AS PROTECTOR OF CRIME

GOVERNMENT APPEARS IN NEW ROLE TODAY.

Attorney-General's Department Defends Man Charged With Assault and Battery—Case and Testimony.

A. A. Carreira, a clerk of the Tax office, was before the District magistrate this morning upon a charge of assault and battery on Ah Ngee, an employee of Alatau T. Atkinson. The Chinaman is a mere boy of 19. Defendant went to the house and demanded personal taxes of him. The boy stated his age to be as above. After some parley the tax man seized the boy by the back of the neck, pushed him down a couple of times, shoved him out to the gate and took him to the police station, where he was locked up.

In police court this morning A. S. Humphreys appeared for the prosecution and Mr. Weber for the defendant. On the witness stand Ah Ngee, Ah Gee another employee of the household, and Ah Kuli another Chinese testified to substantially these facts. Carreira denied the assault and claimed to have simply made an arrest on a warrant. Carreira was found guilty and fined \$2 and \$34 costs.

The district magistrate became a cause celebre from some of the circumstances of the prosecution. A. S. Humphreys was requested to prosecute the case and agreed to on the permission of Attorney-General being secured. Learning afterwards that Mr. Weber of the Attorney-General's office was going to defend the case he went to Mr. Weber and told him that he should object as in his opinion it was in the highest degree unprofessional for the Attorney-General or any other lawyer to be on both sides of a case as he would be under these circumstances, seeing that he, Mr. Humphreys, appeared to prosecute by permission and as the representative of the Attorney-General, and Mr. Weber would appear to defend as the Attorney-General's representative. Mr. Humphreys claimed also that it was illegal for the Attorney-General or his representatives to defend a defendant in a criminal case. Mr. Humphreys also made the same representations to Attorney-General Cooper.

This morning Mr. Humphreys was informed from the Attorney-General's department that he would not be allowed to appear to prosecute if he raised the point of Mr. Weber's right to appear to defend, representing the Attorney-General.

He replied that for the sake of his client he would yield to coercion in the matter and would not raise the point. But he stated the case to the court to make it a matter of record, and now he says he intends to raise the direct issue by asking the Supreme court to enjoin the Attorney-General to allow a charge of malfeasance in office and unprofessional conduct.

THE WEATHER.

AT THE ORPHEUM.

"An Editor and His Troubles" held the boards at the Orpheum last evening. If shouts of laughter and continuous applause are any criterion as to the merits of a comic sketch, Jim Post's latest creation is a pronounced success. The story of the farce is one that occasionally happens in real life.

All the artists appear in new specialties on a level with the high standard they have already established. The program is a strong one and will be repeated tonight. The Australia today brings a complete change of talent who will open Saturday evening.

MURDER CASE NOW ON

JURY SECURED AT LAST TO TRY KAHUKU JAPS.

One of the Injured Chinamen and Manager Weight Tell the Court About the Riot and the Murders.

The Kahuku murder case is under full swing in the Circuit court. A jury was secured yesterday afternoon. These are the gentlemen sitting: C. H. Atherton, C. B. Huston, T. E. Krouse, A. W. Howe, F. W. McChesney, Henry Roth, John Effinger, Theo. Wolfe, J. J. Sullivan, J. W. Tregloan, W. R. Sims and E. W. Jordan.

Ching Chay Po was the first witness examined. He was on the stand all of yesterday evening. This is the man who was so badly cut at Kahuku and was not expected to live. He identified the defendants as being among the assailants.

Attorney-General Cooper was next put on the stand to identify the men as the same arrested at Kahuku and tried before the District magistrate of Honolulu.

Manager George Weight, of Kahuku plantation, was put on the stand at 10 o'clock this morning and is still on the stand. He told in detail the story of the trouble in the afternoon before the riot and of the occurrences on the Sunday afternoon of the murders. He saw none of the actual killing although he stopped the assault of the Japanese upon the Chinese. Four of the defendants were identified. The fifth man the witness was not sure about. He saw the three dead Chinamen and knew that they were killed in the fight. Also saw the wounded.

The jury is quartered at the Hawaiian hotel. The men occupy Snow cottage where they are under guard and are not allowed to talk or sleep.

A. G. M. Robertson, attorney for the defendants, said this afternoon that the case would probably last a week.

OFFICERS JOCKEY CLUB.

New Ones Elected and Arrangements for Races Completed.

The following were present at the annual meeting of the Jockey Club held at the Pacific Club last evening: J. S. Walker, G. P. Wilder, Dr. Murray, Bruce Cartwright, L. L. McIndless, E. Halstead, W. Lutz, J. G. Spencer, Theo. Hoffmann, W. Wolters, W. H. Hoogs, Prince Cupid and E. A. McInerney.

The following were elected officers for the ensuing year: W. G. Irwin, President; J. G. Spencer, Vice-President; G. P. Wilder, Treasurer; J. S. Walker, Secretary. Executive Committee: W. Wolters, W. H. Hoogs and S. I. Shaw.

Much of the work of arranging a program will devolve upon the executive committee. That committee will also determine the character of the trotting races. As the 11th will fall on Sunday racing will probably begin the Saturday preceding and be extended over the following Monday. There will also be a program on July 4th.

FOR FILTERING SYSTEM.

Rudolph Hering has agreed to furnish to the board of health gratuitously estimates on a filtering system for Nuuanu valley. The engineer is decidedly in favor of the old, slow process for that locality, and it is upon that that he will figure. Estimates on both systems will be prepared with reference to the Makiki supply.

BERT PETERSON.

The San Francisco Chronicle exploits Bert Peterson's wedding at considerable length. His wife and her mother have gone east. Bert will go east in the fall to visit them and bring his wife back.

A FAMOUS PURSER.

Last Trip on the Miowera of C. H. Humphries.

C. H. Humphries, purser of the S. S. Miowera, severs his connection with that vessel and the Canadian-Australian company at the end of the present voyage. He will take a vacation of several months, which he will spend in England before reengaging in active duties.

Few pursers anywhere have more impressed themselves on the traveling public by qualities that the traveling public likes in such an official, than has Mr. Humphries. He has had the pleasant distinction of being personally and appreciatively mentioned in books and magazine articles by writers of eminence, who have learned his admirable qualities by traveling on vessels of which he was purser. His retirement will be felt by many as a distinct loss to the inter-colonial traveling public.

Mr. Humphries has been for twenty-two years connected with Australian shipping, fourteen of which were under the flag of the Union Steamship company of New Zealand and when he left that company, he was their commodore purser.

ALARMING.

The Canadian Inland Revenue authorities recently instructed Mr. Thos. MacLaren, Chief Analyst of the Inland Revenue Laboratory, to investigate the purity of aerated waters. One hundred and twenty-one samples were analyzed, twenty-seven of which contained lead in heavy proportions, but samples of Apollinaris water, purchased in Halifax, N. S., in St. John, N. B., in Quebec and Montreal, were in every case found in analysis to be free from impurities of any kind.—Food and Sanitation, 13th August, 1898.

PEACE CONFERENCE FAILS

GENERAL OTIS WILL NOT RECOGNIZE FILIPINO GOVERNMENT.

Emissaries After Some Parley Throw off Their Pretense and Admit They Come From Aguinaldo Himself.

MANILA, May 2.—Noon.—The second conference held this morning between General Otis and the Filipino peace emissaries terminated without any definite results.

MANILA, May 2.—6:55 p. m.—Major Manuel Argueta and Lieutenant Jose Bernal of the staff of General Antonio Luna, returned here today to renew and press the request of General Luna for a cessation of hostilities. They have found the field of labor a most uncongenial one. The two officers were received in conference with Major-General Otis.

The proposals which they had to submit differed but slightly from those which they brought from the Filipino commander in the first place. They desired a little time in which to summon Congress and expressed themselves as being confident that the Congress will decree peace, because the people desire it. They represent that Aguinaldo is without power to surrender the army, and that the Congress must decide that question. Instead of this the emissaries asserted that Aguinaldo had not yet made a fair test of his strength against the American forces, because only one-third of his army had been assembled together.

The envoys will see General Otis again tomorrow. They will sleep tonight in Manila. They lunched with General MacArthur at his headquarters on a car of the armored train at Calumpit before going to Manila.

MANILA, May 3, 8 p. m.—The Filipino envoys have abandoned the pretense under which they came to General Otis, that they represented General Antonio Luna, and today they announced that they came as representatives of Aguinaldo himself. The two emissaries used all their wiles to secure a reply from General Otis to the letter from Senator Mabini, Aguinaldo's prime minister, asking for a cessation of hostilities.

The emissaries said that they presented to General Otis yesterday, but General Otis refused to make any reply on the ground that to do so would be equivalent to a recognition of the so-called government of the Filipinos. MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

PLACE SELECTED FOR VICTORIA BALL.

Government Refuses Use of Executive Building for Sake of Precedent. Other Matters in Cabinet.

A committee waited upon the Cabinet this morning to ask for the use of the main hall of the Executive building as a ball room for the celebration of Queen Victoria's birthday. This the Cabinet very courteously refused, on the ground of its establishing a precedent for every nationality to ask for the same privilege, on like occasion. It is deemed best by the Cabinet to reserve the Executive building strictly for state functions. The committee asked the privilege of using the Drill shed for the ball. While time was asked for consideration of this matter, the request will be granted if agreeable to the military authorities, which will most likely be the case.

Dear, Lansing & Company applied for permission to lay water pipe along the streets at Kapahulu and Kapiolani park. The reply was given that it is not the policy of the Government to allow private parties to lay pipe along public highways. It is understood that the petitioners wish to occupy have already been taken over by the Government and improved.

The same firm submitted a proposition to exchange a strip of land belonging to the Howland estate, in Union street, which is required for street widening purposes, for a thirty-acre tract of land beyond Diamond head. The proposal was straightway refused.

A petition for a road in Waimanua valley, Hamakua, was referred to the road board for investigation and report. This is a hilly district and there is now only a foot path down the sides of the cliff. The petition is considered worthy of early attention.

DID NOT SAVE HER.

The Moana did not tow the steamer Elith Thompson to San Francisco. The ship was not known, but the supposition is that the Colonial liner could not find the missing freighter from the Islands.

The Australia passed the Moana at 1:45 a. m., May 5th, just outside of the Golden Gate. Captain Carey reported all well on board, but said nothing about the Thompson. He had no vessel in tow at the time. On the way down the Australia saw nothing of the Thompson.

It is expected by the local agents of the British-American line that tags were sent out promptly upon the arrival of the Moana to look for the Thompson. There would be big salvage, making the steamer a fine prize.

Another theory is that the Moana would not delay to tow the Thompson on account of the expense. She would have to pay \$125 an hour for each hour the mail is delayed. In a couple of days, which it would probably take to harbor the ship, this would amount to a good sum.

SUGAR ADVANCE.

NEW YORK, May 3.—The American Sugar-Refining Company today advanced the price of all refined sugars sold by it one-eighth of a cent per pound. Standard granulated was placed at 5 3-8 cents, against 5 1-4 cents yesterday and 5 1-8 cents a month ago. The move was quickly followed by all the independent refineries. The current advance was really begun in London, where refined sugar prices have been hardening for some days. It was forced by the decided firmness in raw sugar, which cut down decidedly the margin of refiners' profits. Imports of raw sugar into the United States during March increased 102,000,000 pounds over March, 1898, and in the nine months since last June the increase was fully a thousand million pounds.

JANET WALDORF TONIGHT.

The closing performance in the opera house of the popular Janet Waldorf Company, will be given tonight. Miss Waldorf appearing as Galatea in Gilbert's clever satirical play "Pygmalion and Galatea." Norval McGregor will appear as Pygmalion, Mr. McVay as Crysos and Ada Dowd as Daphne. The pathos and comedy in this play is sharply drawn and it will be a pleasure to all who witness the best work ever done by the celebrated author, W. S. Gilbert.

ALICE RIX AND O'LEARY

THEIR MARRIAGE HAS JUST BEEN ANNOUNCED.

Both Well-known Here—He for His Ready Wit and Stammering Tongue—She for Her Cleverness.

David J. O'Leary and Mrs. Alice Rix are married. They have been married for some time, indeed, rumor has it that they were married in Honolulu, but the fact became known in San Francisco the day the Australia sailed. Scores of people in Honolulu know both Mr. O'Leary and Mrs. Rix. O'Leary was here for seven or eight months last year, and had several quiet adventures that made him well-known. One of the best known incidents was in connection with Colonel Barber of the New York Regiment. O'Leary had an impediment in his speech. At the time of this incident there was a correspondent of a New York paper here who was hard of hearing. O'Leary called on Colonel Barber one day to make some inquiries about a matter in which he was interested. Colonel Barber mistook him for the New York man who was hard of hearing. "Are you the damned newspaperman that can't hear," was Colonel Barber's response to O'Leary's greeting. "No, I'm the damned newspaperman that can't talk," was O'Leary's quick reply, stammering tongue for once being responsive to his ready wit.

Mrs. Rix, of course, is known to all newspaper readers. Her work on the San Francisco papers during a number of years has brought her reputation as a very clever woman.

Mr. and Mrs. O'Leary are now in New York.

MOVING THE POWDER.

Work of moving the powder from the slope of Punchbowl to the new magazine on the reef off Kakaako began this morning. W. E. Rowell is supervising it. By the last of the week all the powder will be in the new house. The removal of the magazine is a great satisfaction to residents of the Punchbowl neighborhood, who have lived a long time in fear of the inert volcano above them.

AN ARMISTICE IN SAMOA

MATAAFA ACCEPTS THE TERMS
IMPOSED.

The Germans However Refuse to Sign
the Proclamation—Regret That
They Have Not Done So.

APIA, Samoa, April (via Auckland,
N. Z., May 3).—Mataafa, the rebel
chief, has accepted an armistice.
The Germans, however, declined to
sign the proclamation.

NEW YORK, May 3.—The Washing-
ton correspondent of the Herald tele-
graphs: Since the receipt by the Navy
Department of the dispatch announc-
ing that he had received the instruc-
tions notifying him of the appoint-
ment of the Samoan Commission and
of the desire of the President that the
status quo should be maintained noth-
ing has been heard from Rear Admi-
ral Kautz.

The news that Mataafa has accepted
an armistice, though the Germans failed
to sign the proclamation, has conse-
quently not been officially confirm-
ed.

There is no doubt, however, of the
correctness of that feature of the mes-
sage relative to the suspension of hos-
tilities, as it was the desire of the
three governments during the investi-
gation to be made by the commission
that peace and order should exist in
the island. In view of this well-known
desire surprise is expressed at the
reported refusal of Herr Rose to sign
the proclamation unless it contained
some expressions which he regarded
as injuring Germany's cause.

In view of the dispatch from Auck-
land it is expected by the department
that it will receive a message within
the next twenty-four hours from Rear
Admiral Kautz reporting the situation.
Under his instructions he is required
to communicate with the department
as often as possible.

A HEART PAIN.

Piercing the left side like a keen
edged knife, palpitation, choking in
the throat, usually accompanied by
retarded circulation, are sure signs of
heart disease. If neglected death is
the result, and if taken in time they
may be cured and the long line of dis-
eases which follow in the wake of im-
perfect heart action may be avoided.
Dr. Miles' New Heart Cure is the only
safe and reliable medicine for diseased
hearts. It never fails to benefit when
taken in time.

"I had spells when I would get ice
cold and my heart would stop beating;
then I would feel a piercing pain which
seemed to go right through me, which
would be followed by palpitation and
I would clutch at my left breast in ag-
ony. From the time I began taking Dr.
Miles' New Heart Cure these spells
grew less severe and finally disappear-
ed altogether. I am well and strong
now and can do all my own work with
ease."

BARRED FROM THE MAILS

SENATE DOCUMENTS DECLARED
SEDITIONOUS.

Action of the Postmaster-General on
Atkinson's Anti-Imperialist Pam-
phlets—What Atkinson Says.

WASHINGTON, May 2.—Postmaster
Smith has barred the pamphlets of the
Anti-Imperialist League from the
mails going to the Philippines. His
action was reported to the President
and Cabinet at the meeting this morn-
ing and was warmly approved. At-
torney-General Griggs was of the op-
inion that Edward Atkinson and his
associates were guilty of sedition in dis-
tributing screeds calculated to breed
mutiny among the American troops
and to encourage the Filipinos in their
insurrection, but the Cabinet conclud-
ed that it would not be good policy
to make martyrs of the offenders.

BOSTON, May 2.—Edward Atkin-
son, vice-president of the Anti-Imper-
ialist League of this city, said he had
received no direct communication
from Washington about the action of
the Postmaster-General. He explained
that the documents were compilations
of facts and figures taken from de-
bates in the National House and Senate
and calling attention to points
overlooked in debate.

"By action of the Senate," Mr. At-
kinson continued, "these compilations
were published as Senate documents
and they are now public documents
of the United States. Therefore, any
action taken toward keeping them out
of the mails would imply that Con-
gressional records and official docu-
ments of the United States are unsuit-
able to be sent to officers of the volun-
teer regiments now at Manila. If it is
unlawful for a citizen of the United
States to communicate with other citi-
zens in Manila by sending documents
in a private edition which have been
printed by order of the United States
Senate as public documents I am con-
tent to leave the matter at that exact
point, which requires no comment
from me.

"If this attempt to forbid free
speech and free mails to the people of
this country has been made, which I
cannot believe, I think the people will
decide themselves what to do about it."

PAID, \$20,000,000.

WASHINGTON, May 1.—The last
move in the negotiations terminating
the war with Spain occurred today,
when Secretary Hay paid to the
French Ambassador, M. Cambon, the
\$20,000,000 provided by the treaty of
peace for the cession of the Philip-
pines. The payment was made in four
Treasury warrants of \$5,000,000 each
and was receipted for by M. Cambon
as completely liquidating the obliga-
tion of the United States in this con-
nection. The Ambassador deposited
the \$20,000,000 in the Riggs National
Bank of this city, and the cashing of
the warrants is expected to be made
later through the City National Bank
of New York.

TRAMCARS REFORM.

A couple of days ago The Star asked if the Cabinet could do nothing in the matter of the tramcars. It is true that the tramcar system is a monopoly, but the franchise which has been granted contains penalties, which are never exacted, unless a private individual takes the risk of bringing a suit.

Section 590 of Chapter 44 of the Civil Laws sets forward that the company "shall be required by the Minister of the Interior," to do certain things. Among those things that the Minister of the Interior "shall require" it to do is "sixthly: That the cars must be of the most approved construction for comfort and convenience and safety of passengers."

The Minister of Interior has looked after the manner in which the tracks are laid, though it would be no bad scheme for him to look over them again, for the tracks are by no means safe in some parts and the cars frequently run off. It was only the other day that there came very near being a serious accident opposite where the old Hudson Bay property used to be. The car in going off the track was so great that the driver was knocked off his feet and came within an ace of being thrown under the wheels, from which he would have been taken a mangled corpse.

But if the Minister of Interior has looked after the rails he has certainly not looked after the paragraph commencing "sixthly," as quoted above. The cars are not "of the most approved construction for comfort and convenience of passengers," but this we might put up with. What one objects to put up with is the fact that they are not safe. It is presumable that the "canaille" who have to use 5-cent tramcars are not worthy to be treated to such things as comfort and convenience and cleanliness. They have no business to demand such things. If they want these they should buy carriage and hire a coachman.

However, they are entitled to safety, and the condition of the brakes on the tramcars is such as to render many of them unsafe. Day after day, there are cases where the driver finds it impossible to stop his tram, and the thing goes slipping and sliding along the track, carrying people far past their destination. Such instances happen not once but a dozen times a day. Some time the brakes will not act when it is vitally necessary that they should, and we shall have a smash-up, lose some lives, have several with broken limbs, and all because parsimoniousness characterizes the management of the tramcars and laxity, the Interior office.

Reading the charter over it is clear that the minister could insist upon the cars being rendered safe for passengers. It is no good waiting till the pricks of conscience rouse the tramcar officials, their consciences don't exist. It is also no use waiting till a few citizens are killed and a number are injured. Prevention is far better than cure. It is very evident that the law gives the Minister of Interior the right to inspect the cars, to see that they are safe. One would like to ask why it has not been done. It is a clear case where the Government has not accepted the responsibility which the law has laid upon it, or upon one of its members.

In addition to this, surely the regulations for street traffic give authority for some department of the Government to prevent the use of mere boys as car drivers. The men who drive the cars should be responsible men. Many of the drivers, now employed, are thoroughly irresponsible, and are too young and too unskilled to have the care of a crowd of passengers. Moreover, if an unruly passenger gets on the car they can not protect ladies and children, against insult. The Cabinet should put on its thinking cap and see what it can do towards making the tramcar company obey the law.

Governor Pingree is an advanced reformer. Like all reformers he has a host of enemies who vilify him and misrepresent his motives, but he pegs along fearlessly and manages to carry majorities to help him in his schemes. The latest work he has carried out is giving Detroit a chance to own and operate her street railways. By this law, known as the McLeod law, the city council is authorized to appoint at any time within the next twenty years a Detroit street-railway commission to negotiate with the companies, fix the terms and conditions of transfer, and operate the system when required. If this is carried out, it will give a lesson in municipal ownership that will be universally watched with very great interest. The granting of franchises by city governments has been the curse of many cities. We should take the lessons which we see around us well to heart. The time will come when we shall be pestered with requests for franchises, and we should

remember that a franchise is the giving away of a valuable privilege, out of which some one will get rich at the expense of those who gave the grant.

FOR OMAHA.

The appointment of a committee by the Chamber of Commerce to arrange for the exhibit at the Omaha exhibition will not doubt result in a satisfactory show being made by the territory. What is wanted is a thorough showing of our products and a due advertising of the opportunities that we offer to the young and energetic. Under the auspices of the Chamber of Commerce we may look to something practical, and not merely to a show of old tapas and stone implements. These are highly curious and the skill with which they were made is idea as to what Hawaii is at present.

At the Omaha exhibition, if we only are energetic in collecting and judicious in selecting our exhibits, we can do much for the national advantage of the territory, and can even have an influence upon our political future. A properly arranged exhibit will attract much attention and will create an interest in us. We want to show how advanced we are. We want to show our progressiveness, and that we have the energy within us to push our own fortunes and to enjoy the self-rule of a territorial form of government.

Another important point is to secure the services of an efficient commissioner. We do not want any body with merely a glib tongue and the unlimited gall of a drummer. We want some one well acquainted with the place, thoroughly posted with accurate and not hazy or inflated information, and one who will command the respect and confidence of even old statesmen and the influential men who will eagerly enquire into the status, the prospects, and the commercial and social conditions of the new possession.

If we can make a good showing, and create a good impression at the Omaha exhibition, we will have a real good piece of luck in having the chance of advertising ourselves so well. But if we make a mess of it and create a wrong impression, we shall do harm to the cause we have so much at heart. It therefore behooves the committee of the Chamber of Commerce to take special pains in the selection of a person suitable for the position of commissioner and in the decision as to what is most suitable for exhibition.

The growth of Honolulu can be noticed in the way it supports amusements. Last Saturday both the Orpheum and the opera house were filled to repletion, and the general crowd on the side walks of the principal streets was as large as it usually is on a Saturday night. Day by day the city is becoming more up-to-date and cosmopolitan. A stranger visiting the city from Hilo, remarked the noise on the streets during the busy parts of the day. Of course in Hilo there is none of the rush that there is about Fort street and Merchant street, between the hours of 10 and 4.

Honolulu is having quite a surfeit of crimes and accidents just now. There is the trial of the six alleged murderers from Kahuku, that occupies much attention. Then there is the case where a kahuna is held responsible for the death of a native woman. On Tuesday night two soldiers were set upon and battered up considerably by a civilian, and then there was the case of drowning from the Senator. It is quite a goodly list. The curious part of it is that none of the crimes are due to annexation or expansion as some would have us believe. The festive civilian resident seems to have more to do with crime than the maligned soldiers. The latter have kept free from any serious misdeeds.

It is not often that an adventure such as befell Captain Servetsky on the slopes of Mauna Kea occurs. From the oral accounts that have reached Honolulu, the captain appears to have had a very hard time of it. There are heavy fogs on the mountain slopes, and there is also a tangled forest belt, in either of which a stranger would be apt to lose himself easily. The moral is that people should not go off exploring without guides. However, people never will take advice.

Genuine Clearing Sale in Umbrellas!

Of all Descriptions in Silk, English Sateen, Gloria Alapaca, Etc., for Ladies, Gentlemen, Misses and Children.

ITS MISSION—Strange as it may seem—is to lose money!

It seems the only way in which a great mass of any kind of merchandise can be disposed of at an arbitrarily fixed time. But we won't flinch. An unfaltering business policy demands that our entire stock of Umbrellas must be sold before July 1, 1899. And sold they will be.

Sale Commences Wednesday, May 10th.

If you will examine the prices made on this stock you will find some of the greatest bargains ever offered in Honolulu. No doubt about it. So we do not feel that we must urge you to come, if prices like we put on this stock of Umbrellas won't fill the store with trade to its full capacity—but what is the use talking? They will, and if you come, you will see some of the liveliest selling you ever saw anywhere, or at any time.

This is a tropical climate, with tropical showers almost daily. An Umbrella is very useful here. We have lots to see. Thousands of them. By the way, call early, as the best Umbrellas, no doubt, will be picked up the first few hours of the sale.

Cost Price Will Not Be Considered.

EXHIBIT HAWAII OF TODAY

SO SAY BUSINESS MEN OF THE CITY.

No Grass Houses or Hula Dancers
Should be Allowed to go to Omaha.
Committee's Line of Work.

The committee appointed by the Chamber of Commerce to investigate the subject of an exhibit at the Omaha exposition is hard at work. That there will be a display is now certain. The committee will recommend that, not only should there be a showing, but that it should be the most elaborate ever attempted by the islands. A large section of the business community has expressed itself in favor of doing what ever is undertaken well.

It has been pointed out that the last exhibit at Omaha was organized under disadvantages. Besides being a new venture, the islands were at the time under other handicaps. Annexation had not been obtained. There were those who feared to harp the sugar and rice industries, lest mainland competitors would find an argument in it against annexation. In the fruit business much the same argument was used. Anything that would put forward the possibilities of development was discouraged.

Now the situation is changed. There is no longer the old impediment. The country wants settlers; wants small farmers; wants the spare domain taken up and developed. The committee will work on this line. First, it will determine whether or not an exhibit at Omaha will help the matter along. If it is so found, then all effort will be turned in the direction of a big showing.

It is not believed there will be any grass houses and hula dancing in the exhibit. Members of the Chamber of Commerce are set against that. There are dozens and dozens of business men also, who will not support the project to 1 cent if these features are insisted upon. They contend that natives no longer live in grass houses and that a false idea of the Hawaiian would be given if such were employed. Also, that the hula is a thing of the past and denotes nothing in the Hawaiian character of the present.

There is a strong sentiment in the community in favor of making the exhibit illustrate later progress. For instance, some scheme of giving a clear idea of the great sugar industry; the possibility in agricultural lines generally; manufactures; the work of the schools, churches, foreign mission enterprises, etc.; shipping and commerce; and the scheme of general business, which are fully up-to-date.

SUNDAY SCHOOL RALLY.

Work on the Reviewing Platform to Begin Tomorrow.

Every arrangement has been made for the rally of the Sunday schools on Saturday afternoon. The grand march will start from the Drill shed at 2 o'clock. Work on the reviewing stand in front of the opera house will begin tomorrow morning. Professor Richards will conduct the formation and march of the schools.

An important meeting of the Sunday school teachers will be held at 4:30 tomorrow afternoon, at which time the final details of the march program will be gone over. It is expected that a very large crowd of people will be out to see the procession, as the idea is a novel one and will surely be interesting from many standpoints.

SCROFULA

It is Foul Blood's Advertisement

But It is Soon Cured by Hood's Sarsaparilla.

Yes, Scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn and well nigh unendurable.

Outward applications do not cure, they only drive the difficulty to new quarters. Emollients may palliate, they cannot abolish the evil. There is but one sure way out, and that is to eliminate the taint from the blood.

There is one remedy that can effect this, and it is the only one that, so far as we know, has almost invariably succeeded—even where the system has been poisoned by long years of taint, and the ravages to be repaired are tremendous. That remedy is Hood's Sarsaparilla. Read this:

"My daughter was afflicted with impure blood. There were running sores all over her body and they caused her much suffering. We tried medicines that were recommended as blood purifiers, but could not see that they did any good. A friend told me about Hood's Sarsaparilla and I began giving the girl this medicine. The result was that she was perfectly cured after taking a few bottles. She has had no symptoms of scrofula since that time." MARIETTA M. SMITH, South Middleboro, Mass.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Insist upon Hood's; take no substitute.

Hood's Pills act harmoniously with Hood's Sarsaparilla.

The cleanest, brightest and really

the office of the Electric Company and said:
"Give me figures for wiring my house, and
want it done at once; no more lamps for me.
Last night a lamp tipped over and it came
so near setting fire to the house and burn-
ing my children and I take no more risks."
This is the sentiment of quite a number of
the past few weeks, who have ordered their
houses fitted with the perfect light.
Just think it over and make up your mind

melt these flakes of dandruff in the scalp.
It goes further than this: it prevents their
formation.

It has still other properties: it will restore

SAN TOMAS IS OCCUPIED

The Filipinos Keep Retiring Be-

Burn Cities Before Evacuating Them

MANILA, May 4. (By carrier pigeon
from the front.)—General Hale is push-
ing insurgents toward San Fernando.
After a severe engagement General
Wheaton's brigade entered San Tomas
this morning, the insurgents fighting
desperately. The Americans found
San Tomas burning.

General MacArthur moved forward
at 8 o'clock this morning with the
Kansas and Montana regiments along
the railway, the Utah Battery and the
Nebraska, South Dakota and Iowa re-
giments on the right. There was a
severe engagement at a bridge four
miles this side of San Tomas, where
the insurgents were found in force.
Summers' brigade, of Lawton's com-
mand, is now advancing northward
toward Manila. JOHN F. BASS.

MANILA, Thursday, May 4.—The
American forces under General Mac-
Arthur this morning attacked a large
force of insurgents, well entrenched,
near San Tomas, a few miles north-
west of Calumpit. They are meeting
with stubborn resistance and seem
unable to make any impression upon
the enemy.

Fire has broken out in a score of
places in the beleaguered town, which
is taken as an indication that the in-
surgents are preparing to evacuate.

WASHINGTON, May 2.—The follow-
ing cablegram was received by the War
Department shortly before midnight:

"MANILA, May 2.—Adjutant-Gen-
eral, Washington: General Lawton's
column, passing westward from Nor-
zagaray, captured Baling and the vil-
lages in the vicinity yesterday, scatter-
ing and pursuing 600 insurgent troops.
His only casualties, two wounded; in-
surgent loss, several killed, large num-
ber wounded and captured. The number
is not stated. Have opened com-
munication with Lawton, via Malolos,

ments from the city. OTIS."

NEW YORK, May 2.—A cable to the
Sun dated Manila, May 2d, 5:35 p. m.,
says: A large body of soldiers is re-
ported to be marching west from Bal-
ling across the marsh road toward
San Luis, seven miles west of Calumpit.
The Fifty-first Iowa Infantry
have joined General Hale's brigade,
which crossed the Rio Chico at dawn
today and marched eastward, expect-
ing to connect its cavalry with General
Lawton's command tonight. More
Macabes continue to arrive at Calumpit.
They express great fear of the
Tagalos and ask to be supplied with
arms with which to fight them.

Brigadier-General Smith of Califor-
nia has been appointed to the com-
mand of the Visayan military district,
with headquarters at Bacolod.

Foreigners arriving from Aparri, at
the northern extremity of the Island
of Luzon, report that the natives are
concentrating and preparing to resist
the Americans.

ANOTHER CASE OF RHEUMATISM
CURED BY CHAMBERLAIN'S
PAIN BALM.

My son was afflicted with rheuma-
tism which contracted his right limb
until he was unable to walk. After
using one and a half bottles of Cham-

Chainless

Columbias will be on the "Australia"
this week and if our orders are all filled
we will have a number besides those
already sold on orders to arrive. Ask
any one you see riding a Chainless
Columbia what they think of them.
We are willing to stand by the opinion
of the riders. Call in as soon as the
steamer gets here and we will tell you
just what we have received and will
book you for one.

We will also have a few of the
"VIDETTE" bicycles by the "Austra-
lia."

This is a wheel made by the Colum-
bia makers and is a beauty and one
fails to see how it can be sold here for
\$35.00, but that is our price just the
same, and the Pope Manfg. Co. is back
of the wheel too.

Waco, Texas, April 15, 1899.

MILWAUKEE PATENT PUNC-
TURE-PROOF TIRE CO., Milwan-
kee, Wis., Gentlemen:—We are in

receipt of your favor asking what suc-
cess we are having with your tires.
As far as we have seen them used, we
cannot say too much in their behalf,
and think we can truly say they fill a
long felt want. We have never had one
punctured, nor expect to meet with
any such accident. A rider whom we
sold the first pair to was in the other
day and said: "TAKE YOUR OLD
TIRES. I HAVE A TACK IN MY
REAR WHEEL." We immediately
examined the tack and removed same
from the tire, which proved to have
penetrated only through the rubber,
and then turned back as if struck with
a hammer, simply clinched. No other
tire that we have ever sold would have
stood this test. The only reason we
can see for not handling and trying to
sell to all of our riders, is, as our
puncture-boy says, "I am afraid I will
lose my job if this keeps up." Wishing
you success and assuring you of our
support, we remain,

(Signed) Very truly,

FROM HILOVILLE, KONAVILLE, HAWITON AND QUINEEN HAWAII.

KONAVILLE.—I am a clergyman, officiating in two parishes, ten miles apart. Your Sterling bicycle is a great blessing to me. Find my ideas much readier to my hand after pedaling between meetings. I can make the ten miles faster than any horse on the island, including John Smith's roan mare, Spreckels. I am informed that you do the best repairing on bicycles in Honolulu; do you repair baptismal suits? Yours truly,

REV. ENOCH CRABTREE.
HILOVILLE.—Will the tires on your Sterling bicycle pick up tax? If so, I prefer to walk, as I am taxed too high already. What is this country coming to, anyway? Yours, etc.,

WM. R. TAXABLE.
HAWITON.—Are the Palmer tires on the Sterling bicycle inflated with compound oxygen, or what? I rode one last week and was very much intoxicated. Yours truly,

HIRAM WHEELER.
QUINEEN, HAWAII.—I always thought that a pneumatic meant a person subject to pneumonia, until I rode your Sterling bicycle. I now see my error. It is my liver that bothers me most, and I find that a speedy wheel lively tired and a tired liver are synonymous. Yours truly,
MARCUS LIVERWORTH.

THE TOURNAMENT BEGINS

LARGE ATTENDANCE AND GOOD PLAY.

Lovers of Tennis Turn Out in Full Force—Pacific Tennis Courts Present a Gala Appearance.

The tennis tournament of 1899 opened brilliantly. There was a very large attendance of spectators, a fact most pleasing to the tournament committee, the players and the members of the tennis clubs. The grounds presented a gala appearance with pennants and ensigns flying. The Government band playing on the Executive building grounds, just across the street, added another gala feature.

A strong wind with clouds of dust made playing difficult and unsatisfactory to the players.
The tournament began with the mixed doubles, Miss Hoffman and C. H. W. Norton vs. Miss Juliet King and Sam Woods. Brilliant playing was done on both sides, but the strong, steady, even play of Miss Hoffman and Mr. Norton won two straight sets: 6-4, 6-1.

The next contestants to take the courts were Mrs. Gunn and H. Howard Hitchcock vs. Miss Hester Lemmon and Albert Waterhouse. The latter are new players, but the strong, steady, even play of Mrs. Gunn and Mr. Hitchcock surprised their friends by some most brilliant plays. Experience and steadiness however, won the contest for Mrs. Gunn and Mr. Hitchcock: 6-4, 7-5.

The tournament continues this afternoon. The contestants and order of play for the remainder of the week follow:

Thursday	Friday	Saturday
Miss Hart C. A. Elston	Winners	Winners

Mrs. Gunn D. H. Hitchcock	Winners	
------------------------------	---------	--

On Saturday also Miss Hart, the champion of the Hawaiian Islands for 1898, will defend her title against Miss Hoffman.

It Must Be

remembered that our stock represents the finest ready-to-wear clothing made in the United States—stylish, serviceable, becoming clothes that have nothing in common with ordinary "ready-made" garments, nor with the kind of goods turned out by the average custom tailor.

We have recently added to our stock the lines made by Hart, Schaffner & Marx of Chicago, in addition to our Stein-Bloch goods.

Do not pay out money for awkward, old-fashioned ready-made clothing when you can have the H. S. & M. goods for the same cost. Do not pay the tailor's price when you can get as good, and probably better, satisfaction, for less than half the money.

HAS MADE A CHANGE.

C. H. MCGURRIN has Adopted a New Typewriter.

The Fact That He Holds the World's Championship Record Makes the Event One of Considerable Interest to Thousands of Operators All Over the Country.

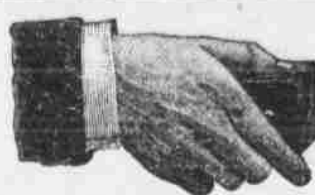

C. H. McGurkin, circuit court stenographer, has adopted the Remington-Sholes typewriter, and now has three of that company's late model machines for use in his official work.

The fact that Mr. McGurkin is the present holder of the world's championship record in typewriting, and adopting a new machine makes the event of unusual interest to the thousands of operators throughout the country. Being interviewed on the subject, Mr. McGurkin said unhesitatingly, that the Remington-Sholes possesses points of advantage over the Remington Standard, which every expert operator will readily admit, among which are the matter of ease and light running qualities, the securely fastened light carriage, perfect alignment, with steady, noiseless operation, so important, especially in dictation work.

KODAKS.

You are told that "there is no Kodak but the Eastman Kodak." We handle only Eastman Kodaks. Their goods are a guarantee of quality. We have them from \$5 to \$35, and whether you buy the lowest priced instrument or the highest, they will be found just as represented. Kodaks make the best of Holiday Presents, acceptable to either sex.

FILMS.

Eastman Films are good Films. That is the reason we handle them exclusively. You will always find our Films fresh, and fresh Films insure the best work.

Developing and Printing.

Many amateurs enjoy the work of developing and printing. There are others who have not the time or inclination to do the work themselves. We make a specialty of this branch of the Kodak business. Our customers are kind enough to say we turn out better work than they get elsewhere. We take pride in this department of our business. Every Film developed carefully. If our photographer finds you are making mistakes he will correct you. That's a very important advantage. Let us show you what we can do.
