## YES, A HOOKUPU

That is What the Ladies Think the Occasion Worthy.

## OPEN MEETING WITH "AMERICA"

Hear From Men Delegates and Then Organize—Committees and Plans—A Lei for Every Man.

How will a Hookupu do as a feature of the welcome to the soldier boys from Uncle Sam's Domain? The answer can only be that the idea is an inspiration in its way. Mrs. P. C. Jones made the suggestion at the meeting of the ladies held in the Y. M. C. A. Assembly hall at 3 yesterday afternoon. And when there was mention of flowers, Mrs. E. D. Tenney thought that every man on every troop ship should have a Hawaiian lei. This was also applauded. Mrs. A. Fuller remarked in her quiet way that the feeding of more than a thousand men and perhaps up to seven thousand seemed quite a contract, but that the ladies of Honolulu would do their share in the matter. When the question of whether or no the men en route to Manila would be allowed ashore here by their commanders was raised, Mrs. Dole said she thought that any how the President might be induced to invite them to visit the city.

Between ninety and one hundred of the prominent ladies of Honolulu gathered at the Y. M. C. A. hall in answer to the call made "by authority" of Mrs. C. B. Cooper. And the very first thing they did was to sing "America," with Miss Patch at the piano. Then the conference envoys from the men's committee of 100 filed in. To the Advertiser representative present it seemed odd that such as Dr. Walter Maxwell, S. M. Ballou and T. F. Lansing should be a trifle at ease. Yes; they blushed. Most of the ladies were in the daintiest of street dress and their faces were animated. To them there was both novelty and interest in the occasion.

Mrs. Cooper bravely "broke the ice." She stated that the gathering was for the purpose of organization as support to the men who proposed to entertain the soldiers from the United States. The first thing would be to hear from the committee of 100. Dr. Maxwell spoke and made such a success of it that Mr. Ballou and Mr. Lansing followed in turn. They told the ladies what had been done at the Chamber of Commerce hall session of the 100 men and suggested form of organization for the meeting addressed. It was to be understood, all of the men said—each one in a somewhat different way—that for the taste and tact and grace required in the big enterprise, the men depended entirely upon the ladies. The delegates from the solid 100 were applauded. There wasn't any stamping of feet, but a good many pairs of gloves must have been slightly damaged.

It didn't take such a very long time for the ladies to organize their meeting after the conference body had retired. Mrs. Cooper was chosen the president and Mrs. F. R. Day was made secretary. They admirably discharged the duties of their positions. The ideas of some of the ladies on parliamentary procedure seemed a trifle vague and curious, but there were present enough who "knew how" to avoid any serious tangles. It is no violation of confidence to mention that one awfully pretty woman thought a motion had been defeated because the vote for it, while heavily in the affirmative, was not unanimous. Another, it can be said with the distinct understanding that it goes no further, believed that it was necessary for everyone present to second a motion. But these were only little incidents that passed quickly and quietly. There was in the main the strictest attention, in the most earnest manner, to the business of the gathering. The ladies have caught the infection and their ordinarily lavish ideas of hospitality have expanded mightily. Really, some of them want to make a hero out of every wearer of the blue from the United States.

It was voted to have an executive committee, with Mrs. Cooper at the head and with Mrs. Day as secretary. The other members are: Mrs. S. B. Dole, Mrs. W. C. Wilder, Mrs. J. H. Fisher, Mrs. G. F. McLeod, Mrs. S. M. Ballou, Mrs. "Jack" Lucas, Mrs. J. H. Soper, Mrs. J. F. Clay, Mrs. T. F. Lansing.

Reception—Mrs. Dole and the Cabinet ladies—Mrs. Cooper, Mrs. Damon, Mrs. King and Mrs. Smith.  
Commissary—Mrs. A. Fuller.  
Flowers and Leis—Mrs. E. D. Tenney.

Decorations—Mrs. Alice Hutchinson. Badges—Miss Nellie Lowrey.  
The executive committee wishes to hear from any ladies who will assist any sub-committee in the work in prospect. For one thing the ladies intend to direct the serving of meals if the Drill Shed is used as a dining hall. Then the matters of flowers and decoration are big things and the commissary task is appalling.

The ladies are requested to meet again at the same place at 2 o'clock this afternoon.

There has already been adopted by the committee a badge of red, white and blue ribbon, to be in a knot and to be pinned to the left shoulder. Miss Lowrey will make these.  
The Hookupu plan, as explained by Mrs. Jones and Mrs. Judd was to make every man in the traveling United States forces a present in case there was failure of the troops to come ashore. This would be revival of a beautiful and sentimental Hawaiian custom that has been known only privately since the departure from these shores of Admiral Brown, U. S. N.

## N. G. H. OFFICERS

Club Quarters to be Enlarged in a few Hours.

Preparing to Do Handsomely By Visitors—Will Receive and Entertain in Fine Style.

The officers of the First Regiment, N. G. H., as well as of the President's staff will be living, moving, exemplifications of applied industry during U. S. A. reception times. Nearly all of the officers have been placed on sub-committees of the Big 100. But the military commission holders have "other fish to fry." Aside from formal work they will do some entertaining on their own account.

Up to this time the club of the officers of the N. G. H. has had for quarters a single large room in the upper floor of the Bungalow. This cosy little home will be enlarged within the next 48 hours. There will be added to it the space of three more rooms. These will be suitably furnished, well lighted and handsomely decorated with pictures, potted plants and flags. More than this, all the officers of the troops from the United States will be entertained all the time in Honolulu by officers of the N. G. H. Headquarters for everything during the gala time coming will be at the Executive Building grounds. Headquarters for officers and committeemen will be in the upper floor of the Bungalow. The three wide lanais will be lighted and furnished.

All this and much more was decided upon at a meeting last night of the Board of Officers of the N. G. H. This was practically also a session of the reception committee of the Big 100, of which Colonel Fisher was yesterday made chairman. All that the Board of Officers did with relation to the club, was promptly ratified by the Board of Governors of the club.

Whenever a troop ship may be sighted the reception committee people, the executive committee of the Big 100, the officers of the N. G. H. and the ladies who care to make the trip will report without loss of time. This will be to board a properly dressed steamer to go outside and meet the voyagers. The band will be along. The reception committee will make preliminary arrangements and gain all the information to be obtained. Minister Sewall and Consul General Haywood will be invited to go out in the steamers provided so generously by the Inter-Island people.

During the time of giving attention to the soldiers from abroad, the officers of the N. G. H. will be expected to be in fatigue uniform.  
It was voted to have a supply of cards for each officer printed and further to have a flag staff provided for the drill shed. Lieutenant Klemme donated the pole on the spot and a picture of Admiral Dewey as well. Colonel Soper donated a picture of President McKinley and Captain Schaefer loaned another handsome picture of President Dole.

## COMMITTEE OF 100

Organization Effected at Chamber of Commerce.

## VARIOUS SUGGESTIONS MADE

Personnel of Sub-Committees—The Executive Body at Work—Enthusiasm is on the Increase.

The first meeting of the committee of 100, for organization and counsel, was held at the Chamber of Commerce at 1 p. m. yesterday. Thirty members filed in when the door was opened and about fifty followed inside of ten minutes. There pervaded the gathering the same enthusiasm and spirit of co-operation and unity that marked the meeting of Wednesday night at the Drill Shed.

By motion of Senator McCandless, Geo. W. Smith was made chairman of the committee of 100. Major Jones was elected secretary.

Chairman Smith suggested that for the business at hand a number of sub-committees would be necessary. He named Executive, Finance, Grounds and Arrangements, Commissary, Entertainment, Reception and Conference.

It was agreed that the chairman should select the committeemen and that other committees should be created if needed.

Senator Baldwin, being named as chairman of the Executive Committee protested. He said that this person should be a Honolulu man and wanted Mr. Smith to act. Senator McCandless said that Mr. Baldwin was the right man in the right place. Mr. Kennedy stated that Senator Baldwin was really a Honolulu man and was in every way qualified for the chairmanship of the Executive Committee. It was voted that Senator Baldwin could not be excused.

Chairman Smith announced that Capt. Godfrey of the Inter-Island Company, through Capt. Campbell had tendered to the committee the use of steamers of the company. A vote of thanks was heartily given to the Inter-Island and further to Mr. Dillingham for offer of Oahu Railway cars for excursions and to Huestace & Co. for Grays.

S. M. Ballou, C. A. Graham, J. G. Rothwell, Rev. D. P. Birnie, Rev. T. D. Garvin, Rev. G. L. Pearson, Prof. F. A. Hosmer, Col. W. F. Allen, John Cassidy, W. R. Castle, Capt. John Schaefer and Stearns Buck, were announced as new members of the committee of 100.

Mr. McStocker reported that 150 badges had been secured.

Senator Baldwin and Mr. Dillingham inquired as to program. Mr. McStocker thought it would be best to advance ideas here and have the same referred to various committees.

Mr. Dillingham said that a home steamer, decorated and with band aboard, should meet each troop ship outside.

Mr. Wright believed that owing to the exigencies of the occasion the ships would stay here only long enough to coal. He doubted if the men could go farther away from the vessel than the wharf. In that event provision should be made to let the men enjoy a fresh water bath (200 showers on the wharf) and to have their clothes washed ashore.

Col. Fisher thought the Peking might wait here for the Australia and City of Sydney, with the U. S. S. Charleston.

Messrs. Logan and Kennedy said the course should be for the sub-committees to meet and form plans and then report back to the 100.

Geo. R. Carter said hospitality increased in the United States as the traveler proceeded westward and that in this affair the climax should be reached in Honolulu, with the practical proceeding that the prospective visitors could pay for nothing while in Honolulu.  
The committee of 100 adjourned to meet at 1 p. m. today.  
Chairman Smith announces the following sub-committees. This is the corrected list:

**Finance**—J. B. Atherton, chairman, C. Bolte, T. W. Hobson, W. W. Hall, W. G. Irwin, Jno. Egan, F. J. Lowrey, H. E. Waity, Cecil Brown, G. N. Wilcox, H. Waterhouse, Geo. R. Carter, Dr. F. R. Day, J. Holt, P. C. Jones, W. F. Allen.

**Commissary**—W. G. Ashley, chairman, F. W. McChesney, H. J. Nolte, F. M. Lewis, W. H. Rice, J. D. McVeigh, Col. Geo. F. McLeod, W. A. Whiting, G. W. R. King, F. B. Oat, Geo. H. Paris, Jas. F. Morgan, Jno. Emmeluth, Theo. Hoffman, J. G. Rothwell.

**Grounds and Decoration**—W. H. Hoogs, chairman, Capt. O. Bergstrom, Capt. C. J. Campbell, C. S. Deaky, H. Laws, L. L. McCandless, A. M. Brown, A. E. Murphy, A. B. Wood, Frank McIntyre, J. A. Gilman, W. C. Weedon, N. E. Gedge, A. V. Gear, F. L. Hoogs, J. J. Kelley, D. L. Naome, Jno. Nott, W. E. Rowell, T. P. Severin, A. B. Wood, John Cassidy, Stearns Buck.

**Conference with Ladies' meeting**—Dr. Walter Maxwell, T. F. Lansing, S. M. Ballou.

A meeting was held at 2 p. m. by the Executive Committee. Jas. A. Kennedy was elected secretary. Several plans for general work or the whole task, were outlined. The secretary was instructed to transmit advice to the chairmen of the sub-committees. These advices were in the form of suggestions as to grounds, food, fruit, etc., all the particulars of which have already been given.

A number of the sub-committees met last evening and the rest will hold sessions today before the 100 get together again.

## Brutal People.

Charlie McWayne, aged six, lies at the home of S. C. Allen, with his left arm broken in two places and his head and one shoulder badly bruised. The child in the youngest son of Dr. McWayne. The little boy was leaving a street car from Waikiki at the corner of King and Alakea. The tram driver was watching to see that the lad landed safely. Just as the boy had one foot on the sidewalk he was run down by a hack outfit. The horse struck the child and the wheels passed over his body. The hack came from mauka, was moving fast and made a turn to within a few inches of the sidewalk. Everyone rushed to the child. The number of the hack was not noticed. Its passengers were a man and woman well dressed. So far no one has been found who can identify the driver.

## Concert Troupe.

Twenty young Hawaiians, consisting of 14 members of the National band, the four Kawaihau Club boys and Messrs. T. Hennessey and Toyo Jackson, are soon to leave Honolulu on a tour of the Islands. Concerts will be given at the principal places through which they pass. The duration of time of remaining away will of course depend on the success that crowns their efforts.

## AN OPEN LETTER

Secretary of John II Estate Asks Questions.

Takes Issue With Admiral Miller on Pearl Harbor Land Values.

Honolulu, H. I., May 17, 1898.  
ADMIRAL JOSEPH N. MILLER, U. S. N.

Dear Sir:—I was greatly surprised to see in your official report of the survey of Pearl Harbor, accompanying the reference to my statement that the price asked for Waipio Peninsula, which for the entire tract amounts to \$237.50 per acre, is less than the price paid for land in the vicinity as a business venture, your official conclusion that such price is fictitious and that the true value of the land is in the neighborhood of \$50 per acre.

Honolulu, H. I., May 13, 1898.  
SIDNEY M. BALLOU, ESQ.,  
Secretary John II Estate, Ltd., Honolulu.

Dear Sir:—Your esteemed favor of even date is at hand contents noted. You say, "In the official report of Pearl Harbor the statement has been made that the price at which the Peninsula is held if the entire peninsula is taken, to wit: \$237.50 per acre, is fictitious, and that the true value is about \$50 per acre. In view of the publicity which has been given to this statement and the importance of its correction would you kindly answer the following questions?"

1. "Did you buy the Peninsula of Pearl City in Pearl Harbor?"

Ans. I purchased 229.91 acres in 1889 and 1890.

2. "What price did you pay per acre?"

Ans. I purchased February 7, 1890 from S. B. Dole, attorney in fact for Lois C. Ford and Porter D. Ford, 77.62 acres of land on the east side of the Peninsula of Pearl City for \$23,385, as per deed recorded 13th day of February, 1890, Liber 122, pages 138, 139, 140. On the 23d day of April, 1889, as per deed recorded Liber 111, pages 421 and 422. And as per deed dated April 14, 1890 and recorded Liber 125, pages 63, 64, 65. I purchased 152.29 acres from Paul P. Kanoa and wife for the sum of \$22,000.00. The price paid for the first lot was \$300 per acre. Nearly one-third of the second purchase was a mile above the Peninsula.

3. "At what date was the purchase made?"

Ans. As stated above.

4. "Has real estate in that vicinity increased or decreased in price since the date of that purchase?"

Ans. At a public auction here in Honolulu, October 21st, 1890, a sale of lots at the Peninsula of Pearl City amounted to over \$24,000. The price realized was over \$1,500 per acre.

5. "Do you consider Pearl City Peninsula, more or less valuable than the adjoining Peninsula of Waipio?"

Ans. Only so far as improvements have made it more valuable. If the U. S. Government do not want the Waipio Peninsula, I believe purchasers can be found who will pay \$250 per acre for the whole. There are 1,000 acres of sugar land in Waipio Peninsula.

6. "How far is Honolulu from Pearl Harbor?"

Ans. Ten miles.

7. "What is wharf frontage in Honolulu worth?"

Ans. I am unable to say.

8. "If the channel to Pearl Harbor were opened would wharf frontage there be more or less valuable than wharf frontage in Honolulu?"

Ans. The comparative value of wharf frontage would depend upon future developments.

If you should make any public use of these answers I wish it made clear to the public that I have no interest whatever in this matter, except a general interest in the welfare of the whole country. Possibly no one in these Islands is more desirous for annexation to the U. S. A. than I, yet I am not so selfish as to wish to see the property of Hawaiians sacrificed in the least degree for my benefit. On the other hand I doubt if any one would be more jealous for the interests of Uncle Sam than I. I want the United States to secure all the land it needs in the Harbor "Pearl River" at the least possible price consistent with justice to those from whom it is taken.

I feel justified fully in making this statement for the reason that I gave the United States on behalf of the O. R. & L. Co. and this country, an option for a half mile of frontage to deep water in Pearl Harbor for the whole term of our lease (50 years) for the consideration of one dollar.

I stand ready to repeat the same offer today if it is desired.

Very truly yours,  
(Signed) B. F. DILLINGHAM,  
General Manager Oahu Railway & Land Co.

Honolulu, H. I., May 13, 1898.

JOHN F. HACKFELD, ESQ.,  
Treasurer Oahu Sugar Co., Ltd.

Dear Sir:—In the official report of

the Survey of Pearl Harbor the statement has been made that the price at which the Peninsula of Waipio is held if the entire peninsula is taken, to wit: \$237.50 per acre, is fictitious, and that the true value is about \$50 per acre.

In view of the publicity which has been given to this statement and the importance of its correction would you kindly answer the following questions:

1. Has the Oahu Sugar Co., Ltd., bought any land in fee simple during the past year?

2. What price was paid per acre?

3. How far was that land from the Peninsula of Waipio?

4. Had that land any water frontage or any other special advantages?

Very truly yours,  
(Signed) SIDNEY M. BALLOU,  
Secretary John II Estate, Ltd.

Honolulu, May 16, 1898.

SIDNEY M. BALLOU, ESQ.,  
Secretary John II Estate, Ltd.,  
Honolulu.

Dear Sir:—In reply to your inquiry, dated May 13th, I beg to inform you that the Oahu Sugar Co. purchased last year from the Estate of Jas. Robinson a piece of about 78 acres of land at Anahulu, Ewa, suitable for a site for its sugar factory, laborers' quarters, etc., at the price of \$226-per acre; this land is situated about 1/2 mile above the Peninsula of Waipio and has no water frontage or any other special advantages.

I am unable to state whether this land is more or less valuable than the land on the Peninsula of Waipio.

Yours very truly,  
(Signed) J. F. HACKFELD,  
Treasurer Oahu Sugar Co., Ltd.

The substance of these two transactions is this: Eight years ago Mr. Dillingham found it profitable to pay \$300 an acre for the entire east side of the Peninsula of Pearl City, which, as you are aware, differs only from Waipio in being a smaller peninsula and not having the advantage of deep water close to the shore. The land at that time was entirely unimproved.

Mr. Dillingham ran a short branch railroad down the center of the peninsula, staked his purchase into town lots and sold at a rate of five times his purchase price. I know of no reason why the same venture would not be equally successful tomorrow at Waipio.

The second transaction referred to is the purchase of the site for mill and laborers' quarters for the new Oahu Sugar Co. This land is inland without any natural advantages, the chief requisites for its use as a mill site being that it is approximately near the center of the plantation and that it is not sheltered from the trade winds which add the draft of the chimney. If a plantation is obliged to pay over \$200 an acre for its mill site I am unable to understand how the United States expects to get a naval station with extensive wharf frontage for \$50 an acre.

These two transactions are the only ones that I know of in the vicinity of Pearl Harbor within recent years. Under these circumstances I do not feel that it is presumptuous to request you to inform me in turn upon what information you base your conclusion that the price at which Waipio Peninsula is held is fictitious and that the true value is about \$50 per acre.

You will perhaps pardon me if I take advantage of this communication to you to make public another correction of a statement for which you are in no wise responsible. Congressman Hilborn and other opponents of annexation have coupled with the statement that the land at Pearl Harbor is held at an exorbitant price, for which unfortunately they now have your official statement, the further assertion that the land is held by speculators, thereby seeking to create the impression that the land has been bought up at low prices with the expectation of making a profit from the United States.

The truth is, on the contrary, that the land has not been bought or sold for the past forty years. It was originally the property of John II, a Hawaiian Chief, who proved his title to it before the Land Commission and received his Award in 1855. The land remained in his possession until his death in 1870 when it was devised by him to his daughter Irene II now the wife of Mr. C. A. Brown.

Last year for the better management of the Estate a Corporation was formed in which Mr. Brown, Mrs. Brown and their children hold the entire beneficial interest.

I am confident that you will excuse the publicity which I give to this personal letter on account of the importance of the question to all those interested in the welfare of the Hawaiian Islands.

It may be said that the fact that the land can be condemned by the United States and its value assessed by twelve disinterested men renders our prices of little moment, but I express the sentiments of the directors of the corporation in saying that we should feel that we were betraying the interests of Hawaii should we delay or discourage annexation by holding the land required by the United States at a dollar above its fair market value.

Very truly yours,  
SIDNEY MILLER BALLOU,  
Secretary John II Estate, Limited.

## SHORT SESSIONS

### Senate and House Transact Routine Business.

Bill for Lots in Pairs—House Asks Questions—Molokai Settlement.

#### SENATE.

Eightieth Day, May 19.

The remainder of the Rapid Transit bill was read. The bill passed first reading, was read by title and went to the Public Lands Committee to which were added Senators Brown and Keopokai.

The Printing Committee reported back a public lands bill permitting the commissioners to set apart lots in public lands, separate from but adjacent to each other, in pairs, one of which shall be suitable for a house lot, and the other of which shall be suitable for agricultural purposes. Each of such pairs may be applied for by one qualified person. The bill was read by title and went to the Public Lands Committee.

At 10:40 o'clock the Senate adjourned.

#### HOUSE.

Minister Cooper announced the following acts signed by the President: "An Act relating to certain licenses, etc."

Rep. Loebenstein reported for the Committee on Public Lands and Internal Improvements to whom was referred the House bill, relating to pounds, estrays, etc., in part, as follows:

"Your committee feel that authority should be given the road authorities in their several districts to take up estrays and impounding the same, which power is not vested in them under the present law, excepting the city of Honolulu."

Rep. Kaal was given permission by the House to introduce an "Act to authorize the Minister of the Interior to take possession of whatever land and water may be required for the use of the Walluku Water Works."

Rep. McCandless introduced the following resolutions:

"Resolved, That the sum of \$1,000 be appropriated for a schoolhouse at Laie, Oahu."

Referred to the Committee on Education.

"Resolved, That an item of \$150 be inserted in the appropriation bill for the purpose of erecting two tombstones for the men who were killed at Kalalau on July 4th and 5th, 1893, while doing their duty towards the Government."

"At the present time only two wooden boards mark the graves of these men."

Referred to the Military Committee.

Rep. McCandless propounded the following to Minister Cooper:

"After the special committee of the House of Representatives returned from their recent visit to the leper settlement on Molokai, they submitted a report to this House, in which report they recommended that certain persons be re-examined by the Board of Health in order to ascertain, whether any signs of leprosy are apparent, it appearing to the committee that all signs of the disease had disappeared."

"Will you kindly inform the House just what steps the Board of Health has taken to comply with the recommendations of said special committee and report to this House the results of the investigation of the Board of Health in this respect."

Rep. Isenberg asked for an additional five days to report for the special committee on Carter memorial. Granted.

The appropriation bill was taken up for consideration. The item of \$1,800 for the salary of the clerk of the Sheriff of Maui. The vote stood 6 to 6.

The Speaker voted for the amount stating that he was in favor of a proper reduction but not an indiscriminate cutting down of salaries.

At 12 m. the House took a recess until 1:30 p. m.

#### AFTERNOON SESSION.

Continuation of consideration of the appropriation bill.

Under items in the Department of the Interior appropriations the salary of the electoral registrar was cut from \$1,200 to \$600.

There were only nine members in the House and there was a lot of discussion on various items. A reconsideration of the Deputy Marshal's salary, passed at \$3,600 capped the climax. Motions to make the salary \$4,800, \$4,200 and \$4,000 were made. Rep. Kahalelio "picked up his dishes" and was going home. The item passed at \$4,000. Then Rep. Isenberg moved for adjournment which carried by a vote of 5 to 4.

Adjourned at 2:30 p. m.

#### WHOOPING COUGH.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by all Druggists and Dealers. Benson, Smith & Co., Ltd., Wholesale Agents for H. I.

#### EDUCATION.

### Business Transacted at a Meeting of Commissioners.

A short meeting of the Commissioners of Education was held yesterday afternoon.

The Commissioners recommended that the action of the school agent in North Kohala appointing Miss Moore in place of Miss Atkins, be approved.

The resignation of Miss Fleming was accepted, and the appointment of Miss Ziegler in her place in the Makawao school made.

The matter of putting Mrs. S. S. Kinney in the place recently occupied by Miss Boegli in the High School was referred back to the Teacher's Committee for further information.

Minister Cooper presented plans for the proposed new school building. As the estimates for this were all much above the proposed cost, the Minister suggested that the competition be reopened and that the estimates be raised to \$19,000 and \$22,000 for 10 and 12 room houses.

The matter of Miss Florence J. Scott in regard to a complaint about salary, was referred to the Inspector for investigation.

The application of Robert Shaw was filed while those of Miss Emma C. Lyons, Ella May Cook, Frances Wadsworth and Blanche Page were referred to the Teacher's Committee.

#### REWARD OF MERIT.

At the CHICAGO CYCLE SHOW in 1897, each visitor on entering the Show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits. Name of Bicycle....."

The "Shirk" received 17,489 ballots against 12,377 the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this Show, the above speaks for itself. The HONOLULU BICYCLE CO. have secured the Agency for this strictly high grade wheel.

## AN EVENT.

It would be indeed one of the romances of history, if the American forces, en route to the Philippines, should use these Islands for a coaling and supply station, and by authority of the American Congress should plant the flag here even for an hour. Heretofore, the discussion upon annexation has been largely speculative estimates of the value of this port, from a strategic point of view. Even the most earnest debaters looked only to the distant future for conformation of their respective views. Men like Senator White admitted no combination of circumstances that would give strategic value to these Islands. We believe that no member of Congress, who was in favor of, or opposed to annexation, ever suggested in debate the possible contingency of American soldiers, with cavalry and artillery, crossing the ocean Westward to the shores of the Far East, and the making of Hawaii a camp fire and bivouac of their trackless path. Suddenly, in the very twinkling of an eye, this tidal wave of war rises in the Atlantic, and with the marvelous speed of such waves, moves towards the Pacific, and may within a few hours, bear into this port on its crest, the American legions. The daring of Dewey's fleet confuses the thoughts of men, and bids fair to change the map of the Orient. The shells of the Baltimore crumbled the Spanish ports, but more than that, they loosened up some American traditions. Marvelous as the rapid growth of the people of the United States has been, there are few better evidences of its searching vitality than the sudden plunge into the Orient.

## IF THE SOLDIERS COME.

As the existing war is solely in the interests of humanity, there is every reason for the union of all races here in the welcome of the American troops if they should call at this port. We believe that the Englishmen should join in the welcome, in response to the feeling of the mother country. The warm sympathy of Englishmen everywhere else, in this war against barbarism, should not be suppressed here, because there are some political antagonisms in existence. It should never be said, if the American troops call here, that while the British Queen warmly sympathizes, as we believe, with the Americans in the efforts to suppress revolting barbarism, her subjects on these Islands, for fear of the political aspects of the case and from an entirely personal standpoint, went off and sulked, and filled the air with their suspicions. When Commodore Tatnall saw the British warships nearly disabled in the fight with the Chinese before the ports of the Peiho river, and sent his boat's crew to work the British guns, he simply said: "Blood is thicker than water." He did not stop to balance up the morals of the British war with China, nor did he pull down his books, and read about the obligations of neutrals. President McKinley sent this message to the London Times: "Not the Government alone, but the whole Nation feel most deeply the good will sent to them across the sea." We expect when the British Queen through her Cabinet, touches the button that fires the hearts of Britons everywhere, in this righteous cause, and the hearts also of "The men of the Four New Nations, and the Islands of the sea," that our English colony here will not cut the wires that run back through the seas to the Royal hand."

It is not for the Englishmen here to ask only, but to demand that they salute the coming flag, across which is written in letters of gold, "not for conquest."

Whether the Germans will sympathize with the millions of their own countrymen who are under the Stars and Stripes is for them to say. They may follow the cold neutrality of the Fatherland. They may, with the rich stores of American gold flung into their laps, for near a quarter of a century, warm to a glow of gratitude, that forgets neutrality for a moment. It is for them to decide. The Americans born and residing here do not ask their aid and comfort. It is merely an occasion for some tribute to the Nation that has given them wealth.

It is not any simple affair to suitably entertain the American troops, if they should visit this port. There is an abundance and enthusiasm and means for doing a handsome thing. But, it must not be forgotten that a state of war exists, and the soldiers are not on any picnic. What liberty may be extended to the men, while the transports are here, is of course within the discretion of the commanding

officer. He is responsible for discipline. He may not see the way clear to allow any general liberty to the men. We hope he will let the boys out without restraint. But discipline will be maintained, and it may involve some restrictions.

## A SUDDEN SURRENDER.

It would not be surprising if the next mail brought news that Spain had asked for a suspension of hostilities, and desired to negotiate peace on the terms of the independence of Cuba, with the restoration of the Philippines. It is her last chance to preserve something out of the Cuban wreck. If Spain takes this action at once the Government of the United States might consent to impose upon Cuba the whole or a part of the Cuban debt. Spanish "honor" may be satisfied like that of the bombastic fellow, who engaged in a fight to save his honor, and after his nose was bitten off by his opponent, declared that his "honor" was satisfied, and he would retire like a gentleman.

When the Spanish Queen asked the Pope to pray for the success of the Spanish arms, she forgot that the Holy Father had eight millions of American Catholics to pray for also. He was severely bound to maintain a neutrality of prayer.

## Leilani Want Money.

The members of the Leilani Boat Club are most anxious to have a beginning made on their proposed boat house, but at the present time, this seem to be as far off as ever. The committee in whose charge the matter of raising a sufficient sum was left, has succeeded in getting \$800 of the \$1,000 desired. The last \$200 is a very long time coming. It will require \$1,500 to complete the structure which it is proposed to build, but the remaining \$500 will not be needed immediately. The sympathizers of the Leilani Boat Club have now a good chance to step to the front and assure their favorites of a speedy beginning of what they have

## A PLEASING AFFAIR.

## Sir Robert and Lady Herron Entertain at Heron-Dyke.

Sir Robert and Lady Herron gave a very successful dance at their residence, Heron-Dyke, last evening at which some 125 guests were present. There were 18 numbers on the program and dancing continued until nearly 2 o'clock.

The floor had been carefully prepared for the occasion and was in excellent condition. The house was profusely decorated with palms and vases and festoons of malle. Flags were draped about the entrance. Strings of lanterns hung from the trees on the lawn and on the verandas. Supper was served at small tables on the lawn.

The guests included many prominent society people who expressed to Sir Robert and Lady Herron their thanks for a most delightful evening's entertainment.

I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicines for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy.—P. E. Grisham, Gaars Mills, La. For sale by all Druggists and Dealers. Board of Health Regulation on Autopsies—Hilo Britishers Make an Offer.

The regular weekly session of the Board of Health was held as usual yesterday afternoon. There were present the following: President Smith, Drs. Emerson, Day, Alvarez and Monsarrat, C. B. Reynolds, G. W. Smith and D. Kellipio.

The following proposed regulation of the Board of Health relating to the making of autopsies in institutions under the care of the Board of Health:

1. Every physician or medical officer in charge of any hospital, asylum or other institution for the care or treatment of the sick maintained by the Board of Health, is authorized in his discretion to make such autopsy, or scientific examination, as he shall deem necessary or desirable, of the body of any patient who has died in the institution under his charge.

2. Every such examination and autopsy shall be made in the presence of not less than two witnesses. The results of every such autopsy shall be immediately recorded by the physician and a copy of the same sent to the Board of Health.

3. It shall be the privilege of the friends of the deceased to be represented at the autopsy by some person appointed by them for the purpose.

The matter was deferred until the next regular meeting.

A letter from H. D. Wishard to Senator Rice was read. In this the writer asked for information as to what to do upon finding cattle affected with tuberculosis. President Smith stated that he had been spoken to by Senator Rice and had told the latter that any cattle found to be affected with tuberculosis should be destroyed and buried at a suitable depth. Senator Rice stated that there were not many cattle on Kauai affected with the disease but once in a while an affected animal was found.

A petition from residents and taxpayers of the Districts of Hilo and Hamakua asked that a veterinary inspector for the Town of Hilo be appointed for the purpose of examining all live stock from foreign ports with a view to the prevention of introduction of various diseases. The importation of live stock into Hilo has greatly increased during the past few years making such an officer an absolute necessity.

The matter was referred to the Minister of the Interior, its proper place.

A letter from H. D. Elliott of Hilo announced the meeting of British subjects in Hilo on May 5th and the passage of a resolution to increase to \$2,000 the subscription to the Diamond Jubilee Fund for the purpose of adding to the present Government hospital in Hilo an addition to be known as the "Victoria Jubilee Annex" and to be used for the Anglo-Saxon residents of the Island of Hawaii.

President Smith was of the opinion that the offer was a good one and could be accepted. Geo. W. Smith said he was afraid there might be a conflict in the event of acceptance of the offer. It was finally decided that the Board entertain the proposition provided the building, when erected, shall become the property of the Hawaiian Government to be used for hospital purposes subject to the reservation that it shall be used only "for the benefit and use of the Anglo-Saxon residents of the Island of Hawaii."

A petition drawn up at a recent meeting of the lepers at the settlement on Molokai asked that the poi and paial supply be obtained from the Wailuku Taro Co. and that the petitioners be not compelled to wait for the supply from Honolulu. The petitioners represented that they could stand flour poi no longer, that they were in great plikia and should have paial at once. They had learned that taro was plentiful on Maui and asked for immediate relief.

The report of the special committee of the Legislature, appointed to visit the leper settlement, was read by President Smith.

A communication from Minister Cooper enclosing the questions propounded by Rep. McCandless in the House in the morning, regarding doubt in the cases of certain lepers at the settlement on Molokai, was read. The Board decided that the persons mentioned be allowed to come to Honolulu for re-examination should they so desire.

At 5 p. m. Board went into Executive session.

### With Company G.

The Co. G boys gave their friends and themselves an excellent time at the Drill Shed last night. Dancing was the main feature and this was indulged in up to a late hour. A club of native singers added to the zest of the occasion. The hall was very prettily decorated as is always the case when the military companies give balls. At about 10:30 o'clock refreshments were served and after that came the remainder of the program. The occasion was altogether a most happy one. Not less than 200 people attended. The

committee to whom is due the success of the evening as follows:

Arrangements—Capt. J. M. Kea, Lieut. S. L. Kekumano, Lieut. G. Rose. Reception—Non Coms Co. G. Floor—A. J. Smithies, I. H. Sherwood, P. Silva, Manager T. P. Cummins. Decoration—Capt. J. M. Kea, T. P. Cummins, Lieut. G. Rose.

### Record Again Beaten!

An abstract of the annual report of The Sun Life Assurance Company of Canada for 1897, which appears in this paper, is deserving of more than a cursory glance. It will be seen that the Company has made very substantial progress during the year, and is going forward on safe lines by leaps and bounds.

In 1872 the total income was \$48,210; in 1884 it was \$278,379; in 1892 it was \$1,134,867, and in 1897 it was \$2,238,894. In the same space of time the assurance in force and assets advanced in a similar ratio. The assurance in force has grown from \$1,064,350, in 1872, to \$44,983,796, in 1897; and the assets from the modest sum of \$96,461, in 1872, to the ample amount given in the report for 1897—\$7,322,371.

After meeting all the liabilities of last year, including the payment of \$463,674 for matured endowments and deaths claims and \$217,377 for profits, there remains a surplus, as regards policyholders, of \$314,220. The surplus over all liabilities, according to the Canadian Government standard is \$583,271, while the surplus, as regards policyholders, by the Canadian standard, amounts to \$688,272.

The general showing is one on which the policyholders, directors and management have much cause for self-congratulation.

The Company is represented in the Islands by Bishop & Co., Bankers, Honolulu.

### Will Reside Here.

Mrs. G. A. Ingalls, widow of a former American Consul in Samoa, through her agent, now in the city, has purchased the property immediately adjoining the Farmalee premises on the Ewa side of Beretania street and will soon erect a residence there. The sum paid was \$5,000. Mrs. Ingalls is not in Honolulu at the present time but will very likely move here.

#### Interested in Pigeons.

WASHINGTON, May 5.—The Spanish war has led Senator Hale to introduce in the Senate a paper relating to homing pigeons, prepared by Mr. F. H. S. Morrison, of Elizabeth, N. J., President of the National Federation of American Homing Pigeon Fanciers.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by all Druggists and Dealers. Benson, Smith & Co., Ltd., wholesale Agents for H. I.

#### LOCAL BREVITIES.

#### ONCE PATRONIZED — ALWAYS PATRONIZED

Is the motto of those who visit the Criterion Barber Shop. Some shops experience a boom of customers for a time, but sooner or later the business drops back to the old rut. The reverse is the case at the Criterion Shop, business is steadily on the increase.

#### BICYCLE OIL.

It is a well known fact among mechanics in these Islands, that their light lubricating Oils are utterly useless here. They dry up or run out of the bearings: in fact you must use a far heavier oil here than in colder countries. Oil bottled in the United States for sewing machine use is of no use to lubricate a Bicycle.

Bicycles here, do not, as a rule, get enough lubricant. Of twenty Bicycles overhauled on Monday in

**The Honolulu Cyclery,**  
231 KING ST.,  
Sixteen of them were absolutely dry. They needed.

**Bailey's Best Bicycle Oil**  
Put up in tin cans, 25 cents each, which is just as cheap as light thin oil.
