EVENING BULLETIN

3:30 EDITION

Is Constructive In Its Policy

No average retail business can afford to ever be out of the newspapers. In this busy world a merchant is so easily forgotten if he does not keep constantly before the public. If the merchant does not advertise all the time he will surely be overlooked.

PRICE 5 CENTS.

NAVY DEPT. ORDERS FLEET HERE NOV. 15 MARINE BARRACKS IN 18 MONTHS

STIMSON'S VISIT MAY DETERMINE LOCAL PLANS

Negotiations For Waterfront Post Would Be Hastened.

Secretary of War Stimson's proposed visit to every army post in the country as announced in an Associated Press cablegram yesterday, has aroused much interest not only in military circles here, but among those particularly who have been following the plans for military development in and around the city.

Of especial interest is the fact, commented upon by army officers, that if he visits Hawaii in the next two or three months, some definite decision will probably be arrived at here concerning the proposed Ala Moana plan, which includes a post on the waterfront between the harbor and Fort de Ruess.

Brig-Gen. M. M. Macomb, commanding the District of Hawaii, has forwarded the plans for this important move to Washington, after a number of conferences with the Governor and other Territorial officials. He said a short time ago that it might be some time before a decision is reached.

(Continued on Page 3)

WAS DOPE TAKEN FROM MEXICO?

(Associated Press Cable.)
SAN FRANCISCO, Cal., Sept. 20.—Norman Smith, the man accused of opium smuggling taken here yesterday on advices from Honolulu, was taken aboard the Korea and sailed this afternoon for Honolulu.

That Norman B. Smith, the Young Hotel guest who was arrested in San Francisco yesterday on a cable from here and who will be charged with peddling opium is only the "goat" for a large opium ring, with headquarters on the mainland seems to be more and more the opinion of those who are investigating the case locally. No official statement can be obtained however.

According to what can be gathered in connection with the subject, the opium is being brought across the Mexican border and up to the big coast cities. Just at the present time there is rather a glut in the market owing to the war troubles in Mexico making it easy for the runners to get the stuff across.

The ring, finding that prices were dropping in the big cities looked around for some other place to dispose of the dream dope and finally picked Honolulu. Negotiations were carried on for some time and then Smith was sent down here with a preliminary lot. He made all his arrangements and then came back again with a larger shipment of the dope.

By the curious method of wireless telegraphy that exists in the underworld he became cognizant of the fact that United States Attorney Robert W. Breckons was on the trail and Smith made an effort to get away.

He just managed to elude Breckons but could not beat the cable to it and as announced yesterday was arrested in San Francisco. The man who did the work at that end was Secret Service man H. M. Moffit, who only left Honolulu a little time ago, having been down here investigating the opium situation.

Dr. Victor S. Clark of the territorial board of immigration continues to receive a number of inquiries from farmers for about homesteads here. However, the territory is not anxious to get people here who have made failures elsewhere and unless the inquiries seem to come from desirable parties, they are not encouraged unduly. This morning's mail brought an inquiry from Saskatchewan, Canada, which indicates that settlers might come from there.

MARINE CORPS BUILDINGS ARE PROMISED EARLY

BY C. S. ALBERT.

(Special Bulletin Correspondence.)

WASHINGTON, D. C., Sept. 8.—Eighteen months from this time the Marine barracks at Pearl Harbor will not only be completed, but electric lights, sidewalks and a sewerage system will be installed. The officials of the Marine Corps have been given positive assurances by those of the Navy Department that this work will be ready for opening the new buildings.

The bids for the new barracks buildings will be opened here December 4. Proposals invite contracts for constructing two barracks buildings and five officers' houses. The barracks will accommodate 319 marines.

The contract price must not exceed \$123,000. The price for the officers' quarters must not exceed \$44,000.

These will be the first permanent structures erected at the naval base in the Hawaiian Islands.

Coincident with this work Army Engineers are now perfecting their plans to build powerful batteries that will be placed to guard the entrance to the harbor. The foundations will be laid at Fort Kaneohe.

The new barracks will be built entirely of concrete. This includes the walls and floors. The same material will be used in the officers' quarters.

A statement was given out here that extensive improvements would be made at Fort Shafter. This is a de-

TENTH REGIMENT RUSHED TO CANAL ZONE; TROUBLE FEARED

BY C. S. ALBERT.

(Special Bulletin Correspondence.)

WASHINGTON, D. C., Sept. 8.—Something of a sensation has been created here by the issuance of orders sending the Tenth Regiment in haste to the Canal Zone. Instructions were given to proceed with utmost dispatch. The foot soldiers will patrol the big ditch upon their arrival.

It had been the intention of the authorities to not send regular troops to the Canal Zone for a year or eighteen months. Such protection was not considered necessary until the waterway was nearing completion. Without warning, orders were issued

for the Tenth Regiment to occupy the Zone. Officials declare there is no significance in the unexpected movement, but simply the carrying out of an original intention.

Despite the assurances made public it is known that confidential reports reached Administration officials indicating that a revolution in Panama is near at hand. It was disclosed that President Arsenauena contemplates refusing to call an election and aspires to become a dictator. Such a course will be violently opposed. During the controversy to follow the political mixup it was regarded as certain that one or the other of the con-

(Continued on Page 3)

LOW AND AMANA LET OFF ALL THE BOARD MEETING FIREWORKS

Supervisors Eben Low and Makane C. Amama furnished all the verbal pyrotechnics at the board meeting last night, and a sharp exchange of repartee, in which supervisory courtesy for a moment threatened to be severely strained, brought a roar of laughter from the crowded lobby.

It was over Low's report on the Watertown school situation that the two members let their tongues loose. Low had just finished a verbal report to the effect that as chairman of the ways and means committee he had practically made arrangements with Walter F. Dillingham of the Hawaiian Dredging Company by which the com-

pany will build the schoolhouse out of its own funds to provide room for the children. Under the plan the company is to take its payment, about \$1000, in installments of \$75 monthly.

Low said that he had been at work on the plans all day and that he believed as a result of his efforts and the generosity of Mr. Dillingham the children would be provided with a school.

At this point Mr. Supervisor Amama, objecting to a motion that the matter be referred to the ways and means committee with power to act.

"I object, Mr. Mayor," he cried. "Let it be referred to the committee, but (Continued on Page 3)

DONDERO, NABBED FOR AUTO- SPEEDING, TO FIGHT CASE

Automobilists who have been haled into court charged with breaking the speed-limit regulations have turned against what is termed persecution by the motorcycle officers, and one of them, A. H. Dondero, announced this morning that he has engaged counsel to fight the case. His case was up in police court yesterday, but was postponed until next Tuesday, when Attorney Frank Thompson will appear for the defense.

Dondero says that some others among the flock of alleged speeders taken by the police are also planning to fight the case.

MADRID CABINET CALLED FOR DEFENSE

(Associated Press Cable.)
MADRID, Spain, Sept. 20.—So serious has the situation here become that the cabinet has been called together to frame a defense. The town is in a turmoil and the riots are fast becoming a revolution.

JUDGE HOUNDED BY "SHADOW"

(Special Bulletin Cable.)
CHICAGO, Ill., Sept. 20.—It was learned here today that Judge Peter S. Grosscup of the Federal Court, whose resignation has been announced, has been hounded for two years by a "shadow." The entire affair is a mystery.

'FRISCO HAS NOBLE SUICIDE

(Special Bulletin Cable.)
SAN FRANCISCO, Cal., Sept. 20.—L. P. Merten, said to be a German of noble birth, committed suicide in a fashionable hotel here.

FOWLER TO CONTINUE

(Special Bulletin Cable.)
SAN FRANCISCO, Cal., Sept. 20.—Bob Fowler, the aviator in the ocean-to-ocean race, will continue his trip Friday, having repaired his machine.

BIG LINER OLYMPIC DAMAGED IN COLLISION

(Associated Press Cable.)
COWES, Eng., Sept. 20.—The great liner Olympic and the British steamer Hawke collided here today, damaging the Olympic so badly that she returned to Southampton.

DETROIT STREET CAR MEN GO ON STRIKE

(Associated Press Cable.)
DETROIT, Mich., Sept. 20.—Fifteen hundred United Railway men went out on strike today.

HARVESTER TRUST NEED NOT DISSOLVE

(Associated Press Cable.)
WASHINGTON, D. C., Sept. 20.—It was announced today from the Department of Justice that the "Harvester trust" will be permitted to reorganize to prevent dissolution.

COLORADO SPRINGS HAS A MYSTERY OF DEATH

COLORADO SPRINGS, Colo., Sept. 20.—The discovery that three adults and three children lay dead in adjoining houses here, their bodies badly decomposed, has revealed a mystery that so far has puzzled the efforts of the authorities to unravel.

SUGAR

SAN FRANCISCO, Cal., Sept. 20.—Beets: 88 analysis, 17s. 9d.; purity, 5.1c. Previous quotation, 17s. 6d.

Several witnesses from Chicago, Du-luth and other cities will be heard by the Congressional committee investigating the United States Steel Corporation when that body resumes its session in Washington, D. C., October 15.

All hope of finding Adolph Kral, who mysteriously disappeared from Torrington, where he went on a business trip for the L. C. Bates company of New Haven, has been abandoned by his family and friends.

NEW DATE SET FOR HAWAIIAN NAVAL ATTACK

(Associated Press Cable.)
SAN FRANCISCO, Cal., Sept. 20.—Reconsideration has been given the plans for the Pacific cruiser fleet's maneuvers in Hawaiian waters. Although the fleet will be held until after October 14, the ground-breaking date at San Francisco, it is announced today that the fleet will sail for Hawaii on November 15.

The above dispatch received from the Associated Press this afternoon seemed to indicate that the fleet is surely coming here. However, some uncertainty in plans is apparent, and the coming of the cruisers can not be regarded as settled. Late yesterday afternoon the Bulletin received the following dispatch from its Washington correspondent:

(Special Bulletin Cable.)
WASHINGTON, D. C., Sept. 19.—The Pacific cruiser fleet has been ordered held at San Francisco until after President Taft's visit. This delay may prevent the fleet from reaching Honolulu at all.

BITULITHIC PAVEMENT IS FAVORED FOR QUEEN STREET

Bitulithic pavement is declared as most favored by members of the city and county road committee for that section of Queen street that lies between Fort and Alapai streets.

Bids have been received from three local concerns, Lord-Young Co., representing a pavement along the line followed throughout California as a standard asphalt bitulithic have submitted the lowest figures, namely \$1.40 a square yard, with \$9.00 concrete base and to be done within ninety days. They were the lowest bidders for the work. The Lord-Young Company propose to lay a purely asphalt pavement on the thoroughfare.

John H. Wilson was the second bidder in line with an offer to lay an asphalt pavement at a cost of \$1.83 a square yard on a concrete base at \$16.50 a cubic yard, and to be completed in sixty days. The Honolulu Bitulithic Pavement Company, represented by Joe Gilman, which concern laid the one block on Fort street during the latter part of the reign of the old board, come forward with the third and last bid at \$1.85 a square yard on a concrete base at \$8.00 a cubic yard and agree to complete the job in fourteen days.

Claim Bitulithic No Experiment.

Said one member of the road committee this morning: "The bitulithic pavement is in my mind no experiment. It has been tried on one block (Continued on Page 4)

POPE SAYS JAPANESE PUPILS HUSTLED AHEAD OF HAWAIIANS

Information was laid before the Board of Supervisors last night by Supervisor Low that school registration at the Kalahele school was being conducted in favor of Japanese as against Hawaiian pupils.

"This report has reached me, though I hope it is untrue," said Low. "I felt my duty to bring it before the board and certainly hope it is merely hearsay, but want to state that the report came pretty straight."

At this point one of the spectators in the "lobby," who was said this morning to be Captain Gahan of Down-lane, arose and declared: "I can verify that statement!" after some time, there is some truth in the which he set down.

(Continued on Page 4)

WANTED: 1 FLAG; APPLY KANEHOE

Deputy Sheriff Robert W. Davis of Kaneohe is in town today, looking for a kind-hearted citizen to present him with an American flag, which, he said, is needed very much by the Kaneohe. He wants to hold the flag if he can get it, on the flagstaff of the Kaneohe courthouse, which has been standing without the emblem of the United States since the annexation of the islands, he declares.

Davis stated today that he was home-borned with patriotic and unduly proud by tourists who visited Kaneohe on the Fourth of July. At that time they asked him why it was that the American flag was not flying at the top of the flagstaff, and his reply was that it was up to the mayor and supervisors of the city and county of Honolulu.

Davis called at the city hall this morning to speak to Mayor Fern about the flag, and it is likely that the supervisors will make a provision for the purchase of a large flag. When this is done, Davis, it is intimated, will prepare a Hawaiian flag in honor of flag-raising day in Kaneohe.

COURT TO PASS ON KUKUI CASE

Special Act of Congress Necessary to Bring Claim Against U. S.

BY C. S. ALBERT.

(Special Bulletin Correspondence.)
WASHINGTON, D. C., Sept. 8.—Government officials here express a perfect willingness to have the Court of Claims pass on the somewhat mysterious collision between the Light-house tender Kukui and the schooner Mo'i Wahine. The case has been entirely made up so far as they are concerned. Nothing remains but to have it submitted for adjudication. Before that action is taken Congress must enact a law permitting suit to be brought against the United States by the owner of the sunken schooner. Otherwise, any claim he might present for the vessel, valued at \$3,000 and the cargo, valued at \$4,000, could have no legal status.

Neither the Department of Commerce and Labor nor the Lighthouse Bureau will seek to solve the problem. These authorities are ready to present the facts as related by both sides, during the investigation conducted by the court.

(Continued on Page 3)

HIGH GRAVITY OIL IS STRUCK BY HUMAUMA

While the sugar stock market is sagging, the news from the oil fields is very gratifying. This morning a cablegram was received by Manager Pfotenhauser of Hackett & Co., from the San Francisco office, giving the news of oil struck at the well of the Humauma Oil company. The cable reads:

"Reached oil at 2265. About thirty gravity. Will know in about a week the capacity of the well. Prospects very favorable." The Humauma proposition was largely financed with local capital and the stock is widely held throughout the islands. As an assessment of four cents a share had been called on the stock many of the stockholders were rather dubious, though enough of them backed the proposition to prevent any delay of the work. The well of this company is a pioneer of the section in which it is located, and striking oil of high gravity is considered an assurance that the lands of the corporation may be held at a high figure for further operations.

TENDERS FOR OHIA PAVING

Tenders for the paving of wharf No. 1 were opened by the board of harbor commissioners this afternoon at their meeting. The various bids were taken up for consideration in committee of the whole.

The Honolulu Draying & Construction company asks \$8,800 for the job and undertakes to do it in 130 working days.

L. M. Whitehouse put in a figure of \$5,995 and will also carry it out in 130 working days.

The Concrete Construction company asks \$5,095 and will finish it in 125 working days.

George E. Marshall is the lowest with \$7,350 and a hundred working days.

PERSONALITIES

DEPUTY COLLECTOR JOHNSTON
has been confined to his home for a
few days with a severe attack of den-
gue fever.

VICTOR A. NORKAARD, Territo-
rial veterinarian was among the arri-
vals in the Matson Navigation steam-
er Lurline this morning.

MRS. F. A. RICHARDS, a vaude-
ville performer, will soon open an en-
gagement with one of the independ-
ent theatres in this city.

T. J. KING, President of the Cal-
ifornia Feed Company, was a return-
ing passenger in the Matson Naviga-
tion steamer Lurline this morning.

W. S. FLEMING, formerly of Ho-
nolulu, now of Shanghai, passed
through on the Persia. He is now a
prominent practicing attorney in the
Oriental city. He may return to Ho-
nolulu.

MRS. CLIFFORD E. MAYNE, wife
of the well known Heanani Boat Club
director, was numbered among the
passengers returning from the main-
land in the Matson Navigation steam-
er Lurline this morning.

MR. ERNEST WALKER, a vaude-
ville performer, who is well and fa-
vorably known on the China coast and
Far East as on the mainland was an
arrival in the Lurline this morning.
He will connect with one of the sev-
eral local theatres.

JAMES B. McSWANSON, of the
Bulletin staff, having completed an
extensive tour of the mainland,
taking in the large Eastern cities, re-
turned in the Matson Navigation liner
Lurline this morning. While away
Mr. McSwanson spent some time in
Washington, New York, Boston, New
Orleans and also visited along the
Pacific Coast.

CARSON TAYLOR, publisher of the
Manila Daily Bulletin, one of the in-
fluential morning papers published at
the Philippine capital was a through
passenger in the Pacific Mail liner
Persia, which called at Honolulu this
morning. Mr. Taylor accompanied by
his wife and family, are returning to
the islands after a year spent on the
mainland on business and pleasure
bent.

ROBERT McGREER, a well known
Pacific Coast theatrical man was a
passenger in the Matson Navigation
liner Lurline this morning. Mr. Mc-
Greer comes here to open up an in-
dependent film exchange. He will
also superintend the construction of
a new theatre in this city which will
be ready for business within a very
few weeks. While on the mainland
Mr. McGreer visited all the important
theatrical booking centers and has
secured a fine line of talent for the
new play house.

LOCAL AND GENERAL

The Bishop Trust Company filed
an inventory of the estate of the late
Mele Hips in the Circuit Court this
morning.

John W. Cathcart has filed his ap-
peal against the verdict given Geo. S.
Curry, trustee, in the Honolulu dis-
trict court.

An appeal in the case of C. H.
Brown against Blanche Martin was
filed in the Circuit Court this morn-
ing. The decision was given in favor
of the plaintiff in the Honolulu Dis-
trict Court.

The respondents in the case of J.
A. Pankki (w) against S. M. Spencer
and A. K. Spencer, have been granted
until September 23 to answer the bill
of complaint. Kinney, Prosser and
Anderson appear for plaintiff and E.
C. Peters for defendant.

The Bishop Trust Company filed an
answer in the Circuit Court this
morning in connection with the case
of Fred Sackwitz against Elizabeth
Goodwin, C. F. Sackwitz and the Bis-
hop Trust Company. Complainant is
contesting the will of his late wife.

G. G. Guild has applied for his na-
turalization papers, the application be-
ing put in yesterday. He is a native
of Edinburgh, Scotland, and was born
in March 13 1873. He arrived in New
York in 1898 and declared his inten-
tion of becoming a citizen on July
11, 1904 at San Francisco, Cal.

HAWAIIAN SUGAR

RECORDS RISE

Only the paying of the extra divi-
dend of \$3 announced previously by
the Hawaiian Agricultural company
featured the local stock market to-
day. Business was dull and stocks
inclined to go back a little, the de-
mand being anything but lively.

Hawaiian Sugar recorded a rise
from \$15.50 to \$16, twenty-five shares
being sold at the advance. Hawaiian
Commercial sold at \$40.50 between
boards, and Olan six per cent bonds
sold at \$94.75, a quarter-point ad-
vance.

Spoke Overdue Italian Bark.

Captain Scholtz, of the Kosmos
steamer Ostris, at San Francisco on
August 20, reported having spoken
the Italian bark Pasqualino, which
was dismantled recently off the east
coast of South America. The vessel
has since been reported as having
sunked near Montevideo and to have
sunked her voyage from Pensacola to
Buenos Aires.

Seek Improvement in P. M. Cuisine.

A through passenger in the Pacific
Mail liner which continued the voy-
age to Japan ports and Hongkong at
eleven thirty this morning, was V.
Moroni, the traveling chef and in-
structor in matters gastronomical,
who has been in the employ of the
Pacific Mail company for some months
past making a general inspection of
the several steamers operated by the
company. Chef Moroni is now pro-
ceeding on a second trip to Hongkong.
He will pay a visit and remain for
some little time on Pacific Mail
steamers as he meets with them in
Far Eastern waters. While no radical
changes are promised, it is the mis-
sion of the traveling instructor to
strive for a general improvement in
the cuisine.

The Persia arrived at Alakea wharf
shortly before seven o'clock last eve-
ning, leaving two passengers for this
port. The Persia carries a large
through list, made up of a number
of missionaries going out to fields of
labor in China and Japan. The mis-
sionary travelers include Rev. W. J.
Hanna, wife and son, Rev. J. Meikle,
Rev. W. A. Robert, wife and two chil-
dren. Others on the Persia are Miss
Florence Guppy of San Jose, who is
on her way to accept the position of
instructor of music at the University
of Tokio; Mr. and Mrs. Earl Johnson,
Mr. and Mrs. Carson Taylor, Miss L.
R. Fitzhenry and Mrs. M. Bogard. The
Persia is carrying a good sized cargo
of general merchandise.

Lurline Brought Big Saw Mill.

On the forward deck of the Matson
steamer Lurline was carried heavy
material to be incorporated in the con-
struction of a saw mill over on Ha-
waii. The Matson steamer also ar-
rived with some twenty-four head
horses and mules in fine condition.
Fifty-nine cabin passengers left the
vessel upon coming alongside the
Hickfield wharf shortly before eight
o'clock this morning. Purser Warren
reports a fine trip down from the
coast. The passengers included a
number of tourists. Several vaude-
ville performers are to open engage-
ments with the local amusement com-
panies.

The Lurline is expected will sail
for Kahului on Friday evening but
before that time there will be \$800
tons general cargo discharged. The
bulk of the freight consists of feed
and forage for the local quartermas-
ter department.

Three hundred and seventy tons
freight will be left at Kahului.

Schooner Prosper Arrived at Hilo.

The American schooner Prosper,
twenty days from Grays Harbor is re-
ported to have arrived at Hilo at the
time of departure of the Inter-Island
steamer Claudine for this port. The
Prosper was lumber laden and her
master reports an uneventful trip.

Purser Kibling of the Claudine re-
ports smooth seas and light winds
along the coast of Maui and Hawaii
but in crossing the channel the wind
freshened to considerable extent and
some rough weather was met. The
Claudine brought a cargo consisting
of scrap iron, a quantity of empties,
12 horses, 15 bales hides, 47 sacks corn,
11 crates chickens, 22 cords wood,
115 eggs and 154 packages sundries.

But Little Sugar Remains on Kauai.

On arrival of the Inter-Island
steamer W. G. Hall from Kauai ports
this morning, Purser Logan reported
but little sugar remaining at Garden
Island ports of call. The Hall return-
ed with a fair list of passengers and
freight including 5488 sacks sugar, 50
sacks taro, a lot of empty drums, 20
crates coconuts, one horse, a ship-
ment of scrap iron and 48 packages
sundries. The vessel met with fresh
trades and rough seas and moderate
winds.

Manchuria Has Room for Many.

One hundred and twenty-five pas-
sengers can be accommodated in the
Pacific Mail liner Manchuria which
is en route from Japan ports and due
to arrive here on September 28th. At
the office of H. Hickfield and Com-
pany there are about fifty applicants
for transportation in this large and
commodious vessels. The Manchuria

has 1258 tons cargo for Honolulu. The
Pacific Mail liner sailed from Yoko-
hama yesterday.

S. C. Allen in With Lumber.

The schooner S. C. Allen from Fort
Bragg with a shipment of lumber to
the agency of Allen and Robinson
was brought inside the harbor this
morning in tow of the Matson Naviga-
tion tug Intrepid. The Allen
brought in the neighborhood of 700,
000 feet of lumber for this port.

Mail for the Colonies.

The British freighter Belle of Ire-
land will take mail destined for
Australian ports. The vessel is ex-
pected to get away for the Colonies
this afternoon.

COURT FILINGS

Filings of documents in the Supreme
and Circuit courts up to noon today
are given below.

The letters shown after the time of
filing are used for indexing purposes
and mean as follows: D, divorce; E,
equity; L, law; and P, probate. The
figures are also for reference.

RUGER'S GUNS

HIT THE MARK

Seventy-five per cent hits is the
record made by the Fort Ruger guns
in the practice yesterday, according
to the data so far received by Major
Timberlake, of Fort Ruger. Accord-
ing to the figures there were six hits
out of ten shots, a hit meaning a
shot falling within a fifty-yard radius
of the target. In other words, had
the guns been fired at a battleship,
six of those big projectiles would have
hit their mark.

The practice on the whole is con-
sidered satisfactory. No accidents
were recorded, although the delay was
considerable and the final ten shots
at a moving target were not fired
until the middle of the afternoon.

Judge W. J. Robinson this morning
granted Carl Hassenritter a divorce
from Lydia Hassenritter.

M'GREER BACK

WITH PICTURES

With the arrival of the Lurline this
morning a new enterprise to this city
becomes an assured fact. Robert Mc-
Greer, who has been interested in sev-
eral theatrical ventures in Honolulu,
returned by the Lurline and brings
some two hundred moving-picture
films, which he claims are the latest
products.

He represents the Independent Mov-
ing Picture Company of the States,
and as Honolulu has never seen any
but syndicate films, an exhibit of his
pictures will be watched for. McGreer
promises his pictures will arrive in Ho-
nolulu four weeks after their release in
New York and will include animated
views of interesting events, such as the
recent coronation of King George, the
Gatch-Hackenschmidt wrestling bout,
etc., that there will be no repetitions,
nor will films many months old be
sent here.

Although he has secured the con-
tract to furnish the theater now in
course of construction with films, he
is making an effort to secure a suitable
theater, other than one of the com-
bine's houses, for an immediate open-
ing, and brings two vaudeville acts to
break the monotony of a long moving-
picture program. The vaudeville will
be composed of classic and Oriental
dances by a Miss Eva Rowland, and a
juggling and acrobatic act.

With competition in the field, per-
haps the class of moving pictures will
improve.

FREIGHT RULES

SATISFACTORY

Final action on the proposed freight
rules for the harbor of Honolulu is
the matter before the harbor commis-
sion at its meeting this afternoon at 2
o'clock. Members said this morning
that the rules as published several
days ago, which correspond closely to
those advocated by the joint com-
mercial bodies, will probably be adopted.

Change is probable, which will
modify the rule regarding freight com-
ing to Honolulu from other parts of
the world and destined for other is-
lands, or, briefly, freight for tranship-
ment here. Inasmuch as such freight
must arrive here a day after an island
steamer left for its destination, and
another steamer might not leave for a
week, it is considered advisable to al-
low more leeway in handling freight
under this regulation.

Col. Jones, adjutant general of the
National Guard, has recommended
that if possible, arrangements be
made for Company A, Second Infan-
try, to act as the model company for
the island guard maneuver
camp which are now being held.
Company A is the model company at
Camp Macdonald, where the Oahu
Guardmen are now in camp, and may
be to Maui and Hawaii for a similar
purpose.

Edward Sewall Makes Smart Passage.
The American ship Edward Sewall
has added another smart passage to
her record. The Sewall was report-
ed as passing the Winter Quarter
lightship on August 23. She sailed
from Honolulu, sugar laden, on May
10 for Philadelphia and thus has
made a fast passage. The vessel is
under the command of Captain
Quick, who has had her for years.

Consumption Cured

The sincere words of praise of Mrs. Antonia Gomez, who was cured after
she had given up all hopes of recovery, are certainly encouraging to
all sufferers from consumption and other throat and lung troubles,
and to all those in a weak, rundown condition.

Glad Mothers

once childless, now happy and physically well, with healthy children, will tell how Lydia E. Pinkham's Vegetable Compound made all this possible. Here are their names and correct addresses. Write them and learn for yourself. They are only a few out of thousands.

tending factions would commit depredations in the Canal Zone, thereby compelling the United States to intervene and restore order. It was realized that one or two men could slip across the border with a few sticks of dynamite and damage the locks of the canal, or some other important section, in such a manner as to cause enormous loss, and possibly prevent the opening of the canal on time.

Because of the warning given, and for the reasons indicated the President and other high officials determined to take no chances on a revolution in Panama. Orders were immediately issued sending the Tenth Regiment to the Zone, with instructions to protect the waterway from damage. The movement will doubtless prove unpopular to residents of Panama.

It is further understood that Secretary of War Stimson heard rumors of the impending political troubles during his recent visit to the isthmus. He was prepared for definite announcement of an intended revolution. His advice was largely followed by the President in sending regular troops so many months ahead of the time originally contemplated.

UNREST NOW IN THE CANAL ZONE

WASHINGTON, D. C., Sept. 6.—A military garrison is to be established on the Panama Canal, owing to unsatisfactory political conditions in the little republic of Panama, and the Tenth Infantry, which has been stationed at Fort Sam Houston, Tex., is expected to sail for Colon from Galveston the latter part of next week. It is said to be the intention of the War Department to send additional troops to Panama as soon as barracks can be provided for them.

It is asserted in diplomatic circles that a crisis in the affairs of the republic may occur this fall, when the presidential election takes place.

It is said that the Tenth Infantry is being sent to the Canal Zone as a precaution against the possibility that a revolutionary outbreak might occur during the coming presidential campaign.

The twelve companies of coast artillery will not be ordered to the isthmus until the fortifications have been completed.

New Fall Goods by every steamer SACHS

COURT TO PASS ON KUKUI CASE

(Continued from Page 1)

ducted by representatives of the Steamboat Inspection Service. The officials have no desire to deny blame for the collision or seek to evade responsibility for the accident, which caused the deaths of seven sailors. They merely want the Court of Claims to pass on the conflicting statements made by the crew of the Kukui and the veteran captain of the schooner.

Findings Not Presented.

For this reason no findings will be presented to the Court. Although those making the investigation reached the conclusion that the tender Kukui was to blame for the collision, that opinion will not appear on the documents filed with the tribunal. Nothing will be offered by the Government but the sworn testimony of all those present at the time and who lived to relate their impressions and experiences. The findings were returned for the sole information of the authorities. They will not be made a part of the permanent record.

It is expected a bill will be introduced when Congress reassembles granting permission for the owner of the Mei Wahine to bring suit for the schooner and cargo. Delegate Kanihiohale has thoroughly examined the matter here and was furnished with a transcript of the testimony taken during the investigation. It is believed he will present and press the bill necessary as a preliminary to the beginning of litigation. Deputy Commissioner Conover, of the Bureau of Lighthouses, said with the utmost frankness that if this branch of the service was at fault he was ready to have the matter adjusted in the Court of Claims. He said no other basis of settlement could be arranged. He has not been notified of any intended action by the parties interested.

STIMSON'S VISIT MAY DETERMINE LOCAL PLANS

(Continued from Page 1)

Among the army people and the Territorial authorities this plan is regarded as one of the most important to Honolulu's future ever considered by the Federal government. With Secretary Stimson on the ground and getting first-hand knowledge, the negotiations would be greatly hastened. His visit would also probably settle the question of the uptown barracks site, now desired by the Territorial government for the National Guard armory and which has already been the basis of considerable negotiation.

Capt. Henry R. Carter, the noted Marine Hospital Service man, who was the right-hand man of Colonel Gorgas in the great work of sanitation at the Panama Canal, will also be in Honolulu in the next few weeks, and it is pointed out that his opinion as to the sanitary features of the plan, which have been given much emphasis, will be of weight.

Former Governor George R. Carter, chairman of the sanitary commission, will be returning to Hawaii from his hurried trip to the mainland about the same time, and, as he is a personal friend of the Secretary of War, a colleague and a classmate—Yale '88—it is not a bad bet that the ex-governor and Stimson might come here together.

Although details of Stimson's plans have not been made public, it is expected that he will be here after December, as his visit seems to be timed so that it can be completed before Congress opens and he will be in a position to make such recommendations for legislation as he deems necessary.

BUILDINGS ARE PROMISED EARLY

(Continued from Page 1)

nied by War Department officials, who say no work will be done at that station in the immediate future.

The error probably arose because of the improvements under way at Fort Ruger, where the Quartermaster's Department is constructing two permanent barracks and seven permanent officers' quarters. The work is not being done under contract, but the building operations are being handled by the Quartermaster's Department. The barracks will house the artillerymen now at Fort Ruger in temporary quarters. They will be of cement construction. All the work is being done by day labor.

Officials here estimate that the entire improvement work now progressing at Fort Ruger will not exceed \$150,000.

Not Idle Talk

As the old saying goes: "The proof of the pudding is in the eating thereof"—and thus we refer to our showing of

ALFRED BENJAMIN CLOTHES

for Fall wear. The assortment of styles, patterns, and colorings are large and well selected; the fit and workmanship are up to our usual standard. We guarantee every suit to wear and retain its color.

Let us show you what values we offer in this famous make of clothing.

not with power to act. Mr. Mayor, I am a member of that committee, but I don't know what's going on at all. Mr. Low tells about this arrangement, but I don't know anything about it. How do we know how long the school will be allowed to stay there? Uncle Sam will get the land and then the Hawaiian Dredging Company will have to give it up and the school will go off."

Low then arose and pointed out with withering sarcasm that "any intelligent man" ought to know what had been doing on, but he proceeded to explain again in words of one syllable. "As for the schoolhouse staying there, Uncle Sam has nothing to do with it," he said. "As a matter of fact, the land belongs to the Bishop Estate, with which I understand Mr. Amama is himself connected. It is leased to the dredging company. If anybody gets it, it will be the Bishop Estate." Amama wanted the matter referred to the committee without power to act, but there was no second to his motion and the committee was finally given "power to act," whatever that is.

HAND CONCERT.

The Hawaiian band will play this evening at Aala Park. The program follows:

March—The Gladiators Euclid
Overture—Light Cavalry Suppe
Sextet—Lucia Donizetti
Selection—The Valkyries Wagner
Vocal—Hawaiian songs, ar. by Berger
Selection—Scottish Melodies Titus
The Little Toy Soldier Wornich
March—The Juggler Loew
The Star Spangled Banner.

Representatives from the new government of Haiti, giving assurance of its respect for its international obligations and the interest of foreigners, were received by the State Department.

WEDNESDAY SEPTEMBER 20, 1911

See every day takes out a patent for some new invention. — E. P. Whipple.

Discovery of bedrock, in a harbor ship, two or three feet higher than it ought to be, is a reminder of the days of the best government on earth.

Sometimes people who discuss suspension of the laws passed for the protection of American shipping, talk as if they stood for "tariff for our purposes only."

What Hilo should tell is, how many clear-cut promises the Governor has made regarding matters on which Hilo is most anxious to secure an opinion and action.

European turmoil let up enough to call it a summer vacation and now starts in with a record of events that makes the heads wearing crowns lie more uneasily than ever.

The man who "sees the President" while he is on his tour of the country has less chance than a mosquito of making a permanent impression on the Chief Executive's memory.

It would be interesting to know what Honolulu is waiting for before it wakes up to outward demonstration of its realization of an exceptionally prosperous present and assured future.

Superintendent Pope gratifies the people when he says that he expects all the children to be cared for in the public schools. More houses are needed. There's no doubt of it. Efficiency of public servants is shown however when all are accommodated despite the handicaps.

As usual, it is impossible for the Advertiser to appreciate the difference between a plain dispassionate statement of public opinion when dealing with the personal conduct of a public official, and the vicious, untruthful and grossly libelous stuff with which it assaults any public officer whom the morning paper combination does not like.

Maine's majority in opposition to Prohibition as cast in the cities was twelve thousand votes. The vote of the country cut that majority down to twenty-six. This means that under the new regime, the cities will continue wet, and the government receive the legitimate revenue, while the country will remain dry, and be drier indeed than under the Prohibition farce.

Householders should realize that the primary purpose of the sanitary survey carried on by the Board of Health is to save lives and protect the property of the people of Honolulu. To fail in rendering prompt and willing assistance is to assume a responsibility that is more serious than the average man might believe at first thought. The sanitary survey is good business. It is money in the pocket of the people, should they be unable to figure it out from the standpoint of sanitation and general public welfare.

Banker Henry Clews gives the following blessed assurance on the tariff in his latest circular sent out from New York: "With the adjournment of Congress there is a welcome cessation of the tariff."

EVENING SMILES

The summer girl ventured out beyond the life line and was caught in the undertow.

A middle-aged man, who was standing on the beach, rushed to her assistance.

Just as he reached her side she went down for the third time.

Grabbing her by the neck he hauled her to the surface of the water and shouted:

ation of the agitators and investigations which have so long harassed the business world. Congress will not reassemble for another three months, during which period we shall have a rest from useless and irritating political meddling. There are signs of a reaction in the latter respect. Politicians in some sections of the country are awakening to the fact that the driving of capital into hiding by persistent attacks throttles enterprise and thus augments trade depression and the number of unemployed. Capital is necessary to the quickening of industry, and it would not be surprising if some of the States took the lead in moderating present unduly repressive legislation, especially in the South and Far West. When Congress opens there will of course be much talk about the tariff. The fact that it is the best available political asset makes that discussion inevitable. It is not likely, however, that there will be any serious readjustment of the tariff until after the next Presidential election. In all probability the tariff will be the burning issue in the coming gubernatorial campaign. There will be much talk and little action."

SAN FRANCISCO AND THE FLEET.

Honolulu of course bows to the superior wisdom of the Navy Department and the excessive pull of the city of San Francisco in accomplishing the change of orders for the Pacific fleet.

It was hardly a matter of competition between cities. The ships were not ordered out for practice at the suggestion of Honolulu, therefore the disappointment we suffer is not as keen, in one sense as it might be.

On the other hand citizens other than those residing in Honolulu cannot fail to experience a feeling of chagrin at the showing made.

On the face of it, a practice cruise involving an attack on this island and its defense by the forces here stationed—the first practical work of this character ever done in these waters—has been postponed indefinitely in order that the warships of the nation may participate in a parade, while the men dance and attend to other social details of a civic function.

That isn't the purpose for which we in this benighted section of the world thought the navy was created.

BUILDING AMERICAN SHIPS.

Though as the San Francisco Examiner says we have two oceans without American ships, seven seas without sailing vessels and the coastland canal in the world without a merchant marine, it is good to know that private enterprise has by no means deserted the transportation business of American ports.

"The Atlantic and Pacific Transportation Company, with a capital of \$15,000,000, was incorporated at Trenton last week. The company is planning the construction of fifteen speedy, modern steamers, and will be the first bidder for the new Government mail service between New York and Colon, New Orleans and Colon, San Francisco and Panama and Seattle and Panama. There will be 4,200,000 tons of traffic when the canal is opened, and the new company will bid for it. Its enterprise deserves every generous consideration."

"Behind the new enterprise stands Bernard Baker of Baltimore, a millionaire and commercial statesman, who has been working on the plan for years, and whose genius and energy ought to make him richer and more famous. Mr. Baker discovered on a visit to the Isthmus that the Transcontinental Railroad pool had been paying more than \$1,000,000 a year to the Panama Railroad to suppress competition, and the railroad fulfilled its contract by refusing to build its line to deep water. The matter was brought before Congress."

"Mr. Baker is one of the men who do things—great things—and richly deserves the fruitage of them."

Such an aggressive transportation organization will not ignore Honolulu, but we feel certain that it will require the assurance of continued protection.

JAPANESE PUPILS HUSTLED AHEAD

(Continued from Page 1)
statement that the former are getting into the school where the Hawaiians are not. This is entirely a matter of hustling, however, and not owing to any plan on the part of the teachers.

"I have seen myself the way in which the two peoples work. Every Japanese boy will have his father with him, who will push him into line and do all that he can to see he gets his name entered. The Hawaiian children, on the other hand, generally have no one with them and are playing around the yard while the Japanese are being registered."

"I have heard nothing further from any of the schools on the other islands and so conclude that everything is all right there. I was just going over the matter of benches and find that we want about three hundred more for Oahu. Otherwise matters are quiet."

BITHULITHIC IS FAVORED

(Continued from Page 1)
of Fort street and has been found not wanting. The pavement has been subjected to a lot of traffic and a severe test.

"I fail to see where we will gain in the long run by trying out another brand of pavement which I hear has not proved a success on the mainland."

The local bithulithic company have a plant at Iwili which is claimed ready for immediate operation. It is believed that with this end in view the company was enabled to offer a bid calling for the completion of the work within two weeks time, while rival concerns were obliged to stipulate a much longer period to carry on the work.

The road committee including Chairman Samuel Dwight and members Low and Arnold are expected to meet and pass upon the various bids at a special meeting called for tomorrow night.

OBJECTS TO TREATMENT HANDED OUT BY HUSBAND

Abusive treatment, epithets too filthy to be inserted in the libel and threats of being killed are the main causes of complaint which Rose Maria Kanae has against John Peter Kanae, in her action for divorce which was filed in the circuit court this morning.

She alleges that within the last eight months John Peter has taken to drinking and that during such times as he looked upon the wine while it was red, he used to divert himself by abusing her and calling her names that are not fit for publication.

Further than this when he had a joy night he would go to other houses and on returning would charge her infidelity. During last month he took a knife and stated that he would kill her.

As a further amusement he beat, bruised and wounded her and also tore and set fire to her clothes, so frightening her that she was compelled to leave the house and stay with her sister. That also during the last month he has been guilty of a statutory crime.

There are two children, a boy two and a half years old and a baby girl nine months old.

Further evidence was taken this morning in the case of C. H. Hal, the Korean, who is before Judge Henry E. Cooper and a jury, and who is charged with murder.

Land—Puupueo Manoa Valley

The leading home-builders are buying their homestead lots in the suburbs. There are reasons why—health, mainly; then more beautiful surroundings; then more room about the house and no more of that "cooped-up" feeling that comes with living in the tricky-settled parts of town.

We are offering lots in the land of PUUPUEO varying in area from a half acre up to any size you may suggest, and ranging in price from \$1300.00 up—according to the size of the lot you may select.

These lots have all the advantages of a downtown location, with the added features of a lower temperature, beautiful view, best of neighbors and no unsightly part of the city to travel through on your way to and fro.

FOLLOW THE LEADERS! and secure a piece of property that is steadily advancing in value and at the same time giving you an opportunity of living in the best part of the city.

Let us show you that this is true.

MANY PROBLEMS LOOKED INTO BY FREAR

(Special Bulletin Correspondence.)

HILO, Sept. 19.—The recent visit of Governor Frear to this city has been one of the most interesting since he has been in the executive position and apparently will bring results which should be of great benefit to this section. The luncheon given last Friday, under the auspices of the Hilo Board of Trade, was a great success and a number of matters were brought up for action on the part of the Territory. Governor Frear expressed himself as being very much pleased at the frank way in which the various subjects were brought to his notice. The Governor left this city by the 7 o'clock train on Monday morning, planning to spend considerable time visiting the homesteads in the vicinity of Hakala, concerning which there has been a good deal of trouble, and then continue through to Kohala, taking the Manna Kea from Mahukona on Friday and returning direct to Honolulu.

Looks into Armory Site.

The Governor, accompanied by Attorney-General Lindsay and Land Commissioner Charles Judd, arrived Thursday evening and early Friday morning started to look into the question of the Armory removal. The present site and the two proposed sites were all visited, Governor Frear expressing an opinion to the effect that of the two last mentioned, that opposite Mooheau Park was the one to be preferred. He did not, however, give an indication in regard to the position which he would take as regards the move to keep the armory in its present place.

Friday afternoon was taken up mainly with the Board of Trade lunch and talks with various Hilo citizens. On Saturday morning, Governor Frear accompanied by Attorney-General Lindsay and Land Commissioner Judd, Federal Expert Pierce and L. S. Conness, visited the upper falls on the Waialuku River, taking up the matter of a license for water power to be used on the proposed Hilo electric railway. On the way back the party stopped to look at a number of lots asked for by Hawaiians under the preference right clause of the land laws.

Saturday afternoon was taken up with work on the Waialakea land proposition, Governor Frear going thoroughly over the situation with Senator John Brown and also with Manager Kennedy of the plantation. In addition to this a number of preference rights asked for in the vicinity of Reeds Bay were taken up. Among these were the claims of R. T. Guard, John Bohnenberg, Otto Rose, Miss Ivy Richardson, John Scott, Otto Reinhardt and Luther Severance, the last named claim being beyond the breakwater.

Another matter which was taken up early in the visit of Governor Frear was the matter of the acquisition of the Scott and Mason lots for the site of the new Hilo Union school. Chairman Horner of the Loan Commission accompanied the Governor on this visit and it was definitely decided that the lots must be obtained before the building is erected. Whether this will be by purchase, condemnation or exchange is a matter which has not been decided.

Luncheon to Frear.

The luncheon given under the auspices of the Hilo Board of Trade was very successful, the following being the guests of the organization: Governor Frear, Attorney-General Lindsay, Land Commissioner Judd, Chairman Lewis of the Board of Supervisors, Auditor Maguire, County Clerk Kal, County Attorney Beers, Sheriff Pua, Treasurer Swain, Senator John Brown and Governor John Baker. A number of others were present being the personal guests of members of the Board, including Messrs. Pellar, Harry Irwin, Fred Irwin, Webster Stone, Clowes, Levi Lyman, Ernest Moses, Kluegel, Wise, Horne and Vi-cars. The introductory remarks were made by President Elliott, who presided and in a few short witty sentences, called attention to the fact that often Governor Frear slipping into Hilo and out again without an opportunity of seeing the people or being seen and that therefore a com-

spiracy had been arranged to bring him before the business men that they meet him and talk to him before he could get away.

On Sunday the Governor and party, with about fifty local people, were the guests of the Hilo Railroad on an excursion to Puna. Superintendent Filler was in charge of the party, which made the excursion in a special train, leaving Hilo at 9 o'clock and returning shortly before 5 in the afternoon. The first stop of any length was made in the lava flow of 1842, a number of the party getting off to pick ohelo berries. The trip through on the extension to Kawili was then made where the party was allowed about twenty minutes for a look at the Cant and Bolle lumber mills, after which the train returned to Kapoho. There a delicious lunch had been prepared at the Henry Lyman home, after which trips were made to the Warm Springs and the Green Lake. The Governor and a number of others were taken to various points of interest by Mr. Lyman in his auto before returning to Hilo by train.

An Ideal Milk Depot

No city in the world has a more up-to-date and more sanitary equipment for the handling of milk than has this association.

Very few cities can boast of anything nearly as good. We furnish good, pure and absolutely safe milk.

Tickets on sale at M. A. Gundt's Cigar Store from 1 p. m. Saturday to 11 a. m. Sunday.

By the incoming mail this morning Mr. Otto Gertz received a hearty letter from Mr. Milo M. Potter, president of the Potter Hotel Co., one of the most noted hotels along the California coast, situated at Santa Barbara.

In the letter the Potter hotel management extends a hearty invitation to the St. Louis College team and the boys will be the guests of the hotel as long as they wish to stay there.

Arrangements for the team to make a trip to Santa Barbara are going ahead well and the team will meet the Santa Barbara nine while there, for which the Potter Hotel will put up a cup to go to the winning team. President Potter claims in his letter that the people there will make the Hawaiian team feel at home while being the guests of the Potter Hotel and make their stay a memorable one. He assures the team that the people there will treat the visitors in such a manner that they will want to make another trip the following year.

This is good news to the local boys and they are very much encouraged. The team will no doubt be treated well wherever they go and as the arrangements for making the trip to the Potter Hotel will be complete soon it looks as though invitations from other towns will be coming over. The team accepts the invitation of the Potter Hotel Co. and wish to extend their thanks for interest shown by the popular hotel in the local team's trip.

A meeting of the sanitary commission, the first in some weeks and the first under the acting chairmanship of C. R. Homerway, has been called for tomorrow afternoon at 4 o'clock in the Chamber of Commerce room, Stangenwald building.

The tentative arrangements with the Board of Health by which inspectors are to make this sanitary survey for the commission are to be discussed and probably confirmed. While no definite estimate of the expense involved has been made, Governor Fearr has intimated that the emergency fund will stand good for an amount up to approximately \$2000.

Food Commissioner Edward B. Blanchard returned from his flying trip to Maui this morning. He found conditions over there very much better than he expected and is pleased with the general result.

"Of course," he said this morning, "there was some of the stuff that was bad, but this was only to be expected. Taking the stores right through, I found things much better than I had anticipated. I think that the publicity given to the shortcomings on Hawaii have made the Maui people realize they must conform to the law, and they are doing it well.

"I went away suddenly and without giving them any chance of a warning, and I do not think that any special efforts could have been made. Things appeared to be just normal."

D. Nichol, the man who is supposed to have stabbed another at Fort Shafter, pleaded not guilty this morning in the United States District Court before Judge Charles F. Clements.

The collecting of evidence in the Celtic Chief case was continued this morning when Attorney Olson had J. M. Dowsett on the stand. The evidence was all along the lines that connected with the details of the have been brought out before and is salvage.

Preak religionists Rebecca Ullil and D. M. Knull, married by George K. Ewaliko and who were handed over to the Federal authorities yesterday, waived the commissioners' examination this morning and were bound over for the October term. Ewaliko was also bound over to face a charge of refusing to certify as to a marriage ceremony.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair for you? Is there any reason why you should hesitate to put our claims to a practical test?

That there is a growing business in the sale of land and property generally besides other matters that have to be registered at the bureau of conveyances, is shown by the fact that the monthly returns have increased by about forty per cent.

Final arrangements have now been completed for Bishop Restarick to dedicate the new Y. M. C. A. building on October 11. This was the date set down under the latest schedule and now that definite information as to when the building is to be turned over is available, Secretary Paul Snor clinched the matter with the bishop.

This will only be one of the many ceremonies which are scheduled to happen between October 8 and October 16. It will be one of the most important, however, and the Y. M. C. A. folks feel fortunately in securing Bishop Restarick.

ATHLETICS TAKE BIG LEAD

Three Teams In Close Run for
Championship in National
League.

The Chicago team, champions of last year in the National League, are being led down by the New York aggregation at present, and it will be a close contest for first honors. The Athletics are still holding their own in the American League and have a good chance of taking the series.

Chicago is keeping right at the heels of New York in the National League, and it will be a fight to a finish between these two teams for the remainder of the series for first place. Pittsburgh is still in the running, but it is very doubtful of her being a topnotcher. In a few weeks from now the series will close, and the leaders are winning every game possible.

Vernon is still leading in the Pacific Coast League, and she has a clinch on the championship of the series. Portland has dropped a few points of late.

The standings of the three big leagues up to September 13 were as follows:

| American League. | | | |
|------------------------|----|----|------|
| | W. | L. | Pct. |
| Philadelphia | 87 | 45 | .659 |
| Detroit | 80 | 52 | .606 |
| Cleveland | 69 | 62 | .526 |
| New York | 70 | 63 | .526 |
| Chicago | 66 | 67 | .496 |
| Boston | 65 | 68 | .485 |
| Washington | 55 | 78 | .414 |
| St. Louis | 38 | 95 | .286 |

| National League. | | | |
|------------------------|----|----|------|
| | W. | L. | Pct. |
| New York | 79 | 46 | .632 |
| Chicago | 77 | 48 | .616 |
| Pittsburgh | 76 | 56 | .576 |
| Philadelphia | 69 | 58 | .543 |
| St. Louis | 66 | 62 | .516 |
| Cincinnati | 59 | 70 | .458 |
| Brooklyn | 51 | 75 | .405 |
| Boston | 33 | 95 | .258 |

| Pacific Coast League. | | | |

| Sacramento | 72 | 96 | .444 |
| Los Angeles | 70 | 98 | .417 |

'FRISCO TEAM COMES OCT. 14

SAN FRANCISCO, Cal., Sept. 12.—Manager Henry Heilmuller of the Olympic club baseball team yesterday announced that the winged O nine would start for Honolulu October 14 to play a series of games against the local amateur teams in the Islands.

Accompanying the baseball team will be a team of track and field men from the club, who will compete in the first big meet held at Honolulu under the auspices of the Hawaiian branch of the Amateur Athletic Association of America, which has just been organized.

The baseball team and track team will total sixteen men all told, some of the track team also being members of the baseball nine. The men to make the trip have not yet been announced, with the exception of Captain Pete Gerhardt, Sam Bellah and Ralph Rose, who are sure to go. The baseball team is to play six games, two against the champion Chinese team of the Islands, two against the Hawaiian team and two against the American team.

Track and field athletics in the Islands have taken on a great boom lately, and the whole population is interested in these sports. The newly-organized branch of the Amateur Athletic Association of America has the sports situation well in hand, and a large number of athletic clubs have been formed and some spirited competitions have been held. Among the best athletes of the Islands are several Chinese, and these men are looked on to give the Olympic club stars strong competition in the various events.

The Japanese who is promoting the fifteen-mile race to be held at Kahala next Sunday must be a great sport. He has paid the passage of the three runners from Honolulu and return, and pays for their lodge while on the Valley Island, besides this giving them a percentage of the gate receipts.

Another player of the Hawaii team is to be missing next month in Manager Heilmuller, who goes to the coast for a pleasure trip. Doctor believes his team will win the championship of the series.

PROFESSIONAL

FOREIGN

INDOOR BASEBALL TO START SOON

Boys Settle Down and Clubs
Will Get Busy and Elect
Officers for the Year.

The Y. M. C. A. indoor baseball team is practicing every Tuesday evening, and last night was its second turnout. A big bunch of candidates was on hand. The boys are to play an exhibition game on the athletic night to be held in the new Y. M. C. A. building. The team is composed mostly of last year's players.

M. Ferreira and George Dwight will form the battery for the team this year, as they will be hard to beat. K. McGuire and Pat O'Sullivan are holding down positions in the field.

The Y. M. C. A. team will be a strong one this year, and the other club teams will have to work hard in order to beat it. A meeting of all the club members will be held within the next two weeks to arrange for an indoor series of baseball, to be played between teams of the different boys' clubs of the city. The Kaulawela Club holds its first meeting since school closed last June tomorrow night at its clubhouse, and the question of whether or not an indoor baseball team will be formed to play in the series is to come up.

The Kaulawela Club, which has a good bunch of sports, is ready to put in a team when the series begins. The Palamas, who had a crack team last year, are talking of going into the game again this fall.

The Palama Club has some good athletes among its members, but somehow the club has not come to light very much. The indoor baseball series will start some time during the latter part of October, and then some lively games should be seen.

When the Olympic Club ball team arrives in Honolulu, all games will be played at the Athletic Park, although under different management.

CHINESE NINE MAY STAY OUT

Olympic Club Team Expected
to Arrive Oct. 20 and
Play Next Day.

There is a great deal of talk whether the Chinese ball team will enter into the games of the Olympic series next month or not. The chances are that the Chinese team will stay out on account of the directors failing to come to terms. Since the team turned its management over to a board of directors consisting of four members of the team, which has full power to act for the team, it has failed to do business, as all four members have not come to an agreement yet on any proposition.

The Chinese team had a chance to play the St. Louis or All-Oahu team in the preliminary game to the five-mile race last Saturday, but for the reason that there were too many mixed up in the affair nothing was done and lost its chance. Now comes the Olympic games proposition, and up to yesterday no final step had been taken by the Chinese team, although some agreed and others did not know the plan. The Chinese team will find trouble right along if it can not get one man to run the team instead of three or four as at present.

The plan of those arranging for the Olympic series is to try and get the Cavalry nine down here if the Chinese fail to come through. The Olympic Club members are supposed to come down for three weeks, and it is hoped to get three teams to play the visiting team while here, each nine playing it twice. The teams that are expected to play in the series are St. Louis, All-Oahu, and the Cavalry or Chinese team.

If everything works well, the first game will start October 21, as the team will arrive on October 20.

Johnny Williams pitched a winning game for the Victorias on September 5. He allowed only three hits during the nine innings.

OFFICIALS FOR A. A. U. MEET

The entries for the A. A. U. meet to be held at Alexander Field Saturday after next are coming in slowly, but by the end of the week there should be a large number of athletes entered in the different events.

As the rule of suspending any contestant for not participating in any event in which he has entered will be strictly carried out, the athletes will have to go slowly in entering the various events. The reason for this move is because of the experience of the officials in charge of the aquatic sports in August, when a big number entered in one event and then when the race was pulled off only three or four would compete.

Among the officials this year the best timers of the city have consented to act in that capacity at the meet. All have fine stop-watches, and Chilton is said to have the best stop-watch in the city. He is an experienced man at the watch.

In the sprints there will no doubt be trial heats, as many of the star sprinters of the city will be on hand, notwithstanding that Bill Rice will be there with the goods.

The officials who have already been chosen for the coming meet are as follows:

Referee, Paul Saper; announcer, John C. Anderson; clerk of course, Lorrin Andrews; judges of track, A. L. Andrews, Ed. Towse, Charles Pitts, J. L. Hopwood, J. H. Fildes; judges of field events, Stanley Livingston, D. F. Rickard, A. E. Larimer; times, C. B. Cottrell, W. R. Chilton, B. F. Hollinger, M. D. Abreu, Lester Petrie, Dr. E. H. Hand and V. L. Stevenson.

Cable News REVOLT IN SPAIN IS ON

(Associated Press Cable.)

MADRID, Sept. 19.—What is believed by many to be the actual commencement of revolution was begun today, this city being in a turmoil, with the populace fighting troops from behind street barricades and with the people in the surrounding towns rising against the authorities and marching upon the capital to assist in fighting for the republican party.

"Tonight the Commune was proclaimed and the rioters fought to the music of the Marseillaise."

General Strike Tomorrow.

Tomorrow morning it is expected that the members of the affiliated trades unions will throw down their tools and join the communists.

The government has posted notices forbidding all meetings, and troops are being drawn to the capital as rapidly as possible.

Valencia Affected

Word has been sent from Valencia that in two of the neighboring towns the people have risen against the authorities and expelled all the government representatives.

Lloyds' Odds on Revolution.

LONDON, Eng., Sept. 19.—The reports that have reached here from Spain are regarded as so serious that those having business connections in that country are insuring themselves with Lloyds'. There are premiums for insurance of the success of the monarchy in putting down the practical revolution are almost prohibitive, 125 per cent. being asked.

STOLYPIN'S FUNERAL MAY START A RIOT

KIEV, Rus., Sept. 19.—The funeral of the assassinated Premier Stolypin will be held on Friday. It has been arranged to make the funeral a state affair, but unaccompanied by any great display, lest the occasion be taken advantage of for an attack upon the Jews of the city.

The city and surrounding country is seething with anti-Judaism, and on many sides the extermination of the Jews by the Black Hundred is being preached.

Privy Councillor Kokovtsov, who has been acting as minister of finance, is said to have been chosen to succeed Stolypin as premier and as minister of the interior. He was appointed to his present office in 1906, on the same day as the appointment of the assassinated premier.

BOLD ATTACKS OF CHINESE REBELS

PEKING, China, Sept. 19.—According to reports received here, the rebels throughout Szechuen province are gaining in strength daily and the revolt becomes more and more serious. For some days no word has been received regarding the fate of the missionaries who fled from Chengtu, the last word being of the safe arrival of the women and children at Su-Fu.

Today word came of great rebel activity at this city, where the yamen of the governor has been stormed and captured, the governor and many of his men being killed. The yamen was burned.

It is also reported that the yamen at Kiating-Fu has been attacked. Five towns in the neighborhood of Chengtu have been looted.

LAURIER MAKES STRONG APPEAL TO VOTERS

MONTREAL, Que., Sept. 19.—The general election campaign came to an end tonight, when Premier Laurier met in joint debate with Henri Bourassa, the leader of the French Nationalists. The debate was a strenuous one, the premier endeavoring to pin his opponent down to a discussion of the general principles involved in the Balfour Agreement, the French leader endeavoring to arouse anti-Liberal feeling by attacking the Imperial policy of Laurier.

Both parties claim that victory is in sight for them. Tonight Laurier expressed his conviction that he will be returned to power with a majority larger than ever.

JACK JOHNSON MAY NOT FIGHT WELLS

LONDON, Eng., Sept. 19.—The Archbishop of Canterbury has thrown his influence on the side of the Nonconformists, who are agitating for a refusal of the official sanction for the prizefight scheduled to come off here between Jack Johnson, the negro champion of the world, and Wells, the British champion.

ANOTHER AVIATOR FALLS TO HIS DEATH

DEWITT, Pa., Sept. 19.—John Rosenbaum, aviator, met death here today, falling with his machine from a height of 800 feet.

The special memorial service for the late Rev. W. S. Loom which had been planned to be held at Kaunaloa church next Sunday, has been postponed until after the arrival of Rev. O. H. Quilck from Maui next week.

PASTOR MAKES PRESENT DAY APPLICATIONS TO OLD HYMN

The fourth in a sermon series entitled "Modern Messages from 'Familiar Hymns'" was delivered by the Rev. Elmer Smith, pastor of the Methodist Episcopal church before a large and interested audience Sunday morning. The theme was "Nearer My God to Thee," and the entire discourse was given over to a discussion of present day applications of this old favorite.

Rev. Smith said in part: "For many years this hymn has been a general favorite among all classes of people throughout the civilized world. The dominant note of the hymn appeals powerfully to the human heart. But in spite of its great popularity and helpfulness it has been severely criticised as the production of a Unitarian. Such critics exclaim with horror, 'The blessed name of Christ does not occur in the entire hymn.' The compilers of the Baptist Hymn-Books in England were so displeased with this omission that they had the hymn rewritten in order to place the name of Christ in every verse.

All such criticisms are futile. On such a basis we could criticise the Book of Esther because it does not contain the name of God. On such a basis we could criticise scores of inspiring hymns. We are not ready to omit the Book of Esther from the Bible because it does not contain the name of God. Neither are we ready to omit from our hymnals such hymns as 'Nearer My God to Thee' or 'Guide Me, O Thou Great Jehovah' because they do not contain the name of Christ. It is certainly a foolish prejudice for a Trinitarian to experience any twinges of conscience at the thought of deriving any spiritual inspiration from a Unitarian hymn. One candid writer has well said: 'It contains nothing of Christ, but to those who have Christ in their hearts it has many times been made a blessing.' The very fact that multitudes of folks have been brought nearer the great heart of God by singing this hymn is sufficient to silence all criticism.

This hymn was written by Mrs. Sarah Fuller Adams, the second daughter of Benjamin Flower, editor and proprietor of the Cambridge (England) Intelligencer. She wrote quite a number of hymns but this one hymn will perpetuate her memory more than all her other combined writings. One hymnologist has said: 'This hymn alone would suffice to give Mrs. Adams a very high place among writers of religious poetry.' Another has said: 'It has become a classic in hymnology and is universally beloved and approved by all branches of the church.'

The late King Edward of England expressed the conviction that among serious hymns there is none more touching nor one that goes more truly to the heart than 'Nearer, My God to Thee.' It becomes my pleasure this hour to try to interpret to you the leading thoughts Mrs. Adams had in mind when she wrote this favorite hymn. The first thought suggested is that amid life's crosses our prayer should be: 'Nearer, My God to Thee, Even though it be a cross That raiseth me; Still all my song shall be, Nearer, My God to Thee.'

The author of this hymn knew what it meant to bear heavy crosses. Her darling mother died when she was a little girl. So she was deprived of a mother's love, care and training. She had one sister, Eliza, who died in 1846 with consumption after a long illness. Sarah was passionately devoted to her only sister and her long illness and death was a heavy cross to bear. Then Sarah herself had a very feeble constitution and never enjoyed good health. After suffering much from bodily weakness and pain she died two years after her sister, at the age of forty-three. The crosses she thus bore give us a new conception of the first verse of this hymn. These lines had their birth in the very depths of her own bitter experiences. Amid her crosses she fervently prayed, 'Nearer, My God to Thee.'

We, too, have our crosses. This is the common lot of humanity. These crosses are many and varied. Ill health, thwarted ambitions, domestic infelicity, buried hopes, business reverses, broken friendships, unrequited love, educational deficiencies, — these are some of the crosses among the many which depress the human heart and rob life of much of its sweetness. I know not what your individual cross may be but you know and God knows. I venture the assertion, however, that you have sometimes wished that you might have a different cross or that you might exchange crosses with some one whom you regard as more fortunate. But if you were permitted to change your cross, you would find that your new one was as heavy, if not heavier, than your old one.

Again, this hymn declares that amid life's lonely hours our prayer should be 'Nearer, My God to Thee.' This thought is clearly expressed in the following lines:

"Though like the wanderer,
The sun gone down,
Darkness be over me,

My rest a stone,
Yet in my dreams I'll be
Nearer, My God to Thee."

In all probability Mrs. Adams had Jacob's journey and vision in mind when she wrote this hymn. Jacob was a wanderer. His brother Esau sought to kill him and he fled from his angry brother. Night overtook him in the wilderness. As the darkness deepened he gathered a few stones for a pillow and lay down to sleep. As he slept he dreamed a most wonderful dream, seeing God and his angels. This scene is pictured in a beautiful manner in the second verse of this hymn.

CITY MAY BE IN AN EXPRESS WAR

Honolulu is likely to figure in an express war, according to news from the Coast. A Chinese company is now planning to operate between the United States and China, and the "express octopus," as the American companies, alleged to be working together, are known, will have some competition. The San Francisco Call says: SACRAMENTO, Cal., Sept. 12. — A company organized with only Chinese as its directors filed articles with Secretary of State Jordan today. It will be known as the Chinese Express Company, and, according to the articles, is incorporated for carrying on an express business between points in the United States and points in China. The company also reserves the right to act as commission agents for persons wishing to ship goods to China.

The incorporators are Gin Chen Neng, Gong YH Ying and Soo Hoo Sing, all of San Francisco. As required by law, each incorporator has signed his name to the articles in legible English chirography.

EXTENSION IS HANGING FIRE

The offer made by the Bishop street extension commission to Sullivan and Buckley, as published in the Bulletin, and consisting of an offer to exchange property, was turned down by the firm in a letter to the commission through the agents, the Waterhouse Trust Company, at the meeting yesterday afternoon. The main objection was that the offer is not commensurate with the damage that would be sustained.

This opened up the whole of the question again, and finally after considerable discussion it was decided that the commission recommend to the government that \$10,000 be paid Sullivan and Buckley for the piece that will be cut off by the extension, and that failing the acceptance of this \$10,000 for the whole of their property.

The matter is now once again up to Sullivan and Buckley for consideration.

RELIGIOUS FREAKS WILL EXPLAIN TO COURT

Doubting their powers of being able to deal with the cases properly, the county officials have turned over to Federal justice the three freak religious people who were arrested some time ago and charged with obtaining money by gross cheat and also for several other matters in connection with their religion.

It will be remembered that they formed a new sect and charged people so much for taking away their sins for them. Now it seems that they will have all they can do to get away from the consequence of their own. Ewald is charged with having illegally married Rebecca Ull and D. M. Kualu, while the latter pair are resting under a charge of having committed a statutory crime.

Judge Monrore gave it out as his opinion that it was doubtful whether the District Court had any power or jurisdiction in the matter, and he therefore thought it would be better to have the Federal people handle them.

Max Affonso, a Filipino, whom Chief McDuffie thinks he can convict for the burglary of Captain McCleary's quarters at Fort Shafter, some little time ago, will also go before the Federal Court, the offense having been committed on Federal ground.

GLENN'S Sulphur Soap

For the Skin
Clears the complexion, whitens the hands and is a time-tested remedy for skin diseases.
