Honolulu Star-Bulletin

2:30
Edition

Evening Bulletin, Est. 1882, No. 6877 Hawaiian Star, Vol. XXV No. 7918 14 PAGES—HONOLULU, TERRITORY OF HAWAII, WEDNESDAY, AUGUST 29, 1917.—14 PAGES PRICE FIVE CENTS

ITALIAN ARMY PLUNGES FORWARD IN RENEWED OFFENSIVE

DELEGATE RETURNS PROMISING TROUBLE FOR GUARD SCHEMERS

Kuhio Refuses to Be "Goat" in "Militia Fiasco" and Threatens Congressional Inquiry to Find Out Who Got the Ear of the War Department to Keep the Guard Out of Service—Prohibition Here Not Likely Because of Islands' Indifference

If congress adjourns early 50 members of the national legislative body from both houses may be brought to Hawaii in November if his plans mature, was the news brought to Honolulu today by Delegate Kuhio Kalaniana'ole, Hawaii representative to Washington, who returned from the capital today.

Before the war with Germany started plans were nearly matured for another junket of congressmen to the islands, but the pressure of war legislation and the prolonged session of congress prevented fruition of the first plans. But now the delegate thinks it may be possible to induce that number to come if congress adjourns when expected.

War dominates everything in congress; it may last three years and 5,000,000 Americans may be required to carry it to a successful victory, but the National Guard of Hawaii and island men subject to draft will be called to the colors only in the event of extreme emergency. Such in brief are some of the observations of the delegate.

When Mr. Kalaniana'ole left Washington about a month ago he said it was being urged on congress to get through with the revenue bill and other war measures so an adjournment could be taken by the second week in September. He had no definite opinion as to the amount of excess profit taxes which will be imposed by congress, but believes that whatever sum is fixed by the senate will be increased by the house, which he thinks is more intent on making exorbitantly rich individuals and big corporations pay their share of the cost of the war.

Prohibition for Hawaii will not come by an act of congress unless there is a greater and more unanimous demand for it from the islands than has been the case previously. However, the nation, with Hawaii included, might be made "dry" during the war, so far as distilled liquors are concerned, by a presidential order as provided for in the food control bill, he declares.

That no further action toward securing suffrage for the women of Hawaii may be expected now, as congress will be too busy with war demands to consider the bill which was introduced by the delegate is another statement of Hawaii's representative.

Delegate Kuhio professed to have no information as to the probability of Gov. L. E. Pinkham being reappointed, although it is reported he told another passenger aboard the Maui that it seemed that the present governor of Hawaii would be renamed by the president. When he left Washington the position of internal revenue collector for Hawaii was not then vacant.

In a prepared interview Delegate Kalaniana'ole has the following message for his constituents:

War Dominates Capital
"War dominates everything at the nation's capital. It dominates every act of congress and every word of the federal government. In Washington officially it is nothing but war and preparations for war. Outside Washington and even among the nation's capital."

(Continued on page three)

GEN. JOHNSON IS GIVEN ENTRANCE TRAINING CAMP

Authority from the War Department was received today at army headquarters to admit Brig-Gen. Samuel I. Johnson, National Guard of Hawaii, to the officers' reserve camp at Schofield Barracks. The cablegram is signed by Gen. H. P. McCain and is dated August 29. It reads: "Admit Brig-Gen. Samuel I. Johnson, National Guard of Hawaii, to training camp at Schofield Barracks, beginning August 27."

TOKIO, Japan, Aug. 29.—Japanese physicians to the number of 100 will

COL. HUNTER IS SUMMONED TO PACIFIC COAST

Cable orders were received at army headquarters from the war department relieving Col. Alfred M. Hunter, C. A. C., from duty as coast defense commander, Hawaiian department, and ordering him to report to the South Pacific coast artillery district to assume command.

This is one of the coast artillery districts recently designated and includes all the California coast from the Oregon boundary to the Mexican border. He is to report at the earliest date practicable.

Col. Hunter is stationed at Fort Kamehameha. He arrived in the islands June 13, 1916, coming here from temporary duty as commander of the coast defenses of San Francisco. Previous to that time he was stationed at Fort Winfield Scott.

80,000 SPIES OF EX-CZAR ROUNDED UP

PETROGRAD, Russia, August 29.—Thirty-three long lists of spies, informers and agents, provocateurs in ex-emperor Nicholas' pay, have been published by the commission for securing the new system of government appointed by the provisional government. Fifty more lists may be expected. The total number of these secret legions of autocracy is expected to reach 80,000. Those whose guilt is beyond doubt have been put in jail; but it is not yet settled whether they will be tried and punished or merely kept in jail until the peril of a reactionary counter revolution has passed.

On nearly every newspaper was at least one spy. Very few women were employed as informers, but a few noted cases have been exposed. In Moscow three sisters named Palitsin betrayed scores of workmen after getting confessions from them by means of simulating love.

EXCESS PROFITS TAXES SCHEDULED AT 33 PER CENT

Profits Over 250 Per Cent Will Be Taxed 50 Per Cent, and 300 at 65 Per Cent

(Associated Press by U. S. Naval Communication Service)
WASHINGTON, D. C., Aug. 29.—The senate finance committee today announced that it had decided to recommend the excess profits taxes be raised to 33 per cent instead of 26 per cent as originally intended.

It was also agreed that all profits in excess of 250 per cent would be taxed at the rate of 50 per cent while all in excess of 300 per cent would be taxed at 65 per cent.

EARL GREY, EX-GOVERNOR CANADA, DIES

Long Illness Halts Career of Diplomat Who Took Active Part in Britain's Politics

LONDON, Eng., Aug. 29.—Earl Grey, former governor general of Canada, died here today after a long illness.

Earl Grey was an intimate friend of the late Joseph H. Choate, American ambassador to Great Britain, often visited the United States, called upon Presidents Roosevelt and Taft at Washington, and declared that he was a lover of America. This sentiment he gave as his reason for restoring to the United States a picture of Benjamin Franklin which had been in the possession of his family since Earl Grey's great-grandfather, Maj.-Gen. Charles Grey, was quartered in Franklin's house in Philadelphia as an officer of General Howe's staff during the Revolutionary War. The restoration of the picture was announced by Earl Grey at a banquet tendered to him in New York while he was governor general of Canada. In making the announcement he said he believed there were higher laws than the laws of possession.

Born November 28, 1851, Alfred Henry Grey, the fourth Earl Grey, was educated at Trinity College, Cambridge. He married Alice Holford, of Westobirt, England, in 1877. Two daughters, Lady Evelyn Grey and Lady Sybil Grey, were the result of the union.

By profession Earl Grey was a lawyer. He was a member of parliament from Northumberland for six years beginning in 1880. On the death of his uncle, Gen. Sir Charles Grey, in 1894, he succeeded to the title and took his seat in the House of Lords. For two generations previously the Earls Grey had been prominent in the political affairs of the British Empire. His grandfather had been prime minister of England and his uncle private secretary to a queen.

Succeeding his brother-in-law, Lord Minto, Earl Grey was appointed governor general of Canada in 1904 and occupied that post for six years. His administration was described as a quiet but uniform success. He was a strong advocate of imperial federation and urged Canadians to share the burden of England's defense.

GRANDMOTHER OF REVOLUTION MAKES APPEAL

Pleads for Conference to Help Army Conquer Enemy; Ill Applied Doctrines Poison Soldiers

(Associated Press by U. S. Naval Communication Service)

MOSCOW, Russia, Aug. 29.—Madame Breshkovskaya, who is called the "Grandmother of the Revolution," has appealed to the delegates now in conference here, to work for the good of the army and help them to conquer the enemy.

Peter Kwopatkln, one of the delegates, in a powerful address, declared that they must prevent Germany from winning a victory over democracy.

Delegate Alexieff, speaking before the national convention today, declared that while the army under the old regime was poorly equipped with implements of war the troops were deeply imbued with a warlike spirit, whereas, the new army was well supplied but had been completely poisoned with ill-applied doctrines.

The actions of the soldiers' committee had been fatal to the discipline of the army and the officers and men, declared the speaker, were absolutely irreconcilable. As an example of the terrible conditions now found at the battlefield he told of one instance where 25 officers, 20 non-commissioned officers and two privates led an attack on the enemy while the rest of the soldiers calmly looked on and saw the attackers die to a man without lifting a gun in their behalf.

Traffic would cease entirely by November unless the tactics of railroad employees, who are reported strongly organized, were changed. He made a strong appeal to the patriotism of the railroad unions to modify their demands. The Jews, he declared, were loyal to the new government.

PETROGRAD, Aug. 24.—Premier Kerensky of Russia informed U. S. Ambassador Francis, after reading President Wilson's greeting to the nation through the convention, that he was deeply grateful and that the message inspired the greatest confidence.

RUSSIANS FLEE BEFORE GERMANS

Treason Trial Reveals That Accused General Failed to Give Army Equipment

(Associated Press by U. S. Naval Communication Service)

PETROGRAD, Russia, Aug. 29.—Serious disaffection has again broken out in the Slav ranks, a report reaching here today telling of the abandonment by a Russian division of its positions near Fokshani, and that they were fleeing in disorder.

The Teutons are reported advancing in southern Rumania, with but slight opposition.

PETROGRAD, August 29.—Testing in the trial of General Soukhomlinoff, who is arraigned on a charge of high treason, General Vernander, ex-assistant war minister, declared today that the defendant had willfully neglected to supply the army with necessary equipment, thus rendering it helpless in face of the enemy.

General Vernander testified no contracts had been entered into for the manufacture of munitions, and as a consequence the army had been shell-less four months after the opening of hostilities.

POLICIES OF NEW CHANCELLOR MUCH CRITICISED

Michaelis Taken to Task for Failure to State Attitude on Evacuation of Belgium

COPENHAGEN, Denmark, August 29.—The policies of Chancellor Michaelis continue to bring sharp criticism from his opponents, the latest being an attack by Professor Delbrueck.

The professor, in a strong article, asks who, if the reichstag resolution has been really accepted by Michaelis, is responsible for the neglect to reply to the question propounded by Former British Premier Asquith regarding Germany's readiness to evacuate Belgium.

U. S. NOTE ON PEACE SURPRISE

Wilson's Answer Interpreted by Foreign Diplomats as Appeal to Germans to Overthrow Military Autocracy

(Associated Press by U. S. Naval Communication Service)

WASHINGTON, D. C., Aug. 29.—The tenor of the American note to the Vatican, rejecting Pope Benedict's peace offer, while anticipated in many respects, occasioned a great surprise among foreign diplomats in some of its declarations.

In many quarters President Wilson's language that there can be no peace with a military autocracy which has no regard for treaties, was interpreted as a virtual appeal to the German people to emancipate their nation from the clutches of militarism and join hands in promoting a world democracy.

The reply of President Wilson, in effect, was that if the people of the Teutonic powers desire peace they must first join the world of free peoples and that wrongs inflicted on subervient peoples by the German militarists must be repaired.

The full text of the document follows: "The heart of every man who is not blinded and hardened by this terrible war must be touched by the moving appeal of His Holiness, the Pope, and must feel the dignity and the force of the humane, generous motives of his action."

"We wish that we might take the path he points out, but to do so would be folly if it does not lead to the goal proposed."

"His Holiness, in substance, proposes to return to the status quo ante"

(Continued on page two)

FOOD CONTROL MAY PUT END TO SAKE HERE

Food Commission Executive Believes New Law Prohibiting Manufacture of Grains Into Liquor Affects Hawaii

F, at the direction of President Wilson and Herbert Hoover, food controller, the food control which becomes operative September 8 is extended to include the Hawaiian Islands, sake breweries in the territory will be compelled to discontinue using rice, whether imported or domestic, for the manufacture of intoxicating liquors, says J. F. Child, assistant executive officer of the territorial food commission.

It is not believed the law will affect the Honolulu Brewing and Malting Co. But there is no doubt in Mr. Child's mind, he says, that the sake breweries will have to go out of business, at least temporarily.

No definite information has been received by the local food commission from Mr. Hoover as to just how the food control law will affect Hawaii, but information is expected shortly.

The enforcement of the provisions of the measure in Hawaii, Mr. Child thinks, will be done through the local federal authorities and the local food commission will also be called upon to do some work in this line in cooperation with the national commission.

Reports recently submitted to the food commission show that 162 tons of rice are being used in Hawaii each month for the manufacture of intoxicating liquor. Most of this rice is imported from Japan.

LABOR TROUBLES OVER, IS BELIEF

(Associated Press by U. S. Naval Communication Service)

Hiram Bingham Made Head U.S. Aero Schools

PROF. HIRAM BINGHAM

HIRAM BINGHAM, who was born and raised in these islands and is a professor at Yale and a noted explorer and historian, has been made head of the military aeronautical schools of the aviation service of the government.

An appropriation of \$640,000,000 has been made for the army aviation service while plans are being formulated to build 22,000 planes and train 100,000 men to act as pilots, mechanics, and in other capacities of the aero corps.

Preparations of a similar magnitude will be made to equip the navy aviation service if the advice of experts is followed.

Schools for the preparation of thousands of men for this highly specialized service are being established by the government, and at their head Professor Bingham has been placed.

The appointment of Professor Bingham is an expression of the high national regard for the work which he has done and his ability as an executive officer. His explorations in South America, where his historical revelations proved to be of much value, brought him a nation wide reputation.

Hiram Bingham was the son of Rev. Hiram Bingham, who was a missionary to the South Seas and who finally came here, where his son was born. His grandfather, also Hiram Bingham, was among the first missionaries to Hawaii.

Mr. Bingham spent his boyhood days here and received his early education in the island schools. He received degrees at Yale, where he did his undergraduate work; at Harvard, and at California. He was preceptor in history and politics at Princeton and finally became assistant professor in Latin American history in Yale, where he has been since.

Famous among the trips made by Professor Bingham is his exploration of Bolivar's route across Venezuela and Colombia in 1906 and 1907. During the next two years he explored the Spanish trade route from Buenos Ayres to Lima. He was the director of the Yale Peruvian expedition in 1911. Then he explored the ruins of Machu picchu, located Vitco, the last Inca capital, and made the first ascent of Mt. Coropuna, which is 21,703 feet in height.

REQUIEM SONG SEPTEMBER 8 FOR MANUFACTURE OF WHISKY

Supply, However, May Not Run Out for Months as There is Now on Hand 225,000,000 Gallons—President Not Likely to Commandeer This, Though He is Empowered to Do So

WASHINGTON, D. C., Aug. 17.—The preliminary knock-out for Demon Rum will occur at 11 o'clock the night of Saturday, September 8. After that date and hour it will be unlawful to distill any grain, feed or fruit for the purpose of making distilled spirits.

It really seems that a couple of days have been pinched from those who manufacture whisky and other strong drink. Under normal conditions the time of estopage would have been reached on September 10, thirty days after passage of the food control bill. The revenue laws and the intervention of the Sabbath Day have brought the two days of grace.

This may mean high prices for rum, but not a total termination of the supply. There are more than 225,000,000 gallons of whisky on hand and these may be doled out to the thirsty with cash. It is thought this bonded supply will keep the trade going for at least two years. The only objection of this plan would come from the President

ADVANCE BEYOND GORIZIA

General Cadorna's Troops Now Battling for Powerful Defenses of Austrians on the Heights; Huns Still in Flight in Lowlands

(Associated Press by U. S. Naval Communication Service)

ROME, Italy, Aug. 29.—Advices from Gen. Cadorna's front today show Gen. Cadorna's armies continuing their victorious advance on the Bainsizza plateau, driving the enemy before them and inflicting severe punishment.

Headquarters reports the Italians have reached the powerful Austrian defenses on this highland and a desperate fight is in progress.

Beyond Gorizia the heights have been reached, and considerable territory captured. More than 1000 prisoners are reported captured in yesterday's battling.

GERMAN COUNTERS IN FLANDERS SUCCESSFUL

BERLIN, Germany, Aug. 29.—German counters have driven the British out of positions northeast of Frezenberg.

In the Oituz Valley Teutons are winning ground, and have captured 600 prisoners.

Field Marshal von Mackensen reports the capture of Muncel, in the Suchbata valley, taking 1000 prisoners and three guns.

FRENCH HURL BACK TEUTONS AT VERDUN

PARIS, France, Aug. 29.—The Crown Prince today threw his forces in a desperate attack at Caurieres wood, in the Verdun sector, but again the French lines held firmly, and drove the Teuton masses back with heavy casualties.

A violent artillery duel is now in progress between Hill 304 and Avocourt.

AUSTRIA FACES COAL SHORTAGE

BASEL, Switzerland, August 29.—That there is a serious shortage of coal in the Austrian empire is shown by reports reaching here of a statement made by Minister of Public Works Hamann in the Austrian parliament today that the crisis has reached a most serious aspect.

The minister told the assembly that the miners were undernourished and unable to produce the amount of coal necessary for the nation's needs. A bill was introduced to enforce the more economical use of fuel.

FIVE SLAYERS PLEAD GUILTY IN 1st DEGREE

Court, However, Refuses to Accept Admission and Will Appoint Lawyers for Defense

FIVE of the six Filipinos held responsible for the death of Teodoro Hayashibara, Japanese storekeeper, who was shot and stabbed in a pineapple field near Kaneohe on the night of August 12, pleaded guilty to a charge of first degree murder in Circuit Judge Heen's court this morning. Eduardo Asuncion was allowed to plead guilty to second degree murder. It is understood he will serve as a witness for the prosecution.

As the offense carries capital punishment, that of death, the pleas of guilty to first degree murder were not accepted by the court and the cases were continued until next Friday morning for further plea. The plea of Asuncion was accepted. He probably will be sentenced on Friday morning. The Filipinos were brought into court this morning handcuffed in pairs. The "bracelets" were removed, however, when they were called before the judge. They listened nonchalantly to the charge read by City Attorney Arthur M. Brown. The only one who showed any signs of uneasiness was Pedro Poras, who spent the greater part of last night weeping as Isidoro Alario jokingly remarked to him yesterday that he was to be hung this morning. There are four counts in the indictment.

Isidoro was the first called. He told the court he was guilty of the charge because he was "with the others." But he declared it was not he who killed the Japanese. He said he had no money and accepted the offer of the court to appoint an attorney to defend him.

Another plea of guilty was entered by Asuncion, but he later said he had meant to plead guilty to second instead of first degree murder. City Attorney Brown said that this arrangement had been explained to the Filipinos, and that such a plea was satisfactory to the prosecution. The court accepted the plea and continued the case until Friday for sentence. Asuncion said he had not used a weapon in the affair at Kaneohe, but admitted that he was there.

Gabriel Verver, Florencio Bonella, Pedro Poras and Amador Alario all said they were guilty because "they were there." Bonella is the man alleged to have borrowed from a Filipino woman the gun with which the shooting was done. It was this gun that gave Detective Captain Arthur McDuffie and his men their first clue, as the owner was traced from the store in Honolulu where the weapon was purchased.

Poras said he had enough money to hire his own attorney. He told the court he had about \$25.00. At this juncture the city attorney interrupted with the explanation that the money was being held as evidence, as the detectives believe it was a part of that stolen from the murdered Japanese's store.

The Filipinos probably will come into court on Friday morning and plead not guilty. City Attorney Brown told the court that he desires to bring the cases to trial as soon as possible.

Attorneys to defend the Filipinos will be appointed by Circuit Judge Heen shortly. He said today that, if the case is one where the defendants are to accuse each other, it will be necessary to appoint a separate attorney for each Filipino. Otherwise, he adds, he may appoint one attorney to represent them all.

WHY NOT GET ALL THAT'S DUE YOU

—when you buy an ukulele as well as at other times?

If you buy your ukulele from Ernest Kaal, you'll be entitled to a complete course of lessons free, with any instrument you choose, from \$6.50 up. We also have a special introductory offer price for a course of lessons to those already having instruments. And if you are interested in learning the steel guitar, we have an unusual offer to make you too. Call at 1128 Union street, or Phone 2028 if you desire further information.—Adv.

DIPLOMATS ARE SURPRISED OVER WILSON'S REPLY

(Continued from page 1.)

bellum, but it is manifest that no part of this program can be carried out successfully unless the restitution of the status quo ante furnishes a firm and satisfying basis for the object of delivering all free people from the menace of and from the actual power of the vast military controlled and irresponsible government which secretly planned to dominate the world and proceeded to carry out its plans without regard to treaties and the practices and principles of international honor.

"That power swept a continent in blood, not the blood alone of soldiers, but as well the blood of innocent women and children, helpless and poor."

"Today that power stands balked, not yet defeated, but an enemy of four-fifths of all the world."

"That power is not the German people; it is the German autocratic government."

"To deal with such a power on a peace plan such as is proposed by His Holiness, the Pope, involves allowing the continuance of that power, affording it the opportunity to recuperate its strength and to renew its policy, a renewal that would make necessary and would create hostile combination of nations against the German people as well as against its instruments."

"It would result in the abandoning of the new-born Russia to intrigue."

"Responsible statesmen everywhere must see that no peace can rest securely on conditions of economic and political restrictions meant to benefit some nations and cripple and embarrass others."

"The American people have suffered intolerable wrongs at the hands of the German government, but in America there is no demand for reprisals against the German people, who themselves have suffered at the hands of that same government."

"We believe that peace rests upon the rights of the people and not upon the rights of the government."

"The rights of all people, great or small, weak or powerful, are the equal rights to freedom, security, self-government and the participation in the economic opportunities of the world. The German people will be included amongst those with these rights if they accept the principle of equality and do not seek to dominate others."

"The purposes of the United States in this war are known to the whole world. We see no material advantages. We believe that the intolerable wrongs at the hands of the German government ought to be repaired, but not at the expense of the sovereignty of any people. Rather are we vindicating the right of sovereignty both of those who are weak and those who are strong."

"We cannot take the word of the present rulers of Germany as any guarantee of anything that will endure unless the guarantees of those rulers are explicitly supported and conclusive evidence given that their word is the will and the purpose of the German people."

"Without such guarantees, the treaties, the covenants and the arbitrations made with the German government would be such that no man and no nation could depend upon them. We must await new evidence of the purposes of the great people of the Central Powers."

"God grant that these may be given soon in a way that will restore the confidence of all peoples in the faith of nations and the possibility of a covenant peace."

The reply was signed by Secretary of State Lansing as the transmitter.

COPENHAGEN, Denmark, Aug. 29.—It was learned here today that the Bundesrat will formulate a simple answer to Pope Benedict regarding his peace proposals.

Harry—And what changed your mind about committing suicide? Was it some spiritual message?

Carrie—No, I'd a had to put another quarter in the gas meter.—Pitt Panther.

Miss Peace—What do you think of Dr. Bumps ability?

Mr. Saphead—Well, he pulled a bone when he operated on my head.—Puck.

Filipino Realizing Death Not Far Off Hankers For Smoke

Whereupon His Captor Donates \$1 to Tobacco Fund for Confessed Slayers

"ME savvy me die, me like smoke; you give me?"

This request, made in a spirit of bravado and carefree imperiousness to fate, was received by Chief of Detectives Arthur McDuffie yesterday afternoon from Gabriel Verver, one of the six Filipinos charged with murder in the first degree for the killing of T. Hayashibara, the Kaneohe storekeeper.

Verver, invited to attend the robbery of the Japanese store on the second attempt, the first attempt having failed, is said to be the man who stabbed the Japanese three times. It was his shirt that was found near the scene of the murder, blood stained, and having a hole in its elbow which served to convince the police that the shirt had been bought to fit that man.

Chief McDuffie finally received requests from all the Filipinos for tobacco and so he contributed \$1 towards the fund and the men were satisfied.

MANUFACTURE OF WHISKY CEASES ON SEPTEMBER 8

(Continued from page one)

It would cost more to convert the whisky into alcohol appropriate for the purpose than it would be worth. For this reason it is believed the President will take no immediate steps to commandeer the enormous quantity of whisky on hand.

The pronouncement of the food administration, concluding the making of distilled spirits marks a new departure in legislation and executive direction. It follows:

All processes in the production of distilled spirits for beverage purposes, according to a ruling issued by the United States food administration must cease at 11 o'clock p. m. on Saturday, September 8.

This limitation is placed by Section 15 of the food control law, which reads:

"That from and after thirty days from the date of the approval of this Act no foods, fruits, food materials, or feeds shall be used in the production of distilled spirits for beverage purposes."

The act was approved August 10. The thirty day period named will expire at midnight September 9. As this date falls on Sunday, and as the internal revenue laws prevent the operation of distilleries after 11 o'clock at night on Saturday until the following Monday at 1 a. m., it was ruled by the food administration that the provisions of Section 15 will become effective at 11 p. m., Saturday, September 8.

The law contemplates that all steps in the process of distillation shall cease at the point of time indicated in the ruling, it was stated by the food administration. So far as the utilization of foods, fruits, and food materials or feeds for the production of distilled spirits for beverage purposes is concerned the Act should be construed as to inhibit the initiation of any step, unless the entire process may be fully completed prior to 11 p. m. of September 8, 1917.

KAPAA WATER RIGHTS FIGHT TO BE AIRED

Conference Expected to Be Called Jan. 1 at Which Various Factions Will Be Heard, After Which Bids Will Be Called

ALL persons interested in Kapaia water rights—a sore point for years between various factions on that island—are to be given the opportunity to be heard together and separately at a conference to be held with the governor at the capitol, according to word reaching the Star-Bulletin today. It is believed this conference will be called about January 1.

According to word from Kauai the Wailua leases, which are held by the Lihue interests and which expire on October 1, are becoming, along with the question of how cane lands in Kapaia district will be given water, a matter of much interest and discussion on Kauai. Several plans have already been advanced.

Hans Isenberg, president of Lihue, and Col. Z. S. Spalding of Kealia have both discussed with the homesteaders the matter of getting water onto Kapaia, according to the story, which is all the more interesting because of the rivalry that is known to have existed for years between the two men.

It is said that the homesteaders were asked their opinions on the question of water, what price they would be willing to pay, and so on.

In addition to this comes the story that the homesteaders themselves—or a group of them—want to put up their own water company to furnish Kapaia with moisture. This is said to be proposed by individuals who have made good money during the last year or so from Kapaia cane.

But it is the government that owns these water rights which will expire from lease on October 1, and it is believed the government will ultimately determine what trend matters shall take. This is the purpose of the conference.

At a meeting the various factions will probably be heard, terms will be discussed, maximum charges fixed for use of water and the whole thing afterward definitely announced in plans and specifications.

After this bids will be received, it is understood. All parties concerned—plantations, homesteaders, separate water companies—will be allowed to bid if they so desire. If no bids are made it seems possible that the government may take up a scheme of its own. In that case provision would have to be made by the coming legislature for financing the project.

It is also understood that whoever may be successful in the bid for the water project, the system must ultimately revert to the government.

There are about 12,000 acres in the entire Wailua lease, the annual rental for this being \$1200 a year. The contract was signed on October 1, 1887. Of the 12,000 acres, however, only about 4000 are said to be available for cultivation. The other is forest reserve. There are 3000 acres of cane land on the side of the river next to Lihue district and about 1000 on the Kapaia side now under cultivation or available for cane or pineapples. Lihue plantation, which has the majority of the leased land, will be given a year by law to get cane from it after the lease expires.

The general plan is to bring water from the Wailua river to furnish Kapaia, so as to make the district safe for cane in time of drought.

MAUI NIGHT AT HEINIE'S TAVERN

There will be a special moonlight dinner-dance this evening at Heinie's Tavern in honor of the passengers and officers of the Matson flagship S. S. Maui. Local town folks are cordially invited to attend and extend a hearty "aloha" to our visitors.

Dinner will be served from 5:30 to 8 p. m., after which dancing will be the entertainment of the evening. Dinner reservations should be made early as possible. Phone 5670.—Adv.

MAN WHO SHOT GIRL ADMITS HIS GUILT TO COURT

Six Arraigned Before Judge Heen Following Return of Indictments

As a result of yesterday's session of the territorial grand jury, six persons charged with criminal offenses were arraigned in Circuit Judge Heen's court this morning. Two of the indictments returned yesterday have been placed on the secret file where they will remain until the defendants have been arrested.

John Epa Makaloa, a Hawaiian who, in a fit of jealous rage, shot and wounded his stepdaughter, pleaded guilty to a charge of assault with a dangerous weapon. He will be sentenced at 9 o'clock Friday morning. Makaloa was also shot in the struggle which followed the wounding of the girl.

Hermogones Alcantara, charged with first degree murder and assault with intent to commit murder, pleaded not guilty. The court will appoint an attorney to defend him. Alcantara is alleged to have shot a Filipino woman, who later died of her wounds, and a Filipino man, who recovered.

David Keiau and John Blossom, indicted on two charges of second degree burglary, pleaded not guilty. Sam Rosenborough, charged with failing to aid a person injured by an automobile, pleaded not guilty.

At the request of Deputy City Attorney A. M. Cristy, Circuit Judge Heen today granted the city attorney's office five additional days in which to amend the complaint, or take other action, in the case of Roderick O. Matheson, editor of the Advertiser, who was charged with criminal libel.

The 10 days given the prosecution to take further action were up today and Attorney Cristy says he does not know yet what further steps will be taken in the case. Editor Matheson was charged with writing and publishing an alleged libelous editorial under the caption "Under What Flag?" which was a criticism of a speech made by Gov. Pinkham.

Mr. Matheson's attorneys filed a demurrer to the sworn information of the city attorney's office and Circuit Judge Heen sustained it.

LOCAL AND GENERAL

William Chauncey Wilder and Miss Theresa Adele Smith were married Saturday by Rev. Father H. Valentin, pastor of the Catholic church of St. Augustine-by-the-Sea, Walkiki. The witnesses were Rev. Father Victorinus Claessen and Rev. Father Patrick St. Leger.

City Treasurer D. L. Conkling has rearranged his office this week, placing the desks and counters back in a space from the King street side to allow more room for customers. The arrangement practically doubles the counter space and facilitates the work of the office.

Suits for divorce have been filed in circuit court as follows: Irene Jose against Frank Jose, alleged desertion; Bon Shee Leong against Yet Sing Leong, alleged desertion; Tommy Ani against Annie Ani, alleged statutory offense; Tito Gonzales against Fela Gonzales, alleged statutory offense.

Jose Cuevas, who is charged with having smuggled a silk kimono off a steamer in port recently, has been released by the federal officials on bond in the sum of \$500. He was waived examination and his case will be taken up by the federal grand jury when it meets again.

KUHIO OBJECTS TO BEING MADE 'GOAT' IN HAWAII 'MILITIA FIASCO'

(Continued from page one)

Itol, it seems to me that there is a lack of realization of the extreme seriousness of the situation. Then, too, many men in congress fail to recognize the truth of the situation.

"The reputation of being a pessimist to my mind is not an enviable one, but I must be frank and state my belief that we of the United States are the central figures in this war to save the civilization of the entire world to democracy. We people of the United States voluntarily took upon ourselves the greatest burden in the world's history when we said to the hard-pressed Allies—France, Belgium, Russia and England, and others, that we would feed them, that we would fight for them, and that we would save them.

"The magnitude of this contract is appalling. It will take years, it will decimate our men, and it will destroy untold wealth, which means privation and hardships for our people. The price will be worth while for no peace will come until complete and full victory is ours.

Three Years of War

"Personally, I feel that so far as the United States is concerned, we are entering upon, at least, a three years' war and before it is over we will have had to call to the colors not fewer than 5,000,000 men and put into the battlefields of Europe, at least, 2,000,000 American soldiers. The American people must awaken to a realization that the war will demand every sacrifice and we cannot start to school ourselves too quickly in order to meet changed conditions of living that out of necessity will come to all of us.

"The session of congress coming to a close has dealt strictly with war measures. It has declared war; it has created the machinery and the money for an army; and has given the President of the United States, who under our form of government is responsible for the successful prosecution of this war, undreamed authority and supervision over the expenditure of sums of money running into the billions.

"When the congress was called into session, the democrats who have complete control of the legislative machinery, eliminated from consideration all

matters that did not meet the standard set by the President who sanctioned only those matters that would affect the conduct of the war.

What Hawaii Got

"Hawaii has many matters pending before congress that were taboed by the leaders and, therefore, must go over to the next session. We fared well, however, in the army, the river and harbor appropriation, and the sundry civil that went through as war measures. In the army bill there was an appropriation of \$100,000 for a hospital at Schofield. In the Sundry Civil measure there was an appropriation of \$93,000 for seacoast defense, one of \$80,000 for aids to navigation at Pearl Harbor, and another of \$100,000 for Kahului harbor. The River and Harbors act authorizes the much needed Kailhi channel in Honolulu harbor. An appropriation of \$50,000 was made to inaugurate this work, and there was also made available for the same purpose \$56,000, and unexpended balance of a previous appropriation for work in Honolulu harbor. There was another provision, one of \$150,000 for continuing work at Hilo harbor.

"The inauguration of the Kailhi channel project leaves us with only one important project not authorized by congress, and that is a harbor for Kaula at Nawiliwili. This matter is pending before the rivers and harbors committee of the house, and I trust it will be our good fortune to have favorable action in the river and harbor act of the next session. It is an important project and in fairness to Kaula and to the territory, congress should act favorably upon it.

"A goodly share of the territories business goes before the house committee on territories. This committee has undertaken no business this session. Chairman Houston had returned to Tennessee, and I was unable to see him before leaving. Earlier in the session, though, he told me the committee would be ready for all of Hawaii's matters after the Christmas holidays of the session to come in December. Matters pending before that committee deal with woman suffrage for the territory, the right of the people to elect their governor and secretary of the territory, the creation of a food commission, and the several

proposed amendments touching our land laws.

"The question of congress passing an act upholding the act of our legislature creating a food commission was taken up with the committee, also with Secretary of Agriculture Houston and Food Controller Hoover. The committee chairman refused to call his committee and both Secretary of Agriculture Houston and Mr. Hoover said it was not in their province at this time to ask that the measure be considered as a war necessity.

Land Law Hearing

"The committee on territories has had only one meeting during the session, and that was a hearing granted Land Commissioner Rivenbark on the proposition advanced by the territorial officials and backed up by the Interior Department in Washington, to change our land laws insofar as they affect homesteading. This measure was introduced by me upon request. Mr. Frank E. Thompson who presented the bill to me, after conferences with officials of the Department of the Interior, explained that it was a measure designed to create much needed revenue for the territory. This whole matter is one that will be considered by the territories committee at the next session and ample opportunity will be given all those who have opinions on the same, to have their views spread before the committee. By the papers I am advised that many here have criticized my action in introducing the measure. In doing so, I followed out my duties as a representative of all the people, and though the bill bears my name, the fact that the measure plainly shows it was introduced by request is plain indication that the measure has not received my personal indorsement.

Criticizes 'Someone'

"The question of the Hawaiian militia which has so stirred the people here, has been anything but a pleasant one for me to attempt to solve. It was a blow to me to be advised by the war department that our reorganized militia was not to be called to the colors. To my way of thinking, it is anything but complimentary to us Hawaiians to have the federal government deny us the right to fight for our country when our country is at war. I notice that while those here in authority made no effort to keep me advised as to the situation and what recommendations had been made direct to the war department, when the set-back came I was permitted to assume a good share of the responsibility. This is not a fair condition of affairs, but repetitions of it do not help the territory. If I am to be blamed for failures, I firmly believe that the courtesy should be extended to my position at least of advising me of all the facts in matters pending before the federal departments and congress so that I will not have to work in the dark. While the militia matter was pending an effort was made to have more Filipinos brought in on government transports. This matter went directly over my head, but I am glad to say that Secretary of War Baker showed good judgment when he flatly denied the request.

Will Demand Inquiry

"Economic conditions in the territory are the sole reasons given for the failure to permit us Hawaiians at this time to join the colors. My understanding of the matter was that if the militia were reduced to 3000 men; these men could be spared and that not the slightest loss would come to crop production. It seems to me that whoever had the ear of the war department, whether individuals or organizations, played the economic and the 'let us plow so that we will not have to fight' role with great success. I am determined to get the complete record in the Hawaiian militia fiasco. I am waiting until the next session of the house when I will demand a congressional inquiry. The people of Hawaii should know and they will know just what was said and who said it to influence the war department against the calling out of our guardsmen. It is my patriotic duty to delay at this time in this matter for I know that the war department has its hands full in creating, equipping and drilling its first army, a matter that is now under way. By winter this first army will be in the training camps and it will then be proper to find the real reason for the placing of the Hawaiian militiamen in the stay-at-home class for the officers who have the matter at hand will be able to testify without interfering with their important duties.

"One of the first things I will do is to discuss with the governor, Senator Chillingworth, Speaker Holstein and others, the advisability of bringing to the territory during the month of November of a congressional party. Billions of dollars will be spent the next few years for war purposes. It seems to me that it would be the intelligent thing to do to have the fortifications and the naval station at Pearl Harbor brought up to the highest point of efficiency at this time. It will be well to bring here as our guests members of the military and naval committees of the senate and house. Another innovation in regard to a congressional party I will suggest is that the party include high officials of the federal government who are experts in agriculture, in commerce and in land affairs. Owing to the fact that the country is at war, the party should be 'stag' and strictly official.

"As matters pertaining to the territory were either disposed of or definitely postponed by the committees having jurisdiction until the next session, I decided to return at this time. The house is simply marking time, two-thirds of the membership out of Washington, either at home or away to the seashore. If a record vote is necessary when the war revenue bill comes back from the senate they will come in for the vote.

War Revenue Bill

"This war revenue bill is the last big war measure enacted upon. I have had only three requests from home interests affected by the measure. One was a request to see to it that sulfate of ammonia, used as a fertilizer in sugar production, remains on the free list. I have had assurance that this will be done. Another is a protest against the repeal of the law granting drawbacks on imported sugar used in pineapple packing. I can not make a prediction as to the outcome on this, but I feel that the house will eventually kill this feature of the senate bill. The third re-

quest is that touching the duty on coffee. An import duty is assured. It is also probable that a duty will be levied on domestic coffee and coffee substitutes. I have started a fight to have our coffee exempted. The fight will be waged for us in the senate by a senator who is friendly to our territory and who is always trying to help out the poor man's industry. If Hawaiian coffee can be exempted it will be a small advantage and will mean about two cents a pound to our coffee producers.

"Many people here, judging from my correspondence, seem to favor the proposition to save daylight by turning the clock ahead an hour. A measure, confined to Continental United States, has passed the senate. Chairman Adamson, of the committee on interstate and foreign commerce of the house, before which the senate bill is now awaiting action, has declared that the measure is not a war measure and refuses to have his committee in session to consider it. Chairman Adamson announces that he will go home to Georgia for a visit. Frankly I believe there is no chance for the measure this session. Should a majority of the people here desire it I will move to have the measure amended to include Hawaii. Personally I believe this is a matter for our own legislature. I believe in as much home rule as possible, therefore I am not aggrieved at the failure to include Hawaii in this measure.

"The Promotion committee or the Chamber of Commerce, or both, should have a man in Washington with whom I can work. Much of my time is taken up with requests that come from congressmen and senators for all kinds of Hawaiian information and I have even had to write menus in Hawaiian for church banquets in Hoboken, N. J. and Waco, Texas. I will try to impress upon the officials of the committee and Chamber that they are wasting valuable opportunity by not having a special man in the nation's capital."

MRS. GONSALVES DIES SUDDENLY

Mrs. Margaret A. Gonsalves, wife of A. M. Gonsalves, well known merchant on Queen street, died suddenly yesterday afternoon at her home, 1409 Makiki street. Mrs. Gonsalves, who had been shopping in town, was taken ill unexpectedly.

At 4 o'clock this afternoon, funeral services will be held in the Catholic Church of the Sacred Hearts, Punahou, by Rev. Father Stephen J. Alencastre. The interment will be at the Catholic cemetery on King street. Three brothers of the deceased, William A. Vierra, Henry Vierra and A. K. Vierra, and three brothers-in-law, J. P. Rodriguez, A. G. Silva and W. E. Bellina, will be the pall bearers. Mrs. Gonsalves was a daughter of the late Henry Vierra, Sr. She was married in 1884, and is survived by three sons and two daughters—George A., Ernest C., and James H. Gonsalves; Mrs. C. A. Beall and Mrs. P. A. Gorman, all of this city. She is survived also by five brothers and five sisters—Henry, Anastacio K., William A., Joseph and Caesar Vierra, all of Honolulu, excepting Joseph, who lives in San Francisco, and Mrs. J. P. Rodriguez, Mrs. A. G. Silva, Mrs. W. E. Bellina of Honolulu, Mrs. Louis Kolberg and Mrs. James Chapman of San Francisco.

THINKS PINKHAM WILL BE NAMED

As John Effinger did not go east of California, he has no first hand information from Washington as to whether Governor L. E. Pinkham will be named to succeed himself or not, although he has heard that the governor was considered as having a good chance of being reappointed.

Mr. Effinger returned this morning from a month's trip to the mainland. "The only time I have heard the governorship discussed was aboard the Maui on the voyage from San Francisco. I was told that it was likely that Governor Pinkham would be reappointed," he said.

MAUI STEWARD PEEVED; REASON SCHOOL TEACHERS

There Were 126 of 'Em Aboard
and Porters Got 126 Tips
of 50 Cents Each

"Exactly 126 school teachers and 54 passengers on this trip," shouted the deck steward of the Maui when queried this morning. "Porters received exactly 126 50-cent tips."

The steward was peeved because the deck sports on the way down were "an absolute failure," he said.

"The swimmers arranged all of the sports, but the rest of the passengers would not take part on account of the school marmas. They wouldn't mix and the whole business was fizzle."

Interesting? Why we had all kinds of interest on this ship, compound, complex, and other kinds. School teachers galore, and a small bunch of passengers."

And the steward turned aside to see another 50-cent tip slip into the hand of one of the waiters.

"NOTHING DOING" ON TRIP SAYS BABBITT, BACK AGAIN

Winifred H. Babbitt, Philippine representative of the Hawaiian Planters' association, and former superintendent of the department of public instruction, arrived in Honolulu once more today after a vacation trip on the mainland.

"Absolutely nothing to say," declared Mr. Babbitt when approached this morning. "Been on a vacation trip and a vacation trip entirely."

"Yes," he volunteered, "I was in Washington and on the Fourth of July."

"But what happened then?" he was asked.

"Nothing at all," he said. "I insist that I was on a vacation trip only."

Is Lumber High?

A house such as this, built in 1914, at the average price of sugar for that year, would have taken 45 tons of sugar to pay for it. The actual figure in dollars was \$3600.

At today's price of materials and of sugar, it would require only 26 tons of sugar to build the same house. The best building time for Hawaii is RIGHT NOW, because, while

A ton of sugar in 1914 would buy only 2.1 M feet of merchantable lumber, will now buy 3.75 M feet of merchantable lumber, showing that lumber has not advanced proportionately with sugar—the main product of these islands.

You can build now at a big saving.

Lewers & Cooke Ltd.

COMMERCIAL NEWS

SECOND LIBERTY LOAN WILL SOON BE APPLIED FOR

Brown, secretary of the Chamber of Commerce, has received word from the National Chamber of Commerce that a second Liberty loan will soon be applied for. The treasury department has requested the chambers of commerce in the various cities to cooperate in order to realize the same.

Save for the second Liberty Loan, the slogan which will be printed on all envelopes and stationery. Mr. Brown announced today that the local chamber would send for a number of the posters announcing the second Liberty loan. This is the first information on a second loan received by the local chamber. Publicity will be given in the Chamber of Commerce publication.

P. O. RECEIVES WIRE HAMPER

Six of the wire hampers being used as an experiment on the Pacific for the transportation of fragile parcel post packages were received by the Honolulu post office in the Korea Mail, which was the largest coming in here on any one boat for a long time. There were 217 bags of mail on the Korea, much of it second class or parcel post mail, as the Wills arriving Saturday brought letter mail from San Francisco.

Each of the wire hampers will hold as much as three mail bags, and all were filled with insured and sealed fragile packages. All the packages arrived here in good condition, which has not been the case in the past when mail bags were used.

The experiment with the wire hampers is being made by the post office department on the recommendation of Postmaster D. H. MacAdam to the second assistant postmaster general. So many fragile packages were received here in bad condition, due to the rough handling on the steamers, that he took the question up with the department and suggested the use of hampers.

At present the hampers are being used between Seattle and San Francisco, Honolulu and San Francisco and Sydney and San Francisco. If they prove a success, as now indicated, they may eventually be used for transmission of fragile parcel post matter between the different islands of the Hawaiian group.

Mail bags serve the purpose for the transmitting of the packages by rail, but when they have to be handled in ships for loading on ships and by men who are not employees of the postal department some destruction is inevitable.

As Postmaster MacAdam explains it, "It is possible to discipline postal employees for the rough handling of fragile mail matter, but the department cannot discipline steamship companies or stevedores."

ESTIMATED CREDIT OF
ONOMEA SUGAR \$869,566

SAN FRANCISCO, Aug. 18.—A report received here yesterday on the financial standing of the Onomea Sugar Co. as of August 8 makes the following showing:
Sugars abroad, 4882 tons @ \$110 = \$537,020.00
Book account, credit balance 237,536.80

Total estimated credit, \$869,566.80. The company had shipped up to August 8, 15,647 tons of this season's crop, as compared with a total yield of 18,750 tons in 1916. The company has paid dividends so far this year amounting to 17 per cent.

POLICE COURT NOTES

Mrs. Lee, Korean, appealed to circuit court for trial. She was charged with assault.

Mary Domingo, arrested for assault, was lucky to get out of trouble without the usual imposition of fines. Her case was dismissed by the prosecution.

Alleged to have passed a false check for \$70.35 on Sam Hop Lee, Lee Chee Wan, a Chinaman, is being hunted by the police. The warrant was issued Monday charging the man with gross cheat.

R. Kamaka and Sophia Kamela were up for trial on a statutory charge today. Instead of coming into court the latter forfeited her bail of \$50. The former was sentenced to pay a fine of \$50.

Police Judge Harry Irwin yesterday continued the trial of Eddie Taylor, charged with non-support of his wife, to Thursday, August 30. Taylor, according to reports, had not supported his wife for over a week.

Alejandro Aguilar, Filipino, charged with assault, was fined \$25. R. S. Roy, arrested on the same charge, forfeited his bail of \$25. Two "Joos" were booked for drunkenness. One was fined \$5 and the other forfeited his bail.

We take your message in to over 5000 homes every evening at a time when buying plans are being discussed and news of your store will be most welcome.

—THE AD MAN.

HOOVER PICKS GEORGE ROLPH AS SUGAR AIDE

California-Hawaiian Executive Placed in Charge of U. S. Sugar Control

Herbert C. Hoover yesterday appointed George M. Rolph, Mayor Rolph's brother, a chief executive head of the bureau which will control the distribution of sugar in the United States and fix the price at which it shall be sold, says the San Francisco Examiner of August 18. George Rolph was summoned to Washington by Hoover last week and yesterday he telegraphed the California-Hawaiian Sugar Refining Company that he had been placed in charge of the sugar department of food control.

A. A. Brown of the California-Hawaiian company said yesterday that George M. Rolph was a thoroughly expert sugar man, familiar with the business in all its details and ramifications. For many years Rolph has been general manager of the company and he is credited with having made the sugar refinery at Crockett one of the most modern installations of its kind in the world.

Rolph is said to have always taken keen interest in the betterment of the conditions of the employees of the refinery, and to him is due the credit for a modern gymnasium, club rooms, swimming tank, etc., which form a component part of the Crockett plant.

Selection by Food Controller Hoover of George Rolph as his aide on the food control commission is in line with the announcement to that effect made some two months ago by the Star-Bulletin.

COFFEE MONEY-MAKER REPORT INVESTIGATORS

Emphasizing the fact that the coffee industry in Hawaii is a money-making proposition, delegates from the four Japanese newspapers, consisting of Mr. Okamoto of the Hawaii Shinpo, Fred K. Makino of the Hawaii Hochi, R. Murakami of the Hawaii Choho, and G. Misawa of the Nippon Jiji, returned this morning in the Mauna Kea. They went to Kona last week in the steamer Kilauea.

The delegates while in Kona spoke on the coffee industry at Kailua, Kailua, Honaunua and Kealahou. Almost all the coffee planters of the district turned out to listen to the addresses of the Honolulu men. Conferences of important nature were held between the Honolulu men and the coffee planters in Kona.

After leaving Kona the delegates went to Hilo and boarded the steamer there for Honolulu.

WRIST WATCH RAGE SWAMPS MANUFACTURERS

"Wrist watches are the rage. Every soldier wants one, every woman wants one, and everybody else wants one. All the watch factories are making wrist watches; the jobbers order 1900 wrist watches and get about eight. They can't supply the demand for wrist watches," says Joseph Schwartz, wholesale watch dealer, who arrived in Honolulu today after a brief business and pleasure trip to the mainland.

"The Keystone watch factory is so swamped with orders for this type of watch that has come into fashion since the war started, that they can't fill their orders. It is the same with other factories. The jobbers are crazy for this article and can't get it," declared Mr. Schwartz.

Mr. Schwartz left his wife and family in San Francisco, but returns himself for a permanent stay.

RUBBER

At the Singapore Rubber auction held this week commencing Wednesday, plantation pale crepe realized 53 cents per pound.

The New York price for the corresponding date was 65 cents.

Drink **Phez** Pure Juice of the Loganberry

The Taste Lingers

PHEZ is the ideal drink. It has the snap and tang that refreshes and invigorates a tired mind and body. PHEZ fairly teems with the piquant flavor of the luscious loganberry, from which it is made. Absolutely free from fermentation. Just say PHEZ.

At All Fountains

Keep the Family Well!

Nowadays housewives realize the danger that lies in unclean foods.

In the Metropolitan Market, every precaution that makes for sanitary condition of the choice foods has been taken. Customers are not allowed to touch the meat cuts, all of which are beautifully displayed under plate glass and kept always cold by the modern refrigerating system.

Meats and other foods that you can be sure are **CLEAN** are cheap, and when the prices are the same as elsewhere, they are **CHEAPER**.

Metropolitan Meat Market

SOCIETY

QUEEN NOT TO HOLD RECEPTION

Queen Liliuokalani will be 79 years of age next Sunday, but so feeble has her majesty become during the last few months that the usual reception will not be held.

For years it has been the custom of the Hawaiian people to come at the first peep of dawn bringing gifts of fruits, flowers, fish and calabashes and bearing words of aloha to the gracious queen.

Last birthday a reception was held, though not so extensive as those of former years owing to the strain such affairs were beginning to have upon her. In the afternoon the queen received a few of her closest friends at the Waikiki home. This year it is announced no reception whatsoever will be held. The last public reception tendered by Queen Liliuokalani was in April when she received the members of the territorial senate at her home in Washington Place. This was the day war opened with Germany, and the American flag flew that day for the first time over her home.

ENGAGEMENT ANNOUNCED

The engagement of Henry L. Luman and Miss Frances H. Thompson, principal of Makawili school, was announced at a dinner given at the Young hotel on Monday night, by Mr. and Mrs. Robert W. Shingle, who left for San Francisco by the steamer Wilhelmina yesterday afternoon. The bridegroom-elect has large planting interest at Kapone, Hawaii.

DIPLOMAS ARRIVE FOR RED CROSS STUDENTS

Mrs. Clarence W. Ashford has received from Washington the diplomas for class 6, of which she was chairman, and asks that all will call at her home and receive their award for their six weeks' hard work. Mrs. Ashford was justly proud of her class and is anxious that all should have their diplomas.

WELL-KNOWN SOCIETY SERVICE WOMAN VISITS ALAMEDA HOME

A service woman who was very popular in Honolulu is visiting her Alameda home for a little while.

A cordial welcome is being extended to the attractive young army matron, Mrs. George Halloran, wife of Captain Halloran, U. S. A., who will be remembered as Miss Betty Hunter of Alameda, before her marriage a few seasons ago. Mrs. Halloran has taken apartments at the Fairmont in San Francisco for a short time, and after a visit with her family will go on to New York where Captain Halloran has been ordered. Since her marriage Mrs. Halloran has lived in Honolulu—San Francisco Examiner, August.

A WORD ABOUT KNITTING

And now some say they are too high strung to knit. They just simply can't learn the intricacies of stitches. It gives them nervous prostration. That is the very latest thing to swank about. Rolling bandages, of which there is still a poignant need abroad, is even worse. If the bandaging is only bright colors or something like that, but the monotony of white and the sameness of the rolls, "just gets on my nerves."

Still one can go to knitting teas arriving just in time for the chatter and the refreshments, or one can take the knitters to tea down town and do one's bit that way. There are so many ways of being patriotic if one is really sincere that there ought to be jobs enough, right in society, for everyone to keep occupied pleasantly.

VISITORS IN SAN FRANCISCO

Interesting visitors in San Francisco at the present time are Col. F. M. Swigert and his daughter, Mrs. Augustus McIntyre. They arrived last week from Honolulu, accompanied by Maj. McIntyre, and while the latter has already departed for his new station at Fort Sill, Okla., they are enjoying a brief visit here. They are guests of their cousins, Capt. and Mrs. J. J. Moore, at Fort Winfield Scott.

Capt. and Mrs. Moore are hourly anticipating orders to leave Fort Scott, and in consequence they have been able to entertain only most informally for the visitors.—S. F. Examiner.

HAWAIIAN HEIRESS TO JOIN RED CROSS

To join the Red Cross unit being sent to the French front by Johns Hopkins university, one of the wealthiest heiresses of Hawaii, Miss M. T. Wilcox, arrived in San Francisco yesterday.

With her father, S. W. Wilcox, one of the largest landed proprietors of the islands, Miss Wilcox is at the Clift hotel.

Miss Wilcox has previously taken a three years' course at Johns Hopkins university. She has many friends in San Francisco society.—San Francisco Examiner, August 3.

SUMMER DELIGHTS

Mrs. Henry Davis has returned to San Francisco after passing a most enjoyable vacation at Honolulu. During her visit to the island city, Mrs. Davis was extensively entertained by the society contingent there. During her absence, Mr. and Mrs. Jack Mor-

QUEEN NOT TO HOLD RECEPTION

Queen Liliuokalani will be 79 years of age next Sunday, but so feeble has her majesty become during the last few months that the usual reception will not be held.

HONOLULU PLANS TO TAHOE

Mrs. J. E. Fisher, Miss J. Fisher, J. H. Fisher, and Mr. J. O. O'Neil, all of Honolulu were visitors at the Travelers' hotel yesterday. They are on their way to Lake Tahoe, using the machine that they shipped from home.—Sacramento Union, August 4.

The following card has been sent to friends of the B. P. O. E. of Honolulu.

The Elks of Honolulu request the presence of yourself and lady friends at an informal dance at the Moana hotel, Saturday evening, September 1, 1932. Full moon that evening. Dancing begins at 8:30 o'clock. Dress informal. Music by Duke Miller's orchestra.

Mrs. E. A. Jones, Mrs. E. Austin Jones and Miss Kathryn Jones left on the Wilhelmina last evening. Mrs. E. Austin Jones goes in answer to a cable telling of the serious illness of her father, Mr. T. W. Hobron. Miss Kathryn goes back East to college.

Mr. and Mrs. Fred Shingle were departing passengers on the Wilhelmina yesterday afternoon after a month's stay, which was a month of gaiety and social happenings in their honor. However, everything given them was of an informal nature.

Col. A. N. McNab (Sandy), who is one of the most dearly loved of officers stationed here, left for the mainland yesterday. There never has been an officer here better liked than Sandy McNab and all of Hawaii hopes that he will soon come back.

Col. and Mrs. C. S. Lincoln, who have lived here for the past two years, and have been justly popular, left for the mainland on the Wilhelmina yesterday. A large circle of friends were down to say aloha and cover them with fragrant leis.

Word comes from Mr. and Mrs. W. Birnie Tait (Frances Murphy) and her sister, Miss Aledia Murphy, that they are planning to spend next month in Hawaii. They wrote they were all home-sick for the Isles of Peace.

Mr. and Mrs. F. C. Scudder, with their son and daughter, were homecoming passengers yesterday after a month at the Volcano House.

Miss Dorothy Peacock left yesterday for her second year at Notre Dame. She was accompanied by her mother, Mrs. C. A. Peacock.

Mrs. E. C. Marlott left for the mainland after a delightful three months here as the guest of her daughter, Mrs. H. Gear.

Mr. F. Werthmueller and his sister, Miss E. Werthmueller, left for a short vacation trip to the mainland yesterday.

Mrs. Isabelle Creighton was a home-comer today after a three months' visit with her daughter, Mrs. Conrad.

Mr. and Mrs. Harry A. Wilder are home after two weeks on Hawaii. They took their motor with them.

Miss Thelma Murphy will return home on Saturday morning after a two months' stay on Hawaii.

Among the recent visitors at the Mount Diablo Park Club was Miss Ramona Marks of Honolulu.

Mrs. Ambrose Wirtz, accompanied by her small son, left for a trip to the mainland Tuesday.

Miss Marjorie Booth departed for San Francisco yesterday to reenter Notre Dame college.

Mrs. Irene Holloway was a homecoming passenger on the Mauna Kea yesterday morning.

Miss Violet Atherton left for San Francisco on yesterday's Wilhelmina for a short trip.

Miss Lila Creigg is in Honolulu again after a delightful month on Hawaii.

Mr. and Mrs. F. L. Shaw are home from a short vacation spent on Hawaii.

Miss Stephanie Wichman leaves next week for the East to enter college.

Mrs. W. H. Hissman will arrive in Honolulu next Tuesday after two

The "Electrical" Home Is Cool and Comfortable

For every member of the family—
For every room in the house—
For every hour of the day and night—there's something Electrical to increase the pleasure and happiness of living.

Electrical Appliances now cover such a field of usefulness that, with their aid, running a home becomes largely a matter of planning and direction.

The burden of washing, ironing, preparing food, cooking and cleaning is entirely removed. Electric fans cool the rooms. Electric light softens and beautifies the surroundings.

Electricity adds that improvement which makes real living out of mere existence. You can't have your home really up to present day standards without Electricity shouldering the burden of housework—without its many conveniences and comforts.

Hot weather makes a careful consideration of this matter immediately important.

Let us help you plan—we make that our business.

SPOUSE'S DEATH MAKES HEROINE OF RUSS WOMAN

(By Associated Press)

St. Petersburg, Aug. 28.—A Russian woman, Vera Butch, has become a heroine of the war because of her heroic deed in saving the lives of her husband and a Russian soldier who were captured by the Germans. She was the only woman to be awarded the Order of St. Anna for her bravery.

On March 9, after the commander and the captain were killed, she led the soldiers in an attack which resulted in the capture of the Russian ship. Afterward she went to the Austrian front, where she was wounded in her arm, while taking part in a counter-charge near the Doukova Kuchma. Nevertheless, she retained her position in the army. But in the next charge she was wounded severely by a fragment of a shell. She was taken to the hospital where she remained for four months. Immediately upon recovery, she went to Petrograd and saw M. Rodzianko, president of the duma, to ask permission to organize a company of women.

In a recent interview, Vera Butch said: "I saw the president of the duma and obtained permission to form a woman's company which is to leave for the front at once. We will set an example to the men soldiers, many of whom misunderstood the meaning of liberty. It is enough to point to the desecrations, the fraternization and to all the undesirable phenomena that are responsible for the disorganization of our forces. I will sacrifice my life for my country and I am sure that I will find followers among women. Woman's mission is not only to give life to man but it is also up to us women to teach men how to defend the new-born freedom."

NEGROES WARNED TO REMAIN IN SOUTH

JACKSON, Miss.—Scott Wilson, an educated negro of Tougaloo College, Mississippi, who recently came back from East St. Louis, in addressing negroes here said:

"I will warn any negro to stay in the South, where the white people understand the colored. Here they are willing to let them live in peace and as much prosperity as they will work for. The appointed place of my people is in the Southern States, where our needs have been studied and we have been given what is best for us. The black man is by nature a tiller of the soil. Wilson continued, "and he should stay where there is room for him."

Wilson was one of the negroes wounded in the recent riots at East St. Louis. He was carried from the raided zone by the militia.

IN THE CIRCUIT COURT OF THE First Circuit—Territory of Hawaii—At Chambers—in Probate.

In the matter of the Estate of Miya Kishimoto, Deceased.

Order of Notice of Hearing Petition for Administration.

On reading and filing the petition of Tsuna Kishimoto of Honolulu, T. H., alleging that Miya Kishimoto of Honolulu, T. H., died intestate at Honolulu, T. H., on the 1st day of October, A. D. 1916, leaving property within the jurisdiction of this Court necessary to be administered upon, and praying that Letters of Administration issue to H. Kishi.

It is ordered, that Friday, the 28th day of September, A. D. 1917, at 2 o'clock p. m., he and is hereby appointed for hearing said Petition in the Court Room of this Court in the Judiciary Building in Honolulu, City and County of Honolulu, at which time and place all persons concerned may appear and show cause if any they have, why said Petition should not be granted.

B. N. KAHALANUNA, Clerk of the Circuit Court of the First Circuit.

Dated Honolulu, August 28, 1917.

SMITH, WARREN & WHITNEY, Attorneys for Petitioner.

6877—Aug. 29, Sept. 5, 12, 19.

NAVY ORDERS 4,500,000 YARDS OF UNIFORM CLOTH COSTING 16 MILLION

WASHINGTON, D. C., Aug. 18.—The navy department has authorized the following:

To meet enormous war-time requirements and provide for future needs the navy in the past week has contracted for 4,500,000 yards of woolen uniform cloth, at an aggregate cost of more than \$16,000,000.

With the placing of an order for 1,000,000 yards with the American Woolen Co. of New York, substantially all contracts embraced in the department's schedule on blue uniform cloth have now been awarded.

The contracts constitute the largest purchase of woolen cloth ever made by the navy, and one of the most important single contracts for woolen goods placed in the history of the trade, either here or abroad.

The amount of wool in the grease required for the manufacture of the cloth is upward of 15,000,000 pounds. It has been estimated that if the cloth were delivered at one time it would require storage space of about 300,000 cubic feet and would weigh nearly 4,500,000 pounds. It will be sufficient for the manufacture of about 1,000,000 shirts or jumpers, 800,000 pairs of trousers, and 250,000 overcoats.

In addition, large contracts for trousers and overcoats have been previously let.

The cloth will be made in about 35 separate mills, so that a supply is insured for the navy regardless of any accident.

The various manufacturing sections of the country are represented in the awards, and goods will be made in the following states: Connecticut, Massachusetts, Rhode Island, Pennsylvania, New Jersey, Ohio, Maine, New York, Michigan, Oregon, Vermont, Maryland.

Delivery of the cloth, which has been contracted for in 11-ounce, 17 to 18-ounce, and 30-ounce weights, will cover a period of about seven months.

The contract with the American Woolen Co. calls for 1,000,000 yards of class 2 or 18-ounce cloth, at \$4.15 a yard.

In addition to the contracts previously announced, the following has been awarded:

Class 1, 11-ounce cloth—Metacalf Bros. Co., New York City, 100,000 yards, at \$2.40 a yard; Deering, Milliken Co., New York City, 400,000 yards, at \$2.61 72-100 a yard; Patterson & Greenough, New York City, 14,500 yards, at \$2.12 a yard.

Class 2, 17 or 18-ounce cloth—Metacalf Bros. & Co., New York City, 165,000 yards, at \$3.70 a yard; Worombo Manufacturing Co., New York City, 100,000 yards, at \$4.20 a yard.

Class 3, 30-ounce cloth—Worombo Manufacturing Co., 23,000 yards, at \$5.75 a yard; Deering, Milliken Co., New York City, 120,000 yards, at \$5.16 1/2 a yard.

PORTO RICAN NEGRO LABOR FOR SOUTH

NEW ORLEANS, La.—Importation of 50,000 laborers, mostly negroes, from Porto Rico, for railroad track work in northern central and southern states is being asked by the American Railway Association according to reports among railroad agents and officials in New Orleans.

Importation of this labor would not violate the Burnett Act, it is contended, because Porto Rico is a territory of the United States. Indeed, the plan to bring in this labor is due to the barrier which the Burnett Act has set up against the importation of Mexicans for track work in the southwest, making the alternative to take workmen from the farms, where the labor shortage, due to the negro exodus, already is serious.

Outrigger Canoe Club Dance

The monthly moonlight dance will be held at the pavilion on Saturday, Sept. 1, beginning at 8:15 p. m.

Non-members wishing to attend will please arrange with a member of the Outrigger Canoe Club or Woman's Auxiliary as soon as possible—Adv.

ADDITIONAL TELEGRAPH NEWS

GERMAN CHANCELLOR VISITS BELGIUM

(Associated Press by U. S. Naval Communication Service)

LONDON, Aug. 28.—George Michaelis, German chancellor, left for Belgium today, according to reports received here. He was expected to visit the country devastated by the fighting and to see the Kaiser.

GEORGE CONGRATULATES EMMANUEL ON VICTORY

(Associated Press by U. S. Naval Communication Service)

LONDON, Aug. 28.—King George V. yesterday sent a personal message of congratulation to King Emmanuel, expressing the pleasure of the British people at the news of the great Italian victory in Istria and requesting the Italian monarch to convey his congratulations to General Cadorna and to the intrepid Italian army.

GALE DOES DAMAGE TO BRITISH CROPS

(Associated Press by U. S. Naval Communication Service)

LONDON, Aug. 28.—A gale which raged throughout last night and early this morning did considerable damage to the standing grain and to the orchards. No estimates of losses have as yet been possible, but the reports of damage to grain and fruit crops are widespread.

MODEL PARADES WITH JEWELS WORTH \$325,000

(Associated Press by U. S. Naval Communication Service)

ST. LOUIS, Mo., Aug. 29.—A beautiful woman model promogated the corridors of the hotel where the convention is being held, and she wore jewels valued at \$325,000.

CANADIAN SENATE PASSES CONSCRIPTION

(Associated Press by U. S. Naval Communication Service)

OTTAWA, Canada, Aug. 29.—Following a bitter fight, which split the political parties in Canada along racial lines and which threatens to create tremendous difficulties between the English-speaking and the French-speaking residents of the Province of Quebec, the Canadian conscription bill passed third reading in the senate yesterday and was immediately signed by the governor general, the Duke of Devonshire, thus becoming law.

TEUTON SUBMARINE FALLS INTO TRAP

(Associated Press by U. S. Naval Communication Service)

AN ATLANTIC PORT, Aug. 29.—How one German submarine fell a victim to a British trap within the past few days is related by the captain of a sunk merchantman, who was brought to this port aboard an arriving liner yesterday. The affair was witnessed by those on the liner on the run through the submarine zone.

The cruiser, apparently having knowledge of the presence of the hostile submarine, was proceeding slowly on her course, as though unsuspecting of danger. The submarine appeared far in her wake, the periscope cutting the water as the underwater craft hurried to get within torpedo range of the cruiser. Suddenly there was an explosion, the hull of the submarine was blown upwards, into full view, and then disappeared in pieces.

The cruiser had been sowing the waters behind her with floating bombs, into one of which the submarine had run. Following the explosion and the destruction of the raider, the cruiser circled back upon her course and the work of picking up the bombs missed by the submarine commenced.

TELEPHONE TEST SUCCESS FROM MOVING TRAIN

Successful experiments with a telephone apparatus installed on a railroad car were carried out Monday by a representative of the signal department of the Canadian government railways and the inventor of the device, the former in the car itself and the latter in the despatch office at the Yonkton yard. The transmission in this system of communication is made through wheel and axle without the assistance of any conducting medium.

Reports of the tests declare that the communication established was in every way satisfactory, although the train was in motion. It is said there was no difficulty in hearing distinctly every word of the messages exchanged.

The experiment was tried on a double track line where the rails are properly "bonded" for the block signal system, but it is claimed that equally good results can be obtained on any track where the rails are similarly "bonded" without regard to the presence or absence of a block signal installation.

Albert Knaus has been appointed janitor of Pohnkaka school in place of A. Freeman, resigned.

Dorothy Dix Talks

THE SLACKER AND MATRIMONY
By DOROTHY DIX
The World's Highest Paid Woman Writer

EVER since the report went forth that a dependent wife could save a man from the conscription draft, the wedding bells have been overworked by slackers who thought that they would find a safe refuge from war in matrimony.

A marriage a minute was the record for a space of time in New York at the matrimonial bureau. And such marriages as many of them were! Boys marrying women old enough to be their mothers, or almost their grandmothers! Men marrying girls with whom they were so little acquainted they had to ask the girl's names in applying for their marriage licenses! Furtive eyed fellows leading women to the altar—men marrying anybody with enough skirts on for them to hide behind. And they all went away to live scrappily ever after.

For what chance of success could such marriages possibly have? What hope of a man making a good husband who entered into the most sacred obligation of life from the basest motives, and who showed by his very act that he was without loyalty, gratitude or any sense of his obligations and duties? You can't build a home on such shifting sand as that.

If it were not such a sordid and contemptible sight, the spectacle of a man getting married to avoid going to war would be one that was sardonically humorous. It is jumping out of the frying pan into the fire with a vengeance, and the slacker bridegroom will find his case similar to that of the circus man who, fleeing from the wife's wrath, took refuge in the lion's cage before which she stood and shook her fist and taunted with him, "Come out of that, you coward, if you dare!"

Certainly the man who thinks he is going to escape fighting by getting married has another guess coming to him. He will find that matrimony is a fight that never ends, a fight of inclination, of temperaments, of tastes, of habits, a fight of all that goes to make up two different personalities—a battle royal over the latch key, over the pocket book, over the wall, the potatoes were cooked, over the multitudinous details that constitute daily life, out of which few come alive and none unmaimed.

Of course the slacker who is afraid to go to war thinks that he would rather fight a woman than a man of his own size. Alas, here, too, he is due to have a bitter awakening from his dreams of safety. A wife fights with her tongue, swifter and more fatal in its action than any machine gun. And she aims every time with deadly and certain knowledge at some weak spot in her husband's character and every shot goes home. And against that fusillade of invective there is no barrage of fire to protect him.

Many a husband, coming home late at night, and exposed to the bombardment of the family circle when his wife turns her Big Berthas upon him and lets him have a broad side of all the burning thoughts she has been thinking while she waited up for him, has wished himself safe in the trenches where there was nothing but a little shrapnel and bombs and things to disturb a man's peace and quiet.

Another thing that the slacker who would rather marry than enlist will find out to his cost is that to avoid a little trouble he has jumped into lifelong trouble. To escape doing his duty to his country for a few months he has made himself responsible for duties that he will have to do to the end of his days. To avoid bearing his part of the burden of citizenship he has taken upon his back a burden that he can never lay down.

For the war, at worst, can only last a very few years. Possibly it will

only last a few months, but when a man is married he is married for a long, long time, and when he makes a cowardly and dastardly marriage, it seems longer.

The slacker who thinks that he is getting out of doing his bit by getting married is as sure as there is a God of Retribution to get his punishment that fits his crime. Something with boiling oil in it, you know. He may save his worthless skin, but he cannot save his soul from torture at the hands of the woman to whom he is married who knows his shame and who lays him with it.

As for the women who marry slackers, they get what they deserve, and worse fate than that there is none.

The man who has no sense of obligation to his country will have no sense of obligation to his family. He will never feel that because he has married a woman and brought children into the world, it is up to him to work and support them. Not he. He will make the kind of a husband that says let George do it, and who goes with his wife back to her home to live on her folks.

The man who will not do his bit for his country will not do his bit for his family. He is lazy and shiftless and worthless and self-indulgent and selfish—the sort of a man who always develops chronic invalidism when there is any real work to be done and who lies down on the job and lets his wife take in boarders to support him.

The man who is afraid to go to the front in battle will always be the man who is afraid to go to the front in life. He is a born piker. He lacks grit and courage and initiative, and the woman who marries him will always have a straw man that she will have to hold up.

The man who hides behind a woman's skirts when his country calls him will make the sort of a husband who follows in Adam's footsteps and lays all of his sins and weaknesses on

his wife's shoulders. If he is a drunk and he will say that his wife drove him to drink. If he fails in business he will declare that his wife's extravagance ruined him. His wife will be a scapegoat offered up for his sins as well as for his cowardice.

The slacker who will not stand by his country in her hour of need is the type of man who is a wife deserter. He is the sort of man who takes the youth and beauty of a woman, who lets her work and pinch, and economize trying to help him get a start in the world, and then when they are prosperous, largely through her efforts, and the woman has grown fat and grizzled headed and lost her good looks, deserts her for some pretty flirty headed young girl.

Or, in another rank of life, he is the man who when his wife is sick and poor and the children are crying, and a new baby is expected in the already overcrowded home nest, puts on his hat and walks out and never comes back any more, leaving his wife to fight alone the hard battle of the poor.

That's the kind of a husband a slacker makes, girls. It takes exactly the same qualities to make a good husband that it does to make a good soldier. It takes courage and determination, and the ability and willingness to fight for hearth and home. It takes loyalty and a consecration to duty and the obligations that one has assumed and if a man defaults on these where his country is concerned he will default on them in private life.

The trouble with a slacker, you see, is that the yellow isn't just in spots. It runs all through. And matrimony is not a cure for it. Don't try it.

Dorothy Dix's articles appear regularly in this paper every Monday, Wednesday and Friday.

BEAUTY CHATS

Well-Formed Limbs

THE FIRST thing a woman wants to improve is her face, the thing most prominent about her, she argues. After that come bust and hips. Until the short skirts came in I had practically no requests for ways and means of making slender ankles and well-formed

bust and no hips, who possesses classically beautiful legs. Fat women, however, invariably have enormous legs. Thin people need not have scrawny ones, however.

First exercise for developing the leg is walking. Next is dancing, and sometimes I think dancing the more important, because the tension of muscles made when the body is supported on the little stick of the finest thing for building a rounded calf and a slim ankle.

One cannot dance all the time, but one can take this little exercise frequently every day. Stand in stocking feet on the toes, and walk all around your room several times. Then run around it. Try it morning and evening, and watch the results.

If the legs are fat, this will strip flesh from them. If they are thin, it will develop muscles. If thin, rubbing them with cocoa butter each night after a hot washing, will also build on flesh. Cocoa butter is one of the richest flesh-nourishers there is. Olive oil is also good—either will make the texture of the skin fine and white.

Questions and Answers

I am an interested reader of your little Beauty Chats and enjoy every bit of them. Can you tell me what will keep the face from chapping? The least bit of wind makes my skin very rough. I have tried several cold creams, but do not get any satisfaction. Also I would thank you to advise if I use hand cream I get my hair chapped. Answering you everything you tell me will be appreciated.—A New Orleans Reader.

Reply—If cold cream does not agree with your skin or prevent chapping, try mixing equal parts of glycerine and rose water, and rubbing that over the face before going out. It will be a little sticky for a moment till it has dried in, after that it feels very refreshing. Henna will make the hair absorb. Better get the first application done by a hair or beauty specialist, to see the result.

What is the best flesh-building food?—Mae. Reply—I'm sorry, I cannot give the names of preparations in this column. Send a self-addressed, stamped envelope and I will mail you a menu for one you can make yourself.

The best way to develop the leg is walking on the toes

legs. But now—the summer's mail has been full of them. The girl going to the shore is equally solicitous.

Good legs are a matter of development, and have less relation to the general health than any other part of the body. I know one woman with absolutely flat

Action On Hawaii Suffrage Bill Not Likely Until 1918

Measure is on Senate Calendar But War Questions Will Take Precedence

By C. S. ALBERT
(Special Star-Bulletin Correspondent.)
WASHINGTON, D. C., Aug. 15.—An additional step forward has been taken in the direction of giving the women of Hawaii equal suffrage rights. This may not mean much in the long run, but it affords enlightenment to those who advocate abolition of distinction between the sexes at the polls.

The bill giving the legislature powers to deal with the qualification of electors has been favorably reported to the senate. It was introduced by Senator Shafroth on June 1 and referred to the committee on Pacific islands and Porto Rico, of which he is chairman. It did not go to the regular committee on woman suffrage. It came back without amendment.

The measure, now on the senate calendar in readiness for action, if that point is reached, follows: "That the legislature of the Territory of Hawaii be, and it is hereby, vested with the power to provide that, in all elections authorized to be held by the organic act of the Territory of Hawaii, female citizens possessing the same qualifications as male citizens shall be entitled to vote.

"Section 2. That the said legislature is further hereby vested with the power to have submitted to the voters of the Territory of Hawaii the question of whether or not the female citizens of the Territory shall be empowered to vote at elections held under the laws of the Territory of Hawaii.

"Section 3. That all provisions of the organic act of the Territory of Hawaii restricting the right to vote to male citizens which are in conflict with the provisions hereof are hereby repealed.

"Section 4. That this Act shall take effect and be enforced from and after its approval, and shall be held to apply to both territorial and municipal elections."

It is not expected any steps will be taken toward passing this bill during the present session of congress. Legislation relating to matters connected with the great war promise to consume all the time. What will be done at the short session, which begins December 3, cannot be predicted. It is doubtful whether an opportunity can be found then for consideration of the suffrage problem in any form.

TO INVESTIGATE ACCIDENT.

Commissioner W. P. Thomas of the public utilities board was named by Chairman Carden yesterday to investigate the death of Hobei Isa, the Japanese boy who was killed in a fatal accident on the Manoa valley street car line last week.

Charles N. Marquez, president and manager of the Office Supply Co., Ltd., ran into and injured W. Gustaferson, a Russian man, Monday night in front of Vida Villa on King street. Gustaferson was taken to the emergency hospital for treatment of a badly cut head and a bruised body.

The supervisors on first reading passed last night a resolution appropriating \$2500 for the curbing, sidewalk, stone wall and piping of Kaimuki park.

DIDN'T WANT TO MARRY MAN; RAN OFF FROM HOME

Part-Hawaiian Girl Aided in Evading Matrimony By Court Officials

Once again Circuit Judge Heen of the juvenile court and Probation Officer Joseph Leal have conspired to foil the plans of Dan Cupid, and this time their conspiracy was an unequalled success.

It was this way: The girl was 15 years old, pretty and part Hawaiian. When she ran away from home recently, neighbors whispered to Officer Leal that something was evidently wrong and asked him to investigate. Officer Leal investigated and located the girl at the home of a friend.

She told Officer Leal a story that he had heard before. Her mother

wanted her to get married to a soldier and she had refused, partly because she didn't care much for the soldier, and partly because she was not inclined to burden herself with marital duties at her youthful age.

So Officer Leal and Judge Heen conspired, and the girl and her mother were brought before juvenile court, where the former told her story to the judge. The mother admitted that a soldier had "come a-courting" and that she favored the plan of having her daughter marry the man in khaki. But the girl, she added, did not take kindly to the idea and had left home.

Judge Heen was of the opinion that the girl did not have to get married if she did not want to, so he chased Dan Cupid out of his office and committed the girl to the Lanakila home.

VIOLIN STUDIO

Fall term begins Sept. 1st at my studio on Beretania avenue, between Punahou and Alexander streets.
CARL MILTNER, Instructor.

"Mutt and Jeff" Creator Goes To Officers, Camp

NEW YORK, Aug. 11.—H. C. (Bud) Fisher, famous cartoonist, humorist and originator of "Mutt and Jeff," will go to an officers' training camp this week. In the same camp will be Rufus Gaynor, son of the late Mayor Gaynor, and Henry Fairfield Osborn, Jr., son of the president of the American museum of natural history.

BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman

after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

For those professionals and amateurs who prefer this highly efficient printing paper we carry a full and complete line of cyko in several grades and weights, both buff and white.
