Personals and Local Items

Ben Goldwater, representing Hackfeld & Company's tobacco department, is stocking up the stores on Kauai.

—BUY A BOND—

Miss C. A. Mumford, principal of Lihue school, has been quite ill for the past two weeks, and is now at the hospital.

—BUY A BOND—

Vacation has been announced in all the public schools for one week, from March 29 till April 8, on account of Easter.

—BUY A BOND—

The weather has been very good on the Koloa side during the past week. The homesteaders at Kalahoe are busy cutting their cane.

—BUY A BOND—

Dr. A. R. Glaisyer, of Kalahoe, was the four-minute speaker at Elelee last Friday evening, and his talk was forceful and to the point.

—BUY A BOND—

District Nurse Miss Christopherson is relieving Miss Castro at the Samuel Mahelona Hospital. The latter having gone upon a visit to Honolulu.

—BUY A BOND—

Cards arrived this morning announcing the marriage of Miss Marjory Wood to Lieutenant Pay E. McCall, in Honolulu, Sunday, March 31.

—BUY A BOND—

The suspension of a teacher at Kapaa school indicates that the Principalship insists upon respect and dignity being displayed as an example to the pupils.

—BUY A BOND—

Miss K. McIntyre gave a very interesting address at the Lihue Union Church last Monday on "Red Cross Service," an excerpt of which will be found on page three of this issue.

—BUY A BOND—

Mr. and Mrs. E. H. W. Broadbent departed for Honolulu last week to spend the Easter vacation period with their son and daughter who are attending school in that city.

—BUY A BOND—

The District Draft Board has, on reconsideration, placed Douglas E. Baldwin in 2J. The board once refused his claim as necessary assistant.

—BUY A BOND—

C. A. Nelson, for a number of years superintendent of Nawiliwili Garage, has accepted a position with Grove Farm Plantation, and will have charge of the machine shops being installed by that concern.

—BUY A BOND—

All the teachers at Kalahoe are breathing easier, since the boy who exploded dynamite under their cottage has been sent to the reform school. One of them says (it wouldn't do to tell which one) says she likes boys all right, but not bad boys.

—BUY A BOND—

Irwin Hurth, agent of the Toledo scales, is making the rounds of Kauai in the interest of his firm. Karl Roendahl, manager of the McBryde store at Elelee, purchased one of the computing scales, which is a great labor saver.

—BUY A BOND—

Arthur J. Howard, the popular time-keeper of the Kapaa section of the Maake Sugar Company, left last week with a view of entering the Officer's Training Camp. Should there be no vacancies in the Oahu camp he proposes going to California to secure training there.

—BUY A BOND—

J. Bartley, representing Folger & Company, of San Francisco, is visiting Kauai merchants. His firm supplies teas, coffees and spices. He found on this trip that there was very little sale for anything but Hawaiian coffee, though he sold plenty of spices. He is going from here to the Orient, to purchase supplies.

—BUY A BOND—

Walter D. McBryde, manager of the Kauai Fruit and Land company, has been appointed manager of the coming Red Cross drive, scheduled to take place in May. The executive committee is Mrs. Charles A. Rice, Mrs. Eric A. Knudsen, and Walter D. McBryde. Sub-committees will be announced as soon as they have been appointed and have accepted.

—BUY A BOND—

Kauai High and Grammar School closed last Friday for the mid-term vacation with exercises and sports.

After the flag raising ceremony the upper grades gave a very creditable calisthenic exhibition. The rest of the morning was devoted to track and field events in which the girls as well as the boys participated, and was greatly enjoyed by all. A number of the boys showed marked ability in the sprints and the jumps, and with proper handling and practice would make first-class athletes.

District Court Notes

Hipolito Alegro, charged with assault and battery on wife and little children, came up before Judge Hjorth on Saturday. This being a very brutal case the husband having beaten the wife up and cruelly ill-treated the children, trying them up by the leg and whipping them, Hipolito was given the limit of one year in jail in which to think over his shortcomings.

Four cases of Assumpsit also came up for hearing, judgment in each case being rendered in favor of plaintiff. The case of Chang Kim, charged with larceny and receiving stolen goods, was further postponed until Tuesday, April 2nd.

—O:—

Will Banks Come to Kauai?

While ruminating over the possibilities for existing or pending legal and other vacancies in this territory, a little bird alighted along our desk and whispered in the editorial ear that Assistant District Attorney Banks may soon go to Kauai to displace Judge Dickey; also that the name of District Attorney Huber is receiving earnest consideration by the department of the interior for the position of Governor of Hawaii. We cannot say more on this subject just now. The New Freedom.

It does seem that a man who says so much, and so often hits it right, might say just a little bit more, and tell us who is going to be District Attorney when Huber goes out. It surely is a wise man who knows who is going to be governor of Hawaii.

—O:—

Preparing for Big Bond Drive

A special meeting of the Kauai Chamber of Commerce has been called for, April 4th, at 3 o'clock, at the County Building in Lihue, for the purpose of organizing the Third Liberty Loan campaign, and for the transaction of such other business as may come before the meeting. The business of the adjourned meeting will probably be taken up. The third Liberty Loan is scheduled to commence on April 6th, and it is hoped that a permanent organization will be effected, with a view of systematizing Liberty Loan activities. With this end in view, the help of the Kauai Planters' Association will probably be sought.

The public is invited and urged to attend this meeting, and offer such suggestions and help as may seem advisable. The Liberty Loan is a matter which affects the people as a whole. The Chamber of Commerce is willing to offer such aid as it may be able to, but it should be understood that this is entirely a public matter, and that all the people are expected to take part in the drive.

Come to the meeting at 3 o'clock at the Court House in Lihue on Thursday, April 4th.

—O:—

The New Steamer Schedule

It has for some time been understood that we were to have a daily mail service between several points on Kauai, but the latest information received by Postmaster Crawford, instructing him to post notices asking for bids for carrying of mails show that a tri-weekly mail only is contemplated. This is a star route, and is numbered 80,103. The schedule calls for no mail service on Monday.

On Tuesday, leave Lihue on receipt of mail from steamship Mauna Loa, calling at Koloa, Kalahoe, Elelee, Hanapepe, Makaweli, Waimea and Kekaha.

On Wednesday, leave Kekaha at 10 a. m., picking up at Makaweli the S. S. Kinau's mail for Hanapepe, Kalahoe and Koloa. The Kinau to deliver Elelee, Makaweli and Waimea mails instead of putting it off at Lihue.

Thursday, leave Lihue at 2 p. m. for Kekaha, with mail for the S. S. Kinau at Port Allen.

Friday, leave Kekaha, picking up mail from the Mauna Loa at Waimea or Makaweli for Lihue.

Saturday, leave Lihue on receipt of mail from S. S. Kinau, and return from Kekaha to connect with the S. S. Kinau at Lihue.

Route 80,104 from Lihue to Hanalei: On Monday, no service.

On Tuesday, leave Lihue on receipt of mail from Kinau, return to connect with dispatch by Mauna Loa.

Thursday, no service.

Friday, no service.

Saturday, leave Lihue for Hanalei on receipt of mail from Kinau, return to Lihue to connect with dispatch by Kinau.

Waimea Garage Grabbed It

G. J. Becker, of Honolulu, has been showing the residents of Kauai the four-speed appliance for the Ford machine. It is a good thing, and Becker got no further than Waimea. The Waimea Garage grabbed the whole business, and Becker will have to go back and order a big supply for Kauai.

—O:—

It Pays to Advertise

R. N. Oliver, manager of the Waimea Garage, says he has received a great many inquiries concerning the several makes of cars recently advertised in the Garden Island. He has sold also to the Hawaiian Sugar company, for the use of their store, a ton and a half Federal truck of 30 horse power. The Federal is one of the best medium sized trucks, and many of the big department stores of the eastern states use a fleet of them. Exhaustive experiments, performed under the most trying conditions, have shown that the trucks can perform a greatly increased amount of work, at a cost considerably lower than by the use of horses.

—O:—

Ex-Gov. Carter Coming

Hon. George R. Carter is expected to arrive on Kauai tomorrow morning, to open a Red Cross campaign. Mr. Carter has always been a leader of men, and has been in public life for many years. He is probably one of the most successful campaigners Hawaii has ever known. He is probably one of the best Red Cross boomers the United States can boast of. His whole soul seems to be in the work, and he puts an energy into it that very few have at their command, either for that or any other public cause.

Mr. Carter says: "Next to wearing Uncle Sam's uniform, I find the best thing is to work for the Red Cross. Nothing gives me more exhilaration, nothing feeds my soul better."

Mr. Carter has been promoting Red Cross activities on Hawaii and Maui, and our exchanges speak very highly of his efforts.

Mr. Carter expects to arrive on Kauai tomorrow, Wednesday. Walter McBryde has been appointed as manager of the campaign. He has appointed committees and sub-committees, and has formulated the following itinerary, which, however, it may be necessary to change in some minor particulars.

This, it should be understood, is a preliminary visit by Mr. Carter, for the purpose of meeting the various committees and Red Cross workers, and making preparations for the campaign, which will open on May 6th, and end on May 11th.

Mr. Carter's itinerary for his preliminary visit is as follows, subject to minor changes:

Mr. Carter arrives on Kauai Wednesday morning. On Wednesday afternoon will meet the Red Cross workers at Kealia.

Wednesday evening he will show some war films at Kealia. Thursday afternoon at 2 o'clock, he will meet the Red Cross workers and general public at Hanalei, and at 3:30 p. m. he will meet the workers and citizens at Kilauea.

Friday afternoon, at 4 o'clock, he will meet the Red Cross workers and the general public at the Armory, in Lihue, and in the evening he will show the war films at the Tip Top theater.

Saturday afternoon he will meet the Red Cross workers at Makaweli.

Saturday evening he will show the war films at Elelee Hall.

On Sunday he will rest.

On Monday he will meet Red Cross workers at Waimea and show the war films in Waimea Hall in the evening.

Tuesday afternoon at 2 o'clock he will meet Red Cross workers at Koloa. Mr. Carter will be accompanied by Mr. Rath of the Palama Settlement, who is said to be one of Honolulu's best drive-organizers.

It is said that the war films are of intense interest. It takes an hour to run them, and they have been well received everywhere. These will be shown for the benefit of the Red Cross work, and the admission on the other islands has been fifty cents, or a dollar for reserved seats. The films are the last word on the war, and the best pictures that have reached us from the scene of the great battle-field of Europe.

Maui and Hawaii have made some very large individual contributions, and Kauai hopes to make as good a showing. Small individual subscriptions will especially be asked for.

Kapaa Homesteaders Meet

A meeting of homesteaders took place at the court house in Kapaa last Sunday afternoon for the purpose of forming an association to protect and further the interests of the Kapaa homesteaders, and to elect delegates who will go to Honolulu tomorrow for the purpose of interviewing the Governor and the Superintendent of Public Lands upon the question of water for irrigating purposes.

The haole element, for some reason or other, was conspicuous by their absence from the meeting, the majority present being Portuguese and Hawaiians.

The meeting was full of enthusiasm, however, and the manner in which they went at the business, shows they are mightily in earnest, and that they intend to get water or know the reason why.

J. M. Kaneakua and J. T. Betten-court, Jr. were chosen temporary chairman and secretary, respectively. Although neither of these gentlemen are homesteaders, they are interested in the homesteaders' cause and desire to help it along.

The delegates selected to go to Honolulu to lay their case before the authorities, is as follows: Joseph Correa, series one; L. C. Johannot, series two; John S. Rapozo, series three; Hoopi, series four.

On the return of the delegates from Honolulu, another meeting is to be called to listen to the report, and to take whatever further action may be necessary.

The following committee was named to draw up a set of rules and by-laws to govern the association: Joe Correa, series one; F. R. Tracy, series two; John Rapozo, Jr. series three; S. W. Mehuela, series four. This committee is to report at the meeting called to hear the report of the delegates to Honolulu.

—O:—

All Seem Satisfied

The new steamer schedule seems to give universal satisfaction. Arthur Buchholz, manager of the Koloa Plantation Store, says: "Yes, that seems fair to me. Two steamers on this side, and two on the other side will give us mail four times a week. That's good enough. I remember when we got but one steamer a month. It seems very advantageous, this new schedule."

Says Manual R. Jardin, of Kalahoe: "Yes, I don't see but what the new schedule is all right. It seems to me that it ought to be satisfactory to everybody."

Karl Roendahl, manager of McBryde Store at Elelee, says: "It looks to me like it ought to satisfy everybody. I am not quite clear yet as to the Mauna Loa, but it matters little. We got will get good service."

J. I. Silva, of the Elelee general merchandise store, said: "Yes, it seems to be all right. I have not had time to study the new time table much yet, but it seems to give us all a square deal."

There are no better kokuas on earth than the Hawaiian women. They are generous, good hearted, and willing to sacrifice for any one who is in need, no matter of what nationality. The Hawaiian women of Waimea have formed a section of the Western unit of the Red Cross on Kauai, and have been active in promoting Red Cross work, as well as in endeavoring to relieve distress wherever found.

The society is known as "Hui Kea Ulaula o na Makuahine Hawaii o Waimea," which means the Red Cross Society of the Mothers of Hawaii and Waimea.

The society is now planning to give a real Hawaiian concert at Waimea Hall on Saturday, the 13th, at which many of the old time meleles and melodies will be given by Hawaiians who are skilled in that line. Some of their songs are very plaintive, and very beautiful, and there are a number of fine singers in the Waimea district.

The tickets will cost one dollar for a reserved seat, and fifty cents for general admission. The net income will be entirely devoted to the interests of the Red Cross, and it is hoped that the noble efforts being put forth by these loyal Hawaiian women will be encouraged by every person who can possibly attend or pay for tickets for others. Thus an opportunity will not only be presented to hear real genuine Hawaiian music, but at the same time help the government and bring comfort to our brave boys who are fighting for us over in France. Remember the date, and plan to go to the Red Cross concert at Waimea on the evening of the 13th.

Here's the New Timetable

NOTICE

Effective April 1st, 1918, and until further notice, the following schedule to and from the island of Kauai will be maintained:

LEAVE HONOLULU

"MAUNA LOA" Monday, 5 P. M.—for Koloa, Nawiliwili and Ahukini. "KINAU" Tuesday, 5 P. M.—for Nawiliwili, Port Allen, Makaweli and Waimea.

"MAUNA LOA" Thursday, 5 P. M.—for Waimea and (or) Makaweli.

"KINAU" Friday 5 P. M.—for Nawiliwili and Ahukini.

LEAVE KAUAI

"MAUNA LOA" Wednesday, 5 P. M. from Nawiliwili.

"KINAU" Thursday, 5 P. M. from Port Allen.

"MAUNA LOA" Friday, 5 P. M. from Waimea and (or) Makaweli.

"KINAU" Saturday, 5 P. M. from Nawiliwili.

—O:—

Let Lower Lights be Burning

There was walling and gnashing of teeth in Waimea last Thursday. Deputy Sheriff Crowell saw an auto going through the street like a streak, one night, without a tail light. He notified the policemen that the law must be obeyed in regard to head lights and tail lights. He thought it was better to avoid wreck and disaster by prompt action than it was to feel sorry afterward, and every man who passed through the town after that for several nights without having the beacon light burning, was promptly arrested. There were nine men in court on Friday trying to explain to Judge Hoggard that, honest to goodness, they had forgotten their matches, that the Prestolite tank was empty and they didn't know it until it was too late to remedy it, that the storage battery wasn't working right, and that petrol-eum didn't seem to be quite so good in some ways as it used to be. Hoggard is a humorous soul, and while he shedding tears of sympathy for the poor fellow who forgot his matches, can smile at the man who doesn't know that the sun has gone down, and yet can fine a man who doesn't obey the law. So there were a number of dollars collected as fines, gladly (?) paid into the exchequer by those who forgot.

It seems to be a fact, it is a fact, however, that some of the oil lamps will go out after they are lighted, and honest, well-meaning people may be caught when their tail lights are out, through no fault of theirs.

—O:—

Social Service Workers

It has long been increasingly evident that Lihue is well awake in all matters of social welfare. As an additional evidence of this fact it may be noted that the Lihue Union Church has been conducting a series of Pastoral Week services devoted to various aspects of Social Service. One day was devoted to National Social Service, with food conservation interests represented by Miss Elsie Wilcox, and Red Cross work by Miss McIntyre. Another day was given to social service for children, with instructive and inspiring talks by Miss Kuhlrig on child welfare work; by Judge Dickey on the court and the children, and by Mr. Lydgate on Camp Sunday Schools. Another day still was given to Social Service for Adults, with an address by Mr. Loomis on Rural Y. M. C. A. Work, and by Mrs. Lydgate on Domestic Aid for the Camp Home.

These addresses had the advantage of being first-hand presentations of facts and conditions by those who were personally familiar with them, and who knew what they were talking about, and this gave them an interesting and convincing quality of vividness which such presentations sometimes lack.

A recent new departure which promises valuable results is camp demonstration in Cooking and sewing. Aid and instruction in these lines are especially needed by the Filipinos, who are particularly backward in these matters.

It is a matter of surprise, perhaps, to learn how much is being done along these most important lines in the Lihue community, especially in the way of work for children, many of whom are sadly neglected and imposed upon, even to the extent of maiming and depleting them for life.

Mrs. Mesick's Portrait

A very charming portrait of Mrs. Kenneth Shrewsbury Mesick appeared on the society page of the Sunday Advertiser of March 24th. Mrs. Mesick, who was Miss Hope Ottinger before her marriage late last January, is a recent graduate of the music department of Highland Park College of Des Moines, where the young people met, Kenneth being a student in the engineering department of the college at the time.

—O:—

Help the Hawaiian Women

Are you patriotic? And do you love to listen to the plaintive melodies of old-time Hawaiian tunes and meleles? Some of the Hawaiian maidens and matrons can croon a lullaby, or cause you to swing and sway in rhythm with the twanging of the steel guitar. The peculiar plaint of the ukulele will haunt you till the end. If you love sweet music, go to hear the Hawaiians at Waimea on Saturday the thirteenth. Your money will be used with which to buy the material for loving hands to weave into comforts for the sick, the wounded and the dying on the far-flung battle lines of Europe. Spend the dollar gladly. When a Hawaiian woman sews in order to help some one who is in pain or pilikia, she puts love in every stitch. Help to buy the yarn and the cloth that she may send her aloha to the weary ones afar, who will bless her and you in their prayers.

—O:—

Kauai's Great Artist

Kauai is the home of one of the greatest artists that the United States can boast of, and the world has known it not. He is far too modest. In truth, we doubt if he realizes his gift of color discrimination and his ability to translate to canvas the beauties of nature.

Without intending to detract from his landscape views, at all, we think his marine views are sufficiently beautiful, grand and impressive to attract attention in any art center in the United States.

This refers to the work of Artist A. R. Gurry, a retired gentleman who is now a resident of Makaweli.

The writer has seen the best, the grandest, and the most beautiful in all the great art galleries in the United States, except the Morgan collection and Mrs. Gardiner's gallery in Boston. We have seen nothing more impressive in the way of marine views anywhere. We think that art stores in Chicago, New York and Boston would gladly welcome a consignment of Mr. Gurry's work. This is spontaneous suggestion on our part. Mr. Gurry doesn't have to advertise, nor to ask favors of anyone. But in the interest of art, we say that specimens of Mr. Gurry's marine views should hang in every great art gallery in the United States. The art colony at Marblehead, in Massachusetts, would honor Mr. Gurry.

—O:—

New Circuit Judge—Maybe

The Honolulu papers intimate that Assistant District Attorney Banks of Honolulu is seeking to be appointed Judge of the Fifth Circuit Court at Lihue, the position now held by Judge Dickey. Judge Dickey, when interviewed concerning the matter said he had no remarks to offer. That he had been appointed in 1912 for a four year term, and that his term had expired more than a year ago.

When asked whether he expected to practice law here or elsewhere in case he was displaced, he said he had made no arrangements, and would make none, unless he should be displaced.

Judge Dickey was born and reared on Maui. He was educated in the islands, and then took a year's course in the Chicago College of Law. He subsequently took a year at the Yale Law School, at New Haven, Connecticut, after which he practiced law in Chicago two years. The lure of the islands called him back, however, and he returned to Honolulu, where he began to practice, but was in 1912, appointed Judge of the Circuit Court at Lihue.

Judge Dickey has been a satisfactory Judge, and as a citizen has always taken a prominent part in all activities looking to the welfare of the island, and has been prominent in church work, and in all lines of public welfare.

TUESDAY : : : : APRIL 2

Michelin Casings are just as good as Michelin Red Inner Tubes, which are often imitated in color but never in quality.

Magnificent Red Cross Work

"The Red Cross was founded to relieve suffering and to save lives in war. But its activities have grown and extended with enlarged vision in a progressing world. Its field is as big as the needs of humanity. It is the embodiment of world-wide neighborliness.

All that has to do with relieving distress, imposed by disaster, and making individual and community life safer, happier and more efficient is within the scope of the Red Cross.

This statement of the American Red Cross War Council shows how great is the work of the Red Cross and how great our part in it must be.

Less than a year ago the American Red Cross was little more than a name to most of us. Today it stands for service, active service in which you and I and all the others who cannot be "over there" share. It stands for an organization through which the spirit of our patriotism and our sympathy flow.

Less than a year ago the membership of the A. R. C. numbered a few hundred thousand. Today it numbers over 22,000,000. Twenty-two million men and women, of all nationalities who call America their home, united in this great humanitarian service for the soldier and sailor of many lands who is pouring out his life blood for his country, united in service for distress and suffering the war has spread broadcast.

The past year has been a year of reorganization for the Red Cross. America has been divided into fourteen divisions, each division giving its fullest measure of devotion to the cause. Hawaii, with the other territorial and insular possessions, makes up the fourteenth division. Maui, Hawaii, and Kauai each form a branch of the Hawaiian Chapter.

A summary of the articles shipped by the Kauai branch since Oct. 15, 1917, will show how the women and children of all nationalities from Koloa to Haena are doing their "bit" for their country.

Surgical dressings	69,546
Knitted sweaters	223
" mufflers	105
" helmets	49
" bed socks, prs.	315
" service " prs.	171
" wristlets, prs.	357
" wash cloths	305
Pajamas prs.	206
Hospital shirts	484
Pillows	143
Comfort, fracture	148
Handkerchiefs	1624
Hot water bag covers	12

All handkerchiefs, most of the wash cloths and many of the knitted articles are made by school children—boys and girls who are learning that true patriotism means unselfish service for others.

All knitted articles are sent directly to American soldiers and sailors. The surgical dressings, pajamas, hospital shirts, etc., are sent to Red Cross hospitals in France.

Every boy leaving Hawaii to serve his country is to be given a warm sweater.

The invoiced value of these finished articles is over \$9,000. Some time ago it was estimated that the volunteer Red Cross work of the American women had amounted to over \$14,000,000.

So we realize again that "they also serve who must only sit and wait."

—BUY A BOND—

A. Hebard Case, the local food commissioner, authorizes the Garden Island to state that he has lifted the ban on white sugar, and that it may now be purchased in quantities greater than ten pounds.

—BUY A BOND—

Ninety-nine per Cent
She—"Did you see Annette Kellermann at the show, last night?"
He—"Yes, about ninety-nine per cent of her."

Mutt and Jeff at the Front

Bud Fisher, who draws the Mutt and Jeff cartoons, has just been made a captain in the British army. Fisher campaigned in Mexico against Villa in 1915, when he was made a captain. He afterward attended the Plattsbury training camp, where he was commissioned a lieutenant and assigned to Camp Meade. He became anxious to get to the front, and was offered a commission in the British army. He was therefore allowed to resign his commission in the service of the United States, and expects to start overseas within a week.

—BUY A BOND—**Caution as to Flour Sales**

Grocers and flour dealers are hereby notified that in selling flour to manufacturers of Alimentary Pastes all orders must be approved by the Food Administrator or his duly authorized agent.

Paste manufacturers are allowed 70 percent of their last year's consumption of flour, providing they have filed with the Food Administration a written statement showing their requirements. If no statement has been filed, they are only allowed six tenths of 70 percent of their last year's requirements.

J. F. CHILD,

Food Administrator for Hawaii.

—BUY A BOND—**How Kauai Did It**

With Oahu going "dry" on April 10, the island of Kauai did not desire to be made the dumping ground for "wine bums," "bootleggers" and a large quantity of liquor from the metropolis; so the Kauai liquor board decided it would renew no more licenses.

This is the manner in which the Kauai prohibition situation is summed up by Eric A. Knudsen, member of the board of school commissioners from the Garden Island, who is in Honolulu on a brief business trip.

"It was decided that the only way out was to make the island dry," says Mr. Knudsen, "and I am convinced that the residents of the island are standing firmly back of the action taken by the board. Here is an instance where the board of license commissioners has made 'bone dry' regulations. It seems to me that the same thing could be done as regards the island of Oahu."—Bulletin.

—BUY A BOND—**Goodhue Says McCarthy Aole**

Dr. Goodhue writes from San Francisco to say that he is confident prohibition will surely pass, and that it will be made to apply to the whole territory. He thinks there is not much chance for the appointment of Charles McCarthy as Governor, as he thinks that no one who is not in favor of strong moral restraints for the territory, will stand any chance to be appointed. He says the suspicion that McCarthy will not stand for prohibition is enough to eliminate him as a possibility. He says also that he is convinced that the next governor of Hawaii must be unequivocally pro-ally, anti-Prussian, and radically anti-saloon. He says Washington is very pronounced in its prohibition attitude, and that those who stand for liquor will have no standing at Washington.

NOTICE

Due to the increase in need for Red Cross work, the Lihue Red Cross rooms (Lihue Armory) will be open hereafter:

Monday, 8:30 to 11:30 a. m.
Tuesday, 8:30 to 11:30 a. m.
Wednesday, 8:30 a. m. to 5 p. m.
Thursday, 8:30 to 11:30 a. m.
Friday, 2 to 5 p. m.
MRS. CHAS. A. RICE,
Chairman Kauai Branch A. R. C.

Territorial Employees Can Buy Liberty Bonds on Time

Territorial employees who wish to subscribe to the Third Liberty Loan, can do so on the ten monthly installment plan, by applying to the undersigned, arrangements having been made for carrying the purchase price

of the bonds.

Notify this office at once of the amount required, giving name, occupation and address, and at the same time send P. M. O. for 2 percent of the amount. Contracts will then be sent for signatures; 8 percent will then be deducted from the salary for the month of April, and thereafter 10 to January 31, 1919.

Any person wishing to pay up at any

time can do so, and the bonds will then be forwarded. The bank which will carry the loan will charge 5 percent interest on the deferred payments.

This list must close on April 25th, 1918.

Address all letters to

GEO. W. KING,
Deputy Auditor, Honolulu

Harold Theodore Barclay, manager of the Keala store, postmaster and assistant tax collector, secured his final papers of citizenship last Friday, and took the oath of allegiance to the United States.

—BUY A BOND—

Up to April 1st Lihue Store has sold 595 War Saving Stamps at \$5, representing \$2975.00, and 1987 Thrift Stamps at 25 cents, representing \$496.75, making a total of \$3471.75.

A Call to Arms!

ON APRIL 6, THE ANNIVERSARY OF THE ENTRY OF OUR COUNTRY INTO THE GREAT CONFLICT, THE NATIONAL CAMPAIGN WILL OPEN FOR THE

3rd LIBERTY LOAN

IT IS YOUR CALL TO ARMS—YOU WHO CANNOT CARRY A RIFLE AT FIXED BAYONET "OVER THE TOP" WITH OUR BOYS.

PUT YOUR MONEY IN THE RANKS IN THE TIME OF YOUR COUNTRY'S NEED.

Call and Get an Application Blank

You can get one from any Bank, Trust Company or Liberty Loan Committee. Your check or cash for 2 percent of the amount of bonds subscribed for must accompany the application unless you prefer to pay in full, which you may do, providing your subscription does not exceed \$10,000.

If for any reason it is inconvenient for you to file your application and initial payment of 2 percent prior to April 6th, sign and send in the pledge form, which is shown at the right, on or before Friday, April 5th.

In case you wish to send your application or pledge by mail, enclose it in an addressed envelope and drop in the mail box.

For further information

on any desired point, apply to any Bank or Trust Company or to the

Liberty Loan Committee

Lihue, Kauai.

Pledge

IN ANSWER TO MY COUNTRY'S CALL

On this, the 6th day of April, 1918, the First Anniversary of the entry of the United States into the Great Conflict: I wish to emphasize my unalterable determination to render every assistance to the United States and its Allies to the prosecution of the War until victory is obtained and the free peoples of the world delivered from German autocracy.

As an evidence of this determination, I now pledge myself to subscribe at least \$..... for the United States Bonds of the Third Liberty Loan.

I will, without fail, lodge my application with

(X) prior to

April....., 1918.

Omnium Gatherum

Mary had a wheatless day—she tried to camouflage it, but when the Hoovers bawled her out, she saw she couldn't dodge it.—Bulletin.

—BUY A BOND—

Miss Eva Robinson, daughter of Senator and Mrs. W. T. Robinson, of Wailuku, Maui, was married to James Hart, of Honolulu, on March 11th.

—BUY A BOND—

Mrs. Serepta Adeline Gulick, of Honolulu, has been a resident of the islands fifty-three years. She celebrated her eightieth birthday last week.

—BUY A BOND—

Bunna Vannatta, of Hilo, who is now with the aviation corps in France, writes that he has met W. Wells, the son of C. B. Wells, former manager of the Wailuku Sugar company, on Maui. He says also that Fred J. Stotts, formerly with the Hilo Sugar company, is there, and Fred W. Paris, also of Hilo.

Charley Zeigensuss, son of Ben Zeigensuss, formerly City editor of the old Honolulu was one of the passengers who was rescued from the Pathfinder, which was wrecked in mid-ocean. The few who escaped drifted around two weeks, with little food and less water, before they were rescued.

—BUY A BOND—

The business men of Maui are taking steps to make that island dry, and recently held a meeting for the discussion of the subject. Resolutions were adopted requesting the federal government to declare the entire territory dry. A copy of the resolutions was forwarded to Delegate Kuhio.

—BUY A BOND—

The Cuban corn, which was introduced by the College of Hawaii in 1917, seems to improve with each planting. The first crop was 30 bushels per acre, the next 40, and the last crop averaged 50 bushels per acre. It seems to be remarkably resistant to the leaf hopper. It has reached its greatest development when planted at high altitudes.

It now develops that Louis Barkhausen, who recently committed suicide, has been drinking heavily during the past few years, and had in that way squandered his wealth. He was sent to an institution for the liquor cure by his friends some months ago, and was kept at Pao Robles Springs also, for a time. He tried to kill himself several months ago stating that he had become a veritable slave to liquor, and that it had ruined his life. He was formerly manager of the Pioneer sugar plantation.

FOUR SPEEDS FOR THE FORD!

Think of it, you Ford owners! Four speeds forward, giving a wide range of gear ratios. Sufficient for every conceivable road, load, speed or condition.

Yes, the Waimea Garage Can Do it!
We Accomplish it by Installing an

Auxiliary Transmission

and it
only costs **\$75**

We Don't Sell the Ford, but we Don't Knock it. We can Improve it for You.

Under the two-speed plan, the Ford is either straining its vitals out on high, or racing its head off and burning up on low.

Under the handicap of but two speeds your Ford is forced too hard, thus shortening its life, and making its up-keep more expensive.

But with the Auxiliary Transmission

NO HILL IS TOO STEEP
NO RUT IS TOO DEEP
NO LOAD IS TOO HEAVY

Some Brag, Eh? It's Up to Us to Live up to the Brag. Bring Your Machine. We'll do the Rest.

Four gear ratios are available. All high-class cars are equipped with four-speed transmission. Manufacturers know that a less number of speeds will not cover all running and load requirements. If you put on your Ford this Auxiliary Transmission, it will pull you out of any hole, take you up any hill, pull twice the load (if you are using a Ford truck with trailer), and do better work all round.

Don't believe it? Come in and see. We'll show you.

This transmission provides a Positive Neutral Point. No drag, no hesitation, but a constant pull.

But with the Auxiliary Transmission

You save oil, You have better performance
You save fuel, You have better satisfaction
You save tires, You get better results
You save trouble, You get increased economy

Maybe it's a tough, steep hill. Possibly a bad stretch of road (ever run onto anything like that?) Your low speed may have been too low, your high may have been too high. An intermediate gear would have been just the thing, wouldn't it?

There are Two New Front End Models

The Underdrive

Has four speeds forward. One end is bolted to the Ford Transmission case, the other end bolts to the drive shaft universal flange. Only four bolts in each end. In the Underdrive you have the following gear ratios:

Low, 18 to 1 Third, 6 7-10 to 1
Second, 10 to 1 Fourth, 3 7:11 to 1

The fourth is the high (direct drive on this gear). The Underdrive is preferable for pulling heavy loads, for hilly countries, bad road conditions, or for Ford Trucks.

A shift of lever, and you have an intermediate gear, and can climb hills, pull through sand, or over bad roads, at from 2 to 18 miles an hour, using the Ford high speed clutch.

The Overdrive

This drive gives the following approximate gear ratios:

The third gear is direct drive. The fourth is high.

Low, 10 to 1 Third, 3 7-11 to 1
Second, 7 to 1 Fourth, 2 1-2 to 1

No change whatever is made in the Ford transmission. You don't have to build your car over. We simply take out the drive shaft, tubes and radius rods, and install the Auxiliary Transmission in their place.

The bearings are high-speed velvet bronze.

Price, only \$75 installed. You don't have to bother with it. Bring your old car, and ride away with an increased speed, equipped to go up the steepest grade, without cough, sneeze or balk.

CRISCO

For Frying—For Shortening
For Cake Making

Frying

There is no smoke nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the food particles after each frying.

Shortening

Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency. It's uniform quality makes for uniform results.

Cake Making

Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter bills are reduced and cakes stay fresh and moist longer.

Food Conservation NotesCHOOSE YOUR FOOD WISELY.
STUDY THESE FIVE GROUPS.Every food you eat may be put into
one of these five groups. Each group
serves a special purpose in nourish-
ing your body. You should choose
some food from each group daily.

1. Vegetables and Fruits.
2. Milk, Eggs, Fish, Meat, Cheese,
Beans, Peas, Peanuts.
3. Cereals—Corn Meal, Oatmeal, Rice,
Bread, Etc.
4. Sugar, Sirups, Jelly, Honey, Etc.
5. Fats—Butter, Margarine, Cotton-
seed Oil, Olive Oil, Drippings,
Suet.

You can exchange one food for an-
other in the same group. For example,
oatmeal may be used instead of
wheat, and eggs, or sometimes beans
instead of meat; but oatmeal cannot
be used instead of milk. Use both
oatmeal and milk.You need some food from each
group every day—DON'T SKIP ANY.
Here are the Reasons Why You Need
the Five Groups.Fruits and Vegetables furnish some
of the material from which the body
is made and keeps its many parts
working smoothly. They help pre-
vent constipation which gives you
headaches and makes you stupid. The
kinds you choose depend upon the
season, but remember that cheaper
ones are often as valuable as the more
expensive.Milk, eggs, fish, meat, peas, beans—
These help build up the growing body
and renew used-up parts. That is
their main business. Dried peas and
beans make good dishes to use in
place of meat part of the time, but
don't leave out the other foods en-
tirely. Milk is the most important.
Buy at least a pint a day for every
member of your family. No other
food can take its place for children.
Save on meat if you must, but don't
skimp on milk.Cereals—Bread and breakfast foods
These foods act as fuel to let you do
your work, much as the gasoline burn-
ing in an automobile engine makes the
car go. This you can think of as their
chief business. And they are usually
your cheapest fuel. Besides, they give
your body some building material.Don't think that wheat is the only
kind of cereal food. The Government
asks us to save wheat to send abroad
to our oldiers and the allies. Let the
North try the Southern corn bread
and the South the oatmeal of the
North. Half the fun of cooking is in
trying new things. An oatmeal pud-
ing is delicious.Sugar and Syrups are fuel, too, and
they give flavor to other foods. They
are valuable food, but many people
eat more of them than they need.
Sweet fruits, of course, contain much
sugar and are better for the children
than candy.Fat is fuel—Some is needed espe-
cially by hard-working people. Re-
member that expensive fats are no
better fuel than cheap ones. Use
drippings. Don't let your butcher
keep the trimmings from your meat.
They belong to you. Children need
some butter fat. Give it to them in
plenty of whole milk or in butter.
REMEMBER THE FIVE GROUPS.**ELECTION OF OFFICERS**
GARDEN ISLAND PUBLISHING CO.,
Limited.At the annual meeting of the stock-
holders of the Garden Island Publish-
ing Co., Limited, held at the office of
Chas. A. Rice, Lihue, Hawaii, March
28th, 1918, the following officers were
elected to serve for the ensuing year:
Chas. A. Rice President
E. A. Knudsen Vice-President
C. H. Wilcox Treasurer
K. C. Hopper Secretary
who together with Miss Elsie H. Wil-
cox, constitute the Board of Directors.
C. Maser Auditor—BUY A BOND—
W. S. Haxton, representing the Star-
Bulletin, has been on Kauai for a
fortnight gathering in the shacks.
He seems to be a live wire.**Island Industries at Big Fair**Honolulu, April 1—New time-saving
and labor saving devices used by dif-
ferent plantations in the islands will
be exhibited at the territorial fair,
June 10 to 15, and should provide fea-
tures of unusual interest to plantation
men and agriculturists generally.Exhibits of "infant industries" also
will attract attention. It is hoped
Olaa plantation will have a display of
its new process of manufacturing
paper from bagasse or cane waste.
Maui Agricultural Company is now
making cement materials found on
Maui and also is manufacturing alcoh-
ol from waste molasses. The man-
ager has promised to install exhibits
of these at the fair.An employee of the same corpora-
tion recently manufactured a machine
which does the work of several crews
in grading railways, effecting tre-
mendous saving of labor. It is used
by the Maui Agricultural and H. C. S.
companies, both paying the inventor
a royalty for it. This also will be
shown at the fair.Maui Agricultural Company is us-
ing a new furrowing plow, drawn by
tractor, that is said to be a marvel of
efficiency. H. B. Penhallow, manager
of Wailuku Sugar Company, has in-
vented a method of lining irrigation
ditches without checking the water
flow while the improvement is under
way. Both of these devices will be
shown at the fair.**Japanese Entertainment**at
Tip Top Theatre
Sunday afternoon, April 7J. Yasui and His Assistant, of Hono-
lulu, Professional Story Tellers, will

The Easter ServicesAs usual Easter Sunday was obse-
ved by the Lihue Union Church with
special services of a suitable charac-
ter, largely musical.Mrs. Ahana rendered "The Perfect
Prayer" with much grace and feeling,
and Miss Wickersheim, taking the
place of Mrs. Sheldon, sang, "Eye hath
not Seen," a very appealing theme
very enthusiastically rendered. Mrs.
Sheldon, though present, was still un-
der the power of the gripe, and so
was unable to sing, much to the regret

of many of her friends.

The brief address delivered by Mr.
Lydgate emphasized the futility of liv-
ing in the clouds and neglecting the
prosaic duties of common righteous-
ness in every day life.The special annual collection taken
for the Hawaiian Board amounted to
over \$225.The audience was a large one, the
usual attendance being materially aug-
mented by a good many friends from
the Lutheran congregation, who were
very welcome.**Dinnerware In

AGRICULTURE AT BIG FAIR

Plantation Managers Will Exhibit a Number of Improvements

Honolulu, April 1—Just how successful many of the Hawaiian sugar plantations are in their patriotic efforts to become entirely self-supporting in foodstuffs, will be disclosed in a hotly contested competitive exhibit between them at the territorial fair in June.

At the agricultural show, plantations will present displays showing the quality and variety of things they are growing to meet the needs of their employees and livestock. Practically ever since Uncle Sam went to war the planters have endeavored to help the Food Administration by developing diversified farming, utilizing land not devoted to cane for the purpose. In some cases rather large areas have been converted into such farms; managers have had the assistance of experts from the planters' experiment station at Honolulu and it is reported that several are practically self-sufficient today in the matter of foodstuffs for both man and beast.

To the plantation that makes the best exhibit, showing it has come nearest absolute self-support in foods, the fair will give a prize. For the honor that goes with the little blue ribbon—because of the thing it stands for—sharp rivalry is developing among plantation managers, and the resultant display promises to offer more than ordinary interest.

Surveying Waimea District

F. William Thrum, the surveyor, has been surveying government lands in the Waimea district to adjust various claims of preference as to date of settlement. Those who settled on land prior to annexation may buy their land without difficulty. There have been no surveys made in the Waimea district, it is said, during the past thirty years, until recently, and Mr. Thrum is using every endeavor to make surveys and determine who is entitled to certain lands. He will also be enabled to determine which is government, and which is land owned by private parties. He is examining and surveying Kapaa, Waimea, and will probably survey the Hanalei district as well.

MRS. ISENBERG EXPLAINS

Upholds Loyalty of Pupils Ready to Fight for Stars and Stripes

(From the Star-Bulletin of March 27)
The following defense of the Lihue Private School has been received by George R. Carter, who gives the letter out for publication.

"Lihue, March 22, 1918.
"Mr. G. R. Carter, President H. V. C. of American Defense Society, Honolulu.

"Dear Sir: In regard to your speech, printed in the Honolulu Star-Bulletin of March 19th, allow me to state some facts:
"The Lihue Private School is carried on in full deference to the law of this country for thirty-five years, first under Hawaiian Law and then under United States Law. Its aim has been to build up honest citizenship and a large percentage of our boys and girls has filled this aim. They are in responsible positions all over the islands and on the western coast of the United States. Some of the second and third generation are now in the army or are ready to follow the call. They have all been taught to give their best service to this country. The country that gives them their bread has full right to their service in every way, whether in the jury room or other office or in the defense of the country.

"The little school here is composed of children of children that have passed through this school. I wish the school were now larger in numbers, but there is not enough room for our young people on one plantation.

"The Lihue Private School numbers only thirty-six children and these children have in five weeks bought \$275.25 Thrift Stamps. I started them each with fifty cents worth of stamps myself, but the children have bought the rest and are proud of their acquisition. The girls, the mothers and even the grandmothers are knitting industriously for the Red Cross.

"The children are taught in the English language since November, 1917, when order came from the Department of Public Instruction to make the English language the medium of instruction. I can say that when the principal instruction was in the German language, they were always taught American History and American Ideals and Principles. I was told years ago that the boys from our school read and understood the constitution of the United States well.

"Mr. McCluskey, the principal of the Lihue High School, has told our principal, Mr. C. Maser, that the children from the Lihue Private School, who are now attending his high school, are the "Cream of his School."

"All arrangements are made to form a Junior Red Cross Membership.

"I trust that you will be satisfied with this statement and account of the

Lihue Private School. If you come to Kauai I cordially invite you to visit our school. We shall be pleased to have you inspect it. Yours sincerely,
"DORA R. ISENBERG."

The Japanese have been very enthusiastic helpers in Red Cross work, and have invested largely in war savings stamps. They are now planning to give an entertainment at the Tip Top Theater on Sunday, the 7th of April, the proceeds of which will be given to the Red Cross.

It will be in the nature of a fairy story, which is to be told by J. Yasui, a Japanese professional story teller, and his assistant. At the same time the story will be acted out by a number of Japanese school children, some from the Lihue school, and some from the Japanese school at Huleia, who will represent the different characters. The children are now practicing their parts, and will continue to rehearse all week.

IN THE CIRCUIT COURT, FIFTH CIRCUIT

Territory of Hawaii

At Chambers—In Probate

In the Matter of the Estate of Mary Bacle, deceased.

Order of Notice of Hearing Petition for Probate of Will

A Document purporting to be the Last Will and Testament of Mary Bacle, deceased, having on the 30th day of March A. D. 1918, been presented to said Probate Court, and a Petition for the Probate thereof, and for the Issuance of Letters Testamentary to Marguerite Blake, Solomon K. Kaulili and Henry Blake, having been filed by Leialoha.

IT IS HEREBY ORDERED, That Saturday, the 4th day of May, A. D. 1918, at 9:30 o'clock, A. M., of said day, at the Court Room of said Court, at Lihue, Kauai, Territory of Hawaii, be and the same is hereby appointed the time and place for proving said Will and hearing said application.

IT IS FURTHER ORDERED That notice thereof be given, by publication, once a week for three successive weeks, in the Garden Island, a newspaper published in said Lihue, Kauai, T. H., the last publication to be not less than ten days previous to the time therein appointed for hearing. Dated at Lihue, Kauai, T. H., March 30th, 1918.

By the Court.
