Wanted for New Schools for Present
Biennial Term.

Cost of Ten-Roomed Schoolhouses for This
City Discussed—Big Appropriation
to be Asked For.

"Is it true," asked Commissioner Bowen of Minister Cooper at the meeting of the Board of Education yesterday, "that one hundred children have been re-used admittance to the Fort street school this week?"

Minister Cooper—I have heard something to that effect.

Mr. Gibson—They have not exactly been turned away. Between 80 and 100 applications have been received and the children have been notified that they will be admitted as soon as room is made for them. There is no room at present and no prospect of any.

Minister Cooper—How about the other schools?

Mr. Gibson—Every school in the city is overcrowded. At Beretania street they are holding classes on the verandahs. There are, as near as I can tell, 323 children on the lists of the various schools for whom there is no accommodation.

Minister Cooper—This brings up very forcibly the necessity of new school buildings. Last session the Legislature appropriated \$32,000 for new buildings for two years for the whole of the islands. After discussing the matter informally in the Cabinet I had intended to ask for \$50,000 for this purpose this year, but I begin to realize that it will be necessary to spend nearly that much in this city alone.

Mr. Bowen—Why shouldn't we start in right now and adopt a broader policy about our new school buildings? The department needs larger appropriations. The hope of the Islands and their future is in the public schools of today. None of the improvements so far suggested come anywhere near to what they ought to be. Let us all think the matter over and broaden our views.

Minister Cooper—It was thought we were asking a good deal in raising the amount from \$32,000 to \$50,000.

Mr. Bowen—It is not enough. Here we have a compulsory school law requiring every child in the Islands between 6 and 15 years to attend school, and yet we have no schools for them to attend. As far as Honolulu is concerned, let it have a special school tax of its own if the Legislature can't find the necessary money.

Minister Cooper—It is coming to that. The matter of issuing school bonds has already been discussed in the Cabinet. At a recent meeting of the Board I obtained your consent to advertise for plans for two ten-roomed schoolhouses for this city. Be fore doing so I had procured a rough estimate from an architect of their probable cost. Here it is: "Wooden building, ten large class rooms, with necessary lavatories, etc., plastered inside and well painted, \$10,000.

"The same with rough brick, plastered inside and stuccoed, painted and sanded outside, \$15,500.

"The same, stone fronts and rough brick inside, \$20,000."

I am in favor of the rough brick plan, with stucco outside. Properly painted and sanded it will be almost indestructible. I do not feel justified in spending large

sums of money on wooden build-
ings, even in this climate. The
two school buildings we have de-
cided to be absolutely necessary
for this city will require about
\$30,000, according to this estimate.
This will leave only \$20,000 for the
islands, which is not enough.
Hence I have thought it best to
refer the matter to the Board
again before asking for plans.

Mr. Townsend—I find by look-
ing up the figures that California
in the last two years spent over \$1,
300,000 for new school buildings.
Taking the pro rata of children at
the same rate of expenditure we
should have spent about \$212,000
on new buildings during the last
biennial period instead of \$32,000.
Even if we spent \$100,000 we
should then be spending less
than one half California does at
the per capita rate of the children
attending schools.

Mr. Bowen—What's the matter
with asking for \$100,000 instead
of \$50,000. I feel sure the Legis-
lature would grant it if the situa-
tion was thoroughly understood.

Minister Cooper—It is not so
much the question of granting an
appropriation as in raising the
necessary money. Is it the desire
of the Board that I refer this mat-
ter to the Cabinet again and ask
for \$100,000?

Mr. Bowen—Most certainly, as
far as I am concerned.

The other members of the Board
agreed heartily with Mr. Bowen
and on that understanding Minis-
ter Cooper will again bring the
question before the Cabinet before
proceeding farther.

NEW I. L. S. N. OFFICE.

Will be Quite an Ornament to Lower
Queen Street.

It is now possible to see what
the new Inter-Island company's
office on Queen street will look
like. The building is of brick,
two stories, and has two apart-
ments down stairs. The one on
the Waikiki side will be used for
office purposes; the other for the
store of the company.

Upstairs will be a general
wareroom. It is a big place.
Mr. Eua says when his ships get
wet he will hang them out to dry
in this place. There will be a
street balcony from the upper
floor. Altogether the building
will be a very handsome one.

Mrs. Dole Will Go.

Mrs. Dole will accompany the
President as far as California,
where she will spend a few weeks
with friends. The President
stated this morning that the
length of his stay in Washington
would depend upon certain con-
tingencies there. He hopes to
return in about six weeks. The
party will sail tomorrow by the
Peru.

ize the Criterion Barber Shop.

The Pali Road.

Work of putting up posts for
the railing along the Pali road
began yesterday. It will be fin-
ished in a week, when the contract
will be completed. The road is
now in use and by Sunday a
buggy may get over it nicely. It
is compact and will last for years.

Three New Suits for the February Term—
A Supreme Court Judgment
Handed Down.

The Supreme Court has rendered a decision in the case of J. G. Serrao vs. Jose G. Ramos, J. R. Wilson, garnishee. The opinion, which is unanimous, is written by the Chief Justice and decides that the wages of an employee are not exempt from attachment under the garnishee process, even though the debtor [employee] has not a dwelling house worth over \$250. The case was appealed from the District Court of South Hilo. P. Neumann for plaintiff; G. F. Little for garnishee.

Judge Stanley this morning signed a decree authorizing the trustees of the Bishop Estate to sell the Molokai ranch on terms already given in this paper. Henry Smith is appointed a Commissioner to conduct the sale on the motion of the Trustees.

In the matter of the estate of P. G. Camarinos, special letters of administration have been granted to D. G. Camarinos, with bond fixed at \$2000. Paul Neumann for the petitioner.

In the equity suit of J. K. Sumner by his next friend Maria S. Davis vs. M. F. Crandall, P. D. Kellett, to whom was submitted as master the accounts of James A. King, receiver of the estate, has filed his report. The receipts aggregate \$598.72 and the disbursements \$2664.28; leaving a balance due the receiver of \$2064.51.

In the matter of the Estate of Simon Roth, deceased, Judge Stanley this morning appointed Cecil Brown temporary administrator, in the absence of Thomas Rain Walker, with bond fixed at \$100,000. Kinney & Ballou for petitioner, H. P. Roth.

Emilie Macfarlane has brought a suit in ejectment against Elizabeth K. Wilder and C. L. Wight, to quiet title to a certain parcel of land situate at Helumoa, Waikiki, containing an area of 2570 feet, to which plaintiff claims title by purchase. Plaintiff asks for the restitution of the property and \$300 damages. Cecil Brown and A. G. M. Robertson for the plaintiff.

E. C. Macfarlane has commenced a suit in assumpsit in the Supreme Court to recover the sum of \$184 from the Republic of Hawaii paid under protest for stamp duty on the deed of the Hawaiian hotel premises to plaintiff from the Minister of the Interior. In making the transfer Minister King refused to affix the necessary stamps and the plaintiff being in a hurry to obtain the deed did so under protest and now brings suit to recover. Kinney & Ballou for plaintiff.

John Hapa has commenced an action in ejectment against Robert W. Wilcox to recover the possession of a certain piece of land at Moanalua and \$200 damages for its detention. J. K. Kahookano and Enoch Johnson for plaintiff.

BENSON, SMITH & CO.

Great Drug House Incorporated—The
Board of Officers.

The incorporation of the drug house of Benson, Smith & Co., was effected too late yesterday for the news columns of this paper. Mr. Benson withdraws from the concern. George W. Smith becomes president and manager; J. H. Fisher is vice president; James A. Kennedy, secretary; S. L. Ramsay, treasurer; George F. McLeod, auditor. These gentlemen also constitute the board of directors.

Benson, Smith & Co., as a wholesale and retail drug establishment, has had a brilliant career. Three years ago the business was conducted in the small house occupied by Fairchild's shoe store and the rooms overhead. After the departure of S. Ehrlich from the corner of Fort and Hotel the firm moved there and opened out on quite extensive lines.

The business was conducted on the safest principles. Mr. Smith stuck to it almost night and day and worked it inch by inch up to its present magnitude. Money was made, and under the new arrangement the business starts forward with the most flattering prospects.

ADOPT A CONSTITUTION

Successful Meeting of Veteran Volunteer Firemen Last Night.

Everything Ready When Roll Book Has
Been Prepared—List of the Charter
Members.

Following is a list of the charter members of "The Veteran Volunteer Firemen's Association," the preliminaries of whose organization were effected at a meeting last night. All but four of them were present: John Nott, J. A. Hassinger, C. B. Wilson, J. D. McVeigh, Henry Smith, J. H. Boyd, C. J. McCarthy, James Dodd, J. W. Macdonald, L. H. Dea, W. C. Weedon, W. W. Wright, F. Harrison, D. Logan, H. J. Nolte, J. I. Dowsett, W. F. Williams, H. E. McIntyre and J. Asch.

A draft of constitution, submitted by a committee formed at a previous meeting, was adopted with some amendments and filling of blanks. There is a preamble making mention of the "forty-one years of valuable and efficient work and honorable record," during which the Honolulu Fire Department, as a volunteer body, had existed up to its replacement by a paid brigade in 1893. Then the motives of forming this association are declared, followed by a resolution to organize it under the name already written. Article I. gives the objects, thus:

Article 1. The objects of this Association shall be: To render assistance to its members; to visit the sick; to render the last respects to the dead, providing funeral benefits or other assistance as may be deemed expedient and proper; and to preserve all property and documents of the former volunteer Fire Department, as well as of this Association, also relies of every description which may be considered of historical interest in connection with the said department.

The rest of the document pertains to the government of the association, and is written with a conciseness and directness that would make a good example for public lawmakers. Dues are \$2 for admission and 25 cents monthly, and assessments not to exceed a dollar a head are authorized in cases of necessity. Benefits are \$3 a week for illness and \$25 for funeral.

The meeting did its work expeditiously, getting through shortly after ten o'clock.

J. D. McVeigh, C. J. McCarthy and F. Harrison were appointed a committee to engross the constitution into a roll book. When they are finished with that work, Mr. Nott will call another meeting for permanent organization.

C. J. McCarthy, C. B. Wilson and J. W. Macdonald were appointed a committee to apply through the Fire Commissioners to the Minister of the Interior for a meeting place and depository of records and relics in the new Central fire station.

A vote of thanks was passed to the Chamber of Commerce for use of the room.

THE BOARD OF EDUCATION

High School Scholarships to be Open
to Competition.

Secretary Rodgers to Have an Assistant—All
Teachers Must Obtain Primary
Grade Certificates.

Minister Cooper presided at the
meeting of the Board of Educa-
tion yesterday afternoon, there
being present Commissioners
Alexander, Bowen and Jordan,
the Inspector-General and his
deputy.

The Committee on Teachers had
no recommendations to make, as
no meeting had been held since
last session.

Inspector-General Townsend
reported on matters at the Laupa-
hoehoe school, in which certain
charges had been made against
Principal Swain by Miss McKin-
ley, his assistant. The report
showed that in the long time
which has elapsed since the
charges were made Miss McKin-
ley had resigned and taken charge of a private
school which she now refused to
give up. As to charges against
Mr. Swain enough had been
proved to justify his admonish-
ment by the Board with the un-
derstanding that if the matters
complained of occurred again his
connection with the department
would end. On motion the re-
port was adopted and Inspector-
General Townsend appointed to
do the admonishing.

The matter of filling the vacan-
cy caused by Miss McKinley's
leaving was delegated to Mr.
Townsend with power to act.

The resignation of Miss Ethel
Mossman of the Kahului school
was read and accepted.

A letter in behalf of Miss Flora
Perry brought up the question
whether graduates of the Panahou
English course were required to
obtain first grade primary certi-
ficates before being eligible to ex-
aminations for the grammar grades.
After some discussion the Board
decided that all teachers must have
a first class primary certificate be-
fore applying for the grammar
grade. This rule to apply to the
High school and all others except
the Normal.

Application was made for a
High School scholarship for a
girl whose mother is not able to
pay tuition fees.

Minister Cooper said he had
that matter under consideration.
The present system of charging
some of the High School pupils
for tuition and allowing others to
obtain the same free was very un-
satisfactory. He had been trying
to evolve some plan which would
suit all and had come to the con-
clusion that High School scholar-
ships should be given out free
after open competition. As it
was children were twitted on their
poverty by others whose parents
were better off. If scholarships
were given as reward of merit
nothing of this kind would hap-
pen. He would be glad if the ap-
plication was withdrawn until he
had more time to bring the matter
up in definite shape.

Commissioner Bowen—Is there
any chance of getting
things down to a basis where
everything would be free?

Minister Cooper—No, not yet.
Mr. Bowen—Is there any other
Republic that charges for tuition
in the public schools?

Mr. Gibson—Yes, some of the
Southern States charge High
School fees.

Mr. Bowen—I hope there will
soon be an end to it here.

Commissioner Bowen next asked
if in formulating his plan for
having inspectors on each island,
the Minister had thought of the
extra work entailed on the secre-
tary's office.

Minister Cooper replied that the
matter had been considered and
an assistant secretary was part of
the program.

On the suggestion of Inspector
Townsend the teaching force of the
Waialua school was cut down
from three to two, one of the Wai-
luku teachers to take the Waikapu
school and the present teacher of
Waikapu to be transferred to the
vacancy at Kahului. This was
the best that could be done at
present, although Mr. Townsend re-
gretted having to cut down the
number of teachers at Waialua.

THE BOARD OF EDUCATION.

Continued from Second Page.

The resignation of Clive Gibson
as a teacher of the Reform school
was accepted and C. E. Copeland
appointed to fill the vacancy at a
salary of \$75 per month.

Miss Maggie Davidson of the
Manoa school applied for a better
position, and her application was
placed on file.

A communication from Rev. S.
H. Davis offering \$25 for a cer-
tain lot of school land at Napoo-
poo, South Kona, said to be value-
less for agricultural purposes,
was read, together with a letter
from Land Agent Brown stating
that the land was school property
and suggesting that it was worth
much more than offered. He
recommended that the property,
which consisted of three lots, be
offered at public auction at the up-
set price of \$25 each for Lots A
and B and \$35 for Lot C.

Inspector Townsend said he was
under the impression that the
land was planted to pineapples.
At any rate it was worth more
than offered.

Land Agent Brown's sugges-
tion as to the land was adopted.
Mr. Hiltz, the new drawing
teacher, who was present by in-
vitation, then gave an outline of
the course of study he wished
carried out in his department,
which included more attention
being paid to mechanical and
useful drawing than heretofore.
The Board then adjourned.

EVENING BULLETIN.

A. V. GRAY, Publisher and Proprietor
DANIEL LOGAN, Editor
C. A. PETERSON, Manager

FRIDAY, JAN. 7, 1898.

"Free schools from top to bottom," is Commissioner Bowen's slogan. More power to his elbow.

"Better late than never," is an old saw applicable to the organization, at this date, of the veteran volunteer firemen. Had the various companies at disbandment taken the advice of many of the members, a very substantial nucleus for the treasury would have been husbanded then. Instead, there was a general distribution that did nobody any good. The old volunteer brigade truly had made a grand record of saving property and being always in readiness to run with the machine at the tap of the bell. Most prominent citizens of the olden time were identified with the Honolulu Fire Department of noble memory.

Hawaii's achievements and steady progress in the matter of public education is known and read of all men interested in the general advancement of peoples and nations. It will not do to have the country's good fame in this regard diminished for lack of the "sinews of war." The educational establishment must receive the most liberal treatment in reason from the coming Legislature. It is one of the cardinal points in the platform of the party that practically monopolized the recent elections for Representatives. Therefore, upon the general proposition, there is no room for argument. Discussion is limited simply to the degree of liberality. The amount that the Commissioners deem necessary for badly needed new buildings—one hundred thousand dollars—they easily demonstrate is none too much. Let us have buildings that will be enduring monuments to the educational enterprise of the Republic, not makeshift sheds that before many years will eat up the interest of an immense capitalization for repairs.

HUNTING A MONKEY.

Thrilling Chase by Police and Others This Morning.

A vicious monkey has been on the rampage in the Arlington hotel grounds for the past two days. Yesterday he attacked a small native boy and this morning a little girl was severely bitten by the brute. A police officer was summoned and it was decided that the marauding simian should be shot.

The shooting and fun began simultaneously. At the first shot the monkey went over the fence and across the street with part of the police force armed to the teeth, many small boys, two or three men and a yellow dog hot on his trail. He made Lewis & Cooke's lumber yard his hiding place. After a search he was discovered ensconced on a pile of wood. The police lined up and executed a flank movement on him, the crowd of small boys being held in reserve.

The monkey escaped, however, and then the chagrin of the officers was plain to be seen. After an hour's chase the officers gave up the job and it is probable the detectives will be put on the case and an attempt made to capture the beast before it does any further damage.

Patrolman Lambert hit the beast with a parlor rifle bullet, breaking a leg. A policeman is waiting around with a lasso.

An Interesting Rumor.

A report comes from London that the material for the electric line of the Hawaiian Tramways Co. has been purchased and is being shipped. Nothing is known of the matter by Mr. Gilbert, acting manager. Manager Pain will shortly return from London.

THE FREE KINDERGARTENS.

Monthly Meeting of Supervisors and the Proceedings Thereat.

There was a large attendance of the ladies forming the Board of Supervisors of the Free Kindergartens Association in monthly session at Queen Emma hall this morning. Reports from the various kindergartens showed that matters are going on well. Recent rains had kept away many children, but also proved the need of the sanitary work conducted by Mrs. Hugh Thompson.

Miss Lawrence spoke in high praise of this sanitary work and the moral influence it was having on the children. They are trying more to keep themselves in a state of cleanliness. The monthly sum of \$15 was voted for expenses of the work. Donations to the work, of medicines and other material, were gratefully acknowledged as received from Benson, Smith & Co. and the Board of Health. Mrs. Thompson intends paying visits to more of the mothers' meetings. One of the Portuguese she attended proved so interesting that the mothers dispersed, when the time came, with evident reluctance. It was the sense of the meeting that this work was of the highest importance, and the ladies evinced great appreciation of the sacrifices being made by Mrs. Thompson.

Palama school was still growing, much to the ladies' delight. Reports of the success of the Christmas gatherings, at which the children gave presents to their parents, were received with much satisfaction. Many parents had attended the festivities. The Portuguese celebration was especially remarked as showing the good influence of a beautiful building on the children. Their behavior was especially exemplary.

Mrs. Jones spoke of the good results of mixed kindergartens—the beneficial reaction of different nationalities on each other.

"The Kindergarten Calendar" was produced, and respecting it votes of thanks were passed—to Frank L. Hoogs, for furnishing out of the Child Garden building; to Frank Davey, for photographic negatives, and to the Hawaiian Gazette Company, for exceedingly low printing charges.

Chairs for the Chinese kindergarten—the only one yet lacking them—made an anxious topic, but \$15 was collected at the meeting to supply them. There is \$21 more wanted and Mrs. Harriet Castle Coleman will receive contributions—sums however small gratefully accepted—toward the amount.

Just Like Gold Coin.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use. For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

Counter Motion to Dissolve Injunction Filed by Railroad Company.

The Supreme Court has handed down a decision in the appeal of defendants in Kanahale vs. F. M. Wakefield and G. F. Little. The point decided is that an action in assumpsit does not lie in favor of a party against an attorney for costs under the rule of court which provides that "attorneys shall be liable for costs of court incurred by their respective clients." The opinion is written by Justice Frear and is unanimous. Hitchcock and Wise for plaintiff; defendants in person.

Carl Schurz Smith was yesterday admitted to the practise of law in this Republic by the Supreme Court on production of a license to practise in the courts of the State of Illinois, certificates of good moral character and letters of recommendation. He has been granted letters of denization and has filed his oath as an attorney.

In the case of J. A. King, Minister of the Interior, vs. Oahu Railway and Land Company, defendants have filed a counter motion to dissolve the temporary injunction, heretofore granted to plaintiff. Kinney & Ballou for the motion.

The petition of Theo. H. Davies & Co. to have Mrs. Kate Trugloan and J. D. Trugloan adjudged bankrupts was heard before Judge Perry. Witnesses were examined and argument partly had, the case being continued till today. Cecil Brown for the petitioners; J. A. Magoon for respondents.
