

Yesterday morning the search party from the 75th Company, exhausted and disheartened, gave up the search. This morning Walter Macfarlane, and his sister, Miss Lady Macfarlane, who have been watching the attempts to rescue with unusual sympathy and interest, owing to the fact that it was the former who discovered Fisher's body, and the latter who reported signals from the cliff-side, came to department headquarters, and urged

## MATSON STRIKE WAS BLESSING IN DISGUISE

When two-score waiters identified the stewards department in the new Matson liner Matsonia, threw off their immaculate white coats, gathered up their personal effects and prepared to leave the palatial ocean-greyhound at San Francisco, within a half-hour of the sailing for Honolulu, the incident proved a blessing in disguise as far as Mrs. Thomas W. Kennedy, the bride of a central California millionaire cattle king was concerned.

Chief Steward Joe Farrell is said to have cast much persuasion about the troubled glory-hole in the Matsonia before the dissatisfied men decided to resume their duties on board the vessel. However, the story runs, that the Matsonia was delayed for about 30 minutes and that brief space of time gave Mrs. Kennedy and her companion, Miss Alys Summerhayes, ample opportunity to complete preliminaries for a voyage to the Paradise of the Pacific.

The Matsonia was to have left at noon, but up to this time Mrs. Kennedy had failed to make final arrangements with her old schoolmate and friend. When it was announced that that Matsonia would be half an hour late in clearing the pier because of a stewards' strike, Mrs. Kennedy rushed to a wharf telephone and begged her friend to join her on the "hump to the islands."

"You bet I will," said Miss Summerhayes. "Well, hurry up; you've got just half an hour to put your hat on and get down here," cautioned the bride. "Don't forget your gloves."

A speedy limousine dash to the waterfront followed, but even then Miss Summerhayes would not have made connections with the steamer had not Captain William Matson, president of the company, who was at the pier, gallantly ordered the liner held a few minutes longer.

The arrival of Miss Summerhayes was greeted with cheers by the passengers and the two girls chums made a radiant picture at the rail as the steamer drew out of the slip and headed for sea.

Kestrel Soon Away for Fanning. To take a quantity of provisions and building material for Fanning and Washington Islands, the British steamer Kestrel, Captain Tindell, master, is expected to sail from Honolulu about April 25. The vessel will call at the South Sea Islands in order that R. M. Pitt, general manager for the British syndicate who operates the copra estates may return to Honolulu.

## FIVE PLATES DAMAGED IN WILHELMINA

A gaping hole, large enough to admit the body of a full-grown man, is declared to have been pierced in the starboard side of the keel shaft of midships in the Matson Navigation liner Wilhelmina as a result of that vessel going ashore off the south Farallones on March 31. Is the report brought to Honolulu with the arrival of officers in the Pacific Mail liner Korea from the coast this morning.

The greatest air of secrecy is said to have been maintained regarding the incident. It was only following the survey of the Wilhelmina made at the Hunters Point drydock, at a time when a large part of the cargo had been removed, that the extent of the damage to the bottom of the vessel was revealed. Before leaving the dock, a large force of workmen was employed in the removal of five plates. New material was substituted, the work going on day and night in the endeavor to dispatch the vessel for Honolulu without unnecessary delay.

The statement was made today that the inner shell was not affected through the contact.

The Wilhelmina is said to have been steaming about 15 knots an hour when it struck the reef.

That the drydock employees hastened the work of repairs was readily demonstrated by the dispatch of the Wilhelmina in command of Captain Peter Johnson at noon yesterday, the vessel bearing one of the largest outward cargoes carried in many months.

Just what disposition will be made in the case of Captain M. A. Madsen, who was making his first trip as master in the Wilhelmina at the time of the accident, is yet a matter of conjecture. It is generally conceded that the popular skipper has been retired, but to what length of time, it has not been stated.

Captain Madsen received a glowing testimonial from the large list of passengers on the eve of the disaster as the travelers gathered in the dining saloon of the liner. The apartment had been transformed into a gala scene with confetti and various colored streamers. Upon this occasion Brigadier-General Macomb made a speech eulogizing the skipper, in which incidents connected with the life-long career of the navigator were glowingly set forth.

It was learned with considerable surprise today that prior to the accident that befel the Wilhelmina, Captain Peter Johnson had been slated to take the command of the steamer Hilonian, one of the smaller vessels in

## PETROCELLI TO JOIN RANKS OF THE BENEDICTS

George J. Petrocelli, an exceedingly popular steamship official making this port now purser in the Pacific Mail liner Korea, with the arrival of that vessel from San Francisco today made known to his host of friends that he soon contemplated joining the ranks of the benedicts, it being his intention within the next six weeks to lead Miss Ruby Leshner, daughter of a prominent and wealthy family of Mexico to the altar, following the return of the Korea to San Francisco.

Miss Leshner and her mother, Mrs. H. Leshner, are through passengers in the liner, it being their intention to make a round trip to the Orient. The pleasing announcement made by Petrocelli this morning carries with it a story of a pretty romance which had its inception on the Pacific at a time when Miss Leshner was a passenger on a steamer traveling from the Mexican coast to San Francisco. Prior to his promotion to the Korea, Petrocelli was an official in the Pacific Mail Panama service. Miss Leshner is interested in large coffee and rubber estates in Southern Mexico, and has made a number of trips to the Golden Gate, it falling to her good fortune to be a passenger in the steamer in which Petrocelli served in the capacity of purser. The young people were this morning showered with hearty congratulations from their Honolulu friends.

Repairs to the machinery in the Korea are said to have been responsible for the delay of two days in clearing the California port. The Korea engines were in need of attention at the hands of machinists and a new cylinder was installed while the vessel remained at the coast.

The voyage from San Francisco proved a pleasant one, wind and sea combining to promote a delightful program of out-door sports and entertainment. Several dances were given on the moonlit decks.

The Korea brought 70 cabin and 15 second-class passengers for Honolulu. The through list for Japan and China include 30 cabin, 10 second-class and 205 Asiatic steerage passengers. Before sailing for the Orient at 5 o'clock this afternoon the Korea will be discharged of 343 tons of cargo and will be supplied with 800 tons of coal. Mail to the amount of 246 sacks arrived in this vessel. The Korea will cut out a call at Manila on this voyage.

The Pacific triangular service, with the removal of Captain Madsen, Johnson was then ordered to take the Wilhelmina, his former command, the appointment to continue for an indefinite period.

## POLICE SIFTINGS

S. Sumada was taken to the hospital today suffering from a cut on the head following a fall from a wagon while proceeding near the corner of Aloha lane and King street. The man stated that the horse became frightened at a passing rapid transit car.

Tom Naga, a Japanese, accused of having taken part in the murder of one of his countrymen named Koochi, which occurred at Kahala recently, following a gambling-table row was committed to prison this morning. Harry Lake, the detective of the city and county attorney's office, located the man Naga, and also Akase, who represents he was an eye witness to the murder. Harada was arrested after the affair, and he is now held charged with murder in the first degree, Naga as his accomplice.

The badly decomposed remains of a Hawaiian apparently about thirty years of age, were found floating in the harbor near the mauka end of Pier 12 this morning. A stevedore named Kean employed on an Inter-Island steamer, making the discovery which took Coroner Rose and police officers to the scene. The remains have not been identified up to an early hour this afternoon. Dr. N. B. Emerson, police surgeon, stated that in his opinion the body had been in the water for the past five days. Portions of the head had been eaten away and the face bore many marks and abrasions, though the police are inclined to the theory that the man while intoxicated fell from a wharf into the water. An attempt to establish the identity of the man with the disappearance of Makao, a former sailor in the steamer Maui, met with failure today, it being stated that Makao had been reported on the island of Hawaii. Coroner Rose will hold an inquest tomorrow afternoon.

Ventura Bringing Island Visitors.

In sailing from San Francisco for Honolulu, Pago Pago and Sydney, N. S. W., with a large list of passengers, 22 travelers are to leave the vessel at the Paradise of the Pacific, according to the text of a late telegram received at the agency of C. Brewer & Company. Four steerage passengers are numbered with the Honolulu contingent. The Ventura was 1279 miles off the port at 8 o'clock last night, and the prediction was made that the liner would come to a berth at Pier 10 shortly after 7 o'clock Monday morning. It is the present intention to dispatch the vessel for the South Seas at 3 o'clock and a mail amounting to 260 sacks will be brought to the port. Ten tons of express matter for the islands are on board this ves-

## LOCAL AND GENERAL

The members of Honolulu Lodge No. 616, B. P. O. E., will meet in the rooms of the organization, King street, at 7:30 o'clock this evening.

There will be work in the first degree at a special meeting of the members of Oceanic Lodge No. 371, F. & A. M., at 7:30 o'clock this evening.

Though a meeting of the territorial board of health was called for yesterday afternoon it was not held, and probably will not be held until early next week.

A rehearsal of "Down in Dixie" has been called for 7:15 o'clock this evening in the Kilohana building, Miller and Beretania streets. All members of the cast are requested to be present.

All those desiring to make memorials of flowers for the Easter decoration of St. Andrew's Cathedral are requested to communicate with Miss Wilhelmina Tenney, chairman of the decoration committee.

Reserved seats for "Down in Dixie," the Civil War drama to be given by Company D of the national guard in the new armory on the evenings of April 15 and 18, may be secured at the Promotion Committee, Bishop street.

About a dozen passengers have been booked for Australia in the Ventura.

That the Matson Navigation chartered steamer Honolulu will continue to receive liberal patronage in the shipment of freight from the Sound to the Hawaiian islands, is the prediction confidently voiced at Seattle and Tacoma. It is stated there that in the event of the Honolulu continuing on the triangular run, the vessel will receive a large share of the business. Representatives of the company report many inquiries throughout the Northwest concerning passenger facilities possessed by the Honolulu. The rate now offered is declared much less than that in effect from the Northwest to San Francisco and thence by steamer to Honolulu. Several thousand tons of general cargo are now reported to be awaiting shipment to the islands from Seattle, Tacoma and Portland. The Honolulu is a fine craft of 13,000 tons displacement, 7000 gross and 4421 net tons burden, 435 feet long and 51 feet beam. She has fine accommodations for a limited number of cabin passengers and will undoubtedly be popular on the new route she is to serve.

Barkentine Griffiths Off Drydock.

The barkentine J. M. Griffiths, now discharged of a shipment of lumber has left the Inter-Island drydock and has been made ready for sea. The vessel received a cleaning and repainting. The Griffiths is to sail for San Francisco in ballast today. The vessel arrived here on March 25th with cargo from California.

## CHAUFFEURS ONCE MORE CAUGHT AT 7-11 GAME

The jangle of coin with the suppressed sound of many voices is said to have fallen upon the waiting ear of Captain of Detectives Arthur McDuffie last night as he approached a residence on Alexander street, and when the officer stepped across the threshold, he was greeted by a surprised delegation of citizen who when the roll was called responded to the names of F. Lewis, H. Love, M. Freitas, J. Cunningham, J. Baker, Jack Johnson and H. Bowler.

McDuffie states that he caught the men red-handed in a stirring game of 7-11, a pastime in which it is alleged that money can be lost or won.

The party was persuaded to accompany the officers to the central police station. Several machines had been parked in the vicinity and these were used in transporting the delegation to town. At headquarters after much telephoning, a "good angel" was summoned who produced bail to the amount of \$10 in each instance. District Magistrate Monsarrat will pass upon the guilt or innocence of the defendants at tomorrow morning's session of the lower court.

## VESSELS TO AND FROM THE ISLANDS

[Special Cable to Merchants' Exchange]

Friday, April 10.  
SAN FRANCISCO — Arrived, April 10, 5:30 a. m., S.S. Sierra, hence April 4.

YOKOHAMA — Arrived, April 8, S.S. Persia, hence March 27.

SEATTLE — Sailed, April 9, S.S. Hilonian, for Honolulu.

Aerograms.  
S.S. VENTURA — Arrives from San Francisco Monday 6:30 a. m., and proceeds to Sydney, 3 p. m., same day; passengers for Honolulu, 22 cabin and 4 steerage, 260 bags mail; 325 tons cargo; 10 tons express matter.

S.S. KOREA sails for Yokohama at 5 p. m. today.

## SEARCH PARTIES RENEW EFFORTS TO FIND SOLDIER

(Continued from page one)

that a further search be made. Miss Macfarlane told the army authorities that the searchers had not been working on the mountain spur on which she had reason to believe that Parker, if alive, was imprisoned. For several days the Macfarlane household has been watching the efforts of the rescue party through field glasses, and knowledge of the country leads them to believe that there is still a chance of rescue. An instance is cited in which a man was lost for 12 days, and still lives to tell the tale.

Now two separate parties are to attempt a rescue. Lieutenant Cary I. Crockett, aide to General Edwards, and himself an experienced scout, will command one detachment, which will be fully equipped with ropes and mountaineering equipment, and which will include enough men of the signal corps to maintain communication between the workers on the summit and the base of the mountain. Another party will start from Fort Shafter, under the leadership of Lieutenant T. J. Camp, who knows the mountains of Oahu like a book.

A systematic search will be made, and in order to get every scrap of helpful information available, a conference will be held at department headquarters this afternoon, and a definite plan laid out. The searchers will probably start at daybreak tomorrow.

Sparks from the Wireless.  
The following wireless message has been received by the agents, from the Oceanic S. S. Co.'s steamer Ventura, bound from San Francisco for Honolulu:

8 p. m., April 9, 1914.  
1279 miles from port, 32 cabin passengers, 4 steerage passengers, 260 sacks mail, 325 tons general cargo, 10 tons express matter.

Will arrive off port at 6:30 a. m. Monday morning, April 13, and depart for Sydney, N. S. W., via Pago Pago, Samoa, at 3 p. m. of the same day.

The New Jersey pavilion at the Panama-Pacific International Exposition at San Francisco will be in the shape of a letter "H," with a frontage of 215 feet and a width of 197 feet. The southern court will be decorated with a flower garden and a liberty pole. In the northern court will be a relief map, illustrating the canal system of New Jersey.

The parapet will serve the double purpose of a bulkhead and a decorative feature. It will be 3,000 feet long and 3 feet high, and will be ornamented with pedestals and brilliantly illuminated. The timbers of the structure, which will cost \$60,000, will be made to resemble Travertine marble.

"It's never too late to mend" is the motto of the divorce lawyer.

## Personal Mention

OTIS A. POOLE, a tea buyer from Chicago, is a through passenger in the Korea for Japanese ports.

E. J. WATERMAN is back from the coast where he was called on a business mission. He returned in the Korea this morning.

MRS. CHARLES DUSENBERG was enrolled as a passenger to Honolulu in the Pacific Mail liner Korea that arrived at the port this morning.

T. A. O'BRIEN has returned from a business mission, that called him to the Pacific coast. He was a passenger in the Pacific Mail liner Korea.

JOHN E. ROBERTS, Mrs. Roberts and son returned to Honolulu in the Korea this morning after having spent some months along the Pacific coast.

G. S. BEEBE, a well-known tea buyer, is making his periodical trip to Japan in the interests of a New York importing firm. He is a through passenger in the Korea.

WILLIAM G. HALL, a dealer in sugar machinery at Honolulu, arrived in San Francisco yesterday and is registered at the Stewart Hotel, says the San Francisco Examiner of April 1.

MRS. CHARLES DUSENBERG of San Francisco arrived on the Korea this morning and will make her home with her son, E. G. Dusenberg, at the Pleasanton. It has been eight years since she has been in the islands.

T. C. DAVIES, who has been absent from the islands for the past six months, in which time he visited Great Britain, returned to Honolulu this morning as a passenger in the Pacific Mail liner Korea, accompanied by his valet.

L. M. BROWN, assistant general passenger agent of the Denver & Rio Grande Railroad Company, has notified the Promotion Committee that, in company with his wife and two children, he will spend the summer in Honolulu.

GEORGE RAYMOND, territorial inspector of schools, will leave Honolulu Wednesday for a trip to Maui, where he will be absent until May 1. Mr. Raymond will inspect the schools of west Maui and, upon the completion of that work, will go to Hana.

C. G. HEISER, JR., a local broker, and identified with the progressive party in the Hawaiian islands, is back from a business and pleasure trip to the mainland. Mr. Heiser spent some time on the east coast. He was a returning passenger in the Korea this morning.

W. B. THOMAS and wife and William Thomas of Honolulu are guests at the Pioneer hotel for a few days while they are here looking over the country, says the Porterville (Cal.) Recorder of March 28. The Messrs. Thomas are proprietors of the Thomas Pineapple Company of Honolulu.

WILLIAM WOLTERS arrived home this morning by the Korea, after some 18 months spent abroad, most of which were in Germany. Mr. Wolters has been in bad health, and was under treatment in a sanatorium for some time. He states that he is much better, and that his condition has improved very materially since starting home.

### The Exact Locality.

"I suppose you live in apprehensive trepidation, don't you?"  
"No, sir; I live in the suburbs."

The gate keepers of the Panama-Pacific International Exposition are in a quandary over the possibility of an aerial turnstile. Aviators flying across San Francisco bay enter the grounds at will.

## MRS. A. McDONALD RESENTS ACTIONS OF SHERIFF ROSE

Mrs. Angus McDonald, defiant and wrathful, denied admission to the residence occupied by her on Bereania street near Pili street, held the fort and stood guard over two express wagons filled with household effects to-day, declaring in no uncertain terms that the goods and chattels would not be permitted to leave the locality, despite the persuasive efforts of Deputy Sheriff Charles Rose, who sought to have Mrs. McDonald, the wife of a former Honolulu contractor, submit passively to the enforcement of ejectment proceedings instituted against her in behalf of alleged creditors.

The matter of gaining possession of the McDonald home has proved a serious obstacle to the happiness and tranquility of peace officers for the past six months. Repeated attempts to visit the place by officials always met with a determined resistance upon the part of Mrs. McDonald.

Deputy Sheriff Rose sauntered along the downtown congested arteries of commerce yesterday afternoon and could hardly believe his eyes when he noted Mrs. McDonald entering a dress goods emporium.

Rose hastened next door, grabbed a telephone and ordered the fastest auto in the police department fleet to pick him up and take him on his mission of invasion.

When the deputy accompanied by several officers reached the McDonald citadel they found the establishment in charge of a Filipino yard boy.

A train of trucks followed the Rose expedition, and upon these wagons were hastily placed much of the household impediments that one adorned the premises of the erstwhile contractor.

The deputy summoned High Sheriff William Henry, who, in the capacity of acting trustee in bankruptcy, was given possession of the premises, and now holds forth there, three shifts of guards to serve in eight-hour watches patrolling the establishment and defying all attempts to invade the premises.

Mrs. McDonald, equally obdurate, defied the drivers of the trucks to leave the locality, expressing herself in a very decided manner like that of a well-known Civil War general, that she would stay with the situation if it took all summer to complete the campaign.

## HIDALGO 'HUI' TO HEAR REORGANIZATION PLANS

(Continued from page one)

suits of his investigations prior to submitting his formal report, or to indicate what recommendations he may have to offer.

"But I got what I want after," he declared. "I have been traveling almost constantly since I left Honolulu on January 23rd, and am certainly glad to get back."

The original planting of rubber was begun in 1899 by the Zucualpa No. 1 Company, the Hidalgo Company being formed in 1904. The plantations now have 18,000 acres planted to rubber and 6000 acres in coffee. While there has been production from these big areas, the indications are that there has been gross mismanagement and a generally bad tangle of the business, physically and financially.

"My report will probably be presented in a few days," said Mr. Heiser as the Korea came to dock this morning. "It will be voluminous, but I think will make clear the exact situation of the Hidalgo Company's property. I was sent by local shareholders to get a line on the matter, and I have done so."

## MERCHANTS AGREE THAT NAME OF GREATER BODY WILL NOT HINDER WORK

Following a prolonged discussion, during which strong arguments were launched for both the affirmative and the negative, the Merchants' Association yesterday afternoon voted that, in the opinion of the very narrow majority favoring the resolution, it was immaterial whether the name of the organization which will be formed by the consolidation of the Chamber of Commerce and the Merchants' Association, shows that the greater body has been formed by a merger of two other bodies.

A resolution to the effect that the name was immaterial was introduced by Albert Waterhouse, which was passed by a narrow majority, reconsidered and finally passed again, in spite of strong opposition. Among other items of business the committee on public affairs was authorized to forward to the secretary of the navy a request that one or more war vessels be stationed in Hawaii, either at Honolulu or Pearl Harbor.

V. MARONI, traveling steward in the Pacific Mail service, and the official responsible for the high standard maintained in the cuisine found on board vessels in the transpacific fleet, was an arrival at Honolulu in the Korea. He will remain in this city awaiting the sailing of the Siberia for the Far East.

In Berlin the exhibition at the door of a butcher shop of a chair partly draped with a clean apron indicates that fresh sausages are on sale.

"I forgot to sign my examination paper with the statement that I neither gave nor received help," said the Yale student to the professor in mathematics. "Not necessary," answered the professor. "I have just been looking over your paper." Philadelphia Ledger.

## RESEARCH CLUB LAYS PLANS FOR CLEANER CITY

When the work outlined by the Municipal Research Club, and discussed at its meeting last night, is completed, Honolulu will be known as a city of many splendid boulevards and parks, and places of recreation. When the club is successful in carrying out its projects, there will be no private, ly owned dance spots. There will be a new system for the collection and disposition of garbage.

At the meeting of the club last night, all this work before it was discussed. Senator A. F. Judd announced that Professor Keller is now engaged in the study of the city with the view of laying out a comprehensive improvement plan. He has two maps in preparation, one showing the necessity for new thoroughfares, the second one is devoted to the needs of the city central.

For advancing the municipal dance hall projects, Rev. A. A. Ebersole and W. S. Bowen were appointed a committee to carry out the undertakings recommended in Rev. Ebersole's report. He recommends that public dancing pavilions be built in Aala park, Kakaako, Atkinson park and one in Kalihi.

Mr. Bowen read his report on public health and sanitation, in which the question of the garbage collection and disposition is touched on. He declared that the expense of the collection of garbage is excessive, that \$12 a year is far too much to charge residents for this service, and that the appropriation made by the supervisors for this work is too much.

He touched on the need of an emergency hospital. "I herewith wish to impress upon you gentlemen the great need of an emergency hospital as it is indispensable for the care of the indigent sick." He declares politics should be eliminated from municipal government.

## CHINESE WIN 11; LOSE 2 DURING MARCH

Played 14, won 11, lost 3, is the record of the All-Chinese ball team for games played on the mainland during March. It fell to Texas University to win two games, by a score of 1 to 0. One was lost on an error, and the other on a home-run. According to Albert Akana, writing to a friend in this city, the gate receipts have been good, and the players have been royally treated on the present trip.

Following is the complete record of the team:

March 12—University of California at Berkeley; 4 to 3; lost.  
March 13—Kern Nationals at Bakersfield, Cal.; 8 to 1; won.  
March 14—Occidental College, Los Angeles, Cal.; 6 to 4; won.  
March 15—Yuma Town Team at Yuma, Ariz.; 9 to 3; won.  
March 16—University of Arizona, Tucson, Ariz.; 10 to 1; won.  
March 17—University of Arizona, Tucson, Ariz.; 21 to 8; won.  
March 18—Catholic Athletic Association, El Paso, Tex.; 12 to 4; won.  
March 20—Daniel Baker College, Brownwood, Tex.; 7 to 0; won.  
March 21—Daniel Baker College, Brownwood, Tex.; 6 to 7; won.  
March 23—Southwestern University, Georgetown, Tex.; 1 to 0; won.  
March 24—Southwestern University, Georgetown, Tex.; 10 to 3; won.  
March 25—A. & M. College, College Sta., Tex.; 4 to 2; won.  
March 26—Rain.  
March 27—Texas State University, Austin, Tex.; 1 to 0; lost.  
March 28—Texas State University, Austin, Tex.; 1 to 0; lost.  
March 30—Rain.  
March 31—Rain.

## DIRECTORS FOR 1915 CARNIVAL PROPOSED

(Continued from page one)

Commerce; J. H. Soper and J. M. Riggs from the Merchants' Association; Ed. Towse and George G. Guild from the Promotion Committee, and Alfred Wall and John Effinger from the Ad Club.

At the annual meeting of the stockholders of the Mid-Pacific Carnival, Limited, which has been called for Monday morning a general election will be held, at which time those present will vote for nine directors. The nominating committee will meet shortly before the annual gathering and replace those whose names appear on the slate and who express themselves as not wishing to serve. Under the by-laws of the Carnival company, provision is made for but seven directors, but it is the intention of the nominating committee to propose an amendment to the meeting which will increase this number to nine.

On behalf of the Merchants' Association, the only name submitted by the Promotion Committee delegation for the slate was that of Fred L. Waldron. It was also decided at the meeting of the nominating committee that, out of the nine members of the board of directors, three members of the old board be carried over each year. The directors are elected for a term of one year.

"I don't believe in love at first sight."  
"Oh, I do, if the site has a good little suburban cottage on it."

## CHARGES BROUGHT BY THIELEN ARE ORDERED PROBED

(Continued from page one)

igation, to report to the court." This action follows the filing of the charges in the supreme court a few days ago by Thielen against the federal district attorney, accusing the latter of unprofessional conduct in his capacity as a private practicing attorney before the circuit courts of the territory.

The supreme court order, in a way, takes the affair out of the attorney-general's hands, in that while he must make the investigation and prosecute if he finds sufficient grounds, it is not an optional matter with him.

It is now obligatory upon the attorney-general to obey the order. He has no alternative, and must make this investigation just as dispassionately, without prejudice for or against as he would be required were the accused man anyone other than the United States district attorney.

The only persons present in the chambers of the chief justice when the McCarn-Thielen matter was taken up were the three members of the supreme bench, the court clerk, Thielen and Attorney-general Thayer.

Thayer at once started action by mailing a copy of the charges to the district attorney, sending with it a communication advising McCarn that a full statement of his side of the case will be acceptable by the attorney-general's department.

It will be remembered that following an insanity hearing several days ago Circuit Judge W. J. Robinson committed Mrs. Thielen to the care of the superintendent of the insane asylum. She was shortly afterward paroled to her mother and sister, who are now living in Honolulu, but the husband stated today that her condition was found so serious her own relatives were unable to care for her and committed her back to the asylum yesterday. He says she is now living in a cottage at the institution, under the care of a trained nurse.

A young man should learn to paddle his own canoe, even if his father does own a motorboat.—Harrisburg Patriot.

**Too Many CHILDREN**  
are pale and frail—backward in studies—with pinched faces and poor blood—their minds and bodies are actually starved because their regular food does not nourish.  
Such children need Scott's Emulsion above everything else; it contains nature's rarest life-giving fats; it is essentially food value—blood-food and bone-food, free from wine, alcohol or harmful drugs.  
Scott's Emulsion often builds many times its weight in solid flesh—its medicinal, tonic and nutritive properties make all good food do good.

## If You Could--

Separate the most nutritious part of the kernels of choicest white maize—

If you could cook this carefully selected part just as we cook it—

If you could dry, sweeten and salt it to get the same delicious, delicate flavor that we get—

If you could roll each separate bit, thin and ribbony, under 40 tons pressure—

If you could pass the flaky bits in at the top of a great oven 30 feet high, through which they would slowly move to the bottom and come out toasted to a golden-brown — and all this, without being touched by hand—

Then almost anyone could make his own

## Post Toasties

But the best part is, you don't have to go to all that bother and care. It is all done for you!

Sweet and crisp, fresh from the factory, and ready to eat with cream or milk, immediately the packet is opened.

Grocers, everywhere sell Post Toasties.

## This Instrument

with the aid of miles of wire, thousands of dollars' worth of electrical equipment and interested and competent men maintaining 24-hours-a-day efficiency — is the vital link between the home and Progress — plus — Prosperity. Why? Because the Telephone makes long distances short, makes a minute's talk

often of more value than an hour's walk, and promotes social relations which distance and time would otherwise discourage.

Have you a phone?

RILEY H. ALLEN

EDITOR

FRIDAY APRIL 10, 1914

There everlasting spring abides,  
And never-withering flowers;  
Death, like a narrow sea, divides  
This heavenly land from ours.  
—Isaac Watts.

## GOOD FRIDAY MESSAGE

Christmas has its joyous bells and Easter its fragrant flowers; but Good Friday presents a rugged cross. That cross, however, pictures the true inwardness of the career of the Divine man of whom Carlyle spoke in almost his last words, "The most important event ever transacted in this world is the life and death of Jesus of Nazareth, at once the symptom and cause of innumerable changes to all people in all the world." Calvary stands for sacrifice and that is the real essence of Christianity, and gives fibre and firmness to every moral force working today for human welfare. One never comes into full-grown manhood until he learns how to live smoothly and usefully with his fellows, and this he cannot do until his sympathies are quickened into self-sacrificing service. The general observance of Good Friday in our city gives this quickening impulse which brings men into brotherhood, leads the strong to bear the burdens of the weak, and cures all social evils more effectually than the wisest legislation. Whether men believe or discredit the vision of Constantine of a cross athwart the skies, they do believe in the inscription which the Emperor alleged to have been written thereon, "In hoc signo vinces," for sacrifice in behalf of others is now regarded not only as the noblest virtue but the most triumphant.

Our own day is resplendent with the spirit of Him "who came not to be ministered unto, but to minister, and to give his life a ransom for many." How many like Wright have laid down their lives for advance in the new and wonderful science of aeronautics! How many wireless operators have refused to count their lives dear unto themselves that they might "rescue the perishing." While we praise Colonel Goethals and his eminent staff for a magnificent record in Panama we should not forget that more than 12,000 under the French and American regimes have sacrificed their lives to make possible a trans-isthmian waterway. The world stands in awe before that wonderful viaduct New York City has just completed to furnish more than 500,000,000 gallons of pure water daily to her thirsty millions, but over 200 men were sacrificed, some of them 700 feet beneath the surface, for the good of the masses.

A very notable illustration with a world-wide significance is the summons of President Wilson that our nation should sacrifice financial profit, and its own wilful way in controlling its own canal, in the interest of national honor and international good-will. Thus in halls of legislation, in courts of justice, as well as homes, churches, missions, settlements, hospitals, a long and honorable record is being written every day to magnify the name of One who "became obedient unto death, even the death of the cross." And Goethe seems right in maintaining that every advance in true living costs a martyrdom, and that there will be many a Calvary in human history before justice, liberty, peace, and righteousness shall be established the world over.

## MEN WANTED

The great need of today is not men who can preach "honest, believable business," but men who can and will practice it. Our problems vary and become more complex as business increases and spreads, but the solution of any and all business problems is dependent today as it always has been on men.

We need men today as we never needed them before—good men, not necessarily great men, and certainly not merely enthusiasts. Enthusiasts without capacity are the really dangerous men of our time. We need men who can successfully combine progressivism and conservatism, men who will not let their progressive ideas and ambitions carry them so far and so fast in the race that they are in danger of running out of their course and having to retrace their steps. We need men of vision and imagination coupled with the saving grace of common sense.

There are many ills in our business life which can only be cured with the business surgeon's knife, but before we apply the knife let us be sure, or reasonably sure, that the patient is in a condition to stand the operation. There is no use performing a successful operation if the pa-

tient dies. And above all, while planning for the operation, let us also plan and prepare some remedies to recuperate the patient's strength and vitality. In other words, let us plan some constructive methods along with destructive actions, which in one word spells co-operation.—Associated Advertising.

## PROGRESSIVES ARE UNAIDED

Whether the Progressives figure "in the running" of off-season Congressional elections or not, there is no let-up in the enthusiasm with which leaders and members of the party prepare for future political battles.

The Progressive party in the State of Maine has just held a convention, nominated a candidate for Governor and decided to go into the state campaign of next September with a complete ticket.

It will be recalled that the Progressives and Republicans of Maine held together two years ago and restored the Republican administration which had been ousted by the first Democratic victory in fifty years. Having done this at the September election, they then split and the electoral vote went to President Wilson. At the Congressional election to fill the vacancy in Blaine's old district, the Republicans held the fort by a narrow margin and the Progressives, with an unknown candidate, were a poor third. Every effort has been made to continue the amalgamation scheme for the state campaign, but of no avail. The Progressives of Maine will go into the state election of September with a candidate for every state office, and they will either prove that the Progressive party in the state is wholly dead, or capable of swinging enough third-party votes to put the Democrats in power.

Rock-ribbed and conservative Maine has been the last to seriously take up with the third party movement, and the present condition in that state is for that reason especially significant of the general smashing of old-time stand-patism which is going on all over the country.

If Mr. Roberts will make up his mind on the Federal building site, tell his conclusions to no one in Hawaii, and depart for Washington as soon as possible, and there give his opinion, and the department adopt its scheme of procedure forthwith, and put it through—then Mr. Roberts and the department will do just exactly as the people of Honolulu want them to do. What this city desires is the building.

Mr. Stainback being capable, a Southern Democrat and a graduate of Princeton, appears to have all the qualifications for public office under the present administration. It is also to be noted that as a citizen he has gone quietly about his own business, neither shirking his civic duty nor advancing in a hollow square armed with a slop-bucket to be used in smirching his fellows.

A letter from Assistant Secretary Newton acknowledging the cable of the joint meeting of the Merchants' Association and Chamber of Commerce, speaks of the Federal building matter as "the new postoffice site in your city." If it is only the postoffice they are thinking of, there should be no dispute over the old Mahuka site being large enough to hold such a building.

Why should not the Ad Club undertake a Pearl Harbor Day, and head a thousand people toward the naval station just to look over and become acquainted with what the United States government is doing in that part of the island?

Good propositions cannot down. The Kapahulu Club's recall of attention to the Pinkham scheme for reclaiming Waikiki swamps is proof that it is only a matter of time when this most important work for Honolulu will be done.

We assume that no one expected the Republicans of Maine or any other state in convention assembled, to endorse the repeal of the Panama canal tolls or the Democratic administration.

In view of the Ulster army incident, the British uncles will please refrain from making faces when their American cousins engage in governmental fracas.

There are so many dark horses for all the Federal positions that the atmosphere is decidedly cloudy in that particular direction.

## WEEK OF OUR LORD'S PASSION

FRIDAY.

THE DAY OF SUFFERING.

The Agony in Gethsemane.

And they came unto a place which was named Gethsemane; and he saith unto his disciples, "Sit ye here while I pray."

And he taketh with him Peter and James and John, and began to be greatly amazed and sore troubled. And he saith unto them, "My soul is exceeding sorrowful, even unto death; abide ye here and watch."

And he went forward a little, and fell on the ground, and prayed that, if it were possible, the hour might pass away from him.

And he said, "Abba, Father, all things are possible unto thee; remove this cup from me; howbeit not what I will, but what thou wilt."

And there appeared unto him an angel from heaven, strengthening him.

And being in an agony, he prayed more earnestly; and his sweat became as it were great drops of blood falling down upon the ground.

And when he rose up from his prayer, he came unto the disciples, and found them sleeping from sorrow, and said unto Peter, "Simon, sleepest thou? Couldst thou not watch one hour? Watch and pray, that ye enter not into temptation; the spirit indeed is willing, but the flesh is weak."

And a second time he went away, and prayed, saying, "My Father, I cannot pass away, except I drink it, thy will be done."

And he came again and found them sleeping for their eyes were heavy. And he left them again, and went away, and prayed a third time, saying the same words.

Then cometh he to the disciples, and saith unto them, "Sleep on now, and take your rest; behold, the hour is at hand, and the Son of Man is betrayed into the hands of sinners. Arise, let us be going; behold, he is at hand that betrayeth me."

The Crucifixion.

And when they were come unto a place called Golgotha, that is to say, the place of a skull, they gave him wine to drink mingled with gall; and when he had tasted it he would not drink.

Then they crucified him, and the malefactors, one on the right hand and the other on the left. And Jesus said, "Father, forgive them; for they know not what they do." And Pilate wrote a title also and put it on the cross. And there was written, "Jesus of Nazareth, The King of the Jews." This title therefore read many of the Jews, for the place where Jesus was crucified was nigh to the city; and it was written in Hebrew, and in Latin and in Greek.

The chief priests of the Jews therefore said to Pilate, "Write not, 'The King of the Jews,' but that he said, 'I am King of the Jews.' Pilate answered, 'What I have written I have written.' The soldiers therefore, when they had crucified Jesus, took his garments and made four parts, to every soldier a part; and also the coat; now the coat was without a seam, woven from the top throughout. They said therefore to one another, 'Let us not rend it, but cast lots for it, whose it shall be;' that the scripture might be fulfilled which saith: 'They parted my garments among them, and upon my vesture did they cast lots.' These things, therefore, the soldiers did; and they sat and watched him there.

And the people stood beholding. And they that passed by rallied on him, wagging their heads and saying, "Thou that destroyest the temple, then buildest it in three days, save thyself; if thou art the Son of God, come down from the cross." In like manner also, the chief priests mocking him, with the scribes and elders said, "He saved others; himself he cannot save. Let the Christ, the King of Israel, now come down from the cross, that we may see and believe. He trusteth on God; let him deliver him now, if he desireth him; for he said, I am the Son of God."

And one of the malefactors that was hanged railed on him, saying, "Art not thou the Christ? Save thyself and us." But the other answered, and rebuking him said, "Dost thou not even fear God seeing thou art in the same condemnation? And we indeed justly; for we receive the due reward of our deeds; but this man has done nothing amiss." And he said, "Jesus remember me when thou comest in thy kingdom." And he said unto him, "Verily, I say unto thee, Today thou shalt be with me in Paradise."

And there were standing by the cross of Jesus his mother, and his mother's sister, Mary, the wife of Clopas, and Mary Magdalene. When Jesus therefore saw his mother, and the disciple standing by whom he loved, he said unto his mother, "Woman, behold thy son." Then saith he to the disciple, "Behold thy mother." And from that hour the disciple took her unto his own home.

And when the sixth hour was come, there was a darkness over the whole land until the ninth hour. And at the ninth hour, Jesus cried with a loud voice, "Eloi, Eloi, lama sabachthani?" which is, being interpreted, "My God, my God, why hast thou forsaken me?" And some of them that stood by, when they heard it, said, "Behold, he calleth Elijah." After this, knowing that all things are finished, that the scriptures might be accomplished, Jesus saith, "I thirst." There was set a vessel full of vinegar; so they put a sponge full of the vinegar upon hyssop, and brought it to his mouth. When Jesus therefore had received the vinegar, he said, "It is finished." And Jesus, crying out in a loud voice, said, "Father, into thy hands I commend my spirit." And having said this he gave up the ghost.

And behold, the veil of the temple was rent in two from the top to the bottom; and the earth did quake; and the rocks were rent; and the tombs were opened; and many of the bodies of the saints who had fallen asleep were raised; and coming forth out of the tomb after his resurrection they entered into the holy city and appeared unto many.

Now the centurion and they that were with him watching Jesus, when they saw the earthquake, and all the things that were done, feared exceedingly, saying, "Truly, this was the Son of God."

And all the multitudes that came together at this sight, when they beheld the things that were done, returned smiting their breasts. And many women were there beholding from afar, who had followed Jesus from Galilee, ministering unto him; among them was Mary Magdalene, and Mary, the mother of James and Jesus, and the mother of the sons of Zebedee. The Jews, therefore, because it was the Preparation, that the bodies should not remain on the cross upon the Sabbath (for the day of that Sabbath was a high day), asked of Pilate that their legs might be broken, and that they might be taken away. The soldiers therefore came, and broke the legs of the first, and of the other that was crucified with Him; but when they came to Jesus, and saw that he was dead already, they broke not his legs; howbeit one of the soldiers with a spear pierced his side, and straightway there came out blood and water. And he that hath seen hath borne witness, and his witness is true; and he knoweth that he saith true, and ye may also believe. For these things came to pass, that the scripture might be fulfilled, "A bone of him shall not be broken." And again another scripture saith, "They shall look on him whom they have pierced."

MEDITATIONS FOR FRIDAY.

The Meaning of the Cross.

"And when they were come to the place where is called Calvary, they crucified him."

The whole week might appropriately be called the week of the cross; for the crucifixion is the goal toward which all the events, beginning on Sunday morning, move. In a profounder sense, the cross may be called the moral and spiritual climax of the world's life. The crucifixion of Christ on Calvary is the interpretative key of God and of human life.

Jesus himself looked upon his death as the chief method of pleasing God and saving men. His ethical teaching centers upon self-sacrifice: "He that loseth his life shall find it." "Whoever of you shall be the chiefest shall be the servant of all." All the acts of his life form the picture of a man who lived to serve. Self does not find expression to his whole career.

Jesus himself relied upon his death as the means of salvation. It is noticeable that while, as a preacher, he made use of the truth, calling upon men to follow him personally, yet, especially toward the end, his mind was occupied with the cross. From that time forth he is frequently dropping remarks that the only way by which he could save men was for him to die. He must be "lifted up." Jesus himself regarded the cross as the climax of his life.

The disciples also came to look upon the cross as the heart of their gospel. The fact that the cross at first was to them a stumbling block only confirms this statement. The crucifixion was to them the crushing of their hopes. When he predicted his death "they understood none of these things." After he was gone they recalled his words and saw him through the eyes of the spirit, the crucifixion assumed and a supreme place in their thoughts. The cross revealed his glory. When they came to tell the story—the gospel—of his life, the suf-

Jewelers

fering of the last four days—his passion—occupy a fourth of the narrative. When Peter preached the first sermon on the day of Pentecost, the crucifixion was the climax of his message: "Therefore, let all know that God hath made Jesus whom ye have crucified both Lord and Christ." The climax of the sermon of the first martyr—Stephen—was the crucifixion.

## LITTLE INTERESTS

—MAYOR J. J. FERN: The difference between me and my enemies is that my enemies don't appreciate me.

—W. W. THAYER: No; I will not be Mott-Smith's successor as chairman of the public utilities commission. I decline to follow his footsteps all the way.

—M. C. PACHECO: While politicians, knockers and job-hunters are getting wilder and wilder, the mere citizen and taxpayer stands on the side-lines and holds his nose.

—CHAS. K. HOPKINS: Think of the gondollering that could be done on the canal, were the revolving fund put to work consummating the Pinkham plan for reclaiming the Waikiki quagmires.

—C. G. HEISER, JR.: Bull moosers are getting ready for the fray on the mainland and the party will be found in a position of prominence when the political battle line becomes clearly drawn.

—P. L. WEAVER: The hearing on the speed law last night produced some good suggestions. The proposi-

tion of opening the Tantalus road for machines was discussed and may be taken up by the board.

—T. CLIVE DAVIES: Most of the time I have been away was spent in England, although I made one visit to New York in the interval. Yes, my brother George is leaving soon on an extended trip. Kind of him to wait till I got back, wasn't it?

—C. J. PETROCELLI (pursur S.S. Korea): Although the Korea sailed from San Francisco but three days ahead of the time set for the departure of the Siberia, the latter vessel will cross the Pacific with a large list of local and through travelers.

—HENRY P. O'SULLIVAN: I don't know whether to resign as secretary of the Public Utilities Commission and continue as secretary to the secretary, or to resign as secretary to the secretary and remain as secretary of the commission. Maybe I'd better resign 'em both.

—DR. JOHN W. WADMAN: The union temperance meeting to be held in Central Union Church on the evening of Sunday, April 19, is going to be one of the biggest affairs of its kind ever attempted in Honolulu. Preparations are being made for a banner attendance.

—WM. E. DEVEREUX: Hana district, Maui, is opposed to the proposed county bond issue, and will vote almost solidly against it. Under the plan proposed, a small part of the money would build a few bridges in east Maui, but the sentiment is generally against it. Aside from plantation work, there is little doing around Hana, and the native population is living off its taro patches and fishing.

## PARSIFAL RECITAL REFLECTS SPIRIT OF EASTER SEASON—WELL HANDLED

The audience which filled the Hawaiian Opera House last evening to hear Miss Evelyn MacDougal's reading of "Parsifal," was conscious of having witnessed something far above the mediocre and commonplace. The lofty appeal of this work, its sacredness, and its symbolical meaning were in close harmony with this Holy Week. The drama is extremely impressive—classical in form and feeling—but it is of unquestionable educational value and formed a most worthy Easter offering.

The setting was extremely beautiful and effective. The curtain rose slowly to the soft, sweet strains of Wagner's prelude, disclosing dimly in the subdued, rose-tinted light a forest, mystic and enchanting. Easter lilies and ferns graced the foreground while numerous palms and larger plants formed a vague and suggestive background. The music dies away and a trumpet sounds. Day is just breaking in the forest which surrounds the cast of Montsalvat, and the story begins.

Gurnemanz, one of the oldest knights of the Grail, arouses the two squires who are sleeping beneath the trees, for Amfortas, the suffering king is about to be carried to his bath in the lake harby. Kundry, the double character, who is sometimes servant of the Grail and inclined to good, and sometimes King's slave and inclined to evil, brings an Arabian balm in the hope of giving Amfortas relief, but in vain. After scolding the white swan, which learns him the wrath of Gurnemanz, Parsifal appears, and the solemn unveiling of the Grail takes place. The words of the communion service are intoned and Parsifal is invited to partake of the bread and wine. By not complying with this request, he loses his opportunity to relieve the suffering of Amfortas and is dismissed by Gurnemanz.

The second act tells of Parsifal in the magic garden of King'sor, the wizard, where Kundry attempts to enchant him with her spell. King'sor, enraged at her final failure, hurls his spear at Parsifal, but it stops poised in the air above his head. Parsifal grasping it, makes the sign of the cross and King'sor and all his works disappear. The last act takes us to Good Friday, years afterwards, when Parsifal after many troubles, returns with the sacred spear with which he heals the gaping wound of Amfortas. Miss MacDougal read all of the parts and her interpretation was most convincing. After a year of untiring labor, she has come to such a thorough understanding of the work as to be able to completely identify herself with the different characters. The suffering of Amfortas in the first act was most wonderfully conveyed, and the enchantment scene with Parsifal and Kundry speaking, was most vivid. Miss MacDougal's costume was a flowing, cream-colored robe which harmonized perfectly with the medieval and classical tone of the drama. Mrs. Eliza Cross Howard assisted Miss MacDougal, and seated at a piano concealed behind a screen of palms, expressed in music the more definite themes and motifs of the work as the lines were spoken. She also played the prelude from Wagner's grand opera, and introductions to the second and third acts. But like Miss MacDougal, this gifted artist lost her identity in her work, and the soft, subdued melodies could not be described independently for they formed simply an inseparable part of the interpretation of the drama.

In the audience were noticed many of Honolulu's most prominent people. A number of the boy scouts, under the supervision of James Wilder, acted as ushers, while all were the guests of Miss MacDougal.

## SATURDAY NIGHT CONCERT ON THE YOUNG ROOF

The usual Saturday evening concert will take place on the Roof Garden of the Alexander Young Hotel tomorrow evening, beginning at nine o'clock. An excellent program has been prepared by Professor Carl Miltner. The public is cordially invited.—advertisement.

## MANOA IMPROVERS ARE IN HEARTY ACCORD WITH ACTION OF SUPERVISORS

Hearty approval was given the board of supervisors last night by the Manoa Improvement Club for its action in creating an improvement district embracing the entire Manoa valley.

A motion was made and passed calling for a letter of thanks to be sent to the board.

One of the subjects of considerable discussion was whether the thoroughfare to be improved under the direct frontage tax statutes in the valley should be paved with one of the patented pavings. One or two of the members of the club spoke strongly in favor of the pavement being one that is opened to competitive bidding, while others insisted that the patented pavements have been shown by tests to be far more serviceable, and therefore more desirable.

The question was left open. A communication was received from Captain Weeden of the new Matson liner Manoa, thanking the club for the two pictures of the valley presented to the steamer.

## COMMITTEE NAMED TO INVESTIGATE ROAD CONDITIONS

Acting on the resolution adopted by the Oahu Central Improvement Club at its last meeting, President C. W. Ashford of the club appointed a committee of five this morning to investigate the road conditions of the city and county with special reference to the application of the two new direct frontage statutes, products of the last legislature.

The following are the committee-men, the first-named being chairman: Robert R. Reidford, David L. Withington, Albion F. Clark, T. M. Church and A. R. Gurrey, Jr.

"The duty of this committee will be to investigate the road conditions," said President Ashford this morning, "and present argument in behalf of the application of the two direct frontage tax statutes passed by the last legislature. The investigations of the committee cover a broad field, and it is an important work."

## NEW OFFERING AT BIJOU GETS BY IN GOOD SHAPE

Last night's new vaudeville bill, by Geo. L. Spaulding & Co. was cleverly "put over."

Marguerite De Von opened "In the Cool of the Evening," supported by the girls. She was up to her usual form and was called upon for several encores. In their double, the De Vons introduced the chair dance, which met with hearty approval.

Paisley Noon made his initial bow in doing comedy songs. "When You're Married" was his vehicle.

The "Devil's Ball," rendered by request, was perhaps the most successful number of the evening, done by the De Vons and Noon, in song and dance.

Noon's "Rebecca of Sunnybrook Farm" was supported by the Rosebud quartet and was well received.

Geo. Spaulding's own sketch, "Interrupted," as presented by Geraldine Wood, Jimmy Gilfoyle and himself, offered a radical diversion from anything heretofore put before the Honolulu public by this company. It proved to be a rehearsal scene, wherein the director has controversy with his "star." Combined with a little comedy by Funmaker Gilfoyle, Miss Wood in a very clever laughing scene and Spaulding in a demonstrative recitation, the sketch as a whole works out two complete stories within the one. However, it seemed to "go over the heads" of the majority, partly due to the veiled "plot" and the unfamiliarity of the audience with that particular style of work.

Spaulding's recitation of Kipling's "Gunga Din" met with a rousing reception.

## WHAT'S INDIGESTION? WHO CARES? LISTEN!

"Pape's Diapepsin" makes Sick, Sour Gassy Stomachs surely feel fine in five minutes

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eruptions of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it without dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night it is handy to give the quickest, surest relief known.—advertisement.

The report read by F. C. Atherton, treasurer of the Young Men's Christian Association, at a meeting yesterday of the board of directors of that organization, showed that on March 31 the association faced a deficit of \$188.79, which must be cleared by the end of this month in order to close the fiscal year without a minus balance.

When Squire Taylor called at the home of John Havrilyuk in Martzville, Pa., to marry him to Miss Nelka Batauka, he found the would-be groom helping his bride-to-be wash clothes. After Miss Batauka had put on her wedding dress the ceremony was performed.

## A Real Nerve and Body-Building Medicine

We believe Rexall Olive Oil Emulsion is the best remedy made for toning the nerves, enriching the blood, building up wasted tissues, renewing health, strength and energy—the best medicine you can use if you are run-down, tired-out, nervous and debilitated, no matter what the cause. It doesn't depend for its good effect upon alcohol or habit-forming drugs, because it contains none. It may not make you feel better in a few hours, but it will make you feel better, we are sure, just as soon as the tonic and food properties it contains have a chance to get into the blood and, through the blood, into the rest of the system. Pure Olive Oil and the Hypophosphites have long been endorsed by successful physicians, but here, for the first time, they are combined into one preparation which, as a nerve-food and a builder of strength and health, we believe, has no equal.

If you don't feel well, begin taking Rexall Olive Oil Emulsion today, and build your health and strengthen your system against more serious illness. To convalescents, old people, puny children and all others who are weak, run-down or ailing, we offer Rexall Olive Oil Emulsion with our personal promise that, if it doesn't make you well and strong again, it will cost you nothing. If we didn't have the utmost faith in it, we wouldn't offer it with this guarantee, nor even recommend it to you. We are sure that once you have used it you will recommend it to your friends, and thank us for having recommended it to you. Sold only at the more than 7000 Rexall Stores, and in this town only by us. \$1.00 Benson, Smith & Co., Ltd., Honolulu.

## BY AUTHORITY

UNITED STATES DEPARTMENT OF Agriculture, Office of the Secretary, Federal Horticultural Board. Notice of Quarantine No. 13. With Regulations, (Effective on and after May 1, 1914).

Mediterranean Fruit Fly and Melon Fly.

The fact has been determined by the Secretary of Agriculture, and notice is hereby given, that there exists in the Territory of Hawaii a dangerous insect infestation, new to and not heretofore widely prevalent or distributed with and throughout the mainland of the United States, by two insects, to wit, the Mediterranean Fruit Fly (Ceratitis capitata) and the Melon Fly (Dacus cucurbitae).

Now, therefore, I, David F. Houston, Secretary of Agriculture, under the authority conferred by Section 8 of the Act approved August 20, 1912, known as the Plant Quarantine Act (37 U. S. Statutes at large, page 315), do hereby quarantine the Territory of Hawaii as infested by the Mediterranean Fruit Fly and the Melon Fly and do prohibit the movement from the Territory of Hawaii into or through any State, Territory or District of the United States other than Hawaii of any fruit or vegetable upon which the Mediterranean Fruit Fly or the Melon Fly breeds, or which, from proximity of growth or the requirements of packing and shipping, may carry infestation, including:

Alligator Pears, Bananas, Carambolas, Chinese Ink Berries, Chinese Oranges, Chinese Plums, Coffee Berries, Cucumbers, Damson Plums, Eugenas, Figs, Grapes, Grapefruit, Green Peppers, Guavas, Kamani Nuts, Kumquats, Limes, Loquats, Mangoes, Mock Oranges, Mountain Apples, Melons, Natal or Kafir Plums, Oranges, Papayas, Peaches, Persimmons, Pineapples, Prickly Pears, Rose Apples, Star Apples, String Beans, Squashes, Tomatoes, except that bananas and pineapples may be moved from the Territory of Hawaii in manner or method or under conditions prescribed in the regulations hereinafter made and amendments thereto.

The foregoing quarantine shall become effective, and Quarantine No. 2, issued by the United States Department of Agriculture September 18, 1912, entitled "Mediterranean Fruit Fly," shall cease to be effective, on and after May 1, 1914.

### REGULATIONS.

Regulation 1. Fruits and Vegetables Prohibited.

No fruits or vegetables upon which the Mediterranean Fruit Fly (Ceratitis capitata) or the Melon Fly (Dacus cucurbitae) breed, or which, from proximity of growth or the requirements of packing and shipping, may carry infestation, except bananas and pineapples, shall be moved from the Territory of Hawaii into or through any other State, Territory or District of the United States.

Regulation 2. Bananas and Pineapples. No bananas or pineapples shall be moved from the Territory of Hawaii into or through any other State, Territory or District of the United States, unless they shall have been inspected by the United States Department of Agriculture, pronounced free from infestation by the Mediterranean Fruit Fly and the Melon Fly, and certified and marked in compliance with these regulations.

Regulation 3.—Application for Inspection. Persons intending to move bananas or pineapples from the Territory of Hawaii into or through any other State, Territory or District of the United States, shall make application for inspection thereof as far as possible in advance of the probable date of shipment. The application should show the quantity of the bananas or pineapples which it is proposed to move, together with their exact location and the contemplated date of shipment.

Blanks on which to make application for inspection or for permits will be furnished, upon request, by the United States Department of Agriculture, Bureau of Entomology, King Street, Honolulu.

Regulation 4. Certification of Shipments. Bananas and pineapples shall not be moved from the Territory of Hawaii into or through any other State, Territory or District of the United States, by cars, boats or other vehicles unless each shipment is accompanied by a certificate issued by an inspector of the United States Department of Agriculture showing that such fruits have been inspected by said Department and pronounced free from infestation by the Mediterranean Fruit Fly and the Melon Fly. The inspection certificates shall accompany the waybills, conductors' manifests, memoranda, or bills of lading pertaining to such shipments.

The inspection certificates will not be issued until an authorized representative of the Federal Horticultural Board shall have determined, by adequate inspection, that the banana or pineapple plantations on which the inspected fruits were produced is free from infestation, and from contiguous sources of infestation, by the Mediterranean Fruit Fly and the Melon Fly.

Certificates of inspection will issue only for fruits which have been actually inspected by the United States Department of Agriculture, and the use of such certificates in connection with fruits which have not been so inspected is prohibited.

Inspection and certificates required by these regulations will be furnished without the payment of fees or charges of any nature. Applicants for inspection will be required to place the fruits to be inspected so that they can be readily examined. If not so placed, inspection will be refused.

the name and address of the consignee, and the name and address of the consignor, and shall bear the original or a duplicate copy of the certificate required by Regulation 4. The containers or wrappers shall be new and of materials which are approved by the inspector of the United States Department of Agriculture.

Regulation 6. Movement Within Quarantine Area.

The local or inter-island movement of all fruits and vegetables, exclusively within the area quarantined for the Mediterranean Fruit Fly and the Melon Fly, is not prohibited by these regulations and is subject only to such restrictions as may be imposed under the laws of Hawaii.

Regulation 7. Quarantined Fruits and Vegetables as Ship's Stores or in Possession of Crew or Passengers.

No restriction is placed on the movement of the fruits or vegetables covered by the foregoing Quarantine No. 13 as ship's stores, or by passengers and crew, on ships or vessels plying between Hawaii and any State, Territory or District of the United States other than Hawaii, except that such fruits or vegetables must be entirely consumed or removed from such ships, and such disinfection as shall be required by an inspector of the United States Department of Agriculture must be made, before such ships arrive at the docks at any port within any State, Territory or District of the United States other than Hawaii.

Regulation 8. Inspection of Vessels. Inspectors of the United States Department of Agriculture are authorized to enter upon ships or vessels from Hawaii at any time after they come within the boundaries of any State, Territory or District of the United States other than Hawaii, whether in the stream or at the dock, wharf or mole, for the purpose of ascertaining by inspection whether any of the fruits or vegetables covered by the foregoing quarantine are contained in such ships or vessels or whether there remains any infestation from such fruits or vegetables; and such inspection shall extend to the personal belongings of passengers and members of the crew.

Regulation 9. Distribution of Circulars.

Before any ship or vessel from Hawaii arrives within the boundaries of any State, Territory or District of the United States other than Hawaii, the person having charge or possession of said ship or vessel shall cause to be distributed to each passenger thereon a circular to be furnished by the United States Department of Agriculture, calling attention to the provisions of the Plant Quarantine Act, the foregoing quarantine, and these regulations.

Regulation 10. Disinfection of Vessels and Contents.

Before unloading any of its cargo any ship or vessel found to contain or to be infested from any of the fruits or vegetables covered by the foregoing quarantine and all articles that have been in contact with such fruits or vegetables shall be immediately disinfected by the person having charge or possession of said ship or vessel under the direction and in the manner prescribed by an inspector of the United States Department of Agriculture.

When such ship or vessel has been disinfected in a manner satisfactory to such inspector, he shall immediately issue and deliver to the person having charge of possession of such ship or vessel a certificate evidencing such disinfection, which shall permit the unloading of the cargo so far as the jurisdiction of the Secretary of Agriculture is concerned.

The foregoing regulations are adopted, effective on and after May 1, 1914.

Done at Washington this 23rd day of March, 1914.

Witness my hand and the seal of the United States Department of Agriculture.

(Seal)

D. F. HOUSTON, Secretary of Agriculture.

## GOOD FRIDAY OBSERVED IN CHURCH AND THE BUSY MARTS OF BUSINESS

In observation of Good Friday, special services are being held today in the principal churches throughout the city. Although the day is not a legal holiday, many of the business houses closed their doors at noon in order that their employees might be free to attend the services in their respective houses of worship.

As the day of Christ's crucifixion, Good Friday generally is observed in the Greek, Latin and other Christian Episcopal churches as a fast day. However, the religious associations of the day varied.

At the Catholic Cathedral, Fort street, this morning, holy services were held at 9 o'clock, with the singing of the passion and the adoration of the Holy Cross. A sermon in Hawaiian, with the stations of the cross, is being delivered this afternoon, and at 7 o'clock this evening, the service of the stations of the cross will be conducted in Portuguese. At 8 o'clock an English sermon on the passion will be delivered.

The last of the series of Holy Week meetings, which have been held in the

makai pavilion of the Young Hotel during the week under the auspices of the Inter-Church Federation, was held at noon today. Dr. Wilbur Perry Ferguson, principal of the Mills school, delivered a sermon on the subject "The Last Words," while Mrs. Charles L. Hall sang "Behold the Master Passeth By." The service was well attended and was one of the most interesting of the series.

A special Good Friday service is to be held in the parish house of Central Union church this evening, beginning at 7:30 o'clock, which will be taken part in by those ministers who have presided at the Holy Week meetings. There will be several addresses and a special musical program, the services to close with the celebration of holy communion. An invitation has been issued to the public to be in attendance.

Following a custom established 10 years ago, Henry Bond Restarick, bishop of Honolulu, conducted a three-hour meditation service in St. Andrew's Cathedral, which began at noon. In addition to a special musical

program, the bishop spoke on "The Last Seven Words of Jesus." Several hundred persons were in attendance. Services were held in St. Clement's church, Punahou, at 7 and 11 o'clock this morning, and from 2 until 3 o'clock this afternoon. Evening song will commence at 7:30 o'clock this evening.

An interesting talk by Mrs. Walter F. Frear, and a solo by Miss Bertha Kemp of Kawaiahao Seminary, were the features of the woman's meeting held at the Y. W. C. A. at noon yesterday. This was the only meeting of its kind to be held during Holy Week, and was well attended.

### DELICATESSEN SALE.

The ladies of Epiphany Guild will hold their delicatessen sale on the corner of Beretania and Fort Streets, Saturday, April 11th.—advertisement.

The Schuman Carriage Company was the only firm to submit figures to the public works department today for the contract to supply a road-working outfit, and the contract was awarded it on the following bid: Four mules at \$265 each; wagon, \$175; four-wheel dump cart, \$225; two-wheel dump cart, \$85; four-mule harness, \$100, and four sets cart harness, \$98.

There are times when the truth is about as inspiring as a cold fried egg.

## INGALLS RECITAL TO BE BIG EVENT OF LENTEN PERIOD

No one should miss Mrs. Ingalls' recital next Tuesday evening, for it is to be the great musical treat of the season.

Mrs. Ingalls' playing is always a real delight to those who appreciate the best in music. Her interpretation and her technique show her to be an artist of great skill and rare talent. Honolulu audiences are especially pleased when Mr. Isenberg's name appears on the program, for he is a great favorite among us and this is another feature which will make this program attractive.

The ladies' string quartet will make its first public appearance. Some have been fortunate enough to have heard this quartet and speak most highly of the class of work accomplished.

Mrs. Elsa Cross Howard, who needs no introduction to the public, has been secured as accompanist.

Tickets will be on sale at the Promotion Committee rooms beginning tomorrow morning.

## PROGRAM ANNOUNCED FOR CONCERT ON ROOF OF YOUNG SATURDAY

Following is the program arranged for the weekly concert on the Young hotel roof garden for tomorrow evening:

War March ..... Mendelssohn  
Overture—"Crown Diamonds" ..... F. Auber  
Waltz—"Kaufmann's Casino Tanze" ..... Joe Gungl

Western Fantasia—"Ida-Ho" ..... H. von Tilzer

### TYPEWRITERS.

Ring up No. 4060 ask for Mr. Owens, expert typewriter repairer of all makes of typewriters. Our work guaranteed. Wall, Nichols Co., Ltd.—advertisement.

## GEORGE GUILD IS IN FAVOR OF REOPENING THE TANTALUS ROAD

Reasons why the Tantalus road should be opened to automobiles was clearly pointed out by George Guild last night when he appeared before the board of supervisors and addressed it on that subject. Several supervisors agreed with him, and before the subject was disposed of, it seemed to be the opinion of the board that the road should be opened.

The hearing last night was on the speed ordinance. It was read through, section by section, and was mainly satisfactory to the board. Amendments will be made probably to the section giving special road rights to ambulances, police patrols, etc. It may be enlarged so that gas and electric and emergency machines may be given the special privileges.

## "Gets-It" for Corns On Your Piggy-Wiggies!

Quit Puttering With Corns. Use This Sure, New-Plan Corn Cure

A few drops of "GETS-IT," the biggest seller in the world today of any corn remedy, is enough to spell positive doom to the fiercest corn that

ever cemented itself to a toe. It's good-bye Johnnie. You apply "GETS-IT" in two seconds—no tussling with plasters that don't stay put, with salves that make corns "pull" and make the toe beefy and raw, with knives, scissors, razors and diggers that make corns grow faster and that may cause blood poison from corn-cutting and corn-bleeding. "GETS-IT" shrivels up corns, they come right off. That's the new principle. It's just common sense. No more corn-pains. "GETS-IT" is safe, and never hurts the flesh. Get rid of corns and callouses.

"GETS-IT" is sold at 25c a bottle by all druggists, or sent direct if you wish, from E. Lawrence & Co., Chicago.

"GETS-IT" is sold in Honolulu by Benson, Smith & Co., Fort and Hotel, and Hollister Drug Co. It's hard to keep up appearances and save money at the same time.

## Doctors Prescribe

Dust, no man of science assure us, would not be impossible were not matter almost infinitely divisible. It has, for instance, been estimated that an average puff of smoke from a cigarette contains some 4,000,000,000 particles of dust. But a single grain of indigo, it is stated, will impart color to a ton of water. It follows, therefore, that every drop of this matter takes over an immense number of ultra-microscopic particles of indigo.

Almost every substance enters into the composition of dust. Street dust shows morsels of iron and steel from the tires of wagons, horseshoes and the nails of men's shoes, bits of leather from harness, fragments of wood, cotton, wool, hair, paper, clay, sand, bacteria, etc.—Harper's Weekly.

Today being Good Friday, the meeting of the Promotion Committee has been postponed.

## WEEKLY PRODUCE REPORT

The territorial marketing division under the direction of the U. S. experiment station is at the service of all citizens of the territory. Any produce which farmers may send to the marketing division is sold at the best obtainable price and for cash. No commission is charged. It is highly desirable that farmers notify the marketing division what and how much produce they have for sale and about when it will be ready to ship. The shipping mark of the division is U. S. E. S. Letters address, Honolulu, P. O. box 753. Office, Queen and Nuuanu streets. Telephone 1840. Wireless address USEX.

## AT LAST

The 101 Bison Company, Henry McRae, director and manager, announce that they will give their first performance next Wednesday night at the Opera House and continuing throughout the week.

Mr. McRae has been so busy manufacturing pictures of beautiful Hawaii that the opening date of this splendid organization has been necessarily postponed several times.

All of the pictures which the company has been making here will have printed on the subtitles "Made, Acted and Produced in Honolulu, T. H." The company controls fifty thousand houses throughout the world so the tremendous advertising value of these films can scarcely be realized.

The full announcement of the program will be made in Saturday night's paper.

## NOMINATING COMMITTEE FOR Y.M.C.A. NAMED

C. B. Ripley, Robbins B. Anderson and Ed Towse have been appointed by R. H. Trent, president of the local Young Men's Christian Association, as a nominating committee to submit the names of five candidates to serve on the board of directors of the association during the coming three years. The members of the committee will

complete their work before April 23, at which time the annual election of directors will take place.

According to the constitution of the association, it is necessary to have the election by ballot, which election is participated in by the entire active membership of the organization. The association has 15 directors, who are elected for a term of three years, and the term of five of the present directors expires May 1, the end of the fiscal year. On account of the resignation of George F. Davies, who shortly is to leave for the mainland, it will be necessary to secure his successor. The members of the present board of directors are R. H. Trent, president; W. G. Hall, vice-president; F. C. Atherton, treasurer; Robert Anderson, recording secretary; H. G. Dillingham, C. H. Atherton, F. D. Lowrey, Ed Towse, Alexander Lindsay, Jr., R. B. Anderson, W. A. Love, R. A. Cooke, G. F. Davies and R. J. Pratt.

The annual meeting of the members of the Young Men's Christian Association will be held on the evening of May 5 in the games hall, commencing at 7 o'clock. Notices of the affair were sent out yesterday to the senior membership, and already 131 replies have been received.

A lawn fête will be given at the residence of Rear-Admiral C. B. T. Moore, 2005 Manoa avenue, from 3 to 7 o'clock Wednesday afternoon by the ladies of the Navy Relief Association; the proceeds to be devoted to the fund of that organization.

## RELIGIOUS WORK OF Y.M.C.A. WAS LARGE IN MARCH

That March was an unusually heavy month in the religious department of the Young Men's Christian Association, is shown by a report submitted to the meeting of the board of directors of the association yesterday by Lloyd R. Killam, secretary of the department. The report shows a marked increase in the scope of work and is, in part, as follows:

Bible class—Bible classes to the number of 15 and 51 sessions with a total attendance of 364. Nine of these classes were held in the building and six in various sections of the city, such as in shops, schools and fire stations. These classes now have an enrollment of 193.

Personal interviews—During the month all of the secretaries talked with men concerning their relations with the church. A class for training men in personal work has been organized with an enrollment of 10.

Committee meetings—The following committee meetings have been held: Religious work, 1; church advertising, 4; social, 2; church bowling league, 3.

Social meetings—The following social meetings have been held: Bible study clubs, 25; college men's night, 32; XX club, 21.

Church cooperation—Much progress has been noted concerning the church advertising campaign. The names of all new members in the churches have been sent to the pastors. A church bowling league was organized, and weekly articles contributed to the church page of the Saturday edition of the Star-Bulletin.

New features—A new class was organized at the Japanese branch. A class of personal workers was started. The noon meeting at the Honolulu Iron Works was changed into a Bible class.

## SOCIAL DANCE AT SEASIDE TOMORROW

The usual "oil" Saturday evening dance and tangost will be held at the Seaside Hotel tomorrow, and everyone is invited to come and make merry. Kail's orchestra will play. There is no better way to spend the week-end. Your friends will be there. Come—advertisement.

## IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups, plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt—advertisement.

## ASSOCIATED CHARITIES LAUNCHES CAMPAIGN TO INCREASE MEMBERSHIP

With a view to securing a larger membership, the Associated Charities today is mailing to about 300 residents of Honolulu circular letters setting forth the aims and needs of the organization, and urging them to become enrolled. In part, the letter reads as follows:

"The Associated Charities of Hawaii is rendering increasingly efficient service to the entire community. It gives relief to the sick and destitute, it rehabilitates broken down families, it meets human need wherever found without reference to class, creed, or color. A central registration or clearing house system has been established capable of recording all social cases for the city. This system will prevent the present duplication of effort that now wastes not only the time but also the money of individuals and institutions. All you have to do is to ring up 2253 to learn whether or not a case is worthy. If it is, then you know your money is doing good. You don't give by guess. Thus the community is being saved daily. Yet it costs to save. This cost should be met by all, not by the few, though a few have helped splendidly. Therefore you are requested to share in this public service. You can do it by becoming a member at \$5 a year."
