ARMY SURGEON PASSES AWAY IN NIGHT; WIDOW ENROUTE TO COAST

COLONEL APPEL FOUND DEAD IN BED THIS A. M.

Was On Duty Yesterday and
Sudden Demise Proves Se-
vere Shock to Friends

HAD BEEN CONNECTED
WITH ARMY 32 YEARS

Detailed as Department Sur-
geon of Hawaiian Depart-
ment About a Year Ago

Col. Daniel M. Appel, of the United
States army medical corps, was found
dead in his bed at noon today, in his
quarters, 417 Wyllie street. Heart
failure is believed to have been the
cause.

Col. Appel's death comes as a par-
ticularly great shock to his friends
and associates both in and out of the
army, since he had had practically no
premonitory illness. Although he had
been complaining of not feeling very
well for several days, he had been on
duty as usual yesterday, and was
with friends last evening. His non-
appearance until noon today finally
caused the house servants to become
alarmed, with the result that his dead
body was found, death having appar-
ently come during sleep.

Col. Appel was 60 years of age, and
has been in ordinarily vigorous health,
considering his years, and only a few
weeks ago successfully passed the
rigorous test prescribed for all officers
on active duty. He was married, and
his wife left here last week by the
Manchuria for a visit to the mainland
and is either at sea or has just reached
San Francisco. He also leaves sev-
eral sons, who are in business on the
mainland.

Col. Daniel M. Appel was in his 60th
year at the time of his death, having
been born in the state of Pennsylvania
October 28, 1854. He entered the
medical department of the army in
August, 1876, as assistant surgeon,
reached the rank of captain in 1881,
major in 1895, lieutenant-colonel in 1904,
and attained the grade of colonel De-
cember 12, 1908. He was the fourth
ranking colonel in his corps, and if
the present agitation to raise the rank
of the surgeon-general to major-general
and give the medical corps a brigadier-
general in addition, come to any-
thing, Colonel Appel stood a good
chance of getting his star.

Colonel Appel came here about a
year ago, soon after Hawaii was
made a territorial department, becom-
ing an appropriate command for his
rank. He has been department sur-
geon since coming here, having held
the same office in the central depart-
ment just prior to coming to Hawaii.

Colonel Appel was apparently in the
best of health right up to the time of
his death. Last night he attended the
entertainment on the Young. Hotel
roof garden with a party of friends,
and never appeared in better spirits.
Only a few weeks ago he took the
test ride for officers, which includes
rigorous physical examinations before
and after the ride, and these he passed
without trouble.

Colonel Appel had a wide circle of
friends here. By nature he was genial
and democratic, turning acquaintances
into friends in short order.

Huerta's Action Construed as Virtual Declaration of War

WASHINGTON, D. C., April 22.—(8:15 p. m.) American Charge d'affaires Nelson O'Shaughnessy is safe, according to a brief dispatch received here late tonight. No details are to hand.

WASHINGTON, D. C., April 22.—Secretary of State is worried about American Charge d'affaires Nelson O'Shaughnessy, who is reported to have been assassinated.

Bryan cabled for a full report of Mexican conditions and says he believes O'Shaughnessy is safe, although nothing has been heard from him since Monday.

WASHINGTON, D. C., April 22.—Huerta orders O'Shaughnessy out of Mexico, which is virtually a declaration of war.

WASHINGTON, D. C., April 22.—Joseph P. Tumulty, secretary to the president, emphatically denies that Secretary of State Bryan, or any other member of the cabinet has tendered his resignation.

This denial is made to offset a rumor that has spread rapidly through official Washington during the past 24 hours.

Manager and Many Men Said to be Entombed in Fired Mine

TRINIDAD, Colo., April 22.—It is reported here late tonight that Man-
ager J. W. Siple and a large number of men had taken refuge in the Em-
pire mine, which has been sealed and fired by the strikers.
Great fear is entertained for the lives of the entombed men as it is be-
lieved they will be overcome with the gases from the coal before aid can
reach them.

Votes \$500,000 Undebated

WASHINGTON, D. C., April 22.—The House voted the \$500,000 asked by
President Wilson for the relief of refugees from Mexico, without any de-
bate. The Senate will vote upon this question tomorrow.

Albany Sails for Mexico

SEATTLE, Wash., April 22.—The Albany sailed from this port this at-
ternoon for Mexican waters, by way of San Diego.

Americans in Complete Control.

SAN FRANCISCO, April 22.—The Americans now have
complete control of Vera Cruz.

Mexican Representative Asks Passports for Return Home

WASHINGTON, D. C., April 22.—It is unofficially an-
nounced that General Huerta has requested the withdrawal of
Charge d'affaires O'Shaughnessy and that Mexican Charge
d'affaires Algora has been instructed to request Secretary of
State Bryan to supply him with passports and allow him to
proceed to Mexico.

May Restore Embargo on Arms

WASHINGTON, D. C., April 22.—Secretary of State
Bryan is seriously considering the recommendation of the
army and navy board that the embargo on the transportation
of arms across the border be restored.

Mexicans Concentrating at Saltillo.

EAGLE PASS, Tex., April 22.—Commandant Maas has
ordered all Mexicans to concentrate at Saltillo, to repel any
American invasion over the Texas border.

ROYAL DEATH CHANGES PLANS OF EXCURSIONISTS

Many Formal Functions for Ha-
waii's Party in Japan
Are Postponed

PECULIAR CUSTOM DELAYS ANNOUNCEMENT OF DEATH

Honolulu Delegation Present at
Railway Station as Imperial
Funeral Train Passes

By RILEY H. ALLEN
[Staff Correspondence]
YOKOHAMA, Japan, April 10.—An
event of tragic sadness to the Japa-
nese people, the sudden death of the
Empress Dowager Haruko at a time
when she seemed to be recovering
from a serious illness, has made a
material change in the plans of the Ha-
waii excursion party and resulted in
a hasty postponement of all dates for
dinners, receptions and the many other
formal functions arranged in hon-
or of the visitors.

The death of the dowager empress
has also brought forth an extraordi-
nary state of affairs. The death oc-
curred presumably about 2:10 o'clock
yesterday morning. Yet as this is
written, more than thirty-six hours
afterward, no announcement whatever
has been made beyond the fact that
her majesty is "beyond hope of re-
covery." The reason for this is dis-
tinctly Oriental. Her majesty died at
the imperial villa at Numazu, by the
seaside, where she had gone to spend
the winter. All announcements of
deaths in the royal family are made
from Aoyama Palace, Tokyo. There-
fore until the body of the late queen
arrives at Tokyo, it will not be an-
nounced that death has occurred.

Even the English newspapers are
exceedingly guarded in their signifi-
cant intimations that the dowager em-
press is so critically ill that all hope
has been abandoned. Thus the Japan
Times this morning speaks of a spe-
cial train being ordered to bring the
dowager to Tokyo, gives the program
for the royal retinue and its itinerary
through the streets, the make-up of
the imperial cortege and then goes on
to say:

"At the time of the arrival of the
train conveying the empress dowager
the emperor will dispatch a chamber-
lain as imperial messenger to receive
her majesty." The paper then con-
tinues: "The announcement of the
sad event will be published tonight."

When the body of the empress do-
wager reaches the imperial palace, the
death will have officially occurred.

In the meantime the various pub-
lications and utterances regarding the
dowager's condition have been so
fraught with grave meaning that the
larger cities know of the death and
already there are signs that it will
soon be a nation mourning for a na-

PACHECO READY TO QUIT CHAIRMANSHIP OF ELECTRIC DEPT.

A row begun six weeks ago be-
tween Supervisor M. C. Pacheco and
W. L. Frazee, city and county elec-
trician, and brought to a head last
night at a meeting of the board of
supervisors, may result in Pacheco
resigning from his place as chairman
of the electric committee.

The dispute last night was over
Frazee's contract with the Hawaiian
Electric company for the supply of
current pending the repair of the
pipe line in Nuuanu valley above the
water station.

"I object to such a contract being
let without conferring with me. As
chairman of the committee, I have
a right to know what contracts are
to be made," declared Pacheco, heat-
edly.

Frazee explained that he had con-
ferred with Supervisor W. H. McClain,
one of the members of the com-
mittee, and that the latter had au-
thorized him to make the contract.

This did not satisfy Pacheco. "You
should have taken this up with the
chairman of the committee. Even if
you have no regard for me person-
ally, as chairman of the committee I
demand recognition."

The trouble between Frazee and
Pacheco began a few weeks ago when
the supervisor criticized the elec-
trician for not having a tool box put on
a runabout machine bought for him
to be used in his work. The box was
eventually put on, but not the kind
desired by the chairman.

After the row, Pacheco said he was
ready to resign as chairman of the
committee, and would have resigned
last night had McClain been present.
"I wanted him to be here," he said.

Wilson Asks \$500,000 For Bringing Home of Refugees

WASHINGTON, D. C., April 22.—President Wilson, today asked Congress to appropriate \$500,000 to be expended upon the return of the refugees from Mexican ports.

WASHINGTON, D. C., April 22.—Rear Admiral Charles J. Badger, now in command of the fleet off Vera Cruz, also in command of the city.

The German steamer Ypiranga, loaded with munitions of war for Huerta, surrenders to Admiral Fletcher without objections.

WASHINGTON, D. C., April 22.—The house concurs in the senate resolution justifying the stand of President Wilson.

Instructions Insufficient Without Unforeseen Emergency

WASHINGTON, D. C., April 22.—Secretary of the Navy Josephus Daniels says no orders have been issued for the seizure of Tampico and that Admiral Badger's were insufficient to warrant the seizure of the customs, unless an emergency arose that was unforeseen when the instructions were issued.

Further reprisals have not been decided upon as yet.

Border Towns Ask Protection

WASHINGTON, D. C., April 22.—Secretary of War Lindley M. Garrison is being besieged with requests from border towns for protection. All these requests are being referred by the secretary to Brigadier General Tasker H. Bliss, commander of the Southern department, with station at Ft. Sam Houston, Texas.

Red Cross Society Plans

WASHINGTON, D. C., April 22.—A committee, representing the American Red Cross Society, has been called before the war department for a conference relative to plans for caring for the wounded, should it be found necessary for the society to send representatives into Mexico.

Marines Now Moving South

SAN FRANCISCO, April 22.—The South Dakota, carrying 800 marines and the Jupiter with 300 marines sailed south this morning, with destination anywhere along the Mexican coast and with instructions to be prepared for more definite instructions by wireless.

Americans Occupy Vera Cruz

WASHINGTON, D. C., April 22.—American Consul Canada has cabled to the war department the information that the American forces occupied the entire city of Vera Cruz, following a fire upon the sharpshooters that had been stationed on the roofs and in windows.

So far as Mr. Canada could learn there were no fatalities among noncombatants. The firing practically ceased at one o'clock this morning.

Ypiranga to Return Home

WASHINGTON, D. C., April 22.—Secretary of State Bryan and the German ambassador, following a lengthy conference, agreed to allowing the German steamer Ypiranga to return to Germany.

Piedras Negras Evacuated.

EAGLE PASS, Tex., April 22.—The federal troops have evacuated Piedras Negras, just over the border from this point.

Commandant Maas is reported to have ordered a concentration of troops at Saltillo, the capital of Coahuila, to repel any attack that may be made by the Americans.

Prior to the evacuation of Piedra Negras, a dozen recruiting offices had been opened by the federals and arms issued to volunteers. More than 1200 are reported to have responded to the call for volunteers.

Clark Signs Resolution.

WASHINGTON, D. C., April 22.—Speaker Champ Clark signed the joint resolution, passed by the house and senate, endorsing the action of President Wilson, at noon today.

To Ship Dead Marines Home.

WASHINGTON, D. C., April 22.—The navy department is arranging to ship the dead marines home from Vera Cruz at as early a date as possible.

Fear for O'Shaughnessy.

WASHINGTON, D. C., April 22.—Great fears for Charge O'Shaughnessy's life are felt throughout the mainland, following the report of his assassination in Mexico City.

Tipple Empire Mine Fired

TRINIDAD, Colo., April 22.—The Tipple Empire mine has been set on fire and the striking miners are blamed for the outrage. In the fight that has been waged for some time past between the miners and militia the former have at last succeeded in capturing the southwestern mine.

More Warships Ordered to Proceed to Mexican Waters

WASHINGTON, D. C., April 21.—Confirmation of the order for the sailing of the Georgia, Virginia and Nebraska from Boston tomorrow is made in an announcement from the navy department today. The destination of these vessels is Vera Cruz.

The West Virginia, from Bremerton navy yard and the four torpedo destroyers now at San Diego, Cal., have been ordered to proceed to Mazatlan, on the west coast of Mexico. Two battleships from the Atlantic fleet reserve have been ordered to proceed to the gulf.

Details of Capture of Vera Cruz by Americans

VERA CRUZ, Mex., Apr. 22.—(As associated Press by Federal Wireless)—Landing parties from the United States warships were holding Vera Cruz last night, being in complete possession of the waterfront, custom house, railroad terminals and all the important piers.

In taking the port four Americans were killed and 20 wounded. The Mexican losses are unknown but are believed to be heavy as two of the warships fired shells into the city to cover the advance of the navy forces. The American dead are:

Coxswain Shoemaker, battleship Florida.
Corporal Haggerty, battleship Florida.
Seaman Pissette, battleship Florida.
Unidentified seaman, battleship Florida.
The wounded include Seaman Leahy, Schwartz, Cameron and Pless and Electrician Gelsburn of the battleship Florida and Private McMillan of the second marines from the transport Prairie.

Though the city was completely under subjugation last night and in complete control of the American forces, Rear Admiral Fletcher sent word to Commandant Maas, commander of the Huerta forces, that if firing resumed on the American forces that he will shell the city.

The orders which brought about the attack on the city came from President Wilson to Rear Admiral Frank F. Fletcher, in command of the third division of the Atlantic fleet stationed here, early in the forenoon.

Shortly before noon 10 boats of marines from the transport Prairie came ashore under the command of Capt. W. R. Rush of the battleship Florida. Later this detachment was joined by 150 bluejackets and 56 marines from the Florida, 390 more marines from the Prairie and a detachment from the battleship Utah. These latter detachments were divided under the commands of Major Neville, Major Reid, Major Berkeley, Captain Hughes, Captain Hill and Captain Dryer.

Inquisitive crowds quietly watched the Americans land and spread themselves to strategic points unopposed. When the advance had reached within a block of the main plaza of the city the Mexicans opened fire. The fire was immediately returned and in a few minutes had become general.

At 1 o'clock the transport Prairie opened fire with its guns, following the battleship Utah, which fired five shots from small guns to demolish the ancient and historic lighthouse which was filled with sharpshooters who were pouring heavy rifle fire into the American foot soldiers.

Most of the firing from the Mexicans, however, was by outposts stationed on roofs composed mostly of civilians and to whose sniping most of the American casualties were due. It was to dislodge these that the Prairie opened up its guns on the city.

Small opposition was given by the main body of Federal soldiers which gradually retreated to the westward and left the Americans in full and undisputed control of the customhouse, railroad terminals and waterfront.

At 4:20 o'clock Captain Rush sent a messenger in search of Commandant Maas to demand his surrender, but Maas could not be found and it is reported that he fled from the city in a carriage. That all his officers fled also is evidenced from the fact that the retreating soldiers are unopposed and under no control.

The order from President Wilson to Admiral Fletcher to seize the port came as a result of advice to the administration that the German steamer Ypiranga was due here yesterday with 200 latest model French cannon, 10,000 rifles and 15,000,000 rounds of ammunition consigned to Huerta. To prevent the delivery of these munitions Fletcher was instructed to seize the custom house and hold the arms of war when they were delivered by the German ship.

The Ypiranga arrived off port during the attack on the city and remained outside until after the firing when the commandant brought his vessel into the harbor and placed himself under Fletcher's orders. What disposition of the cargo will be made had not been determined late last night.

Shortly following the seizing of the custom house by the Americans and before he fled from the city Commandant Maas, it was learned to night, was visited by American Consul Canada to confer with Huerta's representative in regard to restoring order in the city but Maas refused to lend any aid.

Many Hours of Debate Before Senate Approves Policy

WASHINGTON, April 22.—(Associated Press by Federal Wireless)—At 3:21 o'clock this morning, the senate by a vote of 72 to 13 passed the administration resolution declaring that the president was justified in the employment of armed forces of the United States to enforce his demands for unequivocal amends for affronts and indignities against the United States in Mexico. The name of Huerta was eliminated. The resolution as passed had been sent to the house at 10 o'clock.

The senate action came after many hours of debate. A substitute preamble introduced by Senator Lodge which justified the use of armed forces by the president upon general conditions in Mexico instead of the Tampico incident was rejected as was a similar amendment by Senator Gallinger and one by Senator LaFollette which called for the "subjugation" of Mexico by the United States with the promise of withdrawal afterwards.

Sensor Lodge opened the debate on his substitute, approving the action of President Wilson in every step he had taken, but was vigorously opposed by senators who urged that the intent of the Lodge preamble was to force an invasion of Mexico. Senator Root, supporting the Lodge amendment, asserted that the universal situation in Mexico was the only justification for the action.

Radio messages received here last night from the cruiser Des Moines stated that all was quiet at Tampico.

President Wilson, after hearing of the seizure of Vera Cruz, stated that he had determined not to take any further steps at the present time and the future hinges on the actions of Huerta.

More Miners Are Killed

DENVER, Colo., April 22.—The battle between the Colorado striking miners and the militiamen was renewed today, with the result that three guards and two miners have been killed.

Canada Unable to Communicate With O'Shaughnessy, 150 Dead

WASHINGTON, D. C., April 22.—American Consul Canada reports that he has been unable to communicate with Charge d'Affaires Nelson O'Shaughnessy and that he has been unable to verify the rumor of the assassination of the United States representative in Mexico City.

Canada further reports 150 Mexicans killed during the capture of Vera Cruz yesterday.

Ammunition Seized in Cuba

HAVANA, Cuba, April 22.—One thousand boxes of ammunition and 25 machine guns, consigned to General Huerta, were seized here today. This shipment had been billed to Vera Cruz.

HARBOR NOTES

A small mail for Australian ports will be dispatched from Honolulu in the British steamer Makura, sailing at 3 o'clock this afternoon.

Should the Pacific Mail liner China reach this port from San Francisco on Friday, it is the intention to dispatch the vessel for the coast of Asia on Saturday morning.

An arrival from Kauai ports this morning, the Inter-Island steamer W. G. Hall will be dispatched for a return trip to the garden island at 5 o'clock tomorrow evening.

The program of melodies played at the departure of the Matson Navigation steamer Wilhelmina for the coast this morning was greatly appreciated by hundreds who gathered at pier 15.

Taking no freight and a few lay over cabin passengers, the Pacific Mail liner Nile sailing for San Francisco at 9 o'clock this morning is expected to arrive at San Francisco next Tuesday morning.

At the office of T. H. Davies & Company, a dozen cabin passengers have been booked for Fiji, New Zealand and Australia in the Canadian-Australasian liner Makura, scheduled to depart for the South Pacific at 3 o'clock this afternoon.

Steaming for Hilo by the way of Lahaina and ports along the Hawaii coast, the Inter-Island steamer Mauna Kea departed at 10 o'clock this morning, taking a fair-sized list of passengers. Supplies for plantations on Maui and Hawaii were included in the cargo.

Niagara Crowded in Leaving Port. More than 625 passengers were on board the Canadian-Australasian liner Niagara when that vessel steamed from Pier 7 at 4:30 o'clock yesterday afternoon for Vancouver and Victoria. It was considered the largest list of travelers proceeding to the West coast ever carried in the Niagara. At the agency of T. H. Davies & Company, 75 additional passengers had been booked for British Columbia. The vessel had been discharged of about 150 tons of general and refrigerated cargo during the stay at the port.

Dauntless Off for the Coast. Arriving here on April 5th with a full shipment of lumber consigned to the City Mill Company, the schooner Dauntless was dispatched for Grays Harbor yesterday afternoon, the vessel sailing in ballast. The Dauntless was given a general overhauling before returning to the west coast of the United States.

Nile Supplied With Coal. The Pacific Mail liner Nile was supplied with 750 tons of coal during the stay at the port, the vessel being dispatched for San Francisco at 9 o'clock this morning, taking a few layover passengers only. Three hundred and fifty tons of Oriental cargo were discharged.

Hall Met Rough Weather. Rough weather was encountered by the Inter-Island steamer W. G. Hall in returning from Kauai ports with a cargo made up of 5000 sacks of sugar, 20 sacks of taro, 10 crates of vegetables and 27 packages of sundries. The Hall is scheduled to sail for Abukini and Nawiliwili at 5 o'clock tomorrow evening.

WAR MEASURES CAUSE INSURANCE RATES TO RISE

"Tehuantepec route ships have had to stop work. All other steamers intercepted."

This cablegram received this morning by Alexander & Baldwin from their mainland representatives indicates that the hostilities in Mexico have interrupted traffic across Mexican territory over the Tehuantepec railway between Salina Cruz and Puerta de Mexico on the Gulf side of the Isthmus.

At the present time the American-Hawaiian steamship Columbia is at Salina Cruz, where she has been engaged in unloading sugar for transshipment, and presumably is among those which have been interrupted.

According to Alexander & Baldwin, insurance rates are from 1 1/2 to 2 per cent—or not appreciably higher than before the war measures were taken by the United States.

DANCE ON ROOF GARDEN TONIGHT

The ladies in charge of "A Night in Roofland" have abandoned their plan to repeat the entertainment of last evening. Realizing that there are many who would like to see the decorations of the roof-garden again, and many others who were unable to come last evening to see them, the hotel management has decided to change its regular dance for this week from Thursday night to tonight, and hereby extends to tourists, local army and navy and society folk a cordial invitation to attend.

The decorations will be intact and there will be no charge for admission. The arrangements being the same as at the usual weekly hotel dances.—advertisement.

A motion was made and granted this morning to set aside the default in the case of Carl Ontal et al. vs. D. L. Kellikuli et al. The motion was made before Judge Whitney of the circuit court. The case is one for trespass and the damages asked \$2000.

ROYAL DEATH CHANGES PLANS OF EXCURSIONISTS

(Continued from page one)

tion's dead. Though the flags of Japan and the colors of the United States and Europe continue to float mast-high throughout Yokohama and at the consulates, the people on the streets speak of the sad event and the Shinto temples are filled with silent mourners.

The Hawaii party was informed yesterday morning that the plans for formal functions would be postponed. Until some definite announcement is made as to the death and the period of national mourning, the dinners and receptions will not be scheduled.

The period of mourning may be a week or a month. The funeral may not be held for several weeks. In the meantime throughout Japan festivals and social affairs will cease; in the places of entertainment music will die into silence and in the places of worship, particularly at the Shinto temples and shrines, men, women, and children will say special prayers and offer their silent regrets at the demise of her majesty.

The extent of the nation's love for the Empress Dowager Haruko is measured in the sorrow already shown publicly in Yokohama and in the utterances of all the newspapers. She was held in the highest respect and love by foreigners of all bloods. Talented, cultured, gracious, generous and of regal charity, she was known throughout the world for her good deeds. Her assistance to the American Red Cross Society is well known.

The members of the Hawaii party have been asked by the Asahi Shimbun, a big Tokyo newspaper, to write expressions of regret at the "critical condition" of the empress and have done so. These will probably be published after the official announcement of death tonight.

The death of the dowager has made necessary not only the cancellation of the imperial cherry blossom festival to be held this month, but the postponement of the date for the coronation of the Emperor Yoshihito.

The coronation was to have been held this autumn. It is unofficially announced that it will not now occur until November of 1916.

One of the most elaborate functions planned for the Hawaii party was set for last night, but has, like the others, been indefinitely postponed. Some large firms, among them the most prominent bankers in Japan, had arranged a great dinner at Yokohama Specie Bank clubhouse.

This dinner may be given later, but it is rather doubtful.

The cancellation of the imperial cherry blossom festival has been a keen disappointment to the visitors from Hawaii. They had received special invitations to this event, which is coming to be more and more difficult for mere tourists to attend; in fact, the casual visitor this year would have had small chance to receive an invitation. Several other festivals in connection with the cherry blossom season are also cancelled, though the Tokyo exposition will probably continue with a somewhat lessened degree of the nature of a fête.

Early Ceremonies Are Impressive
YOKOHAMA, April 11. — Even before announcement was made of the empress dowager's death, the Hawaii party had witnessed something of the impressiveness of a great nation's grief. The train bearing the dowager's body passed through Yokohama late last night and the officials and leading men of Yokohama gathered at Hirakuma station to do reverence to the dead.

A delegation from the Hawaii party consisting of E. A. Mott-Smith, R. O. Matheson, R. H. Allen, G. B. Isenberg and S. Sheba, went to the station to convey the sympathy of the visitors to the officials gathered there.

Though no public mention of the demise had been made, the station was surrounded by a dense crowd of people. It was nearly 11 o'clock when the train from Numazu was due. Scores of officials and businessmen of the city all in frock coats and high hats occupied one station platform, the other platform being cleared of all except railway guards. Among the officials who met the Hawaii delegation were Acting Mayor Saito and President Otaai of the Yokohama Chamber of Commerce. The latter visited in Honolulu two or three years ago on his way to and from the states.

As the long train came into view and slowed down to pass through the station on its way to Tokyo, hats were removed and with bowed heads the Japanese bent low in mournful reverence. As the train passed one car could be seen empty except for a great white casket. The interior of the car was beautifully draped in white and yellow, but the windows were left uncovered. Other cars carried illustrious members of the household, soldiers, attendants and guards. The crowds of people outside the station also doffed hats and bowed until the train had passed. It was a unique and impressive ceremony, all the more impressive because the period of public mourning had not been designated.

The secretary of the mayor of Tokyo called on Prof. M. M. Scott yesterday to explain that the mayor wishes to receive the party but no definite plans will be made until later.

Several members of the party have made calls upon the American consul-general at Yokohama, Mr. Seidmore, a very pleasant and highly capable man and official. Consul Seidmore expects to make Hawaii his home when he retires from the consular service. He has been many years in Japan, having come here just a month after Prof. Scott left, 33 years ago.

NATIONAL GUARD WILL BE READY TO TAKE FIELD

To be in a state of readiness to take the field should the National Guard of Hawaii be mobilized, Colonel Arthur Coyne, commanding the 1st Infantry, has ordered all the company commanders to have their complete equipment in hand, and to complete new rosters, showing the night and day address and night and day telephone numbers of every man in their organizations. A general shake-up is contemplated, which will put the regiment in first-class shape for service.

Yesterday afternoon a meeting of officers of the staff departments of the Guard, and of the 1st Infantry, was called by Col. J. W. Jones, adjutant-general. Forty-three officers were present, and matters of importance to the Guard were thoroughly discussed. Colonel Coyne has called the company commanders together for this afternoon at 4:30, for further consultation.

It was stated at yesterday's meeting that in the event of war with Mexico officers of the National Guard of Hawaii would be given a chance to volunteer for service at the front, and would be recommended for volunteer commissions by Governor Pinkham. Those who desired this service were instructed to hand in their names, and the following registered their applications:

Capt. H. P. O'Sullivan, Capt. A. W. Neely, Capt. Ed Towse (retired), Capt. J. M. Camara, Capt. W. V. Kolb, Capt. L. W. Redington, Capt. Henry Van Gieson, Capt. G. B. Schrader, 1st Lieut. Wm. Ahia, 1st Lieut. W. F. Armstrong, 1st Lieut. P. L. Smoot, 1st Lieut. L. R. Medeiros, 1st Lieut. M. A. Hawley, 2nd Lieut. G. K. Stein, 2nd Lieut. E. K. Chung.

In a friendly wrestling match conducted on Union street last night, Luke Kim, a Korean, received injuries in falling to the floor that resulted in his being taken to the hospital for treatment. He sustained a severe scalp wound.

Joseph Ferrage has been apprehended by Special Officer Chilton, it being charged that he operated a car without a proper number. Chilton states in his complaint that the number that adorned the machine belonged to another registered automobile.

Coroner Charles Rose and a jury of six men were unable to identify the remains of the white man found floating in the harbor yesterday morning, although a number of witnesses as well as representatives from vessels now in port were called at the inquest held yesterday afternoon. The jury rendered a regulation verdict of death by drowning.

K. Vida, driving a loaded wagon containing a number of sacks of grain, met with an accident in proceeding in the direction of Honolulu yesterday afternoon, the horse, in becoming frightened at a passing auto truck, ran away, throwing Vida under the feet of the animal. Vida met with a fractured leg and was taken to the hospital for treatment.

District Magistrate Monsarrat today sentenced Hamanao, a Hawaiian, to serve 12 months at the city and county jail, as a result of his plea of guilty to the charge of stealing 11 bicycles. Hamanao is alleged to have volunteered a confession when brought before Captain of Detectives McDuffie for investigation. The wheels belonged to Japanese and Hawaiians.

M. S. Kim, a Korean, who some months ago figured conspicuously in the courts upon a charge of obtaining money under false pretenses, was brought before District Magistrate Monsarrat this morning, seven allegations of gross cheat being filed against him. Kim was represented at bar by Attorney Straus, who demanded that Deputy Prosecuting Attorney Chillingworth furnish a bill of particulars in each instance. Kim is charged with having obtained the use of a horse and carriage from the Lewis stables on March 3, 9 and 15. He is alleged to have received moneys ranging from \$50 to \$75 from Mrs. Callardo. District Magistrate Monsarrat fixed Kim's bail at \$250. He may be brought up for trial on Saturday morning.

The third hearing in the public utilities commission's investigation of the Inter-Island Steam Navigation Company will be held at 8 o'clock this evening at the offices of the company, Queen street.

The appeal of Kong Yau from the judgment of the district court in a case where he is charged with heedless driving was withdrawn on motion of the attorney for the defendant.

Out of respect for the funeral of Antonio de Souza Canavarro, late consul-general of Portugal here, the circuit courts in the city will be closed tomorrow. Many of the territorial and municipal officials plan to attend the funeral.

NOTED CANADIAN CALLS ON GOVERNOR PINKHAM

Lord Gray, former governor-general of Canada, who arrived here yesterday on the liner Niagara for a visit of about two weeks, called upon Governor Pinkham this morning. Col. Jones of the national guard was present.

Lord Gray is accompanied by his wife and daughter. They are guests at the Moana. They have been on a tour which took in Australia, and are now returning to Canada.

HUERTA'S SCHEMES

It is easy to believe that Huerta has allowed the assassination of Special Agent O'Shaughnessy. Huerta's whole fabric of misgovernment is founded on the old-fashioned policy and rule of the assassin.

There is much to strengthen the belief that Huerta is quietly contemplating the course of events and advisedly forcing the United States to upset his government and take control. He is hard set by the rebel leaders of the north. Should Villa capture Huerta, Huerta's finish would be in front of a morning execution squad. Should the United States capture Huerta, he would live. And no one loves life or fears death more than the natural born cutthroat which Huerta has proved himself to be.

Huerta has his own personal safety to play for, and he may have the hope that help will be offered to him from some foreign power.

Huerta's scheme may always be a source of doubt. The attitude of the United States is very definite and easily understood. Mexico must behave, and come what may, America is unshamed and unafraid.

EDITOR ALLEN IN JAPAN

Editor Riley H. Allen begins in this issue a series of most instructive letters on his observations during his tour of Japan.

Mr. Allen was sent by the Star-Bulletin as a member of the "Hawaii good will commission" which set out last month under the direction of Editor Sheba of the Hawaii Shippo, for six weeks in Japan. The Star-Bulletin included its editor in this expedition because it is the opinion of this paper that Hawaii should have a better first hand knowledge of Japan and the Japanese people of the present day. As a public service medium we deem it a part of our duty to the public that the man whose opinions and suggestions are read by thousands every day, shall have every advantage for gaining accurate impressions.

The letters received by the last mail naturally have to do principally with the incidents of the sea trip. But these are no less important and interesting as they are charged with the atmosphere which prevails on the trans-Pacific steamships. Mr. Allen is a keen reporter, a writer who gets the human interest angle, and a level-headed American. This was appreciated by one of the leading magazines of the country which some years ago assigned him to write a series of articles on the great Northwest.

Star-Bulletin readers may confidently expect a series of letters of great value at any time, but more especially now when our country is in the midst of an international crisis and the attitude of friendly nations has an opportunity for expression.

SENATORS TO BE ELECTED

Members of the United States Senate will soon have a fair test of what the people think of their acts. The Senate is made up of 52 Democrats, 43 Republicans and one Progressive, 96 in all. Of these, 32 will say good-by to public life March 4 of next year, unless they are re-elected prior to that time. Thanks to the Constitutional Amendment effective last year, these 32 Senators must be elected by the direct vote of the people of the several States, most of them gaining the nomination at party primaries. This direct election of United States Senators forever does away with deadlocked Legislatures, with the corruption attendant thereto and the scandalous manipulation by political bosses. Of the 32 who go out 16 are Democrats and 16 Republicans, as follows:

Democratic	Republican
Smith of Maryland	Brandagee of Connecticut
Overman of North Carolina	Ballinger of New Hampshire
Smith of South Carolina	Dillingham of Vermont
Smith of Georgia	Root of New York
Fletcher of Florida	Penrose of Pennsylvania
Glass of Alabama	Burton of Ohio
Thornton of Louisiana	Sherman of Illinois
Bradley of Kentucky	Stephenson of Wisconsin
Clarke of Arkansas	Grona of North Dakota
Stone of Missouri	Crawford of South Dakota
Gore of Oklahoma	Bristow of Kansas
Smith of Arizona	Cummins of Iowa
Shively of Indiana	Smoot of Utah
Thomas of Colorado	Brady of Idaho
Newlands of Nevada	Perkins of California
Chamberlain of Oregon	Jones of Washington

The House of Representatives as now constituted consists of 435 members and according to the World Almanac is made up as follows: 290 Democrats, 127 Republicans, 18 Progressives, all of whom go out or must be re-elected this year.

PLAIN AMERICAN DUTY

President Wilson may expect to be "damned if he did and damned if he didn't."

But there is no question of what the loyal American should do in this crisis or any other like it. If you don't feel like cheering, you can at least keep quiet and not serve as a feeder for the enemies of the nation.

Governor Pinkham struck a sound keynote in his few remarks on roads at the Ad Club luncheon. Construction of a high grade road or street is so much waste of money, if the whole thing is to be dug up here and there every three or six months in order to repair or locate anew, pipes of public utilities whether owned by the government or private corporations. Unity of purpose and action in the various departments of our government are very necessary factors of efficiency and economy. Honolulu needs broad men with at least ordinary capacity for management, in handling its public affairs. And, really, we cannot look to the past for many examples of present excellence, because these public utilities were put down helter skelter before we of the present day realized the folly of doing public business in that manner.

An assemblyman of the Philippines was lately reported as advocating the importation of Chinese and Japanese laborers to be used for agricultural purposes only. In view of the fact that the group is now exporting its native labor, this proposal to take the children's bread and give it to aliens is a poor way to prepare the Filipino for self-government. And, so far as regards confining the immigrants to agricultural purposes only is concerned, it would soon be found that the camel, once its nose was allowed to protrude under the tent flaps, would browse where it listed.

Governors of the sugar provinces of the Philippines, in conference with Vice-governor Martin, asked for the establishment of government owned and controlled sugar centrals. It was proposed by an assemblyman that the gold standard fund should be used for the purpose. With the high standard of central created by the San Carlos Company, formed and having its plant made in Honolulu, there seems to be great probability that the sugar industry of the Philippines will be developed upon the central mill system.

Some of the Hawaii county office-seekers, according to report, are banking on the possession of a wide range of picking-and-choosing privilege. After the primaries any one of the bunch may be glad if left a fighting chance for the poorest morsel out of the basket. A man who professes capacity for every position may be suspected by the voters of fitness for none.

Ho, there, Hawaii Promotion Committee—some literature for Denver, Colorado. The post-office in that salubrious burg directed a letter addressed to Honolulu, Hawaii, to "Seattle, Wash., Foreign Section," from whence it was promptly forwarded to its destination.

It's a ten-to-one shot on Fern if every hundredth man outside of the Democracy determines to be mayor. Only a united opposition will dislodge that particular limpet from the rock.

Judging from the letters coming to this paper, many in this city would very much prefer to have the Field audit report made public now. That's putting it in a mild sort of way.

When Marconi has perfected his long-distance wireless telephone, the Hawaiian anvil chorus can be performed in Washington without cost except for spark tolls.

A public official who never experienced criticism would soon lose sight of the fact that he was working in the interests of the people.

Pre-eminence in factional fighting, and several other things will not get us anything in the long run—and it is the long run that counts.

Much good exercise can be had walking about Honolulu, also much first hand information on the value of good sidewalks.

"The best laid schemes o' men and mice gang aft agley"—particularly when there are piece clubs in the basement.

The Mexican situation can no longer be regarded merely as a moving picture incident. It is the real thing.

With Huerta as Ajax defying the lightning, and Champ Clark as president, where would we be now?

—ADMIRAL MOORE: Reading matter is scarcer in Samoa than in Honolulu, and Honoluluans who respond to the suggestion of the governor of American Samoa, and add to the book collection that we are making for Samoa, may rest assured that their donations will be appreciated.

—JOHN WISE: I believe that the directors of the 1915 Carnival are making a great mistake by refusing to loan free of charge to the joint Hawaiian societies the Carnival bleachers for use at the proposed pageant in observance of Kamehameha Day. How about the response from the Hawaiian societies when the call comes for a Hawaiian pageant at the Carnival next year.

—WM. M. McQUAID: Some of the laborers sent to the Koolau Agricultural Company by the Associated Charities are good workers and are making from \$1.40 to \$1.60 per day. The less efficient are earning 80 to 90 cents, which is certainly better than starving. The bunch that returned to Honolulu were principally Spaniards, and because we wouldn't give them straight day wages wouldn't work at all. The Associated Charities should cut this class off its list entirely.

LETTERS

MAKE REPORT PUBLIC

Honolulu, Hawaii, April 21, 1914.
Editor Honolulu Star-Bulletin.

Sir: I have been much interested in your brief editorial of yesterday's Star-Bulletin concerning the non-granting of the Field report for publication. Also the letters published in your yesterday's issue appear to strike the right note. Of course there may be parts of the report which would be of such dry statistical character that the general public might not take the time to read, but, if there is anything in it calling attention to wrong doing in any quarter, it would be manifestly desirable to have it published at an early date. Early correction and justice could, perhaps, be more speedily accomplished in this way. "Delays are dangerous," a universally acceptable principle in the insurance business, may prove applicable here.

Should publication continue to be denied and failure of justice result our whole island community would unquestionably hold the one, or ones, occasioning the delay, as morally responsible.

Yours truly,
PRO BONO PUBLICO.

"The Bosleys must have met with severe losses," "Why?" "They have had to give up their home and move into a cheap flat." "That may not be an indication of losses. They have merely found that they were living beyond their means." "But Bosley told me yesterday that he was going to use his 1913 car again this year." "Then the worst must have happened to them."—Chicago Record-Herald.

SOCIETY

Navy Relief Association

The Navy Relief Association which will hold a garden party and fair at the residence of Admiral C. B. T. Moore, 2005 Oahu avenue, Manoa, on Friday, is composed of the officers and wives and men of the Navy and Marine Corps. The object is to provide for and relieve the wives and children of deceased officers and men of the navy and marine corps. Admiral Dewey is president of the association and takes an active part in its affairs.

The officers and the wives of the Pearl Harbor station are making every effort to provide entertainment and pleasure for the public. The station not being as yet fully established, their number is few, but their ambition is to have the contributions from this branch of the association sent in promptly and be a credit to this most generous community.

The concert will begin promptly at 3:20, after which there will be dancing in the parlor to Kaa's junior band. Mrs. Cutts and Mrs. Wise of the marine corps will preside at the candy table. Mrs. Greene will take care of the flowers. Miss Green as an expert ballmist will tell you all your virtues and some of your faults. Mrs. Furor and Mrs. A. S. Conklin will sell you at a fair price fancy articles. Miss Butler and Miss Hall will assist Mrs. Moore at the tea tables. Mrs. Horner and her visitants at the lemonade and fruit punch. Various young ladies of the city will assist in the different departments.

The public is most cordially invited. Tickets will be on sale at the Promotion Committee rooms on Thursday and Friday, and at the gate. Let there should be some misapprehension. Admiral Moore wishes to state that there are no special invitations to the garden party. Everyone is cordially invited and all are welcome.

Society with a capital "S" turned out last night to the "Night in Roofland." Everybody was there and everybody enjoyed the evening down to the very last dance. The entire entertainment was a huge success and the women of the Outdoor Circle of the Kiloheana Art League should feel highly satisfied with the results, socially, artistically and financially.

MRS. WINSLOW'S SOOTHING SYRUP
An Old and Well Tried Remedy
Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething, with perfect success. It cures the pain, soothes the inflamed parts, cures colic, and is the best remedy for diarrhea. Sold by Druggists. Be sure and ask for Mrs. Winslow's Soothing Syrup.
Used for more than three generations.

The roof garden was indeed converted into a fairyland, an appropriate background for "Jeremiah Pan" and his "Nymphy nieces."

The stage was banked with large fishtail ferns, great balls of them being suspended at the back, while on the right was a great mass of cherry blossoms. The background was hidden by numerous palms and other large plants, among which blinked red and blue and green and yellow lights. The pipings were all wrapped in masses of green vines, and were strung with long bobbing lines of merry Japanese lanterns. By 8 o'clock all the dozens of tables were taken by parties reserving them.

Beautiful women gowned in the very latest creations piled their fans, partook of refreshments and enjoyed the evening's entertainment. Of course all the men were there, too.

The entire program was exceedingly interesting and well handled but undoubtedly the most spectacular number was the Swing Song in which 32 of Honolulu's young society people took part. The lights were turned out in the hall, only those twined about the swing ropes remaining bright and to a gay little song led by Mrs. Bessie Abbott Howland and Mr. T. L. Bolton, the swings moved to and fro.

After the program, dancing was enjoyed by most of those present, exhibition dances being given by Mrs. Bolton and Mr. Thode.

To Mrs. F. J. Lowrey, Mrs. C. C. von Hamm and Mrs. A. E. Murphy belong the credit of making last night's performance the success that it was.

Those who so ably assisted this committee in its work were:

Roof Garden Committee — Miss Bertha Young, Miss Jessie Kennedy, Theodore Hoffman and Archie Young. Makai Ballroom Decorating Committee — Mrs. Albert Afong, Mrs. James D. Dougherty and Arthur Wall. Mauka Ballroom Decorating Committee — Mrs. Arthur Wall and Mrs. Charles Chillingworth.

Entertainment Committee — Mrs. C. von Hamm, Mrs. A. Lewis, James D. Dougherty, Ned Steele and Mrs. Bessie Abbott Howland.

To John Geary, who had charge of the mechanical effects, and to Theodore Hoffman, who created the picturesque and marvelous electric display, much praise is due.

The proceeds from last night's entertainment will be devoted to beautifying the Palace and Judiciary grounds.

Following is the program in detail: Selection — by the Orchestra. Specialties — Alice Hayward Russian Cossack Dance. The Aflague Sisters Humorous Song. Male Quartet. The What Quartet — Troubadors — Mr. Larimer, Mr. Case; ballet marvels — Maudlin, Mr. Steel, Skiphighski, Mr. Carruthers. Jeremiah Pan — James A. Wilder. Nymphy Nieces — Misses Margaret Center, Ruth Anderson, Lila McDonald, Eleanor Lenihan, Katherine Lenihan, Helen McLean.

Cooke, Mrs. Norris Statton (De Russy), Mrs. Edward Dekum, Mrs. Walter Macfarlane, Mrs. George Herbert, Mrs. H. H. Webb, Mrs. A. N. Campbell, Mrs. Charles Lucas, Mrs. Bruce Cartwright, Mrs. J. A. Kennedy, Mrs. A. J. Campbell.

A Greek program is to be offered at Punahou next Friday afternoon at 4 o'clock, when several scenes from Homer's Iliad and Odyssey will be presented. These scenes have been prepared under the direction of Mrs. Agnes Driver and Mrs. I. M. Cox.

From the Odyssey, the scene will be given in which Ulysses lands on the island of the Phoenicians, where the Princess Nausicaa and her maids have been washing the royal linen. A brief dialogue then occurs between Ulysses and Nausicaa and they depart singing. The scenes from the Odyssey will be cast as follows: Goddess Athene, Miss Ruth Farrington; Nausicaa, Miss Katherine Blake; Odysseus, Mr. Joseph Farrington; Trojan dames, the Misses Elizabeth Woods, Grace Bredhoff, Doris Noble, Rhoda Ballentyne, Ruth Farrington, Maud Sanderson and others.

From the Iliad will be given the scene between Hector and Hecuba, the procession of Trojan dames, scene between Paris and Helen, the parting of Hector and Andromache, and the death of Hector. Those taking part in the scenes from the Iliad are: Hecuba, Miss Stella Hoogs; Andromache, Miss Ramona Morgan; Helen, Miss Louise Churchill; Hector, John O'Dowda; Paris, Marston Campbell; Priam, Philip Ovenden; dancers, pupils of Mrs. Driver.

A number of Greek songs and dances have been arranged under the direction of Mrs. Driver and will be given in appropriate intervals in the program. The death dance after Hector's death is said to be very well worked out and pleasing. The program will be given out of doors on the campus under the pergola, and with this lovely setting, it is sure to be very effective.

Another social and musical event scheduled for the near future is Mrs. Elsa Cross Howard's recital on the 1st of May. Mrs. Howard is to give a new and modern phase of music. She has lately been developing her own ideas of interpretative dancing and has discovered in it a new form of expression for the emotions, and principally the emotions that are called forth by beauty. There is nothing at all about Mrs. Howard's dancing which might be classed as conventional, on the other hand it is the spontaneous expression of emotions aroused by something beautiful—it is inspired. Mrs. Howard will be assisted by Mr. John Gifford, a young violinist who is well known here, being a musician of great talent and promise.

The event, as scheduled, promises to become a very charming and appropriate celebration in honor of May day.

On Friday afternoon, Admiral and Mrs. C. B. T. Moore will give their garden party, which is to be a benefit for the needy families of deceased navy men. The small number of navy men in the port are working hard with Mrs. Moore and from present indications, the affair is going to be a great success socially and financially. Besides the noble cause which these ladies are promoting, they are offering a most tempting program. Among other numbers, Mrs. Elsa Cross Howard will play, Mrs. Charles Hall will delight her audience with a song, Miss Elsie Sherman, the gifted musician of San Francisco and Los Angeles, will favor with a violin solo, and Mr. Arthur Wall will sing. With these prominent musicians and more scheduled to appear, there can be no doubt as to the success of the concert.

The marriage of Hilda Robinson, daughter of Mr. and Mrs. Charles Robinson Smith, and Lyman Beecher Stowe, a grandson of Harriet Beecher Stowe, is doubtless of interest. The wedding will take place Thursday, April 16, at 3:30, at the residence of the bride's parents, 34 West 69th street, New York. The Rev. E. C. Stowe, father of the bridegroom, will officiate. None but the near relatives and a few intimate friends have been asked to the wedding, and a very small reception will follow. Miss Smith will have Mrs. Charles Lay as matron of honor and the other attendants will be the Miss Gertrude Robinson Smith, sister of the bride, and Miss Hilda Stowe, sister of the bridegroom. After a brief bridal trip, Mr. and Mrs. Stowe will return to live in Forest Hills, L. I.

A world-wide interest is being taken in the welfare and scientific rearing of the child. It is interesting to note that the third international congress on the welfare of the child, to be held under the auspices of the national congress of mothers and parent teachers' association, will convene in Washington, D. C., from April 22d to 27th, with headquarters in the Hotel Raleigh. Among the subjects to be discussed will be: "Infant Mortality Preventable," "Crime Prevention," "The Home and Child Welfare," "Education for Home Making," "Opportunities for Parents to Obtain Instruction in Child Nurture and Home Making," "The Church and Child Welfare," "The School and Child Welfare," "The State and Child Welfare," "Erring Children," "Defective Children," "Orphans and Homeless Children," and "Mothers and the State."

"Uplands," the new home of the Templeton Crockers, promises to be most imposing. It is the Italian renaissance style, modeled after an ancient palace seen on Mr. and Mrs. Crocker's honeymoon in the Italian lake country. The gardens, which are being laid out, will be sunken and terraced and will be very extensive, although a great part of the estate will be left in its wild state.

Mr. and Mrs. Crocker and Mrs. William G. Irwin will leave early next month for Europe, where they will continue choosing the fittings and

furnishings for the home. When they were abroad last year they ordered special designs for each room, and, as the orders have been filled, Mr. and Mrs. Crocker will inspect them before they are sent to this side.—San Francisco Chronicle.

Earl Gray, Countess Gray and Lady Sybil Gray and maid were among the passengers arriving in Honolulu yesterday on the Niagara from Australia. Their visit, however, was of very brief duration, as they left today on the Wilhelmina for San Francisco. The party will make a leisurely tour across the American continent, and then go on to England. They expect to arrive in London along the first part of the summer season.

Lord Rochdale, well known in parliamentary circles of Great Britain, is a passenger on the Niagara. He has just completed an extended tour of the colonies and is now returning to London.

It is quite true that Dan Cupid does some of his deadliest work on the boats which ply between here and San Francisco. Among his recent victims are Miss Jane Tyrrell of New York and Mr. W. H. Ziegler of Spokane, Wash. Miss Tyrrell and Mr. Ziegler met on a round trip voyage to Honolulu. A few moonlight nights and strolls on deck did the rest, and they announced the engagement at the "captain's dinner" on the return trip of the steamer just before it docked. Miss Tyrrell and Mr. Ziegler were then married in San Francisco. After a short honeymoon the couple will go to Spokane to live, where Ziegler is engaged in business.

Miss Estella Barnes was the motif for a very pleasant little affair last Saturday evening, when Miss Esther Erickson and Miss Ruth Benedict entertained in her honor at the Homestead. The young ladies all came armed with needles and thimbles and spent the evening sewing for Miss Barnes, who is soon to be a bride. Later in the evening ice cream and cake were served. Those present were: Mrs. Warinner, Mrs. Clinton Hicks, Mrs. Mary H. Gage, and the Misses Boshier, Faust, Larraby, Nelson, Androse, Kellogg, Judd, Emily Warinner, Estella Barnes, Ruth Benedict and Esther Erickson.

Col. William C. Rafferty was dinner host last Saturday evening at the ladies' annex of the University Club. The table was prettily decorated in flowers and ferns. Covers were laid for Governor L. E. Pinkham, Dr. and Mrs. C. B. Cooper, Gen. Clarence Edwards, Mr. and Mrs. E. D. Tenney, Mrs. W. F. Frear, Col. and Mrs. W. E. Ellis, Mrs. Helen Noonan, Capt. and Mrs. Edward Carpenter, Major M. A. Delaney and Col. Rafferty.

Mr. and Mrs. Walter A. Fingle left yesterday on the Niagara for Victoria, British Columbia en route for Seattle, Washington, where Mrs. Fingle will remain for five or six months for her health. Mr. Fingle, who is chief clerk in the public lands department of the territory, and sub-agent for the department on the island of Oahu, expects to return to Honolulu on the return of the next Niagara.

Mr. Hackfeld was host at dinner at the County Club last Saturday evening. The table was beautifully decorated, and a stringed quintet furnished exquisite music. The event was in the nature of a farewell, as Mr. Hackfeld is leaving for Germany in the very near future after having been in Honolulu for several months as the guest of Mr. and Mrs. Georg Rodlek.

The Hawaiian Mission Children's Society will hold its annual meeting next Saturday afternoon, April 25, at 3 o'clock at the Old Mission Home. A subject of general interest is to be discussed and members and their friends are invited.

Mr. and Mrs. Samuel Parker, Jr., left on the Manchuria, Thursday, to spend their honeymoon in California. They are planning to tour the south in an auto, not returning for some weeks' time.

Dr. and Mrs. Fauntelroy were hosts at a dinner at the Moana last Thursday. Covers were laid for Mr. and Mrs. Edward Dekum, Miss Johnson, Miss Buford, Mr. Woodward, and Mr. Bustard. After the dinner, the guests took part in the Thursday night dance.

Mr. and Mrs. Robert Lange are left for the coast, on the Wilhelmina today. They are going to Europe, where they will probably stay six months, returning in September. They expect to spend most of their time abroad in Germany and Ireland.

Gen. William H. Carter will be the guest of the College Men's Club of the Y. M. C. A. at a dinner next Saturday evening. Gen. Carter will address the men on the subject of "West Point," telling of it as it was 40 years ago when he was there.

A meeting of the teachers and officers of the Central Union Bible School is called for tonight at 8:30 o'clock at the church parlor. Arrangements for the annual picnic will be completed at that time.

The women of the Kamehameha schools will receive at the home of Mrs. Perley L. Horne, Saturday afternoon, April 25, from 3:30 to 6:30.

Mrs. P. T. Phillips is departing on the Makura today for Australia, where she expects to spend several months.

Miss Cecilia Johnson of Los Angeles is a recent visitor to the islands.

Gentlemen:
I send you today 3 rolls of film for development; 2 rolls 3 1/2x12, and one 4x5. I do not want any prints, as I make my own.

The reason I send these films to you is because you have done good work for me before, and I must have good work as I sell my pictures for a good price.

The people in this country spoil all my films.

Respectfully yours,

GEORGE R. CARTER TO HEAD HAWAIIAN DELEGATION AT 'Y'

Former Governor George R. Carter has accepted the chairmanship of the Hawaiian delegation at the annual dinner of the Y. M. C. A., to be held Tuesday evening, May 5, and with his usual energy he has taken hold to make the Hawaiian table the most distinct banquet table of its kind ever seen in the territory. He will appoint several sub-chairmen to assist him and there will be at least one hundred guests at this table, thus making it the largest and most distinctive table at the dinner.

Chairman Guy H. Buttolph, of the Ohio delegation, took active charge yesterday of the membership list from the Buckeye state and with the help of the Buckeye Club proposes to make such a showing at the Ohio table as will be hard to excel.

Other chairmen are also busy and the dinner committee is encouraged over the prospects of breaking many records on the evening of May 5. The state delegation committee, of which A. L. Mackaye is chairman, has arranged for a new style of seating the hundreds of guests who will attend, while every chairman is endeavoring to evolve something absolutely new in the table decoration line for his particular section.

Chairman Carter, who has a list of considerably over one hundred Y. M. C. A. members claiming Hawaii as their native state, is desirous that all who propose to attend this annual meeting and dinner of the association notify him as soon as possible, for there will be a limit placed on the attendance at this unique banquet, as space is at a premium and only 505 persons can be seated in the big games hall.

CANAVARRO FUNERAL TAKES PLACE TOMORROW

The funeral services of Senhor Antonio de Souza Canavarro, for the past 32 years Portugal's representative in the Hawaiian Islands, who died yesterday a victim of heart failure, will be held at 9 o'clock tomorrow morning from the Catholic cathedral, Fort street. The services will last until 10 o'clock and will be attended by the governor, members of the local consular corps, territorial, federal and army and navy officials, and the public. Interment will be in the King street Catholic cemetery.

The late Senhor Canavarro owned the rank of count in his country, but refused to allow the title to be applied to him here. He married a Spanish lady from San Francisco, who some years ago embraced the tenets of Buddhism and left Honolulu. She is now living at Blackstone, Virginia. George Canavarro, son of the deceased, is in the federal forestry service. A few years ago the young man met with an accident that came nearly crippling him for life.

MUTUAL STOCK HAS ACTIVE DAY ON LOCAL CHANGE

The sale of 856 shares of Mutual Telephone shares, reported yesterday on the local stock exchange, is explained by the recent issuance of 10,000 new shares by the company for working capital. This stock was pro-rated at par among the present shareholders, but in a few instances members were unable to carry their allowed quota, although they took it up and thus made their profit of \$5 per share, the shares bringing at present \$15 in the open market.

Before the new issue, the shares were quoted around 18 or 19, and at the present price it is considered the best buy in the field today. The quarterly report of the company issued a few days ago, shows that the telephone business in Honolulu is in an exceedingly good condition.

With the 10,000 share issue, which was authorized at the annual meeting held on February 16th, the company now has outstanding \$1,557 shares, equivalent to a capitalization of \$613,570. The authorized capital of the company is \$750,000.

LARGE NUMBER OF UNEMPLOYED NOT WILLING TO WORK

That a considerable portion of the unemployed who are besieging the Associated Charities for assistance do not want work in order to live, is the opinion of Wm. M. McQuaid, manager of the Koolau Agricultural company. It was to the plantation of this company, on the windward side of the island, that the charitable organization sent the 40 odd laborers last week, a portion of whom returned to town the next day with a hard luck story of the conditions under which they were supposed to work.

McQuaid, who was in town yesterday, states that before the men left Honolulu they were fully informed of the terms offered, yet upon arrival about a dozen Spaniards absolutely refused to go to work on the tonnage basis, but demanded pay by the day. A few others have dropped out since, he states, but most of the Filipinos and Porto Ricans are still at work and are making good wages. On the basis of 13 1/2 cents per ton for cutting and 14 cents per ton for loading, the manager states that the Filipinos are earning from \$1.40 to \$1.60 per day, and the less efficient workers from 80 to 90 cents.

"It certainly would seem that men who are hungry would be willing to accept such pay rather than starve," stated McQuaid. "But it is very patent that some do not want to work at all. I can use more labor for a short time, and will give the Associated Charities a chance to send more men over, but will do it only on the understanding that they wash their hands of any men who refuse to work."

The report also was brought back to town that we refused to employ men with families. This is absolutely false."

PROF. JAGGAR TELLS HOW JAPANESE ABLY HANDLED VOLCANIC DISASTER

Prof. Jaggar's talk to the Commercial Club this noon on the manner in which the Japanese handled the disaster, or threatened disaster consequent to the eruption of Sakurajima "read like a romance" or to be more exact was a splendid story every item of which was a solid fact.

The professor's conclusion was an instructive one also. He called the attention of Honolulu business men to the active need for laws and regulations in the construction of buildings for this city and Hilo, that will operate to prevent disaster. He called to notice the new building laws of Kingston and the further fact that we of these islands have no guarantee against earthquake shocks which may or may not be disastrous according to the care with which we prepare for them.

The great outbreak of Sakurajima was not a disaster because the Japanese knew how to take care of themselves. That was the gist of the statement. When they were told to leave the city because of the threatened outbreak, they left. And when it was over they came back. Although re-

ports to the contrary were rife at the time of the outbreak, the deaths from the so-called greatest volcanic eruption ever known in modern Japan were only thirty-five and those deaths were the result of earthquake.

An intensely interesting detail was given of the country in the midst of which the volcano broke forth; the information furnished by the Japanese scientists, whereby these scientists through their observations had given warning that saved thousands of lives; the freedom from panic; and the whole atmosphere of organized preparedness which was the ounce of prevention that reduced the amount of cure needed.

Nearly every seat in the club dining room was filled and Prof. Jaggar held the interest of his audience throughout the presentation of what might be the dry scientific subject in a thoroughly live and practical form.

Governor Pinkham, Judge Dole, Dr. Brigham, Consul-General Elitaki, Secretary of the Territory Thayer, Treasurer Conkling and Supervising Architect Roberts were the special guests of the club at the luncheon.

CASE REMANDED TO LOWER COURT FOR NEW TRIAL

A decision handed down this afternoon by the supreme court remanded the action of C. B. Ripley and L. E. Davis against the Kapolani Estate, for the recovery of \$1080, to the circuit court for a new trial. The reversal is based on two of 13 exceptions made by the defendant. The jury brought in a verdict in favor of Ripley and Davis, awarding the latter \$1080 with interest to May 1. The supreme court held that this, in the light of the evidence introduced, proves that the jury based its verdict on the theory that there was a direct contract, while the proofs went to support recovery under the second count in the complaint, which was for quantum meruit.

G. A. SCHUMAN AND HIS FAMILY LEAVE FOR A TOUR OF THE WORLD

Accompanied by Mrs. Schuman and Miss Myrtle Schuman, G. A. Schuman left for the mainland in the Wilhelm this morning for a tour of the United States and Europe, which is expected will cover a period of eight or 10 months.

Following a lengthy stay in the Eastern States, Mr. Schuman and his family will travel to Germany. Mr. Schuman left that country when he was 16 years old and has been away 30 years. In New York City he plans to meet his brother, Emil Schuman, who has been in the United States for 41 years. It is intimated that the Schumans will tour the world on their return to Honolulu.

The condition of Eugene R. Hendry, U. S. marshal, is reported today to be critical. He passed a bad night last night in the home in Kaimuki where he has been for the past week in charge of a trained nurse. Grave fears are now felt for his recovery.

A meeting of the board of agriculture and forestry will be held at 11 o'clock tomorrow morning in the office of Albert Waterhouse.

"Early Days at West Point" will be the subject of an address which Major-General W. H. Carter will deliver in Cooke Hall, Young Men's Christian Association building, this evening, commencing at 8 o'clock.

ARCHITECT WHO DESIGNED ENTIRE CITY IS VISITOR

Walter B. Griffin, Prominent Draughtsman of Chicago, Arrives this Morning

LAID PLANS FOR NEW AUSTRALASIAN CAPITAL

Model City to Arise from the Plain Between Sydney and Melbourne, N. S. W.

Enroute to Australia where he personally will superintend the carrying-out of the plans which he recently completed for the proposed new Australasian capital, to be located between Sydney and Melbourne, N. S. W., Walter B. Griffin, a prominent architect of Chicago, is a through passenger on the Canadian-Australasian liner Makura, having arrived in Honolulu this morning in company with his bride.

When he leaves this evening for Australia, Mr. Griffin will be accompanied by R. A. Lippincott, who, with his wife, arrived in Honolulu on the Monaca yesterday, and who has been visiting his cousin, Mrs. H. M. von Holt. Mr. Lippincott is a brother-in-law of Mr. Griffin, and assisted the latter in drawing up the plans for the "Ideal City." Mr. and Mrs. Lippincott and Mr. and Mrs. Griffin spent this morning touring the city with Mr. and Mrs. von Holt.

When the Australian government a short time ago conceived the idea of building a new capital for Australasia, the leading architects of the world were invited to compete in a contest for the most perfect plans. Nearly 100 architects entered into the race, and, when the final decision was made, Mr. Griffin's plans were accepted. Persons who have investigated the matter declare that the erection of the proposed city will be one of the greatest building projects ever undertaken by any government. The plans for the city include practically everything required by a model city of today—buildings and their location, streets, water mains, sewers and parks.

In drawing up the plans which won first place, Mr. Griffin was ably assisted by Mr. Lippincott, and together they are on their way to Australia to superintend the carrying out of their plans. They are making the trip at the request of the Australian government and expect to spend two or three years in the colonies. The site of the city now practically is a level plain, and Messrs. Griffin and Lippincott will view the construction from the levelling of the land to the paving of the streets and the erection of the buildings.

No General Assembly of Guard This Evening
There will be no general assembly of the National Guard of Hawaii this evening. No general call has been issued, and only those men whose regular duties call them to the armory Wednesday night are expected to be present.
A published report that the entire 1st Infantry was to assemble is erroneous.

LESS DYSPEPSIA NOW --HERE'S THE REASON

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we have faith in them. No wonder we are willing to offer them to you for trial entirely at our risk. Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn, and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7000 Rexall stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00. Benson, Smith & Co., Ltd., Honolulu.

An educated Arab in London explained the Moslem idea of female beauty. He said: "Among us we say that the perfect woman must possess four attributes that are black, viz: Hair, eyebrows, eyelashes and pupils; four that are white—skin, hands, teeth and the white of the eye; four that are red—cheeks, lips, tongue and gums; four that are long—back, arms, fingers and legs; four that are round—head, throat, wrists and elbows; four that are small—eyebrows, nose, lips and fingers."—London Express.

FORD FINDS TOUCH OF HAWAII IN HIS TRAVELS IN THE PHILIPPINES

Says Manila is Most Interesting
City Between Kioto and
Sydney, N. S. W.

By A. H. FORD.

MANILA, P. I., March 18.—Manila is the most interesting city on the Pacific between Kioto and Sydney. It has a quaintness which is alluring and a vivacity and life that is captivating, and besides that, it has just started a weekly luncheon club with a membership from the governor down to the humblest Filipino.

The new club, by the way, is affiliated with the Hands-Around-the-Pacific Movement, which perhaps indicates that I had something to do with its organization. Well I had, but the Merchants association backed me up to a man, and even after the club was formed they invited me to address the Merchants association on the get-together movement.

I am leaving Saturday at three o'clock in the afternoon for Hongkong, but at noon I am the guest for a lunch at the Manila hotel, where we will again talk "get together." I have worn my throat out talking "Honolulu" and our "Ad" club at public meetings, and Joseph Stickney has almost worn out the typewriter grinding out articles for the press, for this morning the Cablenews gave over its entire editorial page to a signed article on the Honolulu idea of getting together, and I am kept busy by all the papers telling about how we do things in Hawaii, and my experiences around the Pacific.

Strong for Spanish Lines.
There is one regret that I have, and that is that there is not a Spanish line touching Honolulu. I took the Spanish liner at Singapore for Manila. On that Spanish boat, we had the richest meals we have ever tasted on the Pacific. They were so rich that I am not surprised that they served four different kinds of wine including champagne twice a day. We had with us Robert Luce, one of the big men of the City club in Boston. He is going through Honolulu and I trust that the Ad club will capture him. Admiral Bronson was also with us on the trip and may go through Honolulu, in which case he is worth capturing for a talk.

It seemed like being back in Honolulu to arrive in Manila, and when Joe saw the American flag, and stepped on what he called American soil, there was no controlling him. There was William Harris of the Outrigger club. He told us of all the records he had broken in swimming matches, and there was the day at the Outrigger Club of Manila on a beach named Walkiki, and Willie had formed a swimming club there, and there were the newspaper boys who wanted to know all about the Manila newspaper colony in Honolulu, and our old friend F. A. Boardman who used to do "sports" on the Advertiser in Honolulu is now on the Manila Bulletin. We had left him in Melbourne "free-lancing" it. He is back on the Manila Bulletin, and then there was the running into George Fairchild, Mr. Hedemann of the Iron Works, and Brother Babbitt of the Sugar Planters' association, to say nothing of real Hawaiian boys who play the ukulele here. Yes, it was like being back in a bit of old Hawaii; and that lunch where we talked nothing but "boost." Why, it was just like an Ad club lunch, and we, too, held our meeting on a roof garden, and I will say frankly that it was the best peso lunch I have ever sat down to, and a peso is fifty cents gold. It was interesting to see how everyone from the governor and the mayor down fell right into the plan of plunking down his own fifty cents, and I was glad to see them do it, for I had instigated the lunch and they might just as well have left it to me. The Ad club threatened to treat me that way once if I ever addressed them again.

Mid-Pacific Magazine Grows.
I never dreamt that the editor of the Mid-Pacific Magazine was such a distinguished person, but after the way that I have been treated by the press and public officials around the Pacific, I am really beginning to have an unbounded respect for the Mid-Pacific Magazine, which, by the way, will nearly double in size beginning with January, and will contain one article a month from each country around the Pacific, written by preachers and governors and heads of chambers of commerce and great men generally.

I have been preaching "co-operation" ever since I started on this trip, and I am certainly getting it. I did wish during the ten days that I was in Manila to get out and see some of the country, but there is not a day so far that I have not put in twelve hours solid work; but then I knew something now about the publicity methods of Manila and the Philippines and I wish to say that we have much to learn from the Merchants association of the manner in which it cuts all red tape and gets down to doing what it sets out to do. It supports a publicity committee with a dozen men working in the office and it does it on half the amount that we use, which means that it is hampered for funds. So we are all turning in to back the publicity committee and to create a tourist bureau in connection with it that will look out for the tourist after he arrives in Manila. In this the Philippines themselves are taking a great interest. Joe is kept busy at the end of every day taking down notes on publicity work as it is conducted in the town in which we happen to be. At present he is on the staff of the Manila Merchants association learning the game as it is played in the Philippines.

Convention for Honolulu.
As soon as I complete my trip around the Pacific, I am to prepare a report on all of the tourist bureaus and publicity committees of the Pacific which will be published in book form by the New South Wales Tour-

ist bureau and distributed everywhere, preliminary to the convention of all the Pacific tourist bureaus and publicity committees, which, in all probability, will be held in Honolulu as it is the most central point. However, the final details of this will be arranged when I reach London, in another month or so, when we hold a conference of the New Zealand, Australian, Japan, Malay States, Canadian and other Pacific tourist bureaus represented in London.

I am glad to say that the Philippines are now looped up in the Hands-Around-the-Pacific Movement, and with the rest of us are urging China and Japan to come in and help us show a united front entirely around the Pacific to boost for the Pacific.

George H. Corse of the Pacific Mail who has been working on similar lines northward, is here any way we have united forces and will preach the Round-the-Pacific trip; but my text will always be the same: "Visit the Pacific Lands by Way of Hawaii," and take it from me that while every traveler should see every country of the Pacific, there is nothing around the big ocean that compares with our own beautiful little Hawaii.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

They love to take it, and it doesn't harm the tender little stomach, liver and bowels.

Your little one's stomach is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well-playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by California Fig Syrup Company. Don't be fooled!
