THE LEGISLATURE.

THE SENATE INDULGES IN A SECRET SESSION.

Report of the Land Commission to the Senate--The Land Bill in the House.

FIFTH DAY.

Wednesday, June 19.

THE SENATE.

The Senate was called to order at 10 o'clock this morning, and the proceedings commenced with prayer by the chaplain.

Roll called, all present except Senator Baldwin, who came in later.

Minutes of yesterday read and approved.

The secretary read a report from the Labor Commission on paragraph 3, section 3, of the Labor Commission Act, stating there is no possible way in which the Commission can arrive at the nationality, age, sex and number of the laboring population of the islands except by taking a new census or using the old one made in 1890, which the Commission states is valueless for the required purpose. The Commission recommends that the general census which would be taken next year in the natural order of events should be taken at once.

Sen. Brown moved that the report be referred to the Committee on Education and Public Health. Carried.

Sen. Brown moved that a recess be taken for consultation. Carried. This was afterwards amended so that the Senate went into a secret conference which lasted half an hour. It was understood that the subject discussed was the election of the Council of State.

After recess the matter of electing five members of the Council of State was laid on the table, there to remain until called up.

Senator Waterhouse moved that rules be suspended in order to read a communication from the Hawaiian Republican Club. Carried. The Senator then read the resolution printed in another column, which was laid over to be considered with the order of the day tomorrow.

The Senate then adjourned until 10 a.m. Thursday.

THE REPRESENTATIVES.

After opening routine Mr. Kamaooha presented a petition from South Kona for a schoolhouse. Referred to education committee.

Mr. McBryde presented a favorable report from the finance committee on the bill to regulate the currency. Laid on the table to be considered with the bill.

Mr. Robertson introduced three bills—one to incorporate the Honolulu Electric Railway Company, another to grant a franchise for the electric lighting of Hilo, and the third to regulate the selling of articles by traveling agents.

Minister Hatch replied to questions preferred by Mr. Robertson, as follows:

Q. Has the government authorized the introduction of any Chinese laborers under Chapter 80, Laws of 1892?

A. Yes; it has.

Q. If so, how many?

A. Two hundred and eighty-seven. Of these thirty-five arrived by the Belgic March 2, 1892. Of the remainder 125 permits had been returned. It is not expected that the balance can be utilized owing to objections on the part of the authorities at Hongkong. Under the law as amended by act of the Executive and Advisory Councils of the Republic dated March 19, 1895, 1345 permits have been issued. There have been no arrivals as yet.

Q. How many Chinese are there now in the country on six months' residence permits under said law?

A. Including 115 now on the quarantine ground, there are 1363
Mr. Hanuna introduced the following resolution:

Whereas, no pay having been fixed for officers of the house, the following salaries be paid: interpreter, \$10 a day; clerk, \$10 a day; sergeant-at-arms and messenger, \$5 a day.

Mr. Robertson thought there was no reason for extravagant salaries to officers of the House. They would not have to work so hard as officers of the last Legislature. It has been customary to allow the secretary thirty days after the adjournment to complete his work. Five dollars a day to the sergeant-at-arms was more than a first-class mechanic could earn. He would move that the clerk receive \$7 a day and the sergeant-at-arms \$3:50.

Mr. Hanuna considered that the mover of the amendment had begun this morning to give work to the clerk at a rate that would bring his labors up close to the amount done by former secretaries. The sergeant had a good deal to do, having to keep the peace in the House and do its errands.

Mr. Richards favored the amendment. The sergeant would not have much to do in the direction of keeping the peace if the house continued as pacific as it had been.

Mr. Kamaooha thought the secretary and interpreter ought to be paid equally. In former Legislatures the sergeant got \$5 a day and the messenger \$3.

The Speaker decided on a tie against the amendment.

Mr. Robertson then moved that the clerk receive \$8 and the sergeant-at-arms \$4.

Mr. Kamaooha argued for giving the clerk an equal salary with the interpreter.

Mr. Robertson contended that the interpreter had just as much work as in former legislatures and ought to have \$10.

Mr. Richards said that there had been no competition for the position of interpreter, which showed that there were few who would undertake the duties.

Mr. Ryercroft spoke against a reduction in the interpreter's pay as compared with the clerk's.

The question was finally settled as follows: secretary, \$8; interpreter, \$10, and sergeant-at-arms, \$4.

Mr. Robertson moved a resolution for a joint committee of House and Senate on the printing of the rules. Carried.

The house went into committee

of the whole on the land bill. Mr. Kamaooha in the chair.

Mr. Richards asked a question about fees. He moved that the fees of unsuccessful supplicants be returned to them.

Minister Smith advocated the charging of a fee of two dollars on each application for land.

Minister Damon was sorry to disagree with his colleague. The applicants would naturally be people to whom a dollar or two was important. An application fee was a fine on the applicant.

Minister Smith wished to explain that, while disagreements in the Cabinet on essential points would be highly improper, he did not think there was any impropriety in differences between Ministers about small details. He argued that if an eight-acre lot did not cost a man anything he would not be apt to value it properly.

Mr. Ryercroft thought the sub-agent should not receive more than three applications for one piece of land. It would not do to have twenty applicants for one lot.

Mr. Robertson did not know why the Attorney General was so anxious to take two dollars from a man without giving him anything in return.

Minister Smith argued that these land tenures should not be granted without certain restrictions, which would prevent speculation, land-grabbing, etc. It was no hardship to a man who took up ten acres of land to dig up a dollar or two, which perhaps he might have spent in buying gin. There had to be investigations as to the applicant's compliance with conditions of obtaining land and these investigations would cost money.

Minister Damon said his business brought him into acquaintance with some of the poorest people in this country. There were natives so poor that, if it was a cold climate, they would freeze to death. The legislature ought to encourage these poor people to get land on which to make a living. So unambitious were they that, if they failed in the first application, losing their two dollars, they would become discouraged and not try again.

Minister Smith (interrupting) asked why an intending applicant should not ask the sub-agent if there were any prior applications for a certain lot. It was not against poor men that the provision in question was directed, but against rascals and land-grabbers.

Minister Damon related an account of how he had reclaimed a man who had been a notorious stealer of fish from his pond by giving him a small lot on which to make his living.

Mr. Winston moved the fee be 50 cents.

Minister Smith moved \$1. The amendment of Mr. Richards carried, leaving the fee at \$2.

At noon the committee took recess till 1:30.

Ladies--Dr. Jaeger's Underwear at very low prices to close out at Tracy's.

Business Talks

June 13, 1895.

The time made by Burt Lee in the trial heats last week but bears out the old saying that "trotting horses have no particular lineage," and are not, so to speak "born to the purple." Burt Lee was picked up for a carriage horse without reference to his sire or dam—he had the right appearance and a smart gait that pleased his owner, his possibilities have not half been shown and there is no telling what he may develop into before next season's races. One of the best of the olden time trotters, Dutchman, was a common car horse without any thoroughbred origin. The trotter of today is but the result of the careful selection in mating animals. Rarus, the prodigy who first beat 2:14, was sired by an unknown fish-hucker's horse, who even after he had gotten the wonderful cold pulled a wood cart. There may be other horses in the islands which, if properly handled, will do even better work than Burt Lee, their joints may want lubricating and if that is the only trouble there is nothing better than injections of oil provided you get the right kind and there is only one "right kind" and that is "Vacuum."

We have been handling these oils for years and can recommend them as the safest oils manufactured for use on sugar mill or other fine machinery. The famous 600 W is in use on nearly all the plantations here and in most of the electric light and power works in the United States. In a letter to the manufacturers Thos. A. Edison says:

"I find that the oils you have furnished, have proved very satisfactory."

The Vacuum Oil is made in several brands of which we carry 600 W, Vacuoline Engine and Arctic Engine Oil, this latter for electric light, centrifugal and general high speed work. It is particularly adapted to the Edison system, being used by the Edison Company and recommended by them.

When it comes to price Nothing equals Vacuum Because it is lasting.

We handle the celebrated Pennsylvania Lawn Mower because we consider them the best in use. Other styles have been put upon the market only to be relegated to the back yard but you never find a "Pennsylvania" that is not fit for use. They are easy to run and no trouble to keep in order. We have them with 10 to 21 inches blade.

Don't file a mower blade; Just put a little oil on it And sprinkle with emory powder, Then work the machine back And forward and the blade is sharpened.

We carry the largest stock of Blasting Powder and the celebrated Hercules Powder in this market. The latter is made especially for us for this climate. No one has ever questioned our assertions regarding packing. Our stock comprises all sorts used in engine rooms and the selection has been carefully made. We have a full stock.

We have lately added to our goods used in the out of town districts a lot of Sherman's celebrated Mexican Saddle Trees. They were made to order for us and will fit both the rider and the horse. Nothing better in this line has ever been offered the public and the prices are astonishingly low.

THE PACIFIC HARDWARE Co.
Cummins' Block.

THE LEGISLATURE.

Yesterday Afternoon's Proceedings in the Lower House.

The House was in session until nearly 4 p.m. yesterday, the Land Bill being under consideration.

When section 18 was reached Rep. Richards asked the Attorney General to explain why proceeds of public lands should be set apart as a special fund for the payment of Government debts. Explanation was made that bonds were issued on a basis of Government holdings. Current expenses should be paid out of current funds. Unless there was something valuable to secure indebtedness the Government credit would be lessened.

Rep. Rycroft thought exception should be made to enable the Government to purchase desirable properties which would prove particularly remunerative.

The Minister of Finance was heartily in favor of such and classed them as re-investments. He favored referring the section to a committee. This was done.

When Part V was reached Rep. Rycroft declared his opposition to any and all kinds of leases; everybody wanted to own their own land. Land is wanted for the many people, not the few. He favored maximum tenure of public land leases at 15 instead of 21 years as in the printed draft, making a motion to that effect, which failed to receive a second. Passed as in the draft, with date of renewals two years before expiration of lease, instead of one, as made by the Attorney-General.

At 3:05 p.m. Rep. Naone moved that the committee rise, report progress and ask leave to sit again.

The Chairman reported that Section 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 20, 31, 22, 23, 24, 25, 26, 27, with amendments, had been considered and recommended for passage. Section 7 had been referred to a committee.

Rep. Robertson moved that the report of the committee of the whole be amended by referring sections passed to the Public Lands Committee. Carried, and amended report adopted.

The Attorney-General announced that Acts 2, 3, 4, relating to financial matters, were ready for consideration. He moved they be taken from the table and referred to the Finance Committee.

Rep. Robertson moved a suspension of the rules in order to give notice of the introduction of a bill by motion to incorporate the Honolulu Electric Railway Company. This will be introduced today.

Rep. Robertson propounded the following questions to the Minister of Foreign Affairs:

First—Has the Government authorized the introduction of any Chinese laborers under Chapter 80 of the laws of 1892?

Second—If so, how many?

Third—How many Chinese are there now in the country on six months, residence permits under said law?

At 3:40 the House adjourned until 10 a.m. to-day.

W. C. T. U. Meeting.
At the regular monthly meeting of the W. C. T. U. held in the parlor of the Central Union Church yesterday afternoon, Mrs. McCully-Higgins spoke on temperance work as carried on in Charlestown, Mass. Mrs. Lyman talked about the work in Hilo and the efforts that were made to close up the only saloon in that place. Mesdames Hopper and Gulick reported on the Women's Exchange, and it was voted to continue that institution for three months longer.

LOCAL AND GENERAL.

The race horses Mineola and Billy C. have been sent back to Maui.

Joseph Ambler has resumed his position in the band after being in the hospital for some time.

Three clarinet players cut of the band have been off duty this week owing to the prevailing malady.

Percy Lishman is expected on the Australia. He will play on Saturday if the Stars can induce him to.

The commencement exercises of Oahu College take place at Central Union Church on Thursday evening.

G. R. Harrison, practical piano and organ maker and tuner, can furnish best factory references. Orders left at Hawaiian News Co. will receive prompt attention. All work guaranteed to be the same as done in factory.

Having used Chamberlain's Cough Remedy in my family and found it to be a first-class article, I take pleasure in recommending it to my friends. J. T. Foster, Westport, Cal. For sale by all dealers. Benson, Smith & Co., Agents Hawaiian Islands. *

Consumption and its Cure

To the Editor:—I have an absolute remedy for Consumption and all Throat and Lung Troubles. By its timely use thousands of hopeless cases have been already permanently cured. So proof-positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption or any Lung Trouble if they will write me their express and post-office address. Sincerely,
T. A. MORGAN, M.D., 153 Pearl Street, New York.

Lillie May Bentley
Born a Genius
Disease Threatens to Cut Short a Noble Career
But Hood's Sarsaparilla Restores Good Health.
Lillie May Bentley is an accomplished elocutionist and natural born speaker of only 12 years of age. She is the only child temperance lecturer before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "C. I. Hood & Co., Lowell, Mass."
"I heartily join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gatherings in the head. I was compelled to leave school upon the doctor's advice. He thought it was the only thing to save my life, but I
Continued to Grow Worse.
I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted effectively upon the blood and I began to improve. After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla." LILLIE MAY BENTLEY, Shelbyville, Indiana. Get HOOD'S.
Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

It is not only in itself a valuable nitrogenous food, but it has the property of aiding in the digestion of other proteids, generally for animals whose digestive powers are feeble as it promotes appetite and regulates digestion.
The proof of the pudding is in the eating. Try it.
N. BREHAM,
King and Punchbowl Streets.
16-tf

ORDWAY & PORTER,

The Leading Furniture House on the Islands.

BEDROOM SUITS:
In oak or birch are selected by people whose tastes run to the refined and elegant. For room decoration as well as for service there is a certain elegance and richness about these woods not found in any other, and yet the prices are not what you would imagine them to be. Birch sets with dressing cases having cheval plate mirrors are preferred by ladies, because the long glass allows them a view of the full figure. The old fashioned large square glass is quite as fashionable and as much in demand because the bureaus to which they are attached give larger space for clothing.
We have them in all styles and in modern designs.
Price from \$25 to \$60.

SECRETARY BOOK CASES:
Wall pockets and shelves for books are out of date; fashion demands something more modern and more artistic in design than you've been used to. Books in rich binding require appropriate surroundings. They cannot be obtained except in art

furniture such as we show you. As in other articles, oak in antique designs is the favorite for book cases; rich carving adds to the appearance and increases the cost, we have them both plain and fancy and the workmanship governs the price; the man of limited means can get something to suit his finances with the same facility as the man who has "money to burn."

SHAVING STANDS:
There's economy in shaving if a man could only learn to handle a razor without danger of losing his skin. But women folks have such a fashion of putting things in out of the way places, that there is little encouragement for a man to practice the barber's act upon himself unless he is certain that he can find his shaving materials when he wants them. Shaving Stands are made for shavers, and one of them in the house obviates all annoyances—there's a place for everything and everything in to place.
We have fifty different styles for you to select from, and you can get one at your own price.

CHIFFONIERS:
In these days when ladies require many changes of clothing, or where the family household is made up of many little ones, there is a demand for space in which to put things away. The bureau drawers are crowded and few houses in Honolulu are provided with necessary closets. A Chiffonier, then, is necessary in every home where storeroom is scarce.
These are made now-a-days for the use of gentlemen as well as ladies, and the designs for one are quite as pretty as for another; some have a drop lid which unfolds to the gaze a regular receptacle for pens, ink, paper and other articles of stationery.
Birch and oak are the ruling woods and the price depends upon the size—from \$14 to \$27.50.

CHINA CLOSETS:
There's scarcely a family in Honolulu, or anywhere else on the Islands, who has not a few choice bits of china stowed away in out of the way places. Give them light—let your

friends see them. You like the admiration of your friends for your taste in decorating your homes why not, extend it to your china and bits of crockery?
China Closets in oak are the proper thing and a dining room is not complete without one—the price has been an obstacle in the past but overproduction by a leading-furniture maker in the States has helped us to offer them to you at rediculously low prices. See those with the oval glass. Prices range from \$20 to \$45.

DINING TABLES:
Each an original in design; none are copies. All the best styles from Greek to modern times are represented. Those intended for large rooms are heavy and solidly carved. Others have more lightness and grace; less elegance.
As to price. Hand carving takes time and money; the more carving on a table the more it costs us—and you. Rich wood is expensive, the larger the table the larger the price.
In Antique Oak from \$7 to \$25.

WEDNESDAY, JUNE 19, 1895

THE CURRENCY.

There is a bill pending in the Legislature to recall the old silver certificates and issue new certificates upon both gold and silver deposits. It will probably be found that the government is ahead of the public as regards the silver certificates, as doubtless many of them have been lost where they cannot be found or destroyed by fire or otherwise. Perhaps this is the motive for issuing gold certificates—that is, the profit the government may make out of the losses the public will sustain through the accidental destruction of these perishable receipts for the yellow metal. This is indeed one of the arguments of "rag money" advocates, which is unworthy of adoption by any honest government. We have never heard of any public demand for gold certificates upon gold deposits. There is a good reason for paper substitutes for the much more cumbersome currency in silver. It is a thorough nuisance to have to pack about one's person even ten dollars in silver, one hundred dollars in gold being more portable.

As this is a government professedly all the time for reform, it ought when reforming the currency to have repaired the broken faith of former governments regarding the currency. It was once the law that silver certificates of \$20 and upward were redeemable in gold. The banks refused to recognize the law and the government followed suit by making silver certificates of all denominations only redeemable in silver, and discounting silver certificates when offered for government dues above ten dollars in amount. Perhaps the United States government's peremptory demand of the Hawaiian government to collect customs duties in gold had something to do with the matter. Yet when the Hawaiian government once issued certificates on the assurance that the higher denominations represented gold, it should have kept faith with the public even if it had to pay the discount. So long as ten silver dollars will buy as much as ten dollars in gold, it does not seem politic to issue separate certificates for the two metals. It may indeed tend to precipitate a silver panic here, which would occasion an incalculable degree of distress among the population.

OBSERVATIONS.

Bishop Willis' quarterly, the Honolulu Diocesan Magazine, comes out with a cover. It is a particularly spicy number in its references to public affairs.

The Government, with its lavish liberality toward the civil service, might have spared a little to pay a proof reader on the printed bills thus far presented. It will take a great part of the time in both houses to correct the gross typographical errors in these documents. One sample is "Registrar of Republic Accounts." If there were not other errors equally as bad, it might be supposed that there was something royalistic to be obliterated in the title of Mr. Thurston's office.

The *Time* is sparkling this issue. It does W. O. Smith, Attorney-General, up brown, all but his black mustache, which it says he would not part with sooner than he would give up his fat job.

AN OPINION.

A gentleman on Maui, who has always taken a deep interest in public affairs and has been a member of the Legislature, writes in reply to a circular issued by the editor of the *INDEPENDENT*. He promises an answer to the several questions of the circular later, but in the meantime gives his views in general as follows: "I am heartily in favor of annexation for the effect it will have upon the manhood of the islands. General Armstrong said that the McKinley bill forced upon this country a decision between financial and moral retrogression. The decision thus far seems to be in favor of moral retrogression. Of course, I refer to the flooding of the country with coolies. This thing will never come to an end till the Hawaiian poor man is in alliance with the American poor man. The condition of the latter is not all that could be desired. I am well aware; but if we do not get this coolie immigration stopped soon we shall have a land simply of nabobs and coolies. I am in sympathy with the Hawaiians, and in their interests favor annexation. It is all that I can see between them and a practical serfdom. I also favor annexation for the sake of stable government. I have no idea that the present government can be overthrown, but there is a feeling of unrest at home and abroad which is very detrimental to us. I am afraid of filibuster scares—not of filibusters."

COAL OVERBOARD.

The United States Loses Sixty or Seventy Tons.

One of Hackfeld's big coal barges lying along side the Bennington and loaded with coal turned bottom up at 12:45 p. m. today. The barge was loaded with about eighty tons of coal belonging to the United States and reached the Bennington about 11 a. m. The work of unloading had only been continued for a short time after dinner when the barge keeled over to the water's edge, and after pausing a few seconds turned bottom up. It is said the coal will be a total loss owing to the depth of water. The barge is lying alongside the Bennington but will have to be hauled on shore before being righted. Overloading and taking too much coal out of one side is said to be the cause of the accident.

St. Louis College.

The order of closing exercises at St. Louis College next week is as follows: Monday and Tuesday morning, June 24 and 25th, examinations; Tuesday, June 25th, at 3 p. m., band concert on the campus; 9:30 a. m.; Wednesday June 26th, at 7:30 p. m. musical and dramatic entertainment; Thursday, June 27th at 9:30 a. m., commencement exercises and distribution of premiums.

Hawaiian Hardware Co.

This enterprising hardware firm has a new advertisement in this issue relating to the Monarch bicycle, from which it would appear they are in the bicycle business to stay. Anyone about to purchase a wheel cannot do better than examine the Monarch and get prices before purchasing elsewhere.

Timely Topics

June 19, 1895.

As the days go by the bicycle is coming more and more to the front. It is becoming an actual necessity in almost every department of the world's affairs. Emperor William of Germany has already recognized its utility in his vast military organization and has equipped several regiments with wheels. This suggestion is offered to Col McLean, who is said to be thinking of organizing a cavalry company.

Instead of mounted police why not furnish the guardians of the peace with bicycles, the same as is done in Chicago, New York, San Francisco and other large cities. In his recent report the attorney general dilates in glowing terms on the utility of the mounted police in the outlying districts. What is the matter with mounting them on wheels? This suggestion is respectfully offered to Marshal Hitchcock and his superior. A good horse costs more than a good bicycle, but irrespective of that there are several reasons why the wheel is the more economical and useful of the two. Among them may be mentioned:

1.—Bicycles don't eat hay at \$30 per ton.

2.—Bicycles don't munch oats and barley all day long when they can get it, and

Bicycles don't bite nor tread on your pet corns.

Bicycles never get tired and they don't drink.

Now there are bicycles and bicycles, of all sorts, sizes and shapes but none of them come up to the Monarch in beauty, strength and swiftness.

It is the strongest, fastest, and most beautiful wheel that is manufactured, and the wheelmen of America know it. Those in Hawaii have only to try the machine once to arrive at the same opinion.

The Monarch Bicycle Co. is making this year two special grades of wheels. We have them both. One sells at \$90 and the other at \$105. The \$90 wheel is for those riders who are not particular about having the very lightest weights, but who want a good, serviceable wheel, sold under a binding guarantee, which will run easily and wear well. The \$105 wheel is the latest product in high grade wheels. It is absolutely the best high grade bicycle on the market, strong, stiff, staunch, light and easy running and giving entire satisfaction to all who ride it. To sum up its perfections it is the monarch of all wheels.

We have received the first consignment of a dozen of these wheels and they are going off like hot cakes. We sold two of them this morning before lunch. We have several other consignments on the way and will soon be in condition to supply the army, police and other government departments, with a few left over for the navy when its officers feel like taking a spin out to the beach. To the general public we would say, "Don't purchase a bicycle till you have seen the Monarch." If you don't buy of us then there will be no hard feelings on our part.

LOCAL AND GENERAL.

The usual French dinner and concert at the hotel Saturday evening.

Quite a respectable shower of rain fell at Waikiki last night at 10.30.

A handsome engraving of the "New Process" stove appears in this paper.

Senators when they adjourn come down to the House to get points.

The Mannerchor society meets this evening at 7.30 at the Popular house, Fort street.

The only arrest made today was that of Chon Mee Hin for assault with a deadly weapon.

The Printing Committee of the Senate held a short session in the hall after adjournment.

Chaplain Peck's prayers in the Senate are appreciated both for their fervency and brevity.

The report of the Labor Commission to the Senate this morning is being printed in pamphlet form.

The poles for the new telephone line between Kau and Kona, Hawaii, arrived yesterday on the bark Albert.

The Hawaiian band will give a concert on Friday evening at the hotel as a compliment to the Australia's passengers.

Newspaper men were kindly allowed to cool their heels in the main hall while the Senate was in secret session today.

D McCarrison and F. H. Foster have gone into partnership in the express business. The firm name will be Sanders' Express.

Every room and cot in the Hawaiian hotel has been taken by the Cooke's Teachers' Excursion party which is due on the Australia on Friday.

The special committee of five Senators to whom was referred the Land Bill held their first meeting in the Senate Chamber after the regular session.

Antone Seabury, who has been connected with the BULLETIN for some months, is authorized to collect subscription and advertising accounts for this paper. 3t.

About forty members of Company B were present at the meeting last night. An election for first lieutenant will be held next Tuesday, lieutenant Kenake's term having expired.

F. J. Kruger, practical watchmaker, corner of Fort and Merchant streets. Repairing watches a specialty. The celebrated Wiener Regulators. Just the thing for an appropriate present to your friends.

There was a quarrel about a fence on Liliha street yesterday evening, between several Chinamen and a Portuguese. It ended with the Chinese pursuing the Portuguese down the street with sticks and stones.

Since the government has refused to remove yard refuse, Wm. Larsen and W. J. Coon intend to start a private enterprise for that purpose and wagons will make daily calls necessary. Any orders telephoned to No. 245 will receive prompt attention.

The civil suit of David Butcher vs. Kapiolani tried before Judge Perry yesterday resulted in a verdict for plaintiff for \$10 and costs, in all \$14.55. John R. Silva also recovered judgment against the same defendant for \$15 and costs, in all \$20.05. Appeals to the Circuit Court were noted in both cases.

"290" is the number most frequently called over the telephone wires. It rings up the UNITED CARRIAGE COMPANY'S stand, where Superior Hacks with safe and courteous drivers, are always to be found. A complete livery outfit, including buggies and wagonettes, furnished at the shortest notice.

A CHINESE MASHER.

And What Happened to Him in Front of the Seminary.

A few minutes before seven o'clock last evening an elderly and ill-favored Chinaman dressed in a shabby suit of dungaree was observed sauntering along in front of the Kawaiahao Seminary. He meandered along so slowly but evidently with an object that a BULLETIN reporter determined to watch him in the hope of picking up an item.

The celestial masher walked slowly along the sidewalk towards Waikiki until he came to the seminary when he seemed to be watching for someone. He spoke to two girls who were within hearing and then went on. At the other end of the grounds he endeavored to get into conversation with some more girls, but got left. He then sauntered along slowly until past the Castle residence when he stopped and gazed at the place where the moon ought to be. The reporter, who was following him, passed him and got a good look at him. His face would stop a clock and he had a general hang-dog look about him which more than ever satisfied the newspaper man he needed watching. After the reporter passed him the masher turned back and so did the reporter. The Chinaman again tried to pick up a flirtation with the girl who wouldn't have it the first time, but failed again. With the second lot he was more successful. He spoke to them in native when opposite the gate on the Ewa side and threw a small package which he had been carrying in his hand into the grounds, where one of the girls picked it up and secreted it in her dress. The masher from the Flowery Kingdom having accomplished his object then passed on, but he little knew what was in store for him.

On the Ewa side of the seminary grounds is a small Chinese store and outside this were standing two half white boys about 14 or 15 years old, who had evidently seen what the Chinaman was up to and possibly heard what he said to the girls. One of these made a remark to the masher as he went by which was evidently insulting, as the Chinaman resented it. A few words led to a pretty little fight.

Round number one ended in a draw, the native boy showing considerable science and evidently awaiting his opportunity to get in a knockout. The Chinaman was game but had not the science of the old Marquis of Queensberry. He clawed the air in a desperate but unsuccessful attempt to get at his opponent's face and hair.

Round number two was short and decisive. The native boy planted his right on the Chinaman's stomach and he went head over heels on the black sand which now prevails in that classic locality.

Although somewhat bewildered the celestial came to time for the third and last round, but the native boy saw he had things his own way. After banging the masher in the nose two or three times he got in one on his jaw that evidently loosened some of his teeth and caused the loss of some celestial blood, the sight of which was evidently too much for the subject of the Son of Heaven and Empress of the Moon, for he ignominiously took to his heels, nursing his face as he went.

While all this was going on the other native boy and the reporter divided up dead loads of fun and the police were not in it, not even the mounted portion of the force.

Popular Topics of the Day.

"The Monarch will win" is an expression heard in bicycle races oftener than anything else. It has not yet been heard here because Monarch Bicycles have not yet been introduced, but when they are they will not take second place in speed, weight or quality of material.

The Monarch is just what its name implies, the King of bicycles, and we are authorized agents for the Hawaiian Islands.

This wheel is made by a company whose standing in the manufacturing world is at the head; they are putting money in their wheels and selling them at a low price because they are not anxious to made themselves rich in a year. For that reason they have put the price within the reach of everyone.

The coming models in the Monarch are No's 8, 9, 10, 11 and 12. These include racing and ladies' wheels. They are fitted with either "Demon" or "King-fisher" lamps, and with this on the front end you can see so far ahead of you that night riding is more of a pleasure than you have been used to. With a Monarch Bicycle you don't have to keep a lamp on the back to keep drivers from running over you; the mechanism is such that a high rate of speed is attained without much muscular power.

Our prices of the genuine Monarch wheel will be twenty-five per cent less than you ever heard of a first class bicycle being sold for. We can do it because we are the manufacturers' agents and have no middle man's profits to pay. Call at our store and examine our Agency papers and secure a handsomely illustrated catalogue.

A second hand Columbia safety can be had of us very cheap, the owner wishing to dispose of it and buy a Monarch.

If you are sceptical call on us and learn that the place to buy the best bicycle is at.

E. O. Hall & Son,
Fort & King Streets.

HAWAIIAN REPUBLICANS.

Endorse W. R. Castle For Minister to Washington.

Between thirty and forty of the members of the Hawaiian Republican Club met at the American League headquarters last night for the purpose of considering the appointment of W. R. Castle as Minister to Washington. The following resolutions were passed unanimously:

Whereas, We have heard that the President has nominated Hon. W. R. Castle to be Minister to Washington, and, in our opinion, such nomination is fitting and acceptable to the people of Hawaii; therefore, be it

Resolved, That the Hawaiian Republican Club endorses said nomination of W. R. Castle to be Minister to Washington, and respectfully prays that the Senate unanimously confirm said nomination.

The New Process.

The price of Kerosene oil has steadily advanced since the Standard Oil Company has gobbed up the oil business of W. P. Fuller & Co. It is hard to say where the increase will end and what the people, who have been using Kerosene as a fuel, will do about it. In cities where it is obtainable coal gas is utilized by people who wish to economize in their cooking. Here in Honolulu where so many people object to paying \$12 a cord for fire wood they will adopt the New Process Stove for cooking because the agent, C. V. Sturdevant, Waring Block, intends keeping gasoline down at the present low figure. Water boils on a gasoline stove in 3 minutes.

HERE'S AN IDEA:

A chance to get a

PAIR OF SHOES

—FOR—

Ten Minutes' Work!

The question among the business men of Honolulu is:

DOES
ADVERTISING
PAY?

To solve the problem as well as to ascertain whether advertisements attract the attention of newspaper readers, we offer a pair of our best \$5.00 shoes (\$6.50 anywhere else) to the person who sends us, under the head of "Wanted," the cleverest advertisement of our shoes. It must be original, concise, and to the point. It must not be longer than any ordinary want ad. found in the daily papers.

Advertisement to be written on one side of white paper and signed by the competitor's full name and address. State the name of the paper in which you saw this notice and enclose your effort in an envelope marked:

McInerny's Shoe Store,

Honolulu.

Ad. Competition.

The attention of out-of-town subscribers is particularly called to this competition—We want your ad. Honolulu competitors may drop their envelopes in the box just inside the store door.

Competition Closes at Noon,
June 15, 1895.

Competent judges will decide who is entitled to the prize.

McInerny's . . . SHOE STORE,

HONOLULU.

MRS. AUG. DARROW.

WELLS, RICHARDSON & Co.,

Gentlemen:—I was very much run down, had no appetite at all, was very nervous, had no sleep night or day; to sum it all up, I was perfectly wretched. But thanks to Paine's Celery Compound I can now eat and sleep and work just as well as I could before I was taken sick. When I commenced taking the Compound I weighed 136 pounds; I now weigh 168 pounds and do all the work for my family of five. I have recommended the Compound to three families already and they are very much pleased with it. I am now taking my fifth bottle, and would recommend it to all who are suffering with stomach trouble or nervous trouble.

Yours respectfully,
MRS. AUG. DARROW.

MONROSE, PA., Sept. 25, 1894.

Perfectly Wretched!

Evening Bulletin 50c. per Month

SECRETARY GRESHAM.

A Native Gathering Passes Resolutions on His Death.

At 5 o'clock yesterday afternoon some two or three hundred native Hawaiians assembled on Union Square and passed the following resolutions on the death of Secretary Gresham offered by J. Kaulia and seconded by J. Nawahi:

Whereas, It has pleased Almighty God to take away from this earth Walter Q. Gresham, Secretary of State of the United States, to the realms of the blessed as we firmly believe; and

Whereas, In his capacity of Secretary of State he was asked to investigate matters concerning Hawaii nei and the wrong done to our Queen and the nation by those in power in the United States; and

Whereas, After he had investigated with great forbearance, he decided that wrong was done to our Queen and our nation, and that it was fitting that the President of the United States should make amends for the wrongs which the servants of that great nation had done; and

Whereas, In all his doing looking toward our good he showed us the highest regard without fear; and

Whereas, It has not fallen upon him to bear the burden of keeping up this wrong - doings which we are now bearing, and

Whereas, It has fallen on the widow and the beloved children the burden of losing such a good husband and a loving parent, it would be a good thing for Hawaiian people to show their feeling of condolence for the great trial which has fallen upon them; therefore, be it

Resolved, That we show our heartfelt sympathy to the widow and orphans in the trouble which has befallen them; and we pray to God Almighty to enlighten their thoughts and feelings in the dark hours of sorrow.

Resolved, that these resolutions be prepared and sent to Mrs. Gresham and her children.

Full assortment of sizes in Jaeger's Sanitary Woolen Under Wear for Men and Women at very low prices at Tracy's.

Tourists.

JUNE 5th, 1895.

It is the object of all good citizens to draw as many tourists to the country as possible. The people who travel for pleasure are, as a rule, well supplied with money, and wherever they go they leave money behind. All classes benefit the more money is set in circulation. But to get tourists here, it is necessary to hold out inducements to them. They must know that they can get first class accommodation, and that they will find a first class table. A good table can be set in every hotel, boarding house and private house if those in charge know what and where to buy. I can recommend choice block butter which I receive by every Australia. It is of an excellent and uniform quality from one creamery. Fresh island butter I get by every W.G. Hall. I can also recommend superior family hams, and I always keep a full assortment of everything in the grocery line. My prices are as low as the lowest, and island orders are promptly attended to.

A LARGE ASSORTMENT OF

Top Roll and Other Office Desks

Which we are selling at prices unheard of in Honolulu.

HOPP & CO.,

No 74 King Street.

Honolulu, H. I.

IT HAS BEEN REMARKED by visitors that for variety of goods, quality and style, the shops of Honolulu compare favorably with those in the largest cities in the United States. These remarks are not strange to us because we are familiar with the needs of the people, we know that their tastes are the same as other people, though they are to a degree isolated from the rest of the world. But they are a reading people and they are apt scholars; they have the same amount of ability to copy the ideas of others or create new ones as the ladies of New York or Boston. To cater to the tastes of the different people here requires tact, ability and coin; in the selection of goods, both as to design, quality and price, all of the business qualifications of man are brought into play. If we did not exercise it in our corner of the mercantile world how could we offer all shades of genuine woolen goods, not shoddy, but woolen at fifty cents a yard, when every other dealer in Honolulu sells the identical goods for seventy-five cents and a dollar. Nor do we confine ourselves to a single shade—we have them in endless variety.

The same may be said of our stock of all-wool flannels. Who ever heard of them going for less than fifty cents a yard. They bring that because they are worth it to any one who wants them, but we let them go to you at thirty-five cents a yard, or three yards for a dollar. You can't realize it but we can prove it to you as easy as we can show you the largest and handsomest collection of white goods of every description ever shown in Honolulu.

A drive in shoes interests every one—our stock includes all sorts and conditions for men, women and children, and to go with the shoes we have a wonderful collection of hosiery for ladies.

INDURINE

A COLD WATER PAINT

Especially Designed For INSIDE Work on Factories and Public Buildings.

It is a dry powder which can be prepared for use by simply stirring in COLD WATER and can be applied by anyone and will always produce good work.

It is VERY WHITE, extremely reflective and hardens on a wall like stone and will last any time.

It will last for years, and is unaffected by gases.

One coat covers better than two coats of oil paint or whitewash.

It can be used on any surface and for all classes of work, even for the finest decorating.

It will not rub, scale or crack, nor will it soften with age or discolor.

It will not set in the mixing vessel, in fact it improves by standing a few days.

It can be used to good advantage over old whitewash without scraping.

IT DRIES OUT WHITE AFTER BEING WET.

It is cheaper than whitewash, durability considered.

It is supplied in barrels from 300 to 400 lbs., also in boxes of 100, 50 and 25 pounds.

OUTSIDE INDURINE!

This is for OUTSIDE Work,

Such as Fences, Outbuildings and Laborers' Quarters. It is a thick paste to be diluted with cold water; stands rain and exposure as well as oil paint, and costs but a fraction as much. It is fire-resisting as it contains no oil, and has no equal as a light reflector in dark basements, damp cellars and similar places. It is supplied in colors.

Shipping Notes.

Australia on Friday.

There are no island steamers leaving to-day. There have been no arrivals or departures of vessels to-day.

The R. P. Rither is the sailing vessel due from the coast this week.

The bulk of the lumber on the Albert is for Lewers & Cooke.

The Iwalani was reported ten miles west of port this morning on her way to Lahaina.

The steamer Kaula presents a dilapidated appearance. Her old cabins on the upper deck have been torn down today and will be entirely remodeled.

About a Visitor.

EDITOR BULLETIN:—

The Advertiser has its fling at Major Mortimer Higley, a gentleman who spent three months here recently as the guest of Mr. Wm. W. Dimond, whose wife is the Major's daughter. We may say that the Major is a quiet, dignified gentleman, and evidently an observing person; that he is favorably known here; but the Major has made the mistake for which forgiveness is never granted by the junta that fills the Advertiser's trough. Major Higley is reported as saying: "They have a thoroughly organized republic, but the more intelligent class realize that it is a provisional one necessarily." This remark seems to have offended Mr. Dole, and he retorts, evidently with naughty disdain, "that he remembered meeting a Mr. Higley." Had the Major said to the Omaha reporter that he found a stable government here, the best he had ever known or read of, and that the President and his friends were superior mortals, the Advertiser would have hailed him as an oracle—but, how he would have strained the frozen truth. STELLA.

Obituary.

W. H. Cummings, Road Supervisor, had the misfortune to lose his wife by death yesterday. She was 34 years of age and leaves a family of eight children, besides her brother John Bright and three sisters—Mrs. James Campbell, Mrs. Otto Isenberg and Mrs. D. Analuhi. The funeral takes place this afternoon, Rev. H. H. Parker conducting the services.

The death is announced of J. Nakaleka at his home on Molokai. He had been a member of different legislatures.

Auction Sales.

Lewis J. Levey advertises an auction sale of Eastern-made Balbriggan undershirts and jean drawers tomorrow morning at 10 o'clock. At noon he will sell four carriage and cart horses.
