

THE HONOLULU REPUBLICAN.

VOLUME I, NO. 96.

HONOLULU, H. T., SUNDAY, SEPTEMBER 30, 1900

PRICE FIVE CENTS

FIRST BLOOD SHED IN THE COAL STRIKE

Sheriff's Deputies Fire
on the Strikers at
Shenandoah.

SIGNS OF A BREAK ARE APPARENT
SOME OF THE MINERS ARE DESIROUS OF RETURNING
TO WORK.

Troops are on Guard in the Coal
District and More are Held
in Readiness and Under
Arms.

PHILADELPHIA, Pa., Sept. 22.—An
inquiet in the strike region. The
outbreak at Shenandoah yesterday,
followed by the sending of nearly 2,000
troops there, put an effective stop to
rioting and the peace and stillness of
Sunday prevails in the entire anthracite
field. How long this condition will
last is a problem. The presence of
soldiers in the field has undoubtedly
had a covering effect on the turbulent
spirits of those strikers who believed
in their purpose. In addition to
troops in the field, thousands more in
and around Scranton, Wilkesbarre and
Philadelphia stand ready to start for
the scene of trouble the instant orders
are received.

There are indications of wavering in
the strikers' ranks especially in the
Scranton region and it is believed un-
der these is an early settlement of the
strikers will begin returning to work.

SIGNS OF A BREAK IN STRIKERS' RANKS

SCRANTON, Pa., Sept. 22.—Presi-
dent Nichols and the members of dis-
trict No. 1 executive board are not ap-
prehensive today of any change in the
strike situation in this section by reason
of the ordering of troops to the
Scranton region. The news caused
them much chagrin and disappointment
because they had hoped for the best of
order there, the same as prevails in
this region.

Now that troops are in the field, an
uncertainty is growing among miners
as to their future. From Forest
City, where the Hillside Coal and Iron
company has two big mines, the news
comes that many men are dissatisfied
with the present status of the strike
and have announced their intention
to go back to work on Monday. The De-
laware, Lackawanna & Western com-
pany's men, too, are showing restlessness
today and a break may come in
their ranks very soon.

ONLY ONE PERSON KILLED IN THE FIGHTING

SHENANDOAH, Pa., Sept. 22.—It
has developed that only one person,
Mike Yuckavage, was killed outright
in last evening's shooting here. Annie
Hogers, the little girl who it was sup-
posed was shot to death, recovered
consciousness some hours after the
bullet struck her in the back of the
neck and is today in a fair way of
ultimately getting well.

The town council appointed over 300
special policemen to serve during the
riot and everything passed off peace-
fully. No crowds were allowed to con-
gregate.

The first battalion of the Eighth
regiment, Col. Theodore F. Hoffman,
arrived here about 8:30 this morning
and was closely followed by a battalion
of the Fourth Regiment with Col.
Neil and his staff.

Edward Clark, who was shot below
the heart, has a chance for life. The
bullet has been extracted and he is im-
proving today. He had gone into the
street to take his children out of the
way and in this manner received a
wound.

All the collieries around Shenandoah,
Last Creek and William Penn are
closed down. Not a mine in the region
is working today. This the operators
claim is because their men fear violence.
No outbreak is feared and the
law-abiding citizens breathe more
easily.

The collieries will resume work Mon-
day provided a sufficient number of
hands is obtained. It is believed that
most of them will be able to work full
bodied.

SHERIFF'S POSSE FIRES ON MOB OF STRIKERS

PHILADELPHIA, Pa., Sept. 21.—The
mob that has been looked for since
the coal workers' strike was begun
came suddenly at Shenandoah this af-
ternoon. A posse hurriedly gathered
by Sheriff Toole of Schuylkill county
to meet an emergency was forced to
fire into a mob that was threatening
workmen on their way home under es-
cort. A man and a little girl were in-
stantly killed, and several others fell,
some or less wounded.

Sheriff Toole lost no time in calling
on the National Guard General to send
troops to aid him. After consultation
the authorities decided to send troops
to the turbulent region tonight. Shen-
andoah's trouble was precipitated by
the closing of six collieries there this
morning through the efforts of strike

leaders. More will close tomorrow as
a voluntary act, it is said, on the part
of the Reading Company. This is done
at the request of Sheriff Toole, who
hopes in this manner to avoid further
rioting. The outlook at midnight,
however, is dubious, as the foreigners
are in an ugly mood after the day's
happenings.

GENERAL GOBIN IS IN COMMAND OF THE TROOPS

HARRISBURG, Pa., Sept. 22.—Adjut-
ant General Stewart received a tele-
gram from General Gobin at 10:30
o'clock from Shenandoah, saying
everything was quiet in the Schuylkill
region and under his control. He
reached Shenandoah at daybreak with
six companies of infantry. Many of
the miners called upon him and as-
sured him they would co-operate with
him in maintaining order.

An order has been issued by Major
General Miller directing the command-
ing officers of the Ninth regiment, with
headquarters at Wilkesbarre, and the
fourteenth regiment, with headquar-
ters at Scranton, to hold their com-
mands in readiness to move at short
notice. The order also directs General
Gobin to take command of the provi-
sional brigade "to support the sheriff
of Schuylkill county in protecting life
and property, restoring order and se-
curing to the citizens of the common-
wealth their rights and privileges un-
der the constitution and laws."

Governor Stone is being kept fully
advised of the movement of the troops
and the situation in the strike re-
gion.

OPERATORS REPLY TO MITCHELL'S OPEN LETTER

WILKESBARRE, Pa., Sept. 22.—The
operators here, in reply to the open let-
ter of President Mitchell of the United
Mine Workers, make this statement:
"Mr. Mitchell's demands simply
mean a recognition of Mitchell. De-
feat stares him in the face and the
strikers are beginning to realize the
true situation of affairs. It is crop-
ping out all over the strike region.
The men want to return to work. The
claim of Mr. Mitchell and other leaders
of the United Mine Workers that no
degradations would be committed while
they were in charge of the strike has
been nullified by the acts of the men
at Shenandoah. The leaders are un-
able to control the unruly element."

About 170 of the striking mine work-
ers employed in the West End Coal
company's colliery at Moccasin, who
went out yesterday, returned to work
this morning. The other mines are
idle.

Deputies Sent to Hazelton.

WILKESBARRE, Pa., Sept. 22.—
Sheriff Harvey telegraphed from Ha-
zelton to the sheriff's office in this city
this morning, requesting that armed
deputies be sent to Hazelton region at
once. They were sent on the 1 o'clock
train.

There is no outbreak as yet, but
Sheriff Harvey says he wants an am-
ple guard should trouble occur.

TODAY'S CONCERT AT THE CAPITOL GROUNDS

The Hawaiian band will this after-
noon at 3 o'clock give the last public
concert before the vacation time at the
capitol grounds. The concert will be
an exceptionally fine one and there
will undoubtedly be showers of leis on
this occasion for bandmaster and play-
ers. The program will be as follows:

PART I.
The Old Hundred.
Overture—Poet and Peasant.....Suppe
Pantasia—Autumn Leaves.....Carl
Chorus—Tannhauser.....Wagner
Suite—Peer Gynt (new).....Grieg

PART II.
Grand Selection—Marianne.....Wallace
Intermezzo—Cavalleria Rusticana.....Puccini
Potpourri—Sweet Old Songs.....Dalbey
Pineapple—Vacation.....Berger
The Star Spangled Banner.

THREE WEDDINGS AT THE CATHOLIC CHURCH

Scarcely in the history of any church
has such a peculiar coincidence hap-
pened as that which took place at the
Catholic Cathedral last evening. Youth
and old age met at the nuptial altar
and took the solemn marriage vows.
The first wedding was between
Manuel Frutos, a lad of 19 years, and
Miss Alice Martin who has just turned
16. Manuel Costa and Emilia Aguiar
were the best man and maid of honor.
The Bishop of Panapolis officiated.

Scarcely had the altar been vacated
when Manuel Gomez, an old man of 59,
laid forward his would-be wife, Miss Ma-
tilda de Silva, a woman well past 40.
Father Clement performed the cere-
mony.

Case D'Ami-soned.

The case of larceny in the second de-
gree against Frank Turk, the shipping
man, was dismissed by Judge Wilcox
yesterday, as it was shown that the
articles he was accused of having
stolen were being held by him for a
debt due him from the prosecuting wit-
ness.

Attempt at Burglary.

An attempt at robbery was made at
Faria's tailor shop on Beretania street,
near Punchbowl, on Friday night. The
would-be burglar tried to bore through
the floor with a brace and bit, but was
apparently frightened away before get-
ting in.

ENGLAND'S POLITICAL CAMPAIGN IS NOW ON

Liberals Very Bitter
Over Salisbury's
Actions.

BUT THEY DO NOT HOPE TO WIN
SERIOUS CHARGES AGAINST
COLONIAL MINISTER
CHAMBERLAIN.

Lively Discussion in the Press
Over the Merits of the Ameri-
can System of Checking
Baggage.

(Copyrighted by Associated Press.)

LONDON, Sept. 22.—The political
campaign has commenced in earnest.
Only another week remains before the
polling begins and it will be only a
little over five weeks before the new
parliament assembles. That it will be
a conservative body is a foregone con-
clusion. Herbert Gladstone admits that
it is quite impossible for the liberals
to win over the 160 seats necessary to
give them a victory. Thus from the
outset the election loses its interest,
practically resolving itself into an op-
portunity for politicians on both sides
to air their views and to discuss the
momentous issues of the last year un-
trammelled by the conventionalities of
St. Stephens. The division in the ranks
of the liberals over the war is so
great that it is quite impossible to keep
all the candidates in line. Thus, while
Sir Edward Grey and the Rt. Hon. H.
H. Asquith and others are telling the
voters that it is useless to discuss the
war and are admitting the annexation
of the Boer republics as the only logi-
cal outcome, Mr. Morley and other
well known members of the party are
telling them that war was unnecessary
and that the annexation of the repub-
lics is a blot upon England's fair
name.

One point, however, the liberals all
unite on and that is the unfairness of
Lord Salisbury in bringing about a dis-
solution at the present moment when
the register of 1898 is expiring, so that
all who were not registered over two
years ago are disfranchised. The new
register comes into force in Febru-
ary. Thousands are affected and the
liberals maintain that Lord Salisbury's
action is not only without precedent,
but is unconstitutional. On the other
hand the conservatives claim that
Lord Salisbury acted fairly, as had he
waited until after February, he would
have the undoubted advantage of the
votes of soldiers returning from South
Africa.

In their wrath that the election was
precipitated with so little warning the
liberals are not alone. Business men,
regardless of party, are furious over the
disintegration of trade which always
accompanies election contests. Pub-
lishers, for instance, after a wretched
year, seeing the war in Africa ending
and affairs in China becoming more
quiet, made all preparations for a re-
vival of trade. Just as they were be-
ginning to put books out the announce-
ment of the dissolution of parliament
came like a thunderclap, spoiling all
their prospects. The Stock Exchange,
on the same grounds, has not a great
grievance against Lord Salisbury, as it
will be well into December before the
public can be expected to take a keen
interest in stocks.

The question of home rule except in
Ireland is scarcely mentioned. Herbert
Gladstone, who represents West Leeds,
advises his constituents to let the mat-
ter rest; but the Earl of Sandwich
strikes a much franker note in re-
nouncing his adherence to the govern-
ment and returning to the ranks of the
liberals because "home rule" is dead.

A miniature bomb has been thrown
into the conservative camp by the Lib-
eral Morning Leader, which publishes
a lengthy story showing that the wife
and daughter of Joseph Chamberlain
hold almost all the shares of the
firm of Hoskings Sons, contractors to
the admiralty. Among the sons hold-
ing a large amount of the stock is J. A.
Chamberlain (the eldest son), who is
a civil lord of the admiralty. To put
a worse complexion on the matter it is
pointed out that there are no "Hos-
kings" now connected with the business,
which is practically a family concern
and apparently prosperous. The only
answer so far vouchsafed to the ac-
cusations is a letter from Mr. Chamber-
lain's secretary, saying the minister is
not disposed to "notice the cowardly
insinuation contained in an indirect
charge."

Rumors assign the war ministry to
Mr. Chamberlain in the next cabinet,
the supposition being that the Marquis
of Lansdowne will retire and also that
Mr. Chamberlain will then have Lord
Roberts as commander-in-chief and
Lord Kitchener as adjutant general.
Earl Cadogan, the lord lieutenant
of Ireland, Viscount Cross, the lord
of the privy seal, and William Court Gu-
ly, the speaker of the house of com-
mons, are all said to be likely to re-
tire.

The controversy on the relative mer-
its of the British and American bag-
gage systems has been revived by the
complaints of trans-Atlantic visitors
who have lost trunks in England. These,
in turn, have called forth pro-
tests against the adoption of the check
system. An Englishman who has vis-
ited America writes to the Pall Mall
Gazette, giving details of the troubles
which he experienced through the loss

of his checks, the delay and the al-
leged impossibility of obtaining com-
pensation, declaring the Americans tol-
erate any system, however complicated,
so long as it has the appearance of be-
ing businesslike.

It is possible that the correspondence
may accelerate the adoption of some
form of the American system, for,
partly through ignorance and partly
through the defects of the English sys-
tem, no end of trouble and expense is
undergone by the thousands who year-
ly cross the Atlantic, through loss of
baggage.

Another American innovation will
shortly appear in London in the shape
of 250 laundries run by American em-
ployees and with American machinery.

Brewster Cameron a Visitor.

The Hon. Brewster Cameron of Lo-
chiel, Ariz., was a passenger on the
Nippon Maru yesterday en route to
Manila. For the last two years Mr.
Cameron has spent the most of his
time in Cuba and Porto Rico, being in-
terested in contracts for furnishing
government supplies for the troops.
He goes to Manila to engage in the
same business. Mr. Cameron is a
nephew of ex-Senator Don Cameron of
Pennsylvania and grandson of Pen-
sylvania's "grand old man," the late
Simon Cameron. Mr. Cameron, with
his brother-Colon, is the owner of one
of the large Mexican land grants in
southern Arizona and northern Mexico,
on which they have a cattle range and
upwards of 40,000 head of cattle. Mr.
Cameron expects to remain in the Phil-
ippines for several years.

STATEMENTS OF PLAQUE LOSSES TO BE PREPARED

WELL ATTENDED MEETING OF
PROMINENT JAPANESE, AT
PRIMARY SCHOOL.

Sufferers in the Plague Fire Given
Three Weeks Additional
Time to File Their
Claims.

Representative Japanese to the num-
ber of a hundred or more met last
evening at the Japanese primary school
on Nuuanu street and discussed the
necessity of taking action in the set-
tlement of claims and the payment of
damages resulting from the big fire
originated by the board of health
which devastated much territory last
March, in which many Japanese mer-
chants and others were heavy losers.

Among the prominent Japanese pres-
ent and who participated in the dis-
cussion were Consul Miki Saito, Vice
Consul Tanaka and Secretary Sacko,
besides all members of the local con-
sulate. S. Ozeki, a well known mer-
chant, was among those who took an
active interest in the deliberations and
made a few remarks.

Consul Miki Saito took the floor after
calling the gathering to order and in-
detail stated the object of the meeting.
He urged upon those present the nec-
essity of establishing a board of
claims to investigate into the losses
and damages sustained by all the Ja-
panese merchants whose business houses
were destroyed by the fire. The consul
also advocated the necessity of the
merchants filing itemized statements
of their losses with the consul, who
will, upon receipt of them, submit the
same to the territorial officials for con-
sideration. Some of the fire sufferers
have already complied with this re-
quest, but there are many who have
delayed the matter. Consul Miki Saito
stated that the details pertaining to
the loss incurred have been, as they
have been learned, forwarded to the
Japanese minister at Washington. The
work of submitting anything like a
statement to the territorial government
has been greatly hampered by the
dilatory manner in which some of the
merchants have acted in filing their
statements of damages. The consul
hoped that more promptness would be
displayed in attending to the matter.
Three weeks additional time was fi-
nally decided upon as sufficient for all
parties to file statements with the
consul. The consul also wished to as-
certain the number of Japanese mer-
chants who lost their property, either
by the sanitary fire or by the order of
the board of health in each block of
the burned district, that all may be
accounted for and represented in the
claim against the Territory of Hawaii.

The recent losses to Japanese on the
island of Maui, also at Hilo, Hawaii,
were touched upon and quite a discus-
sion followed as to what would be done
in the disposition of losses suffered
at these places. Consul Saito prom-
ised that they would be considered at
a later date.

It was also suggested to those pres-
ent who have failed to file claims that
in doing so they have them attested by
two witnesses. Where stock and goods
were damaged the instructions were to
produce invoices and consular cer-
tificates as far as possible.

In closing, Consul Saito urged the
hearty co-operation of all Japanese in
the matter and hoped that they would
unite and work together to bring about
an amiable settlement of the claims.

In the event that the local consul
should be unsuccessful in making a set-
tlement with the territorial government,
the statement of claims and other
matters pertaining to the losses
sustained by the Japanese of Honolulu
will be forwarded to the minister at
Washington, who will personally, with
the aid of the Japanese government,
endeavor to arrive at a basis of settle-
ment.

REPUBLICANS CLAIM KAUAI QUITE SAFE

Good Reports Came to
Headquarters Yes-
terday.

COMMITTEE ROOMS WERE DESERTED
A GREAT REPUBLICAN MEET-
ING IN PROGRESS AT WAI-
ALUA LAST NIGHT.

Democrats Had a Large and En-
thusiastic Meeting at Their
Hall Which Will Open
Tomorrow.

At the meeting of the republican
executive committee last night, Palmer
Lee of Kauai reported all well for the
republicans in that section of the ter-
ritory. He stated that although the
other parties were doing a great deal
of work, the conditions were most fa-
vorable for the republicans carrying
the islands.

The republicans of Kona, says the
Hilo Herald, will meet on Saturday
next and nominate H. L. Holstein and
J. D. Paris for senators.

The republican headquarters were al-
most deserted last evening, all the lead-
ers having gone to the Wai'alua meet-
ing or were putting in hard ticks else-
where.

The republicans and independents
divided politics in Hanalei yesterday,
the incentive being a wedding of two
prominent natives, followed by a big
luau.

An opinion by the Hilo Herald: "If
Bob Wilcox has luck he will run for
congress about as hard as he did in the
episodes of '89 and '95. He got as close
to goal then as he will in 1900."

Tuesday next a large party of repub-
lican speakers will leave for the other
islands. On the Kauai will be Sam
Parker, George R. Carter, J. H. Boyd,
W. C. Achi and others. They will visit
both Maui and Hawaii before return-
ing.

Says the Hilo Tribune: "A corps of
republican 'spies' will come up by
the next Kauai and put in a course
of campaign work for the party
through the various districts. We ex-
pect to see a little more party enthu-
siasm when they are finished."

The great mass meeting under the
auspices of the Young Men's Republic-
an club on tomorrow evening promise
to be a corker. It will mark the real
opening of the campaign in Honolulu.
Sam Parker will lead the speaking, but
many other leading republicans will
also address the assembled hosts.

The republicans throughout the is-
land have practically completed their
ticket. In Maui the "Maui party"
nominations were endorsed, save S. W.
Wilcox and Kaili. The republican
ticket as completed, with the exception
of the Second district of Hawaii, is as
follows:

AT LARGE.
For Delegate to Congress.
Samuel Parker.

HAWAII.
For Senators.
A. B. Loebenstein.
C. R. Blacow.
H. L. Holstein.
John D. Paris.

For Representatives, First District.
R. H. Rycroft.
James Lewis.
J. Mattoon.
Charles Williams.

KAUAI.
For Senators.
W. H. Rice.
George N. Wilcox.

For Representatives.
Robert Walealea.
S. K. Kaeo.
E. Kander.
Alex. McBryde.

MAUI.
For Senators.
H. P. Baldwin.
A. N. Kepoika.
M. H. Reuter.

For Representatives.
J. K. Nakila.
George Hons.
D. H. Kahualelo.
Phillip Pall.
C. H. Dickey.
Henry Long.

OAHU.
For Senators.
B. F. Dillingham.
W. C. Achill.
Clarence L. Crabbe.
Frank Pehila.
Cecil Brown.

For Representatives.
A. G. M. Robertson.
J. W. Kiki.
W. H. Hoogs.
A. F. Gillfillan.
Jonah Kumalea.
William Aylett.
L. L. McCandless.
J. L. Kaulukou.
Enoch Johnson.
L. J. McCabe.
H. R. Hitchcock.
W. J. Coelho.

The democratic party had its first
meeting in the new rooms over the of-
fices of the Kaplolan estate, on Ka-
shumani street, last evening. Colonel
McCarthy presided and there was a

large and enthusiastic meeting. The
affairs of the campaign were discussed
somewhat fully, but no definite action
was taken on any proposition. The
best of spirit was developed and the
democrats are strangely enthusiastic
and hopeful of success. They decline
to give any reasons for the faith that
is in them, but there is no doubt about
the genuineness of their belief in dem-
ocratic success, not only in Hawaii, but
on the mainland. The new rooms will
be formally opened tomorrow.

The convention of the First district
for the nomination of senators and rep-
resentatives was held at Laupahoehoe
on Thursday last, at 10 o'clock a. m.,
and was adjourned sine die at noon.
The following were the nominees agreed upon:
For senators, A. B. Loebenstein, C. R. Blacow.
For representatives, Charles Williams, J. D. Lewis, J. Mattoon, Harry Rycroft.

Some leading republicans went to
Kahuku and Wai'alua yesterday to open
the campaign. Sam Parker was unable
to accompany the speakers on account
of personal matters. At Kahuku the
speakers will be George R. Carter, J.
L. Kaulukou and W. C. Achi. This party
returned to Wai'alua last night and
were there joined by T. McCants Stew-
art, W. J. Coelho, L. L. McCandless and
others.

The Maui board of registration had
registered up to Wednesday evening
1,520 names. The board went to La-
nai per Lehua on Thursday and return-
ing will go by way of Kaunapali, Ho-
noluhia and Waihee. The board will
register at Hamakua, Paia, Hu-
elo, Kihui next week.

There will be 1,500 registered voters
on the Kona side of Hawaii against
about 1,100 on the windward side, says
the Herald.

Star Route Plans For United States Mails

Inspector Carr of the Railway Mail
Service Returned from Maui
and Hawaii.

Many needed improvements in the
handling of the United States mails are
contemplated in the service on the is-
lands and numerous changes of a bene-
ficial and substantial character are to
be inaugurated at an early date.

Among the passengers arriving on
the steamer Kinau, which reached port
yesterday, was G. W. Carr, inspector of
the railway mail service. Mr. Carr has
been on a tour of inspection through-
out the island of Maui and during his
absence visited every nook and corner
of that island, establishing postal facili-
ties. Mr. Carr has traveled over much
of the country out of the beaten paths
and his visit there will doubtless prove
of much good in the reorganization of
the postal service there and in the es-
tablishment of star routes.

From the results of Inspector Carr's
observations about fifteen star routes
are to be established on the island of
Maui. It is intended that these will
radiate from various points which mail
steamers touch and cover all inter-
mediate postal districts on the island.
The present manner of handling mails
will receive much attention and under-
go some decided changes for the bet-
ter. As has been the custom in the
past, the various mail routes were
farmed out to carriers and transporta-
tion companies on a regular stated sal-
ary or stipulation without regard to
bids. Under the new regime they will
hereafter be given out solely by con-
tract, which will be let to the lowest
bidder, after the same method as is
followed in the States. In reorganiza-
tion of the present methods the postal
authorities will carefully cover the
ground, and it is the intention to first
establish the star routes, define their
respective boundaries, then advertise
for bids. These bids will then be for-
warded to Washington to the second
assistant postmaster general, who will
open them, and to the one naming the
lowest figure for transporting the mails
for the district in question, the award
will be made accordingly.

Similar steps will be taken on the
other islands not already covered.
Since coming to the Hawaiian Islands
Mr. Carr has inspected the present
postal facilities of all the islands in the
group with the exception of Molokai.
This has been left to the last pending
a decision from Washington regarding
its disposition. Mr. Carr has little
fault to find with the present system
of transporting mails in the island ser-
vice, but believes that the introduction
of star routes will obviate much de-
lay and insure much more satisfaction
and prompt delivery than the present
plan. The introduction of the contem-
plated improvement will doubtless
soon manifest its superiority to the
patrons of the postal service.

It is hoped to inaugurate some of the
changes before many months have
passed and the railway mail agent will
immediately communicate with the
postal authorities at Washington in
regard to the information he has suc-
ceeded in gathering while away on his
trip.

In the inspection of the island of Ha-
waii, Mr. Carr recommended the es-
tablishing of twenty-three star routes
as a sufficient number to properly cover
that island. Kauai, under the reorgan-
ization, will have four or five star
routes.

Special Agent Bigelow is still busy
gathering data for the census schedule
which deals with the sugar industry.
He has completed his work on Kauai
and Oahu and next week will go to
Maui and Hawaii. He expects to com-
plete the schedule within the course of
three weeks.

REGISTRATION BOARD PILIKIA OF ITS OWN

Democrats Made a De-
mand On It Yes-
terday.

WANT TO COPY THE REGISTRATION
BOARD FINALLY CONSI-
DER THAT THE WORK MAY BE
DONE BY SUPERVISION.

Sailors Denied Registration Pres-
sing Their Suit in the Supreme
Court—Answer to Clark's
Mandamus.

There were threats of a clash be-
tween the democratic committee and
the Oahu board of registration, but it
has all been patched up through the in-
tervention of Lorrin Andrews. The
democratic committee desired to secure
a list of those registered, in order to
investigate their standing when neces-
sary to protect the interest of the party.

Mr. Andrews, chairman of the
board, declined to grant this permis-
sion. When the board finished its la-
bor on October 10 and the lists were
finally made out the democrats could
have access to them he said. These
facts were reported to the democratic
leaders of his party and it was decid-
ed to make more formal demands and
this was done yesterday, when Charles
J. McCarthy, chairman of the demo-
cratic committee, accompanied by his
attorney, W. A. Kinney, appeared at
the office of the board yesterday morn-
ing and demanded on behalf of the
democratic central committee the
representatives of that organization be
given access to the registration lists.

The applicants were perfectly willing,
he said, to agree to any reasonable
requirement which the board would ex-
act in order to protect the lists. If
necessary there could be special police-
men detailed to be present at the in-
spection, which would be conducted
under the supervision of the board.
The democratic party was willing to
defray all expenses incidental to such
an undertaking. But it wanted to se-
cure a list of those accepted by the
board of registration. Later in the day
Mr. Andrews informed Colonel Mc-
Carthy that his party's agents might
copy the lists, placing tables in rear
of those of the board and using the
books when not in use. This is satis-
factory to the democrats, and so all
trouble is happily averted.

REGISTRATION SUITS PENDING IN COURT

Joseph Irving has filed an appeal to
the supreme court from the decision of
the board of registration of voters in
refusing to register him, said Joseph
Irving. In support of his demand to be
registered he represents that he is a
citizen of the United States of America
by naturalization and is over 21 years
of age and was a resident in the Ha-
waiian Islands on and since August 12,
1898, and has resided within the
Sixth precinct of the Fourth district

Calm and light sea breeze, probably steady.

TO KEEP AT IT.

One reason for continual advertising is "to be there" when the "cultivated and convinced" but "slow-going" buyer gets ready to do business with you. Sometimes, but not always, buyers "clip" or "mark" ads for future reference. But usually they say, "Well, next month I'll get that." Now, next month, if you are not there to remind them, they are likely to forget that you ever existed, and you then lose the good effects of your previous advertising. Naturally, when a buyer wants an article badly and has the price, he "buys on the spot." But buying on the spot is more often the exception than the rule. —Mail Order Journal.

FINE BUSINESS SHOWING.

As everyone knows, The Republican was started on June 14, and is therefore just three and one-half months old today. A look at the advertising columns of today's paper will tell more eloquently than words how well the paper is succeeding and how it is meeting the approval of the people.

The linotype machine ordered in April arrived yesterday on the bark Olympic and will be unloaded and set up within a few days. After today the Sunday Republican will consist of not less than ten or twelve pages, so that readers who feel that the reading matter in today's paper is limited can be assured that hereafter they will get a Sunday Republican that will be far ahead of any paper ever heretofore issued in the Hawaiian Islands.

England has a pretty hot campaign of its own on its hands just now and before the elections are over they will know how it is themselves.

Wilcox's chances of going to congress have gone a-glimmering. The fight last night seemed to lie wholly between Parker and Prince David.

Oh, pull down that iron fence about the capitol grounds and the huge gates barring the way thereto. The grounds belong to the people; give them a chance to enjoy them.

The pilot boat boys have quit work, not because they do not want work, but because they cannot live on the money paid them. They undoubtedly have a just grievance and this territory cannot be proud of asking men to work for \$9.75 a month.

The work which Mr. Wray Taylor, commissioner of agriculture and forestry, has undertaken in introducing parasites to kill off insect pests is to be commended. In a quiet way Mr. Taylor and Entomologist Koebele are doing good work for the future of these islands.

Count von Waldersee may be a great soldier and just the man for the command of the allied forces in China, but he is constantly raising doubts in the unprejudiced mind. First he talked too much and then his first act was to order a grand review. The American troops in China are there to fight and not for dress parade purposes, no matter how it stands with the forces of other nations. Von Waldersee seems to be a later edition of General McClellan.

The outlook in the coal regions of Pennsylvania is anything but reassuring. In the neighborhood of 140,000 coal miners are now out in the Lehigh, Lackawanna, Luzerne and Schuylkill regions. This comprises the entire anthracite coal belt, the region in which the hardest battles between capital and labor have always been fought in the coal regions. Never in the past have troops been declared off there because of the presence of soldiers. Work has always been resumed after arbitration and there is every reason to believe that the present strike will be no exception to the rule. It is to be hoped that the operators may soon accede to arbitration and misery and perchance bloodshed be avoided.

The Lounger

People of Honolulu seem to have some peculiar ideas of the province of a newspaper and the duties of a reporter. My attention has been directed to this on several occasions recently, notably in connection with some banquets. The people in charge of the banquets threw favors at the reporters as though they were animals who were coerced through fear or something else. I have had a good deal of experience with lawyers, reporters, actors and other professionals and I maintain that reporters, man for man, are as honorable and courteous a set of men as follow any profession in the land. They are men of education and refinement and men of broad experience in affairs. I am told that one editor in Honolulu informed his reporters not long since that hereafter when any one of them attended a banquet he should demand courteous treatment and a seat at the table where he could attend to his duties properly or to turn and walk out.

Of course there are bores in the newspaper profession as well as in all others and these men oftentimes cause people in other walks of life to gain bad impressions of reporters as a whole. The actions of one of this rude class, which, thank heaven, are few, was called to my attention a few nights ago. A man who is not always persona grata where his duties take him, but who is tolerated because of his position on a newspaper walked into a gentleman's office in quest of news. Just as he stepped up to the desk the man he was addressing was in the act of closing a drawer in which was a box of cigars. Mr. Fresh Reporter at once reached quickly into the drawer and picked out a cigar, evidently thinking his rude act was a piece of smart business. The gentleman he was addressing would have been justified in kicking that reporter out of his office. But notwithstanding the faults of the very few of this character that unfortunately get into the business, that is no excuse for the rude treatment of all reporters so often extended conscientious workmen by people who seem to think a reporter is not deserving of any consideration.

I was much interested in the article in The Republican a few days ago on the English language. It reminded me of a famous editorial by that great man Charles A. Dana five years ago. Besides his talent as an editor, being the dean of the profession, as J. B. McCullagh of the Globe-Democrat called him, Mr. Dana was a very learned linguist, reading and speaking nearly every language of Europe. Speaking of the use of the German language in the United States, Dana closed with this tribute to the English tongue: "There is nowhere in the world a more robust, forcible or comprehensive language than English. It is the language spoken by the largest number of civilized people. It is the language of those nations where free institutions flourish. It is the language of progress, the language of liberty, the language of law and order, the language of commerce, of invention, of newspapers; the language of the future, superseding other languages in all continents but Europe. It is the official language of the United States and of every public department of the government. We quote from an American poet:

"I like the Anglo-Saxon speech
With its direct revealings;
It takes a hold and seems to reach
Away down to your feelings."

With the native leaders political differences seem to "cut no ice" when it comes to their social relations. One evening just before Prince David's departure for Hawaii he gave a very pleasant dinner at Lycurgus' Union Grill, at which Sam Parker and Charles B. Wilson were guests, as were also Mr. Loebenstein and Mr. Walker of Hilo, and others. The republican lion laid down with the democratic lamb, politics were eschewed and small talk only was indulged in between the popping of the corks.

Beautiful, clever Belle Archer, the opera bouffe singer and capable all round actress is dead. She died of a blood clot on the brain in the Emergency hospital at Warren, Pa. Mrs. Archer made her first hit as Hebe in John T. Ford's original production of "Pinafore," a character for which nature had cast her. She was an exceedingly beautiful girl and at the time caused a furore that ever stood her in stead in her professional career. She was, however, more than a stage beauty. She was a sweet voiced singer and a clever and conscientious actress, who achieved success by her art and never resorted to advertising her personal charms. Her maiden name was Belle Mingle and she was born at Easton, Pa., where her father was prominently connected with the Western Union Telegraph company and largely identified in business. Belle made her debut under John T. Ford at Baltimore before she was 16 years of age. She was about 38 years of age at the time of her death, an event that will bring sorrow to thousands upon thousands of devoted friends in this country and in Europe. Of late years Mrs. Archer had made her home in California.

When T. McCants Stewart gets a phrase like "legally involved" he can roll it out more rollingly and ring the changes on it oftener than some officeholders of Hawaii can change their political creeds to keep in line with the kaleidoscopic changes in the body politic of these islands.

Speaking about politics reminds me that a good story has been allowed to go to waste when the "family compact" pulled down A. V. Gear in the legislative convention for the Fourth district. Talk about bolting and personal assaults was freely indulged in and the money and influence of the sugar planters was held up as a menace. It is a great story and I am surprised that the usually enterprising news-

pers have not given us the true and vividness of this most important meeting.

Of course, the Advertiser wouldn't have bolted and supported J. O. Carter and S. M. Damon as its inspired friends said it would. The Advertiser is a republican paper, you know—when things go its way.

Did it ever strike you what a beautiful political meeting place Progress hall really is? It is large, light and airy and amply provided with committee rooms. It is an ideal convention hall.

The morning conferences of the sanitary inspectors have become very popular and are really proving of considerable benefit. As soon as Dr. Pratt can make up his staff of lecturers the weekly lectures to the force will be inaugurated. Some one has maliciously suggested that the course of lectures be extended and daily clinics be introduced, so that the board of health might run its own school of medicine when the new dispensary building is finished. Good idea!

The authorities should keep their eyes on sailing vessels, some of which are smuggling Belgian hares into Oahu. I am reliably informed that as many as twenty-five pairs are now in this city and others are being brought in from time to time. They are not desirable importations and are mighty liable to become a pest.

Registrar of Voters Wray Taylor has troubles of his own, but his chief pillula now is of other men's making. It devolves upon the registrar to send out ballot boxes and when the elections are over the boxes are returned to him. Each box is provided with a Yale lock and only one key. It is this key that gives Mr. Taylor his headaches. The key is sent to the election board under separate cover. That's all right, but it is the manner in which the keys are returned to him that is making him gray and bald-headed. The election officers are usually so careful about them that, after the ballots are all in and the boxes locked and ready for shipment, they throw the keys through the slot into the box. As there are no duplicate keys, the only way the registrar can open such boxes is with an ax. This is annoying to the registrar and costly to the territory. Will the election officers kindly take this matter to heart and return those keys under separate cover to Mr. Taylor?

The coping on the rounded corner of the capitol grounds wall at Richards street has been put on and I am sorry to see that preparations are under way to replace that beastly iron fence. I had hoped that the fence and iron gates at the entrances would all be removed, now that the monarchy has passed away and the grounds no longer belong to rulers, but to the people. It is an absurdity to close these grounds in the evening just when the people would most enjoy them. The building is locked, of course, but the grounds should never be closed any more than are any of the other parks. The territorial government is no longer a family arrangement and the men in office not rulers, but servants, of the people. Then why hedge the capitol about with iron fences and lock out of their grounds the people with big iron gates? Visitors from the mainland must think that the territory is preserving something precious in the old palace. Tear down the fences and the gates and sell them for junk.

Some better arrangement ought to be made to care for the flower girls that now make some sections of the streets of Honolulu so distinctive. In sunshine and in rain their lot is not what it ought to be and the vendors of Hawaii's beautiful flowers are compelled to move from side to side of streets to find comfort. Who wouldn't miss the flower girls if they should stop selling flowers? It would be in the nature of a public calamity. What would we do on steamer days; whence would come the leis? Truly, the flower girls of Honolulu are more than a unique feature of our cosmopolitan life. They are an absolute necessity. What rich man will immortalize himself by establishing a flower market?

THE LOUNGER.

HE WEARS A REAL MEDAL.

A Beautiful Souvenir Presented by Healanis to George Beckley.

The Hilo Tribune says: The reason why the Kinau was so late in arriving Wednesday evening was said to be that she waited for the Hawaiian delegates who were at the convention. The Tribune has found out the true reason, however. She bore Commodore Beckley, wearing on his breast the life-saving medal of the Healanis Boat club, and the weight of her responsibility made her "go slow."

George, if not the Kinau, has reason to be proud of the beautiful memento of Regatta day's capsizing and rescue which was made by Wichman. It is a miniature life-saving belt, done in white porcelain. The center is a blue ground upon which are raised gold letters "G. C. B." in monogram. The reverse bears the inscription: "Presented to George Beckley in recognition of heroic actions Sept. 15, 1900." The bar of the pin by which the medal is attached to George's manly breast bears the inscription: "Commodore George C. Beckley."

The medal was presented to Mr. Beckley just a half hour before the Kinau sailed for Hilo. Consequently the news is in none of the Honolulu papers received here.

Prince David made the presentation in a neat speech and the whole club offered their apologies for the previous faux pas which was engineered by Chester Doyle, as Mr. Beckley believes.

Importation Direct From Switzerland

We have just received large invoices of seasonable goods in every department, from S. S. Australia. Goods will be open and ready for inspection soon.

The Latest European Novelties

Suitable for Christmas presents; the largest variety of articles ever imported by any store. The quantities are not large, hence it behooves every woman in Honolulu to watch our opening advertisements and sales very closely.

Special--We have 2,000 dozen handkerchiefs for ladies, gentlemen and children; no better assortment will be shown anywhere; they are our own importation direct from Switzerland. Our prices will be the lowest.

Large invoices of silks will also be opened and we call special attention to our complete lines of Taffetas.

Muslin Underwear--In this department we will lead. Our prices are the lowest, our styles the newest and our assortment is so complete that ladies will find no difficulty in making selections.

Boys' Clothing--In this department we have already opened a complete large stock of Wash Suits, and Blue Serges and Tweed Suits. Mothers' Friend Shirt Waists in all styles and prices.

15 Doz. Ladies' White Shirt Waists; do not fail to see them. Our Ribbon Department is complete--our prices are "Bed Rock."

ALLIED TROOPS TAKE THE PEITANG FORTS

But Allow the Chinese Garrison to Escape From Them

ATROCITIES AGAINST CHRISTIANS

STORY OF A MISSIONARY WHO HAD HIS EYES BURNED OUT BY BOXERS.

United States Announces its Recognition of Li Hung Chang and Prince Ching as Peace Commissioners.

Taku, Sept. 29.--Four thousand Russians, 3,000 Germans and 1,000 French troops, with a detachment of Austrian marines began the attack upon the Peitang forts at daylight. The attack was answered briskly from the forts, the bombardment continuing until noon, but it was noticed that the forts did not reply after 10 o'clock.

The allies sent forward at noon to discover the reason of the cessation of firing from the forts and found them deserted, there being only four dead Chinamen within the walls. The allies were much chagrined, as they believed they had the place completely surrounded, making escape impossible; yet over 3,000 men got away in broad daylight. The Russian artillery fire has proved effective and the forts were badly damaged.

The British and Italian commanders had decided to join in the attack, but their troops had not arrived in time.

The entire line between Tientsin and Taku shows reinforcements were heading for the forts.

Three members of the allied forces were killed and fifty were wounded through the explosion of mines laid along their line of march.

STORIES OF ATROCITIES IN HUNAN PROVINCE

Washington, Sept. 22.--An official communication coming through diplomatic channels has been brought to the attention of the State Department giving information as to conditions in the Yang Tse Kiang valley and also giving details and fully authenticating instances of atrocities in the province of Hunan against Christian missionaries. The account is given by one of the Christian missionaries who escaped and who makes the report through the officials of the Government now forwarding it to Washington.

In one case, it is stated, a missionary had his eyes burned out, then a portion of his body was cut off, and finally a red hot staff was driven through his back. In another case a missionary was wrapped in cotton, the cotton was soaked in oil and the mass set on fire.

Concerning conditions in the Yang Tse Kiang valley the report states that the Viceroy there have exercised a most pacific influence, despite orders to the contrary from Peking. It appears that the Peking Government ordered the Viceroy to assemble a large army and march to the north. But as the Viceroy personally were opposed to an anti-foreign crusade, the order was not executed. Instead of that one of the officials assembled an army of 3,000 undisciplined coolies who marched north, as a formal compliance with the order. This action of the Yang Tse Viceroy in resisting the Peking influence against the foreigners, is said to have had an important effect in preventing a general spread of disorders.

THE COURSE OF THIS

GOVERNMENT DEFINED

New York, Sept. 22.--A special to the Tribune from Washington says: Notes have been sent to the Powers clearly defining the course this Government has determined to pursue in the Chinese situation. The Chinese Government must be promptly re-established and enter into new treaties with adequate provision for reparation and guarantees for the future. Most of the United States troops are to be withdrawn from China immediately. China will be compelled to punish her own culprits.

It is the belief of this Government that there is nothing to prevent the beginning of negotiations without further delay and that no occasion exists for the protracted continuance of troops on Chinese territory. Cooperation with the Powers along these lines will be welcomed by this Government which must, however, reserve the right to act independently on any proposition which might lead to war with the Chinese empire.

A memorandum will be made public by the State Department today after the notes reach their destinations, giving a full statement of the conditions now existing which will unmistakably demonstrate that the course of the United States has been thoroughly consistent from the first and that nothing has succeeded in swerving the Administration from its determination not to become embroiled in any ulterior designs other nations may have upon China.

According to the best available specific information, this Government announces its recognition of Li Hung Chang and Prince Ching as the plenipotentiaries of the Emperor Kwang Hsu and has authorized Minister Conger to open preliminary negotiations with them at once, the United States at the same time being prepared to appoint a special committee to meet the Chinese authorities empowered to conclude conventions providing indemn-

nity for past injuries and guarantees for future security.

The United States will insist as a part of the reparation to be demanded in the negotiations that the Chinese authorities shall punish the guilty with deserved severity.

Remey's Report on Peitang Fight.

Washington, Sept. 22.--The Navy Department has received the following cablegram from Admiral Remey:

Taku, Sept. 21.--Secretary of Navy, Washington. Force of Russians, Germans and Austrians advanced on Peitang forts last night. Fire opened by Chinese and kept up all night at intervals. Forts evacuated at 9 this morning. Europeans hoisted their colors over forts at 11. Twenty-five Russians and Germans reported blown up by mine. Information from Commander Wise who followed troops into forts, only five Chinese killed.

LIVE HILO NOTES

AND PERSONAL DOINGS

Mrs. J. T. Lewis has moved this week to the Puna residence formerly occupied by Mr. Busch.

Mr. and Mrs. W. H. Shipman left Hilo this week for a month's sojourn at their mountain residence.

George Potter and wife came from the coast by the Roderick to assume charge of the dairy at the Baker ranch.

Mr. Boutelle, brother of the congressman of that name from Maine, succeeds A. E. Sutton as clerk in the Hilo postoffice.

Luke LeBlonde, who arrived by the Roderick, will remain for the present in Hilo. His father, C. M. LeBlonde, will come down in October.

Manager Castendyke of Hackfeld's Kailua store was tendered a big luncheon Tuesday night. He will take a position in the Hilo store on October 1.

Mr. and Mrs. John A. Scott and family of Wainaku have removed to their seaside residence at Reel's Bay, where they will reside for the next four or five weeks.

Prince David, the nominee of the territorial democratic party, came up to Hawaii by last Kinai. He will stump the island in behalf of himself and the party he represents.

The preliminary hearing of the three men suspected of killing Ah Cho, set for Monday last, was adjourned until the return of ex-Judge Smith, who will assist in the prosecution.

Olaf Peterson, who was an Oahu coffee planter and land owner a few years ago, and has more recently been cultivating gold in the Klondike, is in Hilo again, looking for opportunities for investment.

Dr. W. H. Shoening returned from a pleasure trip to Puna on Monday. He went as far into the wilderness as Kalaupapa. It is suspected that Dr. Shoening is trying to corral the native vote for delegate to congress.

F. C. Carter, who arrived by the Roderick, brings about fifty-five head of fine stock for the Parker ranch, which will be driven over to Wainaku as soon as the animals have recovered from the effects of the sea voyage.

Mr. Johnson of Honolulu, representing the board of health, came up by the Kinai to look after Hilo's sanitary condition. He says that a permanent inspector will probably be appointed by the government for this place.

The Masons of Hilo have purchased a portion of the Hitchcock lot on upper Waiuanue street and will erect a temple on it in the near future. It is probable that a Masonic building association will be organized.

Bids for the excavation and masonry work of the foundations of the electric light and refrigerator plant were tendered on Monday last. The contract was awarded to Nuno Fernandez for \$4,600, the work to be completed within three and one-half months.

The Roderick Dhu, twelve days from San Francisco, arrived in port on Tuesday morning with a full cargo of freight and the following passengers: Miss Frances Washburn, George Potter and wife, F. C. Carter, Mr. McDonald, Lillioe Hapai, Mr. Chalmers, Miss Chalmers, Mrs. Seabaker and child, Mrs. S. L. Austin, Miss Dollie Sumner, Mrs. Williams. It is perhaps needless to state that she also brought her captain and crew. There was, besides, the inevitable stowaway.

ALONG THE WHARVES

Passing of the American Ship Cyrus Wakefield.

THE PILOT BOAT BOYS PAU HOEHOE

A GERMAN VESSEL DRIVEN FAR INLAND IN GALVESTON STORM.

The Zealandia May Take the Australia's Place as a Local Boat—The Irwin Here—Harbor Notes.

The pilot boys said they would quit work unless they were paid a fair salary. Yesterday they walked out and now the pilots must make the best of it in a naphtha launch. Yesterday the Nippon Maru was taken to sea by Pilot Sanders and he was brought back in the Young Bros. launch. Most of the pilot boys will find jobs on the island steamers and on the wharves. Some of them will go into the boat business at the boat landing.

The Nippon Maru, which was expected Friday afternoon, got along-side the dock about 7:30 yesterday morning. The vessel was not due until yesterday, and as Captain Allen found that he would not arrive until late night late, he determined to save coal and get in in the morning.

The Nippon got away for the Orient at a little after 2 o'clock.

The Warrimoo, from Victoria, also arrived yesterday on time. Soon after leaving the coast the vessel ran into a stiff gale and the passengers were nearly all compelled to keep to their rooms for two days.

The Warrimoo brought a good many Honolulu passengers, among them being several old-timers.

She left for the Colonies at midnight.

WILL BE A COAL HULK.

The American ship Cyrus Wakefield, that was purchased a few days ago by the government, will sail for Seattle in a few days. On the sound she will load coal for Manila, and on her arrival at that point with her cargo she will be dismantled and turned into a coal hulk. It was at first Uncle Sam's intention to send her down with horses, but coal for the fleet is now the main desideratum, and the Wakefield will be turned into a hulk to help out on the proposition.

The Wakefield was here several months ago, arriving from Valparaiso, where she put in with her cargo of navy coal on fire. She is one of the finest American ships afloat, and it seems a pity that she should be turned into a coal hulk, even in the service of Uncle Sam.

HIGH AND DRY.

The Norwegian steamer Gylver was picked up by the tornado from her wharf on the east end of Galveston, carried around the bay side, through two bridges and landed six miles away, high and dry, between Virginia Point and Texas City. She is intact but may never float again. The captain says that the ship was driven with such force that when it tore through strong railroad bridges broadside on there was no shock appreciable. He did not realize that the ship was striking anything at all until after he was able to see and found where he was.

ZEALANDIA FOR TAHITI.

SAN FRANCISCO, Sept. 22.—It is expected that the steamer Zealandia will return from her excursion trip to Hawaii with the Mystic Shrimers in time to open the route between this port and Tahiti, leaving the Australia to continue on the Honolulu route. The steamer Queen, it appears, cannot be secured by the Oceanic Company for a trip or two to Honolulu.

SAVAGE FUEGIANS.

SAN FRANCISCO, Sept. 21.—Terra del Fuego seems to be leading a whole lot of interest to the passage of the Straits of Magellan. "The Land of Fire" seems to keep up its name, as every native who leaves that inhospitable shore carries in his canoe a "fire" that is never allowed to go out. Once extinguished, the men and women who live in the frail bark are likely to die, but alight and in good working order, the small flame has proved a menace to many a good ship that has essayed the passage of the Straits of Magellan.

The latest vessel to run the gauntlet was the Kosmos liner Herodot. She was on her way here from Hamburg, and made the long voyage in 102 days. When the steamer passed Sand Point, on the western entrance to the Straits of Magellan, a gale was blowing. Captain Brandenburg knew his way, however, and the big liner went along as though nothing was out of the way. Everything went along without incident until the steamer was within a few hours' sail of Smythe channel. Then a number of canoes showed up on the starboard quarter as the Herodot was slowed down for the night.

When an anchorage was made a double watch was set and it was well for all hands that Captain Brandenburg took such a precaution. The Indians crept up when all hands were supposed to be asleep and fired arrows aboard tipped with tow and lighted in the fires kept constantly burning in the bows of the canoes. Had there been no lookout the Herodot would have been burned to the water's edge and looted, but as it was, no harm was done, as the crew turned out and extinguished the fires.

The next day two of the Terra del Fuegiens boarded the Herodot and asked for something to eat. Soap seemed to be a delight to them, and when Captain

Brandenburg gave them two or three pieces of the scented variety their joy knew no bounds. They ate it an inch at a bite, and rolled it under their tongues as a sweet morsel. The ordinary washing soap that comes in long bars was eaten with relish by other men in the canoes, and had it been possible to utilize it, the whole land of Terra del Fuego could have been bought for a case of common, ordinary washing soap.

Captain Brandenburg, who brings the Herodot into port, was formerly chief officer of the Tanis. He was also here in 1861 in the ship Count Louis, and has therefore a number of friends here. Chief Officer E. Moller has quite a string of relatives in San Francisco, so his visit to California is sure to be a pleasant one.

Captain Brandenburg says that after the encounter with the Indians he decided not to try Smythe channel, and so stood out to sea. Very heavy weather was encountered from that on to Coronel, but after that the Herodot had fair weather to port.

SHIPPING NOTES.

The Nieuw reports 1,051 bags of sugar left on Kaula.

The wreck of the May Flint was sold to George Roth for \$4,450.

The Maui sails for Lahaina, Kahului, Hana, Hamoa and Kipahulu at 5 p. m. on Tuesday.

The American ship James Howes has been chartered to load coal at Tacoma for this port.

The Moana made the run from this port to San Francisco in six days and six hours on her last trip.

The schooner Helene has been chartered to load general merchandise at San Francisco in the Spreckels line.

The bark Amy Turner, for Hilo, and the schooner Robert R. Hind, for Kahului, both sailed from San Francisco on the 21st inst.

The schooner Columbia, from Mahukona, and the schooner William Bowden, from this port, both arrived in Port Townsend on the 20th inst.

Dr. Riskey and Chief Steward Harry Aylen were not aboard the Nippon yesterday, having been transferred to the America Maru on the present trip.

The C. A. S. S. Warrimoo, Phillips, commander, arrived in port and hauled alongside the Navy dock at about 1 p. m. yesterday, from Vancouver and Victoria.

The little brig W. G. Irwin is here again. She arrived from San Francisco yesterday after a fast run of fourteen days. Young Captain Genereaux is in command.

The Kinau arrived from Hilo and way ports at about 11:45 a. m. yesterday. She brought 124 bags potatoes, 55 sacks corn, 23 bags, 32 bundles hides, 268 sheep and 1 horse.

The German steamer Frankfurt, Captain Ernest Malchow, arrived in San Francisco September 22d, sixteen and one-half days from Moff, Japan, and anchored in the stream. She has been chartered by the German government to carry horses to China for the imperial cavalry, and will be able to accommodate about 1,000 animals. The Frankfurt is a new steamer owned by the Norddeutscher Lloyd, and is of extraordinary size.

WARRIMOO'S REPORT.

Purser Belmaine's report of the Warrimoo's voyage is as follows: Left Vancouver at 4 p. m., Sept. 21st, and arrived at Victoria, B. C., at 10:30 p. m., same date. Dense fog prevailed throughout the night, preventing vessel's departure until 6 a. m. next day, September 22d. Thick weather was experienced down the Straits of Juan de Fuca. Cleared Cape Flattery at 11 a. m. and soon after ran into a hard northwest gale, with heavy sea, which lasted until the evening of the 23d inst. Thence fine weather with moderate easterly winds to arrival at Honolulu at noon, September 29th.

ARRIVED.

CHAMBERLAIN'S COUGH REMEDY

A GREAT FAVORITE.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by all dealers and druggists. Benson, Smith & Co., general agents Territory of Hawaii.

Nothing Left of Boer Army, Says Roberts

Only Marauding Bands Now and
These are Being Dealt With
by the British.

London, Sept. 20.—Lord Roberts cables from Neispruit, on the Pretoria-Delagoa Bay Railroad, not far from Komatiport, the frontier station, under date of Wednesday, September 16th as follows: Of the 3,000 Boers who retreated from Komatiport before the British advance from Machadodorp, 700 have entered Portuguese territory, others have deserted in various directions and the balance are reported to have crossed the Komati river and to be occupying spurs of the Lombobo mountains south of the railway.

"A general tumult seems to have occurred when they recognized the hopelessness of their cause. Their long toms and field guns have been destroyed and nothing is left of the Boer army but a few marauding bands. Kelly-Kenny is dealing with one of these, which occupies a position at Moorburg."

The War Office has issued a lengthy report from Lord Roberts on the question of the Johannesburg plot to overthrow the garrison and murder British officers and the deportation of foreigners. After reiterating the known facts of the plot, the British commander-in-chief in South Africa says: "The Consuls of America, Germany, France and Sweden, subjects of which nations were arrested, met and fully discussed the case with the British officials. The interview was most satisfactory. The Consuls entirely concurred with the British action, and promised every assistance."

Lord Roberts adds that he forthwith ordered the deportation of all foreigners arrested in connection with the plot for whose behavior their respective Consuls could not vouch. Otherwise very few foreigners were deported, except employees of the Netherlands Railway who refused to work for the British and actively participated in the war.

Methuen Routes Boer Convoy.

London, Sept. 22.—The following dispatch has been received by Lord Roberts:

"Pretoria, Friday, Sept. 21.—Methuen completely routed a Boer convoy at Hart river, west of Klerksdorp and recaptured a 15-pounder lost at Colenso. He also captured 26 wagons, 8,000 cattle, 4,000 sheep, 20,000 rounds of ammunition and twenty-eight prisoners. "Hildyard occupied Vryheid, September 18th, turning out the Boers from a strong position. The British casualties were few."

"Clery has captured a Hollander-American belonging to Theron's scouts who confirms the report of Theron's death."

Taking Horses for Germany.

San Francisco, Sept. 21.—The German transport Samoa began taking on horses yesterday, and the work will occupy two or three days' time. By the first of the week the steamer is expected to be ready to sail for China. Over 800 animals will be taken by the Samoa, which is one of the largest steamers now in port, when big steamers are somewhat plentiful. She is a sister ship of the Alga, in that she was built by the same firm, but she is rather inferior to the Alga in capacity, though by no means ordinary in size.

Bryan Will Go East.

Chicago, Sept. 22.—Senator J. K. Jones today emphatically denied the story that Col. W. J. Bryan had cancelled his speaking engagements in Illinois and other western States in order to hurry to New York at his request. Senator Jones stated that Col. Bryan will proceed to New York to speak on October 16th, as announced and not before that time.

LOSS IN GALVESTON STORM.

Governor Sayers Issues Statement of Awful Damage Done.

Galveston, Tex., Sept. 19.—Governor Sayers tonight gave out the following signed statement:

"The loss of life sustained by the storm in Galveston and elsewhere on the southern coast cannot be less than 12,000 lives, while the loss of property will probably aggregate \$20,000,000. Notwithstanding this severe affliction, I have every confidence that the stricken districts will rapidly revive and that Galveston will from her present desolation and sorrow arise with renewed strength and vigor."

"To the people of the United States whose munificent generosity has, without solicitation from me, contributed so much to the relief of the storm sufferers, I, as Governor, beg to tender my most profound and most grateful acknowledgements, assuring them that their generosity will be held in lasting remembrance by the people of Texas."

BORTO RICANS FOR HAWAII.

Planters Seek the Treasury's Permission to Transport Them.

WASHINGTON, Sept. 19.—George E. Baldwin, formerly with the treasury department, but now of Honolulu, is in the city in the interests of the Hawaiian Sugar Planters' Association. There is a great dearth of laborers in the Hawaiian Islands, and Baldwin wants to get 4,000 Porto Ricans to go there to work in the cane fields. The planters will pay their expenses there and will give from \$20 to \$25 per month (gold), plus house rent and medical attendance, to field hands. The treasury officials, however, refuse to say whether Porto Ricans can come into this country under such a contract. George Arui was recently admitted to this country from Porto Rico under contract, but treasury officials now say that such a contract was a mistake.

OF PERSONAL INTEREST

Stock yards do filling, excavating and team hauling.

J. H. Schnack, real estate agent, has a small modern cottage for rent. See his ad.

Mrs. Hanna, milliner, will remove tomorrow to King street, next to Bailey's Cylery.

Rev. G. R. Pearson of the Methodist church returned from Hilo on the Kilauea.

Sale of broken lots of ladies' and children's stockings starts tomorrow at R. F. Ehlers & Co., Fort street.

E. Omstead, T. Brandt and John A. Palmer, all of Waimea, Kauai, are among those registered at the Hawaiian hotel.

A. C. Steele, business manager of the Hilo Tribune, came over on the Kilauea yesterday and will remain here until Tuesday.

Fifty dozen misses' and children's stockings at 10c a pair, original price 25c, at the White House, 420 Fort street. Sale only lasts three days.

The Misses De Larigues hair dressing and manicuring parlors are now located on Alakaa street, next to Dr. Anderson's office, opposite Y. M. C. A.

Yan Kam, a 3-months-old infant, died at Palama, near Geo. Houghtaling's place, yesterday. Cause of death was enteritis. The burial took place at Palama.

John Lycurgus, a brother of George Lycurgus, proprietor of the Union Grill, came over from Hilo yesterday. Today there will be a family reunion on the Camarinos ranch.

There will be a special sale in towels, napkins, table damasks, curtains and curtain goods for a few days only at the Bargain Store, corner Fort and Betelania streets. See ad.

Hundreds of people took advantage of the White House special sale last week. It lasted for three days only, but was a tremendous success. Something new for this week. See ad.

Mrs. L. P. Chun, a native of China, aged 24 years, died on Friday at the family residence on Achi near School street of heart disease. The remains were interred in the cemetery at Makiki yesterday.

The infant daughter of Maria da Gloria Fernandes died at Palama, near King street terminus of the tramway, yesterday. Death resulted from malnutrition. The interment was held at the Catholic cemetery at Makiki.

Rev. W. D. Westervelt will preach this evening at Kawaiahao church at 7:30 on "The Story of Kalamakou," one of the earliest Christian converts among the high chiefs and the second native to unite with Kawaiahao church seventy-five years ago. The sermon will be in English.

Due to the increase in demand for Lowrey's Chromake Bon Bons, Lewis & Co. have been unable to supply the public with these popular goods, but now they are prepared to furnish the trade with any quantity from one to five hundred pounds, as they received a very large shipment per S. S. Australia.

Lam Sai, the secretary of the local Bow Wong association, left on the Nippon Maru yesterday for Japan. He goes to attend a conference of reform leaders which is to be held in Tokyo next month. His family accompanied him. Lam Sai is well known in Honolulu, having been in business here for some years.

Rev. J. P. Erdman will preach at 11 a. m. and 7:30 p. m. today at the Christian Union church on the following subjects: "The Word of God a Sanctifier," "The Warfare of Life," Bible school at 9:50 a. m., with a rally day service; subject, "Shepherding the Sheep." Rev. E. B. Turner will speak and Mrs. Otis will sing "The Ninety and Nine." Parents and friends invited.

In Their Infancy

They should be exterminated. They soon grow up and when full grown what a pest they are! We are talking about Roaches—

Rough on Bugs

Is a mixture that will do the work shortly after it is sprayed around the house. It not only kills roaches but has the same effect on

All Bugs.

PLATFORM OF THE Independent Home-Rule PARTY.

Adopted in Island Convention, Honolulu, H. I., June 7, 1900.

PREAMBLE.

"We believe that all governments founded on an independent basis should be assured of freedom without oppression. We believe that every person is equal with a right to be independent and that he is endowed with the privileges of life, liberty and the right to choose that which will contribute to his best advantage. We believe in protection against suppression. We believe that the people and of the people are equal rights for the people, by the people. Equal rights for the people is the motto adopted in the platform of the independent party is that the successful candidates in the legislature of the Territory of Hawaii should strive every way to secure the consent of the congress of the United States to make a state of the Territory of Hawaii and pledge themselves to support all good and equal provisions that either the republican or democratic parties of the United States may see fit to enact.

"We further pledge ourselves to support that political party in the United States that will work to make Hawaii a state.

"We intend to strive in every way possible to secure from the United States benefits and privileges for the natives and other citizens alike who will work together for the good of the country, regardless of color. We also intend to strive toward the end that our representatives shall formulate the best laws for the people.

"Our legislators should strive to obtain homesteads for the citizens out of the lands that have been taken over by the United States.

"They should also strive to set aside an appropriation for damages by fire, caused by the burning of Chinatown and other places by the board of health in connection with the suppression of bubonic plague in 1900.

"They should further strive to encourage education, industrial pursuits, farming, road making, railroads and both foreign and local commerce that will redound to the advantage of the country.

"We stand opposed to monopolies, to any attempt at a restriction of the voting privileges of natives or citizens who think as they do, that might be attempted later. We stand opposed to the heavy taxation of the people, the restriction of the rights of the natives and to all other restriction of the rights of the people.

"We declare that labor, other than by contract, on government work either mechanical or industrial, shall not exceed eight hours a day.

"Labor on government contracts or otherwise, either direct or indirect, shall be performed by citizens of the Territory of Hawaii.

"We shall encourage the importation of labor into the Territory of Hawaii from the citizenship of the United States.

"We pledge ourselves to resist the furtherance of trusts in the Territory of Hawaii.

"We are pledged to earnest and unceasing effort to secure for all those persons imprisoned by the martial law rule of 1895 and by sentence of the military commission of 1895 such financial remuneration as is their just due."

STANDARD SPECIFICATIONS FOR
SIDEWALK CURB AND PAVEMENT
FOR THE CITY OF HONOLULU.

On and after this date all sidewalks and curbs constructed within the limits specified below, shall conform to the following specifications. In accordance with Section 371, Civil Laws, 1897.

CURB.—The sidewalk curb shall be of good quality lava rock in blocks not less than 30 inches long, six inches thick at the top edge and sufficiently wide to be held firmly in place by the street paving; to be hammer dressed on the outside for a width of not less than ten inches and on top edge which must show a uniform width of six inches. Blocks to be well bedded, laid true to line and grade and the joints between the blocks filled with cement grout. At street corners curb to be carried around on a curve the radius of which is not less than width of sidewalk.

PAVEMENT.—To be artificial stone flagging composed of cement concrete, constructed in alternate slabs in place. It shall consist of two parts; first a base course 3 1/2 inches thick, second a finishing or wearing course 1/2 inch thick.

BASE COURSE.—The base course shall be composed of three parts crushed blue lava rock known as No. 2, no piece of which shall be larger than will go through a two-inch ring; two parts of crushed blue rock known as No. 3, leaving out all which will pass

through a screen of mesh to the inch; two parts of clean screened beach or other good sand; one part of cement. Sand and cement to be thoroughly mixed before being wet and then with only enough water to make a stiff mortar. Wet broken stone before putting on mortar. Mortar to be spread evenly over stone and the mass turned in the box till thoroughly mixed. The concrete shall be properly deposited in place without being scattered and rammed until the mortar flushes to the surface, using care to compact the outer edges.

FINISHING COURSE.—The finishing course of cement mortar shall be in no place less than 1/2 inch thick and shall be composed of one part cement and one part of the fine screenings from the No. 3 rock and two pounds lamp black to each barrel of cement. It must be spread on the base course, and floated, while the latter is still soft, and adhesive, after which the surface will be smoothed and compacted by thoroughly and skillfully troweling before the cement is too hard for such finishing. The work must be kept moist and protected from the direct rays of the sun for at least three days by covering with two inches of sand.

PREPARING SUB GRADE.—The space to be occupied by the walk shall be properly graded to a depth of 4 1/2 inches below top of finished walk. Any soft, loose or unsuitable material found in the sub-grade shall be removed and the space filled with fine broken stone or cinders, after which the whole surface shall be thoroughly compacted by ramming or rolling and finished to required grade and cross section.

GRADE.—Unless otherwise especially provided for, the finished surface shall be a true plane rising from the curb grade at the curb line at the rate of one-fourth inch (1/4 inch) to one foot (1 foot) to the property line.

PORTLAND CEMENT.—Cement must be of a well known or standard brand, in good condition and must stand the test required for cement in government contracts.

CONCRETE.—The material used in construction must be proportioned by exact measurement, and for this purpose contractors will be required to provide themselves with rectangular boxes for measuring materials and tight boxes for mixing. No mixing of materials on pavement will be permitted. No retamping will be permitted and concrete which has already begun to set before being put in place will be rejected. Concrete shall be laid in blocks shall be put in alternating, and width by the width of walk and shall be marked off into squares by the use of proper marking and jointing tools. Screeds of sufficient stiffness must be used to preserve a true and straight edge the width of the walk. Concrete blocks of hot to exceed three feet in each block finished with top coat immediately so that a good and sufficient bond may be had between them. Intermediate blocks shall not be put in for at least twelve hours after finishing the first block.

DRIVEWAY. Whenever driveway occurs, the artificial stone flagging shall not be less than eight (8) inches in thickness, and the surface shall be finished with sufficient longitudinal grooves or corrugations, to provide a safe foothold for animals. Stone paving of approved construction may be substituted for concrete in driveways.

BITUMINOUS PAVEMENT. Outside of the limits mentioned for cement paving, the property owners shall have the option of constructing sidewalk pavement of either cement concrete as specified or of approved bituminous material.

The specifications for cement pavement shall apply to all sidewalks constructed in the City of Honolulu, Island of Oahu, within the limits, bounded by the waterfront, commencing from the Marine Railway to River street, thence along River to Vineyard street, thence east along Vineyard street to Nuuanu street, thence up Nuuanu street to School street, thence East along School street to Lusitana street, thence along Kinau street to Victoria street, thence down along Victoria street to King street, thence west along King street to South street, thence down South street to Queen street, thence West along Queen street to Punchbowl street in a direct line to place of commencement, including both sides of the streets named and also King street as far as the Palama Pumping Station, Nuuanu avenue, as far as Judd street, and Beretania avenue from River to King streets.

The specifications for curb and for option of bituminous pavement shall apply to that portion of Honolulu bounded on the South East by a line running N. E. true from the sea passing through the Diamond Head trig. station; on the Northwest by the Kalia stream, on the makai side by the sea and on the mauka side by a line parallel to, and one and one-half miles from the water front.

NOTIFICATION.—Property owners will be notified when they are required to construct sidewalks.

J. A. McCANDLESS,
Superintendent of Public Works,
Public Works Department, Honolulu,
Sept. 26, 1900.

POLITICS AND NEWS ON THE BIG ISLAND

A Few Remarks on the Proposed All-Native Ticket.

IS PROMISING IMPOSSIBLE THINGS ONE OF BOB WILCOX'S STORIES RUDELY EXPOSED AS PURE FABRICATION

Grand Send-Off Given George Rodiek by His Friends—Live Hilo Notes and Personal.

The Hilo Herald says:
"The theory that a white man cannot be elected to the lower house had better be thrown to one side, and if the republican voters are going to the polls with that idea in view they are going with the battle lost before it is fought. There are surely enough Hawaiian citizens who will vote for the best man regardless of color. With the cumulative voting system for representatives the Hawaiians cannot prevent the election of at least one native. The Herald considers the Hawaiians too sensible to vote against their own interests at this time. They have not forgotten the time when Hilo was represented in the legislature by residents of the other islands mainly because of the fact that a white man had no show at the polls against a Hawaiian."

"Do the Hawaiians believe that they can set up a monarchy or restore Liliuokalani to the throne once they have been elected to the legislature? Do they believe they could accomplish more alone than with the assistance of haoles of judgment and experience? If they do, then the Herald believes they are wrong. It is said that a Hawaiian in North Hilo who seeks the nomination on the independent ticket has given out to his friends the statement that when he goes to the legislature he will have passed a bill providing taxation for the whites and freedom from taxation for the Hawaiians. And there are some misguided fools who believe he will accomplish it. Conditions in the legislature two years hence will be widely different from those which confront the legislator of today. Now is the time when conservative, brainy men are needed to meet and grasp the issues, and Hawaiians will best serve themselves by throwing off the yoke of the independent party and taking a bold stand on the side of republicanism."

ONE OF WILCOX'S STORIES NAILED AS UNTRUTH

This is an opinion by the Hilo Herald:
"One of the arguments used by Bob Wilcox in favor of his election, and used by him during his recent campaign tour, was that through his efforts the statute providing for imprisonment for non-payment of taxes had been repealed. Hawaiians who believe such balderdash are weak or as bad as the man who makes the statement. Bob Wilcox went to Washington in the interest of himself and wife, and with the expectation of getting some kind of a settlement of the crown land question, in which he says his wife has a claim. His advice was not sought by representatives nor senators in framing the Organic Act, nor would it be on any measure provided the Hawaiians are foolish enough to send him to congress. If Mr. Wilcox desires to be in politics his proper place, as the independent truthfully remarks, is in the local legislature, where he could fume as much as he pleased without doing any particular damage. Up to date the condition of the Hawaiian has not been perceptibly bettered through his efforts."

MR. GEORGE RODIEK'S SEND-OFF AT HILO

From the Hilo Herald: "When Geo. Rodiek entertained his Masonic brethren at dinner a few weeks ago the guests decided that on the day of the departure of their host they would take him in charge. Without Mr. Rodiek's knowledge a committee was appointed and arrangements were made to send him away in a style decidedly novel to Hilo, and in a manner which would long be remembered by him.

"Accordingly, when the carriage in which Mr. Rodiek was riding to the wharf last Friday, reached Waiakae bridge he was met by his brother Masons and requested to get out and walk. He demurred, but his demurrer was overruled. On reaching Bob Andrews' place he saw a platform and chair, beautifully decorated with flags and flowers, and six stalwart Hawaiians ready to act as bearers. Mr. Rodiek at first declined an invitation to take a ride that way, but afterwards yielded, and directly he was seated the natives raised the platform to their shoulders and in that way he was escorted to the Kinau by about fifty of his friends. On reaching the cabin Mr. Rodiek issued orders to the steward, which were promptly filled."

He Owes His Life to the Forethought of a Companion.

While on a camping trip in Webster county, Mr. S. I. Stamp of Newmarket, W. Va., had a severe attack of bloody flux. He says: "I firmly believe that I owe my life to the forethought of one of the company who had taken along a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy." Moral—Procure a bottle of this remedy before leaving home. It cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamship and at such times and places it is most likely to be needed. The safe way is to have it with you. Thousands of travelers never leave home on a journey without it. For sale by all dealers and druggists. Beware of cheap imitations. 74 N. Broadway, New York City.

Announcement to the Ladies

On October 1 We will remove 307

Hair Dressing and Manicuring Parlors

To Alakea Street, next to Dr. Anderson's Office, opposite Y. M. C. A.

is worthy of its name. Send for booklet.

United Typewriter and Supplies Co., 327 Montgomery St., San Francisco, Cal.

THE NEW CENTURY TYPEWRITER

The NEW CENTURY TYPEWRITER marks the highest development of that type of ribbon machine which uses a key for a character; its predecessor, the Caligraph, noted for its durability, introduced this popular type, and the same excellence of construction which distinguished the old machine characterizes the new.

A nicely balanced, rigid and responsive mechanism has given the NEW CENTURY an incomparably easy and elastic touch, excellent alignment, and an absence of noise in operation that is at once noticeable.

It does its work with great economy of labor and time.
