## VERY WARM REPORT IN SENATE TO-DAY

Majority of Judiciary  
Committee Scores  
Dole and Frear.

ON MOTION OF C. BROWN  
REPORT LAID ON TABLE

Carter Presents a Minority Report—  
Russell Retires from Chair Until  
Monday—Kaine Takes His  
Place.

When the Senate met this forenoon, President Russell said that, at the request of the majority, he had consented to take the chair for a day. Now that the day had passed by, he would call the Vice President to the chair. Mr. Kaine then changed places with Mr. Russell. Mr. C. Brown asked Mr. Russell if he had not retired from the chair pending his motion to accept the resignation of the chair which was deferred to Monday. The answer was in the affirmative.

The following communication from the Secretary was received, read and placed on file for consideration on Monday:

Honolulu, H. L., Mar. 26, 1901.  
Sir:—Section 69 of an Act to provide a government for the Territory of Hawaii, approved the 30th day of April, A. D. 1899, provides, among other duties of the Secretary of the Territory, that "he shall within thirty days after the end of each session of the Legislature transmit to the President, the President of the Senate and the Speaker of the House of Representatives of the United States one copy each of the laws and journals of such session."

In order that I may comply with this section of the law, I respectfully request that the journal of the Senate from the beginning of the present session to the present date, duly certified by the President and the secretary, be transmitted to me as soon as possible and that thereafter the journal of each day's session, duly certified, be filed in my office as soon as the official copy can be prepared; and also that sufficient money be placed at my disposal for making the necessary copies of the same.

(Signed.) HENRY E. COOPER,  
Secretary of the Territory.

To Hon. Nicholas Russell,  
President of the Senate.  
Two communications from the House submitting House bills 15 and 40, the latter relating to the employment of minors in saloons, were read and, upon motion, passed their first reading. Another communication was to the effect that Senate bill 28, relating to G. A. R. badges, had been passed in third reading in the House. The communication was referred to the Military Committee and Mr. Crabbe.

The majority of the Judiciary Committee reported as follows:

Report of the Judiciary Committee on the message of the Governor in regard to the revision of the laws of the Territory of Hawaii.

The majority of the Judiciary Committee to whom was referred the Governor's message in regard to the revision of the laws of the Territory of Hawaii by Judge Walter F. Frear beg leave to report that said message has had their attentive consideration.

The majority of the committee beg further to report that the "request" made by the Governor to Judge Frear

that he prepare a revision of the Hawaiian laws as "affected" by the Organic Act, was an unwarranted assumption of authority on the part of the Governor in the opinion of the majority which should not be in any wise ratified or confirmed by the Legislature; the majority also deem it not improper to say that they have been surprised to learn from the Governor's message that Judge Frear should have prepared the revision of the laws in question upon the mere request of the Governor without legislative sanction or authority. It is customary in all of the United States as well as in the Territories for the revision or compilation of laws to be effected by a special act of the Legislature authorizing such revision or compilation to be made by a commission appointed for that purpose by either the Legislature or the Governor. This is the first instance in which an individual has been entrusted with enough to undertake a revision of the laws without prior legislative authority so to do. The majority beg to call attention to the fact that the Governor states in the message under consideration that "upon the approval" of the Organic Act he requested Judge Frear to prepare a revision of the law, etc., and it is singular indeed that the Governor should have failed to direct the attention of the Legislature to so important a matter in his first and general message, and it is equally singular that the Chief Justice (Judge Frear) should have preserved entire silence upon the matter in his report to the Legislature.

The appointment of Judge Frear to act with others as a commission to codify, revise or compile the laws as the case might be, is not without precedent, but the majority seriously question the propriety of assigning judges to such duties. The majority are of the opinion that the Chief Justice and the other judges can best serve the community by attending strictly to their judicial duties. The majority strenuously recommend that the Senate do not concur in the Governor's recommendations.

WM. WHITE,  
S. E. KAIUE.

Majority Judiciary Committee.  
The minority reported as follows: The minority of the Judiciary Committee to whom was referred the Governor's message in regard to revision of the laws of the Territory of Hawaii, beg to report, that

Whereas, there is a great public necessity for immediate revision of the laws of the Territory of Hawaii, owing to the very many changes caused by the superceding Organic Act and that as it would be a physical impossibility to prepare such a revision within the sixty days' session of the Legislature; therefore the voluntary extra work of Chief Justice Frear, done without certainty of compensation is a public service, prompted by patriotism and loyalty.

The minority of your committee see no usurpation of legislative authority by the Governor for you are at liberty to purchase the work done and submit it to a commission for revision and report during the session or leave the work to an entirely new commission for report at the next session, thus defraying the final publication.

Therefore, the minority recommends that the committee should inquire what the cost of the revision now nearly complete and if less than it can be done for by others that the work of Judge Frear be purchased and revised under supervision of your committee, translated and printed, as no work of more importance or of greater benefit to the public can be done.

G. R. CARTER,

Minority of Judiciary Committee.  
A long discussion followed these reports. Several motions were made. The motion to adopt the minority report was lost. Mr. C. Brown moved that the majority report be laid on the table. Seconded by Mr. Carter and carried. Senators Russell and Kaine voting with the Republicans. At 12 m. the Senate took a recess until 1:30 o'clock.

Miss Killeen's Easter Opening.

The display of fine hats at the Easter opening of M. Killeen & Co. on Hotel street, is an attraction that keeps a crowd of men and women at the windows all the day. Miss Killeen made her selections of patterns and styles from personal inspection of large stocks at San Francisco and has spread before her patrons an array of the finest creations known to the milliners art.

She shows some startling effects in light chiffon trimmed, turban and Tam o' Shanter effects. A bow of black velvet upon downy chiffon makes an effective contrast. The bright flowers and glittering tinsel is used more extensively than ever in trimmings for fine hats this spring. Miss Killeen has selected the best.

Besides new things in millinery, Miss Killeen has some astonishing novelties. The belts and gloves and ties and other feminine brie a brace all come from the best designers.

## NAILIMA PROPOSES NEW TAX MEASURE

Makes Provision for New  
County and Town  
Organization.

PRENDERGAST GIVES NOTICE  
OF SPECIAL TAX ON SUGAR

House Gets Through With Good Grist  
of Business—Robertson Proposes  
to Table Organic  
Act.

When the House convened this morning, the preliminary business was unusually short. Messages were received from the Senate announcing that Senate bills 39 and 16 had passed through the political channels for the third time in safety, and were now ready for the House.

Nailima introduced a bill which passed its first reading, entitled "An Act fixing a system of taxation for the Territory of Hawaii."

The act provided that the Territory should be divided into five taxation districts. The date of taxation to be November 1st; the assessment being taken on January 1st. One tax assessor for every county is to be elected every two years. Each tax assessor is to have deputies under him, who are to assist the assessor in all his work. The assessor was to have the right of inspecting any land, building, etc. The amount of assessment is to be settled by the Board of County Commissioners.

The general tax on county lots is to be 25 cents an acre. Leapers were to be exempt from taxes. City lots are to be taxed in proportion to their population. There is to be an inheritance tax of 10 per cent of whole estate when the heirs are in direct descent, and 25 per cent when the estate is left to strangers. Two and a half per cent tax is to be levied on stores, etc. Banks, etc., are to pay 2 per cent. Insurance companies are booked for 2 1/2 per cent. Electric light and gas companies are to be docked 4 per cent. Two per cent is to be collected on all rents, etc.

There is to be a Territorial and also a county board of tax control. The rest of the bill deals with the mode of procedure in making reports, etc.

Monsarratt gave notice that he intended to introduce a bill relating to the trespass of animals.

The House then passed to the unfinished business and as Senate bill 26 was on the spit at the close of yesterday's session, it was the first thing discussed.

Robertson stated that the bill was an instrument for the furthering of fraud, helping a man to escape his just debts. After considerable discussion, Robertson asked that the bill be referred to a committee, but his motion was lost, ayes 10, noes 14.

A vote to reconsider sections 2, 3, 4, and 5 of the bill was finally carried after several challenges.

The "referred to committee" ghost is not dead as yet, for it soon appeared on the horizon, when the reamending began. A motion to refer it to the

Judiciary Committee was knocked on the head after a hot fight.

A motion by Makekau to pass the bill on its second reading without any amendments, was passed.

Robertson now made a motion that the Legislature suspend the Organic Act and pass the bill on its third reading. The motion found hearty seconds.

House bill 38, relative to the compensation payable by property owners who should build on the proposed lines of street widening, came up for the third reading. The result was ayes 23, noes 2.

House bill 44, relating to the establishing of school libraries, came up for third reading. The bill finally passed, ayes 18, noes 8.

Senate bill 37, relative to the regulating of jurors' fees, was referred to the Judiciary Committee.

House bill 41, relating to the naming of streets, etc., in Honolulu, came up for second reading. The Public Land Committee advised that the bill pass. The report was adopted. The bill was then deferred until next Monday.

House bill 42, concerning the numbering of buildings, etc., in Honolulu, came up for second reading. The Public Land Committee advised that the bill pass in a slightly amended form. The report was finally adopted after a hard tussle. The bill was laid over until Monday.

Robertson introduced a memorial signed by all the leading business men in town, objecting to the passage of the exemption of personal property law. Referred to Judiciary Committee.

Prendergast said that he wanted to introduce a bill providing for a tax of \$10 on every ton of sugar raised in the Territory.

Emmelt gave notice of his intention to introduce a bill providing for the correct keeping and auditing of accounts.

The House then took a recess until 2 o'clock.

## WILL NOT PAY FOR ACT OF EMPLOYEES

Superintendent of Public Works McCandless has refused to help Captain Clapp of the Jakes Howes in the matter of the Feeless bill for getting the Howes out of the mud where the Eleu left her. As grounds for his refusal, the superintendent says that the department cannot be responsible for acts of its servants.

A well known shipping man said this morning:

"Under the harbor regulations the masters of vessels must take a harbor master in moving their ships. For this, a fee of \$2 is charged. While exacting this fee, the department refuses to be responsible for any damage done to the property of private parties while in charge of it. Several weeks ago, in moving the bark Gerard C. Tobey, about \$250 worth of damage was done her. The assistant harbormaster was in charge of her at the time. If the department refuses to be liable for the acts of its servants and compels masters of vessels to move under the direction of a harbormaster should damage ensue then there would be no recourse for the owner of the vessel but to pay the harbormaster's fee and also for any damage he may have done."

"With this ruling in mind who would be responsible for the stranding of a vessel in tow of the tug Eleu? If some day she should happen to pile a ship high and dry on the reef, could the owners of the vessel hope for damages?"

## HONOLULU BLUE BOOK AND WHAT IT PROPOSES

Mention of the fact in several of the papers here, that a number of gentlemen have well under way the compilation of data for the publication of what is to be known as "The Honolulu Blue Book," and the coupling in articles of the name of a New York society gentleman, as one of the promoters, has led to considerable discussion upon the subject, and more or less misapprehension.

In order to speak advisedly in the matter, a Bulletin reporter this morning called upon Mr. Emmett May, one of the gentlemen interested in the work, with a view to ascertaining the facts.

In answer to a question as to the scope and purpose of the proposed publication, Mr. May said:

"As is well known, every city of any pretensions in the States, has what is known as its 'Blue Book' or society directory. Nothing of the kind has ever been attempted here, and four of us, including myself, all residents of Honolulu, are of the opinion that the time is ripe for such a book here, and for some weeks have had the matter quietly under way."

"A considerable portion of the city has already been visited by Mr. Pierce, who has in charge the compilation of the names in the residence districts and he has met with much encouragement from those whom he has seen."

"He has found, however, that in the minds of many there is the mistaken impression, that the book is to include only the names of the ultra-society people. This is not true. It is our purpose to carefully compile the names of the leading reputable and respectable families and individuals of standing in the community, and this to include under proper headings, Hilo and the other islands, as well as Honolulu."

"From the courtesy shown us by the ladies thus far called upon, by the press and the business men with whom we have talked, and the encouragement we have received from all, we feel assured of the success of the venture."

## QUESTION OF REAL ESTATE VALUES

General Opinion is that  
the Upward Course  
Will Last.

J. A. MAGOON HAS  
MADE A CAREFUL STUDY

Promoters of Pacific Heights Says  
Money Supply Has More Influence  
Than Newspaper  
Controversy.

The level of real estate values in Honolulu continues to be a topic of discussion with business men and others interested in the material prosperity of the community.

J. A. Magoon said to a Bulletin reporter this morning: "I am satisfied that real estate values here have not reached their highest point by any means. When I first came to Honolulu to reside permanently I would often hear the remark that people had gone crazy over real estate values, and that prices had reached the point entirely beyond actual values. I have heard this statement made over and over again each year ever since."

Notwithstanding these pessimistic views the prices of real estate have constantly advanced. I believe it is not an exaggeration to say that the price of unimproved real estate has doubled in value every five years for the past fifteen years in Honolulu. When we come to consider the limited area and the needs of Honolulu, it is bound to further increase in value. "My idea is that Honolulu will be one of the very important cities of the world."

C. S. Desky refused to be interviewed on the subject, saying: "It is nonsensical to suppose that the level of real estate values can be fixed or determined by newspaper controversy. The principal reason why real estate does not change hands rapidly at the present time is because of the scarcity of money in Honolulu. As soon as normal conditions return, people will again invest in real property. Under normal conditions, properties recently offered for sale at auction would have moved much more briskly."

Oscar White, with E. O. Hall & Son, who owns a few pieces of real estate but has none for sale, said that he thinks that current real estate prices are based on real values. In the center of the business district values are figured on the earning capacity of the property. As far as outlying tracts are concerned, I think prevailing prices are not far from actual worth. I consider that the increase in values placed on real estate, during the past six or seven years has been normal. It has been in keeping with the growth of the city and the increase in population.

"I do not believe the introduction of rapid transit will cause much of an advance in the prices of suburban property. The choice lots may command advanced figures but in the main, I see no reason to expect a general rise in the value of outside lots in the near future."

Art League "At Home."

This is the night when the Literary Circle of the Kiloana Art League will give an "At Home" in the usual place. A large number of invitations have been issued and a large number of people is confidently expected, as people quite generally have heard what an excellent entertainment is in store.

Honolulu Masquerade Ball.

Costumes and dancers are now ready for the Honolulu masquerade ball evening. Dancing begins promptly at 8 o'clock, the unmasking following at 10:30 o'clock. A large crowd is expected.

THE PAKING HERE.

The big transport Paking arrived last night from San Francisco after a fast passage of 6 1/2 days. Although she did not leave the Golden Gate until the 22d inst., she had no communication with shore after the 20th as she left the wharf on that day for sea but was held in the stream waiting for the weather to moderate. She brought no mail and but few papers.

The Paking is making her first visit to this port. She is a sister ship of the Kintuck which was here a short time ago and is now due from Seattle. On the Paking are 111 army men and 750 horses. The commander of the vessel is Elliston Warral.

The Paking is owned by the China Mutual Steam Navigation Company of

London. She is a new boat 410 feet long, 48 feet beam and 27 feet draught. Her gross tonnage is 4447 and her net tonnage 2875. Her crew consists of 53 of whom 16 are European officers.

Private Contractors Passed.

Owing to the failure of any one to make tenders for the grading of Liliha street, the Road Department will begin the work itself next Monday. Fifty men and a large number of carts and wagons will be detailed for the job. It will be a long and hard piece of work, the cuts and fills at places being as much as ten feet. As soon as the grade is finished, property owners will be asked to put down curbing. The street will then be paved.

## QUEEN ENMA ESTATE

In the estate of Emma Kalekonani, the accounts of Bruce Cartwright, trustee under the will, as reported by Henry Smith, master, were approved this morning by Judge Humphreys. The master's report says: "In this estate, the whole income is devoted, first to certain annuitants named in the will and secondly to the Queen's Hospital and Albert K. Kunikake as residuary legatees." During the past year the Queen's Hospital received \$1335.27 and Kunikake, a like amount. Annuitants paid are as follows: Lucy Peabody, \$900; St. Andrew's School for girls, \$600; Mary Liwal, \$300; Grace Kahonili, \$300. According to the inventory, the assessed value of the real estate owned by the estate of the deceased Queen is \$73,900.

In the estate of J. K. Kahookano, the report of J. A. Thompson, master, was confirmed and the accounts of administrator approved.

In the estate of S. Kalakoli, Enoch Johnson was appointed administrator this morning, under bond of \$500.

The will of Gerardo J. Rocio was today admitted to probate and J. S. Anzevedo appointed executor under bond of \$1000.

In the estate of W. D. Hunt, an inventory of property was filed today by B. A. Hunt, executrix. The estate aggregates in value the sum of \$4550.

P. D. Kellett Jr., guardian of the property of C. Lundahl, an insane person and Bishop & Co., have submitted a case to the Supreme Court without action. It is set out that Lundahl on January 17, 1901, deposited with Bishop & Co., \$1000, for which he was issued a draft on the Bank of California for a like sum, in favor of Augusta Johansen. This draft was retained in the possession of Lundahl and is now in the hands of his guardian. Kellett presented the draft to Bishop & Co. for payment but was refused. Augusta Johansen has given notice to Bishop & Co. to pay the draft to no one but herself.

The questions asked the Supreme Court are: Has P. D. Kellett Jr. the right to recover possession of the money on tendering the draft to Bishop & Co? or has Augusta Johansen the right to possession of the draft and to payment on presenting it to the Bank of California?

The case of the Rapid Transit and the Hawaiian Tramways Company occupied the Supreme Court this morning and will continue at the afternoon session.

Monday, April 1, has been set as the day for taking the deposition of R. H. Fowler, in the case of George W. Macfarlane vs. Robert Canton.

Petition for the appointment of James E. Jaeger as trustee for Julia English, in place of A. Jaeger, deceased, was filed today.

There was a big drunken melee in one of the down town saloons last night which resulted in a mix-up of British tars, American soldiers, citizens and policemen. At one time, there were in the neighborhood of thirty men engaged in the exciting pastime of trying to crack one another's pates. Several arrests were made by the police officers, although they were frequently threatened with annihilation by the whiskey befuddled gathering.

#### "THE ANGLE LAMP"

THE LIGHT THAT NEVER FAILS.  
 It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but, beside being infinitely cheaper, it is more brilliant and more reliable to the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the idea light for every standpoint. We carry these lamps from \$1.00 up.

## THE MAKIKI CRUSHER AT THE RACE TRACK

READY FOR ACCEPTANCE  
 BY ROAD DEPARTMENT

When Started Will Change the Face of Things on the Streets in the Makiki District.

An inspection of the new rock crusher at Makiki gives the impression that the \$10,000 spent by the Department for this plant was an excellent investment. The machinery is all in place and steam has been turned on. A few tons of rock have been pulverized, and now with the tightening of a few screws and the removal of a kink or two in the cable all will be ready for grinding.

The plant will turn out 150 yards of crushed stone daily. This will be used in macadamizing the various streets in the Makiki district, which have been patiently waiting the completion of the crusher. The road leading from the plant to Pensacola street will be macadamized first. Then the heavy material can be hauled easily down a slight grade to the streets of the city.

The plant is equipped with a 50-horse boiler and a 40-horse engine. Five men will manage the whole institution when it is completed. It is situated on the Ewa bank of a branch of Makiki stream, on the country side of Punchbowl hill. Across the stream there are acres and acres of land which produce fabulous quantities of rock of the best quality. Burley drills and sledges and picks have pulverized the ledge, and a little elevated cable road, equipped with three cars, transports the stone to the hungry hopper of the mill.

The mill eats four tons of rock at a mouthful and sorts it into four sizes, depositing each grade in a bin, convenient for loading into wagons. The streets in that quarter of the city have been put into a condition of complete readiness for the layer of macadam. The property owners have been prompt in putting down curbing and many of them have parked their frontage and laid smooth cement sidewalks. Mr. Campbell will make Keamoku street a model. He has had his own way on this street and believes he will show the proper thing in gutters, grades, slopes, etc.

At the other end of town the Asylum crusher is turning out 150 yards of rock, which is going onto King street.

### WITH JAPAN.

There were a large number of people present at Mrs. F. J. Lowrey's last night, to spend an "Evening with Japanese Curios." Mrs. Lowrey showed the guests her excellent collection of curios, explaining their varied uses and histories in a manner which left nothing to be desired. Mrs. Stockbridge lectured on Japanese ceramic art, and Mrs. H. E. Coleman spoke of the girls' home to be instituted by the Young Women's Christian Association. Refreshments were then served.

MANY HORSES WORKING  
 OUT IN GOOD FORM

Waldo J. and Violin Doing Good Work—McKenzie Expected from Hilo with a Lot of Harness and Running Horses.

The track at Kapiolani Park has a particularly busy appearance for this slow time of the year. About a dozen horses are at the track and are being trained with considerable care.

Quinn had Waldorf out yesterday and gave him a good running. The "White Ghost" is in fine trim, and worked along in thirty without turning a hair.

John D. an unknown, is doing well for this time of year. Nothing is known of John D's past records, but it is whispered about among the local sports, that the horse has worked a quarter in :28.

Larry Dee has a bery of good ones on the track. Artie W. is doing well, while Albert M. is as good as ever, and is fast rounding into shape.

Octoroon is working out in good form, and is making an attempt to decrease the great amount of superfluous flesh. So far the fat has been coming off quite rapidly, and by June the animal will undoubtedly be in fine fettle.

Bonnie Judd is working out a good set of stars.

Wayboy and Faro Bank are both showing good form, but at this early stage of the game it is almost impossible to predict what their future time will be.

Irish Lassie is as good as ever and shows signs of giving the best of them a rub.

Violin is doing the distance in first class style, coming to the wire in 2:32 the other day without any trouble.

McKenzie is expected down from Hilo in a week or so with a crowd of good racers, and with his arrival training will begin in good earnest.

As an agent to divert capital away from Hawaii, the Advertiser is a large success. Still the Advertiser always has its price when approached on any nefarious scheme and perhaps ought not to be taken too seriously.

Now that an experiment station is to be established under the administration of the Federal Government, the small farmer will be given some attention. This phase of work was of absolutely no account to the Republic of Hawaii. It's the individuals and the struggling poorer people that Uncle Sam always looks after first.

Court officers in San Francisco are now engaged in the peculiar task of determining who died first. Consul Wildman or his wife. This arises through the terms of the wills of the late Mr. Wildman and his wife. The relatives of both have applied for letters of administration and their status depends on whether Mrs. Wildman still lived when her husband expired. It would indeed be remarkable if this point could be determined. Under the circumstances the wise decision would be that their lamp of life went out at the same time in a struggle to save each other and the children they loved.

## THAT "RUSH" TO HAWAII

The Advertiser still maintains that its discovery of a "rush" to Honolulu following annexation is the real thing and thus defines its find:

"When steamers came crowded and high-priced hotels and boarding houses were congested and Honolulu was building up in all directions, that meant a 'rush.'"

That did mean a rush did it? From the previous statement of the Morning Organ it would appear that this rush was of the same order of that experienced in San Diego and other western cities where people poured into the towns by trainloads, all looking for something they didn't have, a home, or else hoping to better their conditions although they had nothing positive in sight previous to their migration.

So far as crowded steamers are concerned the only ones known to be appreciably crowded were those bringing laborers, the army transports and the liner having the Shriners on board. This was not a "rush" population so far as it relates to the real estate market.

Boarding houses were full to overflowing and are at the present time and our contemporary might also reassert with absolute truth what was published by the Bulletin, that real estate men and those not in the business are receiving repeated and urgent requests for rentals which they cannot supply. This population that fills the homes and the boarding houses is a legitimate population drawn here by increased legitimate business in this city and throughout the islands. It is not a floating or a speculative population. It costs money to float to Honolulu and the floaters take other lines of travel where walking is good or freight trains furnish a possible though precarious free ride. It is not a speculative population since the business community having had one experience with the inflation of stock values is holding down the market. Money cannot be obtained from banks or estates for speculative purposes. These sources of money supply demand a knowledge of the exact purpose for which loans are to be used.

Since these keen eyed watchmen of public money as well as their own have failed to find the "rush" dug up by the Advertiser, and since there is nothing more to indicate an inflation of real estate values other than the desire of a few individuals to buy at lower figures in order to make a larger profit through the assured growth of the city. It is at once apparent that the Advertiser's contention is not only supremely foolish but utterly without a single foundation of fact.

Until such time as the forces of nature cast up additional land space on the island of Oahu or smooth off a good number of its mountain ridges to make them available as home sites; until such time as the business interests of Hawaii pass over to the demerit bonhomies and labor finds no remunerative employment in the field or office; until that time arrives there will be no honest occasion for the reduction of real estate values. When it does arrive the Advertiser will be privileged to howl with ghoulish glee, "the rush was not a bilious dream."

## A GOOD THING.

The people of Honolulu may be depended upon to appreciate a good thing when they see it.

This is evidenced by the interest manifested in the superb "Bird's Eye View of Honolulu" lately made and published by KING BROS.

With a view to making larger and better photos of Hawaiian subjects, this enterprising firm has been experimenting long new lines for the past year with most gratifying results.

A feature of these productions is the beautiful cloud effects, which, it will be noticed, do not rob the landscape of any of its values. This was one of the hardest problems of all to solve, as anyone versed in photography will appreciate.

Owing to the unusual size of these pictures (7x30) no paper on which to print it can be procured short of the factory, which fact causes the delay in filling orders. It is hoped, however, that the steamer of the 30th inst. will bring a fresh supply.

ALFRED WILLIS.

Honolulu, March 29, 1901.  
OFFICIAL NOTICE.  
The admission of the Hawaiian Islands

as a Territory of the United States calls for one or two changes in the Book of Common Prayer. The order issued on August 9, 1898, is accordingly rescinded, and authority is given by the Bishop for the following alterations:

1-In the order for the Holy Communion:

(a) Omit the Collect for the Queen.

(b) In the prayer "for the whole state of Christ's Church," the clause beginning, "We beseech Thee," to be read as follows: "We beseech Thee also to save and defend all Christian Kings, Princes, and Governors; and specially Thy servant the President of the United States; that under him we may be godly and quietly governed; and grant to all that are put in authority under him."

2-In the order for Morning and Evening Prayer:

(a) For the versicle, "O Lord, save the Queen," to read, "O Lord, save the State."

(b) At Morning Prayer, when the Litany is not said, and at Evening Prayer to use the following:

A Prayer for the President of the United States and all in Civil Authority.

O Lord, our heavenly Father, the high and mighty Ruler of the universe, who dost from Thy throne behold all the dwellers upon earth: Most heartily we beseech The with Thy favour to behold and bless Thy servant the President of the United States, the Governor of this Territory, and all others in authority; and so replenish them with the grace of Thy Holy Spirit, that they may always incline to Thy will, and walk in Thy way. Endue them plentifully with heavenly gifts: grant them in health and prosperity long to live; and finally after this life, to attain everlasting joy and felicity; through Jesus Christ our Lord. Amen.

Or.

Almighty God, whose kingdom is everlasting and power infinite: Have mercy upon this whole land; and so rule the hearts of Thy servants, the President of the United States, the Governor of this Territory, and all others in authority, that they, knowing whose ministers they are, may above all things seek Thy honour and glory; and that we and all the People, duly considering whose authority they bear, may faithfully and obediently honour them, in Thee, and for Thee, according to Thy blessed Word and ordinance; through Jesus Christ our Lord, who with Thee and the Holy Ghost liveth and reigneth ever, one God, world without end. Amen.

3-In the Litany:

(a) Between the intercession for the "Holy Church Universal," and that for "Bishops, Priests, and Deacons" to use the following:

"That it may please Thee to bless and preserve the President of the United States, the Governor of this Territory, and all Christian Kings, Princes, and Governors."

(b) Omit intercession for "the Lords of the Council."

## Japanese Benevolent Society.

The semi-annual meeting of the Japanese Benevolent Society was held last evening at the Japanese Primary school on Nuuanu street.

The report of the management of the Japanese Charity Hospital for the six months past showed that 174 patients had been treated. During this time 31 deaths occurred. Cash receipts from all sources amounted to \$472.36; expenditures, \$461.63. Only 25 cases were charity patients.

The Benevolent Society reported receipts of \$328.73, and disbursements of \$298.95.

The condition of the detention camp under the management of the society was reported to be first class.

## The Peking's Pilikia.

According to San Francisco papers the City of Peking will be late in arriving here. It is said that on account of a crack in her tail shaft the steamer will be late. When she was last here her propeller was loose and it is probable that for that reason she has been docked. She made a slow trip to San Francisco as her officers were afraid they would lose the use of the propeller entirely.

The steamer Noeau from Kauai arrived late last night. She brought as passengers Dr. Sandow and Mr. Olmstead. Castle & Cooke 1680 bags sugar and for H. Waterhouse 1500 bags of sugar and 500 bags rice.

## THE CIGARETTE.

I'm a modest cigarette,  
Just a little thing, and yet  
They  
Hold me up  
To the indignation  
Of the world,  
As a crime  
Unwhipt of justice!  
And they punch me in the slats  
Cause the nice young man in spats  
Treads  
The primrose path  
Of dalliance  
With me  
Breathing  
My lotus loving fragrance  
Through his immature  
Lungs and  
Lights and  
Liver,  
And congesting  
His delicate mucous membrane  
And his sensitive bronchial tissues  
With my inhalations;  
Which is not my fault of course,  
When he coughs and shows up hoarse,  
Because  
If he smokes me  
It is my bounden duty  
To return the compliment  
By smoking him.

Then they slug me without ruse,  
Saying I corrupt the youth  
Of the lovely and the highly kind  
the same,  
And they say I have a smell  
Which is something worse than—well,  
I'm not bad enough to mention  
such a name.

Furthermore,  
I am charged with  
High crimes and misdemeanors,  
From color-blindness  
To locomotor ataxia,  
From pipes  
To paresis,  
And they jump on me like sin,  
And they call the lawyers in;  
But, darn it all,  
I ain't to blame,  
Am I?

They don't have to  
Smoke me  
Unless they want to,  
Do they?  
Confound them,  
They begin it,  
Don't they?

I'm a little cigarette,  
Very little, and I'll let  
Them alone  
If they'll  
Let me alone;  
But  
If they fire me up, you bet  
They will find a cigarette,  
In the course of time will get  
The best of them—and yet  
It is not the cigarette  
That  
Is raising  
All the row.  
Is it? —William J. Lampton.

Do they?  
Confound them,  
They begin it,  
Don't they?

I'm a little cigarette,  
Very little, and I'll let  
Them alone  
If they'll  
Let me alone;  
But  
If they fire me up, you bet  
They will find a cigarette,  
In the course of time will get  
The best of them—and yet

# LABOR ON PUBLIC WORKS OF HAWAII

## Provisions of Senate Bill 25 and Senate Opinions.

### AMENDMENT BY C. BROWN WHICH WAS REJECTED

Discussion Monday Will be Watched  
for With Interest—Senate  
Unanimous as to Spirit  
of Bill.

One of the shortest and yet one of  
the most important bills before the  
Legislature during the present session is  
Act 52 of the Senate which prohibits  
the employment of any person not a  
duly qualified voter of the Territory of  
Hawaii, as a laborer upon any public  
work of the Territory. Section 1 reads  
as follows:

"From and after the passage of this  
Act, no person who is not a qualified  
voter of the Territory of Hawaii shall  
be employed as a laborer upon any  
public work of any kind, manner or  
description whatsoever which may be  
carried on by the Territory of Hawaii  
or by any of its officers, servants or  
agents, or by any contractor under and  
with the Territory of Hawaii; and it  
shall be a distinct and express condi-  
tion of every contract whether oral or  
written entered into by any person  
with the Territory of Hawaii for the  
performance of any work whatever of  
a public nature or character that he  
will not violate any of the provisions  
of this Act.

Section 3 provides, for a violation of  
the proposed statute, a fine not ex-  
ceeding \$500 nor less than \$100 or im-  
prisonment at hard labor for a term  
not less than one nor more than four  
months and, upon conviction for the  
second offense, a fine of not less than  
\$250 nor more than \$1000 or imprison-  
ment at hard labor for a term not less  
than two months nor more than eight  
months. There is also a provision call-  
ing for the expulsion of a public officer  
for violation of the proposed statute.

The consideration of the bill in third  
reading was taken up in the Senate  
yesterday and a long discussion follow-  
ed. The majority was of the opinion  
that the bill should pass as read but  
the minority gave the opinion that  
the bill was too sweeping. The minor-  
ity principal point which was strong-  
ly brought out by Mr. Cecil Brown,  
may be found summed up in the follow-  
ing amendment to the very last part of  
section 1 which he offered and which  
failed of adoption:

"Provided, however, that this Act  
shall not apply in such places or dis-  
tricts in the Territory of Hawaii where  
it is impossible to obtain sufficient or  
necessary labor to carry on the public  
works or improvements, being carried  
on therein."

A compromise was finally effected in  
that the consideration of the bill was  
deferred until Monday and a special  
committee with Senator Kalaupokalani  
at the head, was appointed.

Referring again to the amendment of  
Mr. Cecil Brown, it may be said that  
the consensus of opinion of men from  
the far-off country districts is to the  
effect that the Act, if it passes in its  
present form will have the effect  
of cutting off public work where it is  
most needed in the country districts.

Mr. Paris, who is from Kona and  
who for many years has been a legisla-  
tor in favor of good measures for the  
country, while heartily in favor of the  
spirit of the bill, is nevertheless of the  
same mind as Mr. Cecil Brown. He  
says that in some of the country dis-  
tricts and particularly on the Big Is-  
land, enough citizens of the Territory  
could not be found to carry on road or  
other public work with any degree of  
expedient.

If the bill passes in its present shape,  
a great hardship would result. A few  
men would be obtained to do the work  
—say on a new road—and the conse-  
quence would be that there would be a  
delay which would not only set back  
the work but which, in the very nature  
of circumstances, would result in  
great loss of money to the government.  
In this connection, it is a well known  
fact that stress of weather acts more  
disastrously on a semi-completed road  
than on one that has received the  
finishing touches.

The majority, on the other hand,  
feels that, by putting in a qualifying  
clause providing for the employment  
of other than American citizens on the  
public works, there will be a tendency  
on the part of corrupt minor officials  
to take advantage of such a state of af-  
fairs in ways known to people who  
work from dishonest motives.

Further, the majority feels that  
something radical must be done to pre-  
vent young and susceptible natives  
from coming to the city where sin and  
corruption lurk in waiting. The good,  
bracing air of the country is thought  
by them to be far superior to the evil  
influences of the city where the inno-  
cent are waylaid.

The discussion on the bill next Mon-  
day will be looked forward to with a  
great deal of interest. The Senators  
are now studying the matter carefully.

# The Princess and Her Cupid Play

Rosy and dimpled, with "eyes the re-  
flection of heaven's own blue," a little  
girl in a white dress is waiting on the  
plaza of a summer cottage.

Miss Lawrence came out, saying:  
"Are you ready, Dorothy?"

"Please, ma'am, I'm not Dorothy;  
I'm the Princess Curly-locks, beaten  
by my cruel stepmother and turned out  
of doors."

Miss Lawrence laughed. "I hope  
when you go to school you will remem-  
ber your lessons as well as you do fairy  
stories."

When near the hotel, they  
were met by two ladies, one quite eld-  
erly, going to call on Grandma Hask-  
ins. Miss Lawrence turned back with  
them, thinking Dorothy was following;  
but the "Princess" had decided to  
make the most of her liberty.

Two vacant chairs stood at the end of  
the hotel piazza, and she walked up  
and seated herself in one of them. Im-  
mediately a tall man took the other  
chair, asking: "Are you the little girl  
that I saw just now walking with a  
lady dressed in blue?"

Dorothy, forgetting her fables, an-  
swered: "Yes, sir."

"Can you tell me where she is stay-  
ing, and is she still Miss Lawrence?"

By this time the Princess was her-  
self again. "She stays at my papa's  
house and she is my cruel step-  
mother."

He started, quickly. "Married! Oh,  
Belle!" he exclaimed.

"Yes, her name is Belle. How did  
you know it?" asked Dorothy.

"I knew her once, some time ago.  
Will you kindly take a note to her?"  
asked the gentleman, after a few mo-  
ment's silence.

"Certainly," replied Dorothy.

He entered the hotel, and soon re-  
appeared, giving the child a letter, and  
she was quickly out of sight.

"Seems to me," said she, softly, "it  
would be better to put this into the  
postoffice. Auntie Belle doesn't get  
many letters there, and it might please  
her."

So she stepped in and serenely drop-  
ped into the box a letter addressed to  
Mrs. John Haskins. Fortunately, the  
name was familiar to the clerk who  
picked up the letter, and thus it hap-  
pened to be brought into the cottage  
later in the day by the Rev. John him-  
self. His wife was puzzled by the con-  
tents:

"Dear Madame: I have just learned  
through your little stepdaughter of  
your marriage, and write to ask if I  
may call to offer my best wishes, and  
also to return two books of yours  
which I have with me. Yours sincerely,  
"ROBERT SINCLAIR."

"My wife has just received a letter  
from Robert Sinclair," said the min-  
ister, laughing.

"Robert Sinclair?" gasped Belle.

"Yes," and he looked at her keenly.  
"Can you explain the mystery?"

With trembling hand Belle took the  
letter. Tears filled her eyes as she saw  
the familiar writing. Just then Doroth-  
y rushed in.

"Have you got your letter, Auntie  
Belle? I thought you would be glad to  
have it come from the postoffice—but  
you are crying."

"Explain what you mean," said her  
papa, sternly, and then the Princess  
told about her fables.

The eyes of the Rev. John danced.  
"Come, Princess, let's go to the hotel  
and call on your new friend. He will  
be surprised when you introduce your

**Trustee of Carter Estate Asks.**  
J. O. Carter, trustee of the estate of  
H. A. Carter, filed a petition in court  
yesterday, asking for advice and in-  
struction.

The petition states that Sybil A. Car-  
ter on September 1, 1899, requested him  
to resign and again that on September  
28, 1899, he was requested by the same  
party to make a transfer of real estate.  
Carter states that he refused to com-  
ply with the request because he is un-  
certain as to his duties in the premises.  
He therefore seeks the advice and in-  
struction of the Judge of the First  
Circuit.

Delay in the treatment of bronchitis,  
which generally begins with a chill, hot  
feverish attacks and a feeling of ex-  
haustion, develops into very serious  
complications. PAIN-KILLER taken in  
hot water, as well as rubbing the chest  
with it clear, will speedily cure. Avoid  
substitutes, there is but one PAIN-KILLER,  
Ferry Davis', Price 25c. and 50c.

Take a ride on the Pacific Heights
