## AT THE PARK.

**DELIGHTFUL AFTERNOON OF SPORTS BY THE H. A. A. C.**  
 Lively Horse Race to Wind Up With.

No series of sports was ever better carried out here than those of the field day of the Honolulu Amateur Athletic Club at the swampland Jockey Club's track in Kapiolani Park on Saturday. Showers of rain in town doubtless kept many people away, yet there was a goodly throng in the grand stand and the private stands, besides the occupants of almost if not altogether as many carriages as were in the grounds on the 11th.

The choice of officers of the day was particularly well made, and the entire absence of delay in starting events was very gratifying to the spectators. Thos. Wright ought to have the chief credit for this admirable feature, as he never failed to issue orders, when an event was about to begin, for the contestants in the next one to get ready. The officers who acted were as follows:

Judges, Thos. Wright and Dr. J. T. Wayson; starter, L. Ward; referee, J. W. Jones; time-keepers, James L. Torbert and F. Kruger; clerks of course, L. Singer and J. McGuire.

There were several intensely interesting surprises in the events, especially in the bicycle races, where champions were downed regardlessly. An event not on the bill was a half mile running horse race, which was far more amusing than anything on the 11th. Below is a complete record of the sports:

1. One mile bicycle race, handicap. Atkinson, scratch; R Dexter, 5 yards; H. A. Giles, 10 yards; Geo. H. Angus, 14 yards; H. E. Walker, 20 yards; Wm. Chapman, 25 yards; Jos. Silver, 30 yards; Norman Hulstead, 30 yards. Atkinson won in 2:46 2-5; Dexter second.

2. One hundred yards dash, handicap. Thos. Pryce, scratch; Cris. Holt, 2 yards; J. L. Hansmen, 3 yards; John Davis, 3 yards; W. K. Levi, 3 yards; A. Kaulakou, 3 yards; Thos. C. White, 4 yards; W. Bolster, 7 yards. Won by Pryce in 10 3-5 seconds.

3. Putting 16-lb. shot, handicap. Jas. Spencer, scratch; W. Chamberlain, 4 feet; A. Kaulakou, 4 feet. Won by Spencer, 34 feet 1 inch.

4. Half mile boys' bicycle, handicap. H. Kluegel, scratch; Arthur Giles, 15 yards; Chas. Markle, 25 yards; A. S. Willis, jr., 25 yards. Won by Giles in 1:20 1-5; Willis second.

5. Half mile dash. C. A. Rice, G. W. Clark, Thos. C. White, W. Bolster. Won by Clark in 2:46 4-5; Bolster second. It was a slow race until near the finish, when the leaders put on a burst of speed.

6. Running high jump. C. J. Willis, Chris Holt, Jas. Spencer. Won by Spencer, 5 feet; Willis second.

7. Two hundred twenty yards dash. D. F. Thrum, Thos. Pryce, Chris. Holt. Won by Holt in 24

2-5; Pryce second.  
 8. Half mile bicycle race, handicap. R. Dexter, scratch; Jack Atkinson, scratch; H. E. Walker, 7 yards; Geo. H. Angus, 7 yards; Wm. Chapman, 10 yards; Jos. Silver, 12 yards; N. Hulstead, 15 yards. Won by Angus in 1:13 1-5; Dexter second. This was a good race throughout, and Angus made a fine rush at the finish, with Dexter straining every nerve close behind.

9. Pole vault. C. J. Willis, Jas. Spencer. Won by Willis, 9 ft 1 in. Spencer was not much short of reaching the nine foot line. The final lofty flights of Willis were loudly applauded.

10. Hundred twenty yards hurdle race. H. Hapai, James Spencer. Won by Hapai in 17 1-5. Spencer was evidently fagged out by his previous contests.

11. One mile novice bicycle race, handicap. Joe Silver, scratch; A. Giles, 100 yards. Giles was awarded the race on account of a foul. Time 3:11 1-5.

This was one of the most exciting events of the day. Silver nearly used up his little antagonist's handicap at the first quarter, and then hung on his rear as if to make the race an easy one. After the half he passed Giles, but the little fellow hung on the big racer's hind wheel until the three-quarter post, when he came up even. There was loud cheering at the pluck and endurance of Giles, which increased to a universal roar of applause as the lad was seen to be giving the burly youth a hot push for the wire. The best spurt Silver put on did not give him the lead and when near the distance post he ran his machine upon Giles' ground. This un-sportsmanlike action had the effect of disconcerting Giles enough to impair his pace. Silver came even with him and passed him at the wire just about one wheel ahead. Mr. Wright immediately awarded the race to Giles by a foul, a judgment that was enthusiastically applauded.

12. Quarter mile dash. Thos. Pryce was left the race by the withdrawal of D. F. Thrum, C. A. Rice and John Davis, and, although instructed he need only walk over the course, he jogged over it in 1:0 3-5.

13. One mile race. B. F. Beardmore, A. H. Rice, G. W. Clark, Chas. F. Murray, W. Bolster, Thos. C. White, Wm. W. Chamberlain, C. Brewster. Won by Rice in 5:23; Chamberlain second. Beardmore early took the lead and developed it until he was 100 yards ahead of the runners next behind him at the three-quarter post. The others were coming along in groups far apart. As the home stretch was entered, however, it was seen that Beardmore was losing his advantage gradually. Still nobody thought for a moment he would be passed. When about 150 yards from the finish two or three of his followers were close upon him and it was evident he would be pushed hard. At this juncture Beardmore gave an anxious glance over his shoulder, wavered unsteadily from side to side and dropped out of the race. Then there was a real race.

Rice and Chamberlain with exhausted limbs and wild eyes started hard for first place. Rice crossed the wire about three yards in front of his rival. Murray and White came panting several yards back in third place.

14. Three mile lap bicycle race. Jack Atkinson, R. Dexter, H. A. Giles, Geo. H. Angus, Wm. Chapman, Sylvester Garida. In this race the winner of each lap is given three points, the second two points and the third one point, but in the final lap the winner gets four points. The result of the race was as follows:

First lap: Garida 3, Angus 2, Giles 1.  
 Second lap: Garida 3, Dexter 2, Angus 1.  
 Third lap: Garida 4, Dexter 2, Angus 1.  
 Aggregate: Garida 10, Dexter 4, Angus 4. Dexter was awarded second honors on something like the Creedmoor shooting rules, he having improved his running, while Angus did better at the first than at the last of the race. Time, 9:25 4-5.

Garida's performance was a splendid illustration of the "dark horse." All the star wheelmen were left completely out of competition with him from start to finish. Atkinson stood well for second place in the first lap, but unfortunately something got wrong with his pedals and he retired 150 yards from the wire.

15. One mile greenhorn bicycle race, handicap. D. Crozier, scratch; F. G. E. Walker, scratch; W. Vida, scratch; W. Nott, 60 yards; W. F. Schmidt, 90 yards; J. T. Wright, 125 yards; Jas. Spencar, 125 yards; Chris. Holt, 250 yards. Won by Schmidt, Walker second, Crozier third. Time 3:7 4-5.

16. Ring tournament. Chas. Rice and Harry Wilder tied with five rings each out of a possible nine. Rice took two in the deciding contest. Wilder missed the first two, and their waived a trial at the third. A. H. Rice took four, being the only one who took all three rings in one tilt. Palmer Parker 4, J. McGuire, two tilts, 3; C. K. Hyde, 3; W. Schmidt, 2; Dan Vida.

17. Half mile dash for horses, free for all, sweepstakes. This event was not on the program, but it was one of the most diverting of the day. There was a field of fifteen or sixteen horses, which came sweeping down the course in a bunch to the home stretch. Then it came to a contest between three or four. Willie Vida, who hastily borrowed the charger of Captain Cook, mounted police, at the last moment, came under the wire first, Maguire being second. Harry Wilder's black horse ran well, but Harry should have put a light boy on him instead of his heavy corporation. Time, 58 sec. Mr. Wright waggishly posted it at 51, whereat unsophisticated spectators were loud in expressions of admiration.

There will be eager anticipation for the next field day of the H. A. A. C., on the part of all who had the pleasure of being at the park last Saturday.

**Business Talks**

June 13, 1895.

The time made by Burt Lee in the trial heats last week but bears out the old saying that "trotting horses have no particular lineage," and are not, so to speak "born to the purple." Burt Lee was picked up for a carriage horse without reference to his sire or dam—he had the right appearance and a smart gait that pleased his owner, his possibilities have not half been shown and there is no telling what he may develop into before next season's races. One of the best of the olden time trotters, Dutchman, was a common cart horse without any thoroughbred origin. The trotter of today is but the result of the careful selection in mating animals. Rarus, the prodigy who first beat 2:14, was sired by an unknown fish-huckster's horse, who even after he had gotten the wonderful cold pulled a wood cart. There may be other horses in the islands which, if properly handled, will do even better work than Burt Lee, their joints may want lubricating and if that is the only trouble there is nothing better than injections of oil provided you get the right kind and there is only one "right kind" and that is "Vacuum."

We have been handling these oils for years and can recommend them as the safest oils manufactured for use on sugar mill or other fine machinery. The famous 600 W is in use on nearly all the plantations here and in most of the electric light and power works in the United States. In a letter to the manufacturers Thos. A. Edison says:

"I find that the oils you have furnished, have proved very satisfactory."

The Vacuum Oil is made in several brands of which we carry 600 W, Vacuoline Engine and Arctic Engine Oil, this latter for electric light, centrifugal and general high speed work. It is particularly adapted to the Edison system, being used by the Edison Company and recommended by them.

When it comes to price Nothing equals Vacuum Because it is lasting.

We handle the celebrated Pennsylvania Lawn Mower because we consider them the best in use. Other styles have been put upon the market only to be relegated to the back yard but you never find a "Pennsylvania" that is not fit for use. They are easy to run and no trouble to keep in order. We have them with 10 to 21 inches blade.

Don't file a mower blade; Just put a little oil on it And sprinkle with emory powder, Then work the machine back And forward and the blade is sharpened.

We carry the largest stock of Blasting Powder and the celebrated Hercules Powder in this market. The latter is made especially for us for this climate. No one has ever questioned our assertions regarding packing. Our stock comprises all sorts used in engine rooms and the selection has been carefully made. We have a full stock.

We have lately added to our goods used in the out of town districts a lot of Sherman's celebrated Mexican Saddle Trees. They were made to order for us and will fit both the rider and the horse. Nothing better in this line has ever been offered the public and the prices are astonishingly low.

Republic of Hawaii vs Young Leong, bribery. Young Leong was supposed to be Young Hee's partner in bribing the police of Wailuku. Defendant pleaded guilty, but was acquitted by the jury.

Republic of Hawaii vs Hong Chong, perjury. Defendant was found guilty and sentenced to six months at hard labor.

Republic of Hawaii vs Ah Lai, opium in possession. Appeal from Hana. The jury disagreed.

Republic of Hawaii vs. Young Hee, bribery. Defendant was found guilty and fined \$500. A singular discovery has been made in this case, which will most likely result in a new trial being granted. It is claimed that one of the jurors who sat on the case has native blood in his veins, and a motion for a new trial will possibly be filed this afternoon.

Republic of Hawaii vs. Yechikati (Jap.), larceny 1st degree. The jury brought in a verdict of guilty and defendant was sentenced to five years at hard labor, and to pay a fine of \$500 and costs.

Republic of Hawaii vs. Wau Ching, opium in possession. Defendant was found guilty and fined \$100.

Paauhau vs Kipahulu Sugar Co., ejectment. A verdict in favor of plaintiff was brought in with damages fixed at \$82.60.

**THE ELEVENTH.**

June 11 was celebrated on this side of the island in good style. A native luau was given in Iao valley, at which a large crowd of natives and their friends attended, and a very pleasant day was spent listening to the fine singing and eating pig and poi. The residents of Makawao and vicinity held a picnic and dances at the new school house at Kokomo. A very enjoyable time was had by all. The base ball cranks celebrated the day with two games of base-ball at Wailuku. The first game between Waikapu and Wailuku resulted in a victory for the Waikapu. Score 9 to 5. The second game between Wailuku and Waibe was won by the Wailukus by a score of 12 to 8.

**Minute of Condolence.**

The following is part of the minutes of the Scottish Thistle Club: HONOLULU, H. I., June 7, 1895. By the death of our esteemed and honored member, Mr. WALTER HILL, We, the members of the Honolulu Scottish Thistle Club, feel that we have lost one who ever proved himself a true friend to us collectively and individually, one too who was always ready and willing to work for the best interest of us, his friends.

We, therefore, while fully cognizant that our grief cannot even approach distantly that poignant sorrow which is the portion of those he loved so tenderly, desire to join our sorrow with theirs.

We extend to them our sincerest sympathy and regret in their sad bereavement, fully appreciating that time is alone the healer of such a sacred grief.

D. LOGAN,  
GEO. L. DALL, } Committee  
WM. MCKAY.

Resolved that above be spread on the minutes of our club and a copy forwarded to the sorrowing wife and daughter.

**Is It Salvation?**

The Hawaiian Star, \*\* devotes considerable space to the proposition of annexing the Islands to the United States, and excluding Asiatic and contract labor. This plan, had it been adopted some years ago, would have settled in a diplomatic way the frequent uprisings, and, doubtless, various filibustering officials would never have been heard of. The movement has behind it such men as A. S. Hartwell, D. B. Smith, C. L. Hopkins, R. B. Brenham and C. B. Miller, representative and business and professional men of the Islands, whose lives have been spent in greater part among the better class of residents and whose knowledge of affairs has equipped them with a thorough

understanding of the pros and cons of the point involved. Annexation would result in the liberation of the men imprisoned for treason against a farce government, and the peace for which the land of Kalakaua was once noted will be restored. The undiplomatic Mr. Dole could then find another island to pounce upon and hang there by his teeth without invitation.—*Chi.*

**Born a Genius**  
Disease Threatens to Cut Short a Noble Career

But Hood's Sarsaparilla Restores Good Health.

Little May Bentley is an accomplished elocutionist and natural born speaker of only 12 years of age. She is the only child temperance lecturer before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "C. I. Hood & Co., Lowell, Mass. I heartily join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gatherings in the head. I was compelled to leave school upon the doctor's advice. He thought it was the only thing to save my life, but I

Continued to Grow Worse. I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted effectively upon the blood and I began to improve. After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla." LILLIAN MAY BENTLEY, Shelbyville, Indiana. Get HOOD'S.

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

**BEDROOM SUITS:**

In oak or birch are selected by people whose tastes run to the refined and elegant. For room decoration as well as for service there is a certain elegance and richness about these woods not found in any other, and yet the prices are not what you would imagine them to be. Birch sets with dressing cases having cheval plate mirrors are preferred by ladies, because the long glass allows them a view of the full figure. The old fashioned large square glass is quite as fashionable and as much in demand because the bureaus to which they are attached give larger space for clothing.

We have them in all styles and in modern designs.  
Price from \$25 to \$60.

**SECRETARY BOOK CASES:**

Wall pockets and shelves for books are out of date; fashion demands something more modern and more artistic in design than you've been used to. Books in rich binding require appropriate surroundings. They cannot be obtained except in art

furniture such as we show you. As in other articles, oak in antique designs is the favorite for book cases; rich carving adds to the appearance and increases the cost, we have them both plain and fancy and the workmanship governs the price; the man of limited means can get something to suit his finances with the same facility as the man who has "money to burn."

**SHAVING STANDS:**

There's economy in shaving if a man could only learn to handle a razor without danger of losing his skin. But women folks have such a fashion of putting things in out of the way places, that there is little encouragement for a man to practice the barber's act upon himself unless he is certain that he can find his shaving materials when he wants them. Shaving Stands are made for shavers, and one of them in the house obviates all annoyances—there's a place for everything and everything in its place.

We have fifty different styles for you to select from, and you can get one at your own price.

**CHIFFONIERS:**

In these days when ladies require many changes of clothing, or where the family household is made up of many little ones, there is a demand for space in which to put things away. The bureau drawers are crowded and few houses in Honolulu are provided with necessary closets. A Chiffonier, then, is necessary in every home where storeroom is scarce.

These are made now-a-days for the use of gentlemen as well as ladies, and the designs for one are quite as pretty as for another; some have a drop lid which unfolds to the gaze a regular receptacle for pens, ink, paper and other articles of stationery. Birch and oak are the ruling woods and the price depends upon the size—from \$14 to \$27.50.

**CHINA CLOSETS:**

There's scarcely a family in Honolulu, or anywhere else on the Islands, who has not a few choice bits of china stowed away in out of the way places. Give them light—let your

friends see them. You like the admiration of your friends for your taste in decorating your homes why not, extend it to your china and bits of crockery?

China Closets in oak are the proper thing and a dining room is not complete without one—the price has been an obstacle in the past but overproduction by a leading furniture maker in the States has helped us to offer them to you at ridiculously low prices. See those with the oval glass. Prices range from \$20 to \$45.

**DINING TABLES:**

Each an original in design; none are copies. All the best styles from Greek to modern times are represented. Those intended for large rooms are heavy and solidly carved. Others have more lightness and grace; less elegance.

As to price. Hand carving takes time and money; the more carving on a table the more it costs us—and you. Rich wood is expensive, the larger the table the larger the price.

In Antique Oak from \$7 to \$25.

DANIEL LOGAN, Editor.

MONDAY, JUNE 17, 1895.

OBSERVATIONS.

If the House has to run against the excessive wind thus far prevailing in it, the Senate will leave it way behind the distance post and chew peanuts in the grand stand till the wind strikes the House in the back.

No newspaper has yet congratulated Professor Heinrich Berger, the popular bandmaster, upon being a grandfather, which he became on the 11th, the great Kamehameha holiday. The event has not made the genial veteran a bit sadder.

It is very gratifying to see so much fruit of tourist visitation from the frequent calls of the China steamers as the large number of passengers who stayed over from the S. S. Coptic. Let us keep hammering away at the attractions of the islands for tourists and their beneficial climate for invalids. The entertainment of strangers may not always bring angels, but it will mortals with gold coin and they will leave behind in exchange for poi, scenery and hand music.

ABOUT OURSELVES.

As a change has taken place in the status of the EVENING BULLETIN, by the incorporation into it of the Independent, a morning paper lately started, a few words from the new combination may be appropriate. To correct an erroneous impression that has got abroad, it should be stated that the Independent, excepting as a morning newspaper, does not die. Its plant and resources are merged with those of the BULLETIN, and its owners have associated with the owner of the BULLETIN to conduct a newspaper and general printing and publishing business. They are prepared to make contracts for the printing and publishing of periodicals, as well as to do job printing.

There will be no change in the policy of the BULLETIN, nor in that announced by the Independent in its initial issue. The combined paper will be entirely independent. That is, it will freely criticize public servants, uninfluenced by fear of resentment or hope of patronage. At the same time it will not be the organ of any party, but will bestow praise where it may be considered as deserved, without regard to friendships or irreconcilables.

As a newspaper the BULLETIN will aim to be thorough. An able and experienced reporter has been engaged in the person of Mr. George Manson, whose work will be supplemented in special lines by the editor, whose more than a score of years of constant editorial and reportorial experiences will be applied to the best of his ability. After a few days the important department of marine news will be in the hands of a reporter who has made a good record in that line in a local contemporary.

Subscribers of the Independent will be supplied on and after this day with the EVENING BULLETIN, and all engagements of either paper as to advertising as well as subscription, will be faithfully carried out. The subscription

price after June 30 will be seventy-five cents, the same as that of other daily papers of Honolulu. It is intended to make the paper worth the additional cost. The paper is to be printed by electric power at the printing house, Keolu street near Allen street, Esplanade. The business office will remain at 609 King street, where Mr. Finney, business manager, can be seen or called up by telephone No. 256. The editorial and printing house number is 395.

Frogs and Bugs.

Commissioner Joseph Marsden received a colony of frogs numbering about fifty from Prof. Koebele in Japan by the Coptic. They are big chaps with flutelike notes in their croaking. Col. J. H. Mr. Marsden also received a lot of different species of ladybirds from the same source to make war on insect pests.

It cannot be denied that the roads in Honolulu and suburbs are kept in a very fair and good condition. The road supervisor is devoting all his time and as much money as he can get in keeping the roads in good order and the driving and riding public appreciates his efforts. Nowadays, we do not drive in the old-fashioned brakes that used to shake the insides out of the driver. We do not either patronize old stifle-legged horses the motions of which were mild, only in comparison with riding on a rail out of a western town. Civilization has advanced and we go right along with it. Honolulu can boast of as fine turnouts as any big cities in the United States. The horses used are of superior breed, and every stranger admires the fine stock seen in our streets and on the race track. But it is not given to everybody to possess horse and carriage. It takes money to get them and to keep them, and for that reason we are going to meet the demands of those to whom phaetons and thoroughbreds are a grade too high. Buy a Monarch and the roads of Honolulu will be equal pleasure to the rider of that famous wheel as they are to the swell horseman and driver. The Monarch bicycle is among the high grade wheels. It is now the favorite in the United States and the Monarch Cycle Manufacturing Company is simply unable to attend to the orders which are crowding in, so that it has to enlarge its factories greatly to meet the demand. We have succeeded in securing an invoice of eleven which will arrive here during the next week and we can offer them at a very reasonable figure. The Monarch frame is made of the best quality of spirally drawn Mannesmann Steel Tubing and it is built for appearance as well as for speed. The Monarch frame is very rigid, very strong, very light, very graceful and very comfortable. All Monarch bearings are fitted with the Binns Patent Ball Holder and Dust Protector, which makes it possible to remove the cones of all lateral bearings without disturbing the balls.

The narrow tread on a bicycle is the latest fad. The Monarch claims that there is a limit to all things and the Monarch tread will be 5 3/4 inches, which is the narrowest claim consistent with the safety of the rider.

A Kingfisher bicycle lamp will perhaps be suitable for Waikiki, while a Demon lamp seems to indicate meeting with the mounted police.

The Monarch racers for ladies and gentlemen will commend themselves to everybody who enjoys a spin. We will at some future day devote more space to fully describe the superb bicycle. As soon as our invoice arrives we will invite you to inspect the wheel, if they are not all ordered beforehand.

**THE LEGISLATURE.**

THIRD DAY.

MONDAY, June 17.

**THE SENATE.**

The Senate came to order at 10 o'clock. After prayer by chaplain Peck the roll was called. All the members present except Senator Brown and Baldwin.

Minutes of preceding meeting read and approved.

At 10:30, Senator Brown arrived and read the report of the Committee on Rules, and presented a draft of the same. The report shows that some changes have been made in the printed draft furnished by the government.

Senator Brown moved that the Senate take up the consideration of the report, which carried.

At this point Major Potter presented the message of the President.

The reading of the rules occupied one hour. Senator Waterhouse moved their adoption. Carried.

President Wilder stated that he would announce the standing committees at the afternoon session.

The President's message was then read and filed.

The Senate then adjourned till 2 p.m.

At the opening of the afternoon session, President Wilder announced the following standing committees:

Committee on Foreign Relations—H P Baldwin, Cecil Brown, J Kauhane.

Committee on Judiciary—Cecil Brown, F S Lyman, W Y Horner.

Committee on Finance—Henry Waterhouse, H W Schmidt.

Committee on Public Lands and Internal Improvements—F S Lyman, H P Baldwin, J A McCandless.

Committee on Commerce, Agriculture and Manufactures—H P Baldwin, H W Schmidt, W Y Horner.

Committee on Education and Public Health—G N Wilcox, H Waterhouse, J Kauhane.

Committee on Military—J A McCandless, W H Rice, J N Wright.

Committee on Enrollment, Revision and Printing—W H Rice, J A McCandless, A Hocking.

Committee on Accounts—H W Schmidt, Chas Notley, A Hocking.

Committee on Rules and Joint Rules—Cecil Brown, W H Rice, H P Baldwin.

Committee on Miscellaneous Petitions—W Y Horner, Henry Waterhouse, F Northrop.

Senator Brown moved that the rules adopted today be referred to the printing committee to take such action thereon as it deems necessary.

The order of the day was then taken up, to wit: the Land Bill.

Senator Brown moved that the rules be suspended and the bill be read by its titles. Carried.

Senator Brown moves that the bill be referred to a special committee of five. Carried. The President appointed F S Lyman, H P Baldwin, Cecil Brown, F Northrop, J A McCandless.

Senator McCandless gave notice that he would introduce tomorrow a bill relating to vehicle tires and wheels.

Adjourned to 1:30 p.m. tomorrow.

**THE REPRESENTATIVES.**

The House of Representatives met at 10 o'clock this morning. After opening routine Speaker Naone announced the following

standing committees:

Foreign Relations—Robertson, McBryde, Cluney.

Judiciary—Robertson, Kaco, Kamaooha.

Finance—McBryde, Kamaooha, Bond.

Government Lands and Internal Improvements—Rycroft, Hanuna, Robertson.

Agriculture and Manufactures—Cluney, Halaalani, Rycroft.

Education—Bond, Pali, Richards

Sanitary—Rycroft, Davis, Winston.

Military—Robertson, McBryde, Davis.

Enrollment—Richards, Bond, Kaco.

Accounts—McBryde, Haia, Pali.

Rules—Kamaooha, McBryde, Hanuna.

Printing—Cluney, Rycroft, Hanuna.

Miscellaneous Petitions—Richards, Halaalani, Haia.

Mr. Bond reported from the credentials committee that Mr. Winston's papers were all straight.

On motion of Mr. Hanuna a judge was sent for to swear in E. C. Winston.

Mr. Richards urged the reception of a report from the committee on rules.

Mr. Hanuna insisted on having Mr. Winston qualified before any business was done. He carried his point, and a recess was taken.

Chief Justice Judd was fetched in a few minutes and administered the oath to Mr. Winston.

Mr. Robertson presented the report of the committee on rules, which on motion was accepted to be considered with the rules.

The consideration of the rules one by one in their order was then begun.

Mr. Kamaooha interrupted the consideration with a motion to defer, as members ought to take the rules home with them for private inspection.

Mr. Hanuna wanted to go right along. The House could not do business until it had rules.

After Mr. Kamaooha had spoken several times, Mr. Robertson called him to order on the ground that re-consideration was the only method of reversing the motion passed to consider the rules one by one. This caused Mr. Kamaooha to withdraw his motion.

Mr. McBryde moved that rules not amended by the committee pass without the formality of a vote.

Mr. Hanuna rose to the point that the motion was as far out of order as the one just withdrawn.

No ruling was given and the motion carried.

Mr. Robertson, on the pay of officers, explained that the committee had thought best to fix the pay of other officers, besides the chaplain, by rule instead of leaving it to resolution of the House.

The pay recommended for each officer is as follows: Clerk, \$7 a day; chaplain, \$3 a day; sergeant-at-arms and messenger, 3.50 a day. The pay of the interpreter (W. Luther Wilcox) is not mentioned, as he is an official of the Government, being interpreter of the Judiciary Department as well as one of the District Magistrates of Honolulu.

Mr. McBryde thought that, in proportion to the work done, the chaplain's pay was too much as compared with that of the sergeant-at-arms. He moved that the chaplain's pay be made \$100 for the session as in the original draft. Carried.

At noon a recess was taken till 1:30 p.m.

**HOUSE NOTES.**

Ministers Damon and Smith were present this morning.

E. C. Winston of the District appeared in his seat this morning, having arrived from San Francisco by the schooner Aloha.

Speaker Naone shows a business-like snap in conducting the proceedings. He waives all useless and time-wasting formalities.

LATEST WAR NEWS.

Interviews With Coptic Passengers by Our Reporter.

In conversation with several of the passengers of the Coptic a BULLETIN reporter learned that the rebels in Formosa have about 70,000 men well-armed and equipped. It is generally supposed that China was the instigator of the rebellion and that she is secretly backing it up with men, arms and money. Five thousand men have already left Shanghai to join the rebels. The first Japanese array of 20,000 men had landed in Formosa and hostilities had actually commenced three days before the departure of the Coptic. There is much divergence of opinion as to whether the Japanese will succeed in suppressing the rebellion easily or not, but that it will take some months and the expenditure of many millions of yen is generally conceded. Although hostilities had broken out nothing definite had been received in Yokohama when the steamer left.

**Tourists.**

JUNE 5th, 1895.

It is the object of all good citizens to draw as many tourists to the country as possible. The people who travel for pleasure are, as a rule, well supplied with money, and wherever they go they leave money behind. All classes benefit the more money is set in circulation. But to get tourists here, it is necessary to hold out inducements to them. They must know that they can get first class accommodation, and that they will find a first class table. A good table can be set in every hotel, boarding house and private house if those in charge know what and where to buy. I can recommend choice block butter which I receive by every Australia. It is of an excellent and uniform quality from one creamery. Fresh island butter I get by every W.G. Hall. I can also recommend superior family hams, and I always keep a full assortment of everything in the grocery line. My prices are as low as the lowest, and island orders are promptly attended to.

To solve the problem as well as to ascertain whether advertisements attract the attention of newspaper readers, we offer a pair of our best \$5.00 shoes (\$6.50 anywhere else) to the person who sends us, under the head of "Wanted," the cleverest advertisement of our shoes. MRS. AUG. DARROW.

WELLS, RICHARDSON & Co.,

Gentlemen:—I was very much run down, had no appetite at all, was very nervous, had no sleep night or day; to sum it all up, I was perfectly wretched. But thanks to Paine's Celery Compound I can now eat and sleep and work just as well as I could before I was taken sick. When I commenced taking the Compound I weighed 136 pounds; I now weigh 158 pounds and do all the work for my family of five. I have recommended the Compound to three families already and they are very much pleased with it. I am now taking my fifth bottle, and would recommend it to all who are suffering with stomach trouble or nervous trouble.

Yours respectfully,  
MRS. AUG. DARROW.

MONROSE, PA., Sept. 25, 1894.

Wretched!

### JAPAN STILL FIGHTING.

HER OCCUPATION OF FORMOSA  
 DISPUTED WITH FORCE.

Attempt to Murder a Japanese Naval  
 Captain.

By the steamer Coptic, which  
 arrived yesterday, news of the  
 Japanese situation has been re-  
 ceived, the latest newspaper date  
 being June 6.

#### JAPANESE OCCUPATION.

From various sources it was  
 learned on June 4 that the Japane-  
 se had occupied Keelung. A  
 Hiroshima dispatch of the 5th  
 says that the Japanese troops,  
 having occupied Keelung, were  
 attacking Taipeh, which, it is  
 added, must have been occupied  
 on the 4th.

An extra of the North China  
 Daily News, Shanghai, on the 5th  
 stated that Taipeh was in great  
 consternation, Governor Tang had  
 fled, and his residence had been  
 burnt down; that the natives com-  
 bined with the troops were com-  
 mitting depredations, but so far  
 foreign residents had been free  
 from danger; and that a mob ris-  
 ing had occurred in Hu-wei  
 (Tamsui).

#### "AN EASY AFFAIR."

A gentleman who returned to  
 Hiroshima from Formosa asserts  
 that, though it is rumored as if  
 the rebels in Formosa are ob-  
 stinately resisting and cannot be  
 easily suppressed, it is an easy  
 affair to put them down if the  
 Japanese troops are once landed.

#### THE INSTIGATOR.

A Hiroshima paper says that  
 the leader of the Formosa dis-  
 turbances was once in the Lega-  
 tion (Chinese?) at Paris, where-  
 from he was recalled for having  
 written something in newspapers  
 and embezzled official funds. The  
 idea of forming a Republic was  
 probably originated by this man.

#### A FEEBLE FORCE.

News by a steamer that left  
 Formosa on May 31 is that the  
 Imperial Body Guard Division  
 left Shuri (Loochoos) on May 28,  
 and attempted to land at Santiao  
 Pt. on the 29th, when they were  
 opposed by three or four hundred  
 troops of the enemy. Though the  
 configuration of the place was not  
 convenient for landing, the op-  
 position was of such a poor de-  
 scription and the force of the enemy  
 so feeble that they were soon  
 driven away after four or five of  
 their number had been killed.  
 The landing was then commenced,  
 and finished on the 30th. The  
 Division then advanced toward  
 Keelung, while the fleet was off  
 that port, so as to attack the place  
 both from land and sea. Keelung  
 must therefore have fallen now.  
 Although the rebels were showing  
 a threatening attitude whenever  
 the Japanese fleet approached the  
 shore, the rebels were on the  
 whole undisciplined and could  
 not be expected to show any  
 obstinate resistance.

While the captain of the Japane-  
 se warship Chiyoda was re-  
 turning to his ship, from a visit  
 to a French warship at Tamsui,  
 he was fired at from the land but  
 was not hurt.

#### FRENCH AID ASKED.

Tang Ching-sung, who calls  
 himself President of the Formosan  
 Republic, has wired to the French  
 Government begging the latter to  
 give instructions to the French  
 Squadron in the East to make  
 movements for assisting the For-  
 mosans.—*Jiji*.

#### INDEPENDENCE OF COREA.

A royal proclamation of the in-  
 dependence of Corea was issued at  
 Seoul on June 5. The day of  
 ratification of the Bakan treaty  
 was fixed as a national holiday  
 for commemorating the inde-  
 pendence.

A LARGE ASSORTMENT OF

**Top Roll and Other Office Desks**

Which we are selling at prices unheard of

**HOPP & CO.,**

No 74 King Street,

Honolulu, H. I.

IT HAS BEEN REMARKED  
 by visitors that for variety  
 of goods, quality and style, the  
 shops of Honolulu compare  
 favorably with those in the  
 largest cities in the United  
 States. These remarks are not  
 strange to us because we are  
 familiar with the needs of the  
 people, we know that their  
 tastes are the same as other  
 people, though they are to a  
 degree isolated from the rest  
 of the world. But they are a  
 reading people and they are  
 apt scholars; they have the  
 same amount of ability to  
 copy the ideas of others or  
 create new ones as the ladies  
 of New York or Boston. To  
 cater to the tastes of the  
 different people here requires  
 tact, ability and coin; in the  
 selection of goods, both as to  
 design, quality and price, all  
 of the business qualifications  
 of man are brought into play.

If we did not exercise it in  
 our corner of the mercantile  
 world how could we offer all  
 shades of genuine woolen  
 goods, not shoddy, but *woolen*  
 at fifty cents a yard, when  
 every other dealer in Hono-  
 lulu sells the identical goods  
 for seventy-five cents and a  
 dollar. Nor do we confine  
 ourselves to a single shade—  
 we have them in endless vari-  
 ety.

The same may be said of  
 our stock of all-wool flannels.  
 Who ever heard of them going  
 for less than fifty cents a yard.  
 They bring that because they  
 are worth it to any one who  
 wants them, but we let them  
 go to you at thirty-five cents  
 a yard, or three yards for a  
 dollar. You can't realize it  
 but we can prove it to you as  
 easy as we can show you the  
 largest and handsomest collec-  
 tion of white goods of every  
 description ever shown in  
 Honolulu.

A drive in shoes interests  
 every one—our stock includes  
 all sorts and conditions for  
 men, women and children,  
 and to go with the shoes we  
 have a wonderful collection  
 of hosiery for ladies.

# INDURINE

## A COLD WATER PAINT

Especially Designed For INSIDE Work on Factories and Public Buildings.

It is a dry powder which can be prepared for use by simply stirring in COLD WATER and can be applied by anyone and will always produce good work.

It is VERY WHITE, extremely reflective and lustrous on a wall like stucco and will take any tint.

It will last for years, and is unaffected by gases.

One coat covers better than two coats of oil paint or whitewash.

It can be used on any surface and for all classes of work, even for the finest decorating.

It will not rub, scuff or crack, nor will it soften with use or dilution.

It will not set in the mixing vessel, in fact it improves by standing a few days.

It can be used to good advantage over old whitewash without scraping.

IT DRIES OUT WHITE AFTER BEING WET.

It is cheaper than whitewash, durability considered.

It is supplied in barrels from 300 to 400 lbs., also in boxes of 100, 50 and 25 pounds.

# OUTSIDE INDURINE!

This is for OUTSIDE Work.

Such as Fences, Outbuildings and Laborers' Quarters. It is a thick paste to be diluted with cold water; stands rain and exposure as well as oil paint, and costs but a fraction as much.
