LEGISLATURE IN SESSION

SENATOR BROWN RISES TO A
QUESTION OF PRIVILEGE.The Kaulaui Appropriation Again Be-
fore the Senate—Proceedings in
the Lower House.

FIFTH DAY, FEBRUARY 25TH.

THE SENATE.

The proceedings of the Senate
this morning opened with prayer
by Chaplain Peck. The roll call
showed Senator Kaulaui to be
absent.

Minutes of yesterday were read
and approved.

Senator Waterhouse presented a
petition from 62 citizens of West
Maui, Lanai and Molokai, protest-
ing against any change in the
location of the Circuit Court of
the Second Circuit. Laid on the
table to be considered with any bill
which may come up.

Senator Brown rose a question
of privilege in regard to an article
which appeared in this morn-
ing's Advertiser, in which the fol-
lowing appeared in heavy type:

"The black list is opened. These
are the Members of the Legisla-
ture who have thus far put them-
selves on record for licensing
opium:

Senator Cecil Brown,
Senator John McCandless,
Senator A. Hocking."

The Senator maintained that
such articles were not proper, be-
ing in the nature of intimidation
to those members of the Senate
who had not yet declared them-
selves on the opium bill. Every
Senator had a right to his own
opinion without being abused by
the Advertiser for it. It was not
right to start such a black list in
connection with any business be-
fore the Legislature. That kind
of journalism must be stopped at
once. It was not fair to the mem-
bers and he believed it to be poor
policy for any newspaper to hold
up to scorn or derision any
member of the Senate. Further
than that he would
call the attention of the Senate to
the fact, known to them all, that
the Advertiser was directly controlled,
editorially and otherwise by per-
sons now high in the government
employ. He had intended per-
sonally to say nothing about the
matter but some other Senators
had protested to him against the
use of such language in the press,
and he had been asked to protest
again its recurrence. He did not
care to take any further proceed-
ings and would be content at this
stage with entering an energetic
protest against such journalism.

Senator Baldwin desired to
know the words complained of, as
he had only carelessly glanced at
the article.

President Wilder said the words
were "The black list is opened."
He objected to the words "black
list" being used in connection
with the Senate or any of its
members and asked if any mem-
ber had any motion or resolution
to offer.

Senator McCandless offered the
following resolution in writing:

Resolved, that it is the sense of
the Senate that the course pur-
sued by the Advertiser in the
opium bill is neither honorable,
fair nor manly.

Senator Wright considered the
words as a slur on the members
mentioned and on the Senate.

Senator McCandless did not
want to bring the offending editor
before the bar of the house. He
supposed it was the right of any
member to bring in or support
any bill that he thought was for
the best interests of the public.
It looked to him as if the article
was the commencement of a
course of intimidation and he
was pursued by the paper against
members who favored the opium
bill. He called the attention of
the Minister of Finance, who was
present, to the course pursued by
one of the heads of his depart-

ment, who was the principal
owner and controlled the paper.

Minister Damon said he favor-
ed good, healthy criticism, and
welcomed it even if it was as
severe as it might be. It was the
very life of the government and
what was needed to insure good
government. The government
would not be in the healthy posi-
tion today that it was, if it had
not been for the opposition press
making itself heard.

Senator Brown said he was with
the Minister of Finance heart and
soul. "Let them criticize all they
want to" said he, "but when the
language used comes down to vul-
garity it is not criticism, and it
was time to stop it."

Senator Waterhouse objected to
considering the resolution be-
cause it was not written on the
kind of paper prescribed by the
rules.

The President mildly sat on the
objection by stating that the Sen-
ate had not yet condescended to
take advantage of technicalities.

Senator Baldwin said he had
since read the article carefully and
thought it was not a proper one.

The President said he would be
the last to take action in any
proper criticism on the Senate in the
papers. The whole tenor of the
article in question was that of in-
timidation and he thought the
criticism indulged in was both
very ungentlemanly and very un-
just.

The matter was then allowed to
drop by the withdrawal of the
resolution.

Under the regular order the
salary and appropriation bill was
taken up.

Senator Brown moved that the
items be considered in open ses-
sion instead of in Committee of
the Whole. Carried.

The item of \$24,000 for the
President's salary for two years
passed.

Under the head of permanent
settlements the item of \$4000 for
Queen Dowager Kapiolani passed.

Before proceeding to the next
item Minister Damon asked the
indulgence of the Senate to bring
up the matter of an allowance to
Kaulaui. He proceeded to eulo-
gize the young lady and stated
that it was the wish of the Execu-
tive Council that she be given a
similar allowance to that of the
Queen Dowager. He would there-
fore make a motion to that effect.
Seconded by Senator Waterhouse.

Senator Horner stated that he
would not vote for the motion un-
less the Minister could give him
the assurance that the amount was
acceptable to the young lady and
that she had announced her in-
tention of supporting the Repub-
lic.

Senator McCandless hoped that
since the action of the Senate at
the Special Session the matter
had been finally dropped. He
was surprised to find the
subject coming up again. He
thought the government had all it
could do to find money enough
for current expenses without in-
curring others. He would move
to refer the motion to a special
committee.

Senator Baldwin wanted to know
more about the young lady. He
understood she was still unfriend-
ly to the Republic. He would
support the motion to refer.

The motion was then put and
carried.

Further items under head of
permanent settlements were passed
as follows: Mrs. Emma Bar-
nard \$600; Mrs. Kaulaui Simo-
na \$400; Mrs. Kaulaui \$400 and
Mrs. Mary R. Stolz \$720.

For the Judiciary the following
passed without opposition. Salary
of Chief Justice \$12,000; First
Associate \$10,000; Second Asso-
ciate \$8,000; Clerk of Judiciary
\$5,400; Shorthand Reporter \$4,800;
Hawaiian Interpreter \$5,000;
Chinese Interpreter \$3,600; Mes-
sengers \$1,200.

In the matter of the salary of
the Japanese Interpreter and
Translator, Senator Brown moved
to increase the amount from
\$2,400 to \$3,600. After some de-
bate the amount was finally fixed
at \$3,000.

For the expenses of the First
Circuit Court the items passed
were: Salary of Judges \$8,000

each; First Clerk \$3,000; Second
Clerk \$3,000, Third Clerk \$1,800;
District Magistrate Honolulu
\$5,000; Clerk and Interpreter,
\$2,400. The salaries of the Dis-
trict Courts of Oahu were un-
changed.

In the salaries of the Circuit
Judges and attaches of the Courts
on the other islands no change
was made over the previous ap-
propriation. Senator Hocking
made an effort to have the salary
of the clerk of the Maui Circuit
Court raised from \$50 per month
to \$100 and then \$75 but failed on
both propositions.

When the appropriations for
the Department of Foreign Affairs
was reached Senator Brown said
he wanted to know about that
item for military payrolls of
\$136,000. The Attorney-General
suggested laying the whole chap-
ter over until Minister Cooper
was present. So ordered.

For the Department of Finance
the sum of \$95,900 was appropri-
ated, the principal items being:
Minister \$9000, Auditor-General
\$7,200, Registrar of Public Ac-
counts \$5,400, Clerk of Finance
Office \$3,600, Tax Assessor of
Oahu \$5,400, Tax Assessor of Ha-
waii \$5,000, Tax Assessor of Maui
\$4,600, Tax Assessor of Kauai
\$4,000, Deputy Tax Assessor of
Oahu \$4,000, salaries of deputy as-
sessors and collectors \$45,000.

For the Postal Bureau the items
of \$6000 for salary of Postmaster-
General, \$4200 for secretary,
\$3600 for Superintendent of Pos-
tal Savings Bank and \$3600 for
Superintendent of Money Order
Department passed. The items for
salaries of clerks, pay of postmas-
ters and pay of mail carriers were
referred to the Finance Committee
for investigation.

For the Bureau of Customs the
items passed were: Salary of
Collector-General \$6000, Deputy
\$5,400, General Appraiser \$5,400,
three entry clerks \$7,800, store-
keeper \$2,400, three statistical
clerks \$8,100, Port Surveyor \$3,600,
Assistant Appraisers and Exam-
iners \$6,000.

The item of \$14,400 for the
salary of three pilots was referred
to the committee on commerce.

Further items allowed were:
Keeper of kerosene warehouse
\$1,800, assistants in Customs ware-
houses \$7,200, pay of customs in-
spectors, Honolulu, \$16,800, as-
sistant guards at all ports \$8,000,
collector of Kahului \$3,000, col-
lector of Hilo \$3,000, collector of
Mahukona \$1,440, port surveyor
Kahului \$2,000, port surveyor Hilo
\$2,000, custom house boats pay
roll \$8,400. The item of expenses
of pilot boats, watchmen and
keeper Diamond Head station
\$7,500, was referred to the Com-
mittee on Commerce. The item
of the pay of Chinese and Japa-
nese invoice inspectors \$2,400 was
passed.

President Wilder appointed
Senators McCandless, Baldwin
and Lyman as the committee to
consider the proposed appropria-
tion for Kaulaui.

At noon the Senate then ad-
journed to 10 A. M. tomorrow.

HOUSE OF REPRESENTATIVES.

Rep. Kaeo, on the opening of
the House this morning, present-
ed a petition from Kaulaui, Kauai,
asking an appropriation for a
road. Referred to committee on
public lands and internal improve-
ments.

Rep. Rycroft presented a report
from the committee just named,
recommending the passage of Min-
ister King's bill relating to leases
with an amendment.

Rep. Kamaoia presented a re-
port from the committee on rules,
recommending certain amend-
ments to the rules of the House.
Made order of the day for today.

Rep. Robertson moved a reso-
lution that when the House ad-
journs it be till 10 A. M. the fol-
lowing day unless some other
time be named in the motion.
Carried.

The report of the committee on
rules was taken up. There was a
good deal of discussion over the
proposal to make it not compul-
sory to have bills engrossed on
third reading. Attorney-General
Smith advocated the change, and

it was made. The report as a
whole was adopted.

Minister Smith presented a spe-
cial report of the Board of Health
on the cholera epidemic.

Rep. Hanuana moved that the
report be translated into Hawai-
ian and printed.

Rep. Bond did not think it ne-
cessary, nor did Rep. Rycroft.
There was nothing in the report
of special benefit to the natives
of which they had not been in-
formed already.

Rep. Hanuana argued at length
for his motion. Supposing the
report had been presented in Ha-
waiian, how would the foreigners
like to have the native members
object to its translation?

The motion carried.

Rep. Bond moved re-considera-
tion, which was lost.

First reading of a bill to author-
ize the Minister of the Interior to
make a certain class of leases,
amending Chapter 44 of the Laws
of 1876.

Section 1 gives the Minister
authority, with the approval of
the Executive, to make leases of
Government lands for any num-
ber of years not more than thirty,
at public auction, for the erection
of stores, warehouses, factories,
shops, business and professional
offices and other buildings for
business, manufacturing or pro-
fessional purposes, and the occu-
pation thereof by the lessees.

Rep. Robertson moved an
amendment changing the expres-
sion which carried.

Section 2 requires the lessee to
erect, in the first four years of the
lease, a fireproof building of brick,
stone or metal, in a workmanlike
manner satisfactory to the Minis-
ter, at not less than a stated cost,
keep the building in repair, etc.

Rep. Winston moved in amend-
ment that the fireproof condition
be only exacted in cases where
the land is within the fire limits.

Rep. Robertson was in favor of
retaining the provision in ques-
tion. The lease for thirty years,
with the option of bidding for
another twenty years, was valua-
ble enough to require its holder
to put up a creditable building.

Rep. Rycroft endorsed the
views of Rep. Robertson.

The amendment was lost, and
the section passed as read.

Section 3 provides that every
such building with all fixtures and
additions thereto shall, at the ex-
piration of the term, or other
sooner determination thereof, vest
in the Government. Passed.

Section 4 provides that the lease
shall contain a covenant of the
lessor that, upon the request in
writing of the lessee or his rep-
resentatives before the expiration of
the lease, the premises with im-
provements shall be put up at
auction for a lease of not more
than twenty years. The committee
recommended an addition that the
auction shall be held not more
than six months nor less than one
month before the expiration of the
original lease.

This amendment and another
one moved by Rep. Robertson, to
reconcile the sense of the section,
passed as a whole.

Section 5 requires that the co-
venants mentioned in the bill shall
be set forth in every lease, and in
advertisements of public auctions
thereunder. Passed.

Section 6 provides that the
leases shall contain the usual stip-
ulations and reservations, and
Section 7 that the Act shall take
effect from the date of its publi-
cation. These passed and so did
the whole bill, and, on motion of
Rep. Kamaoia, it was ordered
typewritten and read a third time
tomorrow.

The bill to erect Kaulaui into a
port of entry was referred to the
committee on commerce.

Speaker Naone stated that he
had a letter from Rep. Haia of
Maui, saying that owing to illness
in his family he had been unable
to attend the opening of the Leg-
islature.

House adjourned at 11:30.

The Senate Printing Commit-
tee has engaged the services of L.
M. Fernandez as typewriter for
the session. All amendments to
bills and resolutions will be here-
after typewritten.

DANIEL LOGAN, Editor.

TUESDAY, FEB. 25, 1896.

THE FINANCES.

After previous the article on the report of the Minister of Finance was in type, Minister Damon delivered his budget speech and it was published in full in this paper. This speech elucidated so much of the contents of the report as to render unnecessary a large part of the conclusion of the synopsis begun in that article. There are a few interesting figures in the report which are not given in the speech. Here is an abridged comparative table of imports from all countries for the years 1894 and 1895:

	1894.	1895.
U.S. Porto Rico	\$4,124,213.65	\$4,121,920.22
Great Britain	230,076.79	394,399.16
Germany	465,479.72	471,122.98
France	140,233.07	119,751.61
China	250,270.41	223,701.56
Japan	183,867.52	207,125.59
Australia N.Z.	186,518.75	122,804.60
Canada	118,198.07	30,731.21
Islands of Pacific	21,570.24	1,192.51
France	8,786.21	7,849.90
Other countries	3,465.42	21,703.30
Wholesale	500.00	625.10
Total	\$5,713,181.43	\$5,714,017.54

The foregoing shows an increase of \$102,026.90 in the value of imports from the United States in 1895 as compared with the previous year, but an increase of only \$836.11 from all countries. In view of recent discussions it is important to know that the importations from Japan increased by \$23,258.07, which is nearly all in value of spirits paying duty and bonded. The value of Japanese spirits imported in 1895 was \$55,890.68, an increase of \$21,233.49, or just \$1,965.58 less than the increase on all importations from Japan. There was at the same time a decrease in spirits imported from the United States of \$16,748.66, or \$4,544.83 short of the increase in the same article from Japan. The imports of spirits from Great Britain fell off \$5,010.05, so that there is an almost exact correspondence between the total decrease in spirits from the United States and Great Britain and the increase therein from Japan. When we take the total of spirits paying duty and bonded from all countries, however, the rapid ascendancy of Japanese liquor is more strikingly illustrated. There was a decrease in value of spirits from all countries in 1895 of \$49.40, notwithstanding

the large increase of \$21,233.49 in the value of spirits imported from Japan.

The following table improvised from the report will show the classification of imports:

	1894.	1895.
Goods free by treaty	\$2,738,213.68	\$3,018,755.42
Goods paying duty	1,396,471.32	1,378,955.53
Spirits paying duty	141,842.45	149,248.48
Goods bonded	50,381.60	67,878.54
Spirits bonded	116,736.03	109,280.60
Goods free by Civil Code	1,269,536.35	989,898.95

The great falling off in the imports from both Canada and Australasia do not indicate that increased steamship communications are certainly promotive of trade. "Other countries," whichever they are, exhibit an enormous increase, being no less than \$18,326.78 in a total of \$21,793.20 for 1895. Islands of the Pacific show an almost similar decrease, being \$20,377.73 from a total of \$21,570.24 for 1894.

PUBLIC FIELD SPORTS.

Roman Hippodrome. Wild West Show and Balloon Ascension.

On Saturday next there will be given at the base ball grounds one of the grandest series of performances ever seen in Honolulu.

Wirth's circus company and Prof. Price and Burns will offer such a list of attractions as were never shown here before.

There will be a great Roman Hippodrome, racing round a thirty foot track on the backs of

WILFRED BURNS.

two, three and four horses, in which all of the star performers will take part.

Athletic sports of all kinds and a great Wild West show, depicting the rude life of the Plains; Indians, cowboys, and all of the many interesting features of that wonderful region, where the howl of the coyote is mingled with the war whoop of the savage and the crack of the rifle. Cash prizes will be given to outsiders who wish to compete in the games, riding, picking up objects from the ground while on horseback, etc.

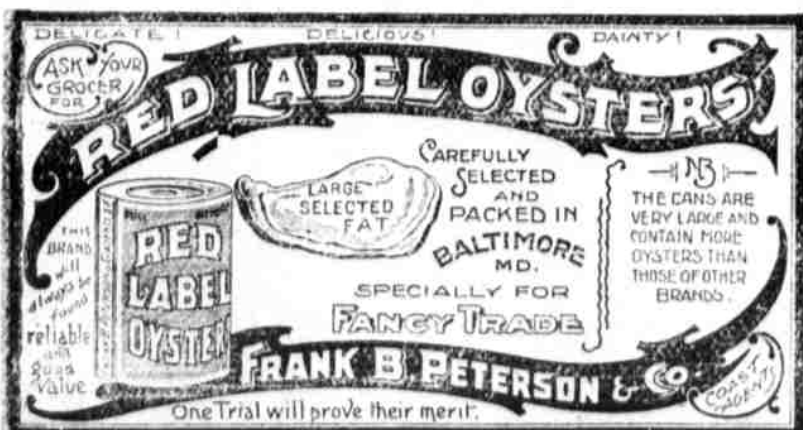

The whole will conclude with a balloon ascension by Wilfred Burns, champion aeronaut of Australasia. Mr. Burns will perform in a marvelous manner while in midair and descend in his parachute from a great height. Prices will be moderate and refreshments can be had on the grounds. Entries for the contests free to all comers.

A Good Thing.

Now, don't you make a mistake by imagining that some beers are just as good as "Reinier" or "Olympic." Remember that the Seattle Brewing and Malting Co. have made it a study of how to brew only the purest and healthiest beer. Others may try to imitate, but can they? Perhaps, by relying on their imagination. If that's the case, an artist ought never be out of cash. He could draw money anytime he wanted to.

But—

To put it briefly, you had better let some one else do the imagining; see to it that you get the best and purest and in that way your health will not be apt to suffer.

Enterprise Beer

Cool and Sparkling!

It will surprise those who like Beer to hear that it is not a modern invention. It was made by the Egyptians many of hundreds of years before the Christian era, as well as by the Greeks and Romans. We have received it from the Ancient Gauls, who were great drinkers, as well as feeders. Undoubtedly the use of Beer was common as early as the use of wine.

3rd All the undivided one-fourth interest of Wong Wa Foy in Royal Patent 3117 to Kamohomohu, containing an area of 47 100 Acres, at Waikiki, Oahu; the piece being leased to Kong Man Wai for \$20.00 per year, for 10 years from 1889.

4th 302 Acres in 8 Kona, Hawaii, and being the Ahupuaa of Kaunaloa, near Honouliuli, about 100 acres good Coffee Land, the rest is good for pasture and house-lots; the land has a good sea-fishery. There are two good houses on land and wells. There are 5 acres of old Coffee in bearing. The crop of 1895 amounted to about 1300 pounds; there are also about 10 acres of new Coffee.

5th 88 100 Acre at Kalihi, described in Royal Patent 3063 to Rue E. Campbell; and lying on the Ewa side of Mrs. Cockett's land.

6th Five Lots at Kapalama on the Trunkway line. The Lots are 30x90; one lot has a house on, and is rented at \$120 per annum; if a \$300 house be built on each lot, they would earn \$120 a lot, a better investment than any kind of stock.

7th Five Lots in Kamaunui, situated 80 feet from Beretania street. The lots are about 3500 square feet each; one lot has a house on, there is a road 20 feet wide leading from Beretania street along these lots.

8th A part of Nuanu stream, lying makai of Smith's bridge, and part dry land makai of Lai Say's Jones House; the lot is about 120 feet by 258 feet. In case the Nuanu stream is moved over as decided by the Government, this will be a fine investment.

9th. 634 acres in the Ahupuaa of Honolulu, including 80 acres which were set apart for the seller; 39 acres of it is planted with Coffee, the crop of which for 1895 was over 5000 pounds; the estimate for 1897 is about 15,000 pounds; there are two houses on the premises, one a dwelling house and one for the laborers; there is also a water tank of 5000 gallons. The 80 acre lot is walked up, the rest are pasture and forest lands.

10th Seven Lots at Kalihi. The lots are 50x100 and lying makai of Rose street, and on the Ewa side of D. H. Kahalo premises; and more particularly described in Royal Patent 3548 to Jerry Coughlin; the lot may be sold in whole or in separate lots.

11th A lot of 200x300 feet on Kalihi or Kamaunui IV road, makai of the Kalihi lot; the lot is fenced on all sides; it is the best lot at Kalihi.

12th The undivided four acres of Wong Wa Foy in Royal Patent 2130 to Kamahala and Lanai, of those premises situated at Wailua, Hilo, Hawaii; the whole premises being leased to the Hakalan Plantation by lease dated March 15th, 1893, and recorded in Liber 140, page 487, at \$2.25 per acre per annum; the rent due to Wong Wa Foy's share is not paid yet.

13th The undivided one and one-half acres of Wong Wa Foy in Royal Patent 910 to Manuoa in those premises situated at Kamae, Hilo, Hawaii; the whole lot of 22 33 acres being leased to the Hakalan Plantation, by lease dated March 13th, 1893, and recorded in Liber 140, page 489, at \$2.25 per acre per year; the rent due to Wong Wa Foy's share for the last year is not paid.

For further particulars apply to Wong Wa Foy at Wing Wo Tai & Company.

COFFEE ESTATE AND LANDS For Sale.

I am directed to sell at Public Auction on Wednesday, May 27, '96, at 12 o'clock noon of said day at my sales rooms on Queen street, in Honolulu (unless sooner disposed of at private sale) the following described property, namely:

A tract of land of about 2,300 acres in fee simple situate at Kolo and Ohielomoana 1 in South Kona, Island of Hawaii, about eight miles by a good road from Hoonaka, one of the largest villages in Kona. There is an ex-

Auction Sales by Jas. F. Morgan.

cellent landing on the land itself from where the coffee and other produce could be shipped and a good site for a mill near the landing. Fifty acres of land are in coffee. Roughly estimated there is about seven hundred acres of splendid coffee land lying all on one block on both sides of the Government Road. Eight hundred acres lying above and to the East of the seven hundred acres above mentioned is also excellent land and although at a higher altitude is no doubt also well adapted for coffee culture. The lower land below the coffee belt is suitable for pineapples and sisal. There is a drying house, store and work-rooms, a Gordon's Pulper, laborers' quarters and water tanks at the plantation, and the land is partly watered. There has never been any blight on this land, although coffee was planted a great many years ago. Old residents of Kona like the late D. H. Nahuia, J. W. Kaimoku and others have testified to this fact. There is a sea fishery appurtenant to Ohielomoana 1.

Terms cash or part of the purchase price can remain on mortgage at eight per cent per annum. Deeds and stamps at the expense of purchaser.

A map of the property can be seen and further particulars obtained at my sales rooms.

In making up your foreign mail, remember that the BULLETIN contained the only full report of the Leap Year Ball and the K. of P. anniversary, besides other "exclusive" matter.

The Supreme Court is hearing an appeal from the decision of Judge Perry rendered yesterday in the matter of the estate of the late Katharine L. Youmans. Judge Carter is sitting in place of Justice Whiting, absent from illness.

Emil Brandt, of the Hawaiian band, who has been playing with the circus people of late, has composed a march entitled "Circus Wirth" and dedicated it to Mr. Wirth. The band played splendidly last night, Mr. McMahon, the leader, excelling himself.

J. D. Tucker, sergeant-at-arms of the House, is one of the most stalwart incumbents of that office for many years in the Hawaiian Legislature. "Josh" is attentive to the press table without neglecting the members in any way. It is such a peaceable house that the reporters will never have the fun of seeing him "bounce" a disorderly member.

TRIAL FOR CONSPIRACY.

Underwood and Sheridan Before a Jury.

Judge Perry presided at the term session of the Circuit Court this morning, for the trial of Frank Underwood and J. K. Sheridan alias W. J. Sheridan for conspiracy. These are the alleged filibustering agents from California. Judge Carter was disqualified from having been Deputy Attorney General when the defendants were arrested, thus having inside information of the case. Deputy Attorney General Dole prosecuted, and S. M. Ballou, by assignment of the Court, defended the prisoners.

In drawing the jury CA Brown and EF Bishop were excused for cause, and L Marks, EW Jordan, JW Robertson and WE Tyrell by the defendant. The following jurors being satisfactory were sworn: G A Schumann, W W Harris, A F Gilfillan, D Crozier, CH Clapp, J Conkley, FB Auerbach, S Decker, CH Bellina, T Wright, JE Westbrook, CR Collins.

The witnesses examined up to noon were P Neumann, FH Hayselden, P Neumann Jr., Harry Juen, F W Weed, E Neumann and Dr. S G Tucker. The evidence is similar to what was given in the District Court on preliminary examination and fully reported in this paper.

CIRCUS LAST NIGHT.

Attended by a Goodly Crowd—Gold Watch Given Away.

There was another large attendance at the circus last night. An excellent performance was given. Senator Rice's gift horses again distinguished themselves, and no less Kachail, the young Javanese, who rode them. Alberto gave a repetition of his daring and skilful trapeze business, besides, with Burns and Elsie St. Leon, acting in a triple combination on the same apparatus. The ladies were up to the mark in their equestrianism, and Hayes in clown costume proved anew his ability in equine navigation. The three little girls gave their "Alabama Coon" and "My Best Girl's a Corker" song and dance acts, while Muriel Wirth was again at home on the aerial wire. In conclusion a lady's gold watch was given away by drawing, the holder of the lucky number, 17, being a native lad in his teens. The little child of the visiting lady astronaut, about four years of age, drew the number out of a bag. There will be another performance on Wednesday evening.

A Brave Boy.

Appropos of the recent accident at Waikiki where the big squid attacked the three boys who were bathing, little Kachil of the circus, who was the first one grabbed by the monster, had taken Mr. St. Leon's child, Georgie, the infant rider, into the shallow water alongshore, while he took a header off the pier. As soon as he succeeded in tearing the horrid suckers loose from his limbs, Kachil swam to Georgie and, taking him in his arms, carried him ashore before returning to assist his companions. His thoughtfulness and the fearless manner which he displayed in going back to help battle with so formidable a foe are deserving of all praise.

Kaumakapili Church Tonight.

London Daily Telegraph.—It was a pleasant sight to behold the rapt and pleased attention with which the crowded audience listened to Miss Kate Field's lecture on Charles Dickens. This lady's great talent is well known in America, where she has met with the greatest success, and where she has lectured in every town with much applause.

The extreme clearness of Kate Field's speech, her perfect self-possession and subdued gesture, give great distinction to her oratory, while her arch sense of humor in catching the comic portions of Dickens' narrative excited the greatest hilarity.

Card of Thanks.

W.W. DIMOND'S

Sugar at 4 cents sends cold chills through the man who disposed of his plantation stock six months ago. With the price of such staples increasing affairs in Honolulu should have a boom. Sugar is the chief product of the islands; if the price goes up everyone here will benefit by it. If it goes down the majority of the population suffers according as they may have interests in the trades of the country.

In good times, when money is plenty, prices are usually up. Even with a mere tendency to better times the prices in some establishments are sent skyward. But not with us. We sell you a Jewell Stove today for twelve dollars, next week or next year it will be the same unless the manufacturers can make them for less.

You know what the conventional stove for wood or coal amounts to in this country. Climatic conditions involve the expense of new stoves about once in four years; the old stove is thrown out and from fifteen to a hundred dollars are invested in a new one.

Ours are better than the conventional stove, that is, Jewell's is better and we sell Jewell's. In the first place the castings are thicker, consequently not so apt to rust or burn through. Every part of the Jewell is interchangeable; if a part breaks, wears, burns or rusts out it can be replaced.

In the United States a man buys a stove to last him ten years. It will do it only by the interchangeable part system. Another point in the Jewell. The top of the oven is covered with a preparation of asbestos which serves two purposes. It keeps the heat in the oven and prevents the top of that part of the stove from wearing out.

We have the Jewell in all sizes from \$12 upward. Store open Saturday evening.

JUDICIARY JOTTINGS.

JUDGE PERRY GIVES AN IMPORTANT PROBATE DECISION.

Alleged Fraudulent Deed Attacked—Proceedings at the Jury Term—At Chambers.

Counsel in the case of William Cowan vs. Thomas Patterson and Ida C. Patterson, assumpsit, have agreed to a continuance until the May term, and Judge Carter has so ordered. Davis for plaintiff, Dickey for defendant.

F. Harrison et al. vs. J. H. Bruns, assumpsit, came on before Judge Carter on Monday afternoon, the following jury being empaneled: Geo. Grau, E. W. Jordan, D. Crozier, Jas. McInerney, C. A. Brown, L. Marks, M. N. Kennedy, W. W. Harris, C. R. Collins, Geo. W. Farr, C. H. Bellina, Chas. Hustace, Jr. Neumann for plaintiffs; Hartwell, Thurston & Stanley for defendant. The jury returned a verdict for the defendant by instruction of the Court. Notice of motion for a new trial was given.

Keopahaku by his attorneys, Magoon and Edings, has brought a bill in equity to set aside a deed. Plaintiff, who is 80 years of age, alleges that Kalaukapu on Aug. 25, 1893, by fraud, deceitful and wicked promises and representations obtained from him, for the nominal consideration of one dollar, land at Punaluu, Oahu, and personal property of the value of about one thousand dollars. He says defendant promised to support him in return for the deed, but shortly after its execution basely deserted him and left him in destitution.

Judge Carter ordered W. F. Allen, administrator of the estate of William A. Aldrich, whose final account had been approved by Judge Magoon, to pay the balance in his hands to the trustees of the estate in California, then to be discharged on filing receipts.

Judge Perry held court on Washington's birthday, to hear the petition of George H. Newton, Pier Vanalstyn and Lucy Ladd, foreign administrators of the estate of Katharine L. Youmans, late an inhabitant of the county of New York, N. Y., to require Samuel M. Damon, administrator of the same estate within the Hawaiian Islands, to deliver to them the assets of the same estate now in his hands. A. S. Hartwell appeared for the petitioners, of whom Mr. Newton was also present, and W. A. Kinney for the local administrator. After argument the Court promised a decision early on Monday.

Mr. Damon's answer asked for proof that petitioners were what they represented, that the deceased had died intestate and that they are entitled to the assets. He also answered that while all claims presented to him upon the usual

CHARLES PROSCH, Secretary of the Washington Pioneer Association.

611 NINTH STREET,
SEATTLE, WASH., May 8, 1894.

WELLS, RICHARDSON & Co.,

Gentlemen:—For some years my kidneys have been affected, and a mild form of rheumatism afflicted me.

The worst affliction from which I suffered more or less for ten years past has been insomnia and its natural results, extreme nervousness. This grew so bad that it was often difficult for me to write my name legibly. Paine's Celery Compound has cured me of the insomnia and nervousness, so that I again enjoy refreshing sleep.

For some months last year I suffered acute pains in my chest, which almost nightly compelled me to arise from bed and walk the floor or sit up for hours. A recumbent position brought on the pains day or night; the position assumed in writing also caused them. I have been happily relieved of these various disorders by Paine's Celery Compound, and now enjoy better health than I have experienced at any time in the previous ten years.

I shall advise my friends, one and all, to try Paine's Celery Compound for such ills as I have suffered from.

Yours truly,

Charles Prosch.

LADIES AND GENTLEMEN: It affords me great pleasure to call the attention of the public to my Yale's Hair Tonic, which is the first and only remedy known to chemistry which positively turns gray hair back to its original color without dye. I personally endorse its action and give the public my solemn guarantee that it has been tested in every conceivable way, and has proved itself the only Hair Tonic. It stops hair-falling immediately and creates a luxuriant growth. Contains no injurious ingredients. It is not sticky or greasy on the contrary, it makes the hair soft, youthful, fluffy, keeps it in curl and removes dandruff. For gentlemen and ladies with hair a little gray, streaked gray, entirely gray and with BALD HEADS, it is specially recommended.

notice had been paid, there was still an unsatisfied obligation of the estate in these islands—namely, the inheritance tax due the Government; that further this Court had not acquired jurisdiction to hear and determine the matters set forth in the petition; that a hearing for the final distribution had been set for March 23 next, and that due notice is being given whereby this Court may acquire jurisdiction.

In open court, counsel for the petitioners declared they were ready to pay the inheritance tax. Judge Perry in his decision declares that the proof required had been produced, that the administration here was only ancillary, that the New York Surrogate Court has jurisdiction over the estate, and that no good reason had been shown why the assets should not be surrendered. He will therefore sign an order providing for the appointment of appraisers to assess the value of property subject to the transfer of the assets after satisfaction of the tax and the administrator's commissions.

An order has been signed by Judge Perry, appointing William F. Allen, P. C. Jones and B. F. Dillingham as appraisers of the personal estate of the decedent, being five hundred shares of the capital stock of the Lihue Plantation Co., also another order for the transfer of the property on compliance with his decision.

PASSENGERS FOR MAUI-SCHOONER SPOKANE SAILS.

The Maui Delayed-Cargoes from Island Ports--Along the Water-front--Other Notes.

On account of an accident in the engine room, the Kanai did not get away until 8 last evening.

Two large steam plows were shipped to Lahaina on the Waiialeale today.

The new government blue-books of shipping show only 131 full-rigged American ships in existence, of which but 54 have been built in the past 15 years.

Tomorrow, Wednesday--High tide large, 2:17 a.m.; high tide small, 2:24 p.m.; low tide large, 8:02; low tide small, 9:10.

The ship Indiana hauled over to Oceanic wharf yesterday afternoon, where she will complete her cargo of sugar.

The steamer Australia will sail for San Francisco tomorrow at 4.

The bark Nuanunum and Coryphe have taken in ballast, and will probably sail within the next day or two.

The China is due from the Orient, on her way to San Francisco, next Friday.

The bark Modoc, which arrived at Seattle Feb. 23, reports that on Jan. 28th, about 110 miles south of Cape Flattery, she saw a large vessel on fire; it was impossible to tell whether it was a ship or bark as the rigging had been burnt away; stood by for 24 hours, but saw no sign of life about; the crew had evidently left the vessel; the vessel has since been ascertained to be the Br. ship Nivech, which sailed from Vancouver Jan. 17 for Sydney, Australia--Pacific Coast Marine Record.

Wooden shipbuilding is not yet quite extinct in England. Eight firms there report their entire outputs last year to have been of wooden vessels. The largest was one of 260 tons named the Mirdin, built at Birkenhead, another was a screw steamer of 190 tons built at Southampton, and a third was a yacht of 245 tons built at Dartmouth.

The shipping registry of the three Canadian provinces--Nova Scotia, New Brunswick and Prince Edward Island--at the close of 1895 aggregated 3825 vessels of 499,792 tons, compared with 3881 vessels of 528,130 tons at the end of 1894--a decline of 55 vessels of 35,378 tons. The decrease is owing to the decline of wooden shipbuilding and the Canadian tax on shipping which makes it more profitable to employ vessels that are registered outside of the country.

The late Mr. Donnelly was when taken with his last illness teacher of the Kalihi (upper) school.

Messrs. W. C. Peacock & Co. have placed on sale at their saloons, the Royal, Pacific and Cosmopolitan, the celebrated Pabst Milwaukee draught beer. It is one of the finest in the world and its excellent qualities have gained for it an enviable reputation. It is the only draught beer in Honolulu that is manufactured east of the Rocky Mountains. The Royal, Pacific and Cosmopolitan have exchangeable tokens so that if you buy a glass of beer at one of them and receive a check as change for your quarter it is good for another glass at either of the three places.

The President of the Senate has been provided with a raised dais or platform, which enhances the dignity of his position.
