

UNITED STATES SENDS ULTIMATUM TO CHINA.

Demands an Immediate Cessation of the Hostile Attacks Upon Foreign Legations

In Case of Refusal to Comply with the Demand of This Government an American Army Will be Hastily Mobilized on Chinese Soil.

WASHINGTON, August 9.—"We demand the immediate cessation of hostile attacks by imperial troops upon the legations, and urge the exercise of every power and energy of the imperial government for the protection of the legations and all foreigners therein."

In this vigorous and imperative language the United States has addressed its second peremptory demand, or ultimatum, to China. The language of the ultimatum is unequivocal. It is not obscured by conditions or contingencies or verbal constructions of which Chinese statecraft might take advantage.

On Sunday last the United States demanded unconditional free communication with Minister Conger. This was an ultimatum to which China responded within twenty-four hours after its receipt by the Chinese authorities.

It was learned today that the President will start for Washington on the day China's answer is received, if China does not comply with the terms of today's message.

Another dispatch to the same paper, dated Tien Tsin August 6th, recounts a reconnaissance that morning by the Japanese beyond Hsiku, the result being that the enemy was developed in strong force, well fortified, at Wei Ho.

UNITED STATES WILL TAKE VIGOROUS MEASURES.

WASHINGTON, August 10.—The United States will take heroic action if China refuses to comply with the ultimatum for the "immediate cessation of hostile attacks by imperial troops upon the legations."

If China defies the United States this government will send an army to China sufficiently large to enforce its demands.

While General MacArthur is violently opposed to releasing any of his troops from the Philippines, President McKinley will take the responsibility of rushing to China about 25,000 men, which will give us approximately 35,000 in China when all those at present ordered there shall have arrived.

The President has prepared for this very contingency. Every department in the government is working full time to prepare for such a war.

An abject surrender by China to the American ultimatum, which has become the Japanese and probably the British ultimatum, is all that can save her from war with the United States.

RELIEF COLUMN WILL PUSH ON TO CHINA'S CAPITOL.

WASHINGTON, August 10.—The allied relief column will not halt for reinforcements at Yang Tsun. It will push on to Peking.

That there must be no delay is emphasized by the message received today from Minister Conger, in which he insists that the escort out of Peking must consist of foreign troops, and that otherwise 800 foreigners, including 200 women and children and 3000 native Christians would be exposed to certain massacre.

Both the State Department and the War Department take issue with the statement in the Conger message today to the effect that the ministers be allowed to depart from Peking under escort.

"That statement," said an official, "can only mislead those who believe it. As a matter of fact, we have explicitly said to the Chinese government that if it cannot protect the ministers in Peking it could scarcely be expected to protect them under an escort outside of the city walls."

JAPAN ENDORSES ULTIMATUM OF THE UNITED STATES.

WASHINGTON, August 10.—The memorandum of the United States to China, conveying the ultimatum to the effect that China shall forthwith prevent further firing on the legations, is endorsed by Japan.

The American memorandum had been cabled to all the foreign offices in order to obtain their views as to whether the imperative language of the President to China was justified under the circumstances.

MESSAGE FROM CONGER ABOUT ESCORT NEEDED.

Washington, Aug. 10.—The Department of State made public this morning the following telegram from Minister Conger, which was received by Minister Wu late last night, being contained in a telegram sent to him by the Tao tai of Shanghai.

Secretary of State, Washington. The Tsung Li Yamen states to the diplomatic body that the various foreign governments have repeatedly asked, through the respective Chinese Ministers, that we immediately depart from Peking under suitable escort.

This message is undated, but is supposed to have been sent on or after the 5th of August, when the imperial edict removing the prohibition against the Ministers sending cipher messages was received by the Tsung Li Yamen.

blanks. They were driven back with great loss. Rennkampf has been reinforced with infantry, artillery and cavalry.

HOW THE ALLIES MARCHED ON YANGTSUN.

London, Aug. 10.—3:55 a. m.—In the capture of Yang Tsun the loss of the allies, according to a dispatch to the Daily Express from Chefoo, August 8th, purporting to give an account of that engagement, were 200, the majority of these being killed.

"The allies marched on Yang Tsun," says the report, "at dawn Monday. The position held by 1500 Chinese was well entrenched to the east of the river. After four hours of heavy fighting the Chinese were driven from their defensive works."

Another dispatch to the same paper, dated Tien Tsin August 6th, recounts a reconnaissance that morning by the Japanese beyond Hsiku, the result being that the enemy was developed in strong force, well fortified, at Wei Ho.

The editorials generally incline to view the progress towards Peking as splendid thus far, but one which cannot be maintained at the present rapid rate as the concentration of supplies and the establishment of bases will cause inevitable delays.

The Commissioner of Customs at Shanghai has received a routine message from Sir Robert Hart, Director General of Imperial Customs, showing the latter is still conducting the business of imperial customs—a rather curious change of affairs when taken in conjunction with the words "Happily still alive," which he included in the dispatch, which was dated Peking, July 27th.

Commenting upon Washington's latest communication to the Chinese government, the Daily Chronicle describes it as "diplomatic," and it declares the Chinese attempts to get the Ministers to leave Peking, as described by M. Pinchon, have convinced everybody except the Washington officials that a steady application of force is the only argument Peking can understand.

RUSSIANS CAPTURE THE TOWN OF NEWCHWANG.

St. Petersburg, Aug. 10.—The Russian Admiralty has received the following dispatch from Admiral Alexieff: "Newchwang, Sunday, Aug. 5.—The Chinese town of Newchwang, on the Gulf of Liao-tung, was captured August 4th, two warships taking part in the bombardment. The inhabitants were disarmed."

The Russian War Office has received the following dispatch from Grodekoff: "Khabarovka, Aug. 9.—General Rennkampf, August 7th overtook and defeated the enemy beyond the Amur river, capturing two guns. The battle was continued as far as Jsest. During the evening of August 7th the Chinese assumed the offensive on both our

THE MODERN TOWER OF BABEL. —From the New York Herald.

DEEP DISTRUST OF LI HUNG CHANG EXPRESSED BY THOSE FAMILIAR WITH CHINA.

New York, Aug. 11.—A special dispatch to the Tribune from London, says: The appointment of Li Hung Chang as the Chinese plenipotentiary for the negotiations of terms of peace has been received with various feelings here.

Those who know the Far East have deep distrust of the old Viceroy and they insist that his nomination can bode no good to this country. If not hostile to all foreigners, he is at any rate determined opponent of the British, whom he has always disliked, notwithstanding his past relations with General Gordon and other Englishmen.

On the other hand some Chinese experts contend that the appointment shows that the Manchu government, realizing that the powers are in earnest, relies upon Earl Li to arrange terms and to patch up an accommodation as he did after the Tien Tsin massacres in 1870.

The latest batch of cipher messages received from the Ministers at Peking is considered to be significant, and in some degree reassuring. There are determined skeptics and croakers, such as those who were providing a month ago circumstantial accounts of an alleged wholesale butchery at the legations, but not much attention is paid to them.

The total number of Anglo-Indian troops ordered to China will not fall far short of 20,000 men, but without much larger force, which certainly could not be spared from England's eastern dependency, it will be impossible to police the whole of the Yang-tsu valley.

Mr. Goodnow's dispatch stating that Shanghai merchants believe the landing of the British troops will do mischief by exciting the natives, only confirm some misgivings already expressed here.

CLAIMED THAT RUSSIAN MINISTER WILL START FOR TIENSIN.

St. Petersburg, August 11.—The official Messenger today publishes the following: "The Foreign Office received a telegram direct from M. de Giers (the Russian Minister at the Chinese capital) from Peking. The despatch was evidently taken by special courier to Tientsin, from the capital of Shanung and was thence telegraphed August 7th by the local yamen."

"M. de Giers announces that the siege of the legations continues, the besieged still having some provisions left. The Chinese government proposes to transmit the Ministers' messages and that they leave Peking. As the Ministers had not sufficient guarantees, they replied that they must receive the permission of their governments before leaving the city."

The Messenger then announces that the Czar's approval has been given for M. de Giers to start for Tien Tsin with his entire staff and the marine guard on condition that existing government at Peking and the Emperor afford them sure guarantee that the journey can be undertaken without danger.

At the same time M. de Giers is expected to call attention to the heavy responsibility the Chinese government will incur should there be the slightest infraction of the violability of the persons accompanying them to Tien Tsin.

SEYMOUR TO LAND TROOPS AT SHANGHAI.

WASHINGTON, Aug. 10.—The Navy Department today received a cablegram from Shanghai, which, it is understood, gives notice of the intention of Admiral Seymour to land troops there for the defense of the city. The Shanghai newspapers, according to the cable, while announcing in the landing of British troops, denigrate the idea that England's example should be followed by the powers.

The United States has now two warships at Shanghai to safeguard American interests in case of trouble. These are the gunboats Princeton and Castine. The latter arrived at Shanghai today.

SAN FRANCISCO SHOWS PREPARATIONS FOR WAR.

Despite the Claim That There is No War.

TROOPS BEING HURRIED TO CHINA.

MR. DILLINGHAM TALKS OF HIS VISIT TO THE FINANCIAL CENTERS.

Predicts Wonderful Prosperity and Growth for Hawaii—Captain of the Peking Was Angry—Troops to Remain.

[From a Staff Correspondent.] SAN FRANCISCO, Aug. 11.—It is all very well for the powers that are to declare that there is no war in China, but the looker-on in San Francisco knows better. There is "something doing" somewhere. The martial tramp of troopers marching up or down Market street, going into camp or leaving it to embark for foreign service, the activity in mercantile circles and the bustle around the transport docks tell a tale of a different nature. And then there are the tales of carnage, of bloodshed and of adventure told by the refugees from Tientsin, just arrived on the transport Logan, directly from the seat of war.

Among the passengers the City of Peking will land in Honolulu will be one of the Hawaiian Islands' most prominent citizens—Mr. E. F. Dillingham. Mr. Dillingham returns to his much beloved home after an absence of about eight months. During that period he visited the financial circles of the East, and last night he gave me a brief summary of his achievements for the Republic. Here is about what he said:

"I have been principally on a financial mission, and I have found that the capitalists of America are beginning to take a great interest in propositions concerning the Islands.

"I have visited New York, Boston, Chicago, San Francisco and a few smaller towns, and I have sent about 350,000 to the Islands, while I have arranged for sending from \$50,000 to \$1,000,000 more shortly. I predict that two years from now the financiers of the Islands will have money to loan at 5 per cent. Out of twenty millions of capitalized value of plantations, only about five millions are not paid up.

"And all this is only within fifteen months. The profits of the sugar crop this year will be from ten to twelve millions, and next year, if the present prices maintain, it will not be far from fifteen millions. Congress will undoubtedly make the necessary appropriation to pay off the Hawaiian bonds, about \$3,000,000 of which are held in the Islands and about \$1,000,000 of which are held in London.

"There will be from seventeen to twenty millions paid in dividends outside of the money which is bound to flow in from other sources. We have no government debts, the plantations are free of encumbrance, and there will be no more assessments, so there must be a large surplus to seek investment. Two years from now stocks in Hawaii that are now selling at par or below it will be selling at 60 or 100 per cent premium. I declare, after visiting the great financial centers of America, that Hawaii is the strongest of them all, and there is no place where business is conducted on a larger or more liberal scale."

So said Mr. Dillingham. And by the way, when he returns on the Peking he will bring with him as fine a pair of carriage horses as ever trod the pavement in Honolulu, and he also will bring along a few carriages, built on the latest up-to-date plans. A tally-ho for the Hawaiian hotel, which will accommodate seven-hundred people, will also be one of Mr. Dillingham's novelties, which he will spring on the unsuspecting natives when he gets home.

Internal Revenue Agent Bert Thomas and his fidus achates, Frank Deibolt, arrived on the Peking, after their trip to the Islands to inaugurate Uncle Sam's revenue service. Mr. Thomas is delighted with his trip. He says that socially he never met better people in all his life than the Hawaiians. "It is the garden spot of creation," said he yesterday. The only trouble the internal revenue officers will have, according to Mr. Thomas, will be the illicit manufacture of liquor.

"It will be a fight, just like the one we are having against the 'moonshiners' in the South." So he puts it, but he also states that he believes the Hawaiians to be far more law-abiding than the Southern illicit whisky brewers, and he has great confidence in their ultimate cessation of the manufacture of spirits, unless licensed by the United States government.

There was no madder man in town than Captain J. T. Smith of the Peking was when he landed here last Saturday. He was one day behind time, and while the cabin passengers were allowed to land, he, his cargo and the steamer people were detained another day, because a Chinaman aboard had some groin trouble which had bothered him for two years, and which the quarantine officers here thought might be a case of bubonic plague. The Peking

More Armenians Killed. Constantinople, Aug. 9.—Advices received from Bitlis, Asiatic Turkey, say that 200 men, women and children have been massacred in the Armenian village of Spanghann, in the district of Sassun, by troops and Kurds under All Pasha, the commandant of Bitlis. He is also said to have ordered the village to be burned.

Turkish Missionary Dead. Portland, Me., Aug. 8.—Rev. Dr. Cyrus Hamlin, the veteran missionary to Turkey and the founder of Robert College in Turkey, died here suddenly tonight.

King Humbert's Funeral. Rome, Aug. 9.—The train bearing the remains of the late King of Italy, which left Monza at 4:25 p. m. yesterday, arrived here at 6:30 a. m. today. Immediately after that hour ten non-commissioned officers of cuirassiers carried the casket containing the body of the late King from the funeral train to the large hall of the railroad station, which had been transformed into a chapel, hung with sable draperies with gold ornamentation.

Money to Bet on McKinley. Saratoga, N. Y., Aug. 9.—Alfred Deaver wants to bet \$100,000, or any part of it, against \$40,000, or any part, that McKinley will be elected president. George Wheelock, who is the biggest of Republican bettors, for himself and on commission, still holds that 5 to 2 is the price warranted by the situation. He wagered \$3000 against Col. "Joe" Rickey's \$1000 the other day, but would not take on \$10,000 more at the same odds.

The Sunday Republican has become very popular and will be enlarged and improved from time to time.

IT'S RIGHT. If you expect to conquer in a battle of today you have to blow your trumpet in a firm, determined way. If you toot your whistle only, and lay aside your horn, there is not a living soul will know that you were ever born. The man who owns his acre is the man who plows all day, and the man who hugs a humming is the man who is there to stay. But the man who advertises with a sort of sudden jerk is the man who blames the printer man because it doesn't work. The man who gets the business uses lots of printers' ink—not a splatter, not a splatter, but an ad. that makes you think—and plans his advertising as he plans his store and stock, and the future of his business is as solid as a rock.

McKINLEY'S STATECRAFT.

Thanks to the firmness and vigorous statecraft of President McKinley and his able advisers, there is no mistaking the position of the United States in the present Chinese trouble and the prospect seems good for the United States to have the honor of settling the whole Chinese affair. When Minister Wu declared on July 27th that he had received a message from his government saying that the ministers and their suites were alive on July 15th, the United States at once demanded that it be put into communication with its minister. "Let us have a talk with Mr. Conger," were President McKinley's words, and the wily celestial who represents the middle kingdom at Washington found himself very neatly trapped. The demand of the United States to be placed in communication with its minister in Peking was complied with, though in a dilatory and roundabout way, and that compliance opened the door for other nations to communicate with their representatives imprisoned in the Chinese capital. Li Hung Chang, the greatest Chinaman of them all, then began asserting that China must be allowed to escort the ministers out of Peking with a military guard, guaranteeing their safe delivery at Tientsin. Every one acquainted with Chinese character felt that this meant the extermination of the ministers and all the refugees housed in the legations. An attack which would result in their massacre could very easily be excused on the ground that the imperial guard had been overpowered. Thanks to the determination of the ministers, they refused to accept such an escort when it was urged upon them in Peking by the Chinese authorities. All this time desultory firing on the beleaguered legations by Imperial troops continued and men, women and children were worn out with the terrible vigil and the dread of being overcome by people whose savagery and torture for their captives would know no bounds. President McKinley tired of this sort of thing and determined to put a stop to it. The last message to the government at Peking was very firmly worded. It demanded that firing on the legations must cease; that the ministers and all American citizens in Peking must be protected until the arrival of the United States troops and that American troops only would be allowed to act as the escort for Minister Conger and the other Americans with him from Peking to Tientsin. It now transpires that immediately following the sending of this message Japan and the European powers were notified of its dispatch. Japan at once signified her indorsement of the message, which is to all intents and purposes an ultimatum, and the latest dispatches indicated that within twenty-four hours England would express her endorsement of America's attitude. This would mean that the United States has shown the world how to deal with China and would be the greatest diplomatic triumph for America in all the history of the nation. Leader as a world power as the United States is today, it would stamp President McKinley's administration as standing in the front rank of virile statecraft of the present perilous

times and make the United States more highly respected by all the world than ever before in all its history. It is altogether likely, too, that China will acquiesce in the demand made upon her. China's greatest friend in the past has been the United States. That fact is generally recognized by Chinese officials. They know that the United States is not a nation seeking territorial aggrandisement; that all this nation wants is to have its citizens protected and that America stands for the open door of trade in China and against the dismemberment of the empire. Even if no other great historical acts had ever taken place under President McKinley's administration of national affairs this alone would stamp his administration as one of the greatest and grandest in American history.

Dr. John S. McGrew has in no wise lost faith in the ultimate greatness of Honolulu, despite his more than forty years' residence here. After selling his beautiful old homestead in the heart of the city a few months ago for \$150,000, some croakers declared that the doctor wanted to get out from under before a drop in prices of real estate came. But the drop is not coming and the doctor is one of those keen men of business who fully realizes the fact. Instead of getting under under he has been loading up with more real estate a little further out and he is to follow up his purchases by erecting a number of modern houses, which will be rented to desirable tenants. Honolulu needs more progressive citizens of the stamp of Dr. McGrew.

In view of that opinion of yours to the effect that no one could hold office in Hawaii unless they had resided one year in the Territory, how is it, Mr. Attorney General, that you have appointed an assistant in your own office at a salary of \$1,800 a year who has not resided in the Territory three months and who will not be a voter at the election next November? Wouldn't it be a good idea for officeholders even in the attorney general's office to at least be voters?

As this afternoon's band concert will be held in the capitol grounds it should be very well attended. Such a program as Capt. Berger has prepared is worth going a long distance to hear and paying admission for. Honoluluans have the benefit of it without money and without price.

The people are still desirous of knowing why the police appropriated to their own use stolen bicycles they recovered instead of reporting them to their owners or to the dealers so that the owners could be found.

It is a pity Superintendent McCandless or some other government official could not enjoin the present tramway's system out of existence so as to leave the way clear for a modern and up-to-date street car system.

On no Sunday since The Republican was established have the transient street sales fallen below 700. Today's sales promise to double that number. Pretty good for a lousy infant that is but two months old.

We haven't heard much about that honest (?) primary law of California which was to be adopted in Hawaii since the Supreme Court of California declared said primary law unconstitutional.

Every Republican should take an active part in the primaries. See to it that only good men are sent to the conventions and that the nominees are men who will do credit to the party.

This does not seem to be as good a year for the calamity howlers as 1896 was, and in that year McKinley's majority over Bryan, on the popular vote, was upwards of half a million.

Women will be especially interested in the department in the Sunday Republican prepared for their reading.

Every day of existence under American rule shows the need of county and municipal governments.

Latest Sugar Quotations.

NEW YORK, Aug. 11.—Sugar: Raw, fair refining, 4 1/2-16c; centrifugal, 96 test, 4 7/8c; molasses sugar, 4c; refined, firm.

No orders taken for less than 75 barrels or its equivalent. Domino, half barrels, 6.60c; boxes, 6.55 per lb.

As Viewed From Hilo.

News comes from Honolulu that the Family Compact hasn't been able to fire Federal Judge Estee down into the basement of the government along with Rowell and other spoils, even to build a shack on some unurveyed government land to hold court. We are also informed that Judge Estee (by his own statement) has been treated with courtesy by one justice of the Supreme Court. Hilo people will be in no doubt as to who the justice is who has so far departed from the practice of the Supreme Court as to treat any one with courtesy who is not of the inner circle of missionary "Ham-Sammers."—Hilo Herald.

EASTERN CITIES ARE SWELTERING IN HEAT.

MANY DEATHS REPORTED FROM ALL THE LARGE CITIES OF THE LAND.

Entire Country From the Atlantic to the Rockies, and From the Lakes to the Gulf, is Embraced.

CHICAGO, Aug. 10.—For seven days and seven nights, an unprecedented period, the sweltering people of Chicago have suffered from intense heat. Today the record mark of 94 degrees was again reached, and the day was registered as one of the hottest of the year in all parts of the country. Another scorcher is promised on Saturday and the weather officials see no relief in sight. Today the thermometer reached the century mark in Louisville. The low mark was that of 59 degrees at Buffalo. The entire country between the Atlantic ocean and the Rocky mountains and from the head of the Great Lakes to the Gulf of Mexico is included in the heat-ridden district. The wave extends all over this territory and the temperature ranged from 93 to 92 degrees in most places.

The sun's rays continued to bring death and prostration to both man and beast in Chicago. Eight people succumbed and many others were overcome and placed in a more or less serious condition.

PHILADELPHIA, Aug. 10.—The intense heat today resulted in two deaths and twenty prostrations. The maximum temperature, 98 degrees, was reached at 4 o'clock this afternoon. The minimum was 80 at 3:40 this morning. At 8 o'clock the mercury had reached the 85 mark and by 10 o'clock had jumped to 92. At noon three additional degrees were noted and at 2 o'clock 96 degrees were registered.

The average for the past four days has been higher than for any similar period on record. Many large factories throughout the city are working on half time, the heat of the afternoon being too great for the employes to endure.

NEW YORK, Aug. 10.—Eleven persons died here today from the excessive heat which has been torturing humanity in this locality for some days and still continues with little prospect of relief.

The first official record of temperature was at 3 o'clock this morning, when the thermometer registered 73 degrees. It gradually climbed to 94 degrees at 4 o'clock this evening. Then it slowly dropped to 82 degrees at midnight. At 4 o'clock the street thermometers registered 100.

MILWAUKEE, Aug. 10.—Two deaths and one prostration, due to the heat, were reported today. Maximum temperature 93.

PITTSBURG, Aug. 10.—The thermometer jumped a point today, reaching 97. Five deaths and six prostrations were directly attributable to the heat.

MINNEAPOLIS, Aug. 10.—There were two deaths in Minneapolis today as a result of the heat.

HEAT THAT WAS MOST OPPRESSIVE.

Yesterday the Sultriest Day Ever Known in Honolulu—Every One Suffered From It.

There have been a number of days this summer when the thermometer has registered higher than it registered yesterday, but not before in all the record-breaking weather of the season have people felt the heat or been so oppressed with it as they were yesterday. It was a moist, enervating heat, one that made the inhabitant feel that he would like to seek the shades of Tantalus or lie in the cooling surf of Waikiki.

The thermometer only registered 81, but the dew point and humidity—they tell the story of the day. The dew point stood at the very high mark of 73.5, fifty per cent higher than Professor Lyons has ever recorded it before in all his observations. The relative humidity was 79. This means that the air was saturated with moisture just to the point of precipitation all the time. Clouds hung low over the island and there was not even a hot breeze from towards the equator to vary the monotony. People sweltered and complained and wished it would rain and be done with it, or that the trades would blow, or any old thing would happen that would bring relief from the most intolerable day ever experienced in Honolulu.

Friday afternoon murky weather set in and Friday night was the most uncomfortable ever experienced on the island. At midnight Friday night the thermometer registered 79 degrees, with the dew point at 72 and the relative humidity 78. The night was very close and sultry of course under these conditions and sleep was almost out of the question. Even at the break yesterday morning the thermometer stood at 79 degrees, an unusually high temperature for that hour.

For today Professor Lyons predicts light variable winds, with the sky clearing and a little cooler. The cooler will be welcomed by every one.

Strikes From the Shoulder.

Judge Humphreys seems to be striking out from the shoulder, some charge to the grand jury at the opening of the court term in Honolulu should strike terror to men who do evil under cloak of office. The learned judge wants the jurymen to get down to bed rock in the matter of illicit liquor selling and other offenses which in a measure have been overlooked in the absence of a grand jury.—Hilo Herald.

**WOMEN & SOCIETY**

An engagement dinner was given the other day by a woman who lives near Philadelphia.

She decided to have scarlet for all her decorations, and she chose as the flower that was easiest to procure and most effective to manage, the red geranium.

Her centerpiece was arranged in the form of a heart. A tinsmith easily manufactured a pan four inches high in the shape she wanted. This was closely filled with her chosen flower, and trailing vines were deftly arranged to conceal the pan. You have no idea, unless you have tried it, what a charming coloring scarlet and green makes on white nary.

For every man there was a boutonniere of scarlet geranium against a leaf of the variety that is called "sweet." Corsage bouquets of the same flower, tied with scarlet ribbons, were at the other places. The candle shades, of course, were scarlet. The place cards were flaming hearts, with names on them in black, outlined with gold, and whenever it was possible the color was carried out in the dishes that were served.

An old family physician said recently to a young mother who asked for advice toward preserving the health of her infant through the trying heat of midsummer: "Keep your baby's head cool, have him wear a woolen band, and don't talk too much to him." The first caution is certainly needed if a mother has any intention of using a tight fitting cap for her baby's summer wear. Much better are the little caps of pique or muslin, which shade the eyes and yet do not entangle the head too closely. If a cap is used the strings should be left untied most of the time to permit air to circulate over the head. The second caution scarcely needs dwelling upon, as the value of a woolen band as a preventive of summer disorders is well understood. The third warning, scientists tell us, applies all the year around; it was emphasized for the summer because every lessening of strain upon a baby's brain is of value during the heated term. It is a trial of the modern mother to find that the cooling baby talk which her baby seems to follow so wisely and to answer so sweetly may easily be too much indulged in by this pair of close friends. The little mind is attracted and endeavors to center itself upon an effort to reciprocate the mother's fond talk with its own tenderly expressive sounds, and thereby to strain that, too often repeated, is dangerous.

Many of the newest insertion bands are extra wide, and some of the Lyons woven designs have unevenly curved edges, making a rather new finish for the outlines of jackets, skirts, over-dresses and capes of silk or net. In the handsome variety are shown not only insertion bands in cream, black and white, but there are very effective and expensive Oriental lace designs in various colored melanges, and still more beautiful, if less striking, patterns in soft, delicate pastel shades and in devices as dainty and intricate as the rarest Venise or Flemish hand-made designs.

Large collars of fine French batiste in sailor shape, with long slender shawl points that reach to the belt in front, are added to the open jackets and waists of many of the fashionable gowns of transparent material or of satin foulard, summer silk, costume cloth, drap royal and other handsome fabrics. The batiste is remarkably sheer and beautiful in quality, and the collar is edged with a design in Flemish or Venise point in black or ecru. The lace is woven in black and not sewed to the edge of the collar.

Hemstitched ruffles, with or without a tiny Valenciennes or Cluny edge, are the preferred trimmings for some of the newest organdie or Swiss muslin gowns. The waists are finished with hemstitched tucking and entre deux de lace, arranged in various odd and pretty ways.

The latest fad for birthday presents is the white suede or pigskin belt with gold buckles, in which is set the stone belonging to the birth month of the lucky recipient. The monogram of the owner should also still further decorate the buckle.

French women who have visited this country recently declare that American women possess the finest and most carefully tended suites of hair in the world. They profess astonishment at the beautifully dressed hair of even the poorest working girls, any of whom, according to these enthusiasts might, with a little teaching, easily become skilled hairdressers.

Women who have distinguished themselves in art, literature and the drama usually amuse themselves during their leisure hours by following pursuits which are considered toilsome by most women. For instance, Jessie Bartlett Davis, the contralto, is a noted cook; Mrs. Lillian Bell Bogue, the authoress, garnes table linen; Mme. Adeline Patti does quantities of the finest embroidery, and Mme. Calve works in her garden.

The art exhibition which closed yesterday of Hawaiian scenes by the illustrator, L. J. Bridgeman, given at the Kilohana Art League, under the personal supervision of Mr. Bridgeman himself, proved an unqualified success. Mr. Bridgeman has been in Hawaii a little over a month. He has spent most of the time sketching scenes of Honolulu city life. Mr. Bridgeman is from historic Salem, Mass., the famous old town of witchcraft. Most of his illustrating has been on Boston publication and for the Harpers. For years he contributed to the Youth's Companion and other juvenile publications. He is a graduate of Harvard of the class of '80.

Honolulu has at last succeeded in organizing a driving club. It will be known as the Honolulu Driving club and its main object will be the promotion of harness racing.

Captain and Mrs. Calhoun of the ship George Curtis were serenaded last Tuesday evening by a crowd of young people from the home of the Myrtle Boat club. After boarding the vessel

and remaining awhile, the entire party returned to the Myrtle club house and spent the remainder of the evening in dancing.

Mr. James R. Judd, a graduate of the Yale class of '77, and who had the honor of feathering black, starboard side, in the freshman crew, was selected to coach the Myrtle fours at the Peninsular for the coming races in September. Mr. Judd tried for the "varsity eight" which was sent to Henley, England. He is an authority on racing matters. Mr. Judd will put the Senior and Junior Myrtle crews through a physical and dietary regimen, and has predicted victory for the red and white pennant.

On the evening of August 16th the class of Hypnotist McLaughlin assembled at the residence of J. E. Davis, on Beretania street to hold a seance. The gathering was purely of a social character and a most agreeable and instructive evening was passed. Mr. McLaughlin, in a few well chosen words, made an address of farewell. At the conclusion a remarkable test was made. Miss Queenie Davis was the young lady selected for the experiment. At a certain time Miss Davis was to enter an adjoining room and from there hypnotize a young man, regardless of the fact that a wall intervened between them. The experiment was successful. It was but a few moments from the time the young lady left the room before the young man ceased talking, became passive, rocked in his chair, gave a violent start and finally fell back in his chair in a deep hypnotic sleep. Mr. McLaughlin was then called in and some very clever and interesting tests were given.

Mr. McLaughlin is a member of the hospital corps, United States army. He will proceed to China for active service there with the American troops. He will leave on the first transport which stops at Honolulu en route to Manila via Nagasaki or Hongkong direct.

There have been several swell dinners during the past week, but society in general is either away or in a state of quietude, where dressing for dinner or dance is too much exertion. Consequently Empire gowns for the women folk and white coats and trousers for the men folk were featured in the dressing for these small dinners—and very sensibly, too.

The many friends of Miss Florence Russell will be glad to hear of her arrival at "The Gabies," the country place of her father in Hants, England. Miss Russell expects to return to Honolulu in a few months and will make her home in Japan, where she will be married to a prominent man.

Miss Lily Louis will leave for the coast on the Australia. She expects to meet her fiancé, to whom she has been engaged for two years, and will be married some time in September.

Mrs. Walter Maxwell gave a dinner last Tuesday evening for Harold Sewell at the Van Holt place at Waikiki, where she is resting for a few weeks preparatory to going to Australia.

Mr. and Mrs. F. M. Hatch entertained a few friends at Sou-Souci.

Mrs. Clive Davies is fast regaining her health at her father's home in Wimbledon, England. She expects to return to Honolulu some time in October.

Mr. L. Rain Walker gave a most enjoyable luncheon at the Pacific club for Mr. Oscar Sewall. The guests were Mr. F. M. Swanzy, Mr. Francis Hatch, Mr. Harold Sewall, Mr. Clive Davies.

Miss Alice Russell, who has been the guest of Mr. and Mrs. Gilman for some time, will leave by the China for her home in Cambridge, Mass.

Mr. and Mrs. Arthur Brown gave a most delightful dinner Thursday evening in honor of Mr. Brown's birthday. Toasts were given and the occasion was one of great pleasure to the twelve guests.

Mr. and Mrs. Mead gave a card party Monday evening at "The Bungalow."

Mr. Henry Waterhouse and family have returned to Nuuanu avenue.

Mr. and Mrs. E. D. Temy all at Wai-alea for a few days.

The dinner given by Mr. Shaeffer for the Planters' association was a complete success in every way. Last, but not least, from a woman's point of view, were the table decorations. Sweet smelling malle leis were strung irregularly across the long table and suspended from the ceiling. Large bowls of carnations were placed in the middle and on the sides of the table. Loose carnations were thrown at intervals amidst the green leis, making a gorgeous effect, and this color scheme was carried out in every detail. The beauty of the table I am sure save additional zeal to the appetites already sharpened by anticipation.

Mrs. Louisa has cards out for a reception Wednesday afternoon in honor of her daughters, Mrs. Simons and Mrs. Merity.

Governor and Mrs. Dole arrived by the Kinau Saturday afternoon, after a most interesting trip. The governor is looking quite refreshed after his vacation.

**A Minister's Good Work.**  
"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.

- LIST OF POSTMASTERS RECENTLY APPOINTED.**
- Hawaiian Postal Affairs Are Quite Lively in the Nation's Capital—Fourth Class Offices.
- (From a Staff Correspondent.)
- WASHINGTON, Aug. 6.—Hawaiian postal affairs are still quite lively here, and will so continue for some time to come. Saturday the President appointed Luther Severance to be postmaster at Hilo, and the postoffice department announced a big batch of fourth-class postmasters for the Islands. They are as follows:
- Hakala—Dalbith MacKenzie.
  - Hilea—John C. Searle.
  - Holualoa—Luther S. Augst.
  - Honoumou—William Hay.
  - Honokaa—Andrew B. Lindsay.
  - Honopou—George Dawson.
  - Hookona—Hoopili John Ahu.
  - Kapoho—W. H. C. Campbell.
  - Kealakua—Maggie Wassman.
  - Kohala—Mabel R. Woods.
  - Kukuihaele—William Homer.
  - Laupahoehoe—Edward W. Barnard.
  - Mahukoua—John S. Smithies.
  - Napooopoo—Rudolph Wassman.
  - Olaa Piantata—Frank B. Mestocker.
  - Ookala—William G. Walker.
  - Pahala—Thomas C. Willis.
  - Papaalooa—A. C. Palfrey.
  - Papaikou—John H. Bole.
  - Waimea—Elizabeth W. Lyons.
  - Eleele—Elmer E. Conant.
  - Hanalei—Clinton H. Willis.
  - Hanapepe—Hugh H. Brodie.
  - Kealia—John W. Neal.
  - Kailua—Charles B. Hall.
  - Kalapana—Herbert E. Wilson.
  - Olaa—John W. Mason.
  - Punaluu—William P. Fennell.
  - Kilauea—John Bush.
  - Kekaha—Hans P. Faye.
  - Koloa—Mannel A. Rego.
  - Lihue—Charles Hulbert Bishop.
  - Makaweli—John A. Palmer.
  - Waimea—Christopher Blow Ho-gaard.
  - Keomuku—Love M. Vetlesen.
  - Hana—Nils Omsted.
  - Kahului—Richard W. Miller.
  - Kihel—Josiah Chester Long.
  - Lahaina—Arthur Waal.
  - Speckelsville—William J. Lowrie.
  - Kamalo—Daniel McCorriston.
  - Pukoo—Joseph H. Mahoe.
  - Alea—James A. Low.
  - Huula—Christian Andrews.
  - Heia—Arthur G. Hime.
  - Honouliuli—George F. Renton.
  - Waianae—Richard G. Gilliland.
  - Waimanalo—Arthur Irvine.
  - Kahuku—Harrison D. Johnson.
  - Kahuku—Henry K. Oana.
  - Wahiawa—Leonard G. Kellogg.
  - Naalehu—George C. Hewitt.
  - Hamon—Jackson R. Myers.
  - Kipahulu—Andrew Gross.
  - Wailuku—William Tate Robinson.
  - Pearl City (late Ewa)—John Paul Kappeler.
  - Waiialua (late Waiialua Plantation)—William W. Goodale.
- E. S. L.

**'SONNY' CUNHA TO ENTER AT STANFORD.**

Honolulu Boy Who Will be a Big Acquisition to the Athletic Teams.

San Francisco, Aug. 9.—Albert R. Cunha of Honolulu, the Yale varsity catcher and varsity center rush, intends to enter Stanford University next month. "Big Cunha" as he is called, is a physical giant. He is 5 feet 11 inches tall, weighs 250 pounds striped, measures 52 inches around the chest, 42 inches around the waist, and has remarkably broad shoulders.

Cunha is the eldest son of a prominent family in Honolulu, where he was born and where his father is a wealthy wholesale liquor merchant. After completing the four years course and being graduated from the Oahu College, in Honolulu, Cunha, who had been a conspicuous athlete on football and baseball fields and at the native bathing and boating places in the Islands, came to America and entered Yale University in the fall of 1898. He immediately made the freshman football team and in the following spring made the freshman baseball team. The rule requiring one year's residence after coming from another college debarred him from trying for the 'varsity teams then, though he was given apophore more standing and was rated as a member of the class of 1901.

Last fall, however, Cunha came out and entered the field with the varsity candidates, and he secured the position of center rush with ease against the other aspirants. In the spring he made varsity catcher with much the same ease.

Last summer Cunha played catcher for the Burlingame Club baseball team. He expects to catch for the same team in a fortnight at the athletic games at Del Monte. For a big man he is wonderfully quick. Cunha has been staying at the Occidental Hotel, in this city, for several weeks with his mother and a younger brother and a sister. He has become a conspicuous figure on the street because of his great breadth of shoulders, which, despite his height, makes him look almost squat.

"I have received a letter from my father," said Cunha yesterday afternoon, "requesting me to come down to Honolulu on business. Unless something happens I shall return and enter Stanford shortly after the term begins. I have a great many friends who are Stanford men, and I would not now go to any other university. Burnett, the Stanford football captain, was just in to call on me."

The University of California, with so many of its veteran football stars graduated, and Stanford, with a large but mediocre list to choose from, were supposed to be very nearly equally balanced to begin this season. Under the circumstances the acquisition of this big Yale athlete will probably be considered a valuable prize for Stanford.

The Republican is represented by special correspondents at Washington and San Francisco, and has a complete island service.

ALONG THE WATER FRONT.

The City of Peking With Many Passengers From Coast.

THE QUARANTINE OFFICER IS NUNU. EDWARD MAY, F. S. REDFIELD, SHIPS STANDARD AND REPORTER ARRIVE.

Chains and Anchors Recovered—Purser Beckley's Kahuna Wood—Attempt to Float the Norma—Shipping Notes.

Because the captain and officers of the City of Peking were all asleep and nobody but a Chinaman was at the gangway to receive the Federal physician and pilot, the steamer, instead of coming in to the wharf on Friday night, or rather very early yesterday morning, had to wait outside till the doctor got good and ready to go out to her. Dr. Amesse had a good-sized kick coming and he registered it. About fifteen minutes after the Peking was first sighted the pilot boat, with the pilot and physician, started out for her. As it was dark, the lanterns were put out on the buoys marking the channel and everything was in readiness for the vessel to enter the harbor. The steamer was hailed and after fumbling around in the dark for awhile the rope ladder was let over the side and the doctor was informed when he gained the deck that the captain had retired and did not want to go in till morning. A Chinese quartermaster delivered this message. Dr. Amesse left the vessel and as there was no light at the gangway he missed his footing and plunged into the sea. One of the pilot boat boys grabbed him and he was hauled into the pilot boat and he and the pilot returned to shore. When he got home about 3 o'clock in the morning he was very tired and needed sleep. Just about the time he had dozed off into a gentle and untroubled sleep the captain of the Peking got ready to come in. He waited a little while for the doctor and pilot to make their appearance, but they were not forthcoming. He began to get impatient and tooted his whistle and flew signals and did other things to attract the attention of the folks ashore, but it had no effect. As Dr. Amesse is a sound sleeper, he did not awake until the sun was high in the heavens and when he boarded the vessel the second time it was quite a while after sunrise. He did his work in a very thorough manner and about 9 o'clock the Peking docked at the Pacific Mall wharf. The trip from San Francisco was a very uneventful one. The sea until about thirty hours of this port was as smooth as glass almost, one of the passengers describing the voyage as like traveling on a ferry boat. A very large number of passengers came for here, among them being several Honoluluans and their families. About 600 tons of freight were brought for this port. The Peking will sail for the Orient at noon today.

DUNREGGAN DISCHARGING. The bark Dunreggan went to the quarantine wharf to discharge her cargo yesterday. She will discharge 200 barrels of fire clay, 88,000 bricks and 278 barrels of cement. After discharging she will go on the marine railway one end at a time to have her bottom examined and repaired if possible. George Paris, who has charge of the pumping on the Dunreggan, says that she is not leaking very much, as it takes but ten minutes' work every hour to keep her free of water.

HAD NO SUCCESS. The little steamer J. A. Cummins made an attempt to pull the stranded schooner Norma off the reef at Koolau yesterday at high tide, but was not successful. For two hours the steamer tugged on the schooner, but the little vessel seems to have made a deep bed for herself in the soft coral and could not be budged. Yesterday at daylight work was begun throwing ballast out of her to lighten her. She is heeled over on the starboard side and an attempt was made to put her on an even keel. This was also a failure. About a hundred barrels have been used to make her float, but it has been impossible to keep her free of water. For once the pump has not done its duty. Captain Welsbarth came back in the Cummins last night and is disappointed at the failure to move the Norma. He is now debating if it would not be better to sell her as she lays rather than spend more money in an attempt to get her off and repair her. There is a firm here which has offered to buy her, but they will not give Welsbarth what he thinks she is worth, so he will probably put her up at auction and knock her down to the highest bidder.

SIERRA DELAYED. SAN FRANCISCO, Aug. 11.—It is reported that the new steamship Sierra, lately built at Cramps' ship yard and scheduled to sail for this port soon to take her place on the Australian route, will be detained for some weeks at Philadelphia in order to have important improvements made. While in the east some weeks ago John D. Spreckels, it is said, inspected various new steamers and found that the Sierra was scarcely up to date in some respects, although it was no fault of the builder. He gave orders to have the Sierra fitted up like those he had examined. As a result the steamer Mariposa will make another trip to Sydney.

A TALISMAN. A foolish rumor to the effect that the steamer Kinau had gone ashore at Hakalau yesterday was current on the waterfront and later found its way up town. It caused many inquiries to be made at the office of the company. It was impossible to find out where the absurd tale started and Purser Beckley was besieged with questions as to how his vessel got on and off the rocks when he came down the gangway. Beckley laughed at the report and stated that as long as he was on the vessel she could not go on a reef. As proof of his assertion he showed a piece of wood which was given him by a very big kahuna of Hawaii. The piece of wood is many thousands of years old and was a piece of Madame Pele's big war canoe. It is warranted to keep any vessel that carries it free from harm or wreck or disaster of any kind.

TIDES, SUN AND MOON.

Table with columns for Date, High Tide, Low Tide, Moon Phase, etc. for the week of August 14-20, 1900.

MOVEMENTS OF STEAMERS.

Table listing steamers due and to sail today and for the next six days, including ship names, destinations, and arrival/departure times.

ARRIVE.

Table listing arriving steamers: City of Peking, Australia, Hongkong Maru, Marapou, etc.

DEPART.

Table listing departing steamers: Marapou, China, Doric, Warrimoo, Australia, etc.

TRANSPORT ALGOA.

SAN FRANCISCO, Aug. 11.—The policy of the government to secure the very largest vessels available for service between this port and China and the Philippines is again manifested. The Algoa, the largest freighter in the Pacific, has been chartered for the transportation of troops and supplies to China. She is now on the other side of the ocean, having sailed from Hongkong seven days ago. This gives the government the three largest steamships in the Pacific, the Algoa having the largest capacity and the Californian and Strathgyle coming next in order named.

ANCHORS AND CHAIN.

Yesterday the steamer Lehua went out to where the William Carson was moored and with the assistance of Diver Terrill recovered four large anchors and 185 fathoms of chain. It was reported that this was lost, but Captain Tom Clark of the Wilder company did not think so, and the result of the Lehua's trip yesterday shows that he was right in his surmise. After the Carson's moorings had been recovered the Lehua took a trip to where the Dunreggan had slipped her anchor and chain, but could find no trace of it.

OCEAN MYSTERY.

VICTORIA, B. C., Aug. 8.—The steamer Doric, on her arrival at Yokohama, reported that at 9 p. m. on July 14 she passed a steamer in mid-ocean. They saw her lights and heard a whistle and afterward lost sight of her. Soon a piece of wreckage was discovered. The Doric put back and circled around for eight hours, but could find no trace of the vessel seen.

ARRIVED.

August 18. P. M. S. S. City of Peking from San Francisco, passengers and 600 tons freight to H. Hackfeld & Co. Str Kinau, Freeman, from Hilo and way ports. SUGAR ON HAWAII.

The Kinau reports the following sugar on Hawaii: Waialeale, 9,600; H. P. S. M. 1,800; Hainaku, 13,000; Onomea, nil; Pepeekeo, nil; Hakalau, 25,000; Honoumuli, Launapohoe, 3,500; Oakala, 3,000; Kukaiua, 3,300; Paunahau, 2,900; Honokaa, 2,000; Kukuihaele, 2,000; Punaluu, 10,200; Honuapo, 425; total, 76,125.

KINAU'S CARGO.

The Kinau brought the following cargo: 290 sks potatoes, 15 sks corn, 101 sheep, 39 hogs, 1 mule, 12 odds hides, 209 sks sundries.

SHIPPING NOTES.

The Edward May is docked at the old Fishmarket wharf. The schooner W. H. Talbot sailed for the Sound yesterday in ballast. The schooner Okanagan sailed from Port Ludlow for Hilo August 9.

The barkentine Omega, from Honolulu, arrived in South Bend August 8. Delaware Breakwater—Passed up August 9, bark Nuuanu from Kahului. The barkentine Archer sailed from San Francisco for this port August 10. The schooner J. M. Weatherax sailed from Eureka for this port August 10.

The schooner Honolulu sailed from Port Hadlock for New Caledonia August 9. The brig Lurline arrived in San Francisco August 10, nineteen days from Kahului. The schooner Aloha, after discharging here, will go to Laysan Island for a load of guano.

The Waialeale, Nihaui, W. G. Hall, Mikahala and Kauai of the Inter Island fleet are expected today. The Helene will sail for San Francisco today with a very light cargo of sugar and rice. She will take several passengers.

The training ship Adams, now at Mare Island, will leave in a few days for Honolulu with 174 apprentices, who will be given their first sea voyage. The Maui leaves for Kihel on Monday or Tuesday. She takes a large cargo of hay and grain and some heavy machinery for the plantation.

The bark Edward May, Captain Hanson, arrived last night fourteen days from San Francisco. She has a general cargo for Alexander & Baldwin. The Kinau, from Hawaii and Maui ports, arrived yesterday about 2 o'clock. She brought a goodly number of cabin passengers and a great many on deck.

Chief Officer James Rennie of the Mariposa has been laid off one trip to give him a rest. When next he comes here it will be as the captain of the vessel. Captain Houdlette will have one of the new steamers. The steel barkentine Hawaii was successfully launched at Dumbarton, Scotland, August 10th. The vessel is being built for Hind, Rolph & Company of San Francisco and will ply between San Francisco and Australia.

The passenger accommodations on the bark Mohican have all been spoken for. Captain Gray Kelley is having hard work refusing people who want to go with him. He has given up his own room for a passenger who refused to go to the city unless on the Mohican. The schooner F. S. Redfield arrived last night nineteen days from Port Gamble with a load of lumber. As it was dark the vessel anchored off port. The American ship Standard, from Tacoma, arrived and anchored off port last night. She is coal laden and will come in this morning.

Four vessels were spoken by the German ship J. W. Wendt, Captain Nelhoff, 137 days from Hamburg. The first was a British bark showing the letters "MKLD," from London for Honolulu, in latitude 5 degrees 6 min. south, longitude 112 deg. 49 min. west. It wished to be reported all well.

### BOERS ARE STEADILY LAYING DOWN ARMS.

Lord Roberts Reports the Surrender of a Number of Small Bands.

London, Aug. 11.—The War Office today received the following message from Lord Roberts:

"Pretoria, August 10.—Johannesburg reports that a patrol from the water works was attacked August 7th.

"Buller occupied Amerspoort the evening of August 7th. The enemy retired before his force six miles before Amerspoort was reached. The casualties were twenty men wounded.

"Buller was on the north bank of Reitspruit August 9th on his way to Ermelo.

"Buller arrested at Harismith Commandant Marais, three field cornets and thirty armed burghers and a British subject of Natal named Marais; a Boer spy Ebraus, and a former member of the Free State intelligence bureau.

"Hunter reports that 130 burghers, with upwards of a million rounds of ammunition, surrendered August 8th and August 9th, Cloett, a member of the Volksraad was a prisoner with Hunter.

"Kitchener engaged De Wet's rear guard yesterday near Lindeque within hearing of Methuen's guns, six miles northwest.

"Lord Roberts wires to the War Office from Pretoria under yesterday's date, as follows:

"A plot to carry me off has been discovered. It was clumsily conceived. The ringleaders and all concerned are now under arrest.

### Hunter Takes Many Prisoners.

London, Aug. 9.—The following report, dated Pretoria, August 8th, has been received from Lord Roberts:

"Kitchener was informed yesterday by an escaped British prisoner that De Wet's wagons had crossed the Vaal. Afterward I heard the sound of guns, which I think must have been Methuen's, as I directed him to take up a position between Potchefstroom and Lindique, where he could intercept the enemy, who crossed the river at Dewetsdorp. Kitchener is crossing the Vaal with cavalry and mounted infantry.

"Hunter reports that he made 4149 prisoners in the Bethlehem-Harrismith district, a majority of whom are now en route for Cape Town. Three guns and 4000 horses were captured and ten wagonloads of ammunition and 195,000 rounds of ammunition were destroyed.

"The garrison of Elands river, which I fear has been captured, consisted of about 300 Bushmen and Rhodesians. I had hoped that Carrington had been in time to withdraw the garrison, but it seems that Delarey, learning of Ian Hamilton's approach to Rustenburg, hurried westward and surrounded the garrison before Carrington arrived."

### No Interposition for Boers.

Berlin, Aug. 9.—The Foreign Office referring today to the presence of the Boer representatives and of Dr. Leyds in Berlin, said that the delegation was here in an unofficial capacity only and that it was not likely that any power would endeavor to secure favorable terms for the Boers in the final settlement.

### Oahu's New President.

Chicago, Aug. 11.—Rev. Arthur Maxson Smith of California, who took the degree of doctor of philosophy at Chicago University yesterday, will start immediately for Honolulu, where he has been elected president of Oahu College, the largest educational institution in the Hawaiian Islands.

### TRAIN ROBBERS KILLED BY SHERIFF'S POSSE.

Men Who Held Up Union Pacific Train Fight to the Death in Kansas.

GOODLAND, Kan., Aug. 10.—The two men who held up a Union Pacific train near Hugo, Colo., last Sunday morning, killing W. J. Fay, a passenger, and plundering the passengers were killed today by a sheriff's posse at the Bartholomew ranch, three miles east of this place. The robbers were located in the house on the ranch in the morning and the posse lined up and cut off escape. After a fusillade between the robbers and the posse, which J. J. Riggs and Joe Cullins, deputies, were shot, one of the robbers jumped from a window and sought escape, but was shot to death. The posse then laid siege to the house, which the remaining robber stood guard with a Winchester, and finally succeeded in setting fire to the building, which was destroyed, with the captant. The robbers have not been identified.

There is no doubt about the men who held up the train robbers. On the body of the one shot in the morning was found a watch, two black calico masks, a lady's chain and charm and an envelope addressed to some illegible name at Hugo, Colo. He was brought to town tonight. The man in the house had a large roll of bills, those with the robbers. Two were burned. Both men were about 30 years of age and desperadoes, had threatened to shoot several farmers who refused to keep them. The house on the ranch with its contents was used at \$1,200 and will be paid for by the county. The two citizens, Riggs and Cullins, shot in the fight, are doing well and will probably recover.

### OF PERSONAL INTEREST

**Memorial Church of the Prince of Peace.**

Recently there has been erected on the battlefield of Gettysburg a Protestant Episcopal church, known as the "Memorial Church of the Prince of Peace." The first service was held in this unique church on Sunday, July 29, 1900, the following account of the exercises being taken from the Philadelphia Press.

The beautiful building was crowded with people. The interior was magnificently decorated with flowers.

The regular morning Episcopal service was conducted by the Rt. Rev. Ethelbert Talbot of South Bethlehem, the bishop of this diocese. He was assisted in the services by the rector, Rev. W. N. R. Ashmead; Rev. Mr. Radcliffe of Harrisburg, general missionary of the diocese; Rev. Ernest F. Smith of St. Stephen's, Harrisburg; Rev. L. F. Baker, archdeacon, of Harrisburg; Rev. Alex. MacMillan, Carlisle, and Rev. Ernest B. Collins of Chambersburg. The dedication of the church has been postponed until fall.

This church is unique in many respects. It is a memorial church to fallen heroes in the United States. But not only does it commemorate the brave men in blue, but it is a monument to the wearers of the gray as well. In the memorial tower and memorial porch are over 120 memorial stones in honor of the dead of this battle. There are inscriptions to the memory of General Simon Cameron, Brigadier General James St. Clair Morton, General Nathaniel Lyon, Brigadier General Samuel K. Zook, Major General W. S. Hancock, Brigadier and Brevet Major General D. McM. Gregg.

A memorial of special interest is one to Lieutenant Richard Kirkland, company E, Second Regular South Carolina Volunteer Confederate, who was killed at Fredericksburg while carrying water to wounded Union soldiers.

There are also stones to the "Friendless and Unknown" and "Our Nation's Dead."

Shortly after the war the project of erecting a memorial church on the battlefield was planned, and for some years was pushed with much enthusiasm, \$20,000 being collected and many memorial tablets secured. The cornerstone was laid in 1888, on the twenty-fifth anniversary of the battle. Then the work was abandoned until within the last two years, when Bishop Talbot became interested and funds were raised to finish it. The building is now completed at a total cost of \$28,000. To assist in raising this amount the picturesque old chapel, which has been used for over twenty years, was sold.

The seating capacity of the new church is 300. The walls are built of granite taken from the battlefield and laid in broken range work. The chancel arches are cased in pressed brick. The roof is made of North Carolina pine, dressed with Jack rafters. The windows are of Venetian glass. There are large windows in the roof. The furniture, altar, etc., have been presented in memory of friends.

Text of the Telegram Sent by the United States Demanding Cessation of Attacks on Legation.

Washington, Aug. 9.—The capture of Yang Tsun, the first objective point of the international forces, was the supreme news of importance received today on the Chinese situation. The first word of this capture, effected last Monday, came to the signal office at the War Department from Colonel Schriener, the general officer at Chefoo, as follows:

"Chefoo, Aug. 9.—Signal, Washington: August 6.—Yang Tsun captured today. Wire up. Need more transportation. All well.

"SCHRIENER."

Half an hour after this message a telegram came from General Chaffee, giving additional details of the capture and showing that it had been at the cost of about sixty casualties among the American troops. General Chaffee's dispatch is as follows:

"Yang Tsun, August 6.—Yang Tsun was occupied today. Wounded: Second Lieutenant Frank R. Long, 9th Infantry; casualties about sixty men of the 9th United States Infantry, 14th United States Infantry and Battery F, 5th United States Artillery. Names later. Many men were prostrated by heat and fatigue. CHAFFEE."

Hardly less important was a dispatch from General Terauchi, second in command of the Japanese staff, sent to the War Office of Japan and transmitted to the legation here, saying that the international army would total up 50,000 men on August 15th to advance on Peking. This dispatch stated that on the 4th, when it was forwarded, the advance had not begun. This was at first incomprehensible, in view of the fact that fighting has actually occurred. But the later statement that the international force would total 50,000 men on the 15th appears to make clear General Terauchi's meaning and to reconcile it with General Chaffee's dispatches. The present movement of some 15,000 men doubtless is viewed in the light of a reconnaissance in force,

the main movement of the army of 50,000 to follow on the 15th. This makes clear the meaning of General Chaffee's dispatch that Yang Tsun was the objective point. The War Department has been puzzled on this point.

It would appear, however, from General Terauchi's dispatch that the first force of 16,000 men, having opened communications to Yang Tsun, brought forward supplies and established this advance base. The way would then be clear for the advance of the larger force on the 15th. The capture of Yang Tsun is, therefore, an important strategic branch of the fast maturing military plans. The place is about eighteen miles beyond Tien Tsin and a little less than a quarter of the way to Peking. Colonel Schriener's statement, "Wire up," contains much meaning, as it is explained as showing that there is telegraphic communication with the army in the field. Aside from the assurance that this gives speedy transmission of news from the front it gives the additional assurance that the line is intact back to the first base of operations. The capture of Yang Tsun on the day following the battle of Peitsang is regarded as a highly successful military achievement and especially in view of the fact that it was looked upon as a stronghold, whose capture might give the foreigners considerable trouble.

Aside from the military developments of the day the diplomatic aspect was made clearer by the publication of the demand made by the United States upon the Imperial government of China and transmitted to Minister Wu last evening.

The document is as follows: "We are availing ourselves of the opportunity offered by the Imperial edict of the 5th of August allowing to the Foreign Ministers free communications with their respective governments in cipher, and have sent a communication to Minister Conger, to which we await an answer.

"We are already advised by him in a brief dispatch received August 7th that Imperial troops are firing daily upon the Ministers in Peking. We demand the cessation of hostile attacks by Imperial troops upon the legations and urge the exercise of every power and energy of the Imperial government for the protection of the legations and all foreigners therein.

"We are also advised by the same dispatch from Minister Conger that in his opinion for the foreign Ministers to leave Peking as proposed in the edict of August 2d would be certain death. In view of the fact that Imperial troops are now firing upon the legations, and in view of the doubt expressed by the Imperial government in its edict of August 2d, as to its power to restore order and secure absolute safety in Peking, it is evident that this apprehension is well founded, for if your government cannot protect our Ministers in Peking, it will presumably be unable

to protect him upon a journey from Peking to the coast.

"We therefore urge you and the Imperial government that it shall adopt the course suggested in the third clause of the letter of the President to His Majesty, the Emperor of China, of July 23, 1900, and enter into communication with the relief expedition so that cooperation may be secured between them for the liberation of the legations, the protection of foreigners and the restoration of order. Such action on the part of the Imperial government would be a satisfactory demonstration of its friendliness and of a desire to attain these ends."

(Signed.) "ALVEY A. ADEE,  
"Acting Secretary, Department of State, Washington, August 9, 1900."

**Good Medicine for Children**

If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhoea so common to small children. O. P. M. Holliday, of Deming, Ind., who has an 11-months-old child, says: "Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water, and he got better at once." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.

**POLICY OF CONSERVATISM.**

While the Provident Savings Life has adhered to the past policy of conservatism which has commended it to the insuring public, it has, during the past two or three years, found ready favor with the public because of its progressive spirit, and will doubtless in the future expand its business in even a more surprising degree.—Financial Review. I. R. Burns, resident manager, office in new Maagoon building.

**PRIMARIES.**

Pursuant to a resolution passed at a meeting of the Executive Committee of the Territorial Central Committee of the Republican Party in the Territory of Hawaii, a call is now issued for Primary Election to be held in the various precincts on Saturday, September 1, 1900, for the purpose of electing delegates to a District Convention; the polls will be open from 3 p. m. to 9 p. m.

These are the rules and regulations of the Republican party in the Territory of Hawaii, governing precinct clubs:

**ARTICLE I—PRECINCT CLUBS.**

Section 1. The unit of organization shall be the precinct clubs.  
Sec. 2. There shall be a precinct organization in every election precinct.  
Sec. 3. Every person legally enrolled, in the various precinct clubs, shall be a member of the precinct club when permanently organized.  
Sec. 4. The officers of each precinct club shall be a president, secretary, three judges of election, and such other officers as the by-laws of said precinct may provide. No initiation fees or dues shall be charged the members of any precinct club. All officers shall serve for one year, or until their successors are elected. Any duly enrolled member of the club may be eligible to hold office.

Sec. 5. The duties of these officers shall be those usual to said officers, and such as may be provided for in the by-laws of each precinct club. The three judges of election shall be sole judges at all primaries.

Sec. 6. No less than one-fifth of the members enrolled shall constitute a quorum for the transaction of business.

Sec. 7. The president and secretary of each precinct club shall act as a revising board of the roll of the precinct club, and from time to time shall meet and revise said roll, so that it shall consist of only such members as still reside in said precinct; but no member on the old roll shall be admitted if he still resides in said precinct.

Sec. 8. Each precinct shall at the primaries elect, besides the officers aforesaid, delegates to the district committee.

Sec. 9. Each precinct shall be entitled to elect one delegate to said district committee for each 25 votes cast in said precinct for the Republican ticket at the preceding election. Whenever, after dividing said Republican vote by 25, there is a remainder of 15 or more, then the precinct is entitled to an additional delegate, but each precinct shall be entitled to at least one delegate to said district committee, although the Republican vote, as aforesaid, in said precinct shall be below 25.

Sec. 10. Any person who is a duly enrolled member of a precinct club shall be eligible as a delegate to the district committee.

The above rules and regulations of the Republican party in the Territory of Hawaii are also published in accordance with a resolution passed at the same meeting referred to above.

The committee urge upon all the officers and members of all precinct clubs, the importance of prompt and harmonious action in relation to the above call.

GEO. W. SMITH, Chairman.  
E. R. HENDRY, Secretary.

**District Committee.**

Pursuant to a resolution passed at a meeting of the executive committee of the Territorial central committee of the Republican party in the Territory of Hawaii a call is issued to the delegates who shall be elected at the primary to meet on September 6 or 7 for the purpose of electing delegates to a territorial convention and the nomination of candidates for senators and representatives from the respective districts to the territorial legislature.

These are the rules and regulations of the Republican party in the Territory of Hawaii, governing district committees:

**ARTICLE II DISTRICT COMMITTEE.**

Section 1. Each district committee shall consist of delegates from the precinct clubs in said district.

Sec. 2.—Each district committee shall meet when notified to do so by the territorial committee and shall elect the following officers: President, vice president, secretary, treasurer and such other officers and standing committees as it may be entitled to.

Sec. 3.—Any duly enrolled Republican shall be eligible as a delegate to the territorial committee from the district in which he resides.

Sec. 4. Each district committee shall be charged with the general care and supervision of the affairs of the party within its district, subject to these rules and regulations. It shall take such measures as it deems necessary and expedient to secure the organization and maintenance of precinct clubs in every precinct and secure the co-operation of all Republican voters with the party organization, and shall, under the control of the territorial committee, have charge of all campaigns in the district. It shall decide all disputes from the precinct organizations and contests within said district as to primary elections.

Sec. 5. District committees may hold regular or special meetings as may be provided in their by-laws and not less than one-third of the members shall constitute a quorum.

The above rules and regulations of the Republican party in the Territory of Hawaii are also published in accordance with a resolution passed at the same meeting referred to above.

The committee urges upon all the officers and members of the district committee the importance of prompt and harmonious action in relation to the above call.

GEO. W. SMITH, Chairman.  
E. R. HENDRY, Secretary.

**To Those in Quest of A RUG...**  
 To Intending Purchasers of Rugs we would state that just before the change in tariff we received a large and varied assortment of  
**Japanese Rugs**  
 By purchasing these Rugs before the change, a saving of about fifty (50) per cent. was effected, which our customers are to profit by, as we do not intend, at present, to increase the price but will sell them, while they last, at the old figure.  
 Under these conditions, a buyer here can now purchase these Rugs for much less than they are sold for on the mainland.  
 We have made a display of these Very Handsome Rugs in our large, central show window, where their beautiful designs and harmonious coloring is sure to attract attention.

**TRIPPING RACES AT KAPIOLANI PARK.**  
**GOOD SPORT THREE YESTERDAY FOR THE LOVERS OF THE HORSE.**  
 Judd's Mongoose Wins the Twenty-Fourth Class and the Same Driver's Pat Takes the Other Race.  
 The sport at Kapiolani park yesterday afternoon was the best that has been witnessed there since the June race meeting. The horses broke out few times during the races, but unaccountably these breaks came just at the wrong time.  
 The first race was for gentlemen's roadsters of the 2-40 class, one mile, best two in three. Three horses were entered in this event—Mongoose, driven by Judd, Billy, driven by Diggs and Sadie, driven by Bellina.  
 After two or three trials a good start was made. The racing was pretty even to the first quarter. Mongoose leading Billy by about two lengths and Sadie beginning to drop away like water from an icicle when the sun strikes it. In the second quarter Billy began to crawl up, and by the time the half was reached had almost caught the leader, but just at this point he broke badly, losing the race through this fault. Sadie decided to take a rest, while Bellina had lunch.  
 At the third quarter Mongoose still led, but owing to Billy's break had increased her lead to four lengths. Billy now showed wonderful tenacity and against serious odds fought gamely to the finish, making up half of the lost ground. Mongoose crossed the line first in 2:43, finishing two lengths ahead of Billy. Sadie came in after the other two horses had gone to the stable.  
 The second race was the race of today from a sensational standpoint. It was a mile affair for three minute class. Lady Lightfoot, a Christmas tree horse, was driven by Bellina. Pat was driven by Judd, Bones by Decker, Jr., and Charley by Doc Monsarrat. After some splendid riding, the race went away in good style. They had barely started before some one attempted a stunt that ended fatally for a sulky driver and the hopes of the betting aggregation who had their money on the unfortunate horse. Bones had the pole, with Pat next and Charley next. In some way Charley was forced behind and in trying to place himself nearer the pole ran square into Decker's sulky. Decker got clear, but the left wheel of the doctor's rig, without consulting anybody's feelings in the matter, had the impudence to give way, throwing the rider to the ground. The other three went on without waiting to help their crippled companion, the doctor returning to the stables. In front of the judge's stand Doc waxed eloquent in his wrath and said several things that are only put in printing in the form of blanks. The grand stand went wild and called for each other which was immediately forthcoming with such an effect that several ladies in the audience were heard to remark now cool it was. In the meantime the remaining horses were well away. Pat had passed the first quarter two lengths ahead of Bones, who led Lady Lightfoot by four lengths. The race was reached in the same order, the distance between them remaining the same. Bones now began to crawl up, and by the time the third quarter was reached was but very little to the bad. By this time Lady Lightfoot had ceased to be in it. They entered the stretch in full swing, but the last spur had been too much for Bones, although he hung to it in a game fashion. He broke just before the finish. Pat passing under the wire an easy winner by two lengths. Time 2:51.  
 Mongoose and Billy were the only horses to enter the second heat of the 2-40 class. This was the prettiest race of the day. At the first furlong they were neck and neck. At the quarter Judd's horse led by a neck. From this point on the five-eighths pole the positions remained unchanged. In the sixth furlong Diggs began to urge his animal a trifle, so that by the time the three-quarters was reached they were neck and neck again, and at the seven-eighths post Diggs had opened a lead of half a length. Time 2:51.  
 Billy went into the air and before he was under way again the race was a sure thing for Mongoose, who crossed the line three lengths ahead 2:36 3-4.  
 The last race was in the nature of a procession. Bones withdrew and Lady Lightfoot entered so that in case anything was dropped by the other two she might pick it up for them. Pat started off leading Charley by two lengths. In this way they traveled until the third quarter was reached, when the distance diminished to a length. They swept into the stretch well together, when one of those inevitable breaks gave the race to Pat, who crossed the line in 2:50, three lengths to the good.

**DOINGS OF CIRCUIT COURTS YESTERDAY.**  
**Important Decision in the Street Railway Matter—Henry Divorce Granted—Other Matters.**  
 An important decision in the case of J. A. McCandless vs. The Hawaiian Tramways company was rendered yesterday by Judge Humphreys. It was on oral decision and sustained the contention of the plaintiff's bill for injunction in every point. The court's decision was unreservedly against the tramways company and the government officials were complimented by the judge on their endeavors to protect the public interest.  
 Yesterday's decision follows the decision of a week ago in which the Rapid Transit company brought suit against the tramways company for an injunction to compel the defendants to stop work on the laying of a double track. That decision was decided in favor of the tramways company.  
 The ruling of the court yesterday made the bill of injunction a perpetual one. The court remarked that Superintendent McCandless and the attorney general had been criticized for their course in the matter for the reason that they were alleged to be interested in the Rapid Transit company. Judge Humphreys thought that the gentlemen were to be complimented for

**AMUSEMENTS.**  
 A crowded house was in attendance at the Orpheum last night, many being glad to secure standing room. The ulu boohla was one of the features of the evening. Hen Wise was a little off in this part last evening, but today he attended a "tune" and intended to make a special lesson and promises much better next week should there be a request for this act.  
 The quartette rendered a few choice selections which were well accepted. The closing sketch in which the whole company took part, was very funny. A change of program is on for Monday night, in which a new sketch, written by Mr. Allen Dunn, will be produced.

**Does the Mosquito See His Finish?**  
 At length the government of the United States, as represented by that agile and alert body, the bureau of entomology of the department of agriculture at Washington, is to wage war on the sometimes malaria breeding and always pestiferous mosquito.  
 An army of dragon flies is being recruited for the purposes of this war and these winged soldiers will be distributed throughout the country and appear for their services. There appears to be no doubt that a mosquito is immensely to the taste of the dragon fly, and he is unlikely to weary of it, even for a moment.  
 According to experiments conducted by Chief Howard of the bureau of entomology, as described in the New York Journal, two active and robust dragon flies in a cage devoured no less than 500 mosquitoes in 6 hours and 40 minutes. If two can do so much, 2,000 dragon flies can accomplish marvels.  
 Given a reasonable supply of dragon flies within easy reach of the pervasive mosquito of Staten Island or the shores of "Jersey," and one of the most troublesome and elusive pests known to America may be eliminated even from its chosen homes on marsh and lowland.  
 Is the mosquito soon to see his finish in America?  
 The Republican is represented by special correspondents at Washington and San Francisco, and has a complete island service.

**NEWS OF THE TOWN**  
 Colonel Sam Parker returned in the Kinoo yesterday.  
 Andy Brown is on the street again after a sick spell.  
 Governor and Mrs. Dole returned from Hawaii in the Kinoo.  
 W. E. Beckwith and bride arrived in the Peking yesterday.  
 Wray Taylor, the commissioner of agriculture, is visiting Hilo.  
 Edgar and Norman Halstead and wife returned in the Peking.  
 A large delivery wagon for the new ice company arrived on the Peking.  
 The local hospital corps men ordered for duty to the far East expect to leave on the transport Siam.  
 H. E. Waity, who sailed for the coast in the Mariposa, goes on business in connection with the taking up of the Kona Sugar Company's bonds.  
 The addition of many new benches to the grounds of the Capitol building will be greatly appreciated by those present at the band concerts in future.  
 A lot of samples of wire lathing have been sent here for trial. Some made of very thin sheet iron are also among the lot.  
 Announcement is made of the engagement of Miss Elizabeth Kilyth Livingston, niece of Mr. and Mrs. Van Burgh Livingston of New York city, to Charles James Welch, head of the firm of Welch & Co. of San Francisco and New York.  
 Two very fine bay driving horses were brought down on the Peking for B. F. Dillingham. While in the east Mr. Dillingham bought some very fine rigs, which will be seen soon on the streets. They also came on the Peking. Among the vehicles purchased was a tally-ho for the hotel at Waialua.  
 Says the Hawaii Herald of Hilo: "Chief Justice Frear and wife were taken to Kaunama by Sheriff Andrews on Tuesday to view the waterheads of the Olaa Sugar Co. They were astonished at the volume of water obtained there and Sheriff Andrews is of the opinion that the flow will be sufficient for the Olaa and Kaunama lands. Another waterhead in the vicinity will be utilized for irrigating some of the Pihonua lands. Yesterday they left for Puna with Deputy Sheriff Lyman."  
**Yesterday's Ball Game.**  
 The game of baseball at Punahou yesterday was won by the Judd building aggregation, who defeated the E. O. Hall & Son's team by the score of 26 to 19. The work of Castle for the victors in the box was especially good. P. M. Landsdale also did good work with the stick. The fielding of both teams was poor.  
**Hawaiian Sugar Company.**  
 At a meeting of the stockholders of the Hawaiian Sugar company yesterday amendments were proposed to several of the by-laws. The shares were increased from 20,000 to 100,000, while the par value was placed at \$20. The time of the annual meeting was changed from October to February. The time of giving notice of proposed amendments was changed from one month to two weeks. There were 10,930 shares represented.  
**First Team Won.**  
 The match shoot between the first and second teams of the police force took place at Iwilei yesterday. The first team had but nine men against ten men in the second team, but the first team won handsily. The score was: First team, total 945; second team, total 307. Jim Kupieha and George Hubbell of the first team made 42 and 41 respectively. Captain Kane also of the first team, had the next highest score. He made 40. The highest score made on the second team was 40 by Moan, and the lowest score made was 21.  
**Of Interest to the Ladies...**  
 Few women care for the hair as they should. When the hair begins to come out they are alarmed. It would be much better if they give it more attention when it is in a healthy condition. The first requisite in the care of the hair is a GOOD TONIC. Just the kind we keep. Our Hair Tonic will kill dandruff. Stop the hair from falling out. Cure itching of the scalp. Make the hair soft and glossy. It keeps the hair and scalp in a healthy condition.  
 Try a bottle and give it a trial.

**MUST KNOW SOMETHING OF ENGLISH LANGUAGE.**  
 Judge Estee Refuses to Naturalize Man Who Couldn't Read Nor Write It.  
 Several sturdy sons of Portugal were made citizens by Judge Estee yesterday. Some of them were merchants. Most of them were laboring men. One of the applicants was refused citizenship because he could neither read nor write English.  
 It was announced in the District Court yesterday that on account of the illness of District Attorney Baird any further consideration of the habeas corpus matter of Lau Sam would have to go over. The brief of the petitioner in answer to the brief of the attorney general was filed and the case submitted.  
 C. J. Burt, a native of Sweden, was naturalized.  
**TALKS OF HIS MISSION.**  
 B. F. Dillingham Says He Accomplished All He Went East For.  
 B. F. Dillingham, the noted promoter and financier, arrived on the Peking yesterday from the mainland, where he has been spending the last nine months. When interviewed last night by a Republican reporter he said: "No, I had no trouble at all in interesting eastern financiers in Hawaiian sugar stocks. Everywhere I went, both in the far east and in California, I met with the greatest success. I secured enough money to make it sure that here will be no new assessments on Oiaa for several months.  
 I intended to place the bonds in the market in Honolulu, as money seems to be a trifle tight now, for what reason I do not know. Some of the bonds will be placed on the New York market and some in California. Stocks will soon be up again as soon as the new influx of money comes. While in New York I suffered considerably from ill-health, but I can say that now, thanks to California, I am in as good health as ever before in my life. Yes, I am thankful to say that I fully accomplished the object of my mission."

#### BOB FITZSIMMONS IS AGAIN A VICTOR.

Knocks Out Big Gus Ruhlin in the Sixth Round of a Lively Mill.

New York, Aug. 10.—In a fight that for punishment, slugging and blood exceeded anything ever seen in the East since the Horton law went into effect, Robert Fitzsimmons, the ex-champion heavyweight pugilist of the world, literally beat Gus Ruhlin of Akron, O., into a state of unconsciousness in the sixth round at Madison Square Garden tonight.

Ruhlin, because of his signal victory over Sharkey last June, was considered the coming man in the heavyweight class. It had been said of him that, coached by Corbett and Madden, he had developed into a pugilist capable of winning the laurels away from Jeffries, to say nothing of defeating the veteran Fitzsimmons, who was knocked out by Jeffries a year ago. It was also said of Ruhlin that he would show in tonight's fight improved form, increased speed and wonderful ability in every respect, so that the crowd of 15,000 spectators who packed the great arena to see the contest expected to see an exhibition of the manly art by Ruhlin that would be far above the average.

Ruhlin had the public support as far as the betting went, though there was so much Fitzsimmons money floating about that no odds either way existed when it became time for the men to put up their hands. But before the bout had been under way two rounds it was demonstrated beyond the question of a doubt that Fitzsimmons was by no means played out and was there to put up a fight far better than anything he has shown since he whipped Corbett at Carson. From almost the first sound of the bell Fitzsimmons out-fought and outgeneraled Ruhlin. The latter was at times helpless in point of scientific methods and was also at sea as to the proper way in which to conduct the battle. Ruhlin probably depended upon the clever advice of Corbett and Madden, but in that dependence he went too far. Fitzsimmons put up such a fast fight from the start that Ruhlin had no time to think and he was soon bewildered.

In the second round Fitz showed what a terrible puncher he is by landing a left hook straight upon the jaw and then whipping it fairly into the pit of the stomach. The latter blow doubled Ruhlin up like a jackknife and was powerful enough to take all his steam away. Ruhlin went down hard and took the full count. He was in such distress that when he went to his corner it did not seem possible

for him to continue, but his seconds fixed him up and his remarkable physique brought him around so that in the third round he was pretty well recovered. Still Fitz had the better of it from that time to the end, and whenever he landed a punch upon a vital spot he had the big Ohio fighter staggering all over the ring.

#### Reports of Steyn's Suicide.

London, Aug. 10.—It is persistently rumored in Lourenco Marques according to a dispatch to the Daily Telegraph dated yesterday that Mr. Steyn has committed suicide.

#### EXPRESS MESSENGER

##### KILLED BY ROBBERS.

Evidence of a Desperate Fight to Protect the Valuables in His Charge.

COLUMBUS, O., Aug. 11, 1 a. m.—When the Pennsylvania express, which left Cincinnati at 8 o'clock last night, arrived here shortly before midnight it was discovered that train robbers had looted the express car and killed the messenger, Charles Lane.

Where the robbery and murder were committed no one knows, but it is surmised that the robbers boarded the train between Milford Center and Columbus. Milford Center is twenty-eight miles from here and the train stopped there to let off a passenger. When the local express agent went to the car to put on some packages he found the door locked. Repeated knockings at the door failed to bring any response and an entrance was forced.

Express Messenger Charles Lane was found dead in one corner of the car, shot eight times in the body. By his side was his own revolver, every cartridge of which had been fired. Blood bespattered the walls, boxes and packages and everything showed that Lane had made a desperate struggle to protect his charge.

The safe in which the money and valuables had been placed was empty. It is believed the robbers got \$45,000, as this train usually carries a large amount of money.

#### BAND CONCERT.

The band will play this afternoon on the grounds of the capitol at 3 o'clock. The following beautiful program has been arranged. It ought to attract every music lover in Honolulu:

- PART I.
- "The Old Hundred."
- Overture—Zampa . . . . . Herold
- Gloria—Twelfth Mass . . . . . Mozart
- (a) Waltham's Dream Song. (b) Siegfried's Love Song (new). Wagner
- Reminiscences of Mozart . . . . . Godfrey
- PART II.
- Reminiscences of All Nations. Godfrey
- Ballad—That Low, Soft Refrain. Itzel
- Fantasia—In Switzerland . . . . . Hume
- Finale—Il Trovatore . . . . . Verdi
- The Star Spangled Banner.

#### SAN FRANCISCO SHOWS PREPARATIONS FOR WAR.

(Continued from Page 1.)

being scheduled to leave here August 11th, had only a few days to discharge her cargo and take on a new one. And that is why Captain Smith was angry.

The Rev. William Morris Kincaid, pastor of the Central Union church in Honolulu, is in the city, with his daughter. After a brief visit with friends in San Jose and Minneapolis, Mr. Kincaid will place his daughter in Smith's College, North Hampton, N. Y., and he himself will return to the Islands, leaving here October 2d.

There is nothing in the way of news concerning the Hawaiian Islands at the army or navy headquarters in this city. It is generally understood that the batteries of the Sixth artillery, now stationed at Honolulu, will be left undisturbed, no matter what general mix-up of troops may become necessary in the near future.

ALBERT MAY.

#### PRINCE DAVID AS A HOST.

Gives a Luau to Friends at His Waikiki Residence.

Prince David, the type of Hawaiian hospitality, gave a luau to his many friends at his Waikiki residence last night. The prince never was seen to better advantage than he was last evening when sitting at the head of the board with a red carnation in his button hole. He played the host as he alone can do it.

The Royal Hawaiian Quartette was in attendance and during the evening sang their sweetest and played their best. All the guests had on red leis, the green male also being quite conspicuous. Around the table sat many of the most prominent people in Honolulu. Mrs. Hodge sat on one side of the host and Mrs. M. C. Hassen was on the other. Collector Hayward sat a little further to the left and a little further along sat Billy Cornwall. Alice McIntosh sat a little further on. Commodore G. K. Beckley, just arrived on today's Kinau, also was a member of the party. At the foot of the table sat general Sam Parker. On his left was Mrs. K. Nawahl and on his right was Mrs. Irene Brown. Mrs. Helen Wilder Crafts sat near by, while Fern McGrew was also in evidence. Still further along the table sat Messrs. Allen Croft and Walker, while near them but on the other side of the table sat Edward Pollitz, the well known financier.

After the luau toasts were given by quite a number of the party.

#### It Saved His Baby.

"My baby was terribly sick with the diarrhoea, we were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Dzak, of Williams, Or. "I am happy to say it gave immediate relief and a complete cure." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.
