Proposed Amendment to the Constitution.

AN ACT

TO AMEND ARTICLES 48, 56, 59, 62 AND 63 OF THE CONSTITUTION AND TO ADD A NEW ARTICLE TO THE CONSTITUTION TO BE CALLED ARTICLE 83.

Be it enacted by the King and the Legislature of the Hawaiian Kingdom:

SECTION 1. Article 48 of the Constitution is hereby amended so that said Article shall read as follows:

"Article 48. Every Bill which shall have passed the Legislature shall, before it becomes law, be presented to the King. If he approve he shall sign it and it shall thereby become a law, but, if not, he shall return it, with his objections, to the Legislature, which shall enter the objections at large on their Journal and proceed to reconsider it. If after such reconsideration it shall be approved by a two-thirds vote of all the elective members of the Legislature, it shall be returned to the King for signature, but if such signature shall again be refused, then it shall become a law. In all such cases the votes shall be determined by yeas and nays, and the names of the persons voting for and against the Bill shall be entered on the Journal of the Legislature. If any Bill shall not be returned by the King within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the Legislature by their adjournment prevent its return, in which case it shall not be a law."

SECTION 2. Article 56 of the Constitution is hereby amended so that said Article shall read as follows:

"Article 56. A Noble shall be a male subject of the Kingdom, who shall have attained the age of twenty-five years and resided in the Kingdom three years, and shall be the owner of taxable property in this Kingdom of the value of three thousand dollars over and above all encumbrances, or in receipt of an income of not less than six hundred dollars per annum."

SECTION 3. Article 59 of the Constitution is hereby amended so that said Article shall read as follows:

"Article 59. Every male subject of the Hawaiian Islands, of Hawaiian, American, or European birth or descent, who shall have attained the age of twenty years, and shall have paid his taxes, and shall have caused his name to be entered on the list of voters for Nobles for his District, shall be an elector for Nobles, and shall be entitled to vote at any election of Nobles, provided:"

And also that the clause numbered second of said Article 59 shall be amended to read as follows:

"Second. That he shall own and be possessed in his own right of taxable property in this country of the value of not less than one thousand dollars over and above all encumbrances or shall have actually received an income of not less than six hundred dollars during the year next preceding the registration for next general election."

SECTION 4. Article 63 of the Constitution is hereby amended so that said Article shall read as follows:

"Article 63. No person shall sit as a Noble or Representative in the Legislature unless elected under, and in conformity with, the provisions of this Constitution."

SECTION 5. Article 62 of the Constitution is hereby amended so that said Article shall read as follows:

"Article 62. Every male subject of the Kingdom, of Hawaiian, American, or European birth or descent, who shall have taken an oath to support the Constitution and laws in the manner provided for electors of Nobles; who shall have paid his taxes, who shall have attained the age of twenty years, and shall have been domiciled in the Kingdom for one year immediately preceding the election; and shall know how to read and write either the Hawaiian, English,

or some European language, (if born since the year 1840,) and shall have caused his name to be entered on the list of voters of his District as may be provided by law, shall be entitled to one vote for the Representative or Representatives of that District, provided, however, that the requirements of being domiciled in the Kingdom for one year immediately preceding the election, and of knowing how to read and write, either the Hawaiian, English, or some European language, shall not apply to persons residing in this Kingdom at the time of the promulgation of this Constitution, if they shall register and vote at the first election which shall be held under this Constitution."

SECTION 6. A new article in addition to, and in amendment of the Constitution, to be called Article 83, is hereby added to said Constitution to read as follows:

"Article 83. The Legislature may from time to time enact such laws as it may deem proper for the supervision and control and identification of all persons or any one class or nationality who may be introduced into the Kingdom for the purpose of performing agricultural labor, and may also, by law, restrict and limit the term of residence in the Kingdom of such agricultural laborers and the business or employment in which they may engage."

I hereby certify that the foregoing Bill passed its Third Reading in the Legislature of the Hawaiian Kingdom on the 10th day of November, A. D. 1890.

CHARLES WILCOX,

Secretary.

GREAT SOCIAL EVENT.

Reception by Mr. and Mrs. W. C. Wilder.

Combined Birthday, Housewarming and New Year's Party.

Description of the Mansion—List of the Guests.

A magnificent event was Mr. and Mrs. W. C. Wilder's reception at their handsome new house, Makiki, last night. Although the family have been occupying the mansion several months, several circumstances made the postponement of the housewarming desirable. When the date was selected for the event it was one having a triple significance. It was the initial birthday of the year and it was Mr. Wilder's fifty-seventh birthday, as well as the tendering of the hospitality of his beautiful new home to society.

The reception opened at 8 o'clock and the spacious rooms were soon thronged. Mr. and Mrs. Wilder received the guests in the parlor, their sons Gardner K., Chauncey and Charles being the ushers. Mr. Hugh Gunn and Miss Agnes Walker attended on the host and hostess, presenting guests when required with accomplished grace. It was Miss Walker's birthday too, and she was congratulated by those in the secret. As the procession passed on it divided into groups in the various rooms, making a great buzz of seasonable greetings and cheerful conversation. Over an hour sped along with this animated scene, while the Royal Hawaiian Band played on the outside.

Dancing was next in order. A large hall roofed with iron, enclosed with drapery of flags, and floored in the most finished way, had been erected on the north flank of the rear wing for the ball. At every number the floor was thronged with dancers, to whose light-tripping feet the Royal Orchestra gave time and tune. The scene was a truly entrancing one, the gay dresses of dames and dainties intermingling in bright relief with the sedate evening apparel of the old and young lords of creation, and here and there the gold lace and epaulets of Uncle Sam's navy, contributing their sheen to the kaleidoscopic picture.

There was a pause in the revelry at the middle of the program, when the dining room was thrown open for the service of refreshments. This revealed an abundant and elegant collation, covering a wide range of fine products of the culinary art, from which the most delicate palate or the most fastidious appetite could not fail to make an agreeable selection. The feast was prepared under the supervision of Steward Mariano of the British Club, which is enough said as to its superb quality. Coffee, tea, lemonade, ice cream, sherbets and cognate refreshments supplemented the more solid factors of the banquet. When all appetites had been demolished the dance was resumed, closing with the end of 1892's first day.

Following is as near a complete list as could be obtained of those present at the reception and ball:

Miss L. Atkinson, Mr. A. L. C. Atkinson, Hon. and Mrs. W. F. Allen, Mr. Geo. Allen, Dr. and Mrs. Andrews, the Misses Alfong (2), Mr. W. O. Atwater, Mr. and Mrs. W. G. Ashley, Mr. C. W. Ashford, Col. V. V. Ashford, Mr. C. W. Ashby.

Wilder, Mr. A. A. Wilder, Dr. and Mrs. Wood, Mr. and Mrs. Alex. Young, the Misses Young (2).

A brief description of Mr. Wilder's house, whose hospitality were dispensed in such a princely manner, will be apposite in this place. It is an imposing-looking mansion on an elevated site bordering on Pensacola street, Makiki. The house is two stories and an attic in height, of no particular class of architecture other than an elegant modern style. The main part is 38 feet by 50 feet ground plan exclusive of bay windows, and is divided on the first floor into parlor and library on the south side and a large double drawing room on the north. An ample wainscoted hall extends from front to rear. A wing in the rear contains a dining room 16 feet by 28 feet, kitchen 11 feet by 18 feet, pantry, etc., below. A veranda in front is 12 feet and one on the north side 10 feet wide. Ceilings on the lower floor are 14 feet and on the upper 12 feet high with beautiful decorations in colors. There is a fireplace with chimney in the rear drawing room. A heavy open work moulded screen stands in front of the staircase, making an effective-looking innovation. The banisters are massively constructed in similar work to the screen of Spanish cedar. A hall with spacious bed chambers on each side is reached up stairs, ending in a large balcony on the front. On the staircase and upper hall there is figured wainscoting known as Lincrusta Walton with a sort of terra-cotta aspect. There are two large bed chambers on the upper floor of the wing. Two handsomely fitted bath rooms are upstairs, supplied with cold and hot water, be sides which there is a lavatory in a niche at the junction of the wing with the main house on the southern side below. A very large clothes closet connects with each bedroom. Another veranda is on the north side upstairs. All the verandas have strong pillars with arches of ornate but massive design, which give the house a rather palatial exterior. At the rear of the upper hall is a large window of colored glass in a rich design. There is a roomy attic under a lofty roof, the front dormer window of which yields a magnificent view of Honolulu, the ocean, Diamond Head, and the Waikiki suburbs. Mr. C. I. Havens of Flood Block, San Francisco, furnished the plans on which the house was built. It was constructed under the supervision of Mr. John Oederkirk of Honolulu. All the masonry work was done by the Honolulu Planing Mills (Mr. Geo. Lucas, proprietor). With the exception of the banisters and wainscoting already mentioned, the whole house is finished in California redwood. All the rooms in the house, as well as the barn and other buildings on the premises, are lighted with incandescent electric lamps, served by a plant on the ground. The electric plant is run by a Shipman (kerosene oil) engine of four horse power. A 30-light dynamo furnishes the current, and is connected with a storage battery having a capacity of 30 lights for ten hours. The engine and battery are combinable at will, thus affording a 60-light supply for the stated time of ten hours. Mr. Wilder's homestead has on it besides the new mansion a sleeping lodge, a billiard hall, the old house in which the family has lived nine years, a modern barn, the electric light station, and minor structures.

CAPT. LARSEN ARRESTED.

Wm. Larsen, formerly Captain of the Honolulu Police, and at present residing on the other side of the island, was arrested on Thursday for attempting to assault a white man with a deadly weapon. The latter got out a warrant for his arrest which was duly executed. Larsen furnished bail and was allowed to go at large. It is said the man was following Larsen, who thought he was a spy and, with a warning, opened fire on him.

RECEPTION Y. M. C. A.

The ladies of the Y. M. C. A. and Y. W. C. T. U. gave a reception and lunch at Y. M. C. A. rooms on New Year's afternoon. About 150 men were entertained by the ladies, the reception lasting from 11 to 3 o'clock. A large contingent of the most prominent men in the community attended together with many young men whose response to the invitation was mutually gratifying. It was the best New Year reception ever held by these organizations, and doubtless will have been productive of much good, by helping young men to begin a new year both well and pleasantly.

REASON WHY

The New Drug Store is being so well patronized, is very easy to understand.

It is well known that drugs and medicines do not improve with age, especially in this climate.

Hence, everyone who stops to think a moment on the subject concludes immediately that, if it is necessary to take medicine, it is an important point to be sure and get the FRESHEST medicines that can be obtained.

For instance, if there is an infant in the family and it is desirable to feed it on Mellin's Food or Ridge's Food, why not get the FRESHEST in the market?

Scott's Emulsion is far more palatable when fresh, and if you are taking it for general debility, or any other trouble, you will find it better to get it as FRESH as possible.

Then again, Pills, Cough Medicine, Liniment or any one of the many Patent Medicines, if they are FRESH, you can expect to get beneficial effects.

The ENTIRE stock at the New Drug Store can be relied upon, for everything is NEW and of the BEST quality.

Moreover HOBSON, NEWMAN & Co. guarantee that their Goods are just as they represent them.

As you pass their way drop in and look at those Tooth Brushes which they claim to be the best in Honolulu.

THE OLDEST DAILY in the Kingdom—The Daily Bulletin.

Has it ever occurred to you what a desirable and acceptable present a picture makes? If not lend us your ear for a moment until we explain. In the first place everyone enjoys looking at a pretty picture; it not only serves to beautify the home, but appeals to one's better feelings and forms excellent food for thought, which nothing else can give, and if the subject be well chosen, serves as a silent lecturer for good. One need not confine himself to any particular style as the assortment of both styles and subjects is unlimited and almost any fancy can be gratified.

A picture has the peculiar power of stamping its image upon the minds of all who may see it, and in many cases leaves a lifelong impression.

When making your rounds of shopping drop in at King Bros., on Hotel street, and see what they have to offer in this line, if for no other purpose than to enjoy what is to be seen.

LATEST FOREIGN NEWS.

San Francisco, Dec. 22, per S. S. Australia.

GENERAL INTEREST.

A compromise is said to have been effected with the robbers who recently stopped a San Francisco train a short distance from St. Louis, and robbed the express car of \$100,000.

The robbers, it is stated, have returned most of the money, after being promised safe conduct out of the country. R. W. Goode, an attorney, admits that one of the robbers communicated with him and asked him to try and effect a compromise, but will say nothing more.

Acting on information that 1200 Chinese laborers discharged by the Tehuantepec Railroad Company were on their way to the United States, Acting Secretary Spaulding instructed the customs officials along the Mexican frontier to use extra vigilance to prevent any of them from crossing the border line.

A special from Washington says the Secretary of State has announced the conclusion of commercial reciprocity agreements between the United States and all the British West Indies and British Guiana, and on January 1st next the President will issue a proclamation announcing the details of the convention. The agreement includes special arrangements with Jamaica, Barbados and Trinidad, and the Leeward Islands. Imports from the British West Indies last year amounted to \$13,860,000, total \$19,180,000. Exports to British West Indies, \$8,100,000; to British Guiana, \$2,100,000; total, \$10,200,000. In return for the free entry of sugar and coffee into the United States, it has been agreed by the colonies not only to greatly enlarge the free list of their tariff, but also to make a very considerable reduction in the duty on the leading agricultural and other products of the United States.

The Clan-Na-Gael men of Philadelphia are getting ready to strike a blow for the Emerald Isle. The Alexander Sullivan wing of the Clan-Na-Gael have issued a secret circular to the different camps in the United States, calling upon Irishmen, inasmuch as parliamentary agitation has been unsuccessful, to return to physical force. The circular says that a large amount of money has been consumed in peaceful agitation, and asks what it has accomplished. It advises 15 percent of the funds for each camp should be sent to a special committee at once in order to begin work. An officer of the Clan-Na-Gael says the organization is the strongest in existence to-day, and that they have 20,000 men ready to strike a blow for Ireland as soon as an opportunity presents itself.

It seems there was method in Edward Field's madness. In spite of the insanity dodge he was indicted by the Grand Jury last Tuesday on the charge of misappropriating fifty shares of Union Pacific and Denver, Rio Grande and Gulf stock. He was arraigned in Part I of the Court of General Sessions before Judge Cowing. His counsel entered a plea of not guilty and he was then admitted to bail in \$25,000. J. Pierpont Morgan and John T. Terry qualified as bondsmen. He had no sooner left the Court when he was arrested on an order in a civil suit brought by P. H. Deitz, who charges Field with hypothecating securities deposited with the latter's firm for a loan of \$125,000. Field was taken to Ludlow jail. His father, Cyrus W. Field, is improving although he seems to have no desire to live. He feels his son's disgrace keenly and says that he himself is as poor as the day he came into the world. The amount of Edward Field's defalcation is at least \$2,000,000.

The influenza or la gripe is raging both in the old and the new world. Deaths are occurring by the hundreds in Paris. Royalty has had to submit to the disease and a number of deaths of noted people are reported. Speaker Crisp is afflicted with it. It is making its way among high and low, rich and poor. A number of schools in California have closed, both teachers and pupils having become victims to the epidemic. In fatal cases it invariably terminates in pneumonia.

The Flowery Kingdom will not be represented at the World's Fair. Tsin Broo Yin, the Chinese Minister at Washington, says that China has not officially declined the invitation to participate in the World's Fair. China has never, as a Government, participated in expositions, but Chinese merchants will undoubtedly make exhibitors.

ARE YOUR CHILDREN SUBJECT TO CROUP?

As a preventive and cure for croup, Chamberlain's Cough Remedy has no rival. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. There is not the least danger in giving it to children, as it contains no injurious substance. For sale at 50 cents per bottle by all dealers. Benson, Smith & Co., agents.

THE RIFLE MATCH.

Successful Meeting of the H. R. A.

Several of the Newer Sharpshooters Go Away to the Front.

The Hawaiian Rifle Association held the twelfth semi-annual meeting at their rifle range at Kakaia on New Year's Day. The day was clear and all that could be desired. The attendance was good and the shooting was exceptionally fine. The matches were begun early in the day, and not an interruption occurred to mar the enjoyment of the day. The Wall brothers were in fine fettle and showed their superiority in handling the trigger in several of the matches. The Alden Fruit & Taro Co. medal became the property of W. E. Wall, he having won it at three successive meetings of the Association. He also won the Governor Dominis Cup and the H. R. A. Trophy. H. W. Peck walked off with the Waimanalo Gold Medal for good. The Directors' Cup became the property of C. J. Wall, that shot having made a straight run. The two additional medals presented by E. O. Hall & Son and the Hawaiian Hardware Co. were won by C. J. Wall and F. S. Dodge, respectively, but not permanently. In the fourth match W. E. Wall's previous record of 90 percent not being broken he still retains the medal. C. J. Wall won the first prize in the Citizens' Match and has selected the Marceau award.

CONNUBIAL BOOM.

Three Couples Embark on the Sea of Matrimony.

HOLT-STEINECK.

James Lawrence Holt and Miss Lena Steineck were married on New Year's eve. The nuptial knot was tied at the Roman Catholic Cathedral by the Bishop of Oahu. A large concourse attended the ceremony, at the conclusion of which the youthful couple retired to the residence of Mrs. H. Hart, Nuuanu Avenue, where the reception took place. The happy pair received their friends under a canopy of flowers and evergreens artistically woven. F. Peterson was best man and Miss Julia Steineck, sister of the bride, was bridesmaid. The bride was beautifully attired in a dress of white brocade silk and was adorned with the usual marriage veil. Mr. F. A. Schaefer, guardian of the bride, was present, and helped in making all comfortable. A. Jones acted as usher and conducted all to their seats in order. The Y. M. C. Club, of which the bridegroom is a member, also attended the reception, in uniform. After the reception dancing was indulged in, to music by a detachment of the band, and kept up till near midnight, when all were invited to a capacious lanai erected on the lawn, where several large tables stood loaded with many good things in native fashion. The health of the youthful couple was drunk, after which many returned to the hall and tripped the light fantastic toe till the wee sma' hours of morn. The presents to the newly-married couple were many and varied.

SAONE-BROWN.

Mr. A. B. Saone and Miss Ellen Brown were married at Kawaiahae Church on New Year's eve, by the Rev. H. H. Parker. A reception was held later at the Industrial Home for Girls, of which the bride was an inmate. The grounds were beautifully illuminated and presented a fairlike appearance. A detachment of the Hawaiian band played on the grounds during the reception, while on the inside of the building was taking place an enjoyable festival.

LUCAS-PARMENTER.

Mr. Albert Lucas and Miss Tillie Parmenter were quietly joined in the holy bonds on New Year's eve.

AMERICAN LETTER.

SAN FRANCISCO, Dec. 22, 1891.

FOREIGN AFFAIRS.

It took a seven-hours' debate in the German Reichstag, to pass the Austrian-Hungarian treaty of commerce. A large majority of the members voted for the measure. The duties were adopted by 200 to 66.

The Empress Frederick is said to have been a severe sufferer by the recent failure of the Wolffs in Berlin. Personally she has great faith in them, for the late Emperor Frederick always kept a large account with them. The Wolffs for many years have had almost complete control of the imperial private investments.

There was a fresh eruption of the Colima volcano on Dec. 16th, accompanied by violent shakings of the surrounding country. A number of houses collapsed. Slight shocks of earthquake were felt at Jalisco and Acapulco.

The Christmas festivities are a dreary mockery to the people of the city and State of Durango, Mexico. Hundreds are dying of starvation. The State Government several days ago contracted for 100,000 bushels of corn and the order has now been doubled. The grain will come from Kansas in the United States. The grain is rated at \$2.50 per bushel which is the cost price. Most of the sufferers, however, have no money with which to purchase it and must starve. It is estimated that it will take at least 1,000,000 bushels of corn and beans to carry the people in this State alone through the winter. Appeals to the Federal Government for aid have met with no response beyond the removal of the interstate tariff on food products.

In the Portuguese Cortes the Minister of Finance declared the current rumors that the administration of Portugal's finances were to be put in foreign hands were false. Portugal would accept no such arrangement, except at the cannon's mouth. Since Emperor William's attempt to stop gambling, its secret practice has become one of the great scandals of Berlin.

Owing to the grave errors of treatment, the use of Koch's lymph has been ordered to be discontinued in the Russian military hospitals.

SUGAR MATTERS.

The Watsonville beet sugar factory received \$58,000 Government bounty last week.

The Board of Directors of the Cahuenga Co-operative Sugar Company elected the following officers: President, John Wolfskill; Vice-President, J. M. Coyner; Secretary, F. J. Capitain; Executive Committee, Senator C. Cole, John Wolfskill, and F. J. Moll. For the office of treasurer four banks were nominated—the Los Angeles National, the First National, the Southern California National and the Farmers and Merchants'. The latter received the majority of the votes, and will have the handling of thousands of dollars which will be placed to the credit of the concern when all details have been arranged.

At Anaheim, the meetings held for the purpose of organizing a similar company have been marked by exceptional enthusiasm. The plan as it is being agitated in that district is in many ways different from that employed in Cahuenga, and the special features offer a great advantage over the scheme as it has been materialized in the Rodeo de las Aguas. In Cahuenga, the subscribers only bonded their land in order to raise the necessary funds, but did not themselves advance any portion of the sum needed. The people of Anaheim are going at it in a more businesslike way, and every subscriber not only agrees to bond his acreage on the growth of sugar beets, but also advances 10 percent of the interest in the whole represented by his subscription. That means that of the \$375,000 needed for the plant, 90 percent will be secured by bonded land, while \$37,500 will be contributed in cash by the subscribers. The great advantage to be gained is apparent. In order to reap benefit from the new industry in 1892, it will be necessary to rush things. The Government has removed import duty on sugar factory machinery until the first of next July, and it is therefore essential that the machinery should be landed at Galveston before that date. It requires considerable time for ordering, manufacturing and transporting such machinery, and if any time must be wasted in addition, in order to secure money enough to make a preliminary payment, there is liable to be a hitch somewhere. The European manufacturers require a deposit of \$30,000 before they will go ahead with the machinery, and in the case of the Anaheim factory, the \$37,500, which will be ready as soon as the subscription list is filled, will come in very opportunely to make this advance, pending negotiations with capitalists for a loan; \$7500 of a balance will be used for the purchase of seeds and implements, and the construction of the factory will go on simultaneously with the planting and cultivation of the beets, there being no delay. The farmers of the Anaheim district are appreciative of these facts, and before any subscriptions were solicited over 200 acres were offered under the bond and 10 percent arrangement. This is very encouraging all around and it will be a race between the Anaheim and Cahuenga people to see which will have the first factory. The citizens of Anaheim and Garden Grove held a meeting recently and the best question was thoroughly discussed. A great deal of enthusiasm was manifested and every effort will be made for the promotion of the scheme.

Committees were appointed to canvass the neighborhood for subscriptions.

WORLD'S FAIR NOTES.

There have been over 1700 applications for space at the World's Fair.

Morocco will spend \$50,000 in exhibiting manners, customs and products of that country at the Exposition. There will be a full tribe of Berbers on exhibition.

The Mikado of Japan will, it is said, send some of his private art treasures to the World's Fair.

In the center of the Horticultural building will be a miniature mountain seventy feet high, upon which will grow giant tree ferns, palms and other vegetation, finding there a congenial home. A mountain stream will go dashing on its way, and beneath the rock mountain will be a cave eighty feet in diameter and sixty feet high, brilliantly lighted by electricity, where during the whole six months of the exposition the experiment will be tried whether plants will grow under electric light as well as sunlight. Chief Thorpe was the originator of the plan.

France has asked for 150,000 square feet of space in the Exposition building; 100,000 feet in the Manufacturer's building; 30,000 in the Fine Arts; 10,000 in the Live Stock and 10,000 in the Machinery. Mr. Biwaert, the French consul at Chicago, intimates that in all probability more space would be asked for later.

The London Polytechnic authorities are busy with plans for a gigantic co-operative trip to the World's Fair. They offer a month's tour, passage on the City of Paris and other Indian liners, visits to Niagara and the principal Eastern cities for the small sum of \$150. POLLY LARKIN.

THERE IS NONE BETTER.

Dr. R. L. St. John of Howland, Putnam county, Missouri, takes especial pleasure in recommending Chamberlain's Cough Remedy, because he knows it to be reliable. He has used it in his practice for several years, and says there is none better. It is especially valuable for colds and as a preventive and cure for croup. This most excellent medicine is for sale by all dealers. Benson, Smith & Co., agents.
