READ WHAT

Ayer's Sarsaparilla

did for the Invalid Daughter of a Prominent Lowell Tradesman.

"My daughter had for a long time been troubled with violent headaches and sleeplessness. She was pale, had no appetite, and was losing flesh rapidly. She took various remedies for her trouble, but received no benefit until she commenced using

Ayer's Sarsaparilla. After taking half a bottle, she began to feel better. By a continued use of this medicine, her appetite returned, her cheeks began to fill out and show color, she gained in strength, her headaches disappeared, she slept better, and now says she feels like a new person."—F. THE LEGISLATURE.

THE SENATE EXPERIENCES A

CHANGE OF HEART.

All Matters Relating to Pensions and

Permanent Settlements Deferred

to the Next Legislature.

TWENTY-THIRD DAY, JULY 11TH.

THE SENATE.

The Senate was called to order

at 10 o'clock this morning, presi-

dent Wilder in the chair. Roll

called and minutes of yesterday

read and approved.

A communication was received

from the House stating that

Senate Joint Resolution relating

to the commission on the Pali

road had been adopted. Also that

Act No 11 fixing the terms of the

Circuit Courts had passed its

third reading.

Act No 6 appropriating \$58,600

for permanent settlements, to-

gether with Senator McCandless'

amendment inserting an annual

pension of \$5000 for the family of

Chas. L. Carter, came up on the

regular order of the day.

Senator Horner moved an amend-

ment that all matters relative to

pensions and permanent settle-

ments be deferred to the regular

session. The first vote was 5 for

and 5 against, the second vote

showed 7 for and 7 against, and

the chair voted in the affirmative.

The amendment was then car-

ried. Those voting for the amend-

ment were Senators Baldwin,

Hocking, Horner, Northrop, Mc-

Candless, Wright and Lyman.

The chair stated that the

amendment struck out the Kaiu-

lani item of \$4000. Senator Brown

appealed from the decision of the

chair. The chair was sustained

by a vote of 7 to 7.

The Attorney-General moved

to amend Section 1 by making the

amount \$54,600 instead of \$58,600.

Carried.

The bill as amended passed its

third reading by the following

vote:

Ayes—Lyman, Northrop, Not-

ley, Hocking, Baldwin, Horner,

McCandless, Schmidt, 8.

Noes—Kauhanu, Brown, Water-

house, Wright, Rice, Wilcox.

Senator Waterhouse's joint re-

solution regarding the liquor

traffic then came up.

Senator Brown argued that the

passage of the resolution was a

mere waste of time.

Senator Waterhouse said it was

brought in the interest of the ma-

jority of the community and that

it was not intended to bring up

any prohibition laws.

Sen. Baldwin said that the cor-

rection of the evil complained of

must begin in the homes of the

community. He was in favor of

the resolution on the ground that

if it did not accomplish any good

it would cost nothing and do no

harm. The resolution was adopt-

ed.

The Attorney-General introduc-

ed his act to encourage the cul-

tivation of canisgre and other

fibrous plants.

The bill exempts everything

connected with the cultivation of

the plants, the crops, mills, etc.,

from taxation for ten years.

The Minister of Finance gave

notice that he would introduce a

bill regarding a Labor Commis-

sion.

Under suspension of the rules

Senator McCandless presented the

report of the Military Committee

on the military bill. Tabled to

be considered with the bill, which

comes up tomorrow on the regular

order.

House bill 4, known as the cur-

rency bill, came up on its third

reading.

Minister Damon made a verbal

statement of the present actual

financial condition of the country

which received marked attention

from the Senate. From his state-

ment it would appear that on the

1st of July of last year, the coun-

try owed \$3,526,000 in bonded

and interest-bearing indebted-

ness, together with the bills for

April, May and June previously

amounting to \$59,000, making a

total of \$3,585,000. On the first

of July of this year the bonded in

debtedness was \$3,738,000, an

increase of \$211,000; the unpaid

bills for March, April, May and

June amounted to \$117,000, mak-

ing the gross indebtedness \$3,-

855,000 or \$270,000 more than it

was a year ago. Of this last

amount \$211,000 is bonded in-

debtedness. The cash on hand

on current account this year is

\$121,000 as against over \$230,000

last year. Eighty thousand dol-

lars of Postmaster-General's notes

have been paid off during the year

and the deposits have increased

\$21,000 over withdrawals during

the same period.

On motion the bill was referred

to a Special Committee consisting

of Senators Brown, Baldwin and

Wilcox.

The Attorney-General offered a

resolution that the matter of the

compensation of the Labor Com-

mission be referred to the Finance

Committee.

Senator Waterhouse moved to

amend by referring to the Com-

mittee on Commerce and Agri-

culture. The amendment was lost.

The resolution then passed as

offered.

On motion Senate bill No. 8,

appropriating \$102,728 80 for

supplementary appropriations

was taken up for the third reading.

Senator Lyman moved that an

item be inserted appropriating

\$1800 for telephonic communica-

tion between Pohoiki courthouse

and Hilo.

Senator Waterhouse moved the

matter be deferred to the next

session. Carried.

The bill passed its third reading

by a vote of 13 to 1, Senator

Brown voting no.

The Senate on motion then took

up the military bill. A discus-

sion at once ensued over the first

section which provides that the

band shall be made a part of the

military organization.

Senator Brown

Popular Topics of the Day.

This filibustering business is growing monotonous; the people who are engaged in manufacturing rumors should switch off and do something else or the government will lose confidence in them. Such reports do the country no good and we fail to see where the rumor makers are benefited—Hawaii does not seem to mind it much for things are as quiet and peaceful here as in a well-conducted grave-yard.

We believe we have quite the best stock of leather in Honolulu and it comprises besides sole leather the celebrated Speits light and heavy harness leather, and leather for saddles. The best of russett and red calf skins. Leather for carriage makers, colored lining skins and soft dash leather. All kinds of leather is higher today than it was two months ago; in some instances it has advanced as much as ten per cent, but as we were well stocked before the rise we can sell at the same old price and perhaps a little lower. We have a very complete stock of Shoe and Harness findings and tools for all kinds of leather work—the price of which is entirely satisfactory to all of our customers.

We have the goods and the prices will suit you.

IT IS TO BE "short horse soon carried" with this session of the Legislature, and it is probable that some important measures will be overlooked. The matter of inducing immigration from the United States is one that should have the attention of the members without much delay. The more people that are here permanently the better will be the business of every store keeper on the islands.

A good farmer is worth something to the store keeper who sells honest goods at low prices, that's us. We are offering ribbons all widths at prices that actually make us ashamed to tell you what they are. The coats of our rivals turn green with envy when they hear of them. We have them in every conceivable shade.

Our stock of underwear has never been equalled, much less excelled in either quality or price. It is absolutely the best at what you pay for a second or third class article. It was only by chance that we secured the stock of a well known dealer in San Francisco, (overstocked was his excuse for disposing of it), and as we got them far below the market value we are enabled to give you the benefit of our good luck. They're going rapidly, these suits, and you must speak quick if you want them.

If you are thinking about getting a riding or bicycle suit you had better look into our ladies, cloth and serges. The quality is right and so is the price. All shades and desirable widths.

"A CHIEF'S AMONG US,"

He Touches Up Honolulu in a San Francisco Periodical.

Chic, "a fortnightly journal of the period," published in San Francisco, has the following under the head "Hawaii" in its issue of June 22:

Except for the politicians (no small portion of the adult population), the past few weeks have been exceptionally dull for pleasure-seekers, or the small leisure class of Honolulu.

Functions more or less important of a semi-political character have been frequent, but it is sad that up to date no Hawaiian "after dinner" orator has developed. Various citizens guard reunions, and more or less substantial refreshments have so far kindled a lot of mutual admiration stuff, but not much of the conciliatory or the natural. There is a good deal of the opera bouffe in the political life of Hawaii, but only to the non-partisan observer such as Chic. One feels like asking: "Do you really mean it?"

These semi-political, semi-social reunions do not contrast favorably with the palace entertainments of bygone days. Three artistic elements are lacking—grace, music, song. British Commissioner A. G. S. Hayes is all right (by the way, no connection of your doughty club warrior of same name). He is a gentleman of polish, dignity, courage, and, of course, patriotism. All these qualities were displayed, on May 24th, the Queen's birthday. Had Victoria been there to witness the elegance with which her first appearance was commemorated, she would have been quite content to recognize the hospitality of her representative as above par and worthy of his station. There were many guests, and among them was a spirit of unity, notwithstanding the fact that a great many of them were Americans who had but recently been introduced to the atmosphere of royal occasions, and from many a pair of American lips came the expression: "Johnny Bull is not so bad after all."

In fact, English and Americans are on better terms here now, as a result of this little social affair, than they have been for many a long day past. The usual bogie rumor that Great Britain is reaching out for Hawaii is now more than ever in order. It only needs one more entertainment by Brother Hawes to do the trick.

New life, and increased popularity have been assured to the Bank of Bishop & Co., by its passing to the control of Mr. Damon. Some of you San Franciscans of the inner financial circles are acquainted with Mr. Charles R. Bishop, now Vice-President of the Bank of California, and founder of the local house referred to. He was its guiding hand for many years. As a conservative banker, Mr. Bishop's fame is more than local. No man has done more for the advancement, material and moral, of native Hawaiians than he. His late wife was the last of the Kamehameha stock. She declined the crown offered to her before the accession of Kalakaua. But above all, she was a woman endowed with a kind heart and blessed with a kind tongue. Some day I must tell you something of what this good woman did in her day, and what, from Beyond, she is doing for the native race today. The name should always be written in full—Bernice Pauahi Bishop.

Mr. Samuel M. Damon, who for a consideration of \$800,000 succeeds to the control and sole management of the Bank, is a native of the Islands, and of the much-abused, little-understood "missionary" stock. He is our Minister of Finance and, I doubt not, not only the ablest authority on financial matters in the country, but personally the most popular man. Why? He possesses that unique feature, a level head. He is what we call in the West with such meaning as no other adjective conveys, a "square" man. That you will ever see much of him on the Coast is doubtful. He loves his Island home, and its people, white and black. His departure would be a national calamity. SCUTAMI.

OBSERVATIONS.

Elsewhere the sporting fraternity will find the full text of the new game bill. It extends the close season, and all concerned had better make a note of the dates.

Kalakauna's scheme of a federated Polynesia was a noble one in contrast to the foolish acquisition of barren rocks and ocean fowl roosts which forms the imperial policy of the Republic.

Representative Robertson took a proper stand when he objected to having Senate bills railroaded through the House without full consideration. What is the use of having two legislative chambers, if one is not to be a check upon the other?

According to news given by the Advertiser, mysterious vessels had transactions between each other off the island of Kahoolawe, immediately after the revenue steamer Lehua left the locality. By this it would appear as if the "navy" was like the proverbial policeman, who shows his nose and billy around the corner whenever a row is over.

Since the publication of the original text of the Electric Railway bill was begun, the House has made some material amendments in it. Although the publication was undertaken by request, on the ground of the great importance of the measure to the community, the public has manifested a singular unconcern about the whole matter. Not a single letter has appeared in any newspaper regarding it. If silence gives consent, the public has passed the bill already.

By the casting vote of the chair, the pension to the ex-Crown Princess Kaiulani has been defeated in the Senate. As the Ministry strenuously supported the item, after having placed it in the Appropriation bill, the adverse vote amounts to a vote of want of confidence in the Cabinet. This does not require the resignation of the Ministers, however, under the irresponsible government established by the Constitution of the Republic. Nevertheless it is a direct snub to the Ministers.

It is incumbent upon the Board of Health to strictly investigate complaints against Government physicians, without regard to any personal considerations whatever. Whether in open or in secret session, let it be done. These subsidized physicians should not only be required to faithfully attend calls from indigent Hawaiians, but they should be restricted in their scale of fees to those who though poor are able and willing to pay something for treatment. Private information has been received of outrageous fees charged by a Government physician in one of the country districts.

After all that has been sent abroad, as well as affirmed at home, of the flourishing condition of Hawaiian finances, the Minister of Finance is constrained to

confess an alarming state of affairs. The country is steadily increasing its debt, according to the figures presented to the Senate by Mr. Damon today. It will not take long for this process to destroy confidence at home and credit abroad, and, with so much money being wasted on unproductive services, it would be better if the Government lost its credit both at home and abroad for a while.

A SERPENT IN PARADISE.

WHAT SOFT SOAP BREHAM SAW ON TANTALUS.

Was it Rattler or Cobra?—Where are the Mounted Police?—Call out the Citizens' Guard!

Nicholas Breham, commonly known as the "soft soap man," was a terribly excited man this afternoon. He is known by everybody, but now he knew nobody excepting officially. Mr. Breham took R. J. Greene, caretaker of the Executive building grounds, frantically by the sleeve and hurried him over to the office of Joseph Marsden, Commissioner of Agriculture, in the Judiciary building. A BULLETIN representative fell in with them on the way.

Mr. Marsden showed the visitors to seats, when Mr. Breham introduced himself as "only the soft soap man," but 51 years of age and ready to swear to the story he was going to relate.

"I was going up to Senator Schmidt's house on Mount Tantalus this forenoon with a load of goods," he said, "and when passing through the forest below the nursery I felt as if a tree was falling on me.

"Then my horse began to jump about and snort, and was afraid to go ahead. I looked down and what do you think I saw?"

"A SNAKE!" the soap man answered himself with awful emphasis.

"Hold on, now, just wait till I tell my story," was his reply to bantering cross-questions. "I know the length of a sixteen foot board, and I should say this snake was all of twenty feet long. Its color was a greenish bronze.

"I drove the horse across the road, and when I looked round the snake had disappeared."

Mr. Breham further stated that he told Forester Haughts of what he had seen and on returning from Mr. Schmidt's that gentleman accompanied him to the spot. The trail of the serpent was distinctly visible in and by the road.

Mr. Marsden will probably institute a search for the reptile, the first serpent ever seen farther inland than on the Pacific Mail wharf, except in a menagerie, in these islands. Possibly, if Mr. Breham was not under an optical illusion, this dread visitor is a fugitive from some menagerie that has visited Honolulu.

The British Cabinet.

The following is a full list of the new British Cabinet: Lord Salisbury, Prime Minister and Secretary of State for Foreign Affairs; Duke of Devonshire, Lord President of Council; Right Hon. Arthur J. Balfour, First Lord of the Treasury; Right Hon. Joseph Chamberlain, Secretary of State for the Colonies; Right Hon. Sir Michael Hicks-Beach, Chancellor of the Exchequer; and Right Hon. George J. Goschen, First Lord of the Admiralty; Lord Halsbury, Lord High Chancellor; Viscount Cross, Lord of the Privy Seal; Sir Henry James, Chancellor of the Duchy of Lancaster; Sir Matthew W. Ridley, Home Secretary; the Marquis of Lansdowne, Secretary of State for War; Lord George Francis Hamilton, Secretary of State for India; the Right Hon. Charles T. Ritchie, President of the Board of Trade; the Earl of Cadogan, Lord Lieutenant of Ireland; Lord Ashburne, Lord Chancellor of Ireland; Lord Balfour, Secretary for Scotland.

Timely Topics

July 8, 1895.

Now that the excitement of hearing the annual screeches of the great American and small Hawaiian eagles has died out and people have got tired of talking about the dressing down that the great Joe Cook received at the hands of Minister Willis and have settled down to their usual avocations again, it is time for us to do a little business ourselves. Not that we have not done any business during the last week by any means, for the contrary is the case. We have sold every Monarch bicycle we had on hand and have taken orders for as many more to arrive. We think that is a pretty good showing for an off week.

Chicago is a pretty nice village and San Francisco a fair second-class metropolis, but they are not in it with Honolulu either in climate, scenery, bicycles or pretty girls to ride them with or without bloomers. In proportion to the white population there are more bicycles in use in Honolulu today than in either of the above mentioned places, and yet the wheel craze is said to have cost California two million dollars so far this year. At least Chicago claims to have sold California bicycle dealers wheels to that amount. In this connection we might ask why the city of Chicago is like the Hawaiian Hardware Company? It is because when we make a claim we always substantiate it. We claimed that the Monarch was the best bicycle in existence and we have proved it to the satisfaction of all who have purchased of us. We have claimed to be the sole agents for the handling of these wheels in the Hawaiian islands. We had the documents to substantiate our assertion on exhibition at the time we made the claim and have received others by the last mail which puts the matter beyond the shadow of a doubt.

We expect a full line of Monarch bicycles by the Australia next week and in the meantime we shall be pleased to show the sample specimens we have left and take orders to arrive. We are always glad to have intending purchasers call on us, especially when they are of the tender sex.

PROPOSED SCHOOL TEST.

Bishop Willis Shows How It Will Work Injustice and May Become Tyrannous.

EDITOR BULLETIN:—Permit me in a few words to call the attention of the public to the "School Act" published by you last evening, so that they may judge whether they are prepared for its becoming law.

If it does become law (1) it will kill mission schools among the

Chinese, and (2) be a standing menace to Christian boarding schools like St. Louis and Iolani.

First, very rightly and properly the Chinese desire their children to be educated in their own language as well as in English. To meet this laudable wish St. Peter's school, for instance, maintains two teachers, one for English, the other for Chinese. The English teacher is engaged for the morning session, 9-12, the Chinese for the afternoon. Now, if the bill was satisfied with three hour's instruction in English, there would be no ground of complaint, and the purpose of the bill as stated in the preamble would be attained, for a Chinese child will learn more in three hours than children of other nationalities do in five. But to insist on four hours is to make a provision of which I can discover no other object but that of killing Chinese mission schools.

The second point I call attention to is the uncertain quantity of the power proposed to be vested in the Board of Education. Any school may at any moment be declared not to be a school in the eye of the law, by the issuing of a new code of rules by the Board of Education. The first section is so worded that either the Legislature or the Board may at any time make any rules they please touching the qualifications of teachers. It would be within the meaning of the act if the Board were to make rules excluding from approval all instructors who belonged to the Roman Catholic or Anglican churches. I do not say this is the intention of the bill. I only call attention to the enormous powers it will vest in the Board of Education, to interfere with the denominational schools of the country.

Granted that there is no intention to introduce the odium theologicum, and that it is not introduced, it remains that after withdrawing all aid from denominational schools, it is now proposed by our paternal government to exercise an authority over such schools, never exercised when government aid was given.

New
Process
Stove

F
R
E
E.

No lottery, raffle or game of chance, but a straight business proposition. Every person who purchases one of our New Process Stoves between THURSDAY MORNING, JUNE 27, and One o'clock WEDNESDAY, AUGUST 7, will be entitled to one guess as to how many of these stoves will be sold up to that time, it being then just five months since the first stove was purchased. The person guessing correctly, or coming nearest to the correct number, will receive at once a present in cash of the full amount paid for his stove; in case of two or more persons guessing the winning number, each shall make a further guess on the sales of the following week, one person thus finally receiving the prize. As the stoves will be sold at regular price, no one risks anything, only if you guess nearest to the right number your stove costs you nothing. The prize being simply an ad. for New Process Stoves. Seal your guess in an envelope and place your name and address on the inside, and some private mark on the outside. The envelopes will be carefully kept and no one but the guessers will know what is inside each until the date of opening. A correct list of stoves sold will be hung up before the opening of envelopes, which will be done at our store in the Waring Block, Fort and Beretania, at 1 p.m. on August 7, in the presence of stove purchasers and the public.

Little May Bentley is an accomplished elocutionist and natural born speaker of only 13 years of age. She is the only child temperance lecturer before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "C. I. Hood & Co., Lowell, Mass.:

"I heartily join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gatherings in the head. I was compelled to leave school upon the doctor's advice. He thought it was the only thing to save my life, but I

Continued to Grow Worse.

I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted ef-

fectively upon the blood and I began to improve. After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla."

MRS. AUG. DARROW.

WELLS, RICHARDSON & Co.,

Gentlemen:—I was very much run down, had no appetite at all, was very nervous, had no sleep night or day; to sum it all up, I was perfectly wretched. But thanks to Paine's Celery Compound I can now eat and sleep and work just as well as I could before I was taken sick. When I commenced taking the Compound I weighed 136 pounds; I now weigh 158 pounds and do all the work for my family of five. I have recommended the Compound to three families already and they are very much pleased with it. I am now taking my fifth bottle, and would recommend it to all who are suffering with stomach trouble or nervous trouble.

Yours respectfully,

SUBSIDY GRANTED TO NEW HOSPITAL AT WAIKOA, KAUAI.

Fifteen Lepers Ordered to Molokai—The Wailuku Trouble Discussed in Executive Session.

W. O. Smith, president of the Board of Health, took the chair at the weekly meeting of the Board of Health yesterday afternoon. With him were present Drs. Emerson, Day, Wood, Messrs. J. T. Waterhouse, T. F. Lansing and David Keliipio, members; C. B. Reynolds, executive officer; Chas. Wilcox, secretary; Senator H. P. Baldwin and Dr. Wayson.

The usual reports on the slaughter house and the Mitigation Act were received.

Matters connected with the difficulty between Dr. Armitage and certain people of Wailuku were, after some discussion, reserved for executive session.

A petition with 100 signatures was received from North Kona, praying for the removal of Dr. Lindley as Government physician, and the appointment of Dr. McWayne in his stead.

The president submitted a question as to the proceeds of effects of the late Rev. J. H. Pahio, a pastor at the settlement. They amounted to more than \$80 and were the subject of dispute among the heirs. The president suggested that if the parties could not agree among themselves, they would have to resort to the courts for administration of the estate. This was adopted.

A list of fifteen persons at the Kalihi receiving station, pronounced to be lepers by the full board of examiners, was read. It was ordered that they be sent to Molokai.

Mr. Baldwin had spoken to the president about a hospital that had been erected by private subscription at Waimea, Kauai. There was a debt of \$6000 against the hospital, and its promoter desired some Government assistance. Dr. Campbell, who was the moving spirit in the enterprise, held that it was a necessary institution. Mr. Baldwin now gave the Board full information regarding the hospital. The only other hospital on Kauai was at Koloa, but it was too distant to be of any use to Waimea.

Mr. Waterhouse moved that not more than \$500 a quarter be paid out of the Board's appropriations for the support of the Waimea hospital, on condition that it be in charge of the Government physician of the district and that indigent Hawaiians be treated free. Seconded and carried.

Dr. Emerson reported for the sanitary committee on the forms of registration for births, deaths, vaccinations, etc., submitted by Dr. Weddick. It was believed that the forms were rather complicated, but that some system of registration ought to be adopted. The committee wanted more time.

President Smith suggested that legislation on the subject should be effected at the regular session of the Legislature next year.

Mr. Reynolds reported a nuisance of which there had been complaint, in the storage of fertilizers in town. After discussion the matter was referred to the sanitary committee.

The president appointed Mr. Keliipio on the leper committee in place of Mr. Ena, resigned from the Board.

The Board then went into executive session.

It will not rub, scale or crack, nor will it soften with age or discolor.

It will not set in the mixing vessel, in fact it improves by standing a few days.

It can be used to good advantage over old whitewash without scraping.

IT DRIES OUT WHITE AFTER BEING WET.

It is cheaper than whitewash, durability considered.

It is supplied in barrels from 300 to 400 lbs., also in boxes of 100, 50 and 25 pounds.

OUTSIDE INDURINE!

This is for OUTSIDE Work, Such as Fences, Outbuildings and Laborers' Quarters. IN THE HIGHER COURTS.

Sundry Matters in First Circuit Court Chambers.

Judge Cooper yesterday issued an order confirming sale of real estate by Henry Smith, commissioner, in the case of Elizabeth K. Nahaolelua and others vs. Kaashu and others, and authorizing the execution of deeds to convey all of the right, title and interest of the parties in litigation. Johnson for plaintiffs; Stanley for defendants. Today Mr. Johnson filed a plea in bar for the plaintiffs, moving that the motion of the defendants to assess the value of improvements on the property may be dismissed, on the ground that the rights of the parties have already been determined by a decision of the Supreme Court.

Counsel having agreed that Puuueuueu vs. Keli, replevin, be reinstated on the docket, the case was heard by Judge Whiting and submitted without argument. Magoon for plaintiff; Castle for defendant.

The suit was for a poi pounder, and the Judge has decided that it is the property of the plaintiff. Judge Whiting has appointed Lupo Opio, w. guardian of Robert Lapaela Fuller, a minor, under \$200 bond.

Akina petitions for probate of the will of Akana, who left a general store at Kailua, Hawaii, valued a \$2000. The heirs are the widow and six young children. Onera vs. Ackerman was still on before Judge Cooper all of today.

Myrtle Club Election.

The Myrtle Boat Club elected the following officers last night: A. G. M. Robertson, president; David Crozier, vice-president; Wm. Harris, secretary; W. C. Parke, treasurer; Wm. Wright, auditor; A. W. Carter, Walter McBryde and Henry Giles, trustees; C. S. Crane, captain. The club is in a prosperous condition and is increasing in membership.

Having used Chamberlain's Cough Remedy in my family and found it to be a first-class article, I take pleasure in recommending it to my friends. J. T. Foster, Westport, Cal. For sale by all dealers. Benson, Smith & Co., Agents Hawaiian Islands.

SEQUAH'S

WORLD

RENOWNED REMEDIES.

To SEQUAH, Sir: I feel it my duty to inform you of the benefit I had derived from the use of your Remedies, Sequah's Cure and Oil. I have been troubled with Rheumatism ever since 1862 and since 1887. I have spent all I could earn in trying to cure myself but failed. I came to you in April unable to walk without the aid of sticks. The pains in my legs being fearful; I was treated by you in presence of several witnesses and received great relief. I continued the use of your remedies using only four bottles of Oil and two of the Cure, and now not only am I cured of the Rheumatism, but my limbs have become stronger, it is now nearly three months since receiving your treatment, and I feel alright. I was unable to work for 1 1/2 year (18 months) before coming to you, and I have now been at work for over five weeks past. I cannot find words to sufficiently thank you for the good your visit here has done me. I am yours gratefully,
