## FEDERAL JUDGESHIP REPORTED IN DOUBT

**Judge Kepoikai Is Declared to Be a Favorable Candidate.**

### EFFORTS FOR CAYPLESS FAIL

**PROTEST FILED AGAINST ROBINSON ON GROUND OF HIS SHORT RESIDENCE.**

District Attorneyship Contest a Lively One, But Wyoming Delegation Wins With Breckons—Nomination of W. J. Robinson Sent to Committee on Pacific Islands.

(SPECIAL CORRESPONDENCE.)  
 WASHINGTON, Dec. 21.—Two of the most important Federal offices in Hawaii have been under consideration during the past two or three weeks, and particularly during the last few days. After the meeting of the Cabinet on Tuesday last, Attorney General Knox announced that the President had decided to make the following appointments in Hawaii:  
 For third judge of the Circuit Court, W. J. Robinson, of Hawaii.  
 For United States Attorney, Robert J. Breckons, of Wyoming.  
 Edgar Cayless Endorsed.

It was only on the day before this announcement was made that Delegate Wilcox visited the White House and recommended another candidate for the judgeship. Mr. Wilcox was accompanied by Edgar Cayless of Honolulu, and that gentleman was the one recommended for the judgeship. Mr. Cayless passed the winter in Washington two or three years ago, working in the interest of legislation for Hawaii, and is rather well known here. He was also endorsed for the judgeship by Harold Sewall, who was, until a short time ago, the member of the Republican National Committee for Hawaii. Both of these endorsements were not sufficient, however, to land the place for Mr. Cayless, and the matter was practically settled by the recommendation of Attorney Knox to the President to appoint Mr. Robinson.

**District Attorneyship.**  
 The contest for the district attorneyship was a lively one. The most prominent Hawaiian candidate for the place made vacant by the death of Col. Baird was Assistant Attorney Dunne, but powerful influences were brought to bear in favor of Mr. Breckons.

The latter had the endorsement of Senator Warren and other prominent Senators and Representatives from the West, and his candidacy was helped somewhat by the fact that he comes from the same state from which the late Col. Baird was appointed.

**Robinson Before Committee.**  
 The nomination of R. W. Breckons for United States Attorney and W. J. Robinson as Third Judge of the Circuit Court for the Territory of Hawaii have been referred to the Committee on Pacific Islands and Porto Rico, of which Hon. Joseph B. Foraker is chairman. The nominations were made on Wednesday, a day before the close of the session before adjournment for the holiday recess.

It is understood no objection has been filed with the committee to the nomination of Mr. Breckons, but that a protest against a favorable report on the nomination of Judge Robinson has been filed. This protest is based, it is said, on the claim that Mr. Robinson has not been a resident of the Territory a sufficient length of time to qualify him for the position to which he has been nominated. It is believed this contention will not be supported by the committee and his confirmation will follow as soon as Congress reassembles.

There was a report circulated in town, after the arrival of the Sonoma yesterday, that the appointment of Third Judge of the First Circuit would be given to Judge A. Noah Kepoikai instead of United States Commissioner Robinson. This rumor was traced to Louis T. Grant, who received the information from a newspaperman in San Francisco. Attorney F. M. Brooks, who returned with his wife in the Sonoma, was told by C. H. Bishop of Lihoe, Kauai, that Kepoikai was appointed.

Second Circuit comprising Maui, Molokai and Lanai, at the overthrow of the monarchy. Not being prepared to change his allegiance suddenly, he resigned the position. At present Judge Kepoikai is a member of the Fire Claims Commission. He is a man of property and good education.

## CLASHING OF TONGS AT WAR

### JAPANESE ENGAGE IN A RIOT

**ATHLETIC EXHIBITION ENDS IN PICTURESQUE STRIFE OF BROWN MEN.**

Peaceful Community Aroused to Activity and Put on the Defensive. Two Hundred Japanese Agree to Disagree and Their Troubles Were Interrupted by Arrival of Police.

Shouts and cries in a strange tongue emanated from a vacant lot in the vicinity of Kinau and Pilko streets yesterday afternoon.

Peaceful residents in that neighborhood were at the same time treated to a celebration which was not exactly posted on the New Year's bill of events.

About two hundred Japanese in battle array, were mixed up in picturesque and indescribable confusion when officers visited the scene.

The very atmosphere was surcharged with disorder and disturbance. To a timid populace, the Japanese appeared as if giving a realistic representation of the siege of Tokyo.

### Athletics Cause Trouble.

The trouble was brought about by some differences arising at an athletic exhibition given on the vacant ground formerly used as a baseball field. A large crowd of Japanese had assembled to witness the prowess of their countrymen on the field. Wrestling formed the major portion of the sporting events.

However, the promoters of the affair reckoned without their host. They failed to take into consideration the feeling sometimes existing between rival factions of the Japanese. The various clans existing among the little brown men were present at the impromptu contest. Warring tongues soon clashed. The impact was riotous. A disagreement over the decision of a referee set the ball to rolling. The deliberation of a water front debating society in its wildest flights would have proven a soothing lullaby to the confusion that existed in that peaceful community.

### Residents Call Police.

Dr. Sinclair living in close proximity to the trouble quickly sought his telephone and sent out a call for blue coated assistance. Q. M. Berry also reached the same decision and frantically appealed to the police to check the row. The clanging bell of the patrol, as it neared the scene of lawlessness and revelry perceptibly dampened the ardor of the belligerents. They scattered like dust on Honolulu's thoroughfares on a windy day.

When the cordon of police reached the lot, there was little else than a well-tramped grass plot, and a few distracted citizens to show that trouble had really existed. No arrests were made and the officers sadly made their return.

### Home Rule Republican Clubs.

The Home Rule Republicans will organize clubs in all the voting precincts. Kanila and Prince Cupid Kalaniana'ole will tour the different islands looking after the organization.

### Dunne May Go to 'Frisco.

United States District Attorney Dunne will probably go to San Francisco to argue the Bishop Estate land condemnation case for the Government before the United States Circuit Court of Appeals for the Ninth Circuit, defendant's appeal having been perfected.

### One More Test Case.

It is said that another suit to test the validity of the Income Tax law will be instituted in the near future. The Oahu Railway & Land Company will be the plaintiff. It is contended that the railway under its charter, cannot be expected to pay this tax. The contention is based on section 576 of the Civil Laws of 1897. The railway company has not yet paid its income tax.

## NO PROGRESS WITH A PACIFIC CABLE

**Many Measures Introduced for the Consideration of Congressmen.**

### PUGET SOUND WANTS TERMINUS

**NORTHWESTERN MEN PROPOSE ROUTE VIA ALASKA AND SIBERIA.**

House Committee on Commerce Decides to hold Hearing on January 4th when Mackay Interests will attend. Becomes Somewhat Complicated—President's Advice.

### (SPECIAL CORRESPONDENCE.)

WASHINGTON, Dec. 21.—No material progress has been made during the present session of Congress toward the passage of legislation for a Pacific cable. The House committee on commerce, however, decided at its first meeting to hold a hearing on the cable question on January 11. It is probable that persons interested in the Mackay scheme for a private cable to Hawaii, Guam and the Philippines will appear before the committee at that time.

### Government Laid Cable.

Several bills for a cable have been introduced both in the House and Senate, and it is believed that out of them all will come a bill for a government-laid cable which will be favorably reported in both branches. Its passage is another question, and although there seems to be a stronger sentiment than ever before in favor of the cable, it is impossible to predict what the outcome will be.

President Roosevelt's recommendation on this subject was very strong, and it is remembered in this connection that President McKinley, in his last speech, said that the laying of the Pacific cable could no longer be postponed.

### Alaskan Route Suggested.

The cable scheme is becoming a little complicated on account of the northwestern interests which are working for a cable to Alaska. The Washington senators and representatives are endeavoring to secure the adoption of a measure that shall make Puget Sound and not San Francisco the Western terminus of the line. The northwestern members say that the route across the Pacific by way of Alaska is shorter and that the ocean bottom is more nearly level. According to this plan, however, it is proposed to lay the cable by way of Siberia and not by way of Honolulu. The proposition is that an independent cable be laid from the United States to Honolulu.

It is also set forth by the Northwestern Senators and Congressmen that an Alaska cable is urgently needed, and that it could easily be made to link in the main Pacific cable. This scheme makes Alaska, instead of Hawaii, the principal intermediate station. It is not believed that the movement of the Northwestern representatives will gain strength enough to defeat the plan for a cable to Manila from San Francisco by way of Honolulu.

### SOLID FUN TONIGHT.

Entire Vaudeville Bill to be Presented at Orpheum Tonight.

A crowded house witnessed the final performance of "My Friend from Georgia" at the Orpheum last night.

Beginning tonight a new bill will be presented consisting of vaudeville bill entirely.

Each and every artist, and nearly every one of the company will be given an opportunity to distinguish himself on herself.

There will be about fifteen numbers on the program and each turn will be limited as to time, so that there will be about two hours and twenty minutes of solid fun.

### Y. M. C. A. PROSPECTUS ISSUED.

Shows Advantages Which Can Be Derived by Joining Association.

to join the Association and gives detailed information on all the different branches of the institution which include a physical and an educational department, Association night school, employment office, devotional work, camera club, Christian workers' training class, young men's congress and receptions.

The advantages which young men can derive by joining the Association are very aptly put forth in the following clause which appears on the front cover of the pamphlet:

"Hitching Posts should stand still. Men should keep moving. This book is full of points for men who wish to get ahead: who have been hunting 'jobs,' but prefer a steady 'position.' What you are to be depends largely upon how you spend the hours between dinner and bed-time."

## BLUES' TEAM BEATS REDS

### GAME OF POLO FOR MYRTLE BENEFIT

The polo game played for the benefit of the Myrtle Boat Club yesterday at the race track, in Kapiolani Park, turned out to be the most successful game of its kind ever played here, and it is thought in polo circles that it will be some time before Honolulu will have a chance to see as fine a game again.

The game was played in four periods, under the American rules, by the following players:

For the Reds: W. F. Dillingham, captain; R. W. Atkinson, A. Perry and A. F. Judd. For the Blues: C. S. Dole, captain; C. W. Dickey, Lieutenant Hancock, G. H. Angus, S. E. Damon referee.

The players were dressed in full jockey costumes, with red and blue blouses respectively, with a broad white band across the chest.

### First Period.

The game started at 3 o'clock. During the first period an accidental foul on Dole's part gave Captain Dillingham of the Reds the choice between half a goal and a free hit. He chose the latter, which was followed by a few scrimmages, after which Dickey scored the first goal for the Blues. Later in the period a safety made by the Reds gave the Blues one quarter of a goal, leaving the score for the first period standing: Blues 1 1/4 goals, Reds 0.

### Accident During Second Period.

The players changed horses before the second period, fresh horses being used for every period. Dillingham and Atkinson put up a good game, a goal being made by the former during the beginning of the period. Later Dickey scored a goal for the Blues and the period ended with the ball down right in front of the Red's goal.

During this period Atkinson's horse fell and rolled over his knee, hurting an injury which he had received in a practice game played the previous week. The bruise was not serious enough to prevent him continuing in the game.

### Reds Score Heavily.

In the beginning of the third period Lieutenant Hancock, by an excellent play, scored a goal for the Blues. He brought the ball through the line of opposing players down over three quarters of the length of the field, bringing it into the goal in three hits. The Blues were comparatively poorly mounted during this period, which may in some measure account for the following plays during which Dillingham scored two and Judd one goal in favor of the Reds. Dole scored one goal for the Blues and Hancock, by making a safety, gave the Reds one quarter of a goal. This made the score an even 4 1/4 goals for each team, making the final period very exciting.

### Blues Win the Game.

During the last period a safety made by Dole added a quarter of a goal to the Red's account and another safety made by Dickey added still another quarter goal. Towards the end of the period Dole made a very hard fought goal for the Blues thus making the total score of the game: Blues, 5 1/4 goal, and Reds, 4 1/4. The individual players all put up a good game through all the periods.

### Society Turns Out.

The game was witnessed by a great number, the four hundred of the city being well represented. The grounds were surrounded by fashionable turnouts, a tally-ho being conspicuous among the number. The party in the tally-ho consisted of the following: Mr. and Mrs. Henry Dutton, Mrs. Gertrude Dutton, Miss Mae Colburn, Mr. and Mrs. Harry Macfarlane, Miss Gardie Macfarlane, Miss Helen Macfarlane, Miss Lady Macfarlane, Mr.

## CHINESE EXCLUSION REPORT IS READY

**Committee to Adopt Bill of Representative Kahn of California.**

### GOOMBS' AMENDMENTS ADDED

**MEASURE IS OF MORE STRINGENT CHARACTER THAN ANY IN CONGRESS.**

Collier Alexander, Bound for Honolulu, Put into San Juan in Distress. Hon. Samuel Parker to Remain in Washington all Winter—Wilcox Wants Federal Building for Hilo.

### (SPECIAL CORRESPONDENCE.)

WASHINGTON, Dec. 21.—On Wednesday last, the day before Congress adjourned for the holiday recess, the special committee of Pacific Coast Senators and Representatives appointed to consider Chinese exclusion measures, completed its deliberations, after having held several meetings, and is now prepared to make its report to the House and Senate committees on Foreign Affairs.

The special committee devoted its attention to the bill introduced in the House by Representative Kahn of California, with the amendments offered thereto by Representative Coombs of the same State. The result is a bill more stringent in character than any Chinese measure ever offered in Congress heretofore. The Kahn bill embodies the ideas of the Bureau of Immigration on the subject of Chinese exclusion.

### Honolulu Collier in Trouble.

Last Sunday the collier Alexander started from San Juan, Porto Rico, on an unusually long trip but was obliged to put back into port on account of the derangement of her feed pumps. She was bound for Honolulu with a large cargo of coal to stock the naval coal station at that port. She was going to proceed by way of the Straits of Magellan to the west coast of South America and thence to Honolulu and Guam. She will probably start again on her long voyage within a few days.

### Samuel Parker's Appointment.

Senator Hanna, chairman of the Republican National Committee, last Saturday announced the appointment of Samuel Parker as member of the committee for Hawaii. Mr. Parker succeeds Harold Sewall in this position. Mr. Parker arrived in Washington early this week, and has expressed his intention of remaining here during the present winter and looking after Hawaiian interests.

### Federal Building at Hilo.

A Federal building for Hilo is proposed in a bill introduced in the House on Friday of last week by Delegate Wilcox. The bill authorizes the Secretary of the Treasury to acquire a site for the building and to erect a building thereon "for the accommodation of the postoffice, judiciary and customs service." It is proposed to appropriate \$200,000 for the building and site.

Southard Hoffman, Maria Wildeman, J. T. McGrew and Mrs. Walkin.

Among the rest of the spectators were Mr. and Mrs. E. A. Mott-Smith, Mrs. B. F. Dillingham, Miss Nellie Kitchen, Mr. and Mrs. J. A. Gilman, A. Young, Miss Gillette, Fred Angus, H. A. Giles, W. P. Boyd, W. A. Rieker, B. G. Holt, Miss Belle Vida, Mr. and Mrs. Percy Benson, Mrs. Bird, Mr. and Mrs. Williamson, Mr. and Mrs. Babbitt, Mr. and Mrs. Tom Fitch, Mr. and Mrs. S. C. Harris, Isaac Dillingham, Misses Damon, Miss King, Misses Bacon, Miss Warren, H. A. Wilder, Miss Angus, Major Potter, Mr. O. Harrison.

Mr. and Mrs. E. D. Tenney, A. T. Atkinson, Dr. McAdory, Mr. and Mrs. S. M. Damon, Dr. and Mrs. C. B. Cooper, Mr. and Mrs. C. J. Hutchins, Mr. and Mrs. L. A. Thurston, M. P. Robinson, Dr. and Mrs. Howard, G. A. Martin, E. W. Peterson, Mr. and Mrs. R. L. Marx, two coaches occupied by young people from both the boat clubs and many others.

## PYTHIANS ARE PROGRESSIVE

### SUPREME CHANCELLOR IS HERE

**LUSTY YOUNGSTER IN SECRET SOCIETY CIRCLES GROWS VERY RAPIDLY.**

Organization Has Reached the Million Mark—Work Extended to British Isles, Cuba, Porto Rico and the Philippines—Brief Tarry in Hawaii—Will Entertain the Visitor.

One of the highest officials connected with the Knights of Pythias is now a visitor in the Hawaiian Islands.

Included in the arrivals from the Coast by the Sonoma yesterday were Ogden H. Fethers and wife, who will remain in the Islands for two weeks' business and pleasure trip.

Ogden H. Fethers bears the high honor of being the Supreme Grand Chancellor of the Knights of Pythias of the world. Mr. Fethers makes his headquarters at Janesville, Wisconsin, and is at present on a tour of inspection of various lodges connected with some projected work in the Islands.

"The Pythians have nothing but progress to report," said Mr. Fethers yesterday, when seen at the Hawaiian hotel. "Of course at this date we have no statistics at hand concerning the year's work. However, I can say that the past year will show that the Knights of Pythias have enjoyed the greatest and most prosperous year in all their history."

"Our growth? Well, in round numbers the Pythians have now reached the million mark. Approximately the membership numbers 1,100,000, and these are connected with something like 600 lodges. Bonds of Pythians now extend around the world. While the organization was primarily intended for the western hemisphere it now extends to all portions of the inhabited globe.

"We are not an old organization. Founded less than thirty-seven years ago, our growth has been by leaps and bounds. Within the past few months the work has been extended to the British Isles and also to France.

"Preliminary work has also commenced in the Philippines. Pythian lodges are also included among the secret organizations of Cuba and Porto Rico. The increase for last year will not be far from 75 per cent."

Supreme Grand Chancellor Fethers will sail for the Mainland by the Alameda, on or about January 15th. During his stay in Honolulu the local lodges will extend to their high officer a most elaborate greeting. Preparations are now under way for several institution ceremonies.

Mr. and Mrs. Fethers express themselves perfectly delighted with Honolulu, its scenery and climate. They anticipate a pleasant sojourn in the Islands.

### MYSTIC ELECTS OFFICERS.

Mystic Lodge Number 2, of the Knights of Pythias, had a meeting at the rooms of the lodge on New Year's eve at which the following officers for the ensuing year were elected:

A. C. Morris, chancellor commander; J. B. Gorman, vice chancellor; O. J. Whitehead, prelate; H. J. Gallagher, master of work; Z. K. Myers, master of finance; C. E. Moore, master of exchequer; A. E. Murphy, keeper of records and seals; W. Dunn, master of arms; J. McKeague, inner guard; Thomas O'Bryan, outer guard; Dr. Peterson, lodge physician.

After the election a spread was enjoyed in the hall by the Mystics and also by a number of visiting brothers who were present at the meeting. The gathering remained to see the New Year in. A number of speeches touching on the success of the past year and the hopes for the future were made by various members.

### Princess Gives Luau.

A big luau was given at the Waikiki home of Princess David Kawananakoa and Jonah Kalaniana'ole by Princess Kalaniana'ole on Tuesday evening, in commemoration of the birthday of the late Queen Dowager Kapiolani.

## RECIPROCITY MAY COME WITH CUBA

**Special Legislation Is Strongly Opposed at Present Time.**

### ISLAND DELEGATION AT WORK

**DECREASE IN AMERICAN TRADE USED AS AN ARGUMENT BY THE CUBANS.**

Republican Leaders in Congress Admit That United States Ought to Negotiate Liberal Reciprocity Treaty as Soon as Independent Government is Organized.

### (SPECIAL CORRESPONDENCE.)

WASHINGTON, Dec. 21.—There seems to be no likelihood that Congress will yield to the representations of Cuban merchants and others who have been in Washington for several weeks in the interest of special trade relations between the United States and Cuba. The economic aspects of the proposition made by the Cubans have not been considered seriously, although the effect of free Cuban sugar on the product of Hawaii has been frequently mentioned. If there were any danger at present that Congress would be disposed to pass special legislation in behalf of the Cuban commercial interests, those members of Congress and other persons who have the interests of Hawaii at heart would undoubtedly rally immediately in opposition to the measure. The beet sugar interests of the United States would, of course, come to their assistance.

### Cubans Hard at Work.

The delegation of commercial representatives from Cuba is unquestionably working to secure the free admission of sugar from Cuba into the United States more than for any other one thing. The plausible consideration is held out that unless special measures are devised by Congress, the United States will lose a large part of its trade with Cuba, the trade being taken up by European countries. On Tuesday last President Roosevelt transmitted to the Senate a petition signed by Senor F. Gamba and other residents of Cuba urging commercial reciprocity between that island and the United States. They say that, owing to the comparative cheapness of European goods, the sale of American products is decreasing in Cuba, and that unless an arrangement can be made for a differential in favor of the United States, this country will soon find that it has no market in Cuba.

### Special Legislation Opposed.

Despite these efforts of the Cubans the most influential members of the House and Senate are opposed to any special legislation in behalf of Cuba at the present session. Senator Platt, chairman of the Senate Committee on Relations with Cuba, is especially opposed to the proposed measures. He declares that any arrangement that might be made with Cuba would be a gratuity from this country to the island, and that if the arrangement should be made on condition that some reciprocal action should be taken by the insular government after it shall have become regularly organized and independent, the Cuban authorities would be under no legal obligation to pay the proposed action to a service to a minor child; the child is under no legal obligation to repay the service when he becomes of age.

### Reciprocity May Come.

Nevertheless, it is not safe to conclude from this attitude of Congress that the question of free Cuban sugar is permanently settled. Many of the leaders of the Senate and House are frank to say that, as soon as the Cuban independent government shall organize, the United States ought to negotiate a liberal reciprocity treaty. This treaty would probably contain some provision in regard to sugar, and unless the resistance offered by the friends of Hawaiian sugar and by the beet sugar interests of the West proves to be very powerful, it is quite probable that Cuban sugar will eventually enjoy some special advantage in our markets.

# OCEANIC STEAMER SONOMA ARRIVES FROM SAN FRANCISCO

## Brings a Large Number of Passengers

### Sailed for the Colonies at Ten O'clock Yesterday Evening—Nobody Allowed on Board Without Passes Which Could Not Be Secured.

The Oceanic steamer Sonoma, Captain Van Oterendorp, arrived from San Francisco early yesterday morning, after one of the roughest voyages ever experienced by her officers. She had a large passenger list both for this port and the Colonies.

As was the case with the Ventura on Tuesday night, the steamship people peremptorily refused to allow anybody from shore to go aboard the vessel, except the passengers from this port.

The Sonoma sailed for the Colonies at 10 o'clock yesterday evening. She brought the following passengers for Honolulu:

J. D. Minshie, Mrs. Minshie, and child, Mrs. Cooke, A. G. Holt, Mr. and Mrs. C. A. Hignberg, A. Hoy, P. Hoffman, M. A. Charles, W. H. Holling, Mr. and Mrs. F. M. Brooks, Miss F. M. Praydon, J. Drake, Miss M. Smith, Miss H. Smith, C. C. Elkins, P. M. Lansdale, C. W. Seaward, J. L. Tobert, H. S. James, L. T. Grant, A. McFine, C. D. Warren, S. A. Tenney, A. Carró, Mr. and Mrs. H. McArthur, Mr. and Mrs. O. H. Fethers, Mrs. A. Hayward, F. Oliver, W. Bridgland, H. Seaward, F. Oliver, W. Bridgland, H. Seaward, J. Smith, G. P. Smith, Mrs. M. Smith, J. Udell, R. Campbell, A. ### G. F. SARGENT AFIRE AT SAN FRANCISCO

#### HAD 2,400 TONS OF COAL ABOARD

Saved From Total Destruction by the Government Tug Markham. Pumped Full of Water and Grounded on Mission Flats.

SAN FRANCISCO, December 23.—Jammed aground on Mission flats, with two tugs pumping her hold full of water to quench a stubborn fire in the coal that forms her cargo, the three-masted ship C. S. Sargent ended a disastrous voyage last night. That she rests above water is all due to the prompt assistance given by the harbor tug Governor Markham and volunteer aids from the Navy and transport service.

Just after noon yesterday fire broke out in the hold of the Sargent. She was lying at anchor off Folsom street wharf, with 2,400 tons of coal aboard, waiting to discharge cargo. Her crew was ashore, and there were aboard only Captain Melville, Second Mate White and Boyd, the watchman.

### Shipping News and Notes.

The barks S. C. Allen and Santiago have arrived at San Francisco from Honolulu.

The bark W. B. Flint cleared from San Francisco December 24 for Honolulu.

The schooner Helene sailed from San Francisco December 26th for Honolulu.

The steamer Tampico arrived at Port Townsend December 25 from Honolulu.

The barkentine Encote arrived at Astoria December 25 from this port.

The steamer Eurka, expected here today, did not sail from Seattle until December 25.

The ship Charterer arrived at Port Townsend Dec. 24 from this port.

The bark Carrollton left Tacoma December 24 for Honolulu.

New Year was one of the quietest days of the year in shipping circles and along the waterfront. All the wharves were deserted and the only arrivals and departures were the Sonoma from the Coast and the Kailani from Paahau.

The U. S. transport Heade, which arrived at Manila on December 21,

reports that from Dec. 10 to Dec. 15 she was in the midst of a typhoon and had her boats, cabins and hospital quarters badly damaged.

The big ship Florence, 21 days out from Tacoma, arrived off port yesterday morning. She experienced some very bad weather during her run. Captain Spicer made a special effort to make port for New Year's day much to the delight of his men.

The bark Mohican arrived at San Francisco from Honolulu on Dec. 24 after a trip lasting 21 days.

The bark Mauna Ala arrived at San Francisco Dec. 23, nineteen days from Honolulu, with a cargo of salt. This is the second or third cargo of this character brought by the Mauna Ala as ballast from the islands in place of sugar. Saltmaking has recently become one of the important industries in the neighborhood of Honolulu.

The steamer Hyades began loading at San Francisco Dec. 26 for Hawaii and other ports. The Hyades is a big carrier and will remain in the island trade for several months at least. The steamer is to take sugar to Oakland for transshipment direct by rail to the Eastern refineries.

According to the San Francisco "Guide," twenty-one French sailing vessels are now on their way to San Francisco in ballast to load wheat for Europe. Owing to the bounty granted by the French government to all vessels flying the French flag, vessels of that nationality are enabled to make the long voyage from home to the Pacific coast after a cargo, and with ordinary rates for freight can make a good profit. Ships of no other flag can profitably carry ballast half around the world, and this fact explains the recent rapid increase of French shipping in Pacific coast ports.

Well Known Character Engages in Sailor's Boarding Business.

A new character made its appearance along the waterfront yesterday in the form of a woman dressed in a neat sailor's uniform. She is the first female runner ever seen on the wharves of Honolulu, and does business in the boarding house line.

She has a small buss, in which she takes the sailors and their baggage over to her house on Kukui street. She did a rushing business yesterday and on one trip took eight jackies, with as many trunks and sailor bags. She created considerable interest and amusement along the front all day, and bids fair to be a source of much fun in the future.

### A WOMAN "RUNNER."

Among the passengers by the Sonoma who stopped at the Hawaiian Hotel for a few hours while the steamer was in port yesterday was Mile. Lotte going to Australia on a Professional Tour.

The Parisienne was much charmed with what little she saw of the city during her stay here and said that she thought that she would make a stay of a few weeks during her return trip.

### PARISIENNE VISITS HERE.

Mile Lotte going to Australia on a Professional Tour.

Among the passengers by the Sonoma who stopped at the Hawaiian Hotel for a few hours while the steamer was in port yesterday was Mile. Lotte going to Australia on a Professional Tour.

The Parisienne was much charmed with what little she saw of the city during her stay here and said that she thought that she would make a stay of a few weeks during her return trip.

### SMALL BLAZE STIRS PAWAA.

Neighbors Form Bucket Brigade and Put Out the Fire.

On New Year's eve a small fire which might easily have had serious results took place at the residence of Major Wood of the Salvation Army in the McCully tract in Pawaa.

A Christmas tree which Major Wood had lighted for his children took fire during his absence and the fire began to spread. The neighbors, among whom were a number of ladies, came quickly to the rescue, and organizing a bucket brigade, quickly put out the fire.

### CHURCH APPOINTS OFFICERS.

Meeting Held at the Central Union on New Year's Eve.

At the regular business meeting of the Central Union Church, which was held in the parlors of the church on New Year's eve, deaconesses, treasurer and committees were appointed. After the church meeting a joint meeting of the church and congregation was held for the purpose of appointing trustees.

All the members of the various posts and committees were re-elected with the exception of the two members of the standing committee, W. F. Frear and W. A. Bowen, who, according to the regulations, could not be re-elected. Their places were filled by Theo. Richards and A. B. Wood.

### Engagement is Announced.

The engagement of Louis Abrams, of the Hawaiian Trust and Investment Company, and Miss Ethel Keepers of Sacramento, Cal., is announced.

### DAMAGING EVIDENCE

DETECTIVES TRAIL MAIL ROBBERS

### GRADUAL TIGHTENING OF MESHES ABOUT PACKAGE CLERK OF THE KINAU.

Wilder Steamship Official Declares That He Suspects Young Kamakawioole of Causing Mysterious Disappearance of the Registered Mail Pouch—Kenake at Honokaa.

William Kamakawioole, the young Hawaiian clerk employed aboard the Wilder steamer Kinau, who was arraigned upon a charge of larceny before Judge Wilcox in the First District Court Tuesday, is now confined at Oahu Prison awaiting trial before the Circuit Court.

The charges now preferred against the young man date back a year or more and were preferred at the instigation of the McInerney Company which alleges that, at the time Kamakawioole was discharged by that firm, a considerable amount of finishing goods was found missing. These were recently found in the possession of the Kinau's youthful clerk.

May Be Another Charge.

From present indications, the young man may be required to answer to another, and more serious, charge before he again regains his liberty. As a result of the close investigations pursued by David Kaapa, chief of detectives, that official declares that he now has some evidence in his possession to connect Kamakawioole with the robbery of the registered mail pouch taken from the Kinau several weeks ago.

Notwithstanding the fact that the lad has maintained a stolid indifference when subjected to severe questioning by the police, many clues have been followed which have left but little doubt in the minds of the officers at work on the case, that the Kinau's package boy could furnish much needed information concerning the mysterious disappearance of the registered mail, should he choose to tell all that he knows regarding the affair.

Manager Wight's Belief.

Manager Wight, of the Wilder Steamship Company, is reported as declaring his positive belief that the late employee of the steamer was to a certain degree connected with the affair. In fact the suspicions of the Wilder officials, the police department, and the United States mail authorities have almost been solely confined to Kamakawioole.

It is believed that upon the return of Cashier Kenake of the post office force, who is at the present time at Honokaa securing data, and endeavoring to ascertain the value of contents contained in the missing sack, steps will be taken to wring from the young man the story of his alleged connection with the robbery.

### Enthusiasm Squelched.

A Buchanan began the new year under rather discouraging circumstances. In giving vent to his enthusiasm at the departure of the old year and the advent of the new Wednesday morning, he touched off several bunches of boisterous firecrackers. An unfeeling policeman took Buchanan in charge and escorted him to the central station, where charges of being a common nuisance were preferred against him.

## SCOTCHMEN PLAY WORLD

### SUFFER THEIR FIRST DEFEAT

ALL THE WORLD PLAYERS SCORE THREE GOALS AND THE SCOTS TWO.

Fast and Fine Game of Association Football Played Yesterday at Makiki—Much Brilliant Work by Individual Players—An Excited Crowd Applauds Independently.

The game played between the Scotch team and the "Rest of the World" team at the Makiki grounds yesterday forenoon at 10:30 was one of the best Association football games ever witnessed in Honolulu. The game also was a great event in football circles, as it is the first given in the history of Association football here when a Scotch team has been beaten. Many of the players of the Scotch team had been out to Moanalua the night before, returning at 5 in the morning, and were not in the best of condition. The Scotchmen, however, did not offer this as an excuse to detract any of the glory from the victors, but accepted defeat in the thoroughly sportsmanlike manner with which they have heretofore scored their victories.

#### Excitement Ran High.

There was a much larger crowd than usual on the grounds to witness the game and excitement ran high, especially during the last half, while the score stood 3 to 1 against the Scotchmen. Backers of the team cheered a good play whether it was made by their own or the opposite side. It is certain that the most thorough sportsmen of these Islands are Association football men.

The game started at about 10:30. Goudie won the toss-up for the Scotchmen, who chose to defend the makai goal, thus playing against a strong breeze coming from the mountains during the first half time. The first half was not nearly as exciting as the second, although a good fast game was played all through.

#### Two Goals Scored.

During the greater part of this half the Scotchmen kept the ball down on the All the World territory, which was well defended, however, by the backs Beardmore and Soper. Nevertheless, the Scotchmen scored one goal, which was made by McWhirter. All the World also made a goal towards the end of the half time, Morse securing the ball on a missed kick by R. Anderson and sending it through the Scotchmen's goal, making the score for the first half Scotchmen one goal and All the World one.

The second half resulted in a fine and fast game, with many brilliant plays by individual men on both sides. In the very beginning of the half the All the World team got the ball down on Scotch territory and a goal was scored by Parish. A few minutes after Morse secured the ball on a splendid pass from Blackman and using his speed, he completely outstripped the Scotch backs and kicked the ball through their goal before anyone could realize what was happening. This was probably the most brilliant play of the game, and left the score 3 to 1 against the Scotchmen.

#### The Tug of War.

Now came the most exciting period of the game. The Scotchmen pulled themselves together, resolved to lower the difference, while the All the Worlds put up a good game to prevent them from doing so. Great excitement prevailed on the side lines among the backers of the teams and shouts of encouragement accompanied every play. The Scotch team seemed to play against very hard luck, however. Anderson kicked the ball from the middle of the field and very narrowly missed the goal. A good shot was made from the corner, sending the ball right in front of the All the World goal, but again the goal was missed.

#### Scotch Score Again.

The Scotchmen managed to score another point, however, McWhirter kicking a goal and the ball was kept on All the World territory most of the time. Once Morse got the ball very near the Scotchmen's goal, but here he was effectually stopped by Craik. The ball was again brought down near the goal of the All the Worlds, but ill luck still pursued the canny Scots, Teddes hitting the bar in a splendid shot for the goal. A little later a corner kick put the ball right in front of the Scotch goal, where Kay kicked it, but the ball passed just over the crossbar.

The Scotchmen put up such a splendid game at the end of the second half that there was no doubt on the part of their backers that they would score if there was time enough, but

the limit was too short and the end of the game left the score. All the World 3 goals, Scotchmen 2. The line-up of the teams was as follows:

Scotchmen—Forwards, McWhirter, Kay, Goudie and Fiddes; half backs, Brown, Craik and Guild; backs, Mc Gill and R. Anderson; goal, Cockburn.

All the World—Goal, Dusenberg; full-backs, Beardmore and Soper; half backs, Parish, Stokes and John Anderson; forwards, Morse, Blackburn, Waterhouse, Beyer and Simpson.

## GILFILLAN IS KILLED

### SAD ACCIDENT IN PHILADELPHIA

#### WAS VISITING RELATIVES THERE WHEN HE CAME TO HIS DEATH.

Special Election in the Fourth District is Now Necessary—High Mason Who Lived Twenty-five Years in Hawaii—Unexcelled as a Wharf Superintendent.

After many weeks with no word from and no news of Archibald F. Gilfillan who went East after long years of absence to see his relatives, the message arrived in Honolulu last week to the effect that he was well and visiting relatives in Philadelphia. New Year's Day, however, brought the sad news of his accidental death in the Pennsylvania city.

A dispatch from Philadelphia, dated December 23, gives the following account of the accident:

"Archibald F. Gilfillan traveled more than 6000 miles to visit relatives in this, his native city, after an absence of thirty-seven years, only to meet death as the result of an accident. Mr. Gilfillan was thrown from a trolley car Sunday night at Thirty-sixth street and Woodland avenue. His skull was fractured and he died at the University Hospital today without regaining consciousness. At the time he was injured, Mr. Gilfillan was returning to the Lafayette Hotel from church in a Darby car with Mrs. R. H. Miller, a cousin, who lives at 3629 Ludlow street. When the car was stopped he started to alight, but before he got entirely off, the car started with a jerk and he was thrown, his head striking the pavement. The body has been removed to Mrs. Miller's home."

#### Something of His Life.

A number of years ago Mr. Gilfillan was a purser in the employ of Wilder's Steamship Company. Afterward he had charge of a railroad in Mahukoua. He was a native of Philadelphia, his parents being Scotch. Gilfillan had resided in the Hawaiian Islands for about twenty-five years. Although his exact age was unknown to his friends in Honolulu it is thought that Gilfillan was about 48 years of age.

Gilfillan had no relatives in Hawaii. He was port surveyor when ex-Governor Cleghorn was Collector of Customs. He left the service to enter the employ of H. Hackfeld & Company. He was with this firm at the time of his death.

The dead man's employees esteemed Mr. Gilfillan very highly. As a wharf superintendent and a handler of laborers he was not excelled.

#### Left on a Vacation.

Gilfillan left Honolulu on a vacation. He also went to attend the convocation of the Knights Templar at Louisville, Kentucky, as representative of the Hawaiian Lodge. He was Eminent Commander, High Priest in the chapter, and a Past Master of Hawaiian Lodge Number 21.

Gilfillan went to the Buffalo Exposition after attending the Louisville convocation. From the Exposition he went to Philadelphia. No word was received from him and considerable anxiety was felt by his many Honolulu friends. Inquiries were made through the Masonic lodges and other channels.

#### About to Start Home.

When he met with his sudden death Gilfillan was about to return to these Islands. It was expected by many that he would arrive here in the Sonoma yesterday or that he might come in the City of Peking, due on the 18th instant.

Gilfillan was a member of the House of Representatives from the Fourth District, Honolulu, having been elected on the Republican ticket at the last election. His death means a special election in the Fourth District under the terms of the Organic Act which requires that the Governor shall call an election when a vacancy occurs in either house.

Gilfillan was insured in the Pacific Mutual Life Insurance Company of California in the sum of \$5000, having taken out an accident policy just before he started on his trip.

## THE ADVERTISER'S FRIEND...

THE advertiser's best friend is the medium through which he obtains the biggest returns for his money. One medium which is used by advertisers to a great extent is the circular or booklet. The circular or booklet is always ineffective, unless it is very handsome—handsome enough to attract the eye of the man to whom it is sent, no matter how busy he may be. A booklet handsome enough to do this almost always costs from three to four cents apiece. There is the malling to count in (two cents a copy, of course); there is the trouble in getting a list of names, and in addressing. Altogether the cost will figure up to about seven cents a copy for a good booklet. Two thousand circulation in a booklet is very large. Two thousand circulation at seven cents is \$140. I propose to show that you can invest \$140 in newspaper space and get returns five fold of what you would get through a booklet.

### Newspaper Space Is Valuable

In the first place, there is the cost. For \$140 you can get a good-sized space in a newspaper of good circulation for quite a long time. You know your newspaper rates; you can figure it out to suit your own instance much better than I can. So much for cost.

### Now for Effectiveness

You must tell your customers how much your goods are going to cost. An advertisement without a price is like meat without salt—it will do you no good. How can you put prices in a booklet when you are doing a strictly retail business? You have competitors; you have to change your prices constantly to meet theirs, and to meet other exigencies. The first change of a price will kill the effectiveness of a booklet, and where are you? Your advertisement in a newspaper may be changed as many times as you desire. You are constantly up-to-date.

### The Newspaper Is Effective

Any kind of a newspaper has more circulation than you can obtain through a booklet for \$140. Newspapers reach the heart of the home. Every one reads them, and they are far more certain to obtain close attention than any printed matter which you would send. If you sent printed matter of your own accord to persons who do not know you, you would be putting yourself face to face with them without a guarantee. They have nothing to judge the quality of your goods by, and they can only take what you say on our own paper and in your own way. Anybody can say as much as they please.

When your matter appears in a newspaper of good circulation and good standing, the newspaper is a guarantee for what you say. Newspapers are always particular as to whom their advertisers are. (I speak of good newspapers always.) Your ads will gain a value besides their inherent one. They will be vouched for, and this is not to be despised. You have a certain fluctuating trade, which is always valuable, and which needs some sort of an introduction to your store. This introduction the newspaper gives you.

### Good Paper Adds Dignity

You are known by the company you keep, you know, and if your ads appear in a paper which holds itself up before the masses as a leader, you will be known as a patron of what is good, and you will obtain trade from those whom it is worth trading with.

On all scores I consider newspaper advertising by far the best. On the score of cheapness; on the score of being able to constantly change your announcements; on the score of direct and immediate returns; and on the score of being introduced to people, to strangers, as a store which can afford to announce its news to every one in a dignified and straightforward manner, and this is the manner which brings trade that pays.

FRANKLIN BURNHAM, New York City.

The above article, written by one of the best-informed advertising men in the country, is in line with the business policy advocated and maintained by THE HONOLULU REPUBLICAN. His description of a good newspaper and its superior merits as an advertising medium is distinctly applicable to an essentially reliable and dignified family paper of large circulation, such as THE REPUBLICAN.

THE NEW YEAR'S ADVERTISER.

The New Year's number of The Pacific Commercial Advertiser contains within its eighty pages many things of interest, including some good portraits, views and other illustrations.

The descriptive accounts of the resources of the Hawaiian Islands make a serviceable collection of facts and figures.

Yardley's work shows to good advantage and is one of the best features of the number. The size of the paper is convenient and very appropriate for a special edition.

Lorin A. Thurston, the owner of the Advertiser, signs an entertaining article on oil as fuel, and the Olan Sugar Company receives attention, as do also the McBryde and Puna Sugar plantations.

W. N. Armstrong, at one time editor of the Advertiser, gives a forecast of Hawaii fifty years hence, in which he predicts that: "Judging from the past and the present, the Americans, or those of Occidental origin, will at the end of fifty years, form only a small part of the people."

James W. Girvin, writing on the Chinese of Hawaii, gives much valuable information. One cannot read this article without realizing the danger threatening Americanism in these islands from the Chinese.

Delegate Wilcox and Mrs. Wilcox contribute articles on Congress and Washington.

The New Year's number of the Advertiser reflects great credit on Editor Walter G. Smith and Foreman Walter Pomroy. It shows an amount of careful and arduous labor on their part.

Notwithstanding the general merit of this number of the Advertiser the effort to adapt the national colors to the cover does not seem to have been much of a success.

The New Year is here and the Hotel street wall at Haalele Lawn is still standing.

The Murphy Club is out of debt and the Sailors' Home is out of debt. If the same could only be said of the Territorial government!

The Cuban sugar question seems to be only temporarily settled, or until that island becomes an independent government.

According to our Washington correspondent, Hon. Samuel Parker will remain at the National Capital during the winter, keeping a watchful eye over the interests of Hawaii.

It is rather hard on Rev. G. L. Pearson that his New Year's reception should have been recorded as taking place between 2 and 4 a. m. yesterday. What will his congregation think?

Secretary Long has very properly dismissed Edgar S. Maclay from his position as a skilled laborer in the Brooklyn Navy Yard. It is a pity that those who used Maclay as their tool cannot also be reached.

There is a certain vagueness to the rumor that Judge Kepolka has been appointed third judge of the first circuit court, and we do not believe that Hon. W. J. Robinson need be disturbed thereat.

The United States imported more sugar in 1901 than in any previous year. While this indicates a certain increased consumption, it must be remembered that stocks are now very much larger than they were a year ago.

Comparatively few arrests for drunkenness were made by the police on New Year's Day. The optimist says it is a good sign and that Honolulu is commencing the New Year by numbers of people resolving never again to touch intoxicating beverages. The pessimist, however, declares that on New Year's Day people are given

to visiting each other to such an extent that the places where liquid refreshment is dispensed did not receive the patronage which is usual on other holidays, and that drinking to a large extent was confined to within doors as folks called from house to house to wish the compliments of the season.

United States Consul F. W. Goding, at Newcastle, New South Wales, reports that the new Australian federated tariff offers an excellent opportunity for the investment of capital. Tariff rates are now prohibitory and many new industries must be established in the colony.

How much longer must the people of Honolulu endure the leaky nuisance on Merchant street, near the Post-office? Where the water comes from we neither know nor care, but it is somebody's business to stop it running over the sidewalk. Everybody goes to the Postoffice and two weeks of annoyance has been enough and more than enough for ladies.

Delegate Wilcox has been active in his Congressional duties, judging by the number of bills that he has introduced in the House of Representatives, and, through the influence of Senators, into the higher legislative chamber. That part of his work was comparatively easy. It now remains to be seen what influence he can bring to bear to cause their enactment.

THE DRILL SHED MEETING.

Editor Republican: In your issue of this morning you quote me as saying in an interview published in the Advertiser, Dec. 28, ultimo, that I had not "accepted an invitation extended to me to speak at the drill shed meeting," and in your Editorial comment following this quotation you place me in a most humiliating position by saying that you are "assured that no invitation has been extended to Mr. Fitch to speak at the Drillshed meeting, and that it was never intended that any invitation should be extended to him."

In your issue of December 27, 1901, in a report in The Republican of the proceedings of the Executive Committee of the Home Rule Republican party, appears the following: "It has been decided that the meeting will be held in the Drillshed on Saturday, Jan. 4th. Invitations have been sent out to many prominent men to speak at the meeting. Among others invited to voice their sentiments are Gov. S. B. Dole, as suggested in The Republican, Sec. H. E. Cooper, Chief Justice Frear, Associate Justice Perry, Humphreys, Judge Estee, Col. Thomas Fitch, E. B. McClanahan and others."

I assumed—somewhat hastily it seems—that your report of the proceedings of the Home Rule Committee was correct, and when asked if I intended to speak at the meeting I made the reply which appeared in the Advertiser of the 28th ultimo. I regret that your error in reporting what never took place should have misled me into publicly declining—for personal reasons and not through any unfriendliness to the principles of local municipal rule and manhood suffrage which the Home Rulers are supposed to favor—an invitation which you now say was never offered or intended to be offered. But the fault is yours, not mine. I shall know better hereafter than to depend either upon the accuracy of your reports, or the personal friendliness for me hitherto expressed by those in control of your journal. I hope you will find it not inconsistent with your inclination to give publicity to this communication. I am,

THOS. FITCH. Honolulu, T. H., Jan. 1, 1902.

We are surprised that a gentleman of the wide political experience of Mr. Fitch should regard a newspaper report as an extended invitation, which would only come from those in charge of the proposed meeting. As to the "personal friendliness" of those in control of The Republican, there has been no change whatever so far as we are aware, if any change in "personal friendliness" follows it will not originate with this paper.—Ed. Republican.

THEY WERE PRIVATE WIRES.

Editor Republican: Will you kindly correct an error which appeared in this morning's Republican, quoting me as having said that, as Electrical Inspector, I had occasion to condemn some of the Hawaiian Electric Co.'s wires. The wires referred to, at the time I answered the question, were not those of the Hawaiian Electric Co., but of private individuals. I have no jurisdiction over outside wires. I shall be grateful if you will note the difference in your next issue. T. LESLIE DE CEW, E. I. For Board of Fire Underwriters. Honolulu, Dec. 31, 1901.

Will Start a French Laundry.

Among the arrivals on the Sonoma were Mons. Lebeuf and wife who come to establish a French laundry in this city. Arrangements have already been made by Mons. Abadie who arrived here some months ago. The new laundry will be situated on the corner of Punchbowl and Beretania streets.

CHIEFS ARE CAPTURED

FILIPINOS SENTENCED TO DEATH

SLEW AMERICAN SOLDIERS WHO HAD BEEN TAKEN PRISONERS.

Insurgent Commandants Had Placed a Price on Their Heads and They Were Cut to Pieces With Bolos—Bohol Chiefs and Their Cannon are Taken—Records of Court.

MANILA, Dec. 24.—The Filipino General Samson and all the other insurgent chiefs on the island of Bohol have surrendered with twenty-eight cannon and forty-five guns.

During an engagement in Batangas province between the insurgents and a detachment of the Twenty-first Infantry, under Lieutenant Edgar T. Conley, one American private was badly wounded. A number of the enemy were killed.

WASHINGTON, Dec. 24.—The War Department has received from the Philippines the records of court-martial by which three natives were tried for implication in the murder of five American prisoners. One of the Filipinos was Tometeo Dahlan, a commandante of the insurgent forces, who ordered Manuel Gonzales, a Lieutenant of Insurgents, to kill the president of the pueblo of San Miguel de Mayumo, province of Bulacan. The Americans captured and afterward killed were: Privates John T. Hickman, Company B; William Smith, Company C; Hamlet Jarvis, Company C; Elmer Dane, Company E, and Frank H. Wilson, Company E. The president was stabbed. The Americans were placed in charge of a sergeant, taken away and killed with bolos. It was developed at the trial that Commandante Dahlan, in ordering the ambush, gave the following directions to Lieutenant Gonzales: "Separate Jose Duencamino (the president) from the Americans and with these Americans do as if you were to take them to the General; but when you reach the tall grass do with them what we are accustomed to do. You will receive five pesos for the soldiers. God keep your life many years."

In Dahlan's case and that of Gonzales, General Chaffee approved the sentence of death by hanging, imposed by the military commission. In that of Clement del Curz, the sergeant who directed the murder of the prisoner, he commuted the death sentence to imprisonment for life at hard labor.

OXNARD TALKS SUGAR WITH THE PRESIDENT

DISCUSSES TARIFF FOR CUBA

WASHINGTON, Dec. 21.—Henry T. Oxnard, president of the American Beet Sugar Association, had an extended conference with the President today regarding the proposed reduction of the tariff on Cuban sugar. He urged that such reduction, if made, should be only after an exhaustive inquiry into the subject, in order not to injure American interests. In his own opinion a bounty to producer of raw sugar in the islands would be much more effective for the relief of Cuba than the reduction of the tariff. Oxnard suggested that the President appoint a commission to investigate the entire subject, and ask that representatives of the beet sugar manufacturers, Louisiana planters, the sugar refiners and Cuban planters be appointed, besides a member of the Senate Finance Committee and the House Ways and Means Committee. He thought the commission should investigate two questions: First, if the duty must be reduced, how much may be taken off without injuring the beet sugar interests, and, second, whether it would not be best to give a bounty to the planters, equal to the amount they would save by the reduction of the duty.

MORE SUGAR IS IMPORTED

AMERICAN RECEIPTS INCREASING

ONE HUNDRED AND FIFTEEN MILLION DOLLARS SPENT LAST YEAR.

Quantity Bought Exceeds that of Any Previous Year—Gain of Thirty Per Cent in Importations Within Ten Years and One Billion Pounds in Quantity.

WASHINGTON, Dec. 21.—Sugar imports into the United States in the calendar year 1901 will exceed those of any preceding year by about 250 million pounds, and the cost will be greater than any preceding year except 1893, when prices were unusually high. The total importations of sugar in the year about to end will, according to the Treasury Bureau of Statistics aggregate 4,670,000,000 pounds and the cost about 115 million dollars. The highest record of sugar importations aggregate 4,670,000,000 pounds, and in any preceding year was, in quantity, those of 1899, 4,399,749,078 pounds, while in value the figures of 1893 made the highest record, \$123,083,217.

The estimate of the Bureau of Statistics for the calendar year 1901 is based upon the actual figures of importations from foreign countries for ten months ending with October, to which are added the actual figures of sugar shipped from Hawaii to the United States. To these are added estimates for November and December, both from foreign countries and Hawaii, and for the full year from Porto Rico. This method of obtaining the Hawaiian and Porto Rican figures is necessary by reason of the fact that commerce with those islands is no longer included in the statistics of the foreign commerce of the United States.

This shows an increase of about 30 per cent in the sugar importations into the United States in the decade, the figures for 1891 being 3,679,789,834 pounds against 4,672,000,000 in 1901, the actual increase in the decade thus being in round terms, one billion pounds.

The enormous quantity can perhaps be better realized when it is stated that accepting the average car load at 60,000 pounds, the sugar importations of 1901 would be sufficient to load 78,000 cars.

In addition to this enormous figure of 4,670,000,000 pounds imported, the sugar production in the United States for the year is presumably about 600 million pounds, this having been about the annual average during recent years. Of this four and a half billion pounds of sugar imported into the United States in 1901, more than 4 billions, or fully 85 per cent, is cane sugar from the tropics. The remainder is chiefly beet sugar from Germany and Austria-Hungary. In the 10 months ending with October the importations of beet sugar amounted to about 550 million pounds, out of a total importation of more than 4 billion pounds. Of the more than 4 billion pounds of cane sugar imported during the year, about 30 per cent comes from Cuba, about 15 per cent from the East Indies, and the remainder chiefly from the West Indies and Central and South American countries.

AUSTRALIAN MAILS MISSED CONNECTION

NEW YORK, December 22.—The Australian mail for Europe which should have left on the Cunarder Etruria yesterday afternoon at 1 o'clock did not go as per schedule, not arriving in this city until the evening.

For some time past the British Government has been making experiments as to the best and quickest route to send the Australian mails across the oceans to London. Several times the experiment of sending the mail across the Pacific to San Francisco and by train to this city to connect with one of the fast liners has been successful, and the time taken to send the mail by way of the Suez canal has been beaten by four days.

The batch of mail received here last night consisted of 450 sacks, and left San Francisco last Monday. It arrived in Chicago too late to catch the fast express from that city to Buffalo.

HISTORIAN DISMISSED

SECRETARY LONG TAKES ACTION

REFUSES TO RESIGN AND IS REMOVED UPON ORDER OF PRESIDENT.

Offender Maintains That Under the Civil Service Law He Must Be Formally Charged and Given a Trial—Maclay Criticized Schley "Caitiff, Poltroon and Coward."

WASHINGTON, Dec. 24.—Secretary Long has discharged Edgar Stanton Maclay from his position as a skilled laborer in the Brooklyn Navy Yard, Mr. Maclay having refused to resign when requested to do so. Mr. Maclay criticized Admiral Schley in his naval history as a "caitiff, poltroon and coward." Secretary Long's action was taken by direction of the President, and followed a conference between the President and the Secretary, who took to the White House with him a letter from Maclay in response to the request for his resignation sent by the Secretary last Saturday. In this letter Maclay submitted that he could not be removed or compelled to resign without definite charges being made against him, and without having an opportunity to answer those charges. Although the civil service rules give employees of the service the opportunity of answering charges that may be made against them, the President exercised his prerogative in the present incident and directed Maclay's removal, it being held that the latter was aware, unofficially, if not officially, of the reasons which actuated the executive in taking the course determined upon.

Secretary Long said the action taken today would dispose of the case finally. Secretary Long's dispatch to Rear Admiral Barker directing Maclay's removal was as follows:

WASHINGTON, December 23.—Rear Admiral A. S. Barker, U. S. N., Commandant Navy Yard, New York: By direction of the President, Edgar S. Maclay is discharged. Notify him.

INSURGENTS DEFEATED

VENEZUELAN MEET MENDOZA

FORT DE FRANCE (Island of Martinique), Dec. 24 (via Haytian cable).—The Venezuelan gunboat Restaurador left here during the night. Her destination is unknown.

The British steamer Ban Righ, said to be loaded with arms and ammunition intended for the adherents of Senor Mates, has arrived here from Antwerp, which port she left November 29th. Another alleged revolutionary vessel has been sighted to the eastward of this island.

There was fighting yesterday in Venezuela, where the revolutionary movement is spreading. The engagement took place at Vin Do Coura, about fifty miles from Caracas, and it is reported that the revolutionary commander, General Luciano Mendoza, was defeated by the Government troops. Fighting has also occurred in the State of Caraboba, but definite news on the subject is difficult to obtain.

A dispute has arisen between the officials of the German railroad running from Caracas to Valencia and the Government. All traffic is suspended between these two points and the railroad stations are occupied by troops. Great excitement prevails everywhere in Venezuela, particularly at Caracas. The situation is very serious.

General Matos is at the Ivañes Hotel here. The German cruiser Falke is at Porto Cabello, and the Dutch cruiser Utrecht is at La Guayana.

CLEVELAND IS A VERY SICK MAN

PRINCETON, N. J., Dec. 24.—Mrs. Grover Cleveland made the following statement today concerning the health of the former President:

"The reports that have been published in regard to Mr. Cleveland's health have apparently been constructed as indicating his entire recovery. This has been shown by a renewal of all sorts of applications for all sorts of things which can hardly be considered by a man in robust health. He has already received severe epistolary chastisement at the hands of those who are impatiently awaiting for answers to letters which should never have been written. While Mr. Cleveland's health is such as to entirely relieve his friends from any apprehension, he is yet far from well, and has not been able to leave his room for nearly five weeks."

HEAVY LOSS AT TAFELKOP

WAR OFFICE TO CHANGE TACTICS

BRITISH WILL WITHDRAW THE ARTILLERY BATTERIES AT ONCE.

Latest Returns Show That 32 of Damant's Horse Were Killed, Including Three Officers and Forty Wounded—List of Casualties Heavier Than at First Reported.

LONDON, Dec. 24.—The list of casualties in an engagement fought by Colonel Damant's force at Tafelkop, Orange River Colony, on December 20th, when the Boers, who were dressed as British yeomen, defended a kopje against Colonel Damant's advance guard is heavier than was first reported by Lord Kitchener. It now shows the British lost three officers and twenty-nine killed and had five officers and thirty-five men wounded.

An army order issued tonight announces that no volunteers will be accepted in the future who are only able to devote to training purposes the time required for elementary barrack square drill. The Commander-in-Chief points out in this connection that modern warfare has so changed conditions that in order that they shall be effective it is now imperative that the volunteers attend the annual instruction camps and field maneuvers. It is generally believed that this order will wipe out a large majority of the present volunteers.

The War Office has decided to withdraw twenty batteries of artillery from South Africa at once. This action is taken on the ground that under the present conditions of guerrilla warfare the guns are of little use, and are rather a hindrance of mobility and decisive action.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annotto Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold to ward pneumonia. Sold by all dealers and druggists. Benson, Smith & Co., agents for Hawaii.

**Y. M. C. A. GIVES A RECEPTION**

NEARLY THREE HUNDRED THIRTEEN LADIES ARE KINDLY HOSTESSES TO YOUNG MEN OF HONOLULU.

Building Prettily Decorated With Plants and Flowers—Excellent Lunch to Accompaniment of Music Under Leadership of Wray Taylor—Good Athletic Program.

The New Year's reception and lunch given for the young men of the city by the Young Men's Christian Association yesterday was a great success. The rooms of the Y. M. C. A. building were beautifully decorated with plants and flowers. On the stairway and in the lobby large potted palms, lent to the Association by the government nursery, added to the festive air of the place.

Music at Lunch.

The large hall upstairs, where the lunch was given, was also dressed in holiday attire with banners, streamers and plants. Here several tables decorated with palms, maiden-hair ferns and flowers and loaded with a quantity of choice dishes stood in readiness.

During the meal the Amateur Orchestra, represented by sixteen members, under the direction of Wray Taylor, gave a number of selections. It is figured by Secretary Brown that about 275 young men enjoyed the repast.

**Committees in Charge.**

The following committees and sub-committees had the affair in charge:

General—Social committee of the Y. M. C. A., John Waterhouse, chairman.

Receiving—Board of Directors, viz: T. Clive Davis, J. S. P. Cooke, A. B. Wood, C. H. Cooke, C. H. Atherton, Peter Wood, Theo. Richards, R. H. Trent.

Invitation—The general secretary, H. C. Brown.

Decorations—M. A. Cheek, Fred Young.

**Presiding Officers.**

The presiding officers of the lunch were the following named:

Lohry, Miss Frances Lawrence, Miss Grace Barrett, Miss Daisy Cooke, Miss Juliette Tanager, Miss Margaret Mosemen, Miss Edna Brown, Miss Violet Weedon, Miss Coomb, Miss Jean Angus, Miss Ty...

The reception began at one o'clock. The guests were received in the library by the President and the Board of Directors. From there they were ushered upstairs to the banquet which lasted till about 2 o'clock.

The athletic events which followed the reception and lunch did not come up to the expectations. Boyle, who was to have led the exhibition on the horizontal bar was absent owing to his wife's illness, consequently all the exercises of this order were suspended. One of the indoor baseball teams also failed to show up so that the game had to be played with one improvised team. The evening finished, however, with a good game and general satisfaction at the good termination to the day's entertainment.

**TO RESTORE ROYAL PALACE.**

Eighth Wonder of the World May Revert to Amsterdam.

NEW YORK, Dec. 26.—Queen Wilhelmina is again considering her project of restoring to the city of Amsterdam the royal palace on the Dam, says a dispatch from The Hague, to the Journal and American. This place, which has some times been described as the eighth wonder of the world was built some 200 years ago and until the beginning of the nineteenth century was the headquarters of the Municipality of Amsterdam. Louis Bonaparte, however, when King of Holland established his residence there and it has ever since remained the Amsterdam abode of the sovereign of The Netherlands.

It is, however, rarely occupied by the Queen. Learning that the city was about to be asked to provide a large cost new town hall, the existing Hotel de Ville being no longer adequate to the requirements of the municipal administration, she announced her intention of restoring the fine palace in Dam to the use for which it was originally intended and to turn it over to the authorities of Amsterdam. Her act on in the matter has greatly pleased the people of Amsterdam.

**HEALANI BOAT CLUB GIVES RECEPTION**

GALAXY OF YOUTH AND BEAUTY

Fine Cold Lunch is Served—B at 6 o'clock Decorated in Club Colors—Dancing is Indulged in on the Lanai All the Afternoon.

Yesterday afternoon Honolulu's youth and beauty were gathered in strong force at the Healani boat house where the club gave its New Year's reception lasting from 1 p. m. till 6 p. m. In the lower rooms of the house all the boats had been hoisted up under the ceiling and the various traps which generally occupy the room had been taken away to give space for numerous small tables upon which cold lunch was served.

A. L. Wyman, the chief of the Pacific Club, had the spread in his charge and acquitted himself with his usual excellence. Plenty of cold roast pig, turkey, duck, sandwiches, lemonade, punch and other things too numerous to mention were placed before the guests.

Upstairs the hall and the lanai were prettily decorated with flags and ribbons in the club colors of blue and white. After the luncheon dancing was indulged in, the music being furnished by the Lei Poni Moi Quintette. The dancing lasted all the afternoon. The whole affair was in charge of the house committee consisting of D. Lloyd Conkline, Frank Woodbridge and James Dougherty.

**Solemn Pontifical Mass.**

A solemn Pontifical mass was celebrated at 10:30 yesterday morning by the Bishop of Honolulu. The sermon was delivered by Rev. Father Matthias. Music was rendered by the Catholic band and the choir.

**Methodist New Year's Reception.**

A New Year's reception was given yesterday afternoon from 2 to 4 o'clock at the home of Rev. G. L. Pearson of the Methodist Episcopal Church. A number of the members of the congregation were present with their families and enjoyed refreshments consisting of cake, lemonade and ice cream which were served on the lawn.

**Roll Call a Rally.**

The members of the Christian Church are urged to remember the Roll Call and Rally service at the church tonight. It should be an enthusiastic and helpful gathering with every member present who can possibly be there.
