WAR DEPARTMENT ASKS MILLIONS TO FOOT BILL FOR MEXICAN INVASION

TEUTONS TAKE FRENCH POINTS NEAR FORTRESS

Berlin Declares Pauses in Offensive Part of Scheme of Big Operations
DUTCH LINER SUNK BY FLOATING MINE, CLAIM
No German Submarine Torpedoed Steamer, 'Tis Officially Declared

[Associated Press by Federal Wireless]
BERLIN, Germany, March 23.—Germany has definite hope of conquering the stubborn French fortress of Verdun and paving the way for a drive on Paris and early termination of the war, according to the contents of an announcement today.
The military authorities say that the pauses in the offensive on the Verdun front are part of the scheme of operations to reduce this stronghold. Officers assert that the operations are intended to lead to the capture of Verdun at a comparatively early date and to hasten the termination of the war.
The Germans have now occupied French points supporting the mountain ridge southeast of Haucourt. They have taken 450 prisoners in addition to those already announced.
Berlin official announcements today also say that despite the great Russian offensive on the eastern front, no advance has been made by the Slavs.

PARIS, France, March 23.—Violent bombardment is taking place in the Meuse sector today, the exchange of artillery being unusually heavy.
West of the Meuse the fire has diminished. The general situation is unchanged.

SUBMARINE CAMPAIGN CLAIMS NEW VICTIMS

LONDON, England, March 23.—The German submarine campaign is claiming new victims. The French bark Bougainville, which left San Francisco last August, has been sunk, it is learned, and a Norwegian bark named the Lindfield, which left Portland, Ore., in November, has suffered a like fate.
The British steamer Sea Serpent has been sunk. No details of any of the crews have been given out. In the case of the Norwegian steamer Kannik, reported sunk, it is announced that the crew is rescued.

It is unofficially stated that the lightship Galloper was not torpedoed by a German submarine, as reported earlier, but had been withdrawn from its station at the mouth of the river Thames.

DENY GERMAN TORPEDO SANK LINER TUBANTIA

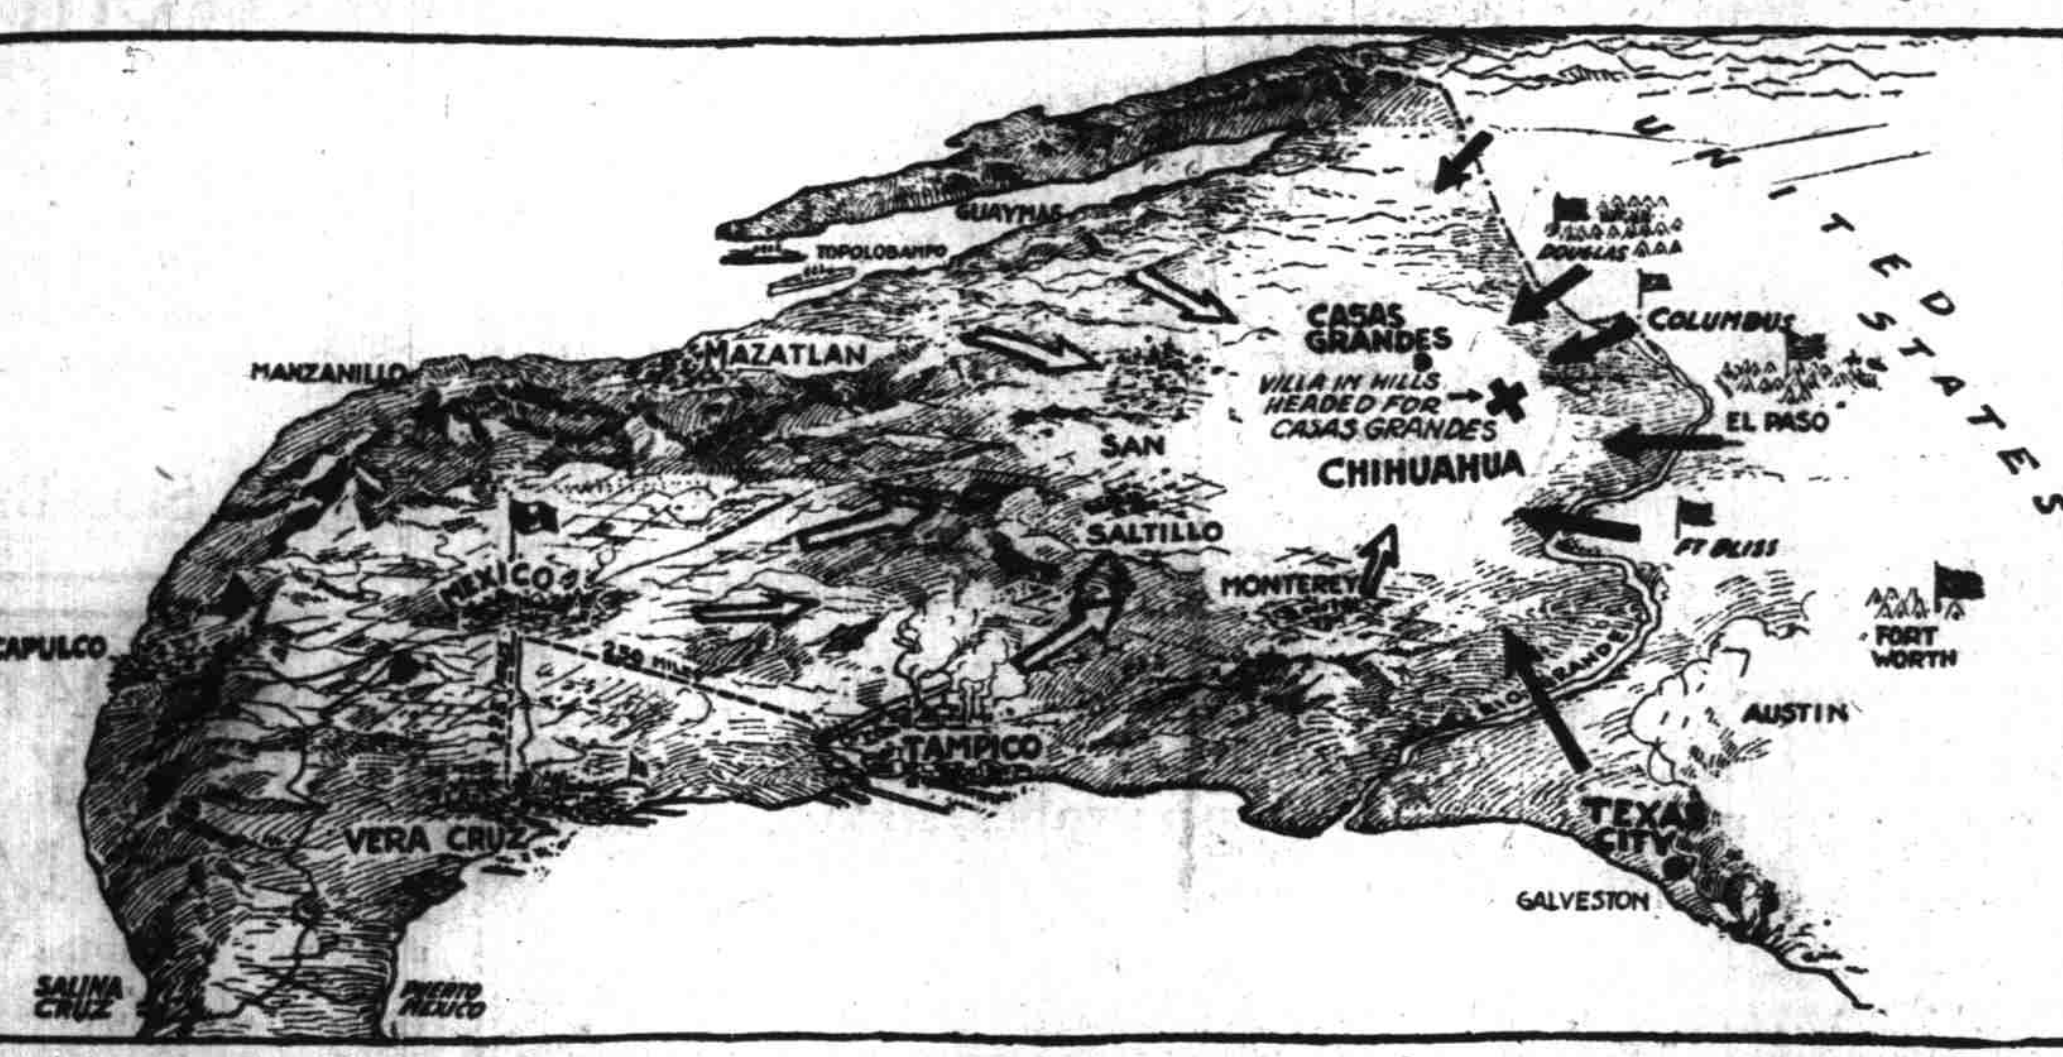

BERLIN, Germany, March 23.—Richard Schulling, Guatemalan consul at Stuttgart, a naturalized American, said today that the Tubantia was sunk by striking a floating mine, according to a despatch through the Overseas News Agency.

The following cablegram from official German sources was received today:
"BERLIN, Germany, March 23.—The German foreign office states that investigation made by the German navy proves that the Dutch steamer Tubantia was not torpedoed by a German submarine nor any other German naval force. Furthermore, no German mines were put in the place where the accident occurred."

WILSON SEES OCULIST

[Associated Press by Federal Wireless]
PHILADELPHIA, Pa., March 23.—President Wilson visited Philadelphia today and consulted an oculist. He will return to Washington for a dinner tonight.

Map of Mexico Showing Points Which Figure In Recent Despatches; U. S. Border and Main Towns

Gen. Villa today is reported as about half-way between Casas Grandes and Chihuahua, with Namiquipa as his base. The map above shows a bird's-eye view of the border and of Mexico. The black arrows show points at which U. S. troops may enter Mexico, while the white arrows show routes Carranza troops may take to intercept Villa. The principal Mexican ports are shown also. A number of American refugees are at Tampico, awaiting an opportunity to get away, and others are thought to be at Manzanillo and possibly Guaymas.

GERMAN STEAMERS ARE CONDEMNED AS PRIZES

[Associated Press by Federal Wireless]
LONDON, Eng., March 23.—The Hamburg-American steamers Kronprinzessin Cecilie and Prince Adalbert have been condemned as prizes.
These two steamers, which were lying at Falmouth, England, at the outbreak of the war, were seized by the British. The Kronprinzessin Cecilie is a different steamer from the one which was carrying a treasure cargo to Europe when the war broke out and turned and fled into Bar Harbor, Maine.

GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS REPORT, March 23.—After cleaning the battlefield northeast of Avocourt and conquering more enemy trenches outside the forest district, the number of unrounded French prisoners was increased to 58 officers and 2914 soldiers. Artillery combats took place on both sides of the Meuse, increasing in violence. Near Oberserpent the French again attempted to make up for their reverse of last month, but were repulsed with heavy losses. North of Verdun three enemy aeroplanes were disabled in an air combat, two of three falling behind our front, the third in flames beyond.
With this victory Lieut. Boelcke has shot down his thirteenth aeroplane and Lieut. Parschau his fourth.
Russian attacks are still made along an extended front and at several places the Russians attacked night and day without cessation, the strongest effort being made northeast of Postavy, but counter attacks were successful, 11 Russian officers and 573 soldiers being imprisoned. Many other Russian attacks were repulsed with appalling losses and 600 prisoners taken. At the present time the

Herrera Revolt Is Denied 'JACK' GORDON NOT DETAINED AT PAGO PAGO

[Associated Press Service by Federal Wireless]
WASHINGTON, D. C., March 23.—The war department today asked Congress for \$8,800,000 to cover "extraordinary expenditures" for the invasion of Mexico, including the steps to increase the army to its full strength. Secretary of the Navy Daniels today wirelessly to the gunboat Ma-chias at Tampico for a report on the situation there. Nothing has been heard from Tampico since Tuesday. The battleship Kentucky is due there from Vera Cruz tomorrow.

WASHINGTON, D. C., March 23.—A formal denial that Gen. Luis Herrera, commanding the Carranza forces in Chihuahua, has revolted against Carranza and is joining with Villa, was made to the state department today on behalf of the Mexican government.
Dr. Arredondo, the Mexican ambassador, called upon Secretary of State Lansing and showed him a despatch from Gen. Garcia denying that Herrera has revolted. El Paso has received the same information, it is said.
Gen. Foxton, who is in general charge of the punitive expedition, has requested the war department to authorize the use of eight additional aeroplanes, four for Gen. Pershing's expedition and four for Fort Sam Houston, to be used in case of emergency.

EL PASO, Tex., March 23.—Civil Governor Enriquez of Chihuahua has telegraphed that Gen. Herrera is loyal to Carranza.

GALVESTON, Tex., March 23.—Gen. Luis Herrera is now operating against the Villa forces, says a consular telegram from Mexico City. A detachment of Herrera's men, under Col. Cano, fought a battle in southern Chihuahua on Tuesday. The Villistas were led by Villa himself.

EL PASO, Texas, March 23.—Gen. Villa is reported today to have established his base west of Namiquipa, between Chihuahua and Casas Grandes, and to be reorganizing his army and recruiting it as rapidly as possible.
Gen. Herrera, the Carranza commander of Chihuahua, is reported to be endeavoring to effect a junction with Villa.

NEW YORK, N. Y., March 23.—The schooner La Providencia, which ran ashore on the Mexican coast, was smuggling arms and ammunition to Villa, according to a consular despatch from the Mexican ministry of war and marine. Several men from the schooner have been arrested by the Constitutionals.

COLUMBUS, N. M., March 23.—No word has been received from Lieut. Gorrell of the Signal Corps, who is still missing. His rations are fasted district somewhere south of the hat he is facing starvation in the exhausted by now and it is feared t border.

DENY DETECTIVES ON SHEBA'S TRAIL; HAS GONE TO SEE MOTHER

(Special Cable to Hawaii Shipho)
TOKIO, March 23.—Friends of S. Sheba in Tokio state that there is nothing to the story that the Honolulu man is being watched by secret service men. Friends were planning to entertain the editor, but he declined their invitation and took the first train for Kobe, where he will visit his mother.
During his stay in Tokio Mr. Sheba visited Count Okuma and Baron Ishii, minister of foreign affairs. He also conferred with a number of business men regarding his linotype invention. No news has yet been received that the detectives are on his trail.
(On page 9 of today's issue of the Star-Bulletin will be found the report of Sheba's alleged surveillance.)

JAPANESE LABORERS WILL BE SENT BACK TO PORT OF MEXICO

(Special Marconigram to Nippon Jiji)
SAN FRANCISCO, March 23.—Thirty-seven Japanese laborers arrived here today from Salina Cruz and were detained at the immigration station at Angel Island. They left the Mexican port to go to Ensenada, another city in Mexico, but the Mexicans refused to allow them to land, and they then came to San Francisco.

HAVE FORTY PAGES OF REASONS FOR CALLING EXTRA SESSION SOON

Legal and financial foundation for the memorial to the governor requesting a special session of the legislature has been laid by the city's attorney and auditor and submitted to the supervisors' committee that is to draw up the document. As it stands now there are more than 40 pages of typewritten material in the memorial.
A meeting of the committee will be held within the next few days and the completed facts boiled down to a digestible mass.
W. T. Carden, second deputy city attorney, who has done most of the work on the memorial, will be away on a vacation for two weeks, but it is believed that all the material needed by the committee has been tabulated, and that the document will be put in shape in time to shove it through the board at the next meeting.
After that it's up to Governor Pinkham.

GEN. OTIS VERY ILL

[Associated Press by Federal Wireless]
LOS ANGELES, Cal., March 23.—Ge. Harrison Gray Otis, veteran publisher of the Los Angeles Times, is seriously ill of "low-grade" pneumonia.

TO HAVE 'BABY WEEK' PROJECT AT SETTLEMENT

Palma Settlement has been selected as the place for Honolulu's "Baby Week" campaign. The campaign will begin on Monday, April 24, and continue to and including Saturday, April 29.
Definite decisions as to the place and dates for the campaign were reached at a meeting of the publicity committee held in the Library of Hawaii.

SCENTS FORGERY AND PERJURY AS WELL IN FIGHT ON MORTGAGE

Circuit Judge Ashford yesterday took under advisement the case of W. G. Let against John Grace et al., an action for foreclosure of mortgage, and in so doing stated that, in his opinion, the defense was "baseless" and that it appeared to be "held up by the most wilful perjury."
The court added that there were also "indications of forgery" and that he might present the entire matter to the city attorney's office for an investigation.

STORM ON COAST

LOS ANGELES, Cal., March 23.—Storm warnings have been put up. Hail and a 48-mile an hour wind are reported at San Pedro.

CHINESE STILL ANGRY AT YUAN

[Associated Press by Federal Wireless]
SAN FRANCISCO, Cal., March 23.—A cablegram from Shanghai to the Chinese Republic Association officials assert that President Yuan's resignation has been demanded by the "republican army."

FINANCE COMMITTEE PUTS OFF ACTION ON KITCHIN BILL TO HEAR HARDWICK ON HIS PLAN

Excise Tax Scheme Will Undoubtedly Be Rejected But Consumption Tax May Be Needed For Revenue

[Special Star-Bulletin Cable]
WASHINGTON, D. C., March 23.—The finance committee of the senate, which was to have met today to consider decision on the Kitchen free-sugar repeal bill, already passed by the house, has postponed action on the bill until tomorrow.
Tomorrow the committee will have before it Senator Hardwick of Georgia on his proposed substitute for the bill. This substitute would impose an excise tax of one cent a pound, payable by the refiners.
Undoubtedly, the Hardwick substitute will be rejected as sentiment now is overwhelmingly against it.
Considerable discussion took place today upon a proposal that the government shall levy a consumption tax of half a cent a pound, payable by the refiners. This proposal is favored in the senate but opposed in the house. It will not be seriously entertained as a plan for legislation now unless it is found absolutely necessary to raise revenue for United States needs.
C. S. ALBERT.

ARMY BILL PASSES HOUSE; AMENDMENTS ARE REJECTED

[Associated Press Service by Federal Wireless]
WASHINGTON, D. C., March 23.—The army reorganization bill passed the house today with only a few dissenting votes.
The Kahn amendment to increase the army to 220,000 was finally rejected. As the bill stands it would increase the regular army to 140,000 men.
The bill was taken up in committee of the whole today, the house preparing for final action. The administration provision of an appropriation for a government plant to take nitrogen from the air, as the Germans are now doing, was defeated.
Representative Gardner of Massachusetts fought vainly for his amendment proposing a substitute for the militia pay provision and for the volunteer provisions of the Chamberlain bill in the senate. Chairman James Hay of the house military affairs committee opposed Gardner's ideas and they were rejected.

TWO MEN IN LINE IN SOUTH CHINA FOR PRESIDENT

(Special Cable to Nippon Jiji)
TOKIO, Japan, March 23.—Plans for the establishment of a provisional government in South China are now under way and it is expected that the provinces of Kwangsi, Yunnan, Kweichow, and perhaps Hunan, Kiangsi and Kwantung will join. The first three have declared independence of Yuan Shih-kai, while the others are expected to join should the campaign in Kwantung be successful.
Tsien Chun Huan and Hong Yau Wai are the two candidates mentioned for the presidency and it is expected that one of these men will be chosen as provisional president. The former has been in Japan for some time conferring with Dr. Sun Yat Sen and may be the logical leader.

TO OBJECT TO JURY DRAWING BY G. R. CLARK

According to statements made by his attorney this afternoon, Foster L. Davis, who was removed by Judge C. F. Clemons as clerk of the local federal court, will file an objection to the drawing of the federal grand and trial jurors for the April, 1916, term, by George R. Clark, who succeeded Davis.
The objection, the attorney says, will be based on the presumption that Davis is still clerk of the court and is therefore the only person eligible to draw the jurors. It will be alleged that one judge did not have the right to remove Davis, for the reason that it takes two judges to appoint the federal clerk here, the attorney added. When seen this morning Davis said that he had no statement to make regarding any action he might take. He added that he had left matters entirely with his attorneys.

CHINESE STILL ANGRY AT YUAN

[Associated Press by Federal Wireless]
SAN FRANCISCO, Cal., March 23.—A cablegram from Shanghai to the Chinese Republic Association officials assert that President Yuan's resignation has been demanded by the "republican army."

SOUTH SUFFERS MANY MILLIONS IN FIRE LOSSES

[Associated Press by Federal Wireless]
AUGUSTA, Ga., March 23.—Three thousand persons have been made homeless and 10 business blocks and 20 residence blocks destroyed in the fire which swept the city last night. One of the largest office buildings on "Cotton Row" in the business center was burned. The loss will reach at least \$5,000,000. The militia has been called out for relief work and to prevent looting.

WOMEN FIGHT TO GET TICKETS TO BIG FIGHT

[Associated Press by Federal Wireless]
NEW YORK, N. Y., March 23.—Women stood in line for hours today for tickets to the Willard-Moran fight on Saturday night and when the boxes

TERRITORY MAY TAKE BIG PART IN CARNIVALS

Governor Hints at Advisability
of Participation in Letter
to Hardy

Governmental participation in future Carnivals is hinted at in a letter written by Governor Pinkham in reply to a letter of thanks for his part in this year's events, addressed to him by Thornton Hardy, secretary of the Carnival corporation. In the governor's belief the territory should "furnish occasions that will attract and retain the friendship of these strangers."

The governor's letter follows:
"March 21, 1916.
"Mid-Pacific Carnival, Ltd.,
"Thornton Hardy, Secretary,
"Honolulu.

"Sir—It has been a pleasure for the governor of Hawaii to do everything in his power to add to the attractions of Honolulu for the strangers visiting us and our own residents. "If we are to become a resort for mainlanders desiring to experience the pleasures of a mild, semi-tropical climate with nature's unusual attractions, it is imperative the government furnish occasions or participate in events that will attract and retain the friendship and return of these strangers, transforming them to friends.

"The volume of visitors is becoming very great for our private citizens to care for. The spirit is theirs to welcome and entertain all, but I fear time and strength may be exhausted.

"That we may have our show place, the only one in the United States of America, the Palace Capitol has been redecorated, refurnished and is cared for so Hawaii can have an honest pride in showing her past and present official buildings.

"Her Majesty takes much interest in this building and in the maintaining of it in a dignified and appropriate manner.

"Very respectfully,
"LUCIUS E. PINKHAM,
"Governor of Hawaii."

SUGAR STOCKS OWNED BY RESIDENTS, SAYS HEISER AT LUNCHEON

In a talk before the members of the Rotary Club today, C. G. Heiser, Jr., of the Trent Trust Company discussed "Our Stock Market." Mr. Heiser, who is also a member of the Honolulu Stock and Bond Exchange, gave a thorough review of the stock situation in Hawaii.

In the course of his remarks Mr. Heiser stated that the stock in the big companies of Hawaii is owned and controlled by citizens of the territory, whereas in other sugar countries stock is controlled by men who have never visited the section where they are making their money.

He remarked that in Colorado, California and other sections stock is for the most part controlled by non-residents, the majority being New York capitalists.

When Your Eyes Need Care
Try Murine Eye Remedy

CENTRAL UNION PLANS TO HELP WAYWARD GIRLS

"No matter how feeble-minded or diseased a girl may be, our community gives her freedom at the chronological age of 18 years. It is wrong to let go the aids of the juvenile court and of institutions at the very time when our care and direction should be redoubled."

Thus declared Miss Agnes E. Maynard, girls' probation officer, in an address to a large and interested audience in Central Union church last night. The meeting discussed at length the question of what Honolulu should do for its mentally deficient and wayward children. Miss Maynard and Miss Sadie C. Sterritt, superintendent of the girls' industrial school, gave their views of the subject and stated their answers to the question in interesting talks.

In order to obtain results, the members of the church who attended the meeting decided to carry out nine separate lines of work, as follows:
Choose Lines of Work.

To have the age of majority of women raised to 21 years; to work for the appointment of a follow-up officer for the industrial girls; to endeavor to have a woman trustee officer provided for; to have established a permanent home for defective children; to institute at the College of Hawaii physiological tests where the mentality of backward children may be investigated by the Bivert method; to work for classes in the public schools for the mentally defective; establishment of a trade school for girls; establishment of a factory for the weaving of lauhala, steps toward having the hala trees conserved, and using the appropriation for a detention home for the furtherance of this object.

Miss Maynard, who spoke first, stated that hospital treatment may make a child who seems defective, practically normal if the defect is physical only. Physiological tests, she pointed out, would be only too welcome in the local public schools, and, in this connection, added that malnutrition and anemia sometimes produce an effect similar to mental deficiency.

Boots School Lunches.

A big step in the latter direction, Miss Maynard said, would be the serving of school lunches. She explained that many children go to school without any breakfast, and that their luncheon sometimes consists only of food purchased from a perambulating lunch wagon. The delinquent girl, she said, is nearly always a truant from school, and a truant probably for the reason that she does not like to go to school. She hates school and it does not interest her.

BIG COMPANY TO HANDLE CHINA'S TRADE WITH U. S.

In order to follow up the notable results obtained as a result of China's exhibits at the San Francisco exposition last year, Ch'en Ch'i, commissioner-general from the Republic of China to the Panama-Pacific International Exposition, will organize a corporation in China which will be known as the International Trading Company, capitalized at \$1,000,000, Shanghai currency, and will extend China's commerce with the United States.

When interviewed this morning by the Star-Bulletin, Mr. Ch'en Ch'i said China's exhibits at the exposition resulted in large increases in China's trade with America, particularly in silks, oil, tea, furs, jewelry, hides and the like. The increase has been mostly in orders from New York.

The distinguished Chinese said that China's exhibits were awarded more prizes than those of any other country. "We had 2200 different kinds of exhibits, from 22 provinces of China," he stated, "and from them we obtained 1300 prize awards from the exposition, including 75 grand prizes, 35 medals of honor and 450 gold medals. Japan's exhibit only succeeded in being awarded 37 grand prizes."

GALLOGLY NAMED JUDGE ADVOCATE

First Lieut. James A. Gallogly, who has recently served as acting judge advocate, C. A. C. Fort Ruger, has been announced at army headquarters as department judge advocate, vice Capt. Edward K. Massee, relieved. Lieut. Gallogly arrived on the army transport March 14. He was graduated from the United States Military Academy in 1907, and during the summer of that year was commissioned as second and then first lieutenant of the Coast Artillery Corps. He began the study of law in 1908, and in 1910 was admitted to the bar following the Georgia state examinations. He was acting judge advocate of the 1st Separate Brigade at Galveston, Texas, during the year 1911. In June, 1913, Lieut. Gallogly received the degree of LL. B. from the Atlanta Law School. He has been in Atlanta for the last three and a half years.

TODAY'S NEWS TODAY.

TEACH JAPANESE WOMEN TO CARE FOR LITTLE ONES

Japanese babies and their welfare were the center of interest at a meeting held last night at 8 o'clock at the Japanese high school building on Fort street. About 200 Japanese women were present.

Mrs. Y. Imamura, wife of the bishop of Hongwongi mission, and president of the Japanese Women's Buddhist Association, was the principal speaker. Short talks were also given by Mrs. Warren and Miss Ermine Cross of the Castle Kindergarten.

"It is a widely known fact," declared Mrs. Imamura, "that Japanese women have a special interest in babies. The report says that eight-tenths of the nurses who care for American families here are Japanese women. And I am told that they are generally very tender with the little ones."

"Mothers must make the welfare of their babies the foremost interest they have, and devote themselves to the care of the little ones untiringly. The welfare of your children is the real object of your existence."

Dr. J. Uchida spoke last on the program, giving advice to the Japanese mothers in the care of their little ones, and telling them how to care for themselves before their children are born.

TENEMENTS HELD BAR TO WELFARE OF CITY'S POOR

"There is an impression here—and it is a good thought though wrong—that little poverty exists in Honolulu," said E. E. Brooks, manager of the Associated Charities, at a meeting of Baby Week committee members at the Baby Week settlement last night. "The truth is that the conditions in many respects are appalling. Today we had a case come to our notice of a family of nine living in one room. "You can talk of teaching mothers to take better care of their babies, but the facts are that they are powerless to do so under such surroundings as Honolulu has in the tenement houses."

PRESIDENT MAY CHOOSE CLERKS?

Will there shortly be a change in judicial rules providing that the president, instead of the district judges, appoint the federal court clerks?

According to a resident of Honolulu who is in close touch with the business of the department of justice, such a shifting of appointment powers might follow a purported effort being made to abolish the fee system and put federal court clerks on a straight salary basis.

The question of abolishing fees and establishing a salary scale was brought before the last Congress, but never came to a final vote. This was because certain court clerks who were making more under the fee system than they would make if placed on straight salaries, fought the measure.

SHRINE NOTICE

ATTENTION, VISITING NOBLES!

Aloha Temple, A. A. O. N. M. S., has completed arrangements for the entertainment of the Imperial Potentate, Noble J. Putnam Stevens, and his party, who will arrive on the "Great Northern" on the morning of March 31st.

A cordial invitation is extended to all visiting Nobles within our gates to join with the Nobles of Aloha Temple in receiving Noble Stevens and party and to be with us at the different events which have been arranged for their entertainment.

It is essential that the visiting Nobles register with the recorder at his address given below.

CULLEN INQUEST SET BY CORONER FOR SATURDAY

Inquest by a coroner's jury to determine the cause of the shooting of Thomas G. Cullen, bookkeeper for Theo. H. Davies & Company at Ala, who was found dead yesterday morning, will be held next Saturday, according to Sheriff John Fernandez, coroner of the outer district.

Cullen's body was found between 5 and 6 o'clock yesterday morning by Guy L. Duckworth, who saw the dead man sitting in a chair and called to him. Duckworth discovered that Cullen was dead when he went up and shook him.

The bullet had entered Cullen's abdomen just below his chest, and, having passed through the body, had come out at the back. Dr. Henry B. Cooper, physician of the Honolulu Plantation Company, was called for the examination, finding that he had been dead for perhaps an hour.

Having worked late in the office on the previous night, Cullen had retired as usual and had breakfasted the following morning with his wife at about 5 o'clock. There was nothing in his actions to cause his wife any anxiety when he left her, she says.

The deceased was 27 years of age, a native of Scotland. Besides his wife he leaves a 2-year-old daughter. He was a member of Honolulu Lodge No. 614, B. F. O. E., under whose auspices the funeral was to be held at 3 o'clock this afternoon.

CHINA'S 'WASPS' LIKE U. S. BOATS

American methods in the construction of submarines will probably be adopted for submarines to be built in future by the Chinese navy department, as a result of the six months passed in studying United States submarine building by Admiral Wei Han of the Chinese navy, who is a through passenger on the China Mail liner China today, homeward bound.

For the last six months or more, the admiral, who is the head of a Chinese government commission appointed to study submarine building in the United States, particularly in New England, has been in the United States. With him have been 30 Chinese university graduates, all of whom are now studying naval engineering and submarine designing, in American technical schools and at Annapolis naval academy.

Admiral Wei Han is director of warship construction for the Chinese government.

I-I. SHARES GO AT \$201 A PIECE

Spirited bidding marked the auction of all the fractional shares of Inter-Island stock under the new issue of March 1, held at noon today in the office of James F. Morgan Company, Ltd.

Starting at \$150, the 11 shares finally went at \$201 each. The successful bidder was the firm of McCabe, Hamilton and Renny, C. H. Atherton.

WHILE extensive renovations and improvements are being made at our old location, we will serve our patrons next door, 908 Fort St.

MAYOR MAY ASK CHAMBER TO AID HIM SELECT MAN

Has One Chance Left for Getting Successor to Shingle; Fears Another Refusal

Advice of the Chamber of Commerce may be asked by the mayor before a successor to Robert W. Shingle is appointed on the board of supervisors. He has one man in mind who he thinks he may be able to persuade to accept the appointment, but if his expectations are not fulfilled, and he has his doubts he says, he will appeal to the chamber to help him out.

"I am pleased to hear that the chamber has proffered its aid to the board and I may take advantage of it before long," said the mayor this morning. "I have an engagement this afternoon with a business man who I hope will accept an appointment as supervisor. If he does not, and my offers have been turned down so often that I am well nigh discouraged, I will consult with the officers of the chamber and hope to get a few helpful suggestions from them."

Raymond C. Brown, secretary of the commercial organization, declared that he and the other officers stand willing to help the mayor if need be. "The scope of our work is constantly enlarging and I am glad that the mayor is willing to recognize our usefulness," he said.

PAHANG RUBBER OUTPUT GROWS AT FAST RATE

An increase of 11,892 pounds of rubber for the first two months of 1916 as against the output for the first two months of last year, is the record of the Pahang Rubber Company. For January and February of this year the production figures are 52,900 pounds, as against 41,208 last year. In February, 1916, the output was 25,900.

The total estimated Pahang output for this calendar year is placed at 300,000 pounds of rubber, according to an announcement of the Waterhouse Company, Ltd., local agents, today.

The Tanjong Olok plantation last month produced 19,400 pounds of rubber, making a total for the first two months of 42,500 pounds, against 41,208 last year, an increase of 740 pounds.

The estimated Tanjong Olok output for 1916 is 285,000 pounds. The wintering season is very severe on the plantation this year and on that account not all the trees are being tapped at present. On that account no increase in output is expected until April.

ANNOUNCEMENT

Our Free Needlework Classes Will Be Resumed, Beginning This Week.

Spreading photographs of his wife and child on the floor in front of him, William A. Ferrent, of Newport, R. I., shot and fatally injured himself there.

LOCAL AND GENERAL

State of Maine native sons are requested to address J. B. Star-Bulletin office.

Honolulu Lodge of Perfection will hold a special meeting tonight at 7:30 o'clock. Fourteenth degree.

Charging her husband with cruelty Ida M. Shorter has filed in circuit court a suit for divorce from Charles H. Shorter.

The new term of the night school will open on April 3. Students may enroll for the new course at any time before this date.

Examinations in the eighth grades of the local public schools were begun yesterday and will continue to and including March 29.

Members of the Democratic club of the fourth precinct, fourth district, will meet at 7:30 o'clock this evening at Wilder avenue and Keeaumoku street.

James Perkins Myers, manager of the Kilauea (Kauai) Sugar Plantation Company, on his way to Manila, left Honolulu for the Orient in the Persia Maru yesterday afternoon.

Mr. and Mrs. Robert J. Rowe of 350 Broad Lane welcomed their fifteenth child, a daughter, last Sunday, and have named her Eunice. The Rowes now have 12 children living.

An item in court news recently mentioned John S. Grace in connection with a foreclosure of mortgage. The Grace referred to is not John S. Grace of B. F. Dillingham & Company.

Hearings of the petitions of T. Sakai, E. Yamada, F. Hirakawa and H. Hirakawa for writs of habeas corpus are scheduled to be had in federal court at 10 o'clock next Saturday morning.

The Pacific Auto and Machine Shop expects to move into its new building in King street, opposite Kawaiahao church, next Monday. J. W. Canario will be in charge of the electrical department.

The gymnastic exhibition class opened Tuesday evening with Glenn E. Jackson in charge. The class began its first work for the exhibition, which will be staged in the games hall on April 18.

Drawing of grand and trial jurors for the April, 1916, term of federal court were made at 10 o'clock this morning by Clerk George R. Clark. Twenty-three grand and 70 trial jurors were drawn.

A petition filed by the respondent for a rehearing of the complainant's motion to tax costs, in the case of J. A. Magoon, et al, against the Lord-Young Engineering Company, et al, has been denied by the supreme court.

A petition for naturalization has been filed in federal court by August Stanish, a native of Konigsberg, Germany, and a blacksmith by occupation. Stanish recently was honorably discharged from the American army.

A meeting of the members of the Democratic club of the first precinct, fourth district, will be held in the Liliuokalani school at 7:30 o'clock this evening to nominate officers of the club and delegates to the territorial convention.

Information to the effect that her eldest grandson, Walter Matheson, had been killed during recent fighting on the French front, has been received in Honolulu by Mrs. Charlotte Matheson. Matheson was a member of one of the Canadian regiments.

A meeting of the members of the Buckeye Club will be held at the residence of Mr. and Mrs. W. D. Westervelt, 2963 Kalakaua avenue, Waikeiki, at 7:30 o'clock next Tuesday evening. All Ohioans residing in Honolulu or vicinity are invited to attend.

More than 30 members of the Bible class were present at the lecture given by Rev. A. Ebersole on "The Organization of Society," Tuesday evening. The next topic will be "The Family, Marriage and Divorce," which will be given next Tuesday evening.

A decision on a motion in arrest of judgment, and on a motion for a new trial, in the case of Jesse Duke, charged with the murder of G. P. George, who was an aged civilian employe at Schofield Barracks, is scheduled to be handed down in federal court at 2 o'clock this afternoon.

Fire which broke out in the two-story tenement house, 1410 Liliha street, at about 1 o'clock this morning, gave the firemen a good fight and did damage to the extent of \$500. The building is owned by H. Hashimoto. The roomers were thrown into panic by the flames, but no one was injured.

A petition for the appointment of a guardian for Lorita K. and Clifford A. Hansman, minors, has been filed in circuit court by John A. Hansman, the father. The minors' estate consists of a one-eighth distributable share in an estate, valued at \$84.80, and land in Waikeiki, Maui, leased for \$35 a year.

After rounding out 15 years of service, Leverett H. Mesick yesterday was appointed superintendent of the mechanical department of the Advertiser. Hypolito (Paul) Pereira, who has been with the company for 11 years, was appointed to succeed Mr. Mesick as superintendent of the printing department.

"Legends of Old Hawaii" will be the subject of a lecture at the Y. M. C. A. tonight by Mr. W. D. Westervelt. The speaker will tell of the old myths, legends and folk-lore of the ancient Hawaiians and show the remarkable similarity between these and similar lore of other peoples. The lecture will be in Cook hall at 8 o'clock. Men

CHAMBER HAPPY TO 'DIG IN AND HELP OUT' BOARD

Officials, at Dinner, Proffer Aid of City's Businessmen to Supervisors

Officers and directors of the Chamber of Commerce signified their willingness to "dig in and help out" the board of supervisors in their present difficulties at a dinner given last night by Fred L. Waldron, retiring president, in honor of George W. Smith, the incoming president. Outgoing and incoming directors and officers of the chamber were the guests of Mr. Waldron at the event, held at the Country Club.

Speakers declared repeatedly that although the businessmen of the city might have been remiss in the past, in the future they would give all the assistance possible to the supervisors in their difficult work of administration. The necessity for closer cooperation between the city government and the business interests of the city was dwelt on by a number of the chamber officials.

All of the addresses were informal. Mr. Waldron acted as toastmaster, calling on each of the following: George W. Smith, Norman E. Gedge, J. L. Cockburn, J. F. C. Hagens, Raymond C. Brown, E. A. Berndt, F. E. Blake, A. Lewis, Jr., F. J. Lowrey, George H. Angus, A. J. Campbell, J. E. Sheedy, E. O. White, R. O. Matheson, J. L. McLean, E. H. Paris, S. S. Paxson, Norman Watkins, G. P. Wilder, E. I. Spalding.

MORNING ON 'CHANGE

With McBryde selling at \$14, and Olua only one eighth under \$18 per share, the market on 'change this morning was far from featureless, yesterday's upward movement having carried forward at a great rate. Total reported trading came to 7842 shares, with Olua in the lead again, and McBryde and Oahu Sugar close seconds. Onomea at \$60, Pioneer at \$57, and Hawaiian Commercial at only one-eighth under \$50 were also popular. Hawaiian Pineapple has touched \$41, and at the close there were unsatisfied bids of \$40 for Tanjong Olok.

BUILDING PERMITS.

Joseph Wong Leong, owner. Location, makai side of Middle street, next to ball park. Store, City Mill, builder and architect. Estimated cost, \$1200.

K. Fujimura, owner. Location, Waikeiki side of Kaula lane, 300 feet makai from School street. Dwelling. T. Akigawa, builder and architect. Estimated cost, \$1100.

Wong Nim Long, owner; location, Palama, Ewa side of Norris lane, 200 feet makai from King street; dwelling; Chong Chan, architect; Wong Wong, builder. Estimated cost, \$800.

Mrs. Charles N. Marquez, owner. Location, Kaimuki, mauka side of Waikeiki road, 350 feet Ewa from Sixth avenue. Residence, H. Knaack, builder and architect. Estimated cost, \$558.

Joseph Wong Leong, owner. Location, Kaimuki, near Kamehameha V road, makai side of Middle street, next to ball park. Eight cottages. City Mill, builder and architect. Estimated cost, \$6000.

George Compton, owner. Location, mauka side of King street, 200 feet north from King and Beretania junction. Apartment house. H. L. Kerr, architect. Durant Irvine Company, builder. Estimated cost, \$11,000.

visitors in the city are invited to attend.

Too much gasoline and a back firing engine caused a blaze in Abraham Lewis' automobile on Fort street in front of Ehlers' store this morning which brought two engine companies and a chemical company from the Palama fire station. The fire was put out by nearby spectators before any damage to the car had been done.

RILEY H. ALLEN EDITOR

THURSDAY, MARCH 23, 1916.

KEEP UP THE SAFEGUARD.

In spite of the old saw, doctors don't always disagree. In the matter of health inspection for vessels coming into the ports of Hawaii from the ports of the Pacific coast, they agree that the abandonment of the inspection would be dangerous.

Mr. Lorrin A. Thurston's suggestion that the so-called quarantine inspection be given up was to save the incoming passengers, particularly the tourists, time and some inconvenience. But there is no question that in the end the tourist traffic might suffer more from lack of inspection than from the occasional irritations of the U. S. public health service examinations.

Honolulu and Hawaii win and hold the visitors largely because of the healthfulness of the islands. Our immunity from tropic diseases, salubrity of climate, freedom from noxious pests, are tremendous promotion factors. Why lower the preventive bars that have been the bulwarks of this splendid reputation? Why "take a chance" with infectious diseases?

President Pratt of the board of health put the case succinctly before the Promotion Committee yesterday when he said:

"Honolulu can better afford to allow 30 minutes to safeguard the health of the citizens than to spend hundreds of thousands of dollars to wipe out a plague."

The remedy for the possible inconvenience to ship passengers is not in abandoning the examinations but in perfecting the system to avoid any unnecessary delays. The U. S. Public Health Service is an efficient department and where its force is large enough to handle the inspections properly, delay can be avoided, and the ship officers can and do help to make the examinations rapid.

The Star-Bulletin is not aware of any serious complaint against the inspection. In one instance, at Hilo, complaint was made, but the inconveniences are being overcome. Certainly the tourist who sees and knows that health examinations are made before vessels are allowed to land passengers, is assured that he is coming to a Pacific port which places health among the absolutely vital things.

WASHINGTON ON PREPAREDNESS.

Extracts from George Washington's farewell address, September 17, 1796:

As a very important source of strength and security, cherish public credit. One method of preserving it is to use it as sparingly as possible, avoiding occasions of expense by cultivating peace, but remembering, also, that timely disbursements, to prepare for danger, frequently prevent much greater disbursements to repel it.

It is our true policy to steer clear of permanent alliances with any portion of the foreign world. . . . Taking care always to keep ourselves by suitable establishments, in a respectable defensive posture, we may safely trust to temporary alliances for extraordinary emergencies.

After deliberate examination, with the aid of the best lights I could obtain, I was well satisfied that our country, under all the circumstances of the case, had a right to take and was bound in duty and interest to take a neutral position. Having taken it, I determined, as far as should depend upon me, to maintain it with moderation, perseverance, and firmness.

The Father of His Country said this nearly 120 years ago, but the force of his comment is as strong today as then. George Washington believed in preparedness. So have all the great statesmen of this country.

STAR-BULLETIN DAY AT THE LIBERTY.

Tomorrow afternoon juvenile readers of the Star-Bulletin will be the guests of this paper and the Liberty Theater at a free moving-picture educational show. The show is for school children and to secure admission all they need do is to clip the coupon from today's advertisement of the Liberty Theater and follow its very simple requirements.

The "movies" tomorrow will show Peru, Colombia and the far-famed Andes of South America. It is a land rich in romance of the olden days and today it is of very strong interest to the United States, for it is developing in business and political relations.

The value of these pictures from an informative standpoint is not less than their interest as wonderful scenery. The schools recognize that this educational work is useful and that an afternoon at "movies" such as these help to inform the pupils regarding the foreign lands whose geography and history are part of their daily studies.

THE 'IMMUNITY DEAL.'

The city attorney's office condemns as "absolutely wrong" the deal arranged by License Inspector Fennell through which immunity was given two sailors charged with selling liquor illicitly on the German ships.

And absolutely wrong it was. The charitable explanation that Inspector Fennell's zeal led him into promising the men suspension of sentence before they were even arrested does not remove the fact that such a promise is very poor policy for a license inspector to pursue. Zeal is a praiseworthy quality but it must be accompanied by judgment to benefit the community appreciably.

District Magistrate Monsarrat would have been well within his rights if he had criticised from the bench the making of such an arrangement. Suspension of sentence may be recommended by the prosecuting attorney's office, but granting it is distinctly up to the judge. Yet Judge Monsarrat feels—to quote his statement in response to a query—"as to the action Mr. Fennell took in promising to have a suspension granted, that it is not for me as judge to discuss one way or another."

The public doesn't know and doesn't care a rap what the technicalities and legal niceties of this may be. The public does know, however, that in promising immunity to law-breakers the license inspector usurped the functions of the city attorney's office and the bench. One would imagine the judge who occupies that bench might discuss it one way or another. At any rate the public is discussing it, and has decided that the incident is not creditable to the law officers concerned.

APPRECIATION OF MOANALUA.

Honolulu's appreciation of the beautiful Moanalua Gardens is best shown by the manner in which the people generally treat the grounds when enjoying the courtesy of the Damon management. Mr. Damon's invitation is cordial. He wishes all to enjoy the gardens. One and only one thing is asked of the guests—that they conduct themselves with propriety, and show their good will by refraining from defacing or cluttering the buildings and grounds in any way. The estate is Honolulu's most beautiful park, and the least our people can do is to take a personal interest in its care.

Senator Tillman's armor-plate factory bill is making satisfactory progress in two directions. It is advancing through Congress and it is forcing the armament makers to cut their prices. Bethlehem Steel Company is now offering armor metal at \$395 instead of \$425. The threat to raise the price \$200 a ton appears to have been a bluff most effectually called.

Berlin announces that no German submarine or mine sank the Dutch steamer Tubantia. It has been suspected all along that Turkey or Bulgaria would be implicated.

Baby Week has taken such a hold on public interest that it is developing into an all-the-year-around program. So much the better.

Another Mexican gentleman arranging a large chunk of trouble for himself is Gen. Luis Herrera.

Result of Uncle Sam's censorship: "Somewhere in Mexico."

LITTLE INTERVIEWS

—CAPT. J. R. MACAULAY: I was certainly delighted to see my old friend, Capt. John Hills, yesterday.

—GOVERNOR LUCIUS E. PINKHAM: The senate chamber is certainly a beautiful room since it has been redecorated.

—FRANK T. SULLIVAN: We have had four mails from the mainland in three days this week, including that coming on the China today.

—HORACE W. VAUGHAN: It is pleasing to hear that S. C. Huber's nomination as local district attorney has been confirmed. I hope that the news concerning the other nominations will be just as good.

—D. L. MACKEY: Hawaii now is practically free from the measles. The epidemic recently stamped out lasted about three months and was somewhat dangerous. Kaula suffered more than any of the other islands in this respect.

—RAYMOND C. BROWN: The Chamber of Commerce has received notice of the second World's Court Congress to be held in New York from May 2 to 5, inclusive. It is urged that delegates be appointed to represent Honolulu at the convention.

—BERTRAM G. RIVENBURGH: I don't see why all this fuss is being raised about the so-called "Metzger deal." There is no deal between the territory and Senator Metzger, and so far as I know won't be. The governor never signed the agreement to exchange title to his quarry for a release of his 90 odd acres. It isn't a legal agreement without his signature. Why all the letter-writing?

—FRANK T. SULLIVAN, superintendent of mails: I was walking along in front of Benson & Smith's about 4 o'clock yesterday afternoon when a woman with a stamped parcel was evidently intending to mail deposited it in the garbage can which stands next to the letter and parcel box at that corner. I've seen people try to mail letters at fire alarm boxes, but this is the first time I've known of anyone trying to mail a package in a garbage can.

—DANIEL LOGAN: Good ideas, like truth, though crushed to earth shall rise again. This is brought to mind by the recommendation of Cyrus H. K. Curtis, the eminent publisher, to the local Chamber of Commerce, that it should send a Hawaiian exhibit to the commercial museum "to be established" in the City of Brotherly Love shortly, as he says. It is probably 15 or 20 years since identically the same proposition was exploited before the chamber by a fellow-townsmen of our present distinguished visitor.

—SUPERVISOR LOGAN: One thing our memorialists, whether to a special or the regular session of the legislature, should insist on, namely, that the territory shall pay for roads and sidewalks upon its own frontages. Brother Arnold, in seconding this, says the proposition should be made retroactive. Mr. Brooks of Minneapolis made the supervisory mouths water the other night when he told of Minnesota's policy of having the state pay 50 per cent of permanent road construction, leaving the remainder of the cost to be divided 50-50 between the county and the property benefited.

PERSONALITIES

A. W. HANSEN, federal food commissioner, is ill at his home in Kaimuki.

JAMES A. WILDER, Boy Scout commissioner, will return to Honolulu next Sunday morning from the camping trip he has been enjoying on the island of Molokai.

MAJ. LAURENCE W. REDINGTON, who left Tuesday night for Lihue, Kauai, to take up a few days' general instruction work with the Kauai national guardsmen, will return to the city next Sunday morning.

WILLIAM B. LYMER of the law firm of Lindsay and Lymer will leave for the coast in the steamer Ipanoa next Tuesday to join Mrs. Lymer at San Francisco. They plan to travel to New York via Vancouver and Toronto, B. C.

HARRY L. STRANGE, manager of the Honolulu Gas Company, who is on his way to Europe to join the British colors, writes to friends in Honolulu that he was enjoying his trip across Canada to New York, and that he expected to sail for England in the steamer Philadelphia from the big eastern city.

into the drained portion as soon as it is dry.

"The Board of Health should investigate the situation and compel the owners of the building to repair the mauka wall," Murray contends.

U. S. JURORS NOT REQUIRED UNTIL HUBER ARRIVES

For the reason that the federal trial jurors probably will not be wanted in court until about two weeks after the arrival here of S. C. Huber, whose nomination as district attorney for Hawaii was confirmed in the senate yesterday, the drawing of grand and trial jurors for the April, 1916, term of court today was postponed until 10 o'clock next Wednesday morning.

As an additional reason for the postponement, Judge Charles F. Clemons states that he desires all the time from now until next Saturday morning to prepare decisions on the cases of Takao Ozawa, a Japanese, and two Filipinos who have applied for American citizenship. These decisions are to be handed down at 10 o'clock on Saturday morning, and probably will be oral, the written decisions to follow.

Although nothing official has been received here regarding Mr. Huber's movements, local federal officials believe that he will come to take up his new duties in Honolulu. Indications are that Judge Samuel B. Kemp, assistant district attorney, will continue in that office following Mr. Huber's arrival.

A good grade of paper can now be commercially made from the hop refuse of breweries, which has heretofore been thrown away.

PLATINUM

Platinum, the metal imperial, has been known to the world for less than 100 years. It is one of the rarest and most beautiful of all the metals. Pearls, Diamonds, Emeralds, Rubies—all gems take on an added beauty when set in Platinum.

Wedding Rings, Diamond Solitaires, Brooches, Pins, Clasps, Watches, Etc.

ADMITS STRIKING AGED MAN BUT SAYS COMRADE IS INNOCENT OF CHARGE

Admitting his own guilt, but stoutly maintaining that his comrade Romero was innocent of any assault, Leoncio, a Filipino charged with assault and battery on an aged Porto Rican man, sprang a surprise in police court this morning.

"This fellow, he no hit that man," said Leoncio to the judge, and then, pointing to himself, "I was the one that hit him."

Judge Monsarrat fined the two \$10 and \$5 each. Leoncio has been in prison before, having been sent up by Judge Monsarrat when found guilty on a charge of robbing a Japanese woman. Romero has never been in jail so far as is known to the authorities.

WILL LOCATE EXACT LEAKAGE IN OUTLET FROM BIG RESERVOIR

Preparations for investigating the exact source of leakage in the 30-inch outlet of Reservoir No. 4 are under way. Scaffolding is being erected around the tower and as soon as it is completed a diver will be sent down to block off the valve openings.

The valves are stuck, or "froze," as the mechanical term calls it, and cannot be operated. As soon as they are blocked by the diver the tower will be drained and the valves repaired from the inside. The water will be drained from the reservoir outlet and then the exact location of the leaks discovered and the cost of repairing them ascertained.

MOSQUITOES MAY SEND CITY EMPLOYEES HOME, HARRY MURRAY SAYS

City and county employees in the Kapiolani building may have to quit and go home at noon if mosquitoes continue to infest the first floor, according to Harry Murray, manager of the water and sewer departments. "We spend more time slapping the pests than we do in working," he declared this morning. "It is nearly unbearable."

The insects breed in the cellar of the building, which is constantly flooded owing to leaks in the mauka wall of the building. Numerous attempts have been made by the city to drain its part of the basement, but water from the higher levels at the other end of the building flows down

TO HAVE 'BABY WEEK' PROJECT AT SETTLEMENT

Committee Names April 24 to 29, Inclusive, as Dates for Big Campaign

(Continued from page one)

will this morning, Mrs. James A. Rath, chairman, presiding.

Committees to take charge of the various phases of the campaign work were not named today, as had been expected. During the remainder of this week, however, the publicity committee expects to select names of committee members. These will be presented and acted upon at a meeting of the executive board of the Child Welfare Committee to be held in the library at 10 o'clock next Monday morning.

The executive board consists of Mrs. F. W. Macfarlane, chairman; Mrs. Walter F. Frear, Mrs. F. M. Swanzy and Mrs. Arthur L. Andrews. Mrs. Rath today reported that plans for the week's program are rapidly taking shape, and that a definite program probably will be arranged at Monday's meeting. During the campaign week lectures will be given in the Palama Settlement gymnasium and exhibits will be held each day from 1 o'clock in the afternoon until 9 o'clock in the evening.

The speakers will include local physicians, public health officials and social and charitable workers. Mothers from the various city districts, as well as others interested in the campaign, will be cordially invited to hear them. Preliminary plans were discussed last night at a well-attended meeting held at Palama Settlement, at which James A. Rath, settlement headworker, presided.

The time and place for Baby Week exhibits and lectures was left for final decision until today. The week before Easter Sunday was abandoned because of the many conflicting engagements of various committee members. It was recommended that the date be either April 10-16 or April 24-30.

President Pratt of the board of health, emphatically endorsing the Baby Week idea, impressed on those at the meeting the necessity of permanent work and follow-up activities, and urged the establishment of a "baby welfare station" in the city. The plan met the hearty approval of the meeting.

A suggestion from Mr. Rath that during the various days of Baby Week different sections of the city be especially canvassed for the attendance of mothers soon developed into definite recommendations along this line. It is planned to have special cars run. Thus one day a special car will take mothers from the Waikiki section, on another day Manoa and Punahou will be canvassed and a special car furnished. For the very poor people tickets will probably be provided.

Another suggestion favored was that after Baby Week some of the exhibits be taken to the island plantations to be shown there. Another is that the schools be interested, and the upper grades asked to attend some of the especially appropriate lectures.

The tentative plan for the week now is to have the exhibits open afternoon and evening and the lectures to mothers in the afternoon, with special features given in the evening in connection with the exhibits. Among those present last night were Mr. and Mrs. Rath, Mrs. F. W. Macfarlane, Bishop H. B. Restarick, Mr. and Mrs. Riky H. Allen, Mrs. R. O. Matheon, Misses Agnes Collins and Ethel Johnson of the Queen's Hospital staff, E. E. Brooks, manager of the Associated Charities, Dr. Synnman Rhee and Dr. J. S. B. Pratt, president of the board of health.

METER RUNS IN WINDOW

Passage of water through a leak one thirty-second of an inch in diameter is measured by a water meter in operation in the window of the water works department's offices in the Kapiolani building. The meter is enclosed in glass and the curious or the interested may stand and watch the wheels go 'round.

FRESH AIR, GOOD FOOD AND BATHS FINE FOR BABIES

Nurses at Children's Hospital Tell of Good "Baby Week" Campaign Will Do

Fresh air, frequent baths, and good food—these three, according to nurses at the Children's Hospital, are prime requisites in a movement for healthier babies.

"Many cases came to the hospital," the authorities there say, "which would have been prevented had mothers known how to care properly for the little lives in their infancy."

One of the things that Honolulu faces in its work for bettering babies' lives, these women point out, is poverty and squalor. Many of the women in the tenement houses can not afford to buy fresh milk for their babies, and have to be content with condensed milk. Many homes have not even a table to keep the milk upon.

A great many cases of eye trouble are brought to the hospital. Some of these are inherited from diseased parents, but many are caused by improper treatment of the child at birth. Much of this ignorance could be done away with by a thorough educational campaign.

Afraid of Hospitals.

It is also pointed out that an educational campaign to teach fathers and mothers not to fear the hospital would be a good thing. Honolulu's mixed races for the most part are afraid to bring their children to the hospitals until the very last stages of a disease. This is common in practically all the races except the Americans and Portuguese.

Many cases of bone disease could be prevented, nurses say, by a little training of the parents. Too many cases where hard blows have been received on a bone are not given proper treatment, resulting finally in bone tuberculosis, or something else as bad.

Cases of crooked spines in children could be often remedied if brought to the hospital in time, as these cases grow worse with each day of delay.

Children also need to be trained to know what are good and what are dangerous toys. Only last Saturday a little fellow was brought to the hospital suffering from a blow in the eye through a rock thrown by a thoughtless playmate. The little sufferer will probably never see out of that eye again. Training in the right way might have prevented the accident.

MUCH APPENDICITIS IN HONOLULU

There are many cases of appendicitis in Honolulu hospitals. Much of this can be prevented with simple buckthorn bark, glycerine, etc., as administered in Adler's. This simple remedy acts on BOTH lower and upper bowels, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler's has easiest and most thorough action of anything we ever sold. The Hollister Drug Company.—Adv.

KIDDIES TO HAVE FREE TREAT TOMORROW AT LIBERTY THEATER

Come on, Kiddies! Big Injuns at
the Liberty theater tomorrow!

The Star-Bulletin will take you on
a trip through Peru, South America,
so you may see the Indians of the
southern continent in all their native
life and sports. And to think—they
all wear Panama hats, the big kind
that would cost us \$50 each. But they
make them, and can afford to wear
them.

We will also show you the wonder-
ful llama, their beast of burden, do-
ing the same work that our horses do.
There is also lots of rare mountain
scenery, for the Andes have the finest
scenery in the world.

Leaving the land, we will show you

many interesting bits of sea life. The
seals and birds furnish all the fun you
want, and much will be learned of
their habits, for they play like kittens.
Do you like flowers? The motion pic-
ture flower show is another added big
show in itself. And still more.

The Star-Bulletin is going to treat
you to a good comic picture that will
make you laugh and laugh and laugh.
This is all the Star-Bulletin's treat.
All you have to do is to clip the cou-
pon from today's paper, and have your
teacher sign it tomorrow. Then come
before 3 o'clock tomorrow afternoon
to the Liberty theater. Your coupon
will admit you absolutely free, to any
seat in the theater.

APPRECIATION OF ROSARIANS SENT FROM PORTLAND

Dean Vincent Says Work for
Excursion Created Inter-
est in Hawaii

Hawaii has benefited and will ben-
efit by the plans for the Portland Ro-
sarian excursion here this spring,
even though the withdrawal of the
Great Northern forced the abandon-
ment of plans for the trip.

So writes Dean Vincent of Port-
land, prime minister of the Rosarians,
to the Honolulu committee named by
the Promotion Committee to cooper-
ate with the Portlanders.

"Our preliminary work has created
a great deal of interest concerning
Honolulu and the Hawaiian Islands,"
he writes, "and I am hopeful that the
1916-1917 season will make it possible
for us to visit you."

He sends the hearty appreciation of
the Rosarians for the work done local-
ly on behalf of their trip.

DEERING PLANS FINE RESIDENCE NEAR AQUARIUM

Modeled on the Roman villa style
and costing about \$70,000, a one-story
concrete residence is to be built at
Waikiki Beach soon for C. W. C.
Deering. The building will stand on
the two lots adjoining the aquarium
and which are situated between Kala-
kua avenue and the beach.

In dimensions the new building will
be 135x60 feet and will contain six
bedrooms, each equipped with in-
dividual bath and closets. The living
room will be approximately 25x35
feet, and on the side toward the sea
will be placed a spacious lanai. About
nine months will be required to com-
plete the job.

KAUAI DELEGATE LIST IS CHOSEN

The political pot began to simmer
in Lihue Friday night when, in the
district court room of the county
building, Chairman E. D. Wishard
regarded for order and opened the meet-
ing of the Republican precinct club.
A. G. Kaulukou officiated as secre-
tary. The court room was fairly well
filled with voters of the precinct.

Hon. C. A. Rice was the principal
speaker of the evening. He dealt
chiefly with the business in hand—
that of the delegates to be sent to the
convention in Honolulu and that of
the delegation to the national conven-
tion in Chicago. In connection with
the latter proposition a letter from
Congressman McKinley was read in
which that gentleman indicated the
opinion that Hawaii's delegation to
Chicago should not be instructed.

That seemed also to be the senti-
ment of the meeting.

The following were nominated to be
delegates to the convention at Hono-
lulu, and as they have no opponents
are already elected: Charles A. Rice,
Charles H. Wilcox and J. H. Coney—
Garden Island.

MUCH APPLAUSE ON FIRST NIGHT FOR NEW SINGERS

Alexander Young Hotel Rath-
skeller and Roof Garden Have
Three Performers

New girls, new songs, old songs
sung in new ways, and fresh and pret-
ty frocks in the newest styles all com-
bined to earn the hearty applause
which last evening testified to the
pleasure with which patrons of the
Alexander Young Hotel rathskeller and
roof garden greeted the three new
singers who arrived from the main-
land, and opened their engagement at
the dinner hour last evening.

Little Portia Newport, who is affec-
tionately remembered by Young Hotel
patrons, has always been considered
unapproachable in her line, but last
night there appeared a rival of the
memory of Portia in Helen Assalena.
Miss Assalena, though entirely differ-
ent in appearance to her predecessor
of some weeks ago, nevertheless has
a distinct and individual charm, and
besides her really sweet voice and
clear enunciation, is a very beautiful
young woman.

Dolores Francis, a comely and
sprightly young brunette who half
talks and half sings her topical and
popular numbers, made a distinct hit,
and Alice Lewis, a smiling good na-
tured young blonde, won round after
round of applause with Dutch or coon
songs.

The new singers give promise of
winning sustained popularity at the
rathskeller and roof garden, but last
night's crowds, particularly in the
rathskeller during the dinner hour,
were small. The cabaret and roof en-
tertainments offered this season by
the Alexander Young hotel have been
welcome innovations in Honolulu, but
obviously cannot be continued indefi-
nitely without adequate patronage.
The new entertainers will remain un-
til Holy Week, when the cabaret and
roof features will be discontinued.
Whether or not the entertainments
will be resumed after Easter depends
upon the attendance.

L. L. McCANDLESS HEADS DEMOCRATIC DELEGATES

L. L. ("Link") McCandless heads
the list of Oahu delegates to the
Democratic convention at St. Louis,
Mo., who have thus far handed in
their names here. Other persons nom-
inated are A. A. Wilder, Jesse Ululhi,
Gilbert J. Waller, M. C. Pacheco,
Manley Hopkins, R. H. Trent, Iola
Keakahi and T. B. Stuart, this island;
Morris Keokakole, Eugene Mar,hy,
J. H. Raymond and Ben Lyns, Maui;
Ollie Shipman, Hawaii, and J. S. Chan-
dler, Kauai.

At a meeting of the Democratic
club of the fourteenth precinct of the
fifth district last night, the following
officers were nominated and elected
for the coming term: John Als, pres-
ident; J. H. McDonald, vice-president;
Fred Lunning, secretary; Lane Kano,
assistant secretary; William Kanae,
treasurer; David Kail, county com-
mitteeman; George Moore, Archie
Smithies and John Keala, election
judges.

PART-HAWAIIAN BELLE BRINGS DIVORCE SUIT

Charging cruelty, Kulamann Stew-
art, the American-Hawaiian wife of
Frederick A. Stewart, manager of an
automobile concern in Oakland, Cal.,
has filed suit for divorce in the su-
perior court in Alameda county. Mrs.
Stewart, who was Miss Kulamann
Henkenius, was a social favorite in
Alameda prior to her marriage in
1909. She was a daughter of the late
Julius C. Henkenius.

Capt. Von Papen, recalled German
military attaché to the United States,
has been decorated with the Order of

NEAREST U. S. OFFICER MUST HANDLE CASES

The old order of things once more has been changed in federal court, and from now on greater attention will be paid to that section of the "Blue Book" which provides that all cases shall be heard before the nearest U. S. commissioner.

Marshal J. J. Smiddy and Assistant District Attorney Samuel L. Kemp yesterday journeyed over to Hilo to bring a case before U. S. Commissioner Osorio. In the past it has been the custom to bring all cases on the other islands before the Honolulu commissioner, with the result, it was stated, that the Hilo commissioner had but little or no work to do during the last few years.

It was explained by Marshal Smiddy that, in the future, all cases arising in the Kauai and Hamakua districts of Hawaii will be taken before the commissioner at Hilo, while cases arising in the Kona and Kohala districts will be brought to Honolulu.

Cases arising on Kauai, Molokai, Maui or any of the other islands will be brought before the commissioner at Honolulu, the marshal added. Should the cases be brought before officials other than the nearest commissioner, it was reported from a well-informed source, the arresting officer is liable to have certain of his expenses disallowed.

NATIONAL COLORS TO BE PRESENTED LOCAL SCHOOL BY GOVERNOR

A stand of the national colors was to be presented to the Honolulu School for Boys, Kaimuki, this afternoon by Governor Pinkham. Prior to the presentation the cadet battalion, to the music of a lively quickstep, played by the Hawaiian band, was to pass in review before the chief executive, his staff and visitors. In addition to the governor those invited as guests of honor were Brig.-Gen. John P. Wisser, commander of the Hawaiian Department, U. S. A.; Rear-Admiral Clifford J. Boush, commandant of the Honolulu naval station, U. S. N.; Mayor and Mrs. John C. Lane, the trustees and members of the faculty of the school.

PEN AND INK SKETCHES BID GUESTS TO SMOKER

Company K, 1st Infantry, National Guard, which is made up largely of Kamehameha alumni, has employed a unique scheme of invitations to the smoker which it is giving on Friday evening. Pen and ink cartoons by Ned Steel, with appropriate lettering describing the events, are being sent out to prospective guests.

At the bottom of the programs is printed the famous Kamehameha School song, "Be strong and ally ye, oh sons of Hawaii." Guests are asked to attend the smoker in civilian clothes.

WAIKAE LAND LEASE DEAL FORMALITY IS WHAT GOVERNOR SAYS

"Just a formality left uncompleted by the last land commissioner," replied Governor Pinkham when asked what significance there was to his action in signing the release of 300 acres by the Waikae Mill Company to the territory yesterday. "Surveys of the land were made by the territory some time ago and homesteads are practically all laid out," he added. "The consideration given by the territory was but \$1, as the mill company's lease only runs until 1918 and it has no use for the lands, which are pahoehoe. The land released is that wanted for the extension of Hilo and does not include that leased by Senator D. E. Metzger from the mill company, which he offered to release to the territory for fee simple to his quarry lot of 17 acres.

BANIGAN ADMITTED TO LOCAL U. S. BAR

Louis Banigan, a recent addition to the law firm of Smith, Warren & Sutton, was admitted to practise in the local federal court today, Clerk Geo. R. Clark administering the oath. Mr. Banigan was introduced to the court by L. J. Warren of the local law firm. Prior to coming to Hawaii, Mr. Banigan was admitted to practise in the federal and supreme courts of New York and Porto Rico.

WANTS WORK FOR HAWAIIAN MEN IN NATIONAL GUARD

Peter Kange, city hall messenger, is an altruistic fellow. For weeks he has been worrying over the inability of some of the Hawaiian members of the National Guard to attend drills.

"Many of them can't come because they have no car fare. They live too far away to walk," he has declared time and time again. "They want to come, but they can't. They have no work and that means they have no money."

Now he has solved the difficulty. He is going to find work for them. Then they will have car fare. Then they can attend the drills.

This morning Peter held a "grand opening" of the "Peter Kange Employment Agency" at 1923 North King street. A magnificently emblazoned signboard announces to the world that Peter is prepared to furnish all kinds of household and plantation help from the ranks of the guard. Brig.-Gen. Samuel Johnson has given his sanction to the scheme.

One of the members of Peter's company, Company G, First Regiment, N. G. H., will attend to the business while Peter is busy in the city hall. Evenings and Saturday afternoons Peter will hold forth. He is himself defraying all expenses, which include a telephone to be installed.

ORDERS OF THE HAWAIIAN DEPT.

Honolulu, March 23, 1916.
1st Lieut. James A. Gallaghy, acting judge advocate (Coast Artillery Corps), having reported this date pursuant to telegraphic instructions from the War Department, dated March 22, 1916, is announced as department judge advocate, with station in this city, vice Capt. Edward K. Massee, relieved.

HAS ANYBODY SEEN KELLY?

Pvt. William E. Kelly, Battery A, 1st Field Artillery, is listed as a deserter from the United States army. Kelly has been missing from Schofield Barracks since March 12. He enlisted at Jefferson Barracks, Mo., July 28, 1915, for a term of seven years. He was formerly a switchman at Chicago, Ill.

Kelly is described as follows: Age, 24 years, 11 months; eyes, blue; hair, dark brown; complexion, ruddy; weight, 150 pounds; height, 5 feet 7 inches.

COMPANY C HAS SMOKER

National Guard Company C, 1st Infantry, held a smoker at the armory last night following a short drill. Boxing and music furnished the amusement for a good sized turnout. This was the first social gathering that the company has held under Captain Charles R. Frazier, its new commandant.

GET READY CLUB AND KAMEHAMEHAS WIN IN INTERMEDIATE DEBATE

Last evening four clubs of the intermediate department held their semi-final debate on the question, "Resolved, That Money Spent for National Defense Could be Used in a Better Way."

The debate was a double header, the Knights of Kamehameha debating the Washingtons in the K. of K. Hall, while the El Globos were debating the Get Readys in the Get Ready Hall.

The Knights of Kamehameha, represented by James Akana and Robert Kuhn, won defending the affirmative side of the question, while the Get Readys, represented by Paul Keppeler and Fred de Witt Clinton, won the negative side of the argument.

The judges were Earl G. Bartlett, Paul Steel, Ross Page, O. H. Lindblom, C. W. Manley and R. A. Howes. Next Wednesday evening at 7:30 o'clock, in Cooke Hall, the Knights of Kamehameha will debate the Get Readys for the championship of the intermediate department. Two medals are to be presented to the winners.

RESERVES DECISION IN MURDER CASE ONE WEEK

Federal Judge C. F. Clemens today reserved until one week from next Saturday his decisions on a motion in arrest of judgment, and one for a new trial, in the case of Jesse Duke, colored, convicted of the murder of G. P. George, who was a civilian employee and money-lender at Schofield Barracks. Duke now is confined in Oahu prison awaiting the court's action on the motions.

A number of bauxite beds have been secured in Southern France, where the ore will be worked into oxides and shipped in this concentrated form to Norway for the steel industry.

Tonight 7:40 P.M.
