

A (Rehabilitation)
1 (R^habilitation)

4 Jan 1947

Kwajalein Dist.

(a) The distribution of salvaged dunnage, lumber, corrugated iron, discarded oil drums, cement and paint was continued on all field trips.

(b) (c). The above material was specified for schools and churches. Discarded desks from the Army and old benches were also distributed to all islands visited for the schools.

(d) Repairs to meeting houses, using native materials, was stressed at all council meetings if conditions warranted. Cement was provided where community water catchments needed repairing.
