## EXCLUSION GUARDS CLOSELY DRAWN HILO CONTRACT CAUSES MUCH TALK

### Miss Mary Wilcox Will Christen Hawaii On Next Saturday

The Queen of all racing craft in the South Seas, the trans-Pacific yacht "Hawaii," will take her first dip into the waters of the Pacific Ocean Saturday afternoon at 6 o'clock. Staunch and true, with exquisitely curving bow and stern and graceful shape, embodying the two qualities that are ever sought after in a long-distance speed boat—strength and perfect symmetry—the "Hawaii" is the pride of the islands. That she will justify the confidence placed in her by those who have worked so hard, so faithfully, and so well to make her the best of

the best, as well as those who have made possible her building by generous donations, great and small, is doubted by none. When the propellers are struck aside and the graceful boat begins to slip gently down the ways into the bosom of the old Pacific, Miss Mary Kai Wilcox, a well-known young lady who is now a student at Oahu College, will, in the name of the Hawaiian trans-Pacific yacht committee and the people of Hawaii, christen her "Hawaii." This will be the ceremony which will

### Cableship Restorer Remains At Victoria

Positive information was received last night by J. D. Gaines, superintendent of the local cable station, that the cable-ship Restorer would not return to Honolulu, but that she would be stationed at Victoria, B. C., in the future. No reasons for the change were given, and Mr. Gaines does not know why the change was made.

"I am sorry that the Restorer has not been returned to Honolulu," stated Mr. Gaines this morning. "I know from the cable I received last evening that she will have Victoria as her port in the future until another change has been made. Further than that I know nothing." The Merchants' Association has

### Landlords To Unite Against Rent Dodgers

A movement has been started among the landlords and house agents of the city to unite against the elusive tenants who have been fleeing many of them out of rent for many years past. Informal meetings have been held yesterday afternoon and today, and all those present were unanimous that by united action they

Some time ago Trent & Co. called a meeting of the landlords and house agents for the purpose of organizing a full-fledged land exchange, but the plans were apparently too comprehensive, and nothing came of the matter. Now the plan is much more

### MAUI PRIMARIES WERE VERY QUIET

Wailuku All One Way For Bal-Robinson-Enos Faction

(Special to The Bulletin) WAILUKU, Maui, April 1.—All the Republican primaries were held in Maui for the election of delegates to the Territorial Convention to be held in Honolulu on the 13th inst., excepting the Hana precinct, and the trouble with the famous Kauikei precinct, the home of the once celebrated warrior Peapea, was that the secretary failed to give notice of the election to be held last Saturday afternoon, so the election was postponed until today. Whether that election will be considered valid or not, the warrior politicians of Hana will have to fight out at the convention, for they have as much claim to seats at the Honolulu convention as the six delegates from Hawaii have at the Chicago convention.

The Wailuku primary was a mild affair. D. H. Case withdrew before the opening of the polls. The real fight was between J. Garcia and Aug. Enos, but the latter won by a great plurality. Bal, Robinson, and Enos won easily, as predicted in my Saturday morning's note to the Bulletin. This election gives an idea of what the coming primaries for Territorial and County conventions will be, providing the same factions hold out. Both Bal and Robinson received 124 votes each, Enos 117, while Garcia of the opposing faction received only 33 votes. As factional strife is rife in Wailuku at present, this will give outsiders an idea of the relative strength. There were no loud speeches made. The result was known twenty-four hours ahead of the election.

The result of the Maui primaries was as follows:  
Lahaina—G. H. Dunn, Ed. Wataholo, C. R. Lindsey.  
Honolulu—David Taylor.  
Wailuku—Rev. J. Nua.  
Wailuku—W. E. Bal, W. T. Robinson and Augustine Enos.  
Paunene—H. P. Baldwin, Wm. Keane, C. Hansen and Jno. Vasconcellos.  
Makawao—A. F. Tavares.  
Kihui—J. McLeod.  
Hamakua—S. E. Kalama, W. O. Allen, Rev. J. K. Kallio and A. J. Gomes.  
Hualaie—Joseph Emmesley.  
Keahae—Horace Kekumu.  
Nahiku—Henry Reuter.  
Hana—No election yet.  
Kipahulu—Levi J. Joseph.  
Kaupo—J. P. Inaina.

### Is Mayer Regular Contractor

Captain Otwell when asked concerning the bids for the Hilo breakwater says invariably that there's nothing new. You can't make the contractors believe this. The principal source of discussion among the contracting contractors is the legality of the Mayer-Hoogs bid. In the first place it is claimed that the status of the bid does not satisfy the Federal law. Furthermore it is stated that there is a question as to whether Mr. Mayer is a contractor. The other bidders assert that Mayer is merely a representative and not a bona fide contractor, and that this is a matter the Government should take into account. It wants to deal with the contractor direct. The men behind Mayer are Hoogs and Belser. On the other hand, the lowest bidders claim that Metzger is in no different position than Mayer, and there you are. While there is nothing new so far as Otwell is giving out, the contractors are doing lively work behind the scenes.

### MAY DEPORT MORATO AS AN ANARCHIST

Federal Authorities Are Looking Into His Case

Gregorio Jose Morato, the Portuguese who recently sued A Liberdade, the Portuguese newspaper, for libel for calling him an anarchist, may be deported as such by the Federal authorities. The United States Commissioner of Immigration is looking into his case with a view to finding out whether or not he is liable to deportation, and if it is found that he is, he will be summarily freed out of the country.

The fact that Morato is not a citizen of the United States renders him liable to deportation if it is found that he is

### KALEI ACCUSED OF PERJURY BY JUDGE

Swore Falsely In Land Case and May Be Indicted

A severe roast by Judge Weaver of the Land Court, and a possible indictment for perjury by the Grand Jury grows out of the petition of Frederick Wundenburg, succeeded by his widow, Elsie Wundenburg, for registration of title to a piece of land along the shore of Pearl Harbor. The man roasted and who may be indicted, Kalei, a native who is living on the land and who contested Wundenburg's petition for registration, himself claiming a portion of it by adverse possession. In his decision rendered yesterday, denying the petition, but with leave to amend, Judge Weaver says: "From the testimony Kalei has given and the testimony of F. Wundenburg, it is plain to me that Kalei's statement is false. He is trying to make out a case at this late date and has not stopped at absolute contradiction of his sworn testimony on a former occasion. The witness deserves severe censure for his statements in an attempt to improve his case. One cannot contemplate this testimony without the strongest condemnation, for there is no room for doubt that when Mahoe was alive he told the truth. Now that she is dead he denies his sworn testimony after seeing its danger to his claim. One is apt to feel sympathy at first for an old man who is threatened with the loss of the home he has lived in since childhood, but it appears he is not fighting for his home but has sold the premises to strangers. Even the hard possibility of losing the land erroneously claimed, will not excuse the means used by him to establish his claim." The case is a very odd one, as is not unusual in land matters in Hawaii. There have been various sales of the land by one man to other parties, and several claims are set up. Kalei, the old man referred to by the judge, claims under Kalakala by adverse possession. He is a step-son of Kalakala and has been on the land for 54 of his 64 years. When Kalakala died, the land was inherited by his son Keshi and his daughter Mahoe. That part now claimed by Kalei was part of Mahoe's portion. The judge finds that Kalei lived and occupied the land under her during her lifetime and made no claim until after her death.

It is stated that the matter may be brought to the notice of the Grand Jury with a view to having Kalei indicted for perjury. The Court finds that Elsie Wundenburg has title to the premises in fee simple—Wundenburg acquired the land by purchase—except the portion lying seaward of the mean high water mark.

### **LANDLORDS TO UNITE**

(Continued from Page 1)  
simple, and will probably be adopted. It is to have a book at some one of the big offices at which the names of the big tenants will be kept. All the house agents will have access to this book, and when some rent-dodger does up one of them on some deal his name will be entered on the book, together with a short statement of his particular line of rascality. The result will be that when the agents are approached by would-be tenants whom they consider of a doubtful character, they will simply go to the book, where they will find data on the question as to his honesty.

"The way the noble fraternity of those who believe that it is cheaper to move than to pay rent has done us up and continues to do it is something fierce," said a prominent house agent this morning. "There are lots of people in Honolulu who regularly pay one month's rent and get three months' service. They comprise all nationalities and races, but most of them are white. Some of them are quite well up in the law, too, and, knowing how hard it is to get them out under the law they defy the landlord in safety."

"There are some fellows who have got the art of beating the landlord down pat. Take, for instance, the dodge of going to the agent and taking the key and then moving in without saying anything further. The agent asks this gentleman if he has taken the house and he says that it suits him perfectly, but never a cent does he pay, nor does he in any way do anything which will establish in law the relation between landlord and tenant. As a consequence the landlord cannot sue for rent, and his only remedy is to begin a suit in ejectment. This takes a long time, and in the meantime the foxy gentleman stays in the house. A man who has nothing does not need to rent as things are at present, but if we get this plan of a record book through there are going to be hard times for the rent-dodgers."

Take, for instance, the dodge of going to the agent and taking the key and then moving in without saying anything further. The agent asks this gentleman if he has taken the house and he says that it suits him perfectly, but never a cent does he pay, nor does he in any way do anything which will establish in law the relation between landlord and tenant. As a consequence the landlord cannot sue for rent, and his only remedy is to begin a suit in ejectment. This takes a long time, and in the meantime the foxy gentleman stays in the house. A man who has nothing does not need to rent as things are at present, but if we get this plan of a record book through there are going to be hard times for the rent-dodgers."

## POPULISTS FAVOR WATSON

ST. LOUIS, Mo., April 1.—The Bryanites at the National Populist Convention, in session here, have been rebuffed in their efforts to secure a postponement of the nomination of the party candidate for the Presidency. The indications are that the convention will nominate Tom Watson.

Thomas E. Watson of Georgia was the People's party candidate for the Presidency in 1904, receiving 117,183 votes, less than one-half the vote polled by the Prohibition candidate and about one-quarter those polled by Debs, the Socialist nominee.

### ANNA GOULD TO MARRY SAGAN

NEW YORK, N. Y., April 1.—Madame Gould has quarreled with her family, having announced her determination to marry the Prince de Sagan. She has claimed a share of the family estate through the courts.

Two weeks ago Madame Anna Gould announced that she would not wed de Sagan or anyone else. A New York dispatch of March 19 said: "Madame Anna Gould, formerly the Countess de Castellane, arrived today on the steamer Adriatic with her three boys. With Madame Gould were the Abbe Caynac, a young cleric—a learned and accomplished man in priest's garb—two maids, a chauffeur, and a valet. On the passenger list they were entered as Mrs. Miller and party."

"Madame Gould denied emphatically that she intended to wed the Prince Helie de Sagan, Count Boni's cousin, or anyone else."

"I have had enough of married life," she declared.

"She also denied stories that she was in financial straits and had left her servants in Paris unpaid."

"I have not come here seeking funds. I am home for pleasure only and will remain two months with my sister Helen."

## WOOLLEY WRITES OF MAUI TRAVEL

Letters From Children Seeking More  
No-Drink Buttons—Church  
Assembly.

J. G. Woolley, writing for the Chicago Daily News of one of his temperance tours on Maui says:

I had come in pursuance of my school campaign to teach the young idea how to shoot the rapids of legalized temptation and reach the plain sailing of total abstinence, and a most interesting and informing tour it is, bumping up against these little dunes of shifting, cosmopolitan humanity with the argument of alcoholism, health, pleasure and success in life.

I take this juvenile pilgrimage of men quite seriously as to its direct effect upon the children and their homes, and so upon the better community now growing in the islands. It is impossible to watch the play of thought upon the little faces, grave and old with bitter knowledge of the drink in street and shop and home, and not to reckon on a fair and sure per cent of stalwart life decisions then and there. And besides, a most heartening and fortifying knowledge follows in the wake of the guessing in the form of thousands of letters, queerly worded and queerly written, but eloquent, from little yellow Chinese Americans, whose word is hard to get, but, once got, is rarely broken. Keen, watchful, unbroken Japanese, dead bent on making the most of themselves; Portuguese, with a vinous heredity of a thousand years, and Hawaiians of all blends of color, from Kongo black to Scandinavian peroxide.

Some Sample Letters.

I insert four sample letters which, if I am not mistaken, are mighty interesting reading:

"Kamaole, Maui, Jan. 17.—Dear Sir: Please send me three of your no-drink buttons. I want two for my friends and one for me. My father does not want any because he does not want to quit drinking. Yours truly,

"PHILIP HAAKE."

"Keokea, Jan. 20.—Dear Sir: Please send me two no-drink buttons. I want one for my brother and one for me. My father drinks every time. Sometimes my mother drinks. Yours truly,

"TAP CHE WYOU."

"Laupahoehoe, Feb. 7.—Dear Sir: Thanking you for speaking to us and told us the truth. I am glad to have one of the buttons, because I am going to be a good woman when I grow up and I want to have a nice house and I want to make the towns and cities and villages nice, neat and healthy places. Please send me one pin. GALMINA NOBRIGA."

"Paia, Jan. 2.—Dear Sir: When I went home from the school I told my father and mother that Mr. John G.

Woolley said to us, do not drink whisky and sake and samshu and wine and beer. Send me two blue buttons for my brogther and me. Sure I not drinks sake and beer and whisky and sansu ever any more. Yours respectfully,

"NOBUICHI KOBAYASHI."

Profits By His Mission.

But whatever margin for shrinkage ought to be left as to the net certainty of public good, the tour has made important contributions to my own education and it is not too much to say that I shall go back to the mainland adults with increased efficiency, for having tried my head and heart upon these unpolished and open-minded audiences in Hawaiian schools.

My first attempts in the novel campaign were crowned with the cypress of decisive and immediate failure. Trying my more or less abstract, altruistic, cut and dried deliverances adapted to the opportunity only in the size of the dose, I found myself non-plussed, futile and mightily instructed by prompt and visible inadequacy. The rut had no message for the little hill. Immortal values were not currency in that market. But when I raised the question of turning streams of whisky into the irrigating ditches of the sugar cane, of flooding the rice and taro patches with beer, or freshening flowers with gin, I found myself suddenly in the midst of a live issue, from which the exit was easy into the gardening of the wonderful bulbs of nerves and the fine gray vines of brain filaments. Then the response was quick and enthusiastic and I realized as never before that the road to ethics is through the field of economics. A Sunday of high religion sandwiched between two working weeks of silly, crooked business is a lost cause by first intention.

Helped Dedicate Church.

My business at Ulupalakua was to address the school and take part in the dedication festivities of a new native church. I say "festivities," because the word precisely fits the case. From far and near the natives came on Saturday to the number of 200 counting men, women and children, with dogs which no man can number. A bullock was killed and cut into small bits, which, wrapped in ti leaves, were buried in a cooking hole with taro and sweet potatoes. Unlimited poi was served in calabashes; boys and girls played like kittens in the churchyard; dark beauties with glorious eyes, in white holokus and with wreaths about their necks, made moving pictures passing back and forth between the forest and the church with vines and palms and berries for the walls. Sedate matrons, who looked as if they had never known a care, sat in the shady spaces, barefooted, smoking cigarettes, and conversation rose as gently as the smoke that issued with it. The men moved silently about the new building inspecting everything; candles were lit at windows; and when I went to sleep after midnight the crowd was still singing.

At daylight the meetings began and at noon the cooking hole was uncovered and the luau was on. Beef and pork and fish, wrapped in ti leaves and perfectly cooked by lying overnight on a bed of fragrant leaves under a little mountain of hot rocks and fresh earth, calabashes of poi and other calabashes of limpets gathered from the rocks and served in the sea moss—all these with spring water and perfect contentment, under the open sky, left nothing wanting to a feast. Then there were more meetings until another midnight.

## CONCERT AND DANCE AT MOANA TONIGHT

The Hawaiian Band will play at the Moana Hotel this evening with a specially fine program and the concert will be followed by a dance. Friends of the Moana are cordially invited and a general good time is assured.

## IN TOWN TONIGHT

"The Toy Maker," last night at the Orpheum, proved to be one of the plays most suited to the talents of these versatile child actors, and they appeared to their best advantage in the production of this musical piece. Many thought that it was the very prettiest and most taking of any that have been presented.

One evidence of the extreme popularity of the play last night was the amount of flowers that were handed up across the footlights. All of the "stars" received floral tokens of appreciation, but the one most favored was Ivy Pollard, who made a decided hit.

"In Town" is to be presented to night, and Friday and Saturday nights, and for the Saturday matinee, the show will be "The Belle of New York."

The program for the coming week will be: Monday night, "Floradora"; Tuesday night, and Wednesday matinee, "The Geisha." The last two nights of the engagement here, Wednesday and Thursday, will be given to straight vaudeville performances of the highest type.

Manager Cohen states that nearly all the tickets for the remainder of the engagement have been sold out, and that there are only a few left for each performance.

## HAWAII DELEGATES

The following returns from the election held for delegates to the Republican Territorial convention have been received from Hawaii:

Eighth Precinct, Waikeamalo—One delegate. Elected John M. Ross, 12.

Ninth Precinct, Laupahoehoe—One delegate. W. G. Walker.

### SOLD CLANDERED HORSES.

In his report to the Board of Agriculture and Forestry yesterday afternoon, Dr. Norgaard, the Territorial veterinarian gave an account of an incident that has come under his observation lately. A citizen bought a horse and a week or so later found it had glanders. He sent his Japanese stableman with it to the glanders quarantine station to have the horse destroyed. The Jap came back and produced \$35, for which he had sold the horse. The employer found the buyer, who had sold it again for \$60, and again tracing the animal they found it had been purchased a third time for \$75.

There have been three cases of glanders in Honolulu since the last meeting of the board.

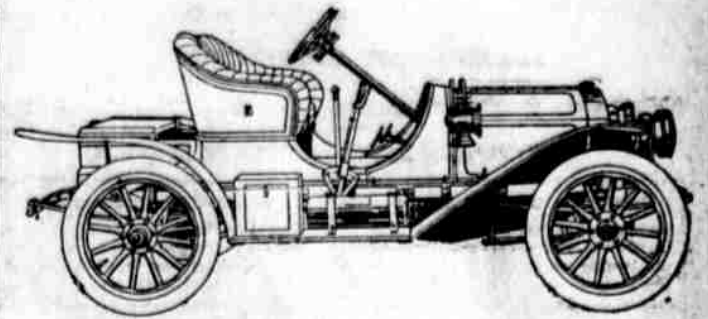

Albert Waterhouse stated in his report on bees that the bee keepers of Hawaii can give anyone as good a queen bee for nothing as he could get anywhere. The report was very interesting.

Dr. Phillips, the bee expert who left for Washington on the Alameda yesterday, reported that, in his opinion, there were no contagious bee diseases in the Territory.

Forester Hosmer made a lengthy report on the question of forestry in the Hamakua district of Hawaii.

THURSDAY APRIL 2, 1908

Australia is quick to extend the  
glad hand to Hawaii. Same to you,  
old chap.

The reading public would be best  
satisfied if Anna Gould would marry  
her Count Sagan and take to the  
woods.

The New York Sun in a burst of  
anger says Senator Foraker is "down  
and out." No one arises to deny the  
allegation.

Really good, honest people are sad-  
ly ridiculous at times. Think of ac-  
complishing a great moral reform in  
a "quiet way."

Honolulu can't understand it. A  
man has come to town who is wildly  
enthusiastic over Hawaii and has no  
grain to work.

Some moralists become so strictly  
moral for conscience's sake that the  
practical result is the promotion of  
greater immorality.

Any man is likely to prove a sugar  
prophet this year. The experts are  
lost in the midst of conditions never  
encountered before.

The "Glad Hand" society of Hon-  
olulu might also exert itself in a  
"merry sunshine" campaign against  
the Honolulu croakers.

Unless Honolulu stirs itself this  
cable-ship Restorer is officially and  
permanently lost to the city, and  
community business thereby reduced  
more than a thousand dollars a  
month.

Some people don't care anything  
about the "cruel issues" of the Fall  
campaign, but they would really like  
to know who put in that one vote for  
Dave Withington. And this is good  
citizenship exemplified and made glo-  
rious!

President Castro as the agent of  
the Asphalt Trust may be shaping his  
policies with no other purpose than  
to force the return of the Fleet to  
the Atlantic, notwithstanding the  
fact that three good cruisers of the  
Iroquois type should silence all Ven-  
ezuelan upstarts.

The man who can swear like a pi-  
rate and pose in Sunday School is not  
the one to send out on a mission of  
reforming the town in other matters.  
Nor do the ordinary citizens become  
enthusiastic over the high moral  
standards of an individual who  
strives to promote good work by  
browbeating and threatening another.

## HAWAII'S LOCAL ISSUES.

Many of the political workers say  
they do not know what the issues of  
Hawaii's local campaign will be.  
More of the "just-ordinary" citi-  
zens say they don't want to trouble  
themselves at this time with the prob-  
able issues of the local campaign.  
The line-up is too far off.

Here you have the conditions of  
indifference that culminate in a great  
furore as the party platforms are  
about to be framed in some back of-  
fice. The conventions are held and  
the platforms adopted, whereupon  
some good citizen rubs his eyes and  
gives voice to a brilliant idea that  
would have been of value had it  
been advanced at an earlier date.  
Falling to secure recognition, unable  
to stop the whole machinery of pol-  
itics, he protests against the evils of  
self-government by bad men.

That is where the good citizen  
with his brilliant idea loses out year  
after year. He does not want to talk  
of campaign issues until it is too late,  
and his talk falls on deaf ears.

What are to be the issues of the  
coming campaign?

What do the citizens of the Terri-  
tory intend to make the issues of the  
campaign, other than the struggle of  
the "outs" to take the places of the  
"ins"?

Do the citizens of the Territory  
plan a few platitudes on local option  
and let it go at that?

Is it the expectation of the people  
to offer any local declarations for lo-

cal promotion of transportation fa-  
cilities?

Do the men who believe in straight  
politics hope to gain a primary law  
for the people by sleeping over it?

Or is it the scheme to lay low, rush  
a few ancient paragraphs through,  
and, when the Legislature is elected,  
size up the situation and decide how  
each man can be "most easily han-  
dled"—by threats or soft words?

If honest results are sought, the  
time to shape campaign issues is well  
in advance of campaign excitement.

The improved mangoes of Moana-  
lua are to be grown with a view to  
a production of better mangoes  
throughout the Islands. Moanlua is  
not operated on the theory of creat-  
ing something of value to be closely  
guarded lest the people get enjoy-  
ment from it. Service to the public  
is the basis of the whole establish-  
ment.

May we hope that Hilo will not  
confine itself wholly to the "knock-  
ing" it receives from some Honolu-  
lans. It was largely Honolulu money  
that built the Mauna Kea and made  
the route to Hilo easier. Other fel-  
lows may talk, but money carries the  
weight of conviction.

Since all the Republican candidates  
have taken the same cue on the tariff  
question, the division of the Repub-  
lican National Convention will prob-  
ably be on Corporation and Anti-Cor-  
poration. In which case, where will  
Hawaii stand?

A landlords' combination to secure  
their house-rents might be poor pro-  
motion literature to send the Bowery  
boys planning to come this way.

Hilo's breakwater contract has at  
least developed the fact that unex-  
pected persons have been on a still  
hunt for the necessary rocks.

## WELCOMING STRANGERS.

The proposal that Honolulu have  
a "welcome society" to greet stran-  
gers arriving on the incoming steam-  
ships has been received with much  
the same side-stepping that a bashful  
small boy meets the proposal of his  
teacher that he speak a piece in  
school.

The youngster thinks not so much  
of his speech as he does of what the  
boys will say if he does anything out  
of the usual.

Or it may be that the man ap-  
proached to constitute himself a  
"welcome society" has the same  
squirmy feeling the tourist experi-  
ences when first adorned with a lei.  
He looks around to see if the other  
fellow is decorated and if "everybody  
does it."

There is no particular reason why  
the welcoming of passengers with  
the glad-hand and flowers and the  
band should not be quite as much a  
feature of the arrival of steamships  
as it is of their departure. Enough  
good people have gone away from  
Hawaii to warrant some enthusiasm  
over those coming to the Islands.

The "welcome society" idea is a  
good one. Its scope is limited only  
to good-will of the people and the  
men who have the time to devote to  
it. Particularly the latter.

## MORALIST CAMPAIGNERS.

There has yet to be offered in pub-  
lic evidence any convincing sugges-  
tion that a large number of Honolulu  
citizens are distressed with whatever  
method or lack of method may be op-  
erating to control or not control the  
social evil in this city.

It is true there are some citizens  
who have very rabid ideas on this  
subject, and it is proper to credit  
them with honesty of conviction.

But these gentlemen are not the  
only persons on earth who have hon-  
est convictions. They are not the  
only ones who have good homes and  
live pure lives and want to continue  
doing so.

They are not the only members of  
this community who appreciate their  
duty as citizens to uphold moral stan-  
dards, keep down vice, and protect  
the youth of the land from degrada-  
tion.

History recognizes the fact that a  
few good men must lighten the whole  
load and keep everybody in the  
straight and narrow path, but there  
is always a difference of opinion as  
to which of the good men shall be  
classed as the best.

It is only natural that when peo-  
ple set themselves up as community  
dictators, their own standards should  
be discussed with particular refer-  
ence to the level of their activities in  
other directions.

The result is a lot of ill-will stirred  
up and eventual return to the prac-  
tical conditions which alleged re-  
formers strive to reform. Mean-  
while much bad odor has been gener-  
ated and no good come of it.

## WOOD REPORTS ON PROMOTION WORK

Floral Parade Giving  
Wide Publicity To  
Hawaii

Secretary Wood has prepared the  
following report which he will sub-  
mit to the Promotion Committee at  
its meeting this afternoon:

I am pleased to report that, from  
the clippings now coming to hand, it  
is evident that the Floral Parade,  
held on Washington's Birthday, is  
getting to be widely known as an an-  
nual event with us and is receiving  
many deservedly favorable notices  
from the press on the mainland. With  
our News Bureau in operation, we  
will be able to give much wider pub-  
licity to such items of general inter-  
est than they now receive.

In regard to the establishment of  
the Press News Bureau, I would re-  
port that, by the Hongkong Maru,  
scheduled to sail April 10th, a circular  
letter, enclosing a copy of our  
map, "The Cross Roads of the Pa-  
cific," will be sent to some seven  
hundred papers, covering thoroughly  
the West and Northwest, including  
Canada. We will also reach the lar-  
ger towns of the Middle West and  
three or four papers in each of the  
other States.

To assist the local teachers in their  
effort to bring the National Educa-  
tional Association to Hawaii, we  
took up the matter with some main-  
land educators, something over a year  
ago, and have their promise to urge  
Hawaii for 1910. We have also sug-  
gested to the Commissioner of Edu-  
cation at Washington that he use his  
influence to bring about the holding  
of these conventions in some of our  
insular possessions, commencing with  
Hawaii, in 1910.

In response to our request, the  
Matson Navigation Company and the  
Oceanic Steamship Company have  
made a "teachers' excursion rate to  
the Coast, good for four months, for  
\$100, the Matson Navigation Com-  
pany requiring a party of not less  
than fifteen, to secure the rate, the  
Oceanic Steamship Company requir-  
ing a party of not less than fifty.  
Every mail brings letters from the

general and traveling passenger  
agents of the leading railroads of the  
United States acknowledging the re-  
ceipt of papers and pamphlets sent  
them, many of them expressing the  
intention of visiting Hawaii at their  
earliest convenience and asking for  
further information.

As a direct result of our continued  
efforts, these wide-awake business  
men are getting better and better ac-  
quainted with Hawaii.

By the steamer Marana we re-  
ceived letters from different parts of  
Australia, also from Colombo, Ceylon,  
acknowledging receipt of maps, fold-  
ers, papers, etc., and expressing a de-  
sire to hear more of Hawaii.

Our wall map, "The Cross Roads of  
the Pacific," is now displayed in the  
office of every steamship company  
doing business on the Pacific. It can  
also be found in all the tourist agen-  
cies throughout Australia and New  
Zealand, as well as in Thos. Cook &  
Son's offices the world over. Another  
edition of a thousand could be placed  
to good advantage.

A RELIABLE REMEDY FOR THE

## Whisky and Beer Habit

Very few men become drunkards be-  
cause they like liquor. It is frequent-  
ly the moderate drinker, who before he  
realizes his condition, has become a  
drunkard. The nervous system, hav-  
ing become accustomed to stimulants,  
is unable to do the same amount or  
quality of work without liquor, hence  
the victim drinks more and more. This  
is a state of disease and should be  
treated by Orrine. It destroys the de-  
sire for liquor, so that the drink is not  
misled. There is no loss of time or  
detention from work when it is used.  
Orrine is prepared in two forms: No.  
1, the secret remedy which can be used  
in food or drink without the knowledge  
of the patient; No. 2 for those who  
take the remedy of their own free will.  
Both forms are guaranteed. A reg-  
istered guarantee in every box.  
Treatise on how to cure drunkenness  
free on request. The Orrine Co., Wash-  
ington, D. C. The price of either form  
is \$1 a box, making the cost of the  
complete cure less than one-tenth what  
it is usually charged at sanitariums,  
with a guarantee that the expense will  
be nothing unless a cure is gained.  
Small orders filled in plain sealed pack-  
age on receipt of price.  
Orrine is for sale by Honolulu Drug  
Co., Ltd.

Honolulu has well gained the rep-  
utation of being a clean city. The only  
way we can maintain same is by keep-  
ing at work.

## MOTT-SMITH LOOKED OVER MUCH LAND

Returns From Maui After  
Strenuous Trip Of  
Three Days

Secretary Mott-Smith returned this morning from Maui, where he has been looking over land matters in connection with the proposed exchanges on that island. He states that he had the most strenuous three days, being in the saddle most of the time and covering a great deal of Territory.

The first day he rode from Hamakua over to the Omoaipo land and all over it and through the cane fields below it, and then back to Hamakua, and from the latter place rode on up to Oloa, where he spent the night. He was accompanied to Omoaipo by J. P. Cooke, who is one of the directors in the Maui Agricultural Company, which wants the land.

The next day Mott-Smith rode over the school lands on the slope of Haleakala, went down to Pihilo Springs, and traveled all over the agricultural land below the school land. It is this agricultural land which Haleakala Ranch Company wishes to exchange for the school lands. The agricultural lands are good for corn, potatoes, etc., but not for pineapples. The pineapple land the Government will probably get at Haiku in exchange for Omoaipo.

John Soares, a young Portuguese tough, was arrested this afternoon on a charge of assault and battery on a Japanese. This is the third time within a few months he has been arrested for a similar offense.

## BOARD APPROVES PINKHAM'S LETTER

Iwilei Communication  
Gets Caustic Reply  
For Civic Feds.

The insinuations made by the Civic Federation that the Board of Health is co-operating with prostitutes and standing for the social evil as it exists at Iwilei was given the lie direct yesterday at the meeting of the Board and the vigorous letter of the President in reply to the veiled charges made by the Civic Feds., as outlined in the Bulletin yesterday, received the approval of the Board. These charges were branded as the vaporings of a morbid, long-distance imagination, assertions contrary to fact or possible probability.

It was a disagreeable subject to handle on account of its nature, and difficult on account of the fact that the Civic Feds., who would make people virtuous by resolution, had made no direct charges but had embodied their ideas in intangible suggestions. In fact, there was nothing before the Board to be considered except President Pinkham's letter to Theodore Richards.

The meeting was an open one, Dr. Wayson expressing himself as opposed to any more secret sessions. He stated after the meeting that there had been enough of that kind of thing, with its attendant evils.

Pinkham stated that he was wanted in court, so he would read his report and let the Board put someone else in the Chair while he was gone. He then read his report to the Board, the communication from Theodore Richards, chairman of the law and order committee of the Civic Federation, which was outlined in the Bulletin yesterday, and his own reply thereto, which he asked the Board to approve. He then left and Mark Robinson took the Chair.

In his report to the Board, President Pinkham said:  
"It is not the province of the Board of Health to determine the social questions involved in prostitution but it is the duty of the Board under the law to prevent, restrict, and if possible eliminate any disease dangerous to public health."

"If the Civic Federation, Ministerial Union, etc., believe they can here and now settle the never-settled question of sexual relations and draw a line, the physical organizer of the universe evidently has not drawn in defined and recognizable natural lines, as to who shall or who shall not be privileged, or who shall or who shall not exercise self-control, or who shall or shall not exercise absolute continence, it is clearly not up to them to attempt by insinuation and false charges to misrepresent the attitude and efforts of the Board of Health in its indisputable line of duty. This Board would welcome as the millennium the day of physical, and social cleanliness, but, as that millennium is positively not here, the law has defined the duties of the Board, which are being carried out."

In their communication, Richards, Super and Towse of the Civic Federation stated that "this committee distinctly disavows any intention or charge or imputation of graft in connection with any of the departments of the Government connected with Iwilei." Yet it is stated that they went before the Grand Jury and distinctly charged that graft did exist, but were unable to make out their case. They made a number of recommendations, among which were the following:

"That the officers of the Board of Health cease their co-operation in connection with the houses of prostitution in Iwilei and that physicians be no longer encouraged to furnish their misleading certificates to prostitutes."

"That the United States Attorney and the County Sheriff (acting jointly or severally as they see fit) at once close up all houses of prostitution at Iwilei or elsewhere."

When Pinkham had left the room, no one seemed to know what was to be done. There appeared to be nothing before the Board, except his letter of reply to the Civic Feds., which he desired the Board to approve. Both Dr. Wayson and Dr. Baldwin said that they knew nothing about the whole matter; that if the Board of Health had any connection with Iwilei they knew nothing about it, and they couldn't see what there was for the Civic Feds. to object to, so far as the Board was concerned. "I don't know," said Wayson, "what position the Board has taken or what they have done. This is the first time in the three years that I have been a member of the Board that the question of Iwilei has come before us. I don't know anything about the whole matter. I should like to know."

Smith suggested that the matter be postponed to a special meeting, at which members of the Civic Federation could be present. Baldwin thought that they ought to be present and make their charges definite,

so the Board could deal with them.

An effort was made to find out just how the Board stood with regard to Iwilei. Chief of Detectives Taylor, who was present, was asked to explain. He stated that the card system had been instituted by Dr. Pratt, who came to the police and asked them to follow up the inspection of prostitutes and see that they had certificates of health from physicians.

At this time Pinkham returned to the meeting and Smith moved that the matter be formally taken up. Wayson asked Pinkham what the Board was doing in Iwilei. Pinkham stated that under Act 1004 of the Revised Laws he had asked Dr. Pratt to see the women and ask them if they would have any objection to physical examination and report by licensed physicians. He said the plan met with no objection and insisted that the action was voluntary on the part of all concerned.

Taylor was asked what the police did when a woman neglected or refused to obtain a certificate. He stated that he had never met with such a case. What he did not state was that when a woman is found at Iwilei without a certificate, she is arrested under the vagrancy act, so the voluntary action appears to have a penalty attached for failure to comply with the suggestion. Most of those who have made any study of sociological conditions believe that the action taken by the President of the Board and by the police is right.

After some further discussion of the matter, Wayson moved that Pinkham's letter to Theodore Richards be approved, with the exception of two paragraphs. The motion carried. Richards and Rev. Thwing, representing the Civic Feds., were present, but neither had anything to say.

The Board, on recommendation of Inspector Keene, denied the application of Chu Sai to be allowed to run a wash-house on the premises at the corner of Kukui and Maunakea streets. Keene reported that the building is old and dilapidated, one of the dirtiest in the city, and almost unfit for any use.

## NEPHRITIS

What do physicians call kidney trouble?

Nephritis. What does Nephritis mean?

Inflammation of the kidneys. Is there any specific for inflammation of the kidneys?

Up to the discovery of Fulton's Renal Compound there was nothing known to physicians or pharmacists that would reduce Renal (kidney) inflammation. What then have physicians given in chronic kidney disease?

Having nothing for Renal inflammation they gave up trying to reach the kidneys and considered it incurable as the books say, and treated the heart and other symptoms.

Then other than Fulton's Renal Compound there is no real kidney specific? There is nothing else known that will reduce kidney inflammation in any of its stages, either first or last.

But many kidney troubled people recover?

Because it commonly gets well at first. But if it does not it passes into the second stage, the incurable one. Up to the discovery of this compound, and that is the reason the kidney deaths have now reached 176 per day.

Kidney disease in both stages is now curable by this compound in about 57 per cent of all cases.

## KAM GIRLS HOLD BIG TRACK MEET

## Do All Athletic Stunts Like Their Big Brothers

After the disappointment of the expected meet of the athletic members of the Kamehameha Girls' School, originally scheduled for Saturday afternoon, the 28th inst., the gods proved good and Jupiter Pluvius shut off the rain, and the earnestly looked-for event took place according to schedule, on last Tuesday afternoon and was the really great event of the season amongst the girls in athletics.

Following is the list of events, record of the fair athletes' doings, and the officers of the meet:

In this event the teams were equally matched, so each had to hustle to win. The result shows how hard a row the winners had to hoe to win. After a hard fight the bird of victory perched on Misses Violet Kamalopili and Ella Kekuewa, by the score of 8 to 6.

In this event Miss Mabel Titcomb came to the front and established a new world's record for girls, throwing the ball 74 feet 9 inches. Rah! This was a race well run and jumped; Miss Flora Holloway winning in 0:16 3-5, within a second of the world's record. Miss Hula's loss of first place was due to a fall, alas!

This was a jolly event, aside from being well played, for the Kam boys, such as had the happy privilege of being present, sang "Cheer Up, Mary" and other enlivening songs, which set the contestants going for all in the game. The first half ended in favor of the Whites, 10 to 5.

The second half brought out some ground and lofty tumbling on both sides, in which Miss Titcomb for the Whites and Miss Akui for the Reds played star parts. The Whites finally won by the close score of 13 to 12; no fouls.

## AMOSA KAUAAHI WANTS MATCH

Will Bet \$150; Also  
Has Boy Wrestler  
Ready

Amosa Kauahi, a boatman, announces that he is prepared to wrestle any haole, Japanese or Hawaiian for the championship of the islands. He has \$150 to back him up in the contest.

Amosa further states that he can produce a 10-year-old boy to wrestle any one between the age of 10 and 15 years.

Koa, another Hawaiian, who hails from Kohala, is also anxious to get a wrestling match with anyone. He was the champion wrestler of Kohala. Honie Rula.

Frank Kanae and Hans Froelcher are in training for their match on the 18th. Kanae is a strong man but it is exceedingly doubtful if he has the skill and science necessary to defeat Froelcher, if the latter lives up to his reputation.

## SPORTIVE SPLURGES

Trainer Charles David leaves for the Coast this afternoon. While away he will engage a jockey to ride his horses at the coming races. He will bring back some brood mares and draught horses, and possibly a racing animal or two.

New members are coming in so fast that the Kaili Athletic Club is on the lookout for more spacious quarters.

"Jiggs" Donahue has accepted the offer of Mike Fisher of San Francisco to take a team to Japan, Manila and Honolulu next winter. Donahue has been delegated to get the team together and if the men go that have been selected it will be a combination of stars of the first magnitude, says the Chicago News. Chance, Chase, Sullivan, "Doc" White and Walsh are some of the men to be asked to go. Fisher took a team to Honolulu last winter and he thinks a trip to the Orient would be a great success next winter. Twelve or fourteen men will be taken along and native teams in Japan will be played.

"It will go sure," said Jiggs, "and I expect that most of the players who will be asked will be glad of the chance. I don't know why Mike Fisher came to me to ask me to get up the team, for I did not know him. I will willingly undertake the work, however, for I believe it will prove a grand trip and a success." — San Francisco Bulletin.

An Irishman writes the following in two rounds about the Burns-Roche fight. Weep with the man, for listen:

## THE IRISH FAN'S LAMENT

Glory be, there's grief in Dublin.  
Just was punch put Roche away.  
There are tears from Louth to Derry.  
Wirra, wirra sad the day.  
Sure 'tis hard on all the country.  
If we eat we've got to poach.  
For we sold our pigs and cattle  
And we put the coin on Roche.  
Sure 'tis sad tonight entirely  
In the little auld shebeen—  
What's the fun of dancing  
To the "Wearing of the Green?"

Musha darlin', this is awful  
On us all, my poor colleen.  
Get the jug; I'll drown me sorrow  
With a sup of old potheen.

And our Jem was such a daisy  
At the Londonerry fair,  
No gosssoon in all the country  
Could stand up ag'in him there.  
Wirra, wirra what a difference  
To be bate by wan Canuck,  
On the Siventeenth a Chuesday—  
May the devil bind him luck.  
Sure we thought the faeries hit it,  
When we took the lad away;  
Oh, bad cess to him that did it,  
For he spoiled St. Patrick's day.

Musha darlin', this is awful  
On us all, my poor colleen;  
Get the jug; I'll drown me sorrow  
In a sup of old potheen.

## TIME TO THINK ON CAMPAIGN ISSUES

Others Interviewed On What Line  
Politics Should Take—Some  
Suggestions.

While things are gradually shaping themselves towards the coming campaign the thought of what the issues of the political parties are to be seems to be one which has not entered many minds, and when a number of prominent men, politicians and others, were asked in regard to their ideas on the subject most of them gave the reply that it was too early to bother about these matters as yet. Some, however, admitted that it was time to discuss these questions, while others had suggestions to offer.

E. I. Spaulding—"The local option plank will probably be inserted, and I think that it is a good idea that it should be."

Ed Towse—"I think the convention should first of all pass a resolution backing up the Roosevelt administration from first to last, and I also believe that Governor Frazar has not made so many enemies by the discharge of Lyons and Holt that it should prevent an endorsement of his appointment. The Republican party should certainly keep its pledge to pass a primary law, which it broke last year, and if it could be made to keep its pledges in some way, such measures should be adopted. I have not as yet made up my mind as to whether a local option plank should be adopted, or whether it would be better to leave things as they are under the present law, which is certainly working more satisfactorily than any we have had here before. I do not believe in any legislation which would result in a raid that would drive the men who have invested all they own in the liquor business out in one fell swoop without any warning."

Oscar Cox of Waialua—"The Hawaiians in the outside districts are particularly anxious to have legislation passed which will give the County, and more especially the outside districts, more power. They also wish for a different method of division of the revenue between the Counties and the Territory, their idea being to give the Territory less and the Counties more money. Some attention should also be given to the Municipal Act, as I fear that it is not

## GREAT WORK AT VOLCANO HOUSE

Directors Vote Many Improvements  
For Comfort of Guests.  
Transportation.

The directors of the Kilauea Volcano House at the meeting held the other day outlined a scheme of improvement that will undoubtedly be very much appreciated by the traveling public.

In the first place the Volcano House is to undergo a general renovation and improvement. A new dining-room is to be built so as to give a good view of the crater. The furnishings of this new room are to be entirely of koa. The Volcano House is to be painted.

A new kitchen is to be constructed, new water supply put in so that there will be no fear from drought, and a hot and cold water system is to be provided for each of the hotel rooms. The extensions will include more rooms pleasantly located.

In keeping with the improvements of the hotel and its surroundings the company will do its utmost for speedy transportation. The new road to the crater is, of course, one of the features of comfort. The new steamship Mauna Kea is another, and it is proposed to link the steamer with the road by better service on the railroad. From Hilo to the Volcano a all-rail route is one of the probabilities.

The Mauna Kea is such a ship in every way that the House people hope for a better to leave things as they are under the present law, which is certainly working more satisfactorily than any we have had here before. I do not believe in any legislation which would result in a raid that would drive the men who have invested all they own in the liquor business out in one fell swoop without any warning."

Everything that is attractive tourist and within reason will be done, and it is hoped the first will meet with such a prompt response from the traveling public that other improvements now in the making.

Friends of suspended head media health board charge political move.

W. O. Smith—"I am ashamed to say that I have not given much thought to the matter of campaign issues. However, it is certainly right that these matters should be taken up and discussed as soon as possible."
