### The Silver Problem.

#### A Couple Married in the Presence of 30,000 People.

### Chinese in Hawaii.

### GRANT MEMORIAL SERVICE.

### RIOTING IN MONTREAL.

#### Another Cup for the Geneta. Trying to Sell the Geneta, Etc.

### The Yacht Dauntless.

NEW YORK, Sept. 25.—Captain Montgomery, sailing master of the yacht *Dauntless*, which was so badly beaten by the English cutter *Geneta* in the Brenton's Reef race, attributes the fact to the light wind which prevailed during the first half of the race, and is confident that his yacht can beat the *Geneta* in heavy weather. He says that he is authorized by Mr. Caldwell H. Colt, owner of the *Dauntless*, to match her against any yacht afloat for a race across the Atlantic Ocean, either way, for a wager of \$10,000.

### A Novel Wedding.

SYRACUSE (N. Y.), Sept. 25.—Thirty thousand persons witnessed a marriage ceremony on the Onondaga Fair Grounds this afternoon which was performed in response to offers of prizes for such an event. The bride was Emma R. Knapp of Lafayette, and the groom Marshall A. Bishop, a prosperous young farmer. The bride had to endure fifteen minutes of kissing, in which all the officers of the fair, newspaper reporters and people on the platform participated, while the tremendous audience roared with laughter. Nearly every exhibitor on the grounds made presents to the couple, the total value of which was many hundreds of dollars.

### Expelling Chinese in Washington Territory—Sacramento River Rising.

SEATTLE, W. T., Sept. 27.—The train bringing the Chinese from Newcastle has just arrived with about twenty-five Chinamen. Their story is substantially as previously reported. A mob of masked men, numbering about twenty, and armed with rifles, visited their lodging-house, and after breaking in the doors, ordered the inmates to leave at once. Finally, after the intercession of the white guard, twenty-four hours were given the Chinamen in which to leave. When the news reached here to-day there was some discussion as to whether it would be better to send the militia to protect the Chinamen or to withdraw them peacefully. The latter course was decided upon, and a special train was sent to the mines. All were allowed to leave quietly. No Chinamen were injured except by kicks and blows.

The Anti-Chinese Convention to meet here to-morrow is exciting much interest, and delegations are here from all parts of the Sound country. A strong delegation arrived from Tacoma this evening. The demonstration will be entirely of a lawful nature.

### Another Cup for the Geneta.

NEW YORK, Sept. 28.—The Cape May challenge cup, presented by James Gordon Bennett in 1872, will also go to England as one of the *Geneta's* prizes, she having won her last and perhaps the easiest victory by beating her former competitor, the schooner *Dauntless*, in the race from Sandy Hook around the Cape May lightship and return. The *Geneta* had the lead at the start and kept it throughout the race.

At a late hour to-night no tidings of the yacht *Dauntless* have reached this city. There is some uneasiness coming to be felt as to her condition and whereabouts, as she is known to have lost her topmast.

### Alaska and British Columbia Boundary.

NEW YORK, Sept. 28.—An Ottawa special says: The British Minister at Washington has forwarded to the Dominion Government a copy of the report of the Governor of Alaska to the United States Government will be invited to co-operate and have a joint survey made next year. Nothing could be done till then, as no appropriation has been made for the work by the Dominion Parliament.

### Public Debt.

WASHINGTON, Sept. 30.—It is estimated there has been a decrease of about \$12,000,000 in the public debt during the month of September. Payments on account of pensions during the month were about \$4,000,000.

### Death of a Naval Officer.

MARTINEZ, Sept. 30.—Lieut. G. A. Cook, of the revenue cutter *Corwin*, died at the residence of J. F. G. Smith, in Ygnacia Valley, on Tuesday afternoon. He was 31 years of age, a native of Massachusetts, and was married on Monday afternoon to Mary E. G. Smith, eldest daughter of J. F. G. Smith. He was buried in the Martinez cemetery to-day.

### Grant Memorial Service.

NEW YORK, Sept. 30.—At the Grant memorial service in Brooklyn, last evening, Col. Fred. Grant and wife were present. Dr. Newman made the prayer. The speakers were Major Low, Gen. Woodford, Corporal Tanner and Horace Porter. The latter said: People read frankness in every one of Grant's features. He was born of the people, and never lost hold on them. He was never tired of taking up the cudgels for his subordinates. He hated two classes of men—liars and cowards.

### Cleopatra's Needle.

NEW YORK, Sept. 30.—Prof. Doremus, who had been requested to make an examination of the condition of Cleopatra's Needle in Central Park made a report to President Grimmins in which he urges that the surface of the obelisk be treated with melted paraffine in order to protect it from the disintegration which is rapidly taking place. He said there was a dangerous fissure in the obelisk which, if not arrested would cause its fall. The Board authorized Prof. Doremus to take measures for its protection against the coming winter weather.

### Trying to Sell the Geneta.

NEW YORK, Sept. 30.—The *World* says: It is not at all certain that the *Geneta* will go back to England. A member of the New York Yacht Club offered yesterday \$20,000 for the yacht, which was refused. The gentleman who made the offer was on board the *Geneta* yesterday afternoon, and it is quite probable that he will advance \$5,000 on his first offer, in which case he will probably obtain the yacht. Should he purchase her both the Brenton Reef and Cape May cups will, by the terms of their deeds of gift, come back to the New York Yacht Club.

### A Society Sensation.

NEW HAVEN (Conn.), Sept. 30.—A great sensation was created to-day by the announcement that Honora, youngest daughter of Dr. Edwin Harwood, rector of the Trinity Church, had eloped and married a rich New Yorker named Truman Hemingway, and sailed for Europe yesterday. The sensation is magnified by the fact that invitations had been sent out and extensive preparations made for the young lady's marriage next Wednesday to a Mr. Prun, son of the late Hon. John V. L. Prun of Albany, a millionaire. Both were suitors for her hand at the same time. The first knowledge of the affair was conveyed in a note from her to her parents received this morning.

### The Fire Record.

HELENA (M. T.), Sept. 30.—A special from Warm Springs says: One of the buildings of the Insane Asylum was burned yesterday, and three of the inmates perished in the flames. It is not known how the fire originated.

CINCINNATI, Sept. 30.—The six-story brick building at Race and Commerce streets, used as a trunk and box factory by Mendel & Rosenberger, was burned this morning. Loss \$45,000. One hundred and twenty employees are out of work.

MINNEAPOLIS (Minn.), Sept. 30.—A fire late last night destroyed one-third of a large tenement block on Court place, Fifteenth street, and a portion of Neill's tenement row on the opposite side of the street. Seven families are rendered homeless. Loss \$50,000, partially insured.

### Chinese in Hawaii.

WASHINGTON, Sept. 30.—United States Minister Merrill has sent to the Department of State copies of the regulations recently promulgated by the Hawaiian Kingdom controlling the immigration of Chinese. In substance the regulations are as follows: No vessel shall be allowed to land more than twenty-five Chinese passengers at any port in the Kingdom unless passengers in excess of that number are provided with passports entitling them to enter. Passports entitling the holders to return to the kingdom will be granted persons of Chinese nationality, or who may hereafter become resident on the islands, provided such persons have been engaged in trade or have conducted some industrial enterprise during at least one year of their residence. No return passports will be given to Chinese laborers leaving the islands. Passports will be granted at the Foreign Office, also by his Majesty's Consular officers at Hong Kong, Shanghai and San Francisco, to any Chinese women desiring to come to the islands, and to Chinese children whose parents are residing in the kingdom or who may not be of more than 10 years of age. Passports entitling the holder to enter the kingdom will also be granted at the Foreign Office to such persons of Chinese nationality as the Minister of Foreign Affairs may deem it proper to admit to the kingdom. All orders and instructions regulating the incoming of Chinese into the kingdom heretofore made and proclaimed are rescinded.

### Law-Defying Mormons.

SALT LAKE CITY, Sept. 29.—Three unlawful cohabiters were put through the Third District Court to-day. Bishop Hiram B. Clawson, who long posed as the head of a model polygamous family, declared that he married

his wives when he and they were young when there was no law against it, in full faith that their marriage covenants were according to divine command, and they had raised families who in turn had children who believed polygamy divine—could not throw off his wives and repudiate his children. If he did they would view him with scorn and contempt and he would be ostracized and looked down upon by this community. He would lose the confidence and respect of all his friends and neighbors. Judge Zane replied that there never had been a time when these so-called wives of his were wives in the eye of the law. Polygamy was forbidden by common law and by the law of morals. It did not become a man claiming to be an American citizen and enjoying the protection of its laws to reject a wholesome law for fear of social and business ostracism when thousands of men had given their lives to uphold the supremacy of the law. Sentence was passed to the full extent of the law—six months imprisonment and \$500 fine.

Truman O. Angel pleaded guilty after much quibbling and agreed to abide by the laws and not counsel others to disobey. Being a poor man he was released with \$150.

Septimus Sears, head of the produce department of Zion's Co-operative Institute, pleaded guilty and pledged himself to obey the law in future and advise others to do the same. He was released on payment of \$300 and costs.

### The Silver Problem.

NEW YORK, Sept. 30.—A *Journal of Commerce* Washington special says: Bland, the author of the silver coinage bill, is here, and talked freely with your correspondent. He said: "I have heard no changes of opinion in any members of the last Congress who were re-elected, and do not anticipate any affirmative action by the next Congress upon the silver question. When Warner's bill is presented to the House, I shall offer an amendment, providing that after silver bullion has been deposited at the market prices and the certificates issued the Government shall coin the bullion into silver dollars of the present standard, to be used in redeeming certificates when presented. I do not believe any man could be elected to Congress from any district in the Mississippi Valley who announced his determination to vote for the suspension of the coinage of the silver dollar."

BERLIN, Sept. 30.—The Central Union German Manufacturers, representing the leaders of the Protection party, have petitioned Prince Bismarck, asking him to inquire into the subject of bimetalism. The petition is the outcome of the visit to Manton Marble, the American delegate, who was sent abroad to inquire into the silver question. Mr. Marble left here in consequence of orders from President Cleveland to make his report by the time Congress opens. Mr. Marble's task was to obtain the opinions of most of the diplomatic and financial officials on the effect of the repeal or the continuance of the Bland bill. He has obtained from the German bankers the approval of the idea of a monetary conference. It is thought, however, the success of such a conference would depend largely upon England and what she would do is considered doubtful.

### The Situation in Montreal.

MONTREAL, Sept. 30.—There has been 184 deaths from small-pox in this city during the four days ending Tuesday night, besides 51 in adjoining municipalities. Alphonse Movais and Wm. Beebe, who were arrested during the riot on Monday, were to-day sentenced to four months' imprisonment. Four young men, three named Perrault and one Cowan, arrested on St. Catherine street last night, were discharged to-day. Over one hundred placards were torn down in the Eastern District yesterday, but the sanitary police replaced them to-day. This afternoon three members of the Fifth Royal Scots were badly beaten by roughs. A firm of lumber merchants gave their employees the option of being vaccinated or leaving their work. Forty of them this morning went on a strike. They got full of bad whiskey and returned at noon and threatened to have their revenge to-night. General Middleton is in the city and will remain as long as his presence is needed. Sub-Chief Lancy and a detachment of police were attacked near Bansecour Market to-day by a mob with stones, but on the police charging them they fled. The city will continue under military protection during the night. The insurance policy of \$120,000 on the exhibition buildings, held by a London company, has been withdrawn. A rumor was current during the evening that a fight was going on in the East End, but the report proved unfounded.

### Another Big Dredger.

NEW YORK, Oct. 1.—The new large dredge *City of New York*, built by Leary, for use in dredging for the Panama Canal, was cleared through the Custom-House yesterday. She will be towed by the steamship *Craighill*, which landed at Newport News

FRIDAY, OCT. 9, 1885 MORAL PHASES, SUCH!

It is surprising to one who has closely scrutinized the history of the world's social condition, and especially surprising to one who has read the private histories of Princes and of noted social individuals, that the world should suddenly stand agog at the exposure of the London scandals. Such things, it might almost be said, have existed from pre-historic times, or at least they have existed and still exist more or less within the history of every city, great or small.

It is safe to say however that both public indignation and official investigation will close as soon as these cities have a little time to forget their assumed self-righteousness—they always do. The idea of dirty London and giddy Paris holding Cabinet Councils over conditions that have existed for an indefinite period! The people who ought to do the most to help purify public morals are already raising a cry against the London scandals for even taking the time that would aid such an attempt, viz: exposure.

Now at home, how is it? It is certainly safe to say that if the Press should show—as it would be easy to do—that the same thing which has been exposed as going on in London with young girls, is constantly practiced in Honolulu on a smaller scale with native girls, there would be such a howl of indignation raised against us that an investigation would be pushed to the wall and extinguished.

His Excellency the Minister of Finance—Sir: I have the honor to hand to Your Excellency a table, showing the value and quantity of domestic exports for the three months ending September 30, 1885; also a comparative table of exports for the nine months, 1884, and the corresponding period, 1885, showing a total increase in the value of exports of \$638,004.44 for the nine months just ended.

The comparative table of customs receipts for the same period show a deficit of \$40,531.48, or 18 1/2 per cent. A statement of arrivals of merchantmen at Honolulu for the same period show a decrease in tonnage of 808, and a total decrease of \$268,945.95 in the value of cargoes.

Table with 3 columns: Articles, Quantity, Value. Includes items like Sugar, Molasses, Rice, Bananas, etc.

Pacific Coast News. The Apache Outbreak—Geronimo's Daring Feat.

SANTA FE, Sept. 25.—To-day is dispatches from the field report Cockrell's ranch, in the Mogollon Range, surrounded by Indians. The settler's have taken refuge at the ranch, and are prepared to meet the attack. No depredations are reported. Major Dickey's company of the Twenty-second Infantry are within eighteen miles of the ranch. No anxiety is felt for the safety of the adjacent settlements.

Geronimo's Daring Feat. TOMSTONE (A. T.), Sept. 25.—It has been learned to-day, upon the most reliable authority, that the leader of the band of Indians who rescued two squaws from Fort Apache on Monday last was none other than the wily Geronimo, and the squaws were his two wives, to recover possession of whom he left the Sierra Madres, successfully evaded the military cordon along the Mexican line, traversed again his old trails through New Mexico, killing the few unfortunates who fell in his way, again eluding the troops near the Mogollons, into whose fastnesses he disappeared, and no more was heard of Geronimo until he entered the enclosure of Fort Apache under the very shadow of the commanding officer's quarters, secured his prize and had flown. Information based upon official military dispatches is to the effect that the cunning chieftain, after gaining access to Fort Apache, bribed a friendly White Mountain Indian to show him where his wives were concealed, then speedily effected their capture and fled with his followers.

Polymonia Arraigned. SALT LAKE, Sept. 30.—Charles Seal, Alfred Best, Emil Olsen, William Wiley, Samuel H. B. Smith, Edward Brain and William Rossiter were arraigned in the District Court to-day, and pleaded not guilty. The trial of Rossiter was proceeded with.

Counsel for the Mormons. SALT LAKE, Sept. 30.—A special dispatch received here to-night says the Mormons have employed as counsel, in place of Emory Storrs, Senator Vance of North Carolina and ex-Senator Kernan of New York, and that they will make their first appearance in a Utah court in November.

The Apaches. TOMSTONE (A. T.), Sept. 30.—James Hennessy of Tombstone, interested in the cattle business in San Simon Valley, received a private telegram this evening, stating that his partner, Michael Keating, had been killed at his Whittell ranch in San Simon, and that William Shanahan is missing. No particulars are given. The news arouses much interest, and fears of Indian trouble in this vicinity are redoubled. Added to this intelligence the following dispatch from Benson to the Evening Tombstone confirms the belief that the killing was the work of Indians: "On the train at noon, while passing four miles west of Cabis station, Dragoon pass, we saw twelve or fourteen mounted Apaches riding in great haste toward the reservation." MacFarlane just in from Chiricahua brings word that section is full of Indians. Yesterday morning a band of Apaches passed within three-quarters of a mile of Gray's ranch, and the troops six hours behind them.

Orders were received last night from General Crook for four companies of cavalry to concentrate on Eagle Creek. Lawson's command is at David's Mormon settlement, San Pedro Valley, to-night. The cause of this sudden order is not known, but it is supposed that the military are cognizant of the movement of the Apaches toward the reservation, the renegades having eluded the vigilance of the military forming the cordon along the line, and making for San Carlos, resorting to their usual murderous practices en route.

TUCSON (A. T.), Sept. 30.—Advices from the front say: From fifteen to twenty-five hostile Apaches had camped in Guadalupe Canyon, four miles northeast from the station of Troops H. and G. Fourth Cavalry. On Monday night Major Davis, with 137 scouts, came upon the trail and were in hot pursuit, and camped on the spot. Captain Dorst of Troop K, with his command, left San Bernardino Sunday evening at 6 o'clock, not knowing that the Indians were in such close proximity. There is a strong probability that he will cut off the return of the hostiles to the Sierra Madre. Sergeant Errison of Lieutenant Lockart's command, Troop E, with ten men, followed in another direction, so that it is highly probable that a killing of Indians will be the result in a few days.

DEMING (N. M.), Sept. 30.—Last night signal fires were seen in the Burro Mountains. Troops in the neighborhood were stationed on the old Cook's Peak and Florida trails. At daylight this morning a band of hostiles passed to the south and west of Deming, and crossed the railroad track four and one-half miles west. As soon as seen a party of stockmen gathered and started to cut the trails, and, if possible, surprise them in the Red Mountains west of here. The trail showed eight Indians, who scattered soon after daylight, each trail going in a different direction for several miles, when they all showed a general direction, heading straight for the Burro Mountains. The ranchers are still uneasy, and have their families and stock near town, as there may be another band still to hear from.

FOREIGN.

The Roumelian Trouble. CRIME IN IRELAND. Massacre of Christians in Anam.

The British Grain Market. The Sultan Calling for Assistance. The Pope Will Mediate.

British Socialists, Etc., Etc.

ROME, Sept. 25.—The pope has agreed to mediate between Germany and Spain with regard to the Carolines question, subject to certain conditions which have not yet been promulgated.

MASSACRE OF CHRISTIANS IN ANAM. NEW YORK, Sept. 25.—The Herald's Paris special says of the massacre of Christians in Anam: The superior of the college and the whole host of Christians have been slaughtered pell mell. Some were thrown into the sea with their hands tied behind their backs. Some of the missionaries tried to make a stand with muskets, but were soon defeated. Churches, schools and dwelling-houses were everywhere burned, and the Christians who escaped had to walk for days without food or shelter in order to reach places of refuge. General de Courcy promised to send a gunboat, which came to Quinhao after the place was burned down and never fired a shot, owing to the absence of orders.

LONDON, Sept. 27.—Advices from Bucharest report that fighting occurred on Friday near Adrianople, and that during the engagement thirty Roumelians were killed and three hundred wounded. The Russian commandant of the arsenal at Ruetchuk recently permitted a ship laden with arms and ammunition to sail from that port, ostensibly to Antwerp, but really to Boorghas.

ATHENS, Sept. 27.—A mob of Cretas and Macedonians, with others, held a demonstration before the King's palace to-day.

ENGLISH SOCIALISTS. LONDON, Sept. 27.—The great Socialistic meeting, about which so much has been said and which the police threatened to suppress, was held at Lime House to-day without interferences on the part of the authorities. Fully 40,000 persons took part in the demonstration. The speakers indulged in violent denunciations of the society of the age, but no undue excitement was displayed by the immense audience, and the affair passed off in the most peaceful manner. The police kept carefully out of sight of the members of the meeting. The police authorities making no display of force had, it is thought, much to do with the absence of disorder.

THE BRITISH GRAIN MARKET. LONDON, Sept. 28.—The Mark Lane Express in its review of the grain trade says: The weather has been characterized by electrical rain storms, and in some localities by snow. The work of gathering the harvest is virtually finished in England and Ireland, though in Scotland a large proportion of the crop is still uncut. The season favors autumn sowing. Sales of English wheat during the week were 68,558 quarters at 30s 10d against 77,639 quarters at 33s during the corresponding week of last year. Sellers of foreign wheat are firm in their views. The demand has not improved in the off-coast market, and sellers are firm while buyers are shy. Seventeen cargoes arrived, 9 cargoes were sold, 4 were withdrawn and 8 remained, including 2 of California. To-day's market was slow to the disappointment of sellers. Flour was quiet and firm.

WHEAT IN ENGLAND. LIVERPOOL, Sept. 28.—The spot market is quieter at 7 @ 7s 3d. Cargoes are firm, at 35s 6d for off-coast, 37s for just shipped, 35s 6d for nearby due.

RACING IN ENGLAND. LONDON, Sept. 30.—At the October meeting at Newmarket the great handicap was won by Jane; Hopscoth second, Stourwick third. Eight starters.

THE SILVER QUESTION. LONDON, Sept. 30.—The Berlin correspondent of the Standard claims to have learned that Mr. Marble, the American delegate sent abroad to inquire into the silver question, has just left to return to Washington. He had to feel his way toward an international conference, and to discuss the matter with the diplomatic and financial authorities, and seems to have secured the approval of the first German bankers. If such a conference meets, the decision will not be between bi-metalism and mono-metalism, but between mono-metalism for international business and bi-metalism for home affairs. This would involve the raising of the present value of silver about 20 per cent.

THE SULTAN CALLING FOR ASSISTANCE. LONDON, Sept. 27.—Stricker Pasha, a German officer, has been appointed Chief of Staff of the Turkish Army Corps at Adrianople, Said Pasha, the new Turkish Minister of Foreign Affairs who was until recently Turkish Ambassador to Germany, before leaving Berlin had an interview with Prince Bismarck, and obtained from him an assurance of Germany's support in the settlement of the Bulgarian difficulty. The Roumelian and Bulgarian Parliaments have sent telegrams and addressed him to the Czar of Russia, entreating him to protect the Union.

Servia is actively negotiating with Roumelia and Greece, with a view to taking common action against extension of the Bulgarian dominion. King Milan of Servia will go to Nissa immediately to assume chief command of the army. General Popovitch, the King's Chief of Staff, with 25,000 troops, is ready to cross the frontier. All the Powers have agreed that the Roumelian Conference shall be held at Pera.

THE ROUMELIAN TROUBLE. LONDON, Oct. 1.—Sir Michael Hicks-Beach, Conservative leader in the House of Commons, speaking at Salisbury yesterday, said the Government was attempting, in concert with the Powers, to circumscribe the area of the existing Roumelian disorders.

BERLIN, Oct. 1.—The result of the recent interview between De Giers, Russian Prime Minister, and Prince Bismarck, will be to restrain Servia, Greece, and Montenegro from attacking Turkey. Otherwise Austria would, it thought, certainly make a bold strike for Salonica, and possibly for Constantinople, causing a blaze in Russia which would end in a European war.

LONDON, Oct. 1.—A Time's correspondent at Constantinople thus summarizes Turkey's position: Turkey has no army ready to march, no stores, no money in the treasury, no Administration, no energy. She must submit to the inevitable.

CONSTANTINOPLE, Oct. 1.—The Ambassadors met to-day to consider the Roumelian question at the house of Count Corti, the Italian Ambassador, but adjourned without transacting any business of an important nature, several of the Ambassadors having not received formal instructions from their respective Governments.

LONDON, Oct. 1.—The Times insists that to day will prove an important date in the history of the Eastern crisis. "It is understood," says the Times, "that the first meeting of the informal conference of Ambassadors will take place within the next few hours at Constantinople, while at Nissa, the Servian Skuptschina will be opened by King Milan. It is plain that upon what is decided in these two gatherings depends the issue of war or peace. If a wrong decision is taken at either place; if the conference takes up too rigid an attitude with regard to Prince Alexander, or if the Skuptschina decides rashly upon separate action, it may be that before many days are over the whole Eastern question will be reopened in its most acute and dangerous form."

COPENHAGEN, Oct. 1.—De Giers, Russian Foreign Minister, has conferred with the Czar on the Roumelian difficulty at Fredericksberg, a village twenty-one miles from this city, the usual summer residence of the Danish royal family.

CONSTANTINOPLE, Oct.—The Porte has sent circulars to the Powers protesting against the recent action of Prince Alexander in disarming the Roumelian inhabitants of Roumelia.

VIENNA, Oct. 1.—Bratiano, the Roumanian Prime Minister, who has had an interview with Emperor Francis Joseph and Count Kalmsky, Austrian Foreign Minister, respecting the attitude of Roumania in the event of war between Turkey and Bulgaria, has left this city to confer with Prince Bismarck, after which he will visit the Czar. His mission is for the purpose of having Roumania considered inviolable and accorded rights similar to those enjoyed by Belgium, if hostilities should break out. The opinion gains ground that the crisis is extending, and unless the Powers intervene at once, war is inevitable. The Porte, as a precautionary measure to prevent the reduction of supplies in the event of war with Bulgaria, has issued an order prohibiting the exportation of cereals.

LONDON, Oct. 1.—During the last two days heavy artillery firing has been heard in the direction of Pristina and Djakora. It is believed a desperate fight has been raging between Turks and Arnauts. The Bash-Bazouks have sacked and burned several villages in Eastern Roumelia.

CRIME IN IRELAND. LONDON, Oct. 1.—Sir Michael Hicks-Beach, in a speech, yesterday, referring to the alarming increase of boycotting in Ireland, said the Government was preparing to deal with the evil with a strong hand. He believed the Irish people would applaud the action of the Government regarding the matter. He denounced Gladstone's manifesto, as misleading in its statements concerning occurrences of the past, and in its promises for the future. The speaker said that the reports of crime in Ireland were absurdly overdrawn.

DEATH OF A NOTED MAN. LONDON, Oct. 1.—The Earl of Shaftesbury is dead. The Right Honorable Anthony Ashley-Cooper, born in London, April 28, 1801, was educated at Christ Church, Oxford. He was frequently returned to parliament, and succeeded his father to the peerage in 1851. He was the Lord of the Admiralty under Sir Robert Peel's administration in 1834-5; but refused office in 1841 from Sir Robert Peel upon finding the Premier would not support the Ten Hours' bill, of which he (Shaftesbury) had charge. The chief object for which the Earl had labored in and out of Parliament was the improvement of the social condition of the laboring classes, he taking great pains to inform himself of their condition and how to ameliorate it. His influence with the Evangelical party within the Church of England was considerable. He was at his death President of the Bible Society, the Pastoral Aid Society and the Society for the Conversion of the Jews, and formerly Protestant Alliance. He was a prominent member of the Evangelical Societies with a religious basis, and an active advocate of the abolition of slavery throughout the world.
