THE NEW HAWAIIAN MINISTER.

Question Raised Over Appointment
of Hon. W. R. Castle.

DIPLOMATS EXPECTED HASTINGS.

More Talk of Persons Non Grata Busi-
ness—Letter Sent to Senator Kyle
the Reason—Hawaiian Government
Ready for Filibusters—Other News.

WASHINGTON, June 11.—The first
official intimation of the appointment
of William R. Castle as Hawaiian
Minister to this country was received
at the State Department today when
a dispatch was received from Minister
Willis to that effect. Now the ques-
tion has arisen as to whether Castle
will be persona non grata to the Ad-
ministration. He wrote a letter to
Senator Kyle, of South Dakota, last
February, in which he gave utterance
to the opinion that there would have
been no uprising of the royalists in
Hawaii "had it not been for the con-
viction of the Queen's adherents that
they would have the moral support of
the Government at Washington."

No attention was paid to the letter
at the time, for the reason that Castle
was simply a citizen of Hawaii, and
Senator Kyle was not a part of the
executive branch of the Government
of the United States. Now that the
writer of the letter has been appointed
to a position that brings him into
close relationship with the Govern-
ment, it may be necessary to take
notice of his opinions. There is a
feeling, however, that the Govern-
ment has had its fill of the Hawaiian
business, and will not do anything to
stir up the unfavorable criticism which
was passed upon it in the early days
of the island republic.

DIPLOMATS SURPRISED.

Generally Presumed That Hastings
Would be Named for the Position.

WASHINGTON, June 8.—The designa-
tion of William R. Castle by the
Hawaiian Government to succeed
Lorrin A. Thurston as Minister to the
United States came as a surprise to
the diplomatic corps. It has been
rather generally presumed in Wash-
ington that Frank P. Hastings, who
came to Washington as Secretary of
the Legation and has acted as Charge
d'Affaires since the return to Honolulu
of Mr. Thurston, would be promoted
to the position.

But for the particular interest which
the Hawaiian people feel in maintain-
ing the most friendly relations with
the United States, it is not unlikely
that the legation would have been left
for a longer time officered only by
charge, that being the usual method
of allowing an international unpleas-
ure to heal when a government does
not wish to admit its representative,
who has been declared persona non
grata, is at fault.

IMPORTS OF SUGAR.

Kenilworth Reached New York in Ninety
and One-Half Days.

WASHINGTON, June 6.—Worthing C
Ford, Chief of the Bureau of Statistics,
gives out the imports of sugar for May,
1895. The total quantity imported at
the five ports of New York, Boston, Bal-
timore, Philadelphia and San Francisco
were 539,697,599 pounds, valued at \$10,-
239,444.

New York, June 6.—The American
four-masted steel ship Kenilworth ar-
rived from Honolulu today. She made
the passage in the extraordinary fast
time of ninety and one-half days. She
brings a cargo of Hawaiian sugar valued
at \$200,000. It is the first cargo of Ha-
waiian sugar ever shipped to this port
around Cape Horn.

Searching for Opium.

VICTORIA (B. C.), June 10.—The
Hawaiian mail, which arrived on the
Warrimoo, states a revenue cutter
with a diver on board is going to Mo-
loka'i island to look for opium sup-
posed to have been sunk by the schooner
Norma, which sailed from here last
fall.

It is pretty generally believed that
the Norma had opium on board when
she left, and it is believed that the
owners have not yet realized on it,
although one of them spent all winter
in Hawaii. It is just possible that
it was cached off Molokai, and is still
there.

Concession to Canadian Steam Line.

OTTAWA (Ontario), June 8.—The
Department of Trade and Commerce
is advised that important concessions
have been made to Huddart's Austral-
ian steamship line by the Hawaiian
Government.

The company is given freedom from
all charges at the port of Honolulu for
storage of coal for vessels. The com-
pany agrees during a term of two
years to carry all Hawaiian mails
without charge to the Government
and hold to its present schedule.

Ready for Filibusters.

WASHINGTON, June 8.—Reports
from Hawaii received here show
much activity in preparing for an ex-
pected filibustering expedition. The
Government has sent out the revenue
cutter Lehuia with a Krupp gun
aboard to look after filibusters.

OLNEY IS CHOSEN SECRETARY.

Cleveland Surprises the Faithful
in Naming Attorney-General.

JUDGE HARMON IS THE MAN.

His Past Record on the Bench—Ap-
pointment Unexpected—Prince of
Wales Coming to America After
Thirty Years' Absence—Incog.

WASHINGTON, June 7.—President
Cleveland today transferred Attorney-
General Olney from the Department
of Justice to the State Department.
The selection of Olney to this position
is received favorably by politicians of
the Democratic faith in Washington
tonight. The choice of a successor to
Olney in the Department of Justice
has created surprise everywhere. Jud-
son Harmon, the man chosen, is not
very well known, and it is doubtful

RICHARD OLNEY.

true that even Ohio Democrats will be
surprised that President Cleveland
selected him to fill this position. It
may be stated in Harmon's favor,
however, that he is regarded by those
who know him as an able lawyer, and
will probably be a successful head of
the Department of Justice until the
term of President Cleveland expires.

The transfer of Attorney-General
Olney to the head of the State Depart-
ment created no surprise, as it has
been well understood for several days
that Mr. Olney would succeed to the
first place in the Cabinet, made vacant
by the death of Secretary Gresham.

HARMON WAS SURPRISED.

But He Will Accept—His Past Record

on the Bench.

COLUMBUS, June 8.—Judge Har-
mon, the new Attorney-General, is in
the city tonight with ex-Governor
Foraker and Judge Warrington of Cin-
cinnati.

"If any one had told me yesterday,"
he said, "that I was to be appointed
to the Cabinet position, I would have
thought he was talking 'through his
hat.' The last time I saw President
Cleveland was in Columbus at the
time of the Thurman banquet six
years ago. This morning I received a
letter from him asking me if I would
accept the position of Attorney-Gen-
eral. As I did not want to reply
without consulting my law partner,
Judge Colstone, who is in New York,
I immediately telegraphed him, and,
securing his consent, at 2 o'clock I
telegraphed President Cleveland that
I would accept. I have not received
any official notification of my ap-
pointment.

Wales Coming to America.

NEWPORT (R. I.), June 5.—The
Prince of Wales will visit Newport
the last of August, and he will come
as the guest of Mr. and Mrs. Ogden
Goelet. The Goelet villa is now being
redecorated, and it is said a suite will
be especially furnished for the Prince.
The Prince has not visited this
country for thirty-five years. It is
said that he will come only on the
assurance of Mr. Goelet that no fuss
shall be made over his presence here,
and that he will be permitted to ap-
pear at the America's cup races and
about Newport strictly incognito.

Income Tax to be Refunded.

WASHINGTON, June 7.—Blanks are
prepared at the Treasury Department
for the use of persons who have claims
against the Government for the re-
fund of the income tax. The refund
will be made under Section 220 of the
Revised Statutes, which authorizes
the Commissioner of Internal Re-
venue, on appeal, to refund all taxes
erroneously or illegally collected. Re-
quests as yet have been filed, probably
because the claimants have been wait-
ing for official information on the
subject. Every dollar of the income
tax already collected will be paid to
the persons from whom the collections
were made.

R. The Coulter, well known in
social circles in this city, is doing
Japan, and writes interestingly of
the social customs of that country.

WRAY TAYLOR HOME AGAIN.

Says He Enjoyed Every Minute of
the Time While Away.

HE SAW MANY ISLAND PEOPLE.

Furnishes Following Interesting Budget
of Foreign News—Notes About People
Who Formerly Resided in the Pacific
Paradise—Favors Shown Abroad, Etc.

Wray Taylor, electoral registrar
and organist of St. Andrew's Cathed-
ral, returned on the Australia from
his six weeks vacation in California,
which he appears to have thoroughly
enjoyed. Many favors were shown
him by prominent musicians and
business men in San Francisco. He
furnishes our readers with the follow-
ing interesting budget of news:

The fearful disaster to the steam-
ship Colima has been the one topic of
conversation in San Francisco. On
June 6th the steamship San Juan ar-
rived from the scene of the disaster
with sixteen out of twenty-one men
she had saved from the sea. The other
five had left the vessel at Manzanillo.
It appears the Colima went
down at 11:45 o'clock on the morning
of May 27th during a storm. She was
too heavily loaded on deck to stand
this storm and an explosion shattered
the steamer's decks before she sank.
An official investigation of the sad
affair was in progress when the Aus-
tralia sailed on the 15th inst. Among
those lost on the Colima was Thomas
Gray, the ice engineer. He will be
remembered in Honolulu as the hus-
band of Mrs. Ernestine Gray, the
music teacher.

The Monowai was 8 days and 9
hours on her last trip from the is-
lands. She was detained outside of
the Golden Gate no less than twenty-
two hours, owing to a heavy fog.

President Cleveland has appointed
Attorney General Olney to be Sec-
retary of State, and Judge Judson Har-
mon, of Cincinnati, Attorney Gen-
eral.

At San Quentin on the 8th of June
three murderers were executed. Death
was instantaneous in each case.

A terrible murder took place on
Ellis street, San Francisco, June 1st.
A Miss Nellie Harrington, a spinster,
was found butchered and her body
partly burned, in the middle of the
day by a neighbor. Though the po-
lice have been hard at work, no clue
to the perpetrator of this foul deed
has been found as yet. An intimate
friend of Miss Harrington's, ex-Sen-
ator Buck, was sent for from Oakland
to assist the police, but on his way
was thrown out of a carriage and
fatally injured. He died four days
afterwards.

In many Eastern cities there has
been excessive heat. Thirty-five
deaths took place from the heat in
one day in New York.

The San Francisco variety actress
Loretta Addis, who has been playing
at the Auditorium, was married

pleted will be the finest in the world. They are visited by thousands of people. The last two Sundays the Hawaiian National band gave concerts there. The boys do not seem to be doing much, and there has been a quarrel among themselves. Some of them went to Consul-General Wilder, asking him to send them home.

Percy Lishman and Tom King have about finished their course at Heald's Business College, and will return home in a month.

The Hawaiian Consulate on Sansome street is a very pleasant place to while away time. Consul-General Charles Wilder makes every one welcome, and it is no trouble to him to do anything for you.

Major Bender, who was in the islands several years ago, is now, I am sorry to say, an inmate of the Crocker Home, being taken care of by the Bohemian Club. He met with an accident which left him entirely blind.

John T. Dare and Julius H. Smith, both ex-Hawaiian officials, are to be seen in the City Hall any day. Fred Terrill, ex Port Surveyor, is in business at San Jose. Harry Agnew has a fine stock farm at Hilledale, while Alex. J. Cartwright is engaged in planting pear trees about one hundred miles from San Francisco. Rev. George Wallace holds forth at San Mateo. V. V. Ashford is seeking health at Paso Robles. C. W. Ashford, P. M. Rooney, Harry Juen, Fred Wundenburg, Billy Aldrich, C. Klemme are always to be seen on the wharf at San Francisco when the Honolulu steamers depart. Johnny Oat is always there also. At the Bohemian Club I met Dan O'Connell, who used to edit the ADVERTISER in 1884. He asked me some questions about Hawaii, and I noticed in the Call the next morning he gave my answers correctly. Dr. Fitch, who was in the islands several years ago, has an office in the new Spreckels building Market street.

Mrs. Alex. Mackintosh and Miss von Holt are at Los Angeles. They will return to the islands by the Monowai.

The S. S. Kahului left San Francisco on the 13th for Kahului via Mahukona. She had a large cargo on board, and some doubt was expressed, the way she was loaded, as to whether she would reach the islands in safety.

Dr. G. H. Martin, formerly of Honolulu, has an office on Geary street. He is always glad to hear about the islands. R. D. Walbridge and wife are in the city, stopping at the Occidental.

W. W. Dimond and wife have gone to Cedar Rapids, Iowa. From there Mr. Dimond goes to England to purchase a stock of crockery, which he will open out in Honolulu in the near future.

Major Benson may frequently be seen in the corridors of the Occidental. Left San Francisco on the good steamship Australia June 15th, at 10 o'clock in the morning, the weather being very fine. On board was 62 cabin passengers, 14 in the steerage, 1300 tons of freight, 63 bags mail and two horses. The first day the weather was rather stormy, after that it was decidedly pleasant. The passengers had a grand time, and everything was done by those in charge of the steamer for their comfort. Many had traveled on the Atlantic lines, yet they said they enjoyed their trip on the Australia much better. Among the cabin passengers were the following:

C. W. Wilkins and wife, of Riverside, Cal. Mr. Wilkins is in the insurance business, and is in charge of a party who will remain in the islands a month or so. Both he and his wife are genial people, and made many friends on board.

The Misses S. and L. Chase are from Worcester, Mass., and are making a tour of the world.

The Rev. Joseph Cook is a well known lecturer from Boston, Mass. After visiting in Honolulu, he leaves for Japan. He will be the guest of Chief Justice Judd, an old classmate.

A. J. Derby and wife hail from Riverside, Cal., and are acquainted with George H. Dole. Mr. Derby is a dentist, and may locate in Honolulu.

Clarence R. Falk was a college chum of Jamie Wilder's at Harvard. With his friend R. J. Nunnemacher, they are on a tour round the world. Mr. Falk is connected with the great Pabst Brewing Company, of Milwaukee, and will contribute occasional letters to the "Evening Wisconsin" of that city.

J. P. Cooke is out on very pleasant business from the fact that when he returns to the Coast, he will not go alone. He is a nephew of Chas. M. Cooke's and is to marry Miss Maud Baldwin.

John and George Waterhouse, sons of J. T. Waterhouse, and H. Waterhouse, Jr., son of the Senator from Oahu, are home from Princeton College for the holidays. Willie H. Soper, son of Col. Soper, is back from Stanford University for the same purpose.

Miss Rose Roth has been attending St. Margaret's school, San Mateo. She will not return.

M. Grossman is the father of the genial dentist on Hotel street. It is his first trip to the islands and his stay is indefinite.

Dr. R. S. MacArthur is taking a vacation. He is the pastor of the Calvary Baptist Church, New York.

Dr. E. F. Pease comes to join the missionary vessel Morning Star, and will leave on her for work in the Marshall Islands.

C. A. Spreckels is down for business and will visit his big sugar estate on Maui.

Irving Scott, Jr., is a nephew of Irving Scott, manager of the Union Iron Works, San Francisco, and will attend to some business for that firm.

Wm. Foster, the lawyer, has spent three months on the Coast. He leaves Mrs. Foster there until the end of the year.

John Marquardt and wife are two very talented musicians, playing the violin and harp respectively. They have been with Scheel's orchestra.

A short time ago the San Francisco Bulletin offered prizes for those getting the most new subscribers. Miss Anita Lastreto, a school teacher, gained the second prize, a trip to Hawaii and back. Miss Lastreto is on the Australia enjoying the Bulletin's trip, accompanied by her mother.

W. W. Langer is connected with the Union Pacific Railway Company at Omaha. Mrs. Langer is with him, and their stay will be limited to a week.

H. Page manages the Indianapolis Furniture Company's store in San

Francisco. Mrs. Page and daughter accompany him. They remain here a month.

F. F. Collins, wife and son are prominent residents of San Antonio, Tex. They are bent on pleasure. George Riddle, F. Heath and wife are from Riverside; Mrs. M. E. Field and wife hail from Santa Barbara. It is their first visit to "Paradise." C. S. Irving is a San Francisco merchant, who has come to the islands on business. He is in the paints and oil line. Mr. Irving, who has traveled some, has been in the islands before. A. Haas is well known in Honolulu. He comes to recuperate his health.

"Without solicitation, I am pleased to offer you the following:

"Over a year ago I was suffering with influenza, which had settled on my bronchial tubes and lungs to such an extent that the congestion caused constant coughing, and for over six months I suffered untold misery. I was during this time being treated by the most successful pulmonary specialists in the city of New York, but found no relief until I commenced taking Angier's Petroleum Emulsion, by which I was quickly and permanently cured. Very truly yours, E. C. WHITE."

W. C. PEACOCK ABROAD.

Has Only Good Words to Say of the Islands.

San Francisco papers note the arrival of W. C. Peacock, wife, child and governess, and in speaking of them says Mr. Peacock is a prominent merchant at the island metropolis, and although a British subject, is an ardent supporter of President Dole and the Republic. He laughs at the idea that the new Government is in danger of being overthrown, and says that the natives are daily growing to appreciate the new state of affairs and to accept it as an important advancement in the direction of progress and civilization. Mr. Peacock and family will remain here about a fortnight and then take their departure for Vancouver, thence over the Canadian Pacific to New York and other Eastern cities, and finally to Europe. It is purely a trip for pleasure, health and recreation, and the party may continue around the world.

The Tobacco Won't Go.

Messrs. Wightman & Co., San Francisco, having shipped 3000 lbs. of tobacco to Honolulu to go per Morning Star to their correspondents in Micronesia, the Hawaiian Board yesterday felt it necessary to enforce the long-established regulation, that tobacco is contraband on the missionary ship. The goods will not go on the vessel. The members of the Board felt great regret at the necessity of disobliging Wightman & Co., who have always been kind in transmitting freight and mails by their vessels. Rev. Dr. Pease stated that if sent, the tobacco would be sold throughout the islands as "Morning Star" tobacco. This would greatly discredit the habitual instructions of the missionaries.

League Nominations.

There was a large attendance at the American League meeting last night for nominating officers. Some lively proceedings occurred and caustic language used. Nominations were as follows, remaining open, however, until next Friday night:

President—T. B. Murray, Waity.
First Vice President, J. N. Wright; Second Vice President, Allan Clarke; Recording Secretary, M. H. Drummond.
Treasurer—J. J. Sullivan, Geo. Hawkins, Capt. Black.
Trustees—J. Delaney, C. Crabbe.

Rev. Dr. MacArthur.

Dr. Robert Stewart MacArthur, now in the city, has been pastor of the Calvary Baptist Church in New York since 1870. This was his first charge on leaving the Theological Seminary. The twenty-fifth anniversary was celebrated the 15th of last May. The congregation now numbers 2087. In March, 1882, a collection of \$71,000 was taken one morning. The present building and site cost \$525,000.

Emma Square Concert.

The Hawaiian Band will render the following program at Emma Square this afternoon, commencing at 4:30:

1. March—"Liberty Bell".....Souza
2. Overture—"Festival".....Frazzini
3. Waltz—"Inspiration".....Barsotti
4. Cornet Solo—"Sea Flower".....Rollinson
5. Selection—"Pleasant Memories".....Chas. Kreuter
6. Waltz—"Favorite Melodies".....Claude (by request).....Berger

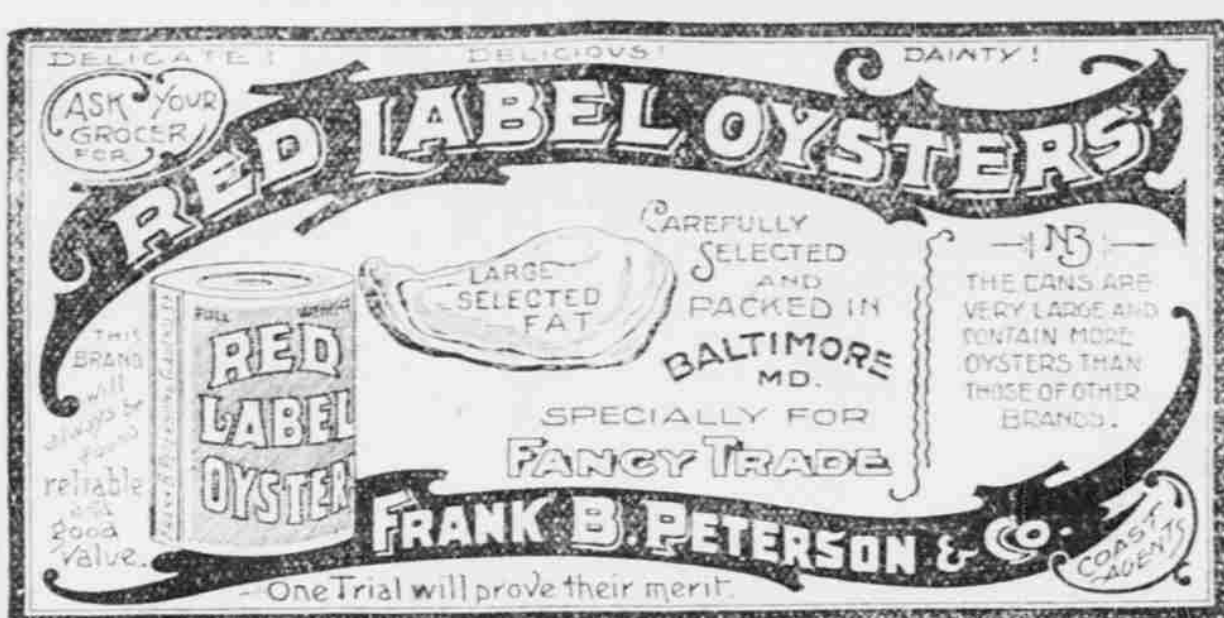

Oceanic in England.

The old Oceanic, the pioneer steamer of the White Star line, has just returned to England from the East. She has been used as a passenger boat for twenty-five years. From 1870 to 1875 she ran between New York and Liverpool, and for the last twenty years between San Francisco, Honolulu and the Orient. The vessel will be completely overhauled and returned to her regular route as one of the O. & O. liners.

Tour of a Divine.

Rev. Dr. MacArthur will occupy the pulpit at Central Union Church Sunday morning, and in the evening at Christian Church. Dr. MacArthur arrived by the Australia and is one of the prominent and able divines in the United States. He has been pastor of the Calvary Baptist Church in New York for twenty-five years, and is on a vacation tour of the world to occupy a year. He will remain here for several weeks, visiting the volcano during his stay.

In the language of the poet, "Would ye mind that now."

Did you ever hear of anything so cheap? Never did, and never will.

But what's that got to do with my business?

Simply this:—We want you to understand that when we sell you an article, there's just about as much in it for us, as when a grocer sells you sugar at his proverbial close price.

In spite of the fact that YOU MAY THINK we are high, we sell our goods at closer figures than any house we know of.

Did you ever stop to consider how much more our goods cost us landed here, then they do where produced; and with all that, do you think you could buy one of our solid copper chafing dishes cheaper than \$6.50 (our price) even in New York, or one of our \$4.50 tea kettles and stands for less than that, even on the third floor of the factory where built. THESE ARE NOT BAITS EITHER, but honest goods at honest prices, as is every article in the store, from the two-bit silver pin to the \$200 article.

DON'T THINK that because some one offers you a few trinkets at less than cost, that he is selling everything else in the store at the same rate. Don't your intelligence convince you that he is going to make that loss up on the very next article he sells you.

OUR STOCK IS ALWAYS RIGHT, AND OUR PRICES ARE A BLANK SIGHT RIGHTER.

WALLACE R. FARRINGTON, EDITOR.

SATURDAY, JUNE 22, 1895.

OUR WASHINGTON REPRESENTATIVE.

The Washington dispatch intimating that W. R. Castle might not be accepted by the United States authorities if sent to Washington as Hawaiian Minister has not an iota of reason or common sense. Neither President Cleveland nor Secretary Olney have reason to believe that any representative this Government might send will congratulate them upon the Hawaiian policy of the Administration and cordially remark, "You're just right, keep on in the good work." Nor is it to be considered that our Minister at Washington will air his ideas with the freedom that he does as a private citizen or public official in Hawaii. No country assumes the right to put its finger upon one individual of a foreign nation and state that it will accept that man and no other.

Frank Hastings is mentioned as the proper person for Minister Plenipotentiary and Envoy Extraordinary to the United States. Mr. Hastings is now Charge d'Affaires at Washington, and in that position has performed his duties most acceptably. He has plenty of friends in Washington, and as many more in Hawaii. Withal, he is a very capable young man, but as representative at the most important post in our diplomatic and consular corps, Mr. Hastings is not the man of the hour. True it is that he was practically born and brought into the consular service of the United States and is thoroughly conversant with the routine of the duties of a diplomat. He has made a good record and is deserving of credit.

But other important qualifications should obtain in the person of our Washington representative. He should if possible be a native of Hawaii or at least a man who for many years has been active in, and acquainted with, the public affairs of this country. Mr. Hastings does not possess these qualifications. It is through no fault of his that this is so, but the fact remains.

PRESIDENT CLEVELAND'S APPOINTMENTS

When is a surprise not a surprise? When President Cleveland makes an appointment. The changes made in President Cleveland's Cabinet as a result of the death of Secretary Gresham appear nevertheless to be tempered with good sense both from a political standpoint and as regards the ability of the men selected. This country is of course more particularly interested in Mr. Gresham's successor, and, judging from Mr. Olney's career in the Cabinet thus far, a very conservative conduct of affairs may be expected under his administration.

As is remarked by the Examiner, the members of President Cleveland's Cabinet may be divided into two classes—those who have been ruined and those who have been made by accepting their portfolios. When Mr. Olney was called to the Cabinet he, like his successor in the attorney-generalship, was very little known in public life except as a corporation lawyer. He is a Democrat of Boston Mugwump tendencies, and a great admirer of President Cleveland, having a mind of his own and a peculiar way of keeping his opinions to himself. Mr. Olney practically has his record to make and the mistakes of his predecessor to guard against. There is no reason to expect that he will inaugurate an entirely new policy, yet it must be remembered that upon him will devolve the task of closing the breach in the ranks of his party

and gaining favor with the people in general.

He like his chief has never expressed an opinion upon the Hawaiian question and while he will not attempt to cast discredit upon the labors of the administration thus far, it is possible that more conservative lines will be drawn in his public action toward Hawaii.

Both Mr. Olney and Judge Harmon in their new capacity may be regarded as great unknowns, blessed with common sense and no personal axes to grind. No public man could begin his career with better recommendation. As to the manner in which this capital will be used, the public has simply to wait to see what it shall see.

According to reports, the tour of the Hawaiian National band to San Francisco has proved anything but successful. Some of the members returned by the Australia. Consul Wilder has been appealed to for assistance in getting the others home.

Timely Copies

June 22, 1895.

Some fifty thousand shoe operatives are idle in England, in consequence of a lockout brought on by disputes with their employers. The development of the trouble between employers and workmen forms a chapter in the history of the irresistible home, subject to all the ills of the sweating system. The men therefore agitated for suitable factories and gained their point, but this facilitated the introduction of improved machinery, with its attendant reduction of pay for certain work. Against this reduction the men protested and many manufacturers have temporarily closed their shops. The United States with its extraordinary development of machinery, has long since been ready to enter into international competition with England in this profitable trade, and American manufacturers have easily seized upon the opportunity to introduce their wares into regions heretofore monopolized by the British. Meanwhile employers and employed throw the blame of the dispute on each others shoulders, while outsiders deplore that neither party seems to be able to fully recognize the force of circumstances. Meanwhile during the disorganization caused by the present lockout, an admirable opportunity is offered for the American manufacturer to enter Colonial markets.

But a short time ago a single vessel carried no less than \$15,000 worth of boots from America to Sydney. Already the trade with South Africa has been tapped and doubtless the tapping will continue as long as the notion exists that the only true way to revive trade is to do as little work as possible. This is the age of improvement and invention. At no time in the history of a nation has there been such rapid strides made in the number and class of inventions as has been made in the last few years, and the wonder of the Nineteenth Century is the Monarch Bicycle. Healthy out door exercise creates a love for the beautiful in nature, a love for the beautiful develops lovable men and women. Lovable men and women make happy homes; happy homes create a wealthy nation; a wealthy nation composed of the happy homes of lovable men and women is greater than any monarchy, for every citizen is a monarch and should ride a Monarch wheel. Among high grade bicycles the Monarch is Monarch. The frame is the most important part of a bicycle. In riding the greatest strain is on the frame and to withstand the strain the frame must be exceedingly strong and rigid. The frame of the Monarch is made of the best quality of specially drawn Mannesmann Steel Tubing, and is put together with such appliances that it is perfectly true and accurate. Brazing is one of the most important operations and has to be done very delicately by expert workmen. So successful is this process, that in all the years the Monarch has been on the market there has never yet been a break on a Monarch Bicycle at a brazing from any cause.

pices of the Y. M. C. A. He will meet a committee from that organization today. As yet nothing definite has been decided on regarding the number of lectures to be given or the subjects of the same. Dr. Cook will remain in Honolulu until July 4th, leaving by the Monowai for a tour of New Zealand and Australia.

In an interview at the home of Chief Justice Judd last night, Dr. Cook spoke interestingly of incidents in his past life, plans for the future and his impressions of Honolulu after a visit thirteen years ago.

"After a two months sojourn in Australia, I shall go to Japan, with the expectation of being there all winter, delivering lectures if I find it possible to do so. I shall then visit points in China, continuing thence to Germany, Switzerland and England, arriving home about the time when a new administration comes into power.

"I am now on my second tour around the world, having spent a short time here thirteen years ago.

"Since that time I have found a great many changes commercially, educationally and politically."

HENRY JOHNSON ARRESTED.

Charged With Having Committed Forgery in Iowa.

WILL NOT CONTEST THE CASE.

Sheriff Wyllie Arrived By Australia With Extradition Papers—Amount Over \$30,000—History of Downfall and Career in Honolulu—Full Account

Henry Johnson, proprietor of the Palace candy and book store on Hotel street, was arrested shortly after 1 o'clock yesterday by Captain Scott, Marshal Hitchcock and Captain Kane being present. The crime charged against Johnson is that of having committed forgery at Muscatine, Iowa.

Sheriff Wyllie of that place arrived by the Australia with extradition papers for the arrest of Johnson on the charge named, which was executed without delay.

It was believed the accused would make strenuous resistance against arrest, owing to the supposed magnitude of the crime, but such was not the case.

When questioned at police headquarters Johnson admitted he was the party wanted, and would return to the States without contesting the case.

From a reliable source it was learned that Johnson was for several years, and up to about a year and a half ago, treasurer of Muscatine County, Iowa, being held in high esteem as a public servant. In his official position Johnson was the custodian of immense sums of money. At one time he saw an opportunity to make a fortune by investment of considerable funds. With the supposed consent of one of his bondsmen the treasurer used some \$50,000 of money belonging to the county, hoping, as many good men had before and since, to realize profitably thereby and make full restitution. The venture failed and with it was lost the good name of both official and bondsman. Seeing no other alternative, Johnson fled west into Kansas, thence to California and Hawaii. He is said to have carried away none of the money taken from Muscatine County, and landed at San Francisco with but fifty cents in his pocket. Through the sale of his household effects by Mrs. Johnson, \$700 being realized, the supposed defaulter was able to reach Honolulu on \$200 forwarded by his faithful wife.

The remainder is easily told. After being in the islands but a short time, Johnson secured a position on an afternoon paper as collector and solicitor. Strict attention to business soon brought its reward, and the more lucrative work of bookkeeping in the newspaper office was secured. In the meantime Johnson had associated himself in the stationery business as partner of a blind man named Scharf, afterward succeeding to the sole ownership and purchasing later the Palace candy store, both being now conducted by him.

Mrs. Johnson arrived here a few months ago and, from the exemplary manner in which her husband had conducted himself since coming to Honolulu, was well received in social and religious circles.

The supposed defaulter was known here as Henry Johnson, having dropped William from the name he bore while residing in Iowa. He rendered active support to the Government during the late insurrection as a member of the Citizens Guard, besides taking a prominent part in religious work.

Johnson is said to have embezzled over \$30,000. He claims the amount to be much less, and that his bondsmen have liquidated the shortage. Political reasons are assigned as the cause for his arrest. A party from Iowa was recently in Honolulu and conversed with Johnson, who, he claims, betrayed his whereabouts for a slight reward.

Sheriff Wyllie and his prisoner will leave by the Australia Monday. Mrs. Johnson and son will remain and, assisted by C. H. Ramsey, carry on the business acquired by the husband and father.

The arrest was the talk of the town yesterday and created more comment than has been heard in Honolulu for some time.

DOINGS IN THE SENATE.

Short Session Yesterday—House Elects Council of State Members.

SEVENTH DAY—FRIDAY, JUNE 21.

The Senate held a short session Friday. A petition from the sportsmen of the country praying for a change in the game laws was presented by Senator Brown, who announced that he would introduce a bill relating to the matter in the session. The petition was tabled, to be considered with the bill. Senator Baldwin presented a bill relating to an electric franchise for Hilo, which was read the first time and ordered to be printed. Senator Brown gave notice of a bill relating to the destruction of game.

Resolutions were adopted fixing the regular hour of meeting at 10 a.m., and authorizing the Secretary to obtain a list of the daily papers desired by the Senate during the session, and see that they were supplied, the expense being assumed by the Senate. No other business being presented, the Senate adjourned to 10 o'clock Saturday forenoon.

Edward F. Searles, husband of the late Mrs. Mark Hopkins, has given three valuable pieces of land to the town of Great Barrington, Mass., for park purposes and an athletic field.

Dr. Talmage says: "Put into my hand the moneys wasted in tobacco in Brooklyn, and I will support three orphan asylums as grand and beautiful as those already established."

Put into my hand the money wasted in tobacco in the United States, and I will feed, clothe and shelter all the suffering poor on this continent! American Christians spend \$600,000,000 a year in tobacco. If the money thus wasted injured no one, we could possibly be silent; but when we realize its immense physical harm as well as its demoralizing influence, God holds us responsible for the position we take on this question. The very air of our streets is loaded with the terrible stench, and civilization and religion protest against it. One who dislikes it has no rights in any public place, except in the house of God, and scarcely there, for many men carry the odor in their "clothing" to the discomfort of those obliged to inhale the poisoned atmosphere. No one can give a good reason for using it. No one defends it, who does not use it, and few who do. I used to think Horace Greeley's definition of a cigar a little severe when he said it was "a little roll of tobacco leaves, with a fire at one end, and a fool at the other;" but I cannot believe a truly wise man will, after considering the subject thoughtfully, be at either end of a cigar. Besides the vast sums of money burned up every year in tobacco smoke, the loss of vitality, brain power and integrity of character, we cannot doubt that tobacco directly tempts to the use of spirituous liquors, as can be proven by the best authorities on the subject. Tobacco develops an unnatural thirst, and creates an appetite for that which will lead to a drunkard's death and a drunkard's eternity. I thank God that our colleges are coming into the light through the study of this subject. It is stated on good authority that no devotee of tobacco ever graduated at the head of his class at Harvard.—Mrs. Helen L. Bullock.

The Beauty

OF SOME PIANOS

Is only "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist.

The Kroeger Pianos

All have handsome, tasteful, durable cases; but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. Mrs. W. R. Lambert, wife of the Oakland City Clerk who is charged with embezzlement, has arrived at San Francisco. She denies any contemplation of forsaking her husband, and will be present at his trial during the latter part of this month. Mrs. Lambert refused to speak of her life in Honolulu.

The present system of examining personal effects of arriving passengers is very embarrassing to those who have to submit to the curious gaze of spectators while such is in progress. If a portion of the wharf was partitioned off for the inspection of baggage it would, no doubt, prove more satisfactory to incoming passengers.

Miss Alice F. Beard, who has visited Honolulu before, returned by the Australia. She has been very prominent in missionary work in California, and will interest herself in religious work in this city. She is accompanied by her father, the Hon. E. B. Beard, who is the owner of very large wheat interests in the San Joaquin Valley, California.

The Time.

This paper will be issued this morning and will be unusually interesting. Among the articles will be a comment on The Hawaiian, with a portrait of the editor of that magazine. The roster of the Society of the Sons of the Revolution and a portrait of P. C. Jones, president of the society. Society events during the week and other matters receive attention.

The paper will be on sale at the news stores.

Special Meeting.

A SPECIAL MEETING OF THE stockholders of the Kahuku Plantation Company will be held on SATURDAY, June 23d, at 10 o'clock A. M. at the Chamber of Commerce Room.

Port Surveyor Sanders caused the arrest of John Kennedy, an employee of the California Fruit Market, and E. L. Sharratt, a dray driver, yesterday on a charge of smuggling opium. opened and beneath a thin layer of codfish, 20 tins of opium were found.

The steamer Kahului left San Francisco on the 13th inst. for the port of the same name. In speaking of her departure, the Bulletin says: If the steamer Kahului, alias Series, alias Scandinavia, ever reaches Honolulu in safety her crew will have cause to feel happy. The Kahului departed yesterday loaded in such a manner that her appearance created marked comment along the front, and had her crew been given half a chance they would probably have deserted in a body. She was loaded so deep that her main deck was almost awash, and her decks were littered with lumber and merchandise.
