THE HAWAIIAN STAR.

The Hawaiian Star is the paper that goes into the homes of Honolulu—the circulation shows that.

VOL. IV.

THE HAWAIIAN STAR WEDNESDAY JUNE 9, 1897.

No. 1295

Timely Topics.

June 5, 1897.

Have you one or more cows? What is your object in keeping them? What is their product? Do they pay you and how much? Are you dairying for profit and do you wish to increase this profit with greater satisfaction and some pleasure as well?

No subject in connection with dairying is receiving more attention, or is apparently more needful of same, than that of the harmful bacteria and disease creating germs existing in milk or capable of development in it. This is especially true of the tuberculin or consumptive germs, the appalling danger of which is rapidly becoming more generally apparent.

It is found that the centrifugal separator, and particularly the "Alpha" milk dividing disc system now used in the DE LAVAL machine, gathers and holds in the bowl of the separator practically all the filth, fibrous and feculent matters contained in the milk, including the bacteria germs, and it is certain that this feature in the "Alpha" disc is of the most importance.

The "HUMMING BIRD" or No. 0, the smallest of the De Laval Cream Separators, possesses all the advantages of the larger styles of the "Alpha" machines, and is designed for popular household and small dairy use, from the family buying its milk and wishing to turn part of it into cream or butter as wanted, to the private family or farmer having less than 6 to 8 cows. Its capacity is 175 pounds.

A larger size is the IMPROVED "BABY" No. 2, intended for dairies of from 5 to 10 or 20 cows; and often used in larger ones. Its capacity is 350 pounds.

Amongst the many advantages to be derived from the use of the De Laval Separator are: Betterment of quality, saving from 20 to 50 per cent. of cream saving of skim milk and saving of time, labor and plant.

We are disposing of these at a considerable reduction on former prices, so as to place every dairy farmer in a position to possess one.

We have also CYLINDER CHURNS in four sizes, from \$2.50 upwards.

WHICH DAY TO CELEBRATE

THIRD OR FIFTH OF JULY, WHICH? FOURTH IS SUNDAY.

President Dole Will Proclaim for Same Day as U. S.—Fourth of July Committee—Plans to Be Discussed.

The President has made it known that in his proclamation setting aside a day for the celebration of the anniversary of the Republic of Hawaii he will select the same day that is declared by President McKinley for the celebration of American independence.

The Fourth of July this year comes on a Sunday. Heretofore, the custom has been in the United States to declare the day following the Sunday, the Fourth, the day for the celebration. There is no reason to believe that President McKinley will vary from the rule, so that the people in Honolulu may well count on Monday, July 5, as the day set aside to celebrate. The Peru, due next Tuesday, will probably bring President McKinley's proclamation.

The members of the American committee, appointed last June for the celebration of the American independence, will meet at the Arlington this evening in response to Chairman Geo. W. Smith's call. The committee will decide upon the celebration to be made by the American colony in Hawaii this year aside from the Hawaiian demonstration.

It is argued by some of the committeemen that it will be impossible for the Americans to add much to the celebration on the Fourth, as the Hawaiian committee have the entertainment pretty well covered. Last year the Americans gave a grand ball, but owing to the elaborate display of fireworks arranged for the evening of July 5, it would not be practicable to hold a dance on that night. The plan of giving a ball on the evening of July 3 might be considered. The literary part of the program was assigned to the American committee last year.

A few of the committee are urging a separate and distinct celebration of the Americans this year.

It gives the entire committee the greatest pleasure that American Minister Sewall and his family will be here to enjoy the demonstration of true American patriotism on the part of the American subjects.

WAS IT PERJURY?

Tong Hau, a youthful Chinese, was arrested this morning on a warrant charging him with perjury. He was a witness in the Kwong Hin suit, recently on trial before Judge Carter in the Circuit Court, and, it is alleged, swore that he had never seen or signed a paper upon which his alleged signature appeared. Kwong Hin swears that the signature on the document is genuine, and so charges Tong Hau with perjury.

LOG CABIN CANDY.

The Bon Ton on Hotel street is now open and has in stock a very large line of new sweets, such as Log Cabin, coconut candy, ice cream, ice cream soda, all flavors, and Hire's root beer. G. Miller, manager.

BY AUTHORITY.

WEDNESDAY, JUNE 23rd, 1897, being the day set apart by HER BRITANNIC MAJESTY'S COMMISSIONER and CONSUL GENERAL for the Celebration of the QUEEN'S DIAMOND JUBILEE, notice is hereby given that the same will be observed as a Public Holiday, and all Government Offices throughout the Republic of Hawaii will be closed on that day.

JAS. A. KING, Minister of the Interior.

Interior Office, June 8, 1897.

THE BEST.

This is what we claim for the Peerless Typewriter. There is never but one best and we are sure that an inspection of this machine will convince you that we are not making any claim that we can not substantiate.

It is always a pleasure to exhibit the Peerless and we shall be glad to have a call from any interested parties.

RACING ENTRIES CLOSED

PICK OUT WINNERS FOR EACH DAY'S SPORTING EVENTS.

List of Horses for Each Race, Trotting and Running—Mule Races—Bicycle—Contests Will Create Much Interest.

The entry lists for the races on Kamehameha Day and the day following have been closed and are now in the hands of Secretary S. G. Wilder of the Hawaiian Jockey Club. There are fourteen runners, ten pacers and four mules to compete for honors.

The Honolulu Purse will be the first event run off on Friday morning. Antidote, owned by George Rodiek, Vernon, belonging to Gus Schuman, W. H. Cornwell's Lord Brock, and Amaranth from Colonel Spalding's Kealia stables, will be the starters.

Watermelon Joe, owned by Dr. J. F. Shaw, Directress, owned by William Norton, and Johnny Goldsmith, belonging to J. H. Gibson, will try for the Merchants' Purse of \$150. These animals will be attached to buggies and are scheduled to pace in the 2:35 class. The winner must make the best two heats.

The Irwin Cup, with \$150 added, is sure to be an exciting race. Only Hawaiian bred horses can enter and must be won twice by members of the Hawaiian Jockey Club. The Duke of Norfolk, from the Kealia stables, Magnet, from the Shenadoah stables, and Rodiek's Antidote, will compete.

The sixth event is the mule race. Jenny, owned by F. Harvey, Jimmy Fadden, W. H. Cornwell, Aina Nui, Jim Kahua, and Spinning Dale, belonging to C. H. Belline, have been entered. A purse of \$150 is hung up for the mule who goes over the half mile course the fastest.

The Kapiolani Park Purse of \$150, with \$50 added, is the free for all pacing event, best three in five. The entries are Ralph, owner, Wm. Norton; Johnny Goldsmith, J. H. Gibson; Gladys, W. M. Cunningham, and Watermelon Joe, Dr. J. F. Shaw.

The Oceanic Steamship Cup for runners, will be contested by Confederate from the Shenadoah stables; Billy C. W. H. Cornwell; Amethyst, Kealia stables, and Rodiek's Antidote.

Vernon and Sympathetic's Last, belonging to Gus Schuman, will try conclusions with Billy C for President Widemann's Cup. This is the last race on Kamehameha Day.

On Saturday afternoon will be run the Hawaiian Jockey Club Purse. Amethyst, Antidote, Confederate and Billy C will be the starters.

The Rosita Challenge Cup will be run for by Amaranth, Lord Brock, Sympathetic's Last and Magnet. This race will be intensely exciting, as the best runners among all the entries have been recognized in these animals.

Billy Button, entered by John Humbert, Gladys and Ralph are entered in the Enterprise Brewery Purse of \$150, with \$50 added. Cunningham's Gladys is the favorite.

In the maiden race for a purse of \$150 there are only two competitors, Mikado, from the Shenadoah stables, and Wikiki, a true Briton, entered by W. H. Cornwell. X Ray, from the Shenadoah stables, was booked to start, but has been withdrawn.

Annexation, a 2-year old by Amorino, out of Queen L, in charge of Chas. David, and X Ray, owned by Halstead Brothers, are matched for a race. It is not known whether the race will come off on the first or second day of the meet.

On each day of the meet there will be two bicycle races. The riders include Thomas V. Kier, J. Sylva, Sam Johnson, D. G. Sylvester, W. Lyle, and J. F. Murray. George Martin and E. C. Damon were in training for these races, but failed to enter.

The races will begin at 10 o'clock on Kamehameha Day and continue throughout the afternoon. On Saturday the program will be commenced at 2 o'clock.

The Government band will provide music on both days.

NO DIFFERENCE

Between the Port Costa flour in the sample bags and that of the market bags. One trial will prove our claim.

JAPS NOW TALKING CABLE

NEXT PROPOSITION EXPECTED FROM THEM.

Editor Ishikawa Engaged In Securing Facts and Figures for Moneyed Men of Tokio and Yokohama.

It is more than probable that the next cable proposition will come from Japanese capitalists, and the chances are that if they once take up the matter there will be no quibbling over exclusive franchises and subsidies. Mr. Ishikawa, the Japanese editor now in the city, has been quietly getting together all the information possible on the subject, with a view to making an exhaustive report, on his return home, to capitalists whom he represents.

Mr. Ishikawa is not a novice in financial matters. He has had the advantage of a practical business training, and in his editorial work pays special attention to the financial questions of the day. He is also a prominent member of the Tokio Economic Society. The Society spent several evenings in discussing the proposition of a trans-Pacific cable and finally delegated Mr. Ishikawa and two other members to prepare an exhaustive report on the matter.

In discussing the affair with a Star representative, Editor Ishikawa said:

"Year by year the necessity of telegraphic communication between Japan and the United States becomes more apparent. Our political and commercial interests are becoming more and more intimate. The recent establishment of three large steamship lines between Yokohama and San Francisco and Puget Sound emphasized this need. The transaction of business with Pacific Coast ports over lines of telegraph that extend three-quarters of the way around the globe, and require so many transfers, is unsatisfactory, at least, to say nothing of the enormous expense it entails.

Our business men are awakening to the fact that if anything is to be done in the near future, they must take the initiative in the matter. It is not an easy problem to solve, but it is much easier, to say the least, than was the Atlantic cable, a quarter of a century ago. The problem is merely to ascertain how it may be laid and operated on a paying basis.

"According to my best information the estimated cost of laying a cable from Yokohama to San Francisco, via the Hawaiian islands, is from \$10,000,000 to \$12,000,000. My plan is to have Japan shoulder the burden of the expense—say, one half, or a little more than one half; the United States to take the second largest block, and Hawaii the rest. Of course this is merely a rough outline statement. I am prepared, however, to state that the Japanese block of stock will be paid up quickly if the proposed plan goes through."

THE CHE FA FIENDS.

Marshal Brown Believes in Imprisonment for the Transgressors.

At the request of Marshal Brown Judge De la Vergne has recently been sending che fa gamblers to the reef instead of fining them, as hitherto. The Marshal believes that through this method of punishment he is effectively breaking up the various games. The Government revenues are not increased, but the Marshal believes that it is far more desirable to put an end to gambling, as the law requires, than to utilize it as a source of revenue.

NEW PASSENGER BOOKINGS.

The berth list of the Australia sailing June 30 is rapidly filling up. Among the new bookings this week are: Mr. and Mrs. Gus Schuman, P. F. De la Vergne, Mrs. A. Bruce, H. Laws and wife, Mr. and Mrs. C. G. Taylor, Miss Millard, and Dr. J. M. Whitney.

FOR THE RACES.

Stylish collarettes, neck ruffles, ribbon chokers and belts, and organdy shirt waists at N. S. Sachs.

THE VERDICT UNANIMOUS.

FOR THE ELEVENTH.

Lederer's I. X. L. store has a large assortment of Hawaiian buttons, silk, cotton and bunting flags for the 11th of June. A big stock of assorted fireworks is on hand also.

TWO CONGREGATIONS JOIN

IF BISHOP WILLIS RESIGNS THE DEANERY.

Meeting of Parishioners—Resolutions by Messrs Von Holt and Stanley—Union Services Will Be Held Sunday.

The proposition for the amalgamation of the First and Second congregations of St. Andrew's Cathedral was favorably treated at a large meeting of the members of the Second congregation in the Sunday school room of the church last evening.

Commencing next Sunday the two congregations will unite and will continue to worship in the cathedral in union until Bishop Willis is heard from. If the resolutions passed are agreed to, they will remain united; if not, the Second congregation will maintain its autonomy as a parish. The time for the morning service will be at the same hour that the Second congregation formerly met, which is 9:30 o'clock. The evening service will be held at the usual hour of the cathedral services.

The basis on which these two congregations come together is as follows: That the Bishop resigns the position of Dean, and fills the vacancy so created by appointing one of the clergy of the Anglican Church, now resident in Honolulu, and that during the incumbency of the present Bishop henceforth separated.

Rev. Alexander Mackintosh officiated as chairman of the meeting. The copy of the agreement, as drawn up by Vice Dean John Osborne, was read. It provides that Rev. Alexander Mackintosh retain his position as principal of the Royal school and that he surrender to the Bishop the license which he holds as minister of the Second English speaking congregation, and that he be immediately appointed a Canon of the cathedral.

Rev. John Osborne had this note appended to the agreement:

"Whereas, the friends of Mr. Mackintosh consider that his long service in the church in Honolulu entitles him to higher recognition than a canon's stall in the cathedral, I beg to say that, if it will conduce to an immediate union, I will resign in his favor the office of Vice Dean, which I now hold, and I will use my best endeavors with the Lord Bishop to have him appointed in my stead."

"JOHN OSBORNE."

Thomas Rain Walker, H. M. Von Holt and W. L. Stanley, church wardens of the Second congregation, spoke quite freely on the matter.

The uniting of the two congregations was effected by the terms of a resolution introduced by Mr. Von Holt. After mentioning the condition included in the former resolution, the resolution stated that the members of the Second congregation, in order to show their good faith and willingness for union, agreed to merge the services into that of the cathedral service until the Bishop's return. The option was included that any time before the Bishop's return, upon the request of a majority of the Second congregation, or at the option of the minister and church wardens of the Second congregation, the services formerly held by them be resumed.

A committee comprising the minister, people's church warden, the senior sidesman, will arrange the details with Vice Dean Osborne as to Sunday schools and offertories and any other matters appertaining to the carrying out of the united service.

The committee was also instructed to provide satisfactory guarantees from the Vice Dean that the services and the laws upon which they were formerly held be assured to the Second congregation, should they or their minister and church wardens so desire.

RELATED HIS EXPERIENCES.

The students of Oahu College were treated with an address by Rev. H. Bingham this morning. Mr. Bingham gave an interesting account of his experiences in the Gilbert Isles.

FULL MOON.

The moonlight nights are best enjoyed on a wheel. New wheels for rent by the hour, day, week or month, Pacific Cycle & Manufacturing Co., Love Building. Telephone, 325.

PATHLESS BORNEO WILDS

FUTURE EXPLORATIONS TO BE UNDERTAKEN SOON.

Dr. Heller Talks of Resources of the Great Island—People Not So Savage As Represented—Nine Months' Trip.

"It will not be long now, I believe, before the wilds of Borneo, as we now hear them spoken of, will be transformed into fertile and productive lands," said Dr. H. M. Heller last evening, at the Hawaiian Hotel, while relating some of his experiences in that interesting island. Dr. Heller and Arthur Harrison, Jr., are here from Philadelphia en route for Borneo. They will be joined by Dr. Furness, and possibly Jamie Wilder of Honolulu in their expedition.

"It will be surprising to many people to learn that there are over 280,000 square miles in this island, which is much larger than Java, a sister island. The population of Borneo is roughly estimated at 2,000,000, while in Java there are known to be 34,000,000 people.

About one half of the world's supply of sago comes from the jungles of Borneo. A great amount of pepper is also raised there, some coffee and fruits. Up in the northern part of the island the people are beginning to cultivate tobacco, which is pronounced to be of a very excellent quality. The land on Borneo is very fertile indeed, and everyone who has seen anything of the island insists that it is destined to be another Java.

"The British, Dutch and natives hold possessions on the island. Rajah Brooke's nephew, once an English subject, is an independent King. The British own Northern Borneo, Sandakan being the capital. Kuching, the capital of Sarawak, is one of the most important population centers. The town of Pontianak, located on the equator, is the capital of Dutch Borneo. The Dutch colony is controlled by resident Dutch governors. Brunei, which is a native colony, is ruled by the Sultan.

"On our former expedition into the wilds of Borneo," continued Dr. Heller, "we encountered little difficulty in making our way. Your Mr. Wilder was with us on this journey. We are determined to cross the island this time if it is possible to do so. We will go to an entirely different part of the island than before and count on being away about nine months, or more. If we are not troubled with fever or sickness, I believe we will be successful, for there will be no trouble with the natives. Their savagery is greatly overdrawn. It is true that they fight bitterly for their freedom to get out of the clutches of a band of slave hunters, but when friendliness is manifested they usually reciprocate."

Dr. Heller and Dr. Furness gathered a very fine lot of Bornean curios, which they presented to the University of Pennsylvania. This is the only collection of its kind in America. There are three other collections in the world of Bornean curios, one being in Kuching and another in Europe.

BOAT BOYS WERE STRONGER. At the tug of war contests the Makani Holo boys pulled over the Marion sailors in thirty-one minutes at last night's tournament. The Honolulu Foundry won over the Waikiki team after a pull of forty-five minutes. The Puukaka team won a victory over the Philadelphia men. It took fifty-two minutes to decide this contest.

CALIFORNIA FIG SYRUP CO

Having met with the highest success in the manufacture and sale of the excellent liquid laxative remedy, Syrup of Figs, it has become important to all to have knowledge of the Company and its products. The great value of the remedy as a medicinal agent, and of the Company's efforts, is attested by the sale of millions of bottles annually and by the high approval of most eminent physicians.

The California Fig Syrup Co. was organized more than twelve years ago, for the special purpose of manufacturing and selling a laxative remedy, which would be more pleasant to the taste and more beneficial in its effects than any other known. In the process of manufacturing, figs are used, as they are pleasant to the taste, and healthful in their tendencies, but the medicinal properties of the remedy are obtained from an excellent combination of plants known to be medicinally laxative, and to act most beneficially.

If in the enjoyment of good health, and the system is regular, then laxative or other remedies are not needed. If afflicted with any actual disease one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

ALL ALONG THE DOCKS

SHIP A. J. FULLER AND BARK
MOHICAN ARRIVE.

The W. H. L. Mond Sails With Mail and Passengers—Alleged Cruelty on the Fuller—Gossip.

The little schooner Jessie Minor will have her lumber cargo out tonight, and will be ready to load sugar Saturday.

The next steamer from the Coast will be the Peru, due to arrive here on the 15th, and the next to the Coast the Gaelic, scheduled to sail from this port on the 20th.

The British bark Helen Denny will finish discharging coal at the Mail dock today, and at once commence taking on ballast. She will sail for Townsend, probably next Tuesday.

The Reaper has hauled over the Oceanic dock, where she will remain until loaded. There are about 37,000 bags of sugar on the dock and in the warehouse, which Capt. Young hopes to have in by the middle of next week.

The American bark Mohican arrived from San Francisco this morning, after a pleasant run of 17 days. She brings 1200 tons of cargo to Brewer & Co., valued at \$26,000, 12 mules for Norton, and 15 fine horses for J. M. McDonald, who was a passenger. P. T. January was the only other passenger.

The Martha Davis still needs 400 tons of sugar to complete her cargo. Capt. Friis expects to secure a portion of it at the railroad wharf this afternoon, and the remainder from the James Mace, due tomorrow. The Martha Davis will probably get away Friday morning. Mort. Tuft, the erstwhile popular purser of the lawalani, is booked as a passenger for San Francisco. He is going home on a visit.

The fast barkentine W. H. Dimond, Capt. Nilson, sailed for the Golden Gate at noon, with 652 tons of sugar and two passengers. As she will probably reach San Francisco before the next steamer, due to leave here on the 20th, several sacks of mail were dispatched in her. The passengers are R. T. McCullough and Dr. Collins. The customs guards and inspectors in a body fell upon the vessel this morning and made a thorough search for opium, without success.

The American ship A. J. Fuller,

Capt. Mathews, 29 days from Nagasaki, arrived yesterday afternoon. She hauled alongside the old fish market wharf this morning to discharge ballast, preparatory to taking on sugar for New York. The fore-castle hands complain that one of their number, was refused leave to go ashore for medical attendance at Nagasaki. They say the Captain promised to treat him, but failed to do so. The poor fellow was taken to the hospital this morning.

"Mike," the big black and white cat who has acted as mascot on the bark Martha Davis for more than four years, ran away from the vessel when she was last in San Francisco, and was given up for lost. Capt. Friis was greatly surprised on going aboard the Mohican this morning to find puss having a romp on deck with some puppies. She was promptly captured and returned to her own ship, where she spent an hour in nosing about the decks before she was satisfied that she was home again.

ARRIVALS.

Wednesday, June 9.
Am. bark Mohican, Saunders, 17 days from San Francisco, with 1200 tons of general merchandise to Brewer & Co.

Am. sh. A. J. Fuller, Mathews, 29 days from Nagasaki, in ballast.

Wednesday, June 9.
Am. bktn. W. H. Dimond, Nilson, for San Francisco, with 652 tons sugar. Stmr. Kauai, Bruhn, for Eleese, Makawell, Waimea and Kekaha, at 4 p. m.

VESSELS LEAVING TOMORROW.

Stmr. Kaena, Parker, for Wailua ports, at 12 m.

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house," says A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind. "and my wife would as soon be without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but absolutely cure. It is all right, and anyone who tries it will find it so." For sale by all druggists and dealers. Benson, Smith & Co. wholesale agents for the Hawaiian Islands.

JUST ARRIVED.

Linen pillow casing, linen sheeting, linen napkins and linen table damask in all qualities. A single yard at wholesale prices at Kerr's only.

Hawaiian
Electric
Company.

The cleanest, brightest safest and really, in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want. We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

SEASICKNESS

POSITIVELY
 PREVENTED

Brush's Remedy

—FOR—

SEASICKNESS.

(Elixir Prophylactic).

The Only Known Specific
that will Invariably
Prevent "Mal de
Mer.

All physicians who are familiar with its therapeutic action have given it hearty endorsement.

What Brush's Remedy Is.

It has always been supposed, and with reason, that seasickness could neither be cured nor prevented, except in occasional cases. Powerful drugs have been largely employed, and have at times relieved the sufferer, but those which are effective in one case are found of no value in others, while the after-effects are often quite as unpleasant as the malady itself.

What Brush's Remedy Will Do.

We desire to be distinctly understood that *prevention* is aimed at rather than *cure*. As will be seen by many of the testimonials, it very often does effect a cure, and even if not taken until the tendency to nausea becomes manifest, will at most always give much relief. The claim, however, is not made upon its curative properties, but we do emphatically state that as a preventative it is as nearly infallible as anything mundane can be—and we only wish to assert that which the experience of those who use the remedy will fully substantiate.

Though a comparatively new remedy, hundreds of appreciative letters *unsolicited*, have been and are being received from extensive travelers and globe trotters bearing on the merits of this remedy.

A MILLION GOLD DOLLARS

Would not bring happiness to the person suffering with dyspepsia, but Hood's Sarsaparilla has cured many thousands of cases of this disease. It tones the stomach, regulates the bowels and puts all the machinery of the system in good working order. It creates a good appetite and gives health, strength and happiness.

HOOD'S PILLS act harmoniously with Hood's Sarsaparilla. Cure all liver ills. 25 cents. Hobron Drug Co., wholesale agents.

WHAT A WOMAN CAN DO.

She can rumple up fifty dollars' worth of dress goods, and buy a reel of thread, with an order to have it delivered four miles away, in a style that will transfix the proprietor of the establishment with admiration. She can—but what's the use? A woman can do anything or everything, and do it well. She can do more in a minute than a man can in an hour, and do it better. She can make the alleged lords of creation bow down to her own sweet will, and they will never know it. Yes, and more than that, she can tell good beer from bad. That's why all sensible women insist on having "Ra'er" Beer. They know it's the healthiest and best bottled beer to be had. Phone 783.

The road to success in business is of an advertisement.

HOLLISTER DRUG CO., Honolulu, H. I., Agents.

Falcon No 2 Leads.

All persons interested in photography cannot fail to appreciate the enterprise shown by the EASTMAN KODAK COMPANY in offering nearly \$3000 in 130 prizes for the best pictures and lantern slides made with their transparent film.

Gaps

All Kodakers can compete for the prizes, and by leaving their pictures with us we will forward same at our own expense. You should avail yourselves of this golden opportunity to secure a prize. The beautiful scenes for subjects to be found in and about Honolulu will compare favorably with any country on earth.

The

The latest Kodak put out by the Eastman Kodak Company is the No. 2 Falcon. It takes a picture 3½ x 3½ inches square and can be loaded in daylight. It is certainly the very best value that has ever been offered, the price being \$5.00. If you are thinking of trying your luck at winning a prize don't fail to call and examine the No. 2 Falcon. It will please you.

Glimax.

It is perfect in every detail. So simple that a child can operate it. No one can complain about the price. The Eastman Company make none but High Grade Goods and at Low Prices.

HOLLISTER DRUG CO.
 SOLE AGENTS.

The City of Hamburg

is a feature of our store and "makes one hungry." There the daintiest delicacies of the world are temptingly displayed. Findon haddock, cod roe, sardines, herrings, (smoked and pickled) boiled ham, smoked halibut, spramen in del, fresh cream cheese, sliced bacon, herrings, eastern sausage, imported sausages, fromage de Roquefort.

Finnan Mince—Procure a good large smoked haddock, and remove the skin by holding that side of the fish toward the fire, when it will be found that it can be easily slipped off. "Take the fish from the bone, chop very finely, allowing to a half pound of the chopped fish an ounce and a half of salt butter, half a teaspoonful of milk, thickened with a little flour, half a teaspoonful of finely minced parsley, and pepper to taste. Put the mixture in a small pan and stir vigorously, until thoroughly hot with a wooden spoon. Pile the mixture high on a hot dish and ornament all around with neat slices of hot buttered toast. Serve with a garnish of finely chopped parsley or hard boiled yolk of egg.—Home Notes.

WEDNESDAY, JUNE 9, 1897.

MAKE IT EASY.

One would think that the land owners at the far end of the island would see their advantage in having the railroad pass through their lands and would throw no impediment in the way of the line. It is very clear that lands which are at present almost valueless, or of merely nominal value, would at once become of great value the moment the vivifying rail touched them.

Manager Dillingham, however, finds that though the landowners are quite aware of the advantages that they will obtain from the railroad, they have come to the conclusion that they have already realized the benefits of the rail, and, holding their lands accordingly, want town lot prices for the railway track. It is understood that the Railroad Company is perfectly willing to pay upon the basis that the lands are assessed at, but that is not the basis upon which the landowners wish to sell.

This is really a very foolish policy. The railroad is willing to pay at a reasonable rate, but it would, from the land holders point of view, be good policy even to give the land and receive no pay at all.

The writer calls to mind the instance of the city of Durham, in the North of England. The magnates of that city were very powerful and very conservative. When it was decided to build a railroad they were strong enough to prevent it coming to their city. The line passed fourteen miles away, and Durham was left to vegetate off the main stream of vigorous life. Finally the city awoke to its position and managed to get a branch line. It took some twenty or thirty years before the main line was changed so that it passed through the city.

Now, though the Oahu Railroad Company cannot build a line fourteen miles off from the grasping land holders, it need not build any road at all, and then where will the land holders be? What is very vulgarly called, "in the soup." Their dreams of increased values will have vanished into thin air and the lands, instead of being sold and leased to steady workers who will develop them, will remain the feeding ground of a few lean cattle that will make them a precarious return, instead of fulfilling their golden dreams. This is not true of all the land holders; but it is of some.

The Star understands that this is the reason that has delayed the railroad authorities from making a start on the first of this month. It is to be hoped that, in the interest of the development of this island, a fair basis of sale may be reached, and the work pushed forward. Once the iron horse makes a start through those sparsely inhabited tracts, and they will awake into busy life. It will be of advantage to Honolulu dealers, too. The more back country there is settled, the more goods there will be to sell.

THE POSTAL UNION.

China is always behind any of the world-advancing schemes. She sent delegates to the Universal Postal Congress, but they have stated that she is not in a condition to assume the responsibilities of the Association. However, the Chinese representatives have asked that the protocol be left open for her admission. The Korean delegates have, on the other hand, handed in the agreement of their Government to the general compact, to take effect not later than January 1, 1898. It is curious that Korea, which has been longer out of contact with the rest of the world than any other nation, should enter the Postal Union before China, which has been in direct contact with Western nations for a couple of centuries. The latter now is the only country with an organized Government that is out side the Union.

It is wonderful how the Union has gradually embraced all nations. It is the only subject that they seem able to agree upon. The amount of good it has done is very great. It has given a more accurate and cheaper postal system throughout the world. When the writer first came to these islands the postage to Europe was twenty-five cents, and it was as heavy in many

parts of the Pacific. There was no international money order system, and no international parcels post.

The addition of these to the postal system has been of great convenience to the general public. All kinds of articles now go through the mails, from jewelry to hats and underclothing. It is no longer a question of sending only samples. The Postal authorities handle an immense quantity of goods. Locally, in some countries, they carry perishable articles, such as game and poultry. The things barred are liquids, explosives and living creatures, especially snakes; though enthusiastic naturalists have tried to get even these through the mails.

Among the improvements suggested by one of the committees of the Congress is the advisability of increasing the weight of parcels. This will enable people to obtain books, etc., in greater quantities in a single parcel.

The object of the Postal Union is to advantage the world's public. Locally, postal authorities may worry their own particular subjects; but with the world's correspondence, there can be no nonsense, for mismanagement could throw them out of the Union. It certainly is one of the greatest boons that civilization and organization has conferred on us. And one of its best features is that it is ever improving, and is getting the intellect of a whole world focussed upon methods for improvement. The results of the Congress of the Universal Postal Union now in session at Washington, will be eminently satisfactory to the general world.

The Civil Service Commission of the United States has published its thirteenth annual report. The unclassified places amount to 72,371. Under the War Department there are 79 such places, and of these 75 are superintendents of National cemeteries. The Interior has 95, and the Library of Congress 30. The bulk of these places, however, is in the Post Office service. There are under this 71,535 in classified offices, of which 66,725 are fourth class postmasterhips. It looks as if the classified service absorbed the cream and has left the unclassified a large bowl of very thin skimmed milk. It will be a good thing for the Government service when all places are classified.

What has become of the Labor Commission? It was revived a couple of months ago. True, one of its members is still abroad, but it has a working majority, and something should be heard of its meetings and its proposed line of action.

Refurnishing Your Horse.

Perhaps it is a singular way of putting it but that is practically what you do when you give him clean, fresh feed, if he has been used to "any old thing."

You make him look and feel like new.

California Feed Co.

Telephone 121.

Water Rice

Water or swamp rice requires a rich and retentive soil, rich in potash, well diked and ditched for flooding and draining. Planters of water rice find that it pays well to use a fertilizer containing

Phosphoric Acid, Nitrogen and Potash.

Sometimes, as in Italy, lupine seeds are sown upon the fields. These seeds gradually decay in the water, and furnish the necessary nitrogen for the rice.

For further details address

HAWAIIAN FERTILIZING CO.

The continuous appearance of an advertisement is an endorsement of honesty and permanency.

Royal Baking Powder Leads All.

From actual analysis made by me, I pronounce the Royal Baking Powder to be the Strongest and Purest Baking Powder before the public.

It is entirely free from alum and other additions injurious to health.

W. J. Hengele

Chemist, San Francisco Board of Health.

All other baking powders are shown by analysis to contain alum, lime or ammonia.

HAWAIIAN NATIONAL BAND.

Concert to be Given on Thursday Evening, July 10, 1897.

Following is the program to be given at the Hawaiian hotel.

PART I.

March—Dallas, Texas.....Liborio
Medley—Olden Times.....Beyer
Polka—Calbarien.....Michiels
Cornet Solo by Kamakua.
Waltz—Blue Danube.....Strauss

SONGS.

PART II.

Variation—Troubadour.....Liebert
March—Mai Poina.....Liborio
American, English, Japanese and Hawaiian National Airs.

S. R. KAMAKUA, Leader.

THE LADIES.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

Persistent advertising is absolutely necessary to success.

DARK HORSE WAS A MULE.

There was lots of fun out at the Kapiolani Park stables late yesterday afternoon. George Allen and two or three other town boys came into possession of a mule which they managed to get into one of the vacant stalls unobserved.

A few moments later there were fully a dozen jockeys and horsemen gathered about the door of the stall, a rather important appearing native boy stationed at the door waved them away, insisting that these were his instructions. Everyone was curious enough to see the dark horse. It was not until after nearly every horseman had fully aired his opinion about the new comer that Allen allowed the boy to go into the stall and ride out the mule. They say it was a treat of a lifetime to see the expression of disgust on the faces of the jockeys and trainers when they returned to their own quarters.

MYRTLES TO CHOOSE OFFICERS.

The Myrtles will attend to the usual monthly business this evening. Next month will take place the election of officers for the ensuing year. President Alex. Robertson will probably be re-elected.

NAVAL TROUBLES.

Convict Ritchie Escaped With \$600 in His Pocket.

The court martial convened aboard the Philadelphia to try Jensen, the marine charged with insubordination, was in session this morning.

Ritchie, the convict who escaped from the Marion a few nights ago, had \$600 in his pocket when he left the ship, it is said. No trace of him has been found. Two other men aboard awaiting trial cannot be tried until he is found, as he is the principal witness against them.

COURT NOTES.

Circuit Judge Carter yesterday heard the demurrer in the case of Frank E. Porter against the Hawaiian Pork and Packing Company. He has taken the matter under consideration.

Antone Pires has petitioned the Court to order John F. Colburn, the assignee in the H. F. Poor estate, to pay a dividend to creditors.

Judge Carter yesterday rendered a decision in the case of Julia Colburn and others against A. N. Kapoikai and others, ordering the commissioner to sell the lands that are involved in the suit.

Clerk Henry Smith yesterday filed a bond in the sum of \$6000 in the case of Charles Titcomb.

HAWAIIAN BOARD NOTES.

There is talk of the church congregations in the Kailua and Olua centers uniting. It is claimed that the community is not large enough for denominational organization.

A resident minister may be appointed for the Wailuku Church. This congregation is now being ministered by the pastor of Pala Church.

The beautiful new foreign church of Hilo has just been completed. Rev. Mr. Hill is the pastor.

The best way to buy anything is to borrow it first.

Get a package of Schilling's Best tea of your grocer. He pays you your money back if you don't like it.

That's our way of lending.

A Schilling & Company
San Francisco

The road to success in business is of an advertisement.

First

Last and all the time Hood's Sarsaparilla has been advertised as a blood purifier. The great cures by Hood's Sarsaparilla have been accomplished through purified blood. Scrofula, salt rheum, eczema, rheumatism, neuralgia, yield to Hood's Sarsaparilla, because it eradicates the

Last

Vestige of those impurities which have been developing, perhaps for years, in the blood. Hood's Sarsaparilla cures nervousness by feeding the nerves upon pure, rich blood. It absolutely and permanently cures when all other medicines fail, because Hood's Sarsaparilla

Always

Strikes at the root of the disease, which is in the blood. Thousands testify that they have been absolutely cured of blood diseases by Hood's Sarsaparilla, although they had become discouraged by the failure of other medicines to give any relief. No other medicine has such a record of cures as Hood's Sarsaparilla, because

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier.

Hood's Pills are the only Pills to take with Hood's Sarsaparilla.

WAVERLY BLOCK.

IT MAKES A DIFFERENCE HOW A WHEEL IS BUILT.

Everyday Philosophy.

You must take things as you find them, as the father who wanted a son and heir said when the nurse brought him in a pair of baby girls. Touching the Crimson Rim, if you take things as you find them, you will be supremely satisfied. The things which go to make up the Crimson Rim are the things which high aspiration and perfect handcraft seal for their election. They are worked together on the symmetrical whole with the Crimson Rim motto "Crimson Rim Quality" to inspire adequacy in everything.

Of all the things, therefore, in the composition of the Crimson Rim Syracuse wheel "Crimson Rim Quality" is easily first.

When you take things as you find them, as a buyer of a Crimson Rim, you start with a splendid foundation.

Ayer's Sarsaparilla.

Cleanse your blood with Ayer's Sarsaparilla—the most thoroughly reliable alterative ever compounded. For scrofula, boils, ulcers, sores, carbuncles, pimples, blotches, and all disorders originating in vitiated blood, this medicine is a specific. Ayer's Sarsaparilla is equally beneficial as a remedy for catarrh, rheumatism, and rheumatic gout. As a Tonic, it assists the process of digestion, stimulates the sluggish liver, strengthens the nerves, and builds up the body when debilitated by excessive fatigue or wasting illness. Physicians everywhere consider Ayer's Sarsaparilla the best. It is a skillfully-prepared combination of the most powerful alteratives and tonics. No other blood-purifier gives equal satisfaction or is so universally in demand.

CANADIAN STEAMERS.

To Touch Here Ever Twenty-Eight Days.

The Honolulu agents of the Canadian-Australia steamers announced a change in the arrival and departure of these boats today. Commencing on July 19 a steamer will leave Sydney every twenty-eight days touching at Wellington, New Zealand, in addition to Suva, Fiji. Returning, the boats will leave Vancouver on August 23, arriving in Honolulu on August 31 and every twenty-eight days thereafter.

An increase of business has compelled the Canadian company to add the Aorangi to its fleet, comprising the Miowera and Warrimoo. This, in addition to the extra call made at Wellington, has brought about the change in the time table.

The Usual Summer Encampment for the Juniors Discussed.

At a meeting of the junior committee last evening it was agreed to hold a summer encampment for the junior members, providing it was found that the members were in favor of it. The plan is to spend a week or ten days in some of the mountains on Oahu.

The checker tournament will open in the Association hall on Saturday evening. The entry list is still open.

This year's employment committee will hold a meeting and discuss plans this week. Senator Henry Waterhouse, the chairman, is absent in Japan. J. B. Atherton and B. F. Dillingham are the other members of the committee.

Sometimes.

A well known humorist is fond of telling this story of his small daughter. At the dinner table one day there was a party of guests for whom he was doing his best in the way of entertainment. A lady turned to the little girl:

"Your father is a very funny man," said she.

"Yes," responded the child, "when we have company."—Pick Me Up.

William C. Usery, M. D., of St. Louis, says that the best food for those suffering from typhoid fever is the banana.

When Hume fell in love, his friends became aware of the fact by his sporting a rose in his buttonhole.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va., and one of the most widely known men in the state, was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered. My physicians told me that nothing could be done for me, and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr. Evans, then salesman for the Wheeling Drug Company, recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst; but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured." For sale by all druggists and dealers. Benson, Smith & Co. wholesale agents for the Hawaiian Islands.

"Put Me Off at Buffalo"

The title of this well known song as well as the song itself emanated from the brain of an employee of the Buffalo Brewing Company. This excellent beer is on draught at the Cosmopolitan, Pacific, and Royal saloons. The interchangeable check system is found very valuable to patrons.

SALE OF THE HAWAIIAN HOTEL PREMISES, HONOLULU H. I.

On WEDNESDAY, July 28th, 1897, at 12 o'clock noon, at the front entrance of the Executive Building, Honolulu, will be sold at Public Auction, the Hawaiian Hotel Premises at Honolulu.

These premises are centrally located in the City, in the center of the block bounded by and with entrance drives from Hotel, Richards, Beretania and Alakea streets, and the grounds contain an area of 1 7-10 acres.

The buildings consist of the Hotel proper, of two stories, and basement, built of brick and concrete, with broad verandas at front and rear of each story.

The main building covers an area of 10,800 square feet with lanai or wing addition on one side, 40x24 feet and wooden addition on opposite wing, for kitchen, 60x18 feet.

There are also four Cottages on the premises with ample provision for bath rooms and closets.

The main building contains a spacious Parlor, Public and Private Dining Rooms, Large Billiard Hall and Bar Room, and forty Sleeping Rooms. The Cottages contain about twenty additional Sleeping Rooms.

A water tank with capacity of 10,000 gallons is placed on a tower at an elevation sufficient to give a good water pressure in second story of the main building. This tank is supplied from an artesian well on adjoining premises, owned by Dr. J. S. McGrew.

The buildings and grounds are thoroughly lighted with Electric Light.

Plans of the buildings and grounds can be seen at the office of the Minister of the Interior.

Terms of Sale are Cash—in United States Gold Coin.

Upset price: \$50,000.00.

In case there is no bidder to purchase the property at the above upset price, a Lease of the same will immediately be offered for sale at an upset price of \$4,000 a year, for a period of thirty years under the conditions set out in Act 7, Laws of 1896, and more particularly of Sections 2 and 4 of said Act, which reads as follows:

"Section 2. Every such lease shall contain a covenant on the part of the lessee that he shall, during the first four years of the term of the lease, cause to be erected upon the leased premises a fire proof building of Brick, Stone or Metal, in a workman like manner, satisfactory to the Minister of the Interior at not less than a stated cost; and keep the same suitably insured at not less than two-thirds of its value for the benefit of the lessor; and shall keep the building in good repair during the remainder of the term of lease, reasonable use and wear thereof only excepted; and in case of damage or destruction of such building by fire, shall make good such loss or damage by the necessary repairs or reconstruction or else surrender the insurance to the lessor.

"Section 4. Every such lease shall also contain a covenant on the part of the lessor, that upon the request in writing by the lessee or his representatives, before the expiration thereof, the premises with the improvements, shall, if all of the conditions to be performed by the lessee, have been satisfactorily performed, be put up at Auction for a lease for a term of not over twenty years; unless said premises shall be required for public uses, of which the lessee shall receive at least one year's notice. Such auction sale shall be held not more than six months nor more than one month before the expiration of said term.

The cost of building to be erected in accordance with Section 2 as above quoted, is placed at \$50,000.

J. A. KING,
Minister of the Interior.

ABYSSINIANS AMAZED.

They Thought an Italian Had a Horse Sent From Heaven.

A letter from an Italian officer in Abyssinia to an Italian paper speaks of the impression made by his appearance on a bicycle among the children of nature. He says that while riding with a white flag attached to the steering gear toward the line of the Abyssinians the outposts and picket guards were so utterly surprised that they forgot all about asking him what errand he came on. He calmly descended when reaching the post, and demanded to be shown to the headquarters of Ras Mangasha. He was shown the direction, and accompanied by two Abyssinian horsemen, he continued on his way.

They rode at his side in mute admiration. When they arrived at the camp of Ras, they informed the latter that a messenger of the Italians had come on a horse sent to him by heaven. The wily chief, not quite so glib as the rest of his troops, was considerably amused, and requested the Italian officer to give an exhibition of riding on the wheel, which the latter gladly did. After looking at the different evolutions of the wheel for a time, Ras allowed the messenger to return, but gave him no answer to the message he brought.—New York Post.

THE LATEST IN BIKEDOM.

The street cars of San Francisco are provided with a holder on the rear platform on which two bicycles can be hung.

The bicycle has developed another deadly characteristic. An Ohio man has killed his wife by sandbagging her with a bicycle tire.

The bicycle has increased the demand for false teeth and more particularly for gold crowns. Wheeling accidents frequently result in the loss of a grinder or two.

One of the latest fads is to train your dog to follow your bicycle. One of the most fashionable girls in Philadelphia always has a big bulldog trotting by her wheel.

A well known circus man is having a 12 lap portable track built and will substitute bicycle races for the chariot and hippodrome events which usually close the circus performances.

The council of the City of Mexico has just appointed a bicycle inspector at a salary of \$40 a month. His work will be to see that the owners have their machines registered and pay their taxes.

And now the bicycle riders have entered politics. In Cumberland, Md., they have placed a full municipal ticket in the field. They will no doubt be able to work the machine, says the Toledo Blade.

The bicycle craze has affected the horse business in Washington state. Several hundred thousands of horses are practically running wild on account of the introduction of electric cars and cycles. The animals are being sold for \$1 and \$2 apiece, it is alleged.

PROVERBS OF THE BIKE.

Skirts are not a bar to a century bar. Less speed travels farther than much brag.

The way of the scorcher is not cheap at \$10 a ride.

Fine feathers never propelled a bicycle one foot.

A plug in time is like to save the price of a new tire.

One side slip is more lasting than a dozen ordinary falls.

A wrench left at home will not mend a wheel broken on the road.

Don't bet that a ram's horn handle bar signifies a two minute rider.

The appearance of a bicycle is not always significant of the muscular ability of the rider.

The shortest way across is always the longest way around when the roads are not improved.

It is easier to climb a hill against a head wind than to ride a furlong on asphalt with a punctured tire.

The man who rides with his head down will be followed by a procession of mourning relatives ere long.

The long distance records that are stopped by an "if" are like the largest fish that flops off the hook just as it is being drawn into the boat.—New York Journal.

Christening the Bicycle.

Christening one's bicycle is the latest fancy, said to have originated with the artistic and romantic Frenchman, who pours a bottle of champagne over the handle bars of his wheel, at the same time personifying it with a name. Possibly this had originated in France, but as long ago as last summer a young lady on the park slope, enamored with wheeling and everything pertaining thereto, gathered her intimate friends for the event, and then, breaking the bottle before them, poured the contents over her pet steed, which she christened Stella, meaning the "star" cycle on Brooklyn paths.—Brooklyn Citizen.

HALF AND HALF.

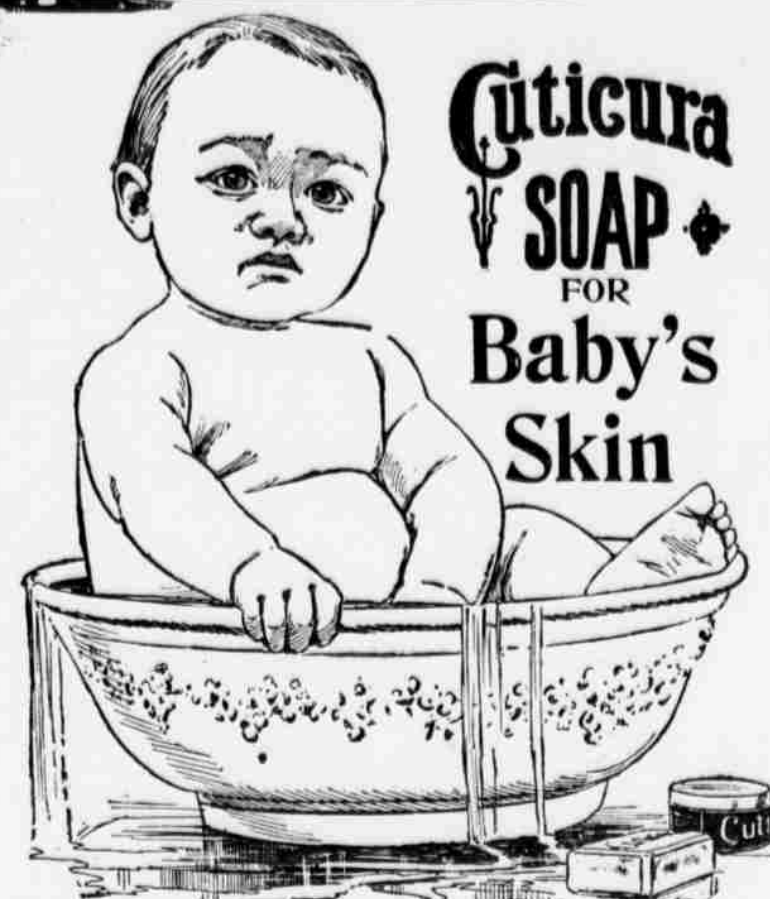

The Royal, Pacific and Cosmopolitan saloons are now serving half and half for their customers. Two glasses are sold for a quarter. They still supply Pabst and Buffalo beers at the same price.

SHIRT WAISTS, ETC.

New shirt waists, new kid gloves. Big assortment of laces, muslin underwear, new dress materials, arrived on the Australia for N. S. Sachs'.

NEWS IN A NUTSHELL.

Bits of Paragraphs that Give Condensed Notes of the Day.

Moonlight concert at Makee island tonight.

H. W. Schmidt & Sons have a new ad in this issue.

The next tug of war contest will take place Saturday evening.

W. H. Cornwell, Sr., will remain in the city until after the race meet.

Rev. S. E. Bishop has just completed his tenth year as editor of The Friend.

Read the change of advertisement of the Manufacturers' Shoe Company.

Those in need of fine, strong mules should communicate with W. H. Rice.

Attorney S. K. Kane has moved to 415 Fort street, over the Golden Rule Bazaar.

Rudolph Spreckels intends to visit the Spreckelsville plantation on Maui next week.

Mr. and Mrs. George Fairchild and Mrs. L. Davis will sail for the United States in July.

Mr. and Mrs. F. W. Macfarlane and children will go to San Francisco on the July Australia.

C. D. Chase has a cottage on Beretania street, between Punal and Keeaumoku streets, for rent.

Horton Bickerton, Claud Helm and Guy R. Johnstone were elected members of Company B last evening.

Mystic Lodge K. of P. will hold a regular convention this evening at 7:30 o'clock. Work in Second rank.

There will be a meeting of the ladies' committee at the Maternity Home tomorrow morning at 10 a. m.

Lewers & Cooke have some dainty designs in wall papers for the dining room that are an incentive to a falling appetite.

Mrs. B. F. McCullough and Dr. Collins are booked to sail on the W. H. Dimond, leaving for San Francisco this week.

The 1896 census gives the total population of the Australian Colonies at 4,323,000, an increase of 513,000 in five years.

William A. Henshall will open his law office next week in the same building where Humphreys & Macdonald's offices are located.

The Lealani Boat Club members will endeavor to get a quorum together at the Hawaiian Hotel to determine some important matters.

The new Australian cricket mat will be sampled on Saturday afternoon. A practice game of Honolulu Club players is being arranged.

United States Minister paid an official visit to the U. S. S. Marion this morning and received the customary salute of fifteen guns.

The Claudine will return to Honolulu on Friday morning instead of Sunday morning, on this trip. She will only make Maui ports.

The Belgic took two beautiful racing wheels from Honolulu to Japan. Several other wheels have been sent to this country by local agents.

Miss Cahill's stock of hats and bonnets for the races is all that the most fastidious could ask for. Don't be out of date on the 11th, above all others.

Colonel Buck, the new American Minister to Japan, is expected to arrive on the Peru next Tuesday. He will stop over in Honolulu for a couple of weeks.

Day after tomorrow will probably find you at the races. M. McInerney, haberdasher, wants to know "how you are fixed for a nice summer suit. See ad on page 4.

Honolulu Royal Arch Chapter No. 1 will hold a special meeting this evening at 7:30 o'clock. Work: Royal Arch degree. Also tomorrow evening, same work and same degree.

Out of the 1st lot of Chinese contract laborers brought over on the Coptic, the Waianae plantation received 198; Pioneer mill, 30; Pepeekeo, 58; Koloa, 35; Meier & Kruse, 29.

Mr. and Mrs. J. B. Atherton will receive the members of the Hawaiian Mission Children's Society at their home tomorrow evening. It will be the annual meeting of the Society.

At Makua, beyond Waianae, the weather has been very dry and the cattle are suffering for want of water. The rains which have fallen in Honolulu have not reached that end of the island.

There are nine English speaking congregations on the islands which are more or less associated with the Hawaiian Board. Of these three are on Kauai, and two on each of the islands of Oahu, Maui and Kauai.

PRESIDENT HAS THE PLANS.

Fred J. Lowrey, president of the Kewalo Bicycle Track Association, has the plans for the new track in his possession. As soon as they have been approved by the president and board the work of construction will be started. An assessment of 50 per cent is now being collected from the stock holders.

The promoters of the enterprise say the new track will be built by September.

THEY WILL PLAY.

The base ball game will not be postponed on Saturday on account of the horse races at Kapiolani Park. The Regiment and St. Louis College teams will be pitted against each other. A very exciting game is anticipated.

The Regiment team is now one game ahead in the season's game. It has one more match to play at the close of the season with the St. Louis team because of postponement.

WAITING FOR THE MOANA.

The Moana is due to arrive from the Colonies en route to San Francisco on the 24th. Her passenger list includes:

Miss E. Pauahi Judd, Mr. and Mrs. C. W. Macfarlane, A. V. Soares and son Mrs. R. W. T. Purvis and child, Mrs. Savidge, Mrs. T. C. Porter and child, R. Halstead and wife, Miss Halstead, Miss Holmes, Mrs. Atwater, Mrs. Winslow, Mr. and Mrs. N. S. Sachs, B. Lathrop, D. G. Fairchild, A. M. Kistler and wife and S. T. Alexander.

MILITARY BOYS TO CAMP.

Captain Paul Smith's company will go out for a couple of days' camping this month. Company B members are planning to march out to Manoa valley a week from Saturday and camp over Sunday, returning to town early Monday morning.

Hundreds of thousands have been induced to try Chamberlain's Cough Remedy by reading what it has done for others, and having tested its merits for themselves are today its warmest friends. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

Sterling Quality

E. W. ROTH, of Chicago rode 34,388 miles on a STERLING. The bearings when examined showed scarcely any wear.

Another rider rode 76 centuries in 65 days, a record that has never been beaten.

The wheel that NEVER NEEDS REPAIRS.

Household Supply Department of

CASTLE & COOKE, Ltd.

Coughs are Epidemic

just now without apparent cause—the bothersome thing comes like the grip and it's up-hill work to get relief. Have you tried

PUTNAM'S CHERRY COUGH COMFORT?

You need a bottle if you are troubled with a cough. It's cheaper than getting rid of CONSUMPTION.

Physicians appreciate the value of this remedy and have their patients use it.

Cherry Cough Comfort

is the best thing known for nipping a cough in the bud, nothing has ever been made that equals it.

Good to have in the house so it may be promptly used when the cough starts.

Two size bottles for hard and easy coughs.
25 and 50 cents.

HOBSON DRUG CO.

King & Fort.

EGGS FOR HATCHING.

Eggs from choice fowls at the following rates per dozen:

Grade W and B Leghorn, \$1.00; pure bred white Leghorn, \$2.00; pure bred brown Leghorn, \$2.00; pure bred B. Plymouth Rocks, \$2.50; pure bred S. G. Dorking, \$5.00.
