DEPARTMENT OF THE AIR FORCE
WASHINGTON 20330

OFFICE OF THE SECRETARY

JAN 9 1968

Dear Senator Inouye:

The Secretary of the Air Force has asked that I inform you of the forthcoming inactivation of the 6th Military Airlift Squadron (MAS) at Hickam Air Force Base.

The 6th MAS, which is equipped with the older C-124 prop driven transport, will be inactivated in the spring of 1968. This action is in consonance with the modernization program of the Military Airlift Command (MAC) which provides for the withdrawal of the older aircraft from the active airlift forces when their mission can be accomplished by the new, all jet transports.

The 6th MAS has approximately 436 military and 78 civilian personnel who will be affected by the inactivation. The military personnel will be reassigned to other Air Force missions. After the inactivation of the 6th MAS, Air Force military personnel at Hickam will number approximately 9,000. In regard to the civilian employees, we will make every effort to provide them with continuing employment at Hickam.

We hope this information will be useful. We plan to notify the news media shortly after this letter is delivered to your office.

Sincerely,

A handwritten signature in cursive script that reads "John J. Shaughnessy".

Honorable Daniel K. Inouye
United States Senate

NEWS FROM OFFICE OF SENATOR DANIEL K. INOUE
11, January 1968

A contract for the construction of a new Post Office facility at Mountain View, Hawaii (Hawaii County) was approved today, according to the office of Senator Daniel K. Inouye.

Tsugio and ^{Jane}James Ueyama of Hilo were the successful bidders on a contract to build the new facility. Estimated cost is \$21,500.

The Post Office Department will lease the new building at an annual rental of \$2,760. The building, which will be located opposite the existing facility, will provide 1,400 square feet of working space. It is expected to be completed in August.

INFORMATION service

POST OFFICE DEPARTMENT
SAN FRANCISCO REGION

(CALIFORNIA, HAWAII, MIZYADA AND ALL PACIFIC POSSESSIONS)

San Francisco, Calif 94106 For Further Information Call: (415) 556-5390

FOR IMMEDIATE RELEASE

Postmaster General Lawrence F. O'Brien announced yesterday that a contract has been awarded to Tsugio and Jane Ueyama of Mountainview to build the new main post office at Mountainview, Hawaii, and lease it to the Post Office Department.

The announcement of the award to the successful bidder advances the new building closer to the construction stage. When fully operational, the Postmaster General said, the additional space and more modern equipment will, in the long run, more than offset the extra cost involved and produce more efficient handling of the mail, in accord with President Johnson's directive to provide the best possible postal service at the least possible cost.

The new building, across the street from the present post office building, will be leased to the Department for 10 years with renewal options running through 10 years. The one-story building will be air conditioned and will have an interior space of 1,400 square feet. The area for parking and movement of postal vehicles will total 5,000 square feet. The new post office is expected to be completed in 8 months.

Mr. O'Brien explained that the Department's capital investment is limited substantially to postal equipment. The building will remain under private ownership, with the owner paying local real estate taxes.

OFFICE OF LEGISLATIVE LIAISON
U.S. DEPARTMENT OF LABOR

FOP

(This is an advance notice of the funding of a Manpower Development and Training Act Project. It is intended for your immediate use. Departmental public announcement will be made at a later date.)

Sec. of Labor W. Willard Wirtz and Sec. of HEW John W. Gardner have jointly approved the Manpower Development and Training Act project known as Y8003 This project was developed and submitted for approval by the Hawaii Employment Security and Education agencies.

The project will provide 60 unemployed workers with training in the following occupations:

<u>Occupations</u>	<u>Weeks of Training</u>
Clerk, General	23

This project as approved will cost a total of \$ 80,452 ; the Federal Government will provide 77,953 of these funds. \$ 55,459 represents training allowances to be paid to trainees and \$ 24,993 represents total training costs. Training will be conducted at Kauluwela School, Honolulu, Honolulu County.

The Manpower Development and Training Act became law on March 15, 1962. Identification of occupations where workers are in short supply and selection of persons qualified for training to fill these positions are the responsibility of the Department of Labor. Classroom training of persons for particular skills is the responsibility of the Department of HEW. After successful completion of the course, placement of trainees into jobs for which they are qualified is made through the Employment Service.

Additional information regarding this project may be obtained from the Director of the Office of Manpower Training Operations, USES, Department of Labor, (Code 110-3824) and/or the Director of the Division of Manpower Development and Training, Office of Education, Department of Health, Education and Welfare (Code 13-33712).

FOR IMMEDIATE RELEASE

JAN 15 1968

NOTIFICATION OF
LAND AND WATER CONSERVATION FUND GRANT

State: Hawaii Amount of Grant: \$51,000.00
Number: 51-00031 Federal funds will be matched by:
Sponsor: Dept. of Parks & Recreation City & County of Honolulu

State Liaison Officer: Dr. Shelley M. Mark, Director, Dept. of Planning and
Economic Development

Description of Project:

To Acquire six acres of land on Sunset Beach, seven miles northeast of the town of Haleiwa and forty miles northwest of the city of Honolulu. The land will be developed in the future to serve the recreation needs of the community and the proposed Sunset Beach School. Development will include softball, basketball and volley-ball facilities.

The Land and Water Conservation Fund provides funds to acquire Federal recreation lands and waters, and for matching grants to States and through States to local governments for outdoor recreation acquisition and/or development projects. Grant assistance is also provided to the States for the preparation and maintenance of the comprehensive statewide outdoor recreation plan. The fund is supported by revenues from the sale of the annual \$7 Golden Eagle Permit, other Federal outdoor recreation entrance and user fees, the sale of Federal surplus real property, and the Federal motorboat fuels tax.

(This is an advance notice of the funding of a Manpower Development and Training Act Project. It is intended for your immediate use. Departmental public announcement will be made at a later date.)

Sec. of Labor W. Willard Wirtz and Sec. of HEW John W. Gardner have jointly approved the Manpower Development and Training Act project known as Y8004. This project was developed and submitted for approval by the Hawaii Employment Security and Education agencies.

The project will provide 30 unemployed workers with training in the following occupations:

<u>Occupations</u>	<u>Weeks of Training</u>
Cashier, Checker	21

This project as approved will cost a total of \$ 45,159 ; the Federal Government will provide \$43,294 of these funds. \$ 26,505 represents training allowances to be paid to trainees and \$ 18,654 represents total training costs. Training will be conducted at Central Intermediate School, Honolulu, Honolulu County.

The Manpower Development and Training Act became law on March 15, 1962. Identification of occupations where workers are in short supply and selection of persons qualified for training to fill these positions are the responsibility of the Department of Labor. Classroom training of persons for particular skills is the responsibility of the Department of HEW. After successful completion of the course, placement of trainees into jobs for which they are qualified is made through the Employment Service.

Additional information regarding this project may be obtained from the Director of the Office of Manpower Training Operations, USES, Department of Labor, (Code 110-3824) and/or the Director of the Division of Manpower Development and Training, Office of Education, Department of Health, Education and Welfare (Code 13-33712).

JAN 15 1968

CONGRESSIONAL NOTIFICATION OF GRANT AWARDS

Title I, Elementary and Secondary Education Act of 1965, P.L. 89-10, as amended, Special Programs for Educationally Disadvantaged Children.

Recipient: States, outlying areas and Department of Interior Indian schools.

Description: Allotment of funds available for Fiscal Year 1968 under the provisions of Title I, ESEA, is shown on the attached table and computer listing. This Congressional notification is now official and replaces the grant awards provided to the States under the continuing resolution on July 3, 1967.

The enclosed table of allotments shows amounts granted to each State and outlying area, and Department of the Interior Indian schools, from the funds appropriated (\$1,191,000,000). The table includes State allotments for local educational agencies, handicapped children, delinquent and neglected children, and migrant children. The handicapped children, delinquent and neglected children and migrant children programs were fully funded without ratable reduction.

The enclosed computer listing shows authorized funds and allotments for local educational agencies in your State, by county.

(States will be notified of the allotment of each county within their jurisdiction. Sub-allocation to school districts below the county level will be made by State departments of education in accordance with Federal criteria. Approval of local projects designed to establish or expand educational programs for the disadvantaged also rests with the States.)

Children classed as disadvantaged under the law and included in the State allotment formula, are (1) children from families having income of less than \$2,000 per year or receiving payments in excess of \$2,000 per year under the "aid to dependent children" provisions of the Social Security Act; (2) children under public care in foster homes; (3) children in institutions for the handicapped, neglected, or delinquent; (4) children of migratory agricultural workers.

Amount: \$1,191,000,000

Additional Information: Mrs. Genevieve O. Dane, Chief, Operations Branch, Division of Compensatory Education, BESE, USOE, Washington, D.C. 20202. Tel. (202) 962-4483.

The grant recipients will not be notified of the awards for at least 24 hours after Congressional notification.

Enclosures: (1) State allotment table.
(2) Computer listing showing allotments by county.
(3) List of State institutions for neglected and delinquent children.

January 5, 1968

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
Office of Education

January 17, 1968

Notification to Members of Congress

The Higher Education Act of 1965 (P.L. 89-329)
Title V, Part C - Fellowships for Teachers

Seventy-two Experienced Teacher Fellowship Programs will be conducted in 1968-69 by 66 colleges and universities in 38 States to provide graduate study for about 1550 experienced elementary and secondary school teachers and other educational personnel at a cost of nearly \$15 million, the Office of Education reported today. They will be funded under title V-C of the Higher Education Act.

The programs were selected from almost 600 proposals submitted by institutions of higher education requesting some 12,000 fellowships at a cost of \$100 million. Programs to be funded were recommended by independent professional consultants who read, evaluated and ranked all proposals.

Priority was accorded continuing programs currently in operation and to proposals which emphasized elementary education, the teaching of disadvantaged youth and teaching the trainers of teachers. A limited number of programs in another priority area--school administration--will be announced at a later date.

The Experienced Teacher Fellowship Program provides emphasis on subject matter within a framework of classroom applicability. Graduate study may lead to an M.A. or other advanced degree but not to a doctorate.

Fellows pay no tuition or other usually required fees and receive a tax-free stipend of \$4,000 per academic year of study plus an allowance of \$600 for each dependent. There is no travel or book allowance. When an Experienced Teacher Fellowship Program includes either the previous or the following summer as a continuous and integrated part of the program, the fellows may receive an additional stipend of \$800 plus \$120 per dependent. Participating institutions receive supporting funds of \$2,500 per fellow for the academic year and \$500 if summer study is required. Additional Institutional Assistance Grants in connection with the program will be announced by the end of the month.

(over)

Public and private local educational agencies must play a major role in the selection process since applicants are required to secure a recommendation from their local school system. Preference is given to experienced school personnel with at least three years' experience in a local school system to which they plan to return. Displaced teachers who cannot be expected to return to a school district may be selected without nomination by a local educational agency.

The Office of Education will notify colleges and universities whose proposals were approved by letter to be mailed Thursday, January 18. Additional information may be obtained from Dr. Donald N. Bigelow, Director, Division of Educational Personnel Training.

Following is a list by State, indicating the name and location of institutions, a brief description of the program to be offered and the teaching level they are designed to serve, the geographical area from which fellows will be selected, the duration of the program and the name of the director.

HAWAII

University of Hawaii, Honolulu Co.); Educational media -- specialists: educational communications as related to instructional systems, gr. K-12; Hawaii, United States Mainland, United States Pacific areas; 12 months: September 1, 1968-September 1, 1969; Walter A. Wittich

ILLINOIS

Northeastern Illinois State College, Chicago 60625 (Cook Co.); Elementary and secondary education -- teachers of disadvantaged youth (inner city), gr. K-12; national; 11 months: September 5, 1968-August 20, 1969; Donald H. Smith

University of Illinois, Urbana 61801 (Champaign Co.); Elementary education -- teachers of disadvantaged youth: early childhood education, gr. PS-3; 9 months: September 1968-June 1969; Bernard Spodek

INDIANA

Indiana State University, Terre Haute 47809 (Vigo Co.); Pupil personnel services -- teachers: guidance and counseling, gr. 4-9; national; 11 months: September 5, 1968-August 20, 1969; Lawrence Beymer

Indiana University, Bloomington 47405 (Monroe Co.); Music -- teachers: multiple arts for music specialists, gr. K-12; national; 9 months: September 1968-June 1969; Miriam P. Gelvin

Indiana University, Bloomington 47405 (Monroe Co.); Modern foreign languages -- teachers of French and Spanish, gr. 9-12; national; 12 months: September 10, 1968-September 10, 1969; Edward Najam

Purdue University, Lafayette 47907 (Tippecanoe Co.); Economics -- teachers, gr. 1-12; national; 11 months: September 11, 1968-August 11, 1969; Robert V. Horton

IOWA

Clarke College, Dubuque 52001 (Dubuque Co.); Reading -- teachers, gr. 1-8; primarily Midwest; 11 months: September 3, 1968-August 1, 1969; Sister Mary Edward Dolan

KANSAS

University of Kansas, Lawrence 66044 (Douglas Co.); Geography -- teachers, gr. K-9; 12 months: September 1, 1968-August 31, 1969; Duane S. Knos

University of Kansas, Lawrence 66044 (Douglas Co.); History -- teachers, gr. 7-12; national; 12 months: September 1, 1968-August 31, 1969; Theodore A. Wilson

LOUISIANA

Loyola University, New Orleans 70118 (Orleans Co.); Science -- teachers, gr. 1-3: physical science; Alabama, Louisiana, and Mississippi; 11 months: September 3, 1968-August 1, 1969; Anthony Di Maggio

MAINE

University of Maine, Orono 04473 (Penobscot Co.); Elementary education -- teachers, gr. K-6: development of rural resource teachers; rural Maine; 12 months: June 17, 1968-June 6, 1969; Autice W. Jardine

MARYLAND

Johns Hopkins University, Baltimore 21218 (Baltimore City); History -- secondary teachers and college trainers of secondary teachers, gr. 9-12; Southern and border States; 12 months: September 1, 1968-August 30, 1969; David Donald

MASSACHUSETTS

Clark University, Worcester 01610 (Worcester Co.); Geography and History -- supervisors and teachers: cross-disciplinary program, gr. K-12; southern New England; 15 months: June 1968-August 1969; Saul B. Cohen and Gerald N. Grob

Harvard University, Cambridge 02138 (Middlesex Co.); Secondary education -- teachers: curriculum and supervision in English, mathematics, social studies, and science, gr. 7-12; national; 12 months: July 1, 1968-June 30, 1969; David E. Purpel

Wheelock College, Boston 02215 (Suffolk Co.); Elementary education-- teachers: curriculum innovation in early childhood education, gr. PS-3; national; 9 months: September 1968-June 1969; Evelyn Weber

MICHIGAN

Michigan State University, East Lansing 48823 (Ingham Co.) Mathematics and Science -- teachers: integrated program in reading, mathematics, and science, gr. 4-6; national; 12 months: June 17, 1968-June 7, 1969; Shirley Brehm

HEWLETT	<u>"</u>	<u>A.M.</u>) Had

Lockheed Aircraft Corp., Sunnyvale, California, today received an \$4,896,550 Air Force contract for the operation and maintenance of tracking stations located in Hawaii and Kodiak, Alaska, according to Senator Daniel K. Inouye.

Sixty-five per cent of the dollar value of the contract will be spent in Hawaii where Lockheed has a staff of 215 people.

The Oahu tracking station is located at Kaena Point on the northwest tip of the island.

United States Senate

MEMORANDUM

January 26, 1968

To: Senator Inouye
From: Jack
Subject: White House press release

This morning the White House called in a \$4.8 million Air Force contract to Lockheed (Sunnyvale, California), for operation and maintenance of tracking stations in Hawaii and Alaska. I immediately called Hewlett -- he already had it from Sparky. I was unable to reach either Burnett (UPI) or Humphries (AP).

NEWS FROM SENATOR DANIEL K. INOUE

	DATE	TIME
UPI	<u>1/30/68</u>	<u> </u>
AP	<u>"</u>	<u>4:40 (phone - Had)</u>

Hawaii will receive a total of \$822,418 for fiscal 1968 as its allocation of federal funds under the terms of the Vocational Educational Act of 1963, according to Senator Daniel K. Inouye. \$43,311 of this amount is earmarked for work-study programs.

An additional \$230,196 is allocated for agriculture, distributive education, home economics, fishery trades and industry and similar programs.

Another \$31,661 was allocated for adult educational programs in agriculture, trades and industry, home economics and teacher training.

Grant increases for the Hinano and Paki Urban Renewal Projects in Honolulu totaling \$1,268,440 will be approved by the Department of Housing and Urban Development, according to Senator Daniel K. Inouye.

The grant increase for the Hinano project totals \$777,784 and the allocation for the Paki project will be increased by \$490,656.

#####

The Hinano project covers 105 acres. The original grant authority totaled \$5.7 million.

The Paki project covers 43 acres and the original grant authority was \$2.2 million.

FOR RELEASE
Thursday
February 1, 1968

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development has announced approval of grant increases for the Hinano and the Paki urban renewal projects in Honolulu, Hawaii.

A \$777,784 grant increase (to a total of \$6,729,533) has been approved for the Hinano project, and a \$490,656 increase (to a total of \$2,888,947) has been approved for the Paki project.

This action will permit the Honolulu Redevelopment Agency to continue with such activities as land acquisition, relocation of site occupants and other related activities.

Both projects were approved for execution in July 1966.

The Urban Renewal Program, authorized by Title I of the Housing Act of 1949, as amended, provides assistance to cities undertaking local programs for the elimination and prevention of slums and blight.

Senator Daniel K. Inouye protested the current curtailment of funds for the East-West Center in Honolulu as "a false economy" in a letter to Secretary of State Dean Rusk.

Senator Inouye told Secretary Rusk that "Many of the programs are being so handicapped through staff layoffs and program constrictions as to seriously endanger their continuance."

The Center, located on the campus of the University of Hawaii, was established by the Federal Government to provide a technical and cultural interchange center for students and scholars from the United States and Asia. More than 400 Asian students attend the institution.

The Center received a \$5.8 million federal appropriation for the 1967-1968 fiscal year. In his recent budget request to the Congress, President Johnson asked for a fiscal 1968 appropriation of \$5,362,000, a reduction of \$438,000.

The full text of Senator Inouye's letter is attached.

January 31, 1968

The Honorable Dean Rusk
Secretary of State
Department of State
Washington, D. C. 20520

Dear Mr. Secretary:

I am sure that few individuals in government are more cognizant than yourself of the tremendous need to create goodwill and understanding between nations as a basis on which good diplomatic relationships can develop. That we have been deficient in establishing such bases in Asia today is evidenced by the tragic conflict in which we now find ourselves engulfed.

For this reason I feel the current curtailment of funds for the East-West Center is a false economy. Great thought and effort have gone into the development of the programs now sponsored by the Center. Furthermore they have proven successful and are in great demand by our Asian friends.

Now under the current across-the-board cuts these programs are being so curtailed as to endanger their continuance. Since they have been applied after large amounts of the funds had already been allocated to academic programs in the fall, the cuts are in the dimension of 20% on the remaining items, not 10%. Many of the programs are being so handicapped through staff layoffs and program constrictions as to seriously endanger their continuance.

Understandably this is a source of great distress to me. Surely such programs now and in the future should hold the highest priorities and rank in importance with the military efforts that result when their efforts fail. I believe it would be in the best interests of this nation if some special consideration could be given to institutions which have as their purpose the establishment of friendship, particularly between this country and Asian nations.

Sincerely yours,

DANIEL K. INOUE
United States Senator

HEWLETT _____

Dear Senator Inouye:

This is to confirm the information which was telephoned to your office on February 1, 1968.

Under the provisions of Title VI of the Public Health Service Act, as amended, the initial application for the following project has been approved by the Public Health Service following its approval by the Hawaii Department of Health.

Name of project: Kauikeolani Children's Hospital
Location: Honolulu, Hawaii
Total estimated cost: \$914,500
92,200 (Federal Participation)
Estimated Federal share: 42,412
Name and address of person signing application in behalf of applicant: Philip H. Pharazyn, Administrator
Kauikeolani Children's Hospital
Type of construction: Provide 30 additional beds to existing
Number of beds: rehabilitation center
Category of facility:

The above cost estimates are preliminary and experience indicates that they may change considerably by the time bids covering the construction contract are received and other costs are more firmly established.

The approval of this initial application clears the way for the applicant to develop plans and specifications and meet the other requirements of the Act. As you probably know, the development of plans and specifications is a time-consuming operation, and some time may elapse before a contract is awarded and construction begins.

If you wish additional information, please let us know.

Sincerely yours,

William H. Stewart
Surgeon General

Honorable Daniel Kenn Inouye

Senator Daniel K. Inouye has advised Secretary of the Interior Stewart L. Udall that present water quality standards for thermal discharge from electric generating plants could cost Hawaiian Electric consumers many millions of dollars and urged that they be amended "to apply more realistically to Hawaii."

The Water Pollution Control Act of 1967 mandates states to establish standards which are enforceable, economically feasible and capable of actually protecting rivers, lakes and coastal waters from thermal pollution and provides guidelines for such standards.

Electric generating plants in Hawaii pump warm water from their cooling operations into the sea, including the largest plant in Honolulu owned by the Hawaiian Electric Company.

Under the terms of the guidelines, Hawaiian Electric could be prohibited from doing this unless it constructed special towers to lower the water temperature before discharge. Cost of the towers is estimated at over \$2 million each.

Senator Inouye said construction of the towers would require space which is not now available near the major generating facility.

"Yet to move this plant would entail some \$32 million in outlays. Since these costs would be relayed to the consumers who, in Hawaii, already are disadvantaged by high energy costs, the question of water standards has come to involve the well-being of a major portion of the state," Senator Inouye said.

The full text of Senator Inouye's letter is attached.

February 1, 1968

The Honorable Stewart L. Udall
Secretary of the Interior
Department of the Interior
Washington, D. C. 20240

Dear Mr. Secretary:

I am writing to invite your serious consideration to a problem faced by the electric generating plants on Oahu, Hawaii.

Since Hawaii is surrounded by ocean, its electric generating plants have always pumped the warm water from their operations into the sea. The present wording of the Water Quality Standards which limits thermal discharge to a "1.5 degree increase in an area of mix" would forbid this practice and require the construction of cooling towers. These could cost some \$2 million each and would require space which for the downtown plant at least is not now available. Yet to move this plant would entail some \$32 million in outlays. Since these costs would be relayed to the consumers who, in Hawaii, already are disadvantaged by high energy costs, the question of water standards has come to involve the well-being of a major portion of the state.

The Hawaiian Electric Company suggests that such a revision might consist of first limiting the area of thermal changes and then specifying the amount of temperature change which can take place in that area. The firm suggests that such regulations might consist of a limit on thermal changes with four (4) degrees for a radius of 200 feet for Class A and B coastal waters.

I believe it is significant to note that temperature contracts proposed by Hawaiian Electric are not as wide nor do they move outside the normal and relatively speaking narrow fluctuations found in ocean water temperatures in Hawaii the year round. Further the climate, in comparison to the Mainland, is warm. To date there has been no evidence around Oahu of harmful effects of warm water discharges. Some of the plants discharge into a rolling surf which quickly dissipates the heat. The point of greatest thermal effect should be found in Honolulu Harbor where the largest and longest standing generating plant is located. It is here that the thermal change is not more than four (4) degrees in a 200 feet radius. But no detrimental effects have been observed.

The Honorable Stewart L. Udall
February 1, 1968
Page Two

More recently in studies relating to the location of a new plant at Kaneohe Bay (across the island from Honolulu), it was found that temperature changes anticipated from the proposed plant would not adversely affect plant and animal life. The study was conducted by a University of Hawaii graduate student under the direction of Dr. Klaus Wyrcki of the University's Oceanography Department.

Hawaii's experience suggests that the effects on the ecology of temperature contrasts within the narrow bounds of a tropical climate may be quite different from those found in Mainland rivers and coastal areas into which the same amount of heat is pumped at different seasons of the year.

Further research is doubtless called for and I know that the need for this is recognized in the enabling legislation. Hawaiian Electric is willing to participate in such a project and in fact has offered to pay one-half of the cost of a study to be conducted by Dr. Vernon Brock of the University of Hawaii's Oceanography Department.

But should the State of Hawaii offer for Federal approval such standards as now are required by the Federal Government, the company will be locked into those standards and further adjustments will be impossible.

The legislative mandate in the Water Pollution Control Act was to make standards which were enforceable, economically feasible and capable of actually protecting rivers, lakes and coastal waters from thermal pollution. The electric company has assured me that on the basis of evidence, it has yet to know how it would violate the spirit and intent of the Water Pollution Control Act by not going along with the Federal guidelines. Should the company take the matter to court, as the official now feels would be their only alternative, the results, I fear, would be costly and embarrassing for everyone.

I do not intend to plead the special case of this company. However, it does seem to me that an insular state surrounded by 2,000 miles of water in an even tropical climate poses a quite different situation for thermal pollution than does an inland state adjacent to limited water supply and affected by wide seasonal temperature fluctuations.

I am therefore suggesting that the Department of the Interior seriously consider permitting Hawaii standards which are more flexible than the across-the-board regulations found to be necessary to safeguard Mainland water resources.

Sincerely yours,

DANIEL K. INOUE
United States Senator

NEWS FROM SENATOR DANIEL K. INOUE
 2, February 1968

The U. S. Office of Education today allocated four Prospective Teacher Fellowships to Hawaii for study beginning in the 1968-1969 academic year, according to Senator Daniel K. Inouye.

The fellowships will be awarded to students selected by the University of Hawaii. Fellows receive stipends of \$2,000 for the first academic year and the enrolling institution receives \$2,500 for each fellow to help pay the cost of his education.

Fellowships in Hawaii will be awarded in the field of library science.

#####

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
OFFICE OF EDUCATION
WASHINGTON, D.C. 20202

FEB 2 1968

February 2, 1968

NOTIFICATION TO MEMBERS OF CONGRESS

The Higher Education Act of 1965 (P.L. 89-329)
Title V(C), Prospective Teacher Fellowship Program

The U.S. Office of Education has allocated 1500 Title V(C) Prospective Teacher Fellowships to be awarded for study beginning in the 1968-69 academic year. These awards, which serve both to strengthen graduate teacher preparation programs and to help persons interested in pursuing a career in elementary and secondary education, have been granted to 173 institutions for use in a total of 273 programs. A total of 491 programs requesting 7,085 fellowships were submitted. The selected institutions cover 50 States, the District of Columbia and Puerto Rico. Institutions were selected for fellowship awards on the basis of an evaluation of their applications by a panel of more than 90 scholars and educators drawn from institutions in every region of the Nation.

Title V(C) Prospective Teacher Fellowships are awarded to students selected by the institution. They require full-time study and provide for up to two years of graduate study leading to an advanced degree other than the doctorate.

In fiscal year 1968, approximately \$12.5 million will be obligated to cover the cost of both the 1500 new fellowships plus the 806 continuing fellowships from last year. Fellows receive stipends of \$2,000 for the first academic year and \$2,200 for the second year, plus allowances of \$400 for each eligible dependent. An additional stipend of \$400, plus \$100 for each dependent, is available for summer study. For each Fellow, the institution at which he is enrolled receives \$2,500 to help pay the cost of his education and to help implement institutional improvement plans.

Fellowship allocations are contingent upon the institution's compliance with the regulations issued under Title VI of the Civil Rights Act of 1964, which provides, in Section 601, that no persons in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

Attached is a listing, by State, showing the institutional distribution of the 1500 new Prospective Teacher Fellowships for 1968-69 and the programs in which the fellowships may be awarded.

Additional information may be obtained from Dr. Louis Venuto, Program Manager, Graduate Academic Programs Branch, Division of Graduate Programs, Bureau of Higher Education.

APPROVED PROGRAMS AND FELLOWSHIP ALLOCATIONS,
BY STATE AND INSTITUTION: 1968-69 (con't)

Footnotes:

1/ The designation of E, S, or ES indicates the level for which the program is designed--elementary, secondary, or both elementary and secondary.

2/ Program prepares persons to teach disadvantaged children from among the following:

AI-----American Indian
CA-----Chinese American
FS-----French speaking
JS-----Japanese speaking
N-----Negro
R-----Rural
SS-----Spanish speaking
U-----Urban

3/ This program has two emphases--one is designed to prepare elementary mathematics teachers and the other is designed to prepare mathematics teachers for disadvantaged children.

4/ This is a comprehensive State-wide program to upgrade all elementary education in North Dakota. Other parts of it are supported by other divisions of the U. S. Office of Education.

5/ Fellowships allocated for 12-month program only.

6/ Fellowships allocated for training of junior high school teachers only.

NEWS FROM SENATOR DANIEL K. INOUYE	"	<u>2:27</u>	
5, February 1968	"	<u>2:48</u>	
HEWLETT			

Honolulu will soon be designated as an eligible port for bid evaluation in connection with Department of Defense procurement contracts, according to Senator Daniel K. Inouye.

The new designation will result directly from a revision to the Armed Services Procurement Regulations, the Senator explained. The revisions are expected to be officially published in April of this year.

Senator Inouye explained that in the past, Hawaii bidders on defense contracts had to name one of the West Coast ports as their port of shipping and bids had to be based on shipping costs from those ports instead of from Honolulu.

The Senator said the revision was scheduled to be made in December 1967, but had been subject to delays.

"This revision will provide an added inducement to Hawaii businessmen to bid more effectively on defense contracts," Senator Inouye said.

Hawaii will receive \$224,900 in Fish and Wildlife Restoration funds from the Department of the Interior, according to Senator Daniel K. Inouye.

The funds will be used for acquisition of fish and wildlife areas, habitat development, hunting and fishing access sites and research.

Under the aid program, the Federal Government will pay up to 75 per cent of the cost of completed state projects that have met Department of the Interior requirements.

The funds are obtained from excise taxes on fishing tackle and sporting arms and ammunition.

In Hawaii, \$131,600 will be allocated for wildlife programs and \$93,300 for fish projects.

Senator Daniel K. Inouye has cosponsored a Fair Housing Amendment to HR 2516, the Civil Rights legislation now before the Senate.

The amendment incorporates the basic features of S. 1358, the Fair Housing Act of 1967 which was also cosponsored by Senator Inouye.

Key features of the amendment are:

1. Prohibits discrimination on account of race, color, religion or national origin in the sale or rental of housing by someone other than its occupant.
2. Prohibits discrimination in the financing of housing, and in the provision of services by and membership in real estate organizations.
3. Responsibility for conciliation and enforcement would be placed in the hands of the Department of Housing and Urban Development.

The act would not apply to owner-occupied duplex, triplex or quadriplex units.

Senator Inouye emphasized that the amendment does not exempt from coverage the sale or rental of single family dwellings.

FEB 8 1968
ASSISTANT SECRETARY OF STATE
WASHINGTON

February 7, 1968

Dear Senator Inouye:

I am very happy to inform you that one of your constituents, Van T. Lieu, Ph.D., has been selected for a grant under the international educational and cultural exchange program of the Department of State. Some basic information about this grant, together with a brief description of the Department's total program, is contained in the enclosed announcement.

State Department grants are awarded to highly qualified U.S. students, teachers, and scholars to enable them to continue their academic or professional studies in a foreign country for periods up to one year or longer. We are gratified that so many outstanding Americans are contributing to the success of the exchange program, and we are deeply pleased that your constituent has been chosen to join this distinguished group.

The aim of the program, which is authorized by the Fulbright-Hays Act, is to promote mutual understanding and good will between the American people and the people of other countries. It provides opportunities for U.S. citizens and foreign nationals to study, teach, lecture, conduct research, and participate in other educational and cultural projects overseas.

We are notifying your constituent of the grant and of the fact that this announcement is being sent to you. Candidates selected for grants are requested to advise the Department within twenty-one days whether or not they can accept.

Sincerely,

Katie Louchheim

EDUCATIONAL EXCHANGE GRANT ANNOUNCEMENT
BUREAU OF EDUCATIONAL AND CULTURAL AFFAIRS
DEPARTMENT OF STATE, WASHINGTON, D.C. 20520

The Department of State announces the awarding of a grant to

NAME: Van T. LIEU, Ph.D.

ADDRESS: 2244 Hoonanca Street, Honolulu, Hawaii

U.S. INSTITUTION: Chemistry Department, California State College,
Long Beach, California

PURPOSE OF GRANT: To lecture in Nuclear Chemistry

OVERSEAS INSTITUTION: National Tsinghua University, Taipei, Taiwan, China

This award is made under the Mutual Educational and Cultural Exchange Act of 1961 (Public Law 87-256), known as the Fulbright-Hays Act. The stated purpose of the Act is to enable the U.S. Government "to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange; to strengthen the ties which unite us with other nations...and thus to assist in the development of friendly, sympathetic, and peaceful relations between the United States and the other countries of the world."

Under the Act, direct grants are made annually to about 2,500 U.S. citizens to go abroad and about 6,000 foreign nationals to come here. A total of 106,000 - some 30,000 Americans and 76,000 foreign citizens representing 130 countries and territories - have received grants since the passage of the original Fulbright Act in 1946.

Grants are made for university lecturing, advanced research, graduate study, teaching in elementary and secondary schools, practical experience in technical and specialized fields, and consultation and observation. Final selection of grantees is made by the Board of Foreign Scholarships, whose 12 members are appointed by the President. In the process of screening, assigning, and supervising grantees, the Department of State is assisted by a number of public agencies and private, nonprofit organizations. Among these are the U.S. Office of Education, the Institute of International Education, and the Conference Board of Associated Research Councils.

Overseas the exchange program is administered in about 50 countries by binational commissions set up under executive agreements. Cultural Affairs Officers of the U.S. Information Agency assist the commissions. In some 80 other countries and territories Cultural Affairs Officers conduct the program on behalf of American embassies.

The State Department's Bureau of Educational and Cultural Affairs administers the over-all program. Its diverse responsibilities include sending out scientists, writers, doctors, athletic coaches, and other American "specialists"; bringing foreign leaders to the United States; arranging overseas tours by performing artists, music and drama groups, and athletes; assisting American-sponsored schools abroad, and participating in UNESCO and other multilateral organizations.

ASSISTANT SECRETARY OF STATE

DEPARTMENT OF THE INTERIOR
BUREAU OF OUTDOOR RECREATION
WASHINGTON, D.C. 20240

FEB 9 1968

FOR IMMEDIATE RELEASE

FEB 9 1968

NOTIFICATION OF
LAND AND WATER CONSERVATION FUND GRANT

State: Hawaii

Amount of Grant: \$9,996.00

Number: 51-00034

Federal funds will be matched by:

Sponsor: Dept. of Parks & Recreation

County of Hawaii

State Liaison Officer: Dr. Shelley M Mark, Director, Dept. of Planning and Economic Development

Description of Project:

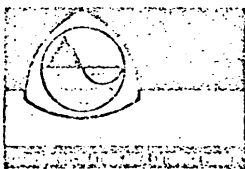

This project will expand development of Punaluu Beach Park, located adjacent to the famous Black Sand Beach, about five miles southwest of the town of Pahala, Kau, Hawaii. Development will consist of adding two (2) family type pavilions, two (2) barbecue grills and an outdoor sink.

The Land and Water Conservation Fund provides funds to acquire Federal recreation lands and waters, and for matching grants to States and through States to local governments for outdoor recreation acquisition and/or development projects. Grant assistance is also provided to the States for the preparation and maintenance of the comprehensive statewide outdoor recreation plan. The fund is supported by revenues from the sale of the annual \$7 Golden Eagle Permit, other Federal outdoor recreation entrance and user fees, the sale of Federal surplus real property, and the Federal motorboat fuels tax.

NEWS FROM SENATOR DANIEL K. INOUE
13, February 1968

Senator Daniel K. Inouye advised Secretary of the Navy Paul R. Ignatius that he is "disturbed" by reports that the Navy hopes to send two barges (APL 17 and APL 25) to Japan for conversion purposes.

In a letter to the Navy secretary, Senator Inouye said:

"These barges are now at Pearl Harbor and our Pearl Harbor Naval Shipyard is fully capable of doing the work. I am advised that Pearl Harbor Naval Shipyard can use some additional work assignments.

"An order to have this work done in Hawaii would also cut our gold outflow."

The senator said he has received a number of complaints from Pearl Harbor union officials about the proposed work order. The Navy advised the senator today that no firm decision has been reached to date.

Conversion work on Navy living barges APL 17 and APL 25 will be completed at Pearl Harbor Naval Shipyard, Senator Daniel K. Inouye said today.

Senator Inouye wrote Secretary of the Navy Paul R. Ignatius yesterday saying he was "disturbed" by reports that the work would be done in Japan.

The Navy Department said yesterday that no firm decision had been made but confirmed this morning that the work would be completed in Hawaii.

Senator Inouye said he was "pleased" by the decision.

NEWS FROM SENATOR DANIEL K. INOUE
14, February 1968

Attached is a statement submitted today by Senator Daniel K. Inouye on a bill before the Senate Committee on Post Office and Civil Service. The bill is similar to one previously introduced by Senator Inouye.

Senator Inouye's bill---S. 419

STATEMENT BY SENATOR DANIEL K. INOUE BEFORE SENATE
COMMITTEE ON POST OFFICE AND CIVIL SERVICE ON BILL TO
~~REPEAL~~ MID-DECADE CENSUS

CREATE

February 14, 1968

The massive social legislation enacted by the Congress in the past decade has prompted a growing interest in the proposed mid-decade census.

The reason for this interest is obvious. Our communities are confronted with the need to move rapidly ahead in the health, education, and welfare areas and they need as many facts about their growth as they can command before launching new programs.

We all know that the end of the Vietnam conflict will only make this issue more pressing.

The need for fresh information is even more vital in Hawaii where our population growth -- up 17.9 per cent since the 1960 census -- is almost twice the national average.

The mid-decade census will not be a duplicate of the decennial census but, rather, it will take into account the extent to which current information is available from other sources and will make maximum use of sampling procedures consistent with statistical needs.

This flexibility should enable us to achieve the utmost in benefits from this most valuable tool for long-range planning purposes.

As a footnote, I should like to add that the Kingdom of Hawaii conducted a census every six years from 1860 to 1896.

In view of the rapid growth of our affluent society, I do not believe that we can ignore this need any longer.

NEWS FROM SENATOR DANIEL K. INOUE
20, February 1968

Senator Daniel K. Inouye today announced that the General Services Administration will inform the Congressional committees on Governmental Operations of its plans to sell two (2) parcels of land at the Navy's Red Hill storage area, Halawa, Oahu, Hawaii, to the State of Hawaii for \$4,625.

The two (2) parcels of land are located on either side of the proposed route of the defense highway H-3. The State plans to use the property in connection with the highway.

AUTHORIZATION SOUGHT FROM CONGRESS
FOR MILITARY CONSTRUCTION PROJECTS

The Department of Defense has submitted to the Congress a Military Construction Authorization Bill for FY 1969 totaling \$1,877,687,000, requesting new authorization in support of the Military Services, the Defense Agencies, and the Reserve Components.

The projects for which authorization has been requested are located at 321 named military installations in the United States, and at numerous overseas bases in the Caribbean, Europe, Pacific Islands, Japan, Korea and Southeast Asia. The extensive nature of the distribution of the program, emphasizes its world-wide character in support of military deployments and National policies.

The primary objective of the proposed new construction is to strengthen and improve the combat readiness and capabilities of Military Land, Sea and Air Forces wherever they may be stationed, and to provide them with the modern facilities required to support the advanced weapons and defensive systems with which they are equipped.

Additionally, this Fiscal Year 1969 Military Construction Authorization Program contains \$227.3 million for construction of facilities in support of the Sentinel Anti-Ballistic Missile System on which a deployment decision was announced last September.

Also included in the total authorization request is \$589,700,000 for Military Family Housing, and \$11,800,000 for Homeowners Assistance. New family housing accounts for \$42,850,000 of this total amount and contemplates the construction of 2,000 units in the United States. The balance represents continuing requirements necessary for maintenance and operation, improvements to existing quarters, leasing costs, and payments of principal and interest on mortgage obligations.

Following are details concerning the major elements in dollars for the authorization requested:

MORE

	<u>UNITED STATES LOCATIONS</u>	<u>OVERSEAS LOCATIONS</u>	<u>LOCATIONS NOT SPECIFIED</u>	<u>TOTAL</u>
Army	\$363,980,000	\$242,474,000	\$ 10,000,000	\$ 616,454,000

The Naval Facilities Engineering Command, through the Commander, Pacific Division, Pearl Harbor, Hawaii, is issuing a \$2,239,296 contract to D. R. Kincaid Company, 105 Puuhale Road, Honolulu, for the installation of power plant and system improvements, naval oceanographic research facility and improvements to the albatros abatement system at the U. S. Naval Station, Midway Island.

Place of performance: Midway Island.

HUD NEWS

U.S. DEPARTMENT OF HOUSING
AND URBAN DEVELOPMENT
WASHINGTON D.C. 20410

HUD-No. 68-1403
(Phone DU2-4045)

FOR RELEASE
Wednesday
February 21, 1968

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development has announced approval of a \$19,500 grant for the Keolu Hills code enforcement project in the city and county of Honolulu, Hawaii. The area is bounded generally by Kopau, Aukele, Laho, Hele, Mowai, Liku Streets and Keolu Drive.

This approval will permit the continuation of concentrated code enforcement activities and public improvements in the project area. The additional grant increases the total grant to \$670,392. This figure represents two-thirds of the project cost plus 100 percent grants for relocation activities, and the rehabilitation of structures.

Both direct Federal grants and direct Federal 3 percent loans will be made available to help finance property rehabilitation for project area owners.

As required by law, anyone displaced by site operations will be offered relocation in decent, safe, and sanitary housing. This HUD grant includes a relocation grant of \$5,400.

Code enforcement grants to municipalities and counties were authorized by the Housing and Urban Development Act of 1965. A code enforcement grant may not exceed two-thirds (three-fourths in the case of a population of 50,000 or less) of the cost of a concentrated code enforcement project. Eligible project costs may include expenditures for code administration; for related staff services, financial assistance on relocation, and rehabilitation grants; and for provision and repair of necessary streets, curbs, sidewalks, street lighting, tree planting, and similar improvements.

For further information: Mayor Neal S. Blaisdell
City and County of Honolulu
City Hall
Honolulu, Hawaii 96813

Project Number: Hawaii E-2

a

Hawaii will receive \$64,700 Water Pollution Control Administration allotment to expand inspection, enforcement, training and technical assistance program activities in local water pollution control agencies, according to Senator Daniel K. Inouye.

A total of \$74,022 in state funds will be required to match the federal grant.

The funds are in addition to grants for construction of waste treatment works, Senator Inouye said.

NEWS FROM SENATOR DANIEL K. INOUE
21, February 1968

Eight mechanized landing craft have been assigned to Pearl Harbor Naval Shipyard for conversion to armored troop carriers, Senator Daniel K. Inouye was advised today by the Navy Department.

The announcement by the Naval Ship Systems Command followed an inquiry from Senator Inouye about the current and projected workload at Pearl Harbor.

Rear Admiral F. C. Jones, Vice Commander, Naval Ship Systems Command, advised Senator Inouye that the overall workload assigned to Pearl Harbor has been in excess of the shipyard's capacity.

But Admiral Jones said there has been a slowdown in some of the mechanical shops. "A general increase in complex electronics repair work for all types of ships and a growing number of submarine repair assignments has caused a gradual shift in the workload mix," the Admiral explained.

Pearl Harbor, as well as other naval shipyards, is also being affected by the overall budget deficit in funds available for overhaul and other ship work in Fiscal Year 1968, Admiral Jones advised the Senator. This will result in reduced workloads at both naval and private shipyards during the third and fourth quarters.

But Admiral Jones said "The current workload, and that planned at Pearl Harbor for Fiscal Year 1969, is sizeable. The Navy now overhauls all of its ships in their homeports as a matter of policy unless needed facilities are not available or there are other reasons which prevent our doing so. As a result, Pearl Harbor-based ships have consistently been overhauled at the shipyard or in private yards in Hawaii."

In closing, Admiral Jones said "You may be assured that we will keep the current capabilities of Pearl Harbor in mind and that, consistent with the needs of the fleet, we will continue to give this shipyard full consideration in the assignment of Navy ship work."

DEPARTMENT OF THE NAVY
NAVAL SHIP SYSTEMS COMMAND
WASHINGTON, D. C. 20360

IN REPLY REFER TO
OOD
Ser 223

20 FEB 1968

The Honorable Daniel K. Inouye
United States Senate
Washington, D. C. 20510

My dear Senator Inouye:

This is in response to your recent request to the Navy's Office of Legislative Affairs for information concerning the workload situation at the Pearl Harbor Naval Shipyard.

The overall workload assigned to Pearl Harbor has been in excess of the shipyard's capacity. There has been, however, a slowdown in the work in some of the mechanical shops. A general increase in complex electronics repair work for all types of ships and a growing number of submarine repair assignments has caused a gradual shift in the workload mix. Pearl Harbor, as well as other naval shipyards, is also being affected by the overall budget deficit in funds available for overhaul and other ship work in Fiscal Year 1968, which will result in reduced workloads at both naval and private shipyards during the third and fourth quarters.

The current workload, and that planned at Pearl Harbor for Fiscal Year 1969, is sizeable. The Navy now overhauls all of its ships in their homeports as a matter of policy unless needed facilities are not available or there are other reasons which prevent our doing so. As a result, Pearl Harbor-based ships have consistently been overhauled at the shipyard or in private yards in Hawaii. In addition, after a recent review of the overall workload, the conversions of eight landing craft mechanized, MK VI (LCM(6)) were assigned to Pearl Harbor to alleviate the workload deficiency in the structural trades.

You may be assured that we will keep the current capabilities of Pearl Harbor in mind and that, consistent with the needs of the fleet, we will continue to give this shipyard full consideration in the assignment of Navy ship work.

Sincerely yours,

F. C. Jones
Rear Admiral, USN
Vice Commander, Naval Ship Systems Command

FOR RELEASE
FEBRUARY 27, 1968

COMMITTEE ON FOREIGN RELATIONS
United States Senate

COMMITTEE ON FOREIGN AFFAIRS
House of Representatives

The Eighth Mexico-United States Interparliamentary Conference will meet in Honolulu April 11 to 17.

The Conference, which was established in 1960 by Acts of the United States and Mexican Congresses, consists of 24 delegates from each Congress, divided equally between the two chambers. The co-chairmen of the United States delegation are Senator John Sparkman (Alabama) and Representative Robert M. C. Nix (Pennsylvania). The Mexican delegation is headed by Senator Manuel Bernardo Aguirre.

The purpose of the Conference, as set forth in the U. S. authorizing legislation, is "discussion of common problems in the interests of relations between the United States and Mexico." The Conference held its first meeting in Mexico in 1961 and subsequently has met in the United States in even-numbered years and in Mexico in odd-numbered years.

The agenda for this year's conference contains items on the control of nuclear weapons, the Organization of American States, trade between the United States and Mexico, balance of payments problems and policies, Latin American economic integration, tourism, border developments and problems, and cultural exchanges.

The two delegations are each expected to arrive in Honolulu the afternoon of Thursday, April 11. On the morning of Friday, April 12, they will visit the East-West Cultural Center of the University of Hawaii. The Conference proper will open on Saturday, April 13, with further meetings on Monday, April 15, and Tuesday, April 16.

The two delegations will return to Washington and Mexico City, respectively, on Wednesday, April 17.

Besides Senator Sparkman and Representative Nix, the members of the United States delegation are:

Senate

Mike Mansfield (D, Mont.)
Albert Gore (D, Tenn.)
Ralph Yarborough (D, Tex.)
Daniel Inouye (D, Hawaii)
Joseph Montoya (D, N.Mex.)
Walter Mondale (D, Minn.)
Margaret Chase Smith (R, Me.)
Hiram Fong (R, Hawaii)
Paul Fannin (R, Ariz.)
Clifford Hansen (R, Wyo.)
Howard Baker, Jr. (R, Tenn.)

House

James C. Wright, Jr. (D, Tex.)
Harold T. Johnson (D, Calif.)
Henry B. Gonzalez (D, Tex.)
Eligio de la Garza (D, Tex.)
Armistead L. Selden, Jr. (D, Ala.)
Donald M. Fraser (D, Minn.)
William L. Springer (R, Ill.)
F. Bradford Morse (R, Mass.)
James Harvey (R, Mich.)
J. Irving Whalley (R, Pa.)
Bob Dole (R, Kansas)

Representatives Spark M. Matsunaga and Patsy T. Mink of Hawaii will also participate in the meetings.

NEWS FROM SENATOR DANIEL K. INOUE
1, March 1968

Evaluations concerning the possible release of part of Bellows Air Force Station for general aviation use are expected to be completed by the Department of Defense about the end of March, Senator Daniel K. Inouye was advised today.

The installation was an active air base until 1958 and has since been used for various operational and training requirements by the Air Force, Army and Marine Corps.

Senator Inouye had asked the Department of Defense to look into the possibility of making Bellows Air Force Station available for general aviation use on Oahu.

COMPTROLLER GENERAL OF THE UNITED STATES
WASHINGTON, D.C. 20548

MAR 1 - 1968

B-162648

Dear Senator Inouye:

This is in reference to our report to the Secretary of Defense dated December 4, 1967, relating to our inquiry as to the present and planned utilization of Bellows Air Force Station, Oahu, Hawaii (B-162648).

Since copies of the report were forwarded to you, we are enclosing copies of comments we have received from the Department of Defense and the Federal Aviation Administration, Department of Transportation.

The Department of Defense reply indicates that by about the end of March 1968, it expects to complete evaluations concerning the possible release of part of Bellows Air Force Station for general aviation use. The Federal Aviation Administration reply indicates it will pursue the matter further with the Department of Defense.

We plan to furnish you additional information when we receive the Department of Defense's final response to our report.

Sincerely yours,

FRANK H. WEITZEL

Support of an expected City and County of Honolulu request for federal funds to subsidize public transportation between depressed areas and job centers was promised today by Senator Daniel K. Inouye.

"The inability of employable workers to reach job centers because of the high cost of existing transportation or the lack thereof is one of the major problems in metropolitan areas today," Senator Inouye said.

The City Traffic Department has presented the Honolulu City Council with an application for \$103,950 in planning funds for the project.

"It is essential that public transportation be provided for such communities as Waimanalo, Waianae and Waiialua-Haleiwa," Senator Inouye said.

"I will make every effort to secure participation in this program by the Department of Housing and Urban Development and the Department of Transportation if a project request is forwarded to Washington," Senator Inouye said.

HUD NEWS

U.S. DEPARTMENT OF HOUSING
AND URBAN DEVELOPMENT
WASHINGTON D.C. 20410

HUD-No. 68-1564
(Phone 382-3443)

FOR RELEASE
Saturday
March 2, 1968

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development has announced approval of a \$185,000 grant under the Open-Space Land Program for the city and county of Honolulu, Hawaii.

This grant will assist in the purchase of 30 acres of land for a proposed community park to provide a public recreation facility for people in Leeward Oahu.

Development plans call for picnic areas, parking lots and landscaping. The park will form an important link in a chain of parks planned around the island.

HUD grants under the Open-Space Land Program are authorized by the Housing Act of 1961, as amended. The grant may not exceed 50 percent of the cost of acquiring undeveloped land in an urban area or developed land in a built-up urban area and converting it to open space. Purpose of the program is to help prevent urban blight through sound, balanced community growth and development by providing needed open space in urban centers of the nation.

Land acquired and developed with this Federal assistance must be used for recreational, conservation, historic, or scenic purposes. Also, the law provides that anyone displaced as a result of such acquisition of land must be offered relocation in decent, safe and sanitary housing.

A final decision as to whether Bellows Air Force Station can be freed for general aviation use has been postponed until mid-April or early May by the Department of Defense, Senator Daniel K. Inouye said today.

Earlier, the department indicated it would have a final report ready by the end of this month.

Senator Inouye said that "although the Air Force has withdrawn objections to use of the field for general aviation purposes, the Air Force is not the only tenant.

"The Air Force has withdrawn its previous objections subject to certain stipulations which will be made public later," Senator Inouye explained.

"Other tenants, including the Department of the Army and the Marine Corps are still to be heard from," he said.

"As I see it from here," Senator Inouye said, "the problem of freeing Bellows Air Force Station for general aviation purposes is still a long way from being resolved."

Legislation introduced by Senator Daniel K. Inouye which would permit Hawaii to invest its Morrill Act (Land Grant College) funds in corporate securities has received the tentative endorsement of Wilbur J. Cohen, Acting Secretary of the Department of Health, Education and Welfare.

3:43

The Morrill Act provides that funds received by states are to be invested in the bonds of the United States or in state bonds.

In a Senate floor statement October 30, 1967, Senator Inouye said the provisions of the Morrill Act governing investment of funds "do not provide a means whereby the capital may be protected from erosion due to inflationary tendencies or to benefit from increases in economic productivity."

He pointed out that most college and university investment portfolios include a combination of both variable and fixed value securities which provide protection against price increases and also offer opportunities to benefit from the growth of the economy.

Acting Secretary Cohen told the senator "We. . . would have no objection in principle to a liberalization of Congressional policy that would afford States appropriate flexibility with respect to Morrill Act endowment funds in this respect."

Cohen added that he felt the liberalization should apply to all states, instead of Hawaii alone as Senator Inouye's bill provides, and he listed certain provisions which he felt should be included in any new legislation.

Senator Inouye said he would redraft legislation along the lines recommended by the Acting Secretary and press for committee action. No hearings have been scheduled on his original bill to date.

Hawaii received \$6 million in Morrill Act funds in lieu of a land grant after it became a state in 1959.

#####

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

MAR 6 1968

Dear Senator Inoué:

This is in further response to your request for comments on Senate Concurrent Resolution No. 45 of the Fourth Legislature of Hawaii.

This Resolution requests that §14(e) of the Hawaii Omnibus Act (P.L. 86-624)--which authorized an appropriation of \$6,000,000 to the State of Hawaii in lieu of a land grant under the first Morrill Act but subject to the provisions of that Act (7 U.S.C. 301-308) relating to the investment of funds--be amended so as to enable Hawaii to invest the proceeds of the \$6,000,000 appropriation made to it pursuant to the Omnibus Act in corporate equities, including mutual funds.

As pointed out in the Hawaii Resolution, the first Morrill Act, as amended (7 U.S.C. 304), requires that moneys derived from the sale of land or land scrip by the States under that Act be invested in United States bonds, State bonds, or other safe bonds, except that States having no State bonds--which is not true of Hawaii--may invest such moneys "in any manner after the legislatures of such States shall have assented thereto and engaged that such funds shall yield a fair and reasonable rate of return, to be fixed by the State legislatures ***."

As originally enacted in 1862, §4 of the first Morrill Act (12 Stat. 504) provided that moneys derived from the sale of lands or land scrip under the Act "shall be invested in stocks of the United States, or of the States, or some other safe stocks, yielding not less than five per centum upon the par value of said stock ***." The Act of March 3, 1835, 22 Stat. 484, amended §4 so as to eliminate the requirement of a five percent yield upon the "par value of said stock", and to authorize States "having no State stocks" to invest Morrill Act funds "in any other manner after the legislatures of such States shall have assented thereto, and engaged that such funds shall yeild not less than five per centum upon the amount so invested ***." Finally, the Act of April 13, 1926, 44 Stat. 247, further amended §4 so as to substitute the word "bonds" for the word "stocks" wherever the latter appeared, and to substitute, for the above-mentioned requirement of a minimum yield of five percent upon the amount invested, merely a requirement that the State engage that the funds invested shall "yield a fair and reasonable rate of return, to be fixed by the State legislatures." This is the version now in force. It might be supposed from this history that originally the Act permitted the investment of Morrill Act endowment funds in "safe" corporate stocks

in the sense in which we would normally use the term "stocks" in this country today. Such a reading, however, would not fit the reference to "stocks of the United States, or of the States," in the same sentence, and this lends support to the view, expressed in debate on the 1926 amendment, that the term "stocks" as used in the original Act and the 1883 amendment really meant "bonds", a use of the term that was supported by Webster's dictionary (Merriam) as current American usage at the time of the original Act. With changing usage, clarification was, of course, desirable; and it is presumably for that reason that in reporting on S. 1250 of the 69th Congress, which became the Act of April 13, 1926, the then Secretary of the Interior, Mr. Hubert Work, stated that "the substitution of the word 'bonds' for the word 'stocks' is desirable". (See letter dated December 23, 1925, in Sen. Rept. No. 125, 69th Cong., 1st Sess.)

The present prohibition of investment in equity securities (in the case of States that have State bonds) conforms to the general practice of governmental institutions. However, colleges and universities, both private and State-supported, already include equity securities in addition to bonds in their investment portfolios, and the trend, which we believe to be a prudent one, continues in this direction. We note in this connection that while the Morrill Act endowment fund for the benefit of the University of Hawaii is invested by its custodian--the Director of Budget and Finance of the State of Hawaii--in accordance with the restrictions of the Morrill Act, the University also has private endowment funds not subject to investment restrictions, which the Board of Regents has pooled in a common trust account and for which it has engaged professional investment services to invest these funds in stocks, bonds, and other securities. Thus, while a relaxation of the first Morrill Act's restrictions on investment would be a departure from the custom and usage of governmental institutions in general, it would nonetheless be in keeping with the usual practice among colleges and universities investing endowment funds. We assume, of course, that any adjustment of investment policy following such a relaxation would be made only after careful consideration of the relative advantages and disadvantages of various forms of investment from the point of view of the financial interest of the educational institution concerned, both in the short run and long run. In this connection, we invite your attention to the statement on the relative yields of stocks and bonds in the Treasury Department's reply to you on this matter.

We, therefore, would have no objection in principle to a liberalization of Congressional policy that would afford States appropriate flexibility with respect to Morrill Act endowment funds in this respect.

However, we think that any liberalization should apply to all the States, rather than to Hawaii alone. If this were to be done, the first Morrill Act itself should be amended instead of the Hawaii Omnibus Act. Probably the simplest method of reaching the desired objective would be to delete the words "having no State bonds" from §4 of the first Morrill Act, thus permitting a State to invest its Morrill Act endowment funds "in any manner" after its legislature has "assented thereto and engaged that such funds shall yield a fair and reasonable return, to be fixed by the legislature".

It should be noted that this type of amendment, while giving the States more flexibility in investing land-grant funds, would not permit them to expend any amount derived from appreciation in the value of the assets of these funds, since general principles of the law of trust provide that any such increase is to be attributed to the principal amount of the funds rather than to income. While it is of course possible to amend the first Morrill Act to allow the States to treat any appreciation in the value of the investment as income, and thus make it available for expenditure, we would not recommend that this be done. To do so would not be in keeping with the trust-fund concept of the Act.

If the investment authorization were amended so as to permit States to invest in corporate stocks, another problem would have to be considered, i.e., the relationship between fluctuations in the market value of the stock on the one hand and the present statutory requirement that the capital of the fund "remain forever undiminished" on the other. We would interpret the Act as thus amended, in the absence of contrary provision, to require no reimbursement of the fund by the State on account of such fluctuations so long as the fund (including the market value of stock held by it) remains at or above the level existing on the effective date of the amendment, which in the case of Hawaii would be \$6,000,000. Whether, in the absence of sale of the stock, the State would be required to pay into the fund the amount of any reduction in that level resulting from a drop in the market value of the stock and, if so, at what intervals the determination of value should be made, and the questions whether the State would be entitled to recoupment upon a corresponding appreciation of the fund's assets above the base level and whether the "reasonable" return that the State is required to guarantee should be based upon the base level or the appreciated value, are questions for consideration in the light of specific legislative proposals. We have not been asked for a report on S. 2604, the bill introduced by you to carry out the request of Hawaii legislature.

Subject to the foregoing considerations, we see no objection, from the standpoint of this Department, to amendment of the first Morrill Act to permit the States to invest land-grant funds in equity securities.

Sincerely,

/s/ Wilbur J. Cohen

Acting Secretary

Honorable Daniel K. Inouye
United States Senate
Washington, D. C. 20510

COPY

FLOOR STATEMENT BY SENATOR DANIEL K. INOUE
October 30, 1967

Mr. President:

After Hawaii became a State in 1959, the 86th Congress approved the Omnibus Act (Act of July 12, 1960) which authorized the appropriation of \$6 million to the State of Hawaii in lieu of a land grant subject to the provisions of the Morrill Act and such funds were subsequently appropriated.

Section 302 of the Morrill Act provides that funds received by the states are to be invested in bonds of the United States or of the states or in some other state bonds, or that the proceeds may be invested by the States having no state bonds in any manner the legislature of such states agree to, provided that the funds yield a fair and reasonable rate of return as designated by such state legislature.

Unfortunately, the provisions of the Morrill Act governing investment of funds do not provide a means whereby the capital may be protected from erosion due to inflationary tendencies or to benefit from increases in economic productivity.

COPY

It is a matter of record that most college and university investment portfolios include a combination of both variable and fixed value securities which provide protection against price increases and also offer opportunities to benefit from the growth of the economy.

For this reason, I am introducing a bill to amend Section 14 (e) of the Omnibus Act to enable the State of Hawaii to invest its grant in corporate equities, including mutual funds.

I should point out that Section 5 of the First Morrill Act specifically protects capital derived from Morrill Act funds from impairment by stipulating that should any portion of the fund which is invested be diminished or lost that it shall be replaced by the state to which it belongs so that the capital of the fund shall remain forever undiminished.

My proposed amendment to the Omnibus Act would not affect this requirement in any way.

The full text of the bill follows:

NEWS FROM SENATOR DANIEL K. INOUE
6, March 1968

The Chief of Engineers recently approved a Report on Emergency Repair of the Hilo Harbor breakwater and \$180,000 has been allotted to the Honolulu Engineer District for the repair work, Senator Daniel K. Inouye said today.

Engineering and design work for the repair project has already begun and the work is expected to be completed this summer.

The emergency repair work is an interim measure taken to assure the continued operation of Hilo Harbor. The Honolulu Engineer District is also engaged in a study for breakwater rehabilitation and surge reduction for Hilo Harbor.

Colonel William F. Roos, District Engineer, told Senator Inouye it is hoped the study will lead to an economically feasible, effective solution to the navigation problems at Hilo Harbor.

IN REPLY REFER TO:
POHGP

29 February 1968

Honorable Daniel K. Inouye
United States Senate
Washington, D. C. 20510

Dear Senator Inouye:

The Chief of Engineers recently approved the Report on Emergency Repair of the Breakwater at Hilo Harbor, Hawaii. Subsequent to this approval, an allotment was made to the Honolulu Engineer District in the amount of \$180,000, operations and maintenance funds, for the repair work.

Engineering and design for the Hilo Breakwater Emergency Repair has already begun. Advertising is scheduled for early spring, and it is expected that the breakwater repair will be completed in the summer of 1968.

As you know, the emergency breakwater repair is an interim measure taken to assure the continued operation of Hilo Harbor. The Honolulu Engineer District is also engaged in a study for breakwater rehabilitation and surge reduction for Hilo Harbor. It is hoped that this study will lead us to an economically feasible, effective solution to the navigation problems at Hilo Harbor.

Your continued interest in the Civil Works Program is appreciated. I trust we may continue to work together for fuller water resources development in Hawaii.

Sincerely yours,

A handwritten signature in cursive script, reading "William F. Roos".

MAR 7 1968

ASSISTANT SECRETARY OF STATE
WASHINGTON

March 6, 1968

Dear **Senator Inouye**:

I am very happy to inform you that one of your constituents, **Barry Menikoff, Ph.D.**, has been selected for a grant under the international educational and cultural exchange program of the Department of State. Some basic information about this grant, together with a brief description of the Department's total program, is contained in the enclosed announcement.

State Department grants are awarded to highly qualified U.S. students, teachers, and scholars to enable them to continue their academic or professional studies in a foreign country for periods up to one year or longer. We are gratified that so many outstanding Americans are contributing to the success of the exchange program, and we are deeply pleased that your constituent has been chosen to join this distinguished group.

The aim of the program, which is authorized by the Fulbright-Hays Act, is to promote mutual understanding and good will between the American people and the people of other countries. It provides opportunities for U.S. citizens and foreign nationals to study, teach, lecture, conduct research, and participate in other educational and cultural projects overseas.

We are notifying your constituent of the grant and of the fact that this announcement is being sent to you. Candidates selected for grants are requested to advise the Department within twenty-one days whether or not they can accept.

Sincerely,

Edward D. Re

Enclosure:

Announcement of
Exchange Grant.

The Honorable
Daniel K. Inouye,
United States Senate.

NEWS FROM SENATOR DANIEL K. INOUE
7, March 1968

Barry Menikoff, Ph.D., a member of the faculty of the University of Hawaii, has been awarded a Fulbright-Hays Act grant to teach English as a Foreign Language at the University of Santiago, Santiago, Spain, Senator Daniel K. Inouye said today.

####

MAR 7 1968

EDUCATIONAL EXCHANGE GRANT ANNOUNCEMENT
BUREAU OF EDUCATIONAL AND CULTURAL AFFAIRS
DEPARTMENT OF STATE, WASHINGTON, D.C. 20520

The Department of State announces the awarding of a grant to

NAME: Barry Menikoff, Ph. D.

ADDRESS: 1617 South Beretania Street, # 407

U.S. INSTITUTION: University of Hawaii, Honolulu, Hawaii 96822

PURPOSE OF GRANT: To teach English as a Foreign Language

OVERSEAS INSTITUTION: University of Santiago, Santiago, Spain

This award is made under the Mutual Educational and Cultural Exchange Act of 1961 (Public Law 87-256), known as the Fulbright-Hays Act. The stated purpose of the Act is to enable the U.S. Government "to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange; to strengthen the ties which unite us with other nations...and thus to assist in the development of friendly, sympathetic, and peaceful relations between the United States and the other countries of the world."

Under the Act, direct grants are made annually to about 2,500 U.S. citizens to go abroad and about 6,000 foreign nationals to come here. Over 118,000 - some 34,000 Americans and 84,000 foreign citizens representing 151 countries and territories - have received grants since the passage of the original Fulbright Act in 1946.

Grants are made for university lecturing, advanced research, graduate study, teaching in elementary and secondary schools, practical experience in technical and specialized fields, and consultation and observation. Final selection of grantees is made by the Board of Foreign Scholarships, whose 12 members are appointed by the President. In the process of screening, assigning, and supervising grantees, the Department of State is assisted by a number of public agencies and private, nonprofit organizations. Among these are the U.S. Office of Education, the Institute of International Education, and the Conference Board of Associated Research Councils.

Overseas the exchange program is administered in about 50 countries by binational commissions set up under executive agreements. Cultural Affairs Officers of the U.S. Information Agency assist the commissions. In other countries and territories Cultural Affairs Officers conduct the program.

The State Department's Bureau of Educational and Cultural Affairs administers the over-all program. In addition to academic exchange its diverse responsibilities include sending out scientists, writers, doctors, athletic coaches, and other American "specialists"; bringing foreign leaders to the United States; arranging overseas tours by performing artists, music and drama groups, and athletes; assisting American-sponsored schools abroad, and co-operating in programs of UNESCO and other multilateral organizations.

NEWS FROM SENATOR DANIEL K. INOUE
8, March 1968

The University of Hawaii is one of 96 finalists to undergo final evaluation by the Department of Defense for "Project Themis" awards, Senator Daniel K. Inouye said today.

Project Themis is a Department of Defense research program which establishes centers of excellence in research at various colleges and universities.

An individual award can amount to as much as \$200,000 a year for three years.

Some 400 proposals were submitted this year by 141 colleges and universities.

The University of Hawaii proposal chosen for final evaluation deals with the engineering of deep ocean structures.

A final decision will be made by the Department of Defense in late May or early June.

NEWS FROM SENATOR DANIEL K. INOUE
8, March 1968

The award of a \$4.6 million, 20-month Peace Corps training contract to the University of Hawaii today was hailed by Senator Daniel K. Inouye as "a major step toward the establishment of the University as a permanent Peace Corps Volunteer Training Center for Asia and the Pacific.

"We in Hawaii are very proud of the fact that the Peace Corps has shown its awareness of the many contributions we have to make in this area," the Senator said.

MAR 9 1968

Bureau of Education
for the Handicapped

MAR 6 1968

Hawaii - \$100,000

Dear Senator Inouye:

We are pleased to inform you that the above grant has been approved by the Commissioner of Education, as authorized by Title VI of the Elementary and Secondary Education Act, in behalf of handicapped children. Funds will be made available by the Bureau of Education for the Handicapped to the State education agencies to be used to assist in the initiation, expansion and improvement of special education and related services for handicapped children at the preschool, elementary, and secondary school levels.

The authorized programs and projects are originated by eligible local and State education agencies and are approved by their respective State education agencies.

It is anticipated from information provided to the Bureau by the States that many handicapped children will receive services under this program who have never been helped before. New activities will be undertaken in areas which, because of previous lack of funds, had not been explored. Among these are development and expansion of diagnostic activities, preschool programs for deaf youngsters, and work-study programs for mentally retarded and other handicapped students.

For further information concerning this grant, you may wish to contact the Title VI Elementary and Secondary Education Act Coordinator in your State Education Agency, or the Aid to States Branch, Division of Educational Services, Bureau of Education for the Handicapped, Washington, D. C. 20202, Telephone (202) 962-2511.

I feel confident that these funds will be utilized to enhance the capabilities and hopes of handicapped children and to create new opportunities for them with these special programs in your State.

Sincerely yours,

James J. Gallagher
Associate Commissioner of
Education for the Handicapped

NEWS FROM SENATOR DANIEL K. INOUE
 12, March 1968

Keith W. Dobbins, 250 Kaiulani Avenue, Honolulu, Hawaii, has received a Fulbright-Hays Act grant to study Ancient Indian History at Banaras Hindu University, Varanaai, India, according to Senator Daniel K. Inouye.

#####

MAR 12 1968

ASSISTANT SECRETARY OF STATE
WASHINGTON

March 11, 1968

Dear **Senator Inouye:**

I am very happy to inform you that one of your constituents, **Mr. Keith W. Dobbins**, has been selected for a grant under the international educational and cultural exchange program of the Department of State. Some basic information about this grant, together with a brief description of the Department's total program, is contained in the enclosed announcement.

State Department grants are awarded to highly qualified U.S. students, teachers, and scholars to enable them to continue their academic or professional studies in a foreign country for periods up to one year or longer. We are gratified that so many outstanding Americans are contributing to the success of the exchange program, and we are deeply pleased that your constituent has been chosen to join this distinguished group.

The aim of the program, which is authorized by the Fulbright-Hays Act, is to promote mutual understanding and good will between the American people and the people of other countries. It provides opportunities for U.S. citizens and foreign nationals to study, teach, lecture, conduct research, and participate in other educational and cultural projects overseas.

We are notifying your constituent of the grant and of the fact that this announcement is being sent to you. Candidates selected for grants are requested to advise the Department within twenty-one days whether or not they can accept.

Sincerely,
Edward P. Re

Enclosure:

Announcement of
Exchange Grant.

The Honorable
Daniel K. Inouye,
United States Senate.

EDUCATIONAL EXCHANGE GRANT ANNOUNCEMENT
BUREAU OF EDUCATIONAL AND CULTURAL AFFAIRS
DEPARTMENT OF STATE, WASHINGTON, D.C. 20520

The Department of State announces the awarding of a grant to

NAME: Mr. Keith W. Dobbins

ADDRESS: 250 Kaiulani Avenue, Apt 15, Honolulu, Hawaii

U.S. INSTITUTION: At Large

PURPOSE OF GRANT: To study Ancient Indian History

OVERSEAS INSTITUTION: Banaras Hindu University, Varanaal, India

This award is made under the Mutual Educational and Cultural Exchange Act of 1961 (Public Law 87-256), known as the Fulbright-Hays Act. The stated purpose of the Act is to enable the U.S. Government "to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange; to strengthen the ties which unite us with other nations...and thus to assist in the development of friendly, sympathetic, and peaceful relations between the United States and the other countries of the world."

Under the Act, direct grants are made annually to about 2,500 U.S. citizens to go abroad and about 6,000 foreign nationals to come here. A total of 106,000 - some 30,000 Americans and 76,000 foreign citizens representing 130 countries and territories - have received grants since the passage of the original Fulbright Act in 1946.

Grants are made for university lecturing, advanced research, graduate study, teaching in elementary and secondary schools, practical experience in technical and specialized fields, and consultation and observation. Final selection of grantees is made by the Board of Foreign Scholarships, whose 12 members are appointed by the President. In the process of screening, assigning, and supervising grantees, the Department of State is assisted by a number of public agencies and private, nonprofit organizations. Among these are the U.S. Office of Education, the Institute of International Education, and the Conference Board of Associated Research Councils.

Overseas the exchange program is administered in about 50 countries by binational commissions set up under executive agreements. Cultural Affairs Officers of the U.S. Information Agency assist the commissions. In some 80 other countries and territories Cultural Affairs Officers conduct the program on behalf of American embassies.

The State Department's Bureau of Educational and Cultural Affairs administers the over-all program. Its diverse responsibilities include sending out scientists, writers, doctors, athletic coaches, and other American "specialists"; bringing foreign leaders to the United States; arranging overseas tours by performing artists, music and drama groups, and athletes; assisting American-sponsored schools abroad, and participating in UNESCO and other multilateral organizations.

MAR 14 1968

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development has announced approval of a \$360,205 grant under the Urban Beautification Program to aid in accelerating citywide activities to beautify streets, parks, and other public places in the City and County of Honolulu, Hawaii.

The total estimated cost of urban beautification activities in the locality for the present year is \$1,666,820. Of this amount \$720,410 represents the increased annual cost of citywide beautification activities, over and above previous annual expenditures for comparable activities. The Federal grant will cover 50 percent of this increased amount.

Federal grants under the Urban Beautification Program are authorized by the Housing and Urban Development Act of 1965. Purpose of the program is to help communities provide those amenities that make the urban complex a better place in which to live. Activities such as citywide tree planting, waterfront beautification, and improvement of all types of publicly owned land are eligible for Federal assistance.

EDUCATIONAL EXCHANGE GRANT ANNOUNCEMENT
BUREAU OF EDUCATIONAL AND CULTURAL AFFAIRS
DEPARTMENT OF STATE, WASHINGTON, D.C. 20520

The Department of State announces the awarding of a grant to

NAME: Helge Hilding Mansson, Ph.D.

ADDRESS: 41-031 Kaulu St., Waimanalo, Hawaii

U.S. INSTITUTION: University of Hawaii - Honolulu, Hawaii

PURPOSE OF GRANT: To lecture in Psychology

OVERSEAS INSTITUTION: Gujarat University - Ahmedabad, India

This award is made under the Mutual Educational and Cultural Exchange Act of 1961 (Public Law 87-256), known as the Fulbright-Hays Act. The stated purpose of the Act is to enable the U.S. Government "to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange; to strengthen the ties which unite us with other nations...and thus to assist in the development of friendly, sympathetic, and peaceful relations between the United States and the other countries of the world."

Under the Act, direct grants are made annually to about 2,500 U.S. citizens to go abroad and about 6,000 foreign nationals to come here. Over 118,000 - some 34,000 Americans and 84,000 foreign citizens representing 151 countries and territories - have received grants since the passage of the original Fulbright Act in 1946.

Grants are made for university lecturing, advanced research, graduate study, teaching in elementary and secondary schools, practical experience in technical and specialized fields, and consultation and observation. Final selection of grantees is made by the Board of Foreign Scholarships, whose 12 members are appointed by the President. In the process of screening, assigning, and supervising grantees, the Department of State is assisted by a number of public agencies and private, nonprofit organizations. Among these are the U.S. Office of Education, the Institute of International Education, and the Conference Board of Associated Research Councils.

Overseas the exchange program is administered in about 50 countries by binational commissions set up under executive agreements. Cultural Affairs Officers of the U.S. Information Agency assist the commissions. In other countries and territories Cultural Affairs Officers conduct the program.

The State Department's Bureau of Educational and Cultural Affairs administers the over-all program. In addition to academic exchange its diverse responsibilities include sending out scientists, writers, doctors, athletic coaches, and other American "specialists"; bringing foreign leaders to the United States; arranging overseas tours by performing artists, music and drama groups, and athletes; assisting American-sponsored schools abroad, and co-operating in programs of UNESCO and other multilateral organizations.

Senator Daniel K. Inouye will spend next week in Hawaii to fill a number of speaking engagements. He is scheduled to arrive in Honolulu at 2:20 p. m., Sunday, March 17 (PAA #821), and has a heavy schedule of conferences and meetings.

Senator Inouye will address the opening session of the National Spring Conference, Mortgage Bankers Association of America, at 10:45 a. m., Monday, March 18, at the Ilikai Hotel.

He will be the keynote speaker Monday evening at a Hawaii State Democratic Party dinner at the Ilikai.

On Tuesday, March 19, Senator Inouye will address the quarterly membership meeting of the Japanese Chamber of Commerce.

Senator Inouye will be the principal speaker at the West Honolulu Rotary Club's Annual World Understanding Week Dinner, Friday, March 22, at the Yong Sing Restaurant, Honolulu.

He will also be the keynote speaker at the Prince Kuhio celebration, Prince Kuhio Park, Kukuiula, Kauai, Saturday, March 23, and he will attend the 25th anniversary observance of the 442nd Veterans Club, Saturday evening.

The Senator will depart Honolulu at 11:49 p. m., Saturday, March 23, arriving at Dulles International Airport at 4:40 p. m., Sunday, March 24.

NEWS FROM SENATOR DANIEL K. INOUE
 14, March 1968

Hawaii's proposed Water Quality Standards were approved today by Secretary of the Interior Stewart L. Udall, according to Senator Daniel K. Inouye.

Federal approval of state water pollution standards is required by the Water Pollution Control Act of 1967.

#####

The Secretary said that the development of these waste treatment requirements would be a co-operative State-Federal effort since once State water quality standards are approved by him they become Federal standards also.

Discussing process wastes and drainage from Hawaii's sugar and pineapple industries, Secretary Udall said that control requirements and compliance schedules will be developed to cope with this problem.

The Secretary said that the Interior Department's Water Pollution Control Administration is now studying means of curbing pollution from these industries and will complete a report by the end of 1968.

"I have asked officials be kept informed as this study progresses and that any necessary assistance be given to staff so that adequate abatement requirements can be established during the standards program. We look forward to cooperating with your State in this and other aspects of the standards program."

Washington, D.C. 20202

Educational Talent Section: Report No. 1-63
March 14, 1968

Notification to Members of Congress
Regarding P.L. 89-329, The Higher Education Act of 1965
Title IV, Section 408, Contracts to Encourage Full
Utilization of Educational Talent

The Commissioner of Education has announced the award of 50 contracts, subject to final program and budget negotiations, reflecting a commitment of an estimated \$2,984,600 for the Educational Talent Search Program.

In accordance with the objectives of the Educational Talent Search Program, 50 contracts have been awarded to institutions of higher education, state scholarship commissions, boards of education, and other public or non-profit organizations for the purpose of initiating talent searches designed to identify and counsel students on further educational training, to publicize information on available financial aid and educational opportunities, and to encourage high school and college dropouts of demonstrated aptitude to re-enter educational programs.

The proposals recommended for contract negotiation generally support activities that establish relationships with youth of exceptional financial need to motivate them towards completion of their education at both the secondary and higher education levels. The projects, of four general types, will either work in urban ghettos, serve statewide networks, cover specific regional areas, or deal with special minority groups in these geographic areas.

In general, contracts are awarded by the Commissioner for a period of twelve months and are scheduled to begin on or before June 30, 1968. Subsequent contract awards for the Fiscal Year 1968 will be announced through June 30, 1968.

Further information regarding Contracts to Encourage Full Utilization of Educational Talent may be obtained from the Educational Talent Section, Division of Student Financial Aid, Office of Education, Telephone Area Code 202-962-7150 or 2892 (Government Code 13-27150 or 13-22892).

**FOUNDATION AWARDS 1,925 FELLOWSHIPS
FOR ADVANCED SCIENCE GRADUATE STUDY**

The National Science Foundation today announced award of 1,925 Graduate Fellowships in the sciences, mathematics, and engineering for the academic year 1968-69. The awards are made to accelerate the output of highly qualified scientists by encouraging outstanding students to obtain full-time advanced graduate training in the sciences. All 50 States, the District of Columbia, and Puerto Rico are represented.

Forty-two percent of the fellowships awarded are for tenure periods of two years. Continuation for the second year is dependent upon satisfactory academic progress of the Fellow during the first year and the availability of appropriated funds.

The new awards are in addition to continuation awards offered to 575 Graduate Fellows who received fellowships in March 1967.

-more-

Graduate Fellowship awardees were selected from 8,238 applicants. Of the 1,925 new fellowships, 381 were in mathematics; 256 in engineering; 614 in the physical sciences, including a number of interdisciplinary fields; 372 in the biological sciences; and 302 in the social sciences and psychology. Honorable Mention was given to an additional 1,937 applicants.

Graduate Fellowship applicants were required to take examinations--administered by the Educational Testing Service, Princeton, New Jersey--for scientific aptitude and achievement. Test scores, academic records, and recommendations regarding each applicant's abilities were considered by panels of outstanding scientists appointed by the National Research Council. The National Science Foundation then selected the awardees.

NSF Graduate Fellows may attend any appropriate non-profit U.S. or foreign institution of higher education.

Graduate Fellowships provide basic stipends (for 12 months) of \$2,400 for the first-year level of graduate study, \$2,600 for study at the intermediate level, and \$2,800 for the terminal year. They include additional allowances for dependents and for limited travel. In lieu of tuition and fees, United States institutions receive a standardized \$2,500 cost-of-education allowance for each Fellow. At its discretion each fellowship institution may augment the stipend by not more than \$1,000 per year.

The Foundation expects to reopen the Graduate Fellowship program for 1969-70 in October 1968. Application forms will be available when the program is announced.

Attached is a list of new fellowship recipients by state of permanent residence. The list includes name, address, university or college last attended, field of science, level of graduate study (1--first year, 2--intermediate, 3--terminal), and chosen fellowship institution. Names of applicants accorded Honorable Mention who indicated their desire to be so listed may be obtained upon request.

Hawaii received a total allocation of \$196,000 under the Educational Opportunity Grants program provided by the Higher Education Act of 1965, the office of Senator Daniel K. Inouye reported today.

The University of Hawaii received \$178,500 to serve 436 students and Chaminade College in Honolulu received \$17,500 for 35 students.

Educational Opportunity Grants range from \$200 to \$800 for each academic year of study up to a maximum duration of four years. They are given to students of exceptional financial need.

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF OUTDOOR RECREATION
WASHINGTON, D.C. 20240

FOR IMMEDIATE RELEASE

MAR 20 1968

NOTIFICATION OF
LAND AND WATER CONSERVATION FUND GRANT

State: Hawaii

Amount of Grant: \$79,738

Number: 51-00025

Federal funds will be matched by:

Sponsor: Dept. of Transportation,
Harbors Division

State of Hawaii

State Liaison Officer: Dr. Shelley M. Mark, Director, Dept. of Planning and
Economic Development

Description of Project:

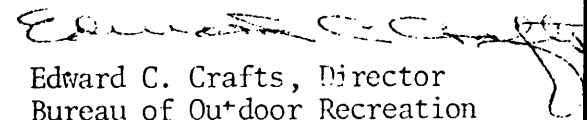

Development of a small boat harbor in Haleiwa Harbor near Haleiwa, Honolulu County. The main features of the development, by the Harbors Division, State Department of Transportation, include clearing and grubbing, earth work and subgrade preparation, dredging, construction of a rock bulkhead wall, back-up area, concrete catwalks and mooring facilities, marginal wharf, water system, electric system, gear lockers, and boat wash area.

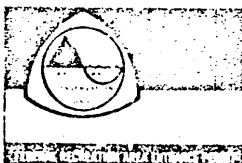

The Land and Water Conservation Fund provides funds to acquire Federal recreation lands and waters, and for matching grants to States and through States to local governments for outdoor recreation acquisition and/or development projects. Grant assistance is also provided to the States for the preparation and maintenance of the comprehensive statewide outdoor recreation plan. The fund is supported by revenues from the sale of the annual \$7 Golden Eagle Permit, other Federal outdoor recreation entrance and user fees, the sale of Federal surplus real property, and the Federal motorboat fuels tax.

NEWS FROM OFFICE OF SENATOR DANIEL K. INOUE
 21, March 1968

The Workable Program for Community Improvement in the City and County of Honolulu has been recertified by the Department of Housing and Urban Development, the office of Senator Daniel K. Inouye said today.

Recertification means that the community remains eligible for federal assistance on such programs as urban renewal, low-rent public housing and similar projects.

####

HUD NEWS

U.S. DEPARTMENT OF HOUSING
AND URBAN DEVELOPMENT
WASHINGTON D.C. 20410

HUD-No. 68-1664
Phone (202) 382-4433

FOR RELEASE
Friday
March 22, 1968

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development has announced recertification of the Workable Program for Community Improvement for the communities listed below.

Community

Hartselle, Alabama
Winfield, Alabama
City and County of Honolulu,
Hawaii
Rock Island, Illinois
Hopkinsville, Kentucky
Williamsburg, Kentucky
Capitol Heights, Maryland
St. James, Minnesota
Dawson, Texas
Santa Anna, Texas

For local reference

Ernest E. Maddox, Mayor
Ivan K. Hill, Mayor

Neal S. Blaisdell, Mayor
Raymond P. Botch, City Manager
Alfred A. Naff, Mayor
Greer Burnette, Mayor
Leo P. Forami, Mayor
Erik A. Jensen, Mayor
Charles M. Renfro, Mayor
W. F. Barnes, Mayor

HUD's recertification means that the community remains eligible for the several types of Federal aid which became available to it when it received its original Workable Program certificate.

Certification of a Workable Program is necessary before a community can receive Federal loans and grants for urban renewal projects and low-rent public housing, and liberal FHA mortgage insurance to assist in the private redevelopment of project areas and for rehousing displaced families.

Such recertification does not constitute approval of any specific Federal aid. The Workable Program is a showing by the community of how it intends to use its own public and private resources to eliminate and prevent slums and blight. Once its program is approved it can apply for the Federal aids to supplement local resources as needed. The community must show reasonable progress each year under its Workable Program to obtain recertification and remain eligible for these Federal aids.

UNITED STATES DEPARTMENT OF LABOR

Telephone announcement of the attached
project(s) was made to your office

March 22

This is a confirmation copy.

OFFICE OF LEGISLATIVE LIAISON

OFFICE OF LEGISLATIVE LIAISON
U. S. DEPARTMENT OF LABOR

Project Number R7-8166-13

Secretary of Labor Willard Wirtz will announce
approval of a Neighborhood Youth Corps project sponsored by

Hawaii State Department of Education in Honolulu, Hawaii

This project will provide work experience opportunities for 325 -In-school
-Out-of-school
-Summer

enrollees and will cost a total of \$ 84,710.00 of which the Federal

Government will provide \$ 65,910.00 ~~XXX~~ Dr. Irwin Tanaka

telephone 507711 Ext. 359 will serve as local coordinator for the project.

The Neighborhood Youth Corps is a major part of the War against Poverty and provides young men and women from 16 through 21 years of age with part-time or nearly full-time employment opportunities which will enable them to return to or remain in school, or obtain the work experience necessary in today's world of work.

The service provided by the youth working in Neighborhood Youth Corps projects must be of a kind that would not otherwise have been performed and must result in better services and improved facilities for the public benefit.

Young people enrolled in these programs across the nation will serve in a variety of work experience opportunities, examples of which are nurse aides, hospital orderlies, librarian aides, landscape assistants, teacher aides, maintenance helpers, and many others. It is important that the jobs in which enrollees serve must not displace current employees or in any way impair existing contracts for services to the community.

In addition to the work experience opportunities provided to these young people, they will also receive counseling, testing and remedial education when necessary to assure the effectiveness of the program and their enrollment in it.

NEWS RELEASE

FOR IMMEDIATE RELEASE

Plans to acquire a new main post office for Pahoia, Hawaii, were announced yesterday by Postmaster General Lawrence F. O'Brien, who said the Post Office Department is seeking bids to build and lease the new facility.

The Department has not selected a site for the proposed building, and each bid for the lease must include a suitable location as part of the offer. The preferred location is in the immediate vicinity of the existing post office building.

Specifications call for a structure containing approximately 1,360 square feet, with a 60 square foot outside loading platform, and 5,000 square feet of paved area for parking and movement of postal vehicles.

The Postmaster General said the building will be constructed under the Department's Lease Construction Program, which utilizes the resources and investment funds of private enterprise for needed postal buildings. Under this program the successful bidder will construct the building according to departmental specifications and lease it to the Post Office Department for a basic period of 10 years with options to renew the lease for an additional 10 years.

Bidding documents will be available in the near future and may be obtained from Mr. John J. McMahon, Assistant Chief, Real Estate Branch, 631 Howard St., San Francisco, California 94106. Bids must be submitted to McMahon by May 17, 1968.

NEWS FROM SENATOR DANIEL K. INOUE
 28, March 1968

A bill to grant veterans benefits to the survivors of a Guamanian unit which helped to route Japanese stragglers after the World War II liberation of Guam was introduced today by Senator Daniel K. Inouye.

Senator Inouye said the men were organized by the U. S. Military Command and were known as the Local Security Patrol Force of Guam. They wore American uniforms, carried American weapons, and killed or captured a large number of the enemy. A number of the participants received military medals, including the Bronze Star and the Purple Heart.

Senator Inouye said about 40 men would be eligible for benefits under the terms of the bill.

#####

By Mr. MONDALE:

S. 3255. A bill to amend the Housing Act of 1949 and the Housing Act of 1964 to strengthen the existing programs of code enforcement and financial assistance in deteriorated or deteriorating urban areas; to the Committee on Banking and Currency. (See the remarks of Mr. MONDALE when he introduced the above bill, which appear under a separate heading.)

By Mr. BREWSTER:

S. 3256. A bill to provide for the regulation of political activities of public employees, and for other purposes; to the Committee on Rules and Administration. (See the remarks of Mr. BREWSTER when he introduced the above bill, which appear under a separate heading.)

By Mr. MAGNUSON:

S. 3257. A bill for the relief of George Lagos, his wife, Helen A. Lagos, and their two sons, Demetrious Lagos and Anastasios Lagos; to the Committee on the Judiciary.

By Mr. JAVITS:

S. 3258. A bill for the relief of Sue-Hyunne Har; to the Committee on the Judiciary.

By Mr. SCOTT:

S. 3259. A bill for the relief of Dr. Tsung-Chu-Chou; to the Committee on the Judiciary.

S. 3250—INTRODUCTION OF BILL RELATING TO BENEFITS FOR PERSONS WHO SERVED IN THE LOCAL SECURITY PATROL FORCE OF GUAM DURING WORLD WAR II

Mr. INOUE. Mr. President, shortly after the liberation of Guam in July of 1944, the U.S. military command organized among the male residents of Guam a military unit known as the Local Security Patrol Force of Guam. This group had as its task the routing out and extermination of hundreds of armed and dangerous Japanese stragglers who were then still holding out in jungles and back-country areas of Guam. This local security patrol force performed its task in an outstanding manner, killing and capturing a large number of the enemy and pacifying the large areas of the island in which these stragglers had been operating prior to the establishment of the patrol.

The patrol was strictly a military venture. The men wore American uniforms, carried American weapons, and acted under the overall command of officers of the Armed Forces of the United States. Many in the patrol were killed or wounded in the course of the campaign against the Japanese holdouts. In recognition of their services, the military authorities in Guam gave official military recognition to this unit and its men by awarding its participants military medals including the Bronze Star and the Purple Heart. Subsequent to the war, the local government has accorded the members of this patrol veterans status in the form of civil service credit and low-cost housing priorities.

The measure I am introducing would entitle these men to receive all benefits now available to the regular veterans of our military forces. The bill specifically states that no benefits will be paid to any person for any period prior to the date of enactment of this act. An estimated 40 members would be affected.

The PRESIDENT pro tempore. The bill will be received and appropriately referred.

The bill (S. 3250) authorizing veterans' benefits for persons who served in the Local Security Patrol Force of Guam during World War II, introduced by Mr. INOUE, was received, read twice by its title, and referred to the Committee on Finance.

S. 3255—INTRODUCTION OF BILL RELATING TO STRONGER NEIGHBORHOODS

Mr. MONDALE. Mr. President, today I introduce legislation designed to change the emphasis of our urban redevelopment efforts by strengthening the code enforcement program by amending it to "stronger neighborhoods" program. My distinguished colleague in the House, Congressman DONALD FRASER, of Minnesota, devoted many hours in drafting this bill. I was pleased to work with him on this bill, and I am proud to be the sponsor of it in the Senate.

This legislation would improve the existing code enforcement program in two ways. First, it would better enable the local community to improve public facilities in a code enforcement neighborhood. It would give the community additional authority to be a more dynamic force in preventing deterioration within the neighborhood. Second, the bill would give the individual property owner increased financial assistance to improve his property.

At present, efforts in code enforcement are too often just patchwork, remedies to meet immediate deficiencies. These efforts are not sufficient. A holding action is only a temporary solution. Our emphasis must be to make these neighborhoods strong and viable; not neighborhoods which will have to be cleared a few years later.

To accomplish this objective, the bill would amend the code enforcement program, section 117, of the National Housing Act, in three major ways:

First, it would change the name of the program from "code enforcement" to "stronger neighborhoods." This would reflect the change in the program from one which emphasizes regulatory policy to one which concentrates on neighborhood revitalization.

Second, it would broaden the activities which a community could undertake in such a neighborhood. Specifically, the public agency would be able to purchase and demolish a limited number of deteriorated properties when it is not economically feasible to save these properties.

Third, it would expand the public improvement projects which would be eligible for Federal assistance in a code enforcement neighborhood to include water, sewer, and storm drainage projects.

In addition, the bill would modify the rehabilitation grant program, section 115 of the National Housing Act. Presently, this program provides grants to low-income families who own and occupy property in a code enforcement area. These grants are limited to property improvements to bring the dwelling up to code standards, and cannot exceed \$1,500. This bill would amend the program in the following ways:

First. Raise maximum grant limit to \$2,500.

Second. Raise the income limits to \$3,500.

Third. Give the Secretary the authority to increase the maximum grant above \$2,500 in high-cost areas.

Finally, the home improvement loan program, section 312 of the National Housing Act would be amended to permit loans for general property improvements. The present language restricts these loans only to improvements which will bring the property up to code standards.

Mr. President, these amendments are necessary to insure that our efforts in neighborhood improvement will be effective. We cannot skimp in our attempts to revitalize neighborhoods. We must make sure our programs will create lasting neighborhoods. Thus we must give the communities tools to accomplish this task.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD at this point.

The PRESIDENT pro tempore. The bill will be received and appropriately referred; and, without objection, the bill will be printed in the RECORD.

The bill (S. 3255) to amend the Housing Act of 1949 and the Housing Act of 1964 to strengthen the existing programs of code enforcement and financial assistance in deteriorated or deteriorating urban areas, introduced by Mr. MONDALE, was received, read twice by its title, referred to the Committee on Banking and Currency, and ordered to be printed in the RECORD, as follows:

S. 3255

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) section 117 of the Housing Act of 1949 is amended by striking out the first sentence and inserting in lieu thereof the following: "Notwithstanding any other provision of this title, the Secretary is authorized to enter into contracts to make, and to make, grants as provided in this section (payable from any grant funds provided under section 103(b)) to cities, other municipalities, and counties for the purpose of assisting such localities in carrying out programs for the strengthening of neighborhoods in deteriorated or deteriorating areas in which such programs, together with those public improvements to be provided by the localities involved, may be expected to arrest the decline of the areas. Any such program (1) shall include concentrated code enforcement activities, and (2) may also include the acquisition by the appropriate local public agencies of residential property in the code enforcement area for the purpose of the demolition and removal of buildings and improvements on the property, or for the purpose of the repair and rehabilitation of such buildings and improvements for guidance purposes or for resale for dwelling use or as related facilities; except that activities described in clause (2) in any code enforcement area may be carried out only to the extent necessary to eliminate unhealthful, unsanitary, or unsafe conditions, lessen density, eliminate obsolete uses of any other uses detrimental to the public welfare, or otherwise prevent the spread of blight or deterioration, and the total property acquired in such activities may in no case include more than 5 per centum of the total number of dwelling units in the code enforcement area."

Senate

THURSDAY, MARCH 28, 1968

(Legislative day of Wednesday, March 27, 1968)

The Senate met at 11 o'clock a.m., on the expiration of the recess, and was called to order by the President pro tempore.

Bishop W. Earl Ledden, D.D., Wesley Theological Seminary, Washington, D.C., offered the following prayer:

Almighty God, we bless Thy name that Thou art near—near enough to hear us when we call to Thee. Our need is great, and we pray that Thou wilt cleanse and empower us to do that which is acceptable in Thy sight this day.

Especially do we seek divine blessing upon Thy servants in this Chamber, now confronted with responsibilities so massive and so many. We know not what a day, or a decision, may bring forth; but before this day is done, or its decisions made, we pause in Thy presence to open our hearts to Thy truth.

Grant that here may be spoken a word heard 'round the world: a word of such elevation and enlightenment as shall lift men's hearts and strengthen their hands to rid the world of the sin and obscenity of the war system, and to establish, by Thy grace, a human habitation of justice and compassion fit for the family of man for whom Christ died.

In His name. Amen.

THE JOURNAL

Mr. LONG of Louisiana. Mr. President, I ask unanimous consent that the Journal of the proceedings of Wednesday, March 27, 1968, be approved.

The PRESIDENT pro tempore. Without objection, it is so ordered.

MESSAGES FROM THE PRESIDENT

Messages in writing from the President of the United States submitting nominations were communicated to the Senate by Mr. Jones, one of his secretaries.

TRANSACTION OF ROUTINE MORNING BUSINESS

The PRESIDENT pro tempore. Under the order of yesterday, there will be a brief period for the transaction of routine morning business.

Mr. LONG of Louisiana. Mr. President, I ask unanimous consent that statements in relation to the transaction of routine morning business be limited to 3 minutes.

The PRESIDENT pro tempore. Without objection, it is so ordered.

COMMITTEE MEETINGS DURING SENATE SESSION

Mr. LONG of Louisiana. Mr. President, I ask unanimous consent that the following committee and subcommittees be

authorized to meet during the session of the Senate today:

The Committee on the Judiciary.

The Subcommittee on Housing of the Committee on Banking and Currency.

The Subcommittee on Government Research of the Committee on Government Operations.

The PRESIDENT pro tempore. Without objection, it is so ordered.

ENROLLED BILL SIGNED

The PRESIDENT pro tempore announced that on today, March 28, 1968, the Vice President signed the enrolled bill (H.R. 1308) to establish the Saugus Iron Works National Historic Site in the State of Massachusetts, and for other purposes, which had previously been signed by the Speaker of the House of Representatives.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. CHURCH, from the Committee on Interior and Insular Affairs, without amendment:

H.R. 7325. An act to authorize the Secretary of the Interior to exchange certain Federal lands for certain lands owned by Mr. Robert S. Latham, Albany, Oreg. (Rept. No. 1041).

By Mr. SYMINGTON, from the Committee on Armed Services, without amendment:

H.R. 5785. An act to authorize the disposal of magnesium from the national stockpile (Rept. No. 1042); and

H.R. 14367. An act to authorize the disposal of beryl ore from the national stockpile and the supplemental stockpile (Rept. No. 1043).

By Mr. EASTLAND, from the Committee on the Judiciary, without amendment:

S. 1000. A bill for the relief of Jack Nam Yee (Rept. No. 1044);

S. 1749. A bill for the relief of Dr. Enrique Jose Catasus Soto (Rept. No. 1045);

S. 1960. A bill for the relief of Dr. Alfredo Aucaer (Rept. No. 1046);

S. 2250. A bill for the relief of Dr. Hugo Vicente Cartaya (Rept. No. 1047);

S. 2311. A bill for the relief of Dr. Evelio Francisco Diaz (Rept. No. 1048);

S. 2371. A bill for the relief of Dr. Herman J. Lohmann (Rept. No. 1049);

S. 2378. A bill for the relief of Dr. Julio P. Amable (Rept. No. 1050);

S. 2383. A bill for the relief of Dr. Francisco J. Menendez (Rept. No. 1051);

S. 2448. A bill for the relief of Dr. Gilberto Hedesa de la Campa (Rept. No. 1052);

S. 2469. A bill for the relief of Dr. Carlos Hernandez (Rept. No. 1053);

S. 2491. A bill for the relief of Dr. Antonio Pinera (Rept. No. 1054);

S. 2501. A bill for the relief of Dr. Fernando Rafael Boudet-Esteban (Rept. No. 1055);

S. 2504. A bill for the relief of Dr. Martiniano L. Orta (Rept. No. 1056); and

S. 2581. A bill for the relief of Dr. Edmee Serantes (Rept. No. 1057).

By Mr. McCLELLAN, from the Committee on the Judiciary, without amendment:

H.R. 11254. An act for the relief of Jack L. Good (Rept. No. 1064).

By Mr. EASTLAND, from the Committee on the Judiciary, with an amendment:

S. 1069. A bill for the relief of Dr. Chung Chick Nahm (Rept. No. 1058);

S. 2165. A bill for the relief of Rene E. Montero (Rept. No. 1059); and

S. 2506. A bill for the relief of Dr. Julio Epifanio Morera (Rept. No. 1060).

By Mr. BAYH, from the Committee on the Judiciary, with an amendment:

S. 2409. A bill for the relief of the estate of Josiah K. Lilly (Rept. No. 1063).

By Mr. EASTLAND, from the Committee on the Judiciary, with amendments:

S. 2585. A bill for the relief of Kim Kap Rai (Rept. No. 1061); and

S. 2720. A bill for the relief of Heng Liong Thung and Yvonne Maria Thung (Rept. No. 1062).

By Mr. ERVIN, from the Committee on the Judiciary, without amendment:

S. Res. 113. A resolution to refer the bill (S. 1671) entitled "A bill for the relief of Bernard J. Campbell" to the chief commissioner of the Court of Claims for a report thereon (Rept. No. 1065).

BILLS INTRODUCED

Bills were introduced, read the first time, and, by unanimous consent, the second time, and referred as follows:

By Mr. JAVITS (for himself, Mr. PROUTY, Mr. ALLOTT, Mr. BROOKE, Mr. CASE, Mr. HANSEN, Mr. HATFIELD, Mr. KUCHEL, Mr. MORTON, Mr. PEARSON, Mr. PERCY, Mr. SCOTT, and Mr. COOPER):

S. 3249. A bill to provide a comprehensive national manpower policy, to improve the Manpower Development and Training Act of 1962, to authorize a community service employment program, and for other purposes; to the Committee on Labor and Public Welfare.

(See the remarks of Mr. JAVITS when he introduced the above bill, which appear under a separate heading.)

By Mr. INOUE:

S. 3250. A bill authorizing veterans' benefits for persons who served in the Local Security Patrol Force of Guam during World War II; to the Committee on Finance.

(See the remarks of Mr. INOUE when he introduced the above bill, which appear under a separate heading.)

By Mr. RIBICOFF:

S. 3251. A bill for the relief of Howard Staub; to the Committee on the Judiciary.

By Mr. CLARK:

S. 3252. A bill for the relief of Peppino Campus; to the Committee on the Judiciary.

By Mr. HART:

S. 3253. A bill for the relief of Minoo Bomanshaw Chinoy and his wife, Jeroo Minoo Chinoy; to the Committee on the Judiciary.

By Mr. BIBLE (by request):

S. 3254. A bill to amend title 18, United States Code, relating to conflicts of interest, with respect to the members of the District of Columbia Council; to the Committee on the Judiciary.

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development today announced approval of a \$45,000.00 Public Works Planning advance to County of Hawaii, Hawaii to finance planning of a new County jail complex.

The proposed project will cost a total of \$ 830,000.00 and will provide needed facilities for the present population because the facility built in 1905 does not meet the present day health or security standards.

Hilo, Hawaii is in Hawaii County.

Construction is expected to get under way August, 1968.

This project is being assisted under the Program of Advances for Public Works Planning authorized under the Housing Act of 1954, as amended, and administered by the U. S. Department of Housing and Urban Development. PWP advances are interest-free and repayable when construction is started.

Senator Daniel K. Inouye today announced the names of 13 outstanding Hawaii high school graduates who have been selected to receive four-year scholarships to colleges and universities offering the Army ROTC program.

Each scholarship pays for the tuition, textbooks and lab fees, and provides a subsistence allowance of \$50.00 per month. During a six week summer camp between the junior and senior years of college, the student receives \$160.50 per month.

The students selected are:

Rodney S. Azama, 45-138 Mokulele Dr., Kaneohe, Hawaii 96744
Robert A. Belflower, 10 Hekau St., Aiea, Hawaii 96701
William L. Benedict, 1302 Mokapu Blvd., Kailua, Hawaii 96734
Stephen E. Coleman, 108 19th St., APO San Francisco 96553
Blaine K. Dias, 134 Nanea Ave., Wahiawa, Hawaii 96786
Michael B. Dowling, 2703 Pacific Hts. Rd., Honolulu 96813
Kenneth D. Dzombar, 5372 Opihi St., Honolulu 96821
David N. Fetter, 377-D Reasoner Rd., TAMC, APO San Francisco 96438
Albert W. Hu, 1020 Kalikimaka St., Honolulu 96817
Richard T. Kimura, 2625 California Ave., Wahiawa 96786
George H. Morris, Jr., 145 Kalalau St., Honolulu 96821
Daniel R. Oshiro, 95-221 Waipono Pl., Wahiawa 96786
Charles R. Wolf, III, Qtrs. 27, Fort Kam, Honolulu, Hawaii

DEPARTMENT OF THE ARMY
Office of the Secretary of the Army
Washington, D. C.

INFORMATION FOR MEMBERS OF CONGRESS:

29 March 1968

ARMY ROTC SCHOLARSHIP AWARDS

The Department of the Army is announcing today the names of 800 outstanding high school graduates who have been selected to receive four-year scholarships to the 259 colleges and universities offering the Army ROTC program. In addition to the 800 winners, 400 alternates were selected.

Each scholarship pays for the tuition, textbooks and lab fees, and provides a subsistence allowance of \$50.00 per month. During a six week summer camp between the junior and senior years of college, the student receives \$160.50 per month.

Army Commanders in the United States and major overseas commands will also announce the names of 845 two-year scholarship winners today. These are awarded to college students completing their second year of Army ROTC training. These scholarships also pay for tuition, textbooks, lab fees and \$50.00 per month.

The ROTC scholarship program was authorized by Congress in 1964. Approximately 3,300 scholarships were awarded during the past two years and by school year 1970-71, 5,500 will be in effect. The selection of the recipients is based on academic excellence, extracurricular activities, physical standards, results of college entrance examination boards, and evaluation of motivation and leadership potential.

Upon graduation from college and successful completion of the Army ROTC program, scholarship students are commissioned as Second Lieutenants in the United States Army and serve on active duty for four years.

High school students who will be seniors next year and desire to compete for the four-year scholarships should write the Army Headquarters in their area in December 1968 and submit their completed applications by January 15, 1969.

A listing of the students selected for the four-year scholarship awards and their address of record is attached.

APR 4 1968

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development has announced approval of a program for leasing 300 low-rent homes in Honolulu, Hawaii, in Honolulu County. The ~~approximately 300~~ dwelling units are located in the City of Honolulu, 30 of the 300 low-rent homes will be for the elderly.

To carry out its leasing program, the Hawaii Housing Authority will seek the cooperation of realtors and property owners to locate appropriate dwellings as promptly as possible.

To establish rents within the means of tenants, HUD has contracted with the local authority to provide financial assistance to cover part of the rent of the units to be leased. The remainder will be paid by the tenant.

The program of leasing privately owned existing dwellings is one of several new public housing techniques authorized by the Housing and Urban Development Act of 1965, as amended, to help meet needs of low-income families. Leases may run from one to five years and are renewable. The dwellings will remain on the tax rolls, and the owners will pay full property taxes.

DRAFT OF STATEMENT ON DEATH OF DR. MARTIN LUTHER KING *OK*.

The wanton killing of Dr. Martin Luther King, this nation's apostle of nonviolence, is an American tragedy. The bullet that took Dr. King's life has shattered the American conscience. As a people, we must rededicate ourselves to the rapid achievement of the goals for which Dr. King willingly gave his life.

Senator Daniel K. Inouye today cancelled his scheduled trip to Hawaii because of the "national unrest" which has followed the assassination of Dr. Martin Luther King.

The Senator sent the following wire to two organizations in Hawaii, the Hawaii State School Food Service organization and the Hawaii Education Association:

" The violent and tragic assassination of Dr. Martin Luther King has triggered a crisis of grave and dangerous proportions. Because of this national unrest, I believe that I should remain at my post in Washington.

The Congress may be required to consider emergency legislation made necessary by this national disaster. The President has announced a convening of a special joint session next Monday evening to discuss the tragic consequences of Dr. King's death.

I pray that under happier circumstances of some later date I may be privileged to address your organization."

The Senator was scheduled to leave Washington, D. C. Thursday evening with President Johnson at the close of a Democratic fund raising dinner. The trip was cancelled by the White House shortly before midnight.

Senator Daniel K. Inouye will leave Washington at 10:15 a. m. ,
Thursday, April 11, to attend the 8th U. S. -Mexico Interparliamentary
Conference in Honolulu. He will be accompanied by his wife and son.

The Senator is a delegate to the conference which will end
April 16. He will return to Washington on Wednesday, April 17, arriving
at 11 p. m.

Delegates, including eight senators and nine House members,
will travel to Hawaii aboard a Presidential jet. A refueling stop is scheduled
at March Air Force Base, California. The return trip to Andrews Air Force
Base will be nonstop.

MEMORANDUM

TO: Senate Delegates to the Eighth Mexico-United States Interparliamentary Conference, Honolulu, Hawaii, April 11-17, 1968

FROM: John Sparkman, Senate Delegation Chairman

SUBJECT: Conference Arrangements

The following information may be helpful to you in connection with your designation as a Senate Delegate to the forthcoming Mexico-United States Interparliamentary Conference.

1. Dates of Conference. April 11-17, 1968.
2. Transportation. Use of a special mission (Presidential) jet to transport the Senate and House Delegates, their wives, and staff to and from Honolulu has been approved. The Department of the Air Force is responsible for transportation arrangements and has assigned the following personnel to assist and accompany the United States Delegation:

Colonel John McFalls, Jr., Senate Air Force Liaison Officer
Lt. Col. Leroy Svendsen, Jr., House Air Force Liaison Officer
Technical Sgt. P. O. Van Gilder
Master Sgt. Donald P. Trombly
3. Itinerary. The delegation is scheduled to depart Andrews Air Force Base at 10:15 a.m. on Thursday, April 11, and fly to Honolulu with a refuel stop in California. See attached schedule for details.
4. Composition of Delegation. The Senate Delegates are: Senators Sparkman (chairman), Mansfield, Gore, Gruening, Inouye, Montoya, Mondale, Smith, Fong, Jordan (Idaho), and Fannin. The House Delegates are: Representatives Nix (chairman), Wright, Jr., Johnson, de la Garza, Springer, Morse, Harvey, and Whalley. Also participating are Representatives Matsunaga and Mink.
5. Agenda. An agenda is attached. A copy of the report of last year's meeting is also attached for your information.
6. Department of State Briefing. The Delegation will be briefed at 3:30 p.m. on Monday, April 8 in the Senate Foreign Relations Committee Room in the Capitol (Room S-116) by Robert M. Sayre, Deputy Assistant Secretary of State for Inter-American Affairs, and Maxwell Chaplin, Country Director for Mexico.

7. Committee Assignments. Would you please inform Pat M. Holt of the Foreign Relations Committee staff (Ext. 4651) concerning your first and second choice among the following Committees:

First Committee - Political Affairs
Second Committee - Economic Affairs
Third Committee - Social Affairs

8. Hotels. The Delegation has reservations at the Royal Hawaiian Hotel.

9. Weather; Clothing Requirements. No formal attire is needed. Average temperature in Honolulu during April is 73°. It may rain. Lightweight clothes are suggested. Ladies may find a light wrap needed in the evening.

10. Easter Sunrise Service. Your attention is called to this service on the schedule for April 14. In order to arrange transportation and to reserve seats it will be necessary to know if you plan to attend. If you do, please call Miss Jensen (Ext. 4615) or Miss Vogtmann (Ext. 4651).

11. Department of Agriculture Regulations. In order to avoid introduction of certain fruit flies into the continental United States, the Department of Agriculture regulations require inspection of all baggage leaving Hawaii for the mainland. An effort will be made to arrange this so that it can be done with a minimum of inconvenience.

12. Staff. Limitation of funds make it impossible for each delegate to be accompanied by a secretary or other staff assistant. A small staff has been selected to serve the delegation. A delegation office will be located in a suite at the Royal Hawaiian Hotel.

13. Expenses. Delegates' hotel bills, including meals at the hotel, will be paid by the staff from delegation funds. At the end of the conference the staff will also reimburse delegates for their non-hotel expenses.

NEWS FROM THE OFFICE OF SENATOR DANIEL K. INOUE _____
 11, April 1968

The General Services Administration will assign 56,000 square feet of an unimproved portion of the Veterans Housing area at Manana, Oahu, Hawaii, to the Department of Health, Education, and Welfare for transfer to the State of Hawaii for educational purposes, according to the office of Senator Daniel K. Inouye.

The land will be used as a site for a library and also as a book-mobile center for the area extending from Pearl City to Kaena Point and from Pearl City to Kahuku.

The Office of Surplus Property Utilization, Department of Health, Education and Welfare, through its San Francisco regional office will convey a portion of the Manana Veterans Housing area to the State of Hawaii Department of Education for a community library, according to Senator Daniel K. Inouye.

The property, consisting of 1.286 acres of unimproved land has a fair market value of \$151,000 and will be conveyed at 100 per cent public benefit discount.

The Education Department will construct a community library on the property, serving an area of approximately 40 square miles. The new building will also serve as a bookmobile center for the area extending from Pearl City to Kaena Point and from Pearl City to Kahuku, an area of approximately 325 square miles.

The Deed will be dated May 6, 1968 and will be delivered by John P. Gifford, regional representative, Office of Surplus Utilization, San Francisco, to Mr. Jim P. Ferry, chairman, Board of Land and Natural Resources, during the week of May 6, 1968.

#####

Added info:

When the new library is opened, it will contain about 19,000 volumes. Each bookmobile is stocked with about 3,000 books. The site is located adjacent to the Civic Center and in the immediate vicinity of Pearl City Shopping Center and a number of schools. The library will serve a present population of about 21,000.

NEWS RELEASE

OFFICE OF ASSISTANT SECRETARY OF DEFENSE (PUBLIC AFFAIRS)

WASHINGTON, D. C. 20301

PLEASE NOTE DATE

FOR THE PRESS:

April 11, 1968

No. 327-68

OXford 7-5131 (Info)

OXford 7-3189 (Copies)

Secretary of Defense Clark M. Clifford today made the following announcement:

The President has signed an Executive Order under which I am proceeding to call to active duty approximately 24,500 men in some 88 units from the reserve components of the Army, Navy and Air Force.

The men are being called for service not to exceed 24 months.

Notifications are now being sent to all units. Each man will have a minimum of 30 days' notice before reporting.

Of the 24,500, 10,000 are scheduled for deployment to South Vietnam in consonance with the program announced by the President March 31. The balance will be used mainly to strengthen the strategic reserve. Individuals from the strategic reserve are available as replacements for South Vietnam.

The Army is calling approximately 20,000 men in 76 units of the Army National Guard and the Army Reserve.

The Navy is calling approximately 1,000 men in two units of the Naval Reserve. They will be available for rotation between Southeast Asia and the United States. The Air Force will call approximately 3,500 men in 10 units of the Air National Guard and the Air Force Reserve. About one-third of these will be deployed to Southeast Asia under current plans.

A list of the units being called will be made available to you at 11 o'clock. In accordance with our policy, the units earmarked for deployment in Southeast Asia will not be identified until they have arrived there.

No decision has been made at this time as to whether additional reserve forces will be called.

NEWS RELEASE

OFFICE OF ASSISTANT SECRETARY OF DEFENSE (PUBLIC AFFAIRS)

WASHINGTON, D. C. 20301

PLEASE NOTE DATE

IMMEDIATE RELEASE

APRIL 11, 1968

NO. 325-68
OXford 7-5131 (Info.)

The reserve call-up announced today consists of the following:

	<u>Personnel</u>	<u>Units</u>
Army National Guard	13,633	34
Army Reserve	6,401	42
Naval Reserve	1,028	2
Air National Guard	2,201	3
Air Reserve	1,287	7
	<u>24,550</u>	<u>88</u>

The units will come from 34 different states. All are listed in the attachment.

The strength figures shown above and in the attachment for Army National Guard and Army Reserve units are their authorized TOE strengths. Their actual strengths are somewhat lower. They will be brought to TOE strength by calling reservists from the Individual Ready Reserve Pool.

The individuals to be called from the pool - an estimated 3,600 - will include only men who have served less than two years on active duty.

The strength figures shown for Air Force and Navy units are current actual strengths. Not all these men will report for duty, since those with less than six months remaining service on the date of their unit's reporting to active duty will be excused from the call. The units will be brought to full strength through volunteers and fillers from the active forces.

All units and all individual fillers will be given at least 30 days notice of their reporting date.

NEWS FROM OFFICE OF SENATOR DANIEL K. INOUE
 12, April 1968

Maui Radio Stations { KMVI - 4:23 phone
 { KNOJ - 4:25 (no answer)

Restoration of twice-daily mail deliveries in the Kahului and Wailuku, Maui business districts was ordered today by the Post Office Department effective Monday, April 22, 1968, according to the office of Senator Daniel K. Inouye.

Mail delivery service in the two communities was reduced to a single daily delivery April 6.

Senator Inouye protested the decision and asked the Post Office Department to reconsider its action.

U.S. DEPARTMENT OF LABOR
MANPOWER ADMINISTRATION
WASHINGTON, D.C. 20210

APR 15 P.M.

Contract No. 82-13-68-22

(This is an announcement of the funding of a Manpower Administration experimental and demonstration project.)

An experimental project to aid handicapped workers in finding employment has been approved by Secretary of Labor Willard Wirtz. The project will be conducted by the Rehabilitation Center of Hawaii, located at 226 North Kuakini Street, Honolulu, Hawaii.

An estimated 80 unemployed workers with multiple physical and other handicaps will participate in the new program. Special efforts will be made to involve employers in pre-employment training and in developing suitable job opportunities for the handicapped.

New approaches to counseling and training directed to individual needs will be used to determine whether effective employment can be provided for the handicapped worker.

Funds amounting to \$128,178 will be provided under the Manpower Development and Training Act for the 1-year project.

NEWS FROM OFFICE OF SENATOR DANIEL K. INOUE
 15, April 1968

The Naval Facilities Engineering Command, through the Commander, Pacific Division, is awarding a contract to E. E. Black, Ltd., Honolulu, Hawaii, for \$1,169,500, according to the office of Senator Daniel K. Inouye.

The contract is for installation of enlisted men's barracks at the Naval Submarine Base, Pearl Harbor, Hawaii.

NEWS FROM SENATOR DANIEL K. INOUE
18, April 1968

The Air Force will soon release \$490,000 in construction funds to build an airmen's dining hall at Hickam Air Force Base, Hawaii, according to Senator Daniel K. Inouye.

The Army Corps of Engineers will act as the construction agent and will award a contract.

#####

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
PUBLIC HEALTH SERVICE
9000 Rockville Pike
Bethesda, Md. 20014

MAY 15 1968

Dear Senator Inouye: MAY 17 1968

This is to confirm the information which was telephoned to your office on April 18, 1968.

Under the provisions of Title VI of the Public Health Service Act, as amended, the initial application for the following project has been approved by the Public Health Service following its approval by the Hawaii Department of Health.

Name of project: Kau Hospital
Location: Hawaii Belt Road and Kamani Street
Pahala, Kau, Hawaii
Total estimated cost: \$769,250
86,957 (Federal participation)
Estimated Federal share: 40,000

Name and address of person signing application in behalf of applicant: Mr. Kenam Kim, Comptroller
Dept. of Accounting and General Services
State of Hawaii

Type of construction: Federal participation in construction of
Number of beds: 6 general beds and 6 long-term care beds
Category of facility

The above cost estimates are preliminary and experience indicates that they may change considerably by the time bids covering the construction contract are received and other costs are more firmly established.

The approval of this initial application clears the way for the applicant to develop plans and specifications and meet the other requirements of the Act. As you probably know, the development of plans and specifications is a time-consuming operation, and some time may elapse before a contract is awarded and construction begins.

If you wish additional information, please let us know.

Sincerely yours,

William H. Stewart
Surgeon General

Honorable Daniel Ken Inouye
United States Senate
Washington, D. C. 20510

NEWS FROM SENATOR DANIEL K. INOUYE	AP	<u>"</u>	<u>"</u>	
19, April 1968	HEWLETT	<u>"</u>	<u>"</u>	

Senator Daniel K. Inouye today urged the people of Hawaii to "open their hearts and arms to underprivileged Negroes on the U. S. mainland and help them find job opportunities in the islands."

"The stage is now set for the people of Hawaii to show the rest of the world the true meaning of aloha and the spirit of human understanding which pervades our island society," Senator Inouye said.

"Hawaii faces a mounting labor shortage caused by the unprecedented tourist boom and will have many jobs in the tourist industry which can be filled by relatively unskilled help.

"What we have to offer the Negro will hardly make a significant dent in the national problem but perhaps we can encourage other states to follow our lead," the Senator continued.

Senator Inouye said the State Department of Labor should take immediate steps to est ablish special training programs for unemployed or underemployed Mainland Negro citizens. "Once the programs are established we can begin a national recruitment program."

The Senator also proposed the establishment of a revolving loan fund to assist Negroes in paying air transportation costs to the islands.

DANIEL K. INOUE
UNITED STATES SENATE

DEAR SENATOR INOUE:

THIS IS TO INFORM YOU OF ACTION ON THE APPLICATION FOR FEDERAL ASSISTANCE FOR CURRENT EXPENDITURES SUBMITTED BY THE SCHOOL DISTRICT INDICATED IN THE ATTACHMENT, PURSUANT TO TITLE 1 OF P. L. 874, AS AMENDED, PROVIDING FINANCIAL ASSISTANCE FOR SCHOOLS IN FEDERALLY AFFECTED AREAS. NOTICE OF THIS ACTION AND A TREASURY CHECK WILL REACH THE APPLICANT SCHOOL DISTRICT WITHIN THE NEXT WEEK OR SO.

THE AMOUNT CERTIFIED FOR PAYMENT IS DETERMINED FROM THE TENTATIVE ENTITLEMENT FOR THE FISCAL YEAR COMPUTED ON THE BASIS OF INFORMATION AND ESTIMATES CONTAINED IN THE APPLICATION. ADDITIONAL PAYMENTS WILL BE SUBJECT TO SUCH ADJUSTMENTS AS MAY BE REQUIRED BY ACTUAL DATA IN PLACE OF ESTIMATES AND BY THE AVAILABILITY OF FUNDS IN RELATION TO TOTAL ENTITLEMENTS FOR FINANCIAL ASSISTANCE.

SINCERELY YOURS,

HAROLD HOWE II
U. S. COMMISSIONER OF EDUCATION

NEWS FROM SENATOR DANIEL K. INOUYE
 24, April 1968

The Post Office Department will call for bids May 1 on two new post office buildings at Hanapepe and Lawai, Kauai, according to Senator Daniel K. Inouye.

Bids will be opened in San Francisco, June 7. Both buildings will have 1,200 square feet of floor space and parking areas. The buildings will be constructed for lease to the government.

DEPARTMENT OF TRANSPORTATION
FEDERAL AVIATION ADMINISTRATION

WASHINGTON, D.C. 20590

April 25, 1968

OFFICE OF
THE ADMINISTRATOR

Dear Senator:

The Federal Airport Act authorizes this agency to administer a grant-in-aid program for the development and improvement of public airports.

I am pleased to send you the enclosed copy of the Fiscal Year 1969 Federal-aid Airport Program prepared by this agency under authority of this Act. The Program was formulated entirely from requests submitted by state and local authorities for Federal financial assistance in the development of their airports. Every request was examined carefully to make certain that our decisions will best serve the Nation's interest in the national system of airports within the funds made available to us. We regret that a number of worthwhile projects could not be included in this year's Program.

A copy of the distribution made to the states of the \$70 million appropriated under P. L. 90-112 (October 1967) is attached to the Program. This distribution is the State Apportionment Funds made available to each state under Section 6 of the Federal Airport Act.

Our Regional Offices will notify local officials of allocations for their projects and advise them of further procedures to assure use of these funds.

Sincerely,

A handwritten signature in cursive script that reads "William F. McKee".

William F. McKee
Administrator

Enclosure

HOLD FOR RELEASE UNTIL:
AM's THURSDAY, April 25, 1968

Area Code 202--962-6461

FEDERAL-AID AIRPORT PROGRAM FOR FY 1969 ANNOUNCED BY FAA

Allocations of \$74.7 million for the construction and improvement of 397 public civil airports under the Federal-aid Airport Program (FAAP) for Fiscal Year 1969 were announced today by the Federal Aviation Administration of the Department of Transportation.

These allocations provide \$67.7 million to improve 356 existing airports and \$7 million to construct 41 new public airports.

Allocations were based on \$70 million appropriated by Congress for airport aid during the 1969 fiscal year, and carryover funds from previous years. Federal funds will match those provided by local communities, generally on a 50-50 basis.

FAA developed the FY 1969 Program from a record 773 requests for aid by public agencies totaling over \$392 million.

Major airport development projects scheduled in this year's Program are:

Runway extensions at 77 locations to accommodate the operation of larger aircraft.

New runways at 86 locations to increase safety and operational capability.

New and expanded facilities at 22 airports served by local carriers to permit use of new type aircraft.

(over)

Strengthening and reconstruction of runways at 52 locations to accommodate heavier aircraft safely.

Construction or improvements of airports at 52 locations to attract general aviation traffic from congested hub airports.

Additional and new facilities at 70 locations providing scheduled or unscheduled air taxi service.

Acquisition of land for clear zones at the ends of runways at 130 locations for increased safety.

Notification to Members of Congress

Public Law 89-750, as amended, Adult Education Act of 1966

Title III, Sec. 309 (c), Teacher Training

The Office of Education has approved for negotiation 27 proposals for Teacher Training Institutes in Adult Basic Education. The Institutes will be conducted by 27 colleges and universities in 24 States during the summer of 1968 and the academic year 1968-69 at an estimated cost of \$1,500,000. It is anticipated that up to 2,075 teacher-trainers, teachers, and administrators of adult basic education programs will participate.

The U.S. Office of Education will make direct grants with colleges and universities for 20 Teacher Training Institutes. The National University Extension Association will coordinate programs for 7 additional Institutes.

Attached is a list of institutes by States which provides; name and location of host institution, congressional district number, estimated number of participants, and probable dates and types of institute.

Additional information may be obtained from Mr. Paul V. Delker, Acting Director, Division of Adult Education Programs, Bureau of Adult, Vocational, and Library Programs, U.S. Office of Education. Telephone: code 13, extension 37445.

Draft given in person

Senator Daniel K. Inouye today warned that an Interior Department proposal to auction off import quotas to the highest bidder would force small independent oil refiners out of business "thus erasing the last vestige of competition in the oil business."

"Hawaii would surely be the recipient of any price hikes likely to result," Senator Inouye advised Secretary of the Interior Stewart L. Udall.

The Senator has long opposed inclusion of Hawaii in oil import District V because it results in the artificial inflation of the price of oil in Hawaii. This in turn results in higher electrical rates because oil is the sole energy source for the generation of electricity in the islands.

Senator Inouye said oil import program regulations "have become an instrument whereby grievous hardships are worked upon the entire state of Hawaii," and he called the latest proposal "an ominous extension of the present evil."

The text of Senator Inouye's letter to Secretary Udall is attached.

April 25, 1968

The Honorable Stewart L. Udall
Secretary of the Interior
Interior Building
Washington, D. C. 20240

Dear Secretary Udall:

The current controversy over how the import quotas should be allocated, and how additional quotas should be parceled out, prompts my calling attention to the long standing and obvious need of the State of Hawaii to receive equitable treatment at the hands of the Oil Import Program.

The case for Hawaii has been made many times and needs no elaboration: We rely solely on oil for our energy source; we are 2200 miles from the nearest source of crude and our consumption is almost exclusively of foreign crude; we have no access to foreign oil in excess of quota through overland pipelines, and are prohibited from shipping it in foreign built vessels; and finally Hawaiian consumers do not benefit from price reductions enjoyed by other consumers of District V.

All of these ills must be laid at the feet of the Oil Import Program. For while the Program can be defended on the basis of its importance to material security, in practice its regulations have become an instrument whereby grievous hardships are worked upon the entire State of Hawaii. The latest proposal, to auction off import quotas to the highest bidder, seems to me to be an ominous extension of the present evil. Small independent refiners would surely be forced out of business, thus erasing the last vestige of competition of the oil business. Furthermore, since the advantage in such auctions would go to those companies which had oil production overseas, and since we have only the Anti-Trust laws to counteract a natural price-fixing tendency in the oil industry, the eventual effect of the auctions could be across the board increase in the Nation's oil prices. Hawaii would surely be the recipients of any price hikes likely to result.

Should my views not prevail, and policy to auction off quotas is implemented anyway, I urge that the program not apply to residual oil or liquefied petroleum gas such as is required to supply gas or electric power for public utilities. It is a small concession, but one not out of line with many now made with great regularity to other interests. The benefits would be shared by every consumer both in Hawaii and in the nation.

None of the purposes for which the Oil Import Control Program was established are being served by having Hawaii bound by District V. Moreover, in all fairness, Hawaii should be given the same prerogatives enjoyed by Puerto Rico and the Virgin Islands.

For these reasons I again lodge my protest at Hawaii being held to District V.

Yours very truly,

DANIEL K. INOUE
United States Senator

NEWS FROM SENATOR DANIEL K. INOUYE
25, April 1968

An amendment to authorize FHA-insured loans for the purchase of fee simple titles to leased lands used for residential purposes in Hawaii is included in the Omnibus Housing Bill ordered reported out for Senate floor action today by the Senate Banking and Currency Committee, according to Senator Daniel K. Inouye.

Originally introduced by Senators Inouye and Hiram L. Fong, the legislation would also permit savings and loan associations to invest in the proposed FHA-insured loans for the purchase of fee simple titles.

A single loan would be limited to an amount of \$10,000 or the actual purchase cost, whichever is less.

Senator Inouye said the legislation will reduce the financing costs on leasehold property purchases.

Many homes in Hawaii are located on leasehold land on which the homeowner pays annual lease rent to the landowner.

APR 28 1968

Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development has announced approval of a \$ 20,000 increase (to a total of \$ 417,000) in College Housing loan funds to Chaminade College of Honolulu, Honolulu, Hawaii.

The HUD loan, originally approved in July 1967, provided for construction of a new dormitory to house approximately 80 women students and a house mother.

The College Housing Loan Program is authorized by the Housing Act of 1950, under Section 401, to help colleges and hospitals expand their facilities to absorb the increase in student enrollment.

Removal of the last barrier to the use of Bellows Air Force Station on Oahu for general aviation purposes is now a distinct possibility in the near future, Senator Daniel K. Inouye said today.

"The Department of Defense advised me that the only remaining barrier to use of the field is a Marine Corps helicopter training program and the Marine Corps hopes to be able to move this program to another location."

The Defense Communications System antennas which now block use of the field can be realigned, Senator Inouye was advised.

The Air Force had previously withdrawn objections to use of the military airfield.

Senator Inouye said the Marine Corps might want to use the area one or two days a month for amphibious landing exercises should the field be turned over for civilian use.

"I hope to have a final answer to this question within the next few weeks," Senator Inouye said.
