THEY AWAIT THE RESULT

STRIKING MINERS REST UNTIL
AFTER THE ELECTION.

Decision of the Union—McKinley and Bryan—Omnious Quiet—Resumptions—Railway Telegraph Operators.

AT LEADVILLE.

LEADVILLE, Oct. 2.—As a result of the Miner's Union meeting the majority have decided to remain quiescent until after the election. If McKinley is elected the present intention is to abandon the strike. If Bryan is elected the hope is that the price of silver will advance and the managers at once concede all the demands of the union. Notwithstanding this decision there are many of the conservative miners who feel sore over the delay of five weeks, while the unruly element are more aggrieved over the decision and eager to adopt radical measures at once.

The quietness of the past two days, though deemed ominous by some, is significant of more complete control by the leaders of the strikers. At the same time it is realized that a spark may at any moment lead to a dangerous explosion.

Active preparations continue for the resumption of work on the Bison and other large mines. The Bison will be manned with Leadville miners.

OPERATORS.

VANCOUVER, Oct. 6.—Advices were received at the C. P. R. telegraph office this morning to the effect that the dispatchers' strike had been settled, the men returning to work and the difference between them and the company to be referred to a board of arbitration. This is a back down for the company, who have all along stated that they would have nothing to do with the strikers, but would fill their places with new men. The following Associated Press dispatch was received this afternoon:

MONTREAL, Oct. 7.—The operators' strike on the C. P. R. is over. The strikers, with the exception of those who committed acts of violence, are to be reinstated. The exact terms of settlement are not known yet.

Photograph Gallery

T. P. Severin has taken the photograph gallery opposite Love's bakery on Nuuanu avenue, where he will enter immediately into the work of taking pictures. Mr. Severin has had years of experience at this branch and has always met with success in it.

BARGAINS IN LACES.

N. S. Sachs is offering this week five special bargains in lace: good width fancy wash lace 15 cts a yard; extra quality 6 yards for \$1.00 and Oriental laces at 10 cts a yard.

WHICH?

The business man is often perplexed in deciding on which make of typewriter to get. They all claim to be the "best." Which machine really is the best?

The Peerless is a modern typewriter. It is right "up-to-now." Strong, handsome, durable. Easy to operate and its work is excellent. It is the business man's best friend. There's no question about the Peerless being the best typewriter. Examination will prove it. Price \$100.

UNITED STATES HALTED OVER ONE HUNDRED BODIES

WARSHIP CANNOT PASS THROUGH THE DARDANELLES.

'Tis Said Russia Objects—Reason Assigned—Berlin Agreement—Czar Lord Salisbury and the Czar.

UNITED STATES STOPPED.

CONSTANTINOPLE, via Sofia, Oct. 7.—It was semi-officially announced here today that the Turkish government, after weighing the matter and consulting several advisers, came to the decision not to admit the United States warship Bancroft through the Dardanelles, and therefore she will not be able to act as guardship to the United States legation in these waters. The Porte, it is said, also decided not to admit the guardships of Greece and Holland. It should be added that the United States government is not known to have presented through Minister Terrell, a formal demand for the passage of the Bancroft or any other United States warship through the Straits of Dardanelles. The exact ground upon which the Turkish government takes its stand in this case is not stated but it is known in official circles that Russia objected to the presence in the Bosphorus of the United States, Grecian or Dutch guardships. The objections to extra guardships here are said, according to general report, to be based on the Berlin agreement, which excludes from naval representation in the Bosphorus any powers not a party to that agreement.

RUSSIA HAS COREA.

LONDON, Oct. 7.—A dispatch to the Daily News from Vienna says the Russian minister at Seoul has been instructed to inform the King of Corea that Russia has no idea of concluding a treaty with Japan for the joint protectorate of his kingdom, but that Russia considers Corea as an appendage of Siberia and that the Korean question is closed. This information says the Daily News dispatch, was communicated to Lord Salisbury during the Czar's visit to England.

SALISBURY AND THE CZAR.

LONDON, Oct. 6.—The Chronicle this morning says that it learns from a good source that the Czar and Lord Salisbury have agreed upon a policy for the ultimate deposition of the sultan.

CUBA.

HAVANA, (via Key West, Fla.), Oct. 3.—Captain General Weyler's initial operations in the campaign in the extreme west to trap Maceo or defeat and drive him east has proved a failure.

DEAD.

LONDON, Oct. 3.—William Morris designer poet, author and socialist, died this morning. He was born in 1834.

ART LEAGUE.

Business Transacted at an Annual Meeting of the Body.

There was a long meeting of the Kiohama Art League Thursday evening at which the business of a year was adjudicated. The treasurer's report showed a balance of \$75.50 on hand, with considerable uncollected dues. Some discussion was had on the matter of procuring a piano for the rooms. Mrs. A. B. Tucker and Misses Richards and McGrew were appointed a committee on the matter.

It was decided that in future new members should first be admitted to the subscription class, and advanced to the associate rank when their showing in the exhibitions merit it. The following were elected to "first degree" membership: Mrs. W. C. Weedon, Misses Alice M. Bond, C. Glymer and Ella Stansbury, Mr. and Mrs. S. M. Ballou and Messrs H. M. Whitney, B. L. Hutchinson, Clive Davies and William Love. E. A. Mott-Smith was admitted to active membership.

A reportorial committee was appointed, as follows: Mrs. H. N. Castle, W. R. Farrington, D. Logan, D. Howard Hitchcock and C. W. Dieck. The old corps of officers and committees were reelected for the ensuing year.

SPRAY SOLD.

Capt. Pat Curtis has sold the Spray to C. W. Macfarlane. The latter will fit her up for a pleasure fabric. The purchase price was \$500.

RECOVERING THE REMAINS OF MEXICAN FLOOD VICTIMS.

Damage to Shipping—Seven Killed in a Railway Accident—A Tragic Incident—Rebel Bullets in Manila.

MEXICAN FLOODS.

GAUDELJARA, Mexico, Oct. 6.—Overland advices from Mazatlan state that the damage wrought by recent floods in the state of Sinaloa, is much greater than at first estimated. All rivers in that state were out of their banks, bridges were washed away. Over a hundred bodies have been recovered and many others are missing. The damage to shipping interests is believed to be very great, but reports as to the safety of coast vessels are very meagre.

SEVEN KILLED.

OSAGE CITY, Kan., Oct. 5.—A frightful wreck, attended by serious loss of life, and made more terrible by the self-murder of a frantic passenger, occurred on Sunday afternoon on the Santa Fe road two miles north of here. Seven dead bodies have been recovered from the wreck, and it is feared that other victims are in the debris.

The wreck was marked by scenes of the wildest confusion among the passengers. The nerves of many of them were at a high pitch as a result of their experience with a gang of road agents in New Mexico, and when the crash came the first impression of nearly all was that the train had been attacked again by robbers.

One passenger, William Beckler, of Los Angeles, en route to Chicago, seemed to lose his reason. When the crash came he drew a pistol from his pocket, and in the presence of a car full of terrified passengers, took his own life, sending a bullet into his brain.

TOWN DEVASTATED.

JACKSONVILLE, Fla., Oct. 2.—Cedar Keys is a place of desolation and death. Forty-eight hours ago it was a thriving town of 1500 inhabitants. Today many of the people are corpses, scores of others are injured and there are but few houses left standing. Twenty corpses have been recovered, but few have been identified, so mutilated were they by falling timbers.

REBEL SHOTS.

MANILA, Philippine Islands, Oct. 3.—Among the leaders in the conspiracy who were shot yesterday at Cavite in the island of Luzon, were two merchants worth a million piestas (about \$200,000), the governor of the prison and several doctors and chemists.

SOCIAL.

A Burns Evening for the Young People of Central Union Church.

The October social of the ladies of Central Union church was given in the church parlors Thursday evening. Owing to the short announcement the audience was not large. Mrs. Judge Frear was in charge. For the literary half of the evening she prepared a "Burns" program, which was very acceptably presented.

Miss Millie Beckwith rendered a popular Scotch air, was encoored and responded with another. Mr. Thomas Black gave a very interesting talk on the life and work of Burns. Mr. J. A. Kennedy read, in fine Scotch, "The Cotter's Saturday Night." Mrs. Black recited in a very acceptable manner "To a Mouse." For a closing number Miss Millie Beckwith sang "And Lang Syne," the audience joining in the chorus.

After this followed the usual refreshment program. Tables were set in the rear hall.

BURGLARY.

A native boy is held at the station house for investigation in connection with the burglarizing of one of the Government offices Saturday night, from which \$234 in private funds, locked in the drawer of a desk, was abstracted. Entrance was effected either through a window or the transom over the door, both of which were found open Sunday morning. As other persons are suspected of complicity in the crime and are being watched the matter is, for the present, kept as quiet as possible.

THE REALM OF POLITICS ENTERTAINING THE CZAR

BETTING ODDS ARE FOUR TO ONE ON McKINLEY.

At Canton—250 Trains in a Day—Bryan En Tour—Democratic Funds—Republican Claims.

BETTING.

NEW YORK, Oct. 1.—The betting odds in favor of McKinley have slowly risen here until they now are 4 to 1, with no takers.

250 TRAINS.

CANTON, O., Oct. 3.—The day was in every way auspicious for the big demonstrations scheduled. Two delegations were in before the city was astir. One from Harrisburg and Dauphin county, Pa., reached here about 5 o'clock. Capt. William J. George was spokesman for the party. The second delegation, which arrived at 7:15, came from Athens county, O., being called the Sunday Creek Valley M. Kinley clubs. Other trains arrived soon afterwards, the railroads having about 250 specials scheduled for the day.

BRYAN.

NORTH VERNON, Ind., Oct. 3.—Bryan's arrival in Indiana and Illinois called forth the same hearty welcome that has characterized each visit he has made to what is considered by many the battle-ground of the campaign. Fourteen stops were scheduled in these two States today.

ACCEPTANCES.

ST. LOUIS, Oct. 3.—On his arrival here Candidate William J. Bryan gave out for publication the letter of acceptance of the Populist nomination for President.

NEW YORK, Sept. 30.—W. F. Porter, nominee for Governor, has sent his telegram of acceptance.

DEMOCRATS SHORT OF FUNDS.

CHICAGO, Sept. 30.—A special to the Tribune from New York says: Senator Jones was then asked about the dispatch from Chicago that his committee is financially embarrassed. "That's true," he replied promptly. "We are out of money; we are broke, but it is our normal condition." Sewall has just given \$20,000.

CLAIMS.

NEW YORK, Oct. 4.—Republicans claim anew Florida, Wisconsin, Oregon, Washington and Missouri. The Democrats have practically ceased effort in Ohio.

WATSON.

ATLANTA, Oct. 1.—The Atlanta Journal will say positively tomorrow morning that Watson will take his name off the Populist ticket.

FLORIDA RETURNS.

JACKSONVILLE, Fla., Oct. 6.—Midnight—Scattering returns from the state show Democratic majorities in every county.

EX-PRESIDENT.

RICHMOND, Va., Oct. 5.—Ex-President Benjamin Harrison spoke here to about 6,000 people tonight.

POLITICAL MURDER.

CHICAGO, Oct. 6.—A special to the Tribune from Washington City says the killing of Frank C. Hepburn, son of Congressman Hepburn, at Chester, Ark., is attributed to political conspiracy.

CONNECTICUT.

HARTFORD, Oct. 6.—In 146 town elections Republicans have carried 133.

NEW PAPAL LEGATE.

NEW YORK, Oct. 3.—Mgr. Sebastian Martinelli, Archbishop of Ephesus and Apostolic Delegate of the Church of Rome to succeed Mgr. Sattoli arrived today and went in the afternoon to Washington.

LI HUNG CHANG.

NEW YORK, Oct. 3.—A dispatch to the World from Tien-tsin, China, says: Imperial Secretary Li Hung Chang arrived here this morning. All the members of his party are well.

RUSSIA'S RULERS AS THE GUESTS OF THE FRENCH NATION.

A Stormy Voyage—Royal Reception—"Figaro" Says There is a Union—Czar Taken Ill at the Play.

CZAR IN PARIS.

PARIS, Oct. 7.—The Czar and Czarina are now guests of France. They crossed the channel yesterday in a passage of six hours, which was horribly uncomfortable. The waves ran mountains high, heavy seas were shipped the whole way and seasickness reigned below, and their majesties were the sickest of all.

All Paris is again in holiday attire today. In spite of the cloudy weather the streets are packed with thousands of sightseers, many of whom have not been in bed all night. Excitement over the visit of the Czar and Czarina to the French capital shows no sign of waning, in fact the enthusiasm appears to be increasing. Newspapers of all classes and political belief express the very highest satisfaction at the speeches made by the Czar, especially the one delivered at Elysee Palace. Figaro sums up the general opinion of the newspapers on the situation in an editorial today which says: "Conclusive acts and definite words have now been exchanged and probably they will be completed at Chalon. But they are enough to convince Europe of our union."

LONDON, Oct. 7.—The St. James Gazette this afternoon publishes a dispatch from Paris saying the performance at the opera yesterday evening terminated abruptly in the middle of the ballet owing to the illness of the Czar, which, it is said was occasioned by bad cooking at the Elysee Palace.

A WONDROUS RUSH.

NEW YORK, Oct. 6.—A Herald dispatch from Paris says: "During the last two days 95,000 people arrived by the Northern railway, 82,000 by the Western railway, 66,000 by the Orleans line and 36,000 by the Eastern line. Thirty-five thousand arrived by the Northern line alone on Sunday before 11 o'clock, 22,000 by the Western line, 18,000 by the Eastern line, 26,000 by the Orleans line and 27,000 by the Lyons Mediterranean. You can say that on an average of from 120,000 to 140,000 people have come to Paris every day."

REFINERIES.

Philadelphia Proceeding to Show Doubtful Moods.

PHILADELPHIA, Oct. 1.—Spreckel's sugar refinery, operated by the Sugar Trust, has shut down for an indefinite time, owing to the dull period. About 800 men are thrown out of employment. The other refineries in the city under the same management are not affected, but it is reported they will curtail their production on account of dull trade.

PHILADELPHIA, Oct. 3.—The Spreckel's sugar refinery, operated by the sugar trust, which has been closed down for several days, reopened today. The Franklin refinery, which is also operated by the trust, will shut down for an indefinite period.

Like the Phonograph

The new goods just opened at L. B. Kerr's are like the phonograph, they speak for themselves. Ladies should examine this enormous stock before purchasing elsewhere, and if they are not convinced that they can save from 25c to 50c on every dollar by buying all their dry goods at this leading store it will not be the fault of the management.

The Company known through-
out the world as the

CALIFORNIA FIG SYRUP CO.

Having met with the highest suc-
cess in the manufacture and sale of
the excellent liquid laxative remedy,
Syrup of Figs, it has become impor-
tant to all to have knowledge of the
Company and its products. The
great value of the remedy as a medi-
cinal agent, and of the Company's
efforts, is attested by the sale of
millions of bottles annually and by
the high approval of most eminent
physicians.

The California Fig Syrup Co. was
organized more than twelve years
ago, for the special purpose of
manufacturing and selling a laxative
remedy, which would be more
pleasant to the taste and more ben-
eficial in its effects than any other
known. In the process of manufactur-
ing, figs are used, as they are
pleasant to the taste, and healthful
in their tendencies, but the medicinal
properties of the remedy are obtained
from an excellent combination of
plants known to be medicinally lax-
ative, and to act most beneficially.

If in the enjoyment of good health,
and the system is regular, then
laxative or other remedies are not
needed. If afflicted with any actual
disease one may be commended to
the most skillful physicians, but if
in need of a laxative, then one
should have the best and with the
well-informed everywhere, Syrup of
Figs stands highest and is most
largely used and gives most general
satisfaction.

A dispatch from Colon to New York,
dated September 23rd, determines the
resting place of the three-masted
American schooner Alma Cummings,
which began her sea wanderings off
the Delaware capes on February 11th,
1895, and at last stranded on one of
the San Blas Islands. At the least cal-
culation she has wandered 6,500 miles,
buoyant but tenantless, and has been
sighted but eight times during her
eighteen months' drifting. The Cum-
mings was abandoned by her captain,
A. S. Cummings, and by him set on
fire. The seas had evidently put out
the fire, and left the vessel to drift on
the weary waste of waters. The Fan-
nie E. Wolston is supposed to have
drifted 10,000 miles, and for long dis-
tance drifting the Alma Cummings
comes next.

The Best. Rest. Test.

There are two kinds of sarsaparilla: The best—and the
rest. The trouble is they look alike. And when the tree
dress like the best who's to tell them apart? Well, "the tree
is known by its fruit." That's an old test and a safe one.
And the taller the tree the deeper the root. That's another
test. What's the root,—the record of these sarsaparillas? The
one with the deepest root is Ayer's. The one with the richest
fruit; that, too, is Ayer's. Ayer's Sarsaparilla has a record of
half a century of cures; a record of many medals and awards—
culminating in the medal of the Chicago World's Fair, which,
admitting Ayer's Sarsaparilla as the best—shut its doors against
the rest. That was greater honor than the medal, to be the only
Sarsaparilla admitted as an exhibit at the World's Fair. If you
want to get the best sarsaparilla of your druggist, here's an
infallible rule: Ask for the best and you'll get Ayer's. Ask
for Ayer's and you'll get the best.

AN ACQUIRED TASTE.

Mosquitoes are so natural, so com-
ing in the manner in which they
sting and draw their blood, that it will
no doubt surprise most people to be
told that sucking human blood is only
an acquired taste with them. Dr.
Uhlir, of Peabody Institute, says that
their natural food is slime and deleter-
ious organic matter that would be
the cause of much malaria were it not
eaten by the mosquitoes. "Sucking
blood is only an acquired taste," says
Dr. Uhlir, "but they have learned how
to do it scientifically. Did you ever
notice how quickly they discover and
make for places on the exposed parts
of your body where arteries full of
blood lie near the surface?"

"While down in the southwestern
part of the state some time ago," says
Mr. W. Chalmers, editor of the Chico
(Cal.) Enterprise, "I had an attack of
dysentery. Having heard of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy I bought a bottle. A couple
of doses of it completely cured me.

A MONSTER PROPELLER

WILL BE SIXTEEN FEET "FROM TIP TO TIP OF BLADE."

A Perfect Casting—For a Steamer

Soon to Be Launched—Comparisons—90 Revolutions a Minute.

The largest steel propeller ever made is one recently made at Chester, Pa., for the new iron steamship John Englis, which will be launched the latter part of this year, says the New York Herald. This giant among propellers has four of the mightiest blades that ever churned old ocean into foam and sent a ship speeding through the waves. From tip to tip of blade this propeller measures 16 feet, and its hub where it fits on the shaft is 25 inches in diameter. The thickness of the metal at the hub is 6 inches. The casting weighed 15,000 pounds.

A remarkable fact in connection with this propeller is that it is just about twice the size of the propeller of the largest of all ships, the Great Eastern, which had not only a screw, but paddle wheels as well, to aid in forcing her in her unwieldy way across the ocean.

Some idea of the strength and power of this huge screw may be gathered from the fact that the tensile strength of the steel is 71,000 pounds, with an elongation of 27 per cent and reduction of 33 per cent. When the casting was taken from the mold there was not a single crack or flaw to be found in it, and the edges tapered as smooth and as even as gray iron.

The wheel was molded from the pattern of one blade and a quarter section of the hub, and ten days and nights of constant care and watchfulness were required to complete the molding. The propeller is made of what is known as open hearth steel, and is, for that reason, and aside from its size, a novelty.

When placed in position on the steamship John Englis, and driven at the full speed of the 4000 horse-power triple expansion engines this propeller will make ninety revolutions a minute. With this propeller it is claimed that the John Englis can make the run between New York and Portland, Me., which is to be her regular route, in four hours' less time than the steamers now on that service. The new steamer is 312 feet long, 46 feet beam and her gross tonnage is 4000 tons. The propeller was made from

open hearth cast steel as an experiment, and because the steel of that process showed exceptionally high and uniform characteristics.

'96 Remingtons

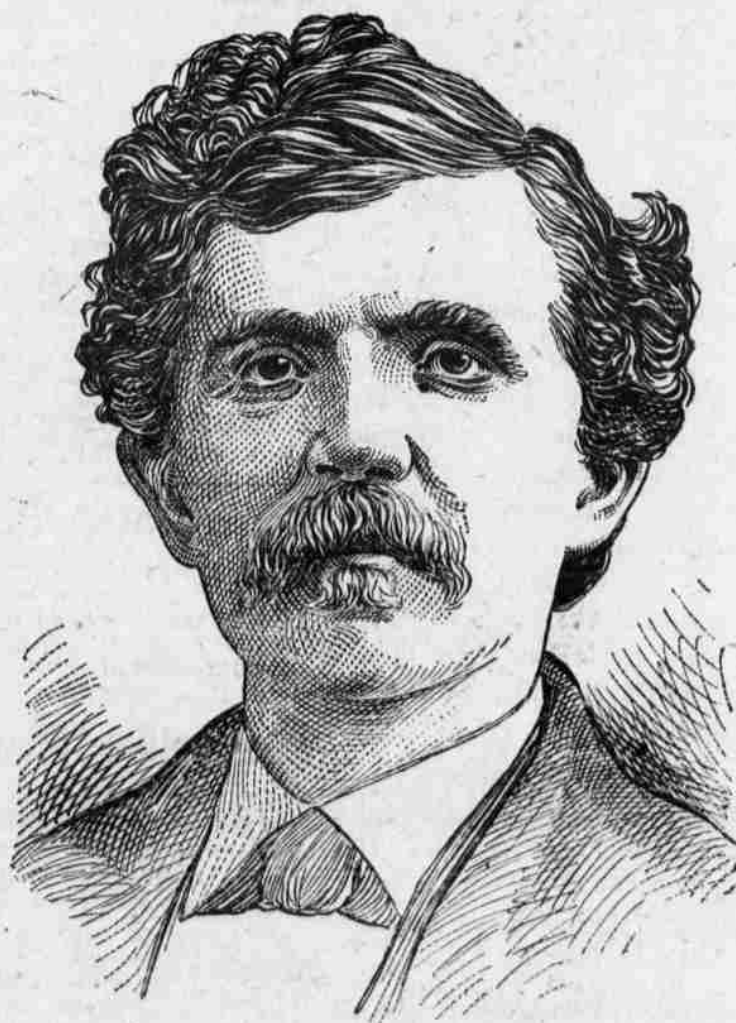

"AS GOOD A WHEEL AS THE REMINGTON" is a string upon which many would-be rival manufacturers are fond of harping. The chord falls flat, however, on the ear of the intelligent buyer. He knows that he takes no chances in getting the acknowledged Standard of Merit in machines of this kind.

Don't Get Rattled

Into the idea that the best bicycles are those which are painted in the loudest colors. Paint is but skin deep. The color of a bicycle has nothing to do with its "true inwardness." Remington Cycles are ridden by thousands of people who know what constitutes a good bicycle—a bicycle of superior running qualities, finest material, and which will stand most service. Remington Bicycles are Honest Bicycles, finished in the most substantial enamel. The beauty and cleanliness of outline and finish upon Remington's is only equaled by the perfect satisfaction derived from their use.

It is recommended to the University Association that Professor Brigham be enrolled at any cost. The Star can point to no man who is able to add so much zest to the life of any organization.

The Y. M. C. A. Senate having been auspiciously launched with the assistance and patronage of leading men of the community, it will now rest with the young men for whose benefit it was projected, to keep up the interest by attendance and participation in the proceedings.

Of more importance to Hawaii than anything else in the dispatches received today is the telegram on cable matters. It indicates that the Government over there now proposes to take an active interest in submarine electrical communication. This interest cannot fail to extend to the rich territory in the Pacific, with these Islands willing and ready, Samoa in the prospective and British cable enterprise more alert than ever.

No incident of the Presidential campaign in the United States has excited the widespread interest evidenced in the Bryan meeting within the shadows of Yale. The Star is more than pleased in presenting two accounts from intelligent young men who were on the ground. These letters from the sons of Hawaii's chief justice are really important additions or contributions to the literature of this remarkable political struggle.

A court in Toronto, Ont., gave a decision declaring that a man could be both a citizen of the United States and a subject of Great Britain at the same time. But what are the rights and privileges, exemptions and duties of such a subject? The replies must come from a higher court than Toronto boasts and it is extremely doubtful if the theory of the Canadian court would be fully approved by the crown's legal authorities.

In complete files of the Vancouver papers received here there is not so much as a three line item or note on the approaching elections in the United States. Canada has a sensation and an engrossing public matter all her own. Wonderful to relate, it has been discovered that Laurier's Minister of Public Works has given an imperative order that contracts for Government work and supplies shall go to partisans of the administration. As one of the Canadian papers naively remarks, "this has long been the practice in the United States." The Star now recalls that Mr. Laurier just before going into office visited Chicago. Perhaps he talked to some of the aldermen there. The Star's Canadian exchanges are again Laurier in politics. The likelihood is that his own organs justify the spoils course and cite ample precedent. The virtuous indignation in the papers received is expressed most touchingly.

If it be correct that the United States has been warned off what Russia considers her preserves, then there is soon to come a day of reckoning with Turkey. The Great Republic will not brook interference in the matter of providing protection for her citizens isolated in that terrible European slaughter-pen. And in a firm and aggressive attitude she will have the support of strong and capable allies. But the slightest jar is required to set agog a veritable earthquake of reform and readjustment. There may be talk and continued talk of a Russian and British understanding and a French and Russian agreement, but such projected partnerships will vanish into thin air at the first shot from a white cruiser. And it is presumed that the American commander at the approach to the Dardanelles is as ready to clear decks for action as are usually the captains sent on similar missions. Of course a single vessel would be forced to retire but war would be started. It is not illogical or unnatural that it has probably remained for the United States to cut the puzzling knot in the East.

BRYAN AND YALE BOYS

RELIABLE ACCOUNTS OF WHAT HAPPENED RECEIVED.

Sons of the Chief Justice Write—Give Accounts and Express Their Own Views—Cool Comment.

One of Chief Justice Judd's sons, a senior at Yale, writes: "Last Thursday Bryan spoke here. A platform was erected on the green near Centre church, from which the 'boy orator' addressed a large crowd. Soon after mounting the platform, it began to crack and part of it gave way, which created consternation among the Bryanites and was an omen of what was to follow. After being introduced Bryan arose amid great cheers—but cheers of derision—and he stood for several minutes holding up his hand for silence—but in vain. It was then that the fellows started the 'Brek-ke-kek'-with 'Gold' and 'McKinley' at the end of the yell—and the silverites on the platform looked mad and Bryan finally grew tired and sat down.

He tried it again and made quite a lengthy speech, but at last gave it up in disgust as the yelling and the noise of a band near by were too much for him. I doubt if he would have been able to speak at all if it had not been for the efforts of several policemen, who ran out several fellows and this rather subdued the rest. The opinions of the press have varied, some have sustained the fellows, others have denounced them. With a few exceptions it was not the best element in the college classes that did the cheering and it is the consensus of opinion among the fellows that there was too much of it done and that Bryan ought to have had more of a show to talk."

Chief Justice Judd's other son writes:

"I may safely say the excitement of the week was the visit of Bryan, the Silverite. A platform by the side of Centre church had been erected and the Green was crowded with an immense throng ready to be 'convinced' by the 'boy orator of the Platte.' With some difficulty I wormed my way through the crowd to a position near the stand. The day was hot and the air in the crowd stifling. Everybody yelled when Bryan took his place. He looked very tired, his hair long and curled about his neck, low collar, low cut vest and large felt hat, like a Westerner. He looked like an actor, especially when he smiled on the crowd—a second class comedian. Do not be distressed about what the newspapers say of the discourteous reception he received from the students. Of course the students were all through the crowd, but they did not cheer for McKinley any more than did the 'townies.' It was some time before it was quiet enough for Bryan to speak and even then those on the outskirts of the crowd could not hear for the noise. He spoke like a man who stuck to a lost cause—because there was nothing else left open to him. Instead of arguing the question at issue, he did his best to excite classes in society against each other. Poverty against Wealth, Labor against Capital. Do you wonder that the Yale men did not cease their 'jolly' and hisses when among the first things he said was 'I have been used to speak to young men who earn their own living, to those who are producers and not distributors of wealth,' and he made it worse later by saying that 'rich men came to college on the ill-gotten wealth of their parents.' Do you wonder that 'Bome howled' and policemen had to be sent among the crowd to quiet it? Bryan made the mistake of trying to speak to students among a mixed assembly. He would have received nothing but courtesy if he had spoken to us in a body by ourselves. He should have made his little speech on silver without trying to convince us that he was advocating a 'good thing' for all our studies in history, both political and economical, refute him. There are some silver men in college and their lives now are wretched."

THE MATTER OF CABLES

GREAT REPUBLIC NOW WAKING UP ON THE SUBJECT.

Asking for an Injunction to Rest Against the French Company—Exclusive Landings—Chinese Railways.

A CABLE MATTER.

NEW YORK, Oct. 6.—United States District Attorney Wallace Macfarlane has filed in the United States circuit court a bill in equity in the suit of the United States against La Compagnie Francaise des Cables Telegraphiques and United States and Hayti Telegraph and Cable Co. The bill, which covers forty pages of type writing, alleges that the defendant corporations are combining and conspiring for the purpose of monopolizing part of the trade and commerce between the United States and several states thereof and foreign nations, to the irreparable injury of the people and business interests of this country. An injunction is asked for to prevent the defendant corporations carrying out their unlawful agreement and establishing their connecting cables in the United States.

Atlantic cables are in operation under concession which gave the French company the sole right to land and use them between these places and the United States and run 25 to 60 years. These concessions were obtained between the years 1888 and 1890.

CHINESE RAILWAYS.

PEKING, Oct. 6.—Consent has been given by the Chinese government for the building of a branch of the Sili-sian railroad across North Manchuria with preemption claims giving China the right of purchasing this branch after thirty years. Permission to construct the branch through Southern Manchuria was refused. Sheng Tatol, director of the railways, will probably obtain a concession for the Hankow-Peking line.

WATER SLUGS.

Uncanny Things That Come Through the City Mains and Taps.

This morning a slug nearly two inches long by an inch wide was sent to Professor Koebele for identification. It came through a water pipe. The specimen is a mole brown with a white streak beneath the body. Its general makeup suggests the leech, but it is much larger and wider. It is provided with a small mouth and suckers.

Professor Koebele says that several slugs have been sent to him lately, and it appears that they are becoming quite numerous in the valley reservoirs. They are harmless little creatures in the ordinary sense, but would be apt to make one feel very uncomfortable to see one in a glass of water.—Hawaiian Star.

Unquestionably, it would not be a very pleasant sensation to experience something like the above, but you can easily avoid it by using the Gate City Improved Stone Filters.

The filtering medium is natural stone mined from the earth and is unlike any other stone in that it does not become foul. Impurities never penetrate it, but lie on the surface and is easily cleaned and never become cracked or crased by change of temperature.

We have the filters in four sizes, viz.: No. 6, \$6; No. 7, \$8; No. 8, \$10; No. 9, \$12.

The Board of Health will always advise you to drink only pure water, well boiled and well filtered.

FRESH FRUIT

Is scarce between seasons and often unattainable, but the canned goods people have so perfected the process of putting up their ware as to make it almost impossible to tell the fresh from the preserved.

Evaporated Fruits

are especially good for cooking or pies. A peach roley-poley made of evaporated fruits is equal to the fresh article. Other fruits can be made up into other delicacies. We have CHERRIES, APRICOTS, APPLES, PITTED PLUMS, and QUARTERED PEARS, and they are of a superior grade.

Canned and Bottled

Fruits sold by us are delicious. The public has learned this and come to us when they wish superior goods at low prices.

Down East People

Know good things when they taste them. That's why they invented CLAM CHOWDER. The brand we sell cannot be detected from chowder made from fresh clams. It has been served as such, and people who ate it and—where ignorance is bliss it's folly to pay a high price for clams.

Boston Brown Bread,

Chili Con Carne, and a dozen different brands of SAUSAGES will enable you to serve a meal fit for a king.

NEW DEPARTURE!

The undersigned beg to announce that on and after

THURSDAY NIGHT, OCTOBER 1ST,

The Unrivalled

Anheuser Busch Beer

Will be served on Draught at the

Hawaiian Hotel.

We quote from a letter of Anheuser Busch Brewing Association, dated Sept. 8th, the following:

Your honorable firm having represented us so many years, we believe it is useless to call your attention to the merits of our article, but we should like to repeat again and call your attention to the fact that ours is the only pure barley malt beer manu-factured, and corn cereals and other adulterants, as well as acids, for the preservation of beer, are unknown in our establishment. With the above you may go before the public and publish the same.

ANHEUSER BUSCH BREWING ASSO. This beer received the highest awards at the World's Columbian Exposition. No encomium of ours can add to its deservedly high reputation. Its introduction in any and every market establishes it as the favorite. It is without a peer! without a rival! and even without a competitor!

To bring it within the reach of all it will be sold at the prevailing price of 12½¢ per glass. Let everyone get the best for the least money.

Ripans Tabules

Mr. L. A. Rocher is a farmer residing about three miles out of Colon, N. C. His home is somewhat in the back woods. In an interview with Mr. S. T. Godfrey, a correspondent of the Telegram and Sunday Times, Mr. Rocher on the 17th of June, 1895, said: "I am 61 years of age, and until I was high, onto fifty years old, I was always well and peart, then for a long while and until last February, I suffered with indigestion and could not eat anything hardly at all. My daughter, who lives in the city, sent me some of Ripans Tabules, told me how to take them, and they have completely cured me. My wife is now troubled with the same complaint, and has written daughter to send some more of Mr. Ripan's medicine. I want you to tell everybody how I got cured, for it is a blessing to humanity. Hawaiian Electric Company.

The cleanest, brightest safest and really, in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want. We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

W. I. Warriner, Ph. B., Wesleyan University, '89.

W. T. Frear, Yale University.

After considerable discussion and amending the following constitution, proposed by Professor Crawley, was adopted:

I. This Association shall be known as "The University Association of Hawaii."

II. The object of this Association shall be the promotion of fraternal feeling among college men and co-operation in maintaining and elevating the standard of collegiate and professional education.

III. All persons who have received a degree from any department of a college or university in good standing which confers the degree of A. B. shall be eligible for membership.

IV. The officers of the Association shall be a President, Vice President, Secretary and Treasurer, and an Executive Committee who shall hold office for one year, or until their successors shall have been elected. They shall perform all duties usually pertaining to their respective offices.

V. The Executive Committee shall be composed of five members, the President, Secretary and Treasurer, and three other members, who shall make all arrangements for the meetings, admit new members and transact such other business as may be assigned by the Association.

VI. There shall be two meetings of the Association in each year, on in June and one in December, at either of which the business of the Association may be transacted; and the Executive Committee shall provide such literary and social entertainment as shall seem best.

VII. The initiation fee shall be one dollar.

VIII. This constitution may be altered by a two-thirds vote of the members present at any meeting.

The following were chosen officers for the period of one year: A. F. Judd, president; D. P. Birnie, vice-president; J. T. Crawley, secretary and treasurer; A. F. Judd, J. T. Crawley, W. R. Farrington, C. M. Hyde and S. M. Ballou, executive committee. The society will meet twice a year on which occasions there will be a dinner and a social evening.

Sleep

Induced by the use of coca, opiate or narcotic compounds is bad, decidedly bad. It undermines the health and shatters the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit. Sleep induced by the use of Hood's Sarsaparilla may not come as quickly, but it comes more surely, permanently and is

This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

Refreshing

"I was generally run down last spring, appetite was poor and I could not sleep. Hood's Sarsaparilla built me right up, gave good appetite and I was soon able to get a good night's rest." G. F. WHITNEY, Merchant, Yeomans St., Ionia, Michigan.

Unable to Work! NO APPETITE! COULD NOT SLEEP!

Ayer's Sarsaparilla

COMPLETELY CURED HIM.
Mr. T. J. Clune, of Walkerville, Adelaide, South Australia, writes:

"Six years ago, I had an attack of indigestion and liver complaint that lasted for weeks; I was unable to do any hard work, had no appetite, food distressed me, and I suffered much from headache. My skin was sallow and sleep did not refresh me. I tried several remedies and consulted a doctor, without obtaining any relief; finally, one of my customers recommended Ayer's Sarsaparilla. It helped me from the first,—in fact, after taking six bottles I was completely cured, and could eat anything and sleep like a child."

WITH THE FIRST REGIMENT

DATE OF THE GREAT HOP FIXED FOR FRIDAY, OCTOBER 30.

Committees Appointed — Uniforms — Series of Motions Adopted — Workers in the Field Already.

Present at the meeting of the general committee on a regimental hop, held at headquarters Thursday evening were: Captains Paul Smith, J. M. Camara, Jr., Charles J. McCarthy, A. Coyne, C. W. Zeigler, J. M. Kea, T. B. Murray and Lieut. Jacobsen. Capt. Zeigler occupied the chair and Lieut. Jacobsen officiated as secretary.

The following motions were offered and passed unanimously:

- (1.) That the proposed regimental hop take place on the evening of October 30.
- (2.) All members of the First Regiment be requested to attend in uniform.
- (3.) That no liquor of any kind be allowed on the premises at the time.
- (4.) That the finance committee proceed at once to collect \$400 for the expenses of the hop.
- (5.) That the printing committee proceed at once with its work.

This disposed of the following sub-committees were appointed to assist the general committee:

Arrangements — Captain Zeigler, chairman; Captains Coyne, Camara, Smith, Kea, Murray, McCarthy and Lieut. Jacobsen.

Finance — Lieut. Col. J. H. Fisher, Maj. McLeod and Maj. Jones.

Reception — Field and Staff. Col. McLean, chairman.

Invitation — Captains Smith, Schaefer, Zeigler, Coyne, Murray, Camara and Kea and Lieutenants Jacobsen and Rowell.

Refreshments — Capt. Murray, chairman; Lieuts. Fetter, Silva and Wolter. Decoration — Lieuts. Ludwig, Evenson, Bergstrom, Rowald, Costa and Morse.

Floor Manager — Lieut. Kenake. Printing — Lieuts. Jacobsen and Towse.

Company B will have a try at the police tomorrow afternoon. The following team will shoot: Lieut. Giles, Sgt. Tracy, Corps. Schmidt, Hagerup, Storey and Frasier, and Privates Olsen, Johnson, Rhodes and Ewing. Substitute, Private Schofield. Capt. T. B. Murray issues a call to Company H for an important business meeting to be held at 7:30 this evening.

CALLS HARMONIZED.

There are no occasions worthy of the slightest feeling in which music is not used. A practical yet interesting way of using melodies is the issuing of orders in the army and navy.

In all time previous to last month the orders of the United States army and navy in action were unlike. In a case of the coast crew being called ashore the confusion arising from the navy not knowing the orders of the army can perhaps be imagined better than described, but a committee have been at work investigating and adjusting matters so that like bugle directions for both army and navy have been established and sanctioned by the signature of the Secretary of War.

There is one medicine which every family should be provided with. We refer to Chamberlain's Pain Balm. When it is kept at hand the severe pain of a burn or scald may be promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third the time otherwise required. Cuts and bruises should receive immediate attention, before the parts become swollen, and when Chamberlain's Pain Balm is applied it will heal them without matter being formed, and without leaving a scar. A sore throat may be cured in one night. A piece of flannel dampened with this liniment and bound over the seat of pain, will cure lame back or pain in the side or chest in twenty-four hours. It is the most valuable, however, for rheumatism. Persons afflicted with this disease will be delighted with the prompt relief from pain which it affords, and it can be depended upon to effect a complete cure. For sale by all druggists and dealers. Benson, Smith & Co., agents for H. I.

X RAY SLOT MACHINE.

Drop in a Nickel and See the Bones of Your Hand.

Edison has almost completed another nickel-in-the-slot machine. You put your hand in a box containing X rays and a fluorescent screen. Drop a nickel and see the bones of your hand.

Mechanics in the laboratory are at work building the big fluoroscope, by which the inventor expects to see within the human body. It will be six feet high and four feet wide, large enough to see a big man standing. A battery of half a dozen or more Crookes' Tubes will supply the X rays.

Mr. Edison is not content with a tube which allows him to see through steel an eighth of an inch thick or through eight inches of wood. More power in his tubes is what he seeks, and he believes he will soon attain it.

Mr. J. K. Fowler, secretary and treasurer of the Corinne Mill, Canal and Stock Co., of Corinne, Utah, in speaking of Chamberlain's Cough Remedy says: "I consider it the best in the market. I have used many kinds but find Chamberlain's the most prompt and effective in giving relief, and now keep no other in my home." When troubled with a cough or cold give this remedy a trial and we assure you that you will be more than pleased with the result. For sale by all druggists and dealers. Benson, Smith & Co., agents for H. I.

Public Opinion

Public opinion is the highest commendation, as is attested by the fact that the Pabst beer exceeded by 49 per cent the amount of beer sold by any similar institution in the world. This famous beer is on draught at the Royal, Pacific and Cosmopolitan saloons.

The truth in advertising may be told in a weak way, and is then almost as futile as if it were untruth.

A house lined with building paper is far cooler than one that is not. There is also a cheaper grade of paper adapted for use under matting keeping out insects.

HONOLULU, July 29th, 1895.

MESSRS. W. G. IRWIN & Co., LTD.

GENTLEMEN:—In reply to your inquiry as to how the Ideal Roof Paint you sold me lasted, I would say that I painted the roof of my house 12 months ago with your Red Ideal Roof Paint, and I find it is as fresh and bright in appearance today as when first applied; looking as well as others lately painted with other paints. I am more than satisfied.

J. G. ROTHWELL.

Have you a leaky gutter? If you have, make it perfectly clean and dry, apply a good coat of No. 3 P. & B. Paint over the leaky spots; then take a piece of stout Manila paper, or a piece of common cotton cloth, paint it well on both sides; lay it over the first coat, giving the whole a final coat, and there will be no more leak there. Or if the whole gutter is bad, make it clean and dry, and apply a paste of P. & B. Paint and Portland Cement.

READY NOW.

You remember the epitaph on the tombstone in the country church yard.

"Expected this, but not so soon."

Is your roof in good condition for the rainy season?

You of course expect it, but will your house be in the proper condition to receive it.
