WAIALEALE IS BACK AGAIN

Story of Her Trip to Laysan and Other Guano Deposits.

Captain Mosher Tells of Morell and Byers Islands—Are Not in Supposed Positions—Things Seen on Various Islands.

The Inter Island steamer Waialeale which was chartered by H. Hackfeld & Co. for the purpose of making a trip to the guano islands in search of new deposits, returned to port at 10:30 o'clock Sunday night after having been away from Honolulu twenty-six days. It was expected that the Waialeale would be away about six weeks and her sudden appearance last night was a surprise. However this short time spent is easily explained in the good work of the Waialeale, her captain and all in charge of the expedition. She will be put into commission again today and will sail on her usual route to ports on the windward side of this island.

The story of the trip of the Waialeale is best told by Captain Mosher who was in command of the Waialeale and who has all the details down in black and white: "We sailed from Honolulu on July 13th. We went westward 1785 miles and back to port 1621, making a total of 3406 miles. West of Laysan Island we sailed 882 miles and our position on turning around was 28° 46' N lat. and 76° 45' 10" East long. We crossed the meridian of 180 on July 27th.

"We first called at Bird Island the nearest place to Oahu on our route. No landing was made there as it was very rough.

"At 11 noon on July 15th, we sailed for Necker Island where we spent a half day. A trip about the place was made and the old flag staff was found to be still standing.

"We sailed from Necker Island and made the French Frigate Shoals on the 16th. A landing was made but nothing of much importance was found.

"Laysan Island was reached at 9 a. m. on July 18. There we remained for five hours looking about the place and paying a visit to the camp. Nothing in particular was done.

"At 2:30 p. m. on July 19 we made Pearl & Hermes reef which is a low lying island shaped like a half moon and being about 36 miles from point to point. This island runs from northwest to southeast and has running along close to the concave side eleven small islands or rather, sand spits, varying from 100 feet to a half mile across. The highest is about six feet.

"We spent a whole day on the main and smaller islands, finding there an abundance of turtles, seals and fish, a most rich field for anyone who might care to make a fishing expedition to the place.

"Midway Island was reached on the 20th. There the night and the next day were spent. On the island was an unoccupied house and a shipwrecked schooner. From all appearances the island had been occupied only a short time before our arrival.

"We sailed from Midway Island on the 21st and arrived at Ocean Island the next day. There we found some old iron pots, a sailors chest, some galvanized iron and a lot of coal.

"We left Ocean Island on the next day and reached the position of Byers Island at noon on the 26th or by rights on the 25th as we were out one day on account of East longitude.

"It will be remembered that in 1825 Morell reported the discovery of both Morell and Byers Island. Since that time the supposed islands have never been seen or reported.

"Well, as I say, we arrived at

the exact position of Byers Island as laid down on the chart. No island was in sight. We sailed across through the center three times. Then we went to the southward 5 miles, to the eastward 5, to the northward 10, to the westward 10, to the southward 10 and then to the eastward 5 miles again. Then we shaped our course for Morell Island. It was a clear day and we had a man at the mast-head all the time. There is no island there.

"We then sailed 160 miles from Byers Island WNW to the position of the supposed Morell Island. Again we followed the same plan as we did at the position of Morell Island. Sailed over the position, then 5 miles to the southward, 5 to the eastward, 5 to the northward, 5 to the westward and then turned about on the return. On the backward track we sailed over the position of the supposed island again. At neither of the islands were there any birds or any signs of life.

"I think that the discoverer of the supposed Morell and Byers islands made a mistake and took Ocean Island for Morell and Midway for Byers. The description in his book is exactly alike and the situations are the same except that he placed the islands in East longitude instead of west. He left the Pearl & Hermes reef on the afternoon of one day and says he made Byers Island the next day, a distance of 461 miles in 16 hours and with an inferior ship to travel in. How could that be? As I say, I think he got a little mixed in his longitude.

"We got back to Laysan Island on July 31 at 11:50 p. m. and sailed from there August 2 at 12:40 p. m., arriving in Honolulu August 7 at 10:30 p. m. The trip from Laysan was then made in 5 days 8 hours and 50 minutes."

"At all of the islands visited samples of the guano were taken by Dr. Averdarm who with Geo. N. Wilcox and one or two others, formed the party. These will be examined here and then it will be determined which is the most profitable to work.

"The people who went along on the Waialeale came back laden with curios, birds and birds' eggs. The voyage was a most pleasant one and everyone enjoyed himself to the full.

Last Official Call.

Hon. Harold M. Sewall, Envoy Extraordinary and Minister Plenipotentiary of the United States, made his last official call on the Hawaiian Government at 10 o'clock this morning.

Red, White and Blue Shield.

A large shield with the colors of the United States in 160 incandescent electric lights was completed at the Hawaiian Electric Company's shops on Saturday. It was set up and tried in the main doorway of the shops Saturday evening and proved a great success. The shield is to be used as a part of the decorations on the Executive building the night of the flag raising. Frank la Violette directed the construction of the shield.

Robert Atkinson has resigned his position in the Land office to enter the Hawaiian Safe Deposit and Investment Co.'s office under Geo. R. Carter.

THE LOCAL MILITARY POST

Colonel Barber and Staff Are Considering the Matter of Location.

Major Langfitt Looking Into Proposed Site at Kalihi—Colonel Barber Denies a Reported Expectation.

Colonel Thomas H. Barber, who has arrived in advance of his command, is staying at the Hawaiian Hotel. He is the head of the garrison to be established at Honolulu. Besides the First New York Regiment, more than 1300 strong, the commandant will have under him a battalion of California heavy artillery, numbering above 400, and a corps of about 360 engineers. Altogether the garrison will number something more than two thousand men.

The colonel intimated to a reporter this morning that he had not done anything since his arrival beyond looking about a little. There was in fact little or nothing new to report beyond what had been given out before he left San Francisco.

One statement published in San Francisco and reproduced here, however, Colonel Barber desired with some emphasis to have contradicted.

"I do not expect to be appointed Brigadier General in the near future, and I do not think it likely that I will be appointed Brigadier General," was what he said.

Once a site is selected there will be erected a barracks to accommodate 2200 men. Hawaiian workmen will be employed in the building operations so far as practicable.

Major Langfitt has the site matter immediately in hand. To him was referred by Colonel Barber, at the hotel this morning, William Blaisdell, representing the Kalihi proposition mentioned exclusively in the BULLETIN on Saturday. As the reporter was leaving a visit to the locality was being arranged between the major and Mr. Blaisdell.

Colonel Barber, in answer to a question, said he would send an escort to the funeral of Private Patton, whose death was first announced to him by the BULLETIN reporter. He also stated that the United States military hospital would be opened right away. The institution of this hospital was ordered by General Merritt while here, and Independence Park pavilion was at once reconstructed for the purpose, and a new building erected on the grounds for a contagious disease ward. Before the arrival of the transport St. Paul, the accommodations for invalid soldiers, in both the Queen's and the Red Cross hospitals, were taxed to their utmost capacity. Had there been any cases of sickness in that vessel the military hospital would have had to be opened, whether Colonel Barber had arrived or not.

RED CROSS NOTICE.

Ladies Requested to Gather at Headquarters Tomorrow at 9 a. m.

Ladies interested in the work of the Red Cross Society are requested to meet at the Red Cross headquarters on Nuuanu street tomorrow (Tuesday) forenoon at 9 o'clock to help make sheets and pillow cases for the hospital at Independence Park to be opened this week. Patients from the Queen's and present Red Cross hospital are to be transferred to the new quarters.

The boys in blue and brown from the transport St. Paul were given their feast on the Executive building grounds at noon. As usual, everything was in perfect order for their reception. The government band played at the dinner.

PORTO RICO EASY SO FAR

Gen. Miles Advances With No Serious Losses.

Americans Heartily Cheered on Entrance to Port of Ponce—Only Four Wounded.

St. Thomas, W. I., July 29.—Port of Ponce, Island of Porto Rico, surrendered to Commander Davis, of the auxiliary gunboat Dixie on Wednesday. There was no resistance and the Americans welcomed them with enthusiasm. The town of Ponce capitulated to the American troops on Thursday afternoon.

General Miles reports that the only casualties to the American troops thus far is four wounded. None killed. Reports that San Juan has surrendered are not verified, although judging from the reception given the Americans thus far, slight resistance is anticipated.

SPANISH DESIRES.

To Talk Peace But Asks for no Armistice.

London, July 30.—The Madrid correspondent of the Times says that according to newspaper statement Senor Camazo, Spanish minister of public institutions and public works, said in the course of an interview in Madrid yesterday: "Spain has not asked an armistice or even a suspension of hostilities. That would be tantamount to begging the enemy not to come to that. The message to the United States, while recognizing the superiority of the Yankees and their military operations, is confined to terms so dignified that when the document is published no one will be able to say it is humiliating. It asks if the United States proposed to make peace but requests neither truces nor armistices."

MUST YIELD EVERYTHING.

Uncle Sam's Preliminary Terms Very Sweeping.

Washington, July 29.—The answer to Spanish note to be communicated by this Government is now made up for submission to the cabinet, and makes the following general terms as conditions of peace: The absolute cessation of the island of Porto Rico, the relinquishment of Spanish sovereignty in Cuba, the cession of several small islands adjacent to Cuba and Porto Rico to the United States, leaving the disposition of the Philippines and other islands in that quarter the subject of future negotiations. The present aim, it is further authoritatively stated, is to establish and maintain coaling stations in the Philippines, with full and adequate land area, etc., in connection therewith.

LIBRARY FOR PORTUGUESE

Subscription Lists Now About for a Most Worthy Object.

Building to be Placed On Kinau Street—Work to be Started Very Soon—Sum of \$175 Already Obtained.

For a long time there has existed in Honolulu an organization known as the Portuguese Literary Club. The beginnings were small but the club soon began to grow until now it claims a large membership of both men and women who make it their business not only to hold meetings for the discussion of the live topics of the day but the American, English and Portuguese publications.

They have been holding their meetings here and there but now a proposition is on hand for the building of a permanent reading room and library. Miss Pires and J. Marques have the subscription lists in their possession and have been successful in raising about \$175. They need \$300 in all for the library which will consist of one large room fitted out with tables for the late publications in English and Portuguese and a library where will be placed the many books already the property of the Portuguese Literary Society.

The reading room is to be on Kinau street but the exact position has not yet been decided on. The object for which the Portuguese Literary Society is working is a most worthy one and should receive hearty support.

It is understood that the library will be, not alone for the members of the society but for any of those Portuguese who might care to visit the place for such information as it is possible to be gleaned from the books, periodicals and newspapers.

The people who have the matter in hand expect to have everything in readiness to start on the building in a very short time.

IN A TIGHT PLACE.

Deputy Marshal Chillingworth and Two Officers Have Difficulty With Chinamen.

Deputy Marshal Chillingworth and two mounted patrolmen had an exciting time of it at Honolulu early Sunday afternoon. They went down to the Chinese camp armed with a warrant for the arrest of Ah Lai on the charge of selling opium. It was necessary for the officers to walk right into the camp of a gang of 500 or more Chinamen who were all playing cards or amusing themselves in other ways out in the open.

As soon as the officers entered the house where opium smoking was going on, the Chinamen let out a yell and shouted in Chinese: "Kill the police." Ah Lai was found in the house but the difficulty was to get him away. Two white lunas arrived and scattered the Chinamen and the officers proceeded with Ah Lai to his house.

The lunas concluded the Chinamen would make no more trouble and went away. No sooner had they got out of hearing distance than the Chinamen made a rush at the officers who sustained some heavy blows with hoes and other plantation implements.

The officers saw their only help in Ah Lai and told him to speak to the Chinese or there would be trouble. Ah Lai spoke and just at this time, Manager Lowrie arrived. He acted in a most courteous manner and, after putting up a \$100 bond for Ah Lai, which secured his release, escorted the police officers away.

Once more, sixteen lone natives were along the waterfront last night and they all remained until morning. Cause—Anahulu biting.

BALD OFFICIAL PROGRAM

The People Will Not Participate in Flag Raising Ceremony.

Officers to Lower One Flag and Raise the Other—Admissions by Card—Other Details.

It is decided, finally, that the Stars and Stripes will be hoisted at 12 o'clock noon of Friday next. The Hawaiian flag will be lowered a little before that hour. It is intended to make the hoisting of the American flag, which will mark the transfer of sovereignty, as close to the striking of high noon as possible.

Minister Sewall and Admiral Miller were in conference with President Dole and the Cabinet for about two hours ending at 12:20 this afternoon. When the conferees dispersed Minister Sewall came out with Minister Cooper, and referred the reporters to the latter for information.

Minister Cooper said that the program would be strictly official. If the citizens desired to have literary exercises after the ceremony, in the Opera House across the way or elsewhere, there would be no objections.

It will therefore be understood by the public that there is to be no speeches nor singing at the raising of the flag.

Whoever is the appropriate color officer of the Hawaiian National Guard will haul down the Hawaiian flag. The corresponding officer on board the Philadelphia, Admiral Miller's flag-ship, will hoist the American flag.

The foregoing information is identical with what was given to a deputation from the Annexation Club which waited upon the Executive prior to the conference of the high officials. Some additional details were gathered from Minister Cooper after the conference.

A platform extending out about forty feet from the front of the Executive building will be erected for the American and Hawaiian official guests. This will be roped in. Chairs will be provided on the upper and lower verandas for the public, but admission to these accommodations must be by card obtained in advance.

A position will be allotted the Citizens' Guard on the ground near the platform, and that body will be admitted in time to see the Philadelphia's battalion, with its escort, march past to the front.

There is to be a place reserved for the press, on or near the platform, to which one representative from each newspaper will be admitted.

The First Regiment, National Guard of Hawaii, will march to the boat landing, to escort Admiral Miller and staff and the flagship's battalion to the Executive building.

John D. Holt will leave for the States on the 17th, to stay two months. He hopes to return with Henry Smith.

NATIVE SOCIETIES' PROTEST

Full Text of Thier Resolutions Against
Annexation.Claim That the People Have Not Been Asked—
Against Invasion of Political
Rights.

Following is the text of the protest presented to President Dole and Minister Sewall by the native Hawaiian Patriotic Societies:

RESOLUTIONS.

WHEREAS: On the 17th day of January, A. D. 1893, our beloved Queen Liliuokalani noted a protest against the acts of the representative of the United States of America, in form as follows:

"I LILIUOKALANI, by the grace of God and under the Constitution of the Hawaiian Kingdom, Queen, do hereby solemnly protest against any and all acts done against myself and the Constitutional Government of the Hawaiian Kingdom by certain persons claiming to have established a provisional government of and for this Kingdom."

That I yield to the superior force of the United States of America, whose minister plenipotentiary, His Excellency John L. Stevens, has caused United States troops to be landed at Honolulu and declared that he would support the said provisional government.

Now to avoid any collision of armed forces and perhaps the loss of life, I do, under this protest, and impelled by said force, yield my authority until such time as the Government of the United States shall upon the facts being presented to it undo the action of its representatives and reinstate me in the authority which I claim as the constitutional sovereign of the Hawaiian Kingdom; and

WHEREAS: Grover Cleveland, President of the United States, after a careful review of the facts, stated in a message to Congress, dated the 18th day of December, 1893, as follows: "As I apprehend the situation, we are brought face to face with the following conditions: The lawful Government of Hawaii was overthrown without the drawing of a sword or the firing of a shot by a process every step of which, it may safely be asserted, is directly traceable to and dependent for its success upon the agency of the United States acting through its diplomatic and naval representatives;" and

WHEREAS: The so-called Republic of Hawaii by its Executive and Senate formulated a treaty to secure the annexation of Hawaii to the United States, and said treaty having failed of ratification by the Senate of the United States, and by such failure to ratify having become void and of no effect as to Hawaii, because of the terms of Article 32 of the Constitution of the Republic of Hawaii, which reads: "The President, with the approval of the Cabinet, is hereby expressly authorized and empowered to make a Treaty of Political or Commercial Union between the Republic of Hawaii and the United States of America, subject to the ratification of the Senate;" and

WHEREAS: The Senate and House of Representatives of the United States have passed a joint resolution for the annexation of the Hawaiian Islands, and such joint resolution has not been passed upon by the people of Hawaii nor by their Representatives in Legislature assembled; and

Whereas: By memorial the people of Hawaii have protested against the consummation of an invasion of their political rights, and have fervently appealed to the President, the Congress and the People of the United States to refrain from further participating in the wrongful annexation of Hawaii; and

Whereas: The Declaration of American Independence expresses that Governments derive their just powers from the consent of the governed; therefore, be it

Resolved: That as the representatives of a large and influential body of native Hawaiians, we solemnly protest against annexation in the manner proposed and without reference to or obtaining the consent of the people of the Hawaiian Islands;

Resolved: That a copy of these resolutions with an English

translation be forwarded to Sanford B. Dole, President of the Republic of Hawaii, and to the Agents representing William McKinley, President of the United States, at Honolulu, Island of Oahu, Hawaiian Islands.

AMONG FOREIGN NATIONS

Zeitung Says Germany Has Acted Injudiciously.

France Friendly to Spain But Thinks First of Its Own Commercial Interests.

Berlin, July 30.—The Frankfurter Zeitung, reviewing the war and the role Germany played, regrets the attacks of the German press on the United States and arrives at the conclusion that Germany behaved in a thoroughly injudicious manner. It says: "Two German vessels in Manila would have sufficed amply; and in future we hope that the Foreign Office will take into its own hands the settling of all incidents in connection with Germany's foreign policy, including those relating to the marine."

PROTECT COMMERCIAL INTERESTS.

This is Considered by France the Vital Point in the Settlement.

Paris, July 30.—From a semi-official source the following statement is made: "From a commercial point of view, France is as much interested as America in Spanish trade and consequently, she has no reason to jeopardize her friendly relations with the United States. Still, she feels a sympathy for her unfortunate neighbor and rejoices heartily at the fact that peace is to be arranged and that the French ambassador, M. Cambon, has been the messenger of peace sent by Spain to America."

As to the terms upon which peace is to be arranged, the French Government and public opinion in France are perfectly aware that the United States will no longer be satisfied with the mere independence of Cuba, considering that the war has cost her considerable sacrifices.

Consequently, the French press, especially the Journal des Debats and Temps, are already taking in to account this important element of peace. They only hope that America will not claim too much. Not that France feels envious, in view of the increasing power of the United States, but simply because too onerous conditions on the part of America would make peace difficult. In fact it deserves to be pointed out that France does not make any objection to the United States increasing either their strength or their dominions. The reason there is a quiet feeling in France on this matter is that she is convinced that if such an increase in any way threatens any European power she is not that power. Even the annexation of Hawaii, which gives the United States an important position in the Pacific ocean, has not disturbed France in the slightest degree, her possessions in America being small and unimportant, consisting only of some little islands and French Guiana. As to the Philippines, if those islands are lost to Spain, France, as ruler of Indo-China, would probably prefer having the Americans next door neighbors instead of any European or Asiatic power. Consequently, what France wants, as far as the United States is concerned, is only proper consideration of her commercial interests."

JUDD WAS APPOINTED.

But His Name Was Unaccountably Recalled from the Commission.

Information direct from Washington is that Chief Justice Judd was originally appointed on the Hawaiian Commission. He was on the list given out officially. Some influence as yet not revealed caused his name to be withdrawn, and that of Justice Frear was inserted instead. Another original choice was Senator Davis, chairman of the Foreign Relations Committee, but he declined the position and Senator Cullom was appointed in his stead.

ANOTHER SOLDIER DEAD.

All the Others in Two Hospitals Progressing Favorably.

William Patton, private of Co. G, 14th Regiment, U. S. A., died at the Queen's Hospital this morning. He was left off the transport City of Puebla. Typhoid fever was the cause of death. Patton was only 22 years of age. He belonged to Missouri. Colonel Barber will send an escort of the visiting troops to the funeral.

All of the other invalid soldiers at the Queen's Hospital are about the same as on Saturday, improving.

The fourteen boys in blue at the Red Cross hospital are doing well today. There are two others attached, but now recovered and not sleeping at the hospital. As previously reported, these are going home in the steamer hourly expected from the Orient.

The United States military hospital will be opened right away.

COLONEL WITHOUT FEET.

War Department Said to Have Accepted J. S. Candler of Georgia as an Officer.

A recent decision by the war department has established a peculiar precedent. By it Colonel John S. Candler of Atlanta, who has lost his feet, is permitted to retain command of the Third regiment of Georgia volunteers, to which place he was assigned by Governor Atkinson. For some time he has commanded the Fifth regiment of the state forces, and, of course, his duties as a peace soldier were confined to riding horseback along well paved streets, and his misfortune did not affect the good of the service. But when he volunteered his services and the governor named him as commander of the Third much doubt arose as to his ability to pass.

Major Mills, the mustering officer, opposed him, but pressure from the governor and the entire Georgia congress delegation succeeded in overriding all objections. Most of the members of Candler's regiment will be taken from his old command, and the Third will possibly be the best drilled and equipped of the state forces. Colonel Candler was just 18 years old when Alexander Stephens, formerly vice president of the Confederacy, was elected governor of Georgia. Stephens appointed the young man a colonel on his staff, and this was his military start. For eight years he was solicitor general, and now is judge of the Atlanta circuit. He lost his feet in a railway accident 15 years ago. Taken altogether, he is one of the most popular military men and judicial officers in the state. He will not resign his seat on the bench unless compelled to do so.—New York Sun.

Admiral Camara at Port Said.

It all seems like an admirable piece of fooling, this appearance of Camara's squadron at Port Said. It looks very much like that famous maneuver described in old Tarlton's song:

The king of France went up the hill
With twenty thousand men.
The king of France came down the hill
And ne'er went up again.

It may be that the Spanish admiral will continue his voyage and keep on through the canal for the Philippines, but what he will do when he gets there is hard to say.—Chicago Times-Herald.

J. T. Waterhouse announces that the date of the opening of the new store has been set ahead to Wednesday, August 10, instead of Monday as previously stated. More time is required to assort and arrange the goods for the handsome display to be made. In the meantime the closing out sale of the dry goods will continue at the Queen street store.

Ernest Thrum Safe.

By the St. Paul Saturday the
Thrum family received a cable-
gram dated Valparaiso, Chile,
July 29th and sent to San Fran-
cisco, to the effect that Ernest
Thrum was safe and sound at that
place.

It will be remembered that Mr.
Thrum started out from Hilo on
the Kenilworth to make the trip
around the Horn to New York
for his health.

The relief to at must have been
felt by the family of Mr. Thrum
at the receipt of the cablegram
can be imagined when the uncer-
tain news of the fate of the Kenil-
worth and the souls aboard was
all that could be obtained.

About one month ago my child,
which is fifteen months old, had
an attack of diarrhoea accompanied
by vomiting. I gave it such reme-
dies as are usually given in such
cases, but as nothing gave relief,
we sent for a physician and it was
under his care for a week. At this
time the child had been sick for
about ten days and was having
about twenty five operations of the
bowels every twelve hours, and we
were convinced that unless it soon
obtained relief it would not live.
Chamberlain's Colic, Cholera and
Diarrhoea Remedy was recom-
mended, and I decided to try it. I
soon noticed a change for the bet-
ter; by its continued use a com-
plete cure was brought about and
it is now perfectly healthy.—C. L.

POPE LEO IS DISPLEASED

**Many Spanish Priests Fail to Heed
His Counsel.**

Loss of All Colonies is a Sad Blow to the
Queen Regent—Carlists are Still
Active.

London, July 30.—A special dis-
patch from Madrid says that it is
thought not to be likely that the
Government will decide to prolong
the war because of Porto Rico.

Considerable feeling is mani-
fested and every diplomatic effort
will be made to retain it. Appa-
rently there is little objection to
ceding a coaling station in the
Philippines provided Spanish sov-
ereignty is respected in the islands,
which in the opinion of the Gov-
ernment and official circles gener-
ally will afford compensation in
commerce for the loss of the An-
tilles, besides procuring occupa-
tion for the West Indian army in
re establishing Spanish rule.

The American reply is still anx-
iously awaited. Judging from
press opinion anything beyond
the cession of Cuba will be con-
sidered harsh and unjust. This is
the unanimous feeling among even
the strongest advocates of peace.
The people are beginning to real-
ize that peace will mean almost a
total loss of colonies and looking
to the delicate and difficult posi-
tion of the Queen Regent, great
care is still necessary to induce
the nation to accept the terms.
The Carlist and Republican papers
are making the most of the situa-
tion, while many Catholic priests
decline to comply with orders
from the Vatican to censure the
Carlist agitation.

El Imparcial's Rome correspon-
dent says the Pope is so displeas-
ed with this attitude of the priests
that he has washed his hands of
the whole affair. According to El
Liberal the Government would not
allow even the loss of some of the
Philippines to hinder the conclu-
sion of peace, because it is very
doubtful whether the country
would endorse the sending of an
army of 40,000 men to crush the
rebellion. One of the leading
Carlists denies the reports of dis-
sension. El Heraldo publishes a
warning as to the necessity for
closely watching the Carlists as
peace approaches. It is estimated
that there are 20,000 persons out
of employment in Catalonia.

Just Like Gold Coin.

For more than fifty years
has PERRY DAVIS' PAIN
KILLER stood the test
against all remedies prepared
to eradicate pain, and today
stands at the head of the list
among the medicines that are
so essential to keep at hand in
the home.

It is not a new fangle remedy
nor do the proprietors lay
claim to any wonderful revela-
tion of the ingredients that en-
ter into the manufacture of
this ever popular remedy.

It is perfectly harmless, you
need have no fear of becoming
habitually inclined to its use.

For Colic, Cramps, Dysen-
tery, Colds, and all painful
affections, a few doses will cer-
tainly give relief. You cannot
afford to be without a bottle in
the house.

Your forefathers used it
and found it beneficial.

Why experiment with some
remedy that is new and its effect
on the system unknown?

It has many rivals but no
equal.

The new 35c. size con-
tains over double the quantity
of the 25c. size.

PLEA TO UNITED STATES

Philippine Residents Ask to be Held
from Spain.

Representatives in Europe Telegraph President
McKinley and Senator
Davis.

London, July 29. — Natives of
the Philippine Islands and British
subjects having interests there are
alarmed by the reports that the
peace terms include the returns of
these islands to Spain. As a re-
sult they held a meeting here after
consultation with the Philippines
in France and Belgium, and cabled
to President McKinley and Sena-
tor Davis, chairman of the For-
eign Relations Committee.

The message to President Mc-
Kinley is as follows: "Philippines
resident in Europe pray you not
to abandon the Philippine islands
for the sake of peace with Spain.
Our loyalty and we trust the hon-
or of Americans, entitle us to your
consideration and support. To
hand over our country again to
Spain is contrary to the humani-
tarian proceedings of your noble
nation and the wish of all classes.
Civilization, trade and honor will
all be lost if the Spanish authori-
ties are re-established in any
form."

The message to Senator Davis
says: "A cast iron agreement
binding Spain to form a Govern-
ment satisfactory to the inhabi-
tants is preposterous. To retain
her sovereignty means deception,
oppression and bigotry. We place
our rights in your hands and pray
you to induce the President and
Senate not to abandon them."

A noticeable amount of United
States silver coin is already in cir-
culation in Honolulu. The Hawaiian
silver and paper currency probably
will soon be withdrawn from cir-
culation, as will Hawaiian postage
stamps. Here is a hint for curiosity
hunters.

that the half of one bottle cured

Hood's Sarsaparilla is prepared by experienced pharmacists of today, who have brought to the production of this great medicine the best results of medical research. Hood's Sarsaparilla is a modern medicine, containing just those vegetable ingredients which were seemingly intended by Nature herself for the alleviation of human ills. It purifies and enriches the blood, tones the stomach and digestive organs and creates an appetite; it absolutely cures all scrofula eruptions, boils, pimples, sores, salt rheum, and every form of skin disease; cures liver complaint, kidney troubles, strengthens and builds up the nervous system. It entirely overcomes that tired feeling, giving strength and energy in place of weakness and languor. It wards off malaria, typhoid fever, and by purifying the blood it keeps the whole system healthy.

ST. PAUL MEN IN CAMP.

Some Pointers About How the Men Are Doing and Feeling.

The boys from the St. Paul marched up to the parade grounds in front of the drill shed Saturday afternoon and there pitched their shelter tents to go into camp. The parade grounds are completely occupied by these. Guards were placed and in less time than it takes to tell, everything was in order. The men return to the ship for their meals.

At 12 noon today the troops on the St. Paul sat down to a sumptuous repast under the covering of coconut leaves on the Executive building grounds. The band played and the boys cheered, some more heartily than others.

There was very much of a howl on the part of the Colorado boys this morning. They marched down to the ship at breakfast time and there got a cold potato and a cracker each. Most of the men did not touch this inviting repast but went up to the drill shed where a protest addressed to Col. Barber and covering three pages, was prepared. One of the men then jumped up on the stage and shouted to the Colorado boys to gather around. The protest was then read. The man then asked if it was favorable to all that the points made constitute the protest and there was immediately a tremendous aye. Not a dissenting voice was heard.

The Colorado boys, over one hundred strong, refused to drill or to do any kind until they were treated properly. They were not forced but were told to dress properly and to fall in for a luncheon by the Citizens of Honolulu at 11:30 o'clock. This they did gladly and signified their consent to drill this afternoon after having had a square meal.

At the camp near the drill shed Sunday the boys whiled away the time as it best suited them. Some tossed certain ones from blankets into the air while others played football with coconuts.

Are You Poisoning Yourself?

You might make a single meal of rich pies and cakes, and not mind it. But you could not live on these all the time without ruining your digestion.

Yet, week after week and month after month, you allow your brain and nerves to be fed with impure blood.

The general debility, thin blood, pale cheeks, nervousness, loss of appetite and depression of spirits, are loud warnings from nature. Your nervous system is weakening. Before the ruin comes take

AYER'S

Sarsaparilla

It removes the poisons from the blood, and thus removes the cause of all your trouble. It aids the digestion, strengthens the nerves and supplies the body with rich, red blood.

For constipation take AYER'S PILLS. They promptly and surely cure. Take them with Ayer's Sarsaparilla: one dose the other.

Live Stock For Molokai.

The Andrew Welch brought from San Francisco in charge of competent men the following list of live stock for the Molokai ranch: 31 mules, 25 bulls, 3 cows, 75 head of sheep and 1 horse. The live stock than which no better has ever been seen in Honolulu, is in the very best of condition. The gelding is a thoroughbred and supposed to be very fast.

The Survey Service.

Prof. Alexander in an interview said he received a letter from Mr. Pritchett, superintendent of the United States Coast and Geodetic Survey, saying he was coming to Honolulu with the Commissioners. Mr. Pritchett is coming to look after marine soundings and scientific triangulations. Prof. Alexander thinks the only work that will be left to the local survey bureau will be private boundaries.
