. Baron Nishi, the Japanese representative, was formerly a member of the Privy Council, and accepted the post at Peking simply because he felt it his duty to do so, in view of the critical condition of affairs in China. At the Japanese Legation it is said that nearly all the members of the Legation were married and had their wives and families with them.

The Japs Laughed Last.

(From the London Spare Moments.) The presence of the Japanese Crown Prince in Paris has reminded some one of a good story.

It was at the time of the exhibition in 1887. A Japanese embassy went to Paris to treat for three free ports in France, in return for which France was to have three in Japan. The negotiations proved short and amiable. "Make your choice," said Japan; "we will choose afterward." The Minister of Foreign Affairs selected Yokohama, Yeddo and Hankow. The embassy made no objection; they simply smiled and went on their way. Some time afterward Japan sent word that the three ports mentioned were agreed to, and in return Japan desired Havre, Marseilles and Southampton.

This last named gave the French officials fits. They never laughed so much before, and certainly never since. Southampton a French port. No, it was too good. Greatly but unmistakably, they explained the situation. "Why, Southampton is in England," they replied. "We know that," said the cool response; "but, then, Han-Yang is in Korea." Whereupon the French officials collapsed.

Sixty of Them in Peking When Last Heard From.

TWELVE CHILDREN IN THE LOT. MORE WOMEN THAN MEN WERE IN THE FIELD.

THREE. All Those Stationed at Pao-Ting-Fu Also Believed to Have Perished—Full List of the Names.

NEW YORK, July 17.—Sixty American missionaries, twenty-four men and thirty-six women, with upward of twelve children, are believed to have been in Peking on June 25 last, and it may safely be assumed that the missionaries of other nations combined exceed that total.

PREBYTERIANS. The Rev. John Wherry, born in Shippenburg, Pa., in 1837, has been in China since 1864. He has three sons in this country, one of whom, Mr. John F. Wherry, lives in Newark, N. J.

The Rev. C. H. Penn, 34 years old, of Clyde, N. Y., has been in China since 1891, with Mrs. Penn, who was Miss Alice H. May of Bath, N. Y., and two children, now six and four years old.

The Rev. Charles A. Killie of Marshall, Ill., who has been in China since 1888, is accompanied by his wife. His mother, Mrs. Mary A. Hippard, lives in Marshall, Ill. Mrs. Killie, who was Miss Louise Scott of Georgetown, Ill., has been in China ten years longer than her husband.

Dr. and Mrs. John M. Inglis have both been in China for many years. Miss Eliza E. Leonard, M. D., was born in Kossuth, Iowa, in 1866. She has been in China for five years. Mr. W. P. Leonard of Tacoma, Wash., is her brother.

Miss Grace Newton of South Orange, N. J., joined the missionaries in Peking in May, 1887. She formerly lived with her sister, Mrs. Edward D. Shepard, in South Orange. She is 40 years old.

Miss Bessie McCoy was born in Peking, China. She is the daughter of a former missionary there, the Rev. G. C. McCoy. After receiving an education in this country she returned to China in 1896.

Miss Jennie McKillican has been in China since 1888. She is a sister of Mr. Finlay McKillican of Vankleek Hill, Ontario, Canada, where she was born.

The Rev. Dr. W. A. P. Martin, president of the Imperial University of China, was born on April 10, 1827, in Livonia, Ind. He went to China in 1850 and became president of the Tong Wen College in 1868. When the Imperial University of China was established he was appointed its president. He is a mandarin of the second class. Besides doing missionary work, he has written several volumes on Chinese subjects.

CONGREGATIONAL. The Rev. Dr. Chauncey Goodrich, who went to China in 1865, formerly lived in Hinsdale, Mass. He was in charge of the theological department of the North China College of Tung Cho, which was recently destroyed by the Boxers. He is accompanied by his wife, Mrs. Sarah B. Goodrich, who joined him in 1879.

SUPPOSED VICTIM OF CHINESE. Local Attorney Fears for the Fate of a Sister.

SAN FRANCISCO, July 19.—Mrs. E. D. Baile of this city is supposed to be among the victims of the massacre in Peking. She is a sister of Alfred Worley, a local attorney, and wife of E. D. Baile, a professor in the Imperial University at Peking. Mrs. Baile spent a portion of last year in this city, and in September last left her to rejoin her husband and three children in the Chinese capital. Attorney Worley recently received a letter, dated May 30, in which his sister stated that danger threatened and that foreign residents of Peking were preparing to flee for safety. No word has been received since that time, and Attorney Worley fears that his sister has been among the victims of reported Chinese violence.

CANAL COMMISSION IS STILL COLLECTING DATA. Will Probably Recommend Nicaraguan Route and Advise Deeper and Wider Way.

NEW YORK, July 15.—A Herald special from Washington says the isthmian Canal Commission has practically reached the conclusion that there are only two available canal routes across the isthmus of Panama, the Nicaragua and the Panama routes. The commission is not yet able to give a final estimate of the cost of the canal across Nicaragua, as the explorations are not completed, nor will they be until fall.

The indications are, however, that the exhaustive investigation which has been made will show the advantages of the route selected by the Walker commission of two years ago over any other, though it is likely there will be slight modifications.

Both the Nicaragua and the Panama routes are considered perfectly practicable, but the enterprise which the commission will recommend will contemplate a canal to accommodate vessels of 30,000 tons displacement. The attention of the commission has been called to the great displacement merchant ships are now attaining, and it has been decided that the canal must be of a size that can accommodate without difficulty such mammoth vessels as are likely to be constructed.

Consideration of these important matters will probably cause the commission to recommend a canal of greater width and depth than hitherto has been regarded necessary. There will, consequently, be an increase in cost. It is understood, however, that the commission's investigations show that the Nicaragua canal can be built for the same amount as would be required to complete the Panama canal. None of the commissioners will express preference now for either route, but it is believed their final decision will be in favor of the Nicaragua waterway.

GENERAL MILES URGES SPEEDY ACTION.

Continue to Be Referred To as Officer Likely to Command in China.

WASHINGTON, July 16.—General Miles had a conference this afternoon with the Secretary of War concerning the dispatch of reinforcements to China. No statement could be secured, but it is understood that Miles strongly urged that the troops be withdrawn immediately from the Philippines so that a large army could be thrown into China within a comparatively few days, instead of awaiting the slow processes of assembling an army in this country and Cuba and getting it to China.

The troops in the Philippines could make the trip across to China in about a week, while the dispatch of troops from this country will take more than a month, and the men can hardly be in the field until September.

Notwithstanding General Miles' recommendation, the apparent policy is to forward troops to China from this country and Cuba as fast as they can be assembled. With the sending of 8000 or 10,000 men provision doubtless will be made for an officer of high rank to take command of this force. General Miles has recommended that Major-General Bates, who commanded a brigade with credit in Cuba, be placed in command. He is now in the Philippines and could readily reach the field of action. The disposition, however, is toward sending an officer from this country, and as the conditions are so rapidly expanding General Miles is frequently referred to as likely to assume command of the American forces in the Orient.

German Cruiser Geier Here From Mexico for China.

WILL LEAVE FOR THE WAR MONDAY.

THE RIO, CALIFORNIAN, AND CITY OF PEKING DEPART YESTERDAY.

Captain Goodman Goes to the Coast. The Inca, C. F. Sargent and Star of Italy Ready to Sail.

The City of Peking was anchored off the harbor early yesterday from the Orient. She brought three cabin and over one hundred steerage passengers to this port. She was crowded with passengers fleeing from the fanatical rage of the Chinese, who disembarked at Japanese ports. Every room was taken by refugees, most of whom got off at Nagasaki. Oriental freight to the amount of 350 tons was brought for this port. The City of Peking would have gotten away sooner than she did, but the Rio was at the Pacific Mail wharf and did not leave until noon yesterday. As soon as she left the Peking took her place. The Peking took a great many passengers from here to the Coast. Several hundred bunches of bananas were taken on deck.

This is probably the last trip of the Peking here for some time, as she is wanted by the Government as a transport. With the Peking and China in the transport service Honolulu will be at the little end of the horn again as far as passengers and freight are concerned.

PASSENGERS DEPARTED.

THE CRUISER GEIER.

The German cruiser Geier, which has been expected for several days, arrived yesterday afternoon and was moored in naval row. She came direct from Acapulco, making the run in sixteen days and will stop here long enough to take 300 tons of coal and some water. The Geier is a small vessel of 1640 tons. Her keel was laid in Wilhelmshaven in 1893 and the following year she was launched. She carries a battery of sixteen guns and two torpedo tubes. Her speed is about sixteen knots and her crew consists of 150 officers and men. The Geier has been stationed along the eastern and western coasts of North and South America for several years. She has been in Honolulu before. During the Spanish war she was in Cuban waters, and many Americans took passage on her from Havana at the outbreak. At the outbreak of trouble in the Orient the Geier, which was at Acapulco, was ordered to China by way of Honolulu. It is expected that she will sail from here next Monday afternoon. Her officers are as follows: Corvette Captain Peters, Executive Officer Meyer, Navigating Officer Runge, Artillery Officer Darmer, Torpedo Officer von Egidy, Lieutenant Adjutant Moller, Chief Engineer Ballauff, Surgeon Ottow, Paymaster Froehner.

THE FANNIE ADELE.

The Inter-Island schooner Fannie Adele, from San Diego, arrived Thursday, after a voyage of eighteen days. Captain Monson came in command of her. She brought no freight. The Fannie Adele was built in San Francisco in 1883 by Dickey Bros. She is 115 feet long, 30 feet breadth of beam and 9 feet deep. Her gross tonnage is 224 and net tonnage 222. Considerable alteration will be made in her before she goes into service here. A donkey engine and boiler will probably be placed on each side of her foremast. If this is not done a proposition to install a gasoline hoist is under consideration. It is estimated that she will carry between 450 and 500 tons of coal and about 7500 bags of sugar. Work on fitting her up for use on the coast began yesterday.

SAN FRANCISCO, July 17.—Colonel J. P. Jackson, collector of the port, was today notified by Quarantine Officer Kinyoun that hereafter vessels from Honolulu and all the ports in Alaska would be subject to quarantine inspection. The Alaska vessels will be held up because of the prevalence of a mild form of smallpox at Cape Nome, and the Hawaiian vessels on account of plague. It was thought that the plague at the Islands was wiped out, but Dr. Kinyoun can find plague in a piece of marble, it seems.

TRANSPORTS.

NEW YORK, July 18.—The chartering of the transports to convey troops to China is causing much stir in shipping circles. Private cable advices state that fifteen German steamships now operating in the Atlantic trade have been requisitioned as war transports and supply ships by the German Empire. News is also received in shipping circles that the United States Government is actively in the market chartering steamers of all nationalities on the Pacific, to act as transports and supply ships for this country in connection with the Chinese outbreak. Twenty-two steamers have been taken from commercial channels. These steamships represent a total of 196,000 tons gross and are, of course, but the beginning of the movement. CAPTAIN GOODMAN DEPARTS. Captain Goodman, formerly of the Robert Levers, turned the schooner over to the new commander, Captain Underwood, formerly of the Newsboy. Captain Goodman left on the City of Peking last night, and will join his new vessel, the W. B. Flint, on her arrival.

SHIPPING NOTES.

The Rio got away shortly after noon yesterday. The W. G. Hall and Kinau are expected to-day. The trim little schooner Azalea sailed for Kureka in ballast yesterday. The Inca and C. F. Sargent are ready to sail. The latter goes to Tacoma. A San Francisco dispatch states that James Newson of that city is to be sent here to assist W. Porter Boyd as shipping commissioner. The Falls of Clyde and Martha Davis, for Hilo, and the S. G. Wilder, Andrew Welch, Manna Ala, Dora Blinn and Aloha, for Honolulu, are loading at San Francisco. It will be several months before the tug Fearless arrives here. Captain McCoy has gone East to bring out the tug L. Luckelbach, which will take the place of the Fearless. Chief Officer Johnson of the Rio did not make the trip this time. He is having a vacation for one trip. Chief Officer Sandborn of the steamer Newport was in Johnson's place. The steamers Artee, Belgian King and Pak Lung have been chartered as transports to take supplies and stock to the Philippines and China by the United States Government. The British ship City of Hankow, Captain Thompson, fifty-four days from Newcastle, with 1311 tons of coal to W. G. Irwin & Co., arrived yesterday after an uneventful trip.

THE PALOLO VALLEY MYSTERY.

BOARD OF HEALTH BAFFLED BUT HOPEFUL.

Eight Death Occurs With Little Chance of Light Being Thrown on Situation.

There has been some anxiety in the Board of Health for the past two weeks about the deaths occurring in the Palolo valley. When the first death occurred little was said; then followed a second, a third, a fourth, a fifth, a sixth, a seventh, last came the death yesterday.

Kane, a native Hawaiian, 55 years of age, became sick on last Wednesday evening. He showed the usual symptoms peculiar to cases of native sickness. There were the usual chills, followed by fever with pains in the stomach. The report that all the inhabitants had left the valley was untrue, as there are still persons living there and the man who was stricken yesterday was the guide who pointed out to the officials the people stricken before.

Owing to the lack of an efficient bacteriologist the Board of Health is thus far at a loss to account for the deaths in Palolo valley.

Dr. Gurin has been most active in carrying out the directions of Dr. Wood, president of the board, and has held post mortems from time to time. The last was made yesterday evening and the doctor was free to admit, after he came from the dissecting room, that the mystery of the Palolo deaths was as deep as ever.

David Haugs, of the Nursery, Declares It to Be.

David Haugs, Superintendent of the Government Nursery, advances the startling theory that the oleander is poisonous. "We have no oleanders in the nursery," said Mr. Haugs to a gentleman seeking plants. "We know them to be poisonous. There are authentic cases of oleander poisoning. Out of twelve cases seven resulted fatally."

NICK BREHAM'S SOLILOQUY RUDLEY INTERRUPTED.

An Obligation of Long Standing and the Delightful Persiflage With Which It Was Met.

Nick Breham was standing at the corner of King and Nuuanu streets, looking at the sky, absorbed in thought, when he was rudely jostled. His mind returned to earthly things. "I have here," said the suave collector, "a bill. It is of long standing. What can you do about it?" "Do?" said Nick, giving his ivory-tipped cane a whirl and looking his questioner squarely and resolutely in the eye. "Do? Nothing. Now see," and there was a tear-shedding expression in Nick's voice. "I am as anxious to pay that bill as the German Emperor is to raise the German flag over Peking, and—"

Hack Driver Pierce Believes He Is Hounded by Police.

J. R. Pierce, driver of hack 83, has a kick against the way he has been treated by the police. On Tuesday night he was employed by a member of the Chinese Consul's staff to take him to the house of a man whom the consul wished to talk with. The driver did not know exactly where the man lived and the passenger thought it was on School street. The police held up the hack and searched it for opium. Not finding any, the officers, with the hack and driver, started for the police station, and in front of the Queen Hotel on Nuuanu street they were met by Deputy Marshal Chillingworth, who concluded it was not necessary to take Pierce to the station. On Thursday Pierce was arrested on a warrant charging him with soliciting Officer Hanrahan made the arrest. Thursday, in the presence of several reputable witnesses. When in Dick Daly's restaurant, Hanrahan openly made the boast that Pierce would not drive a hack after the case was heard in the police court. In the police court on Friday the driver was acquitted of the charge on the evidence of the witnesses for the prosecution. He claims that he has lost a great deal of time and has also been hounded by Hanrahan.

ARRIVAL OF MR. PRINDLE.

He Will Relieve Capt. Merry of Onerous Detail Work.

F. C. Prindle, civil engineer attached to the navy department, arrived here on the Rio and reported to Capt. Merry, the commandant of the naval station, for duty. Mr. Prindle will relieve Capt. Merry of much of the work in construction of the pier, the filling in of the ground and so on. The details of the work will fall on Mr. Prindle. For the past eighteen months Mr. Prindle has been connected with the naval training school at Yerba Buena (Goat) Island, harbor of San Francisco. He will be in no wise connected with Pearl Harbor, but will probably be located here for a considerable period of time. Mrs. Prindle accompanies her husband.

Peking Delayed.

The City of Peking will sail this morning at 8 o'clock. She was delayed by freight.

THE PALOLO VALLEY MYSTERY.

BOARD OF HEALTH BAFFLED BUT HOPEFUL.

Eight Death Occurs With Little Chance of Light Being Thrown on Situation.

There has been some anxiety in the Board of Health for the past two weeks about the deaths occurring in the Palolo valley. When the first death occurred little was said; then followed a second, a third, a fourth, a fifth, a sixth, a seventh, last came the death yesterday.

Kane, a native Hawaiian, 55 years of age, became sick on last Wednesday evening. He showed the usual symptoms peculiar to cases of native sickness. There were the usual chills, followed by fever with pains in the stomach. The report that all the inhabitants had left the valley was untrue, as there are still persons living there and the man who was stricken yesterday was the guide who pointed out to the officials the people stricken before.

Owing to the lack of an efficient bacteriologist the Board of Health is thus far at a loss to account for the deaths in Palolo valley.

Dr. Gurin has been most active in carrying out the directions of Dr. Wood, president of the board, and has held post mortems from time to time. The last was made yesterday evening and the doctor was free to admit, after he came from the dissecting room, that the mystery of the Palolo deaths was as deep as ever.

OLEANDER POISONOUS.

David Haugs, of the Nursery, Declares It to Be.

David Haugs, Superintendent of the Government Nursery, advances the startling theory that the oleander is poisonous. "We have no oleanders in the nursery," said Mr. Haugs to a gentleman seeking plants. "We know them to be poisonous. There are authentic cases of oleander poisoning. Out of twelve cases seven resulted fatally."

NICK BREHAM'S SOLILOQUY RUDLEY INTERRUPTED.

An Obligation of Long Standing and the Delightful Persiflage With Which It Was Met.

Nick Breham was standing at the corner of King and Nuuanu streets, looking at the sky, absorbed in thought, when he was rudely jostled. His mind returned to earthly things. "I have here," said the suave collector, "a bill. It is of long standing. What can you do about it?" "Do?" said Nick, giving his ivory-tipped cane a whirl and looking his questioner squarely and resolutely in the eye. "Do? Nothing. Now see," and there was a tear-shedding expression in Nick's voice. "I am as anxious to pay that bill as the German Emperor is to raise the German flag over Peking, and—"

Hack Driver Pierce Believes He Is Hounded by Police.

J. R. Pierce, driver of hack 83, has a kick against the way he has been treated by the police. On Tuesday night he was employed by a member of the Chinese Consul's staff to take him to the house of a man whom the consul wished to talk with. The driver did not know exactly where the man lived and the passenger thought it was on School street. The police held up the hack and searched it for opium. Not finding any, the officers, with the hack and driver, started for the police station, and in front of the Queen Hotel on Nuuanu street they were met by Deputy Marshal Chillingworth, who concluded it was not necessary to take Pierce to the station. On Thursday Pierce was arrested on a warrant charging him with soliciting Officer Hanrahan made the arrest. Thursday, in the presence of several reputable witnesses. When in Dick Daly's restaurant, Hanrahan openly made the boast that Pierce would not drive a hack after the case was heard in the police court. In the police court on Friday the driver was acquitted of the charge on the evidence of the witnesses for the prosecution. He claims that he has lost a great deal of time and has also been hounded by Hanrahan.

ARRIVAL OF MR. PRINDLE.

He Will Relieve Capt. Merry of Onerous Detail Work.

F. C. Prindle, civil engineer attached to the navy department, arrived here on the Rio and reported to Capt. Merry, the commandant of the naval station, for duty. Mr. Prindle will relieve Capt. Merry of much of the work in construction of the pier, the filling in of the ground and so on. The details of the work will fall on Mr. Prindle. For the past eighteen months Mr. Prindle has been connected with the naval training school at Yerba Buena (Goat) Island, harbor of San Francisco. He will be in no wise connected with Pearl Harbor, but will probably be located here for a considerable period of time. Mrs. Prindle accompanies her husband.

POSTOFFICE BUSINESS GROWING IN HAWAII.

Sixty-Eight Offices Are Now in Practical Operation.

Forty-Six Money Order Offices.

NOT A SINGLE VIOLATION OF POSTAL LAWS IN HAWAII.

The Postoffice Department Redemptions Old and Unused Postal Cards Issued By the Republic.

Postal Inspector H. M. Flint will vacate his office in the basement of the Capitol building on Wednesday next, and will remove to Honolulu Hall, adjoining the Postoffice building, on Merchant street. This is the oldest public building on the islands, having been erected under the monarchy, and has been the cover of more plotting and counter-plotting than any other building in the city. In the future it will be occupied solely by Uncle Sam for the uses of the Postal Department. Mr. Flint would move to-day, only that he expects a large official mail on the Kinau, which will require immediate attention, and his moving is deferred until that has been answered and disposed of. Mr. Flint will have better quarters in his new location on Merchant street, and will be more nearly in touch with the service there.

The money-order business is growing on the islands in an amazing way. There are now sixty-eight postoffices in operation. That is, the bonds of that many postmasters have been completed and forwarded to Washington. Six or seven more offices are under consideration, and Mr. Flint is confident that seventy-five offices will be in operation by the middle of next month. Of all these, forty-six are money-order offices. The following will be effective on July 26, Monday next:

- Hawaii—Hakalau, Hilo, Honokaa, Hookena, Kailua, Kalapana, Kealahou, Kohala, Kukuiahele, Laupahoehoe, Mahukona, Naelehu, Olan Plantation, Ookala, Paauilo, Pahala, Waimea, Papaiaho.
- Maui—Hamao, Hana, Kahului, Kipahulu, Lahaina, Spreckelsville, Wailuku.
- Kauai—Hanalei, Hanalepe, Kealia, Kekaha, Kilauea, Koloa, Lihue, Makaweli, Waimea, Elele.
- Molokai—Kamalo.
- Lanai—Keomuku.
- Oahu—Aiea, Heeia, Honolulu, Honoouliuli, Kahuku, Waiolu, Waianae, Waipahu, Waikeolu, Waimanalo.

Four of these offices were created yesterday—Papaiaho, in Hawaii; Elele, in Kauai; Aiea and Waimanalo, in Oahu. All of these are sugar plantations, the centers of considerable population and activity, and were created in response to a general demand. The name of the postoffice at Pohoi, in Hawaii, has been changed to Kapaeha, and the office of Waiohina, Hawaii, will open next week, just as soon as the bond of the postmaster is approved. All the offices are working admirably and the service is more efficient than Mr. Flint had hoped it might be, even at a later date.

The money-order business is especially large—unexpectedly so—and the orders issued by the various offices throughout the islands are nearly all drawn on Honolulu. This money is sent here either for investment or to pay for purchases of goods. The volume of this business is a trade indicator for Honolulu. The statement by Inspector Flint that there has not been committed a single offense against the postal laws on the islands, save the use of a single canceled stamp, is noteworthy. "It speaks wonderfully well for the honesty of the people of Hawaii," said Mr. Flint yesterday, with unusual feeling. All these things have been accomplished since Inspector Flint arrived in Honolulu on June 6.

An illustration of the liberal manner in which the Government treats the people of the islands was afforded yesterday when Mr. Flint received orders to issue to the water works 3000 postal cards and to the Weather Bureau 700 cards, in exchange for old Hawaiian cards that these governmental departments had on hand when the change took place.

SLIGHT RAINS IN INDIA.

More Cheerful Outlook in Famine-Stricken Districts.

NEW YORK, July 17.—The following cablegram was received to-day by the India famine relief work committee.

BARODA (India) July 17.—Special and official telegrams received here from the famine districts indicate a more cheerful outlook. Scant rains have fallen in Madras and Gujarat, in which latter place the famine has been most severe and the mortality greater. Elsewhere the rains have been fair, making the general prospects higher. There has been a gratifying rainfall in Rajputana and Central India, which is always a center of suffering during famine, also reports of a moderate rainfall.

COUNCIL MEETING HELD FRIDAY

PETITION SUBMITTED FOR AN EXCLUSIVE RAILWAY FRANCHISE.

Street Extension Matters and Several Other Improvements are Up for Recommendation.

The Council meeting yesterday determined that the Executive building should hereafter be called the "Capitol building."

Treasurer Lansing reported that the Orpheum company's stockholders should be reduced one-half. After considerable discussion, the report was adopted, and the number was reduced from fourteen to seven.

An application from the Chinese firm of Aki & Co. for a light wine and beer license at Kohala was referred to Sheriff Andrews of Hilo for a report and recommendation.

An application to sink an artesian well on the Saviors' Home lot was referred to committee.

A petition was submitted by certain

residents in Hilo, on behalf of the Hilo Railway Company. The original petition, it is understood, was submitted by the management of the Honolulu office, which wishes to anticipate the Legislature and secure a franchise to lay an exclusive track to the Puna district. It is understood that the council meeting will probably recommend this franchise at the next meeting, unless active opposition should spring up in the meantime.

Superintendent McCandless submitted a map of the Kukui street extension, showing what was wanted and suggesting that, if recommended, he would hold a conference with property owners in that vicinity.

Certain street lines in Chinatown were ordered condemned without appraisal.

Superintendent McCandless said that if he received the support of the Council he would, within the next few days, lay the Waikiki road opened on the lines proposed heretofore.

Good Medicine for Children

If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhoea so common to small children. O. P. M. Holliday, of Deming, Ind., who has an 11-months-old child, says: "Through the month of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water, and he got better at once." For sale by all dealers and druggists. ANTI CHRISTIAN LETTER BY FANTAI OF SHANTUNG.

CHEFOO, July 13 (Via Shanghai, July 18).—The Fantai of Shantung, the highest local official of the province and next in rank to the Governor, has issued to his subordinates, the magistrates of the province, the following anti-Christian letter. It purports to be addressed to and records a conversation between the government and the Fantai, but that is possibly a subterfuge to impose upon the magistrates. The Fantai is notoriously anti-Christian, and his letter cannot fail to have evil consequences. It is as follows: "According to your remarks to me, when speaking on the subject of the Boxers, who declare themselves the enemies of all Christians from the time of the settlement of the Pingyuan affairs and the Brooks murder, they have increased like a swarm of bees and their power has grown day by day. The provinces of Chang Fu and Chi Li are filled with them. Beginning at Peking and Tientsin they have burned churches, murdered Christians and persecuted other people. On this account soldiers were dispatched, but trouble increased so that it seems endless. "The calamity has its source with the native Christians, who have clothed themselves with the power of foreigners. Relying on this power, native Christians have insulted the people to such an extent as to engender the greatest hatred, and the occasion has been taken advantage of by lawless men to carry out evil designs, such as burning and robbing. "What, therefore, can be considered a good method to stop trouble? To stop the pot boiling over, the fuel must be pulled out from below, but the native Christians are part of our people, and since they have been deceived by the

foreigners they have lost the right road. If they could be brought back to the right pathway they would be our loyal people again. In this way mutual hatred would cease and tranquillity be restored. "Therefore we exhort you, according to the instructions of our government, and authorize all magistrates to compel native Christians to return to their former religion and make them give security that they will not again enter a Christian church. "All furniture of churches and Christians is to be confiscated and proclamations are to be issued exhorting the people to abstain from robbing Christians who renounce their faith."

Russians Moving Southward.

CHEFOO, July 17.—The railway north of Newchang has been destroyed and bridges burned. The Russians are concentrating at Newchang, where a fort has been built. It is rumored that the Russians are marching from northern ports toward Moukden.

TO NIGHT AT ORPHEUM.

A Good Bill Prepared for the Re-opening.

Honolulu's theater going public will have opportunity to witness a mirth producing entertainment at the Orpheum tonight. Of the late McAdoo Georgia Minstrels, John Lampin, better known as "The Nabian Prince," is a good juggler and lightning Zouave driller. The Joneses, Grace and Turner are musical both vocally and instrumentally and usually give something above the average. Jerry Mills, comedian, is a great entertainer and creates a good half hour's laughter all in ten minutes. Mills will also be seen in a comedy sketch with Miss Jennie Bradley. Mr. John Pin, baritone soloist, is well known to Honolulu.

Ford Keith is a club entertainer and gives some excellent dialect imitations as well as rendering original classic and sentimental songs. Reserved seats can be had at the box office as usual.

Old Enmities Wiped Out.

(From the Chicago Tribune.) If any one had predicted, a generation ago, that the dashing and great Confederate cavalry leader, "Fighting Joe" Wheeler, would live to be a brigadier general in the regular United States Army and to command a department with headquarters at Chicago, the prophet would have had a short shrift. General Wheeler himself would probably have been the last man to credit any such prediction. The fact that these things have actually taken place is the most tangible proof of the nullifying effect of the Spanish war. That war has worked many wonderful and surprising changes in the nation's affairs, but none more gratifying than the wiping out of traditional enmities between the North and South. With one of the most determined of all the Confederate leaders now an honored department commander in the heart of the North, there can no longer be any question that the dead past has buried

its dead issues. General Wheeler's qualities as a soldier and as a man have fairly won for him the esteem of the reunited nation, and when he goes into retirement next September he will take with him the enthusiastic good wishes of everybody, and especially of Chicagoans.

SALOONMAN OTTMAN IS FOUND GUILTY.

The Selling of Sandwiches Does Not Cover the Privilege of Selling Beer.

W. C. J. Ottman, the keeper of the Ocean View resort, at Waikiki, was convicted of selling liquor without a license, Thursday. Mr. Ottman had promised to make some startling revelations as to police methods, but his attorney, Fred W. Hankey, Esq., advised a different course. Ottman did not even take the stand, his attorney submitting the case on the evidence presented by the prosecution. The Court found Ottman guilty and, being the second conviction, sentenced him to three months imprisonment and a fine of \$500. The case was appealed by Mr. Hankey, and Ottman was released on \$1,000 bail pending the appeal.

There were but four witnesses in the case. Dr. High was first called. It appears the doctor was the man who called at Ottman's place on Tuesday evening last in company with a former waiter. They found Ottman too ill to serve lunch, but got two bottles of beer which they drank, that it was a different course. Ottman did not even take the stand, his attorney submitting the case on the evidence presented by the prosecution. The Court found Ottman guilty and, being the second conviction, sentenced him to three months imprisonment and a fine of \$500. The case was appealed by Mr. Hankey, and Ottman was released on \$1,000 bail pending the appeal.

Officer Maitland was the next witness. He said he got beer there on Sunday, when he went to the Ocean View in company with Mr. Hartman. They called three times, at 1, 3 and 9 o'clock p. m. but were refused beer until the 9 o'clock call, when they had four bottles of beer, 8 or 9 cigars and a plate of sandwiches. For all of this they paid \$2. Witness couldn't tell how many sandwiches nor the price of cigars. J. Hartman corroborated the officer. He said that nothing was said about beer when the bill was paid; nothing was said about paying for beer. A former conviction was proved by Deputy Sheriff Chillingworth, who acted as prosecutor. The conviction was on July 10, when a fine of \$100 was imposed.

Mr. Hankey, for the defense, contended that no offense had been proved; that there were many kinds of beer, and that many of them were not intoxicating; that it had not been shown that intoxicating liquor had been sold. Judge Wilcox showed a familiarity with local conditions by quoting the price of beer and the value of sandwiches, which he classified at five cents apiece, and thereupon the Court ordered the motion to be dismissed. Defendant was found guilty as stated and sentence read, whereupon the appeal was taken.
