VOL. X, NO. 4019

HONOLULU, TERRITORY OF HAWAII, TUESDAY, JUNE 2, 1908

PRICE 5 CENTS

YACHT HAWAII CHEERED BY GREAT CROWD Breckons Arrested By Richards

Richards Causes Arrest Of Breckons, Ah Sam and Willis

Results Of Orpheum Fight

United States District Attorney R. W. Breckons was this morning arrested on a charge of attending the prize fight which took place at the Orpheum last Saturday evening. The warrant was sworn to by Theodore Richards, who at the same time had warrants issued for the arrest of Ah Sam and Joekey Willis, the principals in the bout, on a charge of affray. The cases will come up in the Police Court tomorrow morning.

Although Richards insists that there is absolutely no spirit of personal animosity shown in the matter, it is significant that warrants calling for the arrest of the parties concerned were issued upon a charge of affray, which would have involved no indignity, if there is any such, would have served the purpose just as well.

Richards went to the police station this morning and asked Clerk Katsuki to make out the complaints. After they had been made out he was referred to Sheriff Lauka, who suggested that penal summonses be employed, in order that the indignity of arrest might be avoided, at least in the case of Breckons. Richards, however, would not listen to the suggestion, and insisted that warrants be issued. He said that he took the responsibility in the matter and that he was doing it. He then took the warrants to Judge Andrade, before whom he swore to them. Lauka then took the warrant against Breckons and served it personally on that gentleman. He also released him on his own recognizance.

"There is absolutely no spirit of animosity in this matter," said Richards when he was seen as he was on his way to Andrade with the warrants. "It is a personal matter with me, and the Civic Federation and the Ministerial Union are in no way involved. I take this action because I have a personal desire to have this law tested. I wish you would state that."

United States Attorney Breckons was served with the warrant for his arrest behind locked doors in his own

UNITED STATES DISTRICT ATTORNEY ROBERT W. BRECKONS
This photo was taken of Mr. Breckons at work, where he was found when the law-and-order men of the Civic Federation thought to arrest him.

office by Sheriff Lauka, accompanied by District Magistrate Andrade. The news became circulated around the lower floor of the Judiciary Building, and before long a large throng of eager watchers had gathered around the little hallway entrance to see the arrested United States official go forth, with banded head, to the prison cell, or wherever the Sheriff decided to take him. But the crowd was disappointed, for when Mr. Breckons' door opened, only the Sheriff and Judge Andrade came out. Breckons stayed behind.

"Mr. Breckons accepted the warrant very gracefully," stated Lauka. "He will come before the court tomorrow morning at 9 o'clock."

When first seen Mr. Breckons stated that he had nothing to say. A few minutes later when Judge Stanley came in and announced that Attorneys Kinney and Prosser, who are opposed to Breckons in the Moses Koki case, had offered to go bail for Mr. Breckons, or render any assistance whatever, he warmed up and talked.

"I will do nothing except admit that I was at the Orpheum Theatre," stated Mr. Breckons. "If I am guilty of any crime, I will take my medicine, go to prison, if necessary. Other than that, I have nothing to say now."

When asked if he considered Saturday evening's melee as a prize-fight, Mr. Breckons said that he did not. As was natural, the matter of Breckons' arrest caused a great deal of comment around town, when it became known. Some wonder was expressed at the fact that Richards could swear to the allegations in the warrant, which are that "Breckons was wilfully a spectator at a certain prize fight in a public place, to-wit: the Orpheum Theatre," when, as a matter of fact, Richards was not present, and as a consequence could have no personal knowledge of that fact. It was also suggested that as Breckons is a Federal

CINCINNATI, Ohio, June 2.—Pinkola won the Latonia Derby. Time, 2:35 3-5.

GRURCH'S NEW WORK

Fred. Church is to take the management of the Hawaii Photo and Art Company. This was the report in the business district today, and although it was not definitely confirmed, there seems no doubt that it is true. Mr. Crook has resigned the management and is waiting only for someone to take his place before he goes to the Coast. Mr. Church is an experienced hand in the business, having originally started the Honolulu Photo Supply Company.

Dr. Francis Brown, director for the Oriental school at Jerusalem, has been elected president of Union Theological Seminary to succeed the late Dr. Charles Cuthbert Hale.

Honolulu Gets Eight Lahaina Four Ships

Carter, Honolulu.

The entire fleet will pass the Laper Settlement, Molokai, early morning July 16th. Twelve ships will arrive Honolulu about 1 p. m. Four ships will arrive near Lahaina about 1 p. m. Further details will be sent as plans develop.

SPERRY.

The above cablegram from Admiral Sperry was received today by Chairman Carter of the Fleet Executive Committee.

The Executive Committee of the Fleet Committee met again today in the offices of the Promotion Committee and discussed many matters connected with the arrival of the Fleet. Chairman Carter reported that Mr. Cobb's services as an accountant could be secured by the Fleet Executive Committee. On motion by F. L. Waldron, seconded by Mr. Waldron, the Chair was authorized to make arrangements with Cobb. Peck of the Ways and Means Committee exhibited the forms on which the Fleet accountant may keep track of all transactions.

On motion of Mr. Wood, seconded by Mr. Waldron, it was decided that a joint meeting of the Executive and Entertainment Committees be held on Thursday afternoon at 1:30 o'clock in the rooms of the Chamber of Commerce. This was done in order to get a better understanding between the two committees.

Captain Bradley of the Salvation Army informed Chairman Carter that the Salvation Army people here were ready to render assistance to the Fleet Committee and that the Army could provide 250 beds to be placed in the old rooms of the Pacific hardware store for the convenience of the naval men. This offer was accepted.

Peck reported on hotel accommodations and, on motion by Mr. McCandless, seconded by Mr. Waldron, the reports were received and placed on file.

Present at the meeting were Geo. R. Carter, Secretary Wood, F. L. Waldron, J. A. McCandless, Geo. W. Smith, L. T. Peck, and C. H. Dickey.

"Hawaii" Sails For Coast To Enter Race

At 2:25 o'clock this afternoon, the yacht Hawaii, entry for this Territory in the Trans-Pacific Yacht Race, which is to start from San Pedro on July Fourth, slipped from her moorings, caught the breeze which swept down Nuuanu Valley, and, spreading her big, white wings, sailed from the harbor for her long voyage to the starting-post. She carried with her also the alohas of the crowd which collected at the foot of King street to see her off. And she carried with her also "bon voyage" from the city she represents, whose citizens own her, and whose colors she will defend.

Disappearing this afternoon around Diamond Head, she bears the hopes of Hawaii. When she is seen again to round that Head, she will bear the realization or the death of all those hopes. Before leaving the harbor, she sailed up and down the bay, to give the crowd a chance to view her.

For many weeks the tiny little craft has been the object of the deepest interest on the waterfront, because of the big things she is expected to do, and to do which she set sail today. Designed by Crowninshield, and built by Alex Lyle with public funds, she is called by Capt.

S. J. Harris, the most competent schooner captain in the islands. "I'll sail the sticks out of her to win," says he—and he will.

Whistles were blown on all the steamers and the factories and mills about the harbor, as the boat tacked about in the bay. After making one run up to the inter-island wharf, she came back, and went about right off the end of the wharf where the crowd had collected to see her. She spun about so quickly and nicely that the crowd cheered.

Flags were massed on the shipping in port.

As the little craft left the wharf where she was moored, the yacht Kamehameha also left her dock, and sailed up and down the bay at the same time. But as she made the channel, the topsails and the flying jib of the Hawaii were hoisted, and she stood away from her companion.

The racer was met off the harbor by a number of yachts which had gone out previously. Members of the committee went out with her on launches and on the tug Intrepid.

Autos lined the wharf and the scene was a gay one. Berger's band

Everyone wants to go somewhere for an outing during the summer months. The Bulletin Vacation Plan supplies the way and the means.

Auto at hack fare. Tel. 361. Panama hats cleaned at the Globe. Ring up Scotty's when you want a good auto ride. Phone 167.

Excelsior Lodge No. 1, I. O. O. F., will meet in Odd Fellows' Hall this evening at 7:30.

Miss K. Cornwell of Maui left today on the steamer Mauna Kea, which sailed at noon.

A. W. Carter and wife were among those who booked to depart in the Mauna Kea today.

Allegretti's delicious creams, fresh. Pounds and half pounds. Benson, Smith & Co., Ltd.

The Seaside cottages are delightful in the summer time. Engage a cottage now for the season.

Leighton Hind and R. Hind of Kohala were passengers on the Mauna Kea, which left at noon today.

Cost your iron roofs with "Arabic." You will be surprised at its cooling and preservative properties. California Feed Co., agents.

The California Cocker Club will give a cup for the cocker spaniel winning first prize in the novice class in the Honolulu Bench Show.

The argument before the Supreme Court in the McBryde vs. Koloa suit was this morning finished and the case has been submitted to the judges.

Your typewriter should be kept in excellent order. The expert at the Hawaiian Office Specialty Co., Ltd., can attend to it for you. Phone 143.

Clinton Hutchins writes from San Francisco that he has been appointed manager of the agencies of the West Coast Life Insurance Co., and that he is now back in the harness again.

Joseph Lightfoot has instituted suit against Frederic Church for judgment in the sum of \$1366. Lightfoot bought the claim from James W. W. Brewster, who had already obtained judgment in the sum of \$1060.

HAWAII SAILS

(Continued from Page 1)

Fairly outfit itself. Final preparations were made this morning. A crew of eight was signed, water was put aboard, the last of the supplies gotten in, all the rigging looked over, and things made shipshape and handy.

She will bear with her no representative of the press to chronicle her doings. Charles Albright, the man picked to take this place, is prevented from going, as he has no one to take his place on the Bulletin, and is not able to leave the city on that account. Possibly the man signed as purser, with wages at a shilling a month, can do the job.

The committee was short of funds at the time of the sailing to the extent of about \$400, or, to be exact, \$360. In their efforts to raise \$2000 in all, they have secured \$1640.

And the condition of the exchequer is somewhat reflected in the wages which her gallant crew will receive. The scale used is a sliding one; that is, it slips back two pips in amount for every pip up in rank, as such is the more economical method. The first mate, W. H. Stroud, who has had two years' experience on a training ship of the U. S. navy, gets \$10 per month; H. Burk, the second mate, draws down the munificent salary of \$45 per month, A. Lindquist of Sweden, who acts in the capacity of boatswain, is satisfied with \$50 per month, and the cook, J. L. Hamilton, who hails from Ceylon, will serve up the salt horse and the plum duff for \$55 per month. Sam, a Hawaiian, and Carl Greenaa, a German, will act as seamen, for the same wages as the first mate draws down. Dan Arcia, cabin boy, gets less than the others, by three-fourths of the amount. The really munificent salary is the one for which May B. Rietow, officially known as purser, will consent to make the voyage. He gets 25 cents in alloyed silver per month, and if he does not get into a poker game in the course of the trip, he ought to have almost 20 cents on arrival at San Pedro.

The Hawaii should arrive at San Pedro by the 22nd of this month, which will give about 12 days for her to stay in port before the start of the race. It has been remarked that she had had few trials here, and that it will do some good for her to get in and sail some trials in among the yachts on the Coast.

Ceremonies were not necessary at the departure. It was thought, beyond having the band out, and the colors flying. Enough time for ceremonies after she has won. It is felt.

Local yachts escorted her to Diamond Head. President Roosevelt will start the race by telegraph.

The entries in the race, besides the Hawaii, will be: Larline, the winner of the first trans-Pacific race; Lady Maude, owned in San Diego; and Gwendolyn IF owned in Seattle.

Beside the prizes offered for the race by the South Coast Yacht Club there will be a cup from Sir Thomas Lipton.

Europeans****COMMISSIONER WHEELER TALKS
OF NEW PLAN TO DIS-
TRIBUTE THEM**

"If the present plans of the immigration authorities for the better selection and distribution of European immigrants are carried out California will profit more than any other State."

Thus spoke W. R. Wheeler, newly appointed Assistant Secretary of Commerce and Labor and member of the Immigration Commission, on his return to his home city May 25. Wheeler will not assume the duties of his new position until he returns to Washington in June, and at present he is here in connection with the formal establishment of the offices of the Pacific subdivision of the Immigration Commission, of which body he has been a member since its creation by Congress last year.

Wheeler is chairman of the Pacific division of the Commission and the other two members are Senator Henry Cabot Lodge of Massachusetts and Professor J. W. Jenks of Cornell.

Mitchell to Conduct Work

At the request of Commissioner Wheeler the regents of the University of California have granted a year's leave of absence to Professor Wesley Clair Mitchell, who will have charge of the field work of the Commission in the district under the supervision of the Pacific subdivision.

This territory includes the Rocky mountain as well as the Pacific slope States. Professor Wheeler and his assistants will make an exhaustive and systematic study of the conditions surrounding present immigrants on this Coast with the object of ascertaining what nationalities are best suited to this section. An effort will also be made to find out what immigrants are most desired by the natives of this district.

Distribution a Problem

In connection with this phase of the work Commissioner Wheeler said: "The question of distribution is the gravest problem confronting the immigration officials at the present time. The new bureau created to attend to this question promises to do great things under the able leadership of T. V. Powderly, and the immigration commission will make use of all its powers to assist in this work of prime importance. The problem of selection is not so difficult, for it is beyond dispute that the United States has the unqualified right to exclude whomsoever it pleases from its shores. But after an immigrant has once landed there is no law that can compel him to go to any certain place. The result is the dangerous condition of congestion which now prevails on the Atlantic coast. Why, when I was in Europe last year I met returned immigrants who had been in the United States for eight years and, in conversing with them I had to use an interpreter. These men had been in the coal mines and steel mills, and when they were thrown out of employment the great opportunities of the West remained a closed book to them. Yet they are all trained for agriculture from boyhood."

Needed in California

Wheeler does not believe that an educational qualification will raise the moral tone of the southern European immigration. On this point he said:

"The members of the Mafia and other criminals come from the Italian towns, where they have been taught to read and write, while the immigrant from the rural districts where the common schools have only recently made any progress are the bone and sinew of the country."

California is the ideal place for these sturdy Italian agriculturalists.

Last year we got 20 per cent. of the immigration from northern Italy, and in the list of States receiving foreign immigrants California now

ranks seventh. Our climate and agricultural conditions are so favorable for the Italians that this State is well named 'Sunny Italy.'

"Italy is but slightly larger than California in area, and yet with its 33,000,000 people the cry is already being raised that there are not enough to till the soil. With our great resources, think how many agriculturists we could support."

"In the selection and distribution of immigration the country will be aided as much as the immigrants, and no influx will be encouraged which cannot be assimilated."

HOW MAIL SUBSIDY DIED

WASHINGTON, D. C., May 23.—The House again wrestled today with the subject of mail subsidies to steamship companies, and once more recorded itself against the proposition by the vote of 145 to 154. The debate ran well into the night.

Having been overwhelmingly defeated yesterday the conference on the postoffice appropriation bill today came into the House with a new re-arranging with the Senate on everything except the subsidy provision and that relating to the system for weighing the mails. The portion of the report on which there was no disagreement was adopted unanimously under an agreement to extend the time of debate on the subsidy question.

The Senate amendment changing the standard of weighing the mail by reducing the number of days on which the weighing should be conducted was snuffed under, 94 to 186.

By reason of the action of the House in rejecting these amendments the bill again went back to conference for the third time, although the Senate already had agreed to the report.

As soon as the action of the House was announced in the Senate, Senator Penrose moved to recede from the remaining Senate amendments and discharge the conference. The motion was carried and the Congressional work on the Postoffice bill was thus completed. The effect is to leave the mail subsidy provision out of the bill, and thus effectually dispose of it for the present session.

**AMMUNITION FOR THE
BATTLE-SHIP FLEET.**

Vallejo, May 25.—Last month the employees of the Mare Island magazine turned out \$500,000 worth of ammunition at the yard plant, which is just \$400,000 more than any previous month. Nearly all of this ammunition was used to replenish the stocks on board the battleships of the Atlantic fleet which were used up at the recent target practice at Magdalena bay.

PEARY'S NEXT DASH.

Washington, May 15.—Captain Peary, Arctic explorer and holder of the world's farthest north record, called at the White House today. He was unable to see the President, but was promised an interview before he leaves the city tomorrow afternoon.

"I am expecting to sail for the north July 1st," said Captain Peary, "but I am not so certain of it. I still need money. Part of the requirements of the trip has been met. The other things can be obtained in a very few days. I could make the vessel ready to sail on four or five days' notice."

"It will take \$50,000 to outfit me for the trip on which I am positive I will get to the pole. Two years ago—in April, 1906—I got within 200 miles of the pole."

WRITER WYCKOFF DEAD.

Princeton, N. J., May 17.—Walter Augustus Wyckoff, A. M., assistant professor of political economy in Princeton University, is dead at his home here. He was the author of "The Workers" and other sociological works.

Wyckoff, a missionary's son, was born in 1865 in Malindi, India. He graduated from Princeton in 1888, returning from a course of study in Europe in 1891, he conceived a plan of traveling to better his health, and at the same time to learn how the working classes lived.

He worked his way by day labor across the continent for eighteen months. He had harrowing experiences in Chicago. He was a section hand on the Union Pacific and a burro puncher in California. His health was fully restored. He described his experiences in two books.

BITTERS**

In taking the Bitters you have our guarantee of its purity, and this, together with its 54 years' record of cures, should convince anyone that it is a medicine worthy of a trial. It cures Poor Appetite, Dyspepsia, Indigestion, Costiveness, Female Ills and Malaria, Fever and Ague.

JACK LONDON WRITES

Oakland, May 23.—Jack London, the author, who, accompanied by his wife, has undertaken to circumnavigate the globe in a small boat, has achieved a greater measure of success on the voyage than he expected, according to a letter from him, received by his sister, Mrs. Eliza Shepherd of East Oakland. The letter included a diary which London had kept up to May 15, when he went back from Tahiti. London said that they were given cordial receptions wherever they stopped and that his quest for literary material was being gratified. He plans to sail for Australia as his next stopping point, Mrs. Shepherd said. The Shark has proved a good sea boat.

**PRESIDENT JORDAN TOOK
SHORT HAND CAR ROUTE.**

Santa Rosa, May 18.—President David Starr Jordan, of Stanford University, last week manned one of the handles of a car used by section men between Alpine and Fort Bragg in Mendocino county, while on his way to attend the Mendocino County Teachers' Institute. A special train was sent to meet him on the lumber railroad from Alpine into Fort Bragg. The train was ditched. When Superintendent French heard of the wreck he sent a handcar to bring Jordan into Fort Bragg, and he arrived in time to address the teachers.

WASHINGTON, D.C., May 21.

THE BULLETIN, Honolulu, T. H.
Gentlemen:—We have just received our first bunch of Bulletins showing the Orrine advertising. We wish to thank you for the careful attention you are giving this business and we are pleased to advise that the Honolulu Drug Company have just ordered another lot of Orrine. We believe our mutual cooperation in this matter is going to make Honolulu a good market for Orrine.

If we can be of any assistance to you in the United States, you have but to call on us and you have our permission to refer prospective advertisers to this agency, relative your paper, and we shall be indeed glad to say a good word for the Bulletin.

Again thanking you for your cooperation, we are,

Yours very truly,
GREEN'S CAPITAL ADVERTISING AGENCY.

TUESDAY JUNE 2, 1908

Let us not give up the sixteen battleships for Honolulu without a struggle.

Hawaii may consider itself very lucky that it got in under the liberal appropriation wire before the National Treasury deficit of our billion-dollar country became very impressive.

Reports from the mainland that money is plenty but times are hard, indicate that partizan workers will not lack for audiences demanding that the road back to prosperity shall be pointed out.

The whole State of Maine got something like \$359,000. In the public-building appropriation bill, and the people are as pleased as a kid with a new toy. Honolulu ought to at least smile over its \$850,000.

With the record of Pearl Harbor begun and the top-notch appropriation for Honolulu's public building, isn't it about time for the man who wonders whether Delegate Kuhio can be elected, to fade away into discussion of other topics?

The return of more than a hundred Portuguese in the recent trips of the Alameda cause more real joy among the people of the Territory than all the Hindus who might float in during six months. The "people" want to see home-builders.

When deciding land questions, why not adopt Secretary Garfield's method of drawing lots? His experiment was dubbed a gamble, but the disappointed ones were unable to charge favoritism, which is the constant cry that goes up in these islands.

Secretary McCall is to be congratulated on having changed his mind on Pearl-Harbor matters. Whether he did so on order from the President or because of the obvious purpose of the United States Congress, we shall allow Fudge and Fudge-doodle to argue out in ponderous phrase and numerous slaps on the wrist.

Gentlemen—bondholders—what are you doing with all the money that is coming into your pockets as a result of the abundant harvest and high prices?

Are you using it to promote the further development of Hawaii?

We know that one man—"Jim" Castle—can answer this in the affirmative.

How about the others?

SPEED AT PEARL HARBOR.

The ginger which characterizes the movements of the men who have arrived in Honolulu to carry forward the work on Pearl Harbor is mighty refreshing. It shows how the Federal Government goes at a large and important project, once the members of Congress furnish the wherewithal. From the very outset not a moment has been wasted. The superintendent engineer loses no time seeing the sights of the city or making the acquaintance of the people. Landing on the wharf in the early morning, the afternoon finds him with his assistants on the ground at Pearl Harbor, and sizing up the situation—at work.

That is business, and the people like it. Good, snappy action of this character compensates in some degree for the long years of waiting for the real importance of Pearl Harbor to dawn on the minds of the American people.

The operations now going on at the harbor are the beginning of a new era in the history of Hawaii and the Pacific ocean. That this city will immediately feel the influence of the sudden Pearl-Harbor impulse will depend entirely on the speed with which it is possible to carry forward the construction and assemble the large force of labor that sooner or later must be employed.

Be the immediate results what they may, there is not the slightest doubt of the effect of the harbor development on the comparatively near future of this city and the Territory.

It means progress. It means better facilities for more shipping. It means population. It means all that comes to a community in the center of things. More responsibilities, to be sure, and possibly more troubles, but also more of the growth that makes life worth the living.

PROMOTING EUROPEAN IMMIGRATION.

There is no doubt that the executive officers of the Government are most earnestly engaged in the effort to distribute the great mass of immigrants arriving at Eastern ports among the districts where they are needed.

When Commissioner Wheeler, the newly appointed officer of the Department of Commerce and Labor, went east some weeks ago he gave out an interview in which particular reference was made to the value of the European immigrant to California and the Pacific Coast. Returned from Washington, he has renewed his talk of the European for the Pacific Coast and dwells on the effort of the Government to get the immigrants into the country and on the farms where they will have work for which they are adapted.

This work of which Wheeler speaks, and to which Mr. Powderley is devoting his experience and energy, is the mainspring of the program mapped out by the Hawaiian Board of Immigration, of which Mr. Tenor is the active agent.

Once the tide of immigration is started westward along routes that will land the European on the west Coast with reasonable certainty, the prospect for Hawaii gaining people from mainland sources who will work is very much improved.

Let us hope that Commissioner Wheeler will continue his promotion talk and thus stir our Pacific Coast friends to action. With such active and moral support, it should be possible during a comparatively few years to bring these islands, farthest distant from European centers, within the limits of the natural immigration movement.

The European is salvation to Hawaii as well as California.

Wu Ting Fang, Chinese Minister to the United States, spoke in New York in aid of the establishment of a Confucian society. It is planned to build a Confucian temple there.

A company of the Ohio National Guard has been sent from Columbus, O., to the tobacco district in Brown County to suppress night-riders.

CLAIMS THAT NOTLEY WANTED ANNEXATION

Notley Offers to Pay the Sum of \$1000
If the Accusation is Proven.

The owners of the Home Rule organ and Ke Aloha Alina are on the warpath, the matter which brought about the trouble being the annexation of the Hawaiian Islands to the United States.

Some time ago the Ke Aloha Alina published an article stating, among other things, that Chas. K. Notley, president of the Home Rule party, was among those who signed a petition favoring the annexation of the Hawaiian Islands to the United States of America.

Notley challenged the Ke Aloha Alina to produce proof of his signature to any annexation petition, offering to pay the Ke Aloha Alina \$1,000 if it could do it. Mrs. Nawahi, the proprietress of the Ke Aloha Alina, would say very little about the controversy today. She said, however, that she would write another article on the subject some time this week.

Free Booklet On Bright's Disease And Diabetes

We desire to place in the hands of those afflicted with Bright's Disease or Diabetes a 36-page pamphlet that is saving human lives. It is not an ordinary pamphlet, but is principally made up of reports of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these hitherto incurable diseases.

This booklet is for thoughtful people—people who can discriminate between common patent medicine literature and a carefully prepared report of a patient, serious and profoundly important investigation.

The specifics employed in these tests are known as the Fulton Compounds, and the results obtained prove conclusively that these dreaded diseases no longer fatal have at last yielded to medical science. The pamphlet is free. Honolulu Drug Co., Fort St.

When to suspect Bright's Disease—weakness or loss of weight; puffiness ankles, hands or eyelids; dropsy; kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one or more of these.

In Diabetes the distinguishing feature is, weakness with great thirst and at times voracious appetite.

Daniel Frohman, president of the Actors' Fund of America, which held its annual meeting in New York, told those assembled that the fund in its twenty-seven years of existence, had disbursed more than \$1,000,000 to the needy, but that the last year showed a deficit of \$27,000.

Mrs. Mary Baker G. Eddy, head of the Christian Science church, has transferred to her trustees, Henry M. Baker, Josiah H. Fernald and Archibald McLellan, the extensive estate on which she lives at Chestnut Hill, near Boston.

EHLERS

O'DAY TO WRITE HAWAIIAN NOVEL

Will Depart Tomorrow
But May Soon
Return

"The Hawaiian" will be the title of a novel which Dr. J. C. O'Day will write on his return to the mainland. He and Mrs. O'Day will leave tomorrow in the Alameda.

"During the two months I have been here I have laid the groundwork for a novel, which I shall entitle 'The Hawaiian,'" said Dr. O'Day this afternoon. "I hope to bring out the big news of heart, the honesty of purpose and the spirit of true appreciation which I have found so characteristic of the Hawaiian people."

"It is probable that I shall return to Hawaii during the latter part of the year, in which case I shall go into partnership with Dr. C. B. Cooper, with whom I have been practicing during my stay here."

Dr. O'Day has during the past eight years been located in Pittsburgh, where he practiced his profession, making a specialty of surgery and diseases of women. He was teacher of anatomy at the Western Pennsylvania Training school, and has written a work on diseases of children caused from artificial feeding. He is a graduate of the University of Ohio, where he took a classical course, and of the College of Physicians and Surgeons of Chicago. He is a prominent member of the American Medical Association, of which he was at one time a trustee.

"The Hawaiian" will not be Dr. O'Day's first attempt at novel writing. He has during his spare time written three successful novels, "The Three Doctors," "The Morphine Fiend," and "Oil Wells in the Woods," the latter, which is his latest work, being a romance of the oil fields.

"Speed" Is Watchword

Captain Charles Parks, Civil Engineer, U. S. N., called on Acting Governor Mott-Smith and United States Attorney Breckons this morning regarding the work on Pearl Harbor. Captain Parks will superintend the greater part of the early work.

The main point of his calls was to the effect that the Pearl Harbor work would be rushed through with every possible bit of speed. Everything will be made ready for construction work to begin, not a thing that might retard the work after it has been once started will be left unattended and it is proposed to have matters in such a condition by the time of the arrival of the Fleet that the Schroeder Board can be assembled and acquainted with the facts and conditions immediately, and suggestions thus can be made. When this Board is assembled everything concerning the speedy completion of the work will be determined.

It is a fact worthy of mention that the Pearl Harbor bill was passed on May 13th, approved the same day, and now, in less than a month, the engineers are on hand ready to carry the work through which means so much for Hawaii and the whole Pacific Coast.

"Speed" will be the watchword, it is said, and it is therefore to be expected that the work will be completed in a much shorter time than a great many people have expected.

REDUCE CEMENT PRICE

CHICAGO, Ill., May 25.—The manufacturers of Portland cement throughout the country are about to start a price-cutting war that it is declared will put some of the smaller concerns out of business. Prices, which have been unusually low for the last two months, are scheduled to take a further drop after June 1st, when each manufacturer is to act independently and go after all competitors.

The storm has been gathering since the quarterly meeting of the Association of American Portland Cement Manufacturers, held in Philadelphia in April. At that meeting a row developed between the Eastern and Western manufacturers over certain patent rights claimed by the former. As a result of the row the "gentlemen's agreement" which was said to exist to regulate prices was abrogated, and a warning given that after June 1st no quarter would be shown. The association is composed of fifty-six manufacturers and represents a capitalization of about \$500,000,000.

New York, N. Y., May 14.—Richard Croker's daughter, Ethel, has refused two offers of marriage from members of the nobility, one rejected suit being an English nobleman and the other an Italian Prince. "There are too many fine American men right here in our own country," she said today. She declined to give the names of her foreign suitors.

Mrs. Croker said: "There was really nothing objectionable about the Prince. He was very wealthy, and the family were much taken with Ethel, but she said of him, as of all others, 'Very nice, mamma, but I don't think I care to marry a foreigner.'"

"Last year in London there was a young English nobleman who was very attentive to Ethel also. He and his mother tried to persuade us to have Ethel presented at Court, but the child refused."

The closing exercises of Kawaiahae Seminary will take place on Friday, June 5th, at 7:30 p. m., in the seminary chapel. Owing to the extension of the course of study this year into High School work, there will be no graduates; the exercises will take the form of a recital of music. No printed invitations are issued; all interested will be welcome.

An investigation was held at the Naval Station this morning before Lieutenant Commander Carter, on the matter of the escape of Marine Castleberry from the brig at Camp Verry. The blame was fixed on the corporal of the guard, who was absent at the post hospital at the time of the escape.

Fight for chairmanship of Republican National Committee to be one of the side-shows of the convention.

FRIENDLY FEELING TOWARDS HAWAII

Supervising Architect
Taylor May Come Here

"I have never enjoyed such a pleasant visit on the mainland as this one," said W. O. Smith, who returned yesterday from Washington, where he was with Governor Peary at the conference of Governors. "What impressed me particularly was the friendly feeling shown towards Hawaii by the Congressmen who visited the islands last year. Their visit was certainly of great benefit to Hawaii."

"Outside of the conference our time at Washington was largely taken up with visits at the different departments and bureaus on matters pertaining to Hawaii, such as the College of Agriculture and Mechanical Arts, the Bureau of Animal Industry, the Bureau of Forestry, etc. Everywhere we found the most friendly feeling towards Hawaii, such as was shown by the appropriation of \$850,000 for our Federal building, the largest amount which has ever been given for such a building."

"In this connection we tried hard to get the Treasury Department to send Supervising Architect Taylor to Honolulu to look over the ground before finally adopting the plans for the building. It is, however, uncertain whether he will be able to make the trip."

"The conference of Governors was a very notable event. Most of the Presidential candidates were there. Hill, the railroad magnate, delivered a very able address and Carnegie, the steel king, was also present. The eight days which we spent in Washington were all devoted to work; still I enjoyed good health and have enjoyed the trip throughout."

CALIFORNIA BANKERS HAVE BANK-LAW SUGGESTIONS

Pasadena, Calif., May 10.—The annual convention of the California Bankers' Association came to an end today at the close of the morning session, after which the delegates and their wives visited the Amundson Golf Clubhouse, where an informal reception was held. The convention is pronounced by all an unprecedented success; the registration being nearly double that of last year. Perhaps the most important business of the three days' conference was discussion of the delegates with the four members of the legislative banking commission appointed by the Governor to recommend changes in the State banking laws.

The following provisions for recommendation to the commission were unanimously adopted:

"First—The Governor shall appoint a State Bank Comptroller to serve during good behavior. He must have had at least five years' experience previous to the time of appointment. The State Bank Comptroller shall appoint all bank examiners not to exceed two to each 100 banks or fraction thereof. His salary shall be \$10,000 a year and he shall have full powers for the necessary successful administration of his office.

"Second—Loans by a bank to all officers and employees of that bank shall be absolutely prohibited.

"Third—Savings banks doing a strictly savings business shall not be required to carry any reserve. Savings banks doing a savings and commercial business shall be required to carry a reserve of 15 per cent. of their deposits."

The association elected the following officers to serve the ensuing term:

President, Joseph D. Radford of Los Angeles; vice president, H. S. Fletcher of Watsonville; secretary, R. M. Welch of San Francisco; assistant secretary, F. H. Colburn of San Francisco; treasurer, J. J. Fagan of San Francisco; executive council, C. F. Hunt, San Francisco; A. E. Edwards, Pasadena, and Charles F. Smith, Oakland; executive committee of American Bankers' Association, J. M. Elliott, Los Angeles; George W. Peltier, Sacramento.

WOMAN'S BOARD LUNCHEON.

A very successful luncheon was given by the Woman's Board at noon today in the assembly hall of the Central Union Church. In appreciation of the good work done by the Board men of various vocations in the attendance of the luncheon. Prominent among them were Judge Dole, P. C. Jones, Geo. P. Castle, Judge Kingsbury and several others. The tables were exquisitely decorated for the occasion while the walls were likewise adorned with pictures and flowers. The members of the Woman's Board were on hand and attended to the wants of their guests, who spoke very highly of their reception. The afternoon session was held at 1:15 o'clock.

DRESS-MAKERS

The nervous strain through which dressmakers have to pass at certain seasons of the year seems almost beyond endurance, and frequently brings on nervous prostration, fainting spells, dizziness, sleeplessness and a general breaking down of the feminine system, until life seems altogether miserable.

For all overworked women there is one tried and true remedy. **LYDIA E. PINKHAM'S VEGETABLE COMPOUND** restores the feminine system to a strong, healthy, normal condition.

Mrs. Ella Griffin, of Park St., Canton, N.Y., writes to Mrs. Pinkham: "I was troubled for three years with female weakness, backache, pains in my side, and headaches. I was most miserable and discouraged, for doctors gave me no relief. Lydia E. Pinkham's Vegetable Compound brought back my health and made me feel better than ever before."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Joe Gans Is a Wonder Who Will Be Long Remembered

Here is a little boost for Mr. Joseph Gans, which was written at the ringside of the Gans-Unholz fight. Joe Gans will be appreciated after he has retired from the ring, but not until then. Those who have sat by the ringside and seen him battling away for the past fifteen years or more have become blasé to his matchless prowess. Will the ring ever see another fighter like him? Will there ever be another champion of his worth and enduring quality? These were a few thoughts that flickered through the minds of the lovers of boxing as they watched him toy with the young, sturdy Unholz Thursday night. Think of it! For nearly two decades this somber-faced negro has been achieving conquests, beating the very best fighters of the time, and today finds him the undisputed champion of his class and the class above him—the welterweight division. Old Alexander never had a clearer title to the world, nor did the massive and ponderous Jeffries in his day, than one Joseph Gans has at present. Where is there a lightweight now who has more than an outside chance with him? There isn't any. Gans is monarch of all he surveys. He is the king of kings. Champions come and champions go, but this one seems to go on forever. The point has been made that Gans is not the man he was, say, five years ago. That may be a fact, but he can deteriorate a heap lot yet and still be the best man of his class. It is amazing the great many fighters Gans has seen come and go since he shed his armor in the arena. There have been hundreds. The great Dixon was only four years old when Joe entered the world, and it has been about ten years since the former was beating all comers. Tom Sharkey was one year old when Gans was born. Young Corbett is six years younger, and so is Terry McGovern. Eddie Hanton is eleven years younger. Jack O'Brien is four years younger. Kid Lavigne, who has been down and out ten years, is only five years Gans' senior. Joe Walcott, another great champion whose sun has set, is but two years older. Tommy Ryan is four years older, and he left the ring several years ago. Benny Yanger, who has almost been forgotten, is eight years younger; great lightweights like Frank Erne, Geo. McFadden, Spike Sullivan, Jack O'Brien, Jack Daly, Dal Hawkins, Kid McPharland and Martin Flaherty, were fighting when Gans was battling for recognition. One and all have passed out of the arena. In point of age they have had little if anything on the present champion. It is by comparison with these knights of the padded glove that Joe's genius shines the brightest.

RACKET WELDERS TO MAUI

Honolulu tennis players are planning to take advantage of a very cordial invitation extended them by the Puunene Athletic Club to go to Maui on August 12. That date has been set apart for several years past as a proper time to celebrate a harvest home festival. The tennis tournament will be part of the day's program of sports, which will be brought to a fitting close with a grand ball in the evening.

SPORTIVE SPLURGES

The Waialea schoolboys last Saturday defeated the Waialea team on the latter's field, by a score of 6 to 4, in a closely played game of baseball.

The Kamanuwal Athletic Club has disorganized and disposed of its interests in the Kalamanao League to Robert Akeo and Cornelius Aiu.

The Diamond Head A. C. will hold a meeting at 7:30 o'clock this evening, at the usual place.

What sort of baseball will the Jewels play Saturday next? Beware of the smoker!

SPEED PHENOMENON

NEW YORK, N. Y., May 21.—The University of Virginia claims to have a new sprinting champion in James A. Rector. The young runner is credited with covering a hundred yards in 9.2-5 seconds recently, and is being hailed as the greatest runner who ever lived. In addition to clipping a fifth of a second off Dan Kelly's record, he defeated Smithson in a special dash last winter. Rector is a candidate for the Olympic team.

Frank Chance of the Chicago Club claims that Kling and Sullivan of the National League, Sullivan and Criger of the American League stand out alone as the greatest catchers of the day.

"Young" Nelson Wants a Fight—Has a Fine Record

"Young" Nelson, the pugilist, whose real name is Jacob Tavares, wants a fight. Tavares, or rather Nelson, is known to all the fight fans who followed the game in this city when the sport was widely indulged in. And they all know his enviable record. He has been defeated but once during his career, and that was when he gave away eight pounds in weight, and fought very light himself.

Nelson would like to meet Corporal Bird, if that fighter can make 127 pounds. Nelson could make as low as 125 now, without reducing strength. But he can fight at a heavier weight if he wishes.

He was challenged by Bird once, but the corporal did not come through after the challenge had been accepted. For this reason, and others, Nelson is anxious to meet the soldier in the ring.

Nelson has an interesting record. He has done all of his fighting here. He went ten rounds with Jack McFadden and the referee called the fight a draw. He put Ernie Heine down and out in two rounds. He went four fast and hard rounds with Harris, and gained the decision in the end. The last fight in which he figured here he lost. It was a go with Jack McFadden, the second time the two met, and Jack was fighting at 130 while Nelson was at 122 pounds. In the eleventh round the thing was ended by the knockout route.

The boy is clever and has a hard punch, and it is said that he is backed by one of the most prominent of the fight fans in town—a man who has the coin to make a fight stick at all odds, or to put up a purse.

He makes his challenge officially through the Bulletin. It is open to any man of his weight—125 pounds—in the Territory, bar none.

AALA PARK GOSSIP

J. Ross, the greatest player of the local Nippon nine, sent a "beaut" to Wakita at center in the sixth inning, but the latter fell on a mango peel and fumbled the ball, which gave the Banzauls four runs on the error.

The Chinese "White Sox" team will join the Kalamanao League. Enos Vincent, the local attorney, will probably be elected president of this league for 1908.

Makanui had the luck of walking every time he was at bat last Sunday in the game between the Palamas and Kaalas.

Lee Yen, the secretary of the Chinese Aloha, gives notice that there will be a meeting of that club next Sunday.

Vice President A. K. Vierra, of the Riversiders, who is a candidate for Supervisor, has joined the "bicechers" party.

Esplinda and Medeiros pitched the game of their lives last Sunday, when the Palamas met the Kaalas.

Hong Chack's team captured the two games from the Koolapoko's last Saturday and Sunday.

Manager K. Yasumori of the Japanese A. C. is dreaming of championship honors nowadays.

There will be a regular meeting of the Riverside League Thursday evening at 7:30 o'clock.

English played a star game for the Aloha. He was in the box for six innings.

The Chinese Aloha need a twirler.

FOR WALKERS

Edward Payson Weston, the great pedestrian, who last summer at the age of 70 years walked from Portland, Maine, to Chicago, beating a record he had made fifty years before, is now in San Francisco, where he has persuaded 5,000 people to join his walking club. Here is his panacea for all ills:

In the morning place a half-pint full of rock salt (the kind they put on the ice to freeze cream) in an earthen basin or washbowl. Then pour a quart of boiling water over it. After it is dissolved add five quarts of cold water.

When disrobed for your night's

9,278 "Maxwell" Owners
Proclaim the Superiority of

The
Maxwell

The "Maxwell" Tourabout laid the foundation of the fame of the "Maxwell" line. The 14 H. P. wonder, sold at \$825, was the first car of proved efficiency to be offered at such a price. The "Maxwell" was the first car to introduce features of such prime importance as

The "Maxwell" Multiple-Disc Clutch.
Three-Point Suspension of Power Plant and Transmission.
Single-Unit Construction of Engine and Transmission Cases.
Pumpless Thermosiphon Cooling System.
Indestructible Metal Bodies.

Its victories in endurance contests, hill climbs and economy tests have established unprecedented records for cars of its class.

The 24 H. P. Touring Car shown here is the latest achievement of the "Maxwell" line. The marvelous simplicity of the "Maxwell" mechanism eliminates the necessity of a chauffeur—makes it the ideal car for the untrained owner.

If you have never ridden in a "Maxwell" you are not yet equipped to purchase a car. Get a "Maxwell" Convincer—a demonstration ride—in this Tourabout—or, if you want a larger car, the 24 H. P., \$1,750 Touring Car cannot fail to satisfy your needs.

Von Hamm-Young Co., Ltd.

sleep, sop your feet up and down in this footbath for four or five minutes.

Then wipe thoroughly dry, especially between the toes. Then with your hand sop a little half-diluted alcohol over each foot and LET IT DRY IN.

This bath will not only take the fever out of your feet, but within a month will cause corns to disappear.

The salt water bath softens the corns and the alcohol burns them out.

They go away gradually on the towel.

It will strengthen one greatly to give the body a salt-water shower bath once a week, as it cleanses the pores of grease and the component parts of soap.

The recipe has been found infallible by Mr. Weston.
