WHOLE NO. 217.

PRINCESS CHARMIAN

By ALISON.

CHAPTER V.
Our delightful trip to London is over; we are back again at Tranquilla...

For the surprise of yesterday morning, though it has no return, she shines, and life cannot be shorn of yesterday morning.

That I had seen it all with the two people whom I love best in the world adds to the delight of it; and to Charman at least my delight was the sole object in view from first to last.

And whom do you think I saw in Regent street? he asks, as he takes a cup of tea with my hands. "Your friend, Lord Lorraine."

"Lord Lorraine is at Old Knowe," Charman says, opening her dark eyes. "He has been at Old Knowe; but he is not there now. Dudley Probyn was with me; it was he who pointed him out to me."

"You know I told you I saw him at that picture-gallery," I remark to my late among the daisies.

"But where could he have vanished to? We searched for him everywhere that day. I don't know. But I saw him as plainly as I see you this morning, and he was looking straight at you."

"I did not see him," Charman says slowly. "No, I looked at you, but you were listening to Jack. And when I looked round again, he was gone."

"It is very odd," Charman remarks; and her face is slightly troubled. "I can't think why he did not come to us—unless he was too angry. He would have been furiously angry I know."

lower-letter now, though my knowledge of a job here is very rudimentary, and the flower I must have seen not to be in bloom or only to grow wild in the woods.

Report of the Fire Commission.
TO HIS MAJESTY THE KING IN COUNCIL.—Sire: The undersigned Committee appointed by Your Majesty to investigate and report upon the cause of the fire which devastated a large portion of the city of Honolulu, on the 18th day of April ultimo, would respectfully state that having made due inquiry into the matters for which they were appointed, and examined all the testimony available, and having also obtained valuable assistance and suggestions from the Chief Engineer of the Fire Department and his assistants, as also from other citizens of experience, they, the Committee, do find:

First—The fire started in a back room in the upper story of the two-story wooden building, situated on the easterly corner of Hotel street and Smith's lane, the lower story of the building being occupied as a restaurant.

Second—The cause is somewhat uncertain. The Chinese examined state as their belief that a gambling game or lottery, in which a large number of tickets were used, was in progress. A dispute arose, and the tickets were seized by one of those present and thrust into a fire, which was burning in the room. A scuffle then ensued, during which the fire was scattered over the floor, and in a moment the room was in a blaze.

Third—As to the reason of the fire being so quickly uncontrollable: (a) The streets were too narrow to permit the Fire Department to work to advantage in the commencement. (b) The blocks of houses were too large and compact, the distance from street to street was too great, and the modes of ingress difficult, and during a fire dangerous.

(c) The overhanging balconies or verandas projecting into the street proved fire traps and ready means of spreading the fire. (d) The storage of gunpowder, kerosene, and other combustibles was greatly in excess of the amount allowed by law.

(e) The inflammable nature of a large proportion of the Chinese merchandise, such as the different varieties of food preserved in oil, etc. Fourth—As to the Water Supply: The water mains on Beretania, King and King streets are too small to supply the steam fire engines now in use, and the fire plugs are wholly inadequate, being only 1 1/2 inches diameter.

Fifth—Our Fire Department worked heroically, and their efforts were bravely seconded by the officers and crews of the British men-of-war "Heroine" and "Satellite," by our native troops, and by our citizens generally. Sixth—The present apparatus and equipment with, perhaps, an additional supply of hose, is amply sufficient for our present requirements.

And your Committee would now most respectfully recommend as follows, viz: That the widening and straightening of the streets in the burnt district, and opening of new ones therein, in accordance with the recommendation of the Jury, duly appointed for that purpose, be carried out fully and promptly. That the limit for fire-proof buildings be extended to cover as much of the burnt district as possible. That fire walls be erected at proper fixed distances in that part of the burnt district where it may be proposed to allow the erection of wooden buildings.

That the water mains be all increased in size, more especially those on the streets running parallel with the water front; and the Nuuanu street main be increased from 12 to 18 inches; that upright fire hydrants, with at least two 2 1/2-inch openings, be adopted throughout the city; and that additional cisterns be built. That the building of over-hanging verandas on the street fronts be absolutely prohibited. That the law governing the storage of kerosene be amended; that the area and quantity allowed be more clearly defined; and then that the requirements of the law be strictly enforced. In the matter of fire limits, your Committee would further recommend

that the limits of fire-proof buildings be extended towards Waikiki—from the present limits to Punchbowl street—for all buildings used for business purposes. All of which is respectfully submitted. CHAS. T. GULICK, Chairman. ALEX. J. CARTWRIGHT, S. M. DAMON, C. E. WILLIAMS, C. O. BERGER. Honolulu, May 10, 1886.

Arthur Johnstone, Editor and Prop'r.

THURSDAY, MAY 13, 1886.

It is a notorious fact that two years ago the Daily Bulletin was sold out, body and soul, from the lying motto at the head of its editorial column to the end of its local columns, to certain leaders of the Opposition party...

HAWAIIAN LEGISLATURE.

ELEVENTH DAY.

House met, pursuant to adjournment, at 10 o'clock A. M., the President, Hon. J. S. Walker, in the chair.

PETITIONS.

Hon. member Keau, from Honolulu, presented a petition asking that \$1,200 be appropriated for laying a water pipe on School street from Liliha street across the bridge.

Hon. member Palohau, from Hanalei, presented a petition that a scow for ferriage be placed at Hanalei.

STANDING COMMITTEES.

Hon. member Brown, from Koolauloa, reported back from the Judiciary Committee the bill presented by the Attorney General concerning escheats.

SELECT COMMITTEES.

Hon. member Castle, from Wailuku, asked that the Select Committee to whom was referred the bill amending the copyright act be given more time.

RESOLUTIONS.

Hon. member Keau, from Honolulu, presented a resolution that \$1,200 be inserted in the Appropriation Bill for the water pipes mentioned in the petition presented by him.

Hon. member Kaula, from Koolauloko, presented a resolution that \$2,000 be appropriated for a wharf at Wainanalo.

Hon. member Wight, from Kohala, gave notice of his intention to introduce a bill to repeal the act creating Road Supervisors-in-Chief.

Hon. member Kaula, from Koolauloko, read for the first time an act to amend Section 3, Chapter 44, session laws of 1884.

Hon. member Dickey from Makala read for the first time an act to prevent disastrous conflagrations.

bish or out-buildings shall be allowed in space between buildings. Upon motion of Hon. member Richardson the rules were suspended and the bill read a second time by its title in order that it might be referred to a select committee.

Upon suspension of the rules His Excellency the Minister of the Interior reported back from the Printing Committee certain bills as printed.

Hon. member Baker from Honolulu presented a resolution asking the Minister of the Interior whether Mr. Z. K. Meyers, a clerk in the Water works office, had taken the oath of allegiance or not.

Hon. member Nahiau from S. Kona read for the first time a bill relating to retail liquor licenses, raising the fee to \$1,500.

His Excellency the Attorney-General read for the first time a bill providing for inquest on fires when there should be reason for suspecting arson.

Hon. member Kauhane from Kauai gave notice of a bill to enable the Minister of the Interior to appoint Road Commissioners in each district.

Hon. member Palahau gave notice of his intention to introduce a bill amending Section 70, Civil Code, Laws of 1868, relating to elections.

Hon. member Richardson from Wailuku moved the ORDER OF THE DAY.

Upon motion of Hon. member Castle the bill was read by its title and the House went into Committee of the Whole to consider the bill item by item.

The items on the Civil List were passed as in the bill as follows: His Majesty's Privy Purse and Royal State \$50,000.

Her Majesty the Queen 16,000, H. R. H. the Heir Presumptive 16,000, H. R. H. Princess Likelike 12,000, H. R. H. Princess Kaiulani 5,000, His Majesty's Chamberlain and Secretary 7,000, Household Expenses 20,000.

Amounting in all to \$126,000. All of the above items were proposed to be reduced by Hon. members Dole, Dickey and Castle.

Hon. member Dole thought that \$40,000 would be sufficient for His Majesty the King. At the last session His Majesty requested the Assembly to practice economy in their expenditures commencing with himself.

This Assembly has not received such an intimation this session, but the Hon. member had no reason to believe His Majesty had changed his mind since then.

With the amounts needed for rebuilding the burnt district in Honolulu and paying damages for land taken for new streets, for enlarging the water pipes and other extra items, the already large Appropriation Bill would be increased, probably, by a million dollars.

The Hon. member thought that the Assembly might logically and legally propose a reduction in the amount for His Majesty's Privy Purse and Royal State.

In reference to the amount of \$16,000 put down in the bill for Her Majesty the Queen, the Hon. member thought that it was shameful to vote a larger salary for a member of the Royal Family than was paid to the Chancellor of the Kingdom, who stood next the King in rank and dignity.

He thought \$12,000 was sufficient. Hon. member Castle opposed the items of \$12,000 and \$5,000 for Princess Likelike and Princess Kaiulani.

He was aware that the English Parliament voted sums of money for a large number of the royal family, but he did not believe we were called upon to make allowances for all the Royal Family.

He would challenge any one to show good reasons why these items of \$12,000 and \$7,000 should not be struck out.

Hon. member Dickey moved to reduce the item for Chamberlain and Secretary to \$2,000. Hon. member Nahale amended to \$4,000.

Upon consideration of the item of \$3,000, Household Expenses elicited considerable discussion. Hon. member Castle asked for information concerning the item.

He supposed the King's Chamberlain was the proper person to give the information. Receiving no reply, the Hon. member made a motion that the item be passed by for the present.

This motion being defeated, the Hon. member then asked whether this item included the support of hangers-on about the Palace.

His Excellency the Minister of Foreign Affairs said though the matter of disbursements for the Royal household did not come within the province of the Ministers, yet, as the Hon. member for Wailuku had called attention to the Ministerial side of the House he would say a few words regarding the item.

\$9,000 per annum. His Majesty entertained in a liberal manner and the speaker thought the country could afford this expense.

Hon. member Dole agreed with the Minister of Foreign Affairs that the item was demanded by the increased expenditure in the new Palace.

He thought the Assembly would be united in voting the full amount if they were sure the amount would be expended in the direction as indicated.

His Majesty's salary was his pocket money and they had no right to pry into that. This appropriation was in the nature of a public fund for keeping up the dignity of the State.

The pay roll may be \$9,000 per annum. This would pay 32 servants at \$250 per annum. The speaker had never seen a larger squad of servants about the Palace.

The Palace itself seemed to be well taken care of, but the lawn was in a sadly neglected state. There is no gentleman's garden in Honolulu more shamefully neglected.

There is an arseman well on the premises but there are always white spots on the grass showing it is not watered. All we want to know is what is expended in order that the grounds, which are, in a certain sense public grounds, may be well cared for.

It is no use to tell them to wait for the report of the Finance Committee. That may not come in for a month yet. He moved that the item pass at \$16,000. Motion lost.

At 12 o'clock the Committee rose and reported progress, asked leave to sit again at 1:30 P. M., and the House adjourned to that time.

AFTERNOON SESSION.

House met at 1:30 P. M., and went into Committee of the Whole resuming consideration of the Appropriation Bill.

PERMANENT SETTLEMENTS. Hon. member Aholo called attention to an error in the item of \$1,200 for Hon. H. Kuhlhelani.

The act had provided for that sum per annum, and he would, therefore, move an amendment to \$2,400 to cover the two years. The two items were then passed as follows: Hon. H. Kuhlhelani \$2,400, Mrs. Nahaoleleua \$600.

LEGISLATURE AND PRIVY COUNCIL. Hon. member Richardson moved to amend the item, "Expenses of Legislature 1886 \$30,000," to \$35,000, in conformity with the act passed by the House early in the session.

The amendment was adopted and the three items under this head were passed as follows: Expenses of Legislature, 1886 \$35,000, Secretary of Privy Council \$200, Incidentals of Privy Council \$100.

DEPARTMENT OF FOREIGN AFFAIRS. The first item, that of salary of Minister, \$12,000, passed without other comment than Hon. member Castle's motion to pass it.

On the item of salary of Secretary \$6,000, Hon. member Dole moved to reduce to \$5,000. The item \$6,000 was voted on first, and on a rising vote there being a "tie" the Chairman voted "No."

The item was then passed at \$5,000. The next item, that of "Pay of extra clerks, copyists and translators" provoked a long discussion.

Hon. member Kaula spoke with great vigor against the item, characterizing the amount as excessive, and uncalculated. The Hon. member criticized the report of the Minister of Foreign Affairs as "rubbish," and a "bundle of rags."

and went on to show that the former appropriation of \$2,400 for the same purpose had not all been expended; therefore in his opinion that sum would be sufficient for the coming two years.

His Excellency the Minister of Foreign Affairs in explaining the need for the item said he was surprised that the Hon. member who had just spoken should denounce a document that he had confessed he had not examined closely.

He was also surprised that the Hon. member had based his information in regard to what was to be done with the amount proposed in the item, on information obtained—as he had said—"in alleyways and the streets," instead of coming to head quarters for the information which would have been given him.

His Excellency went on to say that it had been strongly urged in previous sessions of the Legislature that the official correspondence of the country should be couched in both the Hawaiian and English languages, and of late, letters of His Majesty, and important documents had been sent abroad in both languages.

Upon the return of the Hon. Curtis Lauka from his mission abroad he had said that much surprise had been expressed to him by foreign dignitaries that the Foreign Office did not express itself in the Hawaiian language, accompanying the documents with a translation.

The Minister said he was now endeavoring to carry out this plan, so that the Foreign Office could express in its diplomatic literature somewhat of the spirit of the Hawaiian language.

There was too, the archives of the Foreign Office going back forty or fifty years a great deal that was valuable and essential for reference.

This matter he was anxious to have collated and indexed. The secretary had taken the matter in hand but could only find time to work at it from time to time.

personally, on his humble efforts to carry out a policy in relation to foreign affairs which he was pleased to say met with the approval of His Majesty, and which he hoped would also meet with the approval of the House.

And if the report had been largely taken up with letters from "petty island chiefs," as the Hon. member had intimated, perhaps there might be cause for complaint.

But he would refer to the report contained therein of a former Vice President of the Assembly who, with Prof. Alexander, had taken part in the conference lately held at Washington.

There could also be found the report of an Hon. Noble who went as His Majesty's special commissioner to the World's Exhibit at New Orleans.

There was also the report of the Convention of Hawaii with Japan as a portion of this "trash," a convention which had been the means of supplying our planters with so much needed labor.

There was also the correspondence with the Hawaiian Envoy at Washington, all fully worthy of consideration by this Assembly.

Hawaii had raised herself in the estimation of the world by the stand she had taken in her Foreign policy, and though she might fall short of her aim, yet, like the boy who was advised by his father to wait at the summit that he might at least reach a lofty mark, so he hoped Hawaii's efforts might place her higher than before in the scale of nations.

He, the Minister, could point with satisfaction to the confidential letter of Secretary Bayard, and also Lord Rosebery's honorable expression of high consideration.

As for the item, \$2,400 is probably enough for a copyist alone, but I would be pleased to be able to carry out the plan inaugurated in reference to collecting and indexing the archives.

Hon. member Dole stated that he was not prepared to discuss the Foreign policy of the Government, neither was this the time to do so.

The Minister's allusion to the boy's shooting at the sun suggested the idea that if he had gone out after ducks or other game, and had aimed at the sun, he would not get any game at all.

He was reminded of the fable of the frog and the ox. He did not think it was part of the work of the Foreign office to look over old archives.

Such work might be done by able men, such as Judge Fernandez or Prof. Alexander, but as the work of a common clerk would probably be worse than useless.

Hon. member Keau said all he wanted was to have no more money expended than was necessary. Was willing to vote the amount with the proviso that it be spent for nothing else.

Hon. member Thurston commented severely on the willingness of the member from Honolulu being willing to vote money away for such purposes as indicated in the item, while some of his constituents in Makiki valley were living in grass shelters because they could not get money that was due them from the Government.

Hon. member Dickey suggested that there was already an item in the bill for paying the Board of Education for compiling a history of the Islands, and as they would probably have to examine the Foreign Office archives for historical points, it might be, with a little help from the Foreign Office, the work of indexing the archives might be done without extra expense.

Hon. Noble Bush said that Ministers submit what they think they will require, and it is the business of the House to fit the expense to the receipts. It had been stated that fictitious figures had been used to fit the estimated receipts to the proposed expenditures.

The Hon. Noble thought the House was increasing expenses when they ought not to.

A vote to pass the item at \$4,000 was lost by a majority of three. The item then passed at \$2,400.

Upon motion the Committee rose, reported progress, and obtained leave to sit again. The House then adjourned to 10 o'clock this Thursday morning.

LOCAL NEWS.

A meeting of the Honolulu Rifles was held at the Armory last evening.

A blast was fired in the vicinity of School street yesterday noon, which startled the neighborhood.

Mr. Winston of Burke & Winston, arrived by the W. G. Irwin, yesterday, bringing a large number of hoggies.

The steamer Kilauca Hou, which arrived from Hawaii yesterday, reports plenty of rain and rough weather along her route.

A meeting of the Woman's Church Aid Society will be held in the Y. M. C. A. parlor at half-past two o'clock this afternoon.

Mr. Thos. Lindsay of Nuanuu street requests an announcement, that he was not the Thos. Lindsay charged with drunkenness in the Police Court day before yesterday.

The brigantine W. G. Irwin, in command of Captain McCulloch, arrived in port yesterday afternoon, seventeen days from San Francisco. She brings one day's later foreign news.

In consequence of ill health, Mr. Geo. Cavenagh has retired from the management of the Polytechnic Hotel, on King street. Mr. H. Barber will in future attend to all business in connection with the restaurant.

A three-mile race will take place at the Yosemite skating rink this evening, between Hartman of Honolulu and Thos. H. Lewis of the Triumph. The race will be for a prize, and will commence at half-past eight o'clock.

Captain W. M. Waterbury, of the United States Army, and wife, arrived in Honolulu by the brigantine W. G. Irwin yesterday afternoon. Captain Waterbury and wife came to the Islands for a visit, and will return to the States in a short time.

The demand for copies of the Appropriation Bill is far ahead of the supply. By the time the session is ended those now in use will be as full of emendations, alterations, additions and subtractions as the first rough draft of the American Declaration of Independence.

A large hole was dug yesterday on Nuanuu street to get at one of the water mains which had sprung a leak. Quite a large crowd of natives and sailors gathered to watch the work which proceeded with intermittent libations of the "festive" from a black bottle.

Decorations Day.

At the regular meeting of Geo. W. DeLong Post No. 45, G. A. R., last Tuesday evening, a committee was appointed to arrange a programme of exercises for Decoration Day (the 31st inst.) which falls this year on Monday.

Entertainment at the Y. M. C. A.

The members of the Young Mens Christian Association will entertain the crew of H. B. M. S. Triumph in the Association Hall this evening. An interesting programme has been prepared, in which both the sailors and the members will take part. The members and their friends are invited to be present at half past seven o'clock sharp.

A Shooting Match.

A shooting match between six marksmen from the Triumph, and six of the Honolulu Rifle Association was held at the Casino yesterday afternoon. Although a strong wind was blowing at the time, some good shooting was done. The Honolulu team beat the man-of-war's men twenty-three points. Mr. C. Nicoll, of the Honolulu team did some remarkable shooting, making nine consecutive bulls-eyes at four hundred yards.

The Volcano.

By the steamer Kilauca Hou, which arrived from Hawaii yesterday, the report to the effect that the Volcano had resumed activity was confirmed. Mr. S. G. Wilder, received a letter from Mr. J. H. Maby, manager of the Volcano House, stating that at eight o'clock Saturday morning, the 8th inst., the Volcano broke out with great force, filling Halemauau to its former level with boiling lava. This news will be received with pleasure by residents who have not seen this Hawaiian wonder, and also by intending visitors to the Islands.

Premature Oratory.

The Independent member at large, who lets loose his bottled eloquence immediately upon the adjournment of the House each day, mistook the rising of the Committee of the Whole at noon yesterday for the adjournment, and broke in on the final motion with his usual vehemence. The Sergeant-at-Arms took him aside to converse with him privately outside the door—and with success.

The Oceanic Wharf to be Enlarged.

Work will soon be commenced in extending and enlarging the Oceanic Steamship Company's wharf. The high fence at the lower end of the wharf is to be torn down and the wharf extended to the upper end of the Inter-Island wharf. The necessity for this change is the docking of the steamers Australia and Zealandia, both of which are longer than the Mariposa and Alameda, for which two latter vessels the wharf was originally built.

The Debate.

The debate in the afternoon session of the House yesterday was full of "wise saws and modern instances." Aesop's fables were drawn on to illustrate points; the boy being advised to aim at the sun in order to hit something high; the frog trying to emulate the ox in point of size, and the mountain that labored to bring forth a mouse all were used to give point to remarks. Just as the audience were looking for some member to be reminded of "a little story" the House adjourned.

The "Myrtle" Ball.

The ball to be given by the Myrtle Boat Club will take place at the Central Park skating rink this evening. Preparations have been made for dancing, and a most enjoyable time is anticipated. The "kitchen" or stall will be situated on the Waikiki side of the building, where refreshments will be served. Tickets can be had at J. M. Oat & Co.'s and at King Bros.' stores. As this ball is given to raise funds for the use of the club, it is expected that the friends of the boys will help them along by purchasing a ticket, whether you go or not.

Building to be Sold at Auction.

Messrs. G. W. Macfarlane & Co., have instructed L. J. Levey, the auctioneer, to sell at public auction, the building known as the International Hotel, situated on Hotel street between Nuanuu and Fort streets. The building was damaged to some extent by the late fire, and is to be sold with the understanding that the purchaser will remove the same within thirty days after sale. The walls of the building are coral and lava rock with slate roof. The sale will be held at Mr. Levey's salesrooms, Queen street, at twelve o'clock noon, Saturday next.

An Exciting Runaway.

A lively smashup occurred on Merchant street at about five o'clock last evening. A horse attached to a brake was standing in front of W. S. Luce's wine store at the time mentioned, when the horse took fright and started out Merchant street toward the Government Building, at a 2:40 pace. Two hacks were standing, one on the south-east and one on the north-east corner of Fort and Merchant streets, and before the drivers could get out of the way, the frightened horse had dashed into first one and then the other hack, breaking one of the shafts of the first hack and the hub of the right fore-wheel of the second. Clearing himself, and still dragging the brake, the horse dashed along the street. When in front of J. A. Lunings office, one of the wheels of the brake caught on a hitching post, but instead of stopping the frightened steed, the post was broken off like a straw. A little further on the brake caught on a wagon belonging to Mr. Graham, breaking the shafts of the brake, and thus freeing the horse which kept on its way, leaving the demolished brake behind. Fortunately no one was injured.

They Say:

That the Legislature is trying to answer the great political problem of how to pay expenses; that people who live in glass houses ought not to throw political brickbats; that the debate in the House yesterday waxed warm in the afternoon; that Mr. Dole leads the Opposition in a dignified manner which carries weight; that the rubbish was being burned on the burnt district yesterday; that the lobby is a favorite place for members who love the weed; that the representatives of England and America were present at the session yesterday; that the Chinese are in favor of the passage of the bill taxing Chinamen for their sick and indigent countrymen; that the native string bands are tuning up their instruments again for night reveling; that there will be a gay time on board the Triumph to-day; that the sailors have gay times ashore, opposite No. 4 Engine House on Nuanuu street; that the fashion in ladies' hats is going to such an extent that the hats are taken off when entering a doorway; that the Myrtle boys are all getting ready for the good time; that Jimmie Williams plays the fiddle as well as Miss Moran; that one of the Honolulu Rifle Team made a good score yesterday afternoon; that runaways are all the go; that two liberty-loving horses made a break for freedom last evening; that one of said horses made a bad brake;

that several sailors from the Triumph made more fun than a circus on Merchant street yesterday; that there will be an ocean race between the terns Eva and Wm. Renton; that both of said vessels sail for San Francisco to-day; that the society young men are jealous of the attention paid the men-of-war's men by the pretty girls at the entertainments; and that the entertainment to be given at the Y. M. C. A. this evening promises to be a success.

Police Court Items.

WEDNESDAY, May 12th.

H. Day, remanded from the 11th inst., charged with larceny; nole pros. entered.

Alden Fruit and Taro Company,

OF WAILUKU, MAUI.

Taro Flour! Taro Flour! Taro Flour!

Highly recommended by physicians, and used by everybody. A boon to the sick and convalescent. A valuable article of diet for the healthy. Poi made from this flour possesses cleanliness never found in ordinary poi.

It makes by far the best mush. Taro cakes, muffins, rolls, bread, griddle cakes, gems, and puddings of unrivalled excellence can be made as readily from this as from ordinary flour.

FOR SALE BY ALL GROCERS.

DIRECTIONS FOR MAKING POI.—Take the desired amount of flour and mix very thin with cold water, being sure there are no lumps. Confine this in a bag or cloth and place in a kettle of boiling water, and let it continue to boil 1 1/2 to 2 hours, until cooked. When done (while warm) stir with a stout spoon, adding a little water until the whole is well mixed. Let this stand from 5 to 6 hours. Then add water in small quantities, mixing thoroughly and kneading until the desired consistency is obtained. Owing to its great purity it will take from 3 to 4 days to become acid or sour. 202-311.
