## GARFIELD TO RETURN IN A CRUISER

### CANNON IN FIELD; TAFT IS GAINING; SECOND PLACERS

(Associated Press Cable to The Star.)  
CHICAGO, June 9.—Joe Cannon has announced his candidacy for the presidency. W. H. Taft is still gaining in the decisions of the National Committee on contested delegations to the Republican National Convention.

### THE VICE PRESIDENCY

WASHINGTON, June 9.—Governor Guild of Massachusetts has announced that he is a candidate for the vice presidency. It is understood here that Secretary Cortelyou is Roosevelt and Taft's choice.

### MASSES FOR DEAD

SAN FRANCISCO, June 9.—Simple requiem masses were said at St. Mary's Cathedral this morning for Prince David Kawanakoa and August Dreier. After the services the bodies were conveyed to the Manchuria which sailed this afternoon for Honolulu.

### ATTACK JAPANESE

IMPERIAL, California, June 9.—A race fight was started here today in which the whites employed in the picking of melons attacked the Japanese workers.

REVAL, Russia, June 9.—King Edward of England was greeted here today by the Emperor of Russia.

NOVARI, Italy, June 9.—Nine are dead and 83 are injured as the result of a collision between freight and passenger trains near here. There were many aboard the passenger train who were pilgrims to a shrine to crown the image of the Virgin.

TOPEKA, June 9.—Seven thousand people are homeless on account of the floods.

### THE MERCHANTS ARE AROUSED

COMMITTEE OF HONOLULU MERCHANTS' ASSOCIATION WAIT ON CIVIL ENGINEER PARKS OF PEARL HARBOR NAVAL STATION—HE ASSURES THEM THAT EVERYTHING WILL COME OUT RIGHT BUT DEPRECATES A NY AGITATION.

\*\*\*\*\*  
+ The Public Affairs Committee finds that the Pearl Harbor labor question requires no further consideration by the Merchants' Association.  
\*\*\*\*\*

The above resolution was passed by the committee of the Merchants' Association known as the Committee of Public Affairs after they had met Civil Engineer Parks this morning on the labor questions at Pearl Harbor.

Early this morning Engineer Parks was called up on the phone and asked

if he would meet the committee at eleven o'clock. His answer was that if they expressed the same sentiments as were expressed in an editorial in this morning's paper he would not meet them, but on being assured that their ideas were different he made an appointment to meet them. A few minutes after eleven o'clock George W. Smith, president of the Merchants' Association, Emil A. Berndt, T. J. King, and R. J. Buchly, all members of the association, met Parks and were closeted with him for nearly a half hour. Others present at the meeting were

### LEE LET IS FREE

VERDICT NOT GUILTY IN LESS THAN FIVE MINUTES IN THE BRIBERY CASE.

The jury in the case of Lee Let, charged with bribing Chief of Detectives Taylor, brought in a verdict of not guilty four minutes and a half after they had left the court room with instructions to deliberate on the evidence. As soon as the jury assembled a hal of was taken and the result stood up to two in favor of a verdict acquitting Lee Let.

The jury lined up in front of Judge Robinson and the foreman announced the verdict. Judge Robinson thanked the jury for its attention during the trial and dismissed them. As soon as this was done Thompson turned to Deputy Attorney General Larnach and made a demand for the \$50 which it was alleged had been used as a bribe. Larnach replied that he was not representing Taylor, but the Territory. A demand for the money will be made on Taylor and in case it is not met with the cash it is probable that a garnishee suit against him will be instituted. The defendant was discharged from custody and his bondsmen released from all further liability.

### THE FLEET RECEPTION

The fleet executive committee met this afternoon as usual, those present being G. R. Carter, J. P. Cooke, J. F. Morgan, G. W. Smith, L. T. Peck, J. A. McCandless, F. L. Waldron, and H. P. Wood.

The letter from Admiral C. S. Sperry addressed to Acting Governor Mott-Smith was read, also the letter from G. S. Martin, secretary of the Naval Y. M. C. A. in San Francisco, showing what was done by that organization for the entertainment of the men of the fleet.

The transportation question that was mentioned in Rear Admiral Sperry's letter was referred to the transportation committee for action. Mr. Peck stated that the officials of the Rapid Transit Co., would be very glad to meet the transportation committee relative to free transportation for the men in uniform.

On a motion which was carried unanimously, the commissary committee was requested to look into the matter of providing lunch counters for the convenience of the men when ashore. Action on a letter received from the committee at large asking for appropriations for ten public comfort stations was deferred until they had been able to find out how many private buildings would be available.

On a motion by Peck, seconded by Smith, the secretary was requested to send word to the different chairmen of the sub-committees, asking them to visit the Promotion-Committee rooms from time to time and to consult with the secretary relative to the official program. As no other business was before the committee, adjournment was taken until tomorrow.

### SUGAR HAS RISEN

Alexander & Baldwin received the following cablegram from New York today:

"There was a sale today of 96 degrees centrifugals that affects the basis of Hawaiian sugar at 4.40.  
"San Domingoes for delivery at New York by steamer adroit. Arbuckle Bros. was the buyer.  
"There was a sale today of 95 degrees centrifugals that figures out on the basis of 96 degrees centrifugals at 4.42."

### THE ST. LOUIS DETAILED TO CARRY GARFIELD BACK

SAN FRANCISCO, June 9, 1908, 9:35 a.m.

Mott-Smith, Honolulu:

Alameda not sighted. Sail Manchuria.

Garfield sailed early yesterday, return cruiser St Louis about 28th. Visit all Islands, possibly may need Iroquois. Prepare statistics of number, areas, manner and so forth of disposition public lands by years under Territorial Government, also of immigration, also of corporations. \* \* \* I come alone.

### FREAR

(The words eliminated are private directions in connection with the fact that Secretary Garfield will be the guest of Governor Frear at his residence, Punahou.)

### DECIDE AT ONCE

THE ACTING GOVERNOR'S ULTIMATUM TO FAIRCHILD IN THE KAPAA LAND MATTER.

Acting-Governor Mott-Smith has demanded an answer from Manager Fairchild in regard to the Kapaa lands. No further quibbling will be allowed and the steamer leaving tonight for Kauai will take a letter to Manager Fairchild of the Makee Sugar Company which should bring a quick reply.

In the letter mentioned Mott-Smith has delivered an ultimatum in which he states that Fairchild must cable to Col. Spalding, or to his agent, Rithet, in San Francisco and give the government a reply which will be final. Either Yes or No will be needed to satisfy the Acting-Governor, which he stated in very plain language in his letter. He also called Fairchild's attention to the fact that while it was twenty-four days since Col. Spalding had received full information in regard to the proposition by cable, he had not been heard from.

The above dispatch would indicate that at least one of the Pacific fleet is coming this way and will return to the Coast before the Atlantic fleet gets here.

The protected cruiser St. Louis, Commander Albert Gleaves, was two weeks ago at the Puget Sound navy yard. She is one of the three vessels of the second squadron, third division, Pacific fleet, the others being the protected cruisers Charleston, the flagship of Rear Admiral Swinburne, and the Milwaukee.

According to a Washington dispatch, exclusively republished in The Star of May 2, a new fleet, second in power and importance only to Evans' great battleship fleet, was being assembled and placed in readiness for a long cruise.

This was announced at the Navy Department on April 23, but the Bureau of Navigation and the Navy chiefs were silent as to the object of the cruise. It was stated at that time, from an authoritative source, that the Pacific fleet would trail the Atlantic fleet.

The cable from Governor Frear to

## WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED MAY 30, 1908.

Honolulu, June 1, 1908.

### GENERAL SUMMARY.

The mean temperatures did not, as a rule, vary much from those of the preceding week. On Hawaii they were generally higher, with changes varying from -0.4 deg. to +0.9 deg., excepting +2.2 deg. at Kau. On Maui the changes ranged from +0.4 deg. to +0.8 deg. in the Lahaina, Hamakualoa and southern part of the Koolau districts, and -0.1 deg. to -1.1 deg. in the remaining portions of the island. In the Honolulu and Koolauloa districts of Oahu the changes ranged from -0.8 deg. to -1.4 deg., and 0.0 deg. to +0.5 deg. in the remaining districts. On Kauai the changes varied from 0.0 deg. to +0.3 deg. in the Kona, and 0.0 deg. to -0.3 deg. in the remaining districts. The changes on Molokai varied from +0.5 deg. in the interior to -0.58 deg. on the southeast coast.

At stations having a record of ten or more years the total rainfall for the week was below the average 0.21 to 0.92 inch on Kauai, 0.07 to 0.42 inch on Oahu, excepting an excess of 2.04 inches at Maunawili Ranch. On Hawaii the changes in the Kohala district were +0.66 to +0.70 inch, excepting -0.05 inch at Niuli; Hamakua -0.70 and -0.71 inch, Hilo -0.38 inch to -1.05 inches, and -0.22 to -0.45 inches in the Puna, Kau and Kona districts. The greatest amounts of rainfall for the week were reported from

## AN ADMIRAL CAST INTO DIRTY PRISON

THE FATE THAT BEFELL CAPTAIN WENTWORTH H. MOORE IN SALVADOR.

SAN FRANCISCO, June 2.—From Admiral of the Salvadoran navy to a prisoner in a loathsome subterranean castle was the remarkable transition which befell Captain Wentworth H. Moore, formerly first officer of the Pacific Mail liner Peru, who six months ago accepted an offer from the Central American republic to take command of its navy, consisting of one little impudent gunboat, at a salary of \$300 a month. Captain Moore, as he said, returned to God's country yesterday on the steamer Acapulco, his ideals shattered, and with on the memory that he was once an Admiral for a few months to console him.

Six months ago Captain Moore occupied a snug berth on the liner Peru, plying between this port and Central America. The Republic of Salvador was looking for a man who could take charge of its one-boat navy and make something out of it. The diplomats of the little republic, which is constantly bubbling forth like a volcano, had their eyes on Captain Moore, and in an evil moment he accepted their offer to be commander in chief of the navy. The remuneration was \$300 a month.

As soon as Captain Moore assumed command he began to do things in American style. The picturesque jackles of the navy were aroused from their lethargy, compelled to drill and sea aloft with a little more rapidity. They were no longer allowed to loiter on the deck, languidly puffing cigarettes. Captain Moore thought he was doing what he was supposed to do—making the navy up and getting it into fighting trim. But the people of the little republic are peculiar. They don't like to work. Soon the Government began to disapprove of the strenuous way in which Captain Moore was "shaking down" crews and enforcing discipline. Once Captain Moore endeavored to enforce discipline by beating a sailor aboard the flagship, and this was the last straw. The Government had long since regretted that it had employed Moore, and now was a good chance to get rid of him. One of the regulations of the Salvadoran navy is that no sailor shall be put through the paces.

So Captain Moore fell from an Admiral to a prisoner in a little rat-infested jail, where he languished for some time. At last he secured his release and got aboard the first boat he could find that would take him back to God's country. Captain Moore acknowledged that his dreams of being an Admiral were not what they were in reality.

The situation in Salvador and Guatemala, the two little Central American republics with their backs always bristling, is alarming, according to passengers on the Acapulco. Since the attempted assassination of President Cabrera of Guatemala there has been discontent in Salvador, and President Figueroa of the latter republic is living in fear that he may meet the fate that was arranged for Cabrera.

## The Seaman's Book Chest

No trace of the ship's library which President Roosevelt presented for the American Seamen's Friend Society in his maiden speech, forty years ago, has been discovered by the officers of that organization today. That this chest of books, which was launched on the clipper ship Rival by the President in his tenth year, may still be tossing on the high seas was proved possible by the return this week of a similar library which was sent on its travels October 17, 1868, two years before the "Roosevelt Athletic Class" sent out theirs. Records of the 25,742 book chests circulated by the society since 1859 show, however, that a life of forty-two years for these volumes in the forecabin is exceptional.

Whether Captain Uriel Doane, who set sail for San Francisco on December 12, 1865, with the books presented by young Roosevelt, is still alive, or whether ship or crew survive to tell the tale of their fate, cannot be determined here today because of a fire years ago which destroyed all shipping records. Only one report, however, was received by the society on the corresponding library shipped two years before for Galveston and just now finally returned. On December 16, 1873, this book chest was reported transferred to the Piscataqua, a Gloucester fishing craft. Its return by express from its forty-two years of service by Captain Israel Bartlett of this vessel brings the first tidings of it for thirty-five years.

From 3000 captains, mates and seamen the American Seamen's Friend Society has today exact records of its loan libraries now known to be afloat.

## CARS HELD UP IN SAN FRANCISCO

Armed Thugs Hold Up Employees of  
United Railroads on  
Powell Street.

BANDITS ESCAPE WITH LOOT.

Police Scour The Vicinity of The  
Daring Crime for Hours  
in Vain.

SAN FRANCISCO, June 2.—Three masked thugs coolly and methodically held up two of the Kearny and North Beach cars last night at the terminus at Bay and Powell streets, scouring over \$60 in money. The police as yet have no clue to the identity of the thugs. Their work had evidently been well planned, and when they cleaned out the second car, they disappeared as completely as though the earth had swallowed them.

Car No. 1305 was returning from the North Beach terminus, just before midnight, with two male passengers, who were seated in the rear. They kept their faces concealed, and when the conductor, A. S. Birch, approached to collect their fares, one of them handed him two nickels without looking at him.

As the car neared Bay street the two men ran forward to where Birch

These records show that 618,400 volumes have been read by 442,230 seamen, while 129,315 Jackies of Uncle Sam's service have read 39,415 books especially sent out in Navy bottoms. More than 150 of these chests of books have been reported as in use in United States life-saving stations, where 1327 keepers and surfmen have read their 6336 volumes. Each library is numbered and registered, and reports of its voyages made to any one who may launch and keep it afloat by paying \$20.

A weather-beaten case of these books is today awaiting reshipment at the society's headquarters after having served for two years on board the Peary Arctic Club's steamer Roosevelt in quest of the North Pole. During the long Arctic night from October 12th to March 6th, Lieutenant Peary declared, every book was read and re-read by every member of his crew. These libraries, of which almost 300 have been sent to sea this year, contain forty-three volumes of travel and adventure, biography, reference and religion. A Bible, dictionary, atlas and "Pilgrim's Progress" are included with many of the latest and most suitable works of poetry and fiction. Half a dozen of these books are in the Swedish, German and Norwegian tongues. Records of the 100 libraries sent through the society as a memorial to the helms of Aberdeen by the Dowager Duchess of Aberdeen in 1870 show that many of the books dedicated to this wandering "George Gordon," who left a dukedom to follow the sea and the swept overboard, still travel the seas, thumbed hard in the forecabin.

was talking with Motorman Frank Johnson. Both thugs wore white masks and held revolvers. "Throw up your hands!" ordered the taller of the two thugs, who was over six feet in height.

The carmen complied instantly, after the motorman had stopped the car. The thugs methodically went through the pockets of their victims. From Birch they secured \$60 in coin, and from Johnson a few dollars more.

The thugs then dismounted from the car and leveled their revolvers at the motorman and conductor. "Go on, and don't tell anybody, you—," shouted the tall man.

Johnson shot his car ahead at full speed and the vehicle whirled on to Lombard street. There it met car No. 1336 of the same line.

Birch and Johnson stopped their car and told the crew of the second car of the robbery. H. R. Cocheran was the conductor and C. Crowley the motorman of the other car. Crowley and Cocheran seemed to think that the tale was a hoax, for they sped on toward the terminus.

Just as this car stopped two men in white masks sprang aboard, while a third jerked the trolley from the wire, leaving the motorman and conductor in darkness.

One of the thugs pressed a revolver against the breast of Motorman Crowley and ordered him to give up his money. Crowley permitted the thug to go through his pockets. Simultaneously, the other robber took \$65 from Cocheran. The third waited outside the car.

The man who held the revolver on

## GIVE APPROVAL TO THE DANCE

INDIANAPOLIS (Ind.), June 1.—After a prolonged debate, the Indianapolis Protestant Ministers' Association went on record today as approving the teaching of dancing in the public schools. This action was taken in a double sense, for the association rejected a resolution offered by a Methodist minister declaring that the "modern dance is subtly against the highest and best development of the moral life of our young people during the formative years of adolescence," and expressing the conviction that dancing should not be permitted at high school functions.

The discussion was opened by a report from a committee of ministers who had visited the schools for the purpose of making investigations. The report favored the teaching of dancing and was adopted. Some of the ministers took strong grounds in favor of the exercise. Pastor Odell of the Second Presbyterian Church declared that it was all a matter of conscience and that there is no degradation in dancing.

"I have never seen anything more beautiful, charming and poetic than boys and girls dancing," he declared.

Crowley was apparently the same man who gave the orders at the first hold-up.

He leaped to the street, and, with an oath, ordered the crew of the car to "git."

"And don't tell anybody about this, either— you!" he added, with a string of oaths.

Meanwhile the first car was speeding toward town. At Broadway the crew encountered Policeman Boland, to whom they told their tale. He immediately notified the Central Station and a squad was sent to the scene of the robbery. No trace could be found of the three masked thugs. Sergeant Lane and Corporal Dowd and a posse of seven patrolmen scoured the Barbary Coast and North Beach all night, but to no purpose.

The squad of policemen hurrying to the scene of the robbery had a narrow escape. They had run from the Central Station to Kearny, and took possession of a car going north. They ordered the motorman to put his car at the topmost notch. As they were whirling down Powell street Mill toward Bay he did not see the second car that had been held up, as the trolley was still off.

The relief car crashed into the other, splintering the woodwork and wrecking it so badly that it had to be towed to the barn. The policemen jumped before the crash came and nobody was hurt.

## WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pains in the joints, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is

**LYDIA E. PINKHAM'S  
VEGETABLE COMPOUND**

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says:

"I was troubled for a long time with dreadful backaches and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it; after taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

"I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

**FACTS FOR SICK WOMEN.**

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

### Why

**"VUDOR" PORCH  
SHADES**

Are Needed

You need Vudor Porch Shades to get the most out of your porch.

To make it a spot where you can rest or work on the hottest days—outdoors, yet free from the sun's glare and heat.

You can do this with Vudor Porch Shades; you can add to the house another room, cool and shady, where you may enjoy every refreshing breeze, in secluded comfort.

Vudor Porch Shades are very durable, and will last many seasons.

Another good feature about them is the peculiar fact that those sitting on the porch can see out, but passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days.

Vudor Porch Shades are just the thing for "boxing in" porches or balconies that are to be used as outdoor sleeping or living apartments.

Vudor Porch Shades are made of thin, flat strips of Linden Wood, closely bound by strong Seine Twine, in a lock-stitch weave.

They are artistically stained in soft, pleasing colors. These colors are

weather-proof, and will not fade or crack off.

The shades can be instantly raised, or lowered (operating on the principle of a theatre curtain) and are easily and readily put up.

GEORGE F. HENSHALL.....MANAGER

TUESDAY.....JUNE 9 1938.

The community was surprised, puzzled and angered this morning by a long editorial in the Advertiser declaring that California laborers are not wanted here, for federal contracts. The reasons given for the statement were more surprising, puzzling and aggravating than the statement itself. By reason of its position as the only morning newspaper, the Advertiser assumes considerable responsibility in making such utterances as these. They do not represent even an important minority of sentiment here. Honolulu wants all the Americans for whom it can find employment or who can live here with profit to themselves. For years this has been a leading sentiment. The notion that Californians are not wanted for fear of how they may vote is utterly wrong. The Star assures Chief Engineer Parks of Pearl Harbor that this community has looked forward for years for the very opportunity his arrival here has brought—the opportunity to convince an American official in authority among the big federal contracts, that the work should be done by Americans.

## AMERICAN LABORERS NOT WANTED?

If there is to be an immediate turning point in the gradual orientation of Honolulu, it is afforded by the opportunity of having citizen labor employed on the big federal contracts at Pearl Harbor and other places in and about the city. If the city is ever to be "Americanized" the process should begin now. The spectacle of the American government paying or allowing payment of wages to thousands of Asiatics on such enterprises as the federal building on the Mahukia site, or the great improvements at Pearl Harbor, would be an outrage; it would be a setback for the mercantile community that could scarcely be exaggerated.

This morning's paper intimates that the city of Honolulu has need to be afraid of the importation of more American laborers if they come from California; it charges that they voted for Home Rule in the days of Wilcox and intimates that they were organizing strikes and starting a movement against Asiatics, and, finally, that they went home and swelled the ranks of the Schmitz-Ruef movement. These, we think, are very unfortunate utterances, and local merchants should promptly disavow them. To cite illustrations of the essential injustice of the aspersions upon California labor, it may be said that if San Francisco has had many strikes (many very unjust ones) she has nevertheless astonished the whole world by the amount of labor she has accomplished; her fire was the greatest in history; in the face of all the labor agitations, she has eclipsed all history in rapidity of rebuilding. California labor, aided by importations, has done it. Further, if the labor element put Ruef and Schmitz into power, it helped to sweep them both out when they were exposed. It was the defections of the laborers' vote, from their corrupt leaders, that gave Mayor Taylor his splendid majority. The "California type of white labor," which our morning paper says this city "feels no admiration for," then, is rebuilding San Francisco at a rate that from month to month attracts surprised comment from Europe and all America, and, even though bound by the pledges of lodges of unionism, it turned upon its leaders when they were politically corrupt. That is a pretty good sort of American citizenship.

Referring to agitations against Chinese and Japanese, it may simply be said, as far as AGITATION IN FAVOR OF AMERICANISM IS NECESSARILY AGAINST CHINESE OR JAPANESE, LET IT COME. Would six months, or even a year, of strikes and agitations in 1900 have done this community the harm that has since been done by the slow driving away of American citizens and the gradual encroachment of the Oriental? Perhaps The Star need not repeat what it has said before in discussing this matter, that there is no question of race feeling involved—none whatever. It is simply a matter of economics. Either Honolulu is to be an American community or a Japanese community. Are we going to hang out a sign that Americans needn't apply for admission to these islands (unless they guarantee to be small farmers) without signing pledges against joining unions and against objecting to Asiatic competition; and without agreeing in advance to vote for "property, stability, conservatism, capital?" Are we?

Except in its advice that local labor should be drawn upon first, the Advertiser's discussion of the matter this morning strikes the community as outrageous. The term "citizen labor" of course includes Hawaiians just the same as any other Americans, and resident citizen labor should have the first call. After that, if we can import a thousand or so AMERICAN laborers, be they union men or other, from California or elsewhere, they will vastly benefit the community. We do not fear their votes—we want all of them, every one, for whom employment can be found here.

If we are going to be an American community, we must accept an American community's problems. One of them is the three-cornered fight waged by union labor, independent labor, and capital. However, as far as Pearl Harbor and other government work is concerned, in the strike matter there is not much need for fear—it is a dangerous thing to organize a strike when in federal employ. The federal contracts over, many of the men would go back, but many might settle themselves permanently, some of them even entering the Advertiser's charmed circle of the blessed, the heavenly space allotted for "Small Farmers," for whom, incidentally, there would be a better chance if a few thousand Americans were working at Pearl Harbor and consuming American foods, than if rice furnished the muscle for building the

great American naval station. Two thousand American laborers would consume the products of many small farms.

Talk about Americanizing Hawaii! The first concrete proposition to bring Americans here—real Americans—is met with an argument by the Advertiser that they might vote wrong, might be strikers and might oppose Asiatics. Is there any American who might not at times do these things?

These California laborers, who had gained a residence, almost unanimously voted against the Republican and Democratic tickets in favor of the Home Rulers, doing much to elect the demagogue Wilcox.—Advertiser.  
 The Republican candidates against Wilcox carried this island, where the Californians were, by a vote of 2223 to 1974, which was overcome by Wilcox's big majorities on other islands.

If flying machine inventors had been contemporary with Robert Bruce he would have been ashamed to take a lesson in perseverance from a spider. Hardly a day passes without an accident to an airship or aeroplane, from which the inventor, if not killed, comes up smiling with the remark that his next attempt at flight will be a success.

What is Hearst going to do with it if he wins a victory on the recount? It is nearly three years since the contested election for the mayoralty of Greater New York took place. Next to the outrage of counting a candidate out at the polls there is nothing worse than a delay of justice in righting the wrong. A contested election should be treated as a matter of emergency, equally with a writ of habeas corpus to decide a case of personal liberty, for a long delay of justice therein means, if the contest is well-grounded, nothing less than indirect confirmation of gross cheat perpetrated, not merely on the candidate, but on the constituency. Hearst by last accounts was gaining in the recount, yet if his election be established he will have gained but a moral victory. In the same event the commercial metropolis of America will have had the unsavory distinction of being ruled by a bogus mayor.

Politics in the road department was all right for Johnson but is all wrong for Cummins—that is, according to the way the Advertiser looks at things.

A Washington dispatch in the San Francisco papers gives the following items of appropriations for "public buildings in California," as representing the sums that are to be expended during the next fiscal year: "Sacramento, \$30,000; San Jose, \$20,000; Santa Cruz, \$20,000; Alameda, \$30,000; Santa Barbara, \$20,000; Riverside, \$30,000; Grass Valley, \$10,000; Pasadena, \$50,000; Honolulu, \$30,000." Besides not being in California, Honolulu is allowed more money than the sum stated for expenditure on its federal building the coming year. As the Public Buildings bill passed the Senate its cash appropriation had been increased from \$100,000 to \$200,000.

## GARFIELD TO RETURN IN CRUISER

(Continued from Page One)

Acting-Governor Mott-Smith would indicate, however, that at least one of the fleet was to be assigned to special service to follow the Alabama and the Maine here and to take Garfield back to San Francisco on June 28.

Captain Corwin P. Rees, commandant of the local Naval station, is not advised in regard to the projected movements of the cruiser St. Louis.

Captain Rees was notified of Secretary Garfield's coming here in the battleship Maine, but has as yet received no notification of the method of his return.

When the Atlantic fleet leaves Honolulu for Australia, according to the plans announced in Washington, the Pacific fleet will be but three weeks behind and will continue in a direct line to Manila.

The ships which will make up the Pacific fleet will be the battleship Ore-

gon, armored cruiser West Virginia, Pennsylvania, Maryland, Colorado, Tennessee, Washington, California and South Dakota and the protected cruisers Milwaukee, Charleston and St. Louis.

The St. Louis will have ample time to get back to the Coast from here to rejoin the fleet.

### NO RECORD OF ROUGH TRIP.

George O'Neill, of W. C. Peacock & Co., is in receipt of a letter from his brother, who went to the mainland in the S. S. Hilonian, saying he had a fine trip and not mentioning anything of the Hilonian's decks being washed during rough weather, as was reported in a San Francisco newspaper.

## HIGH PRAISE FOR COLONELS

PITHY SPEECHES AT FAREWELL BANQUET TO COL. SAM JOHNSON.  
GUEST OF EVENING EULOGIZES HIS PREDECESSOR—MAJOR DUNNING QUOTES GENERAL McARTHUR IN STRONG COMMENDATION OF COL. JONES AS AN OFFICER.

A farewell dinner was given to Col. Sam Johnson by the officers of the National Guard of Hawaii, at the Pacific Club yesterday evening. Major Dunning, U. S. A., was a guest. Decorations were in military style.

Lieut. Col. C. B. Cooper, regimental surgeon, was toastmaster and gracefully acquitted himself in that capacity.

Lieut. Col. Campbell in replying to the toast of "The President of the United States" spoke of the various presidents from Washington's time to the present, closing his remarks with a high tribute to the many high qualities of President Roosevelt.

Major Dunning, in reply to the toast "The Army," outlined in a brief and pointed manner the study and hard work required of the Army officer and the state of preparedness of the Army to respond to any call made upon it, calling attention to the necessity of having a strong and efficient National Guard to assist the regular service in making a strong first line of defense in case of war.

Lieut. Col. Cooper made a few appropriate remarks on the subject "The Guest of the Evening," referring to the energy displayed by Colonel Johnson in his work in the National Guard and in the various matters of civil life that he was called upon to perform, saying that he had evidently set his mark high in order to have accomplished so much.

Colonel Johnson in response said that the lives of men were marked by events in those lives, and that he looked upon this dinner as an event in his life to which he should always look back with a great deal of feeling.

Colonel Jones in responding to the toast "The National Guard" spoke of the necessity of emulating the regular service in order to approximate the requirements of the War Department, and the necessity for careful preparation in administration, discipline and drill in order that the guard might be ready to do its part when called upon.

Captain Simpson, the chaplain, spoke very feelingly to the toast "The Ladies."

Lieut. Col. Short and Captain M. M. Johnson both spoke to the toast "The Commissary." Captain Johnson winding up his remarks by proposing the toast to "The officer whom we officers all know has done more to bring the National Guard to its present condition of efficiency, and who has done more for the guard than any other officer, who has worked day and night, year in and year out for the betterment of the guard—Colonel Jones."

Colonel Jones in response said that if he had worked hard for the guard

his labors had been lightened many times by willing helpers among the officers, that it took hard work to accomplish anything in this life and the officers could well profit by the example of Colonel Johnson in his hard work for the guard.

Major Dunning said: "I consider this an appropriate time to say something of interest to the officers of the guard. The work of Colonel Jones is well known to and he has been observed by some of the highest officers of the United States Army and he is very well thought of. Their opinion is best expressed in the statement of General McArthur to me, which I will try to repeat the way he said it. He said: Colonel Jones is a most excellent and capable officer and in the event of war ought to be given command of a volunteer regiment."

Lieut. Col. Ziegler in responding to the toast "Reminiscences of 1895" recalled many incidents which had their humorous side, and closed by stating that both he and Lieut. Col. Coyne in those days had carried the keys of Central Union church in their pockets for six months, for which he hoped credit would be given in the hereafter.

Those present were Brigadier General Soper, Major Dunning, Adjutant General Jones, Lieutenant Colonel Marston Campbell, Lieutenant Colonel Fisher, Lieutenant Colonel Ziegler, Lieutenant Colonel Cooper, Major Riley Major Moore, Lieutenant Colonel Short, Lieutenant Colonel Coyne, Captain Neelf, Captain M. M. Johnson, Captain Coster, Captain Cummins, Captain Angus, Captain Simpson, Captain Smithies, Captain Winant, Lieutenant Doherty, Lieutenant Kane, Lieutenant O'Sullivan, Lieutenant Kekomano, Lieutenant Kakala, Lieutenant Ahia, Lieutenant Kallimal, Lieutenant Whitehead and Lieutenant Thompson.

After the banquet the company was entertained with high links by the Signal Corps at the bungalow.

### FRANCE WILL WITHDRAW

TROOPS FROM MOROCCO.

PARIS, May 31.—The government this week will define before the French parliament its position relative to the evacuation of the Chaouia district in Morocco by publishing its instructions to General d'Amade, the commander of the French forces. These provide for the gradual withdrawal of the French troops and their replacement by a native Moorish contingent as rapidly as it can be organized.

So far as the situation regarding the two sultans is concerned, France intends to await developments. The chances of Abdul Aziz, the sultan of

## DOZEN SPECIALTIES TREAT DAY AT HONOLULU DRUG CO.

The Children's Party, to be given next Saturday night at the Moana Hotel promises to be full of new and attractive features. There are to be over a dozen specialties, some of which take half of the class, and some only one or two.

Some of the novel additions will be an Irish jig, which will be executed by fifty children; the Spanish Toreador, by Vernon Tenney; a chorus of eight ballet girls, who trip through a French dance, and the Guard's March, a rather impressive affair.

The scene between Tommy Atkins and Dolly Grey is full of strong action, pretty dancing and singing. One of the prettiest of them all is the dance of the fairies.

The whole class is to be in costume, while the principals will make three and four changes apiece, and the exhibition will be altogether a very attractive one.

Tickets are being sold by the children and may be purchased at Chambers Drug Co., H. F. Wichman & Co., and Benson, Smith and Co. The admission to both entertainment and dance is one dollar.

## LEE LET IS FREE

(Continued from Page One.)

In the Lee Let trial was commenced this morning immediately after Judge Robinson's court convened. Deputy Attorney General Larnach spread his side of the story before the jury in a clear manner, taking the talesmen with him from the time of Ayres first intimating to Taylor that Lee Let wanted to run a gambling game with protection, to the alleged passing of the \$50 bribe. His argument was short but covered the testimony thoroughly.

Attorney Frank Thompson started the argument for the defense shortly after 11 o'clock and with all the eloquence which his versatile tongue could command began showing the jury how a conspiracy had been framed against his client for the purpose of "making a record" for Taylor and the police department. He referred constantly to the morning paper, bringing in the fact that Taylor had continued to do work for it after entering on his new job even to within a few days of the present trial, and mentioned his last article, a genealogy of Prince David, as the work of a malakini who was trying to show that he was a kamakua. In the same strain he told of Taylor's going back to the Advertiser as going again to get "his morning milk from the old cow."

record, to retain his office seem almost hopeless, but it is thought that there might be a shift in fortune. If, however, Mulai Hafid, the so-called sultan of the south, enters Fez and secures the submission of Tangier, thus becoming de facto sultan, France will notify the signatory powers of the Algeiras act. A delicate diplomatic situation then would be created unless the powers act in concert.

Mulai Hafid has already offered to accept the stipulation of the Algeiras act, but anxiety exists here that Germany may provoke trouble.

### MOONLIGHT CONCERT.

The Waiwala Brass Band of thirty-two pieces is to give one of its enjoyable concerts at Haleiwa next Saturday night when the moon will be working overtime in shedding her rays over Paradise. Following the concert the Haleiwa Quintette Club will provide music for the dancing. Everyone who has ever danced at Haleiwa remembers the joy of gliding over the well-kept floors. Manager Bidgood intends having everything in splendid condition for this affair and he requests those who come down with an idea of remaining over Sunday to communicate with him.

The new quarters of the Honolulu Drug Co. are very well fitted up, making it a thoroughly up-to-date, attractive drug store, and the location is all that could be desired. Situated on Fort street, just above King, it is the most convenient for shoppers and those waiting for cars.

# SPORTS BUNTS

The annual shoot for the championship of the Hawaiian Gun Club will be held tomorrow afternoon on the Kakaako traps commencing at 5 o'clock sharp.

The 108-hole golf match between Harold Giffard, Austin White and A. E. McLaren will probably be started some time this month. The only reason that the match has not been held before is because McLaren sent to Scotland for a new set of clubs which has not yet arrived.

The Kalaianaoe Baseball League met last night at the usual time and place. Those present were Ho Tong, representing the Chinese Aloha Juniors; M. T. Ma, Sha I, Jr., and W. O. Marshall, the Twilight A. C.; J. O. Vierra and M. Gomes, proxies for the Kaala A. C. Juniors. The annual election of officers will be held on the 25th of this month.

The first class yachting race for the Governor's Cup will start on Saturday afternoon at two o'clock from a point off the Myrtle Boat House. The course will be round the Is and via Barro's Point. So far only two entries have been received, but there is still chance to enter, as the entries do not close until noon on Thursday. The yachts that have already entered are the Gladys and the Kamehameha.

The annual meeting and election of officers of the St. Louis Alumni will be held next Sunday morning at ten o'clock in the Alumni rooms on Union street.

If arrangements can be made Sure Shot and Indigo will race on Thursday afternoon at Kapiolani Park, the distance being three-eighths of a mile.

The baseball teams of Aliiolani College and Mills Institute did not play their scheduled game yesterday afternoon as expected, but will play Thursday morning.

Jockey Willis, the popular little rider, will leave today for Hilo in the Mauna Kea. After the fourth of July races he will return and will probably be seen in races at Kapiolani Park during the stay of the fleet, also in boxing matches at the Fishmarket.

The Newspaper League games next Sunday will be Stars vs. Advertisers, and Mercantiles vs. Bulletins. The four teams are putting in hard work at practice this week and expect to play very close games on Sunday. The first game will start at one o'clock sharp, to be followed by the second fifteen minutes after the close of the first game. It is to be hoped that the public will give their support to the

Saturday's games were slow in spots and could have been brightened up a bit by the captains, especially in that usual long wait between innings when the sides change. Some of the boys go at it as if it were work, when they should put a little vim into it.

Berger and his band have not favored the fans for some time now. Heine is learning some new pieces which he intends trying on the crowd.

Soares got his finger in the way, with the result that he now carries a very bad hand. It's a shame to break up a man's fingers but it's all in the game and a "game man" is the idol of all fans.

Evers again demonstrated his ability to handle the ball, by making one of the prettiest stops of the season. This boy is a wonder at times, his playing being unequaled by anyone ever appearing in these islands.

Kia had but one chance throughout the whole game, but the one and only was a hard one, with "Happy Jack" on the gathering end.

Louis got under a few out in right during exciting moments of the first game.

Bill Dickson, George Kluegel and Jack Doyle did much to keep up the interest on the Ewa bleachers.

O. K. Kidder, one of New York's greatest fans, was a spectator at the big league on Saturday and played the game from the bleachers throughout the entire afternoon. He was loud in praise of Reuter's form.

George Burns was chalked with two bad ones when they should have been given to the other fellow. Burns plays the game at first, perhaps better than the remaining games of the schedule, as the crowds have been very slim so far in the games played and the league needs the coin.

The games scheduled in the big league for next Saturday will probably be played on Thursday afternoon instead, and the following Saturday games advanced to this coming Saturday. By oversight on the part of the league when it made up this year's schedule no games were set for Kamehameha day, but a meeting will be held tomorrow noon in the secretary's office, when the matter will be definitely settled.

# SAVINGS ESCHEATED

## ACT OF CONGRESS PROVIDES FOR TURNING UNCLAIMED BALANCES INTO HAWAIIAN TREASURY

Governor Frear, in a letter to Acting Governor Mott-Smith, states nothing of interest except that he had contracted a cold. He inclosed a certified copy of the Hawaiian Postal Savings Bank bill which had been approved by the President. It reads as follows:

An Act Relating to unpaid Hawaiian Postal Savings Bank deposits.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever, by reason of the death of any person and the want of an executor or administrator, any demand for moneys deposited in the Hawaiian Postal Savings Bank cannot be certified to by the governor of Hawaii as provided in section one hundred and two of "An Act to provide a government for the Territory of Hawaii," approved April thirtieth, nineteen hundred, the governor may, upon written application, certify to such demand as due to the persons satisfactorily proved to him to be the persons who would be entitled to the personal estate of the decedent by the terms of the laws of Hawaii relating to the distribution of estates of intestates, and his certificate so made, when sealed, countersigned, and approved as provided in said section for other certificates shall have the same force and effect as such other certificates.

Sec. 2. That all claims to moneys deposited in the Hawaiian Postal Savings Bank not presented for certification as provided by law within two years after the passage of this Act shall be forever barred.

Sec. 3. That when all claims certified as provided by law have been paid the Secretary of the Interior shall draw his warrant for the balance, if any, of the Hawaiian Postal Savings Bank deposits then remaining unpaid upon the Treasury of the United States payable to the treasurer of the Territory of Hawaii, who shall thereupon apply the same toward the payment of the public debt of Hawaii, in conformity with the provisions of the "Joint resolution to provide for annexing the Hawaiian Islands to the United States" approved July seventh, eighteen hundred and ninety-eight.

Approved, May 19, 1908.  
Department of the Interior, May 23, 1908.

The above is a true copy of the original as certified by the Department of State.

# DRESS REHEARSAL A GREAT SUCCESS

At no time have the witnesses of a dress rehearsal had more pleasure than at the Opera House last night when Mr. Adams and a most excellent company went through the passages of "The Man of the Hour." There was not a balk in a single scene and the costumes were perfect because it was modern. There was no drawing upon the imagination nor a search of old volumes to learn how this or that character was dressed in the days of graft because that play is here and, as Horrigan says, there is "graff everywhere from newspapers to lawyers, and maybe higher up."

The finer scenes in the play went by without a hitch or a suggestion of improvement anywhere. Every member of the cast was letter perfect. There was very little prompting even for Mr. Wilder, who seldom says the same things twice in any play because his work at his easel and his duties as a jurymen forbid his strict attention to the part he represents. His stage career covers so many years, however, that he can gag and get back to his cue where many others would fall and the result is quite as satisfactory to his audience and more entertaining, usually, to other members of the cast. This is one of the last opportunities the public will have to help the yacht and they should not overlook it. The yacht needs the money. The performance is not for the benefit of an individual but for the purpose of bringing Hawaii to the fore in the yachting world. The tickets are for sale at Wall, Nichols Co., at 50c, 75c and one dollar and the show will be worth the money.

# MISS SCHWEITZER IS A JUNE BRIDE

Miss Louy Schweitzer, daughter of Mr. and Mrs. Louis Schweitzer, was married last evening to Percy Cummings at the home of the parents of the bride on Clay street. The ceremony was performed by Rev. Dr. Wilbur of Berkeley, and the bride's only attendant was her sister, Mrs. Trotter, wife of Captain Alden Trotter, United States Army. Walter Sprague acted as best man.

The house was beautifully decorated for the occasion, the drawing-room, where the marriage ceremony took place, being in white and green; the library was elaborately adorned with American Beauty roses, and the hall was arranged in a harmonious color scheme of green and purple. About twenty of the relatives of the bride and groom only were present at the marriage, but to the reception which followed several hundred guests had been invited.

The bride is well known in Honolulu where her family has lived for a number of years, and Mr. Cummings is prominently identified with the Rock Island Railroad. The young couple will make their home in this city upon their return from the wedding journey, which will be of several weeks' duration.—S. F. Chronicle, June 2.

# QUESTION OF PAY IN HIGH SCHOOL

Offer From College to Teacher Brings the Matter Into Discussion.

## MIGHT DEMORALIZE SCHEDULE

Enlargement of Maui School Needed To Accommodate Japanese Children.

More pay for the teachers in the High School was the most important subject brought up at the meeting of the Board of Education yesterday afternoon. The matter was brought up through the announcement that Mr. Donaghoo, mathematics teacher of the High School, had been offered a position with the College of Agriculture. Mr. Carden thought that it was better to hold the teacher by offering him a raise of \$25 per month making his salary \$150, but Waterhouse objected on the ground that the arranged schedules should be maintained and to make an exception would cause trouble. The matter went over to a special meeting. Babbitt stating that a similar request might be expected from Mr. Blanchard, commercial teacher of the High School.

A change in the long vacation was made, the start of school being placed one week ahead of what has been the custom up to this time. The matter of providing accommodations for the children of the districts of Honolulu and Kapaemahu was brought up. A large Japanese camp in which there are between fifty and sixty children at Honolulu has caused a need of more room. It was decided to enlarge the present building instead of moving the school closer to the camp.

The recommendation of the teachers' committee that a new grade be established at the Grammar school, in which the graduates of the public schools could be prepared for the High School, was accepted. The following members of the Board were present at the meeting: Superintendent Babbitt, F. T. P. Waterhouse, Judge Perry and John Carden.

## FRENCH AEROPLANE MEETS WITH ACCIDENT

ROME, June 1.—The experiment of Leon Delagrangue the French aeroplane pilot, before the Queen Dowager Margherita and a few invited guests came to nothing through a mishap to the machinery. M. Delagrangue started magnificently and began to fly rapidly and smoothly, but after going about thirty yards the aeroplane suddenly fell to the ground. Delagrangue was uninjured. He was considerably disappointed at the incident, but smilingly said: "These are the uncertainties of this profession."

# MESTON DENIED LIQUOR LICENSE

## A CAUTION TO WHOLESALERS.

List of Licenses Wholesale and Retail Granted Yesterday by the Commission.

The Board of Liquor Commissioners held a long session yesterday afternoon and transacted a great deal of business. The most important of all was the granting of a wholesale license to W. C. Peacock & Co. It is understood that the Board has issued a warning to the wholesale dealers that renewals of licenses will be refused to any dealers who furnish blind pigs with their stock of liquor.

Scotty Meston and Carl Klemme were among those turned down yesterday, the Board simply acting without passing any remarks. This action, as was stated in the Star some days ago, was expected in the case of Meston, whom the members of the Board have felt was too independent, though they have never asserted that he violated the law.

The following licenses were granted: W. C. Peacock & Co., wholesale; Gustav Cordes, saloon; Wing Chong Lung Co., saloon, 79 Hotel street; D. H. Lewis & Co., Anchor saloon and Mint saloon; W. C. Peacock & Co., Pacific saloon; Charles J. McCarthy, Eriton saloon; J. R. Madeiros, Waiatus saloon; Yanasaki, Waiatus saloon; Shigimatsu, Waiatus saloon; Pedro A. Dias, Waiatus saloon; Tanaka, Honolulu saloon; Saki, Alea saloon.

## AN AUSTRALIAN COMMERCIAL TRAVELER'S STORY.

It is the commercial traveler who finds the many changes of climate and water trying. Mr. Chas. G. Chapman, who represents a large Brisbane concern, had been troubled for years with chronic diarrhoea. On one of his trips a fellow traveler recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this is what he says of it: "I procured a bottle and experienced great relief after taking a few doses. Before the bottle was finished I was cured and have not been troubled since." This remedy is for sale by all Dealers, Benson, Smith & Co., agents for Hawaii.

LISBON, June 1.—A French system for the employment of alternating instead of continuous currents which it is claimed would permit the use of twelve instruments on a single wire was presented today at the International Telegraph Congress by M. Mercadier, the inventor.

# STAR FLEET EDITION THAT WILL ATTRACT WORLD ATTENTION

The Hawaiian Star's special fleet edition will be issued simultaneously in San Francisco and Honolulu, on the lines of the plan whereby the London Daily Mail issues simultaneous editions in London and Manchester, and the New York Journal and San Francisco Examiner frequently issue at the same hour papers in many respects identical, though the width of a continent apart from one another.

The existence of a cable line between here and San Francisco makes such an enterprise possible. It will be the first time such a journalistic feat was ever attempted in the Pacific. It will give the Hawaiian Islands one of the greatest advertisements they ever had, for the publication will arouse comment all over the United States and Europe.

To Honolulu advertisers this edition offers the best opportunity ever given, without exception. TWENTY THOUSAND officers and men of the fleet will be reading and referring to this paper all the night or nine days of their trip here.

They will get the paper just when they are looking for information about Hawaii,—when they are leaving San Francisco with Hawaii as their next stopping place. They will look it over every day, for information about Hawaii.

More than three quarters of the officers and men have never been here, and they will be deeply interested in a Honolulu newspaper.

Prominent business men of the Territory in commenting upon the plan above outlined have expressed the opinion that the fleet edition of The Star, issued in this way, will be one of the greatest bits of Promotion work ever done here.

## PLAY ON WHILE THEATER BURNS

ACTORS HELP TO AVERT A PANIC.  
ONE DROPS DEAD OF HEART  
DISEASE.

CLEVELAND, June 1.—Eugene Jep-  
son, aged 50 years, of New York, lead-  
ing man in a vaudeville sketch at  
Keith's Theater, dropped dead of heart  
disease in his dressing room this after-  
noon when an alarm of fire sounded.  
No one was injured among the audi-  
ence as it fled out of the building,  
while the orchestra continued playing  
and the actresses then upon the stage  
proceeded with their work. Firemen  
dragging in their hose simultaneously  
with the departure of the people ap-  
parently added no exciting influence.

The fire is said to have originated in  
the apartment where the moving pic-  
ture machine was being worked. Two  
patrolmen saw the flames before the  
smoke began to pour into the audi-  
torium and turned in an alarm. Man-  
ager Daniels walked to the front of  
the stage and asked the audience to de-  
part without confusion, but the warn-  
ing was almost unnecessary. The fire  
was extinguished after damage  
amounting to \$5,000 had been done.

Actor Jepson is said to have been ill  
of heart disease for a long time. He  
was in his dressing-room when the  
alarm came. Jepson started for the  
door and fainted. A physician was  
called, but Jepson was dead.

## CHURCH TO HAVE COURTING ROOM

DEVICE OF PASTOR ANXIOUS TO  
ENCOURAGE THE ACQUAIN-

TANCE OF YOUNG MEMBERS.

CHICAGO, June 1.—Joy spread  
among the young people attending the  
Christ Presbyterian Church when they  
learned today that the church is to  
have a new adjunct of surpassing  
novelty—a "courting room." The  
courting room is to be complete, with  
cozy corners, screens, chaperons and  
dim lights. Everything to encourage  
the mating of acquaintanceships be-  
tween young men and women will be  
supplied in the new courting room.

The room will be built, according to  
the pastor, Rev. J. E. Snyder, just as  
soon as property adjoining the present  
church edifice can be secured.

"We ought to have a courting room,  
for this church is for young people,"  
said the pastor today. "It will sup-  
plant the beer garden and other repre-  
hensible meeting places."

Seven marriages have been solemn-  
ized in the church recently. With the  
courting room installed an immediate  
boom is expected.

### TOO LOUD.

"Surely you don't despise him sim-  
ply because he's a self-made man?"  
"No. I merely regret that when he  
made his voice he didn't pitch it in a  
lower key."—The Catholic Standard  
and Times.

## FULL INDORSEMENT FOR ROOSEVELT POLICIES

POSITIVE STAND TO BE TAKEN BY THE REPUBLICAN NATIONAL  
CONVENTION—FOLLOWS WISHES OF TAFT—LOWER TARIFF  
SCHEDULES AND REVISION OF ANTI-TRUST LAW—FAVORS THE  
OHIO PLATFORM.

WASHINGTON, June 1.—There will  
be no lukewarm indorsement of Presi-  
dent Roosevelt and his policies in the  
Republican National platform if the  
wishes of Secretary Taft and his  
friends have potency in the framing of  
the document. This much was made  
known today after the first of a series  
of conferences to be held on the sub-  
ject of the platform. Should the Chi-  
cago convention adopt this sort of  
platform and nominate Secretary Taft,  
it is predicted in authoritative quarters  
that his letter or speech of acceptance  
will contain a pledge to carry out the  
Roosevelt policies already inaugurated  
and earnestly strive for those not en-  
acted, which will have a ring similar  
to that pronounced by President  
Roosevelt on taking the oath of office  
over the body of the dead McKinley.

Wade Ellis, Attorney-General of  
Ohio, who has prospects of being the  
Ohio member of the resolutions com-  
mittee of that convention and who was  
largely responsible for the con-  
ceded virility of the Ohio Republican  
platform, is here for a thorough under-  
standing with the Secretary of War.  
He was with Taft at his office for sev-  
eral hours today and at the Taft resi-  
dence for a long time tonight. An-  
other conference is to be held tomor-  
row, when it is not unlikely the result  
will be brought to the attention of  
President Roosevelt.

Secretary Taft has made no secret  
of his position on the tariff. He is for  
revision at a special session of the  
Sixty-first Congress, to be called im-  
mediately after the inauguration, March  
4, 1909. His ideas as to what the tariff  
should be also are public property.  
The schedule should be drawn as near  
as possible to cover the difference be-  
tween the lesser cost of production of  
a given article in foreign countries and  
the cost to produce that article in the  
United States. This he regards as  
"protection" in its true and fair sense.

Schedules which are fixed at a rate  
higher than this difference, he believes  
are not only unnecessary as a means

of protection, but are evidence of the  
temptation of capitalists to form mo-  
nopolies and trusts in this country for  
the control of the market, in that par-  
ticular product. From this informa-  
tion the prediction is declared to be a  
safe one that the tariff plank to be  
presented to the resolutions committee  
by the Taft adherents will follow closely  
the lines of the Ohio platform, with  
the added specifications regarding the  
manner of arriving at the amount of  
tariff which should be levied.

Ellis is known to be heartily in fa-  
vor of a plank stipulating that amend-  
ments should be made to the Sherman  
anti-trust laws, and Secretary Taft is  
known to be a thorough believer in the  
efficacy of trust control through fed-  
eral laws. The embodiment of these  
ideas into a plank, which might take  
the form of an indorsement of the  
Hepburn bill, which died a peaceful  
death in the House Judiciary Commit-  
tee, is said to be a safe prediction.

## FARMER WINS DAMAGE SUIT

NORTHERN RANCHER STRUCK BY  
FALLING PHONE POLE AWARDED  
A BIG AMOUNT.

TACOMA (Wash.), June 1.—In the  
Federal Court this afternoon damages  
of \$3750 were awarded to A. Parmenter  
in his suit against the Pacific States  
Telephone and Telegraph Company.

The story told on the stand by wit-  
nesses is similar to that of the house  
that Jack built. A logger named Aug-  
ust Sewall felled a tree that struck the  
wires that pulled down a telephone  
pole that broke the shoulder of Par-

## ANGRY CHINESE ATTACK WATCHMAN

Crew of the Steamer Suveric at  
Tacoma Attempt to Kill  
the Officer.

THEY WANTED TO GO ASHORE.

Celestials Being Returned to Orient

Try to Gain Their  
Freedom.

TACOMA (Wash.), June 1.—The re-  
fusal of James Gainsford, special  
watchman on board the British steam-  
er Suveric, Captain William Shotton,  
loading lumber here for Manila, to al-  
low the Chinese crew of seventy-two  
men to go ashore yesterday so mad-  
dened them that they attacked him  
with hatchets, marlin spikes, hatch  
bars and other weapons, breaking one  
of his ribs and otherwise injuring him.  
When they overpowered him some of  
the Chinese sank their teeth into his  
face, hands and arms, and but for the  
timely arrival of the ship's first mate  
and others of the white crew would  
have succeeded in lynching Gainsford  
with a rope that some attempted to  
put around his neck.

The aged watchman fought them off  
with his revolver and shot one of his  
assailants in the wrist, inflicting only  
a flesh wound. The recalcitrant Chi-  
nese compose the entire crew from the  
British steamer Yeddo, owned by the  
Waterhouse Weir Company. They  
were transferred from the Yeddo to the  
Suveric and are being sent back to  
Hongkong.

Citizens and a policeman pulled off  
the gang plank, thereby preventing the  
escape of the Chinese, who do not want  
to return home. No arrests were made,  
but the incipient mutiny may be look-  
ed into by the immigration officials.  
The Suveric has about forty Chinese,  
and the Yeddo, owned by the same  
company, about thirty.

Sections of the tree, which measur-  
ed two feet in diameter, and of the tel-  
ephone pole were offered as exhibits.  
A piece of pole showed signs of aggra-  
vated decay and the Court in its in-  
structions reminded the jury that the  
company had to show reasonable care  
in maintenance of its property on the  
public highways.

### Here Is Some Advice--

Honolulu more than any other  
city in the World, is a place where  
the Evening Paper gets the news  
first. The clock here is over two  
hours behind the clock at San  
Francisco, four hours behind  
Chicago, five hours behind New  
York and ten to eleven hours  
behind the clocks in the Europe-  
an capitals.

This means that when The

almost over in San Francisco.  
The news of the day is here for

Under modern conditions it

## The News Of All The World

For The Day Just Ended--

Here are some of the features that go to make the evening paper  
the predominating factor in an advertising campaign:

It is delivered at the home each night when the whole family has  
plenty of time to read it.

It is carried home by the business man when his day's work is  
done and it stays there. A morning paper is usually carried down  
town by the head of the family and hurriedly read.

The evening paper is not read hurriedly, but thoroughly, so that  
all the advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective  
purchaser time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The  
morning paper the day after.

The evening paper presents the news first. The morning paper  
merely elaborates it.

The evening paper prints daylight news. The morning paper takes  
what is left.

The package also contained the abstracts of titles of the properties included in the condemnation.

In a letter to Marston Campbell Engineer J. D. Schuyler has the following to say about the Nuuanu dam: "I thoroughly enjoyed my visit to the dam and was greatly pleased to see the decided improvement made in the general appearance of things and the businesslike aspect which the works are now wearing."

Isabella Wallace, the prosecuting witness in the case of the Territory

vs. Manuel Cruz, charged with rape, cannot be located and Cruz will be released on his own recognizance. Attorney Magoon threatened to bring habeas corpus proceedings unless something was done, as his client has been in jail since March 10 without even being brought before the grand jury.

The Marine Engineers' Beneficial Association celebrated its seventh anniversary by a dinner at the Commercial Club last night, the club hosts being E. R. Hendry, G. F. Bush and E. C. Brown. Special guests of the association were Acting Governor E. A. Mott-Smith, Judge S. B. Dole, Hon. W. O. Smith, James A. Kennedy, James L. McLean, G. N. Wilcox, E. W. Kopke, J. Dyer, C. W. Parks, Capt. F. C. Miller, E. J. Lord, Frederick Whitney, Edwin Hughes responded to a toast to the association; W. O. Smith, the L. I. S. N. Co.; James Quinnan, the Marine Engineers; C. W. Parks, the U. S. Navy; E. A. Mott-Smith, the Governor; Judge Dole, island shipping.

members of the press.

The first matter that was impressed on Parks was the feeling that the Merchants' Association was heartily against the sentiments expressed in the morning paper, and that the whole mercantile element in Honolulu was in favor of citizen labor only. Mr. Buckley, who acted as spokesman for the committee, asked Parks to express his feelings on the matter, but the answer he received was, "Never try and get any government officer or employee to make a statement." Captain Parks also said during the course of his talk with the committee:

"The subject that has been brought before the public is one that should not be discussed under any conditions, as it is one that would possibly cause some international questions if the matter was taken up too much by the press. You gentlemen can rest assured that the people in Washington know exactly what they are doing in this matter of labor, and you can feel certain that they have taken the matter into careful consideration long before it was finally passed in Congress. I appreciate that your association is doing what you can for this Territory, but you must also feel that the officials in Washington are also looking out for you in this work that will soon be well under way at Pearl Harbor. In a good many cases different commercial bodies have thought that they were doing a good deal of good by passing resolutions which were forwarded to Washington, but they have been doing harm instead of good. I am not here to make statements, and I am not here to give advice, but I think you can all see the grave features of this labor question if it is given very much publicity. There are people in this room who know exactly what I mean, and I do not intend to express myself any more on the subject, but I do want you all as well as the citizens of this community, to realize that the government is looking out for your interests."

"I myself would like sometimes to say certain things that I am unable to say, because I am bound to keep quiet by the blue book regulations of the Navy, but you will find that before Pearl Harbor is completed everyone will be satisfied."

## KOKI TRIAL IS ENDING

AFTER TWENTY DAYS TAKING TESTIMONY THE LAWYERS ARE ABOUT TO CLOSE.

At last it looks as if the Koki case might really be completed. Twenty days have been occupied with taking testimony, though as a matter of fact the greater part of the time has been taken up by arguments pro and con by the attorneys on both sides. The final testimony for the defense was submitted this morning and the fight over the instructions to the jury will commence this afternoon. The argument by the attorneys for the prosecution and defense will commence tomorrow morning and is expected to take up about two days, at the least, which will mean that a verdict cannot be obtained before Friday, as Thursday, being a legal holiday, will see no work done in court.

## KINDLINESS OF ADMIRAL

IT MAKES HIM GLAD TO SHOW OFF THE BIG FLEET TO THE LEPEERS.

In a letter received yesterday by Acting Governor Mott-Smith from Admiral Sperry, the naval officer stated that the battleship fleet on its arrival off Hawaii would be divided into four sections. One of these will anchor off the coast of Maui to coal, while the other three will anchor off this harbor. The three sections that come to Honolulu will coal four at a time, entering the harbor, while the others remain at anchor outside. Admiral Sperry stated that he was very glad to be able to grant the request of the inmates of the Molokai settlement and that the fleet would steam past there as close to the shore as possible to enable the people to get a good view.

## JUDGES CHANGED IN SOUTH KONA

YATES' TERM COMES TO AN END AND ROBERT MAKAHALUPA SUCCEEDS HIM.

The resignation of W. J. Yates as district magistrate of South Kona has been accepted by Chief Justice Hartwell of the Supreme Court and Robert Makahalupa has been appointed to fill the vacancy. While the full details have not been ascertained, Yates resigned under fire, and it is understood that drinking to excess was one of the principal reasons for the change. Judge Makahalupa is well known in this city and is said to be a fine specimen of the older generation of Hawaiians. He was admitted to practice in the district court here in 1884 and to practice in all the courts of the kingdom in 1890. He served as district magistrate in Ewa for about ten months in 1893. His record as a lawyer and jurist has been without a blemish and his absolute honesty is unquestioned.

Tom Cummins, the new road supervisors has stated that he will not keep out of politics if politically attacked. He will start by recommending a raise in pay for the stable foremen of the fourth and fifth districts. The Bar Association will hold its annual dinner at the Alexander Young Hotel on Friday evening.
