KANEAKUA MURDERS WIFE THEN SUICIDES

Double Tragedy Is Result Of Family Quarrel At Koloa.

PREPARATIONS DELIBERATE AND TERRIBLY COMPLETE

REPORT OF CORONER'S JURY MOOKINI THREATENED WITH DEATH FOR ATTEMPT TO SAVE.

Koloa, Kauai, Dec. 6.—Thursday evening, December 4, 1902, William Kaneakua shot his wife Kala Kamali, and after she had expired, shot himself. It was understood from the authorities yesterday the two had quarreled the whole day on account of the wife's former husband's frequent calls at the house. At 4 o'clock Kaneakua went to one of the stores and purchased a 32-caliber revolver with the pretense of going out for a bear hunt. As soon as he bought the deadly weapon he went home and started to load it. Mr. Mookini, the owner of the house, endeavored to quiet things down, but before he knew it the revolver was pointed at him, and Kaneakua threatened that if interfered with again he would be a dead man.

During all this time Kaneakua was moving backwards toward his wife, and when he reached her side fired at her, the shot penetrating her heart and came out from her right side. Those who witnessed the tragedy ran to their neighbors' house and Mookini ran into his own room after his revolver for self defense, when he heard Kaneakua firing the second time at his wife. Before Mookini returned to the horrible scene, Kaneakua had placed the muzzle of his revolver in his right ear and shot himself. When the sheriff arrived with his officers both of them were lifeless. They were buried yesterday.

High Sheriff Brown received from Koloa the report of a coroner's inquest, held at Koloa over the body of W. Kaneakua (k) and Kala (w), who came to their deaths last Thursday in a very sensational manner.

The testimony of Dr. Goodhue, who made the post mortem examination, shows that the doctor found on Kaneakua a bullet hole in the right side of his head just near the ear. The exit hole was through the opposite ear, the bullet following the ear canal. This was sufficient to cause instant death.

On the body of Kala Kawali, which was found about four feet from that of Kaneakua, there were two bullet holes, one through the right breast, into the lung. The other was into the left axilla with a course towards the heart. This last wound undoubtedly caused instant death.

The testimony of eye witnesses to the tragedy shows that Kaneakua had deliberately planned the death of the woman and of himself and that he carried out his terrible plan with cool deliberation. G. Mookini testified as follows:

"I know both of the dead bodies lying on the veranda. Kaneakua came very close to me and when he saw Kala he began to swear at her. I went up to him. Then he pulled out a pistol from his bosom and pointed at me and said: 'Don't touch me or you are a dead man.' I kept still and he fired at Kala one time as far as I know and I heard two others. This happened at about 5 p. m. on Dec. 4."

Helen Oleka testified that she saw the two deceased on the veranda. She saw Kaneakua fire twice at Kala, whereupon the witness ran away.

R. Jaradin, a salesman in a store in Koloa testified that on Dec. 4 he had sold Kaneakua a pistol, which he identified as being the same with which Kaneakua committed the deed. Kaneakua said when he bought the revolver that he was going to use it to shoot wild pigs.

The coroner's jury returned the following verdict: "That Kala (w.) came to her death by being shot with a revolver in the hands of Kaneakua and that Kaneakua came to his death by suicide with the same revolver. The murder and suicide took place about 5 p. m. Dec. 4, at Koloa."

FISHER TAKES OFFICE

THE NEW AUDITOR ASSUMES HIS DUTIES

DOUBLY SWORN BY CHIEF JUSTICE—NO PRESENT CHANGE IS TO BE MADE IN STAFF.

Auditor Fisher took the oath of allegiance and office before Chief Justice Frear this morning. The first is in this form:

"I, J. H. Fisher, residing in the District of Honolulu, Island of Oahu, in the First Judicial Circuit, having been appointed Auditor, do solemnly swear in the presence of Almighty God, that I will faithfully support the Constitution and laws of the United States, and conscientiously and impartially discharge my duties as such Auditor of the Government of the Territory of Hawaii. So help me God."

The second oath reads thus:

"I, J. H. Fisher, do solemnly swear that, according to the best of my skill and ability, I will faithfully, impartially and truly execute the office and perform the duties of Auditor."

Mr. Fisher took charge of the Audit office at the opening hour. He stated to a Bulletin reporter that no changes were contemplated in the staff for the present at least. The first thing to do would be to find out the amount and character of work each man is doing. Mr. Fisher informed Deputy Auditor Meyers that he hoped the rumor of his intended resignation was not correct.

PORTO RICAN BARELY ESCAPES HIS DEATH

A Porto Rican this morning attempted to commit suicide by hanging himself and came very near being successful. The man has been living with his wife in an old Primo beer saloon along the lower part of Liliha, near Vineyard street. When the sheriff arrived he obtained possession of the premises using the room as a small store, and putting up a partition in it behind which the couple had their sleeping quarters.

Last night, the fellow had trouble with his wife. He finally told her he was going out to find another woman and left the house. He returned later on, and spent the night at his place.

This morning at about 6:30 o'clock, he told his wife he was going to commit suicide. He procured a rope and fastened one end on the top of the partition and tying the other around his neck, he suspended himself on the partition. The woman became very much frightened and summoned Officer Kulike who lives in the neighborhood. The officer responded quickly and cut the man down. The Porto Rican was already unconscious and was only revived with much difficulty.

Kulike telephoned to the police station for assistance and Officer Duncan was sent to the place. When he saw the condition the unfortunate man was in he telephoned for the patrol wagon in which the man was taken to the police station. He was kept there for a few hours but as he appeared to be perfectly rational and promised not to attempt to commit suicide again, he was let out.

PREVENTION OF PESTS

Two cases of plants accompanied with two of soil were landed by last steamer from Japan. The roots of the plants were done up in moss. Commissioner Wray Taylor and Entomologist Perkins of the Agricultural Department inspected the consignment. The first handful of soil pulled out by Mr. Perkins was found to be teeming with the larva of something, but time was not lost in deciding whether or not it was of the Japanese beetle. Both cases revealed the same condition, and the soil was promptly dumped into the harbor, where the salt water would do for its inhabitants. There was nothing suspicious found in the moss enveloping the roots of the plants in the other two cases, nevertheless it was thoroughly fumigated against any chance of infection. The plants looked healthy enough.

All permits to gather ferns and the like from the Tantalus forest have been stopped by Wray Taylor, Commissioner of Agriculture and Forestry, at the request of the owners of the property.

ELKS REMEMBER DEPARTED ONES

Impressive Ceremonies At Opera House Sunday.

MUSIC OF OCCASION WAS GREAT FEATURE

MRS. FARADAY AND MRS. GEO. MACFARLANE GIVE PLEAS- URE—ORATION BY F. THOMPSON.

There have been many complaints that Honolulu is lacking in musical talent and that, for a town of its size, there should be an infinitely better showing. All those who were present at the splendid memorial services of the Elks Lodge in the Opera House Sunday afternoon are willing to contradict any such statements whenever, wherever and by whomsoever made. Truly, the program was one that admits of none but favorable criticism and too much to the credit of the committee in charge of the arrangements, cannot be said. The music and the ritualistic part of the program combined to create a most impressive occasion which was at its highest pitch of impressiveness when after the calling of the roll of the dead by the secretary, five voices from behind the scenes sang "Nearer, My God, To Thee" to the accompaniment of eleven strokes from a solo tolling bell.

Every seat in the Opera House, upstairs and down, was filled, there being present a notable audience of the Best People on Earth and the best people in Honolulu. At the entrance to the place was a bank of ferns over which was an Elk's head. The Elks were gathered in a body just in front of other members of the lodge scattered throughout the audience. The lodge were occupied by the wives of the officers of the lodge and others and in the right hand lower box were Prince David Kawananakoa and Hon. and Mrs. Samuel Parker. The guests of the lodge were shown to their places by Allan Dunn and Lieut. Harry Newton of Camp McKinley. The very attractive design on the program was drawn by Allan Dunn.

The officers of the Elks were seated on the stage in lodge formation, the Exalted Ruler and others being on a raised platform. Back of the stage and in a position above the Exalted Ruler was an elk's head, while a smaller one, placed on a stand covered with an American flag, occupied the central position on the stage. Those on the stage were: Exalted Ruler Francis M. Brooks, Past Exalted Ruler Dr. C. B. Cooper, and the chaplain, Rev. Alexander Mackintosh. Other officials, seated in their customary places, were: J. H. Fisher, esteemed leading knight; H. H. Williams, esteemed loyal knight; Lorrin Andrews, esteemed lecturing knight; Lloyd Conkling, secretary; Thomas Lloyd, treasurer; H. W. Foster, inner guard; Henry Roth, esquire; Guy Livingston, tyler. There were also two vacant chairs dressed with crepe, in token of the two departed members.

The first movements from Schubert's "Unfinished Symphony," played by the Symphony Orchestra, which made its first appearance in public, was a fitting opening for the excellent program of the afternoon. Next came the most impressive part of the Elks' ritual under the direction of the Exalted Ruler, in which every officer was asked his duties in connection with keeping green the memory of the dead. Following a prayer by Rev. Alex. Mackintosh, chaplain of the order, came Sullivan's "Weep Not For The Dead," by Mrs. Faraday and a quartet composed of Miss Severson, Miss Stella Love, Chas. A. Elston and J. Lovette Rockwell.

Mrs. Faraday has sung herself into the hearts of music lovers of Honolulu. It was her first appearance in public and it was a most satisfactory one in every way. She has a deep, rich and sympathetic voice which thrills the listener.

J. Lovette Rockwell sang "But the Lord Is Mindful of His Own" in most impressive style, his deep voice filling every nook in the Opera House. After this came the eulogy of the dead, most admirably given by Lorrin Andrews. When Mrs. George MacFarlane had completed her "Ave Maria," by Schubert, there was a hush all over the house. There was no impulse to ap-

SCHOONER CONCORD WAS IN DANGER

Was In a Bad Squall While Lying Off Honokaa.

BIG SEAS BROKE OVER AND FLOODED DECKS

LUMBER IS SWEEP OVERBOARD. ANCHOR CHAIN PARTED AND VESSEL NEARLY WENT ASHORE.

The schooner Concord arrived in port yesterday after an absence at Hawaii of over three weeks. She brings back a story of hard luck and exceedingly rough weather as a result of which she is now minus her foremast and one of the anchors. During the week before last the weather along the Hamakua coast, where the Concord was, proved exceedingly rough. One day as the small schooner was lying off Honokaa, a sudden squall sprang up and struck the vessel as she was lying at anchor. For some time dire destruction threatened the little craft and those on board her. Tremendous seas kept breaking over; flooding her deck with large volumes of water. The deckload of lumber was knocked about a great deal and about 120 pieces of it were carried away by the angry seas. Finally the anchor chain parted and the small vessel was threatened with destruction by going on the shore, which at this place is very steep and rocky. Luckily, however, the sails had been set by this time and the schooner managed to pull out to sea.

A buoy was laid at the place where the anchor was dropped, but on the return to Honokaa, it could not be found. The captain of the Concord hopes, however, to be able to locate the anchor and the forty fathoms of chain which was lost with it. It was during this same storm that the Concord lost her foremast.

The Concord ran over to Kilauea on the lee side of the island for safety and stayed there for some time for repairs. She then returned to Hamakua for a load, but found it so rough that it was impossible to do any work, and she returns to this port without a cargo.

KOLOA STARTS GRINDING

Koloa, Kauai, Dec. 6.—M. A. Rego returned from Honolulu last Sunday morning with a large stock of Christmas goods.

Antons Perry, formerly salesman in the Pacific Import Co., Honolulu, has taken a position as chief clerk for M. A. Rego, and will make Koloa his future home.

Miss Potts of Elele has been spending a few days with the Goodhues.

Arrangements have been made by Mrs. W. E. Smith for a concert to be given in the Koloa native church next Saturday, December 13, the proceeds of which will be expended for the Children's Christmas. The music will be in charge of Mr. Vaughan.

The Koloa mill began its grinding season Tuesday last.

The Koloa landing was so rough last Monday that it prevented the steamer Nihau from landing any freight. On this account she had to sail to Elele to discharge there and returned to this port the following day.

J. M. Conlson of M. W. McChesney & Sons, Ltd., was here the last two days.

An artistic display was the result of J. M. Lydgate's art exhibition in the new Social Hall at Lihue on Saturday evening, November 29, and was highly spoken of by all present. The exhibits included needlework, paintings, crayon work, fretwork and burnt-work. All reflect great credit on the workers, and Koloa congratulates her Lihue friends on such an artistic success. I may add that the Koloa Quartet, Messrs. H. and E. Blake, E. C. Vaughan and D. K. Kapahoe, rendered musical selections during the evening which were received with much appreciation, their number "When Chloey Sings a Song" being encored.

However, there are certain measures which the party seem to be determined on already, although as has been stated, there have been no caucuses what-ever bearing on bills to be presented to the Legislature.

In the first place, the Income Tax law stands a good chance of being repealed. It was passed at the last session of the Legislature and it has caused all kinds of dissension ever since it went into force. There are hardly any who have been up to the Tax Office to pay this tax who have not had something to say against what some are disposed to term an outrage. This sentiment has reached the Senators and Representatives.

One of the most important matters to come up before the Legislature will be the joint resolution of both houses on the matter of Statehood, this resolution to be submitted to the Congress of the United States. It is probable that this will be one of the first to be attended to. It has been learned that

BIG GAMBLING TRIAL

TWO DOZEN CHINESE FOR BANKING GAME

FATHER AND SON IN COURT FOR SENTENCE—A POINT IS RAISED BY THE DEFENSE.

Ah Him and twenty-three others were on trial before Judge De Bolt this morning on the charge of gambling. They appeared from conviction in the District Court. Assistant Attorney General E. A. Douthitt appeared for the Territory, and Humphreys, Thompson & Watson for the defendants. The following jury was found satisfactory as drawn from the ballot box: Jessin Andrade, L. J. Nahora Hipa, K. B. Porter, C. A. G. Maerten, Jas. Nott, Eugene P. Sullivan, J. D. Cockett, Jno. Makaena, Henry Hickey, F. P. McIntyre, George Fern and Caesar Vieira. The prosecution rested at 11:45, when on motion of Mr. Thompson recess was taken until 1:30. An interesting exhibition of the banking game of fan tan was given in court. Mr. Douthitt was satisfied he could play it himself now. Mr. Thompson said he knew the game, "but not that way." Ahim and Lum Hoon, defendants in this case, failed to appear and the court ordered a bench warrant issued for them.

In the case of C. Chamberlain and Mrs. Wm. Kekipi, adultery, Mr. Kau-lukou for the man asked for a continuance till next term, to enable defendant to pay his fine of the court below. Judge De Bolt confirmed the sentence of the lower court and ordered Chamberlain committed to jail until fine and costs were paid.

Mr. Creighton announced that Mariano Borges desired to plead guilty to selling liquor without license, from conviction of which below he had appealed. He was allowed to do so and sentence was suspended until 1:30, when M. J. Borges, father of Mariano, was to appear on appeal for mitigation of sentence for the same offense. At that hour the boy was first called and Mr. Corvess pleaded for the minimum fine of \$100 on account of his throwing himself on the mercy of the court and his tender years, he being only fourteen years old next month. He suggested that the prosecution might ask for suspension of sentence. Mr. Douthitt said he did not take kindly to the suggestion and related the circumstances which showed that father and son had been arrested several times for selling liquor. Mr. Creighton replied, denying that the record proved the prosecution's allegations. It might be the record of the deputy sheriff's office, but was not that of the courts. There were charges against the father, but his only conviction was that from which he now appealed for mitigation. Counsel referred to the police liquor "aleuth" as "that little Japanese rascal." He believed this was the first time the boy was ever arrested. When the Bulletin reporter left, Mr. Creighton was contending that the court had inherent power, of its own motion, to suspend sentence, notwithstanding the statute that gave the moving for such to the prosecuting officer.

PUBLIC CARPENTER DEAD

P. A. Anderson, who was for many years carpenter of the Public Works Department for the public buildings, died at 2 o'clock this morning. He was a Norwegian probably 55 years of age or over, and he leaves a wife and family. His wife is a daughter of the late Chris. Gertz by his first wife, Anderson was a first-class finisher in his trade. The funeral will take place from the house in Punchbowl street, near the Mormon church, at 4 p. m. today, and be conducted under the auspices of Harmony Lodge, I. O. O. F., to which the dead man belonged.

Frank Ferreira, the former assistant back inspector, got into trouble with a lot of fellow countrymen in a Punchbowl store Sunday. He was knocked down and the whole gang jumped on him, the result being that Ferreira's leg was broken and he received numerous bruises on his face and body.

Harmony Lodge, No. 3, I. O. O. F., meets tonight at 7:30 in Harmony Hall.

MEDICOS DISCUSS MOSQUITO PEST

A Paper By Dr. Sloggett Before Medical Asso- ciation.

RICE AND TARO FIELDS TREATED WITH PETROLEUM

ASSOCIATION BANQUET IN JANU- ARY—IN MEMORIAM TO THE LATE DR. RICHARD OLIVER.

At the monthly meeting of the Hawaiian Medical Association on Saturday evening, the pestiferous mosquito was on the board for dissection. Dr. Sloggett, president, read a paper on the subject, which was followed by a discussion. No definite line of public action was suggested, the idea being to bring the matter into agitation.

President Sloggett's paper gave a resume of the experiments conducted on the Atlantic coast, which had achieved considerable results of a satisfactory nature. The remedies for the pest were drainage, the filling of swamps and the application of petroleum to stagnant water. Reference was made to the great difficulty recognized as lying in the way of remedial measures here, from the rice and taro fields in the vicinity of Honolulu which are no doubt the chief breeding ground of mosquitoes. It was stated that Wray Taylor, Commissioner of Agriculture, had made experiments with oil on the water submerging rice and taro plantings, which showed that the applications, had no ill effects on the plants.

It was decided to give a banquet to the medical profession on the 10th of January. Details will be reported to a later meeting by a committee of which Dr. Humphris is chairman.

The following memorial of the late Dr. Oliver was submitted by the committee signing it, and unanimously adopted, ordered spread on the minutes and a copy sent to the bereaved family:

"Dr. Richard Oliver was born July 12, 1839, in Carlisle, Cumberland, England, and died in Honolulu, H. I., August 12, 1902. He held the degrees of M. R. C. S. and L. S. A. (London) 1861. He married Miss Hoopli Napaki, of which union one son, now sixteen years old, was the only issue. He practiced medicine and surgery in Honolulu, H. I., for some time, then went to Hawaii as government physician for Kau, Kona and Kohala. Later, he was appointed resident physician to the Leper Settlement on Molokai, assuming his duties June 1, 1892, and served until the middle of April, 1902. He was Government physician on Hawaii at the time King Lunalilo was taken ill and brought to Honolulu. Dr. Oliver with the late Dr. Trousseau accompanied the king to his home and remained with him until he died, July 3, 1874.

"Resolved, That whereas death has removed from our midst a fellow-practitioner, who for many years has been active among us, holding positions that required ability and professional skill, we hereby give utterance to our regret at his departure, and express our sincere sympathy with the bereaved family.

"ROBERT P. MEYERS.
"L. F. ALVAREZ."

There was a good attendance at the meeting.

COMES TO HONOLULU.

Walluku, Dec. 6.—Mrs. Chas. E. King wife of the inspector of schools, goes to town this afternoon to meet her husband who is at present on duty among the Honolulu schools. Mrs. King went over to Lahaina last Tuesday to meet Miss Kahana from Kamehameha school, Honolulu, who came up this week to attend to the trial of her younger sister who was indicted by the Grand Jury this morning on the charge of arson in the second degree.

There will be a meeting of the executive committee of the Republican party this afternoon at 4 o'clock for the transaction of important business.

The Galdys came up from Pearl Harbor yesterday and the Skip and Ulua tried conclusions in the harbor. The latter boat was found to work as well as the first one of the skipabouts built by Chris. Johnson.

The wireless telegraph service is now open for business to Mahukona and all points on Hawaii and Maui. Telegrams will be received at the Inter-island Telegraph Company's office, 14 Kaubamann street.

Members of Camp Roosevelt, Spanish-American war veterans, will meet this evening at headquarters in the Oregon block for the transaction of business and the election of officers. Every member is expected to be present.

The Government band will give moonlight concerts this week as follows: Tonight, at Emma Square; tomorrow evening, at Palama railroad station; Wednesday evening, at Thomas Square; Thursday evening, at Ma'ukee Island.

The Mission Children's Society met Saturday evening at the home of Mr. and Mrs. A. F. Cooke. There was an attendance of about 35. The music was excellent and those present enjoyed very much the letters from absent members that were read.

Among the arrivals from Maui ports in the Claudine Sunday were the following: Mrs. Penhallow, H. C. Ovensen, C. D. Lufkin, Mrs. C. E. King, S. Nowlein, Mrs. Geo. Smithies, A. G. Correa, Mr. and Mrs. F. H. Hayelden and Miss R. K. Hayelden.

During these hard times it behooves every one to make the dollar go as far as possible. This is the privilege now offered by the Golden Rule Bazaar, who are saving their customers from 10 per cent to 50 per cent on all purchases from 50c up. Open evenings, 156 Hotel street.

The Catholic fair in Progress hall Saturday for the purpose of raising funds for the organ at Kalihi-waena church, proved a very great success, the ladies making \$200 clear of all expenses. The fair proper took place during the forenoon and afternoon and in the evening there were tableaux by the Hawaiian Dramatic Club and later on the hall was cleared for dancing. The music was furnished by the Kawaihau Quintet Club.

COURTS MUST DECIDE

ANOTHER BANK MEETING

ENDS IN DISAGREEMENT

CECIL BROWN HOLDS HIS PLACE

MACFARLANE CLAIMS MAJORITY OF SHAREHOLDERS.

HOLDERS.

Another attempt to hold a regular election of officers by the stockholders of the American Savings and Trust Company ended in failure on Saturday.

There was a clash between Cecil Brown, holding over the presidency from the past year, and George W. Macfarlane and party. When the meeting broke up between 3 and 4 o'clock, Mr. Macfarlane said his party had held 1299 votes to the Brown party's 1147, but Mr. Brown had ruled out proxies for 33 shares of the Huntington and 20 of the Banning estate.

"Yes, it will have to be taken to the courts for decision," Mr. Macfarlane said.

Mr. Summers, representing the Huntington shares, nominated the directors elected at the meeting of November 20 in opposition to the old board. President Brown having ruled out the proxies named, the vote resulted 1246 to 1147 in favor of the opposition ticket.

As the bylaws require 1251 to elect directors, the vote was declared null. Attorney Dillon moved to adjourn until next Thursday, but the chair would neither put the motion nor entertain an appeal from its ruling. President Brown declared the meeting adjourned without day.

President Brown in ruling out proxies played no favorites, as under his ruling there were nineteen shares held for the present directorate which were not allowed under his ruling. The reason given for ruling out proxies was that the owners of the stock had given their word that the stock should be voted otherwise than planned by the holders of the proxies.

The contention over adjournment arose out of the proposal of the Macfarlane wing to adjourn for the specific purpose of electing a new board of directors. President Brown cited the requirements of the articles of incorporation and ruled that with the amount of stock legally represented it was impossible to adjourn for the purpose named in the Macfarlane motion. The stockholders representing the present board of directors were willing to adjourn to any date desired to transact such general business that might be brought before the meeting, but could not accept the Macfarlane contention on account of the terms of articles of incorporation. To the view the Macfarlane people would not accept.

Another point brought out in the meeting was the fact that purchases of local stock made by the Macfarlane people had not been transferred on the books of the company, hence the legal status of this stock could be brought in question. This point, however, was not pressed to an issue. It is maintained by stockholders supporting the present directorate that the Macfarlane people had only one bona fide Honolulu stockholder, this being Norman Halstead with some twenty shares.

The new board of directors which the Macfarlane people elected at the special meeting held a few weeks ago is as follows:

President—W. T. Summers.
 Vice President—G. W. Macfarlane.
 Cashier—M. W. W. Gilbert.
 Secretary—T. I. Dillon.
 Auditor—E. C. Peters.
 Fred. Wundenberg and T. W. Diblee.

An interesting feature of the contest is the readiness of the so-called Brown faction to sell their stock in the Savings Bank to the Macfarlane people or exchange their savings stock for stock in the National Bank, of which the Brown directorate holds undisputed control. Macfarlane's faction, however, will neither buy nor sell, apparently preferring to carry on the fight in the courts.

Mr. Brown and his supporters claim that, in the absence of a legal election, the old board holds over for another year.

BUILDING THE DEFENDER.

New York, Nov. 23.—C. Oliver Iselin, since his return from Europe ten days ago, has spent most of his time at Bristol studying the plans of the new Cup defender and hustling the work of construction. Mr. Iselin thinks that it is very important that the new boat should be out as early as possible in order that all the practice possible may be had. The lead keel, it is understood, will be run this week. This is about four weeks earlier than the keel of the Constitution was run and the new boat should be ready for launching earlier in the season than the last boat. To a friend Mr. Iselin said he hoped to have the new boat in the water early in April and leave her sailing in May. This will give her three and a half months for racing and tuning up.

ST. LOUIS FUGITIVE

New York, Nov. 28.—The Evening

World today prints the following:

"Charles F. Kelly, former Speaker of the House of Delegates of St. Louis, landed from the White Star steamer Celtic when she docked today. At the pier to meet him was Congressman-elect James J. Butler of St. Louis.

Butler's bookkeeper, William J. Sullivan, and William Ratigan, a St. Louis contractor and neighbor of Kelly's were his ship companions.

"Kelly's face" was white and wrinkled when he left the ship. He started when an Evening World reporter greeted him by name. Congressman Butler tried to shut the reporter off, but Kelly recognized him as a St. Louis acquaintance and extended his hand.

"For God's sake let me alone for today," he said, "I have nothing to say. I have just received word that my son is dead, and I am going right back to St. Louis."

Congressman-elect Butler denied that he had come to the pier to meet Kelly, saying:

"I am here to meet our bookkeeper, Mr. Sullivan. He went away some time ago for his health. I am on my way to Washington and ran up here to meet him," he said.

Philadelphia, Nov. 28.—Charles Kelly, formerly Speaker of the House of Delegates of St. Louis, was arrested in this city this afternoon. He was taken from the Western train which left New York about 11 o'clock by a local detective. The arrest was made on a fugitive warrant charging Kelly with perjury and bribery.

PUNAHOU WINS AGAIN

In the best football game of the season on Saturday afternoon last, the Punahou won from the H. A. C. team by a score of 11 to 6, representing two touchdowns and a goal for the former and a touchdown and goal for the latter.

The Honolulu had a reconstructed team which proved infinitely stronger than the one which was recently defeated by both the Punahou and Malaea. They played with great determination and had it not been for the fact that some of their best men were disabled during the latter part of the first and the first part of the second half, the result might have been different.

The Honolulu made their first and only touch down and goal in the first half, the score standing 6 to 5 in their favor at the end of the first part. It was made in this way: Fernandez, the left halfback, got through the line by hard bucking, swung clear of the whole college aggregation and Joy pulled him along until the ball was between the goal posts.

The Punahou made a touchdown in the first half, but failed at goal and in second half there was a touchdown and goal. The best playing for the college men was done by Percy Morse.

The line-up of the teams was as follows:

H. A. C. Punahou.
 L. End R.
 Crook Armstrong
 L. Tackle R.
 Joy Walker
 L. Guard R.
 John Lane Fuller

HILO PORTUGUESE.

Hilo, December 5.—The celebration of the 262d anniversary of the independence of Portugal culminated Tuesday evening in a dance and musical concert at Serrao's hall. There were more than one hundred ladies and gentlemen in attendance. The Hilo band played the National Hymn of Portugal and other selections. After the music, speeches were made by J. A. M. Osorio and G. F. Afonso, the former speaking in Portuguese and the latter in English.

The dancing was conducted by Mr. and Mrs. Carson. Excellent music was furnished by Carvahio's orchestra.

The committee in charge of affairs consisted of M. J. de Gouvea, M. F. Spinola, J. E. Rocha, G. F. Afonso, M. S. Pacheco, J. E. Garcia and H. T. Monix.—Tribune.

WANTS NEW MARKET SITE

Senator Achi thinks that the Fish-market should be moved from its present location to the Ala tract, between Beretania and King streets, just across Nuuanu stream. His reasons are that Ala is centrally located and easily reached by car from Kalihi, Punahou, Manoa and Waikiki, whereas one now often pays as much for back-fare as for fish.

The rents from the old place would more than pay interest on the money expended at Ala, while the general public would be greatly benefited by the central location of the new market. Fishermen would land their fish right at the stalls by way of Nuuanu stream.

Mr. Achi is not in favor of Ala being turned into a public park, as he says that only the Chinese and Japanese would get the benefit of it. Likewise, he does not believe that the Government should buy the King street automobile building and convert it into a stable, as there is some talk of doing.

PORTUGUESE BATTLESHIP.

The model of a Portuguese battleship is being hauled around town on a small hand wagon. It is of wood and tin and gorgeously painted. There are fighting tops on the two masts and powerful batteries in regulation positions. The Portuguese flag is at the peak and the Stars and Stripes at the mainmast. Gil Cabral, a Portuguese with an empty right sleeve, accompanies the object, and an inscription on a sheet between the masts says the model is his work of four months with the left hand and "requests your kind assistance for a living."

FOR FOREST RESERVES

GOVERNOR DOLE COOPERATES WITH PLANTERS' ASSOCIATION

VOLUNTEERS WHO WILL MAP OUT SECTIONS TO BE SET APART FOR FORESTS—CORRESPONDENCE.

The committee appointed at the annual meeting of the Planters' Association to devise a practical method of establishing forest reservations here, have with the cooperation of Governor Dole, formulated plans which give promise of success.

The first step taken by the committee was to secure a resident volunteer in each district, whose business it will be to consult with other persons interested and prepare maps of the proposed forest reservations in such districts. Each will be submitted to the Governor and if he approves he will declare such place a reservation and use his influence to prevent the sale or lease of all government lands lying within such reservations.

The volunteers in the various districts are to attempt to secure private subscriptions for the purpose of fencing the reservations so as to keep stock out and also to reforest the reservations when necessary.

The Governor will recommend to the next Legislature the passage of a law authorizing the establishment of forest reservations, with power to condemn, pay for and take private lands lying within the same which cannot be otherwise acquired.

The following persons have already agreed with the committee to act for the several districts named, viz: E. E. Olding, for the district of Kohala, Island of Hawaii; D. Forbes, for the district of Hamakua, Island of Hawaii; George Ross, for the district of North Hilo, Island of Hawaii; Louis von Tempky for the districts of Kula and Kaupua, Island of Maui; W. W. Goodale, for the district of Wailua, Island of Oahu; W. F. Dillingham, for the district of Ewa, Island of Oahu, and Andrew Adams, for the district of Koolaula, Island of Oahu.

The following communication has already taken place between the committee and the Governor:

Planters to Governor Dole.
Honolulu, H. T., November 25, 1902.
S. B. Dole, Governor of the Territory of Hawaii.

Sir:—At the recent annual meeting of the Hawaiian Sugar Planters' Association, a special committee consisting of the writer, George Ross, D. Forbes and E. E. Olding, were appointed to consult with you to see if some practical method could not be arrived at for establishing forest reservations and other disturbing influences.

In accordance with the understanding arrived at between you and the committee, at the meeting held at your office, the committee now suggests to you the following method of accomplishing the results desired, viz:

(1) That you designate some one or more persons in each district who shall take upon themselves the responsibility of procuring a map and description of a proposed forest reservation in such district, which map and description shall then be submitted to you for your approval.

(2) If the several suggested forest reservations meet with your approval, you thereupon to, so far as lies within the present power of the Territorial government, set apart the localities so designated as forest reservations for such purpose, all government lands within such several reservations to be thereupon reserved for forest purposes, from sale or lease. In so far as the same are not now under lease, the land therein described shall, upon the expiration of existing leases, become subject to the reservation, from any future sale or lease. If the lands so reserved are now under lease, the government to use its influence with the several lessees and with private land owners owning lands within the reservations to secure their adherence to the proposition to make a forest reservation of the lands so described.

(3) Upon such approval being given, you to notify the persons who have been designated to secure descriptions of forest reservations they to thereupon take charge of securing voluntary subscriptions to fence in the reservations so that live stock cannot trespass thereon.

So far as the districts of Kohala, Hamakua and North Hilo are concerned, the committee hereby suggest to you the name of E. E. Olding as your agent to designate forest reservation lines in the district of Kohala; D. Forbes for the district of Hamakua, and George Ross for the district of North Hilo.

The gentlemen named will undertake to furnish proper maps and descriptions of proposed forest reservations in those respective districts, the outlines of some to be determined after consultation with the residents of the several districts.

They also hereby assure you that if reservations are made by you on the lines above suggested, they will undertake to procure, by private subscription, the necessary funds for fencing in such reservations.

The committee will take pleasure in recommending other names to you for other districts, to assume the same duties, as soon as they are in position so to do.

In further conformity with the ver-

bal understanding arrived at between the committee and yourself, the committee suggest that you make a recommendation to the next Legislature that the Governor be empowered to set apart forest reservations consisting of both public and private lands; and also to pass a statute, authorizing the condemnation and purchase of private property which may come within such forest reservations.

The committee are prepared to act along the lines above indicated as soon as they receive a favorable response from you. I remain,

Your obedient servant,
L. A. THURSTON,
For the Committee.

Governor Dole to Planters.
Executive Chamber, Territory of Hawaii.

Honolulu, Dec. 4, 1902.
Messrs. L. A. Thurston, George Ross, D. Forbes and E. E. Olding, forming a Special Committee of the Sugar Planters' Association, Honolulu, T. H.

Sirs:—Your letter of November 23, addressed to me by Mr. Thurston, embodying suggestions for a plan of action for "establishing forest reservations and protecting them from the ravages of cattle and other destroying influences," has been received.

I heartily approve of the proposed plan and will do all that I may be able within my powers, to promote the same. I sincerely appreciate the public spirit shown by the members of the committee as to their willingness to take hold of the enterprise and give their personal services towards its management. With such a disposition on the part of men with the influence and resources of managers of plantations in the different districts of the Islands, much can be done in the important work of protecting and restoring our forests.

I have selected Mr. George Ross as my agent to suggest forest reservation limits in the district of North Hilo, Mr. D. Forbes to perform the same service in the district of Hamakua, and Mr. E. E. Olding for the district of North Kohala, all of the Island of Hawaii.

I would suggest to your committee that it use its influence toward a conservative plan of selection of forest reservation limits, as lines seriously prejudicial to private interests would probably raise opposition from such interests and thus delay the progress of the enterprise.

I would also suggest that your committee include tree planting where necessary in the plan of operations, for these reasons: although there are many localities where the restoration of forests will take place by natural causes alone when there is protection from cattle, yet there are lands which have been denuded of trees for a considerable time and have become covered with a heavy growth of grass, which is so much of an obstacle to the germination of seeds, and to their making a fair start if germinated, that artificial assistance is essential to the reforesting of the same.

I enclose a copy of my letter on the subject to Mr. George Ross. Similar letters were sent to Mr. Forbes and Mr. Olding.

Very respectfully,
SANFORD B. DOLE.

Governor Dole to Geo. Ross.
Honolulu, T. H., November 29, 1902.
Mr. George Ross, Hakalau Plantation, N. Hilo, Hawaii.

Sir:—I have received a letter from Mr. Thurston, a copy of which I enclose, which sets forth the plan adopted by the special committee of the Hawaiian Sugar Planters' Association for establishing forest reservations and protecting them from cattle and other injurious influences.

I approve of the plan outlined in the letter above referred to, and desire to do all that I may properly do to make it successful; and I appreciate the public spirit shown by the attitude of the members of the committee. With such a disposition on the part of men with the influence and resources of managers of plantations in the different districts of the Islands, much can be done in the important work of restoring and protecting our forests.

In view of the plan of operations reported by the special committee of the Sugar Planters' Association, I respectfully request you, acting as my agent, to suggest forest reservation limits in the district of North Hilo, Island of Hawaii, and to report the same to me as soon as may be, with such maps and descriptions as you may be able to furnish.

In adopting the lines of such proposed reservations, I would remind you that a conservative plan of selection will tend to the final success of the enterprise to a greater degree than one which seriously prejudices individual interests.

Very sincerely,
SANFORD B. DOLE.

DOCTOR RESPONSIBLE.

St. Louis, Mo., Nov. 20.—A jury in Judge Spencer's court today awarded Jacob Ernst \$1,000 damages, against Dr. Amund Ravold, formerly city bacteriologist, for the death of Mr. Ernst's daughter May, who died from tetanus after having been inoculated with diphtheria antitoxin provided by the city.

Nine other cases are pending. In which damages are demanded aggregating \$75,000. The jury held that Dr. Ravold alone was responsible for the death of the child.

MONDAY, DECEMBER 8, 1902.

The Senatorial committee on county and municipal government should realize that they have a great deal of work to do if they properly carry out the work expected of them.

A reforestation program that will actually accomplish something toward preserving and renewing the forests of the islands justifies the hope that the years of talk have done some good after all.

Maui teachers are right in holding that politics should be kept out of the schools, but there is no reasonable danger that party politics will play a more important part under county government than at present. The politics of personal favoritism and consequent failure to recognize a teachers' ability is far more damaging to a public school system than the manipulation of so-called politicians.

It is understood that Superintendent of Public Works Cooper is soon to make a tour of the island districts to obtain a better understanding of what the people require from this important department. Citizens throughout the islands should begin making their plans for placing their local necessities before the executive departments as well as their legislative representatives.

Appointments to minor offices in the departments with newly installed chiefs may safely be left to the responsible hands who must have men at their command in whose ability and integrity full confidence can be placed. No clerk or assistant should be removed because of an outside prejudice that is purely factional and in a large degree personal. The Republican party has put itself on record for fair dealing and it must move to the people that in all its work it strives to follow the strict letter of public declarations. A scalp-hunting campaign based on personality will reap no good results.

Republican Senators are being congratulated for what they have done and in one instance are deserving of praise for what they didn't do. The proposal to put a stop to the removal of the reform school to the Kahuku district was not given the prominence of mention in committee report. Had the plan been carried out it would have been a decidedly unfortunate incident. If our Senators and Representatives were to take the trouble to investigate they will find that throughout the States, reformatories and similar institutions are always, when possible, removed from city centers. The small additional expense occasioned by distance is more than made up in the preferable surroundings for the inmates.

A prominent New York preacher said in his Thanksgiving sermon: "Editors, preachers, scholars, business men are all sighing over the trouble we have today. What we want is trouble, only we want the right kind of men to meet it. Let us be grateful for all this ceaseless agitation." His remarks had special reference to the labor problems of the hour, but his assertions apply to every phase of public life. A nation or community free from vigorous agitation of public questions goes to seed and is on the high road to failure. Ceaseless agitation is a necessary factor of progress. People have reason to be grateful for the trouble which discussions and differences create, but they must have men to meet the issues. The trouble, the agitation must be approached in a spirit of fairness with the determination that the rights of individuals shall be protected at all hazards.

There is a good deal that is sound in Senator Achi's objection to the present location of the fish market, but these objections ought not to be overcome at the expense of the long-waited for Aala park. With the amount of travel to the fishmarket it is a mystery why one of the street railway companies does not establish a service that will accommodate the hundreds of householders that have to visit the place each day. Hacks now made a large share of the income from this travel and the money comes from a class that can ill afford to spend as much for the trip to the market as they pay out for food purchases. If the Rapid Transit Company would extend its South street line to the waterfront, as was supposed to be the original intention, a large number of people would be properly accommodated and the expense of moving the market forestalled.

HILLO'S WATERFRONT.

Hilo people who are complaining of dull times in their city cannot find better use for spare moments than forwarding the plans for a city-front park advocated by the Hilo Tribune. There can be no better time than the present for carrying out this project or at least taking such steps as will assure eventual success. Hilo has been apologizing for or averting about its waterfront for a good many years. The scenic surroundings of Hilo, when approached from the sea, are very attractive, marred solely by the array of shacks which greet the traveler along the city waterfront.

No extensive argument is needed to convince Hilo or citizens of the Territory who have visited the city that a well-cared-for park area is more preferable and in the end will prove more profitable than the uses to which the city front is now being put. Municipal pride can find no better practical measure to work upon than Hilo finds in its waterfront, and the best time to start the ball rolling is when times are dull and business men are able and willing to give a share of their attention to public affairs. It is too often the case that during a period of prosperity, the people are so busy making money that they become indifferent to civic affairs which demand energetic promotion to be carried through successfully. Thus even dull times have their direct benefits, and the people can, if they will, find enough to do in completing what has been left undone during prosperous periods.

Hilo expects soon to be a municipality. There is every reason, however, why it should inaugurate its campaign for the long-talked-of city-front park before it takes its departure from the thralldom of centralization. With the co-operation of the executive departments and the Legislature it ought to be possible to give Hilo the property rights which the municipality will require and enable the prospective city fathers to act with a free hand. Proper preparation and presentation of facts before the Executive and Legislature should secure for Hilo what it wants in this direction. Little will be accomplished, however, unless the live people of Hilo make the first aggressive move. They have the energy and the ability. It remains for them to act.

M. P. ROBINSON TALKS

Maak P. Robinson, who has been so much in the public eye of late, was seen this forenoon with respect to his probable action in regard to the office of Secretary of the Territory, in place of Henry E. Cooper, resigned in order to accept the position of Superintendent of Public Works. Mr. Robinson said in answer to a series of questions:

"I was prevailed upon to take the position of Secretary of the Territory at a time when there was an emergency, and I accepted that place in preference to the Treasuryship because I found it would take much less of my time, which I can ill afford to spare from my private business. "That matter has been adjusted now in the acceptance of A. N. Kepoika of the position of Treasurer, and I have heard nothing more lately with respect to my appointment to the position of Secretary of the Territory. "As you know, Governor Dole has received the sanction of the President to the appointment of George R. Carter as Secretary of the Territory, and I do not see that the emergency exists any longer, but if it is pointed out to me that such does exist, I will take the position without murmur in order that things may run smoothly."

WAILUA NOTES

The cutting of cane for grinding at Wailua plantation will begin on Friday next and on the following Monday or Tuesday grinding will begin at the mill.

The people of the plantation are all looking forward anxiously to the building of the dam at the plantation. It is known that when this is once installed, the work of three of the pumping plants of the plantation now in use, will cease.

There has been a great deal of rain at Wailua and the weather has been extremely cold. The storm that has prevailed here seems to have been general all over the island of Oahu.

It will be remembered that a short time ago there was a great boom in baseball at the plantation, and there was keen rivalry between the plantation team and another from among the Wailua players outside of the plantation. The bottom has fallen out of the boom and now there are no sports of any kind to be had.

"MUSICAL BURGLAR" DEAD.

Charles R. Sweet, the "Musical Burglar" whose very clever act, presented to Honolulu audiences at the Opera House and Orpheum during the visit of the first company of World's Entertainers here, gave Honolulu people so much pleasure, died recently at Cape Town, South Africa. Mr. Sweet was a very prominent Elk and the letter conveying the news of his death was received by a member of the local lodge in the last steamer.

The Kilohana Art League entertainment in the Opera House on the night of December 30 is to be a great event. Besides the Sextet from Florodora, it has been decided to present "In Honor Bound" and "My Turn Next," two little sketches that never fail to please wherever presented.

MAUI TEACHERS THINK

THAT POLITICS SHOULD
NOT ENTER IN SCHOOLS

ANNUAL SESSION AT WAILUKU
WAS SUCCESSFUL AFFAIR.
INSTRUCTIVE PAPERS.

Punahoa, Maui, Dec. 6.—The Maui Teachers' Association convened in annual session December 1 in the Wailuku school building with a fair proportion of teachers in attendance. Quite a number assembled before the meeting opened and spent the time renewing old acquaintances. The meeting was called to order by the president, Mr. Baldwin. The first number on the program was music. Mrs. Rose very effectively rendered an instrumental solo, which pleased all and received much applause.

In response to the roll call the members gave quotations from favorite authors. Some of the quotations were rather amusing, but the most of them contained much practical advice, especially to teachers. One thought which is often forgotten was impressively brought out in the following: "To fix a good or evil cause. Example is of vital force; And they who wish the young to teach Must ever practice what they preach."

President Baldwin did not think it necessary to give a formal address, but did think the other part of the program would be more appreciated. There were those present who thought otherwise and were disappointed not to hear him.

"Race Characteristics," by Mr. Crook of Pala, gave evidence of close observation and careful preparation. He gave the principal characteristics found in the Hawaiian, Portuguese, American, Chinese and Japanese pupils in a very plain, clear manner. While the writer does not wholly agree with all the statements made especially in regard to the Hawaiians, we do feel that we are much benefited in that the paper has made us think along new lines. Mr. King's non-appearance, and failure to send his paper was quite a disappointment to those who are interested in "County Government and Our Schools." It is hoped that the teachers may yet have the pleasure of hearing Mr. King on this subject.

At this point Mr. Hardy presented a resolution, to be sent to the Legislature, setting forth the satisfaction of the teachers with the present school system and their objection to having school affairs mixed with politics, and urging that under the county government as under the present, that all school officials and teachers be selected because of ability to fill these positions and not from political preference. At the afternoon session this resolution was passed.

The "Practical Teaching of English" as presented by Mr. Reavis of Lahaina, made his hearers feel that they would like to renew the study of English with Mr. Reavis as instructor. His paper was a masterly production, yet so simple that a child might understand. Nothing was omitted that would help impress the lessons given. His pamphlet, "Language Work," which he distributed gratuitously, and to which he often referred, contains an outline of his most excellent paper and many useful hints to teachers. It will be mailed to teachers on application.

The teachers were next favored with a duet by Messrs. Kaulimahu and Kaleikina. The sweet songs as sung by the Hawaiians, always please.

Dr. McConkey was unexpectedly prevented from being present. This was cause for regret, as the doctor is thoroughly conversant with the subject of physiology and would no doubt have given many valuable hints on the proper care of the body. A motion was made and carried that Dr. McConkey be requested to write a short paper, "What To Do in Cases of Emergencies," this to be published and distributed among the teachers. Mrs. Fannie Simpson of Pala sent some notes on "How to Teach Physiology and Hygiene." These notes were read by Mr. Hardy and will be of practical help by greatly simplifying this line of work.

Too much can not be said in praise of Mrs. Simpson and her interest in teachers. She comes under the head of teachers who are born and not made. Though physically unable to mingle freely with those of her chosen profession, she keeps in close touch with their work and unstintingly does much to add to their success.

"Correct Beginnings in Fractions" was ably presented by Mrs. Austin of Wailuku. From the skillful manner in which the paper was prepared, it must be a pleasure to study fractions under Mrs. Austin.

Mr. Coke thought Mr. Reavis had said all that was necessary on language and that it was needless to read his paper on "Technical English." He changed his mind later and gave his hearers the opportunity of adding many more good suggestions to their note books. "The Essentials of Manual Training" was the last on the program of the morning session. Mr. Carleton did full justice to the subject.

The afternoon session was opened with a trio by Messrs. Kaulimahu, Kaleikina and Kimotohakewa. It received much applause.

Next was election of officers as follows: Mr. Copeland, president; Mr. Carleton, vice president; Mrs. McKay, secretary. This was followed by lively discussions on "Beautifying Schools and Grounds" and "The Practical in Nature Work."

The meeting closed with the song, "The Star Spangled Banner."

Nodd—How did you manage to keep that burglar in the dining room until the police came? Todd—Easy enough. I told him I could beat him at ping-pong.—Life.

A STRANGE CANINE

CAUSED A BIG ROW

If Minami, a Japanese living in Camp No. 2 on Vineyard street, had not fooled with strange dogs he would be better off today than he is at present. Yesterday afternoon a strange dog went to Minami's room. The Japanese played with it a little while and finally threw it out on the grass outside his room. This was seen by the dog's owner, a Porto Rican, and he immediately went up to the Japanese and asked him what he meant by acting in that way. Hot words were next in order and finally the Porto Rican gave the Japanese a blow under the jaw and choked him until he lost consciousness and fell to the ground.

The wife of the Japanese further states that the Porto Rican drew a knife but was prevented from using it. The police were notified of the happening and Lieutenant Spencer went to the scene. He found the Japanese under the care of Dr. Kakaki. The unfortunate man was in a very bad way. He was still unable to speak of the affair and his fingers were twisted nervously together. He is better today.

No arrest was made as the Porto Rican is well known to the police and can be found at any moment. He was told to come to the police station this morning and obeyed the command.

The brother of the Japanese came to the police station this morning and swore to a warrant for the arrest of the Porto Rican this forenoon. The arrest will be made during the day.

MADAME TREBELL COMING.

Madame Trebelli Dolores, the great singer, will be here in January and will give a number of concerts under the direction of W. D. Adams. Madame Trebelli was to have come here this month but owing to the great success with which she is meeting in Australia, she has postponed her visit here for about a month. The singer is expected here by the steamer of January 12.

TALK ON MOSQUITOES.

The teachers' meeting at the Union school last Tuesday night attracted the biggest turnout of spectators that has attended these meetings this year. The program was of exceptional merit and interest, says the Hilo Tribune of Dec. 5.

The local and foreign current events were treated by Miss Ellen Lyman and Mr. Severance.

Prof. Henshaw gave a scientific lecture on the mosquito which abounded with practical ideas. He stated that Hawaii had nothing to fear from the malaria carrying mosquito as that species is not to be found here. He warned people to look out for the day mosquito, which is a disseminator of yellow fever when that contagion breaks out. Until the Panama canal is open, residents of Hawaii need have no fear but the professor suggested that a campaign of extermination of the day mosquito could be commenced now with profit.

The most interesting paper of the evening was read by Carl S. Smith on Emerson, dealing particularly with his essays. Emerson was compared with McCauley and copious quotations taken from both writers.

The next meeting will be held Tuesday evening, December 6.

Removal Sale

Mrs. Cressman of the Wonder Millinery Parlors, now on Beretania street, wishes to announce that she has secured a store now being built on Fort street and will locate there as soon as finished and in order to reduce the very large stock of trimmed hats now on hand, will sell for the next two weeks at a very low figure. All wishing fine millinery at low prices should not miss this opportunity. Remember the place, 248 Beretania street.

THEY LEARNED POLO.

Hilo, Dec. 5.—Oahu won the championship in the polo tournament at Honolulu. Her team came out victorious after the hardest kind of battling with ponies and men from Kauai, Maui and Hawaii.

The Hilo team and ponies came home Wednesday on the Kinohiwa feeling and looking well. Captain Prouty said, "There is not much to tell. We had one of the best times imaginable and learned a whole lot about polo."

ATTORNEY DAVIS OUTLINES NOBREGO DIVORCE CASE

IT WAS ORIGINALLY PAUL NEUMANN'S CASE—ITS COURSE THROUGH COURTS IN DETAIL.

Editor Evening Bulletin:—Will you please allow me space in your newspaper to answer the attacks made up on me by the Star and Advertiser in the case of Nobrega vs. Nobrega, a suit for divorce.

The late Honorable Paul Neumann instituted these proceedings and a demurrer was interposed to the libel by John M. Long, then counsel for the libellee. Mr. Neumann, whose health was failing, requested me to take the case. The demurrer was, after argument, overruled, and on the 15th of July, A. D. 1901, my active connection with the case began. I received no money from the libellant and I entered into the following agreement:

I, Libano de Nobrega, do hereby agree to pay Geo. A. Davis, my attorney, for value received, the sum of \$500 in addition to the fees allowed him by the court in the said suit for divorce, provided that the decree of the court allows no more than \$4,000 as my share of the libellee's real property, and I do hereby further agree to allow the said Geo. A. Davis one-half of all money in excess of \$4,000 decreed and allowed me in this suit, for his services.

Dated this 15th day of July, A. D. 1901. LIBANO DE NOBREGA. (Seal) Her mark.

Signed and sealed in the presence of, translated into Portuguese by me and signed by her.

(Sig.) P. J. TRAVENS. An application for temporary alimony was made and this libellant received the sum of \$15 per week from the time of the order down to and until the decision of the Supreme Court. She got every cent of the money and the receipts are in my possession. The suit was tried and bitterly contested. The result was that a decision was filed and the libellant was awarded one-half the libellee's property and \$15 a week alimony, and a counsel fee of \$300 from this decision, and the decree the libellee excepted and retained. Mr. now Judge, De Bolt. The case went to the Supreme Court. I followed it closely. The decree was reversed and the case remanded to the Circuit Judge to enter a decree in accordance with the decision which sustained my contention, that alimony in gross or a lump sum could be awarded. Another hearing was had in the Circuit Court. Another decree was entered, allowing the libellant \$10,000 permanent alimony. The zealous and able counsel for the libellee again took the case to the Supreme Court on exceptions.

and the court decided, the Honorable A. Perry dissenting, that alimony in gross was and is allowable under the statute of this Territory, but directed the Circuit Judge to reduce the amount to \$5,000. Another decree was prepared, and on the 30th day of April, A. D. 1902, a settlement was arrived at under instructions, by which I accepted through Judge De Bolt, a note for \$5,000, secured by a mortgage on the libellee's homestead, which note is not due and payable until the 30th day of April, A. D. 1903. So I have waited for my fee. I am still waiting and so is the widow of the late Hon. Paul Neumann waiting for the one equal half of this one thousand dollars which I agreed to pay her by and with the full and free consent of Mrs. de Nobrega. I paid on the 1st of October, A. D. 1901, into the First National Bank one equal half of the fee collected from the libellee Sylvano de Nobrega, less the expenses of appeal to the credit of Mrs. Paul Neumann, in accordance with the terms of my agreement.

I owe the Hawaiian Abstract and Title Company \$50 for searching and providing me with an abstract of the libellee's property which I had to use in the trial. I had to secure expert testimony as to values. I spent one whole week in the preparation of this suit for trial. I answered two long arguments in the Circuit and Supreme Courts. I answered successfully two long and able briefs filed in the Supreme Court. I paid out cash for copywriting and other necessary expenses. The case will net me about \$500 if I get the money on the 30th day of April, A. D. 1903, and I am trying to keep it intact so as to pay the Judd Building Company my heavy rent, which is the interest upon \$11,000 at 5 per cent.

Mrs. Nobrega has now \$4,000 worth of property besides this note and mortgage. If I have not earned \$500 in this suit then I had better close my office. I am entitled to be paid for my services. I rendered them in good faith and what all this fuss is about I fail to understand. A professional man has to work hard for years without reward, and in my career I can recall many instances of services rendered gratuitously; yes, I can recall hundreds of such instances, and the last one was for the court in re Walter G. Smith, for contempt of court.

This letter contains the facts, and Judge De Bolt in conversation said: "Davis, you earned your money, and more; pay no attention to them." I leave my conduct in this case to be judged by the public of this Territory. I represented the fee agreed to be paid in the Supreme Court, and I am going to try hard to get it.

CONTEMPT CASE

Margarita de Jesus Tenas Lyon has brought a libel for divorce against Fred Mack Lyon. She alleges that he deserted her seven years ago and has for over six years been absent from the Territory of Hawaii, with the exception of a few days in the early part of this year, when he came to Honolulu temporarily on a man-of-war on his way to California. The parties were married in Honolulu on September 5, 1893, by Rev. E. G. Beckwith. Judge Robinson delivered rulings orally in the contempt case arising out of the Silva divorce. Formal judgment was deferred until Wednesday on account of the absence of the respondent under a doctor's certificate. M. G. Silva was ordered, in a decree of divorce, to pay to his wife an attorney's fee of \$250 and \$50 a month as alimony. This was seven months ago and he has paid nothing on either account. His attorneys were informed this morning that all of their contentions were overruled. They had argued that a decree in divorce was of the nature of a judgment and that the proper recourse of libellant was an execution instead of a citation for contempt. Also they had claimed that the libellee must have judgment. On this point Judge Robinson served with a certified copy of the judgment. Upon this point Judge Robinson held that the libellee having been present in court when judgment was rendered had thereby been sufficient notice. He must come into court on Wednesday and show cause why he should not be punished for contempt. Gill & Farley represent the libellant, and Creighton & Correa the libellee.

RECEPTION TO MISS COMAN.

The Wellesley girls of the city gave a splendid reception to Miss Catherine Coman, professor of economics at the institution mentioned, at the home of Mrs. J. A. Hopper Saturday evening. The decorations were of particularly good taste and were arranged by A. R. Gurrey Jr. The guests were received at the lanai door by W. R. Hopper, Wells Peterson and Willard Brown and were ushered to the retiring rooms by Mrs. James Hopper, Mrs. Peterson and Mrs. Brown. The guests then passed on to the Wellesley group consisting of Mrs. Mabel Wing Castle, Miss Hopper, Miss Coman, Mrs. W. F. Frear, Miss Myra Jacobson and Miss C. M. Pierce. The college yell was given. The Kamehameha Glee Club sang several times during the reception.

TAX LAWS WILL OCCUPY DISCUSSION

(Continued from Page 1.)

Senator Achi contemplated introducing something of the kind at the special session just ended but that he was convinced of the fact that the matter would not have any force unless it was acted on by both houses in regular session.

If a measure of the kind is brought up, the vote will be unanimous, as the Home Rulers are just as anxious as the Republicans to see such a measure adopted.

One of the most prominent of the Republican Senators said to a Bulletin reporter this forenoon: "I think it is reasonably sure that there will be light wine and beer licenses here again. This impression seems to prevail."

It is a well known fact that there will be presented for the consideration of the Legislature a bill providing for an exclusive electric light franchise but the outcome of such a measure would be very uncertain indeed. This matter is being quite freely discussed on the streets and there are Republican members of the lower house who do not for one moment hesitate to say that they will back anything of the kind. There are also some of the head men of the party who favor the control of the electric lighting of the city by the government. It is contended that the government could by the expenditure of a very little money build up a system here by means of which water power could be secured to run not only the electric lighting plant but the trolley system and the big factories of the city.

A telephone franchise bill will also be brought up for the consideration of the Legislature. Indeed, there may be more than one.

The completion of the sewer is one of the most important items in the appropriation bill that the Legislature will have to deal with and there seems to be no question whatever that the money required will be forthcoming.

These are just a few of the matters to be brought up. When the Republican Senators and Representatives come together here in the latter part of January they will find that the executive committee has not been asleep and that it will be prepared with some important matters to be placed before the Legislature. The pulse is being carefully felt now.

The matter of appointments to the minor offices under the various department heads will very likely come up before the executive committee of the Republican party at its meeting this afternoon.

SAILOR AND A KNIFE

R. Fernandez, a Colombian sailor from the Italian ship Wallacetown, appeared in the Police Court this morning charged with carrying a deadly weapon. A large sheath knife of the kind that sailors usually wear was produced as evidence against him.

Yesterday afternoon Fernandez and some other sailors were enjoying a spree in the room of a native living in the top story of a tenement house at the corner of Queen and Richards street. The spree ended in a fight, during which Fernandez drew his knife but was prevented by those present from doing any damage with it. The police were summoned and Fernandez was arrested.

Judge Wilcox stated that it was his intention to have Fernandez kept at a place where he could do no harm until his ship left. The case was consequently continued until it could be ascertained when the Wallacetown was to leave this port.

"When I come home, mamma," wrote Willie, who was spending the summer in the country: "I want to be confirmed and then I want to go to dancing school."

"Going to drive his religion and his worldliness tandem, is he," commented the boy's father.—Chicago Tribune.
