FEW FRILLS ON OPENING DAY OF EIGHTH LEGISLATURE; SOLONS GET DOWN TO WORK

Most Details of Organization Settled in Caucus and Leaders Chosen There Ratified by Vote

Governor Reads His Message at Beginning of Afternoon Session Before Houses Jointly Assembled in Hall of Representatives—Senate Republican Majority Given One or Two Surprises When Caucus Plans on Employees Fail to Work Out—Bills Already Rolling In

Few frills and much evidence of a desire to get down to work as rapidly as possible marked the opening today of the eighth legislature of the territory of Hawaii.

There were no fireworks, Bouquets, both verbal and floral, were scattered around the senate chamber and the hall of representatives, but if the good-sized galleries of visitors expected the solons to start a rumpus, they were disappointed.

In most cases the advance arrangements as decided in caucus by the Republican majorities went through without a hitch. The Democrats of the senate held a quiet caucus last night and had a thing or two up their sleeves today, but though Republican plans went awry, the G. O. P. forces accepted it good-naturedly and the legislature starts out without anything approaching a real fight in prospect.

Governor Pinkham's opening message was delivered to the two houses jointly assembled shortly after 2 o'clock this afternoon. The governor, in formal dress, was escorted to the speaker's rostrum in the hall of representatives, where arrangements had been made for the seating of the senators. He read the message in full, and it was simultaneously in the hands of the members, printed copies having been distributed.

The novel plan of the executive personally reading his important message was received with approval generally.

TWO REPUBLICANS WHO ARE CHOSEN TO LEAD IN HOUSE AND SENATE

Above—Charles F. Chillingworth of Oahu, chosen president of the senate. Below—H. L. Holstein of Hawaii, speaker of the house.

Message of Governor is Given in Full

Governor Pinkham's opening message to the legislature, dealing with vital territorial problems, is published in full on Pages 3, 10, 11 and 12 of the Star-Bulletin today, as presented by the executive this afternoon to the members jointly assembled.

LONDON TIMES UPHOLDS CLAIM MADE BY JAPAN

(Special cable to the Nippon Jiji.)
TOKIO, Japan, Feb. 17.—A press despatch received here today from London says that the London Times yesterday published an editorial to the effect that Japan is justified in every demand which it has made upon China. The editorial further states that these demands should be granted by the Chinese government.

The foreign office today made public the list of Japan's demands upon China as follows:

1. That the Japanese government should be given special privileges to build, maintain and operate railroads, mines and steel mills in certain parts of China.
2. That no portion of the Chinese empire, its territories or island possessions, should be given to any power.
3. That the German interests on the Shantung peninsula should be turned over to Japan.
4. That the 99-year lease now held by Japan on the Manchuria province and the Manchurian railway should be extended.
5. That Japan should be given the right to hold certain lands in South Manchuria for dwelling purposes.

China gave Japan a lease on the Manchuria province and the Manchurian province shortly after the close of the Russo-Japanese war. The text of the fifth demand is taken by the local Japanese press to mean that the Japanese government would establish colonies on the lands mentioned.

WITNESS NAMES SCULLY ROBBER IN BADGER GAME

Chinese Also Points out Henry Lewis as Driver of Auto Used By Gang
CORROBORATES STORY OF DECOY OPIUM SALE
Ah Tin Describes Scene in Kaili House Where Orientals Were Lured and Robbed

"This is the man that drove the car in which myself and two friends were taken to the house in Kaili, where Chung Chan was robbed of a sack of money," said Ah Tim, a Chinese witness pointing out Henry B. Lewis, then seated in a crowded court room at the hearing on a charge of robbery against J. T. Scully before District Magistrate Monsarrat this morning.

Ah Tim followed this declaration by positively identifying Scully as the man who held up coffee Chung Chan.

The hearing of the Scully case today brought to light a number of sensational developments. A. L. C. Atkinson, recently appointed deputy prosecuting attorney, conducted the investigation in the absence of Charles Chillingworth.

"We met by appointment at Kukul and River streets," said Ah Tim. "Scully, with Lewis at the wheel of the machine, told us to get in. We soon arrived at a house in Kaili, where Chung Chan, Scully and Lewis left the car. Ah Yau and myself stayed in the machine until we heard Chung Chan call out 'haul in'."

"We both left the car and entered the house by a front door. We found two men wearing black hats, long dark coats, each pointing a revolver at Chung Chan. Scully then stepped forward and took a sack filled with money from Chung Chan's pocket."

Ah Tim also said that all three Chinese were told to go back to the machine, while a bundle alleged to contain opium was placed in the car. Scully was said to have remained behind when the party proceeded to the customs house.

Chung Chan was put under a grilling cross examination by Attorney McBride, who represented Scully. The Chinese reiterated his statement that Scully was the man whom he first met in the machine and who took him to Kaili where he was robbed of \$700. He refused to be shaken in his identification of Scully, who sat facing him during the hearing.

Chan expressed the opinion that one of the party may have been a Portuguese, judging from fragments of conversation overheard. The Chinese testified that the name "Joe" was called several times by Scully while the party were in the Kaili house.

Both Chan and Ah Tim declared that guns were leveled at them during the ride from Kaili to the customs house.

Ah Yau, a third witness for the prosecution, is expected to add his testimony at the continuance of the hearing set for tomorrow morning.

It was stated by the Chinese this morning that what appeared to be two lots of opium were on display at the Kaili house. A number of tins were in a basket, while a large bundle said to contain the drug was returned to the machine.

The Chinese could not identify the car further than that it had room for seven passengers. Lewis is alleged to have remained with the car during the evening.

ATLANTIC LINES NOT TO SUSPEND; RUMOR GREAT RUSSIA LOSS

Tenth Army Reported Crushed
VON HINDENBURG'S SOLDIERS SAID TO HAVE WON ANOTHER BIG VICTORY ON EAST PRUSSIAN BORDER—CZAR'S FORCES ON OTHER END OF LONG LINE REPORTED IN DANGER FROM ENVELOPING AUSTRIANS—GERMAN WARSHIPS SINK BRITISH STEAMERS OFF SOUTH AMERICAN COAST, IS ANOTHER RUMOR

Germany has suggested to the United States a method of protection for American ships when in the "war zone" drawn by the Germans around the British isles and to be enforced by submarine warfare. It is that American warships be sent to European waters to convoy merchant vessels of the United States when in the war zone, the warships being readily recognizable as American.

In a long cablegram received last night from official German sources, transmitted from Berlin through Washington, Germany's attitude is fully set forth. As in the case of the "war zone" proclamation, made public in Hawaii through the Star-Bulletin, the statement published today ranks as one of the important developments of the war. It is as follows:

"WASHINGTON, D. C., Feb. 17.—Admiral Behncke, in an interview with Commander Walter R. Gherardi, American naval attaché at the U. S. embassy, Berlin, has explained the situation regarding Germany's proposed submarine war on commerce as follows. No better statement can be given than what appears in this review by Admiral Behncke:

"Up to the present time Germany in the war at sea has followed the London declaration or the stipulations of the Paris treaty, on which conduct of war on sea had been based before the London declaration. In waging this commercial warfare England had in view the subjugation of Germany by starvation. Germany had in every way sought to bring the attention of the neutral powers to the necessity

she was under to obtain food for her civil population, which was her right under the laws of war.

"GERMANY NEEDS FOOD.

"No results could be obtained from her efforts. Since the shutting off of food had now come to a point where Germany had no longer sufficient food to feed her people, it had become necessary for her to bring England to terms by the exercise of force. Germany knows that by the use of the submarine England can be placed in a position where food will be lacking. She has the submarine force to do it. Her life as a nation and the lives of her people depend upon putting this plan of campaign into action and she must do so.

"Difficulties lying in the way of (Continued on page two)

SENATE QUICKLY ORGANIZES AND STARTS BUSINESS

Democrats Succeed in Landing One or Two Proteges in Patronage Places

With the closing bars of "Hawaii Ponoi," played by Capt. Berger's band in the kiosk of the capitol grounds, the senators of the eighth territorial legislature took their seats promptly at 10 o'clock this morning. Perhaps the outstanding feature of the first day's session in the upper house was the celerity with which the solons settled down to real business.

Without loss of time the members plunged abruptly into their work and by 11:30 o'clock had perfected their permanent organization and were prepared to hear the governor's message. Owing to the lateness of the hour, however, and the fact that the lower house was not quite ready for the joint assembly that portion of the program was postponed until 2:15 this afternoon. At that hour both branches of the lawmaking body gathered in the old throne room and heard the governor's address.

One other feature standing out rather prominently in the organization of the senate was the failure of the Republicans' caucus plans. The roster of senate officials as outlined by them going badly awry with the result that the strong Democratic minority drew five out of the seven plums. This, say the Republican senators, was due to the defection of some one whom they were depending on. They were uncertain as to the position Senator W. T. Robinson of Maui would take and it was said three Democratic members had been pledged to vote with them.

They put through the election of C. F. Chillingworth as president, but it at once became apparent that the caucus plans were being upset. They thought they should have, with three pledged Bourbon votes, a majority of 10. The vote stood Chillingworth 9, J. L. Coke 4, one blank and Coke not voting. The blank vote was cast by Chillingworth, who naturally did not wish to vote for himself.

The Democrats succeeded in electing their own favorites for the positions of vice-president, assistant clerk, chaplain, sergeant-at-arms and janitor. Did He Lose It?

The Rev. S. L. Desha, senator from Hilo, called the senate to order at 10 o'clock. There was a scurrilous story going around this morning to the effect that some unconscionable person had stolen Rev. Desha's manuscript. The reverend senator did not deny the story, neither did he admit its truth. It is true, however, that there was fire in his eye when he took his place at the president's desk; it likewise is a fact that he delivered no speech, but

HOUSE CHOICES GO THROUGH AS CAUCUS PLANNED

Committees Names and Many Measures Launched On Legislative Sea

Like a well greased machine the house of representatives perfected organization and disposed of and accepted a deluge of resolutions and bills today. Harmony was the keynote of the first day's session. Not a dissenting voice was heard, not a protest was made; there was no argument and the election and selection of officers in every instance was unanimous.

Only one matter was overlooked. In his efforts to make a good start and perfect organization immediately, Temporary Speaker Norman Lyman overlooked the long-established custom of having the house chaplain offer prayer during the opening session.

Speaker Holstein exhibited what was termed "party generosity" by giving courteous recognition to the only Democratic member of the house, David M. Kuphea, in naming committees and on other occasions.

Twenty Bills Launched.

After organization several resolutions were unanimously adopted and 22 bills were accepted by the house and were passed for the first reading. All were referred to the printing committee and were read by title.

Holstein moved the selection of Edward Woodward as temporary clerk after Temporary Speaker Lyman had called the house to order. W. H. Crawford, Capt. Evan Silga and D. M. Kuphea were appointed to the credentials committee and reported later. Chief Justice Robertson administered the oaths of office.

Caucus Plans Approved.

W. T. Rawlins of Oahu nominated Henry Lincoln Holstein of Hawaii for the office of speaker. Holstein's election to the place he filled during the 1913 session was unanimous, as also was the election of John H. Cooney as vice-speaker, of Edward Woodward as clerk at \$15 a day, of Louis Kekumano as assistant clerk at \$10 a day, and of Rev. S. K. Kaulili as house chaplain at \$250 for the session.

Holstein gave a five-minute talk to the members of the house. He urged careful consideration of all matters before the larger branch of the legislature and asked the representatives to aim towards efficient and economical legislation.

John K. Aylett was appointed sergeant at arms at \$6 a day. William Kalukini of Maui was named messenger at \$5 a day. J. K. Kamanao of Maui was made the house janitor at \$4 a day. The house then sent a communication to the senate to the effect that the house had perfected organization and that representatives Watkins, Vierra and Kawewehi had been appointed as a committee to act with a senate committee to call upon the governor. A recess of nearly 30 minutes was necessary owing to the slowness with which the senate organized.

Mayor Lane Communicates.

The rules of the 1913 session were adopted. Mayor Lane submitted a

CITY HAS BILLS TO BE PRESENTED TO LEGISLATURE

Legislation needed for the city and county is to be called to the attention of the territory's lawmakers in the early part of the session. This has been made clear by Mayor Lane, who has asked Supervisors Logan, Quinn and Hollinger to act as a legislative committee.

Several amendments to laws now in force have been proposed and they will probably be thrashed out by this committee before the present week is over and put in shape to be presented to the legislature. Two of these amendments relate to the direct franchise tax statutes. It has been suggested that the sections providing for the district improvement bonds be amended so as to make the bonds a lien upon the property of the district. The city and county is now primarily liable for the bonds.

Mayor Lane will probably have two or three measures to bring forward before the session is over.

SUMMER CAMPS FOR COLLEGES TO TRAIN SOLDIERS ARE URGED

[A. P. by Fed. Wireless]
BOSTON, Mass., Feb. 17.—Gen. Leonard Wood, U. S. A., former chief of staff, urges that colleges throughout the country support the proposed summer military camps to train army officers for the army in case of emergencies.

GEN. CARTER TO LEAD MARCH AT MILITARY BALL

Gen. Carter, commanding the Hawaiian Department, will lead the grand march at the military and naval ball Saturday.

Lieut. N. W. Campanole, the chairman of the committee in charge of this event on the Carnival program, made this announcement today.

"Gen. Carter has agreed not only to be present at the dance, but to lead the grand march," said Lieut. Campanole this morning.

"We are all delighted with the way in which the plans for the big dance are coming along. Every important detail has been satisfactorily settled and now we are really ready for Saturday night."

"The soldiers at all the posts are pleased with this dance, which will be given in their honor, and they are grateful to the Carnival directors for providing for them so liberally. I am sure the dance will be a huge success."

"There will be hundreds of soldiers and sailors present, and there will be two bands, the 1st Infantry band under Joseph Feltrinelli and the 4th Cavalry band under Michael A. Quinton."

For the convenience of tourists a mail box will soon be placed in front of the Promotion Committee office.

NOTED AMERICAN GENERAL DIES IN MASSACHUSETTS

[A. P. by Fed. Wireless]
WAKEFIELD, Mass., Feb. 17.—Brig.-gen. G. A. Goodale, retired, died here today.

Gen. Goodale was one of the country's distinguished warriors, serving for 42 years before his retirement. His service included the Civil war, the Indian wars and duty in the Philippines.

PACIFIC MAIL LINER TROUBLE IS SLIGHT

[A. P. by Fed. Wireless]
SAN FRANCISCO, Cal., Feb. 17.—The Pacific Mail liner San Jose, which has arrived at Acapulco, Mexico, disabled, has only minor engine difficulty which the company says is not serious.

SUGAR ADVANCING

Sugar is apparently on the rise again. Halstead & Company today received the following cablegram from Politz & Company of San Francisco: "Raw sugar 4.64 bid. Considerable advance in prices New York futures."

Berlin Gives Out Report Russians in East Prussia Smashed to Pieces

[Associated Press Service by Federal Wireless]
BERLIN, Germany, Feb. 17.—The Russian tenth army has been defeated in the Mazurian lakes region, losing 50,000 soldiers who were taken prisoner, and much artillery.

The Russian invaders of this portion of East Prussia have been defeated at most points and only the remnants of the army are escaping after a nine days' battle. The enemy is being pursued east of Suwalki and Augustowe.

The Kaiser was present during the decisive action on the center.

The Russians on the other end of the western front are also endangered by the Austrians enveloping the invaders of Bukovina. A general battle near Czernowitz is believed to be pending.

Few Shipping Lines of England or Ireland To Suspend Their Sailings

LONDON, England, Feb. 17.—The waters surrounding Great Britain and Ireland will become a "war zone" after midnight, under the German proclamation, so far as Germany is able to fulfil her threat against all vessels, including neutral ships, which penetrate this zone.

The majority of the shipping lines running vessels through the "zone" will not suspend.

Buenos Ayres Hears German Warships Sunk British Steamers off Coast

BUENOS AYRES, Argentina, Feb. 17.—It is reported on good authority that the German steamer Holger has been sighted inbound for this port with the crews of several English steamers which have been sunk by German warships.

Think British Holding Liner

NEW YORK, N. Y., Feb. 17.—The Scandinavian-American liner Oskar II, bound for Christiania, is at Kirkwall, England, presumably seized by the British. The agents here deny that the cargo carries any contraband.

GERMAN ADMIRAL SUGGESTS WAY FOR U. S. TO GUARD ITS SHIPS

(Continued from page one)

this campaign have been largely connected with the care which it is desired to give to neutral ships and to the lives on board all commercial ships, whether neutral or enemy.

"First, in arming her merchant ships with guns for self-defense England adopted a policy against which Germany strongly protested. The United States took the British policy of view. It is not possible for submarines to approach British merchant ships and make examinations without exposing themselves to gunfire or bomb attack, against which a submarine boat would be helpless.

BRITISH COURSE CRITICIZED.
"Second, England has advised her merchant fleet to fly the neutral flags, to cover up names and change stack painting to escape the consequences of their nationality. This plan was designed to bring Germany into conflict with other nations.

"Germany does not wish in the slightest degree to harm American or other neutral ships or their cargoes, unless carrying contraband of war. She is, however, in a position where her life depends upon her putting into effect the only means she has of saving herself. She must and will use this means.

"Commanding officers of submarine boats have been given orders to make every effort to safeguard neutrals. In spite of precautions which a submarine could take without herself being destroyed, it was possible that neutral ships might through error or accident be destroyed. For this reason a strong warning was issued. In addition the English coast is mined by the British themselves for protective reasons and would be mined by the Germans as an act of offensive warfare. The ships were therefore in danger from mines.

COMPROMISE PROPOSED.
"In spite of the great effect which the admiralty staff feels that the use of submarines will have in bringing the war to a rapid close, they do not wish to put it into effect to the detriment of neutral commerce and the rights of nations on the high seas. They have therefore stated that if Great Britain will abide by the declaration of London without modifications or by the treaty of Paris, where-

by the food supplies necessary for the civil population can be freely brought into Germany, the whole matter of the submarine blockade will be dropped by Germany. This proposal has been transmitted through diplomatic channels. If accepted, the matter is no longer one provocative of trouble between America and Germany.

"Admiral Behncke called Commander Gherardi's attention to the fact that England, when she by her proclamation closed the North sea, did not give free passage to American ships bound for the neutral country of Holland, but compelled these ships to pass through certain channels, take an English pilot and be searched for contraband of war by officers of English warships.

SUGGESTS WAY OF PROTECTION.
"Admiral Behncke then stated that Germany was prepared to suggest to America an even freer and safer method of passage for American ships bound either through the channel or to English ports, namely, that several American warships should wait in some port in the southwest coast of Ireland, and when communicated with by wireless by an American ship, one of the warships would then go out and convey the American ship through that portion of the sea which Germany, following the example of England, has declared to be dangerous. Of course ships under convoy, by the rules of international law, are not subject to search but the country to which they belong is upon honor, as it were, to see that they do not carry contraband of war. American warships have distinctive masts, are well known to the officers of the German navy and either by night or day they and the vessels under their convoy would be respected by the German submarines. This is the safe method to follow for American ships which desire to enter those portions of the sea proclaimed dangerous by Germany, and differs only from the rule adopted by England with reference to American ships passing through the channel, in that American ships, instead of being compelled to enter a British port, take a British pilot and be searched by officers of a British warship, are permitted to pass unmolested to their destination without being subject to search, the imperial German government being willing, of course, to accept the implied word of honor of the United States that the ships carry no contraband of war."

ASSOCIATED PRESS

BRITISH NAVAL LOSSES HEAVY IN ALL GRADES.

LONDON, Eng., Feb. 17.—Exclusive of the officers and men of the Royal Marine Corps killed, wounded and interned in Holland in the fighting at Antwerp and the subsequent retreat from that city, the British navy has lost since the beginning of the war 1870 officers and men, killed, wounded and missing. Of these 401 are officers, which includes the members of the Royal Navy Air Service who have been killed or taken prisoners.

The figures submitted by the admiralty staff did not include the land losses at Antwerp, where 55 officers and 2612 men were killed, wounded, taken prisoners or interned.

BRITISH AIRMEN MAKE SWEEPING RAID.

LONDON, Eng., Feb. 17.—Forty-eight aeroplanes of the Allies made a combined attack upon the German positions along the Belgian coast yesterday. Forty British planes of the air wing of the British navy made an attack against Ostend, in an effort to destroy and damage the gun positions there; against Middelkerke with the same object, and against the submarine base at Zeebrugge.

While these 40 air machines were bombarding the gun positions, the supply trains, the barges and the fleet of trawlers used by the Germans in mine laying and sweeping, eight French machines made an attack against the aerodrome at Ghistelles, preventing any attempt on the part of the German airmen to cut off the British aviators.

The official report of this combined air raid makes no mention of the amount of damage accomplished by the aviators.

BRITISH STEAMER SUNK OFF CAPE ANTIER.

That the Germans have not waited until the time of their ultimatum regarding the British embargo on conditional contraband for Germany is evidenced by an announcement from Lloyd's agent at Fe-camp, France, last night, which says

PLAN RECEPTION FOR TOURISTS ON GREAT NORTHERN

Official Party to Go Out in a
Launch to Meet Steamer
Sunday Afternoon

A. P. Taylor, assistant secretary of the Promotion Committee, will head the delegation which will welcome the steamer Great Northern to Honolulu next Sunday. The steamer, which brings 200 tourists, is expected to arrive off port between 3 and 5 o'clock in the afternoon.

Accompanying Mr. Taylor will be Harry Strange, chairman of the entertainment committee of the outdoor committee, Arnold Aldrich of the Park and Seaside Company, Mayor John C. Lane and Supervisor Ben Hollinger. The party will take a launch and meet the Great Northern outside the harbor.

A feature of the welcome will be the distribution by four Hawaiian girls of a quantity of leis. Every passenger aboard the steamer will receive a wreath. The coming of the Great Northern will be a "red letter" day in local shipping, as it is the first passenger steamer to visit this port after passing through the Panama canal. The Great Northern will spend two days in Honolulu and then go to Hilo.

VESSELS TO AND FROM THE ISLANDS (Special Wireless to Merchants' Exchange)

S. S. Chiyo Maru, arrives from San Francisco, Friday, 7 a. m. and proceeds to Yokohama, about 5 p. m. same day. Passengers: 195 all told.

VIENNA DENIES STORIES ABOUT DUAL MONARCHY

The following official wireless despatch was received by the Austro-Hungarian embassy in Washington from the foreign office in Vienna, Austria:

"January 26, 1915.
"In spite of all denials, hostile press continues spreading most ridiculous reports about situation in the Dual monarchy. Again and again announcements appear about the death of the emperor or his grave illness, about revolutions in Vienna, Budapest and Prague; about famine, strikes, etc., and occasionally also the affirmation that people are weary of the war. Relatives of neutral states who are living here and every traveler who steps over the frontier of Austria-Hungary can be convinced that none of these things are true. On the contrary by the adjustment of industry to the war situation ever increasing activity in all economic departments makes it plain that there is not only no scarcity of labor but everywhere increased opportunities, notices of which appear in all the public places. Places of amusement, especially theaters, are well frequented and even these trades producing luxuries have enjoyed a considerable boom after some stagnation. The most characteristic signs are good receipts in the Post and daily increasing payments at the banks and credit institutions. Nowhere will the stranger remark any doubt in the resolution and the capability of Austria-Hungary to carry out the war."

**BLUECHER COMMANDER
DIES FROM PNEUMONIA.**
EDINBURGH, Scotland, Feb. 17.—Captain Erdman, who was in command of the German cruiser Bluecher, sunk in the recent North sea battle, and who was among the survivors picked up by the British and brought here as prisoners, died last night from pneumonia, as a result of his exposure in the icy waters when his ship went down.
**GOOD WORK AT BATTLE-FRONT
PERFORMED BY U. S. MEDICS.**
NEW YORK, N. Y., Feb. 17.—The hospital at Paris under charge of the American physicians and nurses organized as the American ambulance, has established a record of saving more than 92 per cent of the patients received from the front for treatment, according to an official announcement made yesterday by the French army medical staff.

TENEMENTS IN EGYPT.

"Near the great construction works of Egypt," writes Kelley and Rumsey Jenness in the Christian Herald, "have been uncovered the ruins of the tenements of the workers, from which it is seen that the close crowds of the people produced the difficult tenement house conditions which we find in our modern cities. There was no sewerage, no water supply and no lighting system for the Egyptian tenements."

Speaking of the brick making, they write:
"The brothers and cousins, perhaps even the father of Moses, must tread round and round, mixing the mud and water with bare feet. Under the blazing sun they then molded the mud in rough frames, laying out the bricks in the drying yard. Finally the dried bricks were hauled in great loads on rollers, as we move a house, men being hitched to the load and straining to their utmost up the inclined planes that were used for the erection of the fortresses the treasure and grain storehouses on which the Hebrews worked. Some of the old brick walls undoubtedly made by the Hebrews have been uncovered, and the change to strawless bricks can still be seen. Moses probably looked upon his brethren as, under the lash of the overseer, they strained up the inclined plane."

YOUNG GIVES DIRECTIONS FOR CORRECTING ERRORS IN MAIL DISTRIBUTION

In view of complaints recently received at the local postoffice regarding letters placed in wrong boxes, Postmaster William F. Young today issued the following statement:

"The postmaster requests that all holders of lockboxes at the Honolulu postoffice look carefully over their mail before breaking any seals in order to avoid the error of opening letters belonging to other persons.
"It is also requested that when a letter is opened by mistake, the person making the error endorse the letter with his or her full name in order that the addressee may know by whom the letter was opened.
"These persons receiving mail by mistake are requested to deliver the letters at the general delivery window. They will then be turned over to the foreman of the distributing department and the clerks making the errors of placing the letters in the wrong boxes will be demerited. Demerits will be noted at the rate of one for each letter misboxed."

LEGISLATIVE NOTES

Pernand H. Kelekolio, the "boy orator" of Hilo, arrived for the purpose of landing the assistant clerkship of the senate.

George Kaina Lowe, former statistician for the road department here, yesterday made known his candidacy for assistant clerk of the senate. Lowe is a Democrat and believes that the minority party should be represented in the senate patronage.

Representative Henry L. Kawewehi, the lone Home Ruler of the house, arrived in town yesterday and declared with glee that the report of his wife's death, published this morning, was greatly exaggerated. Mrs. Kawewehi is alive and accompanied him from Kona and will make her home here during the session. She has been ill the last month and accompanied her husband in the hope that the change of climate might prove beneficial. Kawewehi reports that she is recuperating and expects to live many years longer.

Indications are that H. L. Holstein, sometimes called the Uncle Joe Cannon of the Hawaiian legislature, will control the deliberations of the lower branch with even firmer sway than he has exercised at any previous session. Unless a serious, unanticipated schism occurs in the Republican ranks this year the element of a strong opposition is lacking. Of the 30 members, 28 are Republicans. With his well-oiled machinery the speaker will be able to grind out legislation in rapid-fire order. If clashes develop they certainly will not be over party measures.

RICH CHICAGOAN IS COMING HERE ON YACHT TRIP

Capt. Thorkildsen Will Stop at
Islands in Voyage Around
Pacific With Party

News received here from New York City is that Capt. Thomas Thorkildsen, a member of the Chicago Yacht Club, is planning for a 12,000 mile voyage next summer to his yacht Florkyn, which will take in a visit to the exposition at San Francisco and then the Hawaiian Islands.

The yacht is a clipper boat auxiliary schooner. It is 125 feet long and is equipped with a 150-hp. engine, and capable of accommodating a large party.

It is Capt. Thorkildsen's intention to sail from Chicago during the latter part of May or early in June for this city by way of the Great Lakes and the St. Lawrence river, reversing the route by which she went to Chicago, water front. This portion of the trip Capt. Thorkildsen anticipates will take about a week, and he has been assured of a cordial welcome when he arrives at this port by friends to whom he outlined his plans on a recent visit here. After a short stay here he will sail for the Panama canal, which he counts on making in from eight to ten days. A run of two weeks longer is expected to carry the craft to San Francisco harbor, from which city his party will go for a visit to the exposition.

From San Francisco it is Capt. Thorkildsen's intention to proceed under sail or steam to the Hawaiian Islands for a short visit to Honolulu. It is possible he may enter his craft in the proposed race to the islands that the management of the sporting side of the Exposition has under consideration.

What's become of our war news? Well, honest injun, our private wireless outfit had to use the wire clothesline as a part of its equipment, and that cut us out of the news on wash days; and those dogged generals had no more sense than to stack up their biggest tactics while the wash was out.

Again, we concluded that it was most too big a war for such a small sheet; and if the other newspaper fellows will dish up the war wireless faithfully, we'll devote our valuable space to pups and chickens and telling you when a baby is born, when Mrs. Jones calls on Smith or whether the tea was weak, middlin' or strong.—Kohala Midget.

YOUNG HOTEL TO HELP ALONG THE CARNIVAL SPIRIT

Anticipating that during Carnival week, when the people will congregate in large numbers in the center of the city, the roof garden of the Alexander Young hotel will attract many visitors, the management has made special arrangements for their entertainment.

On the evening of Saturday, the 20th, a musical program will be rendered by an orchestra under the leadership of Prof. Miltner. The orchestra which has performed on the roof garden on previous occasions will be strengthened and the concert will begin at 8 o'clock, instead of 8:30, continuing until 11:30, instead of closing at 11. The Carnival committee has scheduled the illumination of the hills and valleys around Honolulu for 8 o'clock of that evening, and as the roof garden is one of the best locations from which to view the illuminations, and, facing on that account that too great a number will seek admission, the management has decided to issue 1000 tickets, and no one will be on that evening, by admission to the roof garden between the hours of 7 and 9 p. m. who does not hold an admission ticket. There will be no charge for the tickets and they will be obtainable at the Young hotel office beginning Friday morning and will be distributed until they have all been given out. After 9 o'clock the roof garden will be open to the public as usual.

On Monday, February 22, a Hawaiian orchestra will render concert music, beginning at 8 o'clock and closing at 11. The same orchestra will perform on Wednesday evening, February 24, and again on Thursday evening, February 25. On Thursday evening the Carnival committee has scheduled the eruption of Punchbowl, which was witnessed by a very large number from the roof garden last year. In order to limit the attendance, 1000 tickets will be issued for that occasion, and no one will be admitted to the roof garden after 8 o'clock of that evening who does not have an admission ticket. The tickets will be free and will be obtainable at the Young hotel office beginning Wednesday morning, February 24.

There will be no attraction on the roof garden Friday evening, February 26, it being thought that few will fail to attend the water carnival in Honolulu harbor, scheduled for that evening.

On Saturday evening, February 27, the usual Saturday evening concert will take place, under the direction of Prof. Miltner.

Police & Hospital Reports

The explosion of an oil stove in a tenement near the corner of Vineyard and Punchbowl streets this morning brought out the fire department. The building and contents received slight damage.

A large automobile, said to be the property of C. H. Brown, was totally destroyed by fire yesterday afternoon. The car was proceeding along the beach road near the federal animal quarantine station when an explosion occurred in the gasoline tank. The driver and passengers escaped injury.

Thomas A. Gardner, alleged to have deserted from Company G, 2nd Infantry, on December 8, was placed under arrest by Harbor Officer Carter last evening. Gardner was attempting to board the yacht Gladys in the harbor. He is said to have been employed on several jobs at Hilo and neighboring ports since leaving the service. He will be turned over to the military authorities.

A. G. VANDERBILT FAMILY MAY BE VISITORS HERE

Alfred Gwynne Vanderbilt and his wife may come to Hawaii in their steam yacht Warrior. They are on their way to San Francisco through the canal and may continue their trip to this port.

Mr. and Mrs. Vanderbilt have fitted the Warrior with a kindergarten cabin for the comfort and joy of their two boys, and in case the weather does not permit them to be on deck the little talk will have a corner of the yacht where they can be happy.

Mr. and Mrs. Vanderbilt have occupied their apartments at the Vanderbilt Hotel several months, but have been frequently at Oakland Farms, near Newport, and at Sagamore Lodge in the Adirondacks. Not long ago Mr. Vanderbilt came back from California, where he visited Frederick M. Davies, who has been ill.

Frederick W. Vanderbilt formerly owned the Warrior, and while he and Mrs. Vanderbilt were cruising on it with a party included the Duchess of Manchester it was nearly wrecked on the South American coast. Afterward Harry Payne Whitney bought the yacht and sold it to Alfred G. Vanderbilt.

Aboard the yacht as it went out to sea was a miley row to furnish fresh milk for the party, and especially the two youngsters of the family.

Morning on CHANGE

Only 55 shares changed hands today. Five Ewa sold at 22½, an advance of ¼, and 50 Olaa at 6¼, yesterday's price.

Between boards Oahu Sugar dropped ¼ to 2¼, while McBryde was up ¼ to 6¼.

Hilo Railway common sold at 1¼ and Honolulu Gas common at 100. Rapid Transit bonds lost ½ on a sale of \$1000 worth at 103½.

The market has steadied considerably, holding firm on the expectation that sugar will go up again or at least hold its own.

BLAISDELL HOTEL TO HAVE NEW LOBBY

Improvements which include a modern hotel lobby on the main floor are to be made in the Blaisdell hotel. The plans were drawn by Emory & Webb. The office of the hotel, which is now on the second floor, will be moved downstairs and the rooms now used as an office converted into sleeping rooms. The contract has been let to the Pacific Engineering Company.

OUTDOOR COMMITTEE GETS HIKE PROGRAM

The outdoor committee of the Promotion Committee has arranged the following week-end hikes to be held on Oahu:

Saturday, February 19, Tantalus rest house; February 26, Manoa cave; March 5, Pacific Heights to Pauoa rest house; March 12, Moanalua; March 19, rest house, Lanikuli trail; March 26, Seven Falls, Palolo (with forestry guide).

The Sunday tramps will be as follows:

Sunday, February 20, Kalili trail; February 27, Olympus trail; March 6, Lanikuli trail; March 13, Beal trail; Olympus; March 20, Wilhelmina trail to Palolo crater; February 27, Kona-huana.

The following excursions will require an autobus:

Sunday, February 20, Kaneohe; February 27, Koko Head crater; March 6, Pearl Harbor; March 13, Kailua; March 20, around Oahu; March 27, Waioale.

BLAME POLITICS FOR LOSS OF P. O. AT HAIKU, MAUI

[Special Star-Bulletin Correspondence]

WAILUKU, Maui, Feb. 14.—Politics is probably to blame for the abolishing of the Haiku postoffice, which for many years has been a very great accommodation to the Haiku people. Word was received from Washington to the effect that the Haiku postoffice will be no more. All the people of the district will therefore be obliged to go to Pauwela for their mail. James Lindsay, postmaster of Haiku, was the most surprised man in Haiku when notice came concerning the change. There will be an effort made to restore the old postoffice as soon as possible. It is expected that in case the office is restored that it will be built near the present Haiku station, where there had already been some talk of building a new office.

Last Saturday morning the Haiku Fruit and Packing company held its annual meeting. H. A. Baldwin and D. C. Lindsay both resigned from the board of directors and R. C. Walker and A. L. Castle were elected to take their places. H. M. von Holt, L. E. Arnold and R. S. West were again re-elected on the board. W. A. Baldwin is chairman and manager, J. D. Dole vice-president, and E. W. Gibson, secretary-treasurer.

From reports submitted at the meeting it appears that there was a net loss last year in handling the crop. This was due to the wet conditions and the low price realized. The crop for 1915 bids fair to be a better one than that of 1914 and it is expected that a somewhat better price may be realized. The new factory of the American Fruit company which is completed will be a great asset to the Haiku Fruit company, because the cans can be obtained at a somewhat lower figure and are directly on the ground.

It is expected that cans from the new factory will be available about April, at which time the new American can factory will be in full operation. It is claimed that the management expects to turn out 10,000,000 tins for Maui factories during the next year.

Personal Mentions

CANON AULT, who was operated on today for appendicitis, is reported convalescing at Queen's hospital.

FRANK GODFREY underwent a second operation on his eyes yesterday at the Queen's hospital. Dr. Morgan doing the work.

EBEN P. LOW, manager of the Oahu Shipping company, has gone to Kauai on a business and pleasure trip. He expects to return early next week.

ANTONIO POMBO, a well known businessman of Wailuku, Maui, arrived from the Valley Island in the steamer Mauna Kea, to secure treatment for his eyes.

MISS ALICE ZIEGLER, daughter of Col. C. W. Ziegler, was an arrival in the steamer Wilhelmina yesterday from San Francisco, where she has resided the past eight years.

PHILIP D. ARMOUR, 3d, a Chicago millionaire, and his bride are expected to arrive in this city in the new Great Northern steamer Great Northern. Mr. and Mrs. Armour, it is understood, will return to the mainland in the steamer.

WILLIAM M'COMB of Honolulu and Mrs. Mary Bell of San Francisco were married by Rev. E. E. Brack in the parlors of the First Methodist church a few hours after the arrival of the bride on the steamer Wilhelmina yesterday. The couple will reside in Kaimuki.

RT. REV. JOHN M'KIM, bishop of Tokio, arrived in Honolulu in the Tenyo Maru and will spend several weeks in this city. Accompanying the bishop will be Mrs. McKim and Mrs. George Wallace, Mrs. McKim's sister, cathedral Sunday.

J. F. HAWORTH is at the head of a mainland party who will attempt to take a series of pictures of Hawaii volcanoes by means of an aluminum kite. The result of their efforts will adorn the walls of Harvard University. Associated with Mr. Haworth are J. F. Haworth, Jr., W. J. Porter and Louis Meese.

SOLDIER MUST SERVE 18 MONTHS FOR FORGERY

Circuit Judge Ashford today advised enlisted men to start saving a little money every month. His remarks were brought about when he was called upon to sentence Frank Leroy Coleman, an enlisted man in the 25th Infantry, indicted by the territorial grand jury on a forgery charge. As an eleven-hour move Coleman with drew his plea of not guilty and entered one of guilty. He had no attorney. He was sentenced to serve 18 months at hard labor in Oahu prison and pay a fine of \$50 and the costs of the case.

It was brought out in the testimony that the man whose name Coleman forged to a check for \$35, a soldier, was setting aside a part of his monthly pay for the support of his aged mother. Judge Ashford said it would be a wise plan for all soldiers to set aside some of their pay and keep it for future use, instead of spending it recklessly.

LOCAL AND GENERAL

Hawaiian Lodge No. 21, P. and A. M., special—third degree—tonight at 7:30 o'clock.

F. Schnack today filed notice in the circuit court of his withdrawal from the case of Francisco Salinas vs. P. M. Pond.

The territorial grand jury will meet at 2 o'clock tomorrow afternoon in the judiciary building, at which time a large number of criminal charges will be investigated.

Anyone having finished work from the St. Clement's Red Cross center is requested to send it in by noon Friday next, as the packing for shipment is to be done that day.

There will be a service of hymns and intercessions in St. Andrew's cathedral at 7:30 o'clock this evening in observation of Ash Wednesday. Bishop Henry Bond Hester will officiate.

At the studio of A. R. Gurvey is a large photograph taken of a group of officers belonging to German war-bound steamers now at Honolulu. The picture will soon adorn a local gallery.

The first meeting of the Auxiliary of St. Andrew's cathedral branch, for the Lenten sewing, will be held Friday afternoon at 2:30 in the guild hall. All members are requested to be present.

It is estimated that more than 1000 persons attended the performance of "The Piper" at the opera house yesterday. The play was given by the members of the Punahou Dramatic club.

A meeting will be held tonight at 8 o'clock at the residence of W. O. Barnhardt in Punahou to perfect the organization of an improvement club to look after the interests of that district.

A declaration of intention to become an American citizen has been filed in the office of the clerk of the federal court by Ernest Missland, a native of Germany. Missland is employed on the U. S. revenue cutter Thetis.

Richard T. Prince appeared before the board of supervisors last night to urge safeguarding the beaches of Honolulu and particularly the cleaning-up of the beaches. He was informed that these matters are already under consideration by the city fathers.

Applications for building permits were filed today as follows: S. Nakayama, two buildings in Kuakini street, \$900 each; J. C. Griho, three buildings at King street and Kalih road, cost \$500, \$350 and \$360, respectively; W. K. Naimau, building in Boyd lane, \$1100.

A hearing was to be held in the supreme court this afternoon in the matter of the application of M. F. Scott and Nettie L. Scott for a writ of prohibition. Judge J. B. Stuart and Attorney Joseph Lightfoot, mastery in chancery, respondents.

In compliance with a ruling recently made by the department of justice, A. E. Murphy, clerk of the federal court, has renewed his bond of \$10,000. The ruling is that the bond shall be renewed every two years. Mr. Murphy's bond has been approved by Judge Sanford B. Dole and ordered filed.

Henry W. Kinney, superintendent of public instruction, said today that the recently installed vocational training system in the public schools of the territory is progressing successfully. A school lunch kitchen has been established at the Kalihiwaena school and another will be opened at Honolulu, Hawaii.

The University of California club at a meeting of members in the University club building last night adopted a constitution and by-laws, making provision for initiation of women as honorary members. "Charter Day," which will be celebrated in California March 23, will be recognized by the club here.

Lack of attendance at the meetings of the Hawaiian Philatelic society may result in the disbandment of that organization, according to members, and the latter course is being given serious consideration. The association exhibited \$100,000 worth of stamps at Cooke hall in the Y. M. C. A. building two years ago.

Mrs. A. A. Wilder was appointed chairman of the billboard committee of the Outdoor Circle at a meeting of the organization yesterday. The members are Mrs. Harry Macfarlane, Mrs. Walter Dillingham, Mrs. C. L. Buero, Mrs. Lorin A. Thurston, Mrs. A. N. Campbell, Mrs. Frank Armstrong and Mrs. George Potter.

CABARET SINGERS TO GIVE PROGRAM AT AD CLUB DINNER

Ad Club doings this evening will be started off by the troupe of cabaret singers from the Popular theater. It will be a live program from start to finish and incidentally a lot of business will be done in preparation for the Ad Club's participation in the Carnival.

Miss Charlotte Powers will give a recitation and the Waipuhani Club, made up from among the players of Punahou, will furnish some new music. It will be a live meeting with a very live topic. All Ad Club members are urged to be there.

One hundred and fifteen thousand bags of beet sugar seed worth \$625,000 in gold have been bought in Germany for American growers that the American crop may not suffer by the war.

RILEY H. ALLEN

EDITOR

WEDNESDAY, FEBRUARY 17, 1915.

Conditions master weak natures only; they lack strength, endurance, courage, and pay tribute to the steady purpose, the resolute will. It is easy to sail with the wind; one must have knowledge, skill, judgment, to sail against the wind.

PLENTY OF WORK AHEAD.

The legislature which meets today faces no great new territorial problems but it has nevertheless plenty of work ahead.

Since the establishment of county government there has been dissatisfaction with the business conduct of county affairs. Not infrequently there arise those who openly regret the "good old days" when everything was run by the territory. But county government is here to stay and the need is to make it more businesslike.

A general checking-up, a general speeding-up, a general tightening-up of county administrations is one of the duties before this legislature. Bills dealing with various features of the problem will be presented. There is also the amendment of the primary law, to make it more workable—less expensive to the candidates and less onerous to the electorate. Another vital task for the lawmakers is to straighten out the tangled and often clashing zones of authority between the territory and the counties in such matters as health and sanitation. Then, too, the demand of a large part of Hawaii for a system of highways must be considered. And the reapportionment bill—twice wilfully neglected by legislatures—ought to be put through, as is obligatory under the Organic Act.

The list of measures already foreseen is too long even for an attempt at summary here. But the main demand of the people is for legislation that will aid the transaction of public business on an economical and efficient basis. During the last two years Hawaii has constantly faced the threat of industrial disaster because of hostile tariff legislation and this has emphasized the lesson that the territory has no money to waste from the public treasuries. The further this legislature goes to drive home that lesson in prudent appropriations and in laws that put a brake on public spending, the better the people will like it.

GOVERNOR PINKHAM'S MESSAGE.

Governor Pinkham's first message to the eighth legislature strikes the keynote of co-operation that should imbue the joint labors of the executive and legislative branches of territorial government during the session of 1915. The message covers a wide range of subjects. It deals with the financial situation of the territory—with the business side of Hawaii, it might be called—and with the more personal and human side of territorial affairs, with social, humanitarian, public welfare measures. It deals briefly with the various departments of the government and with the factors that go to make up the life of its people.

The governor's message is a series of suggestions placed before the law-making body in the spirit of an observer who from his official position has unusual opportunities to discover the territory's needs.

Throughout these suggestions there runs the keynote of reliance upon the ability and the unselfishness of the elected representatives of the people. He expresses his faith that they will approach the problems in the spirit of patriotic desire to pass legislation that will benefit all the people.

He does not say: "This is the situation—and thus you must proceed." He does not attempt to tell the legislators the details of their duties. He sets forth the facts as he sees them and relies upon the good sense and the sound judgment of the lawmakers to shape the necessary legislation.

At the outset of an important session of the

GOVERNOR DISPOSES OF PUBLIC LAND CASES

The governor disposed of a large volume of public land affairs, approving 53 land patent grants, five special homestead agreements, eight transfers and two mortgages, as follows:

Land patent grants—Manoel G. Freitas, lot 13, block 10, Auwalolimu; Antonio L. Aguilar, lot 3, block 28, Auwalolimu; Charles E. Ehlger, lot 5, block B, Kapaia; Charles B. THE CHILDREN TO HELP.

The enlistment of the 20,000,000 children of the United States in an army of helpfulness to relieve suffering both in this country and Europe is the purpose of a movement which is announced by a committee of educators of nationwide reputation. It includes Charles W. Eliot, president emeritus of Harvard University, David Starr Jordan, president of the National Educational Association, and Richard McLauren, president of the Massachusetts Institute of Technology.

It is the belief of those interested in the plan that evil influences in the schools of the United States are arising from the war. "Influences of lying, hatred and murder are moulding the lives of America's 20,000,000 children," says an announcement of the committee's plans, "which tend to crush out truth, justice and love. As a nation we are evading our responsibilities in not seriously attempting to counteract these evil influences."

A SAMPLE?

A friend of the Star-Bulletin's writes from Los Angeles:

"A sample of what would occur regularly if your ships ran from the big city and port of Los Angeles."

The sample is the following newspaper clipping:

"200 BOOKED TO SAIL ON HONOLULU VOYAGE"

"Upwards of 200 persons have been booked for the first trip to be run direct from Los Angeles harbor to Honolulu by the steamship Great Northern, leaving here February 17."

Baron Sakatani, former mayor of Tokio, has been appointed chairman of the committee on Japanese-American relations, a body organized by Count Okuma. Baron Sakatani is well-known to a number of residents of Hawaii. Other members of the committee are Viscount Kaneko, Barons Shibusawa and Mekata, Dr. Soyoda, Dr. Takata, dean of the Waseda University; Mr. Kamada, president of the Keio University; Mr. Nakano, president of the Tokio Chamber of Commerce; Dr. Nitobe, Mr. Yebara, Mr. Shimada, Mr. Hayakawa, Prof. Fukuoka, Mr. Horigoshi and Mr. Miyaoka.

All reports agree that unless 40,000 or so men are killed and twice as many wounded there's really nothing really worth while to report from the theater of war.

As Bill Ward would say, the present board of supervisors is the residuary legatee of general disaffection.

If the price of bread keeps on rising there's going to be a civil war around the United States.

These earthquakes and floods apparently have only a temporary effect on Italy's war spirit.

Those "awesome Roman senators with beetling brows" had nothing on the Hawaii solons.

It's only sixty days until the legislature adjourns.

TIMELY RAINS SAVE 1915 CROP OF PIONEER MILL

Optimistic Report Is Read By Manager Weinheimer at Stockholders' Meeting

Notwithstanding the fear that drought would hamper the 1915 crop of the Pioneer Mill Co., Ltd., L. Weinheimer, in his report as manager to the stockholders at their annual meeting today, says "That we will be agreeably disappointed I am now certain."

Mr. Weinheimer says that at this time last year he thought this year's crop would be the shortest harvested since he had been in charge of the plantation, but the rains came in time to save it.

The report in part follows: "Crop 1914—We started grinding this crop on November 21, 1913, and finished June 20, 1914. The total output was 28,301,625 tons of sugar at an average polarization of 96.68 degrees. The crop was harvested from 1342.90 acres of plant cane, 2736.25 acres of long ratoons and 88.25 acres of short ratoons, or a total of 4167.40 acres. The average yield was 48.15 tons of cane per acre, and it took 7.09 tons of cane to make one ton of sugar as against 6.86 tons the previous year.

"Crop 1915—As mentioned in my last year's report, this crop had a very poor and late start on account of shortage of water, but as a result of the favorable weather conditions, during the past year, as above referred to, it will overrun my first estimate of 27,000 tons by at least 2000 tons.

"We started grinding this crop on November 19, 1914, and up to January 31 we have manufactured 9045 tons of sugar. The juices are good and it has taken, so far, about half a ton of cane less to make one ton of sugar than during the same time last year.

"Factory—The work done in the factory during the past year has been very satisfactory and better than in any previous year; all the improvements have proved a success.

"The daily output has been increased from 159.62 tons of sugar per 24 hour-day to 180.12 tons and the losses have been reduced from 11.62 to 10.73 per 100 sucrose in cane.

"The use of oil as extra fuel has been reduced to a minimum and will soon be eliminated entirely. In former years we used at the mill from 15,000 to 18,000 barrels of fuel oil, and during last season we used only 3615 barrels.

"Molasses—We have sold during the year 3057 tons of molasses on the Pacific coast and have made arrangements to also sell this year's output. Besides we have installed one furnace to burn a part of the molasses to recover the potash for fertilizing purposes. We will experiment with this during this season and, if found profitable, will make arrangements to burn all the molasses in future which ought to be more advantageous than selling it."

"Dividends amounting to \$480,000 or 12 per cent were paid out. The profit balance is \$127,588.38."

Officers were re-elected as follows: J. F. Hackfeld, president; D. P. R. Isenberg, first vice-president; H. Focke, second vice-president; Georg Rodiek, treasurer; J. F. C. Hagens, secretary; A. Haneberg, auditor.

The above officers, excepting the auditor, with J. A. McCandless and P. Muhlenhoff, constitute the board of directors.

20, Kihala, North Hilo, Hawaii; Sam Nohchaki, Jr., lot 115, Puukapu, South Hilo, Hawaii; Nalhe Kaniho, lot 29, Kalaheo, South Hilo, Hawaii; Lauiele Ebreo, lot 430, Kalaheo, South Hilo. Transfers—From Francisco Santiago to Maria Martin, lot 9, Kalaheo homesteads; from Manuel Reis to Kawena Kaulili, lot 6, Lawai homesteads; from Jose Costa Ayres to John Paris, lot 46, Lawai homesteads; from Gilbert H. Brown to Maude Starbuck, lot 26, Kulahe-Pauwela homesteads; from Susia Makala to Naomi Haupu, lots 199b, Lualualei homesteads; from J. H. Noble to William F. Stark, lot 33, Kaupakalua, Hamakua, Maui; from Antonio Joaquin Patata to Alfonso Marin, lot 37, Kalaheo, Kona, Hawaii; from O. K. Stillman to Nancy Stillman, lot 34, Kawaloa beach lots, Kailua, Koolauloko, Oahu.

Mortgages—Perico Rodriguez to Alexander & Baldwin, covering right-to-purchase lease, No. 250; Julia Santos to Kaula Fruit & Land Company, covering right-to-purchase lease No. 249.

All of the \$144,000,000 emergency currency issued to New York banks through the National Currency Association of New York has been retired.

MAUI AGRIC. CO. NETS PROFIT OF \$700,000 IN 1914

Haiku and Paia Plantations Have Crop of 37,000 Tons; Increase of 3340 Tons

The 1915 crop of the two major Maui Agricultural Co. plantations, the Paia Plantation and Haiku Sugar Co., will be 37,000 tons or 3340 tons larger than last year, according to reports made at the annual meeting. The year's profits from all the Maui Agricultural plantations was \$698,947.05.

The total receipts for the year from sugar, less marketing expenses, was \$2,167,843.26 and the expenditures \$1,338,119.26, leaving a balance divided among the partners as follows:

Paia Plantation, \$169,572.33; Haiku Sugar Co., \$113,948.22; Kailiulani Plantation Co., \$9,420.69; Makawao Plantation Co., \$9,420.69; Pulehu Plantation Co., \$9,420.69; Kailua Plantation Co., \$9,420.69.

Following is the report made by Manager H. A. Baldwin: At the beginning of 1914 our prospects for a good crop were evident, but anticipating low prices for the season's output our prospects did not seem particularly bright. Due to the most unfortunate condition of European international affairs, we realized high prices for the last 6000 tons marketed, and our operations for the year were very gratifying.

The crop amounted to 33,660 tons of sugar of an average polarization of 97.11 degrees, which was sold at an average New York price of 3.76 cents per pound for 96 degree sugar.

The rainfall during the year was greater than for any year as far back as our records go, i. e., to and including 1888. The total of 68.32 inches was well distributed through the year, the only dry month being February.

1915 Crop.—This promises to be a record crop, estimated at over 37,000 tons. We commenced harvesting November 17th, and so far the yields have been satisfactory.

Factory.—We obtained an average extraction of 97.14 per cent sucrose which was very satisfactory, in view of the fact that much of the time we were crowding the mills. Our total factory losses were 10.414 per cent of sucrose in cane.

Improvements.—During the past year but little was expended under this heading. A new evaporating body and an up-to-date Richardson juice scale were installed in the factory, and a Sweetland filter press purchased, besides the construction of a bag sewing and printing apparatus. We also finished the excavation work for the Kaulihoa ditch, and commenced on the lining. Improvements for 1915 will include the completion of our new evaporating outfit and the installation of two sets of sugar driers in the factory, the lining of the Kaulihoa ditch and the building of a number of camp houses.

Officers of the Maui Agricultural Co. were re-elected as follows:

H. A. Baldwin, president; S. M. Damon, first vice-president; J. P. Cooke, second vice-president; J. Waterhouse, treasurer; John Guild, secretary; D. B. Murdoch, auditor.

Board of directors—H. A. Baldwin, J. P. Cooke, S. M. Damon, F. C. Atherton and S. A. Baldwin.

The Paia plantation officers are the same.

For the Haiku company there are the same officers and directors, with the exception of John Guild as secretary instead of Mr. Smith. The latter also is not a director.

Y. M. C. A. ORCHESTRA PLAYS TOMORROW NIGHT

With a program of orchestra numbers and solo features the Y. M. C. A. orchestra will give a popular concert in Cobble hall in the association building tomorrow evening at 8 o'clock. This being a special feature in the regular Thursday lecture program, both members and their lady friends are invited. The program:

Marches from "Madame Sherry"..... Hoschna
Spanish intermezzo, "Pearl of the Pyrenees"..... Frank
Violin solo, "Serenade"..... Drilla
Prof. L. A. de Gracia
International Rag..... Berlin
Irish Medley..... Fairchild
Selections from "The Sho-Gun"..... Howard
Waltzes, "Dreaming"..... Joyce
Popular song, "All Aboard for Dixie Land"..... Cobb
Tenor solo, "The Water Lily"..... Kuecken
George A. Andrus.
Finale, "It's a Long Way to Timor"..... Williams

COMMISSION TO TAKE UP SCHOOL LEGISLATION

Needed legislation for the department of public instruction will be discussed at a meeting of the commissioners of education March 1 at 9 o'clock in the morning in the offices of the department, Judiciary building. It is expected that the question of

medical inspection in the public schools will be taken up, as will the question of a pension system. Thus far the commission has expressed no opinion on pensions. The public school teachers on Oahu recently voted for such a system.

Schofield Lodge No. 443, F. and A. M., special meeting tonight at 7:30 o'clock.

All-Oahu vs. Asahis, Sunday.

Teams to take part in the baseball series of the Carnival, and the prizes to be awarded winners, have been definitely settled on, according to a statement made today by M. B. Henshaw, chairman of the baseball committee.

Four prizes have been put up to assure the highest playing efficiency of teams and players. They will be awarded as follows:

The first prize, which is a team cup, will be awarded to the team winning the highest percentage of games during the period. In event of a tie, the judges are to award the prize to the team which showed the best all-around playing and team work.

The second prize, a batting cup, is to be given the player showing the highest batting average for the series, providing the player has taken part in two or more games. The third prize will be a silver medal and will be given the player credited with the greatest number of stolen bases. The fourth prize will be a silver medal too, and will go to the player judged to have been the greatest individual benefit to his team.

All the games will be played at Athletic Park. In cases of double-headers, only seven inning-games will be played.

School Children Will Sing.

More than 1000 public school children, representing practically every nationality in Hawaii, will sing and portray folk dances in the capitol grounds as one of the Carnival features. Rehearsals are being held with excellent results under the direction of Miss Jane Winne and Mrs. Mary W. Gunn.

Following are the teachers of the various schools who are assisting in training the children:

Normal school—Edgar Wood (principal), Misses Anne van Schaick, Marjorie Freeth, Marion D. Dean, Margaret Cooke, Wyllian Cutler, Frances Ostroma, Gladys Rickard, Lorna Jaret, Mrs. Lilla G. Marshall, Allen Creevey.

Central grammar—Mrs. F. W. Carter (principal), Mrs. F. A. Canning, Mrs. Little Wilkins, Misses Jane Gault, Isabel Kelly, Orpha Starratt, Harriet Young, Mabel Lightfoot.

Kalihiwaena—I. M. Cox (principal), Mrs. Constance Vivas, Misses Addie Johnson, Carlotta Stewart, Charlotte Cowan.

Liliuokalani—Miss Harriet Needham (principal), Miss Minnie Clough.

Pohukaina—Miss Myra Angus (principal), Mrs. Margaret Waldron, Miss Olive Horner.

Kauluwela—Mrs. Isabel Creighton (principal), Mrs. Gloria A. Lutz, Mrs. Yap.

Maemae—Miss Iwalani Dayton (principal), Mrs. Cristina Fernie, Mrs. Martha Bompke.

Royal school—R. C. Davis (principal), Mrs. Alice Brown.

Kaunamunu—C. W. Baldwin (principal), Miss Signa Wicander, Mrs. Phoebe Amoy, Mrs. Hulda Bushnell, Mrs. Katherine Winter, Mrs. Ruth Hampton, Miss Marie Lutz.

Kaunani—Mrs. N. L. D. Fraser (principal), Mrs. Ida H. Knight, Mrs. Mabel King, Misses Mary C. Lofquist, Emma France.

AMATEURS MAY ENTER MILITARY ATHLETIC MEET

That athletes enlisted in the National Guard of Hawaii will not jeopardize their amateur standing by competing in military athletic meets, even where cash prizes are offered is the word that comes from the local branch of the A. A. U. There are a number of first class athletes in the guard who will take part in the Carnival military meet, now that there is no chance of "getting in bad" with the A. A. U. authorities.

The following letter on the subject was received this morning by Lieut. P. M. Smoot, athletic officer of the 1st Infantry, N. G. H.:

Honolulu, T. H., Feb. 17, 1915.
Lieut. Smoot, Athletic Officer, N. G. H., Honolulu, T. H.

Dear Sir: Confirming our verbal conversation of this morning, I beg to state that the ruling of the registration committee of the Hawaiian branch of the A. A. U., in connection with the matter of the proposed athletic events to be pulled off by the National Guard will be the same as a year ago, that is, registered A. A. U. men will not jeopardize their standing.

The chairman of the various committees organized for the purpose of selling leis for the Carnival met yesterday with Mrs. W. F. Frear, president of the association; Miss Chandler, general secretary, and Mrs. Gignoux, chairman of the Carnival selling committee.

In order to repay the business community for its able assistance and to show their appreciation of the way in which they have stood behind the Y. W. C. A., the ladies of this association have agreed to accept the invitation to become sellers of the Carnival decorations.

From the president down to members who seldom enter into any activities, all are expected to show their aloha and good will and help the ones who are working so hard to make this carnival a genuine success in every way.

During Thursday and Friday the members will be down town all day—in fact are willing to spend Saturday, too, and visit all the events in order to carry out the Carnival idea of the meaning of the yellow and the green.

Some are detailed to supply autos—private and public. Every machine should wear a large wreath and at least two pennants. Some will be covered with decorations. No one is going to the expense of preparing for a floral parade as on previous years, so buying the present year's simple favors is in itself an economy.

Tomorrow morning the Carnival spirit begins and the sale starts.

Sachs' corner on Beretania and Fort streets is the main depot of supplies. All matters pertaining to the method of sale—place of booths, hours of selling and other details to be agreed upon—will be cheerfully given by the following ladies who head the various committees:

Mrs. L. A. Thurston, Mrs. S. S. Paxson, Mrs. H. Ketchum, Mrs. Lindermann, Mrs. Julia Smith, Mrs. A. P. Taylor, Mrs. J. D. Marques, Mrs. Jas. McLean, Mrs. E. B. Clark, Mrs. James Dougherty, Mrs. M. F. Prosser, Mrs. Charles Crane, Mrs. A. A. Eberable, Mrs. Wm. J. Forbes, Mrs. Horne, Mrs. W. Montrose Graham and Mrs. Raymond C. Brown.

The ladies are all requested to bring baskets to carry the favors in. Each chairman is to attend to change in small coin to start sales with. The hours begin at 8 and end at six o'clock.

by taking part in events restricted to enlisted men, the understanding being that where cash prizes are competed for, said money is to be treated as company or squad funds.

Yours very truly,
J. F. SOPER,
Chairman Registration Com.

Company D Tonight.

ANNETTE KELLERMANN GIVES HINTS TO GIRLS ON DEVELOPING BEAUTY

ANNETTE KELLERMANN.

Annette Kellermann, who will be seen in "Neptune's Daughter" tonight at Ye Liberty theater in seven thrilling reels, belongs to the No-Corset club. "About the corsetless fad," she says, "I hardly know what to say to have it apply justly. I wouldn't wear corsets to swim in or to walk in any more than I would wear a straight jacket. But a woman who has worn corsets for years and has not exercised to keep her muscles firm needs some kind of support, and leaving corsets off in order to gain a slouch is not wise. Unless a girl is actually deformed there is no reason why she can't have a good figure and a fine carriage and a graceful and healthy body. It depends upon herself."

"One more word to the women who are trying to build up their figures: Wear high boots and keep your ankles small and trim. A slim ankle means a big pull, a capacity for getting along. Watch the horse with the stodgy legs and compare him with the slim, fine-legged animal. I would have my words sink into the minds of the girls between 18 and 22. Then is the time for a girl to make her future. Her ideas and figure are forming then. She can make them what she will. That is why I urge her to brace up and forget this awful slouch. I don't see how she can have a bright and active mind if she cultivates such a figure."

In "Neptune's Daughter," Miss Kellermann displays ability as a swimmer and diver and discloses her wonderful charm as a modern Venus, together with her ability as an actress of no mean distinction. In the 8000 feet of film, with 500 scenes, each is a feature in itself.

The "Sweetest" Part Of the Carnival

The Carnival will soon be in full swing, with all its festivities and frivolities. Now, what festive occasion would be quite complete without feasting of some sort? Doubtless the coming Mid-Pacific Carnival will be punctuated with feasts of various kinds from luaus to staid banquets in myriad forms.

No feast, not even of the most pretentious gods could offer more real satisfaction and pleasing a taste than the famous Orange Blossom candies, fresh from the Coast, on sale at the Honolulu Drug Store. The appetizing Pinchoe Patties, of which you are so fond, will be on sale for a few more days, as the shipment wasn't large and their popularity is immense. Remember and drop in the next time you are near the store.—Adv.

WHY YOUR STOMACH HURTS Some Common-Sense Advice

BY A DOCTOR.

Pain in the stomach, variously called indigestion, dyspepsia, flatulence, heartburn, stomach-ache, etc., is usually attributed to some unnatural, abnormal or diseased condition of the stomach itself. Nothing, however, could be farther from the truth. Nineteen times out of twenty the stomach is absolutely healthy and normal, the pain and discomfort being entirely due to the acidity and fermentation of food which irritates and distends the stomach, although if this condition is allowed to run on, in time the constant irritation of the acid is likely to eat into the stomach walls and produce ulcers and sometimes cancer of the stomach. Medicine is useless in such a case. The acid and fermenting food must be removed by a stomach pump or an emetic, or you must neutralize the acid and stop the fermentation by taking a teaspoonful of bisurated magnesia in a little water; this latter is far the simpler and the safer method. Bisurated Magnesia almost immediately neutralizes the dangerous acid and by correcting the food contents enables even a tired, weak stomach to digest almost any food without difficulty. Physicians advise that bisurated magnesia should be kept in every home and a little taken after every meal whenever the slightest tendency to food fermentation is shown. For sale by Benson, Smith & Co., Chambers Drug Co. and Hollister Co.—advertisement.

SENATE QUICKLY ORGANIZES AND STARTS BUSINESS

(Continued from page one)

without formality immediately entered upon the order of business.

At any rate there was considerable merriment among the Democratic solons, several of whom openly accused Senator Charles A. Rice of the rumored larcenous act. Rice was generally made the "goat" for affairs of this kind at the session of two years ago, but he stoutly declared today that he had quit such childish pranks. Work is expedited.

After prayer by the Rev. W. Kamau, who later was elected chaplain of the senate, the chair appointed Senators Rice, Baldwin and Baker as a committee on credentials. On motion by Metzger the appointment was confirmed viva voce, and a moment later, on motion by Rice the chair appointed Albert Lloyd temporary clerk. Recess was then taken subject to the chair's call, pending the return of the credentials committee. Five minutes later that committee reported favorably on the admission of all members to the senate.

A committee of three, following Senator Coke's motion, was appointed and sent to the judicial building to request the chief justice of the supreme court to administer the oath of office. Chief Justice A. G. M. Robertson, arriving by auto, was escorted to the senate chamber and there, with all members standing, they were formally sworn in.

Proceeding under the same rules used by the senate of 1912 the body then proceeded to elect officers of the permanent organization. The first action was on the choice of president and in this, as expected, Senator Chillingworth drew the majority vote. He was nominated by Senator H. A. Baldwin of Maui. The name of Senator Coke was placed in nomination by D. K. Metzger. The Democratic nominee, arising on a point of privilege, asked that he be excused from stating his ballot as he was an interested party and the request was granted despite an objection raised by Rice.

Following Chillingworth's election the temporary chairman named Metzger and Coke as a committee to escort him to the rostrum and this little ceremony was held in due form. In spite of the fact that the Democratic members appeared somewhat surprised at their selection to "do the honors."

His Birthday Present.
President Chillingworth's address was brief. He said:

"Fellow members of the senate, it is needless to say that I feel highly honored at your action in choosing me as your president for the coming session just begun. I am modest enough and well enough acquainted with my own limitations to appreciate that length of service in the senate of the territory, rather than real merit, has led to my choice."

"I can but promise you to do the best I know how to assist you in the enactment of laws for the greatest benefit of the territory; to preside over your councils fairly and impartially; to make no partisan rulings of

Some Members of the Lower House Caught by the Camera

Left to right—J. P. Hale, representative from East Hawaii; John M. Coney, representative from Kauai; A. Garcia, representative from Maui; Ed Weisheit, representative from Maui; Norman M. Lyman, representative from East Hawaii; D. K. Kaupiko, representative from West Hawaii; James K. Lota, representative from Kauai.

any nature whatsoever, and I know that you at every stage in our proceedings will see your best endeavor along the line of economy.

"May I make a personal statement in conclusion? Your selection of me on this day comes to me as the best birthday present I have ever received. For today is my birthday. I shall mark it down that my thirty-eighth birthday has been the best birthday I have ever had."

Gavel is Presented.
In a neat little speech in which he said that he did not anticipate a turbulent session this year, but that the president might find occasion to make considerable noise to make himself heard, Senator A. L. Castle presented the gavel of former President Eric Knuudsen to the new executive.

The solons then proceeded to the election of officials.
Albert Lloyd, chief clerk; Claus L. Roberts, assistant clerk; Rev. W. Kamau, chaplain; John A. Noble, messenger, and J. W. Pakiko, junior. These were called forward to the president's desk and sworn in by him. On Senator Coke's motion Rice, Coke and Desha were appointed a committee to wait on the governor, informing him the senate was duly organized and ready for business. Recess was taken until the committee reported back at 11:17 a. m. that the governor desired to read a portion of his message to the joint assembly of the two houses at 2:15 o'clock.

Flowers in Profusion.
The inaugural session of the senate was witnessed by a fair-sized crowd, numbering several women among the interested spectators, and a touch of color was given the scene by a profusion of flowers, which had been placed on the desks of various senators by admiring friends.

Among the floral gifts were those of Albert P. Taylor and Mrs. Taylor, who presented a huge box of magnificent golden cups to President Chillingworth and a buttonhole of violets to every senator.

Before taking recess until afternoon the senate received its first communication—a statement from the house of representatives that that body had perfected its permanent organization.

Rice Puts in First Bill.
Senator Rice then seized the distinction of introducing the first senate bill, a measure appropriating funds to defray the expenses of the 1915 session of the upper branch.

THOMPSON IS HEAD OF ELKS LODGES IN HAWAII

Frank Thompson has been appointed district deputy grand exalted ruler of the Hawaiian lodges B. P. O. E. This is the highest position which an Elk may attain in the local jurisdiction. Mr. Thompson received his appointment from Benjamin Rey, grand exalted ruler, now residing in California. He will serve two years.

HOUSE CHOICES GO THROUGH AS CAUCUS PLANNED

(Continued from page one)

communication requesting various improvements in the county and city governing statutes. He urged continuance of civil service and the creation of a territorial auditing committee to audit the county books. He also recommended that collecting of the city and county's share of the taxes be made by the county instead of by the territory as at present.

Representative da Silva introduced a bill which provides that the cities and counties of the territory shall not issue any licenses to persons residing in those sections until all delinquent taxes due the territory have been paid. The bill passed first reading.

Bills Sent In.
The following bills were introduced and passed first reading, preceding the governor's message:

H. B. 1.—An act to appropriate legislative funds.—Watkins.

H. B. 2.—An act to provide an increase of \$15,000 to the funds requested by Delegate Kuhio to bring Congressmen, President Wilson and distinguished persons to Hawaii.—Watkins.

H. B. 3.—An act relative to signing and execution of the bonds of the territory.

H. B. 4.—An act relative to the pay of all laborers of the territory or any subdivision of the territory.—Walehole.

H. B. 5.—Relative to school funds.—Cooke.

H. B. 6.—Relative to property taxes.—Cooke.

H. B. 7.—To amend Section 2117 of Revised Laws of Hawaii.—Fassoth.

H. B. 8.—To amend Section 1865 of the Laws of Hawaii.—Alu.

H. B. 9.—Relative to animal pounds.—Alu.

H. B. 10.—An act relative to allowance of costs in civil court cases.—Alu.

H. B. 11.—An act allowing defendant in all court cases except criminal and probate traveling expenses when cases are dismissed or non suited.—Alu.

H. B. 12.—Relative to governing of sheriff, high sheriff and deputies.—Coney.

H. B. 13.—Relative to increase in settlement upon ex-Queen Liliuokalani.—E. J. Crawford.

H. B. 14.—Relative to civil service in police and fire departments.—E. J. Crawford.

H. B. 15.—To limit setting aside and

reversal of circuit court judgments.—Kula.

H. B. 22.—Relative to milk licenses.—da Silva.

A resolution was introduced by W. H. Crawford and was adopted asking the heads of the various territorial governmental departments to supply the house with a list of all their employees and the salaries paid to each.

LONGFELLOW'S NOTED POEM TO BE ON PROGRAM

Miss Charlotte Powers to Give "Hiawatha's Wooing" at Coming Recital

"Hiawatha's Wooing," a cutting from the poem by Longfellow, has endeared itself to all. There are none who will say "they have cared little for this exquisite masterpiece." In

its original, purely dramatic form it adds to the sentimentality, will bring to a close a program admirably chosen and intrinsically interesting.

Miss Charlotte A. Powers, who will appear in recital Friday evening, February 19, at the Young hotel roof garden, has already to her credit many interesting stories and verse, but for Messrs. George Andrus, Dudley real artistic effect her reading of "Hiawatha's Wooing," with musical interpretation played by Mrs. L. Tenney. Tickets can be secured at the Young Peck, whose music accompanies the hotel office and at Gurrey's.

Under the auspices of the regular army and the National Guard of Hawaii special services and celebration of mass will be held in the National Guard armory at 11 o'clock Sunday morning. The public is invited. Father Fealy, chaplain of the 1st Field Artillery, and Father Valentin of the local Catholic mission, will officiate. Music will be furnished by a military band. There will be special singing.

Don't Neglect THROAT Troubles

because the swollen glands and inflamed membranes often affect other tissues and impair their healthy action.

SCOTT'S EMULSION affords great relief because its cod liver oil is speedily converted into germ-killing tissue—the glycerine is curative and healing, while the combined emulsion strengthens the lungs to avert lung trouble.
