## SAM JOHNSON WILL STAY HOME

### Rifleman, if They Go At All, Cannot Have Him.

There was a warm debate at the meeting of the Board of Supervisors last night over the question of allowing the county employes who may qualify for places on the rifle team to represent Hawaii at the national shoot to attend the shoot while their pay would go on. Adjutant General Jones and Colonel Johnson explained the situation from the standpoint of the National Guard members. Chairman Huestace argued vigorously in favor of the proposition and Supervisor Archer warned the other members of the vengeance of the United States if the boys were kept home, but three of the supervisors opposed the motion and defeated the plan in a tie vote.

The opposition to the plan of sending the rifle team, for the going of the marksmen depends practically altogether on the continuing of their names on the payroll of the county, centered at first on the sending of Colonel Sam Johnson, the Road Supervisor, seeing which the Colonel withdrew any idea he had of accompanying the team, announcing before the vote that under the circumstances of the opposition he did not wish to go. His sacrifice did not help his men, who were turned down with him.

Although defeated last night there is still a chance that the sharpshooters will be allowed to go, a special meeting of the Board being called to meet at noon today to go into the matter again and if possible secure a reconsideration of the vote. Supervisor Archer suggested that the chairman buy cigars for the dissenting supervisors in the meanwhile and win them over to his side.

#### JULY ACCOUNTS.

The meeting opened slowly enough, the minutes of two meetings having to be read and the routine accounts passed. These accounts were:

Fire department	\$599 81
Electric light department	62 84
Police and fire alarm system	97 92
County engineer	96 00
Koolauloa road district	283 60
Ewa road district	557 79
County clerk	133 25
Waialua road district (special)	303 99
Waialua road district	183 55
Police department	947 43
Coroner's fees	24 09

#### UP TO CIVIC FEDS.

County Attorney Cathcart wrote regarding the request of the Civic Federation that action be taken to abate the Japanese candy cart nuisance, as follows:

"Referring to the communication from the Civic Federation of Honolulu relative to the candy cart or refreshment wagons, I would say that if they have become such a nuisance as to fall within the statute defining and punishing 'common nuisances,' the law as it now stands is ample to give relief (Chapter 123, Rev. Laws). If such carts are not a 'common nuisance' within the meaning of the law, I would suggest that the Civic Federation be requested to present to the Board the facts in the matter, and outline the relief which is desired. I will be glad to meet members of the Civic Federation, at any time, and examine into the facts, so as to determine whether the acts complained of constitute a 'common nuisance.'"

Chairman Huestace ordered the communication filed and instructed the County Clerk to forward a copy to the Civic Federation.

#### HACK REGULATIONS.

Another communication from the County Attorney dealt with hacks and the regulation of licensed drivers. It said in part:

"That the power to make rules regulating licensed drivers and licensed vehicles and the fares to be charged, is given to the Treasurer of Hawaii. The Board of Supervisors are, in my opinion, without authority to act in the premises; and I understand that the treasurer has acted and that the rules are now printed."

#### RIFLE TEAM QUESTION.

The question of allowing the employes of the county who may qualify to serve in the rifle team from Hawaii at the national match, was brought up by the following communication from Governor Carter, which said:

"Considerable effort is being made by the War Department to have rifle teams attend the rifle match to be held at Camp Perry, Ohio, during this month and in preparation therefor an allotment has been made by the Department of \$5000 for the transportation, pay and subsistence of a team to go from the National Guard of this Territory.

"Among those who will without doubt be selected are the following:

## NEW LICENSE FEES NOW DUE

### White Business Men Are Slow Catching on to Their Liability.

Is it so, that the Asiatic man of business is better posted on legislation affecting him than his Occidental competitor? So it would seem indeed, from what Treasurer A. J. Campbell is observing with regard to the new business licenses prescribed by this year's Legislature.

"The Chinese and Japanese are piling up here with the new license fees," Mr. Campbell said yesterday, "while the white business men who are liable are coming up very slowly."

"It would appear as if the white men in the trades affected by the amended business license law are not aware of the new provisions of the law, because there has not been the same backwardness in paying the license fees imposed under the old law. During July 975 of the formerly existing class of licenses were issued, for the whole Territory that is, bringing in nearly \$25,000 of revenue.

"The office staff has been so busy issuing new licenses that we have not had time to get after the delinquents. Yet all these new licenses will have to be paid. Anyone liable for the fees can be called into court under penal summons. The penalty is the whole amount of the fee, besides which the fee itself has to be paid."

Here is a list of the new license fees prescribed in the law of 1907:

Barber's shop, no matter how many chairs, \$10.

Custom house brokers, \$50.

Employment agencies, \$25.

Fishing boats, \$5.

Collection agencies, \$25.

Merchandise brokers, \$100.

Merchandise, \$25.

Peddlers, \$50.

Laundry, dyeing and (or) cleaning works, \$25.

There is a provision in the license law requiring that licenses be exposed in plain view in the places licensed. This facilitates the rounding up of delinquents. Sheriff Lauka has men detailed now to see that licenses are displayed according to law.

## KAKAOKO STORE BURNED DOWN

### Queer Story of an Explosion in Connection With This Morning's Blaze.

A store building near the corner of Laniala and Cooke street in Kakaoko, belonging to Jacintho Miguel, was destroyed by a fire early this morning. In connection with the breaking out of the blaze those living in the neighborhood tell of the bursting of a bomb, the noise and force of the explosion being felt and heard for two blocks all around. The building was destroyed by the flames and a small stock of groceries consumed.

The alarm was turned in at one o'clock from box 37, and by the time the fire department arrived the building was all on fire within. The turning on of the water checked the flames at once and the whole thing was over within a quarter of an hour. None of the surrounding buildings were injured.

The building had been used as a store by Miguel until the opening of his saloon some time ago, since which time it has been used more as a storehouse. The property has been insured, but for what amount could not be learned this morning from Mrs. Miguel. She does not even know if the policy is in effect having been ready to renew it yesterday but putting off the payment until the return of her husband, who has been away on a fishing trip since early yesterday morning.

An examination after the fire showed the presence of two kerosene oil tins among the ruins and it may be that the exploding of one of these was the bomb referred to, the explosion of which woke up those sleeping near the place and resulted in the turning in of the alarm. The young boy who turned in the alarm was awakened by the explosion and rushed to his mother with the information that God had sent an earthquake.

Miguel, the owner of the burned building, is the man upon the arrest of whom for selling liquor without a license the test case against the new license law is being fought.

## NEW YACHT PLANS HERE

### The Transpacific Racer Nearly Seventy Feet Long.

By the mail received yesterday on the steamer China the first plans and specifications for the yacht which will represent Hawaii in the transpacific race of 1908 were received. They were accompanied by a letter from Frank Tandy, the representative of the designer Crowninshield, in which he stated that he believed that the new yacht, to be built from the plans which were sent, would be the fastest of her type afloat. He stated that to a certain degree she was modeled after the Tartar, the fastest and best known fishing schooner which sails out of Boston.

The fishing schooners on the Atlantic coast are far famed for their speed, as the difference of a few hours in their arrival in port may mean a difference of hundreds of dollars in the price which can be obtained for the cargo of fish on board. The Tartar is one of the latest types of schooner and has beaten everything in her line in that part of the country.

The sail and cabin sketches, according to Mr. Tandy's letter, have been forwarded but have not yet arrived. A blueprint showing the midships section was enclosed in the letter, as were the general specifications for the vessel.

The new schooner will measure sixty-nine feet six inches on her deck line and fifty-two feet on the waterline. Her extreme beam will be seventeen feet and her extreme length draft will be ten feet. She will carry twenty-two tons of ballast of which twelve tons will be placed on her keel.

It is planned to build the schooner, with main timbers of oak, or of some native wood of corresponding strength. The keel, keelson, deck floors and other like parts, will probably be of Oregon pine. The work on the yacht will probably be started in the very near future.

## MAY BE TOMB OF OLD CHIEF

### Excavators Uncover Interesting Find at Palama—Scientists Are Interested.

Excavations for an oil tank at the Palama pumping station have uncovered what appears to be either heavy stone foundation work for some old time building, such as no history of ancient Hawaii speaks of, or some great tomb of a long ago forgotten chief or chiefess of ancient Oahu. Or it may be, as some have suggested, the mason work of someone's bathing pool. The uncovered part of the stonework, however, points to something much less prosaic than the last hypothesis. Yesterday afternoon the excavation was visited by T. G. Thrum and by Dr. Emerson, both of whom showed considerable interest in the find. Today it is expected that other of the local scientists will inspect the uncovered ruins and it may be decided to go ahead and complete the work of excavation in order that the whole of the masonry may be examined. If this is done some interesting discoveries may result.

The excavation now is down to a depth of about six feet and is nineteen feet square. About two feet under the surface of the ground the diggers came upon a flat platform of black lava rocks, cemented together with the old native cement known as Palolo dirt, being found in that valley and resembling fire-clay. This platform was dug into and the excavating carried down through the boulders and dressed stone, until it was unmistakably seen that what the picks were digging out and what the dynamite was loosening up was mason work.

In the bottom of the excavation yesterday one corner of the work had been laid bare, consisting of a rock wall about four feet high. Through this, extending from the Waikiki wall and running into the bank on the Ewa side, are series of symmetrically laid rocks, the rows faced up to and fitted to each other and the whole solidly cemented together. Between the walls the space is filled in with great boulders.

Those who examined the find yesterday (Continued on Page Ten.)

## LONGWORTH ON TARIFFS

### Free Admission for the Products of the Filipinos.

"I have no love for the Filipinos and I hope that the time will not be too far distant when we will not include their islands among the American possessions, but so long as we have them we should deal with them fairly and advance them to the position of self-government not only morally and socially but financially. And to do this we will have to take off the duty on the produce of the Philippines sent to America, their sugar and their tobacco."

This was the keynote of the address made before the members of the Commercial Club at their luncheon yesterday by one of the guests of honor, Congressman Longworth. His address was the only one of the three made which did not deal wholly with pleasing and complimentary generalities. The short speeches of Secretary Straus and of Commissioner Ishii were those of men desirous of pleasing but careful of saying nothing consequential. Mr. Straus acknowledged that he had found that some of the laws applicable to the mainland did not fit conditions as they exist in the islands, but he promised or foreshadowed no changes in these laws or conditions.

The rooms of the Commercial Club proved their value for such an affair as yesterday's luncheon, the large lounging room and diningroom being crowded not in the least by the number of guests and members present, numbering in all one hundred and twenty-five. The three guests of honor, Secretary Straus, Commissioner Ishii and Congressman Longworth were received by President George W. Smith in the lounging room, where many were presented to them and about half an hour was spent in informal chatting.

The diningroom was attractively arranged, the tables for the guests being arranged on three sides of a square in the center of the room, with smaller tables around it. In the center of the room a table piled high with Hawaiian fruits made a pleasing centerpiece, the dining tables themselves being decorated with red carnations. The president of the club, George W. Smith, occupied the head of the tables, with him being Mr. Straus, Mr. Ishii, Mr. Longworth, Governor Carter, Consul General Saito and Secretary Atkinson. The other guests were Chief Justice W. F. Frear, Judge Sanford B. Dole, Justice A. S. Hartwell, Justice A. A. Wilder, Acting British Consul R. E. G. Forster, Imperial Chinese Consul Chang Tso Fan, Portuguese Consul General A. de Souza Canavarro, Italian Consul F. A. Schaefer, German Consul W. Pfotenbauer, French Consul Dr. A. Marques, Russian Vice Consul F. Klamp, Swedish Consul George Rodiek, Chilean Consul H. Focke, Mexican Consul W.

Continued from Page Two.

## WILD WEST SHOW TO BE HELD HERE

"Eben P. Low, a prominent and wealthy stockman of Honolulu, Hawaiian Islands," says the Cheyenne (Wyoming) Leader of July 27, "is in the city, having made a trip of over three thousand miles to witness the Cowboy Carnival.

"Mr. Low says he is planning Wild West sports to be held in Honolulu and proposes to take over from here the winner in the world's championship roping contest, paying all his expenses and giving him chances at big prizes to be offered there."

A postal from Eben Low to the Advertiser dated Cheyenne July 27, "Frontier Day," states that the writer will bring back with him to Hawaii the champion roper of the world and will get up a cowboy riding and roping exhibition in Honolulu after their arrival. There was an exhibition of this kind in Hilo some years ago that was a great success and later there was one at Kapiolani Park.

## PERSIAN TOWNS DEVASTATED BY TURKISH TROOPS

### Shah's Government Wants Russia to Assist in Settling Frontier Dispute Which Made the Trouble.

(Associated Press Cablegrams.)

TEHERAN, Persia, August 8.—Turkish troops in force crossed the northwest frontier into Persia yesterday, devastating the villages in their line of march.

ST. PETERSBURG, August 8.—The Persian government has invoked the assistance of Russia in the settlement of the frontier dispute with Turkey.

## THE PAGEANT AT COVENTRY.

COVENTRY, August 8.—The ride of Lady Godiva through the streets of Coventry was represented here yesterday. The part of Lady Godiva was taken by an actress, who wore fleshings and gauze. The streets along the route of the ride were lined by thousands of spectators.

Lady Godiva was the wife of Leofric, Earl of Mercia, the ruler of the city of Coventry in 1040. The Earl had oppressed the people with taxes and Lady Godiva interceded for them. The Earl said he would remit certain taxes if she would ride through the city naked. She accepted the challenge and, after the people of the town had been ordered into their houses, she made the ride. It was on this occasion that a man who peeped was stricken with blindness.

## HOIST BY THEIR OWN PETARD.

LISBON, August 8.—Through the premature explosion of a bomb here yesterday four anarchists were injured.

## THE CONNECTICUT'S SPEED.

BOSTON, August 8.—In her trial run the battleship Connecticut developed a speed of eighteen and three-quarter knots.

## AFTERNOON CABLE REPORT.

MASONIC CITY, Idaho, August 7.—Three were killed and many injured by a tornado here today. Great destruction of property was caused.

BELFAST, August 7.—The city is in control of the military as a result of strikes and insubordination of the local police.

BERLIN, August 7.—Miss Katherine Eddy and Senator Beveridge of Indiana, were married here today.

BERLIN, August 7.—Eleven persons have been killed in a train wreck here, including Prince Alexander Begotoff and two sons of Count Keyserling.

CASABLANCA, August 7.—The Moorish troops have been disarmed.

## Chicago May Get Conventions

CHICAGO, July 30.—The Republican and Democratic National Conventions may both be held in Chicago in 1908, bringing thousands of politicians here from all parts of the country and making Chicago the center of the political maelstrom.

Financial arrangements for meeting the guarantees demanded were today completed by the members of the Chicago Commercial Club. Much more than asked for has been pledged. The Democrats have not been asked to put up a cent, arrangements for securing the conventions being conducted on a non-partisan basis.

A meeting of the joint committees of the Hamilton Club and the Commercial Club was held today to consider the plans. It was announced after the meeting that the prospects for Chicago securing the two conventions were bright. An immense new convention building to hold the delegates is part of the program being considered.

## KUMERIC JAPANESE AT WORK.

Mail advices from Vancouver are to the effect that the majority of the Japanese who left here on the Kumeric have secured employment and have scattered over a couple of thousand miles through the western part of the Dominion. Over half the immigrants have been hired by various contractors on the construction work of the Grand Trunk Pacific railroad, now building across the continent, and have been taken to Winnipeg, Manitoba. Two hundred others have gone to the Steve Lake Water Power Company, a lumbering camp, and nearly all the rest have found employment in the various salmon canneries.

These reports differ radically from those received by cable from the Japanese Consul at Vancouver, who described the conditions of the Kumeric passengers as pitiable.

## De Young the Alarmist

\*\*\*\*\*  
\* LONDON, July 27.—The Trib-  
\* une this morning prints an inter-  
\* view with M. H. de Young of San  
\* Francisco, explaining the situation  
\* in his city and denying the exist-  
\* ence of race prejudice against the  
\* Japanese, but maintaining that  
\* Japan wants the Philippines pri-  
\* marily and the Hawaiian Islands  
\* if she can get them.  
\* The Tribune, in an editorial,  
\* thinks that such a view of Japan's  
\* intention, soberly set forth by an  
\* American of influence and posi-  
\* tion, contains more matter for  
\* alarm than any mere race preju-  
\* dice on the part of a mob which  
\* wrecks restaurants. At the same  
\* time, the Tribune declares, it can  
\* not believe that Japan has any  
\* such designs until there is better  
\* evidence of it than has yet been  
\* adduced.  
\* The Tribune proceeds to com-  
\* ment on a recent article in Har-  
\* per's Magazine with reference to  
\* the alleged disposition of Emper-  
\* or William to enter into an agree-  
\* ment with the United States for  
\* the reciprocal defense of German  
\* and American possessions in the  
\* Far East, and expressed great sur-  
\* prise that any doubt could arise  
\* as to whether Great Britain values  
\* most the friendship of the Unit-  
\* ed States or of Japan. It says:  
\* "The Americans are our natural  
\* friends, and should be the last to  
\* misconceive the meaning of an  
\* Anglo-Japanese alliance."  
\*\*\*\*\*

A crown of glory—is a beautiful head of hair. An Australian lady now in London writes under date Jan. 28, 1907:

"Ayer's Hair Vigor has done my hair a world of good. Thanks to it, my hair is now thick, glossy, and soft, and when plaited is 65 inches long. Ayer's Hair Vigor ought to be used by every woman who takes pride in her appearance."

You also may have such a crown of glory if you will follow the example of this lady and use

## ARE GUESTS OF JAPAN'S CONSUL

Secretary and Mrs. Straus  
Given Elaborate Dinner  
at Young Hotel.

Japanese Consul Miki Saito entertained Secretary and Mrs. Straus last night at the Young Hotel in one of the prettiest and most elaborate dinners ever given in Honolulu. Among the guests were Mr. and Mrs. Nicholas Longworth, Governor and Mrs. George R. Carter, Commissioner Ishii, and some of the most prominent members of local society and business, both in haole and Japanese circles. Plates were laid for forty in the Walkiki dining room of the hotel.

The long dining table took up nearly the full length of the room and at each end the windows were draped with the national colors of America and Japan. The table decorations were extremely effective, consisting of masses of carnations, white, red and pink, with maidenhair fern used in abundance as a background. Electric candles with dark red shades furnished the light and lent a soft tone to the surroundings.

The menu was one which had been arranged with the utmost care by Chef Chevalier, who, by the way, was one of four chefs who prepared the wedding dinner at the White House at the time of the Longworth marriage. In many of the dishes he brought out dainty eatables which had never before been seen in this city. One of the prettiest and most palatable of these was the "salad a la Mirabeau," served in orange baskets. Choice wines also formed a part of the menu, which has never been exceeded in this city.

Those present at the dinner last night were Consul and Mrs. Miki Saito, Secretary and Mrs. Straus, Congressman and Mrs. Longworth, Governor and Mrs. Carter, Secretary Atkinson, Judge and Mrs. Frear, Admiral Very, Mr. and Mrs. Raymond Brown, Mr. and Mrs. F. M. Hatch, Mr. and Mrs. J. W. Pratt, Mr. and Mrs. S. M. Damon, Commissioner Ishii, Mr. and Mrs. Akai, Mr. Motoshige, Mr. Ozawa, Mr. Ozaki, Mr. and Mrs. Kojima, Mr. Kawahara, Mr. and Mrs. Hiyanaka, Mr. and Mrs. Yamamoto, Mr. Sumida, Mr. and Mrs. Protenhauer, Mr. H. Focke.

The menu served was as follows:

**MENU**

Canape Caviar, White House  
Salted Almonds Ripe Olives  
Consomme a la Britannia Sherry  
Filet of Kumu, Madeleine Rudesheimer  
Sliced Cucumbers Potatoes Duchesse  
Boned Frogs' Legs Pattie, a la Osborn  
French Peas  
Bordeaux St. Estephe  
Barons of Beef, Bonnetoy  
Roman Punch Champagne  
Stuffed Island Squab Chicken, a la

Pommery Greno "See"  
Potato Cutlets  
Fresh Asparagus, Mirabeau  
Salad a la Mirabeau  
Neapolitane Ice Cream, Fantaisie  
Assorted French Gateaux Fresh Fruit  
Imperial Cheese Bent's Crackers  
Turkish Demi Tasse

## LONGWORTH ON TARIFFS

(Continued from Page One).  
Lanz, Belgian Consul R. W. Lange, Peruvian Consul Brice Cartwright, British Vice Consul Clive Davies, Captain Otwell, Major Dunning, W. G. Irwin, Cecil Brown, S. M. Damon, F. M. Hatch, Secretary K. Ischiya of Japanese Consulate, Manager Y. Akai of Yokohama Specie Bank, Vice President W. Motoshige of the Japanese Merchants' Association, A. K. Ozawa.  
**SECRETARY STRAUS COMPLIMENTARY.**

The first speaker called upon during the luncheon was Secretary Straus, who explained that he had already told in talks and interviews through the press all that he had to tell the people of the Hawaiian Islands.

"I had often wondered how it was that the people of Honolulu made so much noise in the world, situated as you are so far away from the great countries of the earth. Now that I have visited you and become acquainted with you I have ceased to wonder. I am grateful, too, after having visited you, that after being coquetted with by the principal nations of the earth you finally decided to annex us. I am not going to make a speech. I have talked much already since I arrived here. I have been interviewed by your enterprising newspaper men and I have been quoted until I am reminded of the retort of Disraeli, after listening to a speech of that great statesman, Gladstone, who could make great speeches and at great length, that he was intoxicated with the exuberance of his own verbosity."

"Yesterday I talked with four newspaper gentlemen, Japanese editors, with American enterprise and Japanese ability. I talked with them. I emptied my knapsack in fact and there is nothing more in it that I can give you. When I am asked for something and I cannot grant it I always throw the responsibility onto Congress and say that there is no appropriation and today I am going to throw the responsi-

bility of speaking onto Congress in the person of the distinguished member, Nicholas Longworth."

Continuing Mr. Straus stated that he had found that some of the laws passed for the eighty millions of people in the United States proper did not always fit when applied here. In illustration he related a story of a stout woman who had inadvertently sat down upon a tall beaver hat, the owner of which, surveying the ruins, said: "I knew, madam, that that hat would not fit you."

"I have been thirty years waiting until I could afford to come to Hawaii," continued Mr. Straus, "and now that I am here I do not want to go away. But I am a public servant and must go where my duty calls me. I will not always be able to serve the public, and when the time comes that I am called upon to take up again the privileges of a private citizen I will come back here with leisure in which to enjoy myself."

### COMMISSIONER ISHII PLEASSED.

Commissioner Ishii, who speaks excellent English, was next called upon. The Japanese diplomat referred particularly to the pleasure he had experienced in finding the friendliness and perfect concord existing among the various races which live together in Honolulu. The pleasure he felt in having met Mr. Straus and Congressman Longworth was referred to and thanks given them for the assistance he had received from them. Concerning his mission, he stated that it was to study the commercial conditions in the United States and Canada and more particularly the Pacific coast states.

### FREE SUGAR FOR PHILIPPINES.

Congressman Longworth, upon whose shoulders the responsibility of making a speech had been cast by the Secretary, was warmly received as he rose to speak.

"As a citizen of that well-known suburb of Honolulu, as Secretary Straus says, the city of Cincinnati, I must express my appreciation at the generous welcome given me. This is my second visit to Honolulu. I first came here as a member of the Taft party, a simple unattached Congressman."

Here the speaker had to wait until the luncheoners expressed their appreciation of this remark, which they did by hearty hand clapping.

"I might add that it was here that I tried to get someone to make up their mind on a very important matter," continued the speaker, "and now I am here as a silent partner."

Before proceeding with the serious portion of his address, Mr. Longworth explained what a Congressman was, his explanation being that so soon as a newly elected Congressman gets to Washington he is speedily informed that he is not a heaven-born statesman but a very inconsequential individual.

Going back to his trip with the Taft party to the Philippines, Mr. Longworth stated that his opinion of the Filipino was not a high one. He recalled the line sung to Secretary Taft about the Philippine native by his companions on the trip, which says: "He might be a brother of Will H. Taft, but he ain't no brother of mine."

"I have visited all the island possessions of the United States," said Mr. Longworth, "and none of them is so valuable and so well worth having as the Hawaiian Islands. I have visited the Philippines and although I don't love them I realize that they will be under our protection for a long while. The sooner we can get rid of them by educating them into a condition when they may care for themselves the better, but while we have them it is our duty to prepare them for self government, and to assist them not only morally and socially but also financially. I believe that we should give them a fair deal and in giving them a fair deal we must admit free of duty the products of the islands to the United States, not a reduction of the duty on tobacco and sugar but the abolishing of it. In doing so we would not hurt the sugar men of America, neither the beet nor the cane sugar industry."

"There is only one island of the more than eighteen hundred in the group where sugar can be grown profitably, that is the island of Negros. On that island there is not a port where a vessel drawing over two feet of water can make a landing. To get the sugar to market it has to be towed out on rafts, loaded on small vessels and taken to Iloilo, the nearest point, thirty miles away, where it can be loaded on an ocean going vessel. And to harvest that crop imported laborers have to be relied on and anyone who has ever seen an imported Filipino laborer knows what he amounts to."

A broad grin passed around the tables at this, but the speaker did not notice the impression he had made and continued: "Under these circumstances, with only the one island and that depending upon imported laborers, the sugar of the Philippines can not ever hurt the sugar industry of Hawaii. I would not vote for any measure that would injure any American industry, but I am a believer in the square deal for the Philippines and an advocate of a free market for their sugar in the United States."

Whatever feelings this speech may have aroused among those present, it was covered up in the hearty applause which was given by Mr. Longworth, concluded, the only indication of any lack of harmony being when Chairman Smith called upon P. C. Jones, as representing the sugar industry of Hawaii, to give "the other side."

Mr. Jones stated that he was not equal to the task, being a back number. All he knew of the industry at present was that some of the plantations had a hard time in paying one percent dividends. He called upon W. G. Irwin as one in the thick of the fight to reply to Mr. Longworth.

Mr. Irwin stated that he had nothing to say, he relied altogether on the promises of all the Congressmen who had visited the island, including Mr. Longworth, and of Secretary Straus, that whatever could be done to help the islands would be done.

W. R. Castle was another speaker, having been referred to in Mr. Straus' address as one of his college classmates and the first Hawaiian he had ever met. Mr. Castle assured Mr. Straus that when he returned to the islands, whether as an official or as a private citizen, he would always find a welcome awaiting him.

Why don't you use gas in your stove.

## The Significance of a Trade-Mark

Every ship flies a flag. Identity is thus proclaimed. Manufacturers and business houses adopt trade-marks. By these marks the character of their goods is known. Look for our "flag"—the familiar palm tree. It appears on every bona fide document and advertisement of the Hawaiian Trust Co. And it is a symbol of integrity, sincerity, reliability and acute business experience.

## Delicatessen From France and Germany

### Some Things New

They will solve the entertainer's problem of what to have for refreshments.

We have just received from France and Germany a great variety of dainty entrees and delicatessen for the preparation of tempting salads, sandwiches, etc., that will make the luncheon at the card party or day's outing the most pleasurable feature of the occasion.

Besides being pleasing to the palate they will open up a new world of good things to you and your guests.

Ask the girl at the phone to give you some of their names.

## THE ALEWAITES ARE ORGANIZED

An Improvement Club Formed  
for New Suburban  
Tract.

Alewa Improvement Club was organized amidst great enthusiasm last night at a meeting of purchasers and intending purchasers of lots on Alewa Heights lately opened by the Government for suburban home sites. All known records of punctuality were broken by the assembly, for though the meeting was announced for 7:30 o'clock, with no doubt a mental reservation that 8 o'clock would bring the call to order, by 7:15 the makai pavilion of the Young Hotel roof garden was filled. There were thirty-five present out of forty-seven buyers at the first sale and at least a dozen who are taking an interest in the second sale soon expected.

Adopting in toto, with slight modifications, the constitution and bylaws of the pioneer organization of the kind—the Waialae, Kaimuki and Palolo Improvement Club—the Alewa club organized by the election of the following officers:

Wade Warren Thayer, president.  
Mrs. A. B. Tucker, vice president.  
E. P. Fogarty, secretary.  
Olaf L. Sorenson, treasurer.  
W. T. Pope, A. S. Webber, R. A. Robbins, Miss Edith Nichols, W. O. Barnhart, executive committee.  
The president appointed the following standing committees, the first named in each case being chairman:  
Roads and Trails—Olaf L. Sorenson, E. P. Fogarty, W. O. Barnhart, W. W. Thayer, Mrs. A. B. Tucker.  
Water—F. D. Creedon, W. R. Coombs, J. S. Donaghoo.  
Lights—A. S. Webber, J. Muldoon, J. Haglund.

Trees and Parks—W. T. Pope, R. A. Robbins, Miss Edith Nichols.  
James W. Pratt, Commissioner of Public Lands, was present and gave interesting facts on the subject of building a road into the tract. There was \$2400 immediately available for the purpose, under the law, out of the proceeds of the sale. Of that amount approximately \$1600 must be used to pay for the right of way over the lands of Judge Ballou, the Rooke estate and Robert Andrews.

It is proposed to make a sixteen-foot road into the tract which, macadamized, will cost \$3150. There was a long discussion of the question of whether or not it should be fully macadamized or constructed as a dirt road. Finally this was referred to the roads and trails committee.

Of the thirty-five purchasers twenty-nine expressed the intention of paying an additional instalment of the purchase price at once, which Mr. Pratt stated would yield enough money to build the road with probably a surplus over. Some indeed said they would forthwith pay for their lots in full. Mr. Pratt said that there would be \$7375 for road-building under the prospects thus opened up by the purchasers.

Another question earnestly considered was that of making a trail from Wyllie street into the tract. By going straight up such a trail would penetrate the very middle of the tract, the route making but a seven-minute walk from the car line. It will undoubtedly be built at once, although the public funds cannot be used for it.

A number of buyers are already assured for the next sale. Commissioner Pratt stated that if he got twelve applications he would offer the remaining thirty-one lots at auction.

Mr. Pratt was elected an honorary member of the club on account of the interest he showed in its welfare. The club adjourned until next Wednesday evening at the same place if it could be secured.

## SMITH MUST GO BACK TO MANILA

Charles G. Smith, who was arrested on board the transport Thomas when she arrived Sunday, by Marshal Hendry under cabled instructions to District Attorney Breckons from Attorney General Bonaparte, must go back to Manila under military custody.

It will be remembered that, on Smith's valuing examination before the U. S. Commissioner on Monday, he was remanded to the custody of the marshal to await instructions regarding him which were requested from Washington the same morning.

Mr. Breckons received a cablegram yesterday afternoon instructing him that Smith should be turned over to the military authorities to be returned to Manila in the transport sailing on the 12th inst. All that is known here of the charge against him was conveyed in the Attorney General's first dispatch, namely, obtaining money under false pretences in the Philippines, together with the statement made to an Advertiser reporter by the accused that the sole cause known to him for his arrest was his borrowing of \$100 before his departure from Manila.

## CASE OF DIPHTHERIA REPORTED AT LIHUE

A case of diphtheria is reported from Kauai, Miss May Christian, daughter of Manager Christian of the Hanalei plantation, of Lihue, being attacked with the disease. The Christian home has been quarantined and steps are being taken to prevent any further outbreak of the sickness.

## I Give It Free to Weak Men

To the man who wants to regain his youth, who wants to feel like he did when he was budding into manhood, I offer a book which will show him the road to happiness—a book of one hundred pages, which is brimful of the things he likes to read, which will give him courage and enlighten him as to the cause and cure of his troubles. It will point out the pitfalls and guide him safely to a future of strength and vitality. It is beautifully illustrated. It tells what other men have suffered and how they have cured themselves. It is free. I will send it, closely sealed, without marks, if you will mail me this coupon. If you are not the man you ought to be, send for it today.

### Electro-Vigor Dry Cell Body Battery

Builds up broken-down men, restores youth and vigor and makes men look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, Varicose, Loss of Power and every evidence of weakness in men and women. It will not fail; it cannot fail as it infuses in the weakened parts the force of life and strength.

### Send For this Book Today

Cut out this coupon and mail it to me today. I will send my 100-page book, together with price list, prepaid free. Don't wait a minute; cut out the coupon now.

## NO TABU ISLANDS.

A recent legal decision in a Southern California Court, has a curious interest for this Territory, where the possibilities for a parallel case exist. The Island of Santa Catalina, off the Southern California coast, is entirely owned by the Bannings. They have made of the island a summering place, a fishing resort, and an excursion and picnic attraction. Owning the whole island, they have claimed a monopoly of the transportation facilities between the mainland and the island, on the ground that the island being private property no one had a right to land there without their permission, and that permission they denied to everyone not coming by their steamers, and paying tribute to their monopoly.

But lately their claim to monopoly has been boldly challenged. Whether it is the widespread growth of sentiment in the United States against monopoly, manifested in the prosecution of the Standard Oil and other trusts, or the resentment aroused by the unconscionable charges made by the Bannings for transportation to their island, that was the instigating cause, it is not necessary to inquire. It is enough to know that the right of monopoly was challenged in the courts. A decision has lately been rendered by Judge Conrey in which he holds that any person may transport persons to the island and land them there. The newspaper accounts do not give fully, nor in detail, the grounds or the reasoning of the decision. But it is clear from subsequent accounts that the monopoly is broken, because independent lines of steamers are actually carrying passengers to the island and are landing them there.

The local interest this has for this territory is, that there is already one island of the group which is closed to the public, Niihau, and another which it is generally expected will be, at almost any time, Lanai.

For years no one has been allowed to land on Niihau without the consent of the owners, and there are oral traditions of shipwrecked crews making for this, the nearest land, warned off its shores, though these may be apocryphal.

But unless there is something in the Santa Catalina situation, not disclosed in the newspaper accounts, which differentiate the situation there from the situation here, there does not appear any reason why the same rule that applies there should not apply here, and why Niihau, and Lanai, too, should not be as free and open to the public as the other islands of the group.

The idea that ownership of the soil gives absolute and unqualified right against the public is a feudal one that has received some severe blows of late in different states. The idea seems to be gaining ground that the rights of all the people are superior to those of individuals.

## DEMOCRATIC FOIL TO HUGHES.

The Democrats are beginning to look for a presidential candidate who can measure up against Governor Hughes of New York. Some of them think they have found him in Governor John A. Johnson of Minnesota. In 1904 the Republicans of Minnesota nominated State Auditor Dunn for Governor. Dunn was looked on as a corporation man. The Democrats, in seeking a candidate, hit upon Johnson. He had been a state senator, serving with credit, and he had conducted a newspaper that rang true when the question was good government and honest administration. He was elected governor by a majority of 10,000 when Roosevelt carried the state by 160,000. He was the only Democratic state official elected and he was confronted with a hostile legislature, at least hostile in politics. This is one of the parallels that is drawn between him and Hughes. Hughes is the only Republican state official elected in New York, and he is confronted with a hostile legislature. While Hughes was conducting the insurance investigation in New York, Johnson, seeing the vital relation of life insurance management to the public, called a conference of state governors to discuss means of insuring sound administration.

Johnson was reelected last fall, increasing his majority to over 60,000. While Hughes has vetoed a two-cent railroad rate bill on the ground that sufficient consideration was not given to the rights of the railroads, Johnson has secured from the legislature of his state a bill creating a commission to investigate charges for both freight and passengers, and to fix maximum rates.

Johnson is the son of Swedish immigrants, and this fact is looked on as likely to give him great strength outside his party in the strongly Republican states of Illinois, Iowa, Minnesota, Wisconsin and the Dakotas. He was "regular" in 1896 and 1900 and so can not be objected to by the Bryan wing of the party. At the same time he was not so vociferously free silver as to make him objectionable to the Eastern wing of the party.

A second President of the United States by the name of Johnson may be one of the possibilities.

Belgium has passed a law prohibiting the sale, importation, or manufacture of absinthe. All Belgium now needs is a Flemish Carrie Nation, and the country will be right up in the Kansas class.

There is this about it. Throwing brickbats at strike breakers is proof of an advance over the stone age. The stone age man didn't know how to make brickbats.

Why should there be such haste to get the Manchuria into Ohu waters? The Makapuu lighthouse is not finished yet.

## GOLDEN RULE IN FORCE IN HAWAII

The Oregonian, July 22.—Governor George R. Carter, the rotund, jovial and, as must be admitted, handsome chief executive of the Hawaiian Territory, whisked in and out of Portland yesterday afternoon, giving the Rose City but a breezy two and a half hours of his interesting time. Governor Carter or, as most of his friends in Honolulu call him, "Governor George" is a man after President Roosevelt's heart and during his term of office has frequently wielded the big stick about the heads of grafters and corruptionists in public life. He comes from one of the oldest families of the Territory. He is a fearless man, and many an expounder has found that "George" meant what he said and never made any bluffs.

Before he was appointed Governor of the Territory, Carter was the Tom Richardson of the islands. He was the greatest exploitation conversationalist between San Francisco and Shanghai. He was a wealthy sugar planter and later made a pile of money as the head of a fertilizer establishment. He accepted the Governorship from a sense of public duty.

And here is one of the stories they tell on Governor "George." The aristocracy of Honolulu would once or twice a year pitch in and give all sorts of amateur performances for charity usually, and on one occasion the business men gave an advertising show. It was just like the barkers at a side show, the one that could make the most noise and tell the funniest stories about his particular line of goods was the best fellow. Carter had raised sugar, and he was then selling a patent fertilizer. He got an 18-foot cane stalk, had it hidden under the stage and when it was his turn to get in the spotlight, he sprinkled some bone dust on the stage and at once a cane stalk about two inches high appeared, another spoonful of dust and the cane

was a foot high, and so on, the more the Governor talked the faster the stalk grew until the top disappeared in the flies. That was the hit of the evening and then he was dubbed "Sugar-cane George."

Governor Carter arrived in America, May 10, and he has spent most of his time in Washington discussing with the various departments of the government, the needs of the islands in the way of commerce and trade, as well as to speak in behalf of the great industries of the territory. Mrs. Carter with her charming little Japanese maid is travelling with the Governor. During most of the stay in America, Governor Carter has been the guest of H. A. Strong, president of the Eastman Kodak Company, of Rochester, N. Y. Mr. Strong bade the party good-bye at Tacoma.

"We don't like to find fault with ourselves," said Governor Carter just before leaving for San Francisco last night, "but the American people themselves are responsible for all this jingo war talk. We whites don't know how to treat the Oriental people decently. Over in Hawaii, we observe the Golden Rule, in our dealings with the little brown men."

"They are industrious, thrifty, peace-loving and are in every way desirable citizens. I regard the war talk as all nonsense and if the people of San Francisco had treated the Japanese right, there would have been no occasion for all this bellicose language. We have no trouble with the Japanese in Hawaii and they constitute a very large percentage of our whole population."

Governor Carter is an athlete and a fine tennis player. He challenged President Roosevelt for a series of games in Washington and really doesn't know whether the President was afraid to meet him or was too busy to match powers and skill with him. Governor and Mrs. Carter left for San Francisco at 7:45 o'clock last night on the train with Secretary Straus of the Department of Commerce and Labor, Congressman Longworth and Mrs. Longworth and Secretary Metcalf of the Navy Department will all sail for Honolulu on the Siberia next Thursday.

## SAM JOHNSON WILL STAY HOME

(Continued from Page One).

qualify for a position on such team are a number of the employees of the County of Oahu and I hope you may see your way clear to allow such county employees leave of absence without diminution of pay from the 14th of August until the return of the team to the Territory, as has been done in the case of the Territorial employees."

Colonel Jones explained the situation and Road Supervisor Johnson stated that at the outside, by rearranging the working force, the extra expense would not exceed \$300 for the month.

Supervisor Cox thought that there was nothing in the case to justify paying the salaries of the men while they were away. If he were to go away he would not want the county to pay him anything.

The chairman thought that, while the county was in poor financial shape, yet the money might be well spent as there was no telling when it might happen that the county would have to depend on its riflemen.

Supervisor Harvey failed to see where the \$300 expense was figured. Colonel Johnson's salary alone amounted to that much.

"Colonel Johnson has not asked to go," said Hustace, "his name was not on the list."

Supervisor Archer came to Johnson's rescue. He said he was willing to let the Road Supervisor go. He wanted a good team sent and expected Colonel Johnson to make a winning team.

"This country needs shooters," he said. "I would be willing to shoot myself, if the need comes up. If the country ever needs me, I will be ready to go out with my rifle."

"Under pay?" inquired the chair.

"With pay or without pay," answered Archer.

Supervisor Harvey insisted on going ahead with the roads needed and let the rifle match slide. The voters here needed to be considered more than the wishes of the United States War Department.

Supervisor Fern backed up Harvey in spite of another appeal from Archer to let Johnson lead his sharpshooters to Ohio and win honors for the Territory.

"We are not elected to let the county employees go anywhere they want to under pay," concluded Fern.

"The life of this country depends on our soldiers," said Archer. "When there is a strike or a riot we do not have to put it down. It is these boys with their rifles that we send to put it down. Our peace depends on them and on the police. We sleep at night in peace because of them. Let the boys go and let us pay them."

Chairman Hustace then asked Johnson if he could assure him that everything would go along all right if he were to go.

"I want to say that I don't think I want to go," answered Johnson.

Fern wanted to know what the regulars were doing here if not to keep order. He didn't see why the militia had to be trained on county money.

Hustace thought the men ought to go and receive their pay while away. If the men went there, work to be done extra expense, their work to be done by the other men of the department.

Harvey still saw no reason for allowing them their pay.

Archer warned the Board that the United States government might declare the county pay if they showed any meanness over the matter. He moved that the boys be allowed to go under pay on a thirty days leave of absence.

Hustace stated the proposition, which was that the men would draw pay but the work would go along just the same without extra expense.

Harvey thought that if this was the case it showed that there must be many men now on the payroll.

Hustace argued the point, coming out as a warm supporter of the plan of sending the team.

Cox wanted to know who would keep the peace during the absence of the sharpshooters, to which Harvey remarked that he guessed the citizens would have to protect themselves whether the militia were here or not.

Hustace seconded the motion and asked Cox to put the motion. The vote stood: Aye: Archer, Dwight, Hustace; nay: Fern, Cox, Harvey, the tie vote turning down the motion.

## PINKHAM GRATEFUL.

A communication from the president of the Board of Health thanked the Board for its ready action in supporting the sanitary suggestions of the Board of Health, referring more particularly to Ordinance No. 8.

## PAILOLO ROAD WORK.

Clem. Quinn appeared to ask the Board to put some more work on the Paiolo road, which was now getting in bad shape again.

The chairman explained the condition of the road appropriation fund and asked Quinn to wait until his turn came.

## COLONEL RESENTS SNEERS.

Colonel Johnson, as commanding officer of the National Guard asked leave to speak in reference to Mr. Harvey's sneering remark regarding the militia. He objected to such a remark from a public official, especially as the militia here was now as efficient as that of any part of the Union.

Harvey explained that he didn't mean all that he said, his words being intended in a Pickwickian sense. He suggested that the reporters for the press might omit his words from their reports.

Colonel Jones said he hoped that the Board might meet again and reconsider their action. It would be a poor report to send to Washington that the supervisors refused to let their men go. As a matter of law the men could be compelled to go and it would be unjust to compel these men to go when all they would get as pay would be forty-three cents a day.

Chairman Hustace said he would like the Board to reconsider its action then.

"Buy those supervisors a cigar and get their votes," suggested Archer.

The Board finally adjourned until today at noon, when a special meeting to take up the militia matter will be held.

## OAHU POLOISTS PLAY ON PAPER

### Many Rigs Already Engaged for the Coming Game on Saturday.

With the arrival of Charles A. Rice,  
the president of the Kauai Polo Club,  
who will act as umpire in the games  
which will start next Saturday be-  
tween Oahu and Maui, the last of the  
men needed to complete the polo con-  
tingent is in Honolulu. Rice came  
down on the Mikahala yesterday, with  
a large following of polo enthusiasts  
from Kauai and was greeted by many  
friends in this city.

Tuesday afternoon was spent in polo  
practise by the Oahu team but not  
on the Moanalua field. Instead of this  
they played in the office of Captain  
Walter Dillingham and the field was  
one of paper. The entire team was  
present, together with Substitutes Den-  
son and Castle, who will be called on  
to take part in case some one is hurt  
or indisposed. Every play which  
might come up in the game was talked  
over and the general scheme which  
the Oahu team will follow was mapped  
out by Captain Dillingham and care-  
fully described to his followers.

Arrangements have been made by  
which wagonettes will meet the cars  
at the end of the King street line from  
1:30 p. m. till time for the game to  
start, but those wishing to go will do  
well to engage rigs in advance from  
the local stables as, after the game is  
over, there may be many who will  
wish to return in the wagonettes and  
so some delay may be occasioned.  
The game will commence promptly  
at 3 o'clock Saturday afternoon. The  
charge for admittance to the grounds  
will be \$1, but children will be ad-  
mitted for half price. The usual ac-  
commodations for the various vehicles,  
whether buggies, automobiles, surreys  
or hacks, will be made, and, with the  
perfect field on which the games are  
played, all will be able to have a chance  
to see the game without interference.

Yesterday afternoon the Oahu team  
went out to Moanalua and held a short  
practise, using the ponies which will  
take part in Saturday's game and train-  
ing them to various plays. They did  
a good deal of passing and tried to  
get their team play down as fine as  
possible. While the weather was none  
of the best, the practise was encourag-  
ing from every standpoint, and the  
team was feeling very confident of put-  
ting up a strong game at the end of  
its last day's practise before the tourna-  
ment.

## BEATEN IN HARD TENNIS PLAYING

### A. L. Castle Gives Ewa Man Pretty Fight on Local Courts.

The championship tennis tournament  
for men's singles, which was com-  
menced yesterday afternoon on the  
courts of the Beretania and Pacific  
Tennis clubs, was spoiled to a great  
extent, on account of the rain. With  
the exception of two matches, in which  
McKeever of Ewa, beat A. L. Castle of  
this city, and S. H. Derby defeated  
Lieutenant Shipp, none of the matches  
were completed. These will be played  
off today and, with good weather, it is  
hoped to catch up with the program  
as mapped out in yesterday morning's  
paper.

Of the games played yesterday the  
best, by all manner of odds, was that  
between Castle and McKeever. Castle  
was somewhat tired from his two  
matches of the previous day in which  
he played in the tournament for the  
Wall Challenge Cup, but for all that  
he put up a fine game and great inter-  
est was displayed by these present.  
Repeatedly he passed the Ewa man  
when the latter tried to come to the  
net, but McKeever's play was so steady  
that he won out in the end. His re-  
turns from the back court were un-  
usually good.

S. H. Derby, in his match against  
Lieutenant A. M. Shipp, of the Twen-  
tieth Infantry, played a steady game  
and won in straight sets.

Of the matches which will be played  
today the most interesting should be  
that between Brock, the local crack,  
and McKeever. If the latter plays  
up to the same standard which he did  
yesterday he should have a good  
chance to put Brock out of the running  
and in the end meet Roth for the cham-  
pionship.

The results of the day were:  
At Beretania courts:  
A. M. McKeever beat A. L. Castle,  
6-4, 2-6, 6-1; Savage vs. W. Williamson,  
6-4, 2-4 (unfinished); R. Rietow vs. R.  
A. Cooke, 2-1 (unfinished).

At Pacific courts:  
S. H. Derby beat A. M. Shipp, 6-3, 6-2.  
The matches scheduled for today are:  
Beretania Tennis Club, 4:30 o'clock—A.  
M. McKeever vs. A. T. Brock; 5 o'clock,  
R. A. Cooke vs. R. Rietow; A. G. Sav-  
age vs. W. Williamson.

Pacific Tennis Club, 4 o'clock—J.  
Waterhouse vs. A. J. Lowrey, 4:30  
o'clock; S. H. Derby vs. F. E. Steere, 5  
o'clock; J. P. Cooke vs. C. C. Krumb-  
haar; M. Kekilio vs. H. G. Dillingham.  
The entries for the doubles, mixed  
doubles and ladies' singles are still  
open and it is hoped that a number of  
local people, as well as those from  
other islands, who are in the city, will  
send their entries in to E. O. Hall &  
Son at once.

E. W. SHINGLE, NO. 4 ON THE OAHU POLO TEAM.

## BARNEY PITCHES VERY FAST BALL

### Oakland Gets But Nine Hits in Two Games Off Big Hawaiian.

Barney Joy is keeping up his good  
work in San Francisco and from the  
files from the Coast it seems that he  
is by far the most popular pitcher on  
the team. In the week for which pa-  
pers have arrived, he has lost one  
game and won one, the former being  
by a score of 2-0, and Joy only allowed  
four base hits, though he walked six  
men. The following accounts of the  
two games are given:

Carnes of Oakland hearkened back to  
his Los Angeles record yesterday.  
There wasn't a chance for the Seals  
to do him any harm and when the af-  
ternoon's work at Freeman's Park was  
closed, the score favored the Commu-  
ters, 2 to 0. For that matter, Barney  
Joy was far from passing out super-  
fluous hits, but he was wonderful wild  
and free passes had everything to do  
with the two tallies that can be charg-  
ed against him.

It was an Oakland crowd that was  
rooting all the way, and the result  
was just what they wanted. For four  
innings, Carnes didn't allow a single  
hit and for the five that followed, he  
was charged of bestowing his favors,  
holding the Longites down to a couple  
for that game. Indeed, mighty few of  
his balls were batted out of the diam-  
ond and the one chance that San  
Francisco had of scoring, was nipped  
in the bud by a double play.

The Oaklanders scored their first run  
in the initial inning. With Jimmy  
Smith down, Van Halten waited for  
four balls and walked. He stole second,  
and although Heltmuller flew to  
Spencer, Eagan hit to right. A better  
throw would have caught Van at the  
plate, but Shaughnessy was shy a few  
when it came to tossing the leather to  
the catcher.

The second and final tally of the day  
was far more disgraceful. It came in  
the fifth inning, when the kanaka had  
two safely stowed away and thought  
he was up against something easy. Then  
"Brick" Devereaux hit to center  
field for three bases. It rattled Bar-  
ney so that he walked Carnes, Smith  
and Van Halten in, rapid succession  
and forced in a score.

Danny Long, who was enjoying the  
game from behind the wire netting,  
called on Eddie Quick to warm up,  
but Joy steadied down and was left  
alone for the balance of the game.

An error by Smith in failing to  
catch a ball that was batted into his  
territory by Shaughnessy, almost gave  
the Seals a run. The long-legged out-  
fielders made first and stole second.  
He went to third on Wheeler's drive to  
left, but Hildebrand hit into a double  
and there was no more chance re-  
maining.—Chronicle, July 31.

The hired men that Danny Long has  
on his payroll must have been ashamed  
of the way they played Thursday  
afternoon, for yesterday the Seals put  
up an article of baseball that was well  
worth seeing and when they closed the  
game with a fast double play were on  
the long end of a 2-1 score. The Ha-  
waiian beauty, F. Barney Joy, did slab  
duty for the Seals, and he twirled as  
good a game as has been seen here-  
abouts for some time, and he also  
figured strongly in the hit column, get-  
ting two slashing bingles off the de-  
livery of William Rietow, who was on  
the hill for the men from over the  
bay.

San Francisco hit the ball early and  
often, but the fielding of the Oakland-  
ers was of big league caliber and the  
Seals did just manage to squeeze out  
in front. Shaughnessy was switched  
back to his old station in right and the  
change worked well for the team.  
Oakland's only tally came in the sec-  
ond inning. Bigbee was passed and  
Haley slammed one out over Spencer's  
head that brought him safe to third.  
Bill Devereaux tried to work the  
squeeze play, but big Barney was wise  
and as usual the play was made to  
look very foolish. That was the best  
they could do in the run line there-  
after, for hits were scarce and the ka-  
naka was pitching great ball.

San Francisco found a place on the  
score board in the fourth inning, mak-  
ing the runs one apiece. Charley Irwin  
ripped one down the left foul line that

netted him two bases and he reached  
third when St. Nicholas Williams sac-  
rificed. A neatly placed single over  
short by Spencer put the third-sacker  
over the plate. Thus ran things until  
the eighth, when George Wheeler jam-  
med one against the fence in right  
and crossed the pan after Hildebrand  
flew out to Van, on a hard drive past  
third by Irwin. Oakland looked dan-  
gerous in the fifth when Bigbee walk-  
ed, stole second and reached third on  
a passed ball. Bill Reidy drove one  
toward right center at a mile-a-min-  
ute gait and it easily looked good for  
three bases, but Spencer speeded across  
the green, made a leap and nabbed the  
ball, making a most remarkable catch.

Joy deserved his victory yesterday,  
for he pitched in first-class style from  
start to finish. His control was of the  
best and but one of his passes amount-  
ed to anything. Once or twice he look-  
ed to be in a hole but he fanned Hogan  
on one occasion and Haley on another.  
Bull Perrine said after the game that  
he has seen many pitchers at work but  
he thinks the Honolulu has as fine a  
curve ball as was ever sent over the  
plate and he predicts that Barney will  
be a star before many moons have  
passed.

Devereaux walked into one of Bar-  
ney's fast ones in the eighth and be-  
gan to josh the big fellow after he  
reached first. Barney took it all good  
naturally and grinned at the Red. Bill  
later reached second and kept up his  
kidding but it didn't last long for Bill  
was doubled when he shouldn't have  
been and then it was a pleasure to  
hear Barney laugh.—Chronicle, July 27.

Barney Joy, the big San Francisco  
pitcher, is a southpaw, and pitches  
much like Doc Newton and fields his  
position well for so large a man. He  
is almost as big as Ovie Overall. Four  
of the first five batsmen in the Port-  
land lineup swung from the left side.  
With a southpaw pitching, they were  
baffled, except the manager, who  
laced out two corking two-base hits.  
The other extra base swipe of the en-  
gagement was made by Mike Shaugh-  
nessy, the Notre Dame College play-  
er, who holds down the right garden  
for the Seals.—Oregonian, July 22.

### SICKNESS COMES WHEN LEAST EXPECTED.

A little forethought may save you no  
end of trouble. Anyone who makes it  
a rule to keep Chamberlain's Colic,  
Cholera and Diarrhoea Remedy at hand  
knows this to be a fact. For sale by  
all dealers. Benson, Smith & Co., Ltd.,  
agents for Hawaii.

## BRITT DEFEATED NELSON EASILY

### Jimmy Outboxed the Man Who Defeated Him Through All the Fight.

Harry B. Smith, of the San Fran-  
cisco Chronicle, one of the best judges  
of boxing in San Francisco, tells the  
following story of the Britt-Nelson  
fight:

Jimmy Britt earned the decision  
which Jack Welsh gave him at the  
Auditorium last night. In twenty  
rounds that were, for the most part,  
the hardest fighting that has been seen  
in San Francisco, the California light-  
weight outclevered and outboxed his  
sturdy opponent.

For the first five or six rounds, it  
looked as though Britt would tire, but  
fighting a more cautious battle than  
he did at the outset, when he went like  
a whirlwind, Jimmy jabbed the Dane  
repeatedly on the face and the body,  
and Britt's rally at the very close,  
when he had Nelson staggering under  
the lefts and rights with which he  
was showered, was a remarkable  
showing, and settled all doubt as to  
the man that Welsh would pick as the  
victor.

At the outset of the twentieth and  
closing round, Britt looked tired. He  
was holding, and Welsh had hard  
work separating the men, but in the  
last minute of action he was like an  
unloosed tiger. He slashed at Nelson,  
and the latter was powerless to de-  
fend himself. He was by no means  
near the knockout stage, but for all  
that he was staggered by the beating  
that he took, and glad when the gong  
called the end of the round.

There were two or three rounds, in  
the early stages of the fight, in which  
Nelson had the better of the going.  
His forte was easily in-fighting, and  
he uppercuted Britt with a vengeance  
that made the crowd wonder whether  
the San Franciscan would be able to  
stay to the end.

But the Dane's punching power  
seemed to have diminished. At long  
range he was wild at times and when  
he landed Britt weathered the blows  
far better than he was expected to do.  
Britt was backing from start to finish,  
but the Battler's aggressiveness gained  
him little or no advantage. For the most  
part he was walking into left jabs  
and the right-hand punches that Britt  
was landing, and toward the close,  
strong as he has been in previous  
fights, the Chicago boxer was tiring.  
Through it all there is one thing  
that stands foremost. It was a great  
fight. There was no dogging it by  
either. They were fighting with a ven-  
geance, each determined to win, but it  
was Britt's night to shine. Nelson un-  
questionably has gone back, but the  
surprise was the strong return that  
was made by Britt.

Jimmy did not have the punch that  
would settle the battle. In fact, be-  
fore the fight, he had said that he ex-  
pected to outbox his opponent. That  
was what he did. There can be no  
mistaking his ability to outclever Nel-  
son. He has proved it before, and he  
proved last night that he could do it  
again.

### GRAND PICTURES.

The Honolulu public will be treated  
to a fine show at the Hotel Bathes,  
Saturday night. A great variety of  
moving pictures will be shown. The  
first time that a motion picture ma-  
chine has ever been on a direct cur-  
rent in these islands. Admission, 25  
cents.

**HAWAII TAXES  
AND WHO PAY THEM**An Analysis of the Returns  
of the Big Island Is  
Interesting.HILO, August 6.—The Herald will  
publish a complete analysis of the Ter-  
ritorial revenues collected in Hawaii,  
giving the nationalities of the tax-  
payers, their numbers and the amount  
of taxes paid by each. It says:In the whole County there are 17,  
461 real and personal property tax-  
payers. Of these 57.6 per cent are  
Japanese, and only 6.7 per cent are  
Americans and Europeans.Less than 1 per cent of the con-  
tributors to the revenue are corpora-  
tions and firms, yet they pay 61 per  
cent of all the taxes.There are 15.7 per cent of Hawaiian  
taxpayers, yet they pay only 9.8 per  
cent of the total taxes and control  
the elections.There are only 384 income taxpayers  
in the County, and 78 per cent of them  
are Americans and Europeans, and  
only 6.45 per cent are Hawaiians, and  
less than 5 per cent are Japanese.The Japanese are by far the largest  
number of taxpayers in the County,  
more than one-half of the whole, and,  
omitting the firms and corporations,  
they pay more money in taxes than  
the Americans, Europeans, Portuguese  
and Chinese combined, and nearly as  
much as the Hawaiians, Portuguese and  
Chinese combined—in fact they pay  
38.5 per cent of all the taxes that are  
not derived from the corporations. Of  
the poll, road and school taxes, the  
Japanese pay 68.4 per cent of the  
whole.A study of the amount of taxes paid  
on real estate, in 1905 and 1906, shows  
decreases on the part of the Hawaiians,  
Americans and Chinese, with a little  
increase on the part of the Japanese  
and corporations, the collections from  
the Portuguese being practically the  
same in both periods. Of personal taxes  
the Hawaiians and Chinese were the  
only nationalities that paid more in  
1906, the American and European con-  
tributions showing a shrinkage of nearly  
20 per cent.**BATTLESHIP FLEET  
COMING IN THE FALL**WASHINGTON, July 31.—Rear-Ad-  
miral Robley D. Evans, in command of  
the battleship squadron of the Atlan-  
tic fleet, came to Washington today,  
accompanied by his aid, Captain In-  
gersoll, for a talk with department  
heads over the details of the proposed  
trip of the battleships to the Pacific.  
He was in conference with Rear-Ad-  
miral Brownson, chief of the bureau  
of navigation, and Assistant Secretary  
of the Navy Newberry most of the day.  
It can be stated that the plans to  
send battleships to the Pacific will not  
be matured before the fall. Admiral  
Evans will join his flagship, the Con-  
necticut, tomorrow in New York,  
where she has been undergoing re-  
pairs. Practically the entire fleet is  
ready to leave the docks, and as fast  
as ready the vessels will rendezvous  
in Hampton Roads. On August 6th  
the Connecticut will have her official  
speed trial, shortly after which the  
fleet will proceed to the New England  
coast for maneuvers and target prac-  
tice. It is now proposed to dock the  
fleet in October preparatory to the long  
journey to the Pacific.**WILL BOWL  
KAUAI TEAM**Arrangements were made yesterday  
through which a bowling contest will  
take place between a local team and  
the Kegel Club of Maui. Charles A.  
Rice of the Kauai club met Jess  
Woods of the local alleys, yesterday  
afternoon, and arranged for a contest  
to take place, each club playing on its  
own alleys and the scores being trans-  
mitted by wireless.  
The match will be for nine games  
with ten men on a team. Three games  
will be played on a night and the con-  
test will last for three weeks, playing  
one night each week. It was decided  
to play on Saturday night but after  
talking the matter over with the local  
players, Woods found out that it would  
be impossible for several of the best  
men here to play on that night, so  
another time will have to be selected.  
Tuesday is proposed as the most con-  
venient night for the local players.  
The team making the highest total  
score in the nine games is to be de-  
clared the winner.CHAMBERLAIN'S COLIC, CHOLERA  
AND DIARRHOEA REMEDY.There is probably no medicine made  
that is relied upon with more implicit  
confidence than Chamberlain's Colic,  
ing in third of a century in which it  
has been in use, people have learned  
that it is the one remedy that never  
fails. When reduced with water and  
sweetened it is pleasant to take. Sold  
by all dealers. Benson, Smith & Co.,  
Ltd., agents for Hawaii.**PAY MONEY TO  
CROSS BORDER**Three Thousand Japanese in  
Mexico Aim to Cross  
the Line.GALVESTON, July 27.—Immigration  
officers have secured a statement from  
one of the twenty Japanese arrested in  
Dimmit county whose confidence they  
have won. This young Japanese says  
he and his companions paid \$5 apiece  
to two men to bring them safely across  
the border from Mexico. They were  
three days covering a distance of two  
miles on either side of the Rio Grande  
in order to avoid the mounted immi-  
gration guards patrolling the border.  
The informant said there are now  
nearly 3000 of his countrymen scat-  
tered through Mexico and all of them  
are destined to come to the United  
States. Some of them have been in  
Mexico several months, and more are  
coming in with every vessel.This Japanese denied emphatically  
that the move has any hostile sig-  
nificance and explained that an orga-  
nization is handling the situation on a  
money basis. He claims that glowing  
reports of opportunities offered in  
America for his countrymen is re-  
sponsible for the heavy immigration to  
this country. He declares that the  
Mexicans are robbing the Japanese and  
are offering big inducements to get  
them to work in the mines. The im-  
migration inspector has been dis-  
charged in Mexico and appeal has been  
made for an increase of the border pa-  
trol.Any one who uses gas will tell of  
the advantages.**BALLOU'S MARRIAGE  
IN CALIFORNIA**LOS ANGELES, July 27.—Judge S.  
M. Ballou, recently appointed by Presi-  
dent Roosevelt to the Supreme bench in  
the judiciary of Hawaii, was married in  
this city today to Mrs. Lucia Burnett,  
a daughter of the late Thomas B. Bur-  
nett, vice president and general man-  
ager of the San Pedro, Los Angeles and  
Salt Lake Railroad. The wedding was  
a complete surprise, even to the invited  
guests, who were bidden to attend an  
afternoon tea, no mention being made  
of the wedding ceremony. Judge Bal-  
lou arrived in Los Angeles recently  
ostensibly to spend his vacation.The romance had its inception in  
Hawaii. Mrs. Burnett, with her brother-  
in-law and sister, Mr. and Mrs. Harry  
C. Turner and Miss May Ridgeway,  
went to the Hawaiian islands last win-  
ter, and, taking a house there, stayed  
until a few months ago, and while  
there the Turner home was the scene of  
much festivity among the American  
residents. It was at that time that  
Justice Ballou met and won the Los  
Angeles widow.The ceremony was performed at the  
home of the bride's sister and imme-  
diately thereafter, the couple departed  
for Santa Barbara and after remaining  
there a few days they will proceed to  
San Francisco. They will sail for Ho-  
nolulu August 1.**WORKS WONDERS**A Wonderful Compound—Cures Piles,  
Eczema, Skin Itching, Skin  
Eruptions, Cuts and  
Bruises.Doan's Ointment is the best skin  
treatment, and the cheapest, because so  
little is required to cure. It cures piles  
after years of torture. It cures obsti-  
nate cases of eczema. It cures all skin  
itching. It cures skin eruptions. It  
heals cuts, bruises, scratches and abra-  
sions without leaving a scar. It cures  
permanently.Jacob Heasong, farmer, living at the  
corner of East Twenty-eighth street and  
Keely avenue, Portland, Oregon, says:  
"In recommending Doan's Ointment to  
those who suffer from hemorrhoids I  
can only repeat the statement I made  
some three years ago. I had suffered  
from this trouble for some years, and  
in hot weather it was a great worry to  
me. I could not sleep at night. Other  
preparations having given me little or  
no relief, I finally began using Doan's  
Ointment and it required only a few  
applications to bring soothing and heal-  
ing relief. The facts above stated are  
as I told them just after my first trial  
of the remedy. I think just as much  
of the preparation today."Doan's Ointment is splendid in all  
diseases of the skin: Eczema, piles,  
hives, insect bites, sores, chilblains, etc.  
It is perfectly safe and very effective.  
Very frequently two or three boxes  
have made a complete cure of chronicThere is a buyer waiting for your

By order Worthy President,  
A. L. LANE,  
FRANK C. POOR, Sec.

SANITARY WORK  
OF TWO CITIES

## Reports of Officers for Three Months to the Board of Health.

President L. E. Pinkham's only reason for holding a meeting of the Board of Health yesterday was to clean up accumulated reports of officers. With him forming a quorum were present Fred. C. Smith, Mark P. Robinsop and Dr. J. T. Wayson. Superintendent J. D. McVeigh attended, but no Settlement matter came up.  
Dr. Wayson, when routine had been concluded, said:  
"Before we close I think something ought to be done about cemeteries." The meeting had ratified the unfavorable decision of the executive on the application of a Buddhist society for a permit to open a cemetery at Moiliili.  
"Three or four men are on a still hunt for a site," the president responded. "Probably at next meeting or next after that they will have something to say."

Besides this short discussion and an indecisive conversation relative to a claim for professional services, nothing but the reading and adoption of official reports was done at the meeting. A synopsis of the reports is given below.

## FROM THE PRESIDENT.

President Pinkham said in his message:  
"The subject of cemeteries still remains a most embarrassing one. I present an unfavorable report on the application of the Hongwanji Society."

On motion of Mr. Smith the application was denied.

The president also submitted the following statistics:

Insane Asylum.—Report for quarter ending June 30 showing the number of inmates to be 217 insane persons, being an increase of four.

## HONOLULU.

Rat campaign, June: Traps set, 815. Rats caught, 99. Pieces of poisoned food placed, 3840. Pieces of same taken, 168. Rats found dead, 36.

## CHIEF SANITARY OFFICER.

C. H. Tracy, chief sanitary officer and inspector of cemeteries, Honolulu, reported as follows for May:  
"There were sixteen complaints of nuisances reported and all were investigated and abated."  
"No 48-hour notices were served."  
"There was one recommendation for a hotel license issued and 45 persons can be lawfully lodged in the buildings."  
"Twenty inspections of graves were made, two being disinterments. One coffin was partially exposed."  
"Two permits were issued to keep swine and fifteen to keep ducks."  
"Practically all my time for the month has been spent in superintending the cleaning, scrubbing and disinfection work of the inspectors. Every house, store and out-building in Kewalo and Kakaako has been scrubbed out with lye and the premises disinfected during the month."  
"The extra force of six men, put to work May 11, has done good work."  
For June Inspector Tracy reported as follows:  
"There were twenty-two complaints of nuisances reported and all were investigated and abated."  
"There were no 48-hour notices served."  
"There were 58 recommendations for hotel, restaurant or lodging-house licenses issued and 4707 people can lawfully be lodged in these premises."  
"Ten permits to keep swine were issued and five for ducks."  
"Fifty-two inspections of graves were made, forty-three of these being disinterments. Two coffins were exposed."  
"The special scrubbing work, reported for last month, has been continued this month until June the sixteenth. Up until this time, all of Chinatown, between Nuuanu street and the river, was thoroughly scrubbed and disinfected. After the sixteenth, the men were detailed in squads of two and given a district and told to put all the hotels, lodging-houses and restaurants in sanitary condition and have them all scrubbed out and disinfected. Thus, the scrubbing work is hitting more closely the centers of population."

OFFICIAL BOND  
CASE CLOSING

## Razor Wielding Woman Taken Under Edmunds Act—S. S. Manchuria Case.

Territory v. Richardson et al., suit on official bond, is still on before Judge De Bolt. The plaintiff has practically rested, intending only to recall Superintendent of Public Works Holloway this morning.

## THE DIVORCE MILL.

Mary Enos sues William K. Enos for divorce and the trial is set for this morning. The cause alleged is desertion for more than ten years last past. They were married at Waikapu, Maui, on December 24, 1896, and no child has been born of the marriage.  
Harry Flint was granted a divorce against Daisy Flint by Judge De Bolt. Judge De Bolt granted a divorce to Ichitaro Kato against Takiyo Kato for desertion.

## PROBATE MATTERS.

Geo. C. Ross, executor of the estate of John A. Marat, has filed an inventory showing the estate to consist entirely of money—cash received from Honolulu Plantation Co. and deposits in two savings banks—amounting to \$1652.51.

Judge De Bolt approved the final accounts of W. W. Hall, administrator of the estate of Hippolyte Jaouen, deceased. A cash balance of \$273.20 and 25 shares each of Olia and McBryde sugar stocks were reported. An inventory of furniture amounted to \$168.

Letters of administration on the estate of Kikumatsu Odo were ordered to issue to Tatsujiro Odo and Akimatsu Odo without bond.

Judge Lindsay has made an order allowing R. W. Breckons, solicitor for Alice K. Macfarlane in the Campbell will construction case, \$250 for counsel fees to date.

## FEDERAL JUSTICE.

Maile, the native woman who put herself in an ultra bad class by slaying her paramour, George Kaal, with a razor as previously reported, was arrested yesterday by U. S. Deputy Marshal Winter for violation of the Edmunds Act. She was released on her own recognizance to appear for examination on August 14.

Kaal will be arrested when he comes out of the hospital.

Reading of testimony, following two days of hearing oral evidence, was resumed before Judge Dole yesterday in the Loch Garve salvage case. At noon the matter was continued until 9 o'clock this morning. It is hoped to have the case concluded all but argument today.

Waimanalo Sugar Co.'s suit for salvage against Pacific Mail Steamship Co., in connection with the stranding of the Manchuria nearly a year ago, is set for 2 p. m. today.

Captain Paul Smith is now bailiff of the Federal court.

DID NOT MAKE  
TRIAL TRIP

The ketch Snark, in which Jack London is making his trip around the world, was to have had a trial trip under her auxiliary power yesterday afternoon and mechanics from the Honolulu Iron Works spent the entire morning trying to get her into shape. The engine, which has been a source of trouble ever since it was installed, refused to behave properly, however, and the trip was postponed.  
According to the plans which the Londons had made, the Snark was to leave this city for Waimea on Monday, but, on account of the trouble in getting the engine to work properly, it seems likely that the sailing will be postponed to a later date.

Fifty cents—one week's fuel—three meals per day—use gas.

## Lunch Discontinued

Our noonday lunch has been discontinued until further notice.

## THE CRITERION

C. J. MCCARTHY, Prop.

## IF YOU SHOULD DIE TONIGHT

How would your business affairs be left? Have you made a will? If so, have you named as executors men of business experience, or have you chosen from among relatives and friends regardless of their fitness for such a trust? Business transactions should be stripped of sentiment; every prudent man should arrange to have his affairs, at his death, pass into the hands of persons competent to handle them. Anything short of this is neglect; have you neglected your wife and little ones in this respect?

This is a matter of vital interest to YOU.

The Henry Waterhouse Trust Co., Ltd., makes a specialty of estate business and you will do well to call and get suggestions from its representatives. Do it NOW. No charge is made by them for the drawing of wills, or for legal advice touching estate matters.

Mr. and Mrs. F. W. Carter and family expect to sail from San Francisco for the Islands August 21. They have been living near Red Bluff for the past year and a half.

Let your wants shine in a classified ad in the Advertiser.

## LOCAL BREVITIES.

Captain Humphrey, U. S. A., returned from Kauai yesterday.

Work has begun on macadamizing the Capitol park roadways.

Dr. H. B. Cooper, physician to the Koloa Sugar Co., arrived from Kauai yesterday.

J. H. Hawley, a San Francisco merchant, arrived in the China to stay a few weeks.

George C. Sea, deputy high sheriff, is again confined by illness to his room at the Young.

The teachers' committee had a long session yesterday to fill vacancies in the teaching roll.

Major Thos. E. Wall of Wall, Nichols Co., returned in the China from a purchasing expedition.

Camoes Circle No. 240, C. O. F., will meet in San Antonio hall this (Thursday) evening, at 7:30.

Pacific Rebekah Lodge No. 1, I. O. O. F., will meet this (Thursday) evening at 7:30, in Odd Fellows hall.

Judge Dole discharged the trustees in bankruptcy of Honolulu & Hawaii Paper Co. and Honolulu Clay Co.

Persons interested in the musical production by Kailoia, Boat Club meet at High School, 7:30 this evening.

E. A. Mott-Smith, the likely coming Secretary of Hawaii, was in conference with the present and future Governors yesterday.

Commissioner Ishii, conducted by S. Kojima, visited the Japanese rice mill at Kakaako yesterday, to the great pleasure of the mill hands.

A delegation of Japanese fishermen from Hilo has waited on Consul Salto to complain of the obstruction of a public highway at Waiakoa.

Rules and regulations for barber shops, which were published as news in the Advertiser last week, are advertised officially in this issue.

Mrs. Paul Neumann returned in the China yesterday after a long absence in which she visited Germany. Her daughters met her at the steamer. Many old friends will be glad to see her again.

Ed. Dekum sends a post card from Portland, Ore., depicting a Columbia river steamer in Cascade locks, Oregon, to an officer of the Hawaiian Gazette Co., with the message: "Aloha. Home safe at last."

A regular meeting of the Hawaiian Entomological Society will be held at 7:30 this evening in the library of the Board of Agriculture and Forestry, King street. It is expected that Prof. Froggatt of Australia will be present and probably speak.

Interviews with Governor-elect Frear and E. A. Mott-Smith yesterday practically confirmed the Advertiser's surmise of that morning that Mr. Mott-Smith would be the next Secretary of the Territory. "I know of no one who could fill the position more satisfactorily than Mr. Mott-Smith," is one remark made by Judge Frear.

It was reported yesterday that a cablegram had been received from the Assistant Secretary of the Treasury at Washington, directing that the deed for the Mahuka site should not include the land for the extension of Bishop street. This would mean that the land for the street should be conveyed directly to the Territory, saving the trouble of a reconveyance by the United States.

The Koloa Wine Co. is the only applicant for a wholesale liquor license on Kauai denied its request. It is believed the reason is that the company is controlled by C. W. Spitz, who is interested in two of the licenses granted. Among the conditions reported to be exacted of the licensees is that they shall do no soliciting of trade but sell only to voluntary customers on the premises.

Governor Carter will deliver a farewell address, taking about fifteen minutes, before Governor Frear delivers his inaugural on the 15th. Judge Frear says his address will be as brief as possible. Prior to the inauguration in the Capitol throne room, the ceremonies pertaining to the retirement of Chief Justice Frear and the accession of Chief Justice Hartwell and Associate Justice Ballou will take place in the Supreme Court room, Judiciary building.

The latest arrival at the Alexander Young Cafe from their own factory is Jenny Lind Chocolate. Try some.

## DEATH OF AN AGED HAWAIIAN YESTERDAY

Harry Kaia, eighty years of age, one of the best known of the old Hawaiians in the city, died at Punaluu yesterday afternoon at 2 o'clock, of dropsy. In his younger days he was a sailor on the whaling fleet which used to visit these islands and made many trips to the Arctic Circle and to the Coast. He leaves a son, George Kaia, employed by the Hawaiian Gazette Company, and a daughter, Mrs. Mary Sheldon, to mourn his loss.

The funeral will be held this afternoon from Townsend's undertaking parlors. Services will be held at 2 o'clock at the Kawaiahaeo church.

## THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp, colic and diarrhoea require prompt treatment, and in many instances prove fatal before medicine can be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. Sold by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

## DINNER INVITATION CABLED TO ISHII

A dinner invitation by cable was received yesterday by Commissioner Ishii and accepted by cable. The invitation came from the Chamber of Commerce of San Francisco, the message asking the Commissioner if he would accept an invitation to a dinner to be arranged by the Chamber for August 17, at which would be present the members of the Chamber and about forty of the representative Japanese business men of the Californian capital.

The arranging of this function by the San Francisco Chamber of Commerce is an indication of the importance attached to his visit by the commercial bodies of the Pacific Coast. Commissioner Ishii spent a busy day yesterday. In addition to attending and speaking at the Commercial Club luncheon and the dinner of Consul General Saito at the Young Hotel, he found time to take an automobile drive in the direction of Pearl Harbor and also to make an inspection in the morning of the rice cleaning mills in Kakaako. As a result of this visit and the advice given the owners by the Commissioner it is probable that within a very short time the machinery in use there will be thrown out and modern facilities installed.

## MAY BE TOMB OF OLD CHIEF

(Continued from Page One).

day hesitated about hazarding any guesses as to what it might be. The appearance of the work suggested to one of them the legend told of a Meleka chief, whose remains were placed in a great hole by his son, the body covered deep with rock and the whole tomb cemented together. Such may be the find at the pumping station. George Wond, the engineer in charge at the pumping station, stated yesterday that the vicinity of the station had been used as a burial ground for the Hawaiians some time in the past days, the victims of the oku epidemic of the 50's having been buried there, the skulls and bones of some of these having been uncovered at the time the excavations were made for the pumping plant foundation.

Whatever may have been the object of the stone work uncovered there recently, the workmanship is particularly good, the walls being finished off smoothly and the cement carefully mixed, holding tightly even now.
