THURSDAY, MAY 27, 1886.

Hon. member Keau, one of the four representatives in the Assembly from this District, deserves commendation for the able manner in which he defended, yesterday, his bill to prohibit the driving of cattle on the public road at Moanalua.

When he arose to speak the bill was to all appearances dead, it having been made the subject of a good deal of good-natured banter for some time. It had been pointed out that the operation of the bill would interfere with the comfort of the many for the sake and welfare of a few. In addition to this the powerful argument had been used that the supply of beef for Honolulu would be imperiled, and people would have to go hungry.

In spite of all this the introducer of the bill succeeded in having the motions to indefinitely postpone, to lay on the table, to amend, and to refer to the Judiciary Committee.

It is to be presumed that something will be done to mitigate the evil complained of. People living in Moanalua do run considerable risk of injury from wild cattle on their way to town, and they are entitled to some protection. As long ago as in 1882 these people complained to Mr. Gibson, then a candidate for the Legislature, of this evil, and now, after waiting four years we are glad to see that through the efforts of His Excellency, ably seconded by the Hon. member from Lihue, the Moanaluan are likely to be protected from the pursuit of Cattle, in the pursuit of life, liberty and happiness.

Gladstone's Position.

NEW YORK, May 18.—A London cablegram says: Edmund Yates, whose political predictions have lately been notably fulfilled, says in this morning's World: "I am enabled to announce on the very highest authority that the defeat of the Government is to be followed by the immediate dissolution of Parliament."

"I understand that the Queen was ultimately convinced by Gladstone's argument that the course which he proposes to pursue is the best under the circumstances, and a complete understanding about the impending crisis now exists between Her Majesty and the Prime Minister. The uncompromising attitude which Gladstone has assumed during the last ten days is due to his profound conviction that the general election will give him a working majority and that his opponents—Conservatives, Radical or Whigs—will be smitten bip and thigh."

HAWAIIAN LEGISLATURE.

TWENTY-SECOND DAY.

His Excellency the Minister of the Interior reported from the Printing Committee the following bills as printed. An act providing for a permanent settlement on Her Highness the Princess Poomaikelan. An act to amend the law relating to drunkenness. An act regulating the pay of Sheriffs, etc. An act providing for a permanent settlement on Hon. A. Fornander. Hon. member Kalua gave notice of his intention to introduce a bill regulating the expenditure of road taxes in districts where collected.

Hon. member Nahale gave notice of his intention to introduce a bill regulating practice of law in Police and District Courts.

ORDER OF THE DAY.

The House went into Committee of the Whole on consideration of the Appropriation Bill, Hon. Noble Wilder in the chair. On motion the committee proceeded to consider the items under the head of Board of Health. The first item, Salary of Secretary \$6,000 was passed, and when the next item—Leper Hospital \$100,000—was reached the committee voted to postpone the further consideration of the items until the report of the Finance Committee was received. The committee then rose and reported progress.

UNFINISHED BUSINESS.

Under the head of Unfinished Business the House proceeded with the

consideration of the bill relating to escheats of land. After discussion the bill passed to engrossment and to be read for the third time on Saturday next.

The bill relating to stamp duties was then taken up and on suspension of the rules was read by its title, and then laid on the table to be considered with a bill of which notice had been given by the Minister of the Interior.

The bill amending the law relating to the Lord's Day commonly called Sunday was then discussed.

His Excellency the Attorney General moved to amend the second section so as to include vendors of bread, meat, fish and fruit amongst those exempt from the operation of the act.

Hon. member Hayselden moved to amend the same section so as to allow cattle landed from vessels on the Sabbath and to be driven through the streets. Further amended so as to permit of their being driven to water.

Some members spoke for and against the bill, which finally on motion of Hon. member Kaulukou was referred to the Committee on Education. The House then adjourned to 2 P. M.

AFTERNOON SESSION.

Upon reassembling the House took up the consideration of the bill relating to water rates. After a short discussion the bill was referred to the following committee: Their Excellencies the Minister of the Interior and the Attorney General, Hon. Noble Bishop, and Hon. members Brown, Castle and Keau.

The House then took up the bill regulating the currency of the Hawaiian Kingdom. After the English version was read the Hawaiian version could not be found immediately. The House thereupon suspended the rules and ordered the bills relating to taxation introduced by Hon. members Kaula, Hayselden, Carter, Dole and Palahoa, to be referred to the Special Committee on taxation. The House also referred the two bills concerning fishing, introduced by Hon. members Paeahole and Amara, to be referred to the Judiciary Committee.

Upon discussion of the bill relating to gaming, Hon. members Dickey and Dole discovered discrepancies between the order of wording between the Hawaiian and English versions and after a little discussion the bill was referred to Hon. member Dole for correction.

The Hawaiian version of the currency act having been received was read, and the bill was then referred to the following Select Committee: Hon. Noble Bishop, Hon. members Dole, Castle and Aholo, and His Excellency the Attorney General.

The bill prohibiting the driving of cattle through Moanalua valley was discussed and after being made the subject of a good deal of criticism, was moved to be indefinitely postponed to be laid on the table, to be referred to the Judiciary Committee, and to be amended and re-amended. The bill was ably defended by its introducer, Hon. member Keau, and was finally referred to the Judiciary Committee.

The two bills introduced by Hon. member Paeahole changing the school age of children from "fifteen" to "seventeen" years; and the bill introduced by Hon. member Kaula exempting certain persons from payment of tuition fees; were referred to the Committee on Education.

On suspension of the rules His Excellency the Attorney General gave notice of his intention to introduce a bill granting licenses to bond malt liquors in Honolulu.

Hon. Noble Widemann asked for and obtained leave of absence from the Assembly for the balance of the session.

House then adjourned to 10 o'clock A. M. this (Thursday) morning.

A Letter from Mr. Thurston.

Editor Daily Honolulu Press. SIR: You have seen fit to make some personal remarks in your paper, in regard to me and my actions in the Legislature. In so far as they refer to my motives or ability I have nothing to say, as it is a matter of indifference to me what your opinions upon that subject may be; but as you have made misstatements in regard to facts, I hereby request that you will publish this correction of your statement.

You say that while the House was discussing the liquor license law, without any reason or occasion for so doing, I insulted the Ministers and the House by stating that I wished that the Crown Ministers might be included in the clause which forbids selling to minors, women and habitual drunkards.

As a matter of fact, the Minister of Finance has been entirely incapacitated from attending to the duties of his office for some weeks past by reason of his being continually in a state of intoxication. He has only appeared in the Assembly on three or four days since the Legislature opened and has then been in such a state that he has excited the derision and ridicule of even the Government supporters in the Assembly. He was in the House and under the influence of liquor at the time of the discussion in question, and objected to passing the section in question because the term "habitual drunkard" was ambiguous, and that what one man would consider habitual drunkenness another would not. As he sat down I arose and said "I move that an amendment to this section that the words 'Ministers of the Crown' be added, as under the circumstances I think they are necessary."

Whether or not the suggestion was an "insult" to the House, or whether

the insult consists in foisting upon the Assembly an open and habitual drunkard as its financial leader, and whether the disgrace to the country of having such a person continued in office warrants an allusion to the subject, I am willing to leave to the public. Yours, etc., LORRIN A. THURSTON. May 26, 1886.

CALIFORNIA WINES.

The growth and manufacture of pure wines in California has surprised the most sanguine. Although small manufacturers, through combined ignorance and carelessness, turn out inferior wines, it has been the ambition of

Messrs. Arpad Haraszthy & Co. to manufacture wines that are absolutely pure, and the only house in California that manufactures pure Champagnes produced by the natural process of fermentation in the bottle.

The importation of MESSRS. ARPAD HARASZTHY & CO.'S wines into this Kingdom, from October 7th, 1885, to March 31st, 1886, being nearly two-thirds of all other manufactures put together, is a guaranty of their popularity, and that they are far superior to any wines manufactured.
