

## W. H. STARBUCK BURNED

The ship W. H. Starbuck burned to the water's edge November 5th, in Latitude 13 degrees 10 minutes N., Longitude 131 degrees west. She was bound from Port Blakely to South Africa, with 1,000,000 feet of lumber. Captain McDonald's boat, with his wife, the first mate, nine of the crew and three babies, landed at Hookena, on November 26th.

The second mate's boat has not been seen since the fourth day out. The first mate's boat capsized 12 days out. The cook was lost and the remainder were taken in the captain's boat.

When the men from the first mate's boat were taken into the captain's boat everything else had to be thrown out. All are well.

### MORE DRAMA.

Nance O'Neil and Company Remain for the Alameda.

The Nance O'Neil-McKee Rankin Company will remain over until the Alameda. They will give four plays. The first one will be on Thursday evening, and the attraction Magda.

Honore McVicker, Frank Curtis and Mr. McQuerry return to the coast on the Australia.

### KAMEHAMEHA RELICS.

At the fair and loan to be held next Saturday at St. Louis college for the benefit of Kailua Waena Catholic church, a collection of most interesting historical relics will be exhibited. These are relics of the Great Kamehameha, articles of wearing apparel, household utensils and insignia of sovereignty. They are the property of Dowager Queen Kapiolani, and this will be the first time they have been publicly exhibited. Kapiolani has consented that they may be and if her health permits will herself be present. Admission to the grounds will be by ticket, adults 25 cents, children 10 cents.

### MILITARY TO BLAME.

Instructions of Undertaker Not Carried Out.

The last Chronicle contained a story of the bad condition of a soldier's corpse sent to San Francisco from this place for shipment east. As the matter turns out it would appear that there was no embalming in Honolulu of the corpse in question. The body was taken from the undertaker's establishment, before it was ready for shipment, by the quartermaster's department here, and sent away. The officer who became responsible for it agreed to have the coffin vented each day on the voyage. If this had been done there would have been no trouble. As a matter of fact, however, the military authorities failed to carry out the simple instructions of the undertaker and upon them the blame must fall.

The undertaker from whom the casket was sent has embalmed two bodies from the military hospital for shipment east, and has sent several forward after the manner of the one complained of. The difference in other cases has been, however, that the bodies have been left at the undertaker's long enough to permit of their thorough preparation for the trip and there has been no trouble.

### FAREWELL DINNER.

Tendered to Manager Boote Last Saturday Evening.

**SPRECKELSVILLE.** November 26.—A complimentary dinner will be given tonight to Manager Boote by the employees of the company immediately under him. The dinner is to be in the nature of a pleasant testimonial to the cordial relations that have existed between Mr. Boote and those who are giving it, during his management of the plantation of the Hawaiian Commercial and Sugar Company. The big dinner is to be quite an elaborate affair.

### RUGBY FOOTBALL.

Quite a number of Rugby football enthusiasts met at the drill shed yesterday afternoon and consulted on the coming season. It was decided to have the regular practice begin on armory square next Thursday afternoon, at 5 o'clock. Everyone interested in the game will be welcome to practice. There will be five coaches present for the benefit of the novices.

### THE HAWAIIAN TRADE.

**WASHINGTON,** November 18.—The State Department has published a report of the British Foreign Office in regard to the commerce of Hawaii in 1897, from which it appears that of the total imports of the Islands the United States contributed 76.8 per cent; Great Britain, Canada and the Colonies together 11.85 per cent, the balance being distributed about equally between Germany, China, Japan and other countries. Of the exports, 99.62 per cent went to the United States, sugar representing 96 per cent of the total. Apart from sugar the chief articles of export were rice, hides, skins, wool, coffee and fruits. The value of the imports into Hawaii in 1897 were \$8,871,041, an increase of \$1,079,878 over 1896, and the value of the exports is \$16,081,303, a gain of \$508,428.

## SUGAR CROP OF THE YEAR

WHAT VARIOUS PLANTATIONS HAVE RAISED.

A Complete and Detailed Statement of the Amount of Sugar Grown on the Principal Plantations.

Before adjournment this morning, the Planters' Association issued a statement of the sugar output for the various plantations from October 1, 1897, to September 30, 1898, or one year. The total for the year is 120,414 tons, or about 21,000 tons less than the year preceding. The output of some of the principal plantations is as follows:

### AGAIN COMMITTED.

Case of Hok Yok Young Before Judge Wilcox Once More.

Hok Yok Young, the Chinese woman accused of murdering her two little children by poisoning, was before District Magistrate Wilcox this morning, and for the second time was committed to the circuit court for trial. A slight error in the bill caused the case to be returned by the circuit judge to the lower court, where the whole ground had to be gone over again.

The woman is now charged with murder in the first degree. E. P. Dole appeared in the case for the government.

### ANOTHER KLONDIKER.

Mr. Rosis, an engineer on the St. Paul, returned a few weeks ago from Alaska. He lives in San Francisco, and went off at the first excitement. Like many others he made no money in Alaska and did not like the country. There were hardships for all, but fortunes were few. If he does not make a million or so in Manila, Mr. Rosis will settle down in San Francisco to hard work again.

## TYPEWRITERS!!

In no line of mechanics is excellence of construction of such vital importance as in Typewriters.

The PEERLESS is especially noted for its durability, simplicity and its speed.

Considering first cost only the PEERLESS is not one of the so-called "cheap machines," but looking at it from a business point of view, comparing quantity and quality of work, loss of time from breakdowns on steamer days, when the Typewriter is most needed, and cost of repairs, as well as the life of the Typewriter, the PEERLESS is without an equal and is the cheapest machine on the market.

## PLANTERS' MEETING OVER

AN INTERESTING SESSION IS ADJOURNED.

Report on Forestry—Experiment Farm—Committees—Analyses of Plantation Soils.

It was 10:30 when President H. P. Baldwin opened the meeting of the Planters' Association this morning. At 9 o'clock a number of members drove out with Dr. Maxwell to look over the experiment station. It was after 10 when the party returned.

The first matter brought up was the statement of the treasurer of probable expenses during the coming year. Total expenses were figured at \$17,800. The natural receipts from dues, etc., would be \$3,976. There would therefore have to be raised by assessment a sum of \$13,824. It was recommended by the treasurer that an assessment of seven cents a ton be levied on the sugars raised in the Islands to cover this amount. A motion to that effect carried unanimously.

John M. Horner sent down the report of the committee on forestry. J. B. Atherton, by request of the chair, read it. Mr. Horner took the stand that cattle did not injure the forests as much as man, fire and worms.

In connection with the same report W. M. Giffard, chairman of the forestry committee, submitted a short note emphasizing recommendations made by him in the past.

H. P. Baldwin called attention to the experimental farm, a place of 100 acres back of Punchbowl, started last year. Thus far little or nothing had been done by the government in the matter of placing a competent man in charge. Doubtless the authorities were awaiting the application of American laws.

Messrs. F. A. Schaefer, H. P. Baldwin, Dr. Maxwell and others, treated Mr. Horner's paper. All of them agreed that cattle were the chief enemies of forests and that Mr. Horner was decidedly wrong in his opinion. The matter of cost of analyses of soils came up. Dr. Maxwell stated that, by a new method adopted, the cost of analyses could be reduced from \$35 and \$50 to about \$20. C. M. Cooke thought, in order to encourage analyses from all of the plantations, that the cost be reduced to \$15 each. On motion this suggestion was adopted. The secretary was instructed to send a circular to all of the plantations notifying them of the reduction of the rates.

At 11 o'clock the meeting adjourned sine die. Committees will be appointed and announced by circular later.

### WILL MEET THIS EVENING.

The Hawaiian Historical Society will hold its annual meeting this evening at 7:30 o'clock, at the Y. M. C. A. hall. Professor Alexander will read a paper on the "Maker of the Hawaiian Flag," and Dr. Emerson will read a paper on "Ho-ao, Ancient Hawaiian Marriage." The public is invited.

### OFFICERS CHOSEN.

Men Who Will Direct Planters' Association Next Year.

At the session of the Planters' Association yesterday afternoon the following were elected officers for the ensuing year: H. P. Baldwin, president; C. M. Cooke, vice president; C. Bolte, secretary; F. M. Swanzy, treasurer; F. A. Schaefer, auditor.

These men took office yesterday, the old board retiring. Mr. Atherton was the last president of the association. At the meeting yesterday afternoon there was discussion on Dr. Maxwell's report and other reports were submitted. At about 4:30 adjournment was taken to 10 o'clock this morning.

### THE KINAU.

The Kinau did not sail until noon today. She was held back at the request of the Planters' Association, to enable a number of the Planters' Monthly containing the official report of the proceedings of the annual meeting to be sent by her to subscribers and planters on the other Islands.

## WILL BE BROUGHT HERE

CITY OF COLUMBIA WILL NOT REMAIN IN HILO.

The Representative of the Underwriters Does Not Believe She is Damaged as Badly as Reported.

"I expect to bring the City of Columbia to Honolulu for repairs. If she cannot come under her own steam she will be towed over. I cannot believe, knowing what I do of her structure and condition when she left San Francisco that she could have been so seriously damaged in a storm which was not an unusual one."

So said Captain L. H. Turner this morning just before going aboard the Kinau to sail for Hilo. Captain Turner represents all the insurance writers on the City of Columbia in San Francisco. He came here on the Belgic.

"The insurance companies want to do what is best for all parties. They want to deal fairly with everybody. To that end I shall make a thorough investigation of the vessel, her condition and the damage she has sustained. At present I know nothing about the condition of the vessel. I have heard all sorts of stories and reports. But I go to Hilo to see her for myself, and to make a faithful report to the companies I represent."

### ARTIST HITCHCOCK.

D. Howard Hitchcock and wife left on the Kinau for Hawaii. They will return about a fortnight hence and make their home in Honolulu in the future. They will live on Judd street.

### POLICE COURT.

In Judge Wilcox's court this morning Wahilani was given six months at hard labor for larceny.

Matsun was fined \$5 for violating bank regulations.

In the cases of Hulupii, Hosen and W. H. Kioala, liquor, sentence was suspended for thirteen months.

### POPULAR OFFICER.

W. Carlisle was unanimously elected last evening to succeed himself as first lieutenant of Company H. N. G. H. Captain John Schaefer, regimental adjutant, conducted the election. The election for lieutenant colonel of the first regiment will take place at headquarters Thursday evening.

## BISHOP WILLIS DEMURS

SAYS PLAINTIFFS STATE NO CAUSE OF ACTION.

Anglican Church Controversy is One Exclusively Within the Jurisdiction of an Ecclesiastical Court.

Bishop Willis has made answer to the bill of complaint of the Second Congregation, he demurs to the bill for eight specific reasons and "deters other good causes appearing in said bill," he prays "to be hence dismissed with his costs and charges in this behalf most wrongfully sustained."

The bill sought to restrain him from his threatened revocation of the license of the Second Congregation and of its minister, Rev. Alexander Mackintosh, on the ground of property rights in the Cathedral building and an agreement in relation to the use of it. One of the bishop's grounds of demurrer is that the "Trustees of the Anglican Church in Hawaii," who own the property, are not made parties to the bill.

The demurrer was filed this morning. The bishop is represented by General Hartwell and Lorrie A. Thurston.

The text of the demurrer follows:

The demurrer of the Right Reverend Alfred Willis, Bishop of Honolulu, to the bill of complaint of George S. Harris, W. L. Stanley, E. W. Jordan, J. W. Podmore and T. M. Starkey, the above named plaintiffs.

The defendant, by protestation, not confessing all or any of the matters and things in the plaintiffs' bill of complaint contained to be true in such manner and form as the same is therein set forth and alleged, doth demur to said bill, and for causes of demurrer sheweth:

1. That the plaintiffs have not in their said bill made or stated such a case as entitles them in a court of equity to any relief against him as to the matters contained in said bill or any of such matters.

2. That the said bill does not contain any matter of equity whereon this court can ground any decree, or give to the plaintiff any relief against this defendant.

3. That it appears by the said bill that a corporation existing under the laws of the Hawaiian Islands, having the corporate name of the "Trustees of the Anglican Church of Hawaii," owns in fee simple and has the exclusive control and management of the said St. Andrew's cathedral buildings, the grounds and appurtenances thereto, and that said corporation manages and controls said property through said trustees and not otherwise, and also that said corporation has consented to a certain "agreement" mentioned in said bill and in the Exhibit "A" thereto attached, on which said agreement the said bill is founded, and that said corporation is a necessary party to the said bill and yet is not made a party plaintiff or defendant herein.

4. That it appears in and by Paragraph 4 of the schedule forming part of Exhibit "A" that "the duties of the church wardens of such distinct congregation are limited to the maintenance of order among their own congregation during the time of public worship, the disposal with the minister of money given at the offertory, and the oversight of the clergy and laity of that congregation in respect to their observance of and obedience to the laws of the church," wherefore the church wardens of such distinct congregation have not, and none of them have, any title or interest in the matter which is the subject of this suit, and are not, nor are any of them, entitled to any relief against this defendant as to the matters contained in the said bill or any of such matters.

5. That the said bill fails to show that any or all of the plaintiffs are entitled to any relief against this defendant as to the matters contained in the said bill or any such matters.

6. That the said bill seeks relief in respect of several distinct matters which are disconnected with each other and are not properly joined in the same bill, to-wit: in respect of the alleged violation by this defendant of the said agreement concerning the use of said cathedral, and in respect of the alleged claim of defendant of his right to revoke and his alleged threat to revoke the license of the duly licensed pastor of the said congregation, and that the said bill is multifarious.

7. That the said bill fails to show that the said plaintiffs have any right to bring this bill in the name and behalf of the Second English Speaking Congregation of St. Andrew's Cathedral.

8. That this court has not jurisdiction of any of the matters or things alleged or set forth in said bill, the same being solely and exclusively within the jurisdiction of an ecclesiastical court.

Wherefore and for divers other good causes of demurrer appearing in said bill, the defendant doth demur thereto, and humbly demands the judgment of this court whether he shall be compelled to make any other or further answer to the said bill, and prays to be hence dismissed with his costs and charges in this behalf most wrongfully sustained.

## ALOHA TO NEW YORKERS

HALF THE REGIMENT WILL LEAVE TODAY.

The Australia Takes Colonel Barber, His Staff, Five Companies and a Large Number of Convalescents.

Companies A, B, D, I and L, First New York regiment; Colonel Barber and staff, and the regiment band will sail by the Australia this afternoon for San Francisco, said Lieutenant Colonel Ruben this morning.

The companies to go have been changed every day since the orders first came. It was first decided to send the First battalion. Then this was changed to mixed companies and convalescents. The final decision is as stated.

The five companies to be sent comprise a little less than 500 men, owing to the number sick in the hospitals. About a dozen convalescents will go. More expected to get away and had their equipment in shape this morning, but were turned down, and will have to wait for the steamer next week. Regiment headquarters will go with Colonel Barber. This comprises all the clerks of every description, including also Mr. Kohler, the postmaster of the regiment.

Ample supplies have been placed aboard the Australia for the companies, and the trip should be made in all comfort. No one here yet knows what will become of the regiment at San Francisco, though most of the men hope it will be mustered out. There is an idea among the men of the first New York that some of the officers are trying to have the regiment retained until the general mustering out. So far as is possible to learn there is hardly just cause for this idea. If such a scheme should develop, however, there will be some trouble.

It was hurry and bustle at the Oceanic wharf all day today. It is no easy matter to get 500 soldiers embarked. Quartermasters' wagons were driving to the wharf laden with all sorts of soldiers' paraphernalia. The accommodations of the boys are considered very good. The bunks, which are frame-work cots in reality, are comfortable. Many of the soldiers went aboard during the morning and expressed themselves as pleased with the arrangements.

### CAMILLE.

Repeated Last Night by the O'Neil-Rankin Combination.

There was a splendid house at the last performance of the advertised season of the Nance O'Neil and McKee Rankin combination last night. The play was Camille, that old standby of every ambitious actress, and sheet anchor of many a struggling theatrical combination. Camille is probably one of the best wearing matinee pieces that ever was written. It was given here first by the present company as a matinee attraction. It is the only play in the repertoire that has been repeated.

Miss O'Neil was Camille and sufficiently wicked and wanton in her butterfly days, and sufficiently penitent and unhappy when the summer was past and gone.

The cast was much the same as in the previous production.

### RIFLE ASSOCIATION.

The directors of the Hawaiian Rifle Association will hold a meeting at noon on Wednesday, for the purpose of electing officers and committees.

### FROM BELFAST TO HONOLULU.

The city of Belfast and district is noted the world over for the manufacture of fine table linens. The flax spinners there are a very thrifty class, whole families devoting all their time to flax raising and spinning, hence the remarkable purity of their product. The Sachs Dry Goods Co., Ltd., are in direct touch with the makers, and have imported some of the finest table linens and napkins that ever came to this city.

FROM RUINS.Commission has been at work for  
Three Years—Expected to be Fin-  
ished for the Year 1906.There are now prospects that the  
canal will be operative within a decade  
of time. A new company has been or-  
ganized in France, says an exchange,  
composed of representatives of some  
of the strongest banking houses in  
that country, with M. Hannard, the  
president of the Western Railway  
Company of France, a man of the  
highest integrity and of enormous  
wealth, at the head. The new com-  
pany has received from the government  
of Colombia an extension of the old  
charter, carrying the time forward to  
1906. It has in its treasury \$13,000,000  
and a large reserve fund, and a force  
of between three thousand and four  
thousand men are actually at work  
in the construction of the canal.For three years a commission has  
been at work upon the plans, revising  
all former estimates and scrutinizing  
the work done in the De Lesseps re-  
gime, and formulating a guide for fu-  
ture operations. This commission,  
known as the International Technical  
committee, is composed of competent  
engineers, both French and American.  
Among the French members are MM.  
Rohagila, Bouvier and Martin, each  
of whom is an inspector general of roads  
and bridges in the French military  
service. One American member is  
General Henry L. Abbott, a retired of-  
ficer of the United States engineer  
corps. Germany is represented on  
the commission by Koch, the chief en-  
gineer of the Kiel canal, and by Ful-  
cher, one of the engineers connected  
with the work. Mr. Hunter, the chief  
engineer of the Manchester Eng-  
land canal; S. Ralkowski, the former  
director of the department of mines  
of Russia, and Mr. Freley, chief en-  
gineer of the Croton aqueduct of New  
York City, are other members of the  
commission—the personnel of which  
commands faith in the plans for the  
canal construction.The De Lesseps company raised  
about \$200,000,000, expending \$125,000,-  
000 in the performance of about two-  
fifths of the work. It is expected to  
finish the work for about \$100,000,000,  
and the total capitalization when the  
canal is finished will be less than its  
actual cost. The new company has  
wholly abandoned De Lesseps' plan  
of making a sea level canal, and in-  
tends to construct six locks on each  
side of the summit level. The Char-  
ges river, which has been regarded  
by all engineers as the great obstacle  
and danger to any canal constructed  
on the Panama route, by reason of the  
enormous floods which occur in it dur-  
ing the rainy season, is to be con-  
trolled and made useful by the con-  
struction of a great artificial lake,  
which will serve as a reservoir feeder  
for the locks, and will also provide an  
ample hydraulic power at the dams  
for operating the locks and for light-  
ing the canal at night. This lake will  
cover an area of 5,500 acres, and will  
provide a reservoir to retain 150,000,000  
cubic metres of flood discharge.**REVIVAL MEETINGS.**Rev. George C. Needham, who has  
been doing very successful Christian  
work in China and Japan, will be a  
passenger on the City of Peking, and  
the pastors of the city have united in  
asking him to stop in Honolulu for a  
series of meetings. Mr. Needham has  
been associated with prominent asso-  
ciation secretaries over the world and  
will doubtless be a strong man in such  
work for Honolulu. Secretary Cole-  
man of the Y. M. C. A., has received a  
letter from H. J. McCoy, of the San  
Francisco Y. M. C. A., which has the  
following reference to Mr. Needham:  
"By the way, Evangelist George C.  
Needham, who is now doing evangelis-  
tic work in China, has written to me  
from Shanghai that he expects to ar-  
rive in your city by the steamer Pek-  
ing, en route to San Francisco and  
other parts of the United States. I  
presume you know who he is; he is  
said to be one of the greatest Bible  
students in the world and is a person-  
al friend and worker and co-worker  
of D. L. Moody. He expects to be with  
us the middle of December. I think  
he would tarry and give a series of Bi-  
ble readings in Honolulu if you desire.  
We shall arrange for him here."**CITY OF COLUMBIA.**The time of service of the Colum-  
bia men expired on Wednesday and  
they are anxiously looking for their  
pay. Captain Milnor and Mr. Jacob-  
son expect to receive the wherewithal  
by next Kiwan from the Seattle own-  
ers. The men it is believed will con-  
sent to wait until then, but will take  
legal measures if their pay is not then  
forthcoming, and probably libel the  
ship. The Columbia is true to a hard  
luck program to the end. One can  
but sympathize with the men who  
have been detained from home so long  
and have been so much delayed in re-  
ceiving their compensation. Many of  
them have families and need all the  
money that should come to them.—

biontown, Tenn., had an attack of dys-  
entery which became chronic. "I was

Rice ought to go down in price. The Japanese rice crop for 1898 is 7,500,000 tons, an increase of 38.09 per cent upon the crop of 1897 and of 18.08 as compared with the average crop. But the Japanese market does not affect ours much.

If, P. Baldwin talks to the point when he says that the planters have been misrepresented by those papers which have stated that they wanted special favors and advantages over everyone else. No petition of the planters has asked to have the contract labor system extended. It is simply impossible that it should be continued.

## CLAYTON-BULWER TREATY.

The Clayton-Bulwer treaty of 1850 is likely to be frequently alluded to within the next few months, as upon its provisions hinges the entire control of the canal which may be cut through Nicaragua or Panama.

It may at the outset be said that British statesmen like Lord Salisbury and Chamberlain are supposed to be in favor of abrogating the treaty and putting the canal under the influence of the United States entirely.

The object of the Clayton-Bulwer treaty was the setting forth and fixing in convention the views and intentions of the United States and of Great Britain with reference to any means of communication by ship canal which might be constructed between the Atlantic and Pacific oceans and either or both the lakes of Nicaragua or Managua.

With this in view it was agreed that "neither contracting party should obtain for itself any exclusive control over any ship canal, or erect or maintain fortifications in its vicinity, or occupy, or fortify, or colonize, or assume, or exercise, any dominion over Nicaragua, Costa Rica, the Mosquito Coast, or any part of Central America, nor would either make use of any protection which either affords or may afford \* \* \* for the purpose of erecting or maintaining any such fortifications, or of occupying, fortifying, or colonizing Nicaragua, Costa Rica, the Mosquito Coast, or any part of Central America \* \* \* nor would take advantage of any intimacy or use any alliance, connection, or influence that either might possess with any state or government, through whose territory the said canal might pass for the purpose of acquiring or holding directly or indirectly, for the citizens or subjects of the one, any rights or advantages in regard to commerce or navigation through the said canal which should not be offered on the same terms to the citizens or subjects of the other."

It was further agreed that both powers engaged to protect the canal from interruption, seizure or confiscation and to guarantee its neutrality, conditionally upon the management of the canal not making any unfair discriminations in favor of one or other of the contracting parties. And it was further agreed that the provisions of the treaty should be extended to any practical canal or railway across that part of the isthmus.

As a recent writer says, "the object of the United States was that Great Britain should not extend her protection over the Mosquito Coast to other parts of Nicaragua," and the object of Great Britain was to prevent such an understanding like the Hise convention by which the United States should acquire the exclusive control of the canal, should acquire land and build forts and exclude the vessels of any power with which the United States or Nicaragua might be at war.

But what was true in 1850 may not be true in 1898. As far as a waterway into the Pacific is concerned, that is, from the commercial point of view, the digging of the canal will be of immense benefit to Great Britain. But there is the strategic side, and that has been argued out in the English press. The Spectator puts the case neatly. It points out that if Great Britain were at war with any other power, the United States would be neutral and the canal would be neutral. If the canal were under the

control of Nicaragua or the United States of Columbia, France, Germany or Russia could pick a quarrel with either and seize it in war. But if the United States owned it this could not be done. If on the other hand the United States and Great Britain owned it jointly and war was to break out between the countries, the United States would be in a position to seize the canal and close it against Great Britain. Therefore, argues the Spectator, if the canal is ever made it is to the interest of Great Britain that the United States should control it, and the logical result of such reasoning is that the Clayton-Bulwer treaty should be abrogated, and the offer might come from Great Britain at once, because its abrogation will surely be asked for.

## ALOHA.

Honolulu bids adieu to many friends among the New Yorkers. A very large percentage of the men of the regiment have made friendships which will probably last for years, and there are some who will return to our shores and settle permanently.

It has cast a gloom over their stay here, that there has been so much sickness. To see strong young men suddenly fall ill and then to hear of death after death, and to see those who have recovered weak and thin, must have had a very depressing effect. The long period of inaction must also have had its effect upon the spirits. When men have volunteered for fighting and then are put down in camp with nothing to do but to drill and clean camp they are apt to become very discontented.

However, brighter prospects are now before them. The idea of returning home and getting back into the active work of civil life, is very pleasant. Many have good positions waiting for them and these they will gladly resume.

The Star wishes the regiment God speed across the Pacific and over the Continent. May its health improve, may no more of its gallant boys be left in far away graves, and may those who reach their homes find everything bright and pleasant. Let us hope, too, that some of them at least will cast a kindly thought upon Honolulu and the Islands generally, as assuredly Honolulu casts upon them.

## PROGRESSIVE PHYSICIANS.

Say that which is able-bodied to the palate, whether food or medicine, is of very little benefit to the system. This, probably, accounts, at least, a sound degree, for the failure of cod liver oil to be of use in so many cases. Hitherto its nameless, disgusting taste has been to most people an insuperable objection. This obstacle is now wholly overcome in

## WAMPOLE'S

### PREPARATION.

which contains the fish-building and medicinal power of the oil, extracted by us from Fresh Cod Livers. The taste and even the smell are thoroughly disguised. In addition to the reconstructed oil, the preparation has the rare curative virtues of the Syrup of Hypophosphites, Extracts of Malt and Wild Cherry Bark. Taken before meals it aids digestion, enriches the blood, repairs waste, renews strength and vigor and prevents and cures Rheumatism, Bowel Complaints, General Debility, Lung troubles, and all diseases due to impurity of the blood. Palatable as honey. Sold by chemists.

HEALTH DEPARTMENT, BUFFALO, N. Y.

TO WHOM IT MAY CONCERN:  
I take great pleasure in saying a few words regarding the merits of WAMPOLE'S PREPARATION. From a long experience in the use of Cod Liver Oil, I have no hesitation in saying that I regard this as the best preparation of Cod Liver Oil on the market. It is pleasant to the taste, can be tolerated by the most delicate stomach and is productive of the most marvelous results in all cases where it is indicated.

It can be given to persons who have a strong antipathy to oils of all kinds, without their knowing what they are taking. I predict for this article a field of usefulness and an extensive demand.

The cleanest, brightest and really a long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Let them think it over and make up your mind what you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended. It cleanses the scalp from dandruff and thus removes one of the great causes of baldness. It makes a better circulation in the scalp and stops the hair from coming out.

**It prevents and it cures baldness.**

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs. It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

RUBBISH PUBLISHED IN THE STATES.

Springfield Republican has an Article About Two Well Known Honolulu People Entirely Without Truth.

The Springfield Republican, of Springfield, Mass., which never was suspected of being "yellow," publishes the following as variances of fact, although there is not a word of truth in it. Much of it is as bare faced perversion of history as W. Gaspard de Coligny ever attempted. The excuse cannot be offered that it treats entirely of far away matters of which the writer could not be expected to have intimate and detailed knowledge, for the purported early biography of Andrew Adams, a New Englander, is as much out of joint as any of the rest of it. Adams is a college bred man, and was on one of the Providence papers from the time he left college until he came here. The Republican story is as follows:

According to reports from Hawaii, accepted as authoritative, the little town of Winchendon, in this state, hitherto famous as the terminus of the Ware River railroad, has furnished the successful suitor for no less important a person than Princess Kaiulani. The young man is Andrew Adams, son of George Adams, a well known engineer on the Ware River road. In Winchendon, Andrew Adams is remembered as a happy-go-lucky boy, who was imbued with an inordinate desire for greatness. His father, who is a respected resident of the village, wanted his youngest son to follow the life of a railroad man. Five years ago "Addy," as he is familiarly known, went into the employ of the Boston and Albany railroad, and was put on the same engine with his father, but after six months spent in leaving coal into the fire box he grew weary and against the wishes of his father suddenly quit the job. He said that he could make more money at something else, without having his hands banged up like a coal passer's. Then Addy suddenly disappeared. No more was heard of him for three years when a letter was received from Guatemala from the absent one, which depicted in glowing terms how he had secured a position with the South American Transportation Company as checking agent. He said his salary was \$500 a month and the only inconvenient thing about the new position was the fact that three men who had held the position had died with southern fever during the past year.

He drifted to Hawaii and his meeting with Kaiulani was accidental and romantic. It took place in the royal gardens at Honolulu and the attraction was mutual. Hardly had a week passed before Addy Adams proposed marriage to Kaiulani, and she, it is said, without hesitation, promptly accepted the proposition. Through the influence of her august mother she secured the position of superintendent of all the Ewa plantations for her new master, and as that job required nothing more for Addy to do than to wear good clothes and draw a handsome salary, the happy go lucky boy from Massachusetts accepted his good fortune without protest.

All preliminaries for the wedding have been arranged if Dame Rumor is true. The ceremony will take place at the home of Harold Sewall, on the 24th of December. The young couple have prepared plans for an extended tour of the United States, and during this pilgrimage they will in all probability visit the quiet little village of Winchendon, where the old engineer will have an opportunity of saluting the Hawaiian princess who has taken his son for a husband. The Princess Kaiulani has attended the Arlington seminary at Los Angeles, Calif., and accordingly is a thoroughly Americanized representative of the royal home of Hawaii.

## THE KAISER'S CRITICISMS

### HE DRESSES DOWN THE CLERGY OF JERUSALEM.

Not Surprised That Christianity is Unpopular in the Orient—Severely Admonishes Them.

BERLIN, November 18.—Kaiser Wilhelm sharply criticised the clergy in an address delivered in the Church of the Nativity in Jerusalem. The story is told in a letter which reached here today. The Kaiser said:

"During my visit to the Holy places and to the Protestant and Catholic institutions of Palestine, I met with one disappointment after another. Here, in the Church of the Nativity, which ought to serve as an example of pious charity and pure Christian life, I met the very reverse of charity and Christianity.  
"I am not surprised that Christianity remains unpopular in the Orient, and that Mohammedanism still holds sway. How can it be otherwise, when you clergymen are everlastingly quarrelling over dogmatic questions, neglecting to teach true Christian charity and pure life in emulation of Jesus Christ?"

"In the name of the Triune God, I admonish every one of you to repent of your life of callous indifference and cold formal worship. Leave the ways of the Old Church and enter at once upon the higher and broader principle which seeks to live as much as possible in the spirit of the Gospel."

### FROM THE RANKS.

Editor Star: Joy and happiness were depicted upon the countenances of the major portion of the men of the First New York regiment when they received the news brought to them by the Australia, to the effect that the organization was to be relieved from duty and returned to the states, with a view of being mustered out from the service.

Thanksgiving day was a most appropriate time for the boys to receive such joyful news, and this, together with the royal dinners that the ladies of Honolulu, so kindly gave to the soldier lads, made them happy and thankful.

The First New York is composed of a class of men far above the average, as to intelligence, and is made up principally of those who held good paying positions previous to the President's call for volunteers, and their presence is badly needed at home, where parents and wives in many cases depend upon them as providers. It would be a great pity and a sad disappointment to all, if the colonel and other officers in charge, should make a request of the authorities in Washington to still retain them in the service until spring, merely to further their own personal ends.

It is a well known fact that there are commissioned officers in this command who are drawing much more pay than they ever received before in civil life, and by being mustered out of the service they will be shorn of their glib and dashing uniforms, to say nothing of their pay.

Colonel Barber will add nothing to his dignity by approving of the plan to winter his regiment in California, and it would be well for that gentleman to retain the respect which the boys still retain for him.

## Bailey's Bike Bits

ITEMS OF INTEREST TO BICYCLE BUYERS AND READERS.

The signs are that prices on well known makes of wheels will be cut, and cut deep. One very large maker has made a cut of 33 1-3 per cent, and at the same time advertises the fact that '99 wheels will be the same as '98, with 30 inch wheels as an extra line at \$5.00 more.

With cheap bikes and good, the trade may be said to have only just begun in the matter of quantity of sales. One hundred wheels at \$10.00 can be sold where one would sell at \$100, or even \$75. Always we have the cheapest bike in town. A good second hand bike for \$15.00. Good for a track or to learn on. Good value anyway, anywhere.

A special feature made of contracts to repair punctures and to clean your wheel for \$1 per month.

### NEWS IN A NUTSHELL.

**Bits of Paragraphs that Give Condensed Notes of the Day.**

Company B meets at 7:30 o'clock to-night.

Okada & Co., contractors and builders, have a card in this issue.

The list of officers of the Huelo Sugar Mill Co., Ltd., is published in this issue.

Final closing day of H. W. Schmidt & Sons' grand auction will be tomorrow Wednesday.

The dance of the Knights of Pythias will take place on Thursday evening of this week.

Chu Yip & Co., Nani street, have a full assortment of dry and fancy goods for Christmas trade.

A business meeting of the Aloha branch, Theosophical society, will be held in Foster hall, at 7:30 this evening.

The volunteer engineers are now in the barracks they have been building on the Kapahulu road near Kapiolani park.

Kinney, Ballou & McChannan have withdrawn as attorneys for defendant in the suit of Mary Porter vs. J. K. Sumner, equity.

In all probability the Leilani boat club will secure a tract of water front from B. E. Dillingham near Iwalei for its new boat house.

Henry Damon passed a good night and is progressing very favorably. His family feel much encouraged at the favorable symptoms.

The transport St. Paul, leaving tomorrow, will take a mail for Manila. This will be the last direct mail from Honolulu in a good while.

A motion for a new trial and bond for same has been filed by defendants in the case of F. E. Porter vs. Hawaiian Pork Packing Company, assumption.

The Hawaii Herald published a banner edition for Thanksgiving day with much local information, which does credit to Editor Stacker's industry and skill.

By stipulation the cases of the Honolulu Sugar Company against Gze-luch and Sayewich, desertion, will be heard at the December term of the supreme court.

Dr. L. J. Kellogg-Lane requests attendance at a free lecture to ladies, on Thursday, December 1st, at 3:00 o'clock p. m., at the Y. M. C. A. hall. Subject: Hygiene.

A fire engine is still working this afternoon on the United States coal pile back of the fish market, which became ignited by spontaneous combustion last week.

J. Opfergelt, who has been in the city spending a two weeks vacation, returns to Makaweli on the Hall this afternoon. Mr. Opfergelt is sugar boiler for the big Kauai plantation.

Special arrangements have been made for a few more performances by the McKee Rankin Company. On Thursday evening Nance O'Neil will appear at the opera house in "Magda."

Punahou students celebrated their Thanksgiving football victory with a dinner at the college last evening. President Hosmer presided. There was speech making and the usual effervescence of enthusiasm.

Considerable comment has been made on the fact that there were no programs at the theater last night. People feel that a program is at least one trifle they are entitled to. The fact that only one entrance has been opened is also commented upon.
