There were present numerous bidders, most of whom were after Lot 9. Owing to the late arrival of the steamer from Hana, the sale was postponed from 12 to 2 o'clock in the afternoon, that the people from there could be present.

The lots sold were No. 9, containing 95.26 acres, upset price \$353.41; No. 38, containing 108.25 acres, upset price \$216.50, and No. 39, 48.45 acres, upset price \$84.78.

The result of the sale was as follows:

AT SPRECKELSVILLE.

Manager Lowrie Making Many Changes Among Employees.

SPRECKELSVILLE, December 17.—General change is the order of the day on the Spreckelsville plantation at present.

W. G. Taylor, the bookkeeper; A. G. Dickens, manager of Kahului store, and Mr. Hagencamp, bookkeeper at the store, are the latest to go. R. W. Fuller, formerly of Pearl City, Oahu, takes Mr. Taylor's place as bookkeeper; Mr. Payne becomes manager of the Kahului store, and a Mr. Allen its bookkeeper. There are also other changes among the lesser lights. Mr. Stoddard comes back to his old place as chief engineer.

Messrs. Fuller and Allen of the newcomers, are men with families and bring them with them.

ATTACK A LUNA.

Chinese on Spreckelsville Attack Summerfield With Clubs.

SPRECKELSVILLE, December 17.—Quite a lively fracas occurred at Spreckelsville on last Tuesday, when a luna named Summerfield was set upon by a gang of shipped Chinese and severely beaten and bruised, clubs generally being used. Six of the ring leaders were arrested and taken to Wailuku, Thursday, and the whole gang immediately struck and marched to the court house also. Upon being told that they would all be arrested for refusing to work, if they did not immediately return to their plantation, they decided to do so, after a few witnesses being allowed to remain.

At the trial yesterday three of the defendants were discharged, and three of them fined \$3 and costs each.

HABEAS CORPUS GOES ON

ARGUMENT WILL BE HEARD ON WEDNESDAY.

Three Petitions From Chinese From the City of Peking and the Gaelic, to be Heard Together.

The Chinese habeas corpus cases all went over until Wednesday morning, at 10 o'clock, before the supreme court. But more than an hour was taken up this morning on the collateral question of whether the attorneys for the petitioners had a right to consult them or not.

Judge Perry was called in to sit as an associate justice of the supreme court with the chief justice and Justice Whiting. There are three of the habeas corpus cases, two by Chinese refused a landing from the Gaelic and one from a Chinese refused a landing from the City of Peking. In one of these cases no return has yet been made, tomorrow being the return day. In view of the similarity of the questions raised in each of the cases it was agreed that they should be argued together on Wednesday.

Mr. Magoon asked for an order permitting him to consult his clients, or one of them. This was opposed by Attorney General Smith and L. M. Thurston, who appeared for the respondent Collector General McStocker. They argued that the petitioners being subjects of the Chinese Emperor and not citizens of Hawaii, did not come within the constitutional guarantee of the right to consult with counsel, and cited decisions of the court in support of their position. Mr. Magoon replied that in the authorities cited, which were habeas corpus cases, the petitioners who were Japanese had been refused a landing on finding of fact by the collector general. But in the present cases the petitioners were denied a landing on questions of law which it was sought to bring before the court for decision. This difference, he maintained, was essential, and gave him a right to consult his clients.

George D. Gear, although he said he did not know that he should want to consult his clients, did not want so important a question as the one raised to be decided without argument. While the members of the court were consulting among themselves as to the decision to be given, Mr. Magoon had a consultation with the attorney general as the result of which it was agreed that he might consult with the one particular client he desired to consult with, the consultation to be in the presence of the interpreter for the government, and not to be taken as a precedent in future cases. Thereupon he withdrew his request for an order of court permitting the consultation asked for.

Chief Justice Judd said that if in the proceedings it should be found necessary to hear evidence to get at the truth of the facts upon which the proceeding was based, the court would hear evidence.

MEN FROM BERKELEY.

University Graduates Celebrate Football Triumphs.

Seventeen graduates of the University of California sat down to a feast at the Hawaiian hotel Saturday evening. The affair was given, first, to get the graduates together, and second, to celebrate the recent football triumph of Berkeley over Stanford. It was an all round, pleasant function. A. V. Gear was toast master.

Berkeley graduates have organized here with some twenty-five members. Mr. Gear has been made temporary chairman, and Charles Elston is secretary and treasurer. A general meeting and feast will be held once each year.

JUDGE HITCHCOCK'S WILL

LEAVES ALL HIS PROPERTY TO HIS WIFE.

Short and Explicit Testament Executed Eleven Years Ago—Remains of a Fortune.

The will of the late Judge E. G. Hitchcock of Hawaii was filed in the circuit court today. It is short and couched in the explicit terms characteristic of the lamented marshal and jurist. These are the principal paragraphs:

"After the payment of my just debts and funeral expenses, I bequeath and devise as follows: To my wife, Mary Tenney Hitchcock, all the real and personal estate to which I shall be entitled at the time of my decease, absolutely; knowing and feeling absolutely sure that she, the said much loved wife, will do what is right and for the best good of hers and my children.

"And I nominate and appoint the said wife, Mary Tenney Hitchcock, of Hilo, Hawaii, to be the sole executor, without bonds, of this, my will."

The will is dated March 11, 1887.

Judge Hitchcock accumulated considerable property in Hilo and in other parts of the Islands. In his time he made fortunes many times over, but was always liberal, giving a great deal to charity, particularly to aid Hawaiians.

IDEAL APARTMENTS.

Something New in Honolulu—Private Apartments for Gentlemen.

There is something new in residence construction in Honolulu. It is "The California," just completed by Major J. W. Luning on Emma street, between Beretania and Emma square.

The California is designed and is built expressly to furnish apartments for gentlemen, and is entirely different from anything previously designed or erected here. The location is superb for the purpose, being within a very short walk of the business center and yet far enough away to secure quiet. The building is a square structure two stories high and surrounded by a wide covered veranda. There are twenty apartments, each opening on to its own veranda, so that absolute privacy is assured. The whole house is mosquito proof. There are double bath rooms and closets for each story, convenient to each apartment, but wholly disconnected from the main building.

Electric lights are used throughout and those on the veranda will be lighted all night.

Major Luning has provided an ideal apartment house for gentlemen.

ONE MAN HELD.

A Japanese named Yamashita is held at the station house for investigation in connection with the stabbing of Kimura near Kaunakapili church last week. The wounded man, although given three jabs in the back either one of which might have killed him, is still alive at the Japanese hospital. There is no hope, however, that he will be able to pull through.

WAILUKA MURDER CASE.

Charles Doyle spent most of yesterday examining witnesses in the case of the Japanese woman murdered last Wednesday morning at Wailuku. Considerable information was gleaned from laborers brought up from the plantation. As a result of information received a semi-official opinion is that all three of the Japanese under arrest were present at the time of the killing and are equally guilty.

THE OLAA LANDS.

Surveyor Baldwin and his assistant, Tom Cooke, came down from Olaa yesterday morning. The new road has been surveyed and staked for a distance of ten miles. Nearly all of the side roads have been staked and trails set so as to allow the appraisers to reach the property. The surveyors pronounce the land excellent for coffee and cane cultivation. The survey of the roads will probably be finished by the first day of February, and then the work of surveying lots will begin. Mr. Baldwin has worked very hard on this tract in order that the lands may be opened for settlement as early as possible.—Hawaii Herald.

THE CITY OF COLUMBIA

HER TROUBLES AIDED IN TWO FORUMS.

Question of Wages for the Crew in Process of Adjudication—Colegrove Case Before Supreme Court.

The crew of the City of Columbia were all up in the circuit court room this morning. The proceeding was before Dan H. Case as commissioner to settle the disputed claims for wages raised by the answers of Captain Milnor in the libel against the City of Columbia. All the claims were first gone over and those as to which there was no dispute were allowed. Then the disputed claims were taken up. In some of them an agreement was reached. The others were referred to the court.

In the supreme court the appeal of Russell Colegrove for increase of damages in his suit against the City of Columbia and Captain Milnor, was put at the head of the calendar, and argument set for 1:30 o'clock, at the request of Mr. Kinney, who represents Colegrove and who leaves for the coast on the China. The intimation was made that a settlement out of court might be reached before that time, in which case the hearing would be unnecessary.

MAUI NOTES.

Paia's New Hall Nearly Completed—Personals of Interest.

MAUI, December 17.—Mrs. Lowrie, Miss Clara and Walter Lowrie, arrived Wednesday, and are at their new home.

Three new district court lawyers were added to Maui's already long list last week, at Lahaina. They are A. F. Tavares, Noah Aluli and P. N. Kahokuluna.

The Paia hall is about completed, a little more inside painting being all that is required. So Makawao is now ready for the Kiekapees or anything else that may come along.

Mr. and Mrs. C. H. Dickey and Miss Belle Dickey go to Honolulu tonight. Mr. Dickey goes down on board of equalization business. Mrs. Dickey for a short visit, and Miss Dickey on her way to Oakland, where she will enter the Oakland High school.

Harry Baldwin is out and around again after his recent illness.

ON THE WATER FRONT.

The trouble on the steamer Wailuku by reason of which the crew struck as soon as they got into port Saturday, has been settled by getting a new mate.

The crew of the ship Fort George had to come ashore for breakfast this morning. The temptations of the shore, it is said, were too strong for the cook after a long voyage at sea, and no breakfast was forthcoming from the cook's galley.

Two or three changes are gazetted in the Wailuku steamship service. Captain McDonald of the Hawaii goes as commander of the Helene, Captain Lane who has been mate of the Maui goes as commander of the Maui by Errat.

THE SYLVIA FUNERAL.

The funeral of the late Thomas Sylvia took place from the house on Liliha street and the Catholic church on yesterday afternoon. Bishop Rupert Gulistan conducted the services. The procession was headed by the Hawaiian National band. In line were members of the St. Antonio society and about twenty carriages. The remains were interred in the Catholic cemetery on King street.

NEWS ON THE BIG ISLANDMACHINERY FOR THE HAMAKUA
PLANTATIONS.Japanese Drowned in Hakalau Gulch
—Coffee in Olan—Hilo Notes—Per-
sonal Mention.It is learned on good authority that
W. C. Peacock & Co. will proceed with
the erection of their long proposed
Hilo block so soon as the weather will
permit.The entire indebtedness of the Hilo
Foreign church has been paid off. The
amount was \$4,600. Among the sub-
scriptions were: Theo. H. Davies,
\$1,000; Alexander Young, \$1,000; J. A.
Scott, C. C. Kennedy and Mrs. C. C.
Kennedy, \$500 each.N. C. Wilfong went to Honolulu by
this Kinau. His duties in the mean-
while will be performed by George
Williams, of Kaunamui, who will suc-
ceed him as tax collector.C. A. Galbraith left for Honolulu last
night to attend the supreme court.
Among other business which he has
in hand is the tax appeal case of the
Olan coffee planters.The engagement of Miss Ollie Mayd-
well to Dr. Phillip Rice is announced.
The wedding will take place on De-
cember 30th.Samples of Olan sugar cane were
sent to Honolulu by last night's Kinau
for examination by capitalists who
are interested in the scheme of devel-
oping a sugar plantation in that dis-
trict.Norman Kay arrived by the steamer
Hawaii last Saturday from Honolulu,
to accept the position of engineer at
Waiakoa mill. Mr. Kay has been in
the drafting department of the Hon-
olulu Iron Works for some time, and
comes highly recommended.On Sunday of last week a Jap, while
riding down Hakalau gulch got too
near to the makai side of the road,
and horse and rider toppled over the
embankment into the stream below.
The horse escaped without injury but
the rider, in falling, struck his head
on a stone, stunning himself, and be-
fore assistance arrived was drowned.Coffee is rapidly ripening in Olan
under the influence of the hot, dry
weather. Tanks are also becoming
rapidly depleted, and the weeds be-
tween the toes of the inhabitants (of
the district, not the tanks) are becom-
ing dry and parched like. Whether
the dry weather is the effect of
numerous drying houses that have re-
cently been erected is a question for
the meteorologists to determine. If
it is so, one trembles to think of the
result on the weather in a few years.
—Hilo Herald and Tribune.**OLD WOMAN DISAPPEARS.**Mrs. McFarlane Lost in the Forests of
Kaunamui.A distressing tale comes from Hilo
of the loss of an aged woman in the
forests of Kaunamui. She is Mrs. Mc-
Farlane, mother of the two men by
that name who took up lots there two
years ago. It appears that on Monday
morning last she left the house of one
of her sons to visit the other, and has
not been seen since. She was not miss-
ed until the next day, it being a con-
siderable distance between the two
places. Of the strange disappearance
there is much interest and comment
in Hilo, and Saturday's Tribune has
this to say of the effort to find the
woman:When her loss was discovered the po-
lice department was informed, and
several policemen and some citizens
were sent in search of her, a search
which resulted fruitlessly except that
a hat and shawl were found, which
were identified by her daughter as be-
longing to her. The following day a
still larger number of men, eighty or
more altogether, searched the forest
in the vicinity of the trail, but with-
out result. On Thursday afternoon
Sheriff Andrews organized a still lar-
ger and more systematic search, be-
lieving that she should be found if
possible, though no hope existed of
finding her alive.The McFarlanes came about two
years ago from British Columbia
and took up Kaunamui homesteads.
The woman who was lost is very old,
probably from 80 to 90 years, though
her sons, two of whom by the way are
twins, do not know, and are uncertain
even of their own ages. All are gray-
bearded men; the twins give their age
as 37 years, but have probably re-
versed the figures.**ORPHEUM THEATER.**The Orpheum had a packed house
Saturday night. In fact there was
an overflow of perhaps a half hundred
people.The new program proved a "taker."
From about the middle on to the end
it was roaring funny. Miss Rosa was
recalled four times in her program of
vocal specialties. Among the selec-
tions was "My Honolulu Belle," and a
native air. The closing sketch, the
Sullivan fight, was simply immense
and brought down the house.There was quite a good sized audi-
ence for the matinee performance in
the afternoon. At the usual hour this
evening the program of Saturday
evening will be repeated.**REMEMBER THE MAINE**Object of the Palama Co-Operative

MONDAY, DECEMBER 19, 1898.

Poverty such as there is in the older countries we fortunately do not know here. A case appeared in a London paper the other day where an artist deliberately broke a street lamp in order to get a night's lodging in the police station. The man had had neither food nor lodging for two days. He was sentenced to fourteen days imprisonment, and when the magistrate imposed sentence, the prisoner implored that he would add hard labor. And the magistrate acquiesced. The request seems strange, but imprisonment at hard labor carries with it better food than ordinary imprisonment. But what a comment on our civilization of the close of the nineteenth century. The wildest extravagance, the most lavish expenditures side by side with poverty and starvation, which those who have lived all their lives in these blessed isles can never realize.

FALLING BIRTH RATES.

The falling birth rate in France has called forth a great deal of comment and even French writers regard the country as committing a kind of racial suicide and painlessly destroying itself. If this reasoning were true it would indeed be all up with France, and in time the more expansive races on the frontiers would gradually overtake the country which has for so many centuries led Europe in advanced thought, in polish and elegance of manner and of dress.

But an English writer points out that the birth rate is declining in Great Britain and in all countries of Europe. The only thing the matter with France being that its birth rate began to decline sooner than that of the rest of Europe. It is quite conceivable that a couple of generations hence France may find that her birth rate is no longer the lowest in Europe.

The fact is that the present growth in European population is a phenomenon which is almost entirely confined to the last 150 years. Through some of the greatest periods of their history, the population of these nations has been stationary. This view of the case is a novel one, and the more striking as the argument comes from an English, not from a French pen.

It is a great pity that our birth statistics are so unsatisfactory here. The death statistics can be fairly relied on, for a person cannot be buried without a certificate from the Board of Health, but the registry of births is constantly evaded. There have been no prosecutions under the law, but The Star is convinced that were there a few fines imposed, these statistics would be as accurate as they are in other countries.

CHILDREN'S BOOKS.

Children are happy in the excellent class of books supplied them. In no branch of literature has there been such an advance. And it is not only children's books but children's magazines which have improved. Compare the St. Nicholas of today with "Kingston's Magazine for Boys" of forty years ago. And yet Kingston's was considered a wonderful production in its day. And so it was. Fancy the emancipated child of today being brought up on a diet of Sanford and Merton, Maria Edgeworth's or Miss Kavanagh's moral tales and the dialogues of Mrs. Merceer and Dr. Aiken. And then the awful woodcuts. The moral gentleman always appeared in stovepipe hat and swallow-tailed coat and nankeen breeches and low shoes, even when bearing the blessings of civilization and rum to the aboriginal heathen in the wilds.

But if one goes further back and studies the literature of the young of last century, one finds something very wonderful indeed. It was a coarse age in spite of much veneer of refinement, and high born ladies of refinement were accustomed to use language which would make a dock laborer turn pale. They evidently brought up their youth on strong meat, for a work for young people, published in 1704, contains material which is not of an elevating or proper character, but it

throws much light on the manners of the age, far more than the work of the greater writers.

We should be very thankful for our present literature for the young. It is not coarse, as it was a couple of hundred years ago. It is not goody, goody, as it was fifty or sixty years ago. It is strong and virile, inculcates best of lessons and employs the pens of some of our foremost writers. Of course there is a great deal of rubbish printed, and there is a line of vicious literature, for young people, but it is only where parents are careless that the vicious literature creeps in. There is so much that is of interest both for boys and girls, and it is gotten up in such attractive and cheap form, that it readily out-tops the vicious, and poorly printed trash. The kindest thing a parent can do for his young growing children is to see that they are supplied with new, up-to-date children's books and a good child's magazine.

BIG PRICES.

The land sale which took place at Paia on Saturday afternoon, December 17th, was indeed a phenomenal one. There were three lots for sale, and each of them sold for a little over five times the appraised value or upset price. This is really a remarkable sale and points to the fact that Maui people in their quiet way, without walking round with a chip on their shoulder, are thoroughly realizing the value of their island, for all the buyers belonged to the island and two of the number were native Hawaiians.

The lands in question are situated in Nāhiku among the Falls of East Maui. A couple of years ago it would have been hard to give the land away and no one wanted it, unless the chances of permanent government and therefore capital were assured. So the land lay a waste of guava scrub, ferns, ohia, kukui, lauhala and so forth. The thundering waterfalls crashed over the cliffs and the streams roared over their rocky beds to the ocean, with no tribute to the soil in the shape of irrigation. For miles there would be no habitation.

Now all this is being changed. The district, one of the most fertile on the islands, awakes out of its lethargy. The valleys which have only heard the roar of the cataract and the rush of the stream will wake to the sound of the steam whistle and the ax, and man will enter upon his kingdom. Cultivation and civilization will reign, but the wild beauty of the Koolau district will be gone. Again this is progress under annexation.

HILO'S BOAST.

Says the Hilo Tribune: "The Advertiser remarks that Hilo isn't boasting very much over its garrison, viz: sixteen sick soldiers left from Major Sague's command. This is where the Advertiser is mistaken; we are boasting very much over the fact that every one of the soldiers has come through safely, a record of which, we are sorry to say, Honolulu is very far from being able to boast."

This is rather hard on the military hospitals. The sick soldiers in Hilo were not treated by the military doctors.

NEW MILL CONSTRUCTION

HAWAII PLANTATIONS MAKING CHANGES.

New Nine Roller Mills at Waiakae and Kukuihaele—Improvements at Honokaa—Work at Laupahoehoe.

HAWAII, December 16.—Work is being rushed at Waiakae in the erection of the new nine roller mill and it is hoped to commence grinding before New Year's.

Last week four large boilers were landed at Laupahoehoe gulch, two for Ooakala and two for Papaaloa. They weighed about fourteen tons each, and were rolled along the government road to their destination. The transportation of such loads is surely sufficient test for that section of the road, considering the fact that in many places the road is only cut out its own width, on an almost perpendicular bluff.

The Honokaa Sugar Company is extending its railroad to connect with one at Kukuihaele, which will enable the two plantations to assist each other in case of fire or other emergency. The old plant in the sugar house has now been replaced by a full equipment of modern sugar machinery. Extensive improvements have been made on the plantation buildings. A spacious boarding house has been erected for the overseers with a library and reading room attached.

Great improvements have been made in the sugar mill at Kukuihaele this year. A new nine roller mill has been erected with a powerful engine and gearing. The Deming classifier and the other large cleaning tanks are also in process of erection. This will now be one of the best in the country. Much credit is due Mr. Forbes for his improved method of hoisting heavy machinery at the plantation landing. Formerly, the heavy freight had to be landed at another point. Several miles of railroad track have been laid this year to assist in the transportation of cane from the distant fields.

PARKER-WOODS.

The Parker-Woods wedding took place at Mana, Hawaii, the residence of Hon. Samuel Parker, the bride's father, on Wednesday, December 14th. The bride, Miss Eva Parker, was attended by Miss Alice Woods, as bridesmaid, and the groom, Frank Woods, by his brother, Sam Woods. Rev. M. Tompkins, of Paunilo, performed the ceremony, and the bride was given away by her father. The affair was quite brilliant and recalled the old days of Mana. A large number of invited guests were present, among them Princess Kaiulani, Princess David and Cupid, Captain Lydig, U. S. V.; Major Nickerson, U. S. V., and others from Honolulu, while a number of guests came from Kohala and Hanalei.

A Tumor Formed

Finally It Broke Inwardly and Discharged

Trouble Began With Dyspepsia and Impure Blood

Thorough Course of Hood's Sarsaparilla Completely Cures.

There is danger in impure blood. Disease and suffering are surely coming to those who neglect this threatening symptom. Read this:

"Gilliam, Missouri.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen:—My troubles began with nervous headaches, which would last me for two or three days. The doctors pronounced my trouble dyspepsia, but they could not do anything for me, and advised a change of location. At the age of 55 a tumor formed on my spine, which

Was Very Painful

but did not rise or discharge. The doctor thought best to cut it out, but I objected. It finally broke and discharged a great deal. The doctors said they could do nothing for it. Then the tumor began to rise inwardly and discharge. I read much about cures by Hood's Sarsaparilla and thought I would try it. Before I had finished taking one bottle I was much relieved. I continued the use of Hood's Sarsaparilla, and after taking 12 bottles I was entirely cured. I am now well, have a good appetite and feel that I owe my life to Hood's Sarsaparilla." W. D. Fox.

The cleanest, brightest safest and really the longest run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." "This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want."

Pupils Decorate the Grave This Morning—Sports on Saturday—Tonight's Program.

At 10 o'clock this morning the pupils of Kamehameha schools decorated the grave of the late Mrs. Bernice Pauahi Bishop, foundress of the institutions, in Nuuanu valley. The boys, in full uniform, marched up, under Professor Perry, while the girls rode in busses to and from the cemetery.

At noon today the Founder's day banquet was served the pupils of the boys' school in the gymnasium hall. This was under the immediate supervision of the teachers and a few outside friends.

At 8 o'clock this evening President Dole will address the schools and the public, in the gymnasium, on the theoretical side of the question of the best industrial and social lines for the Hawaiians to follow in the future. Mr. Armstrong will also speak, taking the practical side of the same question.

Beginning at 1:30 Saturday afternoon field sports were held on the campus of the boys' school. S. P. Perry was manager. The Hawaiian band played on the grounds during the sports. There was a big crowd out and great interest was taken in the events.

J. Pa took first place in the running broad jump, reaching 16 feet 8 inches. W. Searle led in the high jump, at 4 feet 10 inches. The fifty yards dash was won by W. Campbell in 6.2 seconds, and the one hundred yards hurdle by H. Hanakahi in 15.2 seconds. J. Hose threw the 12-pound hammer 81 feet and 6 inches. In the pole vault a height of 6 feet 6 1/2 inches was reached by U. Lemon. All of these events were in the junior class. The senior events were as follows:

Running high jump, C. Pachale, 5 feet 4 inches.
Putting 16-pound shot, J. Burgess, 35 feet 9 inches.
Fifty yard dash, J. Fern, 6 seconds.
Four hundred and forty yards dash, D. Kalo.
Running broad jump, J. Fern, 19 feet 10 1/2 inches.
Throwing 16-pound hammer, J. Burgess, 91 feet 2 inches.
Two hundred and twenty yards dash, S. Kalua, 27 1/2 seconds.
Pole vault, J. Fern, 9 feet 3 1/2 inches.
Eight hundred and eighty yards run, D. Kalo, 2 minutes 30 seconds.
One hundred yards high hurdles, J. Cockert, 15 seconds.
One hundred yards dash, D. Kalo, 11 1/2 seconds.
A special musical program has been prepared for this evening's entertainment by Professor Theo. Richards and Miss Clymer. The general public is invited to be present.**SOUND AND WELL.**
Corporal John Withers, formerly of Company F, N. G. H., who about six months ago was reported gored to death by a bullock on Maui, surprised his friends in Honolulu yesterday by coming in on the Kinau well and hearty. He has been planting coffee in North Hilo for the past seven months, and says he never was on Maui, and was never gored by a bull.**TWO POINTED QUESTIONS ANSWERED.**What is the use of making a better article than your competitor if you cannot get a better price for it?
Answer.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.How can you get the public to know your make is the best?
If both articles are brought prominently before the public both are certain to be sold and the public will very quickly pass judgment on them and use the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years, and have found that it can always be depended upon. They may occasionally take up some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by all dealers and druggists. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

THE KAUMAKAUPILI FAIR

NEARLY \$500 REALIZED TO PAY CHURCH DEBT.

Was a Brilliant Function—Those in Charge—Articles Left Over to Be Sold.

Kaumakapili fair was one of the principal attractions and most pleasant events of Saturday afternoon and evening. The bazaar was arranged in the basement of the church in a mass of green plants and canopied in white and flowers. Looking from the front of the building there appeared a rich, inspiring array of tropical verdure, flags, bunting, flowers, native curios, mats, silk articles for service and ornament, which, together with the bright smiling faces of the ladies in the booths, formed a sight for a king and a picture for the gods.

In church yesterday morning Rev. E. S. Timoteo announced that the receipts had been nearly \$500. It must be understood that there was no loan and that the proceeds came solely from articles for sale in the booths.

Mrs. W. C. Achi was one of the principal workers for the fair. Mrs. Timoteo was another. Miss Judd, Miss Green and George Castle were active in arranging for the day. Queen Dowager Kapiolani had one of the principal tables. This was managed by a large corps of ladies. Mrs. Ed Lloyd, Mrs. Malopili, Mrs. Kalama and Mrs. Marcus Colburn also superintended at various tables. Miss Parmenter and the Misses Mossman had the lei table. Their platform was "let no man escape," and they lived up to it thoroughly.

The fair was kept up afternoon and evening. From 7 to 9 the Hawaiian band played on the grounds. Several hundred people visited the bazaar during the evening hours. Quite an assortment of native curios and articles of value were left over. It is proposed by the committee to have a sale of these goods. In all probability a house may be engaged in town where they can be placed on exhibition and all may have a chance to purchase.

BENNINGTON IN HILO. The U. S. S. Bennington arrived in Hilo Friday evening, December 10th, and left for Kailua on Thursday, December 15th. On Tuesday morning, December 13th, the school children of Hilo, by invitation of Commander Taussig, visited the cruiser. During the stay in Hilo harbor most of the officers and many of the men made the Volcano trip. There were a number of social entertainments complimentary to the Bennington officers. Mr. and Mrs. F. M. Wakefield entertained at a Welch Rarebit supper on Wednesday evening.

It was the intention when the Bennington left to extend the cruise around Hawaii for about a week longer.

Bailey's Bike Bits

ITEMS OF INTEREST TO BICYCLE BUYERS AND READERS.

The signs are that prices on well known makes of wheels will be cut, and cut deep. One very large maker has made a cut of 33 1-3 per cent, and at the same time advertises the fact that '99 wheels will be the same as '98, with 30 inch wheels as an extra line at \$5.00 more.

With cheap bikes and good, the trade may be said to have only just begun in the matter of quantity of sales. One hundred wheels at \$40.00 can be sold where one would sell at \$100, or even \$75. Always we have the cheapest bike in town. A good second hand bike for \$15.00. Good for a track or to learn on. Good value anywhere, anywhere.

A special feature made of contracts to repair punctures and to clean your wheel for \$1 per month.

Tribune Bicycles.

(From the Scientific American.)

"Many assumed bicycle manufacturers simply buy parts and do their own assembling. But for the production of the absolutely high grade American bicycle, a factory is required which will turn out practically all of the parts of the wheel manufactured, for unless such is done one concern cannot be answerable for the perfection of the whole machine. "We select as the representative of

such a factory the works of the Black Manufacturing Company, of Erie, Pa., a company which produce the highest grade of wheel and which put it on the market purely on its merits without the adventitious advertisement of paid riders. The wheel made by this company, the Tribune bicycle, embodies the best possible practice and is correspondingly free from all structural variations or unproved merit."
