THE DAILY BULLETIN.

Pledged to neither Sect nor Party,
But Established for the Benefit of All.

FRIDAY, NOV. 25, 1892.

Our morning contemporary refers to a "cablegram" from Idaho to a San Francisco paper, the contents of which it denounces as a fabrication. A cablegram from Idaho to the Coast must be a fabrication. The Advertiser should leave cable fiction to the Liberal.

Ka Leo rejoices in the prospect of a change of American representatives here as a result of Mr. Cleveland's election. It charges them with not having minded their own business in politics, and with having shown a lack of sympathy with the Hawaiian people. Mr. Bush, the editor perhaps relies on the position of Mr. Bush the legislator for immunity from arrest for such daring presumption.

The Advertiser still looks to V. V. Ashford for home news from abroad. It publishes another of that gentleman's interviews, this time coming from Chicago. This interview is the same as Mr. Ashford has given in every place he has rested between San Francisco and Canada. He must distribute it in printed slips, as the Chicago words are the same as the St. Louis words, and the St. Louis words an abbreviation of the Tacoma interview. The burden of Mr. Ashford's expressions on the Hawaiian situation is spite against the authorities who squelched his final attempt—aided and abetted by the Advertiser's party—at making himself dictator.

THE CABLE QUESTION.

The granting of an exclusive franchise to a Hawaiian company for laying a cable to the American coast will simply mean the placing of an obstruction in the way of having a cable laid at all. That is, unless the applicants for a franchise will deposit with the Government a guarantee that they are prepared to provide a substantial quota of the capital required to carry the project to fulfillment. Unless the alleged domestic promoters are prepared to do more than act as charter-peddlers, their acquisition of an exclusive franchise might easily result in Hawaii's being left out of the direct cable route forever. Hawaii is not a necessity as a cable station in a route from America to either Japan or Australia. In fact, she was not in the scheme proposed many years ago for a cable from British Columbia to Japan—a scheme that is not dead yet according to recent accounts. It is nonsense to talk of a cable from America ending at this group. It would not pay the expenses of the terminal stations and repairs, not to mention interest on the original investment. The importance of a cable to Hawaiian commerce is so great that it would be madness to injure its prospects by going it blind on the empty talk of a parcel of speculators. It can continue to offer respectable

distance to any bona fide cable scheme, but she cannot afford to put it in the power of irresponsible persons to call, "Stand and deliver," to foreign Governments or capitalists whenever they make a motion toward the greatly desired consummation.

THE APPROPRIATION BILL - V.

We now come to the Attorney-General's Department which foots up as shown before, to a total of \$338,938.84, against \$31,200 appropriated for the same services during last period (including \$21,140 voted under the Interior Department for prison expenses for the first six months of last period)—an apparent reduction of \$92,261.16.

To consider this department's appropriations properly we shall have to take them up island by island, as the Legislature have, this period, decided to revert to the pernicious methods of the sessions of 1882 and 1884, and, by appropriating his salary separately, cause each subordinate police official to have a direct and immediate interest in lobbying the Legislature to get an increase or to prevent a decrease in his wages, and to further induce him in the future to take a practical and personal interest and share in politics, secretly or openly, by helping to secure the return of candidates favorable to his interests, or defeat those opposed to him, and so put an end to the benefits to the country secured by the legislation in 1888 and 1890 on interference by officials in elections, and return to the corrupt and personal legislative action of the three previous sessions.

We shall first take up the provisions for the Attorney-General's office. These include \$9000 for the salary of the Attorney-General, \$6000 for his deputy, and \$2400 for a clerk translator and copyist, \$3000 for a Jailor for Oahu Prison, incidentals \$10,000, coroner's inquests \$1500, ditto unpaid bills \$170, support, care, and maintenance of prisoners \$80,000, ditto unpaid bills \$7208.84. A nominal reduction of \$12,600 is shown which consists of: A reduction of \$1000 or 10 percent on the Attorney-General's salary, \$1000 or 14 percent on his deputy's, \$600 or 16 percent on the jailor's, \$10,000 or 50 percent stricken off the incidentals, which it must be remembered include those of the Marshal and various Sheriffs as well as those of the Attorney-General, (in fact including every expenditure of the department except salaries, in office, Court, and out door work in every district of the Kingdom.) Against this must be set off the amounts for the unpaid bills of the coroners and the support, etc. of prisoners which are an increase of \$7378.84 on the amounts voted for those purposes last period. This gives a total reduction of \$5221.16.

The next is the provision for policing the island of Oahu. Under this head is provided for, a Marshal at \$9000, his deputy at \$3600, a first clerk at \$3600, Deputy Sheriffs for Koolau, Koolauloa, Waialua and Ewa at \$1200 each, and one for Waianae at \$840, two clerks for Receiving Station, Honolulu, \$2880, Supreme Court officer, \$2160, Hack Inspector, \$2400, Physician for Police and Prison, \$2400, and pay of Police, \$68,280.

Two items appearing in the appropriations for last period, a Police Court Prosecutor at \$4000, and a second clerk to Marshal at \$2400 have been stricken out entirely. The reductions are, \$1000 or 14 percent from the Marshal and \$400 or 10 percent from his first clerk. The other items were formerly included under the heading Pay of Police, Oahu, which amounted to \$125,000 for last period. By footing up the items for this period a total of \$87,340 is reached, showing a reduction of \$37,660 or over 30 percent, and to this must be added \$1200, half of physician's salary formerly paid out of support of prisons. By comparing the figures given early in the session, in the Attorney-General's answer to Rep. Waipuilani's questions in re pay of police, with the figures and recommendations given in the report of the Committee on Ways and Means on the same subject, which formed the basis on which the appropriations were made in this section, we find that this apparent saving has been accomplished by striking out one Deputy Marshal at \$4800, taking \$1200 or 25 percent off the other; by dismissing every foreign policeman on the force excepting one superannuated officer in the Supreme Court, and one Chinese, one Japanese, and one Portuguese; by doing away entirely with the special police force for Waikiki; by striking out the salaries of all clerical assistants needed to keep the records; by reducing the salaries of the officers retained for civil and watch duty from 6 to 33 percent and dismissing one-third of the watch officers; and by dismissing over 25 percent of the native patrolmen in Honolulu and 22 percent of those in the country districts; and by striking out all allowance for extra officers in time of disturbance or emergency, or for detective work.

This dismisses about 40 men out of 120 of all ranks and duties at one stroke, while seriously reducing the wages of all above the rank of patrolman. The only salaries untouched are those of the deputy sheriffs of Koolau, Koolauloa, Waialua, and Ewa, the hack inspector and the physician. The salary of the deputy sheriff at Koolauloa has been raised \$300, or about 45 percent, and that of the deputy sheriff at Waianae \$120, or 16 percent. The total reduction thus made in Oahu police expenses foots up \$46,660, 32 percent less than the amount for last period, and over half the total nominal reduction made in the whole department.

THIRD STRIKE.

Japanese on Ewa Plantation

Strike in a Body.

They March into Town to Lay Their Grievances Before Their Consul.

A telephone message was received at the Station last night that two hundred Japanese laborers at the Ewa Plantation had quit work. No further particulars were received until this morning, when another message was received over the wires that the Japs had started to walk into town.

About 10:30 o'clock a long string of Japs, looking like a mighty host, were seen marching into town on King street. Those who had not heard of the strike were in fear that the Japs were hired by some of the revolutionists to capture the town. Several of them were interrogated by a BULLETIN reporter, but all that he elicited was, "Japanese fight luna!"

Later the Japanese stated the cause of their quitting work and their grievances. They claimed that the lunas on the plantation treated them brutally, kicking and hitting them as they would animals. Yesterday afternoon a luna struck and brutally maltreated one of the laborers and the gang quit in a body. They decided to come to town and relate their grievances to the Japanese Consul. They started at two o'clock this morning and walked into town, a distance of nineteen miles. They went straight to the Japanese Consulate in the Spreckels building.

The men were sent to the Immigration Depot at Kakaako, where a conference was held, the following being present: Hon. J. B. Atherton, representing the agents of the plantation, Castle & Cooke; Mr. W. J. Lowrey, manager of the plantation; Mr. Nacayama, Japanese Inspector-General, and Mr. Okots of his staff, with Mr. Wray Taylor, Secretary of the Board of Immigration. The Japanese laborers were asked why they had come up to town. Some said on account of ill-treatment, others because their comrades had started.

Mr. Lowrey said he believed the charges of ill-treatment against the luna were exaggerated. One of the men who had tramped the nineteen miles into town had been off duty as "sick" half of last month.

They were all ordered back to their work, and were sent to Ewa by the afternoon train. Their complaints will be drawn up in writing and received on the ground by the Japanese Inspector-General. It is probable that the ringleaders of the strike will be arrested.

This is the third time the Japanese contract laborers have struck at Ewa and walked to town to protest in person against their contracts. Their conduct is irregular and subversive of all discipline, as the proper course is to forward a complaint to be investigated by their lawful guardian, the Japanese Inspector-General.

Mrs. de Style—"How do you manage to get your servants to wear caps? Mine won't." Mrs. de Fashion—"I hire a policeman to admire them."—Judge.

"German Syrup"

Croup. We have selected two of three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

Ed. L. WILLITS, of Alma, Neb. I give it to my children when troubled with Croup and never saw any preparation act like it. It is simply miraculous. Fully one-half of our customers are mothers who use Boschee's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammations of delicate throats and lungs. ©

Thanksgiving Day on the 24th, are you prepared for it?

Back in New England, where beans rank next in importance to a collegiate education, there's more fuss made over Thanksgiving than any other day in the year. For a month previous the turkeys are inspected and the choicest set aside to be fattened. The biggest, yellowest pumpkin is brought in from the field and transformed into great, thick pies—pies which make the mouth water just to look at them. Did you ever spend Thanksgiving day in Vermont? It's different from any other place in the world. The people there are sincere in their thanksgiving; they go to table and offer up thanks, not only for the good things received but that the bad things were no worse; they're thankful that the stones in the lot on the side hill are still far enough apart to let the sheep nibble at the pasture; for the abundant harvest they've had, or would have had it if "wa'nt for the drought," as the case may be; and last, but not least they're thankful that the cider's just as hard as ever.

A sermon in the morning, a big dinner at noon and a chat at night comprise a Thanksgiving day in New England. Indigestion don't generally come until the next day.

But the feature of the meal is the cooking. The turkey is cooked to a turn, the beans are just right and the pie crust is properly done. The New Englander while adhering to the laws laid down by the Puritans, is progressive in other respects. The Fischer Steel Range meets with more ready sale in the Northeastern States than anywhere else in the world because the people insist upon their food being well-cooked. It's the same with some people here, they'd go without anything rather than part with their Fischer Range. If you're thinking about having a good Thanksgiving dinner think again and get a range from us.

Either there are a great many Bostonians here or the average man has cultivated a taste for baked beans. During the past twelve months there has been a steady run on our stock of Bean Pots but the "Irwin" brought a lot that enables us to supply you with any size you wish.

The attention of the aesthetic person, whose taste runs to sunflowers, is called to the imitation Cut Glass Rose Jars—the personification of loveliness backed up by a price that is suggestive of a gift.

An invoice of Alcohol Lamps made in France (the best place in the world for such things), go to you for exactly half what you've paid for them all your life. No home is perfect without a young baby, a bottle of carminative and an alcohol lamp. We can supply the lamps. In the way of a Sewing or Night Lamp we have a symphony in polished brass and silver that commands the attention of anyone who appreciates good things in lamps. The shades are the same style, exactly, as those for piano lamps, only in miniature.

A Library Stand Lamp in hand painted porcelain with genuine B. & H. burner is pretty enough for the parlor, the price only is against it—higher priced goods are usually selected for that part of the house.

THE REGISTRARSHIP.

Mr. Geo. E. Smithies of the Interior Department Appointed.

The office of Registrar of Public Accounts, resigned by Mr. F. S. Pratt to take the post of Hawaiian Consul-General at San Francisco, has been given by the Minister of Finance to Mr. Geo. E. Smithies. It only remains to have the preliminaries executed, when the appointment will be gazetted.

Mr. Smithies has been a clerk in the Interior Department for the past nine years, where he has risen nearly to the top of the staff. He has given thorough satisfaction to successive administrations, as well as to the chief of staff, Mr. J. A. Hassinger, while in his intercourse with the public he has gained a favorable reputation for courtesy, promptness and efficiency. Mr. Smithies bears a character in society above reproach, and his promotion in public service follows with agreeable aptness his recent marriage. Being a young Hawaiian his appointment is a commendable instance of just policy on the part of the Minister of Finance.

The position is a highly responsible one. Filled for many years by Mr. Pratt with marked ability, its duties can hardly be expected to be mastered in a day by a new man. Yet Mr. Smithies has had good training for the place in the office he is quitting, and he will probably not take long to acquire a thorough knowledge of the intricacies of the treasury accounts. As for devotion to duty and fidelity to the Government, these are qualities of which he has already amply proved himself to be the possessor.

Are your children subject to croup?
If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

THE BEST PLASTER.—Dampened a piece of bannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cent bottles for sale by all dealers. THE LEGISLATURE.

131st DAY.

FRIDAY, NOV. 25, 1892.

Morning Session.

The Assembly convened at 9 a. m. sharp, the following members answering roll call: Nobles Walker, Hopkins, Cummins, Williams, Maile, Kauhane, J. M. Horner, Hind, Hoapili, Young, Baldwin, W. Y. Horner, Walbridge, Anderson and Dreier; Reps. Wilder, Bipikane, Aki, Pua, Kaula, A. Horner, Kamao, Wai-pulani, White, Kanealii, Edmonds, Kaluna, Iosepa, Akina and Smith.

Prayer by Chaplain Waiamau, after which the minutes of the previous meeting were read and approved.

Rep. Wilder, from the Committee on Commerce, reported favorably on the petition presented and praying for franking of matter forwarded through the mails by the Bureau of Information. The committee presented a bill to amend the request. Bill read and placed in order.

Rep. Smith, from the Planters' Labor & Supply Co., presented a memorial on the subject of labor.

On motion of Rep. Kamao, seconded by Noble Williams, the document was ordered printed.

The Minister of Interior reported that it had pleased Her Majesty to sign these bills: 1. Relating to practice of trial by jury; 2. To re-organize the Judiciary Department. (Appropriation.)

Rep. Kamao presented a resolution relative to a piece of land situated at North Kohala, Hawaii, on which is located an old building used as a courthouse, praying that the old building be left there for church purposes. Referred to the Minister of Interior.

Rep. R. W. Wilcox presented a resolution that \$4000 be appropriated for the purpose of building schoolhouses in the district of Koolauloa. Referred to the Committee on Education.

Her Majesty's Chamberlain, \$5500. The Minister of Finance proposed to have the item passed in two parts, viz.: From March 30th to Nov. 30th, \$2000; from Nov. 30th to March 31st, 1894, \$3500, a total of \$5500. Passed.

Rep. Iosepa moved the insertion of a new item, "Traveling expenses of the Heir Presumptive, \$6000."

Rep. Smith moved that the item read \$4000. He favored the idea of an appropriation for the purpose indicated, as in her travels it was most desirable that she should have a knowledge of the United States.

Noble Baldwin favored the amendment of Rep. Smith. If the country could afford it he would believe in \$6000. Even as it was salaries would have to be scaled down and some employees discharged, to obtain money.

Noble Williams considered that it was most desirable that the sum of \$6000 should be appropriated. He did not consider that the country could afford to be stingy in this matter.

Rep. Bush considered that the young lady for whom the appropriation was intended should use a portion of the money which is, or would be, used in the erection of an elegant building, now in course of construction for a residence for her, and apply it to her expenses abroad. He had been opposed to the item before and he opposed it now.

Rep. Robert Wilcox considered that the better way to do would be to split the difference and make the amount \$5000 and have a unanimous vote in favor.

Noble Thurston and Minister of Finance would favor the amount provided the country could afford it. They were both opposed to the item, as was also Noble J. M. Horner.

Rep. Waipulani considered that the statement made by the Minister of Finance that there was no money, was peculiar, especially as he (the Minister) had aided in adding to the first items presented. He favored the item passing at \$3000.

On motion of Noble Thurston the ayes and nays were taken on the amount at \$4000. Confusion existed on account of putting the item of \$4000 before the larger one of \$6000, so two votes had to be taken, the final result showing the item passed at \$4000, as follows:

Ayes—Ministers G. N. Wilcox, M. P. Robinson; Nobles Berger, Ena, Hopkins, Pua, Cummins, Williams, Maile, Kauhane, Hoapili, Baldwin, Walbridge, Reps. Wilder, Bipikane, Aki, R. W. Wilcox, Kaunani, Wai-pulani, White, Kanealii, Edmonds, Kaluna, Iosepa, Akina, Smith—25.

Noes—Minister Jones; Nobles J. M. Horner, Hind, Marsden, Young, W. Y. Horner, Anderson, Thurston, Kanaoa, Dreier; Reps. Ashford, Kaula, Bush, A. Horner, Edmonds—16.

Absent—Minister Brown; Noble Peterson; Reps. Pua, Koaohu, Kapahu, White.

Her Majesty Queen Dowager Kapiolani, \$8000.

A motion was made to strike this item out and the ayes and nays were called thereon, resulting in the motion passing, as follows:

Ayes—Ministers Wilcox, Robinson, Jones, Nobles Berger, Kauhane, J. M. Horner, Hind, Marsden, Baldwin, Young, W. Y. Horner, Walbridge, Thurston, Dreier, Reps. Wilder, Ashford, Kaula, A. Horner, Nanihi, Kanealii, Smith—21.

Noes—Nobles Ena, Hopkins, D. W. Pua, Cummins, Maile, Hoapili, Anderson, Kanaoa, Reps. Bipikane, Aki, R. W. Wilcox, Bush, Kaunani, Wai-pulani, White, Kanealii, Edmonds, Kaluna, Iosepa, Akina—19.

Absent—Minister Brown, Nobles Peterson, Williams, Reps. S. K. Pua, Koaohu, Kapahu, White.

Rep. Ashford arose and said that a statement made by him at the previous session in reply to cries of "rot" to a legal proposition had been printed in the BULLETIN, and some people had taken it as a reflection upon them. He had no intention in anyway impugning the ability of the members of the Supreme Court for whom it has always entertained the highest respect. He hoped the representative of the BULLETIN in the Assembly would make note of his amende honorable.

At 12 the Assembly took recess until 1:30 p. m.

Mr. Moore, the postmaster at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhoea with perfect satisfaction. I have handled and used a great deal of patent medicine, but never tried any that gave as good results as this. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands."

KAUAIANA.

Brilliant Ball Given by the Knights of Pythias.

When it was intimated a few weeks ago, that Kealia Lodge, Knights of Pythias, would shortly give a select ball, the ladies looked up their evening dresses and dainty finery, while the gentlemen furnished up their white kids and "clawhammers," for it was generally understood that this was to be a very "swell affair." Upward of one hundred and fifty invitations were issued, and on Saturday evening, November 19, a very large and brilliant assemblage of Kauai's most distinguished citizens with others from Honolulu, met in the Pythian Hall, Kealia, to do homage to the muse Terpsichore.

The floral and Pythian decorations of the hall were simply superb, reflecting great credit upon the artistic taste of the committee in charge—Mr. G. H. Fairchild and Mr. Stephen King being the leading spirits, ably assisted by Mrs. Chas. B. Makee and others. Ferns both in pots and leis, together with roses, lilies and other cut flowers, were used in great abundance. The charming effect was commented upon by everyone present.

The music was excellent and was one of the features of the evening. Misses Kate Bertelmann and Kamakee Cummins performed on the piano; Mr. Frank Bertelmann, violin; Mr. Henry Bertelmann, flute.

Miss Kamakee Cummins, Miss Maria Cummins, Mr. and Mrs. Marks and Mr. Robert More from Honolulu, Oahu.

Of the visiting Sir Knights present there were representatives from several United States Lodges, among whom we noticed Sir Knight Samuel Hundley from Washington Lodge No. 2, Connecticut; Sir Knight Goodacre from Myrtle Lodge, San Francisco; Sir Knight H. Z. Austin, a P. G. C. and charter member of Brooklyn Lodge, Kansas City, Missouri. There were also Sir Knight Deverill, from Mystic Lodge, and Sir Knight Ellenbroek from Oahu Lodge of Honolulu.

The program contained fourteen numbers with several extras. Mr. Adam Lindsay and Miss Nickelsen, and Mr. S. G. King and Miss M. Lindsay regaled those present with a very graceful rendering of the Highland Schottische as one of the extras and were roundly applauded. Very many of the toasts were by the ladies were costly and elegant, and they all seemed to vie with each other and succeeded in presenting an exceedingly brilliant appearance rarely witnessed upon the islands. A few of the most noticeable may be mentioned:

Mrs. R. C. Spalding appeared to advantage in an elegant gown of heliotrope India silk trimmed with chiffon lace and diamond ornaments. Mrs. Wm. Blaisdell wore a rich and costly black India silk with heavy lace trimmings and neat and tasteful gold and jewel ornaments.

Mrs. Chas. B. Makee was gracefully attired in an elaborate and exceedingly becoming toilet of black silk with bodice semi-decollette, cut a la Queen Elizabeth, with rich lace trimmings; her symmetrical arms being protected by black undressed kids, full length; she wore diamond ornaments and La Belle France roses.

Another very attractive toilet was that worn by Mrs. Harry Z. Austin. It was composed of Chinese silk, Penai cloth, white with black stripes; the skirt bell-shaped with demi-train and cut jet trimmings; the bodice cut Queen Elizabeth semi-decollette with lace trimmings, the waist encircled with pendant deep fringe of cut jet; the arms being covered with undressed black

kids, full length; diamond and pearl ornaments.

Another very pretty toilet was that worn by Miss Kamakee Cummins, of white silk lace with white satin trimmings, cut semi-decollette, with full length white kids; white satin slippers; La Belle France roses for ornaments.

Her sister, Miss Maria Cummins, was charming in a white silk mulle, semi-decollette with full white kid gloves, white satin slippers, jewel and floral ornaments.

Mrs. Dr. Huggs was very pretty in a rich black silk lace gown, jewel ornaments.

Miss Grau of Gov. Rice's party wore a charming white mulle gown, cut decollette with cardinal silk trimmings and floral ornaments, with pretty effect.

H. R. H. Prince David and his charming cousin, Miss Maria Cummins, as his partner, were the cynosure of all this brilliant assemblage, as they glided so gracefully through the throng of waltzers apparently unconscious of the attention they attracted, so genuine was their enjoyment.

The gentlemen very generally wore in regulation full dress—"clawhammers," white kids, and patent leather "kicks."

The refreshments were of unusually excellent character and bountifully supplied. They consisted of the usual sandwiches, cold meats and fowl, salads, delicious strong coffee, cake of many varieties and exceedingly toothsome, sweetmeats, ice cream and bonbons—a menu fit to tempt the most fastidious.

The ladies and gentlemen forming the committees, to whom great credit is due for the perfect management and success of the whole affair, are as follows:

Arrangements—Geo. H. Fairchild, S. D. King, Wm. Eassie. Reception—Wm. Blaisdell, Dr. H. P. Huggs, Ben Horner. Floor—S. D. King, Geo. H. Fairchild.

Refreshment—Mrs. Wm. Blaisdell, Mrs. Chas. B. Makee, Mrs. H. P. Huggs.

The smoothness with which all minor details were managed was noticeable.

Carriages were taken in charge immediately upon arrival and were in readiness promptly when desired. Altogether this was the most enjoyable social entertainment ever given upon this island. Well done, Sir Knights of Kealia. You certainly deserve the hearty cheers and tiger so lustily voiced you at the conclusion of your dance.

Since the arrival of the steamer Jas. Makee this morning, bringing us the first intelligence of the elections in the United States, several of our most popular young gentlemen have modified their arrangements for the coming season, and have decided not to wear white hats, and not attend the Chicago Columbian Exposition, unless the walking is exceptionally fine. They look chilly and shiver occasionally as if struck by a cold blast from the north. Possibly they have been submerged under the Cleveland landslide.

Col. Z. S. Spalding returned this morning by the Jas. Makee from Honolulu.

We are also pleased to note the return to Kapa of Mr. C. B. Makee, who has been a sojourner at Lihue for the past week or ten days, a guest of Dr. G. Walters, who performed a successful surgical operation on Canley's face.

The weather for the past week has been very blustering, with an unusual amount of rain for this section. The general health is good.

Our special election for Noble, to fill the unexpired term of six years, caused by the resignation of the Hon. G. N. Wilcox to accept his present position in the Cabinet, takes place Monday, December 5. Up to present writing there is but one candidate, Alexander McBryde having consented to run.

Mr. W. M. Terry, who has been in the drug business at Elkhon, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold."

There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough.

The Number Nine!

The singular properties of the number nine are well-known to arithmeticians. The following is one of the most interesting. If the cardinal numbers from 1 to 9 inclusive, omitting 8, be used as a multiplier, and any one of them, multiplied by 9, be used as a multiplier, the result will present a succession of figures the same as that multiplied by the 9. For example, if we wish a series of fives, we take 5 times 9, equal to 45 for a multiplier:

1 2 3 4 5 6 7 8 9
4 5

0 1 7 2 8 3 9 5
4 9 5 8 2 7 1 6

5 5 5 5 5 5 5 5 5

A similar result will be obtained by using all the other numbers, including 8 (72).

Another interesting fact is that there are nine letters in "EQUITABLE," and nine words in the following sentence:

"Insure your life in the Equitable Life Assurance Society."
