### COMMISSION FOR HARBORS IN BILL

Watkins Introduces Measure In House For Board of Five Men.

### CAMPBELL'S POWERS ARE ALL TAKEN AWAY

Superintendent of Public Works to Be Chairman of Body By Virtue of His Office.

Representative Norman Watkins this morning introduced in the House the bill turning the harbor, wharves and shipping superintendency over to a commission and removing it from the exclusive control of Superintendent of Public Works Campbell.

The bill is a lengthy one, not only providing for the transfer but also for details of the powers of the commission in regard to the regulation of all marine traffic. The commission of five members, one of whom is to be the Superintendent of Public Works and by virtue of his office to be chairman of the Board. They are to be appointed by the Governor for terms of four years or unexpired periods thereof, in such manner that the terms of two commissions shall expire every second year.

The Board is given the following powers:

"Said Board shall have and exercise all the powers and shall perform all the duties heretofore imposed upon the Superintendent of Public Works relative to the control and management of the harbors, etc. The Board shall likewise have power to appoint and remove clerks, harbor masters and their assistants, pilots and pilot boat crews and fix their compensation."

All moneys are to be expended by the Board, and all contracts executed by it. An annual report to the Governor is to be made. The bill takes up the control of the wharves in detail.

The first appointments are to be made for terms ending April 30, 1913, and two for terms ending April 30, 1915.

### SCHOOL BILL IS POSTPONED

Although it appeared upon the regular order of the day for third reading this morning in the Senate, the new school bill was again deferred, this time because the Ways and Means committee did not have an opportunity to hold a meeting and compare some of the schedules which it is desirous of investigating.

The meeting is to be held this afternoon, at which time it is expected that definite action will be taken and a report made to the Senate tomorrow morning.

Further opposition to some of the provisions of the bill is expected from Senator Cecil Brown at the committee hearing today.

### 23 to 5 For Party Pledge Is The Vote

By a vote of 23 to 5, the House this morning passed the direct primary bill and made good on its pledge in the Republican Territorial platform. Of the five votes recorded against the bill, Richard of Hawaii did so because he was one of the majority members of the Judiciary committee which reported against it.

The other negatives were those of Hale of Hawaii, Huddy of Kauai, Kawewehi of Hawaii, and Moanani of Hawaii. Coney of Kauai was excused from voting on his own request. It was one of the members of the committee which reported against the bill and its amendments, and though he has declared himself in favor of a direct primary law, he does not favor the bill as it came up for final passage today. Hence his vote against it.

Sheldon of Kauai, another of the committee members who reported against the bill, left the hall this morning shortly before the vote was taken and did not return until after it was all over. However, he indignantly denies that he sidestepped the decisive vote on the measure.

The passage of the bill, one of the big measures of the present session, was quiet and lacked sensation. All of the members of outside delegations passed the vote when the first roll call was taken to see how the Oahu delegation would vote. The Oahu delegation, with the exception of Archer, Kanekoa and Mahoe, voted "Yes" without hesitation, the three exceptions passing the vote. When Clerk Woodward came around to them again, they voted "Yes," and made it a solid delegation.

Senator Quinn's bill authorizing the supervisors of the county to permit theaters to open on Sunday came into the House this morning for first reading and right on its heels a petition was introduced by Representative Ed. Towse, on behalf of the Central Union church, communicating the action of the church congregation yesterday in opposing Sunday theater opening. The petition also declares in favor of Marcelline's bill closing the barber shops on Sunday. The petition was laid on the table to be taken up when the Senate bill is considered.

The public lands committee recommended the bill.

### BILL IS INTRODUCED IN SENATE TO PREVENT ALL PLANTATION SUNDAY LABOR

A bill which, if it became law, would stop all work on plantations during Sunday, was introduced in the Senate this morning by Senator Robinson of Maui.

The provisions of the bill are as follows:

"Any person who is a manager, luna or overseer, or employer of labor or laborers, who shall order, direct, permit or allow such laborer, employee or laborers to work on Sunday in any field, patch, or yard, mill, factory or shop, shall be deemed guilty of a misdemeanor, and shall upon conviction be fined one dollar for the first offense, three dollars for the second offense, and ten dollars for the third and every offense thereafter. That for the fifth offense, in addition to the fine herein ordered and authorized to be imposed, such offender shall be imprisoned at hard labor not less than one month nor more than six months."

"Any person, not a manager, luna or overseer, or employer of labor or laborers, who shall violate any of the provisions of Sections 3190 and 3191, shall, upon conviction, be fined not over fifty dollars or be imprisoned not over thirty days."

The bill is drafted to take effect on its approval.

The resolution to ask Congress for one-third of the customs receipts for the benefit of the schools was tabled this morning in the Senate, the idea being emphatically condemned by the Judiciary committee in the following report:

"After a thorough consideration of this resolution your committee finds that there are two very serious objections to it. First, the resolution in asking the Congress of the United States to appropriate one-third of the customs receipts collected in this Territory for the benefit of the Territory is asking the Congress of the United States to pass an act the constitutionality of which is in doubt."

### NO OFFICIAL WELCOME FOR CHICAGOANS; PARTY GIVEN AUTOS FOR SIGHT-SEEING

"There is nothing official about the party on the Moukolia," said John P. Goode this morning soon after the big fair came to port. "The original party which was to have sailed on the Minnetonka was broken up, and those of us who are now going to the Orient are doing so under our own plans, although we were members of the original party," he continued.

### CHINA YIELDING EVEN MORE TO RUSSIA'S DEMAND

(Associated Press Cable.)  
PEKING, China, Mar. 27.—China's formal reply to Russia's ultimatum was delivered today to Russian Minister Korostovetz. The reply, as expected, declares that China was justified in the previous answer to the demands for consular and commercial privileges in Mongolia and Ili. It is believed, however, that the reply today makes even further concessions to Russia.

### LEWIS SWORN IN; TAFT WINS

(Special Bulletin Cable.)  
WASHINGTON, D. C., Mar. 27.—W. H. Lewis, the colored man whose appointment as deputy attorney-general by President Taft, caused widespread objections and a fight for confirmation in the Senate, was today sworn in, the President having exercised his right of making a recess appointment, which does not require confirmation. Lewis is a Harvard man and was a famous football player there.

### TAFT REFUSES PARDON FOR MORSE AND WALSH

(Special Bulletin Cable.)  
WASHINGTON, D. C., Mar. 27.—President Taft today decided not to pardon the two bankers, Charles W. Morse, the ice king, who is serving sentence in the Federal prison at Atlanta, Ga., as a result of frenzied finance, and John R. Walsh, the Chicago traction magnate who nearly wrecked financially the Chicago street railway system. Walsh is serving in the Federal prison at Leavenworth, Kan. Both men are said to be failing rapidly in health and petitions for their pardon have been circulated.

### Would Require 250,000 Men To Defend Islands

WASHINGTON, March 19.—"It would require 250,000 troops to safeguard the Hawaiian Islands properly," said General Arthur Murray, chief of the Coast Artillery, who has charge of the defense of Hawaii.

He has been on the ground making personal observations.

General Murray, it is strictly understood, does not make any of his statements with reference to the reported designs of Japan against the insular possessions of the United States.

It was ascertained tonight on unquestioned authority that even the formidable guns now in Hawaii are not sufficient provision against a sudden attack, and a definite plan is being carried out to prevent the success of such an attack.

The Government is fully aware of the number of Japanese who reside on the Hawaiian Islands.

The officials in charge of the defenses are, however, as expected, unwilling to expose their plans for meeting the contingency to help from the interior from an attack by a fleet and transports.

It can only be said that there are plans for getting troops to the islands in sufficient numbers not only to insure their internal peace, but to hold them to the last extremity in case of attack.

It is understood that the same policy of extraordinary emergency coast defense is in progress for the Philippines.

Major-General Wood, for political reasons, declines to discuss the state of defenses in the Philippines, but he has stated under his signature that the land forces in the Philippines are totally inadequate to defend them against any first-class power.

It is well known that Admiral Dewey's idea was to fortify and hold Sagay bay as the key to the Philippine situation.

Nothing could be plainer than the words of General Murray in his report on the defenses of Hawaii, which he made in October, the plan which he is now carrying out with all expedition. He went to Hawaii and traveled in the East before making his report.

### HOUSE TALKS OF HIGH FEE FOR AGENTS WHO SOLICIT EMIGRANTS IN TERRITORY

In an effort to prevent labor agents from coming to Hawaii and getting away emigrants that have been brought here at considerable expense and trouble to the Territory, House members are seriously considering placing such a prohibitive figure on the license fee that the agents will get discouraged.

Stirred by the activities of Craig and Ogawa, who are getting hundreds of Filipinos and others to go to the Coast for work in the Alaskan canneries, the House members have talked over various plans to keep the labor agents from this Territory.

Tavares has already introduced a bill amending the license law by raising the license fee from \$500 to \$2500 per year, and now there is talk of amending even that to \$5,000 or even \$10,000.

Sam Kellhol, of Maui, has a plan to tax the labor agents so much per head for every emigrant they take away. He spoke this morning of putting a tax of at least \$50 or perhaps more per emigrant.

More recruits for the labor agents continued to arrive at the Magoon block, in Kakaako, yesterday and today. While no figures can be gained, it is believed, from the statements of the men themselves, that at least 700 are preparing to leave for the coast. The majority of the first recruits were Filipinos, but lately the agents seem to be getting a number of Portuguese as well as Hawaiians.

Attorney General Lindsay and Deputy Attorney General Sutton stated this morning that if Craig and Ogawa, the two emigrant solicitors, are working under the license that was granted to them by the Territory they are working illegally and can be proceeded against.

"The Territory was without power to issue the license," said Lindsay, "the Session Laws of 1909 having turned this power over to the county treasurer. The Territorial license is accordingly, null and void."

If the two agents secured licenses from the City and County, covering a stated period, any high license law that the Legislature may pass will not effect them. It is declared until the period of their license has expired, the licenses being issued for any monthly period up to a year.

### JAPANESE KILLS WOMAN AND ESCAPES

Brutal Murder at Pearl City Rouses Police to Quick Action.

### McDUFFIE NOW ON TRAIL OF MURDERER

Released From Insane Asylum, Man Slashes Woman and Flees for Refuge to Wahiawa Countrymen.

3 p. m.—Chief McDuffie telephoned to the police station that he has caught the Japanese murderer, hiding at Pearl City. The man confessed.

Urged by a hurry-up call for police protection Chief McDuffie, accompanied by Sergeant Kellett and Special Officer Bergan, rushed down to Pearl City last night in an automobile, to find that a Japanese woman, named Kana, had been murdered in an unusually brutal manner. Kobayashi, a Japanese who lived with her, is suspected of being responsible for the murder. Chief McDuffie and Sheriff Jarrett started out again this morning for Wahiawa, in search of Kobayashi, against whom the police have sufficient evidence they say to prove his guilt.

Kana, who was employed by Judge Hookano of Ewa at one time, was badly slashed with a razor. One of her eyes was cut almost out. The palms of her hands, which she evidently used in self defense, during the stabbing affair were badly cut in different places. Part of her head and throat were also badly cut and she probably died almost instantly after the attack.

### Has Been Stealing.

It appeared that Kobayashi has been stealing from different people, one of them being Rev. John Erdman of Wahiawa. When Chief McDuffie arrived at the scene of tragedy last night he found underwear, stockings and hats smeared with blood. That the hat showed a McInerney mark, and some rings which evidently belonged to the murdered woman were also found.

When the chief arrived at Pearl City last night, he found that the body of Kana was still warm. All the evidence was gathered and brought to town, to be used against the suspect during the trial.

According to police records, Kobayashi and Kana were convicted in the federal court for the violation of the Edmunds Act; they were sent to jail for some time and after their release, Kobayashi was committed to the Insane Asylum, from which institution, he was released a few days ago. Kana was a married woman, her husband, being Okunaga, who left Hawaii for Japan, not very long ago. Jealousy is believed to be the motive for the crime.

### Pigmy Murderer.

Kobayashi, is believed to be the smallest adult male Japanese in the Territory. Chief McDuffie is determined to find the man. Accompanied by Sheriff Jarrett this morning he left for Wahiawa, where he will make a search for Kobayashi.

Chief McDuffie did not sleep last night, returning from Pearl City early this morning. Although he looked apparently tired, he was not ready to retire until he had located his man. He doesn't expect to do much sleeping until he has run the murder down and he expects to do it soon. The chief very quickly got on the trail of the man he is after and the police believe he will be arrested soon.

**HILLO LABOR UNION SCORES FILIPINOS**

(Special Bulletin Correspondence.)  
HILLO, March 25.—Hillo Labor Union at its meeting last Wednesday night came out very strongly against the immigration of Filipino laborers passing the following resolution on the subject:

"Whereas at the opening of the sixth session of the Legislature of the Territory of Hawaii, the Honorable G. F. Aponso has introduced a resolution calling forth an investigation of Filipino laborers in Hawaii, whether they are a desirable class or not; and

"Whereas in view of the fact that the legislature has appointed a committee to look into the facts of the case and make its report to that honorable body during this session; and

"Whereas in view of the fact that when Daniel J. Keefe, Commissioner of Labor, was in Hawaii some time ago, he gave out a resume of the facts which he had gathered, through his personal investigation of said matter by commenting: 'That the Filipino immigrants as laborers are worthless as material for citizens, half-sick, dirty, etc.'; and

"In view of the fact that the above statements made by Commissioner Keefe are true in all respects, which could easily be proven by referring this matter to the Hilo jail authorities, who can show that at the present time there are more than one hundred of this undesirable class of laborers in the lock-up, who rely mainly upon the County of Hawaii to support them at the expense of the taxpayers.

"Be it resolved that the Labor Union does hereby respectfully request the Legislature of the Territory of Hawaii to take such action as it may see fit to prohibit same from entering into the Territory of Hawaii as laborers, and that a more desirable class of laborers could be imported who would Americanize this Territory."

WHALE AND SHARK FIGHT  
DUEL TO THE DEATH

Pacific Mail Mongolia Passengers Spectators to Battle Between Sea Monsters, a Sight Seldom Equaled at Close Range—Makura Departed For British Columbia at Noon. Wilhelmina Will Carry Filipinos.

A duel to the death in which a gigantic whale and a fierce man-eating shark were the principals was a spectacle that was witnessed by perhaps several hundred persons on board the Pacific Mail liner Mongolia, as that vessel rounded Diamond Head and prepared to come to a halt near the entrance to the channel leading to the harbor this morning.

Within a half mile of the terrific struggle being enacted by the deep sea monsters, hovered a little fleet of launches and sailing craft, none of which attempted to venture in too close proximity to an area in which the two fish were lashing the seas into a foam and casting up columns of water many feet in height.

The whale was first noted, not far from the beach off Waikiki. From the decks of Young Brothers Waterway, which it looked as if the monster had gotten behind the barrier reef that lines the shores at that point.

By the time that the Mongolia, with her hundreds of passengers passed the scene, the whale was seen to lash the waters at a furious rate. Besides sending up a frequent spouting of water the whale went through a series of evolutions that were thrilling in the extreme. Time after time the big fish nearly left the water in making its frantic plunges. Immediately would rise a column of water likened to that following an explosion.

That the whale was the center of an attack of one or more sharks is generally believed by those who witnessed the spectacle. One or two powerful Japanese sampans attempted to move up within range of the fighting fish, but the contest going on proved to be too strenuous for safety. As it was one sampan had a very close shave from being swamped and destroyed by coming in contact with the lashing of the tail of the apparently maddened whale.

The last noted of the combatants was when the whale was seen to float upon the water for a few moments and then quietly disappear beneath the surface. The water in the immediate vicinity looked alive with sharks as their fins could be seen cutting through the seas at terrific rate of speed.

**Makura Made Good Time.**  
With the government of New Zealand taking a hand in the subsidizing of mail steamship lines, the Canadian Australian steamer Makura hurried along during a portion of the voyage from Australia ports to Honolulu. Especially after leaving Suva did the fire room and engine crews make every effort towards the shortening of time to the Hawaiian islands.

The Makura arrived at her wharf shortly after six o'clock last night with a small number of passengers for this port. The freight list included shipments of 360 cases onions, 680 sacks fertilizer material, 525 sacks sulphates and several packages sundries.

The entire battery of boilers were worked after leaving Suva. The presence of Sir Joseph Ward, Premier of New Zealand on board, enroute to the coronation ceremonies at London, is believed had much to do with the hastening of the vessel to her destination. The Makura practically gained two days time.

The Makura was dispatched for Vancouver and Victoria at noon today taking mail destined for Pacific Northwest States.

Other passengers of note on board the British steamer were Hon. J. C. Findlay, Attorney General of New Zealand also proceeding to the old country and to attend the crowning of King George V.

Sir Graham Hammond Graeme accompanied by his wife and son, left the vessel at this port, to take passage to San Francisco by one of the direct liners. Commander W. Nunn, formerly of the S. S. Powerful, is returning home. A member of the South African parliament in the person of A. Poynton is a through passenger. Returning after a pleasure trip to the colonial possessions. Sir and Lady Gough are passengers in the Makura.

J. H. Hyde, an importer of automobiles with headquarters at Sydney, is on a business trip to the United States and Europe.

**Alden Besse Bearing Valuable Cargo.**  
Much interest has been awakened among Southern California business interests over the departure of the American bark Alden Besse, from San Pedro for Honolulu. The vessel is reported as bearing a valuable shipment of products from the Southern part of the State, there being consignments of cement, asphalt, preserved meats, beer, structural iron and steel, groceries, hay, grains, citrus fruits and other items. This vessel, a familiar figure in Honolulu shipping for many years, is now operated by the Crescent Wharf and Warehouse Company. It is claimed that an association of Los Angeles business men have the matter of furnishing the cargo for the vessel.

**Wilhelmina Laden With Raw Sugar.**  
Raw sugar to the amount of at least five thousand tons will leave the islands by the Matson Navigation liner Wilhelmina that is scheduled to sail for San Francisco at ten o'clock tomorrow morning. In addition to sugar the vessel will be supplied with 4000 cases of tinneled pineapples and a small amount of bananas. Two thousand tons of the sugar was taken on at Hilo.

The Wilhelmina will carry one hundred and thirty-five cabin passengers but there is still room for several more should the demand be made for transportation to the coast. Seventy-five steerage passengers have been booked and it is understood that a big percentage of these will be Filipinos. The Little Brown Brothers booked for transportation to the coast were taken to the quarantine station this morning, there to undergo the prescribed detention before the sailing of the steamer.

**Fancy Stock for Hilo.**  
A number of prize bulls and ten head of males were brought to Hilo from the coast in the last trip of the Matson Navigation steamer Enterprise. The shipment of nearly four thousand tons general cargo was being rapidly discharged. The Enterprise steamed down on the present voyage under the direction of First Assistant Engineer Lann, Chief Engineer Palmer being absent on sick leave.

**Columbian to Sail on Friday.**  
According to advices received by C. P. Morse, General Freight Agent for the American-Hawaiian line, the steamship Columbian is scheduled to sail from Seattle, for Honolulu on next Friday. The Columbian is also to bring cargo taken on at Salina Cruz, trans-shipped across the Isthmus of Tehuantepec from New York.

**Gambie Returned to the Coast.**  
After having discharged a full shipment of lumber at Hilo, the American schooner Gambie has arrived at Port Gambie. The time of passage being nineteen days.

**Hilonian on the Berth.**  
Castle and Cooke, the local representatives for the Matson Navigation Company advise the projected departure of the steamer Hilonian from

Seattle on April 8th, her destination being the Hawaiian islands. The Hilonian is understood will bring down a general cargo including flour, feed and merchandise.

## New York Cargo Enroute.

According to a cable that has been received at the local agency of the American-Hawaiian line the steamship Alaskan with New York cargo sailed from Salina Cruz on Friday for San Francisco, Seattle and Honolulu. The Alaskan is due to arrive here on or about April 23rd.

## Hawaiian Sugar at the Isthmus.

Twelve Thousand tons Hawaiian sugar leaving the last port in the islands on March 8th is reported to have arrived at Salina Cruz by the American-Hawaiian freighter Arizonan on last Thursday.

MUNITIONS OF  
PEACE AND WAR

Shot and shell for unruly insurgents, feed and forage for Uncle Sam's four-footed penmen in the Philippines besides quantities of merchandise and supplies for Japan, Korea and China ports of call, make up the bulk of fourteen thousand tons general cargo in the holds of the Pacific Mail liner Mongolia that is at present at the port and scheduled to depart for the Far East at six o'clock this evening.

Purser Ludwigen was the recipient of many testimonials of praise from delighted passengers who stepped ashore at Alakea wharf this morning, they all declaring that the trip down from San Francisco left little to be desired.

"Land" was the target for a lively lunch of Chicago and Omaha business men to launch a fusillade of queries concerning Honolulu as well as a number of Oriental stopping places. He satisfied the most persistent questioner that he was there with the goods when it came to the dispensing of information.

Chief Steward Donahue who is now making his second round trip in the Mongolia after years of faithful service with the Siberia and other vessels in the Pacific Mail fleet, was instrumental in the arrangement of a series of entertainments for his many guests. The Mongolia galaxy of officers have a reputation as entertainers that is hard to beat when it comes to the care and comfort of the trans-Pacific traveler.

Smooth weather prevailed all the way down. The sun concealed its smiling face of the time to save yesterday and this morning.

For Honolulu 42 cabin and 13 second class passengers left the vessel. The through list includes 163 cabin, 3 second class and 166 Asiatics in the steerage.

The Honolulu cargo amounts to 440 tons and included in this is a quantity of structural steel and iron to be used in the erection of a local pineapple cannery. Other lines of freight unloaded at Alakea wharf are shipments of paper, flour, hay and feed and some barrels of wine.

The through freight is the largest that the Mongolia has carried in many a day. As the steamer will proceed to Manila, a large amount of Philippine government and army and navy stores are included in the bulk of cargo.

For Manila the vessel is carrying 6000 tons hay. In all there is 8500 tons army and navy supplies. Asphaltum to the amount of 2500 barrels is being shipped to Manila for street improvement there. The usual shipments of leather, cotton and flour are being taken to Japan ports.

Among the important passengers are Erastus Young, formerly auditor of the Union Pacific railway, who left the vessel at Honolulu. C. W. Anderson and a party of nine Chicago businessmen will make the round trip to the Orient on the liner.

Other passengers are O. L. Garrison, director of the Missouri Pacific railway and F. S. Hanky, director of the Northern trust company of Chicago.

## FAIRCHILD PLAN IS NOT FAVORED

Planters' Association Trustees Think Time Is Not Yet.

At a meeting of the Hawaiian Sugar Planters' Association held Saturday, it was decided that the association would not support the resolution introduced in the Senate by Senator Fairchild of Kauai, asking for a Congressional amendment to the Organic Act by allowing the withdrawal of about 40,000 acres of developed agricultural land from the homesteading provisions.

The trustees are in favor of long-term leases without homesteading restrictions, but at the same time do not feel ready to turn their back upon the policy that has already been inaugurated.

Senator Fairchild, the father of the scheme, says that he is not discouraged but will keep at it, hoping to convince the doubters by a tangible showing of just what such a plan would mean to the prosperity of the Territorial government.

## WILL OPEN HILO BIDS NEAR JUNE

Maj. Winslow Expects to Prepare Early For Break-water Work.

(Special Bulletin Correspondence.)  
HILO, Mar. 25.—Major Winslow and Colonel Biddle arrived last Thursday morning in the Wilhelmina and made an inspection of the breakwater, returning to Honolulu the following morning in the Mauna Kea. They expressed themselves as well satisfied with what they saw, and Major Winslow gave a statement as to the plans for further breakwater construction.

"I suppose you know that Congress has passed an appropriation for break-water construction of \$250,000, and has pledged itself to pass another appropriation of a similar sum this winter," said the major. "The former of these is immediately available. There will probably be an advertisement in the papers calling for bids during the latter part of April, and we expect to open the bids in June."

"We will open bids for contracts for the entire half million dollars. The contracts will provide for two kinds of construction. One will call for the laying of superstructure, where the contractor will build on top of the sub-structure which is now being laid by Lord & Young. The other contract will call for the continuation of the breakwater out to sea from where Lord & Young leave off. How soon this contractor can go to work depends, of course, on when the work on the present contract is finished. There is, however, nothing to prevent the present contractors from taking the new contract, and, as a matter of fact, it is knowledge of existing conditions which they gain through their present work, should place them in a very advantageous position to bid."

"In connection with the expenditure of the appropriation for the construction of the breakwater, the Secretary of War has been authorized to make an additional survey of the harbor of Hilo in order to determine whether it is possible to develop a method of improvement whereby the cost of the breakwater construction may be decreased and the commercial possibilities be gained may be increased."

"In connection with this we will make a survey to secure data with regard to the two submerged lumps which are at the entrance of Kihio Bay. It is not absolutely necessary that these be removed, for as a matter of fact, the bay is available for traffic as it is now, but if they were removed traffic from and into the bay would be considerably facilitated. We will make the survey to obtain data and will figure the cost of removing these lumps. We will then submit our estimate to Congress, which may or may not pass the necessary appropriation, for we do not predict what Congress will do."

"Colonel Biddle and I yesterday inspected the work which is going on under the Lord & Young contract. Of course, what is being done at present is largely of a preliminary nature, but I can say that what we have seen so far is very satisfactory."

## WHO'S WHO ON THE MONGOLIA

The Chicago Association of Commerce party of round-the-Pacific travelers monopolizes the palatial Pacific Mail liner Mongolia on the present trip to the Far East.

Including business men drawn from the Middle and Eastern States, the several members of the delegation expressed themselves this morning as having a fine time.

From early morn until late evening hours there was always something doing on the Mongolia. A series of concerts and entertainments was given on the way down from San Francisco.

While Old Sol saw fit to hide his face from the Mongolia passengers during the past five days, the sea was smooth and the winds kindly as well as favorable for an enjoyable passage.

Owing to an accident to the Great Northern steamship Minnesota while that vessel was in Japanese waters, the official tour of the Chicago Association of Commerce was abandoned. Thirty members of the original delegation, however, decided on the carrying out of the tour, and the Mongolia party is a result.

Included in the party that arrived at Honolulu at 10 o'clock this morning and destined to depart at 6 o'clock this evening for Japan, China and the Philippines, are:

Augustus D. Curtis, president of the Curtis Leger Fixture Co. and the National Ray Reflector Co.; member of ways and means committee of the Chicago Association of Commerce. Accompanying Mr. Curtis are his wife and two sons, Kenneth and Darwin.

Mr. and Mrs. F. L. Hankey. Mr. Hankey is vice-president of the Northern Trust Company, one of Chicago's largest financial institutions.

Mr. and Mrs. C. G. Huse, wealthy and prominent people of Chicago, traveling with Mr. and Mrs. G. L. Fish, wealthy people of San Francisco, and connected with the Fish family of New York.

K. Yamasaki, Japanese consul, Chicago, traveling with Chicago Chamber of Commerce party.

Mr. and Mrs. A. Verline, supposed to be French aviators.

Mr. and Mrs. O. L. Garrison of St. Louis. Mr. Garrison was for twenty years business partner of H. H. H. Secretary of the Interior; also with Harriman, the late railway magnate.

M. L. McDonald Jr., Mrs. M. L. McDonald, Master Juillard McDonald, Miss Marcia McDonald, Mrs. T. C. Pierson, of the large McDonald fruit packing and drying plant of Santa Rosa, Cal., to Honolulu.

C. D. Osborne of C. D. Osborne & Co., manufacturers of gloves, accompanied by wife and two sisters, Miss Mary and Miss Jane Spaulding.

## SCHOOL FACT

Editor Evening Bulletin: As you are trying so hard to impress it upon the people that we need more schools and more teachers, just say the following:

At the Waipahu school, thirty children are being taught on the veranda in relays of ten each to relieve the crowded condition of the lower rooms.

The lowest room has 75 children, the next 67, the next 65, and so on, all crowded to the limit.

Forty children have been refused admission since September and are spending their time in the Japanese billiard parlors or fishing, as suits their fancy.

This they do as there is nothing else for them to do, since they have been turned away owing to lack of accommodation. It certainly is a sin and a shame that they are allowed to acquire habits of idleness in this way. Two more rooms are needed at once, and even that will not meet the needs for very long, as the camps are swarming with children to come in, within a year or so.

The attendance at the Waipahu school has doubled in six years.

You might add that these children did not come here of their own accord.

Their parents were offered inducements to come, one of the inducements being schools for the children, so that when they apply for admission we have no right to turn them away.

Pearl City, March 24, 1911.

Hyades Coming With Much Lumber. There is a quantity of lumber on board the Matson Navigation freighter Hyades that is approaching the islands and is due to arrive at the port early tomorrow morning from San Francisco by the way of Puget Sound ports. The Hyades was 265 miles off the port at eight o'clock last night. Her cargo is reported to consist of 655 tons general and 100,000 feet lumber for Honolulu. Also ten prize bulls are to be unloaded upon arrival here. For Kahului there is 257 tons cargo and 111,000 feet lumber. For Port Allen is 227 tons freight and 100 tons for Kapaeha. At several of the outside ports the Hyades will gather up a full shipment of sugar destined for coast refiners.

Our estimate of a character always depends much on the manner in which the character affects our own interests and passions.—Macaulay.

## THE PRIMARY LAW PLEDGE.

Members of the House of Representatives stood true to their pledge on the direct primary law in the final vote on the bill at this morning's session. This is one of the first measures and gives a fair expression of the manner in which the members of the Republican House align their actions with their platform and campaign promises. This is progressive legislation and helps uphold partisan honor in Hawaii.

## PUBLIC SCHOOL ENEMIES.

Let us have no more "Children First" as a regular diet.—Advertiser.

This is not unexpected either as to the request or its source.

Session after session has witnessed the same old story in connection with the public schools of this Territory.

Pressing needs of the schools, apparent in a hundred different ways, are brought home during the school year. The people then demand more money for the schools and the school children; the political parties and the candidates make their promises accordingly.

In due time the Legislature meets and measures are introduced that satisfy the political promises and on the face of it put the schools where they should be. "Everyone seems favorable" and the friends of the schools are lulled into a peaceful slumber only to discover, when the session is ended, that the schools have not been cared for, the promises have not been kept, and the schools as well as the school children are just about where they were after the previous session—lost in the shuffle with other departments.

This year it will be different.

The same forces that have quietly juggled with the school appropriations and school bills in years gone by are now at work. Their time has come. "Everybody is favorable" and enemies of the schools perhaps feel that those interested in the school children will thus be placed off guard. Experience has taught the people however that there is one certain method of proving friendship for the children and guaranteeing sufficient funds for the public schools, and that is, passing the measure that provides ample funds, carrying it through to the Governor for his signature or veto, or in other words, promptly living up to the promise of each individual Republican member of the Legislature that "Education of the youth of Hawaii should have first claim upon the revenues of the Territory."

The situation will be judged according to the legislator's fulfillment of his party promise or his acceptance of the doctrine "give us a rest on 'children first.'"

## WHAT HAWAII BUYS AND SELLS.

Official records of the Statistical Bureau of the Department of Commerce and Labor tell the story of twelve months of Hawaii's prosperity, with interesting detail of the business done between this Territory and the mainland.

The figures for the twelve months ending with December, 1910, with comparisons with former years are given as follows in the latest statistical summary:

Shipments of merchandise from the mainland of the United States to Hawaii for twelve months ending with December, 1910:				
	1908	1909	1910	
Domestic merchandise	\$15,217,243	\$18,865,729	\$21,637,751	
Foreign merchandise	512,586	493,461	289,250	
Total	\$15,729,829	\$19,359,190	\$21,927,001	
Shipments of merchandise from Hawaii to the mainland of the United States for twelve months ending with December, 1910:				
	1908	1909	1910	
Domestic merchandise	\$41,627,448	\$41,663,797	\$44,189,260	
Foreign merchandise	33,927	31,199	35,493	
Total	\$41,661,375	\$41,694,996	\$44,224,753	

What do you buy and what do you sell? is the first question a business man asks when glancing over these figures.

What Hawaii sells is centered in two principal items, sugar and fruit. The sugar shipped to the mainland in 1910 was valued at \$39,478,762. The fruit, principally pineapples, fresh and canned, was valued at \$2,154,049, or an increase of more than \$790,000 over the same period for 1909.

Hawaii's purchases are divided among a large number of items and the list shows where the mainland merchant is interested.

Hawaii bought \$1,829,514 worth of breadstuffs. It bought \$773,737 worth of automobiles alone, and a total of \$1,054,818 of cars, carriages and vehicles. Medicines and drugs amounted to \$996,154. Clocks and watches \$22,000 and jewelry \$69,466. Cotton, clothing,

etc., \$1,952,911. Fruits and nuts, \$273,372. Glass and glassware, \$219,548. Gold and silver manufactures, \$10,833. India rubber manufactures, \$286,977. Electrical appliances, \$196,210. Iron, steel and machinery, \$3,776,864—this includes \$21,000 cash registers, \$20,000 typewriters, \$123,000 electrical machinery, \$49,000 stoves and ranges. Leather and manufactures of, \$548,858—the item of boots and shoes is \$345,134. Meat and dairy products, \$883,833. Pianos, \$35,044. Phonographs, etc., \$23,164. Oils, mineral, \$1,616,698. Paints and oils, \$324,740. Paper, books, maps and printed matter, \$223,734. Soap, \$123,524. Spirits, wines and malt liquors, \$619,969. Tobacco, cigars and cigarettes, plug and smoking, \$578,326. Toys, \$26,037. Vegetables, \$261,700. Wood and manufactures, \$1,554,841—this includes \$194,294 furniture, \$56,348 doors, sash and blinds, \$1,044,245 lumber. Woolen goods and wearing apparel, \$250,588.

This is a pretty good showing, and proves that the people of Hawaii are a mighty profitable source of revenue to the business men of the mainland.

Business men of the States should bear in mind when reading these figures that a very large portion of the goods shipped to this Territory come through San Francisco jobbers. This means that goods sold to the Pacific Coast by the eastern houses, eventually come to Hawaii and should be credited to these islands. Business houses of the East thus have trade with Hawaii of which they know nothing until some live advertising man drops in and asks why they do not give more attention to the Hawaiian field where they are to a certain extent and in an indirect way represented.

There is business in Hawaii, good business and big business of which the eastern manufacturer and wholesaler has no conception, because he thinks of Hawaii as a bit of a place somewhere south of the North Pole and perhaps next door to the Orient.

If he has the right kind of a head on his shoulders, he should know after reading the trade figures, that Hawaii is an American community using American goods and willing to use more if approached in the American way, that is through up-to-date advertising in up-to-date advertising mediums, than which the Evening Bulletin has no superior.

ality of which your committee doubts very much. Hawaii is an integral part of the United States, and the constitution of the United States is in full force and effect in this Territory.

"The second objection to the resolution is that it is a request for special legislation for the benefit of Hawaii," Senate Routine.

House Bill No. 96, providing increases for the pay of district court magistrates and district court attaches, was taken up in committee of the whole.

With Senator Judd in the chair, the

committee proceeded to study the numerous raises wanted for the magistrates throughout the Territory. The first item, that of the district magistrate of Honolulu, was first dealt with by Senator Chillingworth. He stated that because of the importance of the court he thought the salary should be fixed at \$3300 a year, an advance of \$500 per year over the figure in the House bill, and \$600 increase over the present salary. Senators Fairchild and Brown objected to an advance on the ground that no good cause of raise was shown, both Brown and Fairchild maintaining that the present salary of

the district magistrate was sufficient. The item finally passed at \$3900. The pay of the district magistrate at Wailuku, Maui, was increased from \$125 to \$135 a month, and the district magistrate of South Hilo from \$125 to \$150. The bill passed on second reading with the changes mentioned.

Chillingworth was particularly insistent that the district magistrate of Honolulu was entitled to more money because of the increase in court business. He declared that insufficient salaries for the court attaches were one of the reasons that two ex-attaches were now under indictment for embezzlement.

Senator Baker introduced a bill putting a brake on county expenditures. It provides absolutely that no county expenditures shall be made in the absence of appropriation or "in excess of the amount of money available for such purposes." A fine of \$1000 or imprisonment of not more than one year is the penalty for violation of the law.

Senator Quinn introduced a bill designed to strengthen the provisions of the inheritance tax law.

mended tabling Marcellino's joint resolution appropriating \$20,000 for acquiring the Kapiolani Estate's equity in government lands at Ahupua'a of Auwahi and getting the surrender of the lease.

The committee reported that the nature of the sub-leases by tenants, the difficult legal procedure to be undergone, as well as the amount asked as compensation by the estate—\$20,000—make the appropriation undesirable, and therefore recommended that the resolution be tabled. Marcellino, the introducer of the resolution, agreed to this action, stating that the difficulties in the way of acquiring the estate's leasehold rights make the resolution not practicable. It is stated that the Kapiolani Estate now gets about \$12,000 in rentals yearly.

Reporting on Tavares' bill amending the law relating to the special conservation and immigration tax, the finance committee recommended that the special tax period be diminished two years, that it cease to be operative on December 31, 1913, instead of 1915. The report was adopted. Tavares' amendment authorized the collection of due and unpaid taxes after the law ceases to be operative.

The judiciary committee reported favorably on Alfonso's bill making five Senatorial districts in Hawaii instead of four. The committee reported that as the number of Senators from Hawaii is not to be changed, the only purpose being a geographical division, the bill should pass. The report was adopted.

The same committee reported adversely on Long's bill restricting the evidence that may be introduced against defendants in criminal cases. Long's bill would rule out as evidence anything secured by a forced confession or by "third-degree" methods. The committee did not consider the bill desirable and the House adopted its report.

Sheldon's bill authorizing the appointment of a commission to compile the statute laws of the Territory was reported unfavorably by the judiciary committee, which found no immediate need for codifying the laws. Sheldon concurred in the report against his bill. The judiciary committee sent in another adverse report on Alfonso's bill amending the present laws relating to the examination and licensing of attorneys-at-law. The committee found "that at present the standard of admission to the Hawaiian bar is high. There has been no well-founded complaint against the present system." On this report the bill was tabled.

The committee on agriculture reported favorably on Williamson's bill exempting from taxation for four years after January 1, 1911, lands used in the growing of cotton, tobacco, rubber and copra for commercial purposes. The committee, however, opposed Yates' amendment to include sisal lands in the exempted list, and its report was adopted.

The House this morning received a number of resolutions from the Hilo Labor Union. One is directed against Filipino immigration, one against government by commission, as well as the election of supervisors-at-large, as proposed in a House bill, and a third against the farming out of prisoners for labor for private parties. Alfonso followed this with a bill prohibiting such farming out, which is just now the subject of hot controversy at Hilo, ever since Judge Wise took a stand against it.

## SHIPLOAD OF IMMIGRANTS

Dr. Victor S. Clark of the Territorial Board of Immigration returned yesterday from an extensive trip to Hawaii and Maui, with the information that every plantation on the two islands is anxious to get some of the immigrants from the big liner Oteric. Dr. Clark made the trip for the purpose of looking into the labor conditions on the islands, and to make some estimate on which to base the disposition of the Portuguese and Spanish immigrants sent by Agent A. J. Silva.

"I visited all the plantations on Hawaii, practically, and all those on Maui, with the exception of the Hana district," said Dr. Clark this morning. "I found that while no serious shortage of laborers exists except in one or two districts, all of the plantations will be ready with offers of employment for all the laborers they can get."

"One thing I noticed especially—that the sanitary conditions of the camps have been wonderfully improved since my visit to Hilo a year ago, when I was connected with the census. This is true in the great majority of cases. Too much credit can not be given President Mott-Smith of the Board of Health and to Health Officer Bowman of Hilo, as well as to the plantation management."

"Some of the plantation camps, however, still need a good deal of cleaning up, and it is probable that this will be taken into consideration by the Board of Immigration in advising immigrants which offers of employment to accept. On the whole, however, the plantations are doing a splendid work."

Dr. Clark comes back with a good word for Filipinos as plantation laborers. "While there is a good deal of objection to them at Hilo on account of the trouble they have made the police authorities, the plantation managers tell me as laborers they are satisfactory," he says.

The Board of Immigration will also look into the labor conditions on Kauai this week or next, either Dr. Clark or Assistant Secretary R. A. Kearns making the trip to the Garden Island. Dr. Clark anticipates not the slightest difficulty in providing every immigrant with work. He says the scale of wages on Hawaii and Maui is \$24 a month, and that in most cases, if not all, quarters and firewood as well as some other desirable things, are supplied.

The Oteric, with nearly 1500 Portuguese and Spaniards, will be here about the middle of April.

COMING ON THE CROOK

SAN FRANCISCO, Mar. 26.—At the Presidio yesterday the soldiers played Sunday baseball. There was no hint of war, excepting when the umpire gave a bad decision.

But at the army transport dock and at the Mare Island navy yard there was a different sort of activity.

Two battalions of the Second Infantry, under Colonel Francis Worthington Mansfield, arrived from the south on a troop train early in the morning, and all during the day the officers and men worked like beavers, doing their utmost to store all their baggage and supplies aboard the army transport Crook before nightfall.

Colonel Mansfield will be accompanied to Honolulu by his sister, Miss Edith Mansfield, who has done home and foreign duty with him during the last six years.

Other members of the party come from New York, Chicago and Omaha, and after reaching Hongkong no particular program will be followed. All the party will go to Manila, as the vessel goes direct to the Philippine port from Nagasaki.

Rev. R. B. Dodge of Wailuku, Maui, who has been boosting Hawaii in the Eastern States, gave the members much information about Hawaii on the trip down from San Francisco.

Secretary Wood of the Promotion Committee sent a note out to Rev. Dodge this morning stating that four automobiles would be placed at the disposal of the party to see the sights of Honolulu during the day, and requesting him to round up the members for the machines upon the arrival of the steamer at Alakea wharf.

No official recognition of the members of the party was made by the Promotion Committee or any organization in the city, the automobiles being the only courtesy extended, although the party comprises some of the most influential business and professional men of the Windy City.

"We have no official mission whatever," concluded Mr. Goode as he climbed into a machine for the trip around Honolulu, "some of us being merely on a globe-trot and continuing around the world to New York."

"A few of us will return to the States on the Mongolia, but the greater number will stay in the East and take a later steamer back across the Pacific, or they will go home by the Suez Canal."

In speaking of the tourists this morning, Secretary Wood of the Promotion Committee stated that he had received word from the Chicago Chamber of Commerce that the party was not representing that body, and that under those circumstances no official recognition of the members would be made. "We are placing four automobiles at their disposal," said Secretary Wood, "but that is the extent of our hospitality on this trip."

The Chicagoans had lunch today at the Moana Hotel, thirty-seven of them, and the party was so large that there was no place in the dining-room for one large table, so they were seated around a table in the courtyard.

The Hall Cup play will not start for two weeks in all probability, as the men in the singles have not had a chance to practice sufficiently as yet. The players outside Honolulu are looking forward to this tourney in the hope that again the cup may be taken away from the city players.

Secretary Wood of the Hawaii Promotion Committee has drafted letters to be sent to the insurance companies of the mainland setting forth the salubrious climate of Hawaii and suggesting that trips to Hawaii would aid policy-holders physically and incidentally prevent the insurance companies from paying out so much money.

The public meeting to be held by the Committee on Public Lands and Internal Improvements of the House of Representatives on Tuesday, March 28, 1911, for the consideration of House Bill No. 95, entitled "An Act to Amend Chapter 66 of the Revised Laws of Hawaii, Relative to Honolulu Rapid Transit," is postponed until Wednesday, March 29, 1911, at 7:30 p. m.

## HAWAII SISAL BEST FOR ROPE

Coast Cordage Company Prefers Local Product to Hemp.

Hawaii has gained another foothold in the world of commerce with a commodity native to these islands, and, not according to reports alone, but to the standing of the article itself in a manufactured state, it will soon rank with sugar, pineapples, bananas and coffee. It is Hawaii's island-grown sisal.

Captain Charles Chittenden, representing the Tubbs Cordage Company of California, is in this city making a thorough investigation regarding sisal and its production. The Tubbs Cordage Company has been taking all of the product in the sisal line that Hawaii has been fit to produce so far, and has been manufacturing the same into cordage of all kinds and sizes. According to the statements of Captain Chittenden, sisal has been found very much superior to the hemp raised in Manila for the making of rope of all kinds. In the tests of strength that have been made between the two commodities, sisal has stood a much more severe strain. It makes up much smoother than hemp and, with proper care, will outlast a Manila-made rope to twice the life of the Manila hemp.

Captain Chittenden brought down with him a cowboy lasso that was made by the firm he represents from Hawaiian sisal, and it certainly is a thing of beauty along that line. He states that the cowboys on the Coast are much taken with the new rope and are much in favor of it.

The lasso brought here has been placed on exhibition in one of the windows of the Inter-Island steamship company. It is fifty feet long.

## PARTY IS GIVEN ON DELEGATE'S BIRTHDAY

Col. Sam Parker's Home Scene of Merrymaking to Honolulu.

In honor of the birthday of Prince Kuhio, Delegate to Congress, a luncheon was given yesterday at the Pearl Harbor home of Colonel Sam Parker, the guests being taken to the harbor from the city on the launch Kulamann II. A large number of legislators as well

as other prominent citizens responded to the invitation, and the luncheon was a most enjoyable one. About fifty were present. The launch left Honolulu at 10 o'clock, other guests making the trip down by automobile.

Part of the morning was spent by the guests in looking over the progress of the dredging construction at the harbor, after which they adjourned to the Parker home, where the luncheon was served on the long table.

Prince Kuhio was seated at the center of the table, with President Knudsen of the Territorial Senate on his right and Chief Justice Robertson on his left. Speaker Holstein and Colonel Parker close by. A number of toasts were given, and the speakers took occasion to compliment the Delegate on his work in Congress.

## REV. URCH PREACHES AT M. E. CHURCH

The pulpit of the Methodist church was occupied yesterday forenoon by Rev. Urch of the First M. E. church of Oklahoma, and the service was exceptionally interesting.

The visiting pastor is a speaker of considerable force and holds his audience with every word. He is now on his way to Singapore where he has been sent on a special mission.

The evening service was one of farewell to R. S. Gault and Frank Lee. There was special music at this service, and Mr. Gault and Mr. Lee each gave a short address.

Pastor Smith, in his closing remarks, expressed sentiments of regret that these two young men should have to leave the church, for the work of these two in Christian work has been very great and has been appreciated by the people of Honolulu.

A number of boy scouts attending was a feature of the evening service.

## COMMITTEE LOOKS OVER PROPOSED PARK

Chairman Alfonso and the other members of the House Committee on public lands and internal improvements took a trip Saturday afternoon by auto out to Makiki Valley to see the site of the park proposed in a bill introduced by Representative Marechaline, of Oahu. Two hours were spent in looking over the site, the committee going to the top of Mt. Tantalus and getting a view downward. A great deal of the land does not look as if it were available for anything but park purposes.

## TOM M'TIGHE PASSES AWAY

"Irish Consul," One of City's Best Known Characters, Dies Suddenly.

Thomas F. McTigue, one of the best-known men in Honolulu and the best-dressed, died yesterday afternoon at 5:29 o'clock at his home on Young street, from hemorrhaging of the bowels. He had been ill less than two weeks. Funeral services took place at 1 o'clock this afternoon from the family residence, and after a brief service the body was taken to the Catholic mission, where services were held at 1:30, the body afterwards being taken to Pearl City for interment.

McTigue was known to everyone as "Tom," and was called "The Irish Consul" as an affectionate nickname. He was born in Ireland July 18, 1861, came to Hawaii in 1886 in a Portuguese immigrant ship, and after some employment at the Royal Hawaiian Hotel as clerk and manager, became associated with Macfarlane & Co. After seven years here he entered the retail liquor business on his own account, and after purchasing the interest of a partner, General, took over the entire control of his well-known place of business on King street. He was one of the city's characters, and the approach of St. Patrick's birthday was always heralded by some unique souvenir sent around by "The Irish Consul," the one this year being a small green lapel flag with an Irish harp as an emblem.

A number of his friends and members of the Ancient Order of Hibernians acted as pall-bearers at the funeral service today—John Hughes, John Walker, Henry Gehring, P. E. Dillon, Tom Smith and F. D. Creedon, president of the A. O. H. He leaves a widow and five children. The eldest son will assume management of the business.

The paper is aggressive and determined. The paper is a small, six-page folder but the spirit expressed in a few words on the front page "Success is never won on the first lap, but at the tape," breathes through the whole issue.

By courtesy of the Kanai Shingo, the Garden Island is allowed the use of this paper's plant. Concerning its future, the editor of the Garden Island has this to say:

"The question of a new and bigger Garden Island was definitely settled this morning by a meeting of the stockholders who authorized an expenditure sufficient to erect an expensive building and furnish it with a complete up-to-date job and newspaper plant. Our manager is now in Honolulu purchasing the new plant, a part of which arrived this morning. We are exceedingly grateful to our many patrons for their expressions of sympathy which to a great extent have given us courage to continue our efforts in supplying Kauai with a live newspaper. We were particularly impressed with the many expressions of condolence received from school children.

In the new and better Garden Island, the school children can rest assured that their interests will be well looked after. The fire occurred at 1 o'clock Sunday night, and when discovered, it had progressed so far as to make it impossible to get near the building. The loss amounts to nearly five thousand dollars with no insurance. The Daily Record has not missed an issue and the weekly is delayed owing to shortness of type in the Kanai Shingo office, from which both daily and weekly editions will appear until our new plant arrives.

## OPPOSE SUNDAY PICTURE SHOWS

Churches of the City Declare Against Passage of Quinn Bill.

United opposition was voiced yesterday in the churches of the city to the passage by the Territorial Legislature of the Quinn Sunday theater bill, which would open the vaudeville and moving-picture houses of the city on the Sabbath if the supervisors approved.

At the Episcopal cathedral a resolution was passed at the meeting of the vestry, declaring opposition to the bill and requesting Bishop Restarick to ask the men of the congregation to write to Senators and Representatives expressing their objection to interference with the existing laws.

At the other Protestant churches throughout the city, resolutions were presented and adopted, declaring against the opening of the shows on Sunday. A paragraph was added reading as follows:

"We do also petition for the passage of House Bill No. 140, which guarantees to barbers a Sunday rest."

Bishop Libert of the Roman Catholic church states that he is opposed to Sunday opening, and that the influence of theaters running on Sunday would be altogether bad.

The actors do not regard the idea of working on Sunday with much pleasure, and a number of performers now appearing locally have expressed themselves as being opposed to the passage of the Quinn bill.

J. T. Scully, manager of the Honolulu Amusement Company, contends that no harm will be done by the Sunday theaters, declaring that the present bill leaves the opening to the discretion of the boards of supervisors.

The bill in question was introduced in the Senate by Senator Ed. Quinn of Oahu and passed the upper house, the only vote against it being cast by Senator David K. Baker of Hawaii.

### SCORES SECURE COVETED ADVANCE TRIP NOMINATIONS

Teachers and Students, Clerks and Collectors, Mechanics and Politicians, and Popular Matrons, From Over All the Islands, Are Candidates in the Evening Bulletin's Expansion Year Contest.

\*\*\*\*\*  
Briefly, the hundred and more travel contestants were chosen by community caucuses, for during informal gatherings has come the decision to nominate certain friends as candidates for the travel trips. They were selected from almost every walk in life and from every part of the Territory, because of their pleasing personality by the persons who know them in everyday life.  
In all organizations, social or commercial, be its membership of whatever age or sex, there are always individuals who are the center of club activity. The Bulletin plan of presenting trips to popular people provided a way in which to reward these active individuals in a dignified manner, with a substantial prize for their past efforts, hence their nomination.  
Such is the story in short, of the nomination of the hundred and eighteen candidates, presented today as contestants for the ten travel trips offered by the Bulletin in its expansion year contest.  
\*\*\*\*\*

Given precedence, because of their popularity and pleasing personality, the names of one hundred and eighteen people are presented today as candidates in the Evening Bulletin's expansion year contest. Hawaii like—hence Cosmopolitan like—there are race representatives of almost every nationality in the Islands.  
Analysis shows that the list indicates variety in a manner that is perhaps of much import, and that in the many different kinds of work shown in the occupation column.

MANUEL PETERS  
A Honolulu Travel Contestant

Teachers, students, clerks and collectors predominate. There are many mechanics and apprentices and some of the names are familiar ones in political circles. The popular matrons of Hawaii have been remembered by their friends as a number of them have been nominated. All entrants of fair character were eligible and no particular rank or high station was necessary to become a candidate for one of the trips. From every where in the Island group, where there was a man or boy, girl or woman, who possessed a few more friends than the average however humble their life, station have come the nominations.

**Popularity Counted.**  
Popularity, in the real meaning and sense of the word has played an important part in the selection as it will in the naming of the eventual trip winners. Add this to sincerity and energy and trips are within range of attainment by every contestant entered.

**Nominations Poured in at Last.**  
Since the first announcement of the travel trips three weeks have past. From the very first a few names began to come in and at the last they poured into the contest department in such numbers that it seemed it would be necessary to postpone the publication of the candidate list for another day or two to allow time to investigate and classify the nominations.

**Some Have Started Work.**  
Many of the candidates have signified their intention to begin their vote canvass as soon as the nominations were announced and some began work last week. All the candidates are being notified by personal letter of the acceptance of their nomination and printed matter with which to start contest work is being sent them.

**Vote Issue Starts Tomorrow.**  
The issuing of votes on subscription payments, from which the decisive votes of the campaign will be gained will start tomorrow at 8 a. m. Candidates who have already collected money should begin turning this in. Votes issued on these payments can be held and voted at any time during the contest. Most people who subscribe for the paper are desirous of getting it as soon as they pay for the money. Turn in your names of new subscribers at once.

**But One Requirement.**  
Only one requirement is made of the candidates who expect to be trip owners, and that is to get busy. To begin well is most important. Do not keep your friends in doubt about your intention to be an active and sincere candidate. Let them know at once of your intention. Form letters to send them are on distribution at the contest department. These are being mailed to candidates who do not live in Honolulu. The others should call for them at once. Come around and see the contest man as soon as possible, as he can help you to get

sen, whether you know the person or not.

Everybody reads a newspaper these days. Some read several. A newspaper is not regarded as a luxury these days—it is a necessity.

If you were attempting to get subscriptions to some unknown publication you would undoubtedly find it very hard. But with the Bulletin you will find it different.

This newspaper is famous for its enterprise. Its news service is the best in the Islands.

**Looks Easier Afterwards than Before**  
Search your memory to a time when you did something worth while and you will remember that the task in the retrospective was not so difficult as it appeared in the prospective. Such is often the case with those who enter the yearly travel contests of the Bulletin. The way may seem difficult until a start is really made and then the difficulties are lost to sight in the amazing surprise almost all feel in the loyal support of friends. Often the support that counts at the contest end comes from those very people who scoffed or were sceptic in the beginning of the vote canvass.

**Not Charity But Salesmanship.**  
You are not seeking charity but are selling something of value when you are after votes to be secured from subscription payments made to the Evening and Weekly Bulletin. These two papers are known throughout the Islands. Go into the most isolated district on the Islands and you will find a Bulletin reader. Where you find a Bulletin reader you will find another who wishes to become a subscriber to the paper that always prints the news. The paper's progressiveness will be well known to everyone with whom you talk.

You will find it almost as easy to secure subscriptions from strangers as from friends, when you tell them you are selling the Bulletin in order to earn a coast trip. There is no need to stop and show samples—when the Bulletin is your stock offering—it is too well known. Everyone knows the paper although not all are subscribers. When not, the only reason is that someone has not asked them to take it. They will respond readily when you make your request for a subscription.

**Start At Once.**  
Do not postpone coming in after your receipt books. Some of the candidates have already started to work and it is in the beginning that you will get the encouragement that will make your wavering hopes turn to enthusiasm.

## Free Fountain Pens For Contest Candidates and Workers

Every contestant or contest worker who turns in one club of three new, or three old daily yearly subscriptions the first contest week will be presented with a

### Onoto Safety Self-Filling Fountain Pen

These pens will be on display at ARLEIGH'S.

Remember—The pens will go to whoever brings in the subscription club, whether a contestant or a contest worker.

The fountain pen is something that will be useful during the contest.

You will need it to write subscription receipts with every day of the contest.

One club of new subscriptions will also bring you

11,000 Votes.

If you get more than one club, let your friend bring in the subscriptions and get one of the pens and the votes for you.

Start now to get the 11,000 votes and the pen. It means a good contest start and a useful present.

The first contest week is from 8 a. m. Tuesday, March 28th until 5 p. m. Monday April 3rd.

## How Named

Evening Bulletin Subscribers will name the ten travelers. Voting coupons are issued with every subscription payment to the Evening and Weekly Bulletin, and coupons are also published in every issue of the paper. Almost all your friends and neighbors take the Bulletin. The rest will want to when they learn that they get the best newspaper printed in Honolulu with no extra charge, and at the same time help you to get one of the trips.

The eight women who went to the Yosemite last year as the guests of the Bulletin did not hesitate when their nominations were announced. Why do you?

You are just as popular; just as deserving; perhaps what is more important—just as energetic; it is possible, you are more so. Earnest endeavor will earn a trip.

## AMUSEMENTS

PRINCESS SUZANNE; MIDGET AT BIJOU.

### BIG BIJOU NIGHT

Tonight will be one of the biggest nights in the history of the Bijou Theater. First of all Princess Suzanne, the midget actress, only thirty-two inches tall, will make her first appearance in a novel and daring tight-wire act. She is a dainty little actress, and is but 27 years of age. She is one of the most wonderful midgets in the world. In addition, Jones and O'Brien, two colored gentlemen, who do buck and wing dances and sing popular coon songs, will also make their first appearance. Stern, an amateur, will give Kipling readings, and this is really a very strong act. O'Rourke will add spaghetti characterizations. The theater is taken over tonight by Mrs. Bergin on behalf of Billy Bergin Jr., an auto contestant.

### EMPIRE

With the opening of the present week this afternoon, Whittier and Crosson,

the singers, will present an entirely new list of songs with their usual stage accessories. They have made good. Reginia Reed and her picaninies will give new songs and dances, and the moving pictures will be of a selection to pass the most censorious critics. The Empire program is unusually strong this week.

### SAVOY

Probably one of the finest programs in any of the theaters will be given at the Savoy tonight, when Jourdain and Gervaise, in costume and with appropriate scenery, will give opera selections. The famous "Armorer's Song," from the opera of Robin Hood, will be given with aryl accompaniment. "The Baccarole," from "Tales From Hoffman," will be another, followed by "Kiss Me." Hessie, the juggler, will appear in his favorite role of "The Millionaire Tramp." The management has made an especially good selection of moving-picture films.

### PERSONALITIES

Big Ranchers of Island of Hawaii  
Discuss Shortage  
of Supply.

(Special Bulletin Correspondence.)  
HILLO, March 25.—Considerable in-  
terest was taken by the public here  
in a meeting of the big ranchers of  
this island this week. Those who  
took part therein were Manager A. W.  
Carter of the Parker Ranch, W. H.  
Shipman of Puuoa, Robert Hind of  
Kohala, Albert Horner of Kukuluu,

ment—a balanced ration. The  
most frequent lack is bone-form-  
ing material, causing soft, weak,  
diseased, crooked bones.

supplies every element needed.  
It's a balanced ration for bone as  
well as flesh. Every child should  
have a small dose daily.

and Julian Monsarrat of Kapapala.  
Matters relative to the beef supply  
were discussed, but no conclusions  
were arrived at, nor will anything  
definite be settled until several days  
from now.

The public regarded the meeting of  
the big men with somewhat the state  
of mind which agitated Mulvaney, a  
kind of invidious apprehension, fear-  
ing that the price of beef might soar  
a bit higher. However, one of the  
ranchers stated after the meeting  
that, while the wholesale price of beef  
had risen one cent in Honolulu, the  
price would not advance on this is-  
land, at least not for the present.  
However, there was a serious short-  
age of beef, owing to the severe win-  
ter which the cattle had suffered  
much from, and there was being much  
difficulty experienced in meeting both  
the Honolulu and local demand. This  
situation would probably last another  
couple of months, and in the mean-  
time the ranchers were working hard  
to meet it.

The Hilo Market Co. will soon give  
up the retail business and confine it-  
self to the wholesale market. The re-  
tail business will probably be sold  
out.

The guests of the Occidental Hotel,  
and those who are rooming in the  
McCandless building, corner of King  
and Alakea streets, are having their  
sleep at night disturbed by the Holy  
Rollers, who about at the top of their  
voices, during the night services. The  
Rollers have a small mission, mauka  
of the office of the Territorial Board  
of Immigration, where they hold ser-  
vices twice a week.

### MADERO WILL CONTINUE WAR

(Associated Press Cable.)

EL PASO, Tex., Mar. 26.—General Madero regards the new cabinet, as selected by President Diaz, the names being announced today, as one unfriendly towards the reforms being contended for by the insurgents. He has no faith in the promised revision of the election laws, nor in the announcement made of the new policy of Diaz to cut up the public lands into small holdings for the people.

He has demanded that the war continue until there is more certainty of reforms than is provided through the new cabinet.

The insurrectionist junta here express themselves as very doubtful concerning the outcome of the war, believing that the inauguration of the new cabinet will lessen the popular sympathy for the insurrection cause. First Stage Toward Peace.

WASHINGTON, D. C., Mar. 26.—In an interview today, President Taft stated that he believed the appointment of Ambassador de la Barra as premier of Mexico marks the first stage toward peace in that country.

## NEW YORK FIRE

## VICTIMS INCREASE

NEW YORK, Mar. 26.—The bodies of as many as the victims of Saturday's holocaust as could be found in the ruins and picked up from the pavement, upon which they had been smashed to bleeding pulp, have been taken to the morgue, in all one hundred and forty-one. Twelve others who had been among those injured in the fire are in the hospitals dying. Scores of others, in all cases girls being in the majority, are suffering from burns and injuries, more or less severe.

Today the morgue witnessed many heartbreaking scenes as the relatives of the dead searched among the long lines of bodies for their sons and daughters, their husbands or their wives. At least fifty of the bodies are beyond identification, the clothing burned away, the bodies charred to a crisp, with features unrecognizable.

During the day at least two hundred thousand people visited the morgue, the majority impelled by morbid curiosity.

## CHINA WILL GIVE IN TO RUSSIA.

ST. PETERSBURG, Mar. 26.—By Tuesday, China does not agree unconditionally to the terms of the ultimatum presented in Peking yesterday by the Russian minister, Russia will declare war and throw an army of occupation into Turkestan. Such was the announcement made here yesterday, to be regarded as official. Russia will brook no further delay in her demands for compliance on the part of China with the terms of the commercial treaty of 1881.

PEKING, Mar. 26.—The Chinese government will not wait until tomorrow to reply to the peremptory demand from Russia regarding the settlement of the various disputes arising from the treaty of 1881, which she had been given seventy-two hours to consider and agree to, under threat of war. To-day the foreign office notified the Russian minister that China's reply would be given formally tomorrow, and that China would acquiesce in all the demands.

Intense interest is being shown here in the attitude that Japan may take in regard to the Russian demands to be allowed to occupy a number of Chinese towns south of the Amur.

## PRESIDENT DIAZ

## NAMES NEW MINISTER

CITY OF MEXICO, Mar. 26.—President Diaz has appointed Senor Francisco Leon de la Barra, the present Mexican ambassador to Washington, as the minister of foreign affairs in his new cabinet. Senor Limantour will be asked to retain the portfolio of minister of finance.

De la Barra has been the Mexican representative in America since 1906, prior to that having represented this country at Belgium and The Hague.

## JACK JOHNSON

## RELEASED FROM JAIL

SAN FRANCISCO, Mar. 26.—After serving five hours of a twenty-five-day sentence in the county jail, after a third conviction for automobile speeding, Jack Johnson, champion pugilist of the world, was released yesterday, pending an appeal. The black fighter deposited a cash bond of \$500 to ensure his appearance at the rehearing of his case.

## HOPES WAVING FOR

## ANTI-ALIEN LAND BILL

SACRAMENTO, Mar. 22.—All hope of those backing the anti-alien land bill, aimed to prevent Japanese from becoming holders of California real estate, is about dead. The bill passed the lower house of the State Legislature some time ago, but it has been held up in the Senate, and will probably be defeated or allowed to die without action.

## U. S. PAYMASTER UNDER ARREST

VALLEJO, Mar. 26.—Paymaster Phipps of the United States receiving ship Independence was arrested today, the

probing of accounts having revealed grounds sufficient for the action. The investigations of those auditing naval accounts have also led to suspicion that the accounts of three other paymasters are not correct.

## MAGAZINES TO GO BY FREIGHT.

WASHINGTON, D. C., Mar. 26.—The Postmaster-General has issued orders that magazines and similar second-class mail matter are to be transported, after July 1, by fast freight, and not on the regular mail trains.

## BAND CONCERT

The regular Emma Square concert will be given by the Hawaiian band this evening, commencing at 7:30, the program to be:

March—Greetings ..... Hall  
Overture—The Smuggler's Bride .....  
Fantasia—The Queen of the Ball .....  
Selection—Il Trovatore ..... Verdi  
Vocal—Hawaiian songs, ar. by Berger  
Selection—Neapolitan Songs, Godfrey  
Waltz—Barcarole ..... Offenbach  
March—The Commandery ..... Hall  
The Star Spangled Banner.

Tomorrow will be another day—but the majority of us will be up against the same old grind.

# ATHERTON RICHARDS LOSES TO CASTLE IN WALL CUP

Holder of Two Legs Goes Down to Defeat—Won Third Out of Four Sets Played—Features Were Castle's Service and the Well Directed Placing of Richards.

After playing forty-seven games of tennis in four sets Saturday afternoon, Al. Castle defeated Atherton Richards and has one leg in the Wall Cup, Richards having two already, and if he had won out on Saturday he would have been the holder of the trophy.

Volley and smash, swift serving and lots of judgment in placing were the points which kept the several score of spectators interested from the time the match started until it was all over just before 6 o'clock, after nearly two hours of play.

Castle was in his best form in serving, but Richards handled most of his hot ones, although he was wild at times in the returns.

Time after time Richards had Castle running for one side of the court and then dropped the ball in behind him in such a manner that he could not whirl and touch it.

It was at times like these that Castle said things under his breath which showed he had his temper ruffled somewhat.

The first two sets went to Castle 6-4, 6-1, and the spectators thought it was all over, as Richards seemed weak about the end of the second set. Those who remembered his performance last year, when he won out after losing the first two sets, still thought there was a chance, and the next set, which he took 7-5, showed that he was still in the game.

It was in the last set that the real fighting was done, the final result being 10-8 in favor of Castle, which put him the winner of the tournament.

Castle was stronger than Richards, and it was this strength which finally told, although four separate times in the last set the winner had a chance to win but could not do so.

In the first set Richards started off strong, winning the first two games, but then Castle got to work and pulled three in succession. Then Richards took two more, but got no further than that point, while Castle went steadily ahead and won out in the set.

When the change of courts was made for the second set, the sun came out and was down so low that it shone directly in Richards' eyes, and this may have accounted for the result of the set. Al. won five straight games in this set, and then Richards took one, but Castle took the next, finishing the set.

Some hard fighting was indulged in during the third set, which Richards finally took 7-5. He started in strong and took three games before his opponent had a show, and this was a surprise to the spectators, who had seen him lose almost a love set just before.

After Richards had three games to his credit, Castle began to take a few, and from then on until the set closed at 7-5 in Richards' favor, the games went to each of the players one at a time.

In the fourth and final set Richards started out by taking the first game, but then Castle took the lead, losing it almost immediately when the score became tied at two-all. Three-all and four-all came soon after, and then Castle had his first chance to win out, with the score 5-4 in his favor.

He could not make a go of it, and Richards crept up and made it 6-5, then Castle took another, tying the score again. Next Castle took another and had the second chance to win out, with the score 7-6, but again could not do so.

Seven-all, and then 8-7 in Castle's favor, but for the third time he could not get the necessary second game. Eight-all and then Castle seemed to make a stronger effort than usual, his serves going over the net with the speed of a bullet, and he won two games straight, closing the set 10-8 and defeating Richards the necessary three sets out of five.
