### WHAT IS A COUGH?

A spasmodic effort to expel the mucus from the bronchial tubes. A cold causes a more abundant secretion of mucus, and when the lungs and bronchial tubes are inflamed, they are extremely sensitive to the irritation. Unless care is taken, the cold may result in pneumonia, which is swift and deadly. If the cold is a lingering one, the more leisurely but equally fatal consumption may set in. Do not neglect a cold or cough. Take Chamberlain's Cough Remedy. It always cures and cures quickly. Sold by all dealers. Benson Smith & Co., general agents.

## VOUCHERS AGAIN

THE TERRITORIAL GRAND JURY IS ABOUT TO TAKE UP THE INVESTIGATION OF "GRAFT" AND OTHER THINGS AN DHAS SUBPOENAED ALL THE KNOWN VOUCHER WITNESSES TO APPEAR MONDAY.

The voucher witnesses are again receiving Grand jury subpoenas. This time it is the Territorial Grand Jury which wants to hear from the men who are supposed to know all about what was spent by the late House of Representatives. They are invited to be on hand next Monday when the jury resumes its sessions.

The vouchers are in the possession of the United States District court, but they will be turned over to the Territorial Jurors if asked for. The new inquiry will follow very much the same lines as the old, it is stated, but it will be different in that the present jury is working under the penal code of Hawaii instead of the federal statutes. It is the opinion of the late federal Grand Jurors that under the ordinary penal statutes the evidence which they heard would lead to indictments. Some interesting results are therefore expected from the new inquiry into the vouchers matter.

## MR. DOOLEY ON HATCH AND THE COUNTY BILL

"Who sint Hatch to Washington?" asked Hennessey, "an' what's th' matter with th' County bill?"

"I don't know what's th' matter with th' bill," said Mr. Dooley. "No wan does. They're a strong praysumption against it, as Hogan would say, on account iv th' lads who passed it, but otherwise 'tis like th' rest iv th' laws of Howai, most iv which ar-re praysumed to be guilty until they ar-re proved innocent. No wan knows what is th' matter with th' law, but they're not a lad who attended th' town meeting that doesn't know 'tis unconstitutional, full iv errors an' onfit fr publication. Ye know th' same ye resill, fr ye haven't r-read it. What's that ye say? Ye don't want Congress to interfere in our affairs? Ye needn't fear, Hinnissey, Congress doesn't want to govern th' islands. Ivry time Congress takes thim up it says 'Lave thim have more self-government, fr we don't like th' job iv governing thim.' Ye can be shoore, Hinnissey, that ye ar-re not half so anxious to have Congress lave th' islands alone as Congress is.

"What do th' islands want?" says th' leader iv th' House to visitors fr'm Honolulu. "I'd like to know, fr I know they don't want it. I'm a frind iv Howai. Ivrywan here is. I'll have me tilphone taken out, I say to his sicerity. Tell th' rist iv th' diligates fr'm Howai that ivry day they ar-re doing more an more to impress us with their fitness fr self-government. Practice makes perfect, an' they're no place under th' flag iv freedom where they're so much practicing done in government as in Howai, where," he says, "ivry lad's a lawyer, an' fit to be gunvor, ivry voter's a leader iv a par-ty an' ivry law is in conflict with th' Organic Act."

"Ye haven't said anything iv what's th' matter with the ac," said Hennessey, "nor have ye said who sint Hatch."

"Th' principle thing that's th' matter with the ac' is its prospects," said Mr. Dooley. "Th' way some people carrv thim out thev're faults to be found with th' Tin Commandmints. An' I think Hatch was sint be Barefut Bill. No wan else will claim th' credit."

## GIVE WAY TO THE COUNTIES

DEPUTY ATTORNEY GENERALS GOING TO PROSECUTE IN OUTSIDE CIRCUITS.

Deputy Attorney Generals Peters and Fleming will both leave just before Christmas to attend sessions of the circuit courts on other islands, about which there is a good deal of uncertainty in connection with the starting of county government. The terms are at Kailua and on Kauai, and both will probably last until after January 4, when the county act goes into effect and the business which the deputy attorney generals are to handle is supposed to be taken hold of by the county attorneys.

"We shall be there ready to prosecute," said Attorney General Andrews, "and if the county attorneys want to take over the work, well and good. If they do not take it over, this department will prosecute while the terms last."

As far as Peters is concerned there is additional doubt on account of reports that Kani, who is elected county attorney, may not qualify. In such an event Peters will have to stay and finish the term. Otherwise Kani may take up the work on January 4. In West Hawaii, Attorney Guy F. Maydwell is expected to qualify and will probably attend the term and be ready to prosecute when the county act goes into effect.

Neither of the deputies is specially pleased at the prospect of starting a term two days before Christmas. The date for the opening was fixed by the late legislature, and is highly unsatisfactory all round. It is expected that both Judges Hardy and Edginga will take an immediate adjournment over Christmas. This will allow Fleming time to prepare for a sumptuous Christmas dinner in the grill room of the Chinese boarding house at Kailua.

## HE SEEKS TO AROUSE CHINA

Dr. Sun Yet Sen the famous Chinese revolutionary leader will hold a meeting tomorrow afternoon at 2 o'clock at the corner of Mikanaka and Hotel streets. He will speak on the subject of the prospects of awakening China and deal with the aims of the reform party of which he is an influential member. It is expected that there will be a large attendance.

## DID NOT SEND FOR DR. GOTO

BOARD OF HEALTH RESUMES USE OF HIS MEDICINES AT LEPER SETTLEMENT.

Dr. Goto, inventor of the Goto treatment for leprosy, will not come to Hawaii to treat the unfortunates at Mokohai, in spite of an appropriation to bring him, as it has been decided not to send for him. The legislature appropriated \$3,000 for Goto's medicines and \$3,000 more for Goto himself, provided that he come here and treat the lepers.

The Board of Health sent for the Goto medicines and their use has been resumed at the Settlement, though the members of the board and physicians generally here have little confidence in them. The lepers, however, have much confidence in the Goto treatment and clamor for it when it is stopped. The medicines are said by physicians to be of temporary benefit in many cases, having a cleansing effect.

In view of the shortage of funds it was decided not to use the \$3,000 to send for Dr. Goto and the government is \$3,000 ahead of the game.

## MORE SHIPS FOR CAPE HORN SUGAR

SUSQUEHANA AND WM. P. FRYE OF SEWALL FLEET HAVE BEEN CHARTERED.

Two more big ships have been chartered for the Cape Horn sugar service. Both of them belong to the Sewall company. They are the ships Susquehanna and the W. M. P. Frye. Castle & Cooke and C. Brewer & Company are to ship in them. The combined tonnage will be close onto 10,000 tons.

Both of the vessels are now in San Francisco where they have been laying up since November. They arrived there from Baltimore with coal. They will be the first of the Cape Horn fleet of sailing vessels to a rise in this port. It is expected that they will be down in the early part of February. It is thought they will each come in ballast, although some general cargo may be put aboard them. The Frye will carry about 5,600 tons of sugar while the capacity of the other vessel will be over 4,000 tons.

## STEAMERS INVADE RIVAL TERRITORY

THE MAUNA LOA IS TO TOUCH AT MAHUKONA AND KAWAIHAE ON BOTH THE OUTWARD AND HOMEWARD VOYAGES WHILE THE KINAU WILL GO TO KAILUA ON THE HOMEWARD TRIP.

The Inter-Island and Wilder Companies are going to cross each other in business. This determination which is in the nature of retaliatory action does not mean that there is to be any freight war or rate cutting. Business interests of the two concerns seems to warrant them in entering into each other's sphere of operations. Three ports are concerned.

According to the plans now in contemplation, the steamer Mauna Loa is to add the ports of Mahukona and Kawaihae to her regular run. She will touch at those ports on both the outward and homeward trips. By adding those ports to her run, she is invading the business that has heretofore been controlled by the Wilder company.

The Wilder company will, it is understood, send the steamer Kinau to the Port of Kailua only on the homeward trips of that vessel. Kailua has been an inter-island port until the present time but with the Kinau calling there the business will probably be divided. The addition of the port will be a great convenience to the Kila people as they will be able to ship freight directly to that place.

The postal authorities have made contracts for having the mails carried to those ports by the two steamers. The runs of the steamers are so arranged as to prevent them meeting in those three ports on every visit. There will be times however on the outward trips when the steamers will get to the ports of Kawaihae and Mahukona at the same time. This may occur when the Mauna Loa goes out on her Tuesday run. The new arrangement goes into effect in about a week.

## HOW THE TAXES WERE PAID IN

THIS YEAR'S NOVEMBER RECEIPTS VERY CLOSE TO THOSE OF LAST YEAR.

The November tax collections of the present year beat those of 1902 by about ten thousand dollars. The figures for the various districts are remarkably close to those of a year ago, indicating a condition of the money market which is about the same as it was twelve months ago. The following table shows the collections made by Collector Pratt in the two years:

	1902.	1903.

## TOWN MEETING HAD NO FUNDS

FAILED TO MAKE PROVISION FOR CABLEING RESOLUTIONS TO DELEGATE KUHIO.

The resolutions passed at the "Town Meeting" last night contain a provision that they shall be cabled to Delegate Kuhio, but no provision was made by the meeting for cabling them. The meeting adjourned without discussing the matter at all, the argument over which set of resolutions should be passed having attracted all the attention, and there is no money in sight as yet with which to do the cabling.

T. McCants Stewart, who introduced the resolutions, said this morning that there would be money forthcoming. He thought that George W. Smith, chairman of the meeting, would see to the matter. "Mr. Tannat called on me this morning and offered to contribute," said Stewart, "and there are others who will do likewise. I expect that Mr. Smith will see to it. A few of us will chip in and make up whatever sum is needed."

## FLEET EXPECTED HERE TUESDAY

PREPARATIONS BEING MADE TO COAL THE VESSELS FROM BOTH SIDES.

The fleet from Yokohama is not expected before Tuesday. On Monday preparations will be made for coaling the vessels of the advance detachment. Four big Naval scows will be loaded with coal. The idea in putting coal aboard the scows is to facilitate the work of coaling the cruisers. The four cruisers will be coaled rapidly when they arrive.

The plan is to put two of the cruisers in Naval ship No. 1 one alongside the Waikiki side of Naval Wharf No. 2, while the fourth vessel will go alongside the Pacific Mail wharf. The scows will be put alongside the vessels so that the coaling can be done from both sides. The battleship division of the fleet will probably arrive in about a week.

## PRIZES FOR THE FIRST ARRIVAL

WATER FRONT PEOPLE TALKING OF OFFERING PRIZE TO FIRST OF COAL FLEET TO ARRIVE.

Local shipping people are becoming disgusted with the general condition of dullness that has been prevailing for the last month. A collection is going to be taken to purchase a Christmas present for the first boat from Newcastle to arrive in Honolulu. The coal fleet is a long time out now and unless some of the boats begin to arrive there will soon be a much smaller supply of coal on hand than usual.

There are now only five sailing vessels in port and only one of these is loading.

The first business of any size will probably occur next week when the S. American will arrive from Seattle to load 4,000 tons of sugar for Delaware Breakwater.

## SUGAR FOR THE ATLANTIC.

The contracts that the American-Hawaiian S. S. line have signed with the plantations for carrying sugar next year will give the company about 165,000 tons for transportation to Delaware Breakwater and San Francisco. Of this amount 120,000 tons will go to the former place. The Alaskan, Californian, Hawaiian, Nebraskan, Texan, Arizonan and Oregonian will comprise the Delaware Breakwater fleet. The S. S. Nevada will be the only vessel on the San Francisco-Honolulu run. Of the 45,000 tons of sugar that will be carried during the season by the Nevada 35,000 tons will come from Kahului from Alexander and Baldwin plantations and the Wailuku Company.

## HEALANI SMOKER SUCCESSFUL.

The Healan Club gave a successful smoker last evening at the club house. "Remington" Harrison, Bert Webster, Sam Walker, Allan Dunn, Dan Renear and F. J. Church were the committee having the affair in charge. A very successful program was arranged. The Woods brothers in their burlesque four round set-to were very amusing and made quite a hit. Allan Dunn, George Kunkel, Guy Livingston, Bruce Hartman, "Sonny" Cunha, Ernest Kaal & Co., Ltd. Mr. Vandel and members of the James Neill and Sanford companies contributed to the success of the affair with recitations and musical selections. Refreshments were served.

## MERRY CHRISTMAS IN KONA.

There will be a Merry Christmas in the Kona districts. Preparations for an elaborate celebration of the holidays are being made. Three days commencing with Christmas, will be given up to the celebration. The sports consisting of horse racing running and similar athletic contests will be held at Kailua. Luau's will be given.

## ECLIPSE TO RUN TO KAUAL.

The gasoline schooner Eclipse will be taken off her Maui and Hawaii run and be operated exclusively to Anahola Kauai next year. Negotiations have been completed whereby the Eclipse is to haul all of the sugar from Anahola for the Spaulding interests. The vessel will leave Honolulu on her first trip to Anahola the first Monday of the new year. The Inter-island company has taken up the contract now held by the Eclipse people to haul the Kailua sugar to Honolulu. The Eclipse will be the first gasoline boat to operate to Kauai in a long time. The gasoline schooner Malolo was taken off about a year ago by the Inter-island company. The Hawaiian Navigation company which formerly operated the Eclipse and the Surprise, ran the Surprise to Kauai over two years ago. The Surprise was wrecked at Koloa.

## CIRCUIT COURT NOTES.

Alfred S. Hartwell and Cecil Brown, attorneys for defendant in the action of ejectment of Henry Smith vs. Hamakua Mill Co., have filed a motion for judgment notwithstanding the verdict on these grounds, viz:

"1. That on the plaintiff's own showing, and if there were no evidence for the defendant, the plaintiff would be entitled to no more than one undivided eighth of the ahupua'a of Kohala, and not an undivided fourth thereof as claimed by him and found by verdict of the jury.

"2. That upon the undisputed and uncontradicted facts shown by all the evidence in said cause, the defendant's defense of the statute of limitations was and is fully sustained, both in fact and in law."

F. A. Schaefer, trustee of the estate of A. A. Corniot, dec'd., has rendered his account. It shows receipts of \$17,524.94 and expenditures of \$16,702.74, leaving a balance of \$822.20. Hawaiian Government bonds to the amount of \$12,500 having been redeemed, the proceeds were invested in a mortgage. The inventory shows fee simple in store property at King and River streets, and personally in securities and cash amounting to \$15,522.20.

Judge Robinson appointed Heallilo Kapolu temporary administrator of the estate of Kaili Pokini, being a fire claim valued at \$77.15, under bond of \$80 with all costs but actual remitted.

## ENGLAND IS NEVER READY.

LONDON, November 18.—General Lord Wolsey's interesting volumes, constituting his "Story of a Soldier's Life," published here, only brings the story of his career up to the Ashantee war, but incidentally they are a strong attack on the administration and a defense of the two branches of the service.

Lord Wolsey describes England as "the unready nation" and says "We are never ready for war, yet we never have had a cabinet which would dare tell the people this truth. Our absolute unreadiness for war is known to all our thoughtful soldiers and without doubt all the details which go to make up the fact are duly recorded and docketed in the war office of every European nation."

Lord Wolsey adjures the "iconoclastic civilian officials" of Pall Mall to keep their hands off the regiment and strongly denounces the present system of appointing civilian war ministers, under which, he declares, "we shall never have an army ready for rapid mobilization."

Among the interesting reflections scattered through the book is the expression of the writer's opinion that the Chinese are the most remarkable race on earth and are destined to be the great coming rulers of the world.

**TOWN MEETING  
ON COUNTY BILL**

HATCH'S MISSION APPROVED AND THE COMMITTEE RESOLUTIONS ADOPTED.

The Town meeting at the Orpheum last night drew a thoroughly crowded house. Hatch's mission to Washington was endorsed by the adoption of resolutions declaring in favor of the bill just introduced by Delegate Kuhio, and the report of the committee appointed at the previous meeting was adopted. Ashford offered some resolutions denouncing the Hatch mission, but he hadn't a corporal's guard when it came to a vote. The action of the crowded house was nearly unanimous.

The meeting was opened by George W. Smith, and on motion of Lorrin Andrews he was made chairman. J. L. Holt was chosen secretary. John A. Hughes presented the report of the committee which was as follows:

"Whereas: Certain differences of opinion have arisen in regard to the County Act passed by the last Legislature, and

"Whereas, it is desirable at this time that public sentiment should be expressed with regard to the situation, therefore be it

"Resolved: that we believe in local control of local affairs and we therefore advocate an immediate test case before the Supreme Court of the Territory.

"Resolved, that we appeal to the Bar Association of Honolulu to prepare at once a test case for submission before said court.

"Resolved, that in the event of the County Act being declared invalidated that we advocate the immediate calling of the Legislature for the purpose of re-enacting a proper County law.

"Resolved: That a copy of these resolutions be sent to the Governor of the Territory and the President of the Bar Association."

Hughes spoke in favor of the report and then Chairman Smith presented rules for debate, over which there was some discussion. Clem Quinn, Stewart, Ashford, Humphreys and Lorrin Andrews taking part. It was finally decided that a vote be taken on the resolutions not later than 9:30 o'clock, and that speeches be confined to the resolution and limited to ten minutes. Kumalae proposed an interpreter, but was heavily sat on, and subsided for the evening. L. A. Thurston spoke in favor of the report of the committee, his main argument being that as a bill had already been introduced in Congress, Hawaii had better not fight it. He said in part:

"I was and still am opposed to such an expedition as that of Mr. Hatch, for the reasons which were pretty well stated at the last public meeting. But the conditions have changed entirely from those of a week ago. At that time it was proposed to do something. Now something has been done. The matter has been presented before Congress and there are now reasons why we should not take a stand against it and present a divided front to Congress. We must present one united front and not do as California has been doing, sending divided delegations to Washington. Although I am opposed to Mr. Hatch's going to Washington, and believe that we are able to take care of our own local affairs yet the bill to approve the county act having been already introduced, I for one believe that we should leave the matter entirely alone and not present a wrangling front in Congress."

Remarks were made by E. P. Dole and Stewart, the latter introducing the following resolutions:

"Whereas, the Governor and other citizens acting through F. M. Hatch, Esq., have caused a bill to be introduced in Congress by our Delegate, whose object is to remedy the defects in and remove the cloud from our County Act; and

"Whereas, we favor the immediate establishment of county government, and believe that prompt action by Congress will prevent legal complications and governmental confusion, and will save money to the taxpayers; therefore

"Resolved, by the citizens of Honolulu in a non-partisan mass meeting, that we hereby approve the action of the Governor, and endorse the bill introduced in Congress by our Delegate and appearing in the Honolulu newspapers of today.

"Resolved that this resolution be called to our Delegate and the President."

Ashford introduced the following resolutions:

"Whereas, Mr. F. M. Hatch has gone to Washington at the behest of a few citizens, whose identity is held in secrecy, for the purpose of securing enactment by Congress of legislation in regard to the organization of County Government in Hawaii; and

"Whereas, we deem such proposed legislation by Congress to be a reflection upon the intelligence of our people, their ability to achieve their own desires and their capacity for local self government;

"Therefore Be it Resolved, by the citizens, voters and taxpayers of Honolulu in a non-partisan mass meeting assembled: That Mr. F. M. Hatch does not in any sense represent the people of this Territory in his said mission and has no authority to express their hopes or wishes; that we earnestly beseech Congress not to enact the bill proposed by Mr. Hatch, or any other bill in regard to the organization and government of counties in Hawaii, without first giving the people of Hawaii an opportunity to be heard thereon; and

"Be it Further Resolved: that copies of this resolution be called to our Delegate in Congress, the Speaker of the House of Representatives, and the President of the Senate."

L. R. Crook, George Markham, Senator Achi, Clem Quinn, James Quinn, F. W. Terrill, Moroff, Hughes, G. B. McClellan and John Humphreys were heard from. Markham and Moroff furnished the comedy. In the midst of one of Markham's addresses to the chair and while his arms were making wondrous gyrations, Police Captain Kanui gently escorted him from the hall and Markham faded for the evening. Moroff was induced to sit down after the meeting had first joshed him, and then listened to him and found that there was little chance to find out what he was talking about.

The committee resolutions were adopted with only a few straggling, half-hearted noes. Ashford moved to adjourn and his voice was drowned in a chorus of opposition. Then the Stewart resolutions were adopted and the meeting adjourned.

**Electricity in the Home  
And Why You Should Use It.**

Incandescent electric lighting is indispensable to the comfort of the modern home.

The quality of the light is far superior to any other.

The cost is very slightly above kerosene.

The annoyances of broken lamp chimneys, smoke, trimmings of wicks, excessive heat, disagreeable odor, refilling of lamps, etc., are entirely removed by use of electricity.

A simple turn of the switch in the wall or chandelier gives instant light and saves groping about for matches.

The light can be left burning without danger of fire while occupants are out of the house.

The quality of light is soft, steady and white—the quantity to suit your needs.

We have numerous devices for saving light and valuable suggestions for old, as well as new subscribers.

The conveniences and desirable features of electricity over all other illuminators are innumerable and we will take pleasure in telling you the cost of house wiring and fixtures.

## WINNING OUT.

The campaign against Governor Carter's action to prevent the defeat of the County Act has ended in ignominious failure. As ex-Attorney General Dole pointed out it was well to have two strings to our bow. The meeting which was relied on to turn the act down, endorsed the Governor's action, and further provided for work in our own courts if Congress failed to pass the necessary legislation with regard to the Organic Act. It is the Organic Act, and not the County bill that Congress is asked to amend.

It is nothing new for a Governor to ask for an amendment to the Organic Act. In each of the three annual reports which the Governor has forwarded to the Secretary of the Interior, there have been suggestions for amendment of that act, and no one has known what the suggestions were until the report appeared in print. There have been suggestions for Federal expenditures, and no one has been consulted in the matter.

It is all nonsense to say that people voted in support of the Hatch resolution because Delegate Kuhio had already put the bill into Congress. They voted in support of the Hatch resolution, because they were satisfied that the best possible course had been taken, and because they saw that an effort was being made to defeat the County bill, if it were possible. There were two factions. The one consisting of those who have always been against the bill, and would be glad to see it fail. The other made up of Home Rulers who want the credit of a County bill themselves, and would like to make out that the Republican party did not keep its pledges.

The result of the so-called "town meeting" was a victory not much for Governor Carter, as for the Republican party. It showed the force and strength of the Republican organization in the Territory and it showed the enemies of the County Act that the true Republicans were honest in the principles and were determined to carry out all their pledges. Nothing could be more satisfactory than the outcome of last night's meeting.

## PURE FOOD.

The question of pure food has been under discussion by commissions on the authority of acts of Congress of June 3, 1902, and March 3, 1903. The official commission, thus created, have formulated their food standards and they have been approved and proclaimed by Secretary Wilson of the Department of Agriculture. This is a great step forward in the battle against impure and adulterated food.

The standards consist in the main of definitions and statements of chemical limits. Under them are embraced meat and milk and their products, sugar and related substances, spices, cocoa and cocoa products. For the meat products no chemical limits are named, the standard being fixed by definition only, which enumerates good sound and properly prepared edible parts of animals in good health at the time of slaughter. Whether these standards can be made to cover the great packing houses of the beef trust is a question, "properly prepared edible parts of animals" is a somewhat vague definition. It certainly would not cover goat, sold as mutton.

The milk standard is clear. It is fixed at not less than twelve per cent of total solids, not less than eight and a half per cent of solids not fat and not less than three and one-fourth per cent of milk fat. Condensed milks and cream have other standards. Condensed milk must contain not less than 28 per cent of milk solid, of which one-quarter must be milk fat, and cream must have 18 per cent of milk fat. Standards have also been fixed for butter, sirups, spices and cocoa. Whiskey and other liquors will be included later.

If there could be uniformity of standard throughout the states and territories there would be an immense gain. Our food commissioner, Mr. Shorey, when looking up the standards of those states which had adopted pure food laws, found that there was a wide discrepancy in their standards. The National Association of the Pure Food Commissioners has recommended that the standards fixed by them should be adopted by all the states, a step which would render the national and state regulation of food products uniform.

There is nothing that the laboring and poorer classes are more interested in than pure food. Given good wholesome pure food, and a man or a woman can work and not wear out. Given unwholesome, adulterated food and the human machinery soon runs down. Pure food is of the highest importance, and laws which fix a standard are most valuable. But it is no good having a standard if there is not a heavy penalty. The penalty should be the destruction of products which fall below standard or are adulterated. As has been often pointed out in these columns fines have no effect upon the milk dealers of Honolulu. The same names appear over and over again in the police court. If, however, the food inspector had the authority, as is allowed in many places, to dump the whole contents of the milk cans into the road, a sudden stop would be given to the sale of milk below standard.

## HAWAII'S STATUS.

Some interesting figures upon cane producing countries have been recently published, attention to Hawaii having been drawn by the report of our crop being 420,000 tons or 840,000,000 pounds. The Territory of Hawaii now stands third in the list of sections producing cane sugar for exportation. It may here be noted that all the great cane sugar exporting places in the world are islands. China and India are large producers of cane sugar, but they consume practically all they manufacture and their exportation need not be considered.

Of the islands producing and exporting cane sugar, Cuba heads the list with an annual exportation under normal condition of 2,000,000,000 pounds. The next in order, and somewhat close to Cuba is Java with 1,500,000,000 pounds, and then comes Hawaii with a production for exportation very near the 1,000,000,000 pound mark. When we consider the area and the teeming population of the two former islands, and compare them with the area and small population of the Hawaiian Islands we can form some idea of the energy and skill of those engaged in our chief industry. The population of Cuba is well on to one million and three-quarters, that of Java is over three millions. The population of the Territory of Hawaii is but 154,000. Yet Cuba only produces twice as much sugar as we do, and Java only one and a half times as much.

Sugar production in the Hawaiian Islands has developed much more rapidly during the last thirty years than in any other cane-producing section of the world. The production in Java grew from 432,320,000 pounds in 1875 to 1,887,800,000 pounds in 1903, or less than five times as much in 1903 as in 1875. Cuba has increased its production from 1,736,000,000 pounds in 1873 to 2,183,000,000 in 1903, while that of Hawaii has grown from 23,000,000 pounds in 1873 to 840,000,000 in 1903. Thus, Java's production is now less than five times that of 1873, that of Cuba has increased less than 50 per cent, while that of Hawaii is about thirty-five times as great as in 1873. Meantime, the cane-sugar production of the world has grown from 1,793,000 tons in 1873 to 4,118,000 tons in 1903, having about trebled during that period. The beet-sugar production of the world has grown from 1,210,000 tons in 1873 to 5,520,000 tons in 1903, being about four and one-half times as much in 1903 as in 1873.

The opening of Pearl Harbor ought to be an occasion for some display and rejoicing. To see Pearl Harbor a part of the Island of Oahu, has been the dream of many an old resident. To have lived to realize that dream is a great satisfaction. Commissioners, military men, naval men of all nations, Senators, members of the House of Representatives have sailed over its waters, have pulled over them in men of war boats, have skinned over them in steam launches, and have speculated upon the chances of the bar being cut through. Many a former minister has descended upon the value of the lochs. H. A. P. Carter, Mott-Smith, De Varigny, Harris, W. L. Green and many another has realized what an asset they were to the group in general and to Oahu in particular. With Pearl Harbor open the commanding position of Oahu is assured. The opening of the harbor should therefore be celebrated in fitting style, for it marks an era in our annals.

National Committeeman Parker seems to be more interested in coquetting with Home Rule interests in Hawaii, than he does over the great interests of the Republican party in Washington, where the location of the next national convention is being settled. He is conspicuous by his absence.

So we shall have a High Sheriff for the Territory, though he draws no pay from that source. The organic act requires a High Sheriff.

Senator Bard talked in the Senate for the benefit of his constituents in California. However much one may agree with Senator Bard, there is little doubt but that the reduction of tariff or preferential benefit will be obtained.

The Colombians who landed at Darien, having had a look at Uncle Sam's ships, and sized up the appearance of his marines and blue jackets, and moreover having come to the conclusion that there was no bluff in the matter, but a very sharp and unpleasant fight, determined to return whence they had come. This was a very wise move on the part of the Colombians. In fact the politicians of Bogota have been learning a good deal lately and are wiser than they were.

Jonah Kumalae learned last night has up to the present been under the impression that Hawaii annexed the United States.

There is quite a political storm in Japan. The Japanese parliament will not back down over its censure of the ministry, which is really a censure of the Emperor's pacific speech, and that body has consequently been dissolved. If a more radical parliament should be re-elected, which is highly probable in

## NEW PASTOR FOR HILO CHURCH

REV. CURTIS E. SHIELDS ARRIVES IN HILO TO TAKE THE PASTORATE THERE OF THE FIRST FOREIGN CHURCH—IS AN OHIOAN AND HAS BEEN THREE YEARS IN THE MINISTRY.

HILO, Dec. 11.—Rev. Curtis E. Shields, Mrs. Shields and two-year-old daughter arrived from San Francisco by the Santiago Wednesday. They came to Hilo in response to a call from the First Foreign Church and the first service under the pastorate of Mr. Shields will be next Sunday morning. For a few days the new pastor and his family will be at the home of Mr. and Mrs. E. N. Holmes.

Both Mr. and Mrs. Shields are Ohioans and were class mates in Wooster University of that state, graduating in 1895. In 1900 Mr. Shields finished his theological studies at Lane Seminary, Cincinnati and has been in the active ministry a little more than three years.

With one day's observation Mr. Shields is greatly pleased with Hilo and says he finds it true to its reputation and fame—the prettiest spot on earth.

### CHINESE SHOT IN THE BACK.

Matsumoto is at the police station for investigation. He is charged with shooting a Chinese named Ah Chan this afternoon. The Chinese was passing the residence of Matsumoto on Beretania street near River and was shot in the left side of the back near the seventh rib. The Chinese was taken to the police station and his injury, which was not serious so far as the first examination determined, was dressed. The bullet was a 22-calibre and is still lodging in the flesh. The Jap claim that the revolver fell from a shelf and exploded, the bullet striking the Chinese. The latter claims that the Jap deliberately shot him in the back.

### HILOIES INVITED.

A number of Hilo people received invitations by the Kinau to attend the inaugural ball at Honolulu. They were all rushing to the wireless office to reserve suites in the Young Hotel when looking at their cards again, it was discovered that the ball was already an historical fact. It occurred Tuesday evening December 8. The invitations arrived in Hilo the 9th.—Hilo Tribune.

### KONA LAND SOLD.

An auction sale of land in Kona was held today at the Judiciary Building by J. F. Morgan. The property was 5,180 acres, sold under foreclosure decree in the case of M. F. Scott vs. E. K. Pilipi and others. The upset price was \$5,000. The property was knocked down to J. A. Maguire for \$10,300.

### TOWN MEETING RESOLUTIONS.

The resolutions adopted at the meeting in the Orpheum last night were sent to Governor Carter today, and will be cabled to Prince Kuhio. Secretary Atkinson is to be asked to do it as Secretary of the Territory. If he does not do so, the cable will be paid for by subscription.

## CABBY BROWN WINS OUT

SUPREME COURT SUSTAINS HIM AS MANAGER OF THE JOHN IT ESTATE.

The Supreme Court this morning rendered a decision in the case of Charles A. Brown vs. A. W. Carter and others, trustees of the John It Estate, in which Brown's contention that he cannot be removed as manager of the estate except by a two-thirds vote, are sustained. The court leaves many questions as to the rights of the plaintiff undecided. Brown's suit was brought for an injunction, to restrain the corporation, as represented by his former wife's interests, from enforcing new by-laws under which it claimed the right to remove him, in spite of his contract calling for a two-thirds vote of the stockholders to do so. The court reverses the decree allowing an injunction, to Brown as premature, but sustains Brown's main contentions.

The decision says: "Assuming that the contract between the plaintiff and the corporation or the plaintiff and the other members, contained in the articles, is valid as far as it goes, we must hold at least that the plaintiff is subject to removal, and that, too, without liability on the part of the corporation to damages for breach of contract, in case he proves unwilling or unable to perform the duties of his office as required on his part by the contract itself, and that equity should not compel the corporation by injunction to retain in office one who will not or cannot perform its duties. To do otherwise would be not only to permit but to compel the corporation to disable itself from fulfilling the purposes for which it was created, to enforce a contract against one party and allow it to be violated by the other and to aid one who comes into equity with unclean hands. How far equity should interfere to see that the corporation, if it should attempt to remove the plaintiff from his office, acts in a legal manner, how far it should go in interfering with the findings of fact or final decision of the stockholders in case they should act in a lawful manner or how far it should go in saying to what extent the terms of the original trust deed may be considered as incorporated in the articles or how far they are binding on the corporation in so far as they are or are not incorporated in the articles, are questions that it seems premature to decide at present. The by-laws have been adopted. No injunction is asked against their adoption. No objection is made to the provisions of many of them. Some at least to which objections are made as to the plaintiff are not objected to as to others. All seem reasonable except in so far as they may interfere with vested rights. The corporation has not attempted to enforce any of them against the plaintiff. It is not clear that it will. If it shall attempt to remove the plaintiff, it is not clear on what grounds it will attempt to do so, or how far it will rely on the by-laws in making such attempt. There are many nice questions of law involved as to the construction of the articles and by-laws, many of which have not been argued, in addition to the many possible variations in conditions of fact. The plaintiff practically asks the court to go through the articles and by-laws and construe them with reference to various hypothetical states of fact and declare how far he and the corporation

may go under them in various directions. It will be time to decide specific questions when they arise. Equity should not attempt to delineate the paths which the plaintiff and the corporation may take or the limits to which they may go or attempt to control them by injunction at this stage—especially considering how reluctant equity is to interfere with the management of corporations or even to grant injunctions at all except in clear cases or to specifically enforce hard contracts.

"The decree appealed from is reversed and the case remanded to the Circuit Judge with directions to dismiss the bill and for any other proceedings not inconsistent with this opinion.

"Hatch & Stillman, J. A. Magoon and T. I. Dillon for plaintiff.

"Robertson & Wilder for defendants other than the Guardian ad litem.

"A. S. Hartwell for Guardian ad litem."

## FRED ARMSTRONG DIED YESTERDAY

EXPIRED AT PAIA—THE NEWS OF DEATH WAS BROUGHT BY THE STEAMER KINAU.

News of the death of Fred S. Armstrong was brought today by the steamer Kinau. Armstrong died at Paia yesterday afternoon at 5:15 o'clock. The sick man died from the effects of a stroke of paralysis sustained last Sunday. He had been unconscious ever since the attack and his condition had gradually grown worse. No details of the funeral arrangements were received.

The deceased was a son of the late Goodale Armstrong one of the early residents of the Hawaiian Islands and for years a circuit judge on the island of Maui. Three brothers and a sister survive young Armstrong. They are Wade and William Armstrong who are now in California. Frank Armstrong of Castle and Cooke and Mrs. Edgar Halstead who went recently to Mexico to reside. Frank Armstrong went to Paia last Tuesday in response to the news of his brother's illness.

## WAR SITUATION VERY ALARMING

CHIEF OF ARTILLERY SAYS THAT ONLY THIRD OFFICERS AMERICAN CORPS HAVE EXPERIENCE.

WASHINGTON, D. C., November 25.—Brigadier General Wallace Randolph, chief of artillery, in his annual report, made public today, calls attention to the fact that only about 34 per cent of the total number of artillery officers present for duty have had over five years' experience in the artillery. "The gravity of this situation," he says, "will be readily appreciated when it is recalled that at the present time the duties and responsibilities of an artillery officer are greater than ever before."

The report states that the regular establishment coast artillery consists of 124 companies, 95 an aggregate maximum strength of 125 officers and 12,714 enlisted men. General Randolph believes it to be essential to efficiency

in war that the regular artillery establishment be ultimately increased to 751 officers and about 22,000 enlisted men. He says it is a problem how to secure efficient support by the militia in the mobilization of the coast defenses.

## NEW RULE FOR POSTMASTERS

WASHINGTON, November 26.—A new rule has been instituted regarding fourth-class Postmasters. It was discovered by Representative Needham the other day when he went to see Fourth Assistant Postmaster-General Bristow regarding a little office in the Sixth California district. It has been the custom, when a Postmaster has served four years, either to reappoint him or give another man a chance. In this case the Postmaster had served six years, and Needham had a new man to recommend. Bristow politely declined to take the responsibility of making a change, and told Needham to see Postmaster-General Payne. Needham saw Payne, who gave him a peculiar look and said: "You will have to see the President."

Needham, marveling that the President should bother his head over a fourth-class Postoffice, went to the White House today and saw Roosevelt.

"I don't like to bother you," said Needham to the President, "but I come here by reference from the Postmaster-General." Then he stated his case.

"Is the present Postmaster a lady or a veteran?" asked the President.

"Well, he is not a lady," replied Needham, "but I'm not sure but he may be a veteran. I will ascertain if you wish."

"I wish you would," said the President. "I do not wish to disturb any fourth-class Postmaster who is a lady or veteran without very strong reasons."

Half a dozen Congressmen have had experience similar to Needham's, and the word is now pretty well scattered that fourth-class Postmasters who have the fortune to be of the gentle sex or old soldiers are sure of holding their jobs while Roosevelt is in the White House.

PRISONERS FROM HAWAII.  
Internal Revenue Inspector Drake returned from Hawaii today on the Kinau with four prisoners charged with distilling okolehao.

LIGHT INDEED.

"And after the elopement," he whispered tenderly, "we will go to light housekeeping."

"Lighthouse keeping?" she echoed innocently. "Then all we'll need will be a big lamp."

**All Run Down**

When your vitality is low, you are miserable all the time. Your nerves are weak and your appetite is poor. You have no ambition, and you are languid and depressed all the time.

What you need is a good strong tonic, as described by Mrs. H. Austin, of Wellington, New Zealand. She sends her photograph and says:

"I was so weak and tired all the time that I could not sleep at night. Or, if I did sleep, I was as tired in the morning as when I went to bed. I was all run down. I then tried Ayer's Sarsaparilla. After taking two bottles I found myself greatly improved, and soon I was completely restored to health. I think it is a great family medicine."

There are many imitation "Sarsaparillas." Be sure you get Ayer's.

You will improve faster by using Ayer's Pills with the Sarsaparilla. Take just enough each night to have one good, free movement of the bowels the day following.

**CHECK RAVAGES OF CONSUMPTION**

NEW YORK'S VIGOROUS WAR ON DREAD DISEASE ATTENDED WITH REMARKABLE SUCCESS.

NEW YORK, November 29.—In less than two years a remarkable check has been placed on the ravages of consumption and its horrors have been minimized in New York city by the joint energy, persistence and determination of two of the city's departments—health and charities.

Among the effective methods taken in the war on tuberculosis was an amendment to the sanitary code declaring pulmonary tuberculosis contagious and infectious and making it the duty of physicians and all officials of public and private institutions to report all such cases to the sanitary bureau. The next important measure was the setting apart of a building on Blackwell's island for the exclusive use of consumptives and the transfer thereto of patients who had been scattered through the wards of the Bellevue, City, Metropolitan and Alma House hospitals.

The most effective of all measures is that by which the Health Department co-operated intimately with the Department of Charities in ferreting out cases and providing for their treatment. The disease is now supervised to such an extent that it is almost as difficult for a tuberculosis patient to go undetected as it is for a man accused of crime. The plan now is to build a municipal sanatorium for tuberculosis patients. An appropriation of \$400,000 is asked for this purpose. Architects have prepared plans.

The record of cases at Blackwell's island throws light on this disease that is more or less significant. The information as to recreation among the patients prior to their coming to the infirmary showed the saloon to be first in the order of popularity and the church last, 44 per cent of the patients being hard drinkers, 43 moderate drinkers, 11 occasional drinkers and only 2 per cent abstainers.

**FRICITION WITH SAN DOMINGO.**  
Associated Press, Morning Service.

SAN DOMINGO, December 12.—The Provisional government announces that it will not accept the late government's settlement of American claims. Minister Powell has replied that the United States will not recognize the Provisional regime until it complies with the terms of the agreement. The finances of the Provisional government are in a desperate condition.

**MACARTHUR AND THE CABINET.**

Associated Press, Morning Service.

WASHINGTON, December 12.—The cabinet today discussed the case of Major General MacArthur who is reported to have declared, at Honolulu, that a war with Germany is impending and that, in the Spanish war, German-Americans were not patriotic. It is believed that Secretary Root will, before taking disciplinary action and in fairness to General MacArthur, call upon him for an explanation.

**A STRENUOUS CONSUL.**

Associated Press, Morning Service.

WASHINGTON, December 12.—The Turkish Minister, Cheikh Bey, has officially explained to the State Department that the United States Consul at Alexandria was mobbed because, after seeking to procure the illegal emigration of a Turkish subject, he attacked and beat a police officer.

**JAPANESE DIET DISSOLVED.**

SAN FRANCISCO, December 12.—Johnson got the decision in the glove fight.

**THE COWBOY AND THE LADY**

The Neill company this evening will step upon the stage clad in all the panoply of western garb and custom. "Cow-boy life, its chivalry, side by side with its roughness will be depicted in Fitch's recent success of the Cowboy and the Lady, a play that under Nat Goodwin's artistic handling made a wide success.

The play has touches that remind one of the author of "Miles" and the "Luck of Roaring Camp." It is almost idyllic in spots and the romance and the chivalry for womanhood that is only half hidden by the frontiersman's rough garb and rougher customs, crops out through the plot like a vein of gold in a Colorado mine.

Humor there is in plenty and melodrama though the author never oversteps the bonds of possibility or indeed of local happenings. There is of course appropriate scenery and the costuming is typical. The scenes are laid at the ranch, in the dancehall, and at the Silverville court house where all comes to a happy denouement.

**ROUGH WEATHER AT MIDWAY.**

There has been rough weather at Midway Island. The transport Logan is expected to arrive there tomorrow. She may have trouble landing her stores at the island. Nothing has been heard from the cruiser fleet now coming to Honolulu from Yokohama.

To Prevent Croup, begin in time. The first symptoms is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given, all tendency to croup will soon disappear. Even after the croupy cough has developed, it will prevent the attack. There is no danger in giving this remedy as it contains nothing injurious. It always cures and cures quickly. Sold by all dealers. Benson, Smith & Co., general agents.

**\$100.00 IN GOLD COIN****For School Children**

Campaign NOW OPEN And Closes On Saturday December 19

Prizes Will Be Awarded On December 22

**Details of Plan**

The Star's idea is to gain the services of every bright school boy and girl in Honolulu and is willing to pay liberally for their aid. The work will not interfere with their school duties; it can be accomplished after hours by devoting one or more hours each day to a thorough canvass of their neighborhood to gain subscribers for the Star. For this service we will pay school children ONE HALF of all new subscriptions they may receive. If 75 cents is collected for one month the boy or girl will receive 37½ cents; if \$2.00 is collected for one quarter, we will hand over one dollar; if \$8.00 is collected for one year, we will give the little business man or little business woman \$4.00.

In addition to the generous commission the Star will award the sum of One Hundred Dollars in gold coin, divided into four prizes. The boy or girl who secures the largest number of new subscribers will be paid \$50.00; prize for second highest number \$25.00; third prize, \$15.00; fourth prize, \$10.00.

With energy, perseverance and tact, any bright school girl or boy may easily make some Christmas money and win a cash prize and the reward in each case will be worth the effort. At this season of the year it is an easy matter to gain subscribers for The Star.

Subscription envelopes of the following form, which may be had at THE STAR office, must be filled out in ink by the subscriber to constitute a bona fide new subscription. Subscription made in any other form will not be considered in the contest.

**THE HAWAIIAN STAR,**

Honolulu, Hawaii:

I desire to become a subscriber to THE HAWAIIAN STAR through the personal solicitation of name (of boy or girl).....

Address.....

Please deliver THE STAR beginning.....

I certify that I am not a subscriber at present and that this is a bona fide subscription.

I enclose 75 cents for one month's subscription, which please continue until further notice. If at any time after the first month I decide that I do not wish the paper continued, I will so notify the office.

Subscriber's Name.....

Address.....

1903.....

The time to start to work is right away, for those who start in with a will early in the contest are most apt to reap the richest harvest. The contest ends December 19, 1903.

Any one calling at The Star Office will be given a sufficient quantity of subscription envelopes, as above, to start the girls and boys at work.

You Will Be Happy if Well.

Paine's Celery  
Compound

Bestows that Health and  
Vigor that Makes Liv-  
ing a Pleasure.

If you are sick and out-of-sorts, it is in your  
power to make yourself healthy, strong, and  
happy.

There is not the slightest reason why you  
should go through life feeling sickly, miserable,  
languid, and melancholic. To be well and  
strong, means happiness and true joy.

If you are sleepless, rheumatic, neuralgic,  
dyspeptic, or have the shadows of disease  
hovering over you; if you are not as bright,  
energetic, and strong as you were some weeks  
ago, the use of Paine's Celery Compound will  
tone up and fortify your whole system, cleanse  
the blood, correct digestion, sharpen the  
appetite, and conduce to restful sleep. Thou-  
sands once in a half-dead condition owe their  
present good health to the use of Paine's  
Celery Compound. Mr. Wm. S. Gibson, of  
Pleasureville, Ky., who, through sickness and  
suffering, was brought near the dark grave,  
writes as follows, regarding his marvelous  
cure:

"I have been broken down in health and  
strength, nervous system shattered, kidneys  
out of order, had nervous and trembling spells  
off and on for the last ten years. I have taken  
three bottles of your Paine's Celery Compound  
and all of the above-mentioned troubles have  
left me, and I can now do a good day's work.  
I go about my business all day long and it  
doesn't worry me, and I now feel better than I  
have in ten years. I have a good appetite,  
and can eat and get around on foot as active  
as when I was a boy. My age is 65 years."

## IN THE CITY'S CHURCHES

THE THIRD SUNDAY IN ADVENT.

Collect for the Day.

O Lord Jesus Christ, who at thy first  
coming didst send thy messenger to  
prepare thy way before thee; Grant  
that the ministers and stewards of thy  
mysteries may likewise so prepare and  
make ready thy way, by turning the  
hearts of the disobedient to the wisdom  
of the just, that at thy second coming  
to judge the world we may be found  
an acceptable people in thy sight, who  
livest and reignest with the Father and  
Holy Spirit, ever one God, world with-  
out end. Amen.

The Japanese gamblers of Honolulu are playing quite a smooth game on their hard working countrymen. The gamblers are going to the various plantations with loaded dice and robbing the unwary. Deputy Sheriff Fernandez of the Ewa district arrested 11 Japs two days ago. The crowd deposited \$10 each and forfeited bail.

**REINFORCEMENTS FOR MISSIONS**

The work the Methodist church is doing among the Japanese of these islands is to be enlarged, and the force engaged, is to be strengthened after the first of the coming year by the arrival of Dr. H. W. Schwartz. Rev. George L. Pearson, pastor of the First Methodist church and presiding elder of the district of Hawaii, has been notified of the determination of the missionary society to send Dr. Schwartz here. Dr. Schwartz was for a number of years a missionary of the Methodist Episcopal church in Japan and speaks the Japanese language fluently. For the past year or more he has been engaged in missionary work among the Japanese of Portland, Oregon. The work among the Japanese in Hawaii is carried on by the Methodist Missionary society, and at least three or four thousand dollars comes into the territory and is distributed into various channels of circulation from it.

The introduction of Koreans into our already polyglot population, expands the horizon of missionary work here. It adds another language in which a missionary or missionaries must be fluent. E. W. Thwing, who was a missionary in China for a number of years, and has since been pastor of the Fort street Chinese church, has added a speaking mastery of Japanese to his equipment for missionary work since coming to Hawaii, and is now making a study of the Korean. He says that in addition to the Chinese characters in their written language, the Koreans have an alphabet of their own, consisting of twenty-five characters, derived from the Sanskrit which was introduced into Korea during the fourth century which in many ways is a most perfect alphabet, in many particulars exceeding our own.

**LAST VISITORS TO MOKUAWEOWEO**

**HILLO, December 11.**—The last party to see the fires of Mokuaweoweo were at the crater Monday night. They were Messrs. H. A. Juen, Charles H. Merriam and W. E. Dennis, who came upon from Honolulu last week. The day following their visit, the fires disappeared from the Mauna Loa crater, at least all signs of fire vanished both from the Hilo and the Volcano House point of view and from the view of observers at the Kawaihae end of the island.

According to the description by Mr. Merriam, the show in the crater was at the zenith a fine grandeur. Monday night, instead of a dozen or a score of geysers the molten lava was shooting up in one big cascade from the mouth of a great cone. This stream of fire would pour down the sides of the cone and run like an incandescent river across the floor of the crater. During the night as they watched it, the cone seemed to grow in height before their eyes.

Tuesday night the mountain was clear and many watchers in Hilo and other points on the island were fascinated by the unusual brilliancy at the crest of Mauna Loa. But at about 10 p. m. the fires died away. The saffron aurora above the pit vanished and the bald summit of Mauna Loa was dark and cold. Tuesday the day was clear but the customary column of smoke was not visible on the mountain. Wednesday night the peak was dark again. From all appearances the curtain has dropped at Mokuaweoweo.

Manager Bldgood reported yesterday that Kilauea crater is working steadily but no spasmodic change took place when the fires higher up went out. There are three and four fountains playing in Kilauea and the sight was pronounced enchanting by nearly all of the twenty or more Hiloites who went up last Sunday.—Hilo Tribune.
