Under Three Flags And Call For Assistance

CHINESE CREW OF GERMAN STEAMSHIP IN AMERICAN PORT
SEND MESSAGE FOR HELP, TRY TO ESCAPE TO SEE CONSUL,
AND ARE BEATEN BACK ABOARD—MINISTERS AT WASHINGTON
NOTIFIED—CONSULS ARE CONFERRING.

Washington is by this time considering the trouble with the Chinese crew aboard the German S. S. Tolman, Captain Johnson, which put in here in distress a few days ago.

As the first story reached the public it was supposed only that thirty Chinese, anxious to get ashore here, had attempted to desert and had been forced back aboard the steamship, the incident ending with their return to the vessel.

There is more to the affair, however, and the end is not yet in sight.

A call for help came ashore from the S. S. Tolman on Monday in the shape of a note scrawled in Chinese characters and handed by one of the Chinese crew of the Tolman to a Hawaiian boy hanging about the vessel, accompanied by a dollar for the boy's pains.

The note was not addressed. The Chinese indicated to the boy that he give it to some big Chinese.

The boy handed the note to Willis Crawford, the Hawaiian who speaks Chinese as well as a Chinaman. The boy says he thought Crawford was the Chinese consul. Crawford declares that the note was to the effect that the Chinese of the crew of the Tolman were being brutally treated, being beaten by the mate and were not being fed enough.

Crawford drew the matter to the attention of an attorney, Judge George D. Gear, and Gear advised that the matter

course would be to hand the matter over to the Chinese consul. The note was conveyed to the secretary of the Chinese consul and the Chinese and German consulates have conferred in regard to the difficulty.

On Monday night the Chinese broke from the Tolman and endeavored to get up town. It is now stated that they wanted to wait on the Chinese consul with their complaint. They were not allowed to get up town, however, the captain of the Tolman, customs guards, a police officer and men from the North German Lloyd training ship Herzogin Cecilie repelling them, some clubs being used, and forcing the Chinese back to the Tolman.

The Chinese are not allowed to land here and if their complaint of bad treatment be true they had no remedy except an appeal to the consulate here.

The matter has been communicated to the Chinese minister at Washington but the Tolman sailed early this morning for Guaymas, Mexico.

Before the vessel sailed Captain Johnson assured the German consul that such arrangements would be made aboard that there would be no further cause for complaint. He would see that the men were not treated badly.

The matter will not be lost sight of and at whatever port the Tolman touches the Chinese representative will, being informed of the present case, protect the interests of his countrymen aboard the Tolman.

Federal Building Site

"I have about come to the conclusion that the lot opposite the Young Hotel or the lot seaward of it, providing Bishop street is cut through, should be the site of the Federal building," said H. A. Taylor.

In the opinion of H. A. Taylor, asked by Washington to select a site for a Federal building in Honolulu, the business was developing and extending most any site suggested is convenient.

This afternoon Mr. Taylor listened to opinions of public men in Young's roof garden.

E. D. Tenney said what was wanted chiefly was the Federal building, the site did not matter so much.

Judge Dole preferred to have the Federal building on the Waikiki side of Fort street. The "Anglo-Saxon" business was developing and extending this side of Fort street. He thought The Gore, Palace Square, the best position, convenient to everything. Macfarlane's block would be next best.

Business men would feel the Irwin block inconvenient.

Judge Gear favored the site bounded by Nuuanu, Merchant, King and Bethel streets.

Lorrin Thurston spoke for Park Estate property opposite his hotel to be the most desirable. He didn't want to talk, really, but that was his honest, fearless opinion in spite of anybody's pet scheme.

Alexander Young believed the Bishop Estate property opposite his hotel to be the most desirable. He didn't want to talk, really, but that was his honest, fearless opinion in spite of anybody's pet scheme.

J. A. McCandless spoke strongly for the block bounded by King, Merchant, Nuuanu and Bethel streets. This site would be most convenient to 90 per cent of the business community.

Samuel Damon said the Federal building should be within the circle of a block from King and Fort streets.

She sailed from the Coast on March 6, about 5 p. m. Nine men were this morning restored to the vessel by the police, having run away from the ship. The Sonoma's through list is large.

I brought a bottle home and have just used the last of it today." For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

THE FIRST VETOS

Governor Carter handed his first vetoes of the session, to the legislature this afternoon. Two of the measures vetoed were Senate bills and one a House bill. Senate Bill No. 14 which was an act to amend sections 2263 and 2265 of the Revised Laws, relating to the right of married women to deal with their separate property was vetoed. The proposed bill would make litigation too easy, the Governor thinks. Senate Bill No. 4 which was an act to amend act 23 of the Session Laws of 1905, providing for fire department for Waikuku and Kahului, one for Lahaina and one for any other town in the territory where such department is properly organized under the provisions of the act.

House bill No. 29 to amend Section 122 of the Revised Statutes, limiting the time for labor for government employees to five hours on Saturdays was vetoed.

SONOMA FROM COAST.

The O. S. S. Sonoma, Captain Trask arrived this morning from San Francisco, docking at the Oceanic wharf at 8 o'clock, bringing 6 days' mail.

THE LEGISLATURE

DIVERSIFIED
INDUSTRIES

THE SENATE DISCUSSES MATTER
AT SOME LENGTH THIS MORNING—MARRIAGE LICENSES.

SENATE.
EIGHTEENTH DAY.
MORNING SESSION.

The principal matters discussed in the Senate this morning were the diversified industries bill, the marriage license bill and the truancy bill. Treasurer Campbell sent in his report concerning the floating of the Territorial bonds. Consideration of this report was deferred until it could be printed.

Senator Lane of the Printing committee reported that Senate Bills Nos. 54, 55, 56 and 57 had been printed and were ready for distribution. The report was accepted.

Senator Dowsett of the Ways and Means committee made the following report relative to Senate bill No. 7 to amend Section 2219 of the Revised Laws relating to marriage licenses:

Your committee, to whom is referred Senate Bill No. 7, entitled "An Act to Amend Section 2219 of the Revised Laws of Hawaii as Amended by Act 11 of the Session Laws of 1905," beg leave to report:

The act is evidently intended to afford the public greater protection in the matter of the issuance of marriage licenses. It provides that sheriffs and deputy sheriffs act as agents to grant marriage licenses within their respective counties and districts agreeably with the laws. And the laxity that at present exists in the issuance of marriage license should be corrected.

But while sheriffs and deputy sheriffs have more or less intimate knowledge of the residents of their respective counties and districts, persons intending to contract marriage could easily avail themselves of the provisions of the act by securing a license in a district other than that in which they are known and hence the amendment as proposed would avail nothing.

It is the opinion of this committee, and we respectfully suggest (1) that with the exception of the Island of Molokai all deputy sheriffs in their respective judicial districts be alone appointed as agents to grant marriage licenses (2) that marriage licenses be granted only upon a proper application made by the parties intending to marry, which should on its face show that they are not legally disqualified in any way from entering into the marriage contract. And to make such application of its greatest possible value, the agent should be permitted to examine the parties under oath and such other persons as he may think necessary to determine whether or not the parties are entitled to receive a license to marry. Additional security is advisable to overcome any false statements that might be made upon application for a marriage license and it is respectfully suggested that it be made a crime punishable by imprisonment. And (3) that the applications be a matter of public record as in the case of the license.

We therefore, and as a part of this report respectfully submit a draft of the amendment of Section 2219 of the Revised Laws of Hawaii, which we believe sets forth in proper terms the

PALOLO VALLEY HOMESTEADERS
ARE ANXIOUS FOR THE ROADS
TERRITORY PROMISED THEM.

THE HOUSE.
EIGHTEENTH DAY.
MORNING SESSION.

Several chairs are still vacant; Representative Kalelepa, however, has recovered sufficiently to be in his place. Speaker Holstein shows the effects of his struggle with the prevalent grippe, but refuses to succumb.

A petition was received from the homesteaders of Palolo valley, stating that many roads in the valley are impassable and asking that a committee be appointed to investigate conditions there and devise some means of relief. The petitioners state that they acquired lands in this valley with the understanding that various roads would be opened and kept in repair. This has been done only in part. They state they have spent \$46,744.70 in rents to the government, erection of buildings, clearing land, etc. Referred to Public Lands Committee.

Representative Correa introduced a resolution to appropriate \$10,000 to extend Punahoa to School street. Referred to the same committee.

Representative Conroy introduced a bill to amend Section 28, Chapter 9, Act 28, Session Laws of 1905, creating counties. The bill fixes the annual salaries of various County officers as follows:

The annual salaries, payable monthly, are as follows:

Members Board of Supervisors, \$600; Sheriff County of Oahu, \$2400; Sheriff County of Hawaii, \$2400; Sheriff County of Maui, \$2400; Sheriff County of Kauai, \$2400; County Clerk, Oahu, \$2400; County Clerk, Hawaii, \$2100; County Clerk, Maui, \$1800; County Clerk, Kauai, \$1800; Auditor County of Oahu, \$2400; Auditor County of Hawaii, \$2000; Auditor County of Maui, \$1500; Auditor County of Kauai, \$1500; County Attorney, Oahu, \$2400; County Attorney, Maui, \$1800; County Attorney, Kauai, \$1200; Treasurer, County of Oahu, \$2400; Treasurer County of Maui, \$1500; Treasurer, County of Hawaii, \$2000; Treasurer, County of Kauai, \$1500. Deputy Sheriffs for the various Counties: Oahu, \$1200; Hawaii, \$1200; Maui, \$1200; Kauai, \$1200.

(Continued on Page Five.)
SUGGESTIONS HERE MADE.

In order, however, that the amendment as suggested be a workable one we further believe that an analogous section, to wit, Section 2207 of the Revised Laws, should also be amended.

(Continued from Page One).

A proper operation of the amendment
suggested would be more easily effec-
ted were the license to marry only is-
sued by the agent in the district in
which the marriage is to be celebrated,
and therefore we also submit as a part
of this report an act entitled "An Act
to Amend Section 2267 of the Revised
Laws."

The foregoing is obviously more in
the nature of recommendations along
legal lines, but we respectfully submit
the same as a "ways and means" of
not alone granting marriage licenses
but protecting the public in their in-
surance.

The report was laid on the table
to be considered with the bill. Sen-
ator Dowsett then introduced the sub-
stitute bill which passed first reading.

A bill relating to court clerks and
their duties was introduced by Sen-
ator Smith, and passed first reading.

Senate bill No. 41, relating to the
conduct of civil and criminal cases
came up on third reading, and was
passed without discussion.

Senate bill No. 44, the diversified in-
dustries bill, exempting from taxation
for a period of five years certain lands
and personal properties used in the
cultivation of certain products, came
up on third reading. On motion, of
Senator Woods action was deferred un-
til March 20, as he understood that
certain people were coming from Ha-
waii, with the desire of being heard
on the matter.

House bill No. 18, relating to at-
tachments, passed third reading, with-
out any discussion.

House bill No. 72, pertaining to
tranny, came up on third reading.

Senator Chillingworth questioned the
constitutionality of the bill, because
he doubted whether it would be legal
to give the magistrates the right to
sentence the parents when there had
been no charge made against them. He
thought that a writ of habeas corpus
would be asked in such case.

Replying Senator Smith said that
while the bill was not perhaps per-
fect, but it did not materially change
the law as properly administered and
sought primarily to increase the pen-
alty for tranny, he thought it would be
all right to pass it.

Senator Cocchiola declared that it placed
them at the mercy of a school teach-
er. If, for instance, a teacher had
resentment toward any parents, for
some cause, that teacher might
gratify this feeling, by having the par-
ents hauled into court. He felt that
the bill involved a hardship to the peo-
ple.

On motion of Senator Lane, the bill
was recommitted to the Judiciary com-
mittee.

On motion of Senator Lane, House
bill No. 69 relating to elections, was
recommitted to the Judiciary com-
mittee, in order that a clerical error, could
be corrected.

House bill No. 29 relating to the
purchase of supplies by the counties
from other than citizens came up on
second reading and was referred to
the Judiciary committee.

House bill No. 43 relating to bar-
ber shop regulations, came up on sec-
ond reading and went to the health
committee. House bill No. 47 relat-
ing to holidays; House bill No. 53
relating to high sheriff deputies and
House bill No. 61, were referred to the
Judiciary committee.

House bill No. 64 amending the
county act, went to the special county
act committee. House bill No. 96 per-
taining to tobacco licenses, was re-
ferred to the Ways and Means com-
mittee. House bill No. 98 providing
for a reservation of lands on Punch-
bowl for park purposes, went to the
Lands committee.

House bill No. 112, went to the
Health committee while House bill No.
113 relating to automobiles in Hono-
lulu went to the Judiciary committee.

Senate bill No. 54 relating to the re-
demption of real estate sold under
foreclosure was referred to the Judi-
ciary committee. Senate bill No. 55
providing for the filing by corporations
of increases of capital stock was re-
ferred to the Judiciary committee.

Senate bill No. 56, relating to refund-
ing the bonded indebtedness of the
Territory, went to the ways and means
committee. Senate bill No. 57 ap-
propriating \$3,000 for furniture for the
Hilo High School passed second read-
ing after some discussion. Senate
bill No. 7 empowering sheriffs, deputy
sheriffs and district magistrates,
agents to grant marriage licenses,
came up on second reading but action
was deferred to be considered in con-
junction with other bills in connection
with the measure.

A communication from Territorial
Treasurer Campbell giving in response
to a request of the Senate, informa-
tion relative to the floating of the Ter-
ritorial bonds, was read. It was de-
cided to have the communication and
the statistics printed. A recess un-
til 2 p. m. was then taken.

IN THE SENATE

SEVENTEENTH DAY.

AFTERNOON SESSION.

In the Senate yesterday the bill
which had come up in the morning
relative to the encouragement of diver-
sified industries came up on second

bate on the matter which resulted in
several amendments being made, in-
cluding the elimination of the section
exempting the pineapple industry from
taxation. The bill passed second read-
ing.

There was considerable debate be-
tween Senators Smith, Chillingworth,
Hewitt and Dowsett over House Bill
No. 27 on second reading. On motion
of Chillingworth the matter was defer-
red until Wednesday.

The Judiciary committee reported on
House Bill 37 relating to the amend-
ments of Sections 2238 and 2231 of the
Revised Laws, regulating divorce cases.
action was deferred until Wednesday

House Bill No. 43, giving the Board
of Health power to frame sanitary reg-
ulations for barber shops; No. 56, pro-

counties, passed first reading by title.

The Judiciary Committee reported on
Senate Bill No. 41, regulating the con-
duct of trials of civil and criminal cases
and to repeal section 1797 of the Revised
Laws. The bill in its original form
was amended and the committee re-

An Act to Regulate the Conduct of
the Trial of Civil and Criminal Causes.
Be it Enacted by the Legislature of the
Territory of Hawaii:

Section 1. The trial of every criminal
and civil cause in any court of the Ter-
ritory shall proceed in the following
order, that is to say:

1. The prosecuting officer, or plain-
tiff, as the case may be, and the de-
fendant, or his attorney, may state
their respective cases;

2. The prosecuting officer or plain-
tiff, as the case may be, must then pro-
duce the evidence on this part;

3. The defendant may then open
his defense and offer his evidence in
support thereof;

4. The parties may then respectively
offer rebutting evidence only;

5. When the evidence is concluded,
unless the case is submitted on either
side or both sides without argument,
the prosecuting officer or plaintiff, as
the case may be, must open the argu-
ment and fully and fairly state his
theory of the case and the reasons
which entitle him to a verdict; the
defendant may then reply, and the
prosecuting officer, or plaintiff, as the
case may be, may conclude the argu-
ment, and in such conclusion to con-
fine himself to answering any new mat-
ter or arguments presented by the de-
fendant or his attorney.

Section 2. All acts and parts of acts
inconsistent with, or repugnant to, this
act are hereby repealed.

Section 3. This act shall take effect
from and after the date of its approval.

The bill was passed second reading
later in the session, by adopting the re-
port of the committee.

Under a suspension of the rules, Sen-
ator Hewitt for the Educational com-
mittee, made a report on House bill No.
72, relating to tranny. The bill in-
creased the punishment for tranny and
its passage was recommended. There
was some debate between Senators
Hewitt and Smith but the report was
finally adopted.

health and House bill No. 113 relating
to the use of autos and motor vehicles
in the streets of Honolulu, passed sec-

The French Church

Such published discussion of the controversy in France over the separation of church and state as has been available to the average reader, has been so tinctured with bias, prejudice, or the controversial spirit, as to have left the impression of uncertainty in the minds of those desiring an unprejudiced understanding of the facts in the case. But one of the recent additions to the Honolulu Library is a work which will be read with interest by all who really desire information on the subject. Its title is "The Church in France," and it consists of the matter of two lectures delivered at the Royal Institution by John Edward Courtenay Bodley. Mr. Bodley has long resided in France. He is a corresponding member of the French Institute. His work "France" gained him a reputation as an historian and a writer on historical subjects, and an enviable place among men of letters. He has been for several years engaged on a work on the Church of France.

This guarantees that the lectures would be of interest and value. The lecture platform of the Royal Institute forbids controversial discussion, so that this insures the unbiased character in these lectures. They were delivered in 1906 and carry the subject to include all enacted legislation, though not to the events that followed the actual going into effect of the separation act.

One of the most striking things in his lectures to an American is the very moderate stipends which the French Government has provided for the Bishops and clergy under the Concordat in its Budget of Public Worship. Archbishops' salaries were 15,000 francs or about \$3000 a year, and bishops' 10,000 francs or about \$2,000.

To Mr. Bodley this legislation derives its greatest importance from the fact that it is the "first serious breach in the administrative fabric constructed by Napoleon, which for over a century has preserved France from anarchy through three revolutions and seven changes of regime."

The lectures present the conditions with which the separation laws deal with such graphic power, and trace the historical trend so carefully, that they cannot fail to interest all who care to know about the really great matters that are going on in the world.

The book is presented to the library by Dr. W. D. Alexander, a fact which alone is a certificate of its value.

Alien Land Ownership

Following an editorial in The Star some days ago calling attention to the Federal Act of 1887 prohibiting the ownership of land in the territories of the United States by aliens, Representatives John Hughes introduced the following resolution in the House and it was adopted:

"Resolved, that the Commissioner of Public Lands be, and he is hereby requested to furnish the House with the following information covering the period of his holding office:

"How many acres of public land sold; to whom sold together with their nationality; the prices paid for said lands; where located and quality of land?"

"How much of the public lands exchanged; to whom exchanged and their nationality; what was the value of said land, and for what was it exchanged?"

"Location of lands exchanged, also those it was exchanged for?" In response to this, Commissioner of Public Lands Pratt has made a very full statement of the sales and exchanges of land since he became commissioner. In the matter of land exchanges, he divides them into two classes, exchanges made upon the recommendation of the Commissioner of Public Lands, and those where the Commissioner has simply issued patents on the requisition of the Department of Public Works. In the list of exchanges made upon the recommendation of the Commissioner of Public Lands, and in the case of all sales of public lands the nationality of the purchaser or the party with whom the exchange was made is given as citizens of the United States, except in the case of corporations, all of which are Hawaiian corporations.

In the cases where patents were issued on the requisition of the Department of Public Works the nationality is not given. The action of the Land Department in such cases being presumably merely ministerial. However in these cases the individuals named seem all to be American citizens so far as common repute goes, except one.

The Act of 1887, however, seems to go farther than to interdict the purchase of public lands by an alien. It seems to interdict all land ownership by aliens. Representatives Hughes might pursue his inquiries further with advantage to the Territory.

The Unspeakable Ruef Muddle

not in court his bail of \$50,000 was declared forfeited. A dispatch later stated that Samuel M. Shortridge, Ruef's attorney, had been committed for contempt.

The files arriving by the Sonoma this morning, give fuller accounts of the matter throwing a flood of light on it, and indicating a state of things in the courts of San Francisco probably without precedent anywhere, at the same time adding proof upon proof, so far as popular opinion is concerned, of the guilt of Ruef and of his desperate efforts to postpone the day when he shall have to appear before a jury for trial.

On March 5 Ruef caused the surety company that is on his bonds in \$50,000 to surrender him to the Sheriff, and early in the forenoon went before Judge Hebbard on an application for a writ of habeas corpus. A temporary writ was granted and made returnable at 1:30 p. m. Judge Hebbard then, by an apparent understanding, denied the writ of habeas corpus and remanded the defendant to the custody of the sheriff. The judge, however, granted a writ of error which is but another designation for an appeal fixed the bonds at a total of \$50,000, as before, and a representative of the same surety company that gave the original bond was on hand to furnish the required sureties.

By this means, if the case could be gotten before the Supreme Court of the United States, indefinite delay might be expected. The alleged constitutional question raised by these proceedings to be determined by the Supreme Court of the United States is as to the validity of

the five indictment against Ruef, one Wallace Wiseman, one of the grand jurors that found the indictments having served on a petit jury within a year.

It is stated positively and repeatedly and at the mouth of many witnesses that Judge Hebbard was drunk on the bench at the time these proceedings were arrived out, and was so drunk as almost to be incoherent in his speech. It is strongly intimated that Hebbard did this to serve Ruef either in payment of favors received or expected.

The Call summarizes the events thus:

"Abe Ruef has become a fugitive from justice. He is believed to be in hiding at the home of his chauffeur at O'Farrell and Octavia streets. Detectives are stationed near by, and the exits from the city are being guarded to prevent the escape from the State. Ruef's bond was declared forfeited yesterday by Judge Dunne, who at the same time announced that he would in no way recognize the proceedings before Judge Hebbard, which, he declared, had been brought about through a species of fraud. Judge Hebbard, giving the 'alcoholic atmosphere' as an excuse, adjourned his court yesterday without attempting to hold a session. The judge, reeking with liquor, attacked a reporter with a pistol at the Majestic Hotel. Later he became so objectionable that he was ejected from the hotel and taken to the Clara Barton Hospital, where he was placed under the care of physicians and nurses. His debauch had left him in a pitiful condition."

In proceeding with the case and ordering Ruef's bail forfeited, Judge Dunne said:

"I am proceeding as if nothing happened yesterday. What was done, I feel, was under a species of fraud. I will order forfeited the bonds originally given by Abraham Ruef, and will take under advisement the question of forfeiting the bonds filed yesterday."

Assistant District Attorney Heney publicly stated that Judge Hebbard had been a drunkard for three years, and insisted that the Bar Association should take steps to have him impeached.

A dispatch says that W. R. Hearst has withdrawn from the Democratic Party had already withdrawn from Party has already withdrawn from him.

PROGRAM IS CHANGED.

The committee in charge of the entertainment of the Los Angeles visitors have changed the dates of the program and the aquatic sports will be held at the baths on Monday evening instead of Thursday. This will be one of the most interesting features of the California people's visit. When they see the Hawaiian Swimming Club go through some of their stunts on Monday night they will declare that the boys are real fish. Every possible feat that one can imagine will be enacted in the water and the strangers will have something wonderful to relate when they get back home.

The visitors will be given free admission and the local people charged but 25 cents to see the night's sport. It will certainly be worth the price and a large crowd will surely be on hand to make the evening worth while for the visitors.

Seats are now on sale at the Baths.

## WOMEN WHO CHARM

Health is the First Essential Toward Making a Woman Attractive.

MISS HULDA KUGLER

MISS ELIZABETH WYNN

There is a beauty and attractiveness in health which is far greater than mere regularity of feature.

A sickly, irritable, and complaining woman always carries a cloud of depression with her; she is not only unhappy herself but is a damper to all joy and happiness when with her family and friends.

It is the bright, healthy, vivacious woman who always charms and carries sunshine wherever she goes.

If a woman finds that her energies are flagging and that everything tires her; if her feminine system fails to perform its allotted duties, there is nervousness, sleeplessness, faintness, backache, headache, bearing-down pains, and irregularities, causing constant misery and melancholia, she should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs will dispel all these troubles. By correcting the cause of the trouble it cures where other treatment may have failed.

Miss Elizabeth Wynn, of No. 205 8th Avenue, New York City, writes:

Dear Mrs. Pinkham—  
"For months I suffered with dreadful headaches, pain in the back and severe hemorrhages. I was weak and out of sorts all the time. Lydia E. Pinkham's Vegetable Compound helped me when all other medicine had failed. It seemed to be just what I needed and quickly restored my health."

## HOUSE SEES LEPROSY GERMS

A number of House members visited Dr. J. T. McDonald's office in the Young Building yesterday afternoon and were entertained with a lecture on leprosy. They looked through the microscope and saw what they were told were the germs of this disease. As none of the legislators, however, have any special medical or technical knowledge this information had to be taken on faith. It was all very interesting however.

Miss Hulda Kugler, of No. 25, West 15th Street, New York City, writes:

Dear Mrs. Pinkham—  
"For months I was ill with an internal trouble. I suffered terrible agony. I was nervous, irritable, and sick all the time. I took different medicines without benefit. Lydia E. Pinkham's Vegetable Compound was recommended and within six months I was completely restored to health and I want to recommend it to every suffering woman."

## TWENTY-FIVE YEARS AT LIHUE

SILVER JUBILEE OF H. KELLNER'S SERVICE WITH LIHUE PLANTATION.

LIHUE, March 11.—The first day of March H. Kellner, the engineer at Hanalei, completed his twenty-fifth year in the employ of Lihue Plantation, having begun his work for that corporation in its Hanalei Mill last March, 1892.

In the morning of the anniversary President Isenberg and Manager Weber of the Lihue Plantation Co. went over to Hanalei and on behalf of the stockholders thanked Mr. Kellner for his faithful and efficient service in the past and as a token of their appreciation of it presented him with a check for \$500.

To further mark his personal appreciation of Mr. Kellner's work, President Isenberg had gathered thirty-three of the plantation employees to a dinner at the Fairview Hotel Sunday, 10th.

Mr. Kellner is one of the few that can show so long and steady work in one employ in this country, although the Lihue Plantation can show several who have been satisfied to work for it for a good many years, and one, Manager Christian, rounded out the twenty-five years' work some years ago.—The Garden Island.

## PLANTATION CHANGES ON KAUAI

THREE MEN LEAVE ACCOUNTING DEPARTMENT IF McBRIDE-SUGAR COURTESIES SHOWN THEM

LIHUE, March 11.—On Saturday evening, the 2nd, in spite of the inclemency of the weather, quite a number journeyed to the beach house to dance farewell to Messrs. G. M. Bruce, J. Smith and J. Grace, who have resigned their positions on the McBryde Sugar Co.'s plantation.

All three have for several years been employed in connection with the work of the office and by their captivating ways have endeared themselves to all. Hard, conscientious, and effective workers, and generally the promoters of the dances, picnics, horseback, excursions, etc., that have been an outstanding feature of McBrydes, they will be greatly missed for some time to come.

Mr. Bruce takes the place of Mr. Rohrig as head bookkeeper of the Koloa Sugar Co. Mr. Rohrig going on an extended visit to Germany.

Mr. Smith will look after Mr. H. A. Jaeger's teams employed in construction of the new Kekaha Sugar Co.'s ditch.

Mr. Grace in the meantime prefers to go to town where he will for some time stay with his friends at Kaimuki.—The Garden Island.

Wednesday on calling the roll, thirty pupils were found to be absent. Thursday their number had swollen to forty-three, but when Friday dawned and two more children had joined the ranks of the absent ones Dr. Sandow decided that it had gone far enough and ordered the school closed. ## DELICATE WASH GOODS

SERIAL STORY No. 35.

The thin delicate ladies' wash-goods, such as Shirts, Skirts, Negligees and Underclothing is not worn out on your person. It is the continual washing. It is the laundry. It is not so much the way your clothing is hant, ad but it is the soaps, bluing and starches that work ruin. Now because we launder hundreds of these garments weekly we naturally know the best materials to use to give the best satisfaction to the patrons. We would not think of using soap containing a bit of lye on ladies' clothes. We would never dream of using the common bluing of commerce. We know by analysis starches that contain acids, and we do not buy them. We keep studying and experimenting all the time, in a scientific manner, how to launder. Don't you think it would be safe to entrust us with your work?

Erickson a former employee of the dredger Pacific relative to having run the wire cable from the dredger to a certain buoy near where the Siberia is claimed to have caught the wire in one of her propellers, was read.

## FRISCO WELCOMES BARNEY JOY

BARNEY GETS THE GLAD HAND AND HIS SHAPE MAKES HIT WITH THE LADIES.

The San Francisco Bulletin of March 5, has this to say about Barney Joy: "Barney Joy, the Seals' imported southpaw, is due to arrive on the Alameda today. For the past five years Barney has been shooting them over for the Honolulu Athletic Club and for three seasons has brought home the "rag" for that aggregation. Reports say that Barney stands six feet in his stocking feet, and that as a lady-tamer he is a wonder—he just rolls those lumps and then the Dear Creatures trot up and eat out of his hand.

When it comes to a shape-show he has the gay Adonis faded. Adonis used to fight in the four-round goes of the Mt. Olympus Club amateur bouts, and for a while was the sparring partner of that popular old heavyweight, Hercules, who fought under the old London Club rules with bare fists. Adonis also attracted considerable notoriety in his time by winning all the blue ribbons in beauty shows, but Barney has him looking groggy.

When not playing ball Mr. Joy masqueraded as a mounted policeman. The term masqueraded is used advisedly, as Mr. Joy precipitated more onslaughts on unpopular umpires than any one else in the islands. When the crowd had completed its task of rendering an umpire the fragments were joyously heaped at his feet as a tribute to his prowess. This makes his claim to a niche in the Hall of Fame as a guardian of the peace utterly preposterous. On account of the pure cussedness of foreign grandpapas who refuse to conveniently die when the big games are on, baseball is deprived of its principal support, the office boy patronage, and so the sport languishes. This will make Mr. Joy the first imported twirler.

It is said that he is rather easily rattled and that when he is rattled he shoots them over wild. Otherwise his escutcheon is stainless, as he has speed, a good head, and is a wonder with the willow.

Here's a hearty welcome, Mr. Joy, and the hope that you make good, and if you see a man stealing third don't get excited and ring for the wagon, but shoot the leather over to Charlie Irwin and he will do the rest.
