HARD AFTER THE BRIBERS

NOTED FREE LUNCHES PAID FOR BY HOME RULERS.

Mossman and Prendergast the Agents. Humphreys Orders Grand Jury to Overhaul Home Rule Accounts.

The grand jury appeared in Judge Humphreys' court shortly after 10 o'clock this morning and asked to withdraw its report of yesterday regarding bribery in order that an addition might be made to it. The addition would be the affidavit of A. W. Pearson regarding the attempt of O. C. Lewis to engineer a bribery enterprise. The court replied that the affidavit was quite important as it was needed to properly explain the matter, and should be filed as soon as possible.

"There is another matter," continued the court, "to which I wish to direct your attention." The matter was this: The grand jury's report states that Representative Mossman and Prendergast paid for the notorious free lunches at Notch's and at a restaurant on Alakea street out of funds of the Home Rule party. The court wanted to know just where this money came from. As the matter now stood the money may have been put up by a party or parties interested in the railroad bills or the Dispersal bill or some other measure, and thus be a case of bribery, being intended to influence legislation. The court wanted a thorough investigation of the matter and instructed that the receipt books of the Home Rule party be overhauled to this end. The names of the parties putting up the money and the purpose of the contributions should be obtained and the same submitted in the report.

The report was taken back and the jury retired to its room to work on the new matter outlined to it by the court.

THE PACIFIC MAIL.

NEW YORK, May 29.—At the annual meeting of the stockholders of the Pacific Mail Steamship Company in this city today Isaac E. Gates, one of the executives of the estate of P. Huntington, retired, and his place was filled by the election of George J. Gould. This action indicates the retirement of the Huntington interests from the management of the Pacific Mail property. Gould was president of the company when Huntington obtained control and superseded him. A few months ago Gould endeavored to elect his friend, E. H. Harriman, president, but was defeated by the Huntington-Speyer interests. Now Gould and Harriman are in complete control.

BIG STRIKE AT CHICAGO.

CHICAGO, May 29.—After arbitration had failed to settle the differences between Chicago union machinists and their employers, the long-threatened general strike in the machine trade of Chicago and vicinity was ordered to-night by the local committee of the machinists' union. The break-down of the attempts at arbitration came after a five-hour session between the joint arbitration board of the union and the Manufacturers' Association. The issue up for arbitration was the question of fixing a wage scale per hour for the new nine-hour day inaugurated May 20 in place of the ten-hour day then abrogated. Efforts at effecting a compromise were made by both sides, but to no purpose, and the strike order followed. The walk-out will affect over 7000 men.

TO STUDY HAWAIIAN FISHES.

SAN FRANCISCO, May 30.—President David Starr Jordan of Stanford University will sail on the steamer Mariposa at the head of a scientific expedition which has for its mission the study of the fish that inhabit the inland waters of the Hawaiian Islands. The work of the expedition is preliminary to the extension of the work of the United States Fish Commission to the Islands. Accompanying President Jordan are Professor B. W. Evermann of the United States Fish Commission and the following assistants: J. N. Cobb, E. L. Goldsborough, A. H. Baldwin and Captain C. B. Hudson. Dr. Jordan expects to be gone about two months.

TROOPS FOR THE SHERIDAN.

SAN FRANCISCO, May 30.—A detachment to consist of 109 assigned recruits and all available casuals now at the Presidio, belonging to organizations now serving in Honolulu and the Philippine Islands, are ordered to Manila on the transport Sheridan, which is expected to sail about June 1st.

SALARY OF BOAT BOYS

MATTER IS DISCUSSED BY THE REPRESENTATIVES.

Trouble in Reaching a Satisfactory Understanding—House Met at Half Past One This Afternoon.

The greater part of the forenoon in the House this morning was spent in introducing resolutions asking appropriations, in addition to those mentioned in the Governor's estimate, be introduced. The most important of these, were the following items:

Haakeo introduced two resolutions. They were \$1,000 for road in the Pae-kunui and Wailau. Also \$1,000 for schools in the same locality. Kanoho introduced a resolution asking for \$2,000 with which to develop the road system in the Palama district. Kawahoa asked for \$3,000 to be expended on the roads of Molokai and Lanai.

The special committee appointed yesterday filed their report in relation to certain salaries of which the House did not know how to dispose. The report read as follows:

Hon. Joseph A. Akina, Speaker House of Representatives, \$100. Your special committee to which certain items in the appropriation bill were referred by leave to report as follows:

First—Salary Janitor and Keeper Capital and Judiciary Grounds and Buildings, \$2,400.

This officer has, in addition to the care of the buildings and grounds, to make all needed small additions and repairs of the buildings, and do many other duties. We find the salary is inadequate to the position and recommend that it remain as in the bill.

Second—Payroll of Pilot Boats, \$5,000. We find that the estimate made by the Governor is entirely too small. The boat boys are paid \$1 each for vessels to which they convey pilots. The amount expended in the last period was \$3,450 and the number of vessels is constantly increasing. We recommend the item be placed at \$5,000.

Third—Item of Salary of Guards for Public Buildings, \$7,200. To be transferred from Department of Attorney General and inserted in Department of Public Works.

Upon examination, we find that this item is too large. There are six guards or watchmen now employed in the Executive, Judiciary and Survey Buildings. There is no reason which your committee can see why the work cannot be done by three watchmen. Two night watchmen and one day watchman.

We recommend that an item be inserted in appropriation bill below the item of Janitor and Judiciary grounds, "Pay of watchmen Government Buildings, \$3,600."

The salary of the watchmen for the Capital and Judiciary grounds and buildings was raised from \$2,400, the Governor's estimate to \$3,600.

A long discussion followed at this point, regarding the boat boys. Monarrat said that if they were paid \$45 as had been suggested, then they should pay over all money obtained from carrying passengers, letters, etc. Aylett, in reply, said the boys were paid but for rowing, all extra money being turned over to the pilot. Makekau moved that the boys be paid \$60 a month. "There are ten boys at work," said he "this would make \$600 a month, \$7,200 a year, or \$14,400 for the biennial period."

Mossman moved that a committee should be appointed to confer with the boys, and look into the matter more thoroughly. Kanoho said that the appropriation should be kept at \$9,600 and the boys paid by the trip. They were evidently satisfied with their salaries, else they would not have not worked.

The matter was finally, after nearly an hour's talk referred back to the same special committee that had previously considered it. After more talk, a new committee composed of Mossman, Kumalea and Paele, was appointed.

The speaker proposed that the House adjourn until 1:30. There was some objection, but the Tom Reed of Kauai had his way.

THREATENED BY UNION SAILORS.

Try to Make the Skagit's Crew Desert Her.

At midnight on Sunday last several union sailors boarded the Skagit, rowing at Allen's wharf, entered the fore-castle, and by threats tried to force the crew to leave. The union men said that they would kill the non-union men if they did not desert the vessel. The Captain told the men not to leave the ship, and has secured a deputy sheriff to stand guard over the vessel at night.

PRESIDENT HAS FULL POWER

TO MAKE TARIFF RATES FOR PHILIPPINES.

Spooner Law Gives McKinley Right to Act—Extra Session of Congress Will Be Avoided.

WASHINGTON, May 30.—An extra session of Congress will not be called to discuss the tariff regulations resulting from the United States Supreme Court and the Porto Rican cases. Under the Spooner law, the President has full power to act.

The President does not wish to have an extra session if there be some other way of surmounting the difficulties that will naturally arise. Under the Spooner law, passed during the closing days of the last Congress, which had the present matter in view, the President of the United States is given absolute authority to govern the Philippines until Congress shall otherwise direct. Under this law, the chief executive can frame and enforce a tariff law for the islands, and modify the same at such time and in such a manner as he may see fit. The President will take action in this matter immediately upon his arrival here. If the matter be postponed until December at which time Congress convenes a large importation of hemp, tobacco and sugar will come from the Philippines without the payment of duty. There is very general satisfaction in the national capital that a solution to this matter has been so speedily reached.

O. AND O. LINE TO RETIRE

PACIFIC MAIL TO HANDLE BUSINESS.

Korean and Siberian Will Be Large Enough to Handle Present Trade of Both Companies.

SAN FRANCISCO, May 30.—The advent of the new steamships Korean and Siberian, now nearing completion at Newport News for the Pacific Mail Company, will make some radical changes in shipping circles. According to one of the best posted men in the front of the Occidental and Oriental Steamship Company will go out of existence and the Gaelic, Coptic and Doric will be returned to their British owners, as the Mail Company will be able to handle the trade alone. The Santa Fe wants vessels of this class for the China trade, and Ismay, Imrie & Co may be able to dispose of the fleet to the railroad.

The Toyo Kisen Kaisha will build three larger and faster vessels to supersede the America, Maru, Nippon Maru and Hong Kong Maru and will continue running in conjunction with the Mail Company, while the White Star line (Ismay, Imrie & Co) may put the Majestic, Teutonic and Gothick on the route that is, if the Santa Fe takes the Gaelic, Coptic and Doric.

Some months ago the Occidental and Oriental Company wanted to replace the Gaelic, Coptic and Doric with larger vessels, and as the Oceanic and Celtic, the two largest steamships afloat, have recently been added to the White Star's Atlantic fleet, and others are building, that concern was willing to send out three vessels that can average eighteen knots an hour to replace the three now on the route. The powers that be in New York would not agree to the arrangements, however, as the programme for the O. and O. will be merged into the Pacific Mail. In that event the Santa Fe and White Star people are looking for wharf space.

The Korean and Siberian, the Mail Company's new steamships, will each carry between 15,000 and 17,000 tons of freight, or do as much as half a dozen of the present fleet can, besides having magnificent passenger accommodation. The China mail company may put some of its Panama fleet on the Hong-kong-Manila route to act as feeders to the China fleet.

Everything is in the air just now, but with the arrival of the Korean the Mail Company's employees except to see many startling changes.

ASKS FOR ARBITRATION.

LONDON, May 30.—A dispatch to the Standard from Brussels says that Krueger has formally petitioned the International Arbitration Court to intervene to settle the South African question. The court will shortly be convened, but will certainly proclaim that it is not competent to deal with the matter.

HO, FOR THE RACES.

Everything is now in readiness for the great race program which will begin next Monday and have continuance three days. On account of the dry weather the track is hard and only requires sprinkling every day. There are more horses on the track than ever before in the history of racing here.

MARIPOSA FOR COLONIES

ARRIVED AT NOON FROM THE COAST.

Brought Many Passengers for This Port—New Racing Shell of Healan Club Also Brought Down.

Shortly before noon today the Mariposa docked from San Francisco. She left the Coast on the morning of May 30th and brought 44 sacks of mail and one day's later news than that furnished by the America Maru. This makes one of the best runs of the Mariposa between here and the Coast as she covered the distance in less than six days. The vessel is taking the run of the Sonoma to the Colonies and will leave for Australia at 8 o'clock tonight.

She brought a good sized passenger list for this port and has a number of the passengers. Among those for Honolulu was Judge G. D. Gear who returned from Philadelphia. Professor David Starr Jordan of the Stanford University also came on the Mariposa. He will have charge of the government fishery commission here for some months. He brought a special corps with him.

V. M. Fulcher of Hilo also returned on the Mariposa. Miss M. Madeira sister of W. Madeira of the postoffice was a passenger for Honolulu.

E. B. McClanahan and wife also came home. He has been absent in San Francisco in the interests of the Wilder Steamship Company in their appeal to the United States Circuit Court from the recent adverse decision affecting the Carson case.

Mrs. J. K. Shingle, the mother of Robert Shingle came on the Mariposa. On the Mariposa was the new four seat racing shell for the Healan Club. This shell was built by W. H. Davy the boat builder of Cambridge, Mass. The shell is built on lines similar to those of the famous Harvard shell of '99 which made all of the records. The new boat cost in the neighborhood of \$500.

The list of Honolulu passengers is as follows:

G. S. Aiken, Dr. P. J. Aiken, Mrs. Aiken and child, A. C. Alexander, child and servant, W. H. Ashmead, Mrs. E. Bailey, S. Baldwin, Miss C. Baldwin, Miss Barnhill, Stanley Beardmore, W. Cahill, J. N. Cobb, J. F. Cowes, S. W. Cowles, W. C. Cox, J. C. Cummings, T. C. Davies, Mrs. Davies, infant and two servants, J. L. Dinkelspiel, F. G. Douse, Mrs. Douse and child, Karl Dunlop, C. E. Edwards, Dr. B. W. Evermann, V. M. Fulcher, Judge G. D. Gear, E. L. Goldsborough, Mrs. William Greene, Miss L. Greene, A. H. Baldwin, T. W. Hobron, L. Honikberg, Capt. C. B. Hudson, B. F. Hutchinson, Dr. D. S. Jordan, Knight S. Jordan, Miss E. Keepers, L. Livingston, O. S. Lipman, Walter Macfarlane, Miss M. Man-deira, E. B. McClanahan, Mrs. McClanahan, A. C. Merriett, Mrs. Merriett, M. B. Mibran, W. C. Miller, W. H. Morrison, Mrs. Morrison, C. H. Ram-say, Miss A. C. Rice, Miss M. E. Rice, F. L. Richmond, Miss B. Rosenberg, Miss H. Lederer, Mrs. A. Samson, Mrs. E. Schmidt, L. Schweitzer, W. H. Scott, Mrs. J. K. Shingle, Sig. Simon, Mrs. A. W. Smith, Mrs. M. E. Thibault, A. Vizzana, Miss M. Walker, Miss F. M. Wetmore, Miss N. White, Jas. Whitney, L. H. Wolf, Paxton Wright, Mrs. Wright.

"BOBS" COMES HOME.

The most interesting passenger on the Mariposa today was "Bobs" the famous and much travelled dog belonging to Vice-Captain James Lloyd of the Healan Club. The dog was carried to Manila last April and was returned today via the Mariposa after much trouble.

STEAMSHIPS SAILING.

The America Maru sailed for the Orient at 10 o'clock this morning. The steamship Miowera arrived from the Colonies after noon today. She had rough weather for six days out of Sydney. She will leave for Vancouver at 9 o'clock tonight.

SODERGREN APPEALS.

Captain Sodergren, of the bark Hesper, is in further pillage on account of the departure of District Attorney Baird for the mainland when sentenced to six months imprisonment about five weeks ago he gave notice of appeal, but Mr. Dunne, attorney for the Government, was away and the appeal could not be perfected. Sodergren thereupon applied for release under bonds until Dunne returned. This was refused the perfecting of appeal was set for today. Now Baird is gone and it seems that appeal cannot be perfected without him. Judge Estee is today considering a further petition to admit the prisoner to bail for a period of thirty days, and it will likely be granted.

BALLOU'S PARDON.

In Judge Humphreys' court this morning S. M. Ballou presented a certified copy of the pardon granted to him by the Acting Governor. Ballou was sentenced to thirty days imprisonment for contempt of court. Judge Humphreys instructed his clerk to file the pardon.

The case of J. S. Antone vs. W. R. Castle, accounting, has been set for Saturday morning. Atherton vs. Wahiawa Sugar Company, ejectment, demurrer set for tomorrow.

VENTURA GOES TO COAST

CRACKED HER LOW PRESSURE CYLINDER.

Had Good Sized List of Through Passengers—Joined Here By Many for The Coast.

The Ventura was sighted from the Colonies last night about 6 o'clock. She was late in arriving owing to a slight break to the starboard engine. On the run down to Sydney the low pressure cylinder cracked. While the damage was slight the vessel could not put forth her regular speed and the trip back was made as slowly as the schedule would permit.

The vessel left Sydney, May 21st, and Auckland, the 25th, and Pago Pago, the 29th. Fine weather was experienced throughout the voyage. The ship, J. B. Brown of San Francisco was passed in latitude 32 degrees 33 minutes south, longitude 178 degrees, 18 minutes east, going northeast.

The Ventura brought four cabin passengers and one steerage passenger for this port. Among the cabin passengers was Count J. Von Waldthausen, the German consul general to India. He left the Ventura here as he is on a pleasure trip to Japan.

Judge J. J. Casey, C. M. G., a prominent jurist of Sydney was among the through passengers.

From Pago Pago came Commander B. F. Tilley the American governor of Tutuila and Medical Inspector R. C. Persons, U. S. N.

A large crowd of passengers for San Francisco boarded the vessel here. Among those who left was J. C. Baird the United States district attorney.

Wardens Henry was also a passenger. He will be absent a couple of months visiting his old home in Lewiston, Maine. This will be his first visit in 25 years.

Frank Atherton went to the coast for a vacation as his health has been poor. Mr. and Mrs. Gerritt P. Wilder were also passengers. They will go direct to Paris.

The vessel did not get away promptly this morning. She was scheduled to sail at 9:30 but her departure was delayed. A big crowd was on hand to bid adieu to those on board. The band played the steamer away. Quite an exciting incident occurred shortly before the vessel left. Mrs. B. C. Eddy went to the boat promptly but as the time for the departure of the vessel neared, her three little children who had been left with some friends did not appear. Mrs. Eddy was confronted with the dilemma of leaving them behind or else losing her passage. For about half an hour she was the most miserable person about the dock. Couriers were hastily dispatched in search of the missing ones. Finally when the little tots did appear and make their way up the ship gangway they were greeted by a shout from the crowd.

COMMITTEE TO VISIT HAWAII.

WASHINGTON, May 29.—Delegate Wilcox of Hawaii, who has just returned from Honolulu, has suggested to the Interior Department that a committee go to Hawaii to study the condition and report the outlines of a law at the next meeting of Congress. He also called the attention of the Postoffice Department to the unsatisfactory postal service in Honolulu. This does not involve any personal reflection on officials but only that the service is not as efficient as might be expected under American administration.

NOW IN WASHINGTON.

PITTSBURG, (Pa.), May 29.—When the President and his party end the long trip across the continent tomorrow morning they will have been gone thirty-two days and will have traveled approximately 5,675 miles. The present day of the journey was a ride across the President's native state, Ohio. Only four stops were made, the longest at Canton, the President's home town, where the train remained for twenty minutes to give Mrs. McKinley an opportunity to see her sister, Mrs. Barber, and her niece, Miss Ida Barber.

ANOTHER EXTRA SESSION

SENATE TO APPEAL AGAIN TO THE GOVERNOR.

Home Rulers Want Loan Bill and be Given Chance to be Good—Brown Sneers at Their Dignity.

In the Senate this morning Cecil Brown threw a stone into a hornets' nest, and for several minutes he did not know whether he would be eaten alive or merely stung in a few hundred places. The Home Rulers became highly indignant at the suggestion of Brown that seemed to reflect upon the divine dignity, importance and power of them as Senators of the great Territory of Hawaii.

Brown's proposal was the simplest thing in the world. He put it in as a suggestion of a large part of the Republican central committee. As is well known it is impossible to pass a loan bill at this session. There was some idea of inserting a provision in the appropriation bill providing for a loan of \$750,000, but the committee to whom the matter was referred questioned the legality of such a proceeding. This morning Brown proposed that Congress be requested to pass a bill providing for a loan of \$1,500,000 and covering all the items in the Governor's last message.

This brought several of the Home Rulers to their feet at once. Old man Kaohi felt grievously insulted. Congress had invested the local Legislature with full power to act in such matters, and it was an affront to its members to suggest in any way that it could not act. John T. Brown contended that the Republicans were responsible for the failure to pass a loan bill and for failure to pass other measures. Carter denied this, adding that the Home Rulers of the lower house had pocketed the loan bill. John T. Brown contended that the thing to do was to induce the governor to call another extra session for the express purpose of passing a loan bill, tax measures and other laws that are necessary at this time. Kanaha and Bill White supported this view. The latter was particularly sharp in criticizing the suggestion that Congress should be invited to do any part of the Legislature's work.

In the heat of the discussion Kalau-okalani moved to adjourn until tomorrow at 10 o'clock.

The idea of the Home Rulers seems now to be to make a request of Acting Governor for another session for the consideration of a number of important measures to be named in the request.

When the Senate opened this morning there was a report from the majority of the military committee recommending that the entire appropriation for the support of military be wiped out. It was signed by Kanaha and Kahilana. Achi moved that the report be referred back to the committee, it containing merely recommendations without any facts being stated, which is against the rules. This motion carried. John T. Brown and Bill White voting with the Republicans.

Indications are that the Carter report on military, which provides a reduction of about \$7,000 in the original budget, will pass by a vote of 8 to 6 with President Kalua also in favor of it.

DORA BLUMH LIBEL.

Deputy Marshal E. R. Hendry left yesterday afternoon for Kauai to seize the schooner Dora Blumh under a libel for salvage against the Inter-Island and Company. The libel is for \$5,000, and it is alleged that the vessel and her cargo is worth \$15,000. Following are the allegations in the case:

While the Dora Blumh was at Waialeale discharging a cargo of lumber and plantation supplies from the Soud, the steamer Mikahala of the libellant's fleet came along and her captain noticed that the schooner was in a dangerous position. He therefore hailed the Dora Blumh and, warning her of her peril, offered to tow her into a safe position. For this latter service the Mikahala's Captain stated the charge would be \$150.

The warning was unheeded and the offer of assistance declined. Shortly afterward the Dora Blumh was driven upon the reef, becoming in imminent danger of destruction. Then her captain sent an urgent request to the Mikahala, which in the meantime had steamed away, to return to Waialeale and pull the Dora Blumh off the rocks. The Inter-Island boat complied and, at some risk to herself, succeeded in saving the schooner. For this the owners of the steamer claim salvage of \$5,000.

A SEVEN-MASTER NOW

PLANS FOR A SCHOONER IN THE EAST.

A Steel Vessel With Seven Masts and 11,500 Tons Displacement—To Cost \$250,000.

NEW YORK, May 25.—A special to the Sun from Boston says: Several of the leading shipbuilding concerns on the Atlantic Coast are preparing bids for the construction of a seven-masted steel schooner destined to be the largest cargo carrier of that type afloat. This vessel is the first of a fleet of seven, which will be constructed by a syndicate. The craft will cost, when ready for sea, about \$250,000.

The schooner is designed by R. B. Crowninshield, Boston Naval Architect who is also a shareholder, as are Captain Crowley, Thomas W. Lawson and every member of his family, and others in Boston. In point of size the schooner will be largest sailing craft ever built in this country, and it is expected that her earnings as a cargo carrier will be large. Her length, on deck, will be 390 feet, length on the keel 335 feet, and load water line 370 feet. Her beam will be 50 feet at the widest point, and depth of hold 30 feet. She will draw 26 feet of water, when loaded to her limit, and will displace 11,500 tons, or about the same as a modern battleship, and 1000 more than can be carried by the six-masted, George W. Wells and Eleanor A. Percy.

FIRST NATIVE OFFICER.

Salvationists at Work Among Negroes and Hawaiians.

The War Cry says: WAILUKU, H. I.—Last Sunday night we swore in a colored brother as a soldier of the local corps, on the street, before a large crowd. It was something new to have a swearing-in on the street, and as we read the Articles of War, everybody listened.

Our Japanese brethren are doing well. Two take a stand with us in the open air every time.

Last night we commissioned the first local officer that has ever been commissioned in Maui. Sister Sam, a native lassie, became Sergeant Sam. She is an earnest Junior worker, and we feel confident that she will prove to be a useful local.

In writing of the two sisters sworn in here (sisters are, you see, a scarce article on these islands) reminds me that the only other one I have enrolled so far during my stay on the islands, Sister Annie Sam, of Wailuku, now wears full uniform, and has been commissioned as a Junior sergeant. I am told she is the first full native lassie to wear full uniform, and is also the first local officer on Maui.

POLITICS TOO WARM.

We are afraid that no words of ours will soften the asperities which exist amongst the two political parties to which our new polity has given rise. This every one should know, that no one of any right feeling towards the land of their birth or adoption, can view with anything but regret the present state of affairs. There is something wrong in the education, training and composition of persons who allow such bitterness of spirit, to have sway in politics as exists today. Opposition in religious matters is bad enough, but that in politics is worse. There is no wonder that both these subjects are banished from the area of discussion in all well regulated societies.—Anglican Church Chronicle.

A GOOD THING.

There's one good thing when they feel dry.

That business men cannot pass by. For far and wide it's fame you hear. They stop to drink of "Rainier" beer On draught or in bottle at Criterion.

Here we are again to greet you—greet you with the best selected and newest stock of Hats of the season, which have just arrived.

Our stock of the celebrated Knox Hats is complete and in shades to suit all complexions.

Our Straw Hats for styles cannot be surpassed, for that is a well known fact and attested by the number you see worn on the streets.

We are always in the times a ' never neglect to give our patrons the newest the market affords.

This pertains to our Men's stock, but we also have an assortment of Hats and caps for children and boys that will make them look sweeter than ever to you. Give us a call.

Another Large Shipment of Angle Lamps

"THE ANGLE LAMP" The Light that Never Fails

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but besides being infinitely cheaper it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.50 up.

How is your Wind?

If you are short of breath; if your heart flutters or palpitates; if you have pain in left side or in chest; if your pulse is irregular, or you have choking sensations, weak or hungry spells, fainting or sinking spells, remember, Dr. Miles' New Heart Cure is especially adapted to remove just that class of disorders. It is a heart and blood tonic which strengthens the heart, purifies the blood and gives new life to the weak and weary. "Shortness of breath, severe palpitation and smothering spells disabled me for any labor. After using three bottles of Dr. Miles' Heart Cure I was entirely relieved of distress and from that time on my recovery was rapid."

BUSY VOTING SALARIES.

HOUSE KEPT AT WORK YESTER-
DAY AFTERNOON.

Long Debates no Longer Interfere
With Work of The Native Legislators.
Governor's Figures Often Accepted.

In the House yesterday afternoon, a
report was made by Prendergast and
Mossman in favor of paying \$3,360 to
be used in sustaining salaries at the
Waikamilo Camp.

The sum of \$2,640 was ordered set
aside out of which to pay a plumber
and his assistant. A tap inspector to
look after hydrants, and see that the
city's supply of aqua pura was not
wasted, was provided for. His salary
is to be \$1,800.

Two shipping tenders will be given a
salary of \$50 and \$75 a month respec-
tively.

When the subject of fish inspector
was touched, the native statesmen be-
came interested. Aylett criticized pre-
sent conditions at the Government mar-
ket, and said that some one should be
appointed to the place who knew some-
thing about fish, and who did not re-
spect fish just because they had white
gills. Emmet thought the position
of fish inspector and market inspector
should be combined. The sum of \$1,440
was finally appropriated.

An assistant to the fish inspector was
given a salary of \$120 for two years.
The Superintendent of the Waikamilo
and the Kahului water works were
given \$1,200 each. The Hilo Superinten-
dent, \$1,800. The Laupahoehoe Super-
intendent, \$40. The Koloa Superinten-
dent \$50. The Lahaina Superintendent
\$120. After some discussion, the Super-
intendent of the Waimea water works
was voted a salary of \$500.

The payroll for the employees about
the Government buildings was placed
at \$4,944. The payroll of parks and
squares was taken from the Depart-
ment of Forestry, and placed under the
Department of Public Works, \$4,080
was voted to be paid them in salaries.
The salary of the Honolulu fire de-
partment was placed at \$72,280 and
\$800 was voted for the Hilo fire de-
partment.

After a prolonged discussion, the four
pilots for Honolulu harbor was given
a fund of \$12,200 for salaries.
The House adjourned at 4 o'clock.

HAWAIIAN IS BUNCOED.

Adam Gunther "Is Fleeced in" San
Francisco.

SAN FRANCISCO, May 29.—Adam
Gunther, a wealthy young Hawaiian,
came sadly to grief last Sunday as a re-
sult of a meeting with two bunco men.
The matter was referred to Captain
Seymour yesterday and the detectives
are now looking for the sharpers.
Gunther has been staying at the
Golden West Hotel and there he met
two men with whom he became intimate.
Gunther drew \$5,000 from the
Anglo-California Bank and loaned
\$4,500 to one of his new-found friends.
In return he was given a check for \$2-
000 on a Honolulu bank. He was in-
vited to a card game at 21 Grant ave-
nue and was there fleeced out of \$500.

CIVIL SERVICE MEN COMING.

WASHINGTON, May 26.—Chief Ex-
aminer Servon of the Civil Service
Commission left here tonight for Hono-
lulu, via New York, where he and Civil
Service Commissioner Rodenburg, who
will join him en route to Kansas City,
will look into the civil service in 13a-
wall. They expect to sail from San
Francisco on June 6th, reaching Hono-
lulu about the 14th, and during the fol-
lowing two weeks an opportunity will
be given citizens of the United States
residing in Hawaii to be examined for
a number of positions in the classified
service there and at Washington. Haw-
aiki is entitled to fifteen appointments
in the apportioned department service
in Washington, and five in the apportion-
ed Government Printing Office. A
number of other offices are also to be
filled.

PROFESSOR HERRON WEDS.

The Professor of Applied Christianity
and Miss Rand.
NEW YORK, May 27.—The Rev. Dr.
George D. Herron, once professor of
applied Christianity at Iowa College,
subsequently distinguished as the
preacher of the latest cult, "the new
apostate," and today widely known
as the minister whose wife is said to
have received \$60,000 for divorcing him,
was quietly married last Saturday
evening to Carrie Rand, the Rev. Dr.
Herron's connection with the first Mrs. Herron's
divorce suit.

The wedding took place in the Schuy-
ler apartment hotel, No. 61 West Forty-
fifth street. The details of the marriage
are best told in the Rev. Dr. Herron's
own words which follow:

George D. Herron and Carrie Rand
were married at 7 o'clock Saturday
evening, May 25th, in the apartments
of Dr. Charles Brodie Patterson at the
Schuyler, 56 West Forty-fifth street.
The Rev. William T. Brown of Roches-
ter conducted the service, which was
extremely simple, no vows being taken
by either party. Mr. Herron and Miss
Rand simply announced to those pres-
ent the fact of their choice. Mr. Brown
following with a few remarks, and each
of the guests saying an appropriate
word.

Dr. Patterson gave a dinner to the
party after the wedding. No presents
were given save of the simplest nature
except the gift of Mrs. Rand's mother.
This is the gift of a thirty-acre farm
near Metuchen, N. J., where Mr. Her-
ron and his wife are to live and upon
which Mr. Herron and the little
brotherhood in the Socialist movement
to which he belongs expect to work
during the summer.

CATCH ONLY COLDS.

The bill in the Arkansas legislature to
make fishing on Sunday a misdemeanor
has been indefinitely postponed. The
statesmen, perhaps reflected that a
great many men who go fishing on Sun-
day do not catch anything.—St. Louis

HIS LIFE SAVED.

By Chamberlain's Colic, Cholera and
Diarrhoea Remedy.

"I am sure that Chamberlain's Colic
Cholera and Diarrhoea Remedy at one
time saved my life," says A. E. Lafal-
lette of Gregory Landing Clark coun-
ty the doctors said I could not live.
When I was at the lowest ebb, one of
my neighbors brought in a bottle of
Chamberlain's Colic, Cholera and Dia-
rrhoea Remedy and I took it and got
instant relief. I soon got up and around.
That was a year ago and I am still
in good health. Since then that medi-
cine has always been in my house and
always will be. It is the best in earth."

SUPREME COURT DECIDES.

When courts differ what can the layman do? The United States Supreme Court has given a decision, but it is so hampered by counter views that it is difficult to thoroughly understand what is really meant. Read the various papers and find as many divergent views as there are justices in the Supreme Court, and sectional parties in the United States. The final decision is carried by a majority of one, the chief justice being in the minority.

The result of the decision is regarded as thoroughly satisfactory by the Administration, and it no doubt gives immense powers to Congress which the ordinary interpretation of the Constitution has deemed unwarranted, but which nevertheless has been strongly contended for by the advanced thinkers.

The vexed question of whether the constitution follows the flag is not clearly laid down. It does, and it doesn't. In foreign relations the Territories are part and parcel of the United States, and the citizens of the Territories have the rights and also the obligations of United States citizens. They do not necessarily have the franchise, which is conferred by law. Thus the Territory of Hawaii has the franchise, not because it is an integral portion of the United States, but because Congress granted it by the Organic Act. But Congress, if so disposed, which no one thinks it would or is likely to be, could completely alter the franchise, or could abrogate it altogether. Our territorial franchise is not an inherent right, it is a grant or gift from the Congressional will.

When it comes to trade matters the decision is very clear that the Constitution does not follow the flag. Congress has the power to keep up tariffs, if so disposed. Indeed Congress has "plenary power to legislate for the territorial possessions of the United States." As far as this Territory is concerned it has its act and it can go on as it has been doing for nearly a year past, but it must always be with the feeling that at some time there may be a change in that act, and that it is very necessary to keep thoroughly well posted as to the commercial pressure likely to be brought upon Congress by the main industries.

We are not concerned with the validity of customs collected during military occupation, since we were not occupied by a military force, but we are interested in the tariff decision upon our status between the passing of the Newlands resolution which annexed the Islands, and June 14, when the Organic Act came into force. All duties collected upon imports from Hawaii during this transition period will have to be refunded by the United States Government. This, however, does not affect duties collected here upon exports from the United States. That is a matter which will require a special case, though if we are to reason by analogy, if the action of the military government of Porto Rico in the collection of customs duties during the transition period is to be regarded as valid, why the action of the civil government of Hawaii during a similar period should be regarded as valid also.

Another point upon this is that in ruling upon the Philippine Islands, the decision rules that all goods coming from those Islands must be admitted free of duty until Congress shall enact an organic law, or at all events a tariff law, but there is no word said about the collection of duties by the Philippines upon goods coming to them. This ruling has set the tobacco trade up in arms, and there will be a very strong effort, as soon as Congress meets to get a tariff act passed in order to shut out Manila cigars. Meantime our enterprising merchants should make hay while the sun shines, and import a stock of these cigars, which are extremely popular here, and of which a number of our smokers have been practically deprived since June last.

The result of the decision is to give enormous powers to Congress, larger than many ever dreamed would have been so interpreted. It is undoubtedly one of the most important decisions which has ever emanated from our Supreme Court, if it is not the most important, since it involves the well being and commercial prosperity of so many millions of people.

Some of those commenting upon this decision look back and say what Chief Justice Marshall would have ruled, and what other legal giants of the past would have pronounced. To The Star this line of argument seems futile. Those great intellects weighed the scales of justice according to the lights of their times. The present intellects, and they are probably just as mighty, weigh them according to the lights of the present, and in harmony with present conditions.

The minority put forth some very strong reasons against the majority which are well worthy of consideration. Two of these are quoted by the San Francisco Chronicle and will bear repetition here. Justice Harlan says: "I take leave to say if the principles now announced should ever receive the sanction of a majority of this court, the result will be radical and mischievous change in our system of government. We will in that event pass from the era of constitutional liberty, guard-

ed and protected by a written Constitution, into an era of legislative absolutism, in respect of many rights that are dear to all people who love freedom."

This is strong, especially the expression "an era of legislative absolutism." But after all, chosen as the United States Congress is, it would mean an era of majority absolutism. Chief Justice Fuller explains the position as follows:

"The logical result is that Congress may prohibit commerce altogether between the states and territories, and may prescribe one rule of taxation in one territory and a different rule in another. That theory assumes that the Constitution created a government empowered to acquire countries throughout the world, to be governed by different rules than those obtaining in the original states and territories, and substitutes for the present system of republican government a system of domination over distant provinces in the exercise of unrestricted power."

It is difficult to answer this argument of the Chief Justice, but it is also still more difficult to controvert the fact that once started upon its present career, it would be possible that the new Territories like Porto Rico and the Philippines could be governed by the same rules that obtained in the original states. The people are utterly unprepared and unqualified to exercise the power which ages of training and heredity make second nature to the Anglo-Saxon and the Teuton. There must be a long period of protection, and of education. Results will not be obtained in a couple of years, they will not be obtained in a generation. The change has come in the United States and the change had to be met.

Naturally what most interests us in this Territory is the effect of the decision upon our own interests. This it is perhaps not wise to consider too quickly. As a snap judgment, however, the decision will not immediately affect us, because we have our organic act, but it may affect us later, because in following out a policy Congress may tear up our organic act. Our doings in the Legislature will not have helped us very much either. It leaves us swinging in the air as it were.

The Chinese envoys do not object to paying an indemnity, but they object to paying interest upon the indemnity. As interest would commence forthwith, and the indemnity payments are somewhat nebulous one is not surprised at the Chinese "kick," but it will be of little avail.

Yesterday showed that the Legislators intended to go to work and not waste much time in talking. If they will only stick to what they have to do, and make proper appropriations they will retrieve much of their errors of the past. It is far more dangerous for a Territorial Legislature to make mistakes now, than it was before the decision of the Supreme Court was rendered.

The last telegrams gave more hopeful accounts of Mrs. McKinley. The Western trip was too much for the wife of the President. She has been in weak health for years and the strain of railroad traveling, even under the exceptionally pleasant circumstances that the presidential party enjoyed, was too much for her. If she reaches the East safely Mr. McKinley will have time to rest and recuperate.

The time of the Grand Jury has been very fully taken up in searching out bribery matters, and all criminal matters which will have to come before this body have to remain in abeyance. In fact the calendar of the First Circuit is terribly congested. Never in the history of the Islands has it been so far behind, and there does not seem to be any very great hope of its improving, because no sooner will Judge Gear arrive than Judge Humphreys will depart, and we will be down to one Judge again.

That there should be objections to a saloon on the waterfront is by no means surprising. The matter has been discussed and argued for a long time, and it seemed the intention of the Treasurer not to issue a license in that locality. The objection is that the men are prone to drink under circumstances, but that at present, in order to get drink, they have to go up town to get it. With a saloon close at hand they would be forever tipping. Many of them would be unfit for work, and their wives and families would suffer.

The Boxers have come to the front again, and matters in China are just as involved as they ever were. With a country stirred by revolutionary forces from end to end, with a ruler fugitive from its capital, with a ruler whose power if tacitly acknowledged is not obeyed, it seems almost impossible that any amicable composition can be reached. The German troops under Waldersee are to be withdrawn, and now a French commander-in-chief is talked of. But what is going to be his objective? One cannot see any satisfactory outcome to things in China.

The remark of a sea captain that a greater proportion of men suffer accidents upon sailing ships, than the average for many years passed, would require to be tested by statistics. There have certainly been quite a number of cases brought to notice recently. The suggestion that the personnel of the crews is deteriorating is very likely close to the mark. The true sailor of the past is fast disappearing, and ships go to sea, more and more with a collection of land bidders aboard. The process of deterioration has been going on for from fifty to seventy-five years.

Commissioner's Sale OF Two Valuable Pieces OF Real Estate AT AUCTION!

Situate near Punchbowl street, between
Beretania and King Streets in Hono-
lulu, Island of Oahu. Being Apanas 1
and 4 of Land Commission Award 253
issued to Wainaka, or Lots A and B
in the name of A. W. Malohe as in-
dicated on maps in the Government Sur-
vey Department.

By virtue of an Order issued out of
the Circuit Court of the First Circuit,
Hon. A. S. Humphreys, presiding, in a
cause at Chambers entitled Alexander
Maloho versus William Maloho, et al.,
Equity Division Number 1171, the un-
dersigned will sell at Public Auction to
the highest bidder, subject to confirma-
tion by said Court,

ON MONDAY, JUNE 24, 1901,
AT 12 O'CLOCK NOON.

At the mauka entrance to the Judi-
ciary Building in said Honolulu, the
following described lands, to wit:
APANA 1 (OR LOT A, A. W. MALOHO)
Bounded by Printer's Lane 51 feet
on mauka side; by Rose K. Anahu 135
feet on Ewa side; by Hiram K. Anahu
55.5 feet on mauka side; and by a 9-foot
Roadway 145.5 feet on Waikiki side.
Area 6290 square feet, more or less.

Less than one-half of this Apana
will be condemned for a 50-foot street
in order to extend Young Street Ewa-
ward or towards Hotel street. BUT
WHAT REMAINS OF THE LOT
MAUKA AND MAKAI will hereafter
become enhanced in value on account
of said proposed extension and also on
account of their fronting on the new
street. A RARE CHANCE FOR
CAPITALISTS.

APANA 4 (OR LOT B, A. W. MALOHO)
Bounded by Rose K. Anahu 55 feet
on mauka side; by a 9-foot Roadway
156 feet on Ewa side; by Government
and Bishop Estate about 80 feet on
mauka side; and by Palahu Estate
about 120 feet on Waikiki side. Area
9830 square feet, more or less.

This Apana 4, the outlet to which is
Printer's Lane leading out to Punch-
bowl Street, could be subdivided into
THREE EQUAL SQUARE LOTS, with
an outlet to each facing Ewa-way on
to said 9-foot Roadway; and the fur-
thest mauka lot, when Apana 4 is
subdivided, will still be within 300 feet
of the proposed Young Street Exten-
sion, thus eventually doing away with
the use of Printer's Lane as far as this
Apana 4 is concerned. THIS IS A
GOOD CHANCE FOR INVESTORS.

TERMS OF SALE are cash in United
States Gold Coin, and deeds at expense
of purchasers. For further particulars
enquire of the undersigned at his office
in said Judiciary Building.

STATES AND POSSESSIONS

SUPREME COURT'S IMPORTANT DECISION.

Congress Has Power to Impose Tariffs
Between Territories and States—Ter-
ritories are of Inferior Rank.

The full text of the decision of the
United States Supreme Court in the
Island cases was received by the Ame-
rican Mails yesterday and it bears out
the forecast before published, placing
the territories, Hawaii among them, in
the rank of "possessions" rather than
of a part of the union. While the Ha-
waiian organic act provides for exten-
sion of the constitution to Hawaii, there
is no obstacle, it is stated, under the
decision just given, in the way of
amendment of the organic act so that
there might even be tariffs between
Hawaii and the mainland, should Con-
gress so desire. The organic act is
amended by Congress, it is ar-
gued, while the Supreme Court de-
cides an interpretation of the national
constitution giving Congress right to
"govern" the possessions that are not
included in the union of states.

The following dispatches tell of the
decision:
WASHINGTON, May 27.—In the
United States Supreme Court today
opinions were handed down in all but
two cases before that Court involving
the relations of the United States to its
insular possessions.

The point of the opinions considered
collectively is that Porto Rico was
never, after the acquisition of that is-
land, foreign territory, that until Con-
gress acted upon the question, no duty
could be collected, but that as soon as
Congress outlined a method of con-
trolling the island's revenues, that ac-
tion became binding, in other words,
that Congress has power under the
Constitution to prescribe the manner of
collecting the revenues of the country's
insular possessions and has the right to
Congress on goods imported into the
insular possessions from the United
States or exported from them into the
United States to the extent that goods
shipped between their ports and the
United States are entitled to the same
treatment as though they were shipped
between New York and New Orleans.

SAN JUAN, (Porto Rico) May 28.
The decision of the Supreme Court was
received here with a general feeling of
disappointment. The consensus of
opinion of the matter seems to be that
the Porto Rican Legislature should be
convened in extra session to declare
Porto Rico self-supporting without the
collections of customs on exports be-
tween Porto Rico and the United
States. It was generally expected that
the Porto Rican trade and her citizens full
citizenship and constitutional privi-
leges. When told that if the latter
privilege had been granted the internal
revenue laws of the United States
would be applied to the islands and
the collection of customs thereunder
collected would be devoted to the
Federal Treasury, all Porto Ricans
questioned in the matter acknowledged
that this would be bad, and that their
present status was preferable, as they
did not believe that the island would
stand the collection of the United
States internal revenue, and that such
collections, if attempted, would neces-
sitate an even heavier property tax
for the maintenance of Porto Rico.

Only a few Porto Rican business men
understand the importance of the Su-
preme Court's decision. These who
are bankers predict an immediate re-
vival of business, now that the status
of the country has been decided.
The main points of the decision are
as follows:

"First—Constitution does not follow
flag, but did follow it during transitu
period.

"Second—Congress has plenary power
to legislate for territorial possessions of
United States.

"Third—Customs taxes were wrong-
fully collected on imports into United
States from Porto Rico after ratifica-
tion of treaty of peace and before tak-
ing effect of Porto Rican act, and on
imports from Hawaii into United
States after annexation and before tak-
ing effect of Hawaiian territorial gov-
ernment law.

"Fourth—All duties collected on im-
ports from Porto Rico between ratifica-
tion of treaty of peace and taking ef-
fect of Porto Rican law, all duties col-
lected on imports from Hawaii between
annexation and taking effect of terri-
torial law, if paid under protest must
be returned by Government.

"Fifth—That where the Constitution
has been once formally extended by
Congress to territories, neither Con-
gress nor the Territorial Legislature
can enact laws inconsistent therewith."

The San Francisco Chronicle says of
the territories: "As to domestic affairs
of the United States in the sense that
Arizona and the other territories are
contained in it, but not in the sense
that the states enjoy that privilege.
The states are superior. The territories
are inferior. The states are the gov-
ernors, the territories are the governed.
There are no commercial equality
one with another. The territories may
be so dealt with commercially as shall
be deemed most profitable to the power
which controls them. The Constitution
does follow the flag. So much is de-
finitely settled, but it follows it only so
far as to assure territorial liberties.
When the Constitution reaches the point
when one step farther would make
the connection as profitable to the
subjects as it is to the lord it halts.
The flag goes on, but the Constitution
stops short. We may exploit the is-
lands, but they need not be allowed to
exploit us."

Medical Inspector R. C. Persons, of
the United States Navy, but late of the
Brooklyn, is returning home from his
last cruise. Officer Persons has been
in the Far East for two years and a
half. During that time he has visited
many places of interest. The last cer-
emony of more than ordinary note was
the reception tendered the Duke of
York, and Cornwall, Australia, the doc-
tor says, will never be more than an
agricultural and mining country. Its
entire whole population is but 1,000,000,
most of which is to be found in the
cities and towns.

In Manila, Inspector Persons sees a
great future. For business enterprises
such as will develop in cities and
towns, there is a great opportunity,
but such industries are as calculated
to develop the rural portions of the
islands, had better be left alone at
present. Life and property are not
safe outside of the cities. The city of
Manila has all the American profession-
al men it can stand. Young men going
there with the expectation of establish-
ing themselves along this line, will have
to take these chances.

Inspector Persons was very much
pleased with New Zealand. He regretted
that our government did not follow the
advice of Benjamin Franklin, who more
than a century ago, advised our coun-
try to annex these islands, which at
that time, belonged to no one. "But
that was before the days of expansion
and manifest destiny," said the gentle-
man.

While here, Medical Inspector R. C.
Persons paid a short visit to Captain
Pond, of the Iroquois, who is an old
friend of his. Just what his next post
will be, the doctor does not know.

anchor was raised and the vessel got
away for San Francisco.

She left without the port anchor and
fifteen fathoms of chain however. This
was lost on the morning of the 30th
when she came to anchor off the en-
trance to the harbor.
Diver Herbert Young has not been
able to locate the anchor as yet but he
has taken bearings and knows practi-
cally where the thing is lying. Owing
to the murky conditions of the waters
caused by the recent koma weather, he
will make no attempt for a few days to
get a line on the anchor. He has hopes
of being able to secure the thing now-
ever.

WEAVER IS NOW IN LONDON

THE CLEVER SWINDLER HAS
LEFT SAMOA.

Two Homeward Bound Government
Employees Talk Interestingly of Sa-
moa and of Manila.

Among the passengers on the Ven-
tura bound for San Francisco, are two
employees of the government who have
been absent from the mainland for
more than two years. One is Commis-
sioner J. E. Tilley, Governor of Samoa,
the American Samoan possession. He
has been at Pago Pago for more than
two years, and is now going home, to
be absent three months or more. When
asked regarding the condition of the
new American possession, Commissioner
Tilley said:

"If it be true that happy is the peo-
ple whose annals are short, the Samoan
inhabitants of Pago Pago must be a
most contented people, and I think
they are. For several years prior to
the coming of the Americans, the is-
lands had been in a state of civil war.
Now this is all done away with. The
people have settled down their won-
derful quietude, and nothing occurs to
vary the every-day round of life. The
Samoaans say they are much better
pleased with American rule than they
are with that of the Germans, but why,
I cannot say. The German govern-
or is a most able man, broad-minded
and liberal in the extreme. I see nothing
in the way he conducts affairs from
the way I try to do."

"The Samoan islands have a future,
but it is not yet time for outsiders to
come there. There is no money there.
The currency of the country is copra.
Which is hardly the sort of measure of
value a more enlightened people desire.
When the country is opened up, there
will be, I fear, considerable trouble in
securing manual labor. The Samoaans
refuse to work. In fact, they do not
have to. Fish, vegetables and fruit are
to be found in abundance. It is hard
to obtain a Samoan laborer at a dollar
a day, for a working day of eight hours.

"The new cooling station is progress-
ing nicely. There are some 150 white
laborers there busy at work. The coal
shed is finished, and the extension to
the pier is being made."

"Nicholas J. Weaver, who seems to
be well known here left the island
some two months ago. I do not know
just what to make of Weaver. He has
all the earmarks of a swindler, but at
the same time there is a sincerity
about the man that is hard to question.
When he returned from London, he
brought his sister with him an elderly
woman who seemed to be everything a
lady should be. She was possessed of
more than ordinary culture and re-
finement. The German governor re-
fused to let Weaver stay in the terri-
tory any longer than to buy a return
ticket to London. Weaver was highly
indignant, and swore, when he left,
that he would have the scalp of the
representative of William III. Weaver
had all kinds of money with him, and
undoubtedly had induced a large num-
ber of London capitalists to part with
their money. He left, saying that he
would square himself with the English
stockholders to his cocoa plantation
scheme, and then he would proceed to
Berlin, and make the ears of the gov-
ernor burn."

"Weaver's cocoa plantation project,
I honestly believe to be a hare brained
scheme. The idea has not even passed
through the experimental stage. Weav-
er may be sincere in all his plans. I
should not like to speak positively re-
garding the man. Whether he is, he
is a man of more than ordinary ability.
You will please bear in mind however
that I said he may be honest, with
strong emphasis as he may be."

"Land may be leased, but cannot be
pre-empted or bought. The old chiefs,
by a wise provision, passed laws which
prevented the natives from selling the
land to any but their own race. Take
the Samoan's land away from him, and
he has nothing. This has been respect-
ed by later possessors. The Germans
are introducing blacks from New Caledo-
nia to do hard labor but I doubt that
the scheme will be successful."

Medical Inspector R. C. Persons, of
the United States Navy, but late of the
Brooklyn, is returning home from his
last cruise. Officer Persons has been
in the Far East for two years and a

BURNED AT STAKE.

BARLOW, Fla., May 23.—Fred Roch-
elle, a negro 35 years of age, who at
noon yesterday criminally assaulted
and then murdered Mrs. Rena Taggart,
a well known and respectable white
woman of this city, was burned at
stake here early this evening in the
presence of a throng of people. The
burning was on the scene of the negro's
crime, within 100 yards of the principal
thoroughfare of this city.

that is all. It
feeds the hair

hair can't keep from
growing. It stops
falling out because it
is hearty and strong. And
it always restores the early
rich, dark color to gray hair.

We say that "gray hair is starved
hair"; and the only way to treat it is
to supply the best kind of hair food.
This is where Ayer's Hair Vigor differs
so greatly from other hair preparations;
it feeds the hair. Just keep that in

AFTER WOMEN BEATERS
JUDGE WILCOX PROPOSES TO
CHECK THEM.
Sentenced One Man to 60 Days in Jail
Yesterday for a Very Brutal Assault
On a Woman.

Frank Fisher received a sentence
yesterday afternoon in Judge Wilcox's
court, which he will not be likely to
forget for some time to come. As-
sault and battery cases, of which wo-
men are the victims, are becoming very
common now and the court has de-
cided to put a stop to it.

From the testimony Fisher was in-
toxicated several nights ago and when in
that condition tried to visit Anne Clau-
dine. The woman declined to admit
him. This did not satisfy the fellow for
he persisted and finally, when she re-
fused positively to receive him, he
struck her in the face and knocked her
down. Not only did he strike her once
but he followed up the attack and ab-
used and kicked her in a shameful way.
The court remarked that the wounds
which had been inflicted upon the wo-
man were outrageous. Fisher did not
find the business altogether profitable
however for he encountered two soldiers
from Camp McKinley. They proceed-
ed to take the woman's part and from
the appearance of Fisher's face yester-
day with several blackened eyes and
numerous bruises they did it well.

In passing sentence the court gave
Fisher an unmerciful scoring. Judge
Wilcox said that even a male dog did
not behave to the point of hurting a
female dog. Fisher had fallen lower
than a dog, however. The court de-
clared that he had no use for men who
beat and kicked defenceless women and
he proposed to stop it. He sentenced
Fisher to 60 days in jail. Notice of an
appeal was given.

BOXERS KEEP UP FIGHT
ON THE WARPATH IN SOME
DISTRICTS.

A Battle Between Native Converts and
Rebels—Frenchman May Succeed
Count Von Waldersee.

LONDON, May 28.—The Boxers are
again active in all districts where there
are no foreign troops," says a dispatch
to the Standard from Tien-tsin dated
May 27th. "Yesterday a missionary
was going to Tui, on the grand canal,
was forced to return to Tien-tsin on
account of a fierce fight raging
between Boxers and Catholic converts.
There was heavy firing on both sides."
"Four thousand insurgents from the
province of Kwatshau have invaded the
province of Szechuan," says the Shang-
hai correspondent of the Standard,
writing yesterday, "causing a wide-
spread panic. It is said that 3000 Yu-
nanese are about to join them."

PARIS, May 28.—A dispatch received
here from General Voynon at Tien-tsin
dated May 26th, says that a reconnit-
erine party came upon a walled town
fifteen kilometers northeast of Ting
Chau. The town authorities refused to
open the gates, whereupon the French
artillery opened fire. The wall was
breached and the town taken. One
French infantryman was wounded.
General Bulloud is scouring the coun-
try with a column of French troops
and is supporting the Chinese regulars.

BERLIN, May 28.—The German
press, without exception, comments in
terms of approval upon the news that
Emperor William has ordered Count
von Waldersee and the German troops
to return home.

The reports that negotiations are in
progress between the Cabinets of the
powers with reference to a joint ap-
pointment of a commander of the troops
of the allies remaining in China are
semi-officially confirmed. The Lokal
Anzeiger says that it hears that Count
von Waldersee's successor will probably
be a Frenchman.

Abdul Hamid's reason for refusing to
permit the importation of typewriters
into Turkey has a far-reaching scope,
logically considered. In his view, type-

ment.

BOER GENERAL KILLED.
Lyddite Shell Explodes While He is
Examining It.

PRETORIA, May 28.—While the Boer
General, Schoeman, his family, and
some friends were examining a 4.7-inch
lyddite shell, which they kept in the
house as a curiosity, the missile ex-
ploded, killing the General on the spot,
mortally wounding his daughter, and
severely injured his wife and two other
persons.

General Schoeman was a great
Kraugerie. He led the commando of
Colesberg, and surrendered on the oc-
cupation of Pretoria. He was after-
ward captured, but was released when
the British occupied Barberton. He
then went on a peace mission, was re-

taken by the British, and was again re-
leased when the British occupied Piers-
burg. Since that time General Schoe-
man had resided in Pretoria.

SOLDIER ON PORTO RICO

TELLS OF LABORERS HAWAII IS NOW GETTING.

Three Years on the Island Has Taught Him That Porto Rican Labor Is Uniformly No Good.

Members of the 11th Infantry on the transport Lawton now in port, came here from Porto Rico where they had been stationed nearly three years. They went to that island with General Miles in 1898. An Ohio man in the party gave a talk last night to a number of Honolulu people that proved of vast local interest. Among other things he said: "Having lived nearly three years in Porto Rico I can almost say that I know the people and their country very well. For the reason that the island is overpopulated, I am glad that they are finding lucrative employment in the Hawaiian Islands and in other parts of the United States. But I fear for the consequences."

"In encouraging immigration from Porto Rico, Hawaii is playing with fire. This Territory is small. Its population is not large. I am sure I do not believe Hawaii could accomplish the education of the large number of Porto Ricans that would be only too glad to come here. Although not so large as many counties on the mainland, Porto Rico has a population of more than 900,000. As one of our officers remarked soon after the war: 'There is just room enough here for the people to stand on and that is all.'"

"I found the people of Porto Rico dishonest and tricky. The Spanish and half-breed elements have all the cunning of their ancestors. I noticed this just after the great hurricane, when the condition of the poor natives appealed to every part of the United States. When supplies were sent over by the government I was made one of the army of distributing agents. We had a list of people in our district that should be supplied daily, others semi-weekly and still others weekly. Not a week had gone by before we were supplying twice as many as there were names on our list. Investigation showed that we were being tricked and swindled in many ways. We found that not one could be trusted. I personally discovered afterward all of a thousand cases of relief to parties not requiring it, the parties selling their food and clothing to others."

"It is a great thing for the Porto Ricans to get to Hawaii. In their own country they are extremely poor. They usually make their purchases with one cent pieces. To them the \$20 a month received in this country is certainly a gold mine of wealth. I am not surprised at all to hear that they smoke fine cigars and ride to their work in hacks."

"The Porto Rican in Hawaii will require a great deal of attention in the way of moral and educational influence. Born and raised in ignorance and vice, it will take a generation to elevate them to good citizenship. The clamor they are making for school facilities is a mere bluff. After a time it will give the authorities all they can handle to keep the Porto Rican children in school. 'I may be all wrong; but I do feel that if I were a resident of Hawaii I would oppose the wholesale importation of Porto Ricans. I know them too well. I understand that there are a couple of hundred now here and nine hundred on the way.'"

The speaker was interrupted and told that there were about 5,000 already here and that 10,000 more were to come. Hesitating a moment the soldier added: "Well, I am very sorry. I like Honolulu. The Lawton has already voted Hawaii the most beautiful country we have ever seen. We shall now be fearful of her future."

WELL KNOWN LAWYER SHOT.
SAN FRANCISCO, May 28.—Because of a grievance over a lost lawsuit, J. N. E. Wilson, the well-known attorney, was shot and fatally wounded yesterday afternoon by Patrick W. Clancy, a special policeman. The shooting took place shortly before 2 o'clock in the office of the South Alaska Packers, room 16, 320 Sansome street, and the two men were alone at the time. Wilson lingered until 3:30 o'clock last evening, at which hour he died at the Receiving Hospital.

ESTEE AND GOVERNORSHIP.
The San Francisco Chronicle says that United States Judge Estee will probably seek the position of governor of Hawaii at the expiration of Dole's term, or if the latter's health should not improve so that he may resume his duties. Estee states that he is not after the office and does not want it.

SENATE LATE YESTERDAY.
The Senate devoted yesterday afternoon to reports. About a half dozen reports were made during the session. Senator Carter's minority report on the military was taken up. Senator Kalaupokalani discussed it for nearly a half hour when adjournment was taken.

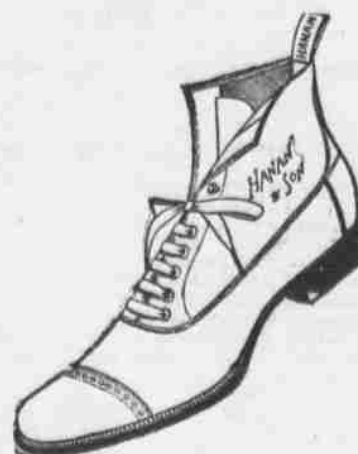

AN "AT HOME."
The Ladies of the Guild of the 2nd Congregation of St. Andrew's Cathedral will be "At Home" in the Sunday School room of St. Andrew's Cathedral at eight o'clock on Thursday evening, June 6th. All members of the 2nd Congregation and those interested will be made very welcome.

BILL OF LADING TAX ILLEGAL.
Supreme Court Knocks Out Some of Revenue.

The Supreme Court of the United States has recently handed down a decision that materially affects the war revenue tax law and will reduce the revenue to be derived from it to a considerable extent. In Minnesota an agent of the Northern Pacific Railway, Fairbank by name, declined to affix the required ten-cent stamp on bills of lading for wheat shipped to England.

Suit was brought against him, and he was fined twenty-five dollars by the trial court. Fairbank, in behalf of the railway company, argued that that part of the law was unconstitutional, inasmuch as the constitution prohibits the levying of any tax or duty on goods to be exported from the country, and the payment of the stamp was in reality a payment of a tax upon the exported goods. The Supreme Court has taken this same view, and has remanded the case to the trial court with instructions to grant a new trial. The result of this will, of course, be the acquittal of Fairbank in accordance with the opinion of the Supreme Court. It will also be a discontinuance of the practice of affixing a stamp on all bills of lading for goods exported from the country.

The decision applies only to foreign commerce, but it suggests a considerable extension of this application. The constitution prohibits Congress from taxing articles sent from one State into another; and thus the decision applies by implication to all interstate commerce. Nor can Congress tax the domestic commerce of any State. It

A BOOK TITLE.
Dispute has arisen about the pronunciation of "Newyorkkites" the name of a recent book. It's of no consequence, but the author, who is a doctor of medicine, rises to say that it is like appendicitis or peritonitis—the word being intended to signify an inflamed state of the New York in any individual. There are many tricks of advertising.—Springfield Republican.

FILIPINOS INCOMPETENT.

Native Judges in the Islands Declared a Failure.

MANILA, May 28.—The Philippine Commission has begun the discussion of the bill to reorganize the courts. Concerning the criticisms of the non-appointment of native judges, the commission, following its instructions, "to the effect that other things being equal, Filipinos should receive the appointments; but the Filipinos had proved incompetent from the outset. Native speakers welcomed the Anglo-Saxon judicial procedure. All the important American judges were adverse to the provisions making Spanish the language to be used in the courts for a period of five years, but the Commission desires to avoid inconvenience to the lawyers. The discussion of the court bill has been adjourned for a week. Judge Arellano suggested an amendment to the effect that American judges must speak Spanish.

CLOSING EXERCISES.

The commencement exercises at Kapiolani school today were extremely beautiful. Although the audience was not so large as in some of the years gone by, the program was of the best and was greatly enjoyed by all. In all of the songs, dialogues, recitations, etc., the young ladies proved exceedingly efficient, showing careful training on the part of their instructors. The vocal music, especially, was the subject of most favorable comment.

The exhibit of school work was arranged in attractive form on the walls of the main school room. Specimens of drawing were probably most conspicuous, filling the walls on three sides. A selection from Hiawatha was illustrated by means of drawings on the blackboard. A dialogue, "Australia and the Islands," was a pretty affair, being more of a tableau in which the various islands were represented by young ladies in different costumes.

The band played on the grounds from 11 o'clock to 1.
