

GERMAN SUBMARINES WREAK HAVOC AMONG MERCHANTMEN OF NORTH SEA

BOTH SIDES TO BE HEARD TOMORROW ON STRIKE ISSUE

Chamber of Commerce Committee to Investigate Status of Waterfront Situation

POLICE GUARD NON-UNION MEN GOING TO THEIR WORK

Strikers Write Letter to Mayor Setting Forth Statement of Their Case

The latest activities of the police in the strike situation was reported of about 75 Chinese gathered up about the city to launch this afternoon to be taken to work the Selyo Mary.

This afternoon Bonafacio and Pablo Robis, said by the police to be rioters who tried to start something yesterday evening, were charged with rioting and will be arraigned in police court in the morning. Both are Filipinos. Bonafacio is said to have made threatening speeches and Robis is accused of going dangerously armed. He is said to have brandished a wicked-looking knife.

All Reserves On Duty

All the reserves of the regular police force are doing duty on the waterfront this afternoon with Deputy Sheriff Aach and Sheriff Rose in close touch with conditions. Capt. Kamahu and Capt. Laukae conferred late this afternoon on the distribution of officers along the piers during the night.

There seems to be an apprehension at the police station that some trouble may break loose and those in charge are taking every precaution.

Developments in the waterfront strike situation during the last 24 hours are as follows:

Chamber of Commerce committee decided to call investigation meeting beginning at 9 o'clock tomorrow morning to hear both sides of the controversy.

Police guard strike-breakers going to work on the docks this morning.

Jack Edwardson, spokesman for strikers, says he has called assurances from waterfront workers of San Francisco, that they will back up local action, providing local union requests them to make move. Edwardson says no such request has been made or decided upon.

Working of vessels proceeds, with some delays, and strikers claim additions to their ranks.

An investigation into the strike situation will begin tomorrow morning at 9 o'clock in the Chamber of Commerce rooms. This was the decision arrived at today by the arbitration committee and officials of the chamber. The meeting, however, is not for "arbitration," it was expressly stated by Secretary Raymond C. Brown, who said that the committee would act as an "investigation committee." The action of the chamber yesterday referred the controversy to the arbitration committee "for investigation."

Both sides are to be heard tomorrow. It is planned, Brown called on representatives of both sides after the meeting and they have promised to be present. The strikers' side of the controversy will be heard from 9 to 10 o'clock and the employers' from 10 to 11 o'clock.

San Francisco Promises Support

That the San Francisco local of the riggers and stevedores' union will support the Honolulu local, No. 3826, of the International Longshoremen's Association, is stated in the reply which Jack Edwardson, business agent of the sailors' union and a member of the longshoremen's union committee, claims to have received today from the San Francisco organization. At 12:45 this afternoon Edwardson announced to the Star-Bulletin that such news had been received, but he made it clear that while it means the San Francisco union will declare cargoes loaded on steamers here by non-union labor unfair on their arrival at that port if the Honolulu local requests, it the local here has not yet made such a request.

No Request Made Yet

"Whether we ask the San Francisco union to declare such cargoes unfair depends on the arbitration meeting tomorrow morning," said Edwardson. "Our side of the situation will be presented from 9 to 10 o'clock, and the employers will have their inning after that hour. The reply we received today means the San Francisco Riggers and Stevedores' Union of the Pacific Coast District of Longshoremen are with us and will declare cargoes loaded here by non-union labor unfair if we ask them, which we have not yet done."

Engineers Donate \$250

Officers of the Honolulu longshoremen's local said shortly after noon today that at a meeting last night of Honolulu Local No. 611, International Union of Steam and Operating Engineers, \$250 was donated to the longshoremen's relief fund, which is now large enough to keep the strikers supplied with food for 30 days longer.

Late News At A Glance

FRENCH FLYER HAS MARVELOUS ESCAPE
PARIS, France, Sept. 29.—Lieut. Guynemer, famous French military aviator, today went to the rescue of a comrade whose machine was attacked by five German aeroplanes, and fell 10,000 feet to the earth. He landed unhurt, the wings of his biplane catching the air just before he struck and breaking the force of the fall, but the machine was wrecked. Before the accident he had downed three German aeroplanes in two minutes and a half.

NEW YORK UNIONISTS WON'T ADMIT FAILURE
NEW YORK, N. Y., Sept. 29.—Although it is freely declared that the street car strikers and other unionists have failed to bring about the great sympathetic strike they expected, the unionists refuse to admit defeat, insisting that nearly 200,000 workers have quit. Meetings will be held next Monday in an effort to call out others.

BEACH WALK CONTRACT IS SIGNED
The contract for the construction of the road in Beach Walk, Improvement District No. 2, was signed today by Mayor Lane and County Clerk David Kalanokalani, which gives permission to the contractor, Lord-Young Engineering Company, to begin work. The work will cost \$31,264.17.

THREE CASES BEFORE GRAND JURY TODAY
At a meeting of the territorial grand jury this afternoon the following cases are believed to be under investigation: William Spencer, charged with extortion; James Fernandez, Christian Freitas and Thomas L. Keady, charged with the theft of a gold bracelet from a Chinese at Waipahu; and Baxter W. Roscoe, charged with assault with a dangerous weapon. It was expected that a partial report would be submitted today.

COMPENSATION PROVIDED FOR U. S. EMPLOYEES
Marshall J. J. Smiddy was notified by the attorney-general today of the passage of an act on September 7 providing compensation for injured employees of the United States government. The act, says the marshal, provides that employees while suffering from injuries shall receive two-thirds of their monthly wages each month. In case of death the wife receives two-thirds of her husband's salary each month until she is married again or dies. The children, in this case, receive 35 per cent of their father's salary each month until they are of age or able to provide for themselves.

ASHFORD FAVORS INCREASED WAGE FOR STEVEDORES

But Thinks Strikers Should Have Made Their Demands Before Walking Out

"I regard the action of the stevedores in having struck for higher pay without having made any demand for an increase as being indefensible," declares Circuit Judge Clarence W. Ashford, in a statement given the Star-Bulletin today relative to conditions on the waterfront.

"They should return to work at the old rates," he continues, "and then make their demands, thus giving the shipping interests a fair opportunity to meet or to reject those demands. Regarding the rate of pay which prevailed before the strike, I am informed it was only 20 cents an hour, thus calling for a 10-hour working day in which to earn \$2. I regard this rate of pay as being abnormally low, and I am informed by the character of labor performed by the stevedores."

Favors Wage Increase
"An increase of 50 per cent in this rate would fall considerably short of an unreasonable figure. There is probably no class of labor in these islands so severe as that of stevedores and they should be liberally paid."

"As regards the effort of the union to enforce the principle of the 'closed shop,' it is as wrong as possible both morally and economically. It is intolerable that any class or number of men having banded themselves together in a 'union' should, merely by virtue of that banding together, be permitted to dictate by whom available labor shall be performed or to decree that none but union members shall be employed."

"We in Hawaii should stamp out that heresy at the threshold. Any interference with so-called strike-breakers in the performance of their work or in going to or from their labor should be promptly squelched and adequately punished."

"We surely do not wish to import coast labor conditions into Hawaii. There is no sanctity and should be no monopoly attaching to membership in a labor union. Let the strikers refrain from work if they see fit—that is their privilege. But let them also refrain from interference with men who are willing to work. Such interference is a serious moral and legal offense."

ORLEANS MOOSE WILL SPEAK FOR WILSON IN EAST

LONG BRANCH, N. J., Sept. 29.—John M. Parker of New Orleans, the Progressive candidate for vice-president, has sent to President Wilson an offer to speak in Ohio, New York and New Jersey in support of the president. His offer has been accepted.

MME. BERNHARDT WILL VISIT UNITED STATES

NEW YORK, N. Y., Sept. 29.—Mme. Sarah Bernhardt will sail for the United States tomorrow.

MAYOR RECEIVES LETTER GIVING UNION'S POINTS

Stevedores Declare Their Compensation Too Small at Living Expense

The side of the striking stevedores is fully set forth in a letter written and delivered to Mayor Lane late yesterday, signed by Moses K. Kahue, secretary and treasurer of the local union. The letter says:

"Referring to our recent letter to you requesting your good offices as mayor in seeking to secure for us a conference with certain firms in Honolulu employing stevedores, we note with regret that you were unable to have any of the firms discuss existing difficulties. We appreciate, however, your efforts in this behalf and hereby tender our sincere thanks therefor. We believe our claims for an advance in wages to be absolutely just and likewise believe the public generally will recognize them as fair."

"To begin with, the work of a stevedore is not continuous. He may earn \$10 this week and little or nothing next week. One of the factors always dwelt upon by the plantations when claim is made, is that they are at work all the year round, which is not true of agricultural laborers on the mainland. While we are supposed to be always subject to call, yet we are paid for only the hours when our employers need us."

"Again referring to plantation laborers, attention has always been directed to the fact that they receive house rent, fuel, medical attention and other things free. We receive none of these."

"The work of a stevedore is hard, and at times dangerous. It is certainly more strenuous than that of field laborers or laborers on county roads."

"It seems to us that our compensation is pitifully small. We receive 20 cents per hour. For all over eight hours we are paid at the rate of 40 cents per hour. Certainly neither rate is enough for the hard work done by us. It is less than half of that received for similar work on the mainland, and less than that paid for any other labor of equal requirements in Hawaii."

"If times were hard with our employers; if dividends had to be passed, and expenses curtailed, perhaps it might be said that our claims were unjust. But the contrary is true. The firm of McCabre, Hamilton & Renny, with a capitalization of \$50,000, depends for its earnings solely on stevedoring, and whatever sums it is able to pay its stockholders come solely from the fruits of our labor. Just what that firm is paying now in the way of dividends we cannot exactly say, but believe that it aggregated last year not less than 30 per cent. Surely it is not presumptuous, nor extravagant for us to ask that part of this sum be paid us, who really earn it for the company. We have, of course, no way of telling what other concerns save for their stockholders by the meager wages paid us, but

QUARTERMASTER OF HOME FOR SOLDIERS IS DEAD
(Associated Press by Federal Wireless)
WASHINGTON, D. C., Sept. 29.—Col. William Evans, U. S. A., retired, died today. He was quartermaster of the soldiers' home.

KOREANS COLLECT FUNDS FOR FIGHT OF INDEPENDENCE

Since September 1 More Than \$5000 Has Been Raised and More Promised

WOULD CAST OFF YOKE OF JAPAN ON NATION

Movement is inaugurated on August 29 and has grown steadily since

In response to a plea made through the Korean National Association in an editorial printed in the Korean National Herald on August 23, representatives of the race in Hawaii are subscribing daily to a cause which the editor today stated as a fight for the independence of Korea from Japan. Since the editorial appeared in the local paper approximately \$5000 has been subscribed.

Money is still coming in, it was stated today at headquarters of the Korean National Association by Young M. Park, the man who wrote the editorial plea, and so deeply has the subject of their independence from Japan struck home that practically every Korean in the territory has given to the cause. Even little children have brought to the headquarters of sent in by mail from other islands contributions from 10 cents to 25 cents.

All Classes Contribute
Many of the subscriptions are given as for six years back to the year that Japan assumed control of the country, laborers and businessmen drawing from their native earnings on August 29 of each year to subscribe to the cause.

August 29, 1910, was the date of an

ARMED MEXICANS GO OVER BORDER; SOON IN RETREAT

(Associated Press by Federal Wireless)

WASHINGTON, D. C., Sept. 29.—According to a despatch from Gen. Francisco 30 armed Mexicans today crossed the American border near Yajalita, Texas. Soldiers have been notified and are out on the hunt, a later rumor being that the Mexicans retreated.

GERMAN DEPUTY WAR MINISTER HAS RESIGNED

(Associated Press by Federal Wireless)

BERLIN, Germany, Sept. 29.—Deputy War Minister von Wandel has resigned from his post for reasons of ill-health, and the Kaiser, accepting his resignation, has nominated him for a general of infantry. It was first reported that von Wandel had been dismissed. This was later denied.

NEW JAPANESE ENVOY WHO FACES PROBLEM ON REACHING POST

Amoro Sato, Japan's new ambassador to the United States, who at the outset of his term is confronted with the situation brought about by the now-rapidly uttered utterances of Baron Sakatani of Tokio, that Japan will renew her opposition to the exclusion and anti-alien land acts.

PITCHING DUEL AS BROOKLYNITES BATTLE PHILLIES

(Associated Press by Federal Wireless)

BROOKLYN, N. Y., Sept. 29.—Brooklyn and Philadelphia, fighting desperately for the National League leadership and the pennant in the closing days of the big race, entered into a great duel of pitchers here today. Jeff Pfeffer, the big Brooklynite, faced Eppa Rixey, Philadelphia's tall Virginia twirler, and for an inning and a half both hurled air-tight ball, with no scores. In the second inning rain fell so heavily this time was called and the umpires waited for the down-pour to cease.

Miller was catching for Brooklyn and Killifer for Philadelphia.

JUDGE A. S. MAHAULU CRITICALLY ILL; NOT EXPECTED TO RECOVER

Judge Archie S. Mahaulu, boys' probation officer, former district magistrate at Waialea and well-known church worker, is critically ill at the Beretania Sanitarium, and, according to hospital reports, is not expected to live. Judge Mahaulu has been ill since last July and is reported to be suffering from blood poisoning resulting from an ulcerated tooth. He is 52 years old and was born in Honolulu.

1916 HARVEST MAKES GERMAN POSITION MORE SECURE, SAYS HOLLWEG TO THE REICHSTAG

DECLARES BRITAIN IS BREAKING INTERNATIONAL LAWS ONE AFTER ANOTHER—ALLIES CANNOT BREAK TEUTON LINES—MEANWHILE ANGLO-FRENCH OFFENSIVE IS MAKING PROGRESS ON WEST—GREEK REVOLT GROWS

(Associated Press Service by Federal Wireless)

BERLIN, Germany, Sept. 29.—Eleven British fishing steamers have been sunk by submarines in the North Sea in the last 24 hours, and at the entrance to the English channel four Belgian lighters were torpedoed and sent to the bottom.

BERLIN, Germany, Sept. 29.—At one point in his speech before the Reichstag today the German chancellor said:

"The British want to destroy our national life. Germany, which England wants to lie at her feet, is a country without military defense, a country crushed economically. She is boycotted by the entire world and sentenced to lasting infirmity if England has her way. The German statesman who would refrain from using against this enemy every proper means of warfare which is apt to shorten the war deserves to be hanged."

BERLIN, Germany, Sept. 29.—Chancellor von Bethmann-Hollweg today pledged Germany to win the war, in the course of an eloquent address before the Reichstag on the second day of its session.

He declared that Germany will persevere until victory crowns her cause, and prophesied that the sacrifices which the nation is enduring will bring success appreciably nearer. He also discounted all reports of a shortage of food with the statement that the 1916 harvest has turned out excellently and that, though extreme care and prudence is necessary, there is no danger of suffering from famine.

"Germany is resolved to continue the struggle until she reaps the fruits of victory," he told the members of the Reichstag. "The harvest of 1916 made Germany's position more secure. It has put her beyond necessity of depending upon others for any of her food."

He made a bitter attack on Britain and British influence in the great war, declaring that the British are breaking international laws one after the other and are resorting to any trickery and stratagem to secure their ends. He referred to Britain as Germany's most egotistical, fiercest and most obstinate enemy.

"We will win," he asserted amid cheers from the assembled members. "The nation is ready for any sacrifice which the people believe is an assurance of victory."

"Germany will not be permitted to think of peace while her house is burning. She must extinguish the fire."

Says Allies Cannot Break German Lines Either on East or West Front

LONDON, Eng., Sept. 29.—According to cabled versions here of the speech of the German chancellor in the Reichstag today, von Bethmann-Hollweg told the members that the Allies cannot break the German lines on the Somme front. He made a similar statement regarding the campaign on the eastern front.

One Greek Warship Joins Allies; Another Reported to Be Going Over

PIRAEUS, Greece, Sept. 29.—The defection of the revolutionists in control of the Greek warship Hydra has caused great excitement in Greece, particularly at this port. The commander of the vessel is a supporter of Ex-Premier Venizelos. He surrendered his ship to a party in civilian attire. The Hydra was then taken to Salamis Bay and joined the fleet of Allied warships there.

ATHENS, Greece, Sept. 29.—The report that the Greek battleship Kilkin, formerly the U. S. warship Idaho and later sold to the Greek government, has gone over, with officers and crew, to the cause of the revolutionists is denied.

French and British Make More Progress in Fighting on the West

PARIS, France, Sept. 29.—The French forces on the west today made further progress between Fregicourt and Morval, at both of which points there is strong fighting.

LONDON, Eng., Sept. 29.—Signal success was won by the British forces on the Somme sector today. They captured the strongly defended farms southwest of Lesars.

Refugee Vessels Go to Philadelphia

NORFOLK, Va., Sept. 29.—The refugee German steamers Kronprinz Wilhelm and Prinz Eitel Friedrich, after lying here for many months, are to be taken to Philadelphia and laid up. They left Norfolk today with an escort of American warships to preserve neutrality regulations.

Serbian Repulse Bulgarian Attacks

PARIS, France, Sept. 29.—The Serbians fighting on the Macedonian front today from Kaimakalan to Saloniki repulsed four Bulgarian attacks.

NO TARGET PRACTISE ON PUNCHBOWL SUNDAY

In order for general construction and repair work to be done on the rifle range at Punchbowl, the 2nd Battalion, 1st Infantry, National Guard, will not hold practise there next Sunday, as planned. This battalion will have the use of the range the following Sunday.

ANOTHER COBB STEALS HOME—TYRUS, JUNIOR

(Associated Press by Federal Wireless)
AUGUSTA, Ga., Sept. 29.—While the premier baseball player, Ty Cobb, was battling with the Detroit team in the closing days of the pennant race, he was sent a telegram that Mrs. Cobb had given birth to a son.

CHAMBER OF COMMERCE COMMITTEE WILL HEAR BOTH SIDES TOMORROW

(Continued from page one)

Relative to the Chamber of Commerce's move to arbitrate the strike, Edwardson said that the union was ready 12 days ago to submit the questions at stake to arbitration, but that the employers had then said there was "nothing to arbitrate." He added that there seems to be plenty to arbitrate about now.

Explains Closed-Shop Letter

That in the letter sent to employers by the union when the strike began there should have been added to the clause providing that union men be employed on all work the words "when available," was stated by Edwardson, who said their omission was an oversight.

"We have no objection if employers hire competent men not members of the union," he said, "but we know that all the competent stevedores are in the union, and we also ask that when employers hire non-union men they pay them the same wage scale we are now demanding, 40 cents an hour and 55 cents overtime."

Men Fed on Ships

Ladling huge hunks of beef stew from a big galvanized iron wash tub, 125 strike-breaking Filipinos made the deck of the barge Bennington at noon today at Pier 17 resemble a prison-camp rush "somewhere in Austria."

The men, who are loading the Matson steamer Hyades at this pier, were fed on board the barge. They were given tin plates, tin cups, big and little spoons and rice, beef stew, big hunks of bread and coffee were dished out to them in huge quantities. The way the little brown men got away with the "cats" was a marvel to behold, and the noise they made while dishing out the stew could be heard about a quarter of a mile away until food stopped the tumult.

Five Gangs Working

Only three gangs of strike-breakers went to work on the Hyades this morning, but by noon there were five gangs at work, according to officers of the Hyades, the additional men being mostly Japanese. Waterfront men think the Hyades will be ready to leave by 4 p. m. Saturday.

Several incidents showing how easily the strike-breaking Filipinos and Asiatics are being intimidated and kept from working, occurred last night and today.

Strike-Breakers in Autos

At 10 o'clock this morning four automobile loads of strike-breakers, evidently Chinese, were driven up to Pier 19. The first auto discharged its load of Chinese. There was no one at the pier to meet them, and the men huddled together waiting for orders.

A union man approached them, asking what the men wanted.

"We come hahahana, sure, we like hahahana," they answered.

"No hahahana here, you get away wikkiki," said the picket. "You go dam quick, too." The Chinese fled away and the drivers of three autos

THE VALUE OF TRUTH

Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition.

Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are unvarnished, unexaggerated truths about a household remedy of real and actual worth.

The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerine and hypophosphites to build strength, improve the blood and strengthen the lungs. It is free from harmful drugs—a wholesome food-tonic, truthfully advertised.

Scott & Bowne, Toronto, Ont. 15-20

Roads! Good Roads! Has Hawaii a Greater Need?

From a military standpoint, from a pioneering and home-steading standpoint, from a commercial and tourist standpoint—roads are of the utmost importance to this Territory. And the National Government could and should furnish tangible assistance towards the building of a number of these roads.

It would be one of my first duties as Delegate to Congress, to see that the requirements of Hawaii in this respect were adequately presented, and I would use every power and opportunity that my office afforded to make the proper authorities at Washington grant Hawaii what she so badly needs.

Vote for me, and you will be voting for a man who will strive earnestly and continuously for the Good Roads and other improvements you need.

A. L. LOUISSON,
Candidate for Delegate to Congress

SIX GUARDSMEN MAY APPLY FOR FLYING SCHOOL

Discussion of Subject Last Night in Signal Corps Makes Action Likely

WILL BE FIRST TO ACCEPT ARMY OFFER

Gen. Johnson Has Charge of Applications as Soon as Filed

Hawaii's national guardsmen will take advantage of the opportunity to enroll in the aviation school at San Diego, announced by Gen. R. K. Evans, commanding the Hawaii department, through the Star-Bulletin last Wednesday.

It was stated today at guard headquarters that as a result of a meeting of non-commissioned officers of the signal company last night, it is probable that six men will apply in the near future as candidates for admission to the school. This is the first step of acceptance from the local guard of the opportunity of learning aviation offered by the war department.

Applications will be made to the war department through Brig.-Gen. Samuel I. Johnson, the adjutant-general, N. G. H., as outlined in a report by Gen. Evans.

strikers, but he still has 100 men under him and they are working today. Still Await Reply

According to one of the Japanese stevedores who have joined the strikers, they are still waiting for assurance that they will be received into the union with full rights and privileges, and in the event of such assurance not being given they may resume work at any moment.

Call on Makino

This morning those who quit work sent three representatives to Fred Makino and asked that they be given assistance, as they had simply quit their work to help the members of the union win their demands and in sympathy. According to the statements of these men there are more than 150 of them who quit in order to get into the union and they want a definite guarantee that they will be so received. Makino told them he would arrange some plan with Edwardson and would himself guarantee that they will be accepted as members. The stevedores' union will meet tonight and will then definitely reply to the Japanese.

All the editors of the local Japanese papers declare in favor of investigation, as was suggested at the meeting held in the Chamber of Commerce rooms yesterday.

Nippu Jiji Opposes Strike

The Nippu Jiji says editorially: "The strike now going on among the members of the local stevedores' union against their employers is fundamentally a mistake. They quit work without negotiation with their employers in regard to their claims and without a declaration that they were going to quit unless their claims were accepted. No employers in the world can stand for such action from their trusted employees and the men should not have any sympathy from the outside."

"The strike now going on on the waterfront is only among Hawaiians and Filipinos, who were agitated by two strike organizers from the mainland. The Hawaiians and Filipinos cannot be compared with the ideal workers of our race. The Japanese workmen were trusted and well treated for their ability, which is far superior to that of the Hawaiians and Filipinos. The relationship between local shipping concerns and Japanese workers in this city are exceedingly good. Both sides were quite

satisfied and there is no complaint between them whatever."

"A certain Japanese in this city thinks that the only true friend of the laborer is the man who can arouse peaceful workers against their employers for still higher wages and shorter working hours. He must recognize that he is wrong. We know the strike is not a violation of the law, but the man who agitates is a public enemy. All laborers have their freedom to decide whether they will join the strike-breakers or the strikers. The Japanese stevedores declared before the strike that they would be strictly neutral. Then why the necessity of agitating these peaceful workers to join the strikers, of whom a majority are Hawaiians and Filipinos? This we recommend to the Japanese stevedores for their careful consideration."

Shipping Men Give Opinions

That if the striking stevedores had come to the heads of the shipping firms here and told them their grievances before striking they would have been given a fair deal and that arbitration is all right if both sides enter into it with the proper spirit of give and take is the consensus of opinion today among the shipping men.

G. H. Robertson of C. Brewer & Co., said today that he did not believe the strikers had acted fairly. "When the Sierra was running between here and San Francisco as a local boat we had a special gang of stevedores who always discharged and loaded the Oceanic boats," he said, "and even now many still work for us. They have been with us for many years and if they had come to us and asked for more pay we would have done our best to give it. They did not and, therefore, the same consideration is not due them."

James Kennedy, president of the Inter-Island, said that if he was running the strike he would have the men return to work and settle the question of wages afterwards. "We will give them a fair deal if they deal fairly with us," he said.

Union Recognition Opposed

Fred Waldron is of the opinion that the union should not be recognized. The committee of the Chamber of Commerce investigating the matter will probably give a report on their findings and the firms from that can decide what is best to do.

C. P. Morse, agent at H. Hackfeld & Co. for the American-Hawaiian, believes that arbitration is undoubtedly the best course to take if both sides meet the question fairly.

Work on the T. K. K. steamer Seiyō Maru at Pier 16 went better today. There were 12 deckhands of the steamer and about 50 strike-breakers at work. Officers of the steamer said at noon they will have the Honolulu cargo, 800 tons of nitrate, discharged by noon tomorrow, after which freight from this port for Japan, including scrap iron and taro, will be loaded. It was said at the pier today that more strike-breakers applied than could be used and 10 or 12 were turned away.

Both the British steamer Brinkburn, at Pier 6, from Balboa, and the T. K. K. liner Shinyō Maru, at Pier 7, from San Francisco, used their crews to trim bunker coal. The Brinkburn took 250 tons and the Shinyō 100.

CHAMBER OF COMMERCE MEETING PLEDGES ITSELF TO 'OPEN PORT'

Businessmen After Brief Discussion Take Action and Call on Arbitration Committee to Investigate

A brief and vigorous discussion at the public and special meeting called by the chamber of commerce yesterday afternoon resulted in the passage of the following resolution by a vote of more than 70 to some three or four:

"Resolved, That the Chamber of Commerce of Honolulu declares it to be its fixed and permanent policy to support the free right of every employer and every individual to enter into such contracts of employment as they may desire without interference or dictation by outside parties or organizations; to insist that Honolulu be maintained as an open port and to further the right of every resident to pursue any lawful employment or occupation he may desire, without molestation, harm or intimidation by others; to insist upon the maintenance of law and order by the public authorities, and to give every possible assistance to them in their endeavors to do so; and, to be it further

"RESOLVED, That the president and other proper officers of this chamber be and they are hereby authorized to appoint such additional committees and to do all such acts as in their judgment are or become necessary to effectively carry out the policy above declared."

Robert W. Breckons, who at several times during the meeting protested that the resolution was directed against organized labor and should not be passed, introduced a resolution calling for the appointment of a special arbitration committee, but instead the meeting adopted the following motion by A. Lewis, Jr.:

"I move that the present status existing between employees and employers of labor on the waterfront be referred to the committee on arbitration of this chamber for investigation."

As told in yesterday's Star-Bulletin, the meeting was the result of a request to the president of the chamber, George W. Smith, from the maritime affairs committee. In effect, the businessmen as represented at the meeting

declared in favor of the "open port" and as a matter of fact were declaring in favor of the "open shop" principle also.

Concession Offered by Strikers

Jack Edwardson, business agent of the Sailors' Union, furnished a feature of the discussion. He asked leave to speak and when recognized by the chairman as the "organizer and promoter of the longshoremen's union," he denied being such, but later declared emphatically that he was able to speak for the union and to represent it.

Edwardson spoke mainly in favor of an increase of wages for the longshoremen, and though reminded by the chairman that this subject was not before the meeting, he declared that it was nevertheless the chief problem involved.

"We admit that we made a mistake in the beginning in not voicing our demands before the walkout—it wasn't a strike," he said, and later said that other mistakes might be made but that the longshoremen acted largely in ignorance.

He also declared that when the chamber talked of preserving law and order, it should notice infractions of the law by others than strikers. He said that a strikebreaker had appeared on the waterfront carrying a revolver. He also said that strikebreakers, after getting through a night's work, were not allowed to go home but were forcibly detained either on the dock or on a launch.

In the course of his talk, Edwardson said that the union men are entirely willing to modify their written terms of demand so that union labor shall be specified "where obtainable."

M. F. Prosser cut through a good deal of miscellaneous discussion by declaring that the question facing businessmen of Honolulu was whether a laboring man is to have the right to go to work for whom he pleases and at what wages he pleases. This brought the discussion to the vote on the various resolutions and motions.

Previously Breckons had asked for specific cases where violence had occurred and Joseph E. Sheedy had cited a number and also pointed to the general evidences of a policy of intimidation pursued by strikers and their sympathizers.

Up to the present writing our men assume they do as well as the firm mentioned is doing.

"With the cost of living increasing daily and large dividends being paid, without any immediate prospect of a decrease, our claim that 20 cents an hour is a beggarly sum cannot exactly be called unreasonable."

"The public press has criticized the manner in which our union declared the strike, it being said that we simply refused to work, without any attempt on our part at adjustment. While this is not altogether true, yet it is quite immaterial, now the strike is on. Should our claims be just, they should be acceded to in all fairness, and refusal to do so should not be based upon the manner employed by our members to enforce them. Should they be unjust, they should not be granted under any circumstances."

"Up to the present writing our men

**'LINK' PUTS CHIP
ON SHOULDER FOR
STEVEDORE FIRM**

Would Like to See Wage Fig-
ures of Every Dockman for
Week or Two Produced

L. L. ("Link") McCandless, candidate for delegate, has a "chip on his shoulder" today and invites McCabe, Hamilton & Renny, the local stevedoring firm, to "knock it off."

In a recent interview with the Star-Bulletin, McCandless declared he had been informed that many local stevedores were receiving a wage averaging only about \$4.50 a week. In answer to this, the stevedoring company asserts that for 11 days prior to the strike the wages averaged between \$11.90 and \$15.60 a week. McCandless now has issued a challenge to the stevedore company to "produce some figures."

"I would like to see the company go back for a considerable period, select one or two weeks and give the average weekly wages of every man employed," says McCandless. "Say the average wages of every man who had worked on steamers for a month. Then we could see if the average was \$15 a week."

"Even if the men were making on an average of \$15 a week instead of \$4.50, as I was informed, the men who, according to the company's own statement, get 20 cents an hour would have to work 10 hours every day, including Sundays, and then some, to make the \$15."

"In making this statement about the average wages, the company has not quoted the little fellows who made probably \$2 or \$3 a week. What I quoted was the average weekly wages and the information was secured from men who ought to know."

Lace was known in Venice at an early period and was not unknown to the Greeks and the Romans.

**KOREANS COLLECT
FUNDS FOR FIGHT
OF INDEPENDENCE**

(Continued from page one)

nexation, and is chosen therefore as the date to be set aside for swelling the subscription fund.

Officials today at the Japanese consulate denied a rumor that Consul Moroi has taken any action in regard to the new financial campaign, stating that the consul has just returned from Kauai and knows nothing about the matter. Inquiries made at the Korean headquarters by various Japanese probably gave foundation to the report that the consulate is looking into the matter.

Mr. Park told the Star-Bulletin today that every Korean laborer upon Hawaii's plantations has not only subscribed to the cause but has pledged himself to support the fund "until the actual break shall come." Park says this break means the revolt of Korea against Japanese oppression.

Various issues of the Korean National Herald since the printing of the campaign call have published the list of names of subscribers, together with the sums given and the residence of the giver. The donation is still going on.

Influential Koreans on the American mainland, hearing of the call issued by the local paper, have likewise sent in subscriptions in accordance with their means, most of them amounting to \$12 each—\$2 a year for the six years since 1910.

Young M. Park is a graduate of the University of Nebraska, a member of the class of 1912. He gave a statement today regarding the main points of his editorial, as follows:

Works For Own People

"Since we came here 13 years ago," he said, "we have worked for our own people as much as was possible, but chiefly along educational and religious lines, and the general welfare of our race."

"But all the work we have done is only in direct preparation to our cause—our independence from Japan. We have spent about \$25,000 in religious and educational work but not one cent have we ever saved directly for the struggle for independence. Now we must do something for the direct cause of preparation."

"Let us subscribe the earnings of one day each year—August 29, the day our oppression began—for this just cause."

Appeal Termed Masterpiece

Park's appeal to his people was a masterpiece, according to those who translate the language, and had its desired effect almost before the ink upon it was dry.

"Since the article appeared," he said today, "every Korean in the territory has been moved to follow the idea and send in money in accordance with his earnings for that day. Most of the people have paid back for the six years while others have decided to give \$50 to \$1 each month in the year. We have 5000 Koreans in the islands and the sum thus far is approximately \$5000."

Japanese Consulate Inquires?

"I have heard that the Japanese consulate is making inquiry about the work, but I do not know if this is true," Park said in reply to inquiry on this point. "I do know that several Japanese have come to see our men about it. I should like to deny the report, however, that W. K. Ahn, one of our leading merchants, who sails for the Orient today, is going in this cause. He is going only on his own business and the business of the Pan-Pacific exposition."

"The secretary to the Japanese consul has inquired of one of our own secretaries in this regard," Park continued, "and I have heard it is reported in the consulate that Ahn's trip is in conjunction with the fund."

**TANTALUS THEFT CHARGED
INDUSTRIAL SCHOOL BOYS**

Three Portuguese boys robbed the half-way store on Tantalus Thursday morning, according to information which has come to the police. Shin-kawa, the Japanese proprietor, had left the place to go to his home when the boys broke in and took several shirts, some candy and some smoking tobacco. Children playing near the store told the police that the boys were all former inmates of the reform school and it is expected that they will be arrested soon. One is said to be carrying a loaded revolver.

**THOMAS SQUARE
TO BE SCENE OF
BOURBON RALLY**

Meeting Tonight Will Bring
First Week of Campaign to
Close; More Talkfests

Fourth district voters, as well as others interested, have been invited to attend a monster Democratic campaign rally to be held at 8 o'clock this evening at Thomas Square. Prof. William A. Eryan, chairman of the territorial central committee, will preside.

Aside from several special speakers, those who will talk tonight are the candidate for delegate, the candidates for the house from the fourth district and the candidates for senators. There will be a special musical program. Precinct officers are especially requested to be present.

Tomorrow will be an open date as far as Bourbon talkfests are concerned, and no meetings are scheduled for Sunday. On Monday evening meetings will be held at Waihala and Waialua, and on Tuesday evening Waianae will be visited by the candidates.

At 5 o'clock next Wednesday afternoon a rally will be held at the Kaneohe courthouse, and in the evening at 8 o'clock a meeting will be held at Waikane. The final rally of the campaign will be held at Aala Park one week from tomorrow.

An enthusiastic meeting was held on Thursday evening at Punchbowl and Luso streets, the speakers being the candidate for delegate, the candidates for the senate and the fourth district candidates for the house.

**VANDAL GANGS
DESTROY TREES;
WOMEN ACTING**

Mrs. Frederick J. Lowrey, president of the Outdoor Circle, and Mrs. A. E. Murphy, one of its most active members, prepared this morning to visit Governor Pinkham and Sheriff Rose this afternoon in an effort to secure action against vandals who operated last night along Wilder avenue.

A number of beautiful poinciana trees, planted by Gerrit P. Wilder and looked after by members of the Outdoor Circle, were ruthlessly torn to pieces and otherwise broken down. The wanton destruction aroused the indignation not only of members of the circle but of residents of the district in general. It is believed that a crowd of toughs, who have been infesting the neighborhood, deliberately destroyed the trees out of wanton mischief.

**LIEUTENANTS OF
4TH CAVALRY TO
BE TRANSFERRED**

War Department orders received through mail today announce the transfer of Capt. Gordon N. Kimball and 1st Lieut. William S. Martin, both of the 4th Cavalry, Schofield Barracks. They will sail on the transport Logan October 5 for San Francisco and will be assigned to the 3d Cavalry.

Announcement was also received today of several commissions in the local department. Capt. William B. Cochran, 2d Infantry, Fort Shafter, and Capt. Otto B. Rosenbaum, 2d Infantry, are given promotions to the rank of major.

Commissions for captains are also announced for 1st Lieut. John B. Richardson, 2d Infantry, Fort Shafter, and for 1st Lieut. Clyde R. Abraham, 1st Lieut. Paul R. Manchester and 1st Lieut. Lloyd R. Fredendall, 32d Infantry, Schofield Barracks.

Nearly 3,500 women are employed by the French railways, 200 of them acting as stationmasters.

**COHEN SIGNS UP
M'GREER TROUPE
FOR LOCAL HOUSE**

"Bobby" McGreer, well-known in Honolulu as former manager of the Liberty theater, is to be here again shortly at the head of a theatrical company, says a San Francisco paper. The following is reprinted from it:

"Bob McGreer has been in town a few days this week signing contracts with Joe Cohen for his season in the islands. There has been some talk about who would get to take the show to Honolulu this year, as several companies have had their eyes on that spot. But Mr. Cohen held out until he finally decided which of the many companies would be the biggest drawing card, and has at last decided to sign articles with Bob to sail in about a month. The show which will go under Mr. McGreer's supervision is now playing at Joyland park, Sacramento, and will make a tour of the southern part of California to fill bookings previously signed before arranging for the islands. There will be a large cast, with a male quartet, and the company will be headed by Pearl Gardiner and Bessie Hill, two well known favorites on this coast. Others in the notable cast include Dan Kelly, Lou Davis, Eddie Young, King Melville and two favorite comedians not yet mentioned. A chorus of fifteen girls and a musical director and scenic artist will also sail Wilakahow, Bon Voyage, Good Luck to All."

RILEY H. ALLEN

EDITOR

FRIDAY, SEPTEMBER 29, 1916.

THE NEW JUGGERNAUT.

NO SURRENDER TO VIOLENCE AND COERCION.

"Organized" labor in Honolulu made the first mistake when it engineered what amounts to a strike on the waterfront before placing a single demand before its employers.

The mistake was continued when irresponsible, reckless, blustering and brutal men who aligned themselves with the cause of the strikers began to use violence.

It is true that not all or perhaps even half of the acts of violence have been traced directly to striking longshoremen identified with the union. But it would be worse than splitting hairs to attempt to deny that violence was the direct outgrowth of the union movement.

When any organization, either of labor or capital, attempts to take control of a given situation and dominate wages or industry, acts of violence resulting from its dominance or its activities may properly be laid at its doors.

The strike-breaker who "toted a gun" down to the waterfront and bragged drunkenly about it was very properly given a jail sentence.

The striker who assaults a non-union man because the latter exercises his legitimate right of engaging in employment deserves a jail sentence also.

If the present strike had not been engineered and encouraged by paid agitators and irresponsible demagogues, the employers would feel more like meeting the men in a discussion on the wage question. It is quite true that most of the waterfronters approached the situation in ignorance as to how to proceed, but they placed their case in the hands of men who now declare the right to represent them, and these men woefully botched their job. Naturally employers do not want to enter into a discussion with men who in no sense are truly representative of the waterfront workers.

The waterfronters had their organizations long before an outsider talked them into joining the longshoremen's union. They had their representatives. They could with perfect propriety have approached their employers with request for an open, fair, clean-cut discussion of a wage increase. In the light of what has been done for labor here in many other lines within the past year, it is not to be doubted that case would have received consideration.

What Honolulu resents, and rightly resents, is the attempt to unionize the port and allow unions to dictate terms of employment. What can doubt that if this dictation is now submitted to, before long the dictation will come from mainland labor organizations?

When Honolulu employers surrender their right to give employment, and when laboring men here lose their right to take employment, it will be time not only for the "closed shop" and the "closed port" but for the closed city also. It will be time to quit business.

Men who have been deluded into joining the union will be widely advised if they withdraw their names, quit the paid agitators, go back to work and approach their employers not as the branch of a mainland organization, bound by mainland rules and run by mainland unionists, but as citizens of Honolulu who wish to discuss with their employers an affair which concerns themselves and their firms.

The arbitration committee of the Chamber of Commerce may help to bring this about.

VANDALISM RUN AMUCK.

Vandalism in one of its ugliest, most senseless forms was exhibited last night when for three blocks along Wilder avenue the young poinciana trees were broken down, stripped of branches and ruthlessly mangled.

This was the first time within recent months that the vandals have operated in this section of Honolulu. But it is their boldest, their worst offense, and it shows how lightly they regard the hitherto-superficial attempts to run them down. The city authorities ought to take hold of this situation with something like real energy and intelligence. Is this another exhibition of lawlessness to which Honolulu must submit because the officials are too inert or too incompetent to stop it?

TO POPULARIZE THE ARMY.

Various plans are under consideration by war department which to popularize the United States regular army. Facing the serious problem of recruiting under the enlarged army plan, an effort to make the service more attractive for young men is proposed.

One suggestion is that recruits in a given state shall be assigned to army posts within that state.

By assuring recruits that they will be sent to army posts near their homes army officials believe recruiting will be stimulated.

The general staff of the army and the army war college are now considering the plan, which will be submitted to Secretary Baker. Law officers of the army hold the secretary of war has authority to place the plan in operation without new legislation.

No, Angola, you are wrong. General Bliss is the name of an army officer and not a description of conditions along the Mexican border, as you supposed. — Detroit Free Press.

Hall Caine, the eloquent and somewhat excitable English writer, recently contributed to the American newspaper syndicate for which he writes a sensational article on the new armored car with which the Allies were battling against the Germans in France.

Thiepval and Comblès have fallen in the last three days largely as a result of the use of this car, according to despatches, and it is undoubtedly a powerful engine of war, but hardly likely to be the great juggernaut which Hall Caine pictures. He tells almost as in an awed whisper that this car could roll up Broadway, New York, be directed at the Flatiron building, and smash through it and roll calmly along. This sounds like the sheerest foolishness, and if the accounts of mere reporters instead of brain-stormed novelists are to be trusted, it is foolishness. The war correspondents say that the engine is a huge Holt tractor of the "caterpillar" variety, 120-horsepower, and is armored after it reaches England. It is encased in steel, mounted with guns of deadly power, and then sent smashing against the German trenches. Machine-gun fire fails to stop them, and nothing but a well-placed high explosive shell will destroy them or even seriously check their progress once they begin crawling over fence, ditch and trench toward the enemy.

They are particularly valuable on the west because they can go almost anywhere on the French front, roads or no roads, and can carry a considerable force of men, well-protected, and able to work their guns with terrible effect.

A CRISIS IN OUR HISTORY.

From The Chicago Tribune.

Senator Newlands explains that the reason why the brotherhoods have repudiated arbitration under the law he introduced in 1913, and they supported, is not that they fear the partiality of the arbitrators, but "the arbitrators' lack of expert knowledge of the many complicated questions involved."

Yet Mr. Wilson determined the major claim of the brotherhoods in their favor after a few hours.

Senator Newlands' remark is naive but sound as bed rock, and it exposes the remorseless injustice to which the nation and the nation's prosperity seem now to be subjected.

The repudiation of arbitration by the brotherhood leaders is a blow at organized labor. The prompt surrender to their threat by the president of the United States is a blow at the social peace and economic welfare of the whole country. The problem involved in the railroad controversy is too complex and too important to the whole country to be determined in a few hours' consideration by any one lacking special knowledge. It is not a problem which can be settled right by force, and unless it is settled right it is not settled at all.

The whole American people should unite in a protest against the repudiation of arbitration in this case, which affects the whole people, and union labor itself should be foremost in the appeal to a minority which is now abusing its power and setting a precedent to ruthless capital.

The visit of Japanese Consul Moroi to Kauai has undoubtedly had the effect of bringing about a better understanding between his race and other peoples on this island. To be sure relations between representatives of the various nationalities here have been most cordial for many years, but the consul has explained away numerous minor things that have been generally understood; and the results of his visit will undoubtedly be for the good of the island as a whole. The consul has made a good impression among the white people of Kauai, as well as others, and it is sincerely hoped that he may find it convenient to come over again, and often. — Garden Island.

Indiana is honoring her great poet, James Whitcomb Riley, by setting aside his birthday, October 7, as a public memorial day. The movement was begun even before his death and has now taken definite shape. Last year Hawaii held "Riley Day" in the public schools, and messages from various citizens of the territory to the Hoosier poet elicited very appreciative responses. It would be entirely fitting if the schools this year were to commemorate this great American by the reading of his poems or prose for an hour during their daily exercises. It would be both an appropriate memorial and of educational value to the pupils.

Mr. L. C. Ables, as he says himself in his interesting letter printed today, doesn't often "get in the papers." Judging by the present sample, we wish he would get in oftener. He is not one of those who see no good in his own city, and all good elsewhere. He signs himself "Yours for Hawaii," which is a good enough sentiment for anybody in these islands.

"Wilson Relies On Record," says a headline. If it refers to the Congressional Record, that staid journal has some mighty wallops at Wilsonism.

They've sent out the S. O. S. for Col. Roosevelt to get into the Republican campaign.

"Closing the shop" by thuggery will not popularize labor movements.

LETTERS

"YOURS FOR HAWAII"

Honolulu, Sept. 29, 1916.

Editor Honolulu Star-Bulletin.

Sir: In your paper of yesterday I note what Ed Lord has to say for the three piers. I don't often get in the papers, but as it is just 37 years ago today since I left good old California for Hawaii, I take this liberty. We have the best country in the world, and if we can cut out politics in business and in its place get horse sense and business principles to work, we can make it even better than it is today.

I want to pay my compliments to the gentleman who a few days ago handed it to the Promotion Committee and to my good friend, A. P. Taylor, secretary. Los Angeles is some city. I have been there several times and have been well treated. But they have not so far as I am able to learn at present, got any copyright or exclusive franchise on knowing it all. I made the trip to Los Angeles on the S. S. Manoa when she made her maiden trip. We were led to believe that we were to be received with the glad hand. We were met with some disappointment when we arrived. The committee was on the wharf with its little American flag, and it was a nice-looking committee, but it was as mum as a clam. When I asked one of them (or information as to how to get my baggage from San Pedro to Los Angeles, he knew no more than the wharf itself. An old man, whom I took to be a watchman on the dock, showed myself and others the way to the street car, and while the committee was having a little rest in the captain's cabin the passengers were busy getting transportation to the city of Los Angeles.

On one of my visits to Los Angeles with the Shriners when I was financial and business manager of the boys and had the bills and accounts to look after, I paid for one of our island boys a bill at the Lankershim hotel of some four dollars for board and lodging, and when I presented the same upon my return to Honolulu and found out that he had not stayed at the hotel, I wrote them to that effect. They still owe me that amount. So far as I am informed, Honolulu does not do business in that manner.

Yours for Hawaii,
L. C. ABLES.

LOS ANGELES TO SEND DELEGATION ON HILL STEAMER

President of Chamber of Commerce Writes That Many Plan on Making Trip

Los Angeles will send a large delegation to Honolulu in November. In a letter to A. P. Taylor, secretary of the Hawaii Promotion Committee, John S. Mitchell, president of the Los Angeles chamber of commerce, says that there is no doubt about the desire of Los Angeles to send a big delegation to Hawaii.

Los Angeles businessmen are anxious to know if Honolulu will give the visiting delegation special attention. If so, Mitchell writes that there will be a large delegation leaving Los Angeles harbor on the Great Northern, November 8. The trip will be made to create a business friendship between the two cities.

IMMIGRATION STILL FALLS OFF

(By Associated Press)
DUBLIN, Ire.—Irish emigration continues to decrease. For the first seven months of this year the figures were 23 per cent below those of last year. Last year they were 50 per cent below those of 1914. The decrease is altogether in men, the emigration of women showing an increase. As always the emigration from Ulster is greater than that from any other province.

Emigration from all Ireland to the United States of America has during the past seven months fallen to 1,630 from 3,067 during the corresponding part of last year. The passages prepaid in America which in former years exceeded 2,000 numbered this year only 198.

Personal Mention

ATTORNEY E. C. PETERS went to Hilo in the Wilhelmina.

W. H. HEEN, deputy attorney general, will return from Hilo next Saturday morning.

VINCENT FERNANDES, JR., who was operated upon several days ago has returned to his home in Makiki Heights and will be at work soon.

ALPIN JOHNSON, engineer in the office of the territorial surveyor, will leave on Saturday for Hawaii, where he will start subdivision work on the Kalapa homestead lots at Hamakua.

HENRY W. KINNEY, superintendent of public instruction, who was recently operated upon at the Queen's hospital, will return to his desk in the Judiciary building next Monday morning.

MISS HALLIE SAMSON, who taught at Kohala, Kauai, is here from Portland, where she spent the summer. She is the guest in Honolulu of her sister, Miss Maurine Samson, at Punahou.

FRANK POOR, secretary of the harbor board, is again confined to his home with illness. Poor took a two months' trip to the coast this summer hoping to recover his health, returning only a few weeks ago.

WILLIAM DU PONTE has given up his position with R. F. Ehlers & Company and will start work Monday with the new firm of Fernandes & Correa, which opens in the Harrison block at the corner of Fort and Beretania streets.

MRS. BERNICE SMITH, clerk for the public utilities commission, received a painful wound Wednesday at Waikiki when a surfboard got beyond her control and struck her in the face, badly lacerating her lower lip and dislocating one of her teeth.

MRS. ELIZABETH J. KNIGHT, who arrived in the Wilhelmina with her grandson, Richard Smart, the three-year-old proprietor of the Parker, ranch on the Big Island, left in the same boat for Hilo to spend some time in Waimea and Mana with the little boy.

GEORGE BECKLEY will leave next week for the mainland to hunt big game in Colorado. He has received a number of letters of introduction to leading sportsmen of Denver, many of whom were here last year. He expects to spend considerable time in the Rockies. He will be accompanied by Mrs. Beckley.

ARCHIE WONG WAI, a graduate of the repair and salesmanship schools of the National Cash Register Co., of Dayton, Ohio, is booked to depart on the Shinyo Maru this afternoon for the Orient, where he has accepted a position with Anderson, Meyer & Co., Ltd., of Shanghai, the Chinese agents of the cash register company.

HARRY LAUDER TO BE FEATURED BY Y. M. MEMBERS

'MAGNATE'S' NAME IS NOT FOUND IN LAST DIRECTORY

"Harry Lauder Night" will be the feature of the Y. M. C. A. open house this evening. At the social sing, the songs made famous by the Scotch comedian will be rendered. The sing will begin at 7 o'clock in the lobby, and the famous song, "A Wee Deech an' Doris" will be the feature number. Neil Slattery will render a number of solos, and other songs such as "I Love a Lassie," "When I Get Back to Bonnie Scotland," "They Parted on the Shore," and "I Love You, Honolulu," all Lauder songs, will be sung.

After the social sing the guests of the association will have an opportunity of watching the championship game between the Athletics and Washington in the games hall. Visitors will have all the privileges of the billiard room, swimming pool, bowling alleys and other athletic features.

WATER MAINS IN MANOA VALLEY ARE RELAID

Until the arrival of the new water pipes from the coast, the water department is lowering and relaying the old pipes in Manoa valley, in order that the improvement work may not be delayed.

When the work was ready to begin it was found there were no pipes in Honolulu, although they had been ordered and it was feared that the construction might be delayed, but the department decided to make temporary repairs.

Under the heading "Hawaii Magnate's Son Has Laborer's Job and Studies Nights to Rise," the San Francisco Call on September 15 published the following:

"After trying without success for six weeks to get work, William Langeheim, son of a wealthy sugar man of Hawaii, accepted a job as a laborer at the Union Iron Works. Intent upon learning the shipbuilding business thoroughly, he enrolled in the night classes of the University of California in the Lick building for mathematical and technical training.

"An accident to his eye while at work has forced him to temporarily give up the night study.

"Young Langeheim left Hawaii to make a place for himself unaided. He hopes some day to head a shipbuilding business of his own."

The last directory of the islands does not contain the name of a "Langeheim" who is a sugar magnate, nor anyone else of the name, magnate or other.

In Wales the hedge garlic, or as it is more commonly called, "Jack-by-the-hedge," is often fried with bacon. — Vernon Peterson of Montclair, N. J., who saved a woman from drowning at Water Witch, N. J., a few days ago, has been recommended for a Carnegie hero medal.

any changes and lay the new pipe when it gets here. The first shipment is expected in about six weeks.

CHINESE HANDLE NINETY PER CENT PERU BUSINESS

Former Consul Returning Home for Political Preference on Seiyu Maru

To accept a position tendered him by the Chinese president in the assembly of the new republic Lin Chung Wu, formerly Chinese consul to Peru, at Lima, is in Honolulu today in the Seiyu Maru on his way home.

Wu is accompanied home by his wife, sister and little son, and talked interestingly through an interpreter concerning conditions in Peru as he has seen them, when approached by a reporter.

He says that 90 per cent of the business in Peru is handled by Chinese and that in the last few years the Chinese have purchased farms, a practice heretofore uncommon in that country. There are about 15 Chinese farmers there now who own their own property, he says.

One of his interesting statements is that China pays Peru about one-half million dollars a year for a gambling franchise.

The Chinese consul here and many other prominent Honolulu Chinese visited Wu on board ship during the day.

Wu has been in Peru for two years. His successor there is coming from Europe, but Wu does not know who he will be or where from.

UNITED STATES NEEDS SHIPS TO HOLD BUSINESS

Editor of Japan Gazette Sees Loss of Trade for America When Peace Comes

If the United States had ships at her disposal now she could conquer and keep the much-heralded trade of Central and South America. But the ships to the south were mostly German bottoms, tied up by the war. When the war stops, these ships will start again, it is true, but so will the same old commerce of Germany and America's great chance will go slipping by again.

This is one of the interesting presentations of the commercial conditions of South America made by Lester Thomas, representing the Japan Gazette, who is in the city today on his way home from South America in the Seiyu Maru, which is docked at Pier 16.

Thomas will have been away from Yokohama for about six months when he returns on a business visit spent in Chile and the Argentine Republic, studying industrial conditions, especially in reference to Japanese trade, and preparing articles for his publication which he says will soon be increased to four times its present size. This is the monthly publication known as "Commercial Japan."

The war has cut off European service to South America, both in boats and in goods, he says, and the Orient now is getting the bulk of it. He believes the T. K. K. line will soon add a fourth ship to the South American run, probably the Nippon Maru, which would be replaced by another under construction.

VAUDEVILLE SHOW AT Y. W. C. A. WILL BEGIN AT 7:30 THIS EVENING

The vaudeville program which will be held at the Y. W. C. A. this evening promises to be an ideal one, as the rehearsals went off last evening without a mistake. A new artist, who has done work in water colors and in black and white, has made a number of illustrations which will be used on the screen this evening. The show will begin at 7:30 p. m.

Vienna jewelers are doing a flourishing business with people who think gems a safe investment for their surplus funds in these unsettled times.

Approximately 1,000,000 barrels of lime are prepared in the vicinity of Rockland, Me., annually.

MANY PREFER TO LOAF THAN STAY IN SCHOOLROOMS

A. Kalei Aona, in Trip About Town, Finds Many Defendants for Juvenile Court

A. Kalei Aona, acting boys' probation officer, overworked his Ford automobile today riding up and down North King street. In less than an hour, Aona stopped and questioned fully two dozen boys as to why they were on the streets and not in school.

One youngster, bending over a boot-black outfit, declared he had to shine shoes to help his father, who is nearly blind. Aona told him to report at the juvenile court at 8 o'clock tomorrow morning. Another boy was stopped on the last lap of an exciting race to the waterfront. He said he had left school to say goodbye to his grandfather, who was leaving Honolulu for one of the other islands. He will also report tomorrow.

A Chinese boy, with his teeth and eyes in a frightful condition, was taken to the Palama Settlement dispensary for treatment. Another boy, who was playing at Aala park with a red ball, said he was not at school because of a "sore head."

"Boys with sore heads should be in bed instead of in the parks playing ball," asserted Aona to the boy. "If I find that you have been playing 'hokey' it will go hard with you."

A number of other boys were stopped and questioned as to why they were not in school. They offered all manner of excuses. One or two professed they were over age and had a right to loaf.

As a result of Aona's morning tour, the juvenile court calendar will be well filled when Judge Ashford calls the first case tomorrow morning.

EDUCATION COMMITTEE AND FACULTY DINE

Members of the faculty and educational committee of the Y. M. C. A. met at dinner last evening in Cooke hall to discuss plans for the fall session of the night school. Emil Berndt, chairman of the educational committee, presided.

J. Brooks Brown, principal of the cooperative trade schools, reported on the work of the students, both in their work and at school.

W. C. Furrer, member of the educational committee, spoke on the work that had been accomplished during the past year. R. K. Thomas, educational secretary, explained the publication of the new outline of courses.

WAR CALLS AWAY TACTIC TEACHERS, CHILEAN SAYS

South American Diplomat Stops En Route to New Office in the Orient

One of the notables in Honolulu today is Lieut.-Col. Francisco Lagreze, military attaché to the Chile legation in Tokio, Japan. He is traveling in the Seiyu Maru with his wife, son and daughter, and comes here for the first time, though he has seen considerable of the eastern part of the world.

Lagreze for the last two years has been in charge of military instruction in Central America following the departure of the former German incumbents for the battlefields of Europe. He says that Chile likewise lost her German technical instructors by the big war.

The long 70-day voyage from the Americas to Japan has so far proved profitable to the colonel by his addition of the English language to three other tongues, German, Spanish and French.

"I studied English years ago," he says, "and can read it very well, but my speech was poor. When I left for Japan I decided I would be able to talk by the time I got to Honolulu."

May it be said in passing that the colonel told an excellent English of the beauties of the city so far seen. His daughter speaks the tongue of America fluently. Lagreze says he spent two years in the German army.

YOUNG GIRL PEDDLING SHOES AMONG STRIKERS ON LOCAL WATERFRONT

What, if anything, should be done with a 15-year-old girl who is selling old shoes among the "strikers" on the waterfront?

This is a question which is puzzling Miss Agnes Maynard, girls' probation officer, and A. Kalei Aona, acting boys' probation officer. They discovered the girl plying her trade this morning. She is Spanish and, according to Miss Maynard, appears to be minding her own business.

"Among strikers on the waterfront is not a very good place for a young girl to be," is Miss Maynard's opinion. "But I cannot take her off the street and put her in the industrial school for a while. She is not breaking the law," the officer adds.

The shoes being peddled by the girl evidently are cast-off articles that have been repaired. Miss Maynard and Aona will make a further investigation of the case.

ROBERT LAING IS KILLED ON COAST; SKULL FRACTURED

Well-Known Engineer Was on Way to Shipping Inquiry When Struck by Car

Robert Laing, one of Honolulu's old-timers and with many friends in the islands, died in San Francisco on September 27, according to wireless messages received yesterday. Death resulted from fracture of the skull, received on the morning of September 27, when he was on his way to testify at the board of inquiry sitting in the case of the burning of the steamship Congress. He was a member of the engine-room staff. He was struck by a car.

Robert Laing was born in Shetland, Scotland, August 21, 1855. He is survived by a widow, Mrs. Robert Laing, and a daughter, Mrs. J. M. O'Connor of 1307 Fort street, Honolulu, and by a son, Jas. B. Laing of Ewa, Oahu, and an adopted son, Jos. R. Laing of New York.

He came to Hawaii about 1880, working for the soda water company of Hollister & Co., and was in charge of the old Sallor's Home at the time of the big Chinatown fire which burned it down.

He opened up the new Sailors' Home on Alakea street when that was built and after a few years moved to Kohala, Hawaii. He came from there to Ewa and after a short period went back to his first love, the sea, in the engine-room.

He was a member of the Marine Engineers' Association and a Mason of the San Francisco branch of the order. Burial will be in San Francisco, Cal.

GEORGE ADE MAY COME TO HAWAII IN NEAR FUTURE

George Ade, author of "Fables in Slang," may come to Honolulu this winter. In a letter to A. P. Taylor, secretary of the Hawaii Promotion Committee, he writes that he met William H. Crane, the noted actor who recently visited Hawaii, and the well-known thespian told him that his visit here was most enjoyable. Ade said that he expected to make a trip to Hawaii in the very near future.

Woman Needs All Her Strength

Keeping house is hard enough when well. The woman who has a bad back, blue, nervous headaches and kidney or bladder troubles, has a hard lot, for the family cares and tasks never let up. Probably it's all the result of kidney trouble and not the much feared "woman's weakness." Strengthen the kidneys with Doan's Backache Kidney Pills, used and recommended by women the world over. They are just as harmless as they are effective and may be used for children with weak kidneys, too.

"When Your Back is Lame—Remember the Name." DOAN'S BACKACHE KIDNEY PILLS. Sold by all druggists at 50c a box (six boxes \$2.50), or mailed on receipt of price by the Hollister Drug Co., or Benson, Smith & Co., agents for the Hawaiian Islands.

NEWMAN BEGINS LECTURE TOUR ON HAWAII NOV. 9

E. M. Newman, noted traveler and lecturer, will give his first talk on Hawaii at the Carnegie Music Hall, Pittsburgh, Pa., on November 9. He has sent his list of dates to the Hawaii Promotion Committee, and also enclosed a few paragraphs on Hawaii. The booklet announcing his lecture tour contains a scene of Waikiki, together with an article on the ever-changing skies of the Paradise of the Pacific.

On some lines the Prussian state railways are using storage-battery cars at less expense than steam locomotives or gasoline electric cars.

To remove troublesome spots from a garment, try the yolk of an egg before washing. This is effective and not at all injurious to perishable colors.

TAIKOSAN MARU CAUSE OF TWO BOATS LOST

Copies of the China Press of September 6 contain the following Tokyo despatch, telling how the Japanese steamer Taisan Maru, in collision with two other steamers, sank them both in one day:

TOKIO, Japan, Aug. 30.—The Taisan Maru sank the Chokyu Maru off Nabeshima lighthouse in Kagawa prefecture early yesterday, less than 24 hours after it had sunk the Kansai Maru near Shimoda.

Of the Chokyu's crew, 27 in all, including the captain and chief engineer, were injured. Eight are missing. The Chokyu Maru in the collision suffered big damage to her hull which caused her to sink immediately, according to a report from Marugame.

This steamer, a 1200-ton boat, came into collision with the Taisan Maru, 3121 tons, of the Iwai Steamship Company, Kobe, at a point southeasterly from the Nabeshima lighthouse, Nakatado district, in Kagawa prefecture, in the darkness of the hour following midnight.

The Taisan and the Kansai Maru had collided off Deshima inlet, near Shimonoseki, on Monday morning. The latter boat, 600 tons, had no cargo aboard and all its crew were saved.

A letter to H. Hackfeld & Company says the Grace steamer Columbia, from Valparaiso for Honolulu September 3, may be looked for next Thursday morning. She has 2200 tons of nitrate for this port, and will load canned pines here for Seattle.

Taking 60 passengers, the Matson liner Wilhelmina steamed for Hilo at 5 o'clock Thursday afternoon and is due to return here Sunday morning.

The Oceanic steamer Sierra, from Honolulu at 3:45 o'clock Wednesday morning, 12 hours late, will not reach San Francisco until Tuesday morning. No effort is being made to get her in Monday afternoon.

SORENSEN & LYLE REIMBURSED ON OLD BILL

One of the last acts of the recent session of Congress—the appropriation of \$1,019.69 for the "relief of Karen S. Sorenson and James Lyle" in copartnership under the firm name of Sorenson & Lyle—brings up an interesting story of the Honolulu waterfront.

The money is appropriated to reimburse the local boat-building firm for materials furnished and work done on the schooner Charles Levi Woodbury which was damaged as the result of a collision with the United States ship Iroquois off the coast of Kauai in May, 1905.

On May 4, 1905, the Iroquois left Honolulu for Midway island, having

in tow the American schooner Charles Levi Woodbury. The Woodbury was partially laden with stores for the marine garrison then stationed at the island, and in consideration for transporting these it was agreed by the commanding officer of the Iroquois, who was temporarily in command of the naval station at Honolulu, that his boat would tow the schooner to its destination.

On the night after leaving this port a heavy sea began to run and after a time the towline parted. In the attempt to get a new towline to the schooner—against the warning of the schooner's captain—the boats collided with considerable damage to the Woodbury.

According to the report made in Congress "there is no question of the responsibility of the collision resting with the commanding officer of the U. S. S. Iroquois, Lieut.-Cmdr. A. P. Niblack, U. S. N., in attempting to get a towline to the schooner."

Sorenson & Lyle did the repair work on the marine railway, but when their bill was forwarded to Washington it was refused by the navy department. In March, 1907, suit was instituted against the United States in the local district court, a decision being made in favor of the claimants. Then a technical defense was brought up, and when pressed had sufficient strength to cause the federal judge at that time to withdraw his decision, and deciding against the claimants. Says the report in concluding:

There is no question, from the evidence, that the work was done and materials furnished in good faith by Sorenson & Lyle, a reputable firm who have been engaged for many years in the same business at Honolulu, in absolute reliance upon the instructions received by them from the naval officers, wholly upon the credit of the United States, and that they, the said claimants, have never looked to anyone other than the United States government for payment. They have been out the amount of their bill, and have no legal redress of any kind against the owners of the schooner Woodbury, as the work was done wholly upon the orders of the naval officers.

"The facts in the case were thoroughly investigated and determined in the judicial proceedings referred to, and the question on its merits having been then decided in favor of these claimants, there is no question in the minds of the committee but what equitably and in good conscience claimants should be settled with by the United States."

STEEL FOR NEW T. K. K. LINER ON SHINYO

Turbine Has 2500 Tons; Is Rushing It to Japan; Her Treasure \$2,415,000

Deep down in her hold the Toyo Kisen Kaisha turbine Shinyo Maru today has 2000 tons of steel, which will in the next half-year form the frame of the San Francisco Maru, the big steamer which will be built in Japan by the T. K. K. to replace the lost Chiyu Maru.

Leaving here at 4:30 this afternoon Captain William C. T. S. Filmer will increase the Shinyo's speed to 16 knots all the way to Yokohama, to get the steel to that port by October 9, a day ahead of schedule, so it can be unloaded with the least possible delay.

The steel plates and girders came from Pittsburgh mills, and was brought overland to San Francisco by rail. Captain Filmer said this morning his speed from the Bay City to this port was 15 1/2 knots. Steaming time for the voyage here was 5 days, 10 hours and 23 minutes. She docked at 8 o'clock at Pier 7.

Many bars of precious gold and silver are in the Shinyo's strong boxes. The total amount of treasure on board is \$2,415,000. There is \$1,750,000 in gold bars and 832 bars of silver, valued at \$665,000. The silver is going to Tientsin and the gold, \$1,500,000 of it to the Yokohama Specie Bank and the balance, \$250,000, to the International Bank Corporation, Yokohama, controlled by the J. P. Morgan interests. Purser Jack Bourne and Captain Filmer reported the passengers to be "a live bunch."

Captain Filmer expected to be taking a vacation this voyage but he was on the bridge this morning smoking his favorite corn-cob pipe and exhibiting his usual good-natured smile. Captain Togo, who was to have taken command for this voyage, is ill, having been stricken while in New York looking over the Siberia and Korea in company with General Manager Avery of the T. K. K. So Captain Filmer will not get a vacation until he brings the Shinyo back to San Francisco November 27.

A capacity passenger list is aboard the big turbine today. She has 189 first-cabin for the Orient, all she can carry; 79 second, and 557 steerage. About 21 first-cabin, four second and 200 steerage are leaving this afternoon from Honolulu.

Mail brought here by the Shinyo was 378 bags. Her through cargo is large, 5640 tons, and includes canned goods, cotton, dried fruits, roofing felt and other general merchandise. The turbine was piloted in by Capt. M. A. Nielsen, who, according to Captain Filmer, did a very neat piece of work berthing her.

Mail brought here by the Shinyo was 378 bags. Her through cargo is large, 5640 tons, and includes canned goods, cotton, dried fruits, roofing felt and other general merchandise. The Edison Electric Illuminating Company of Boston reports for August gross earnings of \$565,333.

New System Is Used to Handle Crowd at Pier

Previous Confusion Avoided Today When Shinyo Docked; Crowd "Toes the Line"

There was an extremely visible "line of demarcation" at Pier 7 this morning when the T. K. K. liner Shinyo Maru docked. The east balcony was divided into two portions by means of a two-inch strip painted its entire length. People waiting for friends from the steamer had to stand inside the Waikiki portion, while passengers from the steamer had the other side as a lane down which they walked to Allen street. The high fence recently built also kept the crowd from blocking the gangway.

The new system worked very well. The makai gangway was ready to be used but as some changes have to be made aboard the steamer before a second gangway can be laid from the dining saloon entrance to the new opening on the balcony the additional gangway will not be made use of until the changes are made on the liner when she reaches Yokohama this voyage.

Harbor officers steered the waiting crowd around and keep it "toeing the line" in an orderly manner so that the confusion existing at previous dockings was avoided and passengers were able to make their way quickly to the street.

SEIYO TO LEAVE HERE TOMORROW AFTERNOON

Some time tomorrow afternoon, probably at 5 o'clock, the T. K. K. South American steamer Seiyu Maru, which docked Thursday afternoon at Pier 16 from South America and San Francisco and began this morning discharging the 800 tons of nitrates she brought for Honolulu, will steam for Yokohama.

Officers of the Seiyu said her nitrate cargo was brought here at a rate of 55 shillings a ton. China and Japan rates are now 64 and 60 shillings a ton. The Japanese department of communications recently gave the Toyo Kisen Kaisha permission to raise the nitrate rate from 24 to 60 shillings for less than 100 tons and 55 shillings for above 100 tons. The cargo is expected to be discharged by Saturday noon.

Only three passengers came to this port in the Seiyu, three Koreans in the steerage. Among the through passengers Purser C. Kobayashi reported, are Francisco Lagreze and family, going to Yokohama. Sr. Lagreze is a Chilean army officer who is going to Tokyo to become an attaché of the Chilean legation in that city. His family includes Mrs. Carlota Perez de Lagreze, Miss Margarita Lagreze Perez, and Sr. Enrique Lagreze Perez.

Lester G. Thomas, editor of the Japan Gazette, is returning after a six months' vacation passed in travel through South America. Chu Wu Ling, who has been Chinese consul in Peru, is also a through passenger, returning to China to accept a prominent position with the Chinese government.

The Seiyu left Valparaiso August 7, called August 23, Balboa a week later, and San Francisco September 18. Her commander is Captain G. Kamehaka. First-cabin through passengers are 12; second-cabin, 27 and steerage 264.

The Seiyu also brought 34 pieces of freight over-carried from the Shinyo Maru, which arrived today from San Francisco and is leaving at 4:30 this afternoon for Yokohama.

HARBOR NOTES

Thursday the Associated Oil ship Falls of Clyde sailed from San Francisco for Honolulu with a full cargo.

Next mail from San Francisco will arrive Monday morning in the Oceanic steamer Sonoma, which has 356 bags.

Next mail from San Francisco will be despatched in the Wilhelmina at 10 a. m. Wednesday, mails closing at 8:30 a. m.

Due Wednesday morning from Victoria and Vancouver and to steam that afternoon for Suva, Auckland and Sydney is the Canadian-Australian steamer Makura.

At 1 p. m. Wednesday the Commercial Pacific cable schooner Florence Ward sailed from Midway for Honolulu, but did not get a good start until Thursday morning at 6 o'clock, when a moderate westerly wind sprang up.

Bacteriological tests of the China Mail steamer China's second cabin and steerage passengers having shown no traces of Asiatic cholera, the 24 persons have been released from quarantine. No cholera carriers were found.

One ton of whale blubber will yield 200 gallons of oil.

STAR-BULLETIN 75 CENTS PER MONTH**ARMY & NAVY****Machine-Gunners, National Guard, Guests at Home of Company Cook**

The machine-gun company of the National Guard of Hawaii, 57 strong, was entertained by the company cook last night at his residence in Manoa valley.

The cook is fortunate in possessing a fine residence "somewhere in Manoa valley," with a splendid bathing-pool. After the machine-gun company, of which A. L. C. Atkinson is captain, had drilled for an hour and a half, its members were invited by the cook to advance into Manoa valley and take up a position commanding the bathing-pool and then sent an enflaming fire on the horse d'oeuvre, wieners, wurst, four kinds of salad, coffee and other refreshments which the cook had thoughtfully provided.

After taking the opposing trenches in a heroic manner, the company unanimously extended a vote of thanks to company cook, Gerrit P. Wilder.

NATIONAL GUARD ORDERS

The resignation of Col. Harry A. Baldwin, 3rd Infantry, as an officer of the National Guard of Hawaii is accepted.

Maj. William Osmer, M. C., is granted a leave of absence of one month and 21 days, from October 1, 1916, with permission to travel beyond the limits of the territory.

Second Lieut. Michael M. Dussan, 3rd Infantry, is relieved from assignment to that regiment and placed on the unassigned list, at his own request.

Maj. Henry B. Penhallow, 3rd Infantry, is granted a leave of absence of two months from October 1, 1916, with permission to travel beyond the limits of the territory.

First Lieut. William K. Scholtz, 3rd Infantry, is granted a leave of absence of two months from September 12, 1916, with permission to travel beyond the limits of the territory.

Pvt. K. Kalan, 2nd Company, C. A. C., is granted a furlough of 20 days from September 26, 1916, with permission to travel throughout the territory.

The following named enlisted men will be honorably discharged: Herbert M. Dowsett, 1st Company, C. A. C., inability to attend drills; 1st Class Sgt. Verne C. Russell, Field Company, A. S. C., removal of residence; Pvt. Chester L. Taylor, Company D, 1st Infantry, removal of residence; Pvt. M. V. Carreira, 3rd Infantry, inability to attend drills.

The following named enlisted men will be discharged for failure to attend drills: Pvt. H. N. Kaahanaui, 2nd Company, C. A. C.; Pvt. Daniel Kahikina, 2nd Company, C. A. C.; Pvt. J. K. Kallikini, 2nd Company, C. A. C.; Pvt. Sam Kepane, 2nd Company, C. A. C.; Pvt. Sam Kalikoli, 2nd Company, C. A. C.

RICHARDS LEAVES SHAFTER

Pvt. Arthur Richards, Company K, 2d Infantry, is listed as a deserter on army records, having left the post on September 16. The former infantryman is described as 29 years of age, with dark blue eyes, dark brown hair and ruddy complexion. He weighs 165 pounds and is five feet, five inches in height.

The meeting of the Hawaii Promotion Committee which was called for yesterday afternoon was postponed until 3:30 o'clock today owing to the special meeting of the Chamber of Commerce which was held yesterday afternoon. The postponed meeting will be held in the Chamber of Commerce rooms.

Schofield Notes

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Sept. 28.—Capt. Joseph F. Janda and 1st Lieut. Elmer F. Rice of the 1st Infantry and 1st Lieut. Eugene R. Householder, 25th Infantry, who have been undergoing an examination for promotion to the next higher grades, have completed their tests. The examining board consisted of Lieut.-Col. Francis E. Lacey, Jr., 1st Infantry; Maj. Frank H. Albright and Thomas F. Schley of the 25th Infantry.

Lieut. Denson, 25th Infantry exchange officer, arranged a matinee for 3:30 this afternoon at the amusement hall. Marguerite Clark in "Molly Make Believe" will be a delightful treat to the children of the post.

The quartermaster's department has about completed the repairs of the old temporary barracks of the 1st Infantry and they are now occupied by the organizations of the 32nd Infantry. The recreation rooms that had been removed to the post hospital, where they were converted into barracks of the quarantine camp, have been replaced by new structures.

A board of officers, consisting of Maj. Guy G. Palmer, 25th Infantry; Capt. Harry E. Knight, 1st Infantry, and Capt. Walter E. Pridgen, 32nd Infantry, has been convened at this post to examine the plans for permanent officers' quarters and make recommendations for alterations in same.

The cable news from the war department that tours on foreign service have been extended indefinitely has upset the plans of a number of officers who expected to return to the mainland the next month or so. "They can't make us mad by keeping us here" is the general response to this information.

The funeral of the late Pvt. Albert Shadell, Battery B, 1st Field Artillery, was held at 10:30 yesterday morning in the post chapel. Capt. John B. W. Corey, adjutant of the regiment, was in charge of the funeral arrangements and Chaplain Ignatius Fealy conducted the services. The post flag was at halfmast from 11 a. m. to 1 p. m.

The deceased was born in Lebanon, Syria, and was nearly 24 years of age. He was serving his first enlistment at the time of his death. On last Saturday night he was stricken suddenly with appendicitis, and notwithstanding an immediate operation his condition was so acute that recovery was impossible.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Sept. 29.—The new hop committee for the quarter October 1 to December 31, has been appointed and will consist of Capt. Otho B. Rosenbaum, Capt. Edwin S. Hartshorn, 2d Infantry; First Lieut. William E. R. Covell, Corps of Engineers, and Second Lieut. Edward S. Witsell, 2d Infantry. The next dance will be given Friday evening, October 6, and will be informal.

The new trenches for the hedges of hibiscus to be planted along the ocean side of King street are about completed and the plants will be set in as early as possible to take advantage of the rains. The plants will be taken from the post hibiscus garden, the first results of the large plantings that were made about 18 months ago.

The post exchange announces to the men of the regiment that during the month, up to September 23, even counting the sale of tickets through the Coast Artillery exchanges, the total sale of tickets had been just sufficient to cover the expense of the post exchange (orchestra, reels, special features, etc.), and unless, after another month's trial, the revenues of the amusement hall are not increased by \$100, one feature a week will be excluded from the program. The matter of the prizes and the use of ushers will be taken up by Capt. James E. Bell upon his return from the school of fire about October 15.

The services in the Amusement hall will be held as usual Sunday night, 7:30 p. m., and the subject of the address will be "Notable Defeats of History," suggested by the defeat at Germantown, in the Revolution, observed October 4. The other services will be held in headquarters as usual, 7:30, 9:30 and 10:30. All services are held by Chaplain William Reese Scott, 2d Infantry.

SIGNAL CORPS PLANS TO START CLUBROOM

For the purpose of discussing membership and entertainment plans for the fall and winter months, the non-commissioned officers of Field Company A, Signal Corps, N. O. H., commanded by Capt. E. L. Noggle, held an interesting meeting last night.

As a result of the meeting it is possible that a recreation room may be fitted up in the company's quarters in the old armory on Beretania street, to be open six nights a week as a clubhouse, where members may gather, play games and read.

Athletics were also considered and a tentative plan for a schedule of events was talked over.

PRICE REACTS AS EARLIER BUYERS TAKE PROFITS

Mineral Products, after rising to and selling at \$1.25 a share, has experienced a not unexpected reaction. After the close of yesterday's session the stock continued in demand until it reached \$1.25, where 1200 shares sold. This morning while there were numerous buying orders there were brokers offering the stock at \$1.20, evidently profit taking orders it was said. Under this pressure the price eased off to \$1.17½. Total sales were 7220. Of these 2500 sold at \$1.20 and 140 at \$1.17½ on the reaction.

Engels Copper continued firm with considerable demand and few offers. Sales were 1300 shares at \$2.90. Mountain King sold again at 65 cents today, sales being 1300 shares. Oil was quoted \$2.90 and \$3.

Sales of listed securities were 583 shares and little change in price was recorded. Olua was 17½, Oahu 32, Brewery 20, Pioneer 42, Pineapple 49½, Hawaiian Commercial 50½, Hawaiian Sugar 43½, McBryde 11½, Onomes 56, Waiialua 34½ and Ewa 35.

Four Famous Honolulu Recipes!

These are all recommended by the well known hostesses mentioned below, and should prove a splendid addition to your cook book. There are 285 more fine recipes in the Star-Bulletin Cook Book, which may be obtained at our office for fifty cents.

BAKED TOMATOES

Peel the tomatoes, hollowing out a small place in the center of each. Place in a pudding dish, seasoning each with salt, pepper and butter, and a sprinkling of brown sugar. Cover with a lid and bake half an hour. Remove the lid and brown 10 minutes. Just before serving, pour over the top three tablespoons of whipped cream with melted butter.

MRS. G. F. HUMBERT.

MUTTON OR VEAL WITH POACHED EGGS

Mince cold meat free from fat or gristle, season with salt and pepper and a little mushroom sauce. Place it over the fire with a little good stock, make hot but do not boil. Mash smoothly some hot potatoes and mix with a little milk and butter, make a wall of them around a platter, put the minced meat in the center and lay poached eggs on top garnished with parsley.

MRS. ANDREW FULLER.

PINEAPPLE PICKLE

Boll half cup vinegar with two cups of sugar. Add one teaspoon whole cloves, one stick of cinnamon broken in small bits, one large pineapple cut in cubes. Boll until tender but not broken. Bottle and seal while hot.

CHEESE PASTE FOR SANDWICHES.

Mash 1 pound of New York cheese to a paste, add ½ cup butter, 1 cup chopped nut meats, ¼ cup salad oil, tabasco sauce and Worcestershire to taste and spread on thinly. Slice white and brown bread alternately with pimentas instead of cheese for a change.—Mrs. A. E. Murphy.

BLACKBERRY JAM CAKE.

½ cup butter, yolks of 4 eggs, 1 cup sugar, whites of 3 eggs, 2 cups flour, 4 large tablespoons of sour milk (thick) with one teaspoonful of baking soda, and one cup of blackberry jam, a little cinnamon, cloves and nutmeg. Bake in layers. Make a frosting of the white of 1 egg, 1 cup of sugar, ¼ cup of water. Boll the sugar and water for about 6 minutes without stirring. Then stir this gradually into the beaten white of egg. Stir until smooth and spread thinly between the layers and on top of cake.—Mrs. John Walker.

ALLIGATOR PEAR SANDWICH

Slice the pear and mix with chopped chili peppers and mayonnaise. Cayenne may be used in place of chili peppers. Place between thin slices of buttered bread.

MRS. A. HOCKING.

LEMON CUSTARD PIE.

Beat the yolks of 3 eggs until light and thick; add gradually 1 cup of fine granulated sugar, and one at a time, the unbeaten whites of 2 eggs. Beat ¼ a cup of butter to a cream, and add to this, gradually, the egg mixture, also the juice of two small lemons, together with the grated rind of one. Cook, stirring constantly over hot water, until the mixture thickens, set aside to cool while the crust is baked over an inverted tin plate. When baked, pour in the filling, cover with a meringue and serve when thoroughly cold.—Mrs. F. Smith.

CHICKEN SANDWICH.

2 cups chopped chicken, ½ cup walnuts, 3 table-spoons cucumber pickles, chopped fine.

Mix with boiled salad dressing into smooth paste. Spread between slices of buttered bread.—Mrs. A. Hocking.

CURIOUS HABITS OF THE COCONUT

Why do coconuts have "eyes"? This, say the naturalists, is the reason: Coconuts generally grow at the edge of seas or rivers, and a good many of the nuts as they become ripe fall into the water. The nuts are covered with a thick husk, which has a waterproof covering, so that they float. As they float, the three eyes, which are all at one end of the nut,

are always on the top. Once in the water, nature goes to work. From one of the eyes there comes a shoot that sends forth broad leaves that act as sails, says the Youth's Companion. The wind catches these sails and wafts the coconut a journey that may be many miles long. As it sails, the other two eyes send out roots, which at first grow among the fibers of the woody husk.

In time the coconut is swept on another shore, perhaps on another is-

land. The roots embed themselves in the soft earth, the sail becomes the trunk, and very shortly a thrifty coconut palm is growing where none grew before.

The American Car & Foundry Company received an order from the United States navy for 300,000 3-inch shells.

When Your Eyes Need Care Try Murine Eye Remedy

PRISONERS' RATINGS: PARALLEL STATEMENT

When representatives of the United States embassy in Paris recently visited the British prisoners' camp at Rouen some of the Germans complained that whilst their food was of good quality it lacked variety. They also wanted more. They would like two pounds of bread daily.

Below is given the daily camp ration

and side by side is the diet of British civilian prisoners at Ruhleben, as reported by the American embassy at Berlin on May 24 last:

German Prisoners, Rouen
24 oz. bread.
8 oz. meat.

NO NEW PROTEST, BERETANIA ST. PROJECT GOES ON

Without a single protest being raised the board of supervisors Thursday night passed the resolution establishing the Beretania street improvement district, known as No. 5.

When the matter first came up L. L. McCandless brought in protests which he said numbered 50 per cent of the property holders and which ordinarily would have stopped the work, but the city attorney's office, after an investigation, found that only 42 per cent could legally sign the protests and the work, therefore, should go on.

The rate of assessment is \$5.41 per front foot, with an added tax of 43 cents for curbing where necessary.

The city will pay one-third of the cost of improvement and the property holder two-thirds. The paving will be bituminous on a concrete base, and the improvement extends from Fort to Nuuanu streets on Beretania street.

Supervisors Receive Letter Commending

Letters complimenting the board of supervisors for good work which they have done is an unusual occurrence but one was really received Thursday evening from the school teacher at Waikane and is as follows:

The carpenters did good work here this summer. The school house, of course, is very old and worn eaten in places, but I guess it is good for two years more. New veranda floors were made and two very good ventilators were made in the walls of the mauka room and the sliding doors are a joy forever. They have always worked hard before, now they run like silk. It is surely up to us now to vote for the carpenters and the present management.

Yours truly,
ALICE E. MUDGE.

CITY AFFAIRS AND SUPERVISOR NOTES

The next meeting of the board of supervisors will be held October 3 at 7:30 p. m.

George Fox was appointed janitor of Kaimukil school, with a salary \$45 a month.

A petition for an automobile stand for five machines on the mauka corner of Smith and Hotel streets was received.

The petition to repair Fifth avenue in Kaimukil and also erect an electric light at the junction of Fifth avenue and Waikane road was referred to the road and electric committees.

The first reading of the resolution reducing the meter water rates from 6 1/2 to 5 cents a thousand gallons, with a minimum charge of 50 cents for 5000 gallons, was passed by the board.

The petition of the Hawaii Meat Market for permission to dump dirt from an excavation of a new one-story building which it plans to build on Bethel street was referred to the city engineer.

The offer from the Bernice P. Bishop estate of a strip of land 56x700 feet in Kapaemahu to the city for \$1 for a road was referred to the road committee. Arnold raised the objection to the gift that if the city accepted it would have to open and improve it.

The new form of the deed which gives the city Liliuokalani Gardens in Nuuanu Valley was read and virtually refused, although referred to the park committee. The land is a gift from the Civic Federation, but the deed contained so many restricting clauses that, according to Arnold, it is not a deed but little more than a perpetual lease.

BOARD PROVIDES MONEY TO PAY FOR ATTORNEY

As the meeting of the board of supervisors was nearing its close Thursday night Supervisor Hatch rose and moved that Supervisor Ben Hollinger be authorized to engage an attorney to defend the board in the injunction proceedings in which they were served Thursday in connection with the building of a school bungalow with money appropriated out of the Central Grammar school fund. As the city attorney filed the injunction that office is unable to appear for the board.

The vote was taken and although the motion carried, when Horner's name was called he voted "no," declaring that he believed the injunction was rightly brought.

Arnold immediately jumped to his feet and said that he did not believe that mere technicalities should stand in the way of public improvements and he was planning to bring in more petitions for further school work.

Arnold also made a motion to have \$199 appropriated for the defense of the injunction, which motion carried, Horner again voting no.

Hollinger then became sarcastic, pointing out that if the city attorney wished to save money it seemed to him that it would cost the people far more in taking the case to court than in permitting the school building, which is badly needed.

The one really amusing incident of the discussion of the injunction proceedings was when Arnold said that S. Kaunane, chairman of the Hilo board of supervisors, told him that they had been reappropriating money all the time in Hawaii and nothing had been done to prevent it.

Horner immediately answered back, "Yes, but tell the board the rest, that they had done it but knew it was illegal."

SUPERVISORS MAKE DEDUCTION FROM BILL FOR STONE FOR ROADS

Because the rock crushing plant of John H. Wilson broke down during August and he could not deliver the stone contracted for to the city and thus the city was forced to call on the Honolulu Draying & Construction Company for the material, and the latter's bill was higher than the contract price, the board of supervisors Thursday night voted to deduct the excess from the September bill and referred the matter to the city engineer's office to have its ruling carried out. The contract price is \$703.62, and the excess is \$165.16.

WOULD APPLY FRONTAGE TAX TO OLD PALI ROAD

A letter was received at the meeting of the board of supervisors Thursday night from Edgar Henriques and also signed by other residents living on the old Pali road asking why the board of supervisors had not repaired the road, pursuant to a request which had been sent it five months ago. The letter went on to say that as it had done nothing he would repair the road at his own expense if the city would let him have a roller and also oil for surfacing the road.

Supervisor Charles Arnold in reply offered a resolution to the effect that if Henriques wanted the road repaired he should send in a petition asking for a frontage tax improvement, the residents to pay the entire cost.

NEW SCHOOL EQUIPMENT IS BEING INSTALLED

Henry Freitas, building inspector, is working hard today putting together the new desks and chairs for the three grammar schools. When school first opened temporary equipment had to be installed. It is expected that the new will be all in place within a week.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyper-acidity irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonsful of bisulphated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G. For sale by Benson, Smith & Co., Chambers Drug Co., and Hollister Drug Co.—Adv.

ANNOUNCING OUR ANNUAL SUIT SELLING EVENT A SACRIFICE OF UNUSUAL SIGNIFICANCE

COMMENCING

Sat. Sept. 30

FINE NEW CAGES FOR MONKEYS AT PARK

The two monkeys at Kapiolani park are to have a new cage. Thursday night the board of supervisors said so and they ought to know because they voted an appropriation of \$475 to pay for it.

The cages have already been constructed and are out at the park now waiting for the concrete bases to be made before being placed in position. Around the cages a wire fence will be erected to keep at a distance bad boys who insist on tormenting the monkeys.

LETTER OF THANKS FOR DONATIONS IS RECEIVED

The British Club of Honolulu has received a letter of thanks from Viscount Knutsford, chairman of the London Hospital, for the donation by Hawaiians to the Edith Cavell Nurses' Home in London. The letter tells that the home will cost approximately \$150,000, is now under construction and will be opened by Queen Alexandra.

Here eyes, examination eyes, eyes, inflamed by exposure to sun, dust and wind quickly relieved by Murine eye drops. Murine eye drops are a sure cure for all eye troubles. For full particulars see advertisement in Honolulu Star-Bulletin.

SATISFAX AND ONEONTA WILL RACE SATURDAY

Foremost Runners Will Go After Record Before Polo Match; Race at 2:30

Racing and polo will be the feature at Kapiolani park Saturday afternoon, and the program which has been outlined will be the final one of the season. Polo has attracted more attention than ever before this season, and there is certain to be a large crowd out tomorrow to watch the Army and Kauai teams in action. At 2:30 Satisfax and Oneonta will make an attempt to break the track record for one mile. Oneonta held the record up to the last meet, when the Rock Sand mare ran through a field to a new record. Since that time Oneonta has been going well, and with Carroll up many of the racing followers believe that the Dillingham entry will set a new mark. Palmer Up on Satisfax.

Satisfax is the holder of two new records at the track, and Lieut. Palmer gave the mare a grand ride in the last two races. Palmer is one of the best jockeys that has been seen on the local track, and the Schofield contingent are confident that Lieut. R. De Hoyle's horse will come under the wire first.

Should the Army win the polo match and Satisfax take the honors in the special match race, then Hoyle will have plenty of honors for the day. The hard-riding back played a good game against the Maui team last Saturday and is expected to star in the coming contest with the Kauai team.

In the polo match the Army will be a slight favorite, but Kauai is expected to make a grand fight for honors. Malina will have two new ponies, one of which will be Young Lady. This mare is a steady, level-headed pony, and has speed to burn. She can do a quarter in 24 and the half around 50. Her sire is Mana, who is by Kauri.

Kauai Improves. With Spalding, Malina, Rice and Gould in the positions the Kauai contingent will present a strong lineup, and their work in the past is certain to be improved upon, as their team work has been better each game. In Calumet, Taverkamp, Herr, Beard and Hoyle the Army will have five good players ready to send into the game. It should be a hard fought match with the Army having the edge.

Holders of reserved seats for the polo match will be allowed to sit in the grandstand, and there will be no extra charge for admission for the match race between the two fastest mile runners in Hawaii. This race should attract a banner crowd as many believe that Satisfax is not the better horse. The race will be called at 2:30 o'clock.

SENATORS AND MACKMEN MEET TONIGHT AT Y. M. IN RUBBER CONTEST

The Washingtons and Athletics will meet at the Y. M. C. A. this evening in the fifth game of the series. Each team has won two games thus far, and the battle tonight promises to be interesting. Parker will hurl for the Grifflins, while Dum will be in the box for the Athletics.

The lineup will be as follows: Athletics: Pua Luke, R. Kai Luke, 2b; Yum, 1b; Bong, 2b; Leong, ss; Dum, p; Sing, c; Loy, rf.

Washington: Barbosa, 2b; Braah, 2b; Ping, c; Gilliland, 1b; Parker, p; Serran, 1b; Rodriguez, ss; Melnecke, rf.

SCHEDULE

POLO

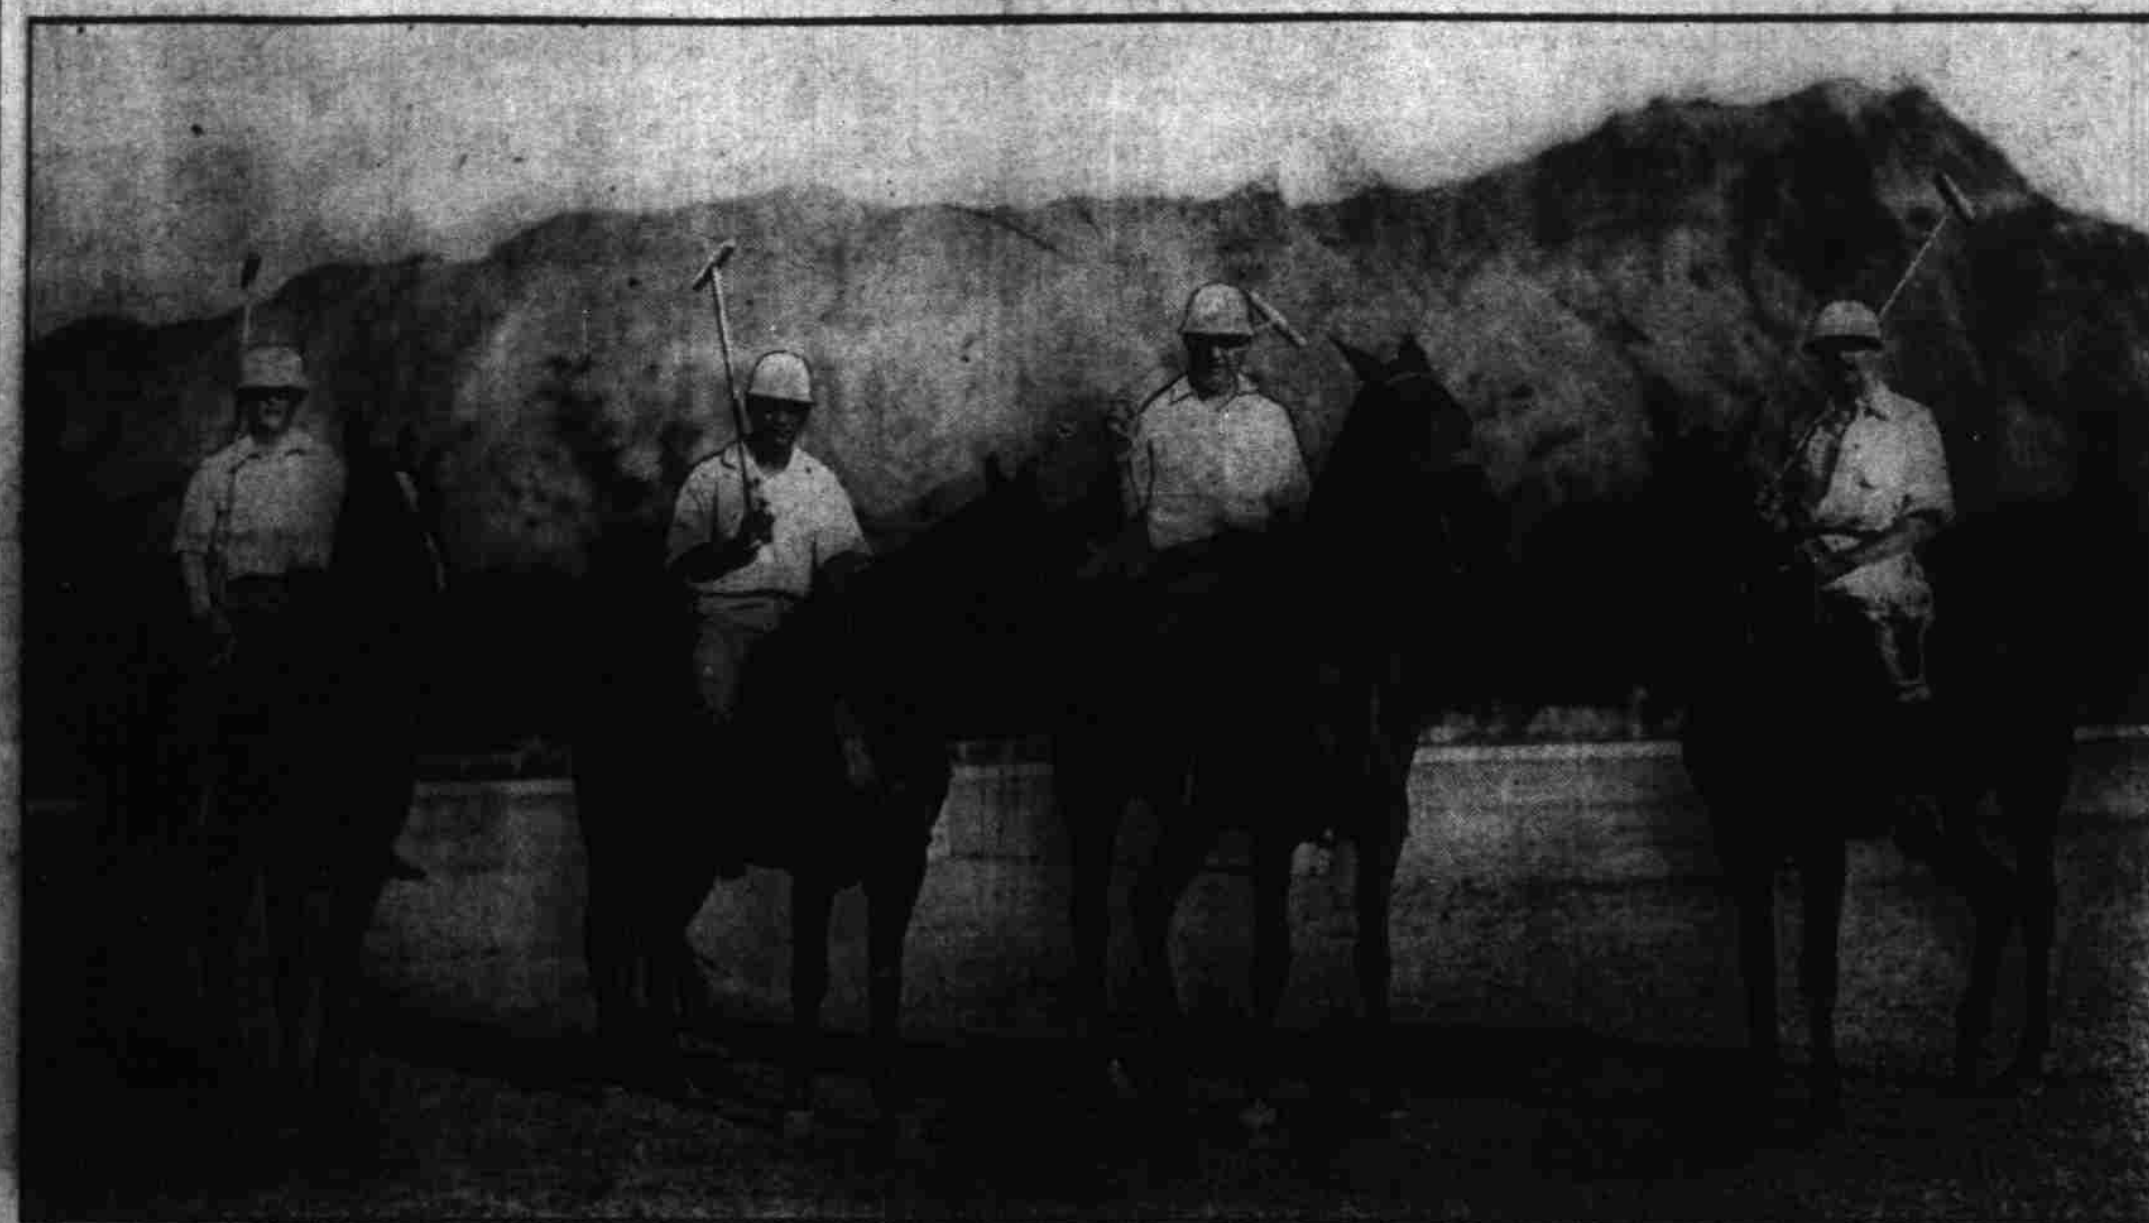

Inter-Island Tournament KAPIOLANI PARK

Sept. 30—Army vs. Kauai.

per game; \$12 per season.
Auto Passengers, \$1.00 each

Tickets on sale at E. O. Hall & Son's.

Kauai Poloists Who Will Meet Army in Final Game

Members of the Kauai polo team who will make a fight to keep out of last place in the closing game of the year at Kapiolani park tomorrow. Beginning the season this team showed lack of practice, but with each match they improved, and right now have reached the top of their game. This four should make a good showing against the Army contingent. The players from left to right are: James Spalding, No. 1; J. Malina, No. 2; Charles Rice, No. 3 and Jay Gould, No. 4.

LACK OF CROWDS DUE TO MOTORING, SAY WESTERNERS

Denver Baseball Team Loses Money on Account of Automobile Craze in That City

[By Associated Press] SAN FRANCISCO, Cal., Sept. 29.—While officials of the Western league are blaming the automobile for the reduced attendance this season at the baseball games and the consequent hard financial conditions, the Pacific coast league is going merrily along with the season of 1916 as the best in its history in point of the attendance.

Denver, once almost the backbone of the Western league as far as heavy gate receipts were concerned, is said to be turning in a heavy loss this season and it seems to be certain, according to reports, that not a town on the circuit is making anything this year. According to Hughie Jones, the man who bought James McGill's team in Denver, the automobile is unquestionably to blame. He says:

"Hundreds of baseball fans who used to be counted on regularly in Denver to be in the grandstand with the best seats never come any more. I investigated and found that they were the owners of new machines, and when they have an afternoon off they take their families or a party of friends out on a trip in the mountains. They have lost interest in baseball in the new interest they feel in the new machine."

Further than this the high cost of gasoline has put a heavy tax on the former fan's resources and he doesn't feel like going to baseball games. There is too much gas to buy."

On the other hand, President Baum of the Pacific coast league is authority for the statement that up to the present the attendance at Recreation park, the local home of the San Francisco ball club, has approximated 120,000 persons more than last season. Every club but one on the circuit is playing to more money and better crowds than at any time in its history. The Portland club treasury is not as full as it might be because earlier in the season, some days were lost owing to rainy weather.

It is admitted, however, that the Los Angeles club might be making more were it not for the automobile as far as its Sunday attendance is concerned. According to the league officials, Sunday is a great day in the Southland for the owners of cars to go out for a day's touring.

KENNETH BARNES HEAD OF MANOA TENNIS CLUB

Kenneth Barnes was elected president of the Manoa Tennis Club at a meeting held at the clubhouse last evening. Barnes is one of the star racquet men of the valley and was a winner in a recent tournament. Other officers elected were:

Vice-president, L. J. Warren.
Secretary and treasurer, B. F. Beardsmore.
Grounds committee, F. E. Steere, J. R. Guard, D. L. Oleson, E. A. R. Ross.
The treasurer's report showed the

HITCHCOCK NEW PUNAHOU LEADER

Chosen Captain to Succeed Correa; Hawkins Will Fill Place in Backfield

Harvey Hitchcock, end and tackle of last year's Punahou football team, was elected captain of the Punahou team yesterday morning at a meeting of the squad. He will succeed Antone Correa, the star fullback who was declared ineligible to play on account of the four year rule. Hitchcock was on the second team the first of last year, but succeeded in winning a place on the regulars toward the end of the season.

With Correa out of football for this year, the Punahou backfield looked heavy, but no sooner had Correa been barred than a star was found to take his place. This was George Hawkins, who played a great game for McKinley last year. He was a good line plunger and fast around the ends. Punahou will miss Correa's punting, although Peterson showed ability in this line last season.

'NO HIT' JOHNSON BEATS HOSPITAL TEAM YESTERDAY

Company F Wins Close Seven-Inning Game at Ft. Shafter; Johnson Fans 13

[Special Star-Bulletin Correspondence] FORT SHAFTER, Sept. 29.—The bargain or matinee game between F Company and the Hospital Corps started rather late and so it was agreed to play seven innings, as it was thought that the fans had had enough in that championship game. But the second game was interesting, in that the ambulance men with their galaxy of swat artists went up against that man Johnson, who is famous for a no-hit game, and they found that he had the goods, done up in small, round five-ounce packages, but surrounded with smoke.

Johnson struck out an unlucky number of men, that is, for the medicals, and if he had had Dawson at the plate to whom it up for him he would have made it at least 14. As it was, Fisher was tried out, and for a silent man he played very "excellent," only one must keep cheering up a while artist, especially a tall man, or they let down. The medicals only made three hits off the "invincible," but one of those by Hanna was a "here-you-go-round-the-mulberry-bush" for three bases, and another was a red hot message way out to right field.

Dayton Finish. The ambulance men broke the ice, or rather the cash register, for three runs in the lucky fifth, when a base on balls made Byers a gift of first, an error by Huston let him hug third, and an attempt to stop a steal which Robertson stole let Byers buy out at the rubber; then Hackett whiffed and an error by Fisher let in Robertson, and a couple of scrammages scored Lambert on a funny stunt at the home plate on a bad umpirical decision. Thus the lancers took in three, and with the triple in the seventh scored another, making their total of four.

The 2nd Infantry men having lived so long next to E Company, and having a good pitcher as well as a well-practiced group of stars, showed the lancers how to knock a few and in four innings of the seven they thumped out five hits for a clean total of an equal number of runs and won out the game.

The score:

ROGAN MAY HURL FOR 25TH TEAM AGAINST STARS

Captain of Wreckers Has Not Been Seen in Action Here for Some Time

Members of the Chinese team held a workout last evening at Athletic Park in preparation for their match with the Braves on Sunday afternoon. They will also practise this evening and should be ready when the umpire calls the game at 1:30 Sunday afternoon.

Fans about town are expecting a pitchers' battle between Nelson Kau of the Chinese and Perry of the Braves. These two hurlers are opposite types and it will be interesting to see what the curve ball artist can do against the speed ball pitcher. Manager Lee of the Braves is confident that he can land a victory, while Tan Lo feels that the Chinese will have a slight edge. Both teams are good fielders, and the battle should prove to be interesting.

In the second game the strong 25th Infantry team, the best aggregation in the islands, will meet the All-Stars, who rank at least third in ability to play ball, and with a number of stars gathered from the company teams Brush feels that he will have a chance of victory. Looking at it from every angle, the 25th Infantry squad should be the favorite, but the unexpected sometimes happens in a ball game.

The Philadelphia Athletics have beaten Boston, and Brush maintains that if his pitchers can show the form they did against the 25th in the first game they may land a victory. Big Johnson, who used to cavort in center field, will be stationed behind the bat in the coming contest, and Schofield fans believe that he will startle the Honolulu spectators. Johnson has a good arm and can use it to effect. Manager Chaney has not decided on his pitcher for the coming contest, but Rogan may take the mound, with Johnson wearing the windpad. Then again the captain may go to third and Jasper, Aulston or Waterhouse take the pitcher's position.

The first game will begin at 1:30 and the second contest will be called at 3:30 sharp. The Pacific League has announced that no reserved seats will be sold in the grandstand and all boxes and grandstand seats will be sold at the same price, 50 cents for the two games. There is plenty of room in the grandstand for all fans and those coming late will be accommodated, according to the announcement made by the league committee.

GEORGE BECKLEY CAPTURES HONOR IN TRAP SHOOT

Scatter-Gun Star Wins Three Events at Kapiolani Traps in Yesterday's Event

George C. Beckley was a three-time winner at the shoot of the Hawaii Polo and Racing Club at the Kapiolani park traps yesterday afternoon. He finished first in the 10-bird handicap, won the 20-bird handicap and also secured the honors in the shoot-off which was postponed from last meet. Beckley secured possession of the James D. Dougherty Cup.

In the fight for second place C. W. C. Deering and J. W. Harvey tied twice, but in the final shoot-off Deering won and took second place to Beckley. Walter F. Dillingham gave Beckley a hard fight in the shoot-off, breaking 17 as against 18 for the winner. The shoot of yesterday ends the events for the year, and from now on the scatter-gun artists will begin to hunt for live targets. The shoots have proved to be a big success, and next season the members expect that trap shooting will be one of the leading sports. The results of the shoot were as follows:

First event, 10 birds, unknown angles—George C. Beckley first; C. W. C. Deering, second; J. W. Harvey, third.

Second event, 20-bird handicap, unknown traps—George C. Beckley, first; C. W. C. Deering second; Robert W. Shagle, third.

Third event, 10-bird handicap, known angles—J. W. Harvey, first; George W. Beckley, second; Richard Ivers, third.

NOMADS AND MUSKETEERS MEET IN VOLLEY-BALL MATCH TODAY AT Y. M.

Tonight at 5 o'clock sees the last of the regularly scheduled volley-ball matches in the Y. M. C. A. Businessmen's League. The Nomads are going after the Musketeers and if they manage to down them will hold a clear title to the championship of this summer series. But if the Musketeers come out on the long end it means a tieup in the series with the Gladiators, Barbarians and Nomads all tied for first with three wins apiece.

The Musketeers will rely on Captain Anderson, Davis, Peterson, Loomis, Van Anderson and Soper to take the heavy end of play while the Nomads have Captain Morgan as individual high man and Taylor, his able associate, MacKenzie, Killam and Stainback.

Three out of five games make up the match, which starts promptly at 5:15. If the Nomads win they will be awarded the prize cup offered by the Y. M. C. A. for the winner of this league.

GRASSHOPPERS MEET AT TANTALUS SUNDAY

Members of the Grasshopper League teams will meet at the corner of Puuwaia Drive and Lufiana streets on Sunday morning at 8 o'clock, going together in a body to Tantalus where the Camoes-Redmen game will be staged at the Skyline park. Antone Paris, the speed ball pitcher of the Camoes, will be on the mound for the team, with Soares wearing the windpad.

The Mosvka, one of Peter the Great's squadron in 1758 has been found near Libau.

WILLIAMS AND SIMMONS HOLD PITCHING DUEL

Engineers Win When E Co. Players Err; Both Mounds-men Hurt Great Ball

[Special Star-Bulletin Correspondence] FORT SHAFTER, Sept. 29.—Well, they won! Who? Why, the Engineers!

Everything at Fort Shafter for the last twenty-four hours has been baseball discussions regarding the relative merits of the Engineers and the E Company and the chances of each, comparisons of batting and fielding averages; in fact, the close race of the American and National leagues have been forgotten in the exciting contest at our very doors. It was, as the reporters say, "a place where great excitement prevailed." The E Company men were digging up power championship mugs from their ditches of beans and the Engineers with glassy eyes have been seeing the word "champion" even in the arrangement of the coffee grounds in their cups; some excitement and some nerves as well.

But at last the real hour came, and with it to Fort Shafter field, at 1:30 Thursday afternoon came also the fans in countless numbers, and even the 2nd Infantry band. Everybody was delighted with the looks of the diamond and with the new chalk lines, the gala crowd and the festive music the Fort Shafter park looked as it should appear more frequently, both as regards crowds and condition.

The Engineers won the toes and took the "outs," and after a brisk practice for both teams, Umpire-in-Chief Jarvis announced the batteries, and the game was on.

McGary of E Company came to the bat with the whole 2nd Infantry looking at him and the band whooping it up for all it was worth. The great shortstop McGary was nervous, perhaps, for quickly in the face of the speedy projectiles from the mound occupied by Blondy Williams he whiffed the smoky air and started on pilgrimage number one to the water bucket. Then up came Kane, to share a like fate with his predecessor, and to be prophetic of the same fate for his successor. One, two, three, the Easy boys went out in the initial session of this great championship game, a process which they also repeated as far as three consecutive strikeouts were concerned in the third and fifth innings also, for Williams was on his dignity. The speed artist had everything today, the breaks, the brains, the fielding ability, but above all he had the control and he had it to the n-th power; and during a full of this long innings not a footstep of E Company crossed the plate, nay, never even reached third, and only one man

was on base when the game ended. (Continued on page 14)
