IN AN ANGRY SEA

Almost a Loss of Life on the Trip to Molokai.

WERE CAPSIZED IN THE SURF

Peril of Miss Carrol and Purser Guy Kelly—Natives Injured—An Unsatisfactory Voyage.

Late Friday evening, members of the Board of Health, accompanied by a number of physicians from the city, some trained nurses and a number of people on a visit to friends at the leper settlement and others, left for Molokai on the steamer Noeau. There were 52 passengers in all. The trip was a very smooth one and everything looked promising for a fine day at the settlement. It was not long before the calculations were all upset. The Noeau arrived at Kalaupapa at about 3 o'clock Saturday morning and at day-break it was noticed that there was a very heavy swell from the north and that the waves were breaking over the landing. The steamer was rolling and pitching and the members of the party who had stood the trials of the journey with great bravery up to that time, began to have thoughts of home and mother. Worse and worse came the swells, until it became absolutely necessary for a number to take to their berths.

At about 6 o'clock, a boat containing Chas. Wilcox, secretary of the Board of Health, and Geo. Brunns, went ashore. It could be seen from the steamer, that it would not be safe for another boat to venture ashore just at that time, so the Noeau steamed over to Waikolu, where Attorney General Smith and Deputy Marshal Hitchcock went ashore to take Chas. Wilcox aboard again. Then the steamer proceeded back to Kalaupapa. Things did not seem to have changed much during the interval, but toward noon, boats were gotten ready and those who wished it, taken ashore. This proceeding was not without a certain amount of danger. The native women who had gone up to see their friends, were warned of the danger of the undertaking, and told that they had better remain aboard ship. They would have very little time with their friends as it was. However, they were very obstinate and refusing to be put off, almost jumped into the boats, saying that if they were going to get killed it was all right. They would risk death to see their friends.

When most of the people had gotten off the steamer, Attorney General Smith went to see their friends. Deputy Marshal Hitchcock to accompany him. The latter refused, saying that the time was so short it would hardly pay to go ashore. However, after a while he changed his mind and calling a boat, started off. Just as the men were pulling away from the steamer, Mr. Hitchcock noticed a kamaaina standing on the wharf. He was motioning frantically for them to go back. Mr. Hitchcock had heard too much of the place to disregard the man's motions, and ordered the sailors to back water. This they did with a little hesitancy, deeming it perfectly safe to proceed. It was a matter of a very few seconds before there seemed to come out of the very sea itself, a couple of blind rollers, one on top of the other and in quick succession. They broke directly under the bow of the boat. Had they disregarded the kamaaina, they would have been capsized in an angry sea. When this danger was past, the man on the wharf beckoned to advance and the boat got ashore without further trouble.

Just before leaving the steamer, Mr. Hitchcock had asked Miss Carrol, a young trained nurse who went up to see some of the worst cases of leprosy, to go ashore. She replied that she was a little afraid to venture out, as she had a presentiment that in case she did, something would happen to her. It will be seen that her presentiment was not without meaning. It got along pretty well toward 2 o'clock when Captain Pederson and Purser Kelly decided to go ashore. They spoke to Miss Carrol and this time the young lady consented.

All went well until just before reaching the shore, when roller after roller came along and threw the boat to the right hand side of the wharf. The men lost control and the waves kept dashing over with great force, until there was great danger of being dashed to pieces on the rocks, close at hand.

Suddenly there was a wave higher and more fierce than the rest, and the boat went over. Captain Pederson and the crew managed to extricate themselves from the boat, but Miss Carrol and Purser Kelly were pinned underneath, as both were holding on with death-like grip, when the boat went over. Soon Kelly was seen to emerge from

under the boat, looking like a drowned rat. Upon being asked where Miss Carrol was, he replied that he did not know. By this time the natives were running about like wild people and crying out: "Auwe, ua make ka wahine haole." It did not seem to enter into the minds of any of them to try to right the boat. At about this time, Mr. Hitchcock and others had arrived near the place, and Captain Pederson had recovered himself. The boat was righted and Miss Carrol appeared. She did not seem in the least frightened, and upon being taken ashore, asked to be allowed to stand, protesting that she was perfectly able to do so. The men who saw the accident, say that if it had not been for the cool nerve shown by Miss Carrol, she must surely have perished. The water was shallow at the place where the boat capsized, and this enabled her to keep her head above the water, although under the boat. Then again, the waves subsided as the men were working at the boat, else it would have been an impossibility to right it.

Purser Kelly, very weak, got between two rocks and held himself there until the proper moment, when he came from under. It might be remarked here, that it was just a year ago this month that a similar accident happened at the same place. It was when Captain Thompson was master of the Ke Au Hou and Mr. Kelly purser. The steamer went to Molokai and a boat capsized and Kelly saved the life of the captain, who was not able to swim a stroke. It is stated that he has learned since that time.

Two of the sailors of the capsized boat were injured, one quite badly about the hip. The latter will be laid up for some time.

As to the visit to the settlement by the people taken up on the Noeau, there is not much to be said. It was impossible to land until toward noon. However, Attorney General Smith and one or two others made flying trip over to Kalawao, while the remainder of the party contented themselves with the sights they could see close at hand.

One mistake was made in the preparations for the trip, and that was the fact that the sailors aboard the Noeau, with the exception of one man, who has had two years' experience on the Mokohi, were men who have never been to Molokai before. They knew nothing about the landing, and had it not been for the kamaainas, who stood on the wharf and directed the movements of the boats, there might have been more accidents than there were. The one man who knew the place, took his boat in with the greatest of ease, and did not trouble himself a bit with the big swells, that seemed to turn up on every hand.

OFF FOR AMERICA.

Mr. and Mrs. Churchill Leave for Washington, D. C.

Ex-American Consul-General to Apia, Samoa and Mrs. Churchill, who left for Washington via Vancouver on the Aorangi yesterday afternoon, were met at the steamer by a large number of friends among whom were Consul-General and Mrs. Haywood, officers from the Baltimore and Bennington as well as people whom they met during their stay in Honolulu.

Mr. Churchill has been very anxious for the arrival of the Aorangi as his dispatches from Washington, received by the Coptic, were very urgent, calling for his immediate return. The delay here was not very pleasant under the circumstances.

On Sunday morning, Mr. Churchill, in company with Mr. Percy Smith, Surveyor General of New Zealand, both Polynesian students, visited the settlement of Gilbert Islanders on Liliha street and then called on some of the Samoans in the city. The latter were very much pleased to hear their language spoken by Mr. Churchill and showed considerable excitement when the latest news, political and otherwise, in Samoa, was related to them.

Mr. and Mrs. Churchill will be back in Honolulu in about ten months time.

Election In "A."

First Lieutenant Fetter and Second Lieutenant H. Klemme were elected again to their respective positions in Company A on Saturday evening. The results showed that the boys were well satisfied with the present allies to Captain Smith. Capt. John Schaefer, regimental adjutant presided at the election. After the ballots were counted there was a genuine Company A luan for a couple of hours. Following this there was an excursion to Waikiki and dancing and merrymaking to a late hour.

Trick Rider's Fate.

A boy, evidently inspired by the trick riding of "Tribby" Fowler, attempted to follow the ways of this young master of the art at Emma Square, Saturday afternoon, during the progress of the concert by the band. It was while the fellow had thrown one leg up over the handle bar and was in the act of unnecessarily pulling his hat on tighter to show the people his hands were not on the bars that he just tapped him on the shoulder. The would-be trick rider's last act was his shaking hands with the fence. The exhibition was over.

"SECOND COMING"

Subject of a Sermon By Rev. T. D. Garvin.

SAYS NO ONE KNOWS WHEN

All Should Be Ready for the Judgment—Thanksgiving Service at Palama Chapel—Music.

Besides a large attendance of the congregation there were a number of visitors at the Christian Church last evening to hear the sermon of Pastor Garvin on "The Second Coming of Christ." There was a choir of eleven voices and the music was uncommonly good.

Rev. Mr. Garvin said he would speak of the Second Coming with especial reference to the judgment. He had read extensively in regard to the re-visitation, had listened to all orators upon the subject whom he could reach. While on the Coast a few months ago he had gone to hear one noted preacher who was creating quite a furor by discoursing on the promised second appearance. Mr. Garvin said he left this particular place of worship further informed only by learning what the preacher thought. His own mind was unchanged. A few days ago a friend in Honolulu had presented him a scientific treatise on the subject. This was the showing of an eminent Englishman who established by figures that the Second Coming of Christ would be at the Easter Season in 1898. As for himself the pastor read the scriptures that no man could undertake to tell when the great event would take place. It might be in a few years or days or centuries. There was but one guide in calculating. This was the supposition or belief that sufficient would have to acknowledge the master to repay for the sacrifice that all might be saved.

The pastor dwelt upon the fact that the judgment was certainly coming and that the only safe course was to be prepared for it. The finale would be in an instant without notice. The Saviour would appear with his hosts of Angels and all mankind would be called to an accounting. It behooved all, then, to be ready for the last great day. There were those who disregarded many of the clearest and most direct lessons of the scriptures and wasted time in finding and dilating upon differences between interpretations. It was the duty of all to accept and follow the admonitions of the Saviour not only in relation to His second coming and the judgment, but as to all things.

It was announced that on a week from next Sunday night, Rev. Mr. Freeman, the chaplain of the U. S. F. S. Baltimore, would occupy the Christian pulpit.

PALAMA CHAPEL.

The Thanksgiving service was held at Palama Chapel last evening, Rev. J. M. Lewis directing. The place was crowded to overflowing. Music was a leading feature. Besides the congregational singing there were numbers by the pupils of Kamehameha Girls' School and the Glee Club from Kamehameha college. This was the program:

Prayer.....
Song.....The Day is Dying in the West
Kamehameha Girls' School.
Lord's Prayer.....Chant in Native
Song.....Wandering Down
Kamehameha Glee Club.
Song.....Now to the Lord a New Made
Song.....
Kamehameha Girls' School.
Psalm in Unison.....
Song.....Praise the Lord
Kamehameha Girls' School.
Scripture Reading.....
Song.....Rock of Ages
Kamehameha Glee Club.
Ten Commandments with Vocal Responses.

Song.....Sweet is the Work Oh, God
Kamehameha Girls' School.
Sermon.....Rev. J. M. Lewis
Song.....Heaven
Kamehameha Girls' School.
Prayer.....
Song.....Congregation
Doxology and Benediction.

The pastor was eloquent and convincing in impressing upon his hearers the thought that there was something for each one should render thanks. His earnestness and argument seemed to have an effect upon those present. The subject was "Thanksgiving as an Obligation."

Some Chinese work has been undertaken at Palama Chapel. A class has been organized and a good attendance is promised. The Chinese entered are from the vicinity of the chapel. This institution is doing a great work in that neighborhood. Every evening is occupied with something.

It was nearly all music at Central Union Sunday night. A praise service

was conducted by Pastor Birnie. The choir, in addition to some new music repeated some of the most successful Thanksgiving service selections.

No Ducks.

A party composed of Fred. Whitney and Harry Whitney of Wm. G. Irwin & Co. and E. I. Spalding of Spreckels bank went over to Kailipulu on the J. A. Cummins Saturday with the hope of bringing down some ducks with their trusty shotguns. The weather was such that the birds were very wild and an unsuccessful trip was the result. The party returned Sunday afternoon.

Women Fight.

A telephone message early last evening from the night watchman at President Dole's, sent a couple of Police officers hurrying to the house just mauka of the Royal School, where a hair pulling match, between Elena and Kekela, two native women, was in progress. At the Police Station, Kekela showed \$350 in gold and bailed herself out. She had not yet become master of the art of returning good for evil, and left Elena in duance vile, for the latter hadn't a cent.

UPAPA GETS THREE YEARS.

Kapea and Kaio to Be Sentenced Next Term.

Kapea and Kaio will have their sentences imposed upon them either at a special term of the Court or at the next regular term. Judge Perry so announced Saturday morning when Court opened. Upapa was given three years at hard labor for being an accessory after the fact. It was argued by his counsel that he had no more participation in the murder of Dr. Smith than had Rathburn. Judge Perry imposed the light sentence in response to the plea for leniency.

Mr. Robertson argued, in behalf of his two clients, Kapea and Kaio, that the statute did not allow the suspension of sentence until another term of Court. Judge Perry decided that the statute gave him that right. Mr. Robertson announced that he would appeal the case to the Supreme Court, so there is a probability that Kapea and Kaio will be tried over again. The suspension of sentence is in accordance with the statutory limitation of 48 hours from the time a verdict for murder is brought in to the time of imposition of sentence.

ALVIN H. RASSMAN.

Passed Away Saturday and Funeral Held Sunday.

Alvin H. Rassman, whose serious illness was mentioned in this paper, died at 8 o'clock Saturday morning. This was at the home of his father-in-law, John Nott, on Vineyard street. The sorrowing wife and child and weeping relatives and friends were at the bedside.

Deceased was born at Battle Creek, Mich., 36 years ago. His aged mother survives him in that State. He was very young when he came to this country and settled. It was here that he married and by his upright conduct established a reputation of which any man might be proud. At one time he owned a book binding business of his own and did well. He was a popular member of the old volunteer fire department and at one time was foreman of Pacific Hose Company. He was with Capt. "Billy" Unger in old Company B, of the Rifles. In all his associations he was very well liked and implicitly trusted. In 1891, he went to the States, sighed for the Islands again and came back early this year, since which time he has been well enough only to work about half time in the Gazette Company's bindery.

The funeral was held from the residence of John Nott at 2:30 yesterday afternoon and was very largely attended. There was a representative delegation of the veteran firemen present. The pall bearers were: Messrs. W. C. Weeden, Thos. Lucas, J. B. Gibson, C. H. Berry, W. L. Templeton, W. L. Hopper, Dan'l Logan and J. L. McLean. The singing was led by W. W. Hall. An appropriate and touching funeral discourse was delivered by Rev. T. D. Garvin. He spoke of the life of Mr. Rassman and offered consolation to the widow and child.

TEACHERS MEET

Many Debates on Interesting Subjects.

Teachers are Active—Fifteen Club Again Debate—Hot Weather About Over.

MAUI, November 27.—On Friday, about 50 persons interested in educational matters attended the annual convention of Maui teachers, held in the large hall of the Wailuku school building. President A. M. Henry Dickinson of Lahaina, called the assembly to order. The first number on the program was an elaborate and exhaustive paper on "Primary Reading; Materials and Methods" by Mrs. Nellie Smith of the Hamakua school.

The discussion was led by Mr. S. R. Dowdle of the Makawao school and was long and interesting. The second number was a disquisition on "Nature Study; Available Material and how to Use it" by Mr. N. E. Lemmon of the Spreckelsville school. This was one of the most interesting papers of the day. He recommended the following order in studying Nature: First, the sun, its heat and light; second, the earth, its land and water; third, the vegetable kingdom, plants and what they require heat, light, soil and water; fourth, the animal kingdom; and last, the mineral kingdom. A paper on "Primary Arithmetic followed. Teaching Children to reason and not to think of Processes" by Miss Ida Horner of Lahaina was read by Mr. Fred. Abbott.

The next event was a talk on "Cows of the Day; Why and How to interest Pupils in it" by Mr. F. W. Hardy of the Makawao school.

An excellent and instructive "Object Lesson in Sand Modelling" by Mr. Chas. W. Baldwin of the Kaupakalua school was interesting. Mr. Baldwin showed clearly the modus operandi in modelling districts, islands, and continents according to scale. He skillfully made counterfeit presentations in sand of the district of Wailuku, the island of Kauai, and the continent of South America. Mountains in order to be effectively formed in sand should be exaggerated at least four times. Next was a talk on "Available Story Material and how it may be Used" by Mr. F. W. Abbott of Lahaina. The character-building and also that their proper use cultivated a love for literature and caused mind activity.

Reports of the various local circles by the secretaries were made. The eighth and last event of the day was the election of the following officers for the ensuing year: Mr. N. E. Lemmon, president; Miss Charlotte Turner, vice-president; Mr. S. Kellin, secretary and treasurer; and Messrs. S. R. Dowdle, F. W. Abbott and D. D. Baldwin, executive committee.

The teachers present gave Hawaii's Young People much praise for its usefulness in the school-room.

The evening's entertainment held in the Wailuku school hall was largely attended by the town's people and consisted of a farce entitled, "Trying It On" with the following dramatis personae: Mr. Walsingham Patts, Mr. S. R. Dowdle, Mr. Jobstock, Mr. C. H. Dickey, Mr. Tittlebat, Mr. C. W. Baldwin, Fanny, Miss Kate Fleming, Mrs. Jobstock, Miss Nellie Smith, Lucy and Miss Eva Smith.

After the little play which was loudly applauded, the remaining hours till midnight were devoted to dancing to the music of an excellent stringed band.

During Wednesday evening, the 24th, another interesting debate took place in the rooms of the Fifteen Club of Wailuku on "The advisability of re-establishing the ancient Jewish commonwealth in Palestine." Mr. D. L. Myer lead the affirmative and Dr. E. Armitage the negative.

The marriage of Miss Flora N. Smith, teacher in the Wailuku school to Mr. W. H. C. Campbell who has charge of the Wailuku section of the Wailuku plantation will take place December 9th.

Lahaina plantation will soon construct a landing for boats at Black Rock, in the Kaanapali section.

Napena, the Makawao mail man died of dropsy during the 22d. Messrs. Pullar and Hay of Hawaii, who have been visitors at the home of Mr. J. W. Colville of Paia returned home by this week's steamer. Mrs. Geo. Deacon of Papaikou will make a longer stay.

Mrs. J. G. Anderson of Salt Lake City is visiting her parents at Paia. Mr. William Armstrong will take his father Mr. Goodale Armstrong of Wailuku to the Queen's Hospital, Honolulu next week.

Judge McKay has been confined to the house with "la grippe." Judge Kaleiau has been conducting cases. La grippe is prevalent in Wailuku.

The Makawao book club committee consists of Mesdames G. E. Beckwith and J. J. Hair, and Mr. C. H. Dickey. The weather is cold on Maui.

Punahou, '98.

There are six young men and two young ladies in the present Punahou graduating class. Wm. Rawlins, Elia Long and W. B. Godfrey, Jr., go at once to Yale. Harry Kleuger goes to Berkeley (U. C.) and Mr. Hedemann to Stanford. Allen Walker will enter upon a business career in Honolulu. The young ladies are Misses Widdifield and Afong.

For Mr. and Mrs. Walker.

Invitations have been issued for an "At Home" on Saturday, December 4th, from 3:30 to 6 o'clock at Craigside, the beautiful home of Mr. Theo. H. Davies, this to meet Mr. and Mrs. T. R. Walker.

AN AWFUL UNDERTAKING.

They saw him when he began his task—saw him and pitied him.

Years passed. He was a man of middle age with stern lips and wrinkled brow. His friends came to him and said, "It is useless." But he only smiled. More years went by. He was old and bent, and his hair was white as snow. Those who had been his friends mocked him. But he worked on. One morning they came and found him dead. And the REPAIRS he had sworn to make on a BARGAIN COUNTER BICYCLE were still unfinished.

SOLE AGENTS.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Flows, Railways and Hoists; also, furnish light and power for a radius of from 15 to 20 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

AT THE WICKETS

A Cricket Game Attracts
Quite a Number.

Picked Sides Contest—Some Clever
Batting—Base Ball Players
Show Interest.

A pleasant game of cricket was played at the Old Baseball Grounds, Makiki, on Saturday last between scratch teams captained by H. Herbert of the Honolulu Cricket Club and D. W. James, of Theo. H. Davies & Co., Ltd., respectively, the score being kept by Viggo Jacobsen and A. Wansey acting as umpire. Herbert won the toss and chose to go in first. His men were all disposed of for 54 runs, of which he contributed 16 (run out) himself. Professor Lightfoot of the High School following him close with 15. Mr. James then went in, first batsman, and made so good a stand at the wicket that when the score had reached 56, he retired from the field carrying his bat for 27 runs, his team having defeated their opponents by 2 runs and 4 wickets.

The game was then continued, more for practice than for "blood," and when the stumps were drawn at 5:15 p. m., a total of 80 had been reached with two wickets to spare. James was ably supported by Vincent, who was in good form and made 15. Quite a number of prominent baseballists took part in the game, and were more than welcome. They all hit out bravely after the manner of their kind, but with the exception of Lishman who comes from a family of cricketers and surprised everyone present by making 16 runs—they were doomed to a short though brilliant career.

The bowling was not up to the usual standard, although Messrs. Geo. Davies, J. Hayes and Harvey acquitted themselves creditably, taking 5, 4 and 3 wickets, in the order named. Among the base ball and football players who took part in the scratch cricket game at the Makiki grounds Saturday afternoon were: Duke McNichol, Wm. Carlyle, "Dink" Davis, "Ginger" Mayne, Will Soper, Harry Wilder, Will Cornwell, Percy Lishman. The latter is a favorite already as a catcher. Mr. Harvey, the Remington bicycle man proved himself an old cricketer of ability. Wilder tried to "kill" the ball and was getting along first rate till he was caught out on a pop-up. McNichol introduced some coaching and the innovation was accepted. Davis, the Regiment short-stop, played "long slip" and says he likes the job, but his throwing is a trifle too speedy for some of the veteran cricketers.

THE FORESTRY REPORT.

The report of the Committee of Forestry of the Planters' Association, of which Mr. W. M. Giffard is chairman, contains a brief but very comprehensive and intelligent survey of the forestry question. Dr. Maxwell, who is in the line of advanced thinkers on all vital questions, makes several important suggestions in a letter to President Dole, and adds a letter from the U. S. Department of Agriculture on the forestry conditions of the United States, which are most unfavorable at present. The white pine of the East is nearly extinct. So is the poplar of the South. It was recently stated that between the years 1881 and 1889, the value of the timber stolen from the Government lands was \$37,000,000; that under the Timber Act \$500,000 had been collected and the cost of collecting it was \$450,000.

The statement made by Dr. Maxwell that "it is the forest composed of trees of great height and bulk, which mainly affects the fall of rain," we would not dispute, because Dr. Maxwell is a close student of this subject, but we notice that Mr. Furnow, the chief of the Bureau of Forestry in Washington, hesitates to agree with him, for he says "the proposition is by no means nearly proven and the argument for forestry is open to attack, without sure defense." Several years ago at La Junta, Colorado, where there is no forest within several hundred miles, we said to a farmer: "It is a pity you do not have rain." He replied, "We have plenty of rain, but it doesn't come at the right time." There is an abundance of rain in the almost tree-less area of the Rocky Mountains, but it does not fall at the right time. Mr. Gjerdrum, one of the members of the Forestry Committee says, in his report: "Fifty years ago the windward side of Maui was covered with a dense forest and at that time rainfall all over the island was abundant." Now we remember, fifty years ago, seeing "Father" Green of Makawao, traveling several miles daily for weeks, between his residence and the gulch for drinking water. His own wheat fields as well as the small sugar plantation of Mr. McLane, suffered repeatedly from the want of rain. Others confirm this statement.

But, the value of forests as a conservator of water, seems to be beyond question, as well as their use in preventing erosion. Besides this, there is the value of the timber.

The same intelligent administration which gave us the admirable topographical survey of the Islands, which has no equal in the United States, we believe, should secure for us a thorough survey of the forestry conditions.

The valuable report presented by Mr. Giffard, should be read to the older children in all of the public schools, and they should be made to understand it.

"NOBILITY OF LABOR."

Rev. Mr. Birnie, in his evening sermon of the 22d, urged a larger recognition of the merits of the toilers, the working men, and strongly condemned the disposition to frown on toil, or question its nobility. What is "toil?" It is a vague word. It came, according to Genesis, as a curse upon man. "In the sweat of thy face shalt thou eat bread." What makes toil respectable, or gives it nobility? If one watchmaker works industriously and makes poor watches, is there any nobility in it? When Judge Perry sentences a convicted person to hard labor, does he tell him that

he sentences him to a noble occupation? The regulation topic of the Fourth of July orators, some years ago, was the "dignity of labor." But the Irishman came, and the Chinese, and the Italians, and the Russian-Jews came and that sort of eloquence stopped. There seemed to be no dignity in cheap labor.

Is it not, after all, only the toiler who thinks, and uses his brains, that is to be respected? Do you respect the man who hammers out a few pounds of nails very day on an anvil, as you respect the man who invents and guides a nail machine, that turn out a keg every moment? To which farmer is the nobility of labor assigned; the one who gets twelve bushels of corn from an acre, or the one who ploughs deeply, uses fertilizers, selects seed, and on the same kind of soil gets eighty bushels to the acre? If mere labor is noble, then the mules on the tram cars are entitled to nobility. That which involves, patience, invention, persistence only, is noble, and commands respect. You recognize the merits of the hand laborer, to whom Carnegie gives \$25 per day, and do not see much merit or dignity in the hod carrier who gets only \$1 per day. There is not much merit in a man who has neglected his education, or thrown away his opportunities or squandered his earnings, even if he does no "honest" work. Even the laborer himself worships skill. He who hits the bull's eye every time is entitled to nobility as against the man who cannot hit a barn door, because he is too lazy to train his hand and eye.

Starr King said: "The mastery of the earth is the trust which the Almighty has committed to man." But how many men "master" anything? If they are poor masters, by their own choice, why have they any merits? The president of the N. Y. elevated railway said: "I employ 6,000 men, but I don't believe one of them wishes to do anything but draw his wages." Yet, all of these men say that the rich people do not recognize their merits. We saw, last year, scores of young Americans idly standing on the street corners of Los Angeles demanding "recognition" from society. Only three miles away, the Chinese market gardeners were earning \$2 per day. Beekman, a rich N. Y. merchant said, after sixty years of observation: "Any young man who comes without a dollar to this city, but has intelligence, economy, industry and patience, can make a fortune, but only ten out of a hundred have these qualities and make the fortunes."

There is a solemn duty which society owes to the unfortunate, and they are many, but is seen nobility only in the labor which has behind it the sincere, persistent and intelligent cultivation of the hand through the brain. The whole

drift of civilization is to use the hand less and the brain more, to use the machine and let the brain guide it, to admire the working brain and not the working machine, though it does the labor of a thousand men, and the laboring man will get no recognition unless he shows himself a master of something, even if it is a little.

The three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros. of that place; and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by all druggists and dealers, Benson, Smith & Company agents for Hawaiian Islands.

Plantation Operations -- Varied
Weather--Grinding on Kauai.
Sunday Morning Arrivals.

Following are the reports of the
Inter-Island steamers which arrived
Sunday morning:

W. G. Hall (from Kauai)—E. L. P.
started grinding on Friday last. Wal-
mea will start on Monday, November
29. Sugar left at Waimea, 240 bags;
at Kilauea, 5,000. Ahukini cleaned
out. Smooth weather from Kapaa
down to Waimea. Rough weather at
Kilauea and Kalihiwai. Wind SSW
with light breeze and smooth sea.

Noeau (from Molokai)—There was a
heavy northerly swell running most
all the time we were at Molokai. The
passengers were landed safely a little
after 12 noon, except Miss Carroll, who
was in the last boat. (See another
column for further particulars of the
voyage of the Noeau).

Mikahala (from Kauai)—Sugar left
on Kauai, 5,700 bags at K. S. Co.; 820
bags paddy left at Hanalei and about
200 bags of rice.

Waialeale (from Kauai)—Sugar left
in Kekaha, 240 bags; at Kilauea, 500.
Paddy in Hanalei, 800 bags. Lihue
cleaned out. The Kalihiwai freight is
still on board. A heavy NW swell pre-
vailing, making it impossible to land.
Vessel discharged Kilauea freight on
Friday and took on 280 bags sugar.
Weather becoming very rough in the
afternoon, hauled outside and lay at
anchor all night. At daylight on Sat-
urday, returned inside, but the swell
was running so high, it was impossi-
ble to land. The seas at times went
over the landing so we proceeded to
Hanalei and cleaned out P sugar.

Ke Au Hou (from Lahaina and Ka-
napali)—Surf on beach at Kapaemahu.
Landed pipes in Lahaina. Heavy swell
there also.

James Makee (from Kauai)—At Ki-
lauea, 5,000 bags sugar in warehouse;
240 in Waimea. Fine weather on Kauai
coast and across channel, no rain
and light SW winds.

IOLANI COLLEGE.

Excellent Entertainment Given By
the Pupils.

On Friday evening last an entertain-
ment in charge of R. J. Fenn, the head
master, was given at Iolani School and
to the delight of all, it turned out a
great success. The program was pub-
lished last week.

The youthful performers acquitted
themselves most creditably. The best
two pieces of the evening were the
quarrel of Brutus and Cassius and the
singing contest. In the former piece,
young Rickard was at his best. He is
a boy of great histrionic ability, and
did ample justice to the part of Brutus.

Quail Fun was amusing in his story
of Billy Hood and young White was
especially good in the singing contest.
The violinists who are pupils of only
three months' tuition, did themselves
justice in the accompaniment to Ha-
waii Poni.

The audience, numbering about one
hundred and in which were included
many of the old pupils, was composed
chiefly of the parents and friends of
the pupils. They expressed themselves
as highly delighted with the evening's
proceedings.

Mr. Fenn hopes to see a larger at-
tendance on the next occasion, when a
similar entertainment will take the
form of a welcome home to the Bishop.
This will be early in January.

are planted in coffee, the trees varying
from about 1 year to 5 years in age.

There is a large mill on the place,
fully equipped, from which an income
can be derived in cleaning and market-
ing coffee from the adjacent plantations.

The place is well equipped with water
tanks, tools and implements, wagons,
horses, mules, manager's and laborers'
houses, piping, office furniture, etc.,
etc.

The coffee fields are well fenced and
roads built to the various portions of
the estate.

A large portion of the coffee trees are
now in bearing and are nearing the
age to produce maximum crops.

PLAY WAS LIKED

Audience Responsive to
"The Fatal Card."

Company Won Plenty of Applause.
Curtain Calls—Strong Acting.
Fine Stage Settings.

Honolulu theater-goers like melo-
drama. They love it and they revel in
it. It's just what they want and it's
doubtful if they can ever get enough
of it. There can be no question but
what "The Fatal Card" made the hit
of the Frawley engagement so far. It
found even more favor than the war
play of a week before or the naval play
of last season. The society comedy ap-
peals to a limited number, but the
melodrama, with its action, action, ac-
tion, is bound to have its effect upon
all. And by the way, an explanation
of the weakness of the first acts of
the dainty plays from the French and
German, has been handed in by one
who knows. It is that on the Con-
tinent the audiences do not arrive
till the first act is well under way.
But that has nothing to do with "The
Fatal Card."

In the first place the players were
on their mettle Saturday night. There
was a touch and go from start to finish
that pleases an onlooker no matter
what the sight shown. Each member
of the cast seemed intent upon mak-
ing all there was to be made out of
the part in hand. They were encour-
aged in their work by frequent ap-
plause of the most enthusiastic order
and by curtain calls that spoke vol-
umes of commendation.

There is enough to the story of "The
Fatal Card" for a couple of novels.
The action is partly in Colorado in the
Frontier days and partly in London
in quarters that were pictured true
to the locale. Scenic effects were a
feature. The settings are from New
York and were highly praised by all.
Genuine realism was obtained in the
explosion incident. There was a fine
attention to detail all through in both
the accessories and the playing. The
company entered fully into the spirit
of the play.

Frank Worthing had a part very
well suited to his style and made the
most of it. Herbert Carr was warmly
greeted and gained many new admir-
ers for his artistic impersonation.
Mr. Carr will always be welcome in
Honolulu. If Wilson Enos was good
as the sheriff in "Sue" he was even
better liked in "The Fatal Card," for
he had a stronger character and his
work was without a flaw. Mr. Enos
certainly excels in this line. Mr.
Frawley was the bashful lover again
and he leaves nothing to be desired
when he is cast for that part. In the
interviews with the "Aunt" and with
the girl he sought he carried the house
with waves of laughter. Harry Cor-
son Clarke would be unable to survive
the instant rebellion on the part
of his audience if he undertook a seri-
ous part. He makes the kind of fun
they like. If it were feasible Clarke
could bottle up that fun of his and
make a fortune selling it right here.
Mr. Perry was clever and finished in
his character. He is one of the new
men of the company so well liked.
Mr. Blakemore and Wm. Lewers were
prominent in the play and met satis-
factorily to the audience all demands
upon them. Mr. Lewers gets better
and better. The ladies were never in
the background in the theme or action
of the play and they were all painstak-
ing and industrious. Miss Bates, Se-
lene Johnson, Madge Carr Cooke, Elea-
nor Robson and Miss Wren deserve
special mention. Some stunning new
costumes were shown. Miss Bates did
some very telling work and Miss John-
son improved to the utmost all oppor-
tunities. Madge Carr Cooke was the
live of her scenes and Miss Robson
was very pretty and very pleasing.
"Held by the Enemy" Tuesday even-
ing.

Concert is Settled Upon.

After several changes and intended
postponements it is finally settled to
have the St. Andrew's Day commemo-
rated (come what may) by giving the
benefit concert for the purpose of rais-
ing funds for a new Hawaiian Hymn
Book on Tuesday evening (tomorrow),
November 30th, at 7:30 o'clock.

The program will consist of Hawai-
ian choruses, quartettes, solos, duets
and instrumental pieces, and it will be
a specially interesting one. Procure
your tickets at once. Admission, 50
cents.

They Skated.

"Hawaii is good enough for me," said L. H. Hough last evening. "Of course, Jim" McCandless and I had a whole lot of fun, but both of us are glad to get home again. The crowds in the big cities were interesting, but towards the last the wintry blasts kept us shivering all the time. We landed in Denver just after a blizzard with eighteen inches of snow and loss of life. A slide trip was made to Leadville, where we ploughed around through the snow and went skating. This was a fine novelty but one trial at it was enough."

Emma Square had a big concert Saturday afternoon. There was no counter attraction.

Y on Earth

Should anyone wear poor shoes? They injure the health, and that's expensive; They hurt the feet, and that's unprofitable; They make one uncomfortable, and there's no use being so; They look unsightly, and that's inexcusable!

The shoe—be it any price—is an ornament of the foot, and our shoes represent the Upper Four Hundred of footwear in Honolulu or anywhere else. For quality, service, ease and style our shoes have no equals.

We sell only **Good Shoes** that are manufactured expressly for us at prices, in say Ladies' Ox Ties, from \$1.00 up to the very finest and most artistic shoemaking.

WHALE AND WAVE.

**DIAMOND HEAD SIGNAL STA-
TION,** November 28, 10 p. m.—The
weather is clear; wind, light north.
The Mokoli will not get away until
tomorrow afternoon.
The Hawaii came in from Hawaii
ports late Sunday afternoon.
The Ke Au Hou will take a lot of
machinery for Lahaina and may get
away today.
The Mauna Loa and Noeau will both
sail for their usual ports at the usual
hour tomorrow.
The Waialeale may sail for Kauai
ports today but this has not been
finally decided on.
The Mokoli, which arrived early
Saturday morning, brought 155 sheep
for the Metropolitan Meat Market.
The Aorangi was scheduled to leave
at 5 p. m. but she was about a half
hour late in getting away. Captain
Macaulay took her out.
Following is the report of the Aor-
angi's purser: The R. M. S. Aorangi,
Campbell Hepworth, commander, left
Sydney on 8th November for Wellin-
gton, N. Z., which port was reached on
13th November. Left again on 14th
and arrived at Suva on 19th. Left Suva
same day and arrived at this port on
28th inst., at 12 o'clock noon. Fine
weather has been experienced on the
voyage. Usual amount of cargo for
Honolulu. No passengers for the Is-
lands.

"Held By the Enemy."

On Tuesday evening, the Frawley
Company will commence the last week
of their engagement, presenting Wil-
liam Gillette's stirring war drama,
"Held by the Enemy." This strong
military drama has always been a fa-
vorite with theatre-goers, and will
doubtless draw one of the largest
houses of the present engagement.

The Favorite

IS THE FAVORITE place for the
finest liquors only, and the best dis-
tillers of the United States Cana-
da and Great Britain are represented.
Best brews of Beer, either on draft or
in bottles, may be had at all times.
W. M. Cunningham, Proprietor of
this well-known resort, has been in
the business for many years, and is a
connoisseur in liquors. His establish-
ment is always orderly, and, with the
services of his assistant, Mr. Thomp-
son, customers are promptly supplied.
Bethel and Hotel streets is a favorite
corner for the lovers of cold Beer or
fine Wines and Liquors.

HOW TO CURE BILIOUS COLIC.

I suffered for weeks with colic and
pains in my stomach caused by bilious-
ness and had to take medicine all the
while until I used Chamberlain's Colic,
Cholera and Diarrhoea Remedy which
cured me. I have since recommended
it to a good many people. MRS. F.
BUTLER, Fairhaven, Conn. Persons
who are subject to bilious colic can
ward off the attack by taking this reme-
dy as soon as the first symptoms ap-
pear. Sold by all druggists and deal-
ers, Benson, Smith & Company agents
for the Hawaiian Islands.

Good Baking Powder

cannot be sold for 25 cents or 30 cents a pound.
Cream of tartar is expensive and cream of tartar is
necessary to good baking powder.

"Cheap" baking powder either contains alum
(which is bad for the insides) or is badly made (does
not do the work) or is weak.

Really cheap baking powder cannot be sold for
these prices; but the cheapest of all is *Schilling's Best*
—your money back if you don't like it—at your
grocer's.
